THE SEVENTY-THIRD ANNUAL REPORT OF THE
MONTREAL GENERAL HOSPITAL.

The Seventy-third Annual Meeting of the Corporation of the Montreal General Hospital was held in the Governors' Hall of the Institution, on Tuesday, the 21st of May, 1895, Mr. F. Wolferstan Thomas, President, in the chair. The Secretary read the following Report, which was adopted and ordered to be printed for circulation amongst the subscribers:—

LADIES AND GENTLEMEN OF THE CORPORATION OF THE
MONTREAL GENERAL HOSPITAL :

I have the honor of presenting a brief report of the Receipts and Expenditure of the Hospital and of the proceedings of the Governors for the year which terminated on the 30th of April, 1895.

The ordinary income of the year was	\$56,218 71
The ordinary expenditure was	60,122 75
Showing an excess of expenditure of	<u>\$3,904 04</u>
Comparing the ordinary expenditure of 1894-5	\$60,122 75
With that of 1893-94	66,434 17
The latter exceeds the former by	<u>\$6,311 42</u>

An analysis of the year's outlay shows that the chief items of diminished disbursements have been provisions, \$4,248.33; drugs and medicines, \$2,100.13; salaries and wages, \$2,670.49. There has been an increased expenditure in the following items: Insurance, \$1,006.80 (covering a period of three years); furniture, \$1,005.03; light, \$204.70. A good deal of the diminution of expenditure has been owing to the transfer of infectious cases to the city.

Comparing the ordinary income of 1894-5	\$56,218 71
With that of 1893-4	63,593 03
The latter exceeds the former by	<u>\$7,374 32</u>

The decrease may be attributed to the large donations to the building fund, and it is confidently anticipated that the diminution in income is only temporary. Subscriptions show a decrease of \$3,305.75. The other chief item of decrease is paying patients, \$4,072.20. There have been received in legacies during the year: Estate Mrs. George Armstrong, \$254; Estate Major Mackenzie, \$439; Estate James Burnett, \$2,000; Estate William Adams, \$90; Estate Miss Mary Jane Tatlow, \$62.20; Estate Mrs. A. Stuart, \$5,585.97.

RENOVATION FUND.

Subscriptions for year ending 30th April, 1895, were.....	\$69,593 40
Amount received of these subscriptions	61,427 40
Paid to contractors, etc., on account of the renovation....	63,012 14

The total number of indoor patients treated to a conclusion during the year was 2,342, a decrease of 395 against last year. Of these 153 remained over from the preceding year, and 2,300 were admitted during the year 1894-5, the most active period being the quarter of May, June and July; 138 patients remained in hospital at the end of the year.

There were discharged :

Cured.....	1,497
Improved.	470
Unimproved.....	81
Not treated... ..	98
There died in Hospital.....	196
There remained in Hospital wards, on April 30th, 1895.	138
Giving a total of	<u>2,480</u>

Of the above deaths 80 occurred within three days of their admission.

The average number of patients in the wards during the year was 152, a decrease of 36 against last year. The average number of days in Hospital per patient was 24. The aggregate number of days in Hospital by all patients was 56,706, a decrease of 9,296 days over last year.

Of the in-door patients treated to a conclusion there were :

Males.....	1,419	Roman Catholics.....	932
Females.....	923	Protestants	1,310
		Other religions.....	100

The death-rate has been 8.0, or, excluding the 80 cases in which death occurred within three days after admission, 4.3, against 5.0 last year.

Of 196 deaths 9 were due to appendicitis, 18 to pneumonia, 10 to tubercular meningitis, 11 to typhoid fever, 23 to diphtheria, 23 to scarlet fever, 2 to fracture of the skull.

There have been treated during the year :

There were 498 major operations in the indoor surgical department and 1,010 minor operations in the outdoor surgical department. In the special department for the diseases peculiar to women there were 122 operations performed, with four deaths, two of these came in in a moribund condition and one died of cancer.

There were 30,680 consultations in the General Out-door Department, an average of about 100 per day, 20,246 of these were Roman Catholics, 10,126 were Protestants, 300 were of various religions.

The ambulance responded to 617 calls, of which the expense had to be largely borne by the Hospital.

The following Life-Governors have died during the year : John J. Arnton, James Burnett, William A. Clarkson, Dr. George E. Fenwick, Captain J. D. Molson, W. H. Meredith, Duncan McIntyre, John C. Watson, and an elected governor, J. Murray Smith. Of these Dr. Fenwick served the Hospital for almost thirty years as a valued member of the Medical Board. He was an active member of the surgical staff of the Hospital from 1865 to 1890, when failing health induced him to retire from regular duty. During this period he took the keenest possible interest in the Hospital. His long

experience, his powers of observation and his sound, practical wisdom made him a tower of strength, and his opinion always carried the utmost weight with his colleagues in difficult or obscure cases of disease. As an operating surgeon he had a reputation which extended through the whole Dominion, and his genial presence will long be missed.

Mr. J. C. Watson took an active interest in the institution as a member of the Committee of Management, and his untimely death was received with sincere regret.

Nineteen gentlemen have been constituted Life-Governors during the year: George Bury, Joseph Horsfall, Percy R. Gault, John Palmer, R. R. Stevenson, W. Wallace Watson, E. W. Wilson, Wm. Clendinneng, Jr., C. L. Shorey, Joseph Rielle, Robertson Macculloch, J. Malcolm McIntyre, Albert E. Smith, J. H. Magor, David L. Lockerby, Duhan McLennan, John P. Seybold, E. A. Lilly, Dr. Wyatt Johnston.

In several respects the year has been a notable one in the history of the Hospital. Important alterations in the older part of the building have been in progress and are now approaching completion. Under the able direction of Mr. A. T. Taylor, architect, the Richardson wing and central portion of the building have been completely renovated, and the changes in the Reid wing are now well advanced. Two of the new wards have been occupied since March and prove in every respect admirably suited for the work. The addition of a pathological department has also greatly assisted in bringing the hospital up to the standard of modern requirements.

After untiring efforts on the part of the Committee of Management accommodation for patients suffering from infectious disease has been provided at the Civic Hospital. These wards are under the control of the Montreal General Hospital, and Dr. Bazin, one of the resident medical officers for the past year, has been placed in charge, with an efficient staff of nurses.

Owing to the resignation of Dr. Major of the position of laryngologist, Dr. Birkett was elected to the vacancy thus created, and Dr. H. D. Hamilton to the post of assistant laryngologist.

Dr. Ridley Mackenzie, who has fulfilled the onerous duties of Medical Superintendent during the year in a most satisfactory manner, has been re-appointed.

The resident medical officers have carried out their duties faithfully and well. The services of three of them, Drs. Bazin, Byers and Kinghorn, have been retained for a second year, and the outgoing members, Drs. Fisk, Gorrell, Manchester and Rimer carry with them the best wishes of the committee and medical board for success in their future careers. The vacancies thus created have been filled by the appointments of Drs. Anthony, Cowie, Hogle, Kerry and Saunders. A new appointment has been created of externe in pathology, to which Dr. J. A. Williams has been appointed.

The Training School for nurses, under the skilful guidance of Miss Livingston, continues to give universal satisfaction. The average number of nurses in training was 43. During the year 290 applications were received; fifty of these were received on the usual two months' probation, of whom 39 were accepted. Since the inauguration of the school 72 nurses have graduated and 61, or 85 per cent., are actually engaged in the active duties of their profession. An analysis shows that 45 are devoting themselves to private nursing, 16 are employed in hospital work in Canada and the United States, eight are at home, three are married, and one is studying abroad.

The Governors are greatly indebted to the following ladies and gentlemen who have acted as collectors during the year: St. Louis de Mile End, Mrs. Wm. Brown; West Ward, Messrs. Malcolm Thomson and Farquhar Robertson for 1894-95; Centre Ward, Mr. W. E. Cheese; East Ward, Mr. Daniel Hatton; St. James Ward, Mr. J. Hamilton Ferns; St. Mary's Ward, Mr. W. F. Borland; St. Louis Ward, Mr. Joseph C. Wray; St. Ann's Ward (North), Mr. Wm. Masterman; St. Ann's Ward (South), Mr. J. E. Kirkpatrick; St. Lawrence Ward (East), Mr. Charles Gurd and Mr. James Harper, Jr.; St. Lawrence Ward (West), Mr. C. A. Jaques; St. Antoine Ward (South), Messrs. George C. Nicholson and Alex. Peden; St. Gabriel Ward, Mr. A. Peden; Cote St. Paul, A. W. Brooke.

Respectfully submitted,

FRED. G. FINLEY, M.D.,

Secretary.

FOURTH ANNUAL REPORT OF THE TRAINING SCHOOL FOR NURSES.

TO THE PRESIDENT OF THE MONTREAL GENERAL HOSPITAL :

Dear Sir :—I have the honour to present to you my Fourth Annual Report of the Nursing Department in connection with the Hospital for the year ending April 30th, 1895.

The members of the "Nursing Staff" remain practically the same as last year, the average being as follows:—

Head Nurses (Graduates)	4
" (Pupils)	15
Senior Nurses	11
Junior Nurses	11
Assistant Superintendent	1
Night Superintendent	1
Total number	43

The four graduates mentioned above were requested to remain in charge of their wards, and gladly consented to do so, only receiving the remuneration given to pupils still in training.

The total number of formal applications for admission to the "Training School" during the year was 290, an increase of 80 over the previous year. Of this number 50 were received upon probation, 39 of whom were accepted as pupil nurses after the usual two months' probation.

The course of studies, lectures, and bandage drills, have been systematic and regular during the year. My obligations are due to members of the Medical Board for their lectures to the "Training School," which have been highly appreciated, and have done much to advance the instruction. Their co-operation has been of great value to me, and I gratefully render my thanks and esteem.

I regret to record the death of a most faithful nurse, Nellie Hurcomb. She had been connected with the School about a year, and by her good work and character commended herself to those under whom she worked.

With the above exception the health of the nurses has been fairly good, especially when we take into consideration the unavoidable discomfort to which they were exposed consequent upon the renovation of the Hospital proper.

The nurses of the Training School have been faithful and efficient, and deserve commendation for their patient and self-sacrificing labours.

In closing my Report, I desire to express my thanks to the gentlemen of the Committee of Management for their indulgence and support. By the helpfulness and kindly consideration shown me by them, I have been able to carry out their plans and supervising control of the Nursing Department of the Hospital.

I have the honour to be,

Yours respectfully,

N. G. E. LIVINGSTON.
