POPE'S CONDITION IMPROVES AND HE MAY WEATHER STORM UNLESS A RELAPSE SETS IN

Danger in Pontiff's Case Has Not Sensibly Diminished, But Doctors Are Very Hopeful—His Holiness is Extremely Weak and Change for the Worse Might Cause a Collapse in a Few Hours.

Mrs. Pankhurst's Defiance

LONDON, April 14.—(Can. Press.)—Speaking at the weekly "Rally" of the militant suffragette organization, the Women's Social and Political Union, "General" Mrs. Flora Drummond announced today that Mrs. Emmeline Pankhurst had been given a fortnight's rest from jail.

CATTLE RAISERS SEEKING IN WEST UNDERWAY PROTECTIVE WEEK

Determined Effort in Democratic Caucus to Have Cattle and Sheep Added to Free List is Decisively Defeated—Won't Raise Rates on Barley.

SEEMING IN WEST UNDERWAY PROTECTIVE WEEK

Sir William Whyte Says Record Crop is Expected—Great Prosperity All Thru the West and Immigrants Are Rushing in by Thousands to Take Up Land.

DERAILED TRAIN TELLS UP ALL TRAFFIC

Twenty-Two Cars Telescoped Near Bolton Junction, and Western Trains Were Held Up—Departing Trains Were Sent Out by New Cut-Off Via Lindsay.

Opposition Still Hoping to Wriggle Out of Closure Net Appeals to Speaker Sproule

Dr. Mackay Joins Stefansson

LONDON, April 14.—(C.A.P.)—Another important member joined the forthcoming Canadian expedition under Stefansson's command today, in the person of Dr. Mackay, who was surgeon on Shackleton's Antarctic expedition.

A.R. Maclean Has Preliminary Skirmish With Government Forces But Points of Order Raised Are Readily Overruled—May Reach a Division Tomorrow Night.

Special Cable to The World.

ROME, April 15.—(Copyright.)—(1.30 a.m.)—Altho Prof. Marchiafava decided that it would not be necessary for him to visit the Pope again tonight, to say that the danger in the patient's case has sensibly diminished would be premature.

BELGIUM QUIET DESPITE STRIKE

Two Hundred Thousand Men Quit Work—"Fiasco" Says Clerical Press.

Washington, April 14.—(Can. Press.)—Persistent efforts to put cattle and sheep on the free list, to cut the duty on swine and otherwise alter the ways and means committee tariff revision bill were defeated in the Democratic caucus of the house today.

A Season of Prosperity in the Canadian West that is rival any yet experienced in the history of the western provinces was the outlook given by Sir William Whyte of Winnipeg, Man.

The worst tie-up of traffic that has yet occurred in the Ontario portion of the Canadian Pacific Railway Company's main line took place at Bolton yesterday, when a large C.P.R. freight train travelling at a fast rate of speed left the rails three miles north of Bolton Junction.

BODY OF MORGAN COMMITTED TO GRAVE

HARTFORD, Conn., April 14.—(Can. Press.)—The body of J. P. Morgan is at rest. It was buried today on the crest of Cedar Hill cemetery, the sixth of the house of Morgan to find resting place there.

Points Overruled. Mr. Maclean's first point was that Mr. Borden had not given the required two days' notice of the clause amendment, but this was decided against him, as the notice appears in the "votes and proceedings" of last Tuesday.

He May Recover. The principal difficulty is authorized to state that both take precisely the same view of the case, and persist in the belief that if the conditions remain favorable the Pope may yet weather the storm.

BRUSSELS, April 14.—(Can. Press.)—The great strike of the workmen in Belgium to force the government to grant them the suffrage, began quietly today, and at nightfall it was estimated 200,000 through the country had quit work.

Representative Logue of Pennsylvania, a new member, precipitated the biggest fight of the day with an amendment to put the free list on a vote.

Representative Burke of Wisconsin unsuccessfully sought to reduce the duty on swine from 14 to 7 cents a head, and a motion by Representative Kinkead to put sheep on the free list was voted down 82 to 98.

Before the special train the second section of the C.P.R. Vancouver-Winnipeg train from the west had come up with the stalled first section.

Funeral Party Stood in Tent Heaped With Flowers While Ceremony Took Place in Cemetery at Hartford—Huge Floral Pyramid Towers Over Grave.

His grave is to the west of the great monument of red granite that marks the family plot. To the east lie his father, Julius Spencer Morgan, his mother and a brother who died in boyhood.

Mr. Maclean's first point was that Mr. Borden had not given the required two days' notice of the clause amendment, but this was decided against him, as the notice appears in the "votes and proceedings" of last Tuesday.

He was much cheered during the day by a visit from Venice, his nephew, Mr. Parolin. He told Parolin that he hopes to return to his papal duties soon.

Nevertheless the strike has shown greater strength than was expected by impartial observers, and because of the fact that the numbers increased as the day advanced it is generally believed that the strikers will be reinforced by several thousands tomorrow.

Representative Kinkead of New Jersey forced a roll call, the first since the bill has been before the caucus and the free cattle amendment was rejected, 73 to 123.

Representative Burke of Wisconsin unsuccessfully sought to reduce the duty on swine from 14 to 7 cents a head, and a motion by Representative Kinkead to put sheep on the free list was voted down 82 to 98.

Special auxiliaries were rushed to the wreck from both West Toronto and the Muskoka yards of the C.P.R., and the all night task of clearing the track of wreckage commenced.

Mr. Graham's proceedings were quite tame, however, the one-sided debate being proceeded with by Hon. Frank Oliver, Mr. Turgeon, Mr. Devlin and Hon. Geo. H. Graham, Mr. Graham making a slashing speech in the course of which he compared the present course of the government to the tactics of sand-baggers.

These facts are learned from an inside source.

Brussels is not an industrial centre. There are about 50,000 workmen here, of whom less than 20,000 are out.

Representative Burke declared the farmers of the Northwest needed the 30 per cent. duty to enable them to compete with the growers of the Pacific barley just across the boundary line.

The Japanese contention that the purpose of legislation so far as it might be aimed at the Japanese.

Special auxiliaries were rushed to the wreck from both West Toronto and the Muskoka yards of the C.P.R., and the all night task of clearing the track of wreckage commenced.

Mr. Graham closed with a vigorous demand for a dissolution of parliament, asserting that the government did not dare to face the people.

Police Not Needed. Upon the orders of the day, Mr. A. K. Maclean (Halifax) called attention to press comments in Canada and England upon the fact that several Dominion policemen entered the chamber on the day that closure was introduced, but immediately later on Speaker left the chair at 6 o'clock.

MARTIN MYSTERY GROWING DEEPER

Memphis Man's Hat and Watch Chain Uncarved in Slums.

IS HE STILL ALIVE?

Police Think He is, But Admit Case is Baffling.

LONDON, April 14.—(Can. Press).—Little real light appears to have been thrown on the disappearance of Joseph Wilberforce Martin, the wealthy discoverer of his invention, the watch chain, in an alley in the east end.

"The finding of Mr. Martin's hat and watch chain somewhat deepens the mystery and confirms the more than ever that they were not placed there by murderers or thieves," said Supt. McCarthy, chief of the criminal investigation department.

"We have received hundreds of reports that Martin has been seen since his disappearance, but no reliance can be placed on any of them. Likewise, many women have called who believe they drove Martin from the club where he was parted from his friends, but in each case the man was not the man wanted. Most of those who have reported were doubtless attracted by the reward which has been increased now to \$500 by a friend of Martin's in London.

"As to the body being thrown over the bridge, that is impossible. A policeman patrolling the footway, which is very narrow, night and day, and he did not see a man in a dress suit cross on the night in question, nor any well-dressed person who would attract attention.

"The police in London are usually inclined to scout the theory of murder in case of disappearance, but on this occasion they seem to be sincere in believing that Martin is alive.

"What is giving the police the greatest amount of worry is the failure of the cabman to appear. If Martin did leave the club in a cab, of which the driver is none too certain, the big reward offered would be thought to tempt the cabman to give all the available information to the police, but lately there have been several cases in which this has not been done, and this has made them incline to the view that a few crooks have gone into cab driving as in their large cities.

"An American insurance company in which Martin is insured for \$40,000 called today for information.

"The police have not yet opened the missing man's safe deposit box, as a number of formalities have to be gone thru before this is possible.

"The boy who found the opera hat and a man who saw it say it was in perfect order when found. Even now the crown is not crushed.

"Detective Burns and his agents on the continent have been instructed to make a careful search of Europe for Martin especially in Paris and Brussels. Altho the American detective department is to state the reason for his belief in the theory that Martin had gone either voluntarily or involuntarily, he placed great emphasis on the search there.

"Colquhoun Anderson, a friend of Mr. Martin, also recommends that detectives and expresses the belief together with other friends, that Martin's disappearance is only temporary.

"The police are making a searching investigation into the report that Martin was a heavy player at 'Chemin de Fer' in London, gambling den, which he is known to have frequented.

MARTIN'S FIRM BANKRUPT.

MEMPHIS, Tenn., April 14.—(Can. Press).—As a sequel to the disappearance from London of Joseph W. Martin of this city, a voluntary petition in bankruptcy was filed in London today by the cotton firm of Marlon Phillips Co., of which the missing man was president.

BODY OF MORGAN BORNE TO TOMB

Continued From Page 1.

The mourners remained standing, Bishop's canopy above the entrance of the Episcopal cathedral service, as the coffin was brought in, followed by the drawn across the entrance to the tomb to screen the ceremonies from the gaze of the curious.

Brief Ceremony. "We therefore commit his body to the ground, earth to earth, ashes to ashes, dust to dust, looking for the general resurrection at the last day and the life of the world to come."

These were the words which the financier's body was lowered into its grave at 3:40 o'clock. The Lord's prayer was chanted by the mourners, with a benediction, the ceremony lasting scarcely ten minutes, were over. J. P. Morgan escorted his mother to her carriage. Then, while the other mourners were driving away, he went back, with his son, Julian, and stood with bowed head and tear-filled eyes until they threw the last spadeful of earth on the grave of his father.

On the trip from New York the coffin of the financier rested in a special funeral car. Flags at all the stations passed were at half mast and crowds were gathered on each platform. A baggage car was completely filled with flowers.

SERVICES AT PARIS.

PARIS, April 14.—(Can. Press).—An impressive service to the memory of J. Pierpont Morgan was held in the American Church of Holy Trinity today. The edifice was draped with black cloth, lined with silver. Several of Mr. Morgan's favorite hymns were sung by the choir. The rector of the church, Rev. Dr. Samuel Watson, officiated.

WATER SCARCITY IS NOT PROBABLE

Repairs to Tunnel Will Not Affect Fire Protection.

MAY DESTROY MARKET

Queen Street Building Will Be Condemned—Revenue Was Small.

Toronto's protection from fire is not affected by the closing of the tunnel under the bay. Chief Thompson states that the fire engines are in first-class condition for use should higher pressure be necessary, and that the moment the supply of water is considered insufficient for fire protection purposes the cleaning of the tunnel will be stopped and the water turned into the tunnel again until the required amount is in the reservoir.

Commissioner Harris reports that a bulkhead had to be built to keep the water out of the tunnel, the refractory valve necessitating that extra work. As soon as the water is out of the tunnel gangs of shovelers will attack the mile long deposit of sand and rush it out. Asphalt wagons will be used for carrying the sand to the outlets, and man power will propel the wagons, the restricted space not permitting the utilization of horses or trams.

It is known that the deposit of sand is from 2 to 3 feet deep, but the diver could not tell how hard the sand is packed. It may be that picks will have to be used as well as shovels. In a day or two an estimate can be made of the length of time that will be necessary for the removal of the sand.

Centralize Control. Commissioner Chambers proposed to the parks and exhibition committee that representatives of the Toronto Playgrounds Association be invited to meetings of the committee to confer upon the management of playgrounds. The proposition was approved.

"It should be possible for the board of education to adopt the suggested policy of central control of all the supervised playgrounds," said Ald. Anderson. "All the playgrounds of the committee and the Playgrounds Association benefits the school children."

There are to be seven band concerts this year. Ald. Robbins said that the military bands should be employed exclusively, and the commissioner stated that only two civilian bands were engaged.

Ald. Anderson stated that \$80,000 of this year's fund for the purchase of parks is already pledged, that less than \$100,000 is left, and that any further amount will be gained thru courtesy of the board of control.

Ald. McBride will move at next meeting of council that Queen street be extended into High Park. The board of control has slashed \$30,000 from the parks estimates.

Small Revenue. Nine-tenths of one per cent. is the yield from the rentals of the St. Patrick's market property. For an example in financing this places the civic improvements in the ranks of the ultra-philanthropists.

Three tenants have three stalls each at \$40 per stall per year, giving a total revenue of \$360. Council Robbins said that the value of the property is \$40,000, or \$445 per foot frontage. The lot is 90 x 200, but two lanes restrict the frontage for building to 40 feet. The present building is to be torn down and replaced with one that will provide revenues in proportion to the value of the property.

Ald. Wanless said in the meeting of the property committee that the architect's department will condemn the St. Patrick's market building, and that a proper building is to be erected, a revenue of \$6000 a year would be had from it. He stated that the city architect had prepared for him sketch plans for a modern market building for the site of the present market.

Corporation and Wright were given a renewal of the lease of the land on which the Walker House stands for \$6075 a year and taxes for 21 years.

Plans for an extension of the hall on Roncesvalles avenue, near Wright avenue, were submitted. It will be the first fire hall in the city to be built for motor vehicles exclusively. The specifications are to be submitted to the committee before the plans are approved.

If we do not pay civic employees more than one per cent. to make provision for those dependent upon them, for the Lord's sake let's do so," said Ald. Risk, whose consideration was given to the recommendation that the widows of two employees be given a small grant. The principle of post-mortem grants was generally discussed, and the grants were made.

POPE'S CONDITION IS IMPROVING

Continued From Page 1.

pain in his side was less acute and the expectation was more optimistic. Later Prof. Marchisava also diagnosed the patient's condition and agreed in every detail with his colleague.

Both doctors visited Papal Secretary of State Merry del Val, reporting that the Pope's condition had improved. The Pope's sisters continue to be constant visitors, crossing on foot backward and forward between their little flat on Piazza Rusticucci and the bronze doors of the Vatican. Their privacy is respected by the newspaper men, but stragglers anxiously scan their expression as they quit the Vatican.

There was no mistaking the look of contentment on their faces this morning. The Swiss Guards have the strictest orders to admit nobody, as several attempts have been made by unauthorized persons to penetrate the precincts of the palace under false representation.

Four aged French peasant women reached the Vatican today, assisting a lame comrade, who believes in the cure of laying on of hands. The party, ignorant of the Pope's illness, were received by sisters, who offered to lodge them in their flat to await an ecclesiastical audience.

DANIEL INTERPRETS THE WRITING ON THE WALL.

BODY IS FOUND LYING IN LANE

Police Have Failed to Identify This Man—Fireman Vanished.

SUICIDE IS FEARED

Walter Pyler Found Dead in Bed—Two Boys Arrested.

The body of an unfortunate man was found in a lane at the rear of 16 Clifford street (first street south of 883 West Queen street) yesterday afternoon. A man had been noticed in the locality in an apparently intoxicated condition, during the morning. Mr. Hynes, of the Kindell Bed Company, went into the lane sometime later and discovered the stranger lying on his face.

The police patrol removed the body to the morgue where an inquest will be held. The man wore a gray flannel shirt, brown trousers, grey undercoat, blue overcoat, and black "Christie." He was evidently about 45 years of age and 5 feet, nine inches in height. His hair was sandy and beginning to turn gray. He also had a sandy mustache.

Fireman Disappears. On Sunday engineer Thomas Croucher, of Portland street firm, rented a house, four Croucher's hat and coat in the bottom of the boat. The fireman has not been seen since. Capt. Martin, caretaker of the boat-house, found Croucher's hat and coat in the bottom of the boat. The fireman has not been seen since. Capt. Martin, caretaker of the boat-house, found Croucher's hat and coat in the bottom of the boat.

Friends of Croucher, who lived with his family at 391 West Richmond street, fear that he committed suicide. It is said that he had been ill for some time. Another theory advanced is that the fireman became dizzy while rowing and fell out of the boat.

Found in Bed. Walter Pyler was found dead in his room at 177 Strachan avenue yesterday. The landlady went to call the man and receiving no response he knocked called assistance. Dr. Hawkins, 805 West King street, stated that Pyler had been dead for some days. It is said that Pyler had been troubled with his heart. The body was taken to the morgue.

Accused of Stealing Goods. From many motor cars, houses and other places in the past, John Arthur Taylor and Tipton last night. The youths face many charges of theft, preferred by large firms from whom they are alleged to have stolen simple cases.

Grabbed the Money. After a long chase over fences and thru lanes (25) captured two men last night, who it is said, attempted to rob W. Austin near the Clarke House, 147 Simcoe street, a short time before. At the station accused gave their names as Richard Marshall and John Smith. Austin was holding a roll of bills in his hand when it is alleged the two men grabbed it.

CUT IN STORAGE RATES.

LONDON, April 14.—(C.A.P.).—The Times' Berlin correspondent is officially informed that the North German Lloyd Company's Hamburg American Line has decided to reduce storage rates in Canada to 24 1/2 per cent. to take effect May 1 provided no agreement is arrived at between the Atlantic "Pool" and the C. P. R.

At Petersburg, Va., on Saturday if Tommy McMillan had not come to the rescue with a circuit drive in the ninth inning, the Yankees would have defeated the Rochester Hustlers. As it was, the Virginia League finished with the credit of a 5 to 5 score against Holland's International Leaguers. Empire Gazette called the game at the end of the ninth inning.

FIVE THOUSAND ROSES ON MORGAN'S COFFIN

Church Was Crowded for Funeral Service—Thousands Stood Outside.

FAVORITE HYMNS SUNG

Special Train Later Conveyed Funeral Party to Hartford, Conn.

NEW YORK, April 14.—Funeral services over the body of J. Pierpont Morgan were held at 10 o'clock this morning in St. George's Protestant Episcopal Church, where he had worshipped for half a century. Afterwards a special train conveyed the funeral party to Hartford, Conn., for final services at the Morgan mausoleum in Cedar Hill Cemetery.

Blanked by a covering of 5000 red roses, Mr. Morgan's favorite flower, the coffin left the Morgan library shortly before 10 o'clock. A vested choir of 20 proceeded to the funeral party to St. George's.

Fifteen hundred persons were crowded into the church. Admission was by chant only. The services were conducted by Rev. Dr. Karl Relland, rector; Bishop Lawrence of the Diocese of Boston; Bishop Brewster of Connecticut; and Bishop Greer of the Diocese of New York. These clergymen were chosen by Mr. Morgan in his written instructions for the conduct of his funeral.

The 12 honorary pallbearers were: George S. Bowdin, Lewis Cass Leary, Robert W. De Forest, Henry Fairfield Osborn, Senator Elihu Root, Joseph H. Choate, Robert Bacon, George F. Baker, Dr. W. J. Markoe, Elbert H. Gary, Seth Low, and Martin W. Paton.

The chancel was banked high with floral offerings, but these were only a small part of the hundreds that have poured into the Morgan home. Most of these will be distributed to hospitals and other institutions.

There was no variation in the services from the Episcopal ritual. The choir sang "For All Thy Saints Who From Their Labors Rest." As the funeral party left the church the choir sang "For All Thy Saints Who From Their Labors Rest."

A crowd that the police estimated at 25,000 persons, choked the thoroughfares leading to the church. Across Second street, in Stuyvesant square, directly opposite the entrance to the church, 5000 more were assembled, many of whom had been waiting for hours. A hundred policemen kept back the throngs. So great was the crush when the bells began tolling as the funeral party left the Morgan home that for several blocks in each direction the police stopped all vehicular traffic. The crowd remained patiently standing during the long services.

Memorial Service in London.

LONDON, April 14.—The congregation which attended the memorial service for the late J. Pierpont Morgan in Westminster Abbey today was remarkable for its cosmopolitanism and for the range of divers interests it represented.

King George was represented by Capt. Sir Walter Campbell, groom-in-waiting, and Queen-Mother Alexandra by the Hon. John Warr, secretary to the King. Official, diplomatic, financial, art and church circles were present in force.

The chief mourners were distant relatives of the late Mr. Morgan and representatives of his London banking house.

Local lacrosse men say that it is quite probable that Lionel Yorkie has signed up the nucleus of a good team for Victoria in Toronto and other eastern cities.

WILL STAY TILL WAR IS FINISHED

Sir William Mackenzie Will Await Conclusion of Balkan Trouble.

TORONTO TO HAMILTON

Work Will Not Commence Until President Sends the Word.

The World was informed by a man closely identified with the financial interests of the Canadian Northern Railway, that Sir William Mackenzie, president of the C. N. R., would remain in England until the Balkan war had been brought to a conclusion. With the end of that conflict the tension on the money market would at once be relieved. As the large Sir William is seeking is quite a large one, he would not be able to obtain it on satisfactory terms until the Balkan peace arrangements have been agreed upon. This will probably mean that Sir William will not return to Canada until early summer.

From the same source The World learned that the C. N. R. are not to commence construction operations on the Toronto-Hamilton line until President Mackenzie sends the word to do so.

Another Line. The building of the line from Hamilton to St. Catharines and from St. Catharines on to Niagara Falls, where connections with an American road will be made, is to immediately follow the construction of the Toronto-Hamilton line. It was stated that both lines be built simultaneously, but this will not be done as saving will be accomplished by laying the line between Toronto and Hamilton first. In this way the large cost which would be entailed in the construction of material for the Hamilton, St. Catharines and Niagara Falls line over a rival railway will be saved as with the Toronto-Hamilton line the C. N. R. could carry this material to the construction site.

The final decision of the C. N. R. to run their line thru St. Catharines means that the C. N. R. are to build a bridge across the canal long enough to accommodate the railway and two roadways for vehicles and also the erection in St. Catharines of a large passenger and freight station.

THE MONTREAL WRECK

MONTREAL, April 14.—(Canadian Press).—Eight dead is the final list of the fatalities in connection with the derailment of the real estate excursion train on the Central Vermont line on Sunday afternoon. Two patients at the General Hospital are still in a serious condition.

The death list follows: J. Myers, 45, 1000 St. Lawrence street; J. White, Lafayette avenue, Montreal; Oscar Rochon, Montreal; J. Lacoste, Montreal; Margaret Deer, Point St. Charles; David H. Rider, Montreal; Ernest St. Marie, Montreal; Walter Strang, Montreal.

The two seriously injured now in the General Hospital are Henry Tremblay, suffering from a fractured leg and injuries to back, and Emil Chair, suffering from internal injuries.

In addition there are 13 men and women nursing minor injuries at their homes in this city.

The last name to be added to the list of dead was that of Walter Strang, 2343 Esplanade avenue, who died at the General Hospital at six o'clock this morning. All evidences of the wreck were cleared away early this morning. Train service was delayed slightly.

The annual match between the winners of the southern and northern senior flag competition for the English Club championship and the Irons Cup was played at Fallowfield, Manchester, on Saturday, March 23, a one-sided game ending in a win for Stockport, who beat Lee by 22 goals to 4.

Robins, Limited, Will Share With Staff Part of Profits

Fifteen Per Cent. of Net Proceeds Will Be Distributed After May Announcement at Annual Banquet—Event Was Important One in Firm's Work—Sales Figured Showed Wonderful Increase in Business Transacted.

So well has the firm of Robins, Limited, prospered, and so well has the large staff worked to make the firm prosper, that last night at the sixth annual banquet in the King Edward Hotel President F. B. Robins announced that after May the staff would share in that prosperity.

Each and every member of the staff, there were 117 of them present last night, was included in this new proposition. The first gave a clear idea of the advance and the size of the Robins organization, as the guests pointed out in eulogistic ways. Mayor Hocken, J. E. Atkinson, J. E. Starr and W. F. Maclean, M. P., had words of encouragement, if such were needed by the crowd of Robins enthusiasts.

Mr. Robins, making the announcement of the profit sharing proposition, told the way their business had increased while doubtless stood still and foretold trouble. "They talk of high money and of the bottom falling out of the market, but our business for the last three months is one-third over the same time last year. And I believe that it will be fifty or fifty per cent. greater for the rest of the year, by the way new propositions and new business are coming into the office and being so efficiently handled by the staff. The staff owe it to themselves to present propositions that are fair and right, not to sell five lots of one 'snake' when they should buy one. We have 25,000 artisans on our books on the easy payment plan. Thousands of them have built houses and have got them clear. We believe we are doing a great work for the artisans of Toronto, despite the drawbacks of our service and so forth. I feel sure that Mayor Hocken is an enterprising man, who will carry thru the many propositions, like his tube scheme, making for a bigger and a better Toronto.

"We hear in some of the newspapers, particularly one, that we are going to 'shave' our staff. I have no intention of doing so, but we must advance and we must spend money to advance. Robins, Limited, has a higher rate of tax than any other firm in the city. It is necessary, and we own and control in and around Toronto \$18,000,000 worth of real estate, and we are paying a higher tax rate if it must be paid to give improvements and better services to the city."

Mr. Robins then unfolded his profit-sharing scheme with the promise that if it proved successful, the higher rate of profit after one year. It meant more work and it meant caring for little reductions in expenses. He promised that the staff received the proposal they are enthusiastically prepared to do their part.

"We are all liable to go too fast, and a little lull in the money market is good for us. But with all the talk of tight money, we have lots of it in the bank and we don't have to borrow a dollar," Mr. Robins concluded.

Should Be For Big Toronto. "If I had known when we were having our little financial troubles of finding \$12,000,000 last January that Robins, Limited, had so much money I might have gone over to the corner of Victoria street and given some of it away. I've 4 1/2 per cent. for its use," said Mayor Hocken, whose short talk was all of the future of Toronto and of how that future was to be realized.

"We have a city full of people content and sure of Toronto growth, and they expressed themselves clearly last night. We run a car line out along Danforth avenue and we added 1000 feet of the city that is not paying any revenue. We should not be afraid of annexing territories if we have any faith in the city. We are going to solve the transportation problem partly by tubes, partly in other ways. Every member of the city council and every good citizen who does not blame our position for tubes it was Mr. Maclean who first put them into my head.

Mr. Maclean declared we could not think too well or too big of the future Toronto. He believed in Mr. Hocken's administration, in his policies and in his tube.

Home Building of Toronto. J. E. Atkinson of The Star spoke of the activities of the city council in building up the country, telling the Robins staff that they had much to do with the home building of Toronto.

"When I talk to the sales manager I can feel myself growing rich," said George Kappel, counsel for the company, and the sales manager, R. M. Hawk, proceeded to show the figures of how Robins, Limited, were growing rich. "Up to this time last year our sales of tubes were \$75,000 and in 1912 they were \$1,167,000. Our land department is well settled, while the house department is still undergoing reorganization. This year house sales have totaled \$1,165,000, an increase over the same period last year of \$800,000."

N. D. Maclean, the company's solicitor, and J. G. Fraser, spoke briefly. J. H. Holdrege, the secretary, read the toastmaster. Members of the force assisted in providing a merry evening in various forms of entertainment. A glee club from the staff showed that they could sing as well as sell.

OPPOSITION HOPE TO WRIGGLE OUT

Continued From Page 1.

the troubled waters by suggesting that an officer was detailed every evening to guard the chamber during the dinner recess. The presence of this officer, he suggested, might be responsible for the report that the Speaker had certainly given no orders of that kind.

Hon. J. D. Hazen then rose to brand the falsehood the published statement that he had appealed to Chief Whip John Stanfield for protection from the Liberal members.

Sir Wilfrid Laurier submitted that Mr. Hazen had sufficient protection with a government majority of fifty in the chamber. The ex-premier, however, also rose to a question of privilege. He said the prime minister had stated to the house that he (Sir Wilfrid) had kept secret from parliament some arrangement about the imperial conference committee which had been for at the imperial conference of 1911. Sir Wilfrid said, had been laid on the table of the house on July 25, 1911.

The prime minister replied somewhat stiffly that he would look into the matter and would make any corrections that the facts of the case require.

Scene Shifts to Siberia. Sir Wilfrid then proceeded to discuss the case of three Russians who had been naturalized in Canada and had taken out homesteads. Upon their return to Russia they had been arrested for evading military service during the Russian-Japanese war and, upon conviction, had been exiled to Siberia for life. The British Government had declined to interfere on the ground that these men were not British subjects the moment they left Canada.

It was a concrete example of the inadequate naturalization which at present the Dominion was able to confer. Mr. Borden promised to give the matter attention.

Physical Force, Says Oliver. Hon. Frank Oliver, resuming the debate on the closure resolution, declared that the government had endeavored to pass the naval bill by physical force. He said the prime minister had offered for a fortnight amounted to this. They had also endeavored to force thru the bill by arbitrary rulings of temporary chairman and by misapplication of the rules of the house. The issue had, therefore, been one between coercion and obstruction. Closure, in Mr. Oliver's opinion, had been resorted to in a desperate effort to head off dissolution. The government was determined to prevent the people from passing upon the naval proposals now before the house.

Obsolete Rule Invoked. Hon. Rodolphe Lemieux said the "previous question" had only been moved upon four occasions since 1867.

"We are all liable to go too fast, and a little lull in the money market is good for us. But with all the talk of tight money, we have lots of it in the bank and we don't have to borrow a dollar," Mr. Robins concluded.

Should Be For Big Toronto. "If I had known when we were having our little financial troubles of finding \$12,000,000 last January that Robins, Limited, had so much money I might have gone over to the corner of Victoria street and given some of it away. I've 4 1/2 per cent. for its use," said Mayor Hocken, whose short talk was all of the future of Toronto and of how that future was to be realized.

"We have a city full of people content and sure of Toronto growth, and they expressed themselves clearly last night. We run a car line out along Danforth avenue and we added 1000 feet of the city that is not paying any revenue. We should not be afraid of annexing territories if we have any faith in the city. We are going to solve the transportation problem partly by tubes, partly in other ways. Every member of the city council and every good citizen who does not blame our position for tubes it was Mr. Maclean who first put them into my head.

Mr. Maclean declared we could not think too well or too big of the future Toronto. He believed in Mr. Hocken's administration, in his policies and in his tube.

Home Building of Toronto. J. E. Atkinson of The Star spoke of the activities of the city council in building up the country, telling the Robins staff that they had much to do with the home building of Toronto.

"When I talk to the sales manager I can feel myself growing rich," said George Kappel, counsel for the company, and the sales manager, R. M. Hawk, proceeded to show the figures of how Robins, Limited, were growing rich. "Up to this time last year our sales of tubes were \$75,000 and in 1912 they were \$1,167,000. Our land department is well settled, while the house department is still undergoing reorganization. This year house sales have totaled \$1,165,000, an increase over the same period last year of \$800,000."

N. D. Maclean, the company's solicitor, and J. G. Fraser, spoke briefly. J. H. Holdrege, the secretary, read the toastmaster. Members of the force assisted in providing a merry evening in various forms of entertainment. A glee club from the staff showed that they could sing as well as sell.

the last time before the present being upon the debate respecting the adoption of Louis Riel. Never until last Wednesday had any member been deprived of his right to speak by the motion that some other member be heard. He regretted that the government had seen fit to invoke this obsolete rule, in order to insult and humiliate Sir Wilfrid Laurier, the father of the house and the Nestor of the imperial conference.

Assails Judge Doherty. Mr. Lemieux was severe upon Judge Doherty, whom he accused of sneering at Sir Wilfrid as an obstructionist. It had not been a long time since Judge Doherty had enlivened the chamber for his wonderful success in obstructing the British Parliament, and had sat on the opposition court bench at Montreal holding court with Mr. John Redmond beside him.

Mr. Lemieux said that he had been quoted as favoring a revision of the rules of the house. He would not have such a revision tomorrow if a committee were appointed, composed of members of both parties to assist Mr. Speaker in such revision. He stated that the government was, in his opinion, an effort to stifle free speech, so that scandals could not be exposed and the country could be at the mercy of the government.

Mr. Lemieux, in closing, referred approvingly to the speech delivered last Saturday by Hon. F. D. Monk and stated that a referendum might after all be the best solution of the present situation.

Mr. Lemieux was followed by Mr. Ferguson, Liberal member for Gloucester, N. B., and by Mr. Devlin, Liberal member for Wright.

When Closure's Justified. Mr. A. K. Maclean made a strong speech from the opposition standpoint. He said that the closure resolution was a violation of the reciprocity measure that would put even the to do so they might have to resort to coercion. Closure, Mr. Maclean had distinctly passed upon an issue like reciprocity and the government was attempting to defeat the will of the people by obstruction. If the Borden government a month ago had not been returned to power upon the naval bill and had been returned to power it would have been entirely justified in resorting to coercion. Closure, Mr. Maclean said, was a serious matter and should not be considered until the same had been reported upon by a special committee of the house.

A Mild Sensation. Mr. Maclean in this connection quoted from a speech delivered by Mr. L. B. Sifton in 1907 in the course of which the present prime minister had asserted that any amendment to the rules of the house was a serious matter and should not be considered until the same had been reported upon by a special committee of the house.

Mr. Maclean created a mild sensation by declaring that the closure resolution was not properly before the house last Wednesday. Notice of the resolution under the rules should have been filed with the clerk at or before 2 o'clock Monday afternoon. As a matter of fact the notice had not been filed until late Monday night.

DOCKEY BUTWELL
WINS IN MONEY

Wins One Race and Finishes Second Three Times at Jamestown—Today's Card.

WINDSORS SPILL PINS IN GREAT STYLE AND GIVE OLD MARK A BOOST.

The Windsors were in great form last night and by rolling up the grand total score of 3049 beat the Athenaeum A League record of 3011, held by the Simcoes, and even with such fine bowling only succeeded in taking two games from Estons, who rolled 2215, the latter winning the first game by three pins.

THE HORSE MARKET AT MAHER'S EXCHANGE.

The horse exchange was not a very brisk exchange yesterday. The horse market is not very lively and bidding has up to date been unable to realize that horses are getting cheaper, due to motor trucks and cars, and the total loss of the western trade.

AMATEUR BASEBALL.

The Judean A.C. will hold workouts on Tuesday and Thursday evenings at 8.15 on Technical School grounds, when every player must positively put in an appearance.

Your Spring Suit

You will want a suit of unquestionable style. You will want quality in material and tailoring. Value, too, will be an important consideration.

Hickey & Pascoe

FIRST RACE—Bulgur, Free Trade.

Today's Entries

AT JAMESTOWN.

JAMESTOWN, April 14.—Tomorrow's entries:

INTER-ASSOCIATION SUPPORTS O. A. L. A.

League Decides to Sink Identity and Thus the Better to Serve Lacrosse.

At the annual meeting of the Inter-Association Lacrosse League, held last night at the Broadview Y.M.C.A., the delegates voted unanimously to get solidly behind the new Ontario Amateur Lacrosse Association and endeavor to make this year the very best in the annals of the national game.

STANLEY GUN CLUB.

A very successful shoot was held on the club grounds last Saturday afternoon. Quite a large number of members and visitors were present and keen interest in the shooting was taken by all.

GALT GUN CLUB TOURNAMENT.

GALT, April 14.—The Galt Gun Club has arranged for a big tournament on Saturday, May 24, at the ranges at Riverdale Park.

YORK LANDS DOZEN PLAYERS FROM EAST

Victoria, B.C., Lacrosse Promoter Wires Home News, But Will Not Give Names.

Victoria Colonist: There can be no further doubt that Victoria will have a professional lacrosse team this summer. Yesterday Manager Lionel Yorke wired Mr. John Virtue, who is providing the financial backing, that he had all the players he needed as good as signed up, but no names would be given out until actually affixed to contracts and the men on their way west.

BAPTIST CARPETBALL.

The Baptist Carpetball League finished last week, Ossington being the winner. Following is the league record:

AMATEUR BASEBALL.

The Riverside A.C. junior ball team will practice on Monday, Wednesday and Friday nights in Withrow Park. All players are asked to turn out.

RECORD UP AGAIN IN THE ATHENAEUM

Windsors Spill Pins in Great Style and Give Old Mark a Boost.

The Windsors were in great form last night and by rolling up the grand total score of 3049 beat the Athenaeum A League record of 3011, held by the Simcoes, and even with such fine bowling only succeeded in taking two games from Estons, who rolled 2215, the latter winning the first game by three pins.

STANLEY GUN CLUB.

A very successful shoot was held on the club grounds last Saturday afternoon. Quite a large number of members and visitors were present and keen interest in the shooting was taken by all.

GALT GUN CLUB TOURNAMENT.

GALT, April 14.—The Galt Gun Club has arranged for a big tournament on Saturday, May 24, at the ranges at Riverdale Park.

The Best News of the Day

This great clearance sale of our entire stock in the 5 King West store is going with an enthusiasm which we scarcely expected.

A. Clubb & Sons
5 King West.

Lacrosse Gossip

The N. L. U. are thinking seriously of curtailing the number of players to ten on a team. With a few amateurs and others they might be able to attract them around enough to make up two teams.

TUESDAY MORNING APRIL 15

CALLING THE BLUFF.

It looks as if The Telegram were barking up the wrong tree again. "Me and Hooker" may not be such a bad team...

The Telegram has linked the incident with a needless defence of Treasurer Coady. We do not think Mr. Coady needs any defence...

But this is only a part of "The Merry War at the City Hall." It appears that Mayor Hocken and all the other members of council...

From the last annual report to December 31, 1912, it appears that the gross profits for the year ending...

CARE OF THE TEETH.

No torture outside the imagination of Dante is worse than toothache, and it is the signal of a condition which leads to all other sorts of bodily ills.

The establishment of a free dental clinic by the city's health department at the corner of Yonge and Grenville streets is by no means a radical move.

WOMAN SUFFRAGE IN BRITAIN.

Despite the activity of the militant section of the woman suffrage party, the parliamentary outlook in Britain has not improved.

qualification or is the wife of a man registered on that qualification. This is the Dickinson bill, with mainly Liberal supporters.

Some Labor members insist on full adult suffrage, a proposal that will have little support. Unionists who favor woman suffrage appear to be generally opposed to the Dickinson bill...

As before, the government is hopelessly divided over suffrage extension to women and must so remain unless Mr. Asquith and the members of his cabinet who oppose are prepared to abandon their openly expressed conviction...

LIVERPOOL'S STREET RAILWAYS

Time was, not so very long ago either, when the success of municipal ownership and operation of public services in the United Kingdom was attempted to be described as a mere juggle with figures.

In Britain the extension of the principle has not been subject to political proclivities. Cities that are conservative are just as active in supporting municipal enterprises as are those that are politically Liberal.

From the last annual report to December 31, 1912, it appears that the gross profits for the year ending...

In May, 1908, Liverpool, which had been paying an insurance premium of \$67,000 against accident claims, took over that risk.

ADRIANOPLE AFTER THE SIEGE. If the special correspondent of The London Daily Chronicle is right Adrianople, as a stronghold, was only "a curious mirage."

ROUND TRIP.

\$100 New York City. From Suspension Bridge, via Lehigh Valley R.R. Thursday, April 17th. Tickets good 10 days returning.

IT'S a fine, old, mellow stout—that is as rich and nourishing, as fresh cream—yet won't make you bilious because it's extra mild.

ORDER A CASE FROM YOUR DEALER.

Truesdell v. Holden—J. Birnie, K.C., for plaintiff; A. E. H. Creswicke, K.C., for defendant. Action to recover \$100 damages for alleged conversion of plaintiff's property in a launch called The Olive.

Holden v. Collingwood Shipbuilding Co.—A. E. H. Creswicke, K.C., for plaintiff; E. F. Pain (Collingwood), for defendant. Action for \$1500 damages for alleged conversion of plaintiff's property in a launch called The Olive.

Truesdell v. Holden—J. Birnie, K.C., for plaintiff; A. E. H. Creswicke, K.C., for defendant. Action to recover \$100 damages for alleged conversion of plaintiff's property in a launch called The Olive.

of the Municipal Waterworks Act had been embodied in the Municipal Act, I do not see how that would make the sections dealing with the qualification and disqualification of municipal councillors to be read as applicable to water commissioners. It is significant that section 53 makes applicable to the sections of commissioners the sections of the Municipal Act relating to "elections."

Single Court. Before the Chancellor. Rogers v. Share and Debenestre Co.—J. G. Smith for plaintiff, F. Aylesworth for defendant. Motion by plaintiff for injunction stands at defendants' request until 15th inst.

Fischer v. Anderson—J. F. Edgar, for plaintiff, moved for injunction to restrain infringement of plaintiff's patent. J. E. Jones, for defendant. Motion stands till hearing. Defendant to keep account of sales, etc., and to expedite trial. Particulars to be delivered in a week. Trial to be had within three weeks.

McDonald v. McLaurin—J. Jennings, for defendant, moved for an order removing cause from Surrogate Court into Superior Court of Ontario. Order made removing cause as asked. Costs in cause.

Martin v. Thompson—W. J. Clark, the plaintiff, obtained judgment setting aside agreement between parties as being fraudulent and void as against plaintiff, ordering it to be delivered up to be cancelled and ordering defendants to repay the \$1000 paid by plaintiff with interest. Costs to plaintiff.

Re Film Co. v. Kalem Co.—R. H. Farmer, for plaintiff, on motion for order continuing injunction. L. McCarthy, K.C., for defendant. At defendants' request motion enlarged until 15th inst. Injunction continued meantime.

Re Bishop Estate—W. A. Lewis (widow of deceased son of testator) and widow of deceased son of testator, F. W. Harcourt, K.C., for plaintiff. Motion by applicants for an order determining the question, "Does the testator intend to describe the after-acquired lands not described in the will, or did testator die intestate in respect to his real estate? Order declining that there is an intestacy as to the real estate. Costs out of the estate.

Leslie v. Canadian Birkbeck—W. Nesbitt, K.C., for plaintiff, B. Oiler and E. D. Wallace for defendants. Action by Helen Hill Leslie, a Kingston shareholder of defendant company, for an account to be taken of profits earned by the company in respect of the moneys paid in by her to the said company, and that amount of such earnings, applicable to the plaintiff's shares be applied in payment up in full of her shares so that said shares should rank as fully paid up stock to amount of \$1000. Judgment: There was not in my opinion any such contract as plaintiff alleges, either with the old company or the defendants. If any such contract existed, it was broken by the new in passing the by-law of 3rd March, 1902. The matter of surplus profits available for distribution is to be determined by the directors in the honest administration of the affairs of defendant company. Action dismissed without costs. Thirty days stay.

Before Middleton, J. Roberts v. Bell Telephone Co. and Western Counties Electric Co.—J. E. Kerr, K.C., and G. C. T. (Horn), for plaintiff. M. J. O'Reilly, K.C., for Western Counties Electric Co. Action by Ellen Roberts, widow of Herbert Roberts, an employee of Bell Telephone Co., to recover damages by reason of his death by electric shock on 15th September, 1912, in the city of Brampton, alleged to have been caused by defendants' negligence. Action was settled between plaintiff and defendant Bell Telephone Co. by payment by latter of \$1200 damages, without prejudice to plaintiff's claim against Western Counties Electric Co. Judgment: With some regret I find myself compelled to give effect to contention of defendant, Western Counties Electric Co., that however short of perfection their construction may have been, and however negligent their inspection may have been, they had no duty to the telephone company or its employees to protect the wire improperly placed by the telephone company in a dangerous position, and that the accident being in truth caused by the negligence of the telephone company in placing its wires in undue proximity to the electric wires neither plaintiff nor its employees are entitled to recover. The action will therefore be dismissed as to these defendants without costs.

Truesdell v. Holden—J. Birnie, K.C., for plaintiff; A. E. H. Creswicke, K.C., for defendant. Action to recover \$100 damages for alleged conversion of plaintiff's property in a launch called The Olive. Judgment: There will be judgment for plaintiff for value of launch, or the amount due on his mortgage, whichever is the lesser, to be ascertained by reference to affidavits to apply in 20 days for relief, on returning the launch to plaintiff. Defendants to pay costs of action. Twenty days stay.

Holden v. Collingwood Shipbuilding Co.—A. E. H. Creswicke, K.C., for plaintiff; E. F. Pain (Collingwood), for defendant. Action for \$1500 damages for alleged conversion of plaintiff's property in a launch called The Olive. Judgment: There will be judgment for plaintiff for value of launch, or the amount due on his mortgage, whichever is the lesser, to be ascertained by reference to affidavits to apply in 20 days for relief, on returning the launch to plaintiff. Defendants to pay costs of action. Twenty days stay.

Truesdell v. Holden—J. Birnie, K.C., for plaintiff; A. E. H. Creswicke, K.C., for defendant. Action to recover \$100 damages for alleged conversion of plaintiff's property in a launch called The Olive. Judgment: There will be judgment for plaintiff for value of launch, or the amount due on his mortgage, whichever is the lesser, to be ascertained by reference to affidavits to apply in 20 days for relief, on returning the launch to plaintiff. Defendants to pay costs of action. Twenty days stay.

Holden v. Collingwood Shipbuilding Co.—A. E. H. Creswicke, K.C., for plaintiff; E. F. Pain (Collingwood), for defendant. Action for \$1500 damages for alleged conversion of plaintiff's property in a launch called The Olive. Judgment: There will be judgment for plaintiff for value of launch, or the amount due on his mortgage, whichever is the lesser, to be ascertained by reference to affidavits to apply in 20 days for relief, on returning the launch to plaintiff. Defendants to pay costs of action. Twenty days stay.

Truesdell v. Holden—J. Birnie, K.C., for plaintiff; A. E. H. Creswicke, K.C., for defendant. Action to recover \$100 damages for alleged conversion of plaintiff's property in a launch called The Olive. Judgment: There will be judgment for plaintiff for value of launch, or the amount due on his mortgage, whichever is the lesser, to be ascertained by reference to affidavits to apply in 20 days for relief, on returning the launch to plaintiff. Defendants to pay costs of action. Twenty days stay.

Holden v. Collingwood Shipbuilding Co.—A. E. H. Creswicke, K.C., for plaintiff; E. F. Pain (Collingwood), for defendant. Action for \$1500 damages for alleged conversion of plaintiff's property in a launch called The Olive. Judgment: There will be judgment for plaintiff for value of launch, or the amount due on his mortgage, whichever is the lesser, to be ascertained by reference to affidavits to apply in 20 days for relief, on returning the launch to plaintiff. Defendants to pay costs of action. Twenty days stay.

Truesdell v. Holden—J. Birnie, K.C., for plaintiff; A. E. H. Creswicke, K.C., for defendant. Action to recover \$100 damages for alleged conversion of plaintiff's property in a launch called The Olive. Judgment: There will be judgment for plaintiff for value of launch, or the amount due on his mortgage, whichever is the lesser, to be ascertained by reference to affidavits to apply in 20 days for relief, on returning the launch to plaintiff. Defendants to pay costs of action. Twenty days stay.

Holden v. Collingwood Shipbuilding Co.—A. E. H. Creswicke, K.C., for plaintiff; E. F. Pain (Collingwood), for defendant. Action for \$1500 damages for alleged conversion of plaintiff's property in a launch called The Olive. Judgment: There will be judgment for plaintiff for value of launch, or the amount due on his mortgage, whichever is the lesser, to be ascertained by reference to affidavits to apply in 20 days for relief, on returning the launch to plaintiff. Defendants to pay costs of action. Twenty days stay.

REOPENING WORK OF BIBLE LEAGUE

First Meeting Held Since Activity Ceased a Year Ago.

MR. G. THOMAS SPOKE

"New Light on the Old Testament" Was His Subject.

Last night at a meeting of the Bible League of Canada, at the Bible Training College, College street, Rev. Dr. W. H. Griffith Thomas of Wycliffe College, the eminent Biblical scholar and author on scriptural research, delivered a lecture entitled "New Light on the Old Testament." The meeting was for the purpose of reopening the work of the Bible League, which for over a year has been almost at a standstill. It will resume its former activity, which will take the form of meetings during the summer at which Biblical scholars will discuss points upon which there has been controversy, and which have been the subject of criticism. A large number were added to the membership of the league last night. The membership fee is \$50, annually, which includes a subscription to the Evangelical Christian, the journal ably edited by Rev. R. E. Bingham, Dr. E. S. George Baldwin is secretary of the league.

Rev. A. R. Winchester of Knox Presbyterian Church gave a short but very interesting paper on the objects of the league, Snow-hatred Dr. Carman, the venerable Methodist preacher, was chairman and delivered a stirring address.

Some New Books.

Professor Thomas, who was recently elected president of the league reviewed five new books of his Toronto admirers, who have produced a birthday greeting, exquisitely printed in 100 copies for private circulation, one of which has been despatched to Canada last night. The four gentlemen are R. H. Hathaway, J. D. Logan, Newton McTavish and E. J. Hathaway—have a meeting to express the literary department of Canada for its subtlest and sweetest singer, which will be better valued at a later date.

A UNIQUE GREETING.

Beautiful Book For Bliss Carman on His Birthday.

Sheer beauty is the gift associated with the birthday of Bliss Carman, whose fifty-second birthday occurs today. The anniversary has been celebrated in a unique and peculiar way by four of his Toronto admirers, who have produced a birthday greeting, exquisitely printed in 100 copies for private circulation, one of which has been despatched to Canada last night. The four gentlemen are R. H. Hathaway, J. D. Logan, Newton McTavish and E. J. Hathaway—have a meeting to express the literary department of Canada for its subtlest and sweetest singer, which will be better valued at a later date.

Sore Back, No Fun, Cure It Today, Rub on "Nerviline!"

It Will Cure Your Aching Back, Stop Your Suffering, Keep You Well.

Back Sufferers, Read Below.

"I am just so delighted with the comfort Nerviline brought me that I write you a line to let you know." writes J. C. Coughlin of Saskatoon.

"For ages I have been subject to an aching, dragging feeling at the base of my spine. When attacks came on it made my whole body ache. It appeared as if I had taken cold and a soreness developed all through my muscular system. When in Winnipeg one day I spoke to me of Nerviline, and I bought a 50c bottle. That was the best half-dollar I ever spent. It did me more good than I can describe. It is hard to convince some people of what a really good medicine can do, but there will be no sceptics after they try out Nerviline. I use it for everything now. It is fine for Rheumatism and Neuralgia and all sorts of muscular pain it cures quickly. But internally, if possible, Nerviline is even better. It cures a cramp in ten seconds and, as for gas and upset or sour stomach, nothing could excel Nerviline. I think it should be kept in every home as a protection against sudden fits, and also to cure fits that resist other treatments." / Family size bottles, 50c; trial size, 25c; at all storekeepers and druggists, or The Catarthorpe Co., Buffalo, N.Y., U.S.A.

HOW BEST TO SOLVE HOUSING PROBLEM

Mr. Rowell Would Like to See the Government Take Step Farther.

N. W. Rowell would like to see the government go farther than it has in the matter of solving the housing problem. When Hon. W. J. Hanna's bill to encourage housing accommodation in cities and towns came up yesterday the leader of the opposition pointed out that in the legislation being brought in the government assumed very little responsibility for the scarcity of houses. The bill, he said, merely provided for the appointment of a committee to investigate the problem, but if there were a limited number of public-spirited men or none whatever, there would be few results.

"This bill is not a remedy," said Mr. Rowell. He then pointed out that if the government intended tackling the question it might be doing a good thing in waiting for another year to see the results of the schemes that have been planned already. If the scarcity of houses continued, however, he contended that it would be the duty of the government to bring in further legislation. A real estate man, he said, had told him that for a city the size of Toronto there should be 5000 vacant houses to meet the demands incidental to growth. As a matter of fact, he declared that there were no more than 4000 vacant houses in the city.

THE WEATHER

OBSERVATORY, Toronto, Ont., April 14 (8 p.m.)—Showers have occurred today in Eastern Nova Scotia, but elsewhere in Canada the weather has been fine. It has been comparatively cool from the great lakes eastward, and quite warm in the western provinces.

Minimum and maximum temperatures: Victoria, 45-58; Vancouver, 44-51; Kamloops, 40-68; Calgary, 42-72; Edmonton, 38-64; Battleford, 46-74; Moose Jaw, 48-70; Regina, 42-68; Winnipeg, 42-68; Port Arthur, 24-36; London, 40-57; Toronto, 38-53; Kingston, 38-53; Ottawa, 42-50; Montreal, 38-53; Quebec, 40-57; St. John, 40-54; Halifax, 40-54.

Probabilities. Lakes and Georgian Bay—Fine, with a little higher temperature. Ottawa and Upper St. Lawrence—Fine, with stationary or a little higher temperature.

Lower St. Lawrence and Gulf—Moderate winds; fine, stationary or a little higher temperature.

Maritime—Moderate to fresh northeast winds; fair; not much change in temperature.

Superior—Moderate winds; fine and warm.

Manitoba and Saskatchewan—Fair and warm.

Alberta—Mostly fair; not much change in temperature.

THE BAROMETER.

9:25 p.m.—Steam roller on track, Deyling and King; 22 minutes' delay to King cars, both ways.

BIRTHS.

BROWN—On Monday, 14th inst., at 792 Palmerston avenue, to Mr. and Mrs. D. Brown, a daughter.

DE LA COUR—At Santos, Brazil, on April 13th, the wife of J. H. De la Cour, of a daughter.

DEATHS.

BAILEY—Margaret, Bailey, sister of Percy L. Bailey, in Robinson Hospital, Toledo, Ohio, Thursday, April 10th, 1913.

MCKENNA—At the residence of her brother, 236 College street, Miss Teresa McKenna, teacher, formerly of Woodstock, Ont.

Funeral Wednesday, at 9 a.m., to St. Basil's Church.

SMITH—On Monday, April 14, 1913, at the residence, Pine Grove Park, Don Mills road, David Smith of the David Smith Lithographing Company, in his 72nd year.

Funeral on Wednesday, the 16th, at 3 p.m. Interment in private plot at Don Mills, Methodist Cemetery. Bracebridge papers please copy.

At the residence of Mrs. Gabriel, April 14, Sister Mary Gabriel, "Maekassy," in the 80th year of her age, on the 60th of her religious life.

Requiem mass on Wednesday at 8 a.m.

SMITH, TO DO WELL KNOWN TO TORONTO ENGRAVER

Had Lived for Over Thirty Years on Large Farm on Don Mills Road, Which Was Recently Sold at a Large Figure.

David Smith, a well-known Toronto lithographer, died yesterday noon at his home in Todmorden. He was 71 years of age. Death resulted from heart trouble.

Mr. Smith was born at Liverpool, England, January 17, 1842. He came to Canada nearly 40 years ago, and started in business with J. T. Rolph & Co. of this city. The firm afterwards was known as the Rolph, Smith & Co., which was conducted for about 30 years. After the big Toronto fire they dissolved partnership. Then two firms sprang up, known as Rolph, Clarke & Co. and Smith, Engraving and Lithographing Co.

Mr. Smith will be succeeded in business by his son, Harold Taylor Smith, who will manage his entire estate. The big concern known as the David Smith Co., 58 Church street, will be conducted the same as in the past under the same management.

After the marriage of the late David Smith to Miss Annie Elizabeth Taylor, eldest daughter of the late George Taylor of the firm of John Taylor & Sons, he lived for one year on Steeleville street. He then moved to 504 Don Mills road, where he has resided for 31 years.

Mr. Smith is survived by his wife and one son, Harold Taylor Smith, manager of the engraving company for a number of years.

When the late Mr. Smith purchased 100 acres on Don Mills road over thirty years ago that section of the country was strictly agricultural. The city limits were a considerable distance away. Today the locality has become a residential district. About a week ago the Smith estate was sold for about \$35,000, or approximately \$43,000, a remarkable increase in value, to a firm which intends subdividing the land upon which high-class houses will be erected.

The funeral will take place from his late residence on Don Mills road, Wednesday afternoon, at 3 o'clock, to the family plot in the Don Mills cemetery.

MIMICO.

The question of sewers and waterworks was very much the order last night's meeting of the Mimico Council, when a large number of ratepayers gathered upon that body to urge the necessity of taking immediate steps for the installation of such a sewerage system.

Mr. Gee, who headed the deputation.

HYDRO EMPLOYEES WANT A NEW MAN

Ask for Appointment of a Successor to P. W. Ellis.

In a city looked upon as the greatest retail center in Canada, and with 500 Semi-ready stores in the cities and towns of the Dominion it did seem strange that an enterprising and energetic concern like the Semi-ready Company should not have a single store on Yonge street, Toronto. This was the demand of one of the Toronto taxpayers who was in Toronto yesterday to assist in the final preparation for the opening of the new store today at 143 Yonge st.

No longer is the new house of Semi-ready alone in open here nearly a year ago," said Mr. Reid, the manager, "and when we made arrangements to secure and reconstruct the present premises it was far away from our calculations that building operations should be so slow."

But that is another story, and it is forgotten in the pride of achievement.

Not alone is the new house of Semi-ready another of the ideas and ideals so long upheld by Semi-ready tailoring, but they have associated with them in this case the best of the best of the shirtmaking trade in Canada. Continuously for 42 years the R. J. Tooke shirts and collars have held a premier position in the eyes of the public in Montreal, and for the first time in all these years their far-famed product will be offered in Toronto—the "True Tooke" shirts and collars, their manager emphasizes. R. J. Tooke established the present business in 1870, and retired recently after forming his factory and mercantile organization into a company, the R. J. Tooke & Co., which was Mr. Tooke when he founded what is the largest individual business of its kind in the Dominion.

It is proposed to give to each Semi-ready store in Canada the exclusive selling rights for R. J. Tooke shirts and collars, and the best of the best of the shirtmaking trade in Canada. Continuously for 42 years the R. J. Tooke shirts and collars have held a premier position in the eyes of the public in Montreal, and for the first time in all these years their far-famed product will be offered in Toronto—the "True Tooke" shirts and collars, their manager emphasizes. REAL ESTATE NEWS

SYNDICATE BUYS MAUSOLEUM LAND

100 Acres at Lansing Bought by Company, Who Hold It at \$1500 an Acre.

NEW WORKER DISTRICT

Developments From City Limits to Willowdale Where Acreage is Bought Up.

A deal just closed for the purchase of 100 acres of the Forest Lawn Mausoleum's property on the west side of Yonge street, above York Mills Hill, emphasizes the suburban movement that in recent months has become very marked on Yonge street for three miles above the city limits. This particular deal embraces property along the line at the rear of the mausoleum, with 700 feet of Yonge street frontage. The land purchased runs back over a half mile from Yonge street and a big corner at the rear is the valley which West Don. The mausoleum people still have 80 acres for future buildings. What the buying syndicate paid is not known for certain, although an enquirer \$1500 an acre was quoted for resale. Another significant purchase pointing to the soundness of this new Yonge street movement was that announced a few days ago in The World, the purchase of 117 acres at Willowdale by a Jewish syndicate. This is the first time that Jewish operators have gone into a large suburban estate around Toronto. Real estate men generally regard Jewish operators, who have previously confined their efforts to central dealings, as shrewd buyers. This section, extending from York Mills to Willowdale, will probably develop into a workers' district without the rude, clash-colored shacks that most people associate with working-men's districts. The car service on the Metropolitan, now the best radial service out of Toronto and to be improved following negotiation between the city and the company, brings the district in good communication with the heart of the city and the industrial belt springing up along the tracks south of the city. Cheap land and car service are the prime factors in meeting the city's need in Toronto for workers' homes. It is in meeting these two necessities that this section is expected to prove popular. House building is quite prevalent all thru the district and the reports from realty offices are that the great number of the detached, bungalow-type type will be erected this year. The realty men are putting in enough of their own money to permit of house building, and this has assisted greatly in creating the demand for lots.

KING EAST LEASE.

Assessment Commissioner Portman recommended to the property committee that the city let a lease on the Standard Bank for 21 years on the property at the southeast corner of King and West Market streets. The lot is 25 feet by 75 feet and the rental to be charged is at the rate of \$29 a foot, \$725 a year, plus the taxes.

DANFORTH AVE. SALE.

Seventy-five feet on the north side of Danforth avenue, between Chester and Arundel avenues, was sold yesterday by Pantier & Bryson for \$14,500. These agents report corners in the vicinity held at \$500 a foot.

RICHMOND HILL FARM IS PURCHASED

John Rumble's 200-acre farm at Richmond Hill, on the east side of Yonge street, was sold yesterday by Pantier & Bryson at \$29,000.

CHARLES ST. PROPERTY BOUGHT BY SYNDICATE

Crow & Murray's lively stable at 49 East Charles street has been purchased by M. S. Boehm & Co. for a syndicate, at about \$200 a foot. The property is 20 feet by 165.

Building Permits Granted

Table listing building permits granted with details such as location, permit number, and value.

DANFORTH AVENUE WORK RUSHING AHEAD

Work of laying the sidewalk on the north side of Danforth avenue was started yesterday at Broadview and it will be continued thru to the eastern limits. At the same time men started grading the street at Pape avenue. This will be carried eastward in preparation for laying asphalt from Pape to East Toronto.

PARISIAN FACTORY.

L'Air Liquide Co. of Paris, ozone manufacturers, have purchased a property with a continued frontage of 340 feet on Shipman and Boier streets, a depth of 104 feet, from Richard Richards, for \$1,000,000. A branch factory will be established on the site, which is in West Toronto, and has a C. P. R. frontage.

McEACHRENS TO MOVE INTO LARGER OFFICES

In June W. N. McEachren & Sons will take possession of the offices now occupied by Davidson & McCrae, at 68 East King street, which are 40 feet by 200 feet. The present occupants will move into the former location of Nesmith's, two doors west. The lease is at \$6000 a year for five years. Increase of business that overcrowded their present offices at 93 Victoria street, made such a move on the part of McEachrens imperative.

LONDON RAILWAY TO LOSE CHARTER?

Mayor Graham Threatens to Cancel Franchise Unless Service Improves.

LONDON, Ont., April 14.—(Can. Press.)—"We will cancel the franchise of the London Street Railway ere the year is out if the officials don't give a proper answer. This is no idle threat. We mean business, and the sooner the London Street Railway finds this out the better for all parties concerned." The above statement was made today by Mayor Graham, when discussing the company. The checkers will be on duty to-morrow and for several days will see what time the various cars make. A report will be made as soon as possible after that, and then the company will be made to live up to its schedule. According to his worship it will be a battle to a finish. "The directors must put in the double track agreed upon," continued the mayor. "The people are not satisfied with the present service, and they have a right to do so. Now we must get to work." "We are making rapid progress," he continued. "The cars are going ahead without double tracking and have ordered the necessary cars. We have ordered July 1 to complete our work, and I don't think there will be any cause for complaint by that time. We are doing everything possible to satisfy the public, and other than that, I can say nothing at this time."

WEST MISSOURI CASE UP AGAIN THURSDAY

LONDON, Ont., April 14.—(Can. Press.)—The appeal in the West Missouri continuation school case is again to be aired in Toronto on Thursday.

IN ACCIDENT ON WEDDING DAY.

GALT, Ont., April 14.—(Special.)—To be married and to have her shoulder and collar bone broken on the same day was the experience of Mrs. William McConnell (nee Bessie Elvin). The couple were on a drive to the home at Puslinch, when the horse took fright and ran away, throwing both occupants out.

DEATH OF DAVID RIFE.

GALT, Ont., April 14.—(Special.)—The death took place this morning of David Rife of Hespeler, aged 85, one of the most prominent and highly respected citizens. For many years he was reeve and leader in municipal affairs. He was a noted breeder of horses and was a Methodist and active Conservative.

ADMITS THEFT OF HORSE.

BERLIN, Ont., April 14.—(Special.)—Thomas Robertson, who claimed to be a doctor from Iowa, was this morning sentenced to three years in the provincial penitentiary, having pleaded guilty to horse stealing. He was arrested last Monday at Breslau by Detective Huber, charged with stealing a horse and buggy from J. W. Pinder, the liveryman.

BERLIN LICENSES GRANTED.

BERLIN, Ont., April 14.—(Special.)—Notwithstanding the many fines of the local authorities the full quota of cinder shoe licenses were granted, which the shop licensees are paying an equal fee. Special Inspector Grey has collected \$2000 as a five per cent extra.

YOUNG GIRL IS DEPORTED FROM UNITED STATES.

SARNIA, Ont., April 14.—(Special.)—Annie Swanson, a 16-year-old girl, was today sentenced to four years in the

SHOE REPAIRING.

Canadian Markets Strong—New York Lasier—C.P.R. Up Again

ANOTHER UPTURN IN TORONTO RAILS

Stock Market Shows Some Initiative, But Improvement is Not General.

C. P. R. STILL RISING

Specialties Are Inclined to Weakness—Brazilian at a Fractional Advance.

While the Toronto stock market showed a good deal of initiative at times yesterday, the improvement made in quotations was not general enough to stamp the tone as really buoyant. Weakness in specialties was generally in evidence, and the market was inclined to be speculative for the most part. The latter part of the London exchange, following the report of the Chamber of Mines, was an indication of the good condition of the market here, and the Toronto market was accordingly stronger.

There were several instances of strength in the general list. Brazilian at 98 1/2, passed through the high level of April 1, and closed at 98 1/2, being at their best price since the second week of February. The close at 98 1/2 left a gain of just a quarter-point for the session. Twin City was up one, at 108; Mackay at 32 had regained its recent loss, and Consumers' Gas was up a fraction, to 178 1/2. C.P.R. was higher in all markets, reaching 242 1/2 in New York and 242 1/2 in Toronto. It was the firmest of the specialties, with the quotation up over a point, at 24 1/2. The banks, Toronto and Union were both over a point higher, moving into new ground for the month.

C. P. R. AT HIGHEST IN THREE MONTHS

Canadian Pacific continued its advance in the stock market yesterday, rising to 242 1/2 in New York, a net gain of 1 1/2 points for the session, and the highest level since January last. The demand emanated in England, and was said to represent buying for Germany. The following table shows the range by months for the year:

	High.	Low.
January	242 1/2	237 1/2
do. ex-rights	247	238 1/2
February	241	237 1/2
March	238 1/2	233 1/2
April	242 1/2	237 1/2

HONORING THE DEAD.
The New York Stock Exchange remained closed until noon yesterday out of respect to the memory of the late J. P. Morgan.

MONTREAL STOCKS AT HIGHER LEVEL

C. P. R.'s Strength Was Stimulus—Three Point Gain by Toronto Railway.

MONTREAL, April 14.—Local stocks responded more readily today to the cheerful feeling abroad, reflected to the immediate interest of this centre in continued strength of C.P.R. Dealings were on a larger scale than on any day lately, with trading broader. C.P.R. remained a notable feature of strength, and under local conditions in the local money market would have led before this general advance in the market. London once more sent over a higher range of quotations for the international leader, and the opening here was at a new high for the movement of 242 1/2, a gain of 1 1/2 since Saturday. Through an active market for the stock in the morning the price held close to the opening level, advancing to 242 1/2, receding to 241 1/2, and recovering again to 242 1/2, but later fell back to 241 1/2, closing there, and leaving a gain of 1 1/2 as the net change for the day. Toronto Railway, Textile, Brazilian, Ottawa Power, Montreal Power and Canadian Car were all stronger. Toronto opened 1/4 higher, at 143 1/2, and rose to 148, it later reacted and closed at 146, a net gain of three points for the session, making six points for the movement. Power rose to 220 1/2 and closed at 220, a net gain of 1/2; Textile was in good demand and advanced 1/2, to 86 1/2, closing at the high; Brazilian was 1/4 up, at 98 1/2. In the morning, but closed unchanged, 98. Iron made a smart recovery to 53 1/2, closing at the high, with a net gain of one point. Ottawa Power rose one, to 181, and Canadian Car 3/8, to 53 1/2.

BANK RECORD IS TRADE BAROMETER

Lower Basis of Clearings Plain Evidence of Reaction in Business.

Bank clearings in Canada last week fell below the previous week's totals, thus bearing out the deduction recently made that trade reaction is now under way throughout the Dominion. The total exchanges were \$17,619,123, which compared with \$17,831,919 in the preceding week and \$132,140,869 in the same week last year. Comparisons with this latter week were not warranted, however, since the business week last year comprised only four days, the Easter holidays intervening. Brought down to a per centage basis last week showed a gain of 28 per cent, which compared with a loss of 5 per cent in the week of March 27, a gain of 8 1/2 per cent in the week of March 20, and 11.1 per cent in the week before that.

Bank clearings across the border last week were \$2,695,439,858, a decrease of 5 per cent from last year. This compared with a decrease of 10.2 per cent in the previous week, and plainly evidenced the slower movement of trade. The following table giving the average daily clearings in the United States for the year to date is interesting:

	1912.	1913.	1911.
April	\$568,106,000	\$524,383,000	\$482,552,000
March	463,381,000	480,890,000	437,138,000
Feb.	542,454,000	480,826,000	492,114,000
Jan.	548,253,000	512,242,000	510,680,000

NEW MEMBER ELECTED.
Mr. A. E. Duncanson was elected a member of the Toronto Stock Exchange yesterday. Mr. Duncanson is the surviving member of the firm of Austin, Duncanson & Co. Mr. Austin's death recently occurred abroad.

HEADER TONE IN NEW YORK STOCKS

Fairly Strong Buying, However, Prevents Material Break in Prices.

SPECIALTIES SAGGED

Discrimination by Banks Said to Be Responsible for Weakness.

NEW YORK, April 14.—The demand for stocks today was great enough to absorb offerings at concessions and prevent substantial breaks in the market, but there was no aggressive buying and trading lagged. When the market opened at noon—the opening having been delayed two hours on account of a general meeting in the city—the market was strong, and prices advanced. A heavy tone developed in the early part of the day, and the market advanced. Pressure was most effective against Reading, Lehigh Valley and Chesapeake & Ohio, all of which were down one point. Money and a few of the newer industrial stocks, which the standard specialties however, were not greatly affected and sustained only fractional losses.

Petroleum Stocks Weak.
The petroleum stocks were especially weak. California common and preferred and Mexican falling two points or more to new low prices. Rumely also touched a new low price, dropping a point, to 31. Discrimination by banks against certain industrial stocks as collateral was said to be partly responsible for weakness in this quarter of the list.

The cables reported that European markets were more cheerful, and Americans here, but little business was done here for foreign account, perhaps on account of the late date of the market. There was more buying of Canadian Pacific for Germany, which made it strong in contrast with the general list.

SAO PAULO'S LOAN IS WELL TAKEN UP

Twenty Million Dollar Issue Over-subscribed—London Market in Cheerful Mood.

LONDON, April 14.—Money and discount rates were easy today. The Bank of England secured most of the \$3,000,000,000 loan of Sao Paulo, and the market was cheerful. Peace prospects and professional support were again responsible for a general advance in the stock exchange. The strongest features were gilt-edged securities and Argentine rails, but the absence of public support made speculative shares sag in the afternoon. DeBeers were weak on price selling. American securities opened steady, but the market higher. Prices advanced on fair buying during the forenoon, when Canadian Pacific was announced as falling two points, but became quiet and the market closed dull with prices from 1/4 to 1 1/2 above parity.

NEW CAPITAL FOR STANDARD CHEMICAL
LONDON, April 14.—The Canadian Press Association is informed that the Arthur Peuchen, before sailing on the Atlantic, plans on the London market a million dollars of the Standard Chemical Iron Lumber Company of which he is president. The issue of capital up to \$7,000,000.

TORONTO "RAILS" AT NEW HIGH FOR YEAR

At its top level yesterday, Toronto Railway stock closed at 242 1/2, a new high for the year. Montreal reports stated that "the street" looked for either an increase or a decline in the price of the stock in the near future. The range follows:

	High.	Low.
1910	210	190
1911	168	122 1/2
1912	150 1/2	123 1/2
1913	242 1/2	129 1/2
February	143	127 1/2
March	140 1/2	122
April	145 1/2	127 1/2

SIXTEEN CENT LEVEL FOR COPPER SOON

NEW YORK, April 14.—Talk of sixteen-cent copper is now general in metal circles. The European market is improving, and at least one big seller has been up to the first of June, while several are in the market. It is also believed that this month will make a good statistical showing when the Copper Producers' report is issued. The ruling price for electrolytic copper, May-June delivery, is 15 1/2 cents a pound, but the trend is upward, and several large agencies are holding out for 15 1/2 cents. Lake copper is selling at 15 1/2 cents.

CROW'S NEST COAL CO. HAD RECORD YEAR

The annual meeting of the Crow's Nest Coal Company will be held today in Toronto. President Wm. A. Rogers informed The World that the statement will show that the year 1912 contained a new record in the history of the company in point of production, and that the financial statement was also a favorable one. During 1912 there was a nine-month strike on the property, consequently the output was very seriously curtailed at that time.

CHAMBERS-FERLAND AFFAIRS.

Editor World: I see a letter in your issue today, signed "Fair Play," with reference to the Chambers-Ferland Mining Company and the Chambers-Ferland Company. I have also noticed letters from the Chambers-Ferland Mining Company. As secretary of the Chambers-Ferland Company I beg to state that the same has been taken no step such as they are taken in the future it will be of course done regularly, with due regard to the rights of the shareholders, and all registered shareholders will be duly notified. Secretary Chambers-Ferland Mining Co., Limited. Toronto, April 12.

RAND MINES ARE MAKING RECORDS

Output Grows From Year to Year—Over Forty Millions in Dividends.

STEADIER TONE IN MINING MARKETS

Sharp Rally in Pearl Lake Inspires Much More Confident Feeling.

LONDON, April 14.—Each succeeding year marks an increase in the value of the gold output in the Transvaal, which is now responsible for considerably more than one-third of the world's supply. Since for the year 1911 the value of the gold produced by the mines of the Transvaal reached the prodigious total of \$170,286,138, last year's figures are \$18,528,947 in excess of the previous year, the value of the 1912 output, according to the analysis sheet issued by the Chamber of Mines, being \$18,613,865.

On the Witwatersrand there were mined 29,313,809 tons and milled 25,486,351 tons, 12 per cent, being rejected waste rock. There were at work throughout the year an average of 94,250 men and 252 tube mills. The total output was 8,755,568 lbs., valued at \$180,350,070, being at an average of 94.25 cents per ton milled. The output in 1911 amounted to 8,252,000 lbs., valued at \$170,286,138, or \$20.25 per ton milled. The output in 1912 was 8,755,568 lbs., valued at \$180,350,070, or \$20.70 per ton milled.

Two Years' Records.
Figures for the whole Transvaal in 1911 and 1912 compare as follows:

1911	8,252,000	170,286,138
1912	8,755,568	180,350,070
Output, tons	24,458,821	26,071,841
Stamps at work	10,020	10,027
Tube mills at work	7.76	8.029
24 hrs. tons	223	270
Value per ton	\$170,286,138	\$180,350,070
Working costs per ton	\$6.86	\$7.23
Profit per ton	\$4.40	\$4.56
Total profit	\$57,063,946	\$63,756,098

The total dividends for the Transvaal gold mines for 1912 amounted to \$42,978,359, which is \$1,290,298 greater than the amount declared at the end of December, 1911. In 1911 the gold output of the world was estimated at about 447,247,125, of which the Transvaal produced 36 per cent, the United States 20 per cent, and Australia 12 per cent. Assuming that the gold output of the world for 1912 was about the same as for 1911, it is figured that the Transvaal output will form at least 40 per cent of the total.

BEAVER MINES' ANNUAL REPORT

Output Fell Off, But Gross Value Was Larger Than Previous Year.

The annual report of the Beaver Consolidated Mines, Ltd., which will be presented at the annual meeting on April 22, has been sent out. It shows the shipments for the year 1912 were 689,231 tons, valued at \$2,313,332, which compared with 750,950 ounces, valued at \$386,735.45 in the previous year. Thus the output value of the year 1912 was 50 per cent higher than that of 1911. The report shows receipts from ore sales up to Feb. 28 of \$339,250, estimated value of ore at smelters \$76,230,000, and total of \$223,322,000, a total of \$419,570. Of this operating charges total \$211,252, and administration costs \$20,088,000, leaving a net profit of \$188,230. The balance at credit for 1912 was \$173,104, making a total of \$361,334. There was paid in 1912 \$116,000, leaving a contingent account of \$245,334. Provision for 1913 is \$12,211 to be carried forward to next year.

The financial report shows receipts from ore sales up to Feb. 28 of \$339,250, estimated value of ore at smelters \$76,230,000, and total of \$223,322,000, a total of \$419,570. Of this operating charges total \$211,252, and administration costs \$20,088,000, leaving a net profit of \$188,230. The balance at credit for 1912 was \$173,104, making a total of \$361,334. There was paid in 1912 \$116,000, leaving a contingent account of \$245,334. Provision for 1913 is \$12,211 to be carried forward to next year.

POWER CUT OFF IN PORCUPINE CAMP

SASKATCHEWAN LOAN FAILED IN LONDON
NEW YORK, April 14.—A cable to the Journal of Commerce from London says: The response of the public to the issue of the Province of Saskatchewan of \$1,000,000 ten-year 4 per cent bonds at 98 1/2 was very weak, and it is understood that the underwriters have been forced to report that the City of Regina is now arranging to float an issue of \$500,000 of five per cent bonds to expire at 40 or 50 years. The bonds are to be placed at 101.

SENTIMENT CHEERFUL

Gratifying Recovery in Several Issues—Not Yet Out of Woods, However.

The mining stocks developed a much steadier undertone with the opening of the new week, the market yesterday displaying none of the instability which characterized its action during Saturday's session. The liquidating disposition seemed to have disappeared, and the sustained demand which succeeded it permitted several of the favorite issues to make gratifying recoveries.

A sharp rally in Pearl Lake, which rose to 4 1/2, plainly evidenced the change for the better in sentiment. What appeared to be supporting orders came into play early, bids of 45 being put in for any part of 10,000 shares. If any were effectively disposed of at that time, it was by this action, and the stock, once the news was made, showed marked resistance. The close was firm around the top for the day, with traders more favorably inclined than for several sessions, the general idea being that the selling movement had exhausted itself, and that the shares would respond very readily to the incoming of any material buying demand.

Irregularity Apparent.
Some irregularity was apparent at times, scattered selling bringing out the fact that prices were still vulnerable to pressure. Some Lake, Jupiter, West Dome and Dome Extension all improved their position, however, the gains were restricted. Foley-O'Brien, on the other hand, was weaker, with the shares down to a new low for the movement at 25 1/2. Creation and Imperial made new low records for the month, and Dome at \$17.50 was also below the previous high.

High Grade Ore at Lower Levels
COBALT, Ont., April 14.—Three inches of eight thousand ounces of ore has been encountered on the seven hundred foot level in an ore body of the main vein. This is the deepest point in the Cobalt camp. The ore now being mined in the new shoot is the best that the mine has ever produced.

LIVERPOOL COTTON.
LIVERPOOL, April 14.—Cotton futures closed steady. April, 6.56 1/2; April and May, 6.55 1/2; June, 6.54 1/2; August, 6.53 1/2; September, 6.52 1/2; October, 6.51 1/2; November, 6.50 1/2; December, 6.49 1/2; January, 6.48 1/2; February, 6.47 1/2; March, 6.46 1/2.

COTTON MARKETS.
The range of prices on the New York market is reported by Neill & Bond as follows:

	Open.	High.	Low.	Close.	Prev.
May	11.75	11.82	11.78	11.85	11.82
July	11.75	11.81	11.74	11.83	11.82
Dec.	11.34	11.39	11.33	11.38	11.40
	11.37	11.41	11.35	11.41	11.44

BIG DECREASE SHOWN IN U. S. VISIBLE

Visible grain supplies in the United States now ago and a year ago compare as follows:

	April 14,	April 14,
Wheat	bu. 47,860,000	57,711,000
Corn	bu. 12,435,000	15,487,000
Oats	bu. 12,435,000	17,413,000
Barley	bu. 1,224,000	1,649,000
Other	bu. 1,224,000	1,649,000

MONTREAL GRAIN AND PRODUCE.

MONTREAL, April 14.—Business in Manitoba spring wheat over the cable today was very quiet, owing to the limited demand and the fact that buyers were there was a good demand for oats and May-June shipment, but the bids for barley were 3d to 4 1/2d lower. The demand for ocean freight is good with engagements amounting to 800,000 to 1,000,000 bushels, principally to Hull. There was a fair demand from exporters for oats and flour, but the market was quiet. Foreign demand for flour was quiet and bids 3d lower.

A SAFE INVESTMENT THAT PAYS GOOD INTEREST

It would be to the advantage of those investing sums of \$500 and upwards to avail themselves of our Guaranteed Investment Plan. This plan pays the investor a net annual return of 4 1/2%, and is made absolutely safe by a two-fold security. Our booklet—"The Safe Investment of Funds" explains fully. Write for it.
