DROWNING ACCIDENTS.

Two Brothers and a Man and Wife the Victims.

REDFORD, Pa., July 5.—Wm. Mason, the 16 year old son of S. K. Mason, of Osterburg, was seized with cramps while in swimming near his home today. His brother Ralph went to his assistance and before help could reach them both were drowned.

SALEM, Mass., July 5.—Mr. and Mrs. Charles Upton, of Danvers Centre, were drowned at Baker's Island, Salem Harbor, this afternoon. They were members of a party who went to the island for a day's outing, and to celebrate the reunion of Company D, First Heavy Artillery. Mr. and Mrs. Upton separated from the rest of the party and went to the eastern side of the island to fish. Mrs. Upton lost her footing and fell into the water. A young man, named Fred Hutchinson, also from Danvers, but not of the same party, who was fishing nearby, saw the accident and dived into the water to save Mrs. Upton. He succeeded in reaching her and was making good progress toward the land when Mr. Upton also lost his footing and in falling, struck both the others in the water below. Both Mr. and Mrs. Upton clung to Hutchinson and to prevent being drowned himself he was obliged to shake them off. He was then pulled ashore by a companion named Vinal Smith. Word was then sent to the lighthouse and a boat was launched at once, but it was too late, as both Mr. Upton and his wife were drowned. Their bodies were recovered and will be brought to Salem tomorrow morning. Mr. Upton was a shoe cutter by trade, and leaves one son, 11 years old, who was on the island at the time of the accident. The victims were each about 50 years of age.

KRUGER'S PRIVATEERS.

WASHINGTON, July 4.—The report from Brussels that former President Kruger is being urged to notify the powers that unless they intervene in the South Africa contest he will commission privateers is not treated seriously by the officials here. The war, both of the belligerents by agreement refrained from issuing commissions to privateers, and it now has been many years since the flag of any respectable nation has flown over such craft. In the case of Mr. Kruger, it is extremely doubtful whether he would, if the issue were forced in his way, be recognized as a de facto president authorized to issue commissions to privateers. That point would have to be settled at the outset, and each nation would have to decide whether or not it would determine for itself its competency. It is scarcely to be expected that they would decide against their own private interests, so that Mr. Kruger's privateers would find it difficult to secure general recognition.

DOCK WAR ON ST. LAWRENCE.

WATERTOWN, N. Y., July 6.—Rival steamboat companies are engaged in a dock war on the St. Lawrence. The Thousand Islands Steamboat Co. has leased the only dock at Plinyville, which is the only place that passengers can be landed for the Thousand Islands park on Sundays, as the park officials refuse to allow steamers to stop at the park dock on the Sabbath. The company has notified Captain Viger, who conducts a rival line, that his steamer cannot stop at Plinyville dock. He refused to obey the order and the company has secured an injunction restraining him from touching at the dock. A long legal fight is on and is being watched with interest by the thousands of summer tourists among the far-famed Thousand Islands.

DEATHS FROM HEAT.

PHILADELPHIA, July 5.—Deaths and prostrations from excessive heat continued to occur today; about a dozen fatalities and nearly three times that many prostrations being reported.

BALTIMORE, Md., July 5.—Thirteen deaths and 11 prostrations had been reported to the police during the 24 hours ended at midnight.

NEW YORK, July 5.—Seven deaths and 12 prostrations occurred in the borough of Manhattan yesterday between the hours of 2 a. m. Friday and 1.30 a. m. this morning from the heat. One death and five prostrations occurred in the borough of Brooklyn during the same hours.

The failure of P. P. Lee, an operator on a small scale in West African securities, was announced today on the stock exchange, London.

FOG BOUND OFF NEW YORK.

NEW YORK, July 6.—The reports received this morning from the Highlands, Sandy Hook and quarantine are that the fog is so dense that no vessels can be seen from those stations. Among the steamships due to arrive today and which are no doubt at anchor outside the bar waiting for the fog to lift, are the St. Paul, from Southampton and Cherbourg; the Campania, from Liverpool; the steamer Victoria, from Naples; and several coasters from southern ports.

CANADA'S MINISTERS

Will Probably Sail For Home About First of August.

NEW YORK, July 6.—The Canadian ministers who are in England will probably sail for home about the first of August, says the Tribune's London correspondent. They do not look for a practical solution of the question of an imperial court of appeal at once, but consider that a conference for imperial federation, with the existing arrangements, and not in haste to modify them, hence that any proposals for creating an imperial court of appeal will need to be acted upon with deliberation. The ministers made up a strong delegation, and their presence in London has strengthened the good relations between Canada and the mother country.

KING'S DAUGHTERS.

At the afternoon session the devotional exercises were conducted by Mrs. L. C. Davis. A paper, prepared by Miss Brumell of Montreal, on An Ideal City Union, was read by Miss Gardiner, and a lively discussion followed. Miss Biggar read an interesting report from the city unions of Ottawa, describing the methods of work there among the seventeen circles.

Mrs. Macmillan gave an interesting outline of the work done by the local order and of the efforts to establish the educational and sewing departments on a permanent basis.

A discussion followed regarding the increase of fees in the society, and the following resolution was moved by Miss Nichol and seconded by Miss McIntosh: That this convention does advise the provinces which have not already done so to provide, in addition to the international dominion fees, a fee of ten cents for their own provincial work.

Mrs. Austen and Mrs. Savage spoke in favor of the movement, and Mrs. Davis pointed out that the point was not raising the dominion fee, but raising the fee in the dominion, which materially altered the aspect of the question. Upon motion the discussion was postponed.

The presentation of fraternal delegates took place during the afternoon. Mrs. Dickinson, the official organ of the order, and Mrs. Davis gave helpful advice to the voting delegates, who would be called upon to elect officers on Monday, and Mrs. Mary Lowe Dickinson in connection with her usual Bible reading gave an interesting address to the young people.

A pleasant feature of the afternoon was a solo by Mrs. Frank Goddard and a presentation of bouquets to Mrs. Dickinson and Mrs. Davis.

Last evening in the Guild rooms a reception was held in honor of the visiting delegates. A large number present enjoyed a pleasant social evening, the pleasure of which was enhanced by a musical programme. The participants in which were Mrs. Ryan of Hampton and Miss Cochran and Miss Dorothy Cole of this city. Dainty refreshments concluded the evening.

Today the visiting delegates will be driven to points of interest around the city, and possibly will be taken for a sail up river. Tomorrow morning Mrs. Davis will occupy the pulpit of Exmouth street Methodist church.

W. C. T. U. MEETING.

The regular monthly meeting of the North End W. C. T. U. was held in Union Hall, Main street, yesterday afternoon. Among other business the ladies decided to postpone the proposed moonlight excursion on the river until a moonlight night. In the meantime a garden party will be held on the grounds of Richard Cushing, at Lancaster Heights, on the afternoon and evening of July 23rd. The gates will be opened at three o'clock and close about ten at night. During the evening it is more than likely that one of the city bands will render a programme.

Refreshments of all kinds will be served on the grounds.

A meeting of who were on the committee of the late bazaar will be held in Union Hall on Tuesday evening next, at 7.30 o'clock to arrange for the garden party.

Another matter occupied the attention of the ladies for a time. It had been reported to them that the Shamrock grounds were used as a resort for disreputable characters, who in the evenings and on Sundays meet there to drink and gamble. Quite a number of people have complained about this place, but the police seem unable to do anything. One of the ladies was chosen to interview Chief Clark on the subject.

SCHOONER SUNK.

The Crew of the Schooner Winona Now in the City.

The crew of the Gloucester fishing schooner Winona, which was run down off the Banks last Sunday by the steamer Ripplingham, were brought to the city today. The collision occurred at about one o'clock in the day, and the schooner's stern was cut off. One of the crew, Henry Busby, was drowned. The rest were picked up by the steamer and taken to Newcastle, and were looked after there by the American consul and sent here en route home. Those at the Sallo's House are—Frank Amiero, Arthur Larkin, Eben Larkin, Lewis Nulse, Henry White, Arthur Doucette, Eli Doucette, Earl Larkin, S. Goodwin, Emile White, H. Nulse, Joseph Nulse, Lewis Doucette, John Doucette, James Rodger, Thomas Nulse, The in was W. Nelson.

CHRISTIAN ENDEAVOR.

International Convention in Session at Cincinnati Today.

CINCINNATI, Ohio, July 6.—With the largest attendance on record the twentieth international convention of the Christian Endeavor Society began here today. Cool weather favored the delegates and the business session with which the convention began, was carried out in a pleasant atmosphere after the severe hot weather of the past ten days. During the early hours receptions and rallies were held at different state headquarters. The delegates then marched, by states, to the auditorium, where the opening session of the convention was held. Addresses of welcome were followed by the annual report of the officers and business agents. This evening the regulation welcoming addresses will be heard at the auditorium. President Clark will deliver his annual address and Secretary Baer will deliver his report on the society's progress during the past year. The large auditoriums and forage hall have been arranged on the old exposition grounds adjoining Washington Park on Elm street. A large platform has also been constructed in Washington Park for overflowing open air meetings. Music hall has been designated as "Auditorium endeavor." Power hall is called "Auditorium Williston," and Horticultural hall is known as "Auditorium Place." Odeon hall is the fourth in this group.

Only two of the auditoriums will be used tonight simultaneously. Dr. T. S. Hamlin, of Washington, will preside in one, with F. H. Jacobs, of Brooklyn, as musical director. Bishop Samuel Fallows, of Chicago, presides in the other, with Percy S. Foster, of Washington, as musical director. Soloists will assist the chorus of 1,200 voices in each of these auditoriums.

CINCINNATI, O., July 5.—There were many arrivals today and tonight for the international Christian Endeavor Convention, which will begin tomorrow. Among the arrivals today were President Francis B. Clark, Secretary John Willis Baer, Treasurer Wm. Shaw and others. The business sessions will be held tomorrow and the opening meetings tomorrow night. Addresses received indicate that all states will be represented by tomorrow night. Robert Johnson, of London, Ont., one of the leading speakers, was accompanied by a large delegation from Canada.

GERMAN STATESMAN DEAD.

BERLIN, July 6.—Prince Von Hohenlohe, formerly German imperial chancellor, died at Ragatz, Switzerland, last night.

BERLIN, July 6.—Prince Von Hohenlohe's death was generally unexpected here as he left Berlin several weeks ago apparently in good health, although his increasing weakness was evident. The prince arrived at Ragatz extremely exhausted. His death is attributed to the weakness of old age. The arrangements for the transportation of the body to Germany and for the obsequies are not yet definitely determined upon, but it is expected that the remains will be conveyed to the Hohenlohe ancestral home at Schillingen, Bavaria, where the family vault is situated and where the body of Prince Von Hohenlohe's wife is interred. It is also expected that Chancellor Von Buelow will break his sea-side rest and attend the funeral.

THE TARIFF WAR.

NEW YORK, July 6.—The Washington correspondent of the Herald says that notwithstanding the official secrecy surrounding the recent Russian communication replying to the note addressed by Secretary Hay to Count Cassini, regarding the tariff question, it is learned that Russia has intimated her willingness to remove the retaliatory duties she has applied upon American imports provided the United States repeals the order issued by Secretary Gage, imposing the countervailing duty upon Russian sugar. It is plain that Russia regards the sugar question as the crux of the whole controversy.

AUTOMOBILE RECORD.

NEW YORK, July 5.—Albert C. Bostwick, of Boston, the automobilist, broke the world's record for one mile on a forty horse power machine this afternoon at Elkwood Park, Long Branch. The record was broken in the second mile of an exhibition spurt of three miles. He made the first mile in 1.18.4, the second in 1.16.3-4, and the third in 1.17.

THE A. O. H.

BUFFALO, N. Y., July 5.—The National Board of the Ancient Order of Hibernians in America voted today to proceed at once with a plan promulgated some time ago whereby the order will affiliate with the branches of the order in Great Britain, Australia and several of the smaller colonies of the British Empire.

A DUTCH YARN.

BRUSSELS, July 6.—The Petit Bleu says that Mr. Kruger has lately refused to entertain proposals to arm privateers, but that the promoters are again urging their former president of the South African republic to notify the powers that unless they intervene he will issue letters of marque. In the event of Mr. Kruger's refusal the promoters propose to act without authorization.

MRS. RONALDS HONORED.

LONDON, July 6.—Mrs. Ronalds, one of the American ladies who raised the fund with which the hospital ship Maine was bought and equipped for the use of the British in the Boer war, has been gazetted as an honorary lady of Grace of the Order of St. John of Jerusalem.

BODY FOUND

In the Water Near the Marsh Bridge This Afternoon.

Early this afternoon Benny Terrio and some other boys playing near Marsh Bridge discovered a body floating in the water. The men at the tannery were notified and they telephoned the police. Officer Burchill immediately came to the spot. There seemed at first no way of catching the body and bringing it to land. Roy Kincaid of 78 Metcalf street stripped and swam out, fastened a hook to the clothing and the body was brought ashore and taken to the dead house. It is the body of a well-nourished man of about forty-five years of age, dressed in black pants and brown coat, and with heavy boots on. He wore a heavy, dark moustache. From all appearances it was judged that he was a sailor and that he had been in the water about eight or ten days.

The body found was afterwards identified by Robert Leasingham, of Union street, as that of a sailor on the Shubnacade, who was known as John the Greek. He deserted in England, but was caught and brought here, where he again managed to get away.

EVANGELICAL ALLIANCE.

Object to Methods of Liquor License Commissioners—Rev. Mr. Steel Speaks.

A delegation from the Evangelical Alliance met in conference with the liquor license commissioners yesterday at the office of the inspector, Rev. George Steel was spokesman. Mr. Steel said in effect that the papers had reported that the commissioners had granted permission to two saloon restaurant keepers, who are also licensed under the act, to have their premises open during prohibited hours. This, Mr. Steel said, was contrary to the act, and his desire was, as it was also that of the alliance which he represented, that the commissioners should see their way clear to make the licensees comply with the requirements of the law. If this privilege was permitted by the commissioners, he feared that it would be his duty to bring the matter before the government with a view to the proper enforcement of the act in respect thereto.

A NARROW ESCAPE.

While J. B. M. Baxter and his dog were coming over in the ferry steamer this morning the dog in his eagerness to pick up business endeavored to come ashore so hurriedly that he fell into the water, and amidst the hurrying excitement displayed by the crew and passengers on the steamer, paddled around in a most comfortable and unconscious manner. When the steamer was finally made fast Mr. Baxter at the risk of getting his feet wet managed with some difficulty to prevent the animal from meeting an untimely end.

FIFTY-THREE YEARS A PRIEST.

Tomorrow, July 7, will be the 53rd anniversary of the Rev. Mgr. Connolly's ordination to the priesthood. The reverend gentleman will officiate at eleven o'clock mass at St. John the Baptist (Broad street) church tomorrow. A sermon will be delivered by the aged priest on this occasion. The Monsignor is receiving many congratulations on his over half a century of clerical labors.

POLICE COURT.

Suggestion That Petition for Public Playground Be Circulated.

Two New Policemen Sworn in—

Doroed Berry Pails—Austin

Once More.

This morning two more new men were sworn in as members of the police force. They are Seth H. Thorne and Charles H. Marshall. Thorne was formerly a member of the force and resigned about eight years ago, while Marshall is a new man. Neither one of them is so large as the last one who was sworn in and who resigned after two night's duty, but both are apparently strong, able bodied men, and should be able to hold their own in "a scrap." These two men bring the force up to the strength required by the recent regulations.

In the matter of the boys who were reported for shooting and playing on the street the magistrate read the law on the subject, and stated that he had been so lenient in such cases that he has been said that there was no use in bringing boys into court. He spoke of the natural tendency of boys to play in the street, and the absence of proper playgrounds. Certain classes of boys are not objectionable, but some of them while playing on the street act in such a rude and impertinent manner that they should be severely dealt with. He spoke of the respect due by all children to their elders, and mentioned the tendency of present day boys to act in a disrespectful way. The want of a proper playground for boys is much felt, and something should be done. Mr. Allison had presented the city with a piece of ground and something might be done in regard to making it suitable for games.

The boys promised not to play ball any more and were discharged.

The magistrate wished it stated that in the future playing baseball on the streets will be considered an offence.

J. B. M. Baxter suggested to the court that if a petition were circulated in regard to the playground for boys, and presented to the common council, some steps might be taken in the matter, but that the council would not likely move in the matter without first hearing some public opinion.

The magistrate thought the "suggestion" an excellent one and adjourned the matter for one week in order that steps might be taken.

Market Clerk Potts reported a produce seller by the name of George W. Robertson, for selling pails of berries which had been doctored. In the bottoms of the pails were large leaves, which took up a considerable space, and the middle was filled with old berries, the pail having only a few layers of fresh berries on top.

Mr. Robertson explained that the pails of berries were sold just as he bought them and were not doctored in this place. He never examined them and did not know what they were like.

He has been selling berries from districts, especially from Springhill, having large rock maple chips in the pails and a few berries scattered over the top. The money received by Mr. Robertson for the berries was refunded and the case dismissed.

Charles McLaughlin, Richard Anderson and Peter Anderson came up again to settle their little affair. Several new witnesses were examined, showing that the engagement was a genuine one and not an assault as at first stated. The prisoners were each fined twenty dollars or two months in jail.

Michael Barry of St. John west and Mag Nelson, better known as Moncton Mag, were seen on the ferry floats yesterday by Sgt. Ross. Barry was using profane language, and the kind advice volunteered by Officer Ross seemed to make him wiser. Ross attempted to arrest Barry, who violently resisted and fought for all he was worth. The sergeant called upon bystanders for assistance, but no one would help him, and this morning he entered a complaint against Capt. Nice for refusing assistance. This is not the first time that help has been refused the police by the men on the steamer, and the magistrate ordered that Capt. Nice be notified to appear as to the result, and the language used by the prisoner. Mag Nelson took the stand and testified that she is Barry's wife, and she was with him when going over to Carleton. He did not resist very much, and she heard none of the language used. Barry himself testified that he was with Mag Nelson, the man with whom he was talking when arrested, brought up as a witness. The case was accordingly adjourned till Monday. Barry did not have twenty dollars to leave as a deposit for his appearance and went into jail. His parting words to Mrs. Barry were pathetic: "Good-bye, make yourself miserable."

Lewis Austin, who got out of court yesterday upon condition that he would show no more, was arrested again last evening by Deputy Chief Jenkins for the same offence. Austin refused to be quiet, and told Jenkins that he might arrest him, but it was all they could do. Austin and his hunchback appeared in court to answer to it this morning. He listened to the officer's evidence and declared that it was false. He was not shouting, but only talking. Lewis remarked, "For you judge, I do not care." "You need not address me." "The scriptures cannot be made approp." "Have you any questions?" "No, I will not ask that man any questions." He was remanded to jail, which action he considers an outrage.

Catherine Spellman wore a tawny cape with which she kept her face covered during the whole time she was in court, scarcely removing it to plead guilty to the charge of drunkenness against her. She was fined eight dollars or two months. Two other drunks

EVERYTHING READY

For the Work of The Summer Manual Training School.

The hall at the Centennial school has taken on a new appearance. Everything is now ready for the manual training course, which will begin on Monday morning at ten o'clock.

Forty small work-benches, each well equipped with the best of tools, take the place of the ordinary chairs and desks, so that one would scarcely recognize the old hall. Mr. E. E. MacCreedy, director of Macdonald Manual Training School for New Brunswick, will conduct the summer course here.

Mr. MacCreedy will be assisted by J. H. Wilkinson, principal of manual training schools in Toronto, formerly of England, and by George M. Morris, instructor at Fredericton, formerly of Boston.

There will be two courses given—Educational woodwork and cardboard construction. Forty teachers have made application to take either one or both of these courses to become better acquainted with the aims, methods and educational value of these subjects. The cardboard work will be taught during the morning session only, while classes in woodwork will be in session both morning and afternoon. In addition to the classes of teachers a volunteer class of nineteen boys will be given instruction during the morning. This will give the teachers attending an opportunity to observe the boys at work. They will thus be better able to judge of the benefits derived from this subject. Parents of the boys will also gain some understanding of the work through the boys themselves. Visitors will be welcome at all times.

ERROR OF JUDGEMENT.

But Capt. Shanklin Cannot be Censured for the Loss of the Armenia.

The court of investigation in the matter of the loss of the Armenia has decided that the steamer was carefully and properly navigated after entering the Bay of Fundy. Her position was correctly verified by the captain and officer, five miles south of Gannet Rock, but the master, Capt. Shanklin, not being acquainted with the local conditions of that particular spot where the accident occurred, and from the evidence given it was considered an error of judgement on the part of the master not keeping his ship in deeper water until he could secure a pilot or the weather cleared. Had the steamer been kept at a greater rate of speed, from the position that she proved to be in previous to the time of the accident it was held that the accident would not have occurred. It is the opinion of the court that the captain cannot be censured as it was held that the navigation of the ship was careful, attended to.

THE RIVAL AUCTIONEERS.

There was fun at Chubb's corner today at noon. The usual agreement as to precedence among the auctioneers had evidently not been made, for promptly at the first stroke of twelve both men got away, and into their full stride of talk immediately. The result was, of course, that the people around heard only a confused jumble of words.

A piece of land in the Parish of Canning, Queens County, was bid in by J. D. Hazen for \$603.25. Geo. P. Calkins' steam yacht was sold to James Phelps for \$125. The Dibblee property at the corner of Sewell and Dorchester streets was bought in by A. W. Macrae for \$1,700.

1,000 shares of Union Consolidated oil were sold at 25, and 2,500 shares of Big Five reached 15.
