TWENTY-FOURTH YEAR TWELVE PAGES—SATURDAY MORNING JUNE 6 1903—TWELVE PAGES ONE CENT

CAMPAIGN WITH CANADA Explained by Uncle Sam

Senator Fairbanks Called to Washington to Discuss Effect of Chamberlain's Policy.

Detroit, June 5.—A Washington special says: Senator Fairbanks has been asked to come to Washington as soon as possible to attend a conference of the Secretary of State and President Roosevelt, to discuss the effect of Great Britain's proposed tariff policy on Canadian-American commercial relations, particularly in regard to the prospect of a reciprocity treaty with Canada, and a meeting of the Joint High Commission.

The prospect that efforts toward a commercial treaty may be abandoned has disturbed manufacturers and merchants in Chicago and the Northwest who have looked forward to closer commercial relations with our neighbor to the north and an expanding market in that direction. The prospect of a protective tariff in Great Britain has caused the Canadians to hold off from commercial alliances, with the idea that special privileges will be given the British colonies in the markets of the Mother Country.

The Secretary of State is rather anxious to force the hand of the Canadians, believing that if anything is to be accomplished it must be quickly. The American officials look for the fall of the Balfour cabinet as only a reflection of the threatened closing of Canadian opportunity.

If Mr. Chamberlain's plan is put to a formal vote it is likely to be defeated, in which case the Joint High Commission may still meet and do business. But if it is delayed for a year or eighteen months all chances for our treaty go glimmering.

The coming conference will outline an American plan of commercial and diplomatic campaign with Canada.

Big Fire on the Esplanade In Reid & Brown's Foundry

Three Metal Clad Structures Completely Destroyed Early This Morning.

Reid & Brown, Foundry, C. Wilson & Son, Scale Manufacturers, Esplanade Foundry Co.

The scale factory of C. Wilson & Son was badly gutted also. The damage is estimated at about \$10,000.

The fire originated in the foundry of the Esplanade Foundry Company, a small building close to the Market street slip. This was the first to crash in after the flames were communicated to the other buildings. A general alarm was sounded.

Reid & Brown's iron foundry at Esplanade and West Market streets was badly damaged by fire between 1 and 2 o'clock this morning. The foundry consists of several metal clad frame buildings, built out on the pier, and they fell early on to the flames. Before the brigade reached the scene, great tongues of fire were reaching out from innumerable openings, and the whole interior of the main structure was a seething furnace.

Owing to the proximity of warehouses and other buildings, the fire threatened to defy the efforts of the brigade. A dozen streams were poured into it for half an hour before the volume of flame was appreciably diminished. The main structure crashed in. The long structure to the west was separated from the building in which the fire originated by a lane. It was sometime before it was entirely enveloped, and the combined efforts of the brigade were required to keep the flames from spreading to adjoining structures.

Several schooners and a yacht were in the slip. Their ropes were cut and they were towed to a safer location.

RESIDENCE FOR WOMEN TO GET BIG LAND GRANT

Government Supporting Toronto University—School of Forestry in Queen's Park.

The Ontario government is turning its eyes more seriously toward Toronto University, and giving Queen's University only a side glance. It is now stated authoritatively that the grant to the School of Science at Queen's will be continued only till the school is in good working order. Then the Kingston institution must shift for itself.

The government intends to unite its financial efforts in making Toronto University the provincial university.

To such an extent has this idea grown that assurances have been given that the School of Forestry will be established in Queen's Park in connection with University College. While Dr. Grant lived he had hopes of getting this new institution for Kingston.

Further, just show how the government is viewing matters, it has been decided to give the Women's Residence of Toronto University a grant of land, in New Ontario. This makes the Women's Residence an assured fact.

Then again, the government is working on a scheme by which it is hoped a men's residence, larger than the old one, will be erected in Queen's Park. This, it is said, has this project in charge under the government and has reported favorable progress.

The Convocation Hall fund is growing. Yesterday President Ellis of the Board of Trade subscribed \$1,000.

LOAD OF HAY WAS AFIRE AND THE TEAM RAN AWAY

Strange Accident Near Harrowsmith Caused by Friction of Wheels.

Kingston, June 5.—One of the strangest accidents ever recorded occurred near Harrowsmith. About 4 o'clock Edmund Pixley, residing about one mile east of the village, started for the latter place with a load of hay. About midway there he met Arthur Ward, going in the opposite direction. Before the two vehicles met, Mr. Ward tried to draw Mr. Pixley's attention to the fact that his load of hay was afire. Before he succeeded, the fire had run around the load, completely igniting it, and frightening the horses which ran away, colliding with Mr. Ward's team.

Mr. Pixley was forced to jump from the load in order to save his life. When the rigs came together the load of burning hay upset, scattering the hay and consuming load over the vehicle and horses of Mr. Ward. At the same time the pole of the hay wagon broke, liberating the horses, which made a dash for the village. It was found impossible to cut loose Mr. Ward's horses, which were severely burned. The hay and both rigs were destroyed.

The fire originated from friction, one of the rear wheels of the hay cart rubbing against the side of the rig, setting it afire.

TAYLOR IN TWO DEALS TOOK HALF THE PROFITS

Cap Sullivan Gave Him \$1900 Because They Were Good Friends.

Theodore C. Taylor was a clerk in the woods and forests branch of the Crown Lands Department at a salary of \$1450 a year.

He got half of the profits of "Cap." Sullivan's timber deal in Rutherford Township. He was allowed to share in the profits out of pure friendship. For this Mr. Taylor was suspended by the minister.

Another deal is sworn to, Taylor getting \$1000 from the captain as his share of the profits of a timber deal in Rutherford Township. He was allowed to share in the profits out of pure friendship. For this Mr. Taylor was suspended by the minister.

A fishing excursion in the Public Accounts Committee of the legislature yesterday morning brought another good-sized one to the net. Theodore C. Taylor, the clerk of the Department of Crown Lands, who was suspended on Tuesday after it developed in evidence that he had profited from a deal in the Shannon timber limit, told of sharing the profits of another transaction with Capt. John Sullivan. This was a deal in the Shannon timber limit, as other things have come out while Conservative examiners have prodded their inquisitorial hooks into the affairs of the various departments.

The first witness called was J. M. Jellett of the Dominion Bank. He produced a list of Theodore C. Taylor's cheques. He will be called again on Tuesday morning.

Expert Testimony.

Mr. White of Midland estimated the cut on the Shannon limit, from what he had seen at the Charlton mills, at 17,000 cords. He said a thousand cords. Col. Matheson asked if the lumber was No. 1 clear, but the witness did not understand what was meant, and was told his ideas were hazy.

Mr. Conmee proceeded to get into the game. "Inquiring the witness," he was quick to say, and the colonel observed that the member for Port Arthur was always on hand to make a row.

"This man has more than once insulted witnesses, and it's time it should stop," said Mr. Conmee. "He might as well say he was lying."

Mr. St. John took up the cudgels for the gallant colonel, and the cross-examining got pretty lively.

Cap Sullivan's Warm Friend.

Then Theodore C. Taylor was called. He is the friend of Cap. Sullivan, and got a whack of the cut on the Shannon deal of the regard Cap. Sullivan bore him. Sullivan, he said, told him if he cut the cap, he would make some money. First the cap estimated the value of the limit at \$1200; then he said it had

OVER SANGUINE: Yes, it's up again, but it has actually sprouted wings and I don't anticipate any further trouble with it now.

NOT INTENDED AS JUDGMENT.

Gamey Report Simply Summary of the Evidence.

Montreal, June 5.—The Star says: The report of the Royal Commission which investigated the Gamey charges is an able summary of what it accurately describes as a great mass of testimony involved in considerable contradiction, but it is not very positive in its terms, nor very convincing as to its general findings. Apparently the learned judges do not regard their report as being of the nature of a judgment, but simply as a summary of the evidence, together with an expression of opinion as to that which is determining significance, for the guidance of the legislature and the electorate which have not had the advantage of seeing and hearing the witnesses.

The Star says: In regard to the Provincial Secretary and his connection with Gamey, there is evidence which, in an ordinary trial, would be submitted to the jury, upon such directions from the court as might seem suitable in the circumstances.

END NOT TILL AUGUST.

Unless Parliament Moves More Rapidly Than It Is Doing Now.

Ottawa, June 5.—(Special.)—Twenty-five clauses of Mr. Blair's railway commission bill were passed by the house this afternoon, making unanimous amendments. It will take two or three days to pass the bill through. Scrutiny of these clauses developed but little argument. The time was taken up in putting finishing touches on the amendments, and in the committee stage. The bill is most lengthy in its methods, and unless it acquires a livelier gait the house will find parliament still in session.

In the evening the estimates of the Marine and Fisheries Department were taken up. Mr. Prentiss, who has recently defended the St. Lawrence route pilots and capitalists.

The terms of the Treadgold commission under which Judge Britton is to investigate the alleged fraud in the Yukon will be submitted to the house in a day or two.

FIRE RECORD.

6:25 a.m., still alarm at Sections 4 and 5, fire in stall at Barchard's box factory.

10:10 a.m., still alarm at Section 2, chimney at 39 Portland-street; no damage.

3:41 p.m., box 21, fire at 90 Yonge-street, in box of papers which communicated to the building; cause, boys and matches; damage \$5.

7:45 p.m., still alarm at Section 12, fire in Don eribwork opposite Mt. St. Stephen-street; cause, bonfire; damage \$5.

REID & BROWN'S FOUNDRY.

Stratford, June 5.—Fire broke out in the warehouse in rear of the North block on Wellington-street, occupied by the Massey-Harris Company agency. The building, which was an old frame one, was totally destroyed. A stock of new and second-hand implements was badly damaged, as well as a supply of Gray & Sons' baggins. Loss probably \$2000.

BODY FOUND MINUS HEAD.

Richard Rutherford Ran Over by Train Near High Park.

With the head completely severed from the body, the remains of Richard Rutherford, who had been missing since 6 p.m. Thursday were found lying beside the G.T.R. tracks near the entrance gate of High Park last night.

Mounted Policemen Murray and the coroner who came upon the ghastly sight at about 9:30 p.m., notified the Patrol Department and the body was removed to Craig's undertaking establishment, 1265 West Queen-street. Coroner Orr opened an inquest at 9 o'clock, for the purpose of viewing and identifying the remains. About fifteen or sixteen hours must have elapsed since the accident.

Rutherford had been in the employ of the Oak Hall clothing firm for about twenty years. For the last two years his health was broken down, and he became very despondent and subject to attacks of melancholia. On Thursday night he left the store at 6 o'clock, and the discovery in the park was the first to be made. The body was found in spite of the efforts of the police and search parties made up of friends. It is believed that the man was seriously affected by ill-health and mental collapse, and in an insane mood he deliberately made away with himself in the ghastly manner related. He leaves a widow and a 16-year-old son at 20 Borden-street.

STUDENTS DROWN TOGETHER.

Mystery Surrounding Death of Medical Student and Girl.

Chicago, June 5.—Jesse Miller, a medical student at the University of Chicago, and Miss Frances E. Moore, a "coed" in the same institution, died together yesterday morning beneath the hull of the Columbus caravel in Jackson Park. Whether the affair is double suicide or an accident, the police are unable to determine.

After renting a small boat they rowed in the direction of the Spanish boat. Miss Moore's hat and umbrella were found on the deck of the Pinta. One theory is that Miss Moore slipped on the deck and fell overboard, and that Miller, attempting a rescue, plunged after her. They were found with arms tightly clasped about each other's neck. Miss Moore was from Davenport, Ia., and Mr. Miller from Lincoln, Neb. They had been boating together frequently. Miller gave his name to the man from whom he rented the boat. "In case of accident," he said.

The boat had not been tied up to the Pinta, but was found drifting.

Nothing but the finest rods at Thomas'.

CROPS ARE SUFFERING.

Ottawa, June 5.—The greatest affliction in the Ottawa district is the drought. Root crops are completely ruined; hay will only be a half crop, and unless rain comes soon the grain crop will be seriously injured.

MEMORIE SWORN IN.

Victoria, June 5.—Premier McBride was last night sworn in as Chief Commissioner of Lands and Works, Mr. Tatlow, Finance; Mr. Green, Mines, and Mr. McPhillips, Attorney-General.

Smoke "Beaconsfield" Imported Cigars.

Who's Should Emigrate to Canada?—Publishers' Circular, London, May 23. "Who Should Emigrate to Canada?" is the title of an illustrated article by Mr. T. A. Haultain of Toronto, which will appear in The Monthly Review for June.

Ask for Whyte & Mackay's Scotch.

GO OVER THE ROUTE.

And Make Recommendations Concerning St. Lawrence Waterway.

Ottawa, June 5.—(Special.)—In the House yesterday Hon. Chas. A. Fitzpatrick agreed with the members of the Fisheries that accidents in the river and the gulf are due to inexperienced and inefficient masters, not to any defects in the route. Lines employing good crews went year after year without accidents. Mr. Fitzpatrick suggested that the government should employ Lloyd's to send out a competent agent at the expense of Canada, to investigate the alleged fraud in the Yukon and make recommendations. The representative would at the same time improve the route. The question of control of river pilots was also discussed. Both sides of the alleged fraud in the Yukon should be under the control of the government, instead of subject to the Harbour Board. W. R. Brock described the proposed franchise for pilots as the most tyrannical of trades unions. With these views the Minister of Marine and Fisheries agreed.

REV. MR. McKEEN ILL.

Winnipeg, June 5.—Rev. Mr. McKee, Orono, Ont., who came in on the General Assembly train yesterday, suffering from appendicitis, was taken to a private hospital at 206 Cumberland-st. Dr. Moody now has charge of the case, and reports the patient's condition as much improved since yesterday.

EDWARDS & COMPANY, Chartered Accountants.

200 Adelaide Street East
Geo. Edwards P.O.A. A. H. Edwards.

AS TO DR. CARMAN'S IDEA.

Mr. Whistey said the newspaper files for the past two years would show that he stood on the suggestion of Rev. Dr. Carman that the legislature be quarantined. The air was foul enough, Mr. Whistey said, and he did not think the situation had improved by the coat of whitewash that has been just laid on.

SKYLIGHTS AND FIREPROOF WINDOW FRAMES (SEE ESTIMATES). A. B. ORMSBY

Special Sale of Linens and Silks.

We would call the attention of the ladies of Toronto to our stock of beautiful Irish linen table cloths, all sizes napkins, hemstitched and fringed towels, towelling, plain and fancy handkerchiefs, etc., also a lovely range of bonnets, celebrated black taffetas and peau de soie silk. These goods will be disposed of at very low prices. N. Rooney, 62 Yonge-street.

Have you tasted Howard's Extra Quality?

Lord Salisbury had a CHILL.

London, June 5.—It was reported this morning that the Marquis of Salisbury was seriously ill at Hatfield house, his Hertfordshire seat, but inquiries showed the report was exaggerated. According to the former Premier's private secretary, Lord Salisbury had a chill during the night, which occasioned some alarm. He was better this morning.

"Dinna Forget" Armouries To-night.

TO-DAY IN TORONTO.

Decorations of Sir John A. Macdonald monument, 3 p.m.

Canadian Northern Bonds Guaranteed for \$9,360,000

Yield Interest at Rate of 3 per cent. and Must be Paid in 50 Years.

Ottawa, June 5.—(Special.)—Subsidy resolutions were brought down this afternoon, granting to the Canadian Northern Railway a guarantee of the principal and the interest of the first mortgage bonds, debentures and other securities of the company, to the extent of \$12,000,000 per mile of 720 miles of railway, the bonds to be at the rate of 3 per cent., payable half-yearly, and the principal to be paid in 50 years.

This guarantee applies to the extension of the line of the Canadian Northern from Grand View, the point where what is known as the Gilbert Plains branch of the railway ends, to a point at or near Edmonton, a distance of about 620 miles, and also to the Prince Albert branch of the railway, from a point 100 miles east of Prince Albert to Prince Albert.

The mortgage is to form a charge upon all the lines of the railway in operation and property franchises of the company. It is to be a first charge upon the extent of \$10,000 per mile, but to rank after a first charge for the remainder.

The Government Council, or any authority created by parliament for these purposes, may also grant sub-subsidy of any kind. These were the strong followers of Sir William Mulock, who is the most uncompromising enemy of the Grand Trunk Pacific in the cabinet.

Archie Campbell advocated government construction and government operation of the line or leasing of it. The government ownership men received scant encouragement. These were the strong followers of Sir William Mulock, who is the most uncompromising enemy of the Grand Trunk Pacific in the cabinet.

SOME OPPOSE SUBSIDY IN A LIBERAL CAUCUS

But it is Expected That G.T.P. Will Get Cash for Part of Its Line.

Ottawa, June 5.—(Special.)—A caucus of government supporters to-day dealt with the question of assisting the Grand Trunk Pacific Railway. Many members expressed their views, which echoed all the conflicting influences in the cabinet. The Grand Trunk friends demanded assistance to the transcontinental line on the basis that the Canadian Pacific and the Canadian Northern received government aid. A majority of Ontario Liberals opposed a subsidy of any kind. These were the strong followers of Sir William Mulock, who is the most uncompromising enemy of the Grand Trunk Pacific in the cabinet.

Archie Campbell advocated government construction and government operation of the line or leasing of it. The government ownership men received scant encouragement. These were the strong followers of Sir William Mulock, who is the most uncompromising enemy of the Grand Trunk Pacific in the cabinet.

CONTROL BOAT FROM LAND.

Device Invented to Make Vessel Obey Man on Shore.

Boston, June 5.—Charles Alden of Rochester has just completed a series of experiments by which he is enabled to control all the movements of a boat in midstream while sitting on the bank.

The device used is similar to the wireless telegraph. The scene of his operations is at Milton, on the Neponset River. Here a small motor boat, with two large coils of wire is set in the ground near an eight-volt battery. The boat is connected to the battery by means of a transmitter on the shore. The inventor sends wireless impulses to the boat and is able to make the boat stop, start, go ahead, back water, and perform all other movements of a real vessel.

Alden states that it will be easy to put such an apparatus into operation in a large boat, the only thing necessary being to direct and send the impulse from the transmitter on shore to the receiver on the boat.

The inventor is now at work on a model of a Hobcat to be similar to the one which he believes he can put in practice on big boats.

SUBSTITUTE FOR MULES.

Electric Motors Will Haul Boats on the Erie Canal.

Albany, N.Y., June 5.—It is announced here that a test will shortly be made of electric motors for hauling boats on the Erie Canal. Two motor cars are being made at Schenectady. Poles are to be erected for a mile and a half along the Erie and an experimental system is to be installed. There are three rails to be laid, one for the motor, one electric "mule," or car, will run on the lower rail, guided by the rail above, upon which another car will be run in the opposite direction. The cars are small and each will be operated by a man on the boat. The cable will be stretched from the car to the boat.

THE CAMP AT NIAGARA.

Nothing Succeeds Like Success.

The gratifying success of the Solar Gas plant, which replaced the Solar Aestylans outfit at Stanley Barracks, has so impressed our military men that the headquarters tent at Niagara Camp will be lit with Solar Gas. The Y.M.C. tent is also lit with "Solar," only this year they have brought the outfit instead of renting it.

ROOSEVELT HOME AGAIN.

Washington, June 5.—President Roosevelt returned to Washington from his trip through the far west about 7 o'clock this evening. He was escorted to the White House by the local militia.

Highlanders' Concert—Armouries.

Principal Caven Rests Quietly.

Rev. Principal Caven was resting easily at midnight, and had done so during the night. He has taken considerable interest in the doctors are entertaining great hope for his recovery.

Fromenade Concert To-night.

If Not, Why Not?

You should have Accident Policy. See Water Hill, Blight, Phone 270, Medical Building, Bay and Richmond-streets. 138

Ask for Whyte & Mackay's Scotch.

The Royal Foresters Band will parade at their band room at 1:45 p.m. to take part in the veterans' parade.

Armouries this evening.

WOMEN WATCH LYING.

Greenville, Miss., June 5.—John Dennis, a negro, was lynched here at 4 o'clock this afternoon by a mob of 200 men. The negro had attempted a criminal assault. When the streets were crowded by women shoppers a body of 100 determined men went to the jail and demanded admittance. Dennis was taken to the telephone exchange and hanged on the cross-arm of a telephone pole. Many women witnessed the lynching.

ARCHBISHOP MACHRAY HOME.

Winnipeg, June 5.—His Grace Archbishop Machray of Rupert's Land, and of all Canada, returned to the city today after a long absence in England.

Smoke "Beaconsfield" Imported Cigars.

DETAILED IN THE MERSEY.

Liverpool, June 5.—The White Star Line steamer Cedric, Captain Lindsay, which sailed yesterday for New York, is detained in the Mersey. It is supposed that she had an accident to her machinery.

LAST WANSTEAD PATIENT.

London, June 5.—John Bird of Chicago, who was injured in the Wanstead wreck, left for Chicago today, fully recovered from the effects of his wounds. He was the last Wanstead patient at the hospital.

TORONTO HOME COMERS' FESTIVAL JULY 1ST TO 4TH 1903

A most excellent site has been selected on the Island for the main display of fireworks on the evening of July 2, in connection with the Home Comers' Festival.

City of Hamilton

PROBABLY FATALLY BURNED

Little Daughter of Eleanor French Was Playing With Matches and Clothes Caught Fire.

CENTENARY CHURCH RAISED \$5000

Novel Method of Take Money—Curtain May Be Taken From Dundurn.

Hamilton, June 5.—It is feared that a little daughter of Eleanor French, 99 Grant-avenue, will lose her life thru a terrible accident this afternoon. She was playing on the street with matches, and in some way set fire to her clothing. She was soon enveloped in flames. Her shrieks of anguish soon brought assistance, but not until she was so severely burned that it is feared she will die.

Headache Tells of Exhausted Nerves

Lasting Cure Comes With the Use of Dr. Chase's Nerve Food.

Headache is a symptom rather than a disease in itself and is usually accompanied by indigestion, bodily weakness, nervousness, irritability and an exhausted and rundown condition of the system. Dr. Chase's Nerve Food permanently cures headache by building up the system and restoring vigor to the nerves.

ment, with promises of more aid in the... up hope yet of getting a whole regiment. The matter will be settled by July 1.

This morning Judge Monk fined Jack Lacey \$10 for assaulting P. C. Canary, and \$5 for leaving the marks of his feet on the pavement.

TAYLOR IN ON TWO DEALS

Continued From Page 1.

been sold for \$8000. He paid Mr. Grant \$2500.

"What other transactions of this kind have you been in?" asked Col. Matheson.

"Are you trying me now?" "He's got a right to object," Mr. Conmee put in.

"We got a right to know," said the colonel.

"First Government Deal." Mr. Taylor said that this was the first time he had divided on a deal of government timber limits since he was in the government service.

"We want to know all about your dealings since you have been in the government employ," Mr. St. John said.

"Have you the right to go into that?" asked the witness.

"Have you dealt in anyway in timber purchased from the government, in which you have participated in the profits or received some of the money in connection therewith since you have been in office?" asked Mr. St. John.

"If you can put your finger on anything you can ask that," answered the witness.

"I don't know what to answer." "It's a difficult one," said Mr. Conmee.

"It's not right, it's indelicat, this making apologies for questions," Mr. St. John said.

"The question is a double one and can't be understood," Mr. St. John said.

"No importance," said Mr. St. John.

"Oh, you couldn't run me in North Grey, and you can't run me here," Mr. McKay said.

"If you can't keep order," the chairman said, "I'll have the sergeant-at-arms up here and put some of you out into the hall."

Several members took part in the discussion as to the propriety of the question, but the witness refused to answer that it was in order and the witness should answer it in his own way.

Mr. Taylor then went on to say that he had participated in an order for five million feet on it and Chew Brothers got it from the government in exchange for the government timber.

Mr. Taylor said he got \$1900 out of Sullivan's option. He supposed Sullivan got the same. This was in 1901.

Mr. Lathford objected to this matter being gone into, but Mr. St. John replied that it was about time the committee investigated.

Mr. Taylor said he had a conversation with the government being too long in power and officials being enabled to use their position to go into private business.

Just for Pure Love. "Did the \$1900 come from Chew Bros. or Monroe?" asked Mr. Lucas.

"And what did you do, to get you \$1900?" "Oh, I stood in on the deal."

"That's all—just pure love?" "That's all."

"Wonderous love between you and the captain." Adverting to the Shannon deal Mr. Taylor said he had no evidence of the value of the limit when it was sold by the government for \$250. These were the only deals he went into and what money he got he kept.

A Grave Matter. Col. Matheson addressed the committee when Taylor stepped down.

It is a grave matter for the government," he said, and they must take the responsibility. I think there are two or three matters for the state.

Mr. Taylor said he had a conversation with the government being too long in power and officials being enabled to use their position to go into private business.

MURDERER MAY ESCAPE COLLINGWOOD CASE

Blunders Contribute to Increase Mystery and Hinder Revealing Little of Importance.

Collingwood, June 5. (Special.)—With ill-concealed impatience, this community awaits an arrest in the Whalen murder case.

All clues have been sifted, and the really mysterious affair has proven more difficult to fathom from day to day.

As to Other Clues. While the officers are pursuing these fleeing tramps, other clues are being followed up around Collingwood.

Fears of the Citizens. As the case stands today, there is every reason to fear that the murderer of the Whalen child will escape.

Much bitter comment has been indulged in by Collingwood people. They indicated their anxiety by offering a reward of \$500 for the apprehension of the murderer.

Working in the Dark. If the Provincial detectives are very anxious to locate the black and white tramps, the Collingwood newspaper men think it extraordinary that they have not been supplied with their description.

Field for Speculation. The peculiar ramifications of the case afford a field for speculation broader than any murder committed in Canada for many years.

Use of Handkerchief. To what use was the handkerchief put? Is another query that stimulates the theorists.

ALMOST A DYING WOMAN. Mrs. Jansia L. Sellers Shows Almond Her Pains of Dotted's Dyspepsia Tablets—through Her Almost Death to Life.

I believe Dotted's Dyspepsia Tablets have made a sound cure of me after being for seven years almost a dying woman.

It is curious like this that give Dotted's Dyspepsia Tablets their popularity. They not only relieve but cure permanently indigestion and dyspepsia of all stages.

DRESS MAKERS

And All Women Who Work, either for their Living or for Society, are Subject to the Same Organic Troubles. How Many Are Cured.

A gorgeous costume flashed beneath the brilliant lights of a ball room. The queen of society is radiant to-night.

To that queen of society and her dressmaker we would say a word. One through hothouse culture, luxury and social excitement, and the other through the toll of necessity, may some day find their ailments a common cause.

Nervous prostration, excitability, fainting spells, dizziness, sleeplessness, loss of appetite and strength, all indicate serious trouble, which has been promoted by an over-taxed system.

For the society queen and the dressmaker alike, there is nothing so reliable as Lydia E. Pinkham's Vegetable Compound to restore strength, vigor, and happiness.

Six Years' Suffering Cured. "DEAR MRS. PINKHAM:—I suffered for six years, sometimes being unable to get about at all.

If there is anything in your case about which you would like special advice, write freely to Mrs. Pinkham.

REWARD.—We have deposited with the National City Bank of Lynn, \$5000.

SCENES FROM THE COLLINGWOOD TRAGEDY WHERE GLORY WHALEN WAS MURDERED.

Chap. 1—Glory leaving home, girl with books under her arm, carrying a small bag and parasol. Long curls and chip straw hat.

Chap. 2—Walking down railway track to death, showing town in the distance, and rough character watching her from the bush of roadside.

Chap. 3—Beat down with bludgeon, showing tramp rushing from bush, striking child from behind.

Chap. 4—Carrying victim into bush, showing murdered girl in arms climbing stile over wire fence.

Chap. 5—Climax of Whalen tragedy, showing child on ground in bush with handkerchief over eyes, hat still on and murderer.

Chap. 6—Escape of assassin, showing fleeing man with revolver in one hand and body of child lying where slain with one arm across body, other up to head.

that it indicates much deliberation, and the intention of the murderer to hold the child in custody some time before finally destroying her life.

condor and readiness to answer questions from any source is generally commended upon.

Murdered Girl Timid. The murdered girl was very timid and shy. The theory that she was a stranger is not considered for a moment, and indeed even by a friend, because her time was limited.

Motive of Crime. Outrage is generally considered the motive for the crime. The failure to consummate this purpose is another mysterious factor.

Two Tramps Jailed. Woodstock, June 5.—Two tramps, one black, are in jail here as suspicious characters.

A Sick Liver. Can work havoc with human happiness. It can change the cheerful philanthropist into a morose misanthrope.

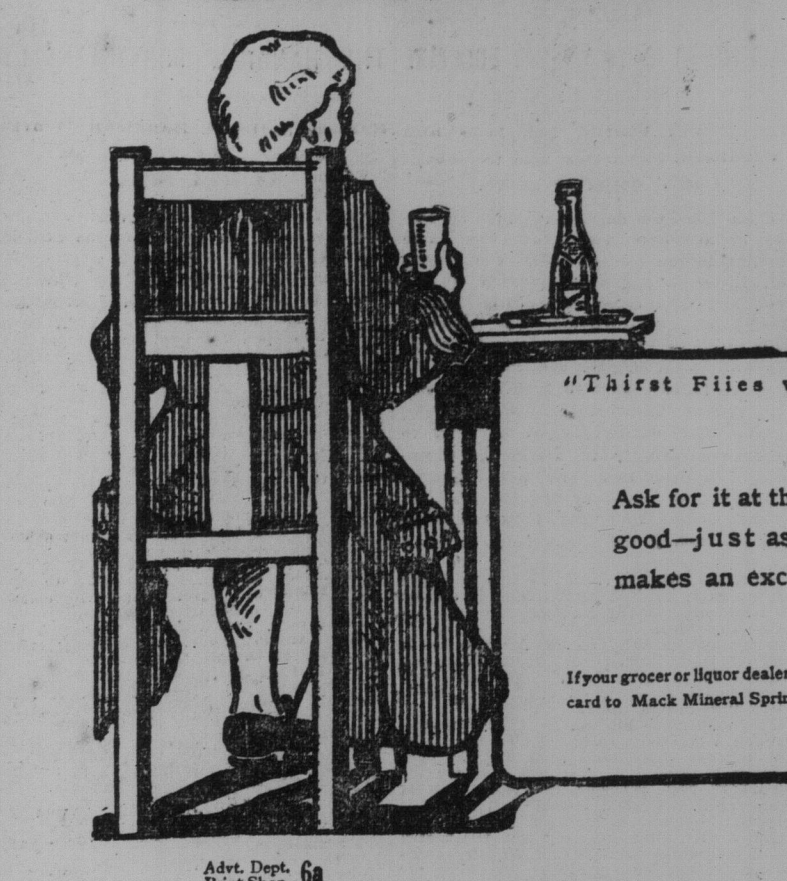

Woman "Not Guilty." Rochester, N. Y., June 5.—The jury in the case of Lulu Miller Youngs, charged with the murder of Florence McFarlane, brought in a verdict this evening of "not guilty."

From Buffalo. Buffalo, June 5.—At a meeting of the Canadian Club here to-night, it was decided to attend the Toronto Homecoming Festival next month.

The Cause of Dyspeptic Pains. They arise from the formation of gas owing to improper digestion. A very prompt and efficient remedy is Peppermint.

It is curious like this that give Dotted's Dyspepsia Tablets their popularity. They not only relieve but cure permanently indigestion and dyspepsia of all stages.

ADVERTISING RATE.

15 cents per line—with discount on advance orders of 20 or more insertions, or for orders of 100 or more lines to be used within a year.

Positions may be contracted for subject to earlier contracts with other advertisers. Positions are not guaranteed.

An advertiser contracting for \$1000 worth of space to be used within three months may have, when practicable, a selected position without extra cost.

Inside page positions will be charged at 20 per cent. advance on regular rate.

All advertisements are subject to approval as to character, wording and display. Advertisers are free to examine the subscription lists at any time.

"Want" advertisements, one cent a word each insertion.

JUDGES AND POLITICS.

The point that is most strongly impressed on the public mind today is the unwisdom of using the judges as umpires between politicians. The Ganey-Stratton case was to be "taken out of politics" and removed to the serene atmosphere of a court.

Will Mr. Ross dare to do it? He has done some daring things in his day, and carried them thru with temporary success at least. Several Liberal members of the legislature are on the board of the school, and are enforcing the request. It would be a gross breach of faith with those bodies who solemnly entered the compact of university federation, particularly the Methodists, who have spent a million in loyal objections to that compact.

Today will be the twelfth anniversary of the death of Sir John A. Macdonald, and it is worth noting that another anniversary connected with an important event in his career and that of his party is approaching. It is nearly fifty years since the reconstruction of the party was effected, largely by Macdonald. In 1854 the Macdonald-Morris government was formed. It was termed a coalition, and maintained that character for some time, and received the approval of Robert Baldwin, then living in retirement. The result was a reconstruction of the two parties, Macdonald retaining the leadership of one, and Brown to the leadership of the other.

There may be in the minds of some well-meaning persons a notion that politics may be cleaned and improved by removing such cases to the courts. We have not the slightest faith in such a policy. It is a policy of shirking responsibility. We must meet and fight political evil in its own field. The politicians may be as bad as Dr. Carman says they are. But they are the representatives of the people under a democratic system, which is now firmly established, and the consequences of which cannot be shirked. The best way is not to try to shirk them but to accept democracy with all its incidents and make the best of it. If the people are not satisfied with their present representatives, elect better representatives. If they are not satisfied with the government of one party, defeat it and try another. If they are dissatisfied with both parties, break them up and form a new party, or insist upon government by the best elements of both parties.

Public opinion in this country needs to be quickened, not lulled into indolence by passing political duties over to judges. More, not less, power should be taken by the people and their representatives. The principle of responsible government should be strengthened, not weakened. The duty of judges is to interpret the law. In making them umpires in political disputes there are two evils; political duty is shirked by public men, and judges are dragged into politics, to the injury of their reputation for impartiality. A general agreement by judges to refuse all such references, except where extraordinary circumstances exist, would promote good government, and preserve public confidence in the administration of justice.

LAX ADMINISTRATION.

Are the minds of the directors of Ontario easy as to what has been going on in the Parliament Buildings? For years the administration of the Crown Lands Office was dwelt upon as a reason for maintaining the government in power. The campaign pamphlet for the elections of 1902 contains a list of prices that had been realized for limits. The results of the sales, it said, "have amply justified its policy of disposing of timber lands by public auction, by means of which the largest profits are secured to the revenue."

Such a policy was the old practice. Today we find Capt. Sullivan and Theodore C. Taylor, accountant of the woods and forest branch, obtaining a limit for \$250, and immediately selling it for \$6000. Mr. Taylor made \$1000 out of another timber deal in which the captain was concerned. He said that he thought it was quite proper to engage in such transactions for himself. Then there was the remarkable evidence of Frank Sullivan, and there was the defalcation of Alfred McDougall, by which the province lost many thousands of dollars. That staunch Liberal paper, The Kingston Whig, says: "Whatever be the outcome of the

necessity was political. The next stage in the deal took some time to develop. The School of Mining was in process of time affiliated with Queen's University. After the time the school absorbed the other, the staffs and the pay sheets got mixed up in a wonderful way, and several transformations took place, as a result of which, finally, the school became a faculty of Queen's, and, strange as it may appear, the faculty of the school became the science faculty of Queen's. Let us put this into plain English. The government gives a large grant annually to the Mining School. Last year it was \$23,500, a nice tidy sum, particularly when we remember that the School of Practical Science, the whole school, cost the province only \$17,480 for the same year. What was done with this large grant at Kingston? Part of it was spent on engineering, but the larger part went to pay the professors of Queen's University in science subjects and mathematics. Under cover of the School of Mining, the government is establishing a second provincial university at Kingston. The whole sum already voted or handed over to this second provincial university amounts to \$224,800.

The third step in the deal is now imminent. Queen's University is asking the government to take over the Mining School and make it a provincial institution. It would be bad enough to saddle the province with two schools of engineering, one at Toronto and one at Kingston. A good school of this kind costs hundreds of thousands to equip, and a couple of hundred thousand or more annually to run. And yet it is proposed that Ontario shall have two of these schools, when the wealthiest State over the border cannot afford more than one. But when we remember that the taking over of this school saddles the province for all time with the science departments of Queen's University, the enormity of the proposition becomes apparent. It means that for petty political exigency this province is to be committed to the policy of the second or third rate universities. This is inevitable if the step is taken. The province has not now will it have for generations, the money to support two good universities.

THE BLAME FOR PARTISANSHIP. When the parties to a dispute voluntarily hand it over to arbitrators, each choosing an arbitrator, and the two choosing a third, they are bound to accept the result. None of these conditions is fulfilled in the case upon which Chancellor Boyd and Justice Falconbridge have just rendered judgment. The tribunal was forced upon Ganey and the opposition by a tyrannical exercise of the power of a party majority. Stratton and his colleagues dictated the terms on which they were to be tried, and named the arbitrators.

Had the government been wise and also confident of its case, it would have allowed Mr. Ganey or Mr. Stratton to name one of the judges, and would at least have given the legislature to read the names of the judges in the Globe. It chose to make the most unwise and the most arrogant use of its party majority, and to drag the judges into the political arena; and it must take all the responsibility for the fact that the judgment is treated as a campaign document.

SOME SURPRISING FIGURES.

As a continuation of the two great receptions accorded Dr. Orouhatekha in New York and New Jersey by the subordinate courts there, the membership of Toronto are giving a reception to the Chief on the 11th of this month to celebrate his home-coming, at which it is expected over 400 candidates will be presented to him for initiation. Those who know the Supreme Chief Ranger best will realize what a welcome greeting this will be to him. He has also promised the brethren of several other large centers in the United States and Canada to be present with them at joint initiations now in the course of preparation.

It will be interesting to our readers when we tell them that the Independent Order of Foresters added to its accumulated funds during the month of May last the sum of \$83,000, this being the largest addition to the surplus in any one month in the history of the order. The Ranger, who has said yesterday that he expected the order would soon be adding \$100,000 a month to its accumulated funds. The membership is now over 213,000. The new members added at the joint initiations in New York and New Jersey cost individually to the order not over \$1.25 each. These are staggering figures to the life insurance world. Old line companies would have to pay for such risks probably twenty times as much. This gives one strong reason why the I.O.F. is so strong in low premium rates for sound insurance.

Circus Pickpockets Nabbed.

Kingston, June 5.—Detectives to-day collared pickpockets caught red-handed in relieving people on the Kingston and Pembroke R.R. trains, who were coming to the circus. They had been giving their names as Harry of Montreal, and Norton of London.

Saturday to Monday Excursions.

Commencing Saturday, June 6, the steamer Toronto leaves Toronto at 4 p.m. and returns the following Monday. Offered to Charlotte Harbor, Rochester, Kingston, Thousand Island points Brockville and Prescott.

HAVE YOU ASTHMA?

If so, we want you to get rid of it. We provide the means. Send us your free sample, which will prove to you what Clarke's Kola Compound will do. We know that a way we're willing for you to test it. The Griffiths & Macpherson Co., Limited.

Public Accounts Committee enquiry, in Ontario, the fact is clear that there exists a very serious state of affairs. The City is that Capt. Sullivan was not sooner on the spot to give what information he could in regard to the timber deal in which he was engaged. He alleges that he has not been in the employment of the government in any capacity since 1899; but he has not been idle, and disposed of his time for which he was applied in the name of one Shannon, for some \$8000, one-half of which was paid to the chief clerk of the Crown Lands Office. Taylor has to be heard in defence, and he will be given the fullest opportunity of telling his side of the story. He is now under suspicion, and will deserve dismissal, even more, if it be shown that he was using his position and his knowledge to advance his personal interests.

The grafters must be kept out of the public offices. The people's demands are that the grafters must not be menaced by the operations of men who are conviving and scheming. How many of the young Sullivan confessed he had been, to get something in exchange for wit and realize upon the sale. If the Game scandal has done little else it has shown the necessity for civil service re-organization and reform. The men in the public offices may be underpaid. They may not be rewarded for their labors as they are in commercial life. But they must be free from suspicion and from the charge of partisanship. A complete cleansing of the public service.

This is good so far as it goes. But something more than civil service reform is required. The Ministers are responsible for what is done in the government offices. Here are three causes. How many of them have been exposed? The Globe, in dealing with charges against the late government at Ottawa, emphasized very strongly the principle of Ministerial responsibility as the only safeguard for the interests of the people. Suspending or dismissing a civil servant is only pruning the tree. Root and branch reform is required. Here are three departments in which serious faults have been discovered—the Treasury, the Crown Lands Office and the Public Works Office. How far has the infection spread?

TWO TENDERS FOR EAST LINE

The Dominion Line and the Allan Line Have Asked for Federal Subsidies.

IMMORAL PLAYS BILL PASSED. Senator Gibson thinks that the Government should put a stop to strikes.

Ottawa, June 5.—(Special.)—Two tenders have been made for the fast Atlantic service. They were submitted to the Senate by Hon. R. W. Scott today.

The Dominion Line offers a fortnightly service of 16 knots for \$200,000 annual subsidy, with sea postage freights.

The Allan Line, for the same service, or to Halifax all the year round, \$300,000, each payable half yearly.

The first tender was under the signature of the British and North Atlantic Steamship Company. Sir MacKenzie Bowell asked for particulars as to the company.

Hon. R. W. Scott was unable to give them, but he thought it was the Dominion company which possibly had secured a charter in England.

The bill to amend the Criminal Code regarding obscene and immoral plays received a third reading and passed. Hon. R. W. Scott offered some further explanations concerning the bill designed to add to the settlement of labor disputes. It was in the direction of conciliation, he said. He did not think compulsory arbitration would be accepted.

No Compulsory Arbitration. Senator Ferguson understood that there was no compulsory arbitration, but he found some clauses dealt with conciliation, whilst others provided that the Minister "may" appoint a Board of Arbitration. He could not see that the arbitration would be of any use unless it were compulsory and the award binding.

Senator Loughheed thought it had been omitted to be pointed out that the bill was really to enable the government to appoint a conciliation board, irrespective of the railway companies. Sir MacKenzie Bowell allowed the second reading to go without consenting to the principle of the bill. New Zealand had compulsory conciliation which had so far proved an utter failure. No arbitration would be useful without being binding. If the decision was enforced in favor of capital, the unions would have none of it, and vice versa. He did not object to organizations for self protection. It was good, but he was not prepared to go beyond this. If unions went beyond it would be better to put a stop to them.

Should Stop Strikes. Senator Gibson asked if the arbitration was not binding what was the use of the legislation. The bill was one-sided. The men might have a grievance of which the railway companies were ignorant. If the bill went no further than Mr. Scott said, it would be of no use. There was a very strong feeling abroad that too much legislation in favor of the unions was being made. The government should take steps to stop strikes. Many people wished to be heard on this bill, and he asked that a day be fixed for their hearing.

Senator Scott fixed Tuesday, June 15, upon which date all interested parties will be better to put a stop to them.

Criticized the Bill. Senator DeBoucherville criticized the bill to amend the General Elections Act, 1900, which, he said, was too arbitrary when it provided that anyone who shall represent to a voter that the ballot is not secret shall be guilty of an offence.

Sir MacKenzie Bowell said that the Dominion ballot was as secret as it could be made. The Ontario ballot was not, and civil servants were afraid to vote against the government.

DIED FOR HIS WIFE. Captain Bean, Crushed While Trying to Save Her.

Saint Joseph, Mich., June 5.—The schooner H. M. Avery was run down at her dock by the steamer Puritan here yesterday. While trying to save his wife, Capt. John D. Bean of the schooner was crushed to death.

The Avery was just in with a cargo of wood and had scarcely got her lines cast when the Puritan left her dock for another wharf. When the Puritan got under headway it was seen that a collision was inevitable. Capt. Bean sprang across the dock to where his wife stood unconscious of danger. Then the steel prow of the steamer smashed into the schooner and in the shock Mrs. Bean was thrown into the water.

Even then the captain could have saved himself but he sprang into the water after his wife and the Puritan rebounding from the impact caught him and crushed him against the wharf. The woman was rescued. She is nearly insane from grief and fright.

Capt. Bean was 50 years old and known all over the lakes as Indian boy, a sobriquet he acquired in his younger days.

MISMANAGEMENT OF THE G.T.R. Editor World: Referring to the cartoon in yesterday's World representing the G.M. of the Grand Trunk Railway firing cannons at Ottawa to produce a refreshing subsidy shower, I desire to remark that if the G.T.R. would attend less to politics and more to good management, there might be a diminution in the number of accidents. It may be possible that the G.T.R. has a good thru traffic system, but that alone seems to be cared for and catered to. The management or rather mismanagement of the branch lines is positively disgraceful and any person can find it out by traveling on same. No attention whatever to the safety or comfort of passengers appears to be paid. The trains are scarcely ever on time, and all the old engines and cars are used. I do not attach any blame to the local employes of the road, they cannot remedy matters, the fault lies at headquarters. For one thing, there is not a sufficient number of men employed to do the work properly, the consequence is that those who are employed are over-worked and accidents result. It is time that some consideration was paid to the branch line traffic.

E. J. Beaumont, Galt, June 4, 1903.

CAR HELD UP BY MOSQUITOS. New Brunswick, N.J., June 5.—A literal shower of mosquitos stopped a trolley car on Saturday night last when it was half way between Bound Brook and Dunellen, en route for Riverdale Park. Motorman Olbey was attacked on all sides, and was obliged to bring the car to a standstill. The passengers were also attacked and compelled to leave the car to escape the pests.

After a delay of about twenty minutes the swarm passed over, taking a course toward the north. The attack resembled a heavy shower, the insects, with loud humming and buzzing, swooping down nearly as thick as raindrops. Altho the passengers retreated a majority of them are carrying painful bumps on head, face, neck, and hands as a result of their experience.

Band Concert at Island. The band of the Royal Grenadiers will play the following program at Island Park this afternoon from 3.30 to 5.30: Two step, The Strollers, England; valse, La Lettre d'Amour, Stewart; selection, Crines of Deron, Ludov. Swedish Peasant's Dance, Host; Trombone Solo, The Deathless Army; selection, Wizard of Oz, Anderson; popular melody, arranged by J. Waldron; selection, San Toy, Sidney Jones; Polka, Jolly Japanese, Nita.

GAMEY DEBATE ON TUESDAY

Legislature Will Clear Off Most of the Paper Before the Fun Begins.

WHITNEY WANTS EVIDENCE PRINTED

Premier Will Consider Suggestion if There is to be a Prolonged Debate.

It is unlikely that the legislature will reach the debate on the Gamey report before Tuesday. There is an understanding that the ordinary business of the House is to be put forward as far as possible on Monday, and the paper cleared off before any extraneous matter is allowed to come in.

The Premier replied that if there was going to be a lengthy debate on the report it might be well to have the evidence printed. The cost was the only objection. It was promised, however, that the matter would be considered.

ONE MILLION CHINESE STARVING.

Awful State of Affairs—Children and Women Offered for Sale.

Hong Kong, June 5.—The estimate of Governor Wong of Kwang Si Province, that over one million natives are starving in the territory in his jurisdiction, is pronounced here to be approximately correct.

OF INTEREST TO BRIDES.

Among the great industries in which Canada has perfected herself in the past five or six years, the manufacture of furniture is one in which she has made exceedingly rapid progress.

THINGS TO KNOW

About Coffee and What It Does.

"Being a very hard worker and of an extremely nervous temperament I fell into the habit of making coffee for both food and drink when my work was pushing me and my appetite poor."

NEWSPAPERS BLAMED.

St. Petersburg, June 5.—There is virtual unanimity of opinion in the press, barring the anti-Semitic papers, that the cause of the ritual murders and of the ritual murders is the newspaper "Bessarabotz."

Society Women as Hotel "Help."

Chicago, June 5.—The strike of hotel and restaurant employes has spread at the Chicago beach every man and woman employed in the hotel was ordered out, and every one of them.

Movements of Monarchs.

London, June 5.—It is officially announced that King Edward and the Empress Alexandra will arrive in Dublin July 21 on their visit to Ireland.

From the Klondike.

Among other large orders received by the United Typewriter Company, limited, this week was one from a large wholesale house in Dawson City, for five new model Underwood machines.

HARBOR COLLEGIATE GAMES.

Contests on Track and Field Decided Friday at Rosedale.

Harbor Collegiate Institute held its annual games at the "Varsity athletic field" yesterday afternoon. This is the first year that the collegiates have decided to hold their games separately.

Following are the results: Running long jump, open—D. Henderson 1, J. Kilinger 2, K. Curran 3.

Running long jump, 15 and under—R. Hunter 1, Habhaus 2, Thompson 3.

Running hop, step and jump, open—Kilinger 1, D. Henderson 2, Harper 3.

Running hop, step and jump, 15 and under—Habhaus 1, Vaughan 2, Hunter 3.

440 yards race, open—Kilinger 1, Acton 2, Jacks 3.

440 yards race, 15 and under—Habhaus 1, Durand 2, Vaughan 3.

High jump, open—Henderson 1, Medland 2, Webb 3.

High jump, 15 and under—Habhaus 1, Forsyth 2, Davidson 3.

100 yards dash, 15 and under—Habhaus 1, Durand 2, Vaughan 3.

100 yards dash, open—Kilinger 1, Bush 2, Acton 3.

220 yards, 15 and under—Dwight 1, Tyler 2, Varcoe 3.

100 yards dash, 15 and under—Habhaus 1, Durand 2, Vaughan 3.

220 yards, open—Kilinger 1, Bush 2, Acton 3.

DURING THE HOT WEATHER

There is nothing more cooling than a delicious cup of

CEYLON TEA ICED.

Sold only in lead packets. Black, Mixed or Natural Green—25c, 30c, 40c, 50c and 60c per lb. By all grocers.

OUR DECORATION DAY.

Queen's Park will be the scene of two interesting events this afternoon. The Conservatives of Toronto will join in commemorating the anniversary of the death of Sir John A. Macdonald.

The monument will be decorated with flowers, while prominent gentlemen will speak. The Canadian Militia Veterans will also decorate the monuments erected in the park to the fallen comrades of 1896 and 1885.

The parade will form at the Armouries at 2:30. Addresses will be delivered by the Lieutenant-Governor, Hon. W. H. Montague, E. F. Clarke, M.P.; Col. J. L. Hughes and others.

Coal Thrown Into the Lake. Oshawa, June 5.—The steamer Pueblo, coal laden, is ashore in St. Lawrence River, and the Water Lily, which went ashore, was released only after throwing several hundred tons of coal overboard.

Lord Minto at Belleville. Belleville, June 5.—Their Excellencies Lord and Lady Minto, with their daughters and staff, visited this city at 4 o'clock this afternoon, and were given a right royal welcome.

Edison President. Oshawa, June 5.—At the general session of the Bay of Quinte Conference.

London, June 5.—Replying to a correspondent who drew attention to a speech delivered in 1881, in which Mr. Chamberlain said a tax on food would mean a decline in wages, the Colonial Secretary says circumstances have changed, and he thinks experience has shown that the view he expressed in 1881 was erroneous.

Letters are published this morning from Sir William Vernon Harcourt, Lord Spencer, Lord Ripon, Lord Tweedmouth and other Liberal leaders, all vigorously opposing Mr. Chamberlain's Imperial Zollverein proposals as merely vested protection.

Mr. Chamberlain's Imperial Zollverein proposals as merely vested protection. Sir William Vernon Harcourt and Lord Ripon contend that they would be a fruitful cause of disputes between the Mother Country and the colonies, and of conflict with foreign countries.

Piano Recital at the Normal School. A large and fashionable audience attended the Normal School on Thursday evening, the occasion being a recital given by pupils of Mr. Frank S. Weisman, and the efficiency shown by the individual players in a program of some considerable length clearly demonstrated that Mr. Weisman, who is well known as a virtuoso of a high order, is also a very competent instructor.

The opening number, a study in smooth arpeggios, was charmingly played by Miss Marie Millman, and Miss Anna Stone showed considerable virtuosity in the Chopin E Major Etude. Mr. George D. Atkinson contributed a selection of three numbers, appearing perhaps to best advantage in the Rachmaninoff Concerto in D minor, which displayed a neat clear technique, both in the Rubinstein Barcarolle and the Liszt Hungarian No. 10. Miss Helen M. Grasset, who was down for two numbers, showed herself to be possessed of a fine voice, and her volume of tone produced in the concluding Allegro of McDowell's, in which Mr. Weisman accompanied her on the second piano, was almost orchestral.

Mr. Weisman has not only chosen the celebrated Mason & Rich Grand for his own concerts, but insists on them as the best instruments to exploit his pupils, and results produced fully justified his selection. The assisting vocalists were Miss Helen Hamilton, mezzo soprano, and Mr. A. Cameron, baritone.

Q.O.R. Ex-Members' Rifle Association. The annual meeting of the Q.O.R. Rifle Ex-Members' Rifle Association was held last night and was very largely attended. Lieut.-Col. DeLamere (Captain) in the chair. The following officers were elected for the year: Lieut.-Col. DeLamere, captain; William H. Meadows, first lieutenant; W. H. Clarke, second lieutenant; John Macdonald, treasurer; James Gorrie, secretary.

It was decided to put a medal in competition for the member making the highest aggregate during the month of May. The medal will be awarded to the member making the highest aggregate during the month of May. The medal will be awarded to the member making the highest aggregate during the month of May.

From Labor's Viewpoint. The "Toll": Stock speculation has been a craze in Toronto for years past all classes of the community having dabbled more or less in the uncertainty produced by the discordant clicks of the financial ticker. Many times attempts have been made to suppress "stock gambling," but always without success, the reason being that our dear delightful "representatives" in parliament were either interested in the rotten system themselves or were under the direction of those who were. For honest men of common sense, who desire to earn all they get, the proper course to pursue is to leave the stock market alone—leave it to the "get-rich-quick" fakirs who have placed themselves financially over a mine of gunpowder. Stock gambling is not business, and good business men will give it a wide berth.

Street Vars Collide. Two cars on the Metropolitan Railway collided at Thornhill yesterday morning. The collision was fortunately between two cars not on the time-table a motor car and freight car—and the bad result was thereby considerably minimized. One car was following the other, and the foremost started to return to allow a regular car the right of way. In doing so the car behind and the one returning ran into each other. The driver of the motor car was severely hurt, and the front of the freight car was injured internally, and Frank Moody, the other driver, had leg broken. Prompt action prevented any delay in the regular traffic.

New Athletic Association. The boys of the Walmir Road Baptist Sunday School have formed an athletic association and elected these officers: President, Dr. Ralph Hooper; vice-presidents, J. A. Vorston and William Walker; treasurer, C. D. Walle; secretary, A. G. Rosenberg, 892 Palmerston-avenue.

Church Dynamited. Rochester, Minn., June 5.—The Baptist Church in Byron was blown up by dynamite to-day. There has been a bitter feeling there between the churches ever since the Baptist minister resigned and joined the Methodist Church. No arrests have been made.

Who Wouldn't Be a Soldier? Berlin, June 5.—An old sergeant named Warnock, of the Ninety-Second Infantry, has been sentenced to thirty months imprisonment, and to dismissal from the army, after having been convicted of 100 instances of abuse of soldiers.

Everything Lively in Cape Colony. Cape Town, June 5.—The Governor of Cape Colony, Sir Walter Hely-Hutchinson, opened parliament to-day. In his speech he said he hoped shortly to be able to relax the remaining restrictions on liberty. In consequence of the success which had attended the policy of peace and reconciliation, all the races were settling down to their normal life. With the continuance of the present buoyancy of the revenue necessary increased expenditure would not involve additional taxation.

Great Clothing Sale. On Wednesday, June 17, Suckling & Co., will hold a great clearing sale of ready to wear clothing, by catalogue amounting to about \$25,000. Catalogues with full description may be had on application to the auctioneers, who guarantee to sell every garment.

Ontario Man in Kansas Wreck. Kansas City, June 5.—William Woods of Mount Forest, Ont., was one of the injured in the Santa Fe wreck yesterday, in which nine were killed and six hurt. The injured will all recover.

Pope in Usual Health. Rome, June 5.—The Pope was enjoying his usual health this morning. He showed no trace of his recent indisposition, and resumed his audiences.

Physicians and Hospitals. During the past twenty years, millions of bottles of Angier's Petroleum Emulsion have been sold, and nearly all upon doctors' prescriptions. It is also extensively used in hospitals, especially for consumption, and wasting diseases of children. A good reason why you should use it.

Dr. McLaughlin's Electric Belt. Made a Man of Me.

Dr. McLaughlin: Dear Sir,—It has done wonderful work. You can't tell me how I feel for I can now work ten hours a day, and I have gained in weight from 150 to 185 pounds. My health is something wonderful. I can truthfully say that I am stronger now than I ever was, and I have done up in selling every body what the Belt has done for me. I feel it a favor, and consider it my duty to let you know that you will have great demand for your wonderful Belt. I might say your health-restoring, man-building Belt, I remain, yours truly, JAMES CHAPMAN, 1205 Danforth Road, Toronto, Ont.

This is what Dr. McLaughlin's Electric Belt will do for you. It awakens new life and makes you feel young again. It does wonders in a few applications. It arouses all the dormant energies, develops muscular and nerve life, and restores the feeling of youth, courage and vigor. It makes men over again. It makes perfect men of the puniest, weakest specimens of "half-men."

I can take a man who is thin, puny and unenriched in appearance and pour this electric life into his body every night for a few months, with the proper exercise to draw it into the muscles and tissues, and I can add twenty-five pounds to his weight, double his strength and vitality, and restore him to health and strength, as I have often done. Look at the men who have worn my belt and you will see men of force, men of power and confidence, men who respect themselves and are respected and admired by their fellowmen.

Dr. McLaughlin: Dear Sir.—About a year ago I got one of your Belt, and up to this day I have never regretted it, as I think you have solved the great problem; this is the cure for almost all the ills which flesh is heir to. Since using the Belt I have been free from my old complaint, pains in the back, and above all, from varicose veins, from which I was a terrible sufferer. I have been able to do my work, and I have had a great deal of pleasure in my life. I have told a great many about your Belt and what it has done for me, and you can refer anyone to me for any details, and I will tell them freely what I know about it. I know what a Godsend your Belt has been to me, and so I remain, yours truly, J. MCKENZIE, 24 Warfield Road, Toronto, Ont.

My immense business is due to my knowledge of the effect of electricity upon the ailments treated, and the best way to obtain that effect. I take every case that comes to me as an individual, and direct the application of my Belt to suit the demands of each particular case. When you consider the fact that the electricity which I supply is life to the organs into which I send it, you can see how I get my results. My success comes from my cures. If I did not cure, my business would have been worn out long ago, as has the business of every other maker of electric belts. A great many schemers and frauds have gone into the electric belt business because they fancied it was an easy way to make money, and have resorted to very questionable methods at times.

Dr. McLaughlin: Dear Sir.—It is with pleasure I write you, thanking you for the good your Electric Belt has done me. I suffered greatly before I used it. Now do you know what a Godsend your Belt has been to me. I have been able to do my work, and I have had a great deal of pleasure in my life. I have told a great many about your Belt and what it has done for me, and you can refer anyone to me for any details, and I will tell them freely what I know about it. I know what a Godsend your Belt has been to me, and so I remain, yours truly, J. MCKENZIE, 24 Warfield Road, Toronto, Ont.

The human body is just like an engine. It breaks down when the physical energy is overtaxed. That energy is electricity. I have here a means of replenishing the electricity of the body, and that is the basis of my treatment.

Decay in old men is similar to general debility in younger men. Years have nothing to do with it. In each case it is the failure of the stomach to generate sufficient energy to supply the demands made by the vital organs.

How quickly we fail when the stomach fails to digest the food! That shuts off the supply of energy.

I have on record hundreds of instances where men of 75 to 90 have returned to the hard labor of their youth with a vim, after having worn my appliance three months.

Tell me where you live and I will send the name of a man in your own town I have cured.

If you are suffering from Rheumatism, Varicose, Stomach, Back or Kidney Trouble, Pains in the Back, Drain of Vital Weakness, call at once. I will cure you.

The reason so many neglect to use my Belt is that they are afraid it will fail like other things they have tried. To you I say: Offer me reasonable security that I will get my pay after you are cured and I will at once arrange a Belt with all necessary attachments to suit your case, and you

PAY WHEN CURED.

READ WITH CARE! Every patient wearing Dr. McLaughlin's Electric Belt receives FREE, until cured, the advice of a physician who understands the case. Positively, only electric appliance sold under direct supervision of a physician.

FREE BOOK.—If you cannot call, write for my beautiful descriptive book, showing how my Belt is used. It explains how my Belt cures weakness in men and women, and gives prices. Send for to-day. I have a Book especially for women. Address:

DR. M. O. McLAUGHLIN, 130 Yonge Street, Toronto. OFFICE HOURS, 9 A.M. TO 8 P.M.

REV. MR. MOORE RELEASED.

Will Quit Active Work to Join Lord's Day Alliance.

Brantford, June 5.—The release of the retiring president, the Rev. T. A. Moore of Zion Tabernacle, Hamilton, from active church work, to enable him to enter into the work of the Lord's Day Alliance, was the feature of this morning's conference. The matter was brought up by the appearance of Mr. John A. Paterson, K.C., of Toronto before the conference to prefer the request for this release. Mr. Paterson briefly addressed the conference, explaining that they desired Mr. Moore to act as secretary of the Alliance and as Assistant Secretary to the Dominion Alliance.

The Rev. Mr. Moore, after the conference had agreed to the request of Mr. Paterson, delivered a brief address, in which he declared that the preservation of the Christian Sabbath meant the preservation of all that was best and noblest in the social life of Canada.

The Rev. Mr. Moore was then very cordially thanked for his splendid services to the church and in the conference by Mr. Paterson, delivered a brief address, in which he declared that the preservation of the Christian Sabbath meant the preservation of all that was best and noblest in the social life of Canada.

A resolution was passed appointing a special committee to inquire into the best means for interesting and retaining young men in the church. The Rev. Jabez H. Dyke of Erin delivered an address on "Hope." The speaker described hope as supernaturally given. It acted as an inspiration, and was the greatest comfort and help of man in his life. When hope was hallowed by the Divine Being it lightened the whole Christian life.

The Rev. W. Kettlewell, who is going into the London conference, and the Rev. W. E. P. Scott, M.A., who is going to Vancouver, said farewell, and were bidden a hearty goodbye by the conference.

TIME BRINGS ITS CHANGES.

Mr. Chamberlain's Views Have Altered—Others May Do Same Yet.

AGAINST GOVERNMENT OWNERSHIP

Bob Holmes, M.P., Comes Out in Opposition in His Paper.

Clinton, June 5.—Bob Holmes, M.P., writing in his paper, The New Era, from Ottawa, says I alluded recently to the important railway matters that are under consideration this session, and I incline to the opinion that it would not have been amiss to have devoted two or three months to railway matters alone, because of their growing importance.

The House has been considering this week, clause by clause, the Railway Commission Bill, introduced by Mr. Blair. Its general importance necessarily makes consideration very slow, and it will take all the spare time of parliament between this and adjournment, which looks to be near Christmas, before it is passed.

The government has not declared its policy so far as assisting the Grand Trunk Pacific is concerned further than to say that no land grant will be given. In view of the rapidly increasing value of land in the west, this is regarded as a wise decision, yet I saw a letter from Mr. Blair, in which he bitterly protests against the government's policy of not giving a land grant.

It is reported that the financial assistance given will be a guarantee of bonds, which means no cash outlay as far as the country is concerned. This is what Mr. Blair's report of the inter-colonial management for the past year, showing a very marked improvement over any previous year; the Liberal party (Mr. Blair) deserve a good deal of credit for this, because the C.P.R. has hitherto been a sink-hole.

Government ownership looms up in this connection, and the proposal to build a line to the coast looks feasible on its face, but there are a good many objections, not alone to ownership, but also to government construction. No government could possibly construct a railway as cheaply as a private individual or company, and a national line of seemingly unavoidable construction and jobbery. At any rate no such temptation and power should be placed before any government. There have been governments that would jump at the opportunity of expending for the construction of a national highway, seventy-five or one hundred million dollars, because the control of that large amount of money would mean a great many votes in an election campaign, but I am glad to believe that this government does not desire any such opportunity. If the members of it simply wanted to pander to a popular fallacy, I would say at once for them to accept the policy of government construction and ownership; but if they want to remain honest, as they have proven themselves to be, they should not touch it with a forty foot pole. Our experience with the Intercolonial has been an expensive one far beyond what the people realize, and the "mistake" made in connection with that road should never be repeated in a free country.

Slits for June. No hat to take the place of a silk for June Sabbath wear—or for June weddings—no hat worth wearing but a good silk. Dineen's are good silk hats—he is agent for Dunlap and Heath, the biggest makers in the world. Store open Saturday night.

Foul, Loathsome, Disgusting Catarrh! Secure Relief in 10 Minutes and a Radical Cure.

Does your head ache? Have you pain over your eyes? Is there a constant dripping in the throat? Is the breath offensive? These are certain symptoms of Catarrh. Dr. Agnew's Catarrhal Powder will cure most stubborn cases in a marvellously short time. If you've had catarrh a week it's a sure cure. If it's of fifty years' standing it's just as effective.

Dr. Agnew's Pills are the best. 10 doses 10 cents.

YORK COUNTY AND SUBURBS

Volunteer Firemen Ask Retraction From Councillor Bond or Will Quit the Service.

CAR ACCIDENT ON METROPOLITAN

East Toronto is a Very Healthy Place—North Toronto Happenings.

Toronto Junction, June 5.—The volunteer firemen held a meeting in No. 2 fire hall to-night to decide upon what course should be taken by the members, in view of the little dispute which originated from the misunderstanding of certain remarks made by Councillor Bond in Council. Councillor Bond did not favor an increase of the salaries of the regular firemen, and intimated that if they resigned their places could readily be filled by capable men at the salaries they were getting. A volunteer fireman present took his remarks to mean that if the volunteer brigade resigned their places could be easily filled, and an indignation meeting was held, at which Councillor Bond was asked to apologize. As Mr. Bond said nothing in reference to the volunteer men, he had nothing to apologize for, and as several members had resigned the meeting held to-night had for its object the deciding of whether the volunteer brigade should resign in a body or not. It was decided to write to the Mayor and ask him to intervene on their behalf, and to ask Councillor Bond to retract the statements credited to him. Failing a satisfactory reply by June 15, the firemen will decline to respond to alarms.

Rev. H. S. Magee will deliver an oration on the unveiling of the monument to the late E. J. Conolly by the Woodmen of the World to-morrow afternoon. The Woodmen's Band will lead the procession.

Charles Hutchins, K.C., Deputy Minister of Justice of Newfoundland, is on his way to attend the session of the Grand Lodge of British North America of the Orange Order, which has been the guest of J. H. Miller, Minister.

The Shamrocks III. will put this team in the field against the Mimico Stars to-morrow. A. Kineman, W. Wadsworth, H. Smith, E. H. Smith, J. Ravenshaw, A. Smith, D. McClure, T. Paterson, R. Fawcett, G. Ravenshaw, D. Davis, and E. Gilbert.

The senior Shamrock lacrosse team will play at Hamilton to-morrow.

Weston. Mrs. and Miss Forsythe, who left for Mexico two years ago, are visiting friends here.

Weston lacrosse team will play the Orioles on their grounds this afternoon.

Telegraph wires are being run on Kingsdale and North Station-street.

The semi-annual meeting of the West York County Orange Lodge will be held in Bailey's Hall on Friday, June 12, to decide where the coming Twelfth shall be held.

William Burke has nearly lost the sight of both his eyes, and has been removed to St. Michael's Hospital.

Aurora. Messrs. Flury & Sons on Wednesday shipped to Toronto 45 cases of plums. This is the first shipment of the kind that has been made since the war.

Mr. Browning has rented a portion of his land on Wellington-street and will shortly erect a planning mill.

Aaron Clarke of the 2nd concession of King, the annual weigh-in of the handsome Durham bull. At 2 years old this bull weighed 2,000 lbs.

The members of the Orange Order will hold a demonstration on July 12. Some 60 judges will be invited to participate.

The Sons of England will celebrate Dominion Day with a demonstration, supposing anything attempted in Aurora.

Newmarket. Newmarket and Aurora High School will compete for a cup valued at \$25. Three games will be played in each town, the first to take place in Aurora this afternoon.

Robert Phillips of Yonge-street was thrown out of his wagon by the late William Millock's residence a few evenings ago. Mr. Phillips was thrown into the water and seriously injured.

The Savings Bank are now comfortably installed in the magnificent new building at the corner of Main and Bloor-streets. The site fittingly was supplied by the Office of Specialties Co. of Newmarket, and are a credit to the town.

York County Commissioners met during the week and passed accounts totaling \$100 in connection with the Intercolonial.

Six non-commissioned officers and 21 privates will leave Newmarket on Tuesday for the front where they go into active training.

Telephone connection is now established between Newmarket, Sharon and Aurora.

The High School Lacrosse Club has been organized with the following officers: President, A. E. Coombs; secretary-treasurer, J. Doyle.

North Toronto. George Pratt is holding a fine cement residence at York Mills.

The voters' lists for the town for this year have been received by the clerk, and the statutory notice as usual has been inserted in a publication that few outside of a select few ever think of looking at.

Arthur Mullins has great faith in the future of the town and is erecting another residence at Weston-street.

Councillors Armstrong and A. J. Brown are at cross purposes over the erection of the new C. E. Baxter Hotel. Councillor Armstrong is one of the old heads of the municipal government and is free in denouncing what he terms the upstart action of Mr. Brown, the youthful member. Mr. Brown is said to have aspirations for the mayoralty that do not work with Mr. Armstrong's idea of the town.

An incident quarrel between the two members had to be appeased by Mayor Fisher at the last meeting of the council.

East Toronto. The regulations regarding the use of water for lawns, etc., are to be strictly enforced during the dry season. The regulations are as follows: "The hours for using hose in that portion of the town lying south of the Kingston-road are from 7 to 9 p.m., and for that portion lying north of the water main, from 5.30 to 7.30 p.m., and from 9 to 11 p.m. in the lower part of the town, and this accounts for the longer time permitted to those living north of the Kingston-road."

Miss will be celebrated in St. John's Church, Kingston-road, East Toronto, on Sunday, commencing at 9 o'clock a.m., until further notice.

There is no healthier place in the Province of Ontario than the city of Toronto at present time. There is not a single case of contagious disease in the whole town. The smallpox suspects have all been discharged from quarantine for some time, as well as the typhoid and malaria in an advanced stage. There is no scarlet fever, diphtheria

Fairweather's

Interested in Summer Hats?

Of course you are. Every man is interested in comfort and coolness in the hot weather. Our hats, in addition to being the newest and most exclusive shapes, possess more genuine summer comfort than any other.

Panamas \$8.00 to \$25.00

Straw Hats \$1.00 to \$5.00

Soft Felts \$2.00 to \$6.00

Yachting Caps 50c to \$3.50.

Special Values on Saturday

because Saturday is the man's shopping day—the one day of the week when men can shop leisurely. We are, therefore, offering some very attractive values in several special lines of Soft Felts, Straws and Panamas for Saturday. These prices are much below the regular for these goods. We ask you to come in and inspect them. We do not urge you to buy.

J. W. T. Fairweather & Co., 84-86 Yonge St.

OPENED THEIR NEW OFFICE.

Railroad Companies Established in the King Edward Hotel.

The new joint ticket office which the Canadian Pacific and Grand Trunk Railways decided to establish in the King Edward Hotel was opened for business yesterday. The office, and some fifty fitted in oyx and marble, faces the rotunda just to the right of the main entrance. The proprietor, Mr. Bunting, who is well-known to the travelling public in Toronto, and was subsequently attached to the office of the district passenger agent of the same road in British Columbia. Besides representing these two roads, Mr. Bunting will also be in a position to ticket passengers for the upper lake boats and the different connecting railroad lines.

ALAS, THE POOR DEPOSITOR.

Editor World: A letter signed "Accountant" in your issue of today is a specimen of harmless drivel usually dispensed by the press in connection with the "Accountant" who is considerably at sea if he imagines that the banks of Canada have always been able to get through the "Accountant" which he portrays. It may not be necessary for the banks to hold a "poor deponent" and I understand they have decided not to do so, but many of them are in a position to say "I'm none of your business."

What authority has the "Accountant" for making the charge that the banks have always been able to get through the "Accountant" which he portrays. It may not be necessary for the banks to hold a "poor deponent" and I understand they have decided not to do so, but many of them are in a position to say "I'm none of your business."

There is only one bank in Canada that has made call loans in New York and preferably to Canadian cities, and our brokers have always been able to get through in Toronto at low rates on such securities.

Our brokers most wisely drew the line at wild speculation, and this is what saved the country now from a panic and financial collapse. Had they encouraged our brokers and Napoleons of finance a little earlier by withholding their gold from the market, the situation to-day would not be so serious.

It is all rot to talk of an "iniquitous" and "unfair" sale of the assets of Ames & Co. When a firm of brokers in the City of Toronto are allowed to go bankrupt, the occasion of the loss of 600,000, the inference is that the banks should have held them down instead of up. The trouble has been that for some time past our brokers have been able to get bank capital altogether without the usual restrictions, and that their legitimate requirements should absorb.

LET RATEPAYERS DECIDE.

Nothing of a very definite nature being decided by the conference between the Board of Public Library and the Board of Control regarding the site for the new library, the Library Board, at their meeting last night, resolved to submit the matter to the ratepayers, who shall vote on the money to be raised for the purchase of a site.

It was announced last night that the Public Library has been the recipient of a valuable gift from the United States Institute of Great Britain.

The gift is a flag which during the rebellion of 1837. A vote of thanks will be sent to the donors. It was strongly recommended that a large deputation of officials employed in the Public Library should be present at Niagara Falls on June 25, the occasion of the American Library Association meeting.

P.O. OFFICIAL INDICTED.

Washington, June 5.—The Grand Jury to-day reported an indictment against August W. Machen, formerly superintendent of the Free Delivery Service of the United States Postoffice Department, who was arrested several days ago, charged with sharing profits on a contract for letters from box fasteners. The indictment was brought for violation of Section 5501 of the revised statutes, the penalty for violation of which is a fine "not more than three times the amount asked or accepted or received and by imprisonment not more than three years." He was released on \$20,000 bonds.

Highlanders' Popular Concert.

A very strong program has been prepared for the 48th Highlanders' Band. It being the last of the season, every effort has been made to make it the most attractive. For Frank O'Leary will play the overture to "The Merry Widow" and there will also be solos, singing and dancing.

Do Children Realize It?

Do the parents of Toronto realize that this is one of the most beautiful cities in America? It is naturally endowed with pleasant surroundings. Its pavements are good and extensive. To appreciate all these things you should ride a bicycle. Only one bicycle worth riding—the New Massey-Harris Club-Farm Frame.

Fred C. Waghorne will referee the Post-Hope-Oshawa C.L.A. game at Oshawa to-day.
