# POLICE COMMISSIONERS LAY RESPONSIBILITY AT CROWN ATTORNEY'S DOOR

## Judge Winchester and Magistrate Denison, Sitting as Board, Say Attorney-General and His Officers Have Sole Authority to Lay Charges and Seek Apprehension of Fugitives.

If Magistrate Denison and Judge Winchester are right in their contention, the responsibility for the delay in the issue of warrants against Dr. Beattie Nesbitt, W. J. Lindsay and George Wishart, charging them with various crimes in connection with the Farmers' Bank collapse, must rest with Crown Attorney Corley and Attorney-General Foy.

These two gentlemen, sitting as the board of police commissioners yesterday afternoon, while Mayor Geary was attending the opening of the legislature, passed a resolution declaring that no blame could be placed upon any police officer either for their delay or for the failure to lay charges of extraditable offences against any or all of them, if grounds for such charges exist.

Chief Grasset, secretary of the board, said after the meeting: "What the board says is that the police have no power to take out a warrant in important cases without the consent of the crown attorney, and that, such warrants being issued, the police have no power to seek the extradition of any fugitive from a foreign country without the consent of the attorney-general's department."

This finding was forecasted in The World yesterday morning.

This puts the whole matter and the responsibility for any action or absence of action in the matter, up to the city crown attorney and the attorney-general's department.

Needn't O. K. Warrants.

Speaking of this feature of the situation, Crown Attorney J. Seymour Corley says that he has never issued any order to the police court clerks that they must apply for warrants to the police without his consent.

When a doctor was arrested upon a second charge of performing a criminal operation, a short time ago, Mr. Corley did object in police court to the charges being laid when he had not been consulted and shortly afterward one of the police court clerks did refuse to issue a warrant without the crown attorney's authorization.

Mr. Corley says that his position is that he should be consulted before any important charge is laid.

The order in council transmitted to the police reads:

"Re extradition and fugitive offenders."

"The application for the surrender of a fugitive offender from another country shall be addressed to the attorney-general by letter from the county crown attorney to the effect in which the offence was committed, stating briefly the facts of the case and giving in detail the information as to the fugitive's supposed whereabouts and the means of tracing and identifying him, also stating whether it is desired that the provisional arrest of the fugitive should be asked for by telegram."

Elaborate Formula.

"The application shall be accompanied by: 1. The warrant of arrest. 2. A statement of the evidence procurable showing a prima facie case of the commission by the fugitive of the offence charged such as, in Canada, would justify a commitment for trial. 3. A description of the accused sufficient for purposes of identification with, if possible, a photograph. 4. An indemnity for expenses signed by the applicant in the attached form. (\$500)."

"When the apprehension of the fugitive is a matter of urgency, the attorney-general may apply by telegram for the provisional arrest in anticipation of the formal demand for surrender."

"Police officers shall not make direct application to foreign police services for the arrest of a fugitive. Serious difficulties have arisen in cases where this direction has been overlooked. Except in special cases authority to proceed shall only be given to provincial officers."

"Only cases involving serious crime affecting the public generally shall be undertaken by the attorney-general, without a bond of indemnity."

"When the decision of the government of the country where the fugitive is to concede his surrender is notified to the attorney-general, the attorney-general is a matter of arrangement and except in special cases the provincial police only shall be sent to the country from which the extradition or rendition is sought."

Police Excused.

The board finds that "no blame attaches to any member of the force for lack of energy or want of promptitude in doing everything to place the fugitives and resources of the department at the disposal of the crown, in order that immediate action be taken to put the law in motion against any or all of those who could be proceeded against by warrants or summons up to the present time."

This is how the police commissioners have swept their deepest clean of the bruited charges that have not been honest and efficient in their action with regard to the prosecution of those criminally connected with the collapse of the Farmers' Bank. The board have swept the mud off their own doorstep unto that of their neighbors, the attorney-general and the city crown attorney.

## THE SITUATION.

It has been charged openly that there has been a conspiracy to bring about the apprehension of Dr. Beattie Nesbitt and others wanted to answer charges in connection with the wreck of the Farmers' Bank. This charge was made against the police yesterday Police Commissioners Judge Winchester and Magistrate Denison, sitting as the board, declared that no fault lay with any member of the force, and added that all responsibility either for the speed with which charges were laid or the nature of the charges, or the extradition of fugitives wanted, must be laid at the door of the attorney-general of the province and City Crown Attorney Corley.

It is said that in evidence submitted before the board in the shape of a statement by Travers, the ex-general manager, now in jail, lies the basis of charges of extraditable offences against Dr. Beattie Nesbitt and W. J. Lindsay, and that the statement is borne out by documents in the bank.

Crown Attorney Corley says that he has seen this statement and says that it does not contain evidence upon which extradition could be granted. He also said against Dr. Beattie Nesbitt. This is the situation to-day, which the days will develop.

## Sir Wilfrid's Little Souvenir

### Premier Wrote Travers, Thanking Him for Gift of First \$25 Farmers' Bank Bill.

OTTAWA, Jan. 24.—(Special).—Dr. F. L. Schaffner (Souris) drew the attention of the house of commons to-day to an article appearing in a Toronto paper that Sir Wilfrid had received a \$100 Farmers' Bank note as a souvenir, in reply to which the premier laid the following correspondence on the table: To the Right Hon. Sir Wilfrid Laurier, G.C.M.G., Ottawa: My Dear Sir Wilfrid—I take great pleasure in enclosing you my first \$25-bill ever issued by any bank in Canada.

Please do us the favor of accepting this bill as a souvenir, with the compliments of the Farmers' Bank of Canada.

Yours very truly, W. R. Travers, General Manager.

Sir Wilfrid's Reply. Ottawa, January, 1907.

Dear Mr. Travers—I have your very kind favor of the 1st instant, and I feel very much flattered by the honor which has been done me by your institution.

I accept the souvenir which you have enclosed with the greatest pleasure, and you will add to your kindness if you will present my grateful appreciation to the members of your board.

Believe me, dear Mr. Travers, yours very sincerely, Wilfrid Laurier.

Beyond reading the correspondence, Sir Wilfrid did not add a word of explanation, and resumed his seat amid Liberal applause.

## FIRE VICTIMS BURIED

### Bereaved Husband Too Ill to Attend Ceremonies.

Notwithstanding the efforts made to keep the hour of the funeral services for the victims of the Indian-road tragedy secret, a large crowd had assembled at the undertaking parlors of E. W. Matthews, Spadina-avenue, when the procession of mourners arrived.

The service, held at the residence of Prof. M. W. Wallace, 171 Robert-street, was commenced as early as 2.30, but it was 3.45 before the procession left for the cemetery. The service was conducted by Rev. J. Hutcheon of the Unitarian Church. The bereaved husband and father was too ill to attend the ceremony and his brother, Mr. U. Brooks of New York City, remained with him at the King Edward Hotel.

It has not yet been decided whether the interment will be in Toronto or in Wisconsin, so the bodies will remain in the St. James' vault.

## GLADSTONE DENOUNCED.

LONDON, Jan. 24.—Great excitement and resentment have been aroused in Rome at the funeral services, according to despatches received here, on account of the new governor, Vis Gladstone, being awarded the death sentence of a native for criminal assault on a white woman.

Indignant meetings of protest have been held in Gibraltar and elsewhere, at which Governor Gladstone's interference has been hotly denounced.

## TURKEY'S RESENTMENT.

ROME, Jan. 24.—Considerable excitement has been caused by the departure of the battleship Pisa for Egypt, and the order just issued to the battleships Sangro and Anagnino to hold themselves in readiness to sail for the Mediterranean.

It is believed this is the forerunner of any Italian naval demonstration against Turkey, as the attempt of a series of incidents which lately has brought upon the friendly relations between the two countries.

## Statement Made by Travers Said to Disclose Extraditable Charges Against Nesbitt and Lindsay—Crown Attorney Corley Does Not See It That Way—Wealthy Citizen to be Summoned.

That evidence which forms the basis of an extraditable charge against Dr. Beattie Nesbitt and W. J. Lindsay, now fugitives from justice, upon warrants for offences not extraditable, is disclosed by an interview held by Inspector of Detectives Walter Duncan with W. R. Travers, late general manager of the Farmers' Bank, on Saturday last, is said to be the opinion of Magistrate Denison and Judge Winchester sitting yesterday on the board of police commissioners.

The board, inquiring into charges of inefficiency on the part of the police, questioned Inspector Duncan, G. T. Clarkson, curator of the bank, and Attorney Bicknell of the Bankers' Association. It is said that Mr. Clarkson, in answer to questions of the board, agreed that such evidence was disclosed by the interview which was taken in the presence of a stenographer and which forms a bulky pamphlet.

It is understood that the new charge which may be laid against Dr. Nesbitt is that he, with Travers, obtained a certificate of the treasury board of the bank's charter by false pretences and that Travers has said that fifty charges of obtaining stock subscriptions by fraud may be laid against Lindsay, but that the question arises as to whether these alleged offences were committed in Toronto, where the money is said to have been received, or in Hamilton County, where the subscriptions were obtained.

Not Extraditable, Says Corley.

Crown Attorney Corley said last night that he had seen the Travers interview, but that it did not, in his opinion, disclose evidence of any extraditable offence. He would not say as to whether he had any such evidence or he would be laid upon any evidence which might be in his possession outside the Travers interview.

Mr. Corley explained that there are three kinds of conspiracy: (a) the conspiracy to commit a crime; (b) the conspiracy to do an illegal act; (c) the conspiracy to do a legal act which the law forbids.

He said that the alleged conspiracy with Wishart and Travers to steal the \$300,000 from the bank (which for the first time is learned to be the money paid for the Keeleys) was not a conspiracy, but a conspiracy to do a legal act which the law forbids.

He says that only Travers' signature appears on the papers upon false documents upon which the charter of the bank was granted, and that Nesbitt's signature appears upon none of the papers at Ottawa, but the alleged false returns.

Curator Still Mute.

Mr. Clarkson, asked last night if he had told the police commissioners that evidence now existed upon which Dr. Nesbitt might be charged with an extraditable offence, said to The World: "I will not tell you that, but I can remember making that statement. I was asked questions and I answered them."

Inspector of Detectives Duncan refused to say whether or not he had seen the World's report, but he said that there is documentary evidence in support of Travers' statement and that the chief accountant, who has already been prosecuted as a crown witness, had to have knowledge of the facts referred to in the statement.

Crown Attorney Corley said last night that Wishart had never, as T. N. Phelan, his counsel, is reported to have said, appeared before either himself or Inspector Duncan to ask if he was wanted either as a witness or otherwise and that the only one who had appeared in his behalf was Walter Boland, K.C., of Messrs. Macdonell & Boland, who had asked if he would be granted if Wishart returned, and that he had been told that it would be granted.

Wealthy Citizen Named.

It is understood that information will be laid and a summons taken out charging a prominent and wealthy citizen with illegally obtaining money from the bank and that this will be done within the next few days. The offence has to do with illegal dealings with the bank's currency. Charges against three others are also being considered.

Travers, who is awaiting his removal to Kingston at the Toronto jail, was taken from there by Inspector Duncan and Detective Guthrie on Saturday afternoon. He was taken to some place which is not known and there gave the interview which was discussed by the police commissioners yesterday. In the evening he was taken to the Broadview Hotel, where he and the inspector and Detective Guthrie dined together.

Travers is looking well and took that opportunity to smoke a number of cigars, which are denied him at the jail. It is said that no drinks were served to the party.

## "JACKY" FISHER RETIRES.

LONDON, Jan. 24.—Sir John Arbuthnot Fisher, first baron of Killybegs, admiral of the fleet, will retire from the navy to-morrow under the age limit, as he was born in 1841 and has been admiral of the fleet since 1905.

## Gaelic League To-night.

The Gaelic League will meet to-night at 108 Strachan-avenue.

## A PRETTY SHEEP RATE OF RENTAL

### Motion Censuring Government for Prices Paid for Ottawa Buildings Voted Down on Straight Division.

OTTAWA, Jan. 24.—(Special).—On the motion to go into committee of supply, the house of commons was thrown into a prolonged discussion to-day by an amendment introduced by Richard Blain (Pee), that "The action of the government in renting certain buildings in the City of Ottawa at prices which net the owners from 15 to 18 per cent. on the cost of their property, is unbusinesslike, indefensible and merits the censure of this house."

The debate for the first part was a repetition of a previous year's discussion, but as the talk extended into the evening, it became apparent that the opposition was determined to thresh the whole matter out, and as fresh speakers were continually put forward, adjournment was not reached until an hour after midnight. As it was a want of confidence motion, it was voted down by the Liberals. The vote stood 104 to 102.

High Rentals.

At a late hour Mr. Borden took a hand in the debate. He reviewed evidence taken before the public accounts committee, and said that the government was paying such high rentals for the owners of the buildings were receiving more than their total value.

Mr. Pugsley interposed with the remark that the discussion had been sprung so suddenly that he did not have an opportunity to reply to the remarks of Mr. Sharpe. Mr. Borden stopped and offered an opportunity to do so then, or suggested that Mr. Pugsley had the game in his own hands by having some member move the adjournment of the house. None of these expedients seemed to satisfy the mind of the minister of public works, so he eventually wanted to have the last say.

Eighteen Per Cent.

In introducing the discussion Mr. Blain gave a number of illustrations in support of his motion. He said that the former Y.M.C.A. building occupied by the labor department, had been bought by the present owner for less than \$50,000, and he had made improvements.

## PATERSON WON'T TALK

### Willing to Discuss Anything Else But Reciprocity.

MONTREAL, Jan. 24.—(Special).—Hon. William Paterson returned from Washington this evening, and will proceed leisurely to the capital to-morrow.

When asked if he had anything to communicate, he said, yes, the feeling at Washington was very friendly, and they had a very fine time of it all, but when questioned further as to the result of his mission, Mr. Paterson wanted to talk about the weather and the broad streets of the American capital.

"Why," he said, "there is plenty of news here. I see the Ontario Legislature has started business, and the Quebec Legislature has been sitting for a good many days, so why look to Ottawa all the time?"

He added that Mr. Fielding would be in the city to-morrow, and advised your correspondent to look him up. All, he said, would be glad to know that the finance minister is returning to the Dominion in first-rate health.

This new boat is not of the same pattern as boats for breaking ice in the St. Lawrence. It does not ride upon the top of the ice as a mechanical engine, but cuts the ice as a steamship would.

Mr. Duplessis is a French-Canadian and was born 60 years ago at Three Rivers, Que. He has been a mechanical engineer for 30 years, and is at present employed by the Canadian Government as a mechanical engineer.

During the life of Mr. Duplessis, including his last invention, he has patented and marketed 33 different devices.

The new boat, according to the plans of Mr. Duplessis, is 125 feet in length, 40 feet in width, and a total depth of about 50 feet.

Mr. Duplessis has invented an ice-plant boat which he believes will solve the problem of keeping the port of Montreal open for navigation during the winter months.

One hundred and seventy-five men are out of work. One pulp mill at Eddy's is tied up, while the Ottawa Electric Co. is getting along on auxiliary steam power. The industries expect a complete tie-up within a few days, unless conditions rapidly improve.

## PRETTY SERIOUS

### Pulp Mills Tied Up and Inadequate Supply of Water for Fire Purposes.

OTTAWA, Jan. 24.—An inspector of the Fire Underwriters Association arrived in the city to-day to look into the low-water situation, and resultant inadequate pressure for fire purposes. The result of his visit is that the city has the consent of the Board of Fire Commissioners to close down their plants in case of a serious fire, and leave all the water available for city use.

In the two Both pulp mills to-day, due to the poor water supply, not a single sheet of paper is getting along on auxiliary steam power. The industries expect a complete tie-up within a few days, unless conditions rapidly improve.

## DEATH TO AUTONOMY

### Is How London News Views Question of Imperial Preference.

(Canadian Associated Press Cable). LONDON, Jan. 24.—Touching the reciprocity agreement, The News asserts that the tariff reformers' scheme of an imperial preference is shown to be merely the old colonial system under a different name. Its establishment as a free trade system in Canada has gone fully into the merits of figures in sleeping cars, and that, when they do, still more and permanent reductions will be in order.

A "Fascinating Widow" Matinee. The striking feature of a many man, appearing as a lady, arrayed in gorgeous gowns, etc., is witnessed in each performance of "The Fascinating Widow," the attraction at the Princess Theatre. The engagement here ends to-day, with a matinee this afternoon and evening performance.

## LEGISLATURE, 15c BRILLIANT OPENING

### Strongly Marked Social Coloring Given Function at Queen's Park, Where Notables Freely Mingled—His Honor's Address Touched on Abounding Prosperity.

Once more the legislative mill is at work grinding out government for the greatest of British provinces. The session opened yesterday in almost the usual manner. There was a disturbing element in the air owing to the conflagration of the year before last, which still curtails the accommodation of the government officials. It is hoped, however, to have the building ready before the next general election. There is nothing like being sanguine.

As a result of the fire there are no Speaker's apartments, and the usual entertainment and reception could not be extended to the great company of ladies assembled. There was no ice-cream and no feast and no cake—nothing, in fact, to stay the falling energies of those in attendance.

Speaker's Little Error.

The hospitable soul of the Speaker was overwrought with the contemplation of the deficiency and his mind reverted to happier days. Consequently when his august position required the offering of prayer his petitions addressed to His Gracious Majesty King Edward, His Majesty Kaiser Alexander, George, Prince of Wales, the Princess of Wales, and all the royal family. Some thought that the influence of four-general McCann, who sat between the Right Hon. Dr. Sweeney and the Extra Rev. Dr. Carman, on a front row, had something to do with it, but this is a strained inference. Dr. Carman looked properly shocked or grieved or angry, but it is difficult to identify any of his motions apart from indignation, which is easily recognizable. Controller Hooken was present and will clear the matter up in the next Orange Sentinel.

Was It Treason?

The question has been raised whether the Speaker is not arraignable for high treason. This depends on whether he has taken the oath of allegiance, and it is difficult to identify any of his motions apart from indignation, which is easily recognizable. Controller Hooken was present and will clear the matter up in the next Orange Sentinel.

Effort Made to Get Tariff on a Scientific Basis—Rates West of Calgary Somewhat Higher Than East.

MONTREAL, Jan. 24.—The railway commissioners this morning gave their formal approval of the new sleeping and parlor car tariffs, which will go into effect on the 15th of February. As pointed out by Chairman Mabey, the new tariffs will make a general reduction in Pullman car rates, in spite of the fact that the rates west of Calgary will be higher by 2 mills per mile than in the eastern sections of Canada.

The new tariffs, Judge Mabey said, were the first effort to put the sleeping and parlor car rates on a scientific mileage basis.

East of Calgary, 6 mills per mile would be charged for sleeping car berths, with a 20 per cent. discount on the upper berths. In the case of parlor cars, 5 mills per mile will be the charge.

West of Calgary sleeping car rates will be computed on the basis of 8 mills per mile, with a 20 per cent. discount on uppers. The railway companies explained the difference by saying it costs more to haul the cars through the mountains. The parlor car rate will be two-thirds as much as the sleeping car rate.

Judge Mabey, in giving approval said that the commission hesitated in approving the higher western rates, but as the companies were anxious to have the new rates come into effect on Feb. 15, they had decided to give consent to their adoption, on the condition that the agitation now on foot for lower railway rates in the Canadian west be not interfered with. Their case, he said, would be presented before the commission this week.

The adoption of the new tariffs would, Judge Mabey pointed out, do away with the old complaints in regard to the upper and lower berths. A. H. Berto, he said, the tariffs have been based on no scientific principle. A great deal of unfairness would now be done away with.

He gave as an example the Pullman rates between Ottawa and Montreal and Toronto. In both cases the charge was \$2. The distance in the first case was 263 miles, and in the latter 323. With the new tariff the rate from Ottawa to Montreal would be \$1.50.

He said that although some cases there would be increases, considering as a whole, the new tariffs would mean a reduction.

The World has an idea that the above reduction in rates is of a temporary character, and is based more or less on the fact that the Pullman Sleeping Car Company in the United States practically came into the court of the inter-state railroad commission and confessed judgment to the extent that they were willing to reduce the price of their upper berths.

On the line of this, a somewhat similar reduction is being made in Canada, because the Pullman Car Company operates in Canada, and it must consequently introduce into Canada the same rate as it gives in the States, and other lines in Canada must follow suit, especially the C. P. R., which has its own sleepers.

The World, therefore, believes this is a temporary reduction, and that neither the railroad commission in the United States nor in Canada has gone fully into the merits of figures in sleeping cars, and that, when they do, still more and permanent reductions will be in order.

Further, for the purposes of delivery, the proposed department store will ask leave of the city to widen Church-street on the west side from Carlton to Alexander 100 feet, giving up its own property to do so, and retaining the privilege of using it as its own.

Thus the famous Carlton block, as planned under the supervision of the Chicago architect, will have a frontage of 500 feet on Yonge-street and 800 feet on Carlton, an area of 400,000 square feet, exceeding nine acres.

With a 10-storey building there would thus be a floor space of 4,000,000 square feet, which is more than the Chicago architect had planned for.

Furs Going Up.

The steady increase in the price of furs is a matter of considerable worry to every man, woman or child living in a country that knows real winter, even for two months in one year. Canadians have nearly five months of it and are therefore intensely interested.

Next year, in all probability there will be an advance of at least seventy per cent. The big January fur sale at Dineen's gives you an opportunity to-day to make a good investment in furs. Call now.

Continued on Page 8, Col. 1.

THE BIG DEAL CLOSED.

A real estate man told The World yesterday that the famous Carlton-street real estate deal has been closed, and plans have been drawn up by a Chicago expert which contemplate taking in the block from Yonge-street to Church-street, and north to Carlton-street to Alexander-street, on which a ten-storey building for department store purposes will be erected.

College-street will be extended east in a direct line from its present junction with Yonge-street, and the property thus cut into by the extension of College-street will be given by the owners of the big Carlton-street block to the city in exchange for the privilege of closing Wood-street.

This famous Carlton-street block has a frontage on Carlton-street of 800 feet, and on Yonge-street, taking in Wood-street, of 625 feet. The two blocks, as laid out, exceed 12 acres in area.

STON PENINGS

COLLECTION WORKS COMMITTEE

a Week Service Would Cost \$30,000 a Year—Stables to Cost \$19,000.

HAMILTON, Jan. 24.—(Special).—At the meeting of the works committee to-night, Controller Cooper, by his report on garbage collection, recommended the purchase of 22 horses and single carts, and the building of stables on John-st. at cost of about \$19,000. For a total of \$30,000 a year, it was figured that twice a week collection of garbage could be made and garbage cans removed from the rear of houses. The report was referred to a subcommittee. James Weeden was recommended for the position of general works foreman at salary of \$1000 a year. Wm. Buscombe was recommended to succeed as foreman and C. Pollington to take charge of the new ward eight. The various outstanding matters in dispute between the city and the Street Railways Company were referred to a subcommittee.

M. Levis' application for water and sewer connections for nine houses near Caroline and Barton-sts. was refused by the committee. It was understood that the intention was to change a rag shop into houses.

J. A. McIntosh, representing a Cleveland firm, asked the city to remove the houses on the mountain side at the head of Wellington-st., so that an incline railway could be built. He will secure further information for the committee. The committee decided to make use of the land which it is claimed, J. J. Scott promised the city for the purpose of widening Marsh-avenue, in keeping with the promise made the Ontario-Person Company.

A. J. Parker, 327 North MacNab-st., fell on the slippery walk near the corner of James and Murray-sts., this evening and dislocated one of his ankles.

Hotel Hanrahan, corner Barton and Catharine-streets, Hamilton, conveniently situated and easily reached from all parts of the city. Erected in 1906. Modern and strictly first-class American plan. Rates \$1.50 to \$3 per day. Thos. Hanrahan, proprietor. Phone 1454.

Win for Street Railway.

The Toronto Street Railway came off the victor in a suit preferred against them by the Dominion Express Company over the smashing of one of their wagons by a street car at the corner of York and Bloor streets last November. Judge Morson showed a diagram which told better than words that the street car was not had been as careful as he should have been. He maintained that as a baker's cart prevented the view of the street car driver should not be attempted to run on to Bloor street at a trot. "People always have it in for the railways," said the judge, as he gave judgment for the defendants.

DYSPEPSIA-PROOF

How Any Meal Can Be Thoroughly Enjoyed By Any Stomach.

Costs You Nothing to Try Stuart's Dyspepsia Tablets.

Men, as a rule, are first discovered by their enemies. Their antagonistic turn on the searchlight, and the proof of merit will lie in being able to stand the test.

It was only in this way that Mr. White ever knew that dyspepsia was one of Mr. Black's worst enemies. Sitting face to face a two-by-four table, he handed his afflicted friend the bill of fare.

Oyster Cocktail. Stuffed Olives. Boston Clam Chowder. Striped Bass. Sirloin Beef with Mushrooms. Roast Beef Hash. Boiled Ox Tongue and Saurkraut.

Mr. White ordered a "little of each." Mr. Black ordered crackers and a glass of milk. "I had such a big breakfast this morning," he said, "that I'll just have milk to keep you company." "But my wife says I've been deceived; I am afraid you can't stand the gleam, Mr. Black. Why don't you say you have dyspepsia and be done with it? You'll always have that hungry look anyhow as long as you have dyspepsia. Now listen. My stomach was in just as bad condition as yours at one time. But now I can eat anything, at any time. For instance, this clam chowder or sirloin steak or even the lobster would be just as welcome to my stomach as your crackers and milk. You don't realize how this dyspepsia business is robbing you of your spirit, of your energy and ability to think quickly. I can't help notice it. You haven't the cheer and sociability you had three months ago. Now I'll tell you what to do. Get the cheerful Mr. White took a vial from his pocket and extracted a weak tablet. "There, there is a tablet that contains an ingredient, one grain of which digests 3000 grains of food. For even the worst dyspeptic it's the only thing that really gives relief. The reason is it relieves the stomach of nearly all the work it has to do, digests everything in the stomach and stimulates the gastric juice. I can't get along without them. These are Stuart's Dyspepsia Tablets. You can get them anywhere on earth for 50c a package."

Yes, it is true. Stuart's Dyspepsia Tablets are absolutely safe, heartburn, nausea, indigestion, dyspepsia of the worst type, sour stomach, bloaty feeling and all eruptions and irritation, and freshen and invigorate the stomach. They cheer you up, and make you get all the good there is in your food. You will forget you ever had a stomach to worry you.

Send us your name and address today and we will at once send you by mail a sample package, free. Address: F. A. Stuart, Co., 150 Stuart Bldg., Marshall, Mich.

HOW NAPOLEON LIVED WHILE AT ELBA.

In Harper's Magazine for January is printed a newly-discovered account of an Englishman's visit to Elba, which gives an interesting glimpse of Napoleon's life there. It is in part as follows:

"General Count Bertrand's secretary, M. Sannonier, said that Napoleon was generally in better humor with those around him than he used to be in Paris; the count's words were that he did not give way so much to mood, and he added: 'You will see none, be sure. He is very gracious to strangers, and especially to Englishmen. His own secretary says that he is sometimes very angry, and speaks crossly, and like an absent man, forgets himself, and is very nervous. He writes very rapidly, and he sometimes writes very quickly. The scribe writes after him as fast as he can, supplying such words as he does not hear distinctly. He never makes an objection upon this, taking it for granted, apparently at least, that the words are written as he utters them. He slips his pen to the bottom of the inkstand, be it full or empty, and blots the table very much in bringing it to the paper. When he is indisposed, his remedy is a warm bath, in which he will stay for hours, and close confinement to his room, admitting no one.

"He likes to read, and he reads like a child, covering himself up almost entirely."

"Mme. Vautin told us that he called his own residence 'mon Tulleries,' and his country house 'mon Fontainebleau,' with great naïveté. She said he took no care of himself, going frequently about his grounds without hat in the rain, standing in the cold half dressed, regardless of the weather. He would frequently be seen carelessly, but he does not pay the least attention to his dress. She said August last he went to his farm near Marciana with other ladies to spend the day with him. In the course of it the weather being very hot, he stepped into a stream of limpid water above his knees, and leaning forward, he amused himself for some time, opposing the current with his hands and beating the water about. He seemed absorbed in thought, and asked them to see what was better to tempt him to ride, but without success. He frequently forgot or neglected to sign papers left with him, and he had had some times fits of apparent indifference to all around him. He occasionally stopped short in dictating upon a purely personal subject, and never returned to it. His secretary said that in such cases he did not attempt to recall his memory, so that he might continue the subject."

"It was said that he wrote and read a great deal in the summer at his country residence. He did not appear to have any particular pursuit while I was in Elba."

"Refused British Titles. A long list might be compiled of men who refused titles, says London Chronicle. Glastone of course is the best known instance, but there are many others. Carlyle refused the Grand Cross of the Bath. In 1857 Palmerston wanted to make the Marquis of Lansdowne a Duke, but 'the Nestor of the Whigs' declined the honor on the ground that he would be obliged to change his rank. According to Henry Greville the same plea of old age was advanced by the Duke of Grafton when offered a vacant peerage in 1834. 'It was an honor he had long coveted, but it would be a waste of money for me to go to do it, amounting to nearly £1000 for a decoration which he could not live long to enjoy.' Two distinguished historians, Grote and Hallam, refused baronetcies, and the same honor was declined by Watts, the painter, in 1836."

"Lord Beaconsfield found in his time that there were those who were disappointed with the mere rank of knight commander. Even Sir Ernest Cassel, Grand Duke's diary records, he had the answer for one member of his party who ventured to complain of insufficient recognition. 'I assure you,' he said, 'you altogether underestimate the honor of knighthood.' It satisfied Sir Walter Raleigh and Sir Isaac Newton."

"Miss Ramsden's Recital. Miss Arleigh Ramsden, a talented elocutionist, will make her initial bow to a Toronto audience in Association Hall, on Thursday evening of next week. She will be ably supported by such artists as Mr. Percy Redfern Holthead, Mr. Arthur Blight, and Dr. Harvey Robb. Miss Ramsden appears to be equally at home whether it be the drama or the humorous."

Porcupine Notes

PORCUPINE, Jan. 22.—(From Our Man Up North).—The establishing of a stage line between Porcupine City and Pearl Lake, the extreme western part of Tisdale, a distance of nine miles, is one of the latest boasts to the camp. Mine men make trips into Tisdale more easily now.

Porcupine is not without its Sunday services, and those who desire to attend church each Sunday are so accommodated. Rev. Lawrence, a student from a Methodist college, conducts services, at each of the hotels in the different townships each week.

Secretary Willocks of the Scottish Ontario is one of those from across the water, who has never faltered in his faith in the showings of Porcupine. His associations have been with companies where from two to five years was considered a short time on which to prove up a mine. Finding elaborate showings on the surface was new to the Scotch miners.

George Blackburn left Saturday for his home in Toronto. He is interested with associates in the Reserve.

Alex. Brough, managing director of the Halleybury Silver Mining Company of South Lorain, went out Saturday. He is directing work for his company on their Reserve claims, which were taken over from Ward & Noble last fall.

Perhaps one of the best posted engineers on the rise and fall of mining in the west is Engineer Sullivan, who has spent some time in the camp.

Until the railway line matter is settled there will be nothing doing here in the way of pushing hotel building. Two structures are now up and could soon be in operation if the proprietors were not scared out of their wits over the question of what route the line will take.

Work on claims in Northern Tisdale and Whitney started in a hurry on claims that would have soon lapsed right after the big discovery on the Hughes claim. A few feet of sand may act sometimes as a more hiding place for the gold.

The ebb and flow of the tide of travel here is indeed interesting. The first part of the week finds the stages crowded from Kelso Mines this way, while after Thursday the same tide turns back towards the steel.

J. Arthur Griffith, secretary to the Foster Mill Company at Halleybury, is spending much time in the camp watching the lumber interests. Price cutting is now on after the first heavy demand for building material were away.

Howard C. Dunbar, one of the young Halleybury mill owners, has opened an office here and has several teams engaged in lumber. Something over 7,000,000 feet has been brought in to date.

The second real blizzard to strike this country since Christmas came Saturday, and altho the woods road was kept open teams had difficulty in making the lake trip.

That lead road announced as a cut-off to the Fredericksburg trip appears to be slow in materializing. A few teams only have deserted the lake trip.

The tremendous work now going on in Shawnee and Whitney, line should produce something serious in the near future, for the experience is and has been that veins carrying free gold are not hard to find, but very much more difficult to prove up.

The recent find on the Hughes property has certainly started some digging in that quarter.

One of those who enjoy a half day on the snow shoes is Charles Egan of the Vendome Hotel, Halleybury. Mr. Egan is here looking over claims in which he is interested.

F. Augustus Heinze of New York has mined too long to be carried off with the first puff of enthusiasm when free gold shows across the pay streak. He has passes to all the big mines, and so far, even though he is a hard worker, only three have been visited.

The Foster has two shafts down 50 feet. No work is going on this winter. Camps are up, but the very high cost of transportation made early winter work prohibitive. The showings are spectacular in both shafts.

One of the busy men in the camp is A. L. Smith of Buffalo. He is an early riser and often a half day's work is transacted before breakfast.

Perhaps the most active men in the camp at present, so far as including buyers to come in, are the Plymms of New York, western miners. In the district where work was done last summer they have no hesitancy in saying the camp has made good.

With more than a half hundred claims lying in territory adjacent to the big dykes in which free gold veins have been found and on which smaller paying veins are showing up, work here is more than evident now that leases will be placed when work on these claims is sufficient to show the real value.

The general surprise to those who drop into the camp for the first time is the sound of the hammer and the squeak of the saw in the dead of winter, and in many instances long into the night.

J. H. Hunter of Toronto and a member of the firm of Hunter & Graham of Cobalt, arrived Saturday evening to look over the camp. They were early Cobalt pioneers.

John Calhoun and former Alderman Ernest Jerome of Halleybury returned to the camp Sunday evening after an absence of a few weeks. They are holders of promising claims near the Dome property. No decision has been made as to whether the properties will be optional or worked.

Machinery and building material for the Dome are being rushed in with a half hundred teams. To facilitate the work of hauling, the road from South Porcupine to the Dome property has been snow-plowed and packed down. Chas. Fox.

An Odd Contract. An unusual contract came to light in the sessions yesterday when the case of Decker, Carlyle & Company against the Home Life Insurance Company was given over to another firm, and now they are suing for \$250,000 profits, as well as their \$75. The defendants claim that they never entered into any sort of an agreement with the people, declaring that the contract was let by tender. The case will continue to-day.

When Your Car Gets POCKETED in a Traffic Jam it Needs Flexibility

FLEXIBILITY is an out standing feature of the Russell car with Knight Motor.

When you find your Knight Engine car jammed in with a big lorry in front, the Kerb on one side, and a mass of drays, express wagons and a dozen other vehicles on the other, you'll appreciate what it means to be able to drop down to five miles an hour and creep along for a block if necessary at a snail's pace without changing gears.

Then when you finally get rid of your neighbors, you'll appreciate how the engine will accelerate and get away quickly under load. The flexibility of the Knight Engine gives a range from five to fifty miles or more on high gear.

And yet flexibility is only one good feature among many others.

Russell "22" With Knight Motor \$2,850 EQUIPPED

THIS model is our answer to the hundreds of enquiries for a Russell car with Knight Motor at a lower price.

Now there is a high grade touring car with Knight Motor of speed horsepower been offered at such a figure.

The engine though rated by European standards at 22 horsepower will develop 40 horsepower with ease. The tonneau seats three comfortably. The car has high fore doors.

Will you not investigate the Knight Motor? Will you not investigate this model?

who represent big capital at home, it is more than apparent that there is intense interest on the outside, and those who come are always interested.

The McConnell Brothers, former owners of the McConnell Hotel, now known as the Rex Mines, arrived in camp yesterday. They still have interests in the gold camp in addition to the enormous sums paid them by the South African Company.

Manager Silvers of the Montreal Standard, located just across the Tisdale line, where excellent showings have been recently made, left for Toronto yesterday. Work on this property has been going on by contract since the buildings and machinery were destroyed by the forest fires last summer. A new boiler plant will be put in this winter.

John Calhoun and former Alderman Ernest Jerome of Halleybury returned to the camp Sunday evening after an absence of a few weeks. They are holders of promising claims near the Dome property. No decision has been made as to whether the properties will be optional or worked.

Machinery and building material for the Dome are being rushed in with a half hundred teams. To facilitate the work of hauling, the road from South Porcupine to the Dome property has been snow-plowed and packed down. Chas. Fox.

The defendants claim that they never entered into any sort of an agreement with the people, declaring that the contract was let by tender. The case will continue to-day.

Hardware companies are getting in to the field in large numbers, which indeed is gratifying to the small holder who has had to buy his tools at this place. Supplies sufficient for the summer will be provided, which means that work will not be handicapped during the break-up.

From the very large number of business men who are now coming into the camp purely to look and listen, but

A MASSEY HALL REVIVAL MEETING

7.30 p.m.—It is the King's business. Yet we see neither a cross nor a crown. A little Bible is the only symbol of His infinite Majesty.

7.45—Not even a crowd. The body of hall well seated but only a lonesome few in the top gallery. There are 50 ladies in the choir, but not enough male voices for a mission church. No bejewelled people in the boxes, or members of parliament voted on the platform, who seem to have with one consent made excuse from singing in this business of the King.

7.50—The leaders arrive. No oration, but serious American men, like one meets on Wall-street, or who might lead a government in Queen's Park. The platform has even a scarcity of the city's doctors of theology. Shall it be moved without them or in spite of them?

8.15—Revival singing is the first order. It would be hard to define it as worship. The pillars of a stately church might quake if it were heard there. Not the ringing piano and voiced popular airs or the expressive baton would shock a holy place. But what fills in the spaces might, Jack and Bill, however, who are up in the gallery, sing more but vaudeville than ritual, and Mr. Alexander brings them where the gospel fishermen is casting his net. Let the pillars speak out against even holy things which frighten the fish.

8.30—Close the door; silence, please, while Dr. Chapman reads from the King's Book. The message is stated how a great apostle had declared in his preaching the whole counsel of God. America said Mr. Alexander expressively. Then the evangelist prayed, not like the hypocrites who love long prayers, but just a simple petition of one minute. "Bless the service of O Lord. Give us a great victory in this meeting to-night. This we ask for Jesus' sake. Jack and Bill may pray like this to-morrow."

8.30—A few hundred people could still be seated. But it is a large and attentive audience. Dr. Chapman has a sheaf of letters—tear-stained, he said, and variegated. There is still trouble in his town to-night. After Dr. Armstrong had prayed for the petitioners, Dr. Chapman said: "Let us all wear a white flower to-morrow in honor of mother!"

8.40—The text, Dr. Chapman spent half an hour. Three impressions were outstanding. He is a gentleman, or better, a man's man. He is alarmed because of his brother's sin. He can't help, or better, he can't bid into that horrible pit of a basement, while he told them about sin. Had he shouldered "sin" and this was the moving moment in his sermon.

Methods Of Attracting Tenants

The landlord who endeavors to supply his tenants with modern conveniences—seldom has an empty house. A tenant is just like a customer. Give him good service and he stays. Many landlords have installed our gas ranges because we inspect them every three months without extra charge, and they now find it no trouble to keep good tenants.

DO BABIES CRY LESS?

"Being without knowledge of my own in that line," said a bachelor young man, "I can't speak by experience, but they tell me that the reason we see now fewer of those comic pictures of harassed fathers walking the floor at midnight or at 1, 2 or 3 a.m. trying to quiet crying infants is because infants don't cry now as they once did."

"They tell me that a new era has come in the care of infants and I am ready to believe this from what I see of babies in public places. Surely babies don't cry so much as they did in the streets and in street cars and on excursion boats and so on."

"There is more peace in the world, and more quiet, and I am told that the reason for this is found in the more enlightened care and attention that infants now receive. They tell me that in recent years there has been a great advance in this respect; that the infants not only of the rich but of the so-called poor, as well as now far more intelligently looked after; that all small children now get more air than they once did, and more suitable and more nourishing food, with the result that the babies are better, stronger and healthier. Hotter and hotter, less restless and uncomfortable and less disposed to cry; all these happy things being due to modern science and hygiene."

"And if all these things are true, as

- Western Sable Muff—To match stole above; rug style; trimmed on front with head and claws and on back with tail and claws, giving the whole-skin effect; satin lined. Nearly half price at January Sale, each . . . . . 11.50
- 20 Large Black Hair Rag Muffs—Both sides the same; giving extra wear; 3 large tails and claws on each side; black sori silk lining. Greatly reduced to January Sale price, each . . . . . 5.00

—Second Floor—Albert Street.

## Correct Skating Costume, Half-Price, \$3.95

Skating, tobogganing, skiing, and all out-of-door sports are most pleasurable when one is properly dressed. This is especially true of women's wear. Just as aviation has brought with it the appropriate costumes for women, so our national sports demand, and are now equipped with one that is suitable.

The suit is composed of a sweater coat, fastened down the side with pearl buttons, and a good skirt, with a plain band around the bottom, to match the coat. Both pieces are made in fancy stitch, from Australian botany yarn; colors are brown with tan, fawn with champagne, and grey with red, and sizes are 34, 36 and 38 inches. The assortment is not complete in each color combination, but there's a fine selection between the three. Half-price Thursday . . . . . 3.95

—Second Floor—Centre.

## Clearing Wide Ribbons at 10c Per Yard

Stock-taking calls out these odd lines of high-grade ribbons; they must be sold at once. Duchess satin and pure silk taffeta qualities; in white, ivory, yellow, tan, brown, pink, fawn, grey, myrtle, violet, burnt onion, wine and black; are handsome ribbons for sashes, hair bows and millinery; in deftly arranged bows and bands. Widths are 4, 5 and 6 inches. Thursday, per yard . . . . . 10

—Main Floor—Yonge Street.

## Photography for all Seasons of the Year

Winter scenes are the most spectacular and attractive.

The ease with which snowscapes can be reproduced causes wonder at their scarcity. An expensive instrument is not a necessity to produce good pictures, as extreme rapidity is not required. Under the same lighting conditions a landscape only requires one-quarter of the exposure when covered with snow.

We are showing a splendid camera for the purpose at 10.00; it has a double rectilinear lens and automatic shutter; folding pocket pattern; 3 1/4 x 4 1/4.

If you are inexperienced and wish to learn to do your own developing and printing, we will demonstrate the process to you.

## PRAYER BEST SPECIFIC FOR BEATING THE DEVIL

Dr. Chapman So Advises—After Meeting Fruitful in Result.

Rev. Dr. Chapman conducted the greatest after meeting numerically last night on record in Toronto. After his evening address he announced that instead of asking those who wished to be prayed for to go to the lower hall he would ask all who could possibly do so to remain for an after meeting in the main auditorium. A hymn was sung, during which all who desired were given an opportunity to leave, but very few did so, and apparently the vast hall was fully occupied when the service was proceeded with.

Dr. Chapman appealed to all who desired salvation or to be saved from some besetting sin to hold up their hands. Scores of hands all over the hall were held aloft.

Two speakers on the platform at Dr. Chapman's request quoted texts pointing out the way of salvation. Those who had previously held up their hands were then invited by the preacher to come down from the galleries and the other parts of the hall to the front of the platform.

Streams of people, largely young men, responded, until the aisle in front of the platform was filled with a throng of seekers after salvation. Mr. Alexander prayed with great fervor, and the after meeting closed with a hymn.

The personal workers secured the signatures of scores of enrolment cards.

## Beating the Devil.

"How to beat the Devil" was one of the features of Dr. Chapman's sermon. Every one could do this, he said, by the aid of prayer, and the use of the word of God.

He knew of a case of a young convert who whenever he was tempted, overcame temptation by taking from

## BE BRAVE

By J. Wilbur Chapman.

"Be thou strong and very courageous, Joshua 1. Life is a conflict—our foes are real, not imaginary. They lie in wait to defeat us. Their number is legion. Some foes strike from hidden paths and meet us on the obscure byways. Others face us when the full day is on and the crown is almost won; to insure their conquest and our victory we must be brave.

Be courageous when poverty pinches and life is common place; from such surroundings as even as yours great souls have come; in such a school as yours true saints have had their discipline. Do not forget that moral victory is never lost and always wins when the struggle is done.

Be courageous enough to stand for the right. Your reformations are born and the tide of nations turned. Be courageous enough to be honest, gentle, kindly, a good friend, a noble soul, rebuking wrong whenever found, not by what you say, but by what you do. Christ is the Judge, not they; Christ. Be courageous enough to accept Him.

Fear not! Be strong. Men may misjudge thy aim, "Thou shalt have cause for blame; Say thou art wrong. Hold on thy quiet way; Christ is the Judge, not they; Fear not! Be strong."

His pocket his Testament and shaking it at the temptation. The Gospel was a simple Gospel, but he would not say a word against the intellectual preacher.

I lift my hat, said Dr. Chapman, to the intellectual preacher who has the time to be an intellectual preacher and remains also loyal to the Gospel of Jesus. But beyond the power of intellect and social distinction is the power of the Holy Spirit of God.

Old People's Service. The sick and the halt, the aged and the infirm; Massey Hall yesterday afternoon was the scene of the greatest assemblage of old people and invalids ever collected in Toronto. A seemingly endless line of invalid chairs drew up before the building, and many who could not come otherwise were brought in ambulances and carriages. It was an inspiring sight to see the enthusiastic volunteer workers assisting the decrepit passengers from the street to the hall.

By 2 o'clock people were being turned away unable to obtain seats. This meeting has been eagerly looked forward to, and the different homes all added their quota to the number that thronged the hall. Not since the campaign opened has better music been provided, and this was the chief constituent of the ser-

## MOUSE STOPPED A TRAIN.

On the Italian lines an electrical apparatus, upon the departure of a train from any station, rings six strokes upon a gong in the next station. The stationmaster at Capri, hearing three strokes when there should have been six, immediately came to the conclusion that there was something wrong on the line, and ordered up the electric signals of warning. The train, which by this time was under full headway, came to a dead stop. Then began a transfer of telegraphic messages. The passengers were anxious to know what was the matter. They waited while the messages went back and forth. The enquiry established the fact that everything was right on the line, and the train was ordered forward after considerable delay. The stationmaster about this time thought it might be well to look into the gong, and there he found, stuck fast between the cogs of the electric apparatus, a poor little mouse. The unhappy animal happened to be in the interior of the clock when it "struck one," and down he attempted to run, but was caught between the "murderous wheels. His little body was big enough to stop the whole apparatus, and so to stop the train as well.

## IN THE POLICE COURT.

Victor Collins, bookkeeper of the D. Robertson Co., pleaded guilty to charges of stealing \$70, \$89 and \$90 in the months of August, September and December respectively, from his employers. He got the money by falsifying the books. Four months on each charge was the sentence of the court, but as the terms run concurrently, the sentence is not so severe as it looks. Collins has a wife and three children.

A man known by the simple, but historic name of Noah Stover, pleaded guilty to charges of passing worthless cheques for small amounts to second-hand dealers, and a sentence of one year in the Central was meted to him. He comes from Markham.

Treating caused a little trouble in Clark's Hotel in Simcoe-street. William Smith indulged Alfred Bennett and Arthur Burgess, and after casting his pearls before swine, the swine turned and helped themselves to a \$5 bill which Smith was foolish enough to show off. They both got 60 days.

## R. C. Y. C. Lecture.

George Owen, a naval architect of Boston, delivered an address to about 100 members of the Royal Canadian Yacht Club in St. George's Hall last night. He described the technical phases of yachting in a very interesting manner.

## Worms

"Cascarets are certainly fine. I gave a friend one when the doctor was treating him for cancer of the stomach. The next morning he passed four pieces of tape worm. He then got a box and in three days he passed a tape-worm 45 feet long. It was Mr. Matt Freck, of Millersburg, Dauphin Co. Pa. I am quite sure for Cascarets. I use them myself and find them beneficial for most diseases caused by impure blood." Chas. H. Condon, Lewiston, Pa. (Millin Co.) Pleasant, Palatable, Potent, Taste Good. Do Good. Never Sickens, Weakens or Grips. 10c, 25c, 50c. Never sold in bulk. The genuine tablet stamped C.C.C. Guaranteed to cure or your money back.

## TRADERS' BANK CALLS FOR OUTSIDE AUDIT

Is First Banking Institution to Commit Itself to Policy of Government Inspection.

The initiative was taken by the directors and shareholders of the Traders Bank at the annual meeting yesterday in a movement from within banking circles for an efficient independent inspection. The resolution favoring this action was introduced by E. F. B. Johnston, K.C., director of the bank, and seconded by J. S. Williamson, a shareholder. It was as follows:

"That the shareholders and directors of the Traders Bank of Canada place on record their hearty approval of any legislation of the Dominion Parliament whereby an independent examination and audit under the direction of the government of all Canadian banks shall be made from time to time.

"Resolved also, that whilst the system of auditing should be determined by the government, it is hoped that in the public interest, the method to be devised will be thorough and efficient, and of a practical character, as the result of a defective system would create injustice and tend to injure those who might be induced to rely on reports having the sanction of a government or other official auditor.

"That a copy of this resolution be forwarded to the honorable the minister of finance."

Directors Need Protection. In speaking to the motion, Mr. E. F. B. Johnston, K.C., strongly advocated the principle of independent inspection and audit. He pointed out the great benefit which the directors receive from our present system of auditing in this bank, and also not claiming it to be perfect, he pointed out that it was a long step in the right direction. The Traders Bank, he said, was undoubtedly the pioneer in seeking to work out some method whereby the directors and shareholders may receive information and details apart from the general management. Under the proposed legislation the duties of directors were found to be much more onerous than heretofore, and the penalties attached to want of care or lack of thoroughness will be severe. It was, therefore, most important that the directors, who are endeavoring to be honest and watchful in their management, should be protected, as well as the public, by some practical method of auditing.

He emphasized the fact that whatever system may be adopted would have to be efficient, otherwise there might be a tendency to do more harm than good. The greatest care will have to be taken in devising a scheme which will ensure safety to the public on the one hand, and avoid on the other hand danger from too much reliance upon the results obtained from

## ANY OFFICIAL EXAMINING THE AFFAIRS OF A BANK.

Auditor's Wide Powers. He read the resolution appointing the present auditor to the board, and showed how very wide and comprehensive are his duties as defined by the resolution, and how satisfactorily they are carried into actual practice.

This official is outside the general management, and responsible to the board only. His duties involve continuous work, and there is perhaps no officer who works harder than he does. A more extended and comprehensive system applicable to all banks would protect shareholders and directors alike, and would be of the greatest value to the public.

Mr. Williamson, in seconding, entirely agreed with these remarks.

## STILL AT LARGE.

MONTREAL, Jan. 24.—The murderer of John Olander is still at large and is likely to remain so. The detectives have been unable to get track of the Italian who shot Olander, and there is no trace of him after he left the house. The crime was a sordid one, and all those implicated were more or less under police suspicion. While detectives are at work, the clue is so slight that little hope of an arrest and conviction is entertained.

## Rev. Father Morrissey

fluids in the stomach are not sufficient to digest what you eat. Father Morrissey's "No. 11" Tablets supply these fluids in concentrated form. Each tablet, dissolved in the stomach, will digest 1 1/2 pounds of food, which is more than an average meal. Read what Father Morrissey's treatment did for Mr. Gosline, of Salmon Lake. He writes Nov. 30, 1905: "I was troubled with indigestion, so severe that I really thought I had cancer of the stomach. I took much doctors' remedies, till I was forced to seek another resource, and this was the Rev. Father Morrissey. His treatments worked miracles, until I have been entirely cured, so that now I do not look to the quality of the diet but to the quantity." 50c. at your dealer's. 53

## BIG CHIEF'S VISIT

Ruler Over Indian Reserve and Orator of the First Water.

It isn't necessary to go to Graustark to find a sun, independent principality and its ruler. "Big Chief," the chief of the Six Nation Indians, who dropped in upon The World, rules over a domain, namely, the reserve in Manitowish, It is a 16 by 5 miles kingdom.

The chief is a natural orator, with a gift of eloquence, which observers say, held Sir James Whitney spellbound when the chief spoke with the deputation of patriots last Friday. "Big Chief" has a fluency which must be heard to be appreciated, and a vocabulary a Boston professor would envy. He is also a color-sergeant in the 87th Regiment.

## Non-Jury Cases.

41. Meador v. Playfair. 42. Weber v. Berth Lion Brewery. 23. Imperial Bank v. Reaume. 39. Badger v. O'Leary.

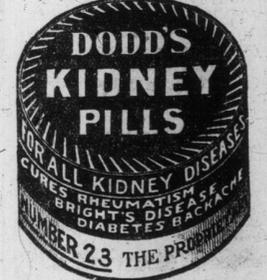

## Will Be Discussed by Conference.

LONDON, Jan. 24.—(C. A. P. Cable.) The London Mail says that the ratification of the declaration of London has been postponed, pending its discussion by the imperial conference.

## Father Morrissey's "No. 11" Cures Stomach Troubles.

When your stomach is working right you never know it is there. But when it feels as heavy as lead—when you have Heartburn, Belching of Wind, Sourness, a gnawing hunger, with distress after eating—when you feel irritable and depressed—then you may know that the digestive fluids in the stomach are not sufficient to digest what you eat. Father Morrissey's "No. 11" Tablets supply these fluids in concentrated form. Each tablet, dissolved in the stomach, will digest 1 1/2 pounds of food, which is more than an average meal. Read what Father Morrissey's treatment did for Mr. Gosline, of Salmon Lake. He writes Nov. 30, 1905: "I was troubled with indigestion, so severe that I really thought I had cancer of the stomach. I took much doctors' remedies, till I was forced to seek another resource, and this was the Rev. Father Morrissey. His treatments worked miracles, until I have been entirely cured, so that now I do not look to the quality of the diet but to the quantity." 50c. at your dealer's. 53

## The United Cigar Stores Toronto

### PORT ARTHUR LADY BUYS BARON UPWARD FOR \$1200

#### Repository's Best Sale of Season —140 Horses Disposed of at Good Prices.

The largest sale this season so far was the verdict at Burns & Sheppard's regular Tuesday sale. One hundred and forty horses were sold, and the only complaint heard was from the shippers that prices were too low for them to make any money after paying the price they have to in the country. Mr. C. A. Burns was at his office yesterday for the first time since his recovery. He is looking about his accustomed self, and is to use a good deal of care. Incidentally he celebrated his recovery by making a sale of one of the finest horses as well as one of the highest price that has been sold in Toronto for a long time, Baron Upward (2195), record of 2:24 1/2 by Onward (1411), 2:24 1/2, sire of 191 in the list, dan, Brown Annie, by Baron Wilkes, 2:18. This is one of the most fashionably bred horses that stand in Canada, and is a perfect trotter, his mark being no limit of his speed. In fact his previous owners were so pleased with his race where he took his record that they had him held over for stake events. He has won six firsts (blue ribbons) at the New York Horse show, so that he is a show horse as well as a great trotter. Baron Upward of Port Arthur was the buyer, and paid \$1200 for him. The same lady bought from Mr. Burns some time ago the chestnut gelding, The General, another beautiful trotter, and in all likelihood will be driven as a show horse. Isaac Watson had charge of the sale, and was an all round man yesterday. He took the share in the auctioneer's box, Mr. C. A. Burns and Mr. J. Purvis assisting him.

The consignment of ponies sent in by the Henkle estate were all sold, and prices not too high for such a beautiful lot. The consignment of C. Ward, contractor, were nearly all sold. Also the lot of road horses consigned by T. Brown, of Brampton. Bruce McLeod, of Victoria, B.C., got a fine lot for shipment to the coast—bay mares and bay geldings, \$125; another lot of three extra good heavy mares for \$87.50; another lot of three for \$75, and a grand pair of bay mares for \$200. John Briar of Custer, S.D., bought a number, bay gelding \$37.50; bay gelding, \$15; pair black pony ugers, \$25; brown gelding, good knee cap, an extra good horse for the money \$100; a mate, brown gelding, also an actor, extra knee and hock action, \$152.50. T. Regilio got one of the nicest ponies, color for \$25; that anyone could pick up any place. Mr. Briar, cream mare, \$10; gelding, \$20; pair gray mare and gelding, \$25; bay mare, \$20. T. M. Moffat bought a load, brown mare, \$50; gray gelding, \$25.00; bay mare, \$60; brown mare, \$67.50; chestnut gelding, \$10; bay pony mare, \$45; pair bay ponies, \$115; bay gelding, \$97.50; bay gelding, \$18.50; bay gelding, a grand road horse—and the cheapest horse sold for a long time, \$12; bay mare, \$125; brown mare, \$120; pair bay geldings, \$115; cream mare, \$90; bay gelding, \$30. Dr. Brown of Hazelton's Corners got a nice chunk, one of the best kind, lots of substance, paying \$70.

Wm. Fawcett got bay mare, \$167.50; black mare, \$127.50; black mare, \$172.50; bay mare, \$185; J. A. Boyd of Manitowaning got a grand brown mare, a roader that is up to 12 miles an hour; she was one of the dresy kind, always looks her best, good any place you put her. She brought \$100. John Foyntz, Brampton, bought bay mare, \$97.50; A. Blizard, Newmarket, pair black geldings and black mare, \$82.50; Jos. Cullinan, Somerville, bay mare, \$105; E. Cowan, Humber Bay, bay mare, \$117.50; A. Dowd, Ceiler Brae, brown mare, \$82.50; Jos. Cullinan, Somerville, bay gelding, \$110; E. Price, gray gelding, a grand wagon horse, \$185; Mr. Woods, a gray gelding, \$215; T. Holland, gray gelding, \$82.50; good brown mare, \$120; J. Geleena, bay gelding, \$105; Bull Bros., Toronton, Sask., bay mare, \$165; bay mare, \$182.50; brown mare, \$190; bay gelding, \$170; J. J. Walsh, chestnut mare, \$100; bay gelding, \$105; Thos. Taylor, Ancaster, a beautiful bay mare, weighing over 1500 lbs., the best of feet and legs, a show mare, \$235; W. Harkness, brown mare, \$112.50; gray mare, extra good, \$120; gray gelding, one of the finest, \$245; chestnut gelding, \$100; chestnut gelding, \$100; bay gelding, \$155; bay mare, \$120; pair black mare and gelding, \$25; Geo. McMichael, Qu'Appelle, brown gelding, extra good, \$175; bay gelding, \$157.50; brown gelding, \$125; brown gelding, \$120; black mare, \$120; chestnut gelding, \$100; brown gelding, \$125; C. M. Jarvis, Dundas, bay mare, \$117.50; bay mare, \$85; J. Crossman, bay mare, \$165; J. Hurton, Hamilton, bay gelding, \$172.50; J. Todd, Humber Bay, a nice driven bay mare, \$120; Mr. Wilcox, of Haliburton, black mare, \$67.50; brown gelding, \$75.00; gray mare, \$82.50; Wm. Strong, bay gelding, \$125.50; bay mare, \$217.50; bay gelding, \$217.50; brown mare, \$224.50; A. Boyd, brown gelding, \$157; bay mare, \$90; C. Johnston, bay gelding, \$52; Jas. Woods, bay mare and bay gelding, \$87.50; A. Weston, gentleman, bought three hunters, bay mare \$217.50; bay gelding, \$217.50; brown mare, \$217.50; C. S. Williamson bought six nice Shetland ponies, all two-year-olds, they were a choice lot. W. Brice a grand bay mare, \$127.50. Mr. Burns was much pleased with the result of the sale. On Friday, Feb. 2, there will be a special sale of high-class hackney mares. They are consigned by an importer.

**Stanley Gun Club.**  
The following were the scores made on the Stanley Gun grounds on Saturday afternoon. The high wind blowing kept the scores lower than usual. Shooting at doubles was an interesting part of the program:

### JOE SWING, ST. ANTHONY WIN TWO EACH IN 2.12 PACE

#### Jap Lands Only Race Finished at Delorimier Park—The Summary.

MONTREAL, Jan. 24.—Only one of the two events was finished this afternoon at Delorimier, darkness coming on before the 2.12 pace could be decided. Joe Swing having upset St. Anthony's chances to take three straight by beating out the second horse from the start. In fact, St. Anthony was not able to do any better than fourth in the third heat and fifth in the fourth, after taking the first place in the first two trials. It was, however, a great afternoon's racing, both events being keenly contested, the winners making remarkably good time. In the first heat of the 2.12, the Jap covered the distance in 2:14. There was a good attendance, and as the weather was milder than on the previous afternoon the races were rendered more enjoyable.

The 2.12 pace was won by The Jap, T. A. Stewart's chestnut. Second money went to Jennie Hal, the Sunderland entry, while Knight Onward, Nat Ray's bay, and Linda Lee, C. E. Phipps's mare, took third and fourth money respectively.

In the 2.12 pace, D. L. Whitaker's chestnut, St. Anthony, looked like a winner in the first two heats, but in the third and fourth faded, away, allowing Joe Swing, who had been fighting it out with Ideal, the favorite, in the first heat, and Edna Lee, the second, to get away from him at the start, and finished a poor fourth. Joe Swing again took the lead in the fourth heat, and was never headed. Jennie Price finished in second place. The concluding heat will be run to-morrow afternoon. Summary:

2.12 pace, purse \$200.  
Jap, chg., T. A. Stewart, Deseronto (Burnham) 1 1 1  
Jennie Hal, b.m., C. E. Phipps, Sunderland (Hodson) 2 2 2

Master Brimo, b.f., H. Gauvin, Quebec (Gauvin) 9 9 9  
Time—2:14, 2:12, 2:12.

### HERBERT TURNER, 40 TO 1 WINS MON GRIEF FEATURE

#### Barleythorpe, Favorite, Finishes Outside the Money—Nicol and Boland Suspended.

JACKSONVILLE, Jan. 24.—Cold weather curtailed the attendance at Moncrief to-day. The greatest disappointment proved to be Barleythorpe, the 4 to 5 favorite in the feature race, who finished outside the money. Herbert Turner, at 40 to 1, capturing the long end of the purse. Jockeys Nicol and Boland were suspended for six days for disobedience at the post. Summary:

FIRST RACE—Purse \$100, 2-year-olds, 3 furlongs.  
1. Herby Turner, 112 (Burns), 7 to 5, 3 to 1 and 3 to 1.  
2. Highbrow, 112 (Kopfer), 15 to 1, 6 to 1 and 3 to 1.  
3. American Girl, 100 (Butford), 8 to 1, 3 to 1 and 3 to 1.  
4. Little M., 45 (Frances Dean, Day May, Herbert Turner, Miss Tom, Mary Lee, Johnson, Yankee Lottis, Automobile and Collector also ran.)

SECOND RACE—Selling, \$400, 3-year-olds, 6 furlongs.  
1. Long 104 (Koerner), 15 to 5, 4 to 5 and 2 to 5.  
2. Dress Parade II, 108 (Gross), 15 to 1, 5 to 1 and 3 to 1.  
3. Linton, 104 (Wylliams), 20 to 1, 5 to 1 and 4 to 1.  
Time 1:14 1/2. Woodspan, English, Herbert Turner, Nicol, Miss Tom, Mary Lee, Oghwaga and Dr. Barkley, also ran.

THIRD RACE—Selling, \$400, 3-year-olds, 5 1/2 furlongs.  
1. Grenada, 104 (Goose), 5 to 1, 3 to 1 and 2 to 1.  
2. Premier, 106 (Koerner), 11 to 5, even and 1 to 2.  
3. Golden, 109 (Davis), 7 to 1, 5 to 2 and 2 to 1.  
Time 1:07 1/2. Oakley, Muff, Port Worth, Judge Monk, I. Thistle, Leda, J. Dick Baker, Lily Haxton also ran.

FOURTH RACE—Purse \$300, 2-year-olds and up, 6 furlongs.  
1. Herby Turner, 40 (Burns), 40 to 1, 10 to 1 and 5 to 1.  
2. Fire Straw, 97 (Sweeney), 9 to 2, 6 to 1 and 1 to 1.  
3. See It, 154 (Musgrave), 8 to 1, 2 to 1 and 2 to 1.  
Time 1:12. Dr. Holzberg, Barleythorpe, Chery Valley, Reubens, Miss Net also ran.

FIFTH RACE—4-year-olds and up, 9 furlongs.  
1. Bell Mawr, 104 (Davis), 3 to 1, 6 to 5 and 3 to 5.  
2. Merrimack, 108 (Burns), 6 to 1, 2 to 1 and even.  
3. Mapleton, 109 (Wilson), 15 to 1, 6 to 1 and 3 to 1.  
Time 1:45. Oakhurst, Sou, Salvatella, Starboard, Manheimer and Galley also ran.

SIXTH RACE—Selling, \$400, 4-year-olds and up, mile and a sixteenth.  
1. Spindie, 104 (Gross), 15 to 1, 5 to 1 and 2 to 1.  
2. Queen Marguerite, 107 (Davis), 4 to 1, 5 to 5 and 4 to 5.  
3. H. H. (Hopkins), 18 to 1, 8 to 5 and 4 to 5.  
Time 1:48 1/2. Earl of Richmond, Dixie Knight, Ten Paces and My Gal also ran.

**"The Beer that is always O.K."**

Here is an Ale to delight the palate of thirsty mortals. It's the O'K brewmaster's masterpiece. He says it's the finest ale that ever left the brewery—and he knows.

**O'Keefe's "GOLD LABEL" ALE**

All the resources of the O'Keefe Brewery—all the knowledge and experience of years—have been concentrated on "Gold Label."

"Gold Label" Ale is put up in "Crown" stoppered bottles—no cork screws needed to open them.

Order it at your favorite club or cafe. Have your dealer send a case up to the house.

LEGISLATURE HAS BRILLIANT OPENING

Continued From Page 1.

shook hands with Dr. Smellie. W. S. Brewster, K.C., established himself among the ladies in the opposition benches. The sergeant-at-arms, who has been doing it for two generations of ordinary men, and 12 politicians, showed the way about.

Glittering Pageantry. Then the diplomatic corps began to arrive. First was J. Enoch Thompson, in a blaze of uniform and three medals. The chevalier did not want to wear more than his honor, who had three on also, but his honor was a pale figure beside the full splendor of the representative of Spain, Cuba, Panama and other realms beyond the sea. Dr. Harley Smith next entered with gorgeous epaulettes of dazzling brilliancy, recalling the ancient glories of Rome and the magnificence of the Bay of Naples. Upon him ensued the dignified representative of Emperor William, but not so brilliantly attired as usual. Then came Frederic Nicholls, the recently a monarchial, but now republican official, and with a subdued revolutionary air about the details of his gold lace.

And Others Came. Lt.-Col. Merritt concealed his uniform under his military overcoat, but his sword clanked and his helmet glittered with the impressiveness of a German brigadier. W. H. Hearst from the Soo wandered in protractively from a left upper entrance. Hugh Clarke came on the scene as, thru a trap door. He carries a hydro-electric installation about with him, so that his friends may be able to distinguish him by the flash from his new desk-mate, George Pattinson. W. J. Garfield marched down the centre aisle with the mien of a peer of the realm. President Falconer's tall figure followed in a stately frock-coat.

The Mighty of Earth. "Ruddier than the others" came John Shaw, affably greeting the distinguished guests. Hon. J. J. Foy greeted Rev. Dr. Carman with great cordiality, and Bishop Sweeney followed suit. The next day's business in the legislature was the reading of a kind sat together in animated and amiable conversation.

Hon. James Duff arrived about this time. He looks plumper than ever. Mayor Geary turned up with an orchid and double glasses to distinguish himself from Austen Chamberlain. Sir William Meredith and Justices Clute and Middleton sat in a row, and Chamberlain Letch was near at hand.

The press was greatly distinguished by the presence on the floor of the house of Editor Macdonald (not The Globe man, but the famous Macdonald) of The East Toronto Standard. Enquiries were many as to the identity of the intellectual-looking gentleman whose vision appeared to trouble him. It was undoubtedly George. His democratic cap offered conclusive evidence.

A Supreme Moment. It was 1:30 when the guns announced the arrival of his honor. Three minutes later Sir James Whitney entered with Mrs. Gibson on his arm, followed by her two daughters. The ladies all rose. The men had no seats to rise from. The ceremony displayed was so lovely so brilliant as usual, the absence of the reception customary to the proceedings perhaps accounting for this. Ermine was the only wear, and estimates were in circulation as to the number of defunct felices necessary to compose an ermine robe.

Down to Business. Promptly at 3 his honor entered, preceded by the military staff. They appeared to have some indignation which side of the table to attack, but divided their forces and got into position. His honor looked like a rich sample of free gold from Porcupine. Hoarse commands from outside as he began to read his speech from the throne indicated that the military had had enough and were going home.

The speech had several dramatic moments. His honor appeared specially to relish the statement that he was to have a new home of an architectural character in keeping with his own proportions. His reference to the extension of technical and industrial education was welcomed with the college yell outside. No one knows how this was stage-managed. It could hardly have been accidental. His honor referred in a contemptuous way to the failure of a syndicate in the attempt to build a railway, and his satisfaction over its construction under public ownership was apparent, and was extended to the anticipation of the early operation of the complete hydro-electric system.

Some Interruptions. His honor began to be quite interesting to the members from the back townships by telling them how agriculture could be made remunerative and attractive, when an urban official started to lower a Venetian blind, with such a series of rattles and squeaks, his honor had to suspend his discourse. When he began again, another man of another window thought he would try what he could do, but his honor could not be caught a second time and pursued the even baritone of his way. After the ceremony the number of the elect was completed by the introduction by Sir James and Capt. Machin, of John Ransom Howitt, the new member for South Wellington. Real business will be done at three o'clock this afternoon.

Expression of Fealty. This is the full text of his honor's message: "Mr. Speaker and gentlemen of the legislative assembly: It affords me the pleasure to meet you again as the representatives of the people of the Province of Ontario at the opening of another session of the legislature.

"Since you last met, the people of the British Empire have suffered a great loss in the demise of our gracious and well-beloved sovereign, King Edward VII., the peace-maker. Not only his own people, but the people of other nations have learned to appreciate highly his late majesty's qualities of head and heart which made his influence so far-reaching, and rendered it of such value to humanity. In common with all other British subjects, the people of Ontario have welcomed heartily the accession of his gracious majesty, King George V., and we hope and pray that under his reign the happiness and prosperity of the British people may be continued.

"Our thanks are again due to Almighty God for a bountiful harvest and for the continued prosperity of our people.

"Good progress has been made during the year in the execution of the

For Skin Sufferers

If you, or someone dear to you, have undergone the itching, burning, sleep-destroying torments of eczema or other cruel skin eruption and have suffered from its embarrassing, unsightly disfigurement; if you have tried all manner of treatment, to no avail, and have all but given up hope of cure, you can appreciate what it means to thousands of skin-tortured sufferers, from infancy to age, when the first warm bath with Cuticura Soap and gentle application of Cuticura Ointment brings instant relief, permits rest and sleep, and proves the first step in a speedy and successful treatment.

north wing of the parliament buildings and also in the work of reconstructing and fireproofing of the west wing. This work will be carried to completion at an early moment as will be possible, consistent with a due regard to quality and durability.

"Plans are being prepared by the architect of the department of public works for a new residence for the lieutenant-governor, which will be suitable for all state functions and have an architectural character in keeping with the importance of the province.

"Prison labor has been employed in the construction of roads into the Porcupine mining district with excellent results. The work has been well done, and the effect on the prisoners has been very beneficial. Temporary premises have been erected on the Central Prison farm, near Guelph, quarries of building stone have been opened, and considerable progress has been made in the erection of permanent buildings.

Technical Education. "The necessity for and the advantage arising out of the adoption of a system of technical and industrial education are becoming more obvious day by day, and you will be asked to make an appropriation for this purpose.

Headway on T. N. O. "The output of silver from the mines of Cobalt has been greater than in any previous year, and the discoveries of gold at Porcupine and the development which has ensued give promise of richness and permanence.

"During the past year the Timiskaming and Northern Ontario Railway was completed to Cochrane, on the line of the Grand Trunk Pacific Railway, a distance of 252 miles from North Bay, and a large sum has been expended in improving that part of the line previously constructed. There has been a substantial increase in the revenue from the railway over that of the previous year.

"An attempt by a syndicate to build an electric railway from the main line of the Timiskaming and Northern Ontario Railway to Porcupine ended in failure, and my government has undertaken the building of a steam railway, which, it is confidently expected, will be finished not later than June 30, 1911.

Hydro Power. "The construction of the hydro-electric commission of the line for the transmission of electric power has been completed. In working out a new problem of more or less difficulty and delicacy, such as the hydro-electric scheme certain delays have necessarily occurred, but it is confidently expected that this great undertaking will soon be in full operation. The earnest and unselfish efforts of the members of the commission in this matter merit acknowledgment and commendation.

The Oculent Farmer. "With good prices prevailing for all kinds of farm products due in a large measure to our rapidly increasing home markets, the year has been one of almost unprecedented prosperity for our farmers and proves once again that Ontario's place as the premier agricultural province of the Dominion remains undisputed. It is pleasing to note the increasing interest taken in all branches of agricultural development and to observe the general commendation of the efforts of my government to make agriculture more remunerative and attractive.

"Owing to the increased efforts both on the part of the government and the advantage of a provision made last session for assisted passage, the number of immigrants coming to Ontario in 1910, including farm laborers and domestic servants, was very considerably greater than in the previous year. An increased appropriation will be asked for this purpose to meet the work in agriculture that has been done by practical demonstrations carried on in live stock, dairy-

ing, fruit growing and the growing of field crops by the district representatives of the department of agriculture in a number of counties in the province. So prompt and conclusive have been the results from this work that there is now a very general demand for its extension, and you will be asked to consider also bills amending this purpose.

Changes in Liquor Act. "The revision of the statutes has been proceeded with as rapidly as regard for the important nature of the work would allow and its early completion may be looked for. A number of the revised acts will be laid before you for your approval, and you will be asked to consider also bills amending the liquor license act, and other statutes of a public nature.

"I am pleased to inform you that the revenues of the province are considerably in excess of the estimates. The public accounts will be laid before you for your consideration at the earliest moment, and the supplementary estimates for this current year will also be submitted at an early date.

"I feel assured that the various subjects which will come before you will receive your careful consideration, and I trust that the welfare and best interests of this great province will be served by your deliberations."

See Him Smiling. Sir James Whitney met J. R. Howitt, member for South Wellington, at the bar of the house, and escorted, accompanied by Capt. Machin, the new legislator to the foot of the speaker, where he was welcomed by Mr. Speaker and invited to take no use for the bell since it was placed in position.

Lighting facilities are yet in the crude state, except where an outside company has placed a miniature gas plants in hotels and large business houses.

In a small way the plant operates much on the principle of a city gas plant, with gasoline used as the feeder. Pressure supplied from air tanks with self-generating oil lamp do the business and the brilliancy secured from the light is truly wonderful.

But Porcupine is fast departing from the old ways, and by the middle of next summer are launched on an electrical current from the hydro-electric power on the Mattagami will have swept the oil lamp arrangement into oblivion.

If plans for up-to-date town facilities are carried out, Porcupine has already shuffled off the temporary side for that of the permanent. The signs are good, indeed.

Chas. Fox. Duff-Dea. A very happy event took place at the home of Mr. and Mrs. Richard Lea, Roseberry-avenue, Wednesday evening, Jan. 18, when their second daughter, Alison Alma, was united in marriage to Mr. John M. Duff, Rev. Dr. Sowerby officiating. The bride, who was given away by her father, was attired in white embroidered sheer linen and carried a shower bouquet of bridal roses. Miss Emily Lea attended the bride, wearing silk pink silk voile, carrying pink roses. The groom was supported by his brother, Mr. James Duff, the wedding march being played by Miss Rose Springer. During the registration of the marriage solos were sung by Messrs Walter Clarke and Clarence Lea. After the guests had partaken of a dainty wedding breakfast the young couple left for their home in Cowan-avenue.

Mrs. A. S. Jones, 37 Beatrice-street, will not receive on Thursday, nor again this season.

Mrs. Herbert J. Daly, 41 Dalton-road, (N. Major-street), will not receive until the second Thursday of February.

INDEPENDENT TALK "Why Should We Be Tied by Eastern Politics?" Asks Brandon's Mayor.

ERANDON, Jan. 24.—"The governments are being tied hand and foot by local interests in the east and by the way corporations. I look for the day when we will hold the balance of power. Why should we be tied down to the politics of the east? Let us be Western Unions and let us fight against the interests in the east, which are tying us hand and foot.

These sentences in Mayor Fleming's address of welcome to the Manitoba Grain Growers' convention were loudly applauded by the farmers at the opening of the business session here today. The report of the delegates who visited Ottawa in December formed the subject of most of the items on the day's program.

GOLDSBOROUGH KNOWN HERE Had Studio in Toronto and Mixed in Musical Circles.

Pittsburgh Coyte Goldsborough, the musician, who shot David-Graham Phillips, and then suicided, in New York, was well known in local musical circles. He came here in 1907 with the idea of opening a studio for the teaching of string instruments, and for the purpose of teaching the violin in the Toronto Symphony Orchestra. He went from hereto to join an orchestra in Pittsburgh.

Those who recall him say he always acted "queer," and was called "Crazy Goldy."

BUFFALO AND RETURN. \$2.10, Saturday, January 28th, via Grand Trunk Railway System. Tickets good going via Grand Trunk 9 a.m. Buffalo Express. Return limit Monday, Jan. 30. The Grand Trunk is the only double-track route to Niagara Falls and Buffalo. Secure tickets at city ticket office, northwest corner King and Yonge-streets. Phone Main 4209.

When the heart begins to beat irregularly or intermittently, palpitate and throb, skip-beats, beats fast for a time, then go slow as to seem almost to stop, it causes great anxiety and alarm.

The least excitement or exertion seems to affect it.

Many people are kept in a state of morbid fear of death, become weak, worn and miserable, through this unnatural action of the heart.

To all such sufferers Milburn's Heart and Nerve Pills can give prompt and permanent relief.

Mrs. John Thompson, Mill Cove, N.B., writes:—"Just a few lines to let you know what Milburn's Heart and Nerve Pills have done for me. I have been troubled with weakness and palpitation of the heart, would have severe choking spells, and could scarcely lie down at night. I tried many remedies but got none to answer my case like your pills did. I can recommend them highly to all suffering with heart and nerve trouble."

Milburn's Heart and Nerve Pills are 50c per box or 3 boxes for \$1.25 at all dealers or will be mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

Greater Are the Values as the Sale Approaches the End

This has been a truly wonderful sale—a sale that will long be remembered in Toronto. We have done an immense business, but we still have a tremendous stock that must be cleared out in a few days. The pruning knife has again been at work and the prices have been reduced still further. Odd lines have been gathered together and been put in at a price—and such a price. You cannot fail to appreciate the great sacrifice we are making when you come to this store and see the furs. Following are a few prices that give you an idea of what is here in store for you:

- Twelve only NATURAL MINK STOLEs, of choice dark full-furred skins, made in the plain round back style, showing three distinct stripes over shoulders and two down fronts and finished with heads and tails. Regular \$110.00, reduced to ..... 75.00
- Fourteen large MINK MUFFS, made in the half round style, which is in big demand this season, and are made out of the choicest natural Canadian skins. Regular \$110.00 and \$125.00, reduced to ..... 80.00
- Eight only PERSIAN LAMB COATS, made in the new semi-back and shawl collar effect and lined with best satin, length of coat 36 inches. Regular \$200.00, reduced to ..... 140.00
- Twenty-two STAY-ON TIES, made in natural coon, Persian paw, white Thibet, and other furs. Prices were regularly up to \$15.00, reduced to ..... 1.95
- Seven large ALASKA SABLE MUFFS, made in the pillow style and lined with best satin. Regular \$30.00, reduced to ..... 19.00
- Eighteen only choice dark NATURAL COON COATS, made with good large sweep in skirt and large shawl collar. Regular \$90.00 and \$110.00, reduced to ..... 75.00

Mail Orders Receive Prompt and Careful Attention.

WILL FIGHT FOR HUMBER

Claim Made That Bridge Would Create a Dam and Injunction Sought.

Objections have been raised by the Guild of Civic Art and the Civic Improvement committee to the new G.T.R. bridge now under construction over the Humber. They contend that the bridge, in the centre of the river will effect a dam and cause a flooding of the lowlands.

POWER FOR KINGSTON

Plans and Estimates Now Being Prepared.

KINGSTON, Jan. 24.—(Special.)—Hon. Adam Beck, in reporting to Ald. Elliott, chairman of the light, heat and power committee, bids out good hope of making arrangements for the use of Waddington (N.Y.) power for Kingston. Plans and estimates of cost are now being prepared by experts, which will be submitted to the city. As soon as figures of the cost are received there will be another meeting of Eastern Ontario municipalities to decide on action.

INTERCOLLEGIATE DEBATE

The final intercollegiate debate will take place Feb. 16, in Convocation Hall, between McMaster and Victoria. The subject: Resolved that the immigration policy of the present Dominion Government is in the best interests of Canada. McMaster will affirm it.

EMPLOYES GOT \$6500

Profit Sharing Plan of W. J. Gage & Co.—Benefit Funds.

W. J. Gage & Co., Limited, have been in the habit for some years of dividing their profits with their employees. Following this custom for the year 1910, in addition to the dividends paid to the shareholders, W. J. Gage & Co. have distributed over \$6500 by way of bonuses to those who have been continuously in their service for one year and over.

STILL HOLDS THE MAYORALTY

BELLEVILLE, Jan. 24.—The recount of ballots cast in the mayoralty election was held yesterday before Judge Deroche, a gain of one being made in favor of Mayor Ackerman. A few ballots were reserved for argument, but not enough, the judge stated, to affect the general result.

### COUNTY COUNCIL MET AND ELECTED WARDEN

Reeve Bull of Weston Lands the Honor—North Toronto Legislators Convene.

By a majority of 20 to 10, Robt. Bull, reeve of Weston for the past four years, was on Tuesday afternoon declared the choice of his fellow members at the first regular meeting of the York County Council held in the old court house. The meeting was singularly free from all the pre-election excitement and fever usually attendant upon such occasions, the result being generally recognized as a foregone conclusion.

The incoming warden is a native of Downview York Township, and has been long and honorably associated with municipal life in his home county. For five years Mr. Bull was a member of the township council, resigning that position to contest the office of county councillor, which he occupied with infinite credit for four years.

For a number of years subsequently, Mr. Bull exercised public life, but later contested the reevehip of Weston Town in the first campaign, defeating Dr. Irwin, and for the last four years has been accorded the honor by his constituents. The present warden occupies a unique position in that throughout all his municipal life he has yet to meet his first defeat.

In political life, a Liberal-Conservative in religious affiliation, a Methodist, and in everyday life one of the most far-seeing, honorable and progressive of citizens, the election of Reeve Bull to a high office is a well deserved tribute.

The other nominees were Reeve Robt. Coulson of Stouffville, a strong and popular candidate, Mr. Coulson, however, later declining to oppose Mr. Bull, gracefully retiring, but with the well implied understanding that next year he will be a candidate in association with the county council against all comers. Reeve John Greenwood of Etobicoke, nominated by Reeve W. H. Pugsley and Reeve Night, also retired.

The new warden was placed in nomination by First Deputy Reeve J. M. Gardhouse of Etobicoke Township, and seconded by Reeve Sam Foot of Whitechurch. Needless to say they were delighted with the victory of their nominee, and later escorted him to the seat of honor.

The following standing committees were elected as follows: Willoughby, R. A. Phillips, 17, A. Pugsley, 15, R. Phillips, 14, Harris, 12, and Keith, 10, all to act.

The new faces in the county council this year are: Scott McNair, first deputy reeve of Vaughan; Reeve Skelton of Mimico; Third Deputy Reeve Tom Griffith of York Township; Reeve Teft of Markham Village, and Reeve John Smith of East Gwillimbury. Messrs. Teft and Smith have, however, on other occasions been members of the county council, the temporarily retired.

This week will not see the deliberations concluded, as a good deal of important business must be dealt with, among the questions requiring attention being the good roads and other matters.

"Twas a great day for Weston and no mistake.

Dan Longhouse was a visitor yesterday and everybody was glad to see the genial executive of Vaughan around the corridors once more.

"Ex-Warden Henry dropped in 'just to see that the boys got a good start," as he said.

"Twas the best election in years. No use going up against Weston. There was no booming of cannon or military display, but all the same the main function was done the less interestingly.

Dr. Hefey, M.L.A., accompanied by a staff, paid a short visit to the council chamber.

"This is the regular day for the meeting of the county council. Why can't the legislature choose another for the opening," said the county men. Forty-eight years since Weston

turned out a real live warden. No wonder they jubilated last night. Reeve Annis made a good start. Here's to Warden Bull.

### ISLINGTON.

Far Western Suburb is Fast Coming to the Front.

ISLINGTON, Jan. 24.—(Special.)—In the early days, Islington was an important link in the chain of lakefront towns. The old Dundas road with its stage coaches and numerous hostleries formed one busy scene of travel and refreshment. It was near Islington that Eddy first made matches. The advent of the railroad changed all this and the village settled down for a long sleep.

The growth of Toronto and West Toronto and the building of the C.N.R. and the cut-off lines connecting the main line of the C. P. R. and the line to Hamilton and Buffalo have aroused this sleepy old village into activity. A new station for the C. P. R. is under way, and the street car line from Lambton will probably be extended soon.

Two power lines will supply power and light, and good water may be had for the digging. It is admirably situated for factory sites, having cheap power and good transportation facilities.

The land is cheap and workmen may have their homes and gardens at little cost.

The town (it will be one soon) stands in the midst of a fine natural garden and dairying district. The soil is a sandy loam, and fruit trees flourish there and most toothsome celery is grown.

The good roads movement will connect the "Eaton" road with the city and make the western route a delight for the motorist. With good roads to the city, with good suburban train service on the C. P. R. and the C.N.R. and with the street railway extended, we may look for rapid development in this, the western suburb of Toronto.

### WESTON.

Townpeople Turn Out En Masse to Welcome the New Warden.

WESTON, Jan. 24.—(Special.)—The Town of Weston has seen many a jolly time, but never anything approaching in enthusiasm and genuine heartiness the welcome accorded Reeve "Bob" Bull, the newly elected warden of York County, on his arrival in town tonight.

When the news of Reeve Bull's and incidentally Weston's honor, was known on the streets of the village this afternoon, steps were at once taken to tender the warden an impromptu reception, and how well they succeeded the citizens of Weston now know.

When the warden, accompanied by Clerk Taylor and a few friends, stepped from the car this Weston town band struck up an inspiring air and escorted by about a thousand of the principal business men and citizens of the town generally, he was escorted in triumph thru the principal streets, and later to his residence. There was no public speaking, but the universal acclaim with which the new warden was greeted by everyone irrespective of party, religious or other affiliations, is a standing tribute to the esteem in which he is held.

Following the public proceedings there were a number of private informal luncheons, and generally it is safe to say that this is about the proudest day the old town has ever known, in all its existence.

### NORTH TORONTO.

NORTH TORONTO, Jan. 24.—(Special.)—The first regular meeting of the town council for the year was held to

## Blood Poison

### 30-Day Treatment FREE

Remarkable Results Produced By New Vegetable Treatment Without Use Of Mercury or Potash.

The terrible results of mercury and potash on blood poison can do to drive the blood back into the system and smother it for several years. Then when you think you are cured, pitiful mercury symptoms often break out, and you find that your bones have been rotted and the blood is full of poisons. It is a terrible destructive power of the mercury and potash. Locomotor Ataxia, Inebriety, and Premature Death are then almost inevitable. Medical authorities admit this. The wonderful Wasserman Test, the only blood poison test known to scientists, has proven that a man has been completely purified by the Osoba Treatment.

Don't spend months and years of your precious life, and destroy your health forever by taking mercury and potash which doctors commonly prescribe. Get today. Send your name and address and receive a description of your case to the Osoba Co., 1285 Bloor St. E., Chicago, and they will send you an absolute plain, firmly sealed package, a full 30-day treatment absolutely free.

### EVASIVE THE GEORGIAN BAY CANAL QUESTION

Neither Sir Wilfrid Nor Dr. Pugsley Anxious to Answer Question—Premier's Bank Souvenir.

OTTAWA, Jan. 24.—(Special.)—Imagine Sir Wilfrid Laurier and Hon. William Pugsley exceeding each other in the art of self-effacement. Such was the treat the house of commons enjoyed this afternoon. W. M. German had asked Mon. George P. Graham what truth there was in the report that the sum of \$3,000,000 would be placed in the supplementary estimates as provision for commencing the Georgian Bay Canal. "As far as I know, no such appropriation has been discussed by council," was the evasive reply of the minister of railways, "and as it is not in my department I would not have any knowledge whether the estimate of the department which it would be under, has it in mind to bring in any appropriation. Personally, I would not be disappointed if both the Georgian Bay and Welland Canals were constructed."

Polite Politicians.

Mr. German has questions to Sir Wilfrid and Mr. Pugsley. These words looked at each other with an "After you, my dear Alphonse" air. The premier declined to answer Pugsley to go on. Mr. Pugsley murmured "No, no, no, Sir Wilfrid." The house saw the humor of the situation, and finally the premier remarked that his hon. friend would know all about it when the estimates came down.

Adam B. Crosby complained of the absence of Sir Frederick Borden, who is attending a by-election campaign in Nova Scotia. He stated that an appropriation of \$100,000 for barracks in Montreal was held up owing to the absence of the minister of militia. He thought that Sir Frederick's duties as a member of the government demanded that he attend the sittings of parliament.

Replying in point, Sir Wilfrid Laurier said that he had no hesitation in informing his hon. friend that he was aware of the fact that Sir Frederick was in Nova Scotia, and that he had consulted him before going there, and intimated that an election was on.

His Rights as a Citizen.

"My colleague is not only a member of this house, but he is also an elector in the County of Kings, Nova Scotia, and at the present time he is exercising his duty as a citizen, and for that nobody can find fault with him."

George H. Perley (Argenteau) referred to Mr. Lemieux's speech in Montreal one Saturday last that Canada's fiscal policy of the last "twenty-five years" had been the admiration of the world. On a previous reference Mr. Lemieux claimed there was a difference between the English and the late Sir John Macdonald. He applied to R. L. Jordan, but the leader of the opposition persisted that "twenty-five years" was the term employed.

E. N. Rhodes (Cumberland) said the postmaster-general was grateful and happy in his remarks at Montreal, which brought the report from Dr. Sproule that "Montreal is not under a local option bylaw."

### WEST TORONTO.

Last Night's Evangelistic Meeting Was Best Yet.

WEST TORONTO, Jan. 24.—(Special.)—One of the most successful meetings thus far held in Victoria Presbyterian Church in connection with the Chapman-Alexander series, was that of tonight. Dr. Patterson took for his text 2nd Chronicles xxxiii, 12: "And when he was afflicted before the Lord and his God he besought the Lord, and he himself before the God of his fathers."

In graphic and touching language Dr. Patterson described the power of sin in bringing down the Lord and his throne down to the dungeon.

When those present who had accepted Christ were asked to stand, nearly the whole congregation rose to their feet. Several made professions of faith for the first time and many touching testimonies were given. The spirit of the meeting throughout was most impressive.

Prof. Weaver in his touching way conducted the service of praise, and Mrs. T. H. Sheppard sang with telling effect "I Love Him."

A number of minor accidents around the west of the city, due in part in the ice and other causes, are reported. Mrs. George Nichols slipped on the ice and broke her wrist.

The Weston Board of Trade held its annual meeting in the town hall, Weston, to-night, and elected those officers for the ensuing year:

President—G. W. Verral.  
Vice-president—W. G. Trethewey.  
Secretary—J. M. Masters.  
Assistant secretary—R. M. Moffatt.  
Treasurer—H. A. Coon.  
Council—Mayor Wadsworth, W. J. Smith, T. Galbraith, H. Jennings, A. B. Moffatt, T. L. Moffatt, Rev. Mr. McKim, J. W. Egan.

Transportation committee—T. L. Moffatt (convener), T. Galbraith, W. G. Smith, J. M. Gardhouse.  
Industrial committee—J. M. Lyons (convener), H. Pearson, J. J. Dalton, A. B. Moffatt, A. L. Campbell.  
Local improvement—J. Dickens (convener), H. Jennings, H. A. Coon, A. Smith, J. W. Egan.  
Printing and publicity—T. Galbraith (convener), A. E. Winton, Rev. Mr. Jones, N. J. McEwen, A. J. Barker.

### AN INDIAN DEPUTATION.

OTTAWA, Jan. 24.—A body of Cree Indians from Saskatchewan saw the government to-day and made complaint regarding the disposal of money obtained thru the sale of Indian treaty lands. They also made a complaint against the chief inspector of Saskatchewan. The petitioners deputation was told by the deputy minister of Indian affairs that their complaints would be immediately investigated and righted, if necessary.

### Y. M. C. A. Excursion, Buffalo, \$2.10, Saturday, 1.15 p. m., C. P. R.

The Central Y. M. C. A. has arranged for special excursion to Buffalo on Saturday, leaving Toronto at 1.15 p. m. Tickets for the round trip are \$2.10, and may be obtained from Mr. Brydon at the gymnasium, the committee and the C. P. R. Toronto offices and South Parkdale station. Tickets are good returning all trains Sunday and Monday.

### Late Victim Reprieved.

"Why weren't you here at a quarter to ten?" asked Chief Justice Mulock of Arthur Jarvis, a witness, who was ten minutes behind the appointed time.

"What business have you to keep in bed justifying it?" he asked. "You will fine you \$20 or not." The culprit was a witness in the suit of Pietro Quinto of Peterboro, who wants \$50 from the Bishop Construction Company for injuries received while working for them.

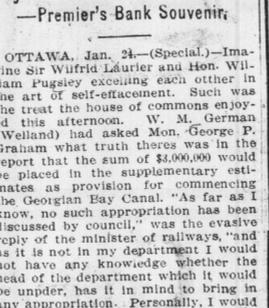

The evidence brought out that the company was insured against accidents, so T. P. Phelan said that the case be taken from the jury, as they might be prejudiced. Judge Mulock agreed with him and dismissed the jury, and tried the case himself, reserving judgment until this morning.

### Fatally Injured in Explosion.

GALT, Jan. 24.—Lain Cowan, aged 24, son of Mr. and Mrs. Laine Cowan of the Hespeler-road, was fatally injured yesterday in an explosion while attempting to repair the acetylene gas plant in his home. He was struck on the head by a flying piece of machinery and passed away this afternoon.

### Cut Your Printing Costs

No. 2 About the Flexotype—Part I—The Perfect Printer

The Flexotype Printer

THE Flexotype is a rotary printing press for the office. It does two classes of work—multiple type-writing and direct printing. Its work is as good as that of any printer.

It makes perfect typewritten letters at a rate of from 2000 to 6000 an hour, at a cost of 10 cents a thousand. They defy detection. It prints through a stationary ribbon, automatically, inked from a perfect distribution system built into the machine, not sold as an extra. There is no excessive ribbon expense as in other machines. The ribbon never becomes faint, and is used until the fabric is worn out.

FOR direct printing it uses job type or electrotype. It will print all your office stationary, letter heads, order forms, invoices, cheques, circulars, etc., at half the usual cost.

WE guarantee its cost of operation to be 60 per cent less than that of any other office printer.

It is a complete machine. There are no extras required for any of its varied kinds of work. If you buy it for multiple writing and wish to do direct printing, there is no expense for auxiliary attachments.

The booklet and sample of work are ready. Address your request to Flexotype Department

### The First Chance

You get, look over your clothes. You will certainly find some garments that need cleaning—or perhaps a gown you would like to have dyed. Then phone Main 5200. Fountain, the cleaner, does all work quickly and well.

### Insurance Company Upheld.

E. Harley of Brantford was allowed \$142 by the Canada Life Insurance Company for the specific performance of a toning and endowment insurance policy by Justice Teetzel. The company, in changing his policy from a 25-year endowment to a 15-year one, neglected to change the cash value of the policy, which had been inserted on the face of it. His lordship thought the mistake an honest one, and the costs were evenly divided.

### Volvo without brains is worse than brains without voice.

Members of the University of Toronto Glee Club have both brains and voice, a fact of which the public will have an opportunity to judge to-morrow evening, when the annual concert takes place in Convocation Hall. The Toronto String Quartet will assist. Only a few seats remain, and they can be had at Northheimer's, or by phoning Main 5077.

### WEAK MEN, MY BELT WILL CURE YOU

Take my Electric Belt for what it will do for you. Wear it while you sleep at night or while you are resting your work. You will find it a vitalizer, a tonic to your nerves, a rejuvenator of waning vitality. Use it for any ailment which drugs have failed to cure, and you will never cease praising it.

I claim that I can cure weak men, that I can pump new life into worn-out bodies, that I can cure your pains and aches, lumber up your joints and make you feel as frisky and vigorous as you ever did in your life. I get paid, if you can't say it after using my belt for three months, then give me back my old belt, and I won't ask a cent. All I ask is security while you use it.

No man can lose on this. If the cure is worth the price you don't have to pay for it until you get it. When you are ready to say you are a big, husky and frisky specimen of vigorous manhood; that you haven't got an ache or pain in your whole body, and that you feel better than you ever did in your life. I get paid, if you can't say it after using my belt for three months, then give me back my old belt, and I won't ask a cent. All I ask is security while you use it.

A short time ago I took a case that I couldn't cure, and I didn't see why, as I had cured hundreds like it. Any way, my patient returned the Belt and said I hadn't done him any good. He said he thought I had treated him wrong, because I couldn't cure him. I refused and told him that I had made a contract to cure him or get nothing, and I wouldn't take a dollar I hadn't earned.

McLaughlin: Dear Sir—Your Belt has been a boon to me. The emphysema has ceased. My Rheumatism in the shoulder has gone. The most noticeable thing is the blood; it seems to have increased very much in circulation. Before using the Belt I took a swim in the lake I very soon got cold, but now I am in the water every morning at 6 o'clock, and I don't feel the cold at all. I remain, yours truly A. G. ROFFEY.

I'll give you all the proof you want if you will write to me, and if you haven't confidence in Electricity, let me treat you at my risk. I will give you the Belt on trial, without one cent of risk to yourself. Give me reasonable security, and I will take your case, and you can.

### PAY WHEN YOU ARE CURED

Pick out the men who have worn my Belt. See them with head erect, chest expanded, the glow of health in their cheeks, courage in their hearts, and a clasp of the hand that tells you, "I am a Man."

### FREE--Send No Money

Just put your name and address on this coupon and mail it to me. I'll send you full particulars regarding my electric belt, together with my big free book, which explains many things you ought to know about the diseases of men and women.

Don't wait another minute. Cut out the coupon-right now and send it in.

Put your name on this coupon and send it in. 1-24-11 Dr. M. G. McLAUGHLIN, 112 Yonge St., Toronto, Can. Dear Sir—Please forward me one of your books as advertised

 LONDON, ENGL. TORONTO

**LOCAL MARKET POSITION REVERSED.**  
*World Office.*  
*Tuesday Evening, Jan. 24.*  
 The local market reversed its position again to-day, yesterday's weakness giving place to firmness. Some loans were called yesterday, the result, it was thought, of preparations for the redemption of circulation now falling in. Blocks of Rio were forced out this morning at 103 1/2, but later the stock advanced to over 104. Toronto Electric, General Electric and the listed mining shares all made advances. Twin City continued heavy. Many holders of this stock are selling to buy into issues which show more resiliency. A better investment demand was in the market, and unless there is a further calling of loans the trend of the market will be upward.

**Drafts on Foreign Countries**  
 EVERY BRANCH OF THE  
**CANADIAN BANK OF COMMERCE**  
 is equipped to issue on application Drafts on the principal cities of the world. These drafts are drawn in the currency of the country in which the drafts are payable; i. e., drafts on France are drawn payable in francs, etc.

**ALIVE WITH BUSINESS**  
 Great Activity on Golden City Town-site in Porcupine.  
 GOLDEN CITY, Jan. 23.—(Special.)—Golden City South is all alive with business. Those who have already bought lots are now going right ahead with the construction of residences and business places. The mining recorder's office has been enlarged and finished outside. A three-story hotel is well under way of construction. Foster & Wilson are putting up a big hardware store; the Miller Transportation Co. are to start building Monday on their new hotel; Manager Bourke of the Imperial Bank, and A. E. K. Bruce, the mining recorder, have bought lots on the high ground adjoining the lake and will put up bungalows. The Roman Catholic Church and the Baptist Church have also secured lots to put up churches, which will be erected in the near future. Lots are yet very cheap, compared to what they will be in a few days. Every day Golden City South is making new acquaintances and prices go up with the prosperity of the place. T. Marleau, Golden City, is the agent of the property.

**Market Creeps Slightly Higher But Holds Decidedly Quiet**  
*World Office.*  
*Tuesday Evening, Jan. 24.*  
 A little better undertone pervaded the Toronto Stock Market to-day, and transactions were in larger volume. Yesterday's nervousness disappeared early this morning, and new buying made its impact on values in several instances.  
 Toronto Electric Light had another spurt of over a point to 130. The buying of this issue has received no further explanation, and it is presumed that those on the inside are taking the shares as offered.  
 Canadian General Electric was in better demand on a drooping rumor that the company has more than a full supply of orders on hand and that the annual statement will be satisfactory.  
 Among the more active stocks Rio was prominent, the price advancing after an early dip to 104 1/2. Part of the liquidation in Rio was said to be due to calling of loans on the shares. Whatever may have been the cause, the sales were well taken and good market was preserved throughout the day.  
 The day's market news comprised nothing but the announcement of an increase in the dividend to Metropolitan Bank shareholders. The shares of the bank were not influenced to-day, however, on the news.  
 Canadian Northern sold a point higher at 119. Imperial Bank was stronger at 225.  
 La Rose, Nipissing and Crown Reserve gained on yesterday's prices, and were a strengthening influence on Cobalt's general.  
 At the close the market was firm, but still lacking any volume of speculative orders.

**Montreal Stocks**  
 MONTREAL, Jan. 24.—A sharp upward movement in Richelieu was a distinctive feature of the local stock market to-day. The price advancing under active buying to 98 1/2, or 2 1/2 points above yesterday's asked.  
 At the close 98 1/2 was bid, with 98 1/2 asked.  
 Steel Corporation was another active feature, and under good buying advanced to 70, or 1/2 above yesterday's close, with the close strong, 70 being bid, with 70 1/2 asked.  
 Detroit United, of which there was trading to 70, and later reacted to 71, with that figure bid and 71 1/2 asked at the close. There was some good buying of price up from 40 to 42, with the last sale at 41 1/2. The rest of the market was quiet, with price changes slight.

**NO CORONER AVAILABLE**  
 Fatality at Porcupine Calls Attention to New Need of District.  
 PORCUPINE CITY, Jan. 23.—(From Our Man Up North.)—After waiting patiently for three days to get a coroner from the district to view the remains of Albert Burnette, who was killed Tuesday while working in the shaft on the Norington property in the reserve, Manager Fisher has taken the matter in his own hands and sent the body to the relatives of the deceased in Quebec.

**Dividend Declared.**  
 The Home Bank of Canada has declared the regular quarterly dividend of 1 1/2 per cent. payable on March 1. Transfer books will be closed from the 15th to 28th Feb., inclusive.

**London Stock Market.**  
 LONDON, Jan. 24.—The money market remains firm, and borrowers again had to apply to the Bank of England for funds. Discount rates were also firm.  
 The beginning of the settlement restricted business, and the stock exchange had a good tone prevailed, especially in foreign bonds, rubber shares and Mexican calls. British securities and Kafirs opened steady, but sagged in the afternoon.  
 At the annual meeting of the shareholders of the Metropolitan Bank yesterday an increase in the dividend to 2 1/2 per cent. quarterly was announced. The stock on the 10 per cent. basis. The bank has been paying dividends of 8 per cent. per annum.

**Bank Dividend Raised.**  
 At the annual meeting of the shareholders of the Metropolitan Bank yesterday an increase in the dividend to 2 1/2 per cent. quarterly was announced. The stock on the 10 per cent. basis. The bank has been paying dividends of 8 per cent. per annum.

**MEETINGS.**  
**CANADA LIFE ASSURANCE COMPANY**  
 Notice is hereby given that the 84th Annual General Meeting of the Canada Life Assurance Company will be held at the company's Head Office, in the City of Toronto on Thursday, February 2nd, 1911, at 11 o'clock forenoon, to receive the report of the directors, to transact any business which may properly come before it, and to elect directors for the ensuing year.  
 At such meeting there will be submitted for approval bylaws and regulations passed by the directors:  
 (a) In regard to the management of the business of the company;  
 (b) Fixing the number of directors and their term of office, and  
 (c) Providing for a pension scheme.  
 Dated 16th January 1911.  
 A. GILLESPIE, Secretary.

**MORTGAGES**  
 Money to Loan on Approved City Property at Current Rates  
**JOHN STARK & CO.**  
 26 Toronto St. Toronto

**WALL-STREET POINTERS.**  
 Rubber market continues to work lower.  
 J. P. Morgan sells for Europe Wednesday.  
 American stocks in London steady about parity.  
 Some demand for Copper on further reduction in price.  
 Kuhn, Loeb bids par for the entire issue of N. Y. City bonds.  
 London-Copper closing: Spot, 55 1/2; futures, 56 1/2, both unchanged.  
 Bill introduced in the Senate at Albany to prohibit short selling.  
 Thirty-six roads for second week January show average gross increase 3.9 per cent.  
 General market in London firmer in spite of some irregularity in copper stocks.  
 Consolidated Gas annual report says no further steps to fight 80-cent gas will be taken.  
 Great Northern ore now holds upwards of \$5,000,000 undistributed received thru royalties.  
 Owing to decline in price of rubber, French manufacturers of automobile tires have cut prices 10 to 25 per cent.  
 A Paris cable says that Ledenburg, Traillman & Co. are introducing the securities of the Philadelphia company in Paris.  
 The American Can Company has fixed prices for season of 1911, the same as last year, except No. 10's, which are advanced \$1 per thousand, or \$4 for plain and \$5 for insular enamel.  
 It is announced that the Chicago Railways Co. will operate a total of 45 miles of track on the north and west sides of the City of Chicago, has concluded negotiations with the Roads bankers, Harris, Forbes Co., and the National City Bank, covering the sale of approximately \$15,000,000 first-mortgage bonds.  
 Twin City Dividend.  
 NEW YORK, Jan. 24.—Twin City has declared regular quarterly dividend of 1 1/2 per cent. on its preferred stock and 1 1/2 per cent. on its common stock, both payable April 1.  
 Suspends Rate Increases.  
 WASHINGTON, Jan. 24.—The Interstate Commerce has further suspended until Sept. 1, 1911, the proposed advance in class rates and rates on cotton seed meal, cake and hulls to and from New Orleans. The original suspension was made until March 1, but pressure of business will not permit.

**METROPOLITAN BANK EARNINGS**  
 Dividend Will Be Increased to Ten Per Cent. in April Next.  
 Following the splendid statement recently issued by the Metropolitan Bank, it is not surprising to learn that at the annual meeting of shareholders, which was held yesterday, the president, in his address, intimated the probability of an increase of 2 per cent. in the bank's dividend, thus increasing it from 8 to 10 per cent. per annum, commencing with the April dividend.  
 In the year just closed the bank earned nearly 15 per cent. on its paid-up capital, and during the past five years maintained an average net earning of over 14 per cent. In the statement presented to the shareholders yesterday, it was shown that a quarter of a million dollars of accumulated profits had been added to the reserve fund, while over \$100,000, or more than a year's dividend at the increased rate, is carried forward to the credit of profit and loss account.  
 The shareholders have every reason to feel gratified with the successful management of their affairs. It is to be noted that in producing such excellent earnings the strength of the bank has been in no way impaired, the holdings of real estate assets in proportion to their liabilities to the public ranking with the first institutions of the country.

**ON WALL STREET.**  
 Erickson Perkins & Co. had the following: The New York City bond issue of \$20,000,000 4-1/4 per cent. appears to have been subscribed half way on times. The effect of the sale of the sentiment was distinctly favorable, but so far as stocks were concerned it appears to have been discounted.  
 The share holders have every reason to feel gratified with the successful management of their affairs. It is to be noted that in producing such excellent earnings the strength of the bank has been in no way impaired, the holdings of real estate assets in proportion to their liabilities to the public ranking with the first institutions of the country.

**New York Stocks**  
 NEW YORK, Jan. 24.—The interest of the financial community to-day converged largely around the \$20,000,000 issue of New York City 4 1/4 per cent. bonds. Dealers in the "receipts" were on a very large scale at the highest prices yet recorded, and foreshadowed a most successful outcome. The number of bids was firm around \$100, and the sum total of subscriptions was probably several times greater than the amount offered.  
 The most gratifying feature of the offering, from the viewpoint of the bankers, was the large number of foreign bids, in which French financial interests were reported to be large bidders.  
 Home institutions, including banks, trust companies and the more important insurance companies, also were active. A vast number of bids were received from private individuals.  
 The stock market itself was distinctly apathetic on a very light volume of business. Prices moved irregularly, and in a narrow groove, with the tendency towards further reaction, but by midday many early losses were recovered. Trading was dull throughout the last session, with marked strength in U. S. Steel and quiet firmness in Reading. Other active issues were under some restraint.  
 No change in rates for money on time or call was reported. Foreign exchange was firm, amounting with an advance of 10 to 15 points for demand sterling on the offer of commercial bills. Expectations of readjustment from this port for the week are estimated at slightly under \$12,000,000, which is a vast falling off compared with the preceding week, and a decline of about \$2,000,000, compared with the corresponding week of 1910.  
 Erickson Perkins & Co. (J. G. Beatty), 14 West King street, report the following fluctuations in the New York Market:

**SYSTEMATIC TRANSPORTATION**  
 Freight Movement Into Gold Camp Conducted on Business Lines.  
 PORCUPINE CITY, Jan. 23.—(From Our Man Up North.)—One of the things so frequently and favorably commented upon in this district is the very strict rules under which freight is sent into the district. The Miller Transportation Co. is doing a very large amount of draying for transients as well as for companies, and not a loss of a package ever has been reported to this company.  
 The system under which it transports works admirably. President Alex. Miller and his secretary, James Stewart, devised a check system by which every piece moved goes on record. Drivers are checked out at Kelso by Freight and Transportation Agent Gall, an experienced man in the business, and at the Porcupine end, Owen Valle, who has charge of the Miller office, re-checks the goods.  
 In this way freight moves along smoothly without a hitch from the railway to Porcupine. And the service is so prompt that cars are unloaded at Kelso the day they arrive, reaching Porcupine the following day.  
 Men are not disappointed in the freight service here this year, and favorable comments on the system in vogue are frequently heard.

**Dividend Will Be Increased to Ten Per Cent. in April Next.**  
 Following the splendid statement recently issued by the Metropolitan Bank, it is not surprising to learn that at the annual meeting of shareholders, which was held yesterday, the president, in his address, intimated the probability of an increase of 2 per cent. in the bank's dividend, thus increasing it from 8 to 10 per cent. per annum, commencing with the April dividend.  
 In the year just closed the bank earned nearly 15 per cent. on its paid-up capital, and during the past five years maintained an average net earning of over 14 per cent. In the statement presented to the shareholders yesterday, it was shown that a quarter of a million dollars of accumulated profits had been added to the reserve fund, while over \$100,000, or more than a year's dividend at the increased rate, is carried forward to the credit of profit and loss account.  
 The shareholders have every reason to feel gratified with the successful management of their affairs. It is to be noted that in producing such excellent earnings the strength of the bank has been in no way impaired, the holdings of real estate assets in proportion to their liabilities to the public ranking with the first institutions of the country.

**A WELL-CONDUCTED CAMP**  
 PORCUPINE CITY, Jan. 23.—(From Our Man Up North.)—Unless something of the unforeseen kind turns up soon, there will be little or nothing for a police magistrate to do in Porcupine. Occasionally a man is caught with a bottle of contraband goods to keep frost out of his throat, but as to disorder there is none. Men pass and recede in a busy way, but the loafing element is not here.  
 One frequently hears strictures placed on the governments for their effort along the "blind pig" line, while in better sanitary conditions here in Porcupine. Porcupine has no drinking water and no one here, alone and unaided, is able to supply it. Men look for the government for help along this line, and some go as far as to say that the biggest crime being committed here is the calling of a large number of persons into the camp without first having provided for certain sanitary measures. This is a matter that looms up seriously.  
 Chan. Fox.
