CANADIANS WHO HAVE RISEN TO THE RANK OF ADMIRAL IN THE BRITISH NAVY.

Sir Archibald Douglas and Sir Charles Drury have enviable records in the King's Service—Two Other Canadian Officers Who Will Soon Attain That Distinguished Rank.

LONDON, Sept. 24.—Not only does the name Douglas bear the name of a Canadian, but very shortly Sir Archibald Douglas will be able to boast that four British admirals on the active list are among their fellow-countrymen.

HANDLE IT WISELY.

Allder man Bullock would purify Sheffield street. It is a laudable ambition, but the wisdom of such a course is open to question, and many who have in the past seriously considered this problem will be inclined to differ with the Alderman as to the advisability of his plan. There is no question that Sheffield street is a disgrace to St. John, sticking up like a boil on an otherwise healthy body. But after all it may be better to have the impurity concentrated in one boil, than to have pimples breaking out all over that body. Sheffield street is at present under the surveillance of the police. The creatures who live there are morally the lowest in the city, and they will remain so wherever they may live. If the district is to be regenerated, the people must first be reformed.

Some eight or nine years ago there was a purity movement in this city which resulted in the closing of a number of houses of ill fame. The persons who conducted these dens promptly moved outside the city limits and are there to this day. They receive even larger patronage than when they were in the city, but has the change been of benefit to St. John? The houses are beyond police control and on many occasions incidents have occurred "out the road" which would never have been possible had the houses remained where they could be watched. More than this, in a seaport town like St. John there is always a floating population of irresponsible immoral men, and the very presence of such people creates a demand for vice. Thus it has followed that in place of the houses of ill fame which formerly existed in the city, there have sprung up numerous smaller dens of iniquity, places which the police have the greatest difficulty in suppressing, and which have led to the downfall of many women. It is nice to imagine that the closing of the houses in St. John in 1899-'00 purified the city, but those who are in a position to know, hold very different opinions. The result in dealing with Sheffield street will be the same. Drive these people from their present hovels and they will scatter about the town, locate in all sections and soon get almost beyond control of the police. They can be watched on Sheffield street, but it would be a more difficult matter to handle them were they distributed from Indiantown to the Marsh Bridge. Theoretically Sheffield street can be wiped out. A general raid would close up all the houses, but these people cannot be kept in jail indefinitely. Imprisonment is no punishment to them, and does not result in any good. When released they will only scatter and give far more trouble than they do at present. It is a pity that such a place as Sheffield street exists, but it is better that vice should be kept under some sort of control than be allowed to spread itself to all parts of the city. As an instance of how a plan of reformation works out one only needs to look at the matter of beer selling. The beer licenses on Sheffield street created a lot of beer shops, and the business was simply a screen to vice. The places, being licensed, were kept within bounds by the police. Now the licenses have been cancelled, the selling goes on just the same, as it always was, and there is no way of controlling the shops as they are beyond the regulations.

THE OLD HOME.

Within these walls, a spirit wakes and cries,
Viewing the present with pain-stricken eyes,
Ah! spirit of my childhood stay with me,
And let me live the happy past with thee.

Blest were the hours wherein with thee I trod,
So far from ill; so near—so near to God,
And knew not evil. Life was free from care,
Protected by a father's arm, a father's prayer.

Al! All was mine: The sky so wide and blue,
The trees that spread their leaves of varied hue,
The lake that held fair fancies on its breast,
And sang at night to woo me to my rest.

Now wan and weary, freighted with strange fear,
I seek thy spirit for sweet solace here,
And whate'er grieves my heart to God confessed,
Will reach His mercy through the child I see blessed.

—May Austin Low.

IN ANOTHER PARCEL.

"What have you got in that package?" asked the attendant at the great public museum.

"Bananas," answered the boy.

"Dozens of 'em. Want one?"

"Cost anything to check it?"

"Five cents."

The boy said he wouldn't pay it, and went away.

"I guess I can go in now, all right," he said.

"Hold on. Have you got those bananas concealed about you?"

"Yes, sir; all but the skins. I had a grin of triumph on his face as he went through the turnstile.

COULD NOT SEE IT ALL.

Captain Dugge, of the Hamburg American liner Prinz Oskar stood by the rail as his handsome boat neared Gibraltar.

The day was fine and the sea blue and sparkling, and a pure, cool wind was blowing.

"How beautiful the sea is," said Captain Dugge. "Did you ever witness the wonder of the sea before?"

"I guess I can go in now, all right," he said.

"Hold on. Have you got those bananas concealed about you?"

"Yes, sir; all but the skins. I had a grin of triumph on his face as he went through the turnstile.

TRUE COURAGE.

"Huh! What do you know about war? Did you ever hurt yourself in the 'imminent, deadly breach,' or 'seek the bubble reputation, even in the cannon's mouth'?"

"Was not exactly. Not to any noticeable extent. But I have taken some unexpected company to dinner."

HIS INTERPRETATION.

Katherine—Any way you understand the language of the flowers, what does this bunch of American Beauty roses say?

"That a fool and his money is soon parted."

BAD FLOUR.

"I want to complain of the flour you sent me the other day," said Mrs. Newlived, severely.

"What was the matter with it, madam?" asked the grocer.

"It was tough. My husband simply wouldn't eat the biscuits I made with it."

MUM'S THE WORD.

The philanthropic visitor with the large, benevolent-looking face had secured permission to address the inmates of the jail.

"Come, Mike," said Bill the burglar, "do get wid de swell front in goin' to make a speech."

"Make us peech!" exclaimed Mike the stock man. "I'd like to see de guy wot kin do dat!"

THE AIR IS FREE IN

TIME OF WAR OR PEACE

Congress of International Law Fixes the Rights of Nations in Control Over the Air.

GHENT, Sept. 23.—The Institute of International Law yesterday discussed questions relating to aerostatics and wireless telegraphy which will be adopted at the next meeting. It was decided that the air is free in time of war and peace and that only the control states have over air rests entirely upon the necessity of security of the state. In default of special arrangements the regulations governing ordinary telegraph shall apply to the wireless system. Every state has the right to oppose the passage of Hertzian waves over its land and waters as far as practicable whether transmitted by the state, by private apparatus, or from airship or balloon. In the case of one government prohibiting this wireless exchange, it must at once advise other governments of the step.

AT ST. ANDREW'S HOLLANDA TONIGHT,

which is "ladies' night," the 62nd band will furnish music. Gentlemen will please remember that they must skate each and every band with a lady. This applies to "ladies' night" only. The fact that there were nineteen more ladies on the floor than men on last Tuesday night is ample proof that ladies' night is appreciated by the fair sex. Tomorrow's papers will contain the prize list and full particulars of the Neptune Rowing Club's carnival.

THE MILLIONAIRE'S REVENGE

Exposition of the Murder of Stanford White by Harry Thaw Staged in Pittsburgh.

PITTSBURGH, Sept. 24.—"The Millionaire's Revenge," an exposition of the murder of Stanford White by Harry Thaw, was witnessed at the Bijou Theatre Thursday night by Frank Ridgeway, director of the Department of Safety, and Chief of Police McGuire, who occupied a box. It was suggested that they had been appealed to by the Thaw family to arrange the performance, but Director Ridgeway yesterday said the play looked to him as a piece of young girl's too absurd to be accepted by any one familiar with his escapades.

"As such it is a failure, so far as intelligent people are concerned," said Ridgeway. "The idea of posing Harry Thaw on the stage or anywhere as a protector of young girls is too absurd to be accepted by any one familiar with his escapades."

The Madison Square Garden tragedy and the troubles which led up to it are portrayed with thinly veiled names, such as Harold Dawes and Mrs. William Dawes, mother of the stage hero. Throughout the melodrama engaged in a straight stand-up knock-out bout according to the rules of the prize-ring. They dressed for the occasion and for many rounds adhered to the rules, but finally they got angry and the affair ended in a rough and tumble scuffle, and the husbands participated.

Mrs. Foster dealt the blow that put her antagonist down and out. The latter's husband then, seeing his wife with a black eye, struck Mrs. Foster a fearful blow. All parties were arrested and put under bond to appear when the women's wounds are healed.

WOMEN IN A PRIZE FIGHT.

They Were Always Squabbling, So Their Husbands Arranged a Bout Which Ended in Confusion.

BRAZIL, Ind., Sept. 24.—Mrs. Cora McKenna and Mrs. Sarah Foster had been quarrelling and nagging each other for many weeks, and several times have appeared in court charged each other with assault and battery. The husbands, grown weary of the quarrel, last night agreed at last to let the women to a field nearby and let them fight to a finish.

WAS LOST IN THE WOODS

John Seaton Becoming Separated From His Friends Had a Lonesome Time

John Seaton, A. D. Staples, William Johnston and Harry Wilson left on Wednesday last on a hunting expedition in the vicinity of St. Martins. On Thursday the party divided their forces and each gentleman armed with rifle and ammunition started off in solitary pursuit of the lovely moose. Mr. Seaton fired a number of cartridges but something to eat, and he at once started to journey back to the camp. But soon he realized the fact that he knew not which direction to take. Mr. Seaton found that he was lost in the woods. He had two biscuits with him and these went but a short way toward overcoming his hunger.

MURDERED MAN'S IDENTITY IS STILL A MYSTERY

Two Persons Under Arrest in Connection With New York's Latest Sensation.

NEW YORK, Sept. 24.—The first arrests growing out of the police investigation of the murder of the man whose dismembered body was found wrapped in burlap in an excavation near East 34th street yesterday, were made tonight, when two men were taken into custody as suspicious persons, and later closely questioned at a police station.

The prisoners were John Rondak, aged 25 years old, and Copekack, 24 years old.

Late tonight nothing tangible as to the identity of the murderers had developed.

Laligt O'neil, who was reported missing from his home on West 46th street, and who was thought probably to have been the victim, was located today in a hospital in New Jersey.

AN INFERNAL MACHINE

SENT TO N. Y. BANKER

PHILADELPHIA, Sept. 24.—An infernal machine, addressed to Jacob Schiff, a New York banker, was picked up on the street here today by David Thomson, a colored boy, who found it near a mail box. The boy gave the package to Henry Sulzman, a postman, who carried it to the sub-station, and deposited it with the outgoing mail. Sup. J. C. McKnight noticed that the wrapper was torn, and while handling it he observed a grain of powder which fell from the box, and he immediately threw the package into a pail of water.

WORK OF CANADIANS IN UNITED STATES

Prominent Leaders in Railway, Shipping, Banking and Building Circles.

NEW YORK, Sept. 24.—There are about fifteen hundred thousand Canadians in the United States—or nearly three millions, if we count those of Canadian descent. So far as our immigration bureau is concerned, Canada is practically the forty-sixth state of the union. Whatever barriers now remain along the boundary are erected not against the commodities of commerce, but against the men and women of other country. Of all the peoples of the world, the Canadians are the only ones who are permitted to enter the United States unchallenged. At the magic words, "Native Canadian," all our doors fly open and all our doorkeepers step aside.

At our own favorite game of business, the Canadians take away big prizes with remarkable frequency. Every American railroad has its crop of Canadians in places of responsibility. James J. Hill laid the solid foundations of his towering career in Ontario. His parents were Irish, but he himself knew no country except Canada until he was sixteen years old. What Hill has done for himself and for the United States sounds like a tale of home in its heroic days. When President Pierce was in the White House, young Hill was unloading freight on a Red River boat. Today, the master of six thousand miles of railway, and of as much iron ore as would keep the Steel Trust busy for twenty years or longer.

Two lesser leaders in the railroad world—Alfred Sully, of New Jersey and Nicholas Monsarrat, of Ohio—got their first childhood impressions of railways in Canada. The late Samuel R. Callaway, too, who was for years the president of the New York Central, took his earliest lessons in railroading on the Canadian Grand Trunk. In part payment of our debt to Canada for railway men, we have given her Sir William C. Van Horne, whose name is so inseparably connected with the Canadian Pacific, and Charles M. Hays, of the Grand Trunk.

In shipping, as well as in railroading, the Canadians have been conspicuous. Their power as yachtsmen is known in every American city on the Great Lakes. The founder of the Cunard line—whose son, Sir Edward Cunard, lived for thirty years in New York—began life as the son of a poor mechanic in Nova Scotia. Among living shipbuilders, the one who stands most centrally in the limelight is Wallace Downey, whose firm built a famous yacht for the German Emperor; and the other is William W. Bates, who is now in Denver, enjoying the autumn of a fruitful life.

At the head of the Fuller Construction Company, which holds a world-wide reputation as the champion builder of skyscrapers, is Henry St. Francis Black, who was born and educated in the little college town of Coburg, in Ontario. The Flatiron building, by the way, stands as the most imposing monument to the skill of this company.

BRITISH RIFLEMEN DECORATE GRANT'S TOMB

Visiting Team Placed a Wreath on the Grave of the Dead General Yesterday.

NEW YORK, Sept. 25.—The rifle team of the Queen's Westminster Volunteer Rifles, who as a manufacturer and as a prohibitionist, in Cleveland, there are two Canadian business men in the front rank—Ernest Ritchie, at one time president of the Chamber of Commerce, and Geo. T. Worthington, who is the owner of fifty quarries or more. In Salt Lake City we find William S. McCormick in the front row of bankers. Pittsburghers point to J. I. Buchanan, who is not only the head of the Pittsburgh Trust Company, but of half a dozen other big enterprises as well. And New Yorkers when Mayor Low sat in the city hall, became very familiar with the name of E. R. L. Gould, the city chamberlain. Mr. Gould may be described as a professor who evolved into a man of affairs.

STUDENTS TO BLAME FOR THE RACE RIOTS

Troops Sent to Seek Out the Guilty Parties.

Atlanta Negroes Ambushed and Murdered a Party of Policemen—Number of Dead Unknown.

ATLANTA, Ga., Sept. 25.—Deciding that the negro students, 600 in number, who live in the campus of Clark University, are responsible for and executed the attack on the officers in South Atlanta last night, the military authorities have sent 150 men under the command of Major W. H. C. Brown to the scene. They expect to surround the campus, capture and search all the students and punish the guilty ones. Three mounted country policemen, who with others were riding along their beat in South Atlanta near Clark University, a well known negro college, were ambushed from an alley tonight with the result that policeman Heard and another officer were killed and the third officer was fatally shot. Still another officer is reported missing. A squad of militiamen with the police are pursuing the negroes into the woods. The casualties on the other side are unknown.

At Howell's Station, three miles west of the centre of the city, the railway operator has been killed and another man in the same office either has been killed or wounded by the negroes. The City Marshal, Edgewood, was shot but not seriously hurt, while trying to arrest a negro late tonight.

Others rumors of killing lack confirmation. In the city police court today Judge Proyles inflicted the extreme sentence of the law on six young white men charged with inciting to riot, giving each thirty days in jail, and binding them over to the highest court under a thousand dollars bond. The grand jury today brought in true bills against six negroes charged with assault with intent to commit criminal assault on two white women. Both assaults occurred within the past week, one on Cumberland street and the other at Copeland Hill.

The number dead as the result of the riots thus far is not a matter of certainty. The police have the names of five negroes known to have been shot over to the highest court under a warrant of an undertaker's office here.

Although the day has been quiet in the downtown districts there have been a number of disturbances in the outlying sections. A squad of Mason militiamen on duty in a negro settlement last night surprised and dispersed a company of negroes drilling on a back street. A gang of negro boys, 15 to 18 years old, beat a white boy this afternoon until he took refuge in a house. The young negroes said in explanation, "The boy was getting even."

WASHINGTON, Sept. 25.—At a meeting last night of the Washington Baptist Preachers' Union of Washington and vicinity, resolutions were adopted condemning the violence by whites upon innocent negroes and assaults on white women by negroes, "the dual crime of the hour," and calling upon all negroes in this vicinity to assemble in the city hall on Sunday Oct. 7 and offer prayer for a solution of the race problem.

ATLANTA, Ga., Sept. 25.—Two negroes were killed in a fight with officers mounted on bicycles. The negroes had barricaded themselves in a house on the edge of the city. The officers were not wounded.

ATLANTA, Sept. 25.—One negro was killed in Brownville, a suburb, by night arms and every one armed was placed on the cars to be sent to police barracks. One of the first arrested was J. A. Price, the negro postmaster, who was charged with supplying ammunition to the blacks. Negroes who tried to break through the lines were fired on, and one other negro tried to get away and was shot.

The raid started shortly after 5 o'clock. Negroes were searched for arms and every one armed was placed on the cars to be sent to police barracks. One of the first arrested was J. A. Price, the negro postmaster, who was charged with supplying ammunition to the blacks. Negroes who tried to break through the lines were fired on, and one other negro tried to get away and was shot.

ATLANTA, Ga., Sept. 25.—Following the killing of Policeman Heard last night in South Atlanta, the force which accompanied him and were not disabled in the fight, pursued the negroes. They captured ten of the attacking party, four escaped, six were put aboard a street car under the guard of the police and were started for the county jail in the center of the town. A waiting mob stopped the car in Crow street and two of the prisoners made a bold dash for liberty. The mob caught them in the front yard of the house occupied by Mrs. R. C. Thompson white woman. The negroes were cut and beaten and left for dead. Mrs. Thompson fell dead from heart disease during the excitement. The police succeeded in locking the other four negroes in the county jail.

KNOXVILLE, Tenn., Sept. 25.—Twenty-five negro prisoners rebelled against the jailer at the Knox county jail last night refusing to go from the corridor into their cells. For two hours they kept the officers at bay. The jailers turned the hose on the refractory negroes but this froze them. They finally captured the hose and turned it on the officers and attacked them with bows, plates, cups and saucers and with broom handles on the end of which open knives were fastened, which open knives were fastened to the end of the broom handles. The trouble is said to have resulted from the negroes reading of the Atlanta news.

HOW THEY SPEND THE MONEY THEY NOW GET

Some Facts About Provincial Subsidies.

The Federal Government Has a Right to Know Whether Proper Use is Made of What is Now Paid Out.

The Monetary Times discussing increases in provincial subsidies has the following regarding the manner in which money is now expended— "Perhaps the best standard of efficiency should, under normal circumstances, be found in the money spent on education. Ontario spent during 1904 \$486,417, or 104 per cent. more on education than did Quebec, although the population of the former is only 22 per cent. in excess of Quebec's. As a result, British Columbia expended \$1,315,288, or 288 per cent. more than Prince Edward Island, whose expenditure on education was only \$125,696. The 1901 census gives the population of British Columbia as 174,557, and that of the Island as 103,219. The former thus expended a sum of \$22 per head, while the latter spent only \$1.22. The differences here are explicable on the grounds of more compactness of population and lower scales of salaries in the Gulf than on the Pacific slope. Manitoba, with a population 23 per cent. less than New Brunswick, spent 20 per cent. more than New Brunswick on education.

The amounts expended on the administration of justice shows further curious disparities. Ontario with a population of 2,110,000, or 19 per cent. less than Quebec, spent \$10,042, or 19 per cent. less than Quebec, with a population of \$19,133, against \$12,423, or 84 per cent. less for New Brunswick. The population of New Brunswick for more than three times, and its area thirteen times that of Prince Edward Island; but the amount spent on justice was less than in the Island. Property is just as safe on the mainland as anywhere else.

Upon legislation, Manitoba expended \$50,348 in excess of New Brunswick, whose legislation expenses amounted to \$ cents per head as against \$100 cents per head in the Island. Property is just as safe on the mainland as anywhere else.

From these figures it can only be seen that there are similar disparities in the total expense of the provinces during 1904. British Columbia with a population of only 174,557, disposed of \$2,862,734 or \$16 per head. Ontario did not even double that expenditure, although the population was 178,657 and New Brunswick's \$311,200, at an average of 85 cents per head. The disparity may well be accounted for by the different provincial, and federal communications, salaries, and so on.

Against the complete possible provincial autonomy nothing will be advanced here. But when the provincial, asks Smith the federal for more money, it is pertinent in Smith of the second part to inquire of Smith the first part how he distributes the money he is already getting. In spending, as in legislating, it is often enough of greater concern to the people what you have than to ask for more. Interprovincial finance is a subject of much inquiry, and it is one of much elucidation. It must be returned to.

AMERICAN OFFICIALS RECEIVED COOLLY

Cuban Government Made Things Unpleasant.

And the Peace Conference Was Not Satisfactory—Proposals are in Favor of the Insurgents.

HAVANA, Sept. 24.—An unsatisfactory conference was held at the palace tonight between President Palma, Secretary of the Treasury Pons Y. Sterling, Secretary of State O'Farrell, Speaker of the Lower House, Secretary of War Tarr and assistant Secretary of State Bacon, Consul General Steinhardt and Captain McCoy, when the mediators called to the attention of the Cuban administration the status of the peace negotiations with the liberals and insurgents. The conference adjourned at 11 o'clock tonight to be resumed tomorrow. The trade figures for the first two months of the fiscal year ending August 31 show a volume of trade amounting to \$48,211,092, an increase of \$20,046,000 over the large trade of the same period the year previous.

The imports for the first two months of the present year amounted to \$1,841,913, an increase of \$2,035,846. Of the imports \$20,875,475 were free, an increase of \$1,219,298 a year ago. The slight recovery that occurred during the month of August was not significant, except as representing the well-maintained activity of general business, which held nearly every class of products at a profitable position, and the only group that showed any extensive change was the one embracing dairy and garden products. In this division there was a reasonable reduction in arrivals, the highest point of production having been reached in the latter part of the year. In no other class was there a change of size, but the general firmness of all quotations is noticeable.

In fact, it means more than merely good current trade when prices are as firmly held as they have been all this year, for this record is based on quotations prevailing in the wholesale markets where purchases are always in advance of requirements, indicating a widely distributed sentiment of confidence in the future. An comparison with the level of prices a year ago there is now an advance of about 4 per cent, and carrying the comparison back to September 1, 1904, the gain amounts to about 7 per cent. Despite this decline from the high record recently established in the miscellaneous building materials, that section shows the largest percentage of gain over last year's figures, while only a moderate advance is noted in articles of food, owing to the splendid outlook for the crops.

GRAIN SHIPMENT FOR YEAR FROM WEST. The Dominion grain inspector at Port William has just issued a statement showing the amount of wheat carried to Port William and Port Arthur by the Canadian Pacific and Northern Railway during the twelve months ending September 1st.

The report shows that 53,509,720 bushels were forwarded from the same ports during the same period, 5,882,453 bushels being sent by the all-rail route and 49,257,267 bushels by the lake route. Buffalo, Depot Harbor and Montreal received 67 per cent. of this quantity.

The number of bushels shipped to the various ports was as follows: Owen Sound 2,782,500; Midland 2,900,527; Collingwood 2,327,885; Point Edward 2,338,449; St. Catharines 2,376,852; Goderich 1,481,207; Port Colborne 1,352,113; Kingston 876,584; Montreal 8,221,914; Prescott 2,625; Depot Harbor 2,137,277; Buffalo 15,338,449; Erie 23,576; and of the 52,185 carloads of wheat received at Port William and Port Ar-

FOOD IRON

You need iron. Everybody does. The harder you work, the more you worry, the more iron you require. But Crude Iron won't do. Iron Pills, Iron Tinctures, Iron Tonics are useless in nineteen cases out of twenty. You must have pre-digested Iron or your blood will not assimilate it.

FERRROL

furnishes the iron you need in combination with Cod Liver Oil, and so intimately incorporated with the oil that the most delicate digestive organs cannot fail to assimilate it.

The value of the combination cannot be overestimated. It builds up and fortifies the system against Coughs, Colds, Bronchial Affections and kindred troubles. If any of these diseases have already been contracted, or if the lungs are affected or threatened, FERRROL cures by enabling nature to throw off the disease, not by "killing the germs," which is a physical impossibility.

FERRROL is an absolute specific for Croup and Bronchitis, and no household where there are children can afford to be without it.

FERRROL is not a patent mystery. The formula is freely published. It is prescribed by the best Physicians. It is endorsed by the most eminent Medical Journals. It is used in prominent Hospitals, Sanitariums, etc.

THE SHORE LINE DEAL.

NEW YORK, Sept. 24.—It was reported in financial circles today that the New Brunswick Southern R. E. had about eighty-five miles in length, extending from St. John to St. Stephen, in New Brunswick, and part of the estate of the late Russell Sears, had been sold to the Canadian Pacific R. R. E. C. Osborne, former controller and secretary of the late Mr. Sears said that the announcement is question is rather premature. "No such deal has yet been closed," he declared.

FOR FAMILY COLDS

A reliable cough and cold cure should be always in the house ready for use the moment the first symptoms appear. It is always easier, cheaper and better to catch a cold in the very beginning.

Shiloh's Consumption Cure, the Lung Tonic, has been tested for thirty-three years, and tens of thousands of homes in Canada and the United States to-day are never without it.

It does not cure, you get back all it cost you. We take all the chances. Neither you nor your dealer can lose, but the fair? 25c is the price. All dealers in medicine will.

SHILOH

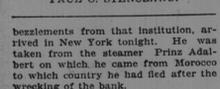

ALL OVER CANADA you find people wearing clothes of famous house brands and Tweeds made in the little hamlet of Oxford, N. S. Why? Because they have stood the rigorous test of time and usage and have won their way on clear sheer merit.

STENSLAND MAKES A COMPLETE CONFESSION

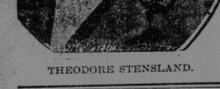

Former Bank President Says He Will Implicate Some of Chicago's Best Known Financiers --- Son Gives Out Detailed Statement --- Embezzler Now in Jail in New York.

NEW YORK, Sept. 24.—Formerly under arrest by New York detectives, Paul O. Stensland, former president of the Milwaukee Avenue State Bank, who stands indicted for heavy embezzlements from that institution, arrived in New York tonight. He was taken from the steamer Prinz Adalbert on which he came from Morocco to which country he had fled after the wrecking of the bank.

PAUL O. STENSLAND.

Stensland had made a complete confession, according to Assistant Attorney Harry Olsen, of Chicago, who went to Tangier to take the former bank official into custody, and in his confession he implicated other prominent Chicago men.

The lower floor communicated by two doorways with the narrow, rock-paved alley. The proprietor—or drinking shop—of the proprietress, Madama Timotea Ortiz, occupied the ground floor. On the bottles of brandy, Jamaica, Scotch "smoke" and inexpensive wines behind the little counter the dust lay thick as the fingers of the frequent customers had left irregular prints. The upper story contained four or five small rooms which were rarely put to their destined use. Sometimes a fruit-grower, riding in from his plantation to confer with his agent, would spend a melancholy night in the dismal upper story; sometimes a minor native official on some trifling government quest would have his pomp and majesty availed by Madama's sepulchral hospitality. But Madama sat behind her bar contentedly, not desiring to quarrel with Fate. If anyone required more, drinking or lodging at the Hotel de los Extranjeros they had but to come, and be served. Este bueno. If they came not, why, then, they came not. Este bueno.

GREATLY PLEASED WITH THEIR NEW QUARTERS

CLAIMS MAGISTRATE HAD NO JURISDICTION

MONTREAL, N. B., Sept. 24.—Timothy Surette, son of Timothy Surette, died at the residence of his father, Lezero's corner, yesterday morning, after an illness from typhoid fever. Deceased was seventeen years of age.

CONFERENCE WILL NOT ALTER MINISTERIAL TERM

There were no evidences that Stensland intended to fight extradition proceedings. It was known, however, that the younger Stensland had been granted writs of Habeas Corpus which he could use in an emergency to stay the proceedings.

CONFERENCE WILL NOT ALTER MINISTERIAL TERM

The discipline committee recommended that a cheaper edition of the ritual be issued for use in the congregations in the baptismal and communion services, which are not as popular in their use as they should be. The opinion was expressed that the failure of the congregations to take part in the services of the church is more deplorable than the failure of a cheap manual containing the liturgical services would encourage the congregations to take part in public worship.

VIEW OF UNION STREET, WEST, SHOWING DESTRUCTION BY DREDGING

The picture above was taken to show the effects of the landslide on Union street, west end. The line of telegraph poles give an idea where Union street formerly ran. The picture is taken looking south from the remains of the C. P. R. track.

The ground has now caved right in up to the Shore Line station, which is the light colored building prominent in the picture. At high tide the water lies right below the front of the building. The smaller dark colored building next to it is Steinhilber's.

works, which is in even a more precarious situation, the front of the building being all undermined and the whole structure likely to collapse. The site of No. 1 crib, which is now ready, runs out into the harbor beginning at what remains of Union street and slightly to the left of the Shore Line station. The site of No. 2 crib begins where No. 1 ends and stretches farther out into the harbor. No. 3 crib will be placed next to Union street, stretching out from a little to the right of Steinhilber's, and No. 4 will be a continuation of it. The space be-

THE EXHIBITION STATEMENT SHOWS SURPLUS OF \$2,849.85

This is the Largest Balance in the History of St. John Exhibitions— Manager Milligan and Committee of Directors to Visit Halifax for Suggestions.

The executive of the Exhibition Association met last evening in their offices in the Canada Permanent Building. The object of the meeting was the receipt of the financial statement, which shows a surplus up to date of \$2,849.85. After deducting the estimated expenditures of the coming year and the estimated amount of bills yet to be paid there will be a balance on hand of over \$1,940.

In the statement for 1904 the amount of \$1,701.40 is brought forward from the annual meeting on December 31st, 1903, and the surplus amounted to \$1,423.01, making a deficit of \$272.39 on the running of the fair. This year's surplus is the largest in the history of local exhibitions.

Those present at the meeting were: President A. O. Skinner in the chair; T. O'Brien, Alex. Macaulay, R. B. Emerson, C. B. Allan, T. H. Estabrook, with the manager and secretary. The secretary read the financial statement, which was fully discussed by the members of the executive, and it was decided that the statement be sent to the government and given to the newspapers for the information of the public. Mayor W. C. Siegas was appointed to audit the financial statement.

Manager Milligan was instructed to attend the Dominion exhibition in Halifax, and to report in detail any improvement in our methods as suggested by that exhibition. T. H. Estabrook, D. J. McLaughlin and R. B. Emerson were appointed to erect a bandstand in the rear of the industrial hall, for band concerts in future exhibitions. A letter was read from the secretary of the Women's Local Council conveying to the exhibition management the thanks of the council for the helpful courtesy shown its members in preparing and conducting the women's department.

A motion was passed instructing the manager to convey to the Women's Council the Association's appreciation of the good work done by their members, and for the splen-

MONCTON WANTS BETTER FREIGHT RATES

Body of Missing Man Not Yet Found— Heavy Traffic Delays Montreal Express

MONCTON, Sept. 24.—A committee to meet the Minister of Railways for the purpose of a conference on the prospects of obtaining better railway freight rates to Moncton was appointed here from Chicago of seven men and a half cent and from Detroit of thirteen and a half cents, and the haul to St. John is eighty-nine miles longer than the haul to Moncton. Mr. Bell held that the railways should give a rate in transit, charging for shunting of cars, and claimed that Moncton should have the St. John rate. The matter was referred to a committee, who will take it before the Minister of Railways. The body of Albert J. Gorham has not yet been recovered. Searching parties have been watching along the banks of the river at various points all day, but nothing has yet come to light. The heavy traffic of the eastern section of the I. C. R. incidental to the Halifax exhibition caused tonight's Montreal express to be delayed about three hours.

It is estimated that the following sums will be required for the payment of outstanding bills, presented and in dispute, and bills not presented, on account of the exhibition of 1906: \$300,000. For maintenance, insurance, secretary, etc. for year 1907, \$600, leaving a surplus over all of \$1,949.85.

SHOT HIS WIFE AND MOTHER-IN-LAW

Dr. Savegnac, While Under the Influence of Liquor Commits Rash Deed— Was Once a Minister

OTTAWA, Sept. 24.—Dr. Joseph A. Savegnac, who at one time kept Turkish baths in Ottawa, shot his wife and mother-in-law and also threatened to shoot his father-in-law, after which he took flight. The mother-in-law and Mrs. Savegnac are now in the Water street hospital with two bullets in each. The bullets struck Mrs. Savegnac below the shoulder blade. Mrs. Mitchell, Mrs. Savegnac's mother, had an arm splintered with one of the bullets, while the other lodged in her back. It cannot be said yet where they will recover, although hopes are entertained that they will. Only one of the bullets have been extracted. Dr. Savegnac has recently been drinking hard and was under the influence when he fired the shots. With his wife he was staying on the outskirts of the city on the east bank of the Rideau river. It appears that he was arranging to go to Florida and wanted his wife to accompany him. The mother-in-law did not want to let her husband go to Florida, and she brought her husband, Mr. Mitchell, of East Templeton, a prosperous farmer, to bring their daughter and her family of two home with them. Savegnac was at one time a Presbyterian minister, being ordained at Thurso, near Ottawa, and afterwards preached in Massachusetts. He is about six feet, fair complexion, and is between 35 and 40 years of age.

FOREST FIRES RAGING IN ALBERT COUNTY

Many Sick Throughout the County Particularly at Albert and Riverside

HOPEWELL HILL, N. B., Sept. 23.—Forest fires have been raging for some days in the neighborhood of Moncton, some sixty acres of wood land having been burned over. Scores of men have been fighting the flames, though with poor results, and but for last night's rain, great havoc would have been wrought. As it is, considerable timber has been destroyed. The district devastated is on the properties of W. F. Wilson and Solomon Steves, and part of it had been logged. As last night's rain was only light, it is feared the fire may spring up again. The villages of Albert and Riverside are experiencing an epidemic of measles, a large number of the people, adults as well as juveniles, being afflicted. In one department of the consolidated school twenty-three pupils were down with the disease last week. A great deal of sickness generally is reported throughout the county. R. J. McLean is recovering satisfactorily from the effects of pneumonia, with which he has been suffering for the past week.

JUSTICE DUFF GOES TO SUPREME COURT

VICTORIA, B. C., Sept. 24.—Justice Duff, who since February, 1904, has been a member of the Supreme Court bench of British Columbia, has accepted the vacancy on the Supreme Court of Canada. He will leave Victoria Wednesday morning for Ottawa, in order to be sworn in in time to be present at the sitting of the court on October 2nd.

Ernest M. Reid has resigned his position as principal of the Newman street school of this city, and will leave this evening for Whitman, Mass., where he will succeed his brother, Percy Reid, as principal of an important school at that place as a trustee of the army. Mr. Reid successfully conducted the night school here for two winters, and also spent some time in newspaper work.

The death of Rev. F. B. Carr, a promising theologian of Wellesley Seminary, occurred at Centreville on Saturday evening, where he was doing missionary work during the summer vacation. He was about to resume his studies at college when he was stricken with typhoid fever, succumbing to the dread disease after an illness of two weeks. Mr. Carr was a very estimable young man and made many friends. His untimely death is universally regretted. The remains were taken to his native place, Londonderry, N. S., yesterday for interment. A funeral service was held at Centreville, Rev. E. L. Steves officiating.

FORESTERS' FUNDS HELD IN QUEER SPECULATIONS

Hon. George E. Foster, Geo. W. Fowler and Others Involved With Officials in Peculiar Land Deal, for Which Trust Funds Formed the Basis—Foster Refuses to Produce Books.

TORONTO, Sept. 24.—Dr. Oromyathakha's evidence was closed temporarily before the insurance commission this morning in order to allow Mr. Shepley to carry on his investigation into land speculations undertaken with funds of the order, the details of which were not known to the chief ranger.

Prior to leaving the stand Oromyathakha admitted under pressure that Hon. Mr. Foster had been manager of the Union Trust Co. made investments contrary to the instructions of the directors. Elliott P. Stevenson, supreme councillor of the I. O. F., who has recently been giving his personal attention to the financial interest of the I. O. F. on the Union Trust board, testified that enormous sums had been locked up in lands in the Northwest. He related a story of the reconveyance of lands acquired by the Montague syndicate and told of another syndicate which he had been invited to associate himself with, formed to speculate in property with funds to be borrowed from the Union Trust Co. Mr. McCormick, ex-M. P. P., and Irwin and Geo. W. Fowler, M. P., were interested in this syndicate, together with some of the supreme court executive and Mr. Foster.

When noon adjournment came Stevenson had not completed his story of the transaction by which Mr. Fowler, Rufus Pope, W. H. Bennett, M. P., A. A. Leturgey, M. P., and others purchased 200,000 acres of land in the Northwest which was turned over at profits of 1 per cent to a syndicate composed of Foster, McGillivray and Wilson, who turned the land over to the Great West Land Co., a subsidiary concern of the Union Trust Co., at a further advance of 50 cents per acre.

This is the transaction which was aired in debate at the last session of parliament, suit having been entered by Messrs. Bennett and Leturgey, who contend that their colleague in parliament, George W. Fowler, and their former colleague in the House, Rufus Pope, had not divided up the profits of the deal fairly. Later in the day, with the assistance of documents produced by Hon. George E. Foster, secretary of the Great West Land Co., the story was completed. It was shown that Col. McGillivray, supreme secretary of the I. O. F.; Foster, managing director of the Union Trust Co., and Matthew Wilson, director, were acknowledged by agreement to be owners of one-half interest in the Pope-Fowler option and were instrumental in forming the New Ontario Farm and Town Sites Co. lands at a figure which would after paying cost net to Foster, McGillivray and Wilson \$25,000. This with \$2,000 additional stock which Messrs. Pope and Fowler demanded when they found the land had been turned over at a profit of 50 cents per acre, made \$100,000 advance in the price on the deal. Foster offered to the company to sell provided that ten shares each were to go to him and his associates Wilson and McGillivray.

As Mr. Shepley suggested in the final settling up of the transaction it appeared that these gentlemen apparently allotted themselves over and above the stock placed in trust some 37 1/2 shares, of which Mr. Foster is credited with receiving 17 1/2, the other two dividing the balance. Mr. Foster produced a number of documents asked for but refused to produce the stock book of the Great West Land Co., and Mr. Shepley refrained from pressing for it at this stage of the proceedings.

A pretty wedding takes place at four o'clock this afternoon, when Miss Mary Baker, daughter of John Baker, stevedore, will be united in marriage to Thomas Rose. Rev. R. W. Ferguson will officiate and the happy couple will leave on the Calvin Austin this evening on a trip to the States.

Previous to 1904, night classes were conducted at the Saint John Baptist Church five nights in the week, from October to April. So many nights being very burdensome to the majority of evening students night classes since 1904 have been conducted Monday, Wednesday and Friday evenings, and the results have been so satisfactory that this arrangement will be continued. The hours are from 7:30 to 9:30.

The first meeting of the Banjo and Mandolin Club in connection with the Young People's Society of Exmouth street Methodist church was held last evening at the home of one of the members. There were about a half dozen instrumentalists present and under the instruction of J. Ryerson, some very pretty music was produced. Mr. Ryerson is an Upper Canadian and an accomplished mandolinist, having graduated from the Boston Conservatory of Music. Therefore the prospects for a successful season for the Glee Club is confidently anticipated.

SEPTEMBER WEDDINGS.

KIERSTEAD-PETERS.

A quiet wedding took place this morning at the residence of Mrs. S. Kierstead, 27 Metcalf street, when Mrs. Kierstead's son, Guy G. Kierstead, was united in marriage to Miss Alburtha Maud Peters, daughter of Howard L. Peters, formerly of St. John and now of Wickham. The ceremony was performed at 6:30 a. m. by Rev. David Long, in the presence of a few immediate relatives of the parties. After the ceremony breakfast was served and Mr. and Mrs. Kierstead left by the Prince Rupert on a trip through Nova Scotia, during which they will take in the Halifax exhibition. Miss Peters received many pretty presents, among them being a fine painting from the members of Victoria Street Baptist choir. Mr. and Mrs. Kierstead will live for the winter at 222 Main Street.

GOLDING-LOGAN.

A pretty wedding took place at 3 o'clock this afternoon, when Miss Jessie Logan was united in marriage to Harold Golding, manager of Charles K. Short's pharmacy. Rev. Dr. Macrae performed the ceremony at the bride's home, Winter street.

Mr. and Mrs. Golding will leave for Boston by tonight's train. Last evening the city drug clerks tendered to Mr. Golding a dinner at White's in honor of today's happy event. A large number were present. Harry Robb was chairman and read an address, which contained the congratulations of the St. John drug clerks. Gilbert Davidson rendered a number of burlesque selections and C. Mattheu gave some humorous readings.

HALEY-JONES.

A very pretty wedding will take place at four o'clock this afternoon, when Miss Susan Louise Jones, daughter of E. B. Jones, 185 Douglas Avenue, will be united in marriage to W. Kenneth Haley, son of B. G. Haley. The marriage ceremony will be performed by Rev. Dr. Hutchison at the home of the bride's parents. The couple will be unattended and only immediate relatives and friends will be present. The newly married couple will leave on the Montreal express at six o'clock for Winnipeg, where they will make their home in the future.

TAXATION REFORM.

THE HAGUE, Sept. 25.—The taxation reform bill was introduced in the second chamber of parliament by the minister of finance today. It reduces the tax on sugar to ten florins per 100 kilograms and increases the excise duty on Holland's gin from 65 to 80 florins per hectolitre. The bill increases the revenue by eight millions florins.

UNUSED WHARF DESTROYED BY FIRE

Old Structure in Rear of the Agricultural Hall Burned This Morning—It Was of No Value.

A fire which destroyed the old government wharf, at the rear of the agricultural building, occurred this morning. The chemical engine and No. 2 hose cart responded to a still alarm, and after the fire had been fought for about an hour it was extinguished. The wharf which was very old and much decayed, was situated near the railway tracks, and has not been used for many years. The origin of the fire is not known, but a hot coal from a passing engine probably caused the fire. The hose cart and chemical remained near the agricultural building and the hose was lowered over the bank and a stream was soon playing on the fire. When the firemen left the wharf was badly gutted, but little loss will result as the structure was practically useless. Manager Milligan of the exhibition association, arrived promptly on the scene and remained until the fire was out.

WHOOPIING COUGH IS PREVALENT IN THE CITY

Many School Children at Home With This Disease—Precautions Being Taken.

There is at present a great deal of sickness among school children of this city. An unusually large number are confined to their homes with whooping cough, and every precaution is being taken to prevent the disease from spreading. The teachers have been directed by the trustees to report to the board all cases of infectious diseases among their pupils. Before children who have been suffering from whooping cough can resume their studies, they must produce certificates from the attending physicians, stating that they are in a good state of health. This prevents children attending school before they have thoroughly recovered from their illness. The teachers have also been instructed not to admit to their classes any children in whose homes whooping cough exists.

No truant officer has yet been appointed but the matter will probably be taken up at a meeting of the school board to be held in the near future.

POLICE COURT

There was a busy session in the police court this morning, although the cases were trifling. Wilnot Hampton said it was a little over a month since he was fined for being drunk and on the same charge he was today fined \$5 or a month in jail.

Richard Fitzgerald was told by the magistrate that he looked ten years older than he was through dissipation and that he should be on the Interdict list. He was fined \$5 or two months in jail. A man who made his initial bow to the police court for drunkenness was fined \$4 or 10 days.

John Silver, a Hebrew junk merchant doing business on Paradise Row, was the next to be brought before the magistrate and was charged by Policeman Silas Perry with buying junk from small boys. Silver said he was not guilty and laid the blame on his wife. He said "after I was come from the synagogue, on Friday last, and was eating dinner when my wife came to shop and gave the boys eight cents for some junk and I know nothings about it."

Policeman Perry said that Silver was in the shop and knew of the transaction and said he did not know it was wrong to buy from boys. He requested the policeman to let him off this time and he would not do the same again. The two boys took the stand and said they got the junk on the Elm street dump and that Mrs. Silver paid eight cents for it. Mr. Silver was in the shop. The case was adjourned until Silver could look up his entry book showing room where he received junk. After about half an hour's absence Silver returned to court and said he could not find it. The magistrate gave him until tomorrow morning at 10 o'clock to find it and if not produced by that time he will be liable to lose his license.

John Barry, Arthur Love and Frank Donnelly were reported to the court for going beyond the stand appointed at the I. C. R. station. Barry did not appear and the other two pleaded not guilty. I. C. R. Policeman Needham informed the court that the three men on Saturday were at the front entrance to the station, but he did not hear or see them solicit passengers. There was considerable cross-examination and when it was finished the magistrate pointed out the fact that hackmen must remain at the stand allotted to them or pay a fine of \$20. On the other hand, officials should be considered. He dismissed the case.

Wm. Buckley and James Murphy pleaded not guilty to disorderly conduct in the Sayre and Holly mill yard last Friday night. Buckley claimed he had been requested to harness a horse by one of the workmen and Murphy said he was looking for work. Watchman Love and a foreman Joseph Neaves gave testimony that the boys had no right there and were disorderly. The youths were asked to pay \$8 each or to go to jail for two months.

WALL STREET.

NEW YORK, Sept. 25.—The movement of prices was very irregular in the opening dealings today. Brooklyn Transit was carried down 2 points, Union Pacific and Southern Pacific 1 and Atchafson and Louisville and Nashville 2-4. Canadian Pacific advanced 1-5 and Great Northern preferred a large fraction. Pullman sold at a gain of 3 and Anaconda 2 points. The market opened irregular.

A meeting of the St. John County Temperance Federation will be held tomorrow evening at eight o'clock.

20th Century Brand \$18 Suits

An examination of our splendid line of 20th Century Brand Suits at \$18 would prove very interesting to you and convince the most skeptical of the enormous improvement in the best class of Ready-to-Wear Clothing. The cut of Coat, Vest and Trousers is of the most fashionable model, conservative yet stylish and becoming. The tailoring is of a quality approached by few custom tailors—the coat, with ordinary usage, never losing shape; the collar and fronts do not break away in unsightly folds. The materials are imported Tweeds, Worsted and Serges; the linings high-class. In a word you would pay \$5 to \$7 more to any fine tailor for a suit of the same class, and we claim that 90 or 95 per cent of men can obtain entire satisfaction. Call, try on and thoroughly inspect these excellent productions of tailoring art.
