The copy filmed here has been reproduced thanks to the generosity of:

Législature du Québec
Québec

The images appearing here are the best quality possible considering the condition and legibility of the original copy and in keeping with the filming contract specifications.

Original copies in printed paper covers are filmed beginning with the front cover and ending on the last page with a printed or illustrated impression, or the back cover when appropriate. All other original copies are filmed beginning on the first page with a printed or illustrated impression, and ending on the last page with a printed or illustrated impression.

The last recorded frame on each microfiche shall contain the symbol ➡ (meaning "CONTINUED"), or the symbol ▼ (meaning "END"), whichever applies.

Maps, plates, charts, etc., may be filmed at different reduction ratios. Those too large to be entirely included in one exposure are filmed beginning in the upper left hand corner, left to right and top to bottom, as many frames as required. The following diagrams illustrate the method:

L'exemplaire filmé fut reproduit grâce à la générosité de:

Législature du Québec
Québec

Les images suivantes ont été reproduites avec le plus grand soin, compte tenu de la condition et de la netteté de l'exemplaire filmé, et en conformité avec les conditions du contrat de filmage.

Les exemplaires originaux dont la couverture en papier est imprimée sont filmés en commençant par le premier plat et en terminant soit par la dernière page qui comporte une empreinte d'impression ou d'illustration, soit par le second plat, selon le cas. Tous les autres exemplaires originaux sont filmés en commençant par la première page qui comporte une empreinte d'impression ou d'illustration et en terminant par la dernière page qui comporte une telle empreinte.

Un des symboles suivants apparaîtra sur la dernière image de chaque microfiche, selon le cas: le symbole ➡ signifie "A SUIVRE", le symbole ▼ signifie "FIN".

Les cartes, planches, tableaux, etc., peuvent être filmés à des taux de réduction différents. Lorsque le document est trop grand pour être reproduit en un seul cliché, il est filmé à partir de l'angle supérieur gauche, de gauche à droite, et de haut en bas, en prenant le nombre d'images nécessaire. Les diagrammes suivants illustrent la méthode.

To Thorley & Con., Powder Co., Toronto :

This is to certify that having used Dr. Von Stromberg's Horse-Worm Killer in our stables, we find it the most effectual remedy for expelling worms and bots, that we have ever used, and we confidently recommend it to all owners of horses, as being the best as well as the cheapest worm medicine in existence, costing only about 6½ cents a dose.

CAN RUPTURE BE CURED? We answer it can, by using **EGAN'S IMPERIAL TRUSS**, having a spiral spring pad, with a graduated pressure movable face, yielding to every motion, retaining the Hernia always, with no pressure on the spine, causing paralysis, spinal and kidney troubles, as other trusses will. And, being a perfect support for the back and bowels, it does away with wearing a double truss in many cases, and varying in size from 1 to 10, enabling us to meet most every case. Worn day and night with ease and comfort. Send for circular containing price list, your neighbours' testimony, and questions to answer. Call, or address, "**EGAN IMPERIAL TRUSS CO.**" 23 Adelaide Street East, **TORONTO, ONT.** Please mention this guide when you write.
