CHEERING THOUSANDS WELCOME ST. JOHN GIRL AS MISS CANADA

Stirring Scene at Depot and Headquarters As Miss Blair Comes Home

SPEED KINGS OF TWO COUNTRIES SHARE IN ROUSING CELEBRATION AS SKATERS REACH CITY

Seldom Has St. John Seen Such a Demonstration as That Accorded the Returning Queen—Mayor Extends Greetings and Crowd Yells Its Delight and Congratulation.

Paying glad homage to Miss Canada, St. John's Queen, thousands cheered themselves hoarse along the line of march from the Union depot to Carnival headquarters today as the triumphal procession, the centre of which was the newly crowned Queen of Canada, made its way through crowded streets. Accompanied by skaters arriving to participate in the international skating meet, Miss Winifred C. I. Blair, Miss St. John and Miss Canada, arrived on the Montreal train today and was greeted with a cordiality and demonstration of honor which was thorough-going and whole hearted. The city was out en masse and everyone was filled with the carnival spirit and anxious to render allegiance to the bearer of the proud title. The air was filled with hearty cheering and she received ovation after ovation as her carriage, borne by prancing steeds, threaded its way along the streets. It was a royal welcome to a royal queen and showed plainly that St. John can do herself proud. The sincerity of the welcome could not be doubted. As the queen stepped from the train a mighty throng surged forward to catch a glimpse of her and she was almost overwhelmed by the force of the demonstration. St. John's Queen has come into her own and has returned from her coronation to receive the plaudits of her subjects. Hail to the Queen!

A RECORD GREETING.

Not even royalty has ever brought forth a more remarkable demonstration of public interest. The crush at the railway station and adjacent streets and later in King and Germain streets was perhaps without parallel in St. John's history. From points of vantage moving picture machines were busy, and the pictures of the various scenes will tell the continent how St. John honors its own Big Crown at Station.

With thousands of people cheering, flags waving and St. Mary's Band rendering "Oh Canada," Miss Blair stepped off the train in the Union Station at 12:30. Her home coming would have done justice to royalty, for no greater reception ever was accorded any personage on their arrival in this city. Soon after twelve o'clock people began to assemble at the station, and from that until the Montreal train arrived they vied with one another seeking points of vantage. Every truck, car or about the station was commandeered, and men and women fought for any and every elevation. Every truck that carried a glimpse of the charming girl who had been selected to represent this city in the big beauty contest, and who emerged with the palm of victory. So great was the mass of people that all efforts on the part of the C. N. R. policemen, augmented by a large number of the local force, to form a cordon were unavailing. H. McNeill, Clifford McAvity, Robert S. Ritchie, Martin R. Dolan, William Ward and Don Armstrong.

The committee in charge of the skaters who rode from the depot with them were Charles Burpee, Lawrence Cullinan and others. This committee proceeded to Fairville and met the skaters and travelled to the station with them. Miss Canada presented two large bouquets of flowers on her arrival at the Imperial Theatre. After the arrival of the skaters at the headquarters of the central committee and others, Miss Canada turned around to register, Mayor Faber gave a short address of welcome. He wished them all every success possible and hoped that each and every one would have something to carry away with him although, of course, he hoped to see premier honors in the meet remain at home. It was hard to say how much of the crowd was present to greet the returning Queen and how much was to do honor to the skaters but he felt that probably most of those who turned out had both objects in view. The Mayor added that he hoped the carnival this year would be such a success that the city would decide to make the event an annual one and that most of the skaters would return in case of such a decision. He concluded by offering to each and every one the heartiest welcome to the city.

At the Royal. After Miss Blair had entered the hotel the crowd remained in the streets, hoping for another glimpse of her. They were rewarded a few minutes later when she appeared on the balcony over the main entrance to the hotel. A great cheer went up. After she had stood smiling and bowing for a few minutes she turned to re-enter the hotel, but someone had closed the window through which she had emerged. The crowd laughed and Miss Canada turned smilingly to them and bowed again after which she was allowed to return inside. At the Royal the ladies reception committee was composed of Mrs. R. D. Patterson, Mrs. D. J. Corr, Mrs. W. K. Haley, Mrs. H. J. Sheehan, Mrs. J. H. Barton and Mrs. Frank L. McCaffrey. The skaters arriving today included: Chas. Jewtraw, Lake Placid; Joe Moore, New York; Roy Murray, New York; Wm. Murphy, New York; Roy

Also included in the party was little Raymond Murray of New York, who will participate in the twelve year old class, and Walter Thorne of Boston. The latter is a former St. John boy who has been making good in various skating meets throughout the New England States, and who will take part in the senior events. Raymond Murray was accompanied by his parents. Joe Page, well known sport promoter, accompanied the skaters to St. John, joining the party at Montreal.

Her Employer Pleased. H. C. Olive, customs broker, who was Miss Blair's employer when she was crowned to represent St. John at Carnival, said this morning that he was extremely pleased to hear that she had had a good chance to bring home the laurels of an all-Canada victory when she left for Montreal, but that she had laughed at this, refusing to think it possible. As far as her work was concerned, he said, Miss Blair had been an efficient and highly satisfactory help to the business. She had always been highly attentive and conscientious in her efforts. He felt that Miss Blair deserved fully any honors that had come to her. He had only to repeat that he was overjoyed that she had won the premier honors among the young ladies of Canada.

Committee's Honorage. R. D. Patterson, chairman of the central committee, yesterday dispatched the following congratulatory telegram to Miss Canada: "Sincere congratulations. Our fondest hopes once realized. What more can we say. Your humble managers will be among the first to do you homage. Long live our queen!" Knights' Congratulation. Amongst the first telegrams of congratulation dispatched to Miss Winifred Blair on Sunday after it became known that she had been named, Miss Canada, was one from the local council of the Knights of Columbus, which read as follows: "Please accept our hearty congratulations of St. John Council, Knights of Columbus on being chosen Miss Canada."

J. B. GOSNELL, Grand Knight. Miss Blair made her first appearance of a public nature at an informal assembly given by the Knights of Columbus on the evening of the day on which she was announced as the selection at Miss St. John was made.

What the Judges Said. (Montreal Gazette) As to the qualifications upon which the decision will be based, one of the judges said: "We are going to have a representative Canadian girl, who can go to any part of the country and appear well."

As an estimate of the expenses incurred at the Winter Sports Carnival here was hinted at yesterday, when it was learned that the cost up to the present is about \$40,000, and will reach \$60,000 before the end of February, when the two months schedule terminates. Advertising in the United States and the printing of literature about the carnival were among the chief items on the debit side of the book. Accommodation and entertainment of the visiting candidates as guests of the committee also figure prominently as an expense factor. The park slide and ski jump, with the expenses of having the carnival organized, cost large sums. It was estimated that \$20,000 had been subscribed to the carnival funds, and that \$18,000 had been paid.

CARDINAL ILL AT MASS; FALLS AND IS BADLY HURT. London, Feb. 12.—Cardinal Bartholomew Baileir, Bishop of Vernon, fell yesterday while celebrating Mass and struck his head, says a dispatch to the Central News from Rome. He is not expected to recover. Cardinal Baileir was born in 1842. He was created a cardinal in 1901.

SHOT DEAD BY MASKED BANDITS. Charlott, Pa., Feb. 12.—William Hope was shot dead in a spectacular raid by seven masked bandits in the Eagle Club here today. The men escaped with money and jewelry estimated in value at \$60,000.

MULLET-McGRATH. A pretty wedding was solemnized at six o'clock this morning at the Cathedral of the Immaculate Conception when Rev. Roy McDonald united in marriage Catherine Helena McGrath to Thomas Henry Mullet. The bride was becomingly gowned in a navy blue tulle crepe dress with hat to match. After the ceremony the bridal party drove to the home of the bride's parents where a dainty wedding breakfast was served. The bride and groom were the recipients of many useful gifts among which were cut glass, silverware and furniture. Mr. and Mrs. Mullet will reside in this city.

BOSTON TRAIN LATE. The Boston train was reported running over two hours late this afternoon. The delay was said to have been caused by engine trouble which developed shortly after the train left McAdam Junction.

"MISS CANADA" As Hiram Sees It

Your eyes and nose, your trumpets bring. You see swell the music feast; The world shall listen while we sing: The triumph of the East! From all the nation's chosen best, The search for gems in Beauty's mine; Our Eastern pearl has shined the best, Queen of the Fairest Nine. For sport and beauty, health and grace, Our challenge to the world we fling; In each we claim the foremost place, And bid what we desire to win. In plain attire, or silk arrayed, From New Orleans to Toronto, In vain you'll seek a fairer maid— Than Winifred, "Miss Canada." HOPE A. THOMSON

# St. John's Queen Chosen As Canada's Fairest Daughter

## MISS WINIFRED BLAIR NAMED MISS Beatrice McKinney CANADA AT MONTREAL FETE Carnival Princess

### Congratulations Pour in From All Sides to Choice of Winter Port City—Miss St. John Acknowledges Plaudits with Charming Modesty—A Typical Canadian Girl.

Crowned on Saturday night at the Windsor Hotel, Montreal, Miss Winifred Blair, formerly Miss St. John, now reigns as Miss Canada and tributes and declarations of loyalty and allegiance have come to her from all parts of Canada. St. John is proud of her Queen and accords her a royal welcome in keeping with her royal position. Out of nine contestants coming from all the way across Canada the honor fell to the pretty Miss St. John, representative of the ancient city by the sea.

Among the first to greet the newly selected Miss Canada was Miss Montreal, Miss Gabrielle Rivest, and she was followed by all the other aspirants for queenly honors. When the announcement was made Miss Canada acknowledged the flattering applause with becoming modesty.

"Am I going into the movies?" "No, no," and her reply to the newspaper men's query was most emphatic. "I'm not going back to my good little town and back to my job when our carnival is over, I've had a dandy time here, but I'm anxious to get back home again. And will you please not put anything silly in the papers about me?" was her final pleading as a cavalier who had succeeded in elbowing his way through a few dozen of other aspirants for a dance, whisked the queen away and, her face wreathed in smiles, he guided across the ballroom.

The selection of Miss Canada has been a topic of interest all through the set week and only those who saw the contestants could realize the difficulty of the judges' task. Saturday night found not only the contestants of the crown and their sponsors keyed up to a high degree of tension, but very one of the nine cities from which he girls came have representatives seated in Montreal, and they, too, had roared hard for their favorite and eagerly awaited the decision. A ball game at Windsor on Saturday night was decided upon as a fitting culmination to the contest and the ballroom held a festive gathering of more than 800.

Greeted With Applause.

As early as 9 o'clock the dancers began to gather and during the intervals dances eagerly scanned the arrival of the fair contestants for the title of Canada's winter sports queen. About 10:30 the nine contestants entered the ballroom escorted by members of the winter sports committee. In their presence became a matter of the whole gathering followed at intervals of a few moments by further tributes from different sections of the room where the home folks, or natives of the cities the girls represented, proclaimed to all and sundry who their choice would be. Escorted to a table of honor at the head of the room the nine queens were seated, after which dance partners locked around.

### Will Preside Over Carnival Features Provided For The Children.

Little Miss Beatrice McKinney, daughter of Mr. and Mrs. Daniel McKinney, 148 Duke street, was chosen as Princess at the Arena on Saturday afternoon. Nearly 2,000 people were present. The selections made were:

First—Beatrice McKinney, 148 Duke street.

Second—Audrey W. Magee, 55 Canterbury street.

Third—Lorraine Ramsay, 219 Newman street.

Honorable Mention—Eleanor I. K. Larsen, 166 Queen street; Norman Parley, 120 Main street.

Rita McMahon, 43 Hospital street and Irene Sully, 272 Waterloo street, were also among the few from whom the judges made their final choice.

The judges were: Mrs. William Pugsley, wife of the Lieutenant-Governor, Mrs. Allan G. McAvity, Mrs. W. H. Ludgins, Mrs. Daniel Mallin, Colonel A. E. Massey, T. F. Drummond and Stanley Emerson.

All the children who took part in the contest and other children of the city are to take part in the children's carnival day next Saturday at the Arena, when St. John's Princess will preside at the entertainment in the afternoon, when the children will be given an opportunity of enjoying themselves.

And in a few moments Miss Blair's sparkling eyes looked out from a bower of roses, but of these she was soon disposed by souvenir hunters eager for a favor from her majesty. There was no actual crowning of the queen. There was no need for such for no student could bring such a thrill for she must have felt at the spontaneous tribute. But although no crown was placed on her head a laurel wreath was presented and modestly acknowledged.

The strains of "O Canada," played by the orchestra, seemed but distant echoes as the buzz of conversation and singing of "She's a Jolly Good Fellow" filled the room.

Then through one of the portals thronged a group of McGill students, representatives of St. John and the Maritime Provinces, and surrounded Miss Canada with a student style, acclaiming the fair victor. For the next hour and a half she was the centre of an admiring throng eager to greet her and only the resourcefulness of her chaperone, Mrs. W. H. Golding, or Mr. Golding, or the insistence of some first to offer tribute to the queen.

First to gather around her were her fair rivals and in turn each bestowed a kiss and handshake and a word of congratulation. Mere smiles had to wait their turn, but they could not long be denied and the new title-holder was soon deluged with requests for autographs or bids for the favor of a dance.

Given Laurel Wreath.

Apparently with the magic of an Aladdin's lamp bouquets began to appear and in a few moments Miss Blair's sparkling eyes looked out from a bower of roses, but of these she was soon disposed by souvenir hunters eager for a favor from her majesty. Miss Winifred C. I. Blair, St. John's nominee in all-Canada competition, handed laurel wreath at Montreal.

He was a first contingent man and was gassed just prior to the great drive in 1918 that won victory for the Allied arms. Sergeant Blair was born at North Devon.

Miss Blair attended High School here but on account of illness was unable to graduate, although lacking but a few months to complete the year. She entered Kerr's Business College and has been working in the office of H. C. Olive for the last year.

Besides her mother, Miss Blair has one sister and one brother, Miss Jean Blair and Donald Blair. The latter is entered in the International skating championships, while last year Miss Jean won a prize at the Maritime skating championships on Hilton Bell's rink.

Miss Blair was invited to represent the Imperial Theatre in the Times Star carnival queen contest. Miss Blair was extremely reluctant and hesitated considerably before consenting to be "Miss Imperial." Her appearance on the ice when the judgment was to be made was the result of a hurried decision and no special preparation as to competing costume had been made. She appeared in her usual skating togs.

Like many of the photographs of contestants in the carnival queen contest that of Miss Blair does by no means do her justice. Besides possessing a bright and winsome demeanor, Miss Blair is the embodiment of the Canadian outdoor girl idea. She skates well on the tubular blades and can hold her own in classified speed contests, and at snowshoeing. On the dancing floor Miss Blair is especially attractive.

Congratulations.

Among the first telegrams to be received by "Miss Canada" was from the St. John Times-Star offering congratulations. Miss Canada was the winner of The Times-Star contest for the selection of the Carnival Queen.

The carnival executive also sent a telegram of congratulations.

W. Frank Murphy, exalted ruler, Montreal Lodge of Elks sent congratulations on Sunday morning as follows:

Editor, St. John Telegraph and Times, St. John. Allow me on behalf of the Montreal Lodge Elks to be the first to congratulate you upon the success of your candidature in the "Miss Canada" competition and to praise the work done by her chaperones, Mr. and Mrs. Walter Golding.

Among the many congratulatory telegrams arising from the selection of Miss Winifred C. I. Blair as Miss Canada, are the following:

Miss Winifred C. I. Blair, Montreal: Heartiest congratulations on your success. You had won our hearts ago. (Continued on page 4, fourth column)

Woodstock Congratulations.

Woodstock, N. B., Feb. 11—Woodstock people were delighted when the news reached here that Miss Winifred Blair had been chosen as Canadian queen. Having been born in this county, special interest was taken in the result of the contest. Mayor Brown sent the following message:

"Miss Winifred Blair, Canada's Queen Mount Royal Hotel, Montreal, Que."

"The citizens of Woodstock offer warmest congratulations on the signal honor attained in your selection as Canadian queen. It again demonstrates that Carleton county always leads and maintains pride in its remaining young people. It is a source of pride in this county, which is the birthplace of beautiful, accomplished and modest young ladies. May your reign be attended with every joy."

"J. R. BROWN,  
"Mayor of Woodstock."

DEVELOPMENT OF TOURIST BUSINESS

The St. John Evening Times prints some editorial comment from The Transcript on tourist traffic and adds the following: "Two things are essential to a successful tourist business, now that we have good roads. One is publicity and the other hotel accommodation. The latter should really come first. The tourist does not care whether he finds a palatial hotel or not so long as what he gets for his money is to his taste. A suggestion has been made to the Times that if we had in New Brunswick an association of hotel men, who could take counsel together and disseminate such knowledge as would enable all of them to meet better than most of them do at present the requirements of the tourist; and if there was a clever man whose sole duty it would be to go about and arouse local interest in city and town and village in making each locality more attractive to the tourist the reward would more than compensate for the effort and the expense. There is no doubt about the existence of the tourist; and it is not enough to advertise. Behind the advertisement must be the goods, and no permanent traffic can be secured; and the goods include those creature

The Evening Times and Star

ST. JOHN, N. B., FEBRUARY 12, 1923.

The St. John Evening Times is printed at 27 and 29 Canterbury street, every evening (Sunday excepted) by The St. John Times Printing and Publishing Co., Ltd., a company incorporated under the Joint Stock Companies Act.

"MISS CANADA." The Times-Star desires to extend to Miss Winifred Blair the most sincere congratulations upon the honor conferred when she was chosen as the queen of the group from east and west from whom Miss Canada was to be selected. The honor is not hers alone, but is shared by this city and this, her native province. This journal has not been told what was in the minds of the St. John committee whose judgment has been so strikingly confirmed in Montreal, or what determines the choice of the Montreal committee; but it ventures the opinion that both committees discovered in Miss Blair, apart entirely from outward considerations, the rare quality, a gracious and sincere young womanhood, which appealed to them as worthy of all commendation. The name Winifred is interpreted "lover of peace," and it becomes the queen maiden whose personal charm, put to the test of comparison has won so great an honor. Miss Blair is not representative of a class. She is one of the people. She is a living illustration of the Young Canada to be found in broad land, recognizing the dignity of labor and the value of those things that are worthy in the formation of true character. The best her friends may wish for her is that she may never lose the personal charm of "Miss Canada."

CARNIVAL WEEK. The Winter Carnival was opened auspiciously on Saturday, but received a still greater impetus when the news came late at night that in Montreal Miss St. John had been crowned "Miss Canada." Surely the honor thus conferred upon this city. Every citizen will experience a feeling of pride in the St. John girl's success, and with that feeling will be associated another that it is now up to the city to do its part. Our representatives in the skating championships will get a new inspiration; and whether they win or lose we may be sure that with the eye of Miss Canada upon them they will exert themselves to the utmost. This Carnival has developed wonderfully in popular interest. At first it was but an idea, then a thing to be desired, and finally the object of a great community effort. It has now become conspicuously on the map as a winter sport centre.

A hearty welcome is extended to the contestants in the skating races, most of whom were with us last winter. Their general conduct as well as their speed and skill on the ice. St. John people are good sports, and are quick to recognize the merit of a winner, no matter where he comes. The city also extends a welcome to all visitors, and desires that their visit may be wholly enjoyable. They will do well to pay a visit to the Sportsman's Show and the Natural History Museum in addition to the sporting or social nature; and they will not deny themselves the pleasure of shopping when such special efforts have been put forth to make it an event of interest and value to all concerned. All that is needed to ensure a great week of recreation is good weather, but even the weather cannot dampen the Carnival spirit or interfere with the indoor festivities.

The Chatham World says: "The St. John Globe, Telegraph and Times, while stoutly opposed to arbitration to ascertain the value of the Power Company's property, haven't a word to say against the Government's course in reporting to arbitration to determine the price to be paid for the Musquash lands that were taken for hydro purposes." The World does not seem to understand that there is nothing to arbitrate between the City and the Power Company. The City has not taken the Company's property and is under no necessity to do so. It is merely proceeding about its own business. Having purchased the Musquash current it will erect a distribution system and bring down the cost of light and power for the people.

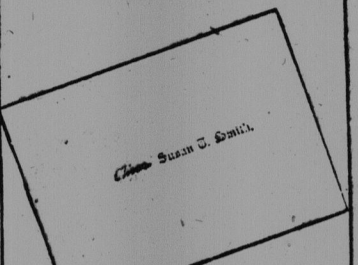

The Campbellton Graphic highly commends the attitude of Premier Veniot toward prohibition and says: "Despite the many good results of the prohibitory law in New Brunswick, it has never come noticeably near to fulfilling its purpose. But now with the immediate prospects of a careful and unbiased investigation there is hope that prohibition in this province may prove a success."

All over Western Canada are scattered natives of this city and province who will rejoice that a St. John girl is crowned "Miss Canada."

Who will give the credit if the Carnival is a great success? The City of St. John. That means everybody. Let's all deserve it.

WHAT'S WHAT

By Helen Doole

A correspondent writes: "I am anxious to know whether or not Miss Blair's name was on the list of names for the contest. I have seen her name in the papers, but I do not know whether she was actually a contestant. I am sure she would be a most worthy competitor. I am sure she would be a most worthy competitor. I am sure she would be a most worthy competitor."

CANADIAN BOAT SONG

(From the Gaelic.) Listen to me, as when ye heard our father Sing long ago the song of other shores— Listen to me, and then in chorus gather All your deep voices, as ye pull your oars: Fair these broad meads—these hoary woods are grand; But we are exiles from our father's land.

Where 'twixt the dark hills creep In around the patriarch banner rally, Nor see the moon on royal tombs gleam. Fair these broad meads—these hoary woods are grand; But we are exiles from our father's land.

Come foreign rage, let discord burst In music; O then, for clamour true, and stern claymore. The hearts that would have given their blood like water. Beat heavily beyond the Atlantic roar. Fair these broad meads—these hoary woods are grand; But we are exiles from our father's land.

MYSTERY OF DEATH SAID TO HAVE FASCINATED GIRL

Poetry Left by Young Barnard College Suicide Is Sole Clue to Her Motive. New York, Feb. 12.—Cynthia of potasham caused the death of Miss Marie Bloomfield, the eighteen-year-old Barnard College student who committed suicide in her room in Brooks Hall, 116th street and Broadway, last Wednesday night. Dr. Benjamin Schwartz, assistant medical examiner, said after performing an autopsy. Dean Gilchrist announced that Miss Bloomfield's brother, Leonard Bloomfield of Columbus, Ohio, would take charge of the body.

The thought of death, a pleasant death stealing over her pale face, had been a strong fascination for the girl, it is believed, for she had gotten up from the bed and copied several lines of Keats' "Ode to a Nightingale" and ended it with a quotation from Hamlet, "The rest is silence."

BILL CLOSES SUNDAY PICTURES

Nashville, Tenn., Feb. 12.—Motion pictures on Sunday go under the ban in Tennessee, if Governor Austin Peay signs a bill which has passed both House and Senate of the General Assembly prohibiting them. Sunday baseball, however, will continue as a legal diversion.

Winifred wins.

At a meeting of St. Peter's Y. M. C. A. yesterday afternoon, Miss E. Agnew gave a very able address on the Origin and Development of Government. The chairman, Arthur Collier, tendered the speaker a vote of thanks on motion of Frank Burke and Urban Ballard.

AN ATTRACTIVE WINDOW DISPLAY

Carnival Queen and Visiting Skaters Pictured in M. R. A. Exhibit. The city merchants have equipped the spirit of carnival admirably and in the decoration of their windows have helped to spread enthusiasm in carnival week. One of the most attractive of these is that of Manchester Robertson, Allison, Ltd., in which many photographs of Miss Winifred Blair, Canada's Carnival Queen, have a place of honor. The photographs are nicely mounted and set upon a case with which are arranged several lines of poetry. Many of the gowns in which Miss Blair is seen in the photographs were gifts of the firm. The centre photograph is in a lavender colored evening gown but the gown which she wore on the occasion of her coronation in Montreal, which she is particularly charming in, is shown in a ribbon. This photograph is lettered poster beside the photographs has a legend that extends congratulations to Miss Winifred Blair on having so departed herself in Montreal as to have won the title of "Miss Canada," and offers her the homage of her faithful subjects, the members of the firm and staff. Secondly in interest to the photographs of the Queen are the forty or more photographs of the leading skaters who will be in St. John for the International skating meet. These photographs are shown framed together and behind them are the Union Jack and the Stars and Stripes effectively draped. A lady in smart sports costume and carrying a ski stands between the skaters and the photographs and on the other side of the window is a realistic toboggan slide on which small people in knitted costumes are seen enjoying the pleasures of tobogganing, snow-shoeing and skiing. The tiny sport lovers are mechanically driven and after a joyous slide return again to slide down once more. The moving figures were a special attraction for the children.

GRADUATE NURSES SALE

The St. John chapter of the graduate nurses' association held a very successful and enjoyable tea and sale Saturday afternoon in the Victorian order. The proceeds will go towards the nurses' national war memorial. The rooms were very artistically decorated. Miss Anna McLaughlin, general convener and Mrs. F. McKelvie gave the use of their home. Miss Eaton and Miss Belle Howe were in charge of the tickets and those in charge of the apron table were Miss E. Mitchell, Miss S. Drophy and Mrs. E. A. Hort. The candy table was in charge of Miss Ryan, Miss G. Gleason and Miss Bedford. Miss D. Coates and Miss H. T. Weiselo were the social entertainers and those presiding at the table were Mrs. C. M. Pratt and Mrs. F. McKelvie. The replenishers were Mrs. Frederick Chase, Mrs. A. O. Burnham, Miss Harrison and Miss E. Smith, Miss M. Fraser and Miss Cambridge. Among those serving were Miss Downing, Miss Morrissey, Miss Sterret, Miss Richardson, Miss Harquill and Miss Muirhead.

MILLION AND THREE-QUARTERS IS COST OF GENERAL ELECTION

Ottawa, Feb. 12.—The general election of 1921, when the King Government was returned to power, cost the Dominion of Canada a total of \$1,378,000, according to the Auditor-General's report for the fiscal year ended March 31, 1922. The forfeitures of election deposits totalled \$39,400.

VALENTINE TEA

St. Patrick's Hall, West St. John, was the scene of a valentine tea, sale and entertainment Saturday afternoon. The affair was in charge of the Women's Society of the Church of the Assumption and was well patronized. The decorations of the hall were of a high order. An orchestra was in attendance and Miss Julia O'Neilly gave a dance specialty. Mrs. J. Frank Owens, president of the Women's Society, was general convener and was assisted by the following ladies in addition to a large corps of volunteer waitresses: Convener at table, Mrs. C. O. Morris; candy table, Mrs. J. John Joyce, Miss Nellie Johnston; novelty grab bag, Mrs. Ted McMurray; purveyors, Mrs. Edward Morrissey, Mrs. Felix McMillan, Mrs. Walter Bardsley; convener of tickets, Mrs. Thomas Morrissey; replenishers, Mrs. W. W. Walker.

20 Per Cent Off SKATES and SLEDS for Carnival Week

With skating and coasting at the height of their popularity, this timely special offer will be welcomed enthusiastically by lovers of these typically Canadian winter sports and pastimes. DURING CARNIVAL WEEK all skates (except Nestor Johnson) and all sleds are placed on sale at a reduction of 20 per cent. from regular prices. In view of the limited quantity of both skates and sleds, intending purchasers should be early on hand at the store of EMERSON & FISHER, LTD.

PRISONER USES MOTHER AS FOLLY; TRIES TO ESCAPE. Jersey City Youth Stoops to Kiss Her Darts Under Her Arm to Street. New York, Feb. 12.—As Frank Busch, twenty years old, of 79 Garden street, Hoboken, was being taken from the Hudson County Jail, Jersey City, to the office of the Probation Officer in the Court House, which adjoins the prison, the mother appeared and spoke to the youth. "Can I talk to my mother?" Busch asked Policeman Stelly, his guard. The policeman nodded, and the two talked confidentially. Then Busch made a motion as if to kiss the mother and darted under her arm. Stelly could not draw his revolver before the escapee would have been a success but for the fact that Lieutenant Murray, standing on an opposite corner, witnessed the incident and gave chase, firing two bullets into the air as he ran. Busch, believing the policeman was firing to kill him, stopped, turned and gave himself up.

MINERS TO STRIKE UNLESS PAY MORE. (Canadian Press Despatch.) Paris, Feb. 11.—The 100,000 coal miners now on strike in the Sarre and Moselle districts will be joined by 35,000 in the department du Nord and Pas de Calais unless, by Feb. 15 the mine owners increase the wages in accordance with the demands of the communist Miners' Union. The members of the latter body declare.

EARLY PLUNGE INTO MATRIMONY BRINGS BOY INTO SEA OF TROUBLE. Detroit, Feb. 12.—Joseph Albert Chadwick, fourteen-year-old school boy husband, who is being sued for divorce by his nineteen-year-old bride, Miss Elizabeth, has been summoned into Circuit Court to answer a claim for temporary alimony filed by his wife. He is a pupil in the tenth grade of Cass School, and faces a peculiar predicament of being liable to punishment for contempt of court unless he earn money to pay alimony, while he will be liable to arrest for violating the Stat school law if he quits his classes to go to work.

Lesson No. 230.  
POINTS TO REMEMBER

**REMEMBER THAT:**  
Vacuum tubes should be removed from their sockets while changes are being made in the wiring of the set, as the wires leading from the plate battery may accidentally be connected to the filament circuit, in which case from 40 to 60 volts may be impressed upon the filament. This will result in serious injury to the filament due to the excessive flow of current. If several tubes are connected in parallel in an amplifier circuit do not remove one of the tubes without opening the filament battery circuit as the increase of current in the remaining filaments may be sufficient to burn them out.

Touching the surface of a crystal has the effect of reducing its sensitivity and consequently reducing the range of reception. Exposure to the air may also result in lowered efficiency due to the oxidation which takes place on the surface. A remedy for this condition is to scrape the surface lightly with a pen-knife.

It is important that the resistance of the antenna system be kept as low as possible, for the less resistance there is in the antenna the greater will be the strength of current which flows from the antenna to the receiving set. Provision should also be made for keeping the system practically stationary. This is particularly necessary in short wave C. W. transmission as considerable wave length variation results if there is swaying in the "lead in" or antenna wires. When a counterpoise is used it should be thoroughly insulated from the ground by the use of wooden supports.

In receiving sets employing regeneration, the effect of body capacity or other stray capacities may seriously interfere with the reception of signals. To eliminate this source of interference, the receptacle in which the apparatus is mounted should be lined with thin sheet copper and this lining carefully grounded. If sheet copper is not available, a fine metallic mesh of brass or copper may be used. None of the fixed or moving parts of the set should be in contact with the lining which acts as a shield and practically eliminates the annoying effects of body capacity.

In receiving circuits employing several stages of radio-frequency amplification, the amplifier tubes have a tendency to oscillate due to back coupling. This may be avoided by connecting a potentiometer of 200 to 300 ohms across the filament circuit and so regulating the position of the sliding contact of the potentiometer that the grids of the amplifier tubes may be adjusted to a small value of positive potential, thus preventing oscillation of the tubes and securing stability of operation.

A regenerative receiver employing a feed-back arrangement such as the "tuned plate circuit," "tickler coil circuit" or similar variations, is practically equivalent in the reception of radio signals, to a receiver using one stage of radio-frequency amplification and a non-regenerative vacuum tube detector circuit. This is due to the fact that in the regenerative circuit the radio-frequency oscillations which pass through the detector without rectification and flow in the plate circuit are coupled back to the grid circuit and cause reinforced grid voltage variations which result in greater variations in the plate current.

The range of a receiving station is exceedingly difficult to predict. Geographical and atmospheric conditions exercise powerful influences on the reception of signals and it is a matter of common knowledge that the range of a receiver is greater at night than in the daytime. Under normal conditions the average range of a crystal receiver used with an outdoor antenna is about 25 miles and with an indoor antenna about five miles. A single vacuum tube receiver with outdoor antenna has a range of approximately 75 miles and with two stages of amplification this distance may be increased to several hundred miles.

**MORE FINDS IN TOMB OF KING**

Luxor, Feb. 12—(Canadian Press)—The third chariot emerged from King Tutankhamen's tomb yesterday. It is smaller than the others and has less inlay work of precious stones. It is covered with a layer of gold. The discoverers also moved a wagon tongue covered with beaten gold.

The chariot is ornamented with figures of negroes and Asiatic captives delicately embossed in gold. The hieroglyphics on the chariot tell the story of Tutankhamen's victories, representing him as the invincible leader.

Experts working in the laboratory upon objects removed from the tomb, have found several articles distinctly early Grecian or Cretan workmanship. (This despatch is copyrighted in the U. S. by the New York Herald.)

**Carleton Curlers Win.**  
Two rinks from the Carleton Curling Club went to Hampton on Saturday and played the Hampton club. The Carleton club won by the score of 30 to 10.

One portrait is of Mr. MICHAEL T. ROONEY, of 85, Granville Avenue, Long Eaton, England, who writes—  
"Some years ago whilst touring Ireland with 'Sanger's Royal Circus' I contracted some kind of an irritable skin complaint, which seemed to baffie different treatments in the way of salves and lotions, all of which utterly failed to give me the slightest relief. Recently at Long Eaton, where I am engaged as Advertising Manager of The Picture Palace, the conductor there begged me to try Clarke's Blood Mixture, but I refused. However, he, knowing its curative powers from experience, made me a present of a bottle, which I began to take. Recognizing a slight improvement in my limbs, I got another bottle, and continued the treatment until I had used four bottles, and now my skin is perfectly healthy again."

## NERVOUS AND BADLY RUN DOWN

Mrs. Emma Brown of West St. John, N. B., Was Heir to Ills Common to Woman But Now She Feels Fine—Another Victory For Dreco is Recorded.

Mrs. Emma Brown, of 66 Protection street, West St. John, N. B., was in a general run-down condition. She suffered from stomach trouble, indigestion, and was extremely nervous. Her liver was torpid and biliousness and constipation resulted. At her age—46 years—this was a serious condition and what she suffered can better be imagined than told.

Today Mrs. Brown feels fine and she attributes it all to Dreco, that marvellous root and herb remedy and tonic. Her entire system is toned up to normal working order and health is the result.

"My indigestion and stomach trouble are gone," she says. "My liver is working fine and I am no longer troubled with constipation. I was very nervous at times and felt miserable and run down in health. I have used only one bottle of Dreco but I am going to continue it until I regain all my weight. I strongly recommend it to everybody."

How many women there are just like Mrs. Brown. What relief they would find in their ailments if they took Dreco. It is a simple combination of herbs, roots and leaves, compounded in proportions that make a remedy bound to tone up the system and regulate the functions of the digestive organs.

Dreco is being specially introduced in St. John by Ross Drug Co., 100 King street. Go there today and ask for Mr. Arthur, the Dreco expert, and let him explain the merits of this great remedy. There is no charge and he will tell you honestly if he believes Dreco will benefit you. Dreco is also sold in St. John by Moore's Drug Store, 105 Prince Edward street, and by F. W. Munro, 387 Main St. It is also sold in Fairville by T. W. Wilson and in West St. John by Watson H. Dunlop.

## "I Was Terribly Weak After Baby Was Born"

Mrs. H. McCure, Norwood, Ont., writes:

"After my baby was born, I was terribly weak and run down, with pains across my back. I had heard so much of Dr. Chase's Nerve Food that I decided to try it. Three boxes proved enough to make me quite strong and well again. I also used Dr. Chase's Ointment for a rash which broke out on the baby, and the rash disappeared completely in a short time."

**QUESTIONS IN COMMONS**  
Ottawa, Feb. 11.—T. L. Church, Conservative member for Toronto, has given notice that he will ask the government to state whether it is its intention to carry out the capital commitments of the Grand Trunk Railway in various parts of Canada for any terminals and capital expenditures in various places as provided by the agreements made by this railway before it was absorbed into the National Railway system. Mr. Church also asks if the government is to provide money for the proposed grade separation at Detroit, and how much Canada will be expected to provide for the use of the Grand Trunk system of the new \$100,000,000 passenger terminals at Chicago.

**Wants Trade Information.**  
Several Questions dealing with foreign trade matters have been placed on the order paper of the Commons by Miss Agnes MacPhail, member for Southeast Grey. Miss MacPhail asks the government to state how many consuls and commercial agents the United States has resident in Canada; how many Canada has in the United States; sufficient agents in the United States to take care properly of her trade needs. Miss MacPhail is also asking what steps the government is taking to foster trade with the United Kingdom and how many agents with technical trade knowledge are attached to the Canadian High Commissioner's office in London.

### SIXTY-FIVE DEAD SO FAR REMOVED FROM DAWSON PIT

Fifty-five Still in Depths Since Last Thursday's Tragedy Are Thought by Officials to Be Dead.

(Canadian Press Despatch.) Dawson, N. B., Feb. 11.—The shattered depths of Dawson mine, No. 1 had given up sixty-five dead tonight. Within the subterranean tomb fifty-five miners still remain. It is more than a reasonable certainty that all have perished, according to officials.

Bathed in the warm rays of a dazzling sun, Dawson set about the task of burying her dead today. Throughout the morning and afternoon the rough pine boxes, carrying all that was mortal of those whose lives were snuffed out in Thursday's disaster, were borne through the main streets of the town to the last resting place.

A small group of men lined about the entrance to the mine early this morning, waiting for more bodies to be brought out. When the sun reached its zenith a huge crowd surged against the ropes which barred them from the mine mouth. In the crowd were many women and children. As in the other days since the blast, they are dry-eyed, unemotional and quiet.

Regular shifts of more than fifty men worked all day inside the mine. The work now has progressed to the last cross-cut on each side of the main entrance. In these unexplored depths officials expect to find the bodies of more men still unaccounted for.

New York, Feb. 11.—John Barrymore concluded his one hundred and first performance of Hamlet Friday night, break the former consecutive performance record set by Edwin Booth in 1888. Mr. Barrymore has gone to France.

### MARRIAGE AND DIVORCE MADE EASY FOR ALL IN VLADIVOSTOK

Vladivostok, Jan. 10.—(By mail)—Marriage and divorce have been reduced to simplicity itself. The only condition necessary to enter the married state is that the man be over eighteen years and the woman over sixteen.

A statement to the effect that the parties are willing to be considered man and wife and a note to that effect in the town register is sufficient. The woman may keep her maiden name and the children may bear the name of the wife or the husband. Boys take their father's name and girls their mother's name. If the parties are tired of the married state, then both parties go before the Registrar and make a statement that they do not wish to live together. The divorce is then complete. If one of the parties does not wish for a divorce then the case will be tried before the People's Court and the usual grounds for a divorce must be proved.

### APPEAL COURT OPENS TUESDAY

Fredericton, Feb. 11.—The Appeal Court will meet Tuesday with the docket. Among the cases entered are Royal Exchange, an assurance company, vs. W. Malcolm McKay, Ltd., and the E. C. Atkinson Lumber Co., in which the insurance company is appealing against judgment given by Chief Justice McKewen at St. John for \$2,535.

The New Brunswick and Canada Railway Company vs. New Brunswick Railway Co. is a case referred by Chief Justice Sir Douglas Hazen. The case concerns the payment of income tax by the plaintiff company contending that the defendant company by the terms of lease of the property of the plaintiff agree to pay all such charges.

In the estate of Charles Nevins of St. John there is the case of Sude Smith vs. George H. King and Francis Kerr, executors of the estate of the late Charles Nevins, of St. John. This is an appeal from the judgment of H. O. McInerney, judge of probate for St. John county, who in regard to a will found in a locked chest that the authenticity was questionable but made no decision upon an allegation of forgery. The appellant, Sude Smith, was the fiancée of the deceased who was aged sixty-eight years at time of death.

**POLES AS CHUMS TO COST RUHR GIRLS THEIR HAIR**  
Elberfeld, Feb. 12.—(By Mail)—The "Scissors clubs" are being organized throughout the recently occupied Elberfeld zone. They are composed mostly of youths, and their object is the clipping of the hair of women associating with the occupation troops.

The German women are apparently as stubborn in their resistance as the men, as no case of shearing has yet been reported.

**COW, SIX LEGS, CALF, TWO TAILS, SOLD AT WINSTED**  
Winsted, Conn., Feb. 12.—F. J. Hooper of New Milford has sold his famous six-legged cow to John A. McGuinness of St. Petersburg, Fla., who has show concessions at Coney Island and other places. McGuinness has also purchased a calf having two tails, of E. J. Smith of Southington. The calf's mother was included in the transaction.

### COSGRAVE WILLING PEOPLE DETERMINE IRELAND'S STATUS

President Ready to Agree De Valera Should Advise Followers to Lay Down Arms on Condition Electors Decide Country's Status.

(Canadian Press Despatch.) London, Feb. 11.—President Cosgrave, of the Daily Mail, in a statement in the Daily Mail, declared that he was ready to agree that Eamon de Valera should advise his followers to surrender their arms on the condition that the question of a republic or the Free State should be left to the electors.

President Cosgrave's declaration was made unhesitatingly in reply to the interviewer's question. He added: "The new franchise list will not be ready before June or July but I would be more than willing to have a decision of Ireland's government to the people, the election to be fought on a system of proportional representation."

There is not a seat in Ireland that De Valera could win under these conditions, not even Clare, where he won his last seat, nor west Cork, where the Irish irregulars are supposed to be strong. De Valera's following is actually very small; it consists mainly of irresponsible young men and women.

De Valera is said to have announced his willingness to accept peace terms on conditions that Irish elections be held on the clear issue—whether Ireland should be a Free State or a Republic.

Vienna, Jan. 10.—(By Mail)—The crown, sceptre, the seal of state, the marshal's baton and the mantle, all used by Napoleon I at his coronation at Milan on May 26, 1806, have been surrendered by Austria to Italy in accordance with clause of the Treaty of St. Germain. The house of Hapsburg became possessed of these trophies in Italy and carried them off to Vienna in 1848, since when their return has more than once been urged by Italy, but without success.

Of the gold-gilt crown, surmounted by a cross and richly inlaid with mother of pearl and paste stones, it will be recalled that Napoleon set it on his head, exclaiming: "God has bestowed it on me; woe to whoever attempts to touch it!" The one-sleeved coronation robe of green velvet, trimmed with ermine and embroidered in gold and silver lace, in which in gold leaves of clover, Napoleon's initials recur a hundred times, always has been regarded as perhaps the most magnificent robe ever worn by monarch at his coronation.

It was with many regrets that the release of these objects was pronounced by the National Assembly here.

THRILLING MOMENT WHEN CROWN WAS HANDED MISS BLAIR

Intense Excitement Featured Awarding of Miss Canada Palm to St. John Girl

The Contestants Presented Attractive Appearance in Beautiful Dresses at Closing Ball of Montreal Contest—Miss St. John Overwhelmed.

(By Canadian Press) Montreal, Feb. 11.—Ladies and gentlemen: It is the decision of the judges that the title of 'Miss Canada' shall be borne by Miss St. John.

As crowned on Saturday, there was no dominant factor to be considered on the sartorial side—all the contestants were beautifully dressed in tones that suited them—Miss St. John, brown-haired and blue eyed, in a French gown of turquoise blue panne velvet in combination with tulle and floral trimmings—golden-haired Miss Winnipeg in granular red with gold lace insertion at one side and gold tulle scarf; Miss Quebec, refreshingly fair and reminiscent of a girl of Graduation Day, in a silver and sponged net gown; Miss Sherbrooke in a beaded gown of midnight blue; Miss Montreal in crimson, the color scheme being carried to the stockings and pierced silver shoes; Miss Halifax in an iridescent beaded gown; Miss Edmonton in silver and black; Miss Ste. Anne De Bellevue in a simple orange-colored frock; and Miss Regina in a French gown of black jet.

Ten minutes before midnight the judges, almost unobserved behind a screen of floating balloons, retired from the hall. The wait was broken by a dance when they returned at 12:10. There was scattered applause and expectancy ran high, but the judges after wandering about the tables where some of the contestants were seated, retired again and the guests returned to playing with balloons.

A reference was made to the recent death of Dr. Harrison of Moncton, and the president and secretary were instructed to prepare and send a letter of sympathy to the widow and family. The programme for the coming conference in June was discussed.

SCHOLARS VISIT SPORTSMEN'S SHOW

The Sportsmen's Show in St. Malachi's Hall is proving one of the biggest drawing cards of Carnival Week. This morning about 400 school children and their teachers visited the show and were delighted. Instructive addresses were given to the children, and illustrated pictures made the showing more impressive and interesting. G. H. Prince, chief forester of the province; R. W. Fufts of Wolfville, chief federal migratory bird officer for the Maritime Provinces; W. Harry Allen, president of the N. B. Guide Association, and G. Blythe were the speakers. They give fine addresses, and their explanations greatly pleased the children. Among the early interesting visitors to the show is Jack Learmont of the Dominion Cartridge Company, who, it is expected, will be one of the participants in the trapshooting contests at Fair Falls. This afternoon more of the school children of the city and their teachers will be in attendance at the show.

ORPHANAGE FOR 1,000 ARMENIAN GIRL REFUGEES

Beirut, Feb. 12.—The French government has given to the Near East relief a tract of land at the so-called "River of Abraham," on which will be established an orphanage for 1,000 Armenian girls, refugees from Anatolia.

MISS MONCTON WILL COME TO ST. JOHN

She will be Chosen Tonight—Torchlight Parade and Carnival—Handsome Costumes.

(Moncton Times, Saturday) The pageant and carnival which will be held in the Arena rink on Monday evening next is the finale of the beauty contest. There the winner of Moncton's Beauty Contest will be announced. The judges in addition to those who have already been chosen and have ably assisted the committee by counting the ballots are His Worship Mayor Edgett who has consented to officially open the contest, J. H. Harris, postmaster and Mr. E. A. McSweeney.

The parade will be preceded by a torch light procession headed by the band and a number of herchants' floats. At the rink no forms have been spared for the success of the undertakings. Scenic effects and arrangements for moonlight dancing have been prepared. Skaters, dancers, promenaders, spectators will all be in the swing. Among those who will be present and will occupy the Royal Box is Miss St. Clair Bishop, who was chosen princess of the Children's Carnival three weeks ago.

Ladies in the beauty contest are asked to appear at the carnival in sport costume such as white gloves, white muffler, a toque sweater, etc., and the young lady contestants are requested to slip on their dancing slippers. Brussels Ltd., in co-operation with the M. S. A. have donated a handsome black lace beaded evening gown to the young lady who is to be Miss Moncton. The gown is of the latest Paris model and has just arrived from New York.

Last evening two more contributions were received by the Contest Committee. These were from the Marr Millinery Co. and Mrs. Grace's Millinery Store. Both of these firms have entered generously into the contribution of giving "Miss Moncton" her choice any hat in their stores.

A formal invitation was yesterday extended to Miss Winifred Blair, Miss M. S. A. and her chaperone, Mrs. Walter Golding, to visit Moncton on February 19th and 20th, and to be the guest of the contest committee. Meet on the M.A.A.A. field on these dates.

DO NOT FAVOR A COAL EMBARGO AGAINST CANADA

Indications That This is the Feeling of United States Officials—Investigating New York Dealers Requests.

(By Canadian Press) Washington, Feb. 12.—F. R. Wadleigh, the federal fuel distributor, wd to New York today to talk up directly with the federal fuel administration of New York state the question of the embargo against the anthracite shipments to Canada. Despite requests of the New York authorities for such an embargo, it is indicated that federal officials do not favor it. They hope to be able to increase by other methods the supply of anthracite to Northern New York, which has been the source of the greatest demand for the embargo.

BUSY MORNING IN POLICE COURT

Five Men Assessed \$208 Each on Drunkenness Charges—Theft and Other Charges.

The police court was a busy place this morning there being a variety of cases. Five men were gathered in by the police for drunkenness. The magistrate commented very strongly on conditions in the city. He imposed heavy fines for drunkenness, passing sentences of 90 or two months in jail and an additional \$200 or six months in each case. Mary Malliday pleaded not guilty to securing goods under false pretences. The case was set down for hearing at four o'clock this afternoon.

Arthur Kuntzky, alias Arthur Connor, arrested in Halifax for the local police, appeared in answer to a charge of theft. The case was set over until later this week to allow the prosecution time to produce witnesses. William Hayes charged with threatening to do bodily harm to Charles Buckley, a watchman on the west side, pleaded not guilty. Evidence was given by Acting Sergeant Gray of the C. P. R. police and Mr. Buckley. The case was set over for further hearing.

Pedro Meyero again made his appearance for vagrancy. He was sent below.

AT ST. PHILIP'S CHURCH At St. Philip's A. M. E. church yesterday, large congregations attended all the services. In the pastor, Rev. Claude Stewart, ably discussed the subject "Cleaning For God." In the afternoon, study was given the Sunday school lesson "The Spirit of Prayer." The large congregation that filled the church during the evening service, heard a fine address by Rev. Mr. Stewart on "The Final Choice," and splendid music rendered by the choir. As a result of the evangelistic services conducted last week by Rev. Mr. Stewart, six converts were received into full membership at yesterday morning's service.

RICH LIQUOR FIND ON GOULD RESERVE

\$50,000 Worth Taken from Island; Two Men Arrested—Arrest of Others "Higher Up" Expected—Whiskey Supposed from Atlantic Rum Fleet.

New York, Feb. 12.—The Lonely Clam Island, George J. Gould's private hunting reserve in Barnegat Bay, one mile inside Barnegat Inlet was invaded last night by federal prohibition agents, coast guards and Sheriff B. Brown, of Ocean County, N. J., and when they returned to Toms River they took with them two men arrested in two house-boats moored at a pier on the island, and six hundred cases of Scotch whiskey, valued at about \$50,000. The house-boats were seized by the government agents.

Sheriff Brown expressed the belief that the whiskey was brought to Clam Island from the rum fleet anchored beyond the three-mile limit off Ambrose Channel Lightship. It was thought that the whiskey came originally from Bermuda.

Sheriff Brown refused to say for whom he believed the consignment was ultimately intended. Sheriff B. Brown, Commissioner J. Howard Jeffrey, said that further arrests of others "higher up" were expected shortly in connection with the seizure.

DIVORCE LITIGANTS BELLIGERENT

Wife Knocked Down as Swing at Husband Hits Woman. New York, Feb. 12.—Precisely what started the row was uncertain, but when Mrs. Njoeba Karacand, of 101 Sterling Place, Brooklyn, left the court room on the first floor of the Brooklyn Supreme Court, a few days ago, she swung her hand bag at her husband, who is suing her for divorce, missaid and struck Miss Genevieve O'Connor, of 515 East Fifth street, in the face.

Then Mrs. Karacand's brother-in-law, Hikmat Karacand, who also was going out of the court room, is alleged to have struck Mrs. Karacand and knocked her down.

Miss O'Connor had Mrs. Karacand arrested. Mrs. Karacand had her brother-in-law arrested, and they all moved from the Supreme Court to King street, street police court, where Mrs. Karacand is held.

"Chief Lucy" Is First Woman Ever Chosen To Head An Indian Tribe

Mrs. Lucy Eads, first woman ever chosen to head an Indian tribe.

Ponca City, Okla., Feb. 12.—The first woman ever chosen chief of a tribe of Indians is Mrs. Lucy Eads, a full-blooded Kaw Indian. Chief Lucy, as she is called, is the wife of a white man, and is a college graduate, a woman of culture and an experienced trained nurse.

As a girl she graduated from the Haskell Indian School at Lawrence, Kansas, and later served as a nurse in a New York City hospital. She is 34 years old and the mother of seven children.

With her family, Chief Lucy lives on the new chief's allotment, an inheritance of 500 acres, where they raise live stock and farm.

Tribute to Mrs. Eads from Indians and whites alike has proclaimed her the best choice possible for the job of chief. She has announced that the principal task of her administration will be the pressing of a claim of her tribe against the government for \$15,000,000 which the Kaw allege is due them as payment for lands they once owned in Kansas. The Kaw allege they were offered \$1.25 an acre for the land, but that they received only 10 cents an acre.

Chief Lucy is the first head the Kaw Indians have had since 1808, when Chief Washunga was frozen to death. Lucy Eads and her brother Emmett were adopted children of the old chief, who gave them both public school and college educations.

John Eads, husband of the new chief, is a cousin of James Buchanan Eads, builder of the Eads bridge across the Mississippi at St. Louis.

Parents Divorced, She Spurns Both for School

Eleanor Worthington and her mother.

Los Angeles, Feb. 12.—The divorcee, about which grow-up have talked at great length and with no noticeable results, has been solved here, and by a child. Offered half a loaf, Eleanor Worthington, 14, refused it unless her parents see fit to give her a real home, she will not have any. Backing Eleanor is the judge, who thinks she is right, and has given orders to let the little girl have her own way.

When Eleanor's parents were divorced, each asked custody of Eleanor, and a fight developed over which should have the child. But Eleanor could play this three-cornered game of selfishness, too, and she was thinking not of her parents, who had not consulted her welfare in breaking up their home, but of her own future.

When the judge gave her the privilege of choosing which parent she would live with, Eleanor said: "If I live with my father I don't get my mother's care and attention. But if I live with my mother, she has to be at work all day and does not have time to care for me. I would rather not live with either of them. Send me to a girl's school, and I will do my best to get on."

The judge told Eleanor he thought she has solved the problem very wisely, and ordered this arrangement be made.

SCOTIA MAIDEN LEFT IN FLAMES; CREW SAVED

Gibraltar, Feb. 12.—(Canadian Press via Reuters).—The Canadian auxiliary vessel Scotia Maiden, from Marcellis, had to be abandoned yesterday because she was a mass of flames.

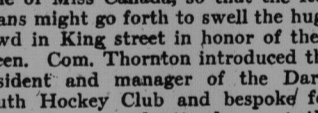

After being rescued by the Scotia Maiden, still afloat and under way, the Scotia Maiden was abandoned at 2:30 o'clock in the afternoon at latitude 40 north and longitude 14 east.

Halifax, N. S., Feb. 12.—The Scotia Maiden was built at Church Point, N. S., in 1919, for the Scotia Maiden Company, Limited, Halifax, but was sold to the Vegetable Oil Corporation, New York. She has been engaged carrying coconut oil from the Society Islands to Marcellis. The vessel was of 519 tons and had two crude oil engines. She was abandoned yesterday by Captain Koller, of Lunenburg, N. S.

YANKEES' PARK IS LARGER THAN POLO GROUNDS

Will Have 22,000 Square Feet More Playing Surface Than That of National League—Should Not Worry Babe Ruth.

New York, Feb. 12.—Judging from a profound study of a chart showing the comparative size of the Yankee and Giant playing fields, Babe Ruth is not going to be unduly embarrassed by the length of the fences at the new American League stadium in the Bronx. The Yankee park—that is, the fair ground part of it—will be some 20,000 square feet larger than the Polo Grounds, but the bulk of this increase will be found in left field, left centre and right centre—where the Bambino rarely directs his gunfire.

By way of showing how their magnificent new field compares with the Polo Grounds, the Yankees have given out a superimposed chart. In some essential respects the two fields are like two peas in a pod. The length is 235 feet, the right field foul line, for example, is the same—237 feet and 6 inches. There is only a slight difference along the chalk line in left field, the Yankee being the same as the first base side, 237 feet 6 inches, but the Giants' being longer, about 277 feet.

These, however, are not details that will bother Babe Ruth. The slight difference in this mark the statistics get more intriguing. The Polo Grounds grandstand crosses right field at a sharper angle than the Bronx fence and is therefore closer to home plate. The Yankee stand slopes away for a short distance, and at this point the difference is a difference of 28 feet. But from the right field foul line, for example, is the same—237 feet and 6 inches. There is only a slight difference along the chalk line in left field, the Yankee being the same as the first base side, 237 feet 6 inches, but the Giants' being longer, about 277 feet.

Now, if Ruth hits the ball into this pocket, he will find the Yankee stadium a harder mark to shoot at. At the farthest point, as already stated, there is a difference of 28 feet. But from this point the Yankee fence begins to cut across toward right centre, and before the spectator has moved very far he will find himself in front of the line marking the boundary of the Polo Grounds bleachers.

Yankee Fence Is Near. In this section—deadly right centre—the Yankee fence is exactly twenty feet nearer the diamond than the Polo Grounds. This margin of difference continues almost to the old exit gate in right centre, where the players passed through on their way to and from the club house. And it is in this same section that Ruth will get his greatest advantage. He will need little help on or near the foul line, for the angle is so sharp that most of the drives carry many feet past the edge of the field. But when the angle has been lengthened, when Babe is pumping at the right centre stands, he may find that 20-foot difference coming in very handy indeed.

Only four men ever hit one into the Polo Grounds right-field bleachers as they stood last season. Ruth was one and he planted several among the seats. Dave Robertson and Jake Daubert, left-handed batters, performed the feat, and Long George Kelly has the honor of being the only right-handed swingman to reach this territory.

So that 20-foot margin may make some difference to American League batters. It may help Ruth and may not. At any rate, it is not going to handicap him. The Babe ought to make as many of his celebrated homers in the Bronx as he did in Manhattan, for there is no tremendous difference between the two right-field fences.

Ruth Not Impressed. "I don't see any fences there that I can't hit over," remarked the Babe as he inspected the chart that week. "George Herman has seen few fences that he wasn't on speaking terms with."

—While taking the spot where the Polo Grounds' exit gate was last season, the Yankee field stretches out beyond the rival park. In deep centre it has a 66-foot advantage—which means that if Bill Campbell had caught Ruth's long world's series fly in the Yankee Stadium he would have been 66 feet from the fence. The distance from home plate to the furthest centre field point is 498 feet, as compared with the Giants' 558.

In left centre the Yankee has a margin of 87 feet, making this one of the loneliest stretches in any major league park. Right-handed hitters like Bob Messel and George Kelly would find home runs getting fewer and fewer in this park.

The area of fair ground at the Yankee park is about 138,000 square feet, while the Giants have only about 118,000. Behind the home plate the American League stadium will have a little more room, but the third and first base lines will be closer to the grandstand. Between them and the stand, and encircling the outfield, will be a cinder path.

ROTARY IN MEXICO

Mexico City, Jan. 20.—(A. P. Mail).—International Rotary is firmly implanted in Mexico, and flourishing clubs are now established in Mexico City, Veracruz, Monterrey and Guadalajara. Under the direction of F. W. Steele, who at the last convention of International Rotary was named organizer in Mexico and Central America, clubs are to be established in at least five other Mexican cities. The Mexico City club meets every Tuesday and one meeting each month is devoted to Mexican members and all business on this day is conducted in Spanish.

SAYS 1,400 MINERS TO GET BACK JOBS AT WABANA WORKS

Newfoundland Premier Tells of Arrangement Made With Steel Corporation For Resumption of Work Interrupted When Ruhr Occupied.

(Canadian Press Despatch.) Halifax, Feb. 11.—Sir Richard Squires, Premier of Newfoundland, told the Canadian Press Saturday that the agreement between the Newfoundland government and the British Empire Steel Corporation respecting the iron ore development at Wabana provided for 8,400 days' work per week during February and March, and 9,000 days' work per week during April and May.

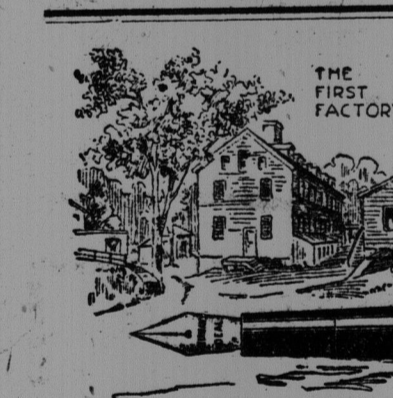

The Premier explained that the British Empire Steel Corporation owned the Bell Island ore areas but in view of the fact that the corporation took advantage of the various services providing aids to navigation, furnished by the Newfoundland government, the Dominion took the view that it should contribute to its support.

Sir Richard took a very hopeful view of the general situation in Newfoundland, pointing out that the per capita debt of the Dominion, including all municipal as well as national liabilities was less than that of Canada. He showed, too, that taxation in the ancient colony was considerably less per capita than in Canada.

HOLD-UP VICTIM PLAYS DEAD AND SAVES HIS ROLL

Falls to Floor When Bullet is Fired and Bandits Flee Without His Cash.

New York, Feb. 12.—Two strangers entered a saloon at No. 5,663 Hudson Boulevard, North Bergen, N. J., recently, and after ordering drinks one leaned over the bar and seized Joseph Hinder, owner of the place. While the latter writhed himself free and landed his fist on the robber's chin, sending him back over the bar to the floor.

By this time the accomplice was at the cash register and Hinder said: "Wait a minute and I'll hand you the money."

Now try and get it! He shouted defiantly as he jammed the roll into a pocket and grappled with the hold-up man. The latter, however, had drawn a revolver and just as he fired Hinder dodged and fell to the floor.

Five minutes later Hinder, with the roll and a broad smile, was on his way to the bank.

MOURNERS FIGHT BLAZE THEN CONTINUE FUNERAL

New London, Conn., Feb. 12.—A bucket brigade fought at Woodstock Valley last Tuesday morning to save the home of William Phillip Sumner from destruction by fire, while Mr. Sumner lay dead in a room on the lower floor of the house and a clergyman waited to conduct his funeral services.

N. A. Ballard, of Putnam, undertaker, was so nearly overcome by smoke and his efforts to extinguish the fire that he was on the point of collapse and was carried to the hospital.

When the fire was extinguished and pans set in the lower rooms to catch the water dripping through from above, the Rev. Mr. Henry Baker, of Woodstock, conducted the funeral service.

MAGISTRATE HAS DOUBTS OF WOMEN AT WHIST TABLE

Hostess Held When Detective Stives Says Poker was Played and "Kitty" was \$250 a Week.

New York, Feb. 12.—There are some men who brag about the way their wives play poker, while others complain to the police about it. Magistrate Charles A. Oberwager had something to say on the subject recently when Mrs. Fannie Sprague, of 202 West 107th street, was arraigned before him in West Side Court on a charge of maintaining and operating a gambling game. From his remarks the future looks rather dark for the feminine poker player who gets caught in the Magistrate's denials.

In this case Detective John J. Meahan, of Inspector Felton's staff, had gone to Mrs. Sprague's apartment, where, according to the story told in court, he had found eight women intent upon what appeared to him to be a good old-fashioned game of draw. He arrested Mrs. Sprague.

In self defense Mrs. Sprague denied that she was running a gambling house. She said that the detective had come upon them assembled for a social gathering. The visitors were all old friends of many years' standing, and they were contemplating a sociable game of whist without thought of financial loss or gain, she said.

Magistrate Oberwager said: "I am going to stamp out poker games among married women. Many homes are ruined as a result of men stealing and robbing in order to satisfy their wives' demand for money to engage in these games. It would be better for these women to stay at home looking after their families."

He held Mrs. Sprague in \$500 bail.

FRENCH AVIATORS WILL LEAVE SOON ON WORLD FLIGHT

Paris, Feb. 11.—Five French airplanes lying under the patronage of the government, will leave early in March for a trip around the world. The aviators plan to divide their long journey into a series of short flights, participating in exhibitions and competitions along the way.

Their course will take them through Italy, Algeria, Egypt, Syria, Mesopotamia, Persia, India, Indo-China, Korea, Japan and the United States. They will then fly south across Central and South America, crossing back to Africa and returning to France by way of Spain.

YESTERDAY IN CITY CHURCHES

The men's mass meeting in the Main street Baptist church yesterday afternoon was well attended. Rev. A. K. Herman, who was to have attended and deliver the address, was not able to present owing to sickness and in his absence Rev. G. D. Hudson, pastor of the Victoria street church, was the speaker.

Rev. Dr. W. Farquharson, Presbyterian port chaplain, conducted the service in the morning. The subject of the special address was the illness of the special preacher, Mr. Herman. Rev. Dr. David Hutchison, the pastor of the Main street church, was also suffering from a severe cold and while he attended the service in the morning he introduced Dr. Farquharson he was unable to be present in the evening.

Harrison, Feb. 12.—Ten days ago there was received at the Harrison post office a letter from Scotland addressed to a man who had removed from here in 1894.

The seventh anniversary of the Central Baptist church was celebrated yesterday by special services both morning and evening.

Dr. MacKinnon yesterday morning was the preacher in St. Columba church, Fairville, and in the evening church in the morning.

The special preacher in Centenary church yesterday morning was Rev. George S. Gardner, special agent for the Inter-provincial Home for Girls, at Moncton.

Yesterday morning in the Waterloo street Baptist church, Rev. J. A. Sweetnam gave an appeal to the church members in reference to the coming evangelistic campaign.

HARVARD TESTS KIDDIES' MINDS

Study of Development of Minds from Six to Eighteen Years to be Studied.

Cambridge, Mass., Feb. 12.—In order to find out exactly how the individual child grows in mind and body the Harvard School of Education, with the cooperation of public and private schools in the vicinity, has embarked upon an investigation of the mental and physical development of hundreds of individual schoolboys and schoolgirls.

The project is described by Dear Henry Holmes of the Harvard Graduate School of Education in his annual report as "a new research enterprise of major importance."

The hope is expressed that it will provide a new basis of fact for the discussion of a great many fundamental educational problems, of interest alike to teachers, physicians, psychologists, parents and social workers.

The plan of the investigation is to take several hundred children and submit them at intervals to measurements and tests over a period of twelve years from the age of six to the age of eighteen. This will give an accurate record of how each individual child is growing mentally and physically throughout the period.

"We cannot classify children properly, select the gifted or the deficient for special treatment, deal with individuals of unusual traits, adjust our teaching or our schools to the various levels of development, or handle our human material with maximum effectiveness unless we can become more certain in our judgments concerning individual cases," said Professor Walter F. Dearborn, who is in charge of the project, a report outlining its scope.

"We ought to be able to study any given child as an individual in the light of comprehensive knowledge of individual growth."

Hundreds of children are now being examined by Professor Dearborn and his staff at the psycho-educational clinic at Harvard. Each child is given intelligence tests (group and individual), his school accomplishment is measured by means of standardized tests in reading and arithmetic, and his teacher's judgments and observations of the above are recorded.

Since October 1, 1922, more than 1,600 public school children in the first and second grades have been tested. A second group intelligence test, to check the results of the first, has been applied to about 1,200. It is planned to increase these numbers so that approximately 200 of the children observed will remain in the group throughout the whole period under investigation.

Manufacturing industries almost without exception, showed shortages of both skilled and common labor. Many mining districts made similar reports, although here and there production was held back by car shortages. The lumber

industries also reported shortage of labor, both in the woods and in the mills. Only the agricultural, food and some of the seasonal industries experienced surpluses, and in none of these was the condition described as serious.

The building industry was shown to be active throughout the country, except in a few northern sections where operations were retarded by the weather. In the New England district, textile mills were running overtime, with shortages of skilled labor, but the building trades and lumber, paper and machine plants were operating on reduced time.

Ailing Children Get Well on Laxative Syrup Pepsin

A small dose at bedtime brings relief and laughter by morning.

HOSPITAL and doctor's records prove that 75 per cent of human ills has its origin in the intestinal canal, complicated with what is commonly called constipation. Realizing what that have in mind, mothers should contrive methods of handling their children while they still control them that will prevent these future dangers. Teach children regularity of bowel movement, and be especially watchful of young girls. Insist on two passages a day until the age of 18, when one is usually sufficient. Give plenty of oranges and apples, plenty of butter because it lubricates the intestines, and encourage the drinking of water.

If you detect restlessness, belching, gas or wind on the stomach, sleeplessness, or lack of appetite, examine the tongue and you will find it coated, accompanied by unpleasant breath. This child is bilious, constipated. According to age, give from one-half to a teaspoonful of Dr. Caldwell's

and bodily development during childhood. Since October 1, 1922, more than 1,600 public school children in the first and second grades have been tested. A second group intelligence test, to check the results of the first, has been applied to about 1,200. It is planned to increase these numbers so that approximately 200 of the children observed will remain in the group throughout the whole period under investigation.

FROM LONDON TO PARIS BY AIR FOR \$35

London, Jan. 26.—(A. P. by mail.)—Fitted with two hangars and designed to carry twenty aeroplanes which can be raised to the flying-off deck on electric lifts, the Hermes, of 650 tons will soon be put into commission for the Royal Navy. This is the first aircraft carrier to be specially designed by the Admiralty, and has the unusual feature of funnels, mast and superstructure on the starboard side amidships, instead of in the centre, thus allowing plenty of flying off and alighting space.

Another aircraft carrier just ready for use is the Eagle, of 25,200 tons, which, Mrs. Tyndale is still living with her parents, and she is rarely seen to go out unaccompanied by either her mother or father.

Mr. Walsh is secretary and treasurer of the Compagnie Morana manufacturers of perfume, in this city. Mr. and Mrs. Walsh are members of the Southampton summer colony.

When the two girls, classmates and good friends at Miss Spence's school, after being constantly thrown with the boys during the holidays, arrived at the necessary decision, quite naturally they considered in one another.

"Let's," said Margaret.

So on the last day of December the boys, who previously had known each other only slightly, went together to the Municipal Building to get the license. Since the following day was Sunday they waited until Monday to approach Dr. Burrell armed not only with the license but also the requisite fortune. Immediately after the ceremony they returned home to break the news.

The Tineys fared better than did the Tyndales. Although it came as a shock to Mrs. Tiney's parents they had \$35 each for two passengers from known their son-in-law for a number London to Paris.

Two School Girls from Spence Elope to Marry Together.

New York, Feb. 12.—A double elopement, involving four members of four widely known New York families, came to light recently, when it was learned Benjamin E. Tyndale, 2nd, and Katharine Wheeler and Thomas J. Tiney, 1st, and the daughter of Dr. D. J. Burrell, pastor of the Marble Collegiate Church, after exaggerating their ages slightly to obtain the required licenses. The new Mrs. Tyndale is eighteen years old. She is a daughter of Mr. and Mrs. Willard A. Walsh of 300 Park avenue. Her husband, who is twenty-one, is the son of Mr. and Mrs. Charles E. Tyndale, of 251 West Eighth-street.

Miss Wheeler, who is now the bride of Thomas J. Tiney, is also eighteen, and the daughter of Dr. and Mrs. Herbert L. Wheeler, of 850 Park avenue. Her husband, who is twenty, is a member of Dr. Frederick Tiney of 870 Madison avenue. The two couples moved in the same social set, and were constantly together during the Christmas vacation. Both Mrs. Tiney and Mrs. Walsh were to have been debutantes next season.

FLAT TOO COLD FOR SHAVING

Democratic Political Leader Has His Landlord Held.

New York, Feb. 12.—John Daly, Democratic district leader in the 8th Assembly District, appeared in Morrisania Court recently and complained of lack of heat in his apartment at 945 East 163rd street. The landlord is Philip Meyerowitz, of New Rochelle. Not only was the heat lacking in his home these cold days, Daly said, but there wasn't even enough hot water to permit a man a satisfactory shave.

The heatless state of Daly's place was corroborated by the evidence of Inspector O'Mara, of the Bronx Health board, who said that the temperature in the apartment on January 25 lacked sixteen degrees of the minimum permitted by law.

Meyerowitz was held in \$100 bail for an appearance before the Court of Special Sessions.

CO-EDUCATIONAL SYSTEM DEPLORED IN PHILIPPINES

Manila, P. I., Dec. 23.—(By mail.)—The co-educational system of instruction in the public schools of the Philippine Islands is a failure in the opinion of Representative Jesus Cuenco, who embodied his views in a bill which he introduced in the House, abolishing it completely in the elementary and secondary schools. Representative Cuenco is presenting the bill today.

"The co-educational system in vogue in this country, instead of raising the standard of morality, has as its direct outcome flashy marriages, elopements and a number of other changes which have immoral tendencies."

Forty thousand people are said to have been drowned in Holland in 1850, the failure of dykes.

The earliest notice of an electric light appeared on May 18, 1853.

HOW TO WIN THIS MONEY

EASY TO UNDERSTAND

Below You Will Find a Coupon Giving a List of Football Teams That Will Play on Saturday, February 17th

On the left hand side of this Coupon are listed all the "Home Teams." On the right hand side, are listed all the "Visiting Teams." To make it more explicit—the Home Team is the team that plays on their own grounds, and the Visiting Team is the team that comes to these grounds to play.

JUST MARK AN "X" FOR THE WINNING TEAMS

Pick out the team that you figure will win (on the first line) in the Coupon and if that team's name is under the heading of "HOME TEAMS"—then mark an "X" in the blank box headed "HOME" (on the same line). If you pick a name that is under the "VISITING TEAMS" heading then mark your "X" in the blank box headed "VISITING." If you figure these teams should play a draw (or tie) game then mark your "X" in the blank box headed draw. You Do This on Every Line, Marking One "X" for Each Game. In Other Words You Pick a Winner for Every Game—Sixteen All Together.

Try It Now---Contest Closes Saturday 10 A. M.

RABBI INVITES HERESY CHARGE

Defends Dr. Grant—Latter Reiterates Disbelief of Virgin Birth of Saviour.

New York, Feb. 12.—Rabbi Stephen Wise of the Free Synagogue, in a sermon last night defended Rev. Percy Sweeney Grant in his controversy with Bishop Manning over the deity of Christ and in his turn began what may be a heresy controversy in the Jewish church.

LOCAL NEWS

Bishop LeBlanc's pastoral letter was read in the Catholic churches yesterday. It contained special reference to the celebration of mass and urged the redoubling of prayers for deliverance from modern evils.

Historical Sketch of Amdur's, Limited

Amdur's Limited this year celebrate their seventh in business. In that period they have developed from a small shop to a great institution; they have expanded from a West End store to an imposing establishment in the heart of the City's centre; they have spanned the city.

Their most rapid advance was during the exacting days which followed the Great War. Keen competition emphasized the Amdur's stability; market uncertainties only served to demonstrate the Amdur efficiency. Amdur service and Amdur values won prompt recognition from shoppers. Crowds were attracted to their first venture, a store at the corner of King and Ludlow streets. West, so that a second shop had to be opened at Baskin's corner. Patronage from the city proper increased so rapidly that a store had to be opened on the east side to relieve congestion and to achieve greater convenience for the buyers.

Finally Amdur's Limited took over their present premises, No. 1 King Square, right at the City's hub. After developing at the rate of practically a new store a year, Amdur's at length centralized and concentrated in one great store.

There prosperity has rewarded Amdur's in a marked degree; patronage of a host of shoppers has given wonderful encouragement. Amdur's contemplate with satisfaction a background of hard work crowned with success; they regard with confidence a future which is most alluring.

With hearty thanks for past support, Amdur's pledge to the people of St. John the best efforts of their staffs for prompt service, high efficiency and excellent values in the days to come.
