PRICE: Single Copy 2 cents
One Dollar Per Year

TWO NEW SHERIFFS WERE APPOINTED

Sheriff McQueen of Westmorland and Sheriff Sterling of York the Victims.

STEWART REAPPOINTED.

FREDERICTON, April 28.—The government this morning made the appointments of Sheriff of the province for next year.

Sheriff McQueen of Westmorland, and Sheriff Sterling of York are replaced by Major George R. Willett of Moncton, and Major W. T. Howe of Stanley, respectively.

The complete list appointed is as follows:—
Benjamin T. Carter, Albert county.
Joseph D. Doucet, Gloucester.
Basile J. Johnson, Kent.
Fred. William Freese, Kings.
Levie A. Gagnon, Madawaska.
John O'Brien, Northumberland.
Russell Williams, Queens.
James E. Stewart, Restigouche.
Robert R. Ritchie, St. John.
James Holden, Simsbury.
James Thibault, Victoria.
George R. Willett, Westmorland.
W. T. Howe, York.

HAVE YOU UGLY WARTS?
Cure them with Putnam's Painless Corn and Wart Extractor. Fifty years success is a guarantee of its merit. Beware of imitations.

The average woman is always figuring on doing something she knows her husband will not approve of.

Repeat it—Shiloh's Cure will always cure my coughs and colds.

If ascertained the cost of living has increased 50 per cent in ten years a dead man ought to be in a position to save a lot of money.

Dr. De Vane's French Female Pills are a reliable regulator. For sale at White's Drug Store.

TOWN BILL HAS BEEN PASSED

Only Slight Change in Section One
Council Given Authority to
Borrow \$50,000.

THAT PILE OF LETTERS.

The town bill has been passed by the legislature in spite of the opposition to it by Mr. C. S. O. Crockett of the Tribune. The only change was a slight amendment to section 14.

The Tribune in its issue of last evening stated that a referendum clause had been added to the section asking for power to increase the amount of bond issue, but when finally passed this was struck out.

In his remarks in reference to the opposition of the bill the editor of the Tribune made the statement that the chair alongside of Mr. Maxwell was loaded down with letters protesting against the passage of the bill, and hereby hangs a tale.

When Mr. Maxwell was reading one of this chair full of letters, Mr. Currie interrupted him and asked "That letter is from Mr. Wallace?" and upon receiving an answer in the affirmative said, "Well now, read the one from Mr. John

DELEGATION BACK AFTER GOOD TRIP

Met With Success and I. C. R. Matters Fully Discussed.

TO DO DREDGING.

The Board of Trade delegation has returned from Ottawa and are very sanguine as to the results of their mission.

As stated in our despatch from Ottawa in Tuesday's issue they took up the matter of proposed improvements at the I. C. R. terminus here and received the assurance of the minister that no money would be expended on the present site until the matter had been gone into thoroughly. Mr. Graham assured the delegation that their memorial and plan would have the careful consideration of the department. He was surprised at the remarkable increase in trade from this station in the last few years, and the town's standing as compared with that of other railway towns.

Some other minor matters relative to train service were also discussed and the promise made that Mr. Brady would look into the matter at an early date.

Hon. Mr. Pugsley was also interviewed in reference to dredging. He assured the delegation that the dredge St. Lawrence would work in the Restigouche this summer. He also promised to have some dredging done along the wharf which cannot be handled by the St. Lawrence.

Postmaster General Lacombe has given his assurance that if the population of Campbellton is up to requirements (which it is) the letter boxes will be placed at an early date.

The Marine and Fishery department was of the opinion that the town should light the deep water terminus but would look into the matter and if the work could be done at a reasonable charge would do it.

Many minor matters were taken up and altogether the delegation did good work for the limited time spent at the capital.

SOME SUSPECTS BEING WATCEED AT DALHOUSIE

Inspect Duncan Noble and Post Office Official are Hot on Trial of Mail Bag Robbers.

EXPECT TO CATCH GUILTY PARTY.

Inspector Duncan Noble, together with officers from the post office, money had been stolen.

The facts secured by your correspondent are about as follows:

The mail bags for east and west express trains were taken from the Post Office and placed in the baggage car of the longest train between eleven and twelve o'clock at night by Mr. Haycock McNeill. The car is loaded after the mail bags are placed therein.

When the I. C. R. employees arrived at the station to prepare the train for the out going trip to connect with the Maritime from Halifax they noticed that the mail bags were missing.

Thinking that the mail carrier had forgotten them at the Post Office they immediately called at Mr. McNeill's home. The latter was very much surprised at their mission as he had performed his duty as usual. He, however, accompanied the officials to the baggage car and finding no trace of the mail bags in any part of the train

nor about the station, the officials paid a visit to the sheds owned by the firm of A. & R. Leagle and to their astonishment they discovered the bags, cut open and several registered letters tampered with.

No person had been seen in the vicinity about the time the darning took place. By what means did the robber obtain a key to enter the baggage car?

According to reports on the public streets the expert got away with a package containing \$2000 in bank bills.

The postmaster has no use for a man who is afraid to show his hand.

Minard's Liniment cures dandruff.
A jealous man appears to almost as good advantage as a jealous woman.

Minard's Liniment relieves neuralgia.
It is easier to lead a balky horse to water than it is to drive him to a wagon.

Vital tablets make blood.

If actions speak louder than words what a lot of noise deaf mutes must make when they talk.

Boys will be boys, and lots of girls would be if it were possible.

S. S. SENLAC WILL SAIL FOR GASPE ABOUT MAY 20TH

The S. S. Senlac will leave St. John for Gaspé and Campbellton on or about May 20th. She will take a general cargo on board for Bay Chaleur points.

The Thomson Co. have about concluded their arrangements here and Mr.

Robinson, who is trying after the interests of the company here, will leave the first of the week for Gaspé on the coast.

The parts of call for the steamer have been decided upon as follows: Lait aux Gascons Newport Grand Pa-

has Little Pabos Grand River Cape Des Peres Barachois Point St. Peter Douglastown and Gaspé.

It has not yet been decided whether the boat will touch at New Richmond or not.

Campbellton, Dalhousie, Charlottetown, New Carlisle, Pictou, Port Daniel.

Company with his brother Gordon and Graham, sons of Senlacville. They had just returned to life shore and in reaching for the gun it instantly discharged. He was taken to the home of J. E. Pritchard and Dr. Cyr was immediately sent for and dressed the wound. He took the train that day for Campbellton, accompanied by his mother. The train was stopped in front of J. E. Pritchard's through the kindness of Mr. C. E. Seales and good news has been received that he is doing as well as can be expected.

Mrs. Wm. Fane of Point la Gaspé is visiting in Black Cape at present.

Mr. J. H. West paid New Carlisle a short visit last week.

Mr. Arthur McNair has accepted a position with the Campbellton Lumber Company as blacksmith. He entered upon his duties on Monday morning.

Capt. MacIntosh is repairing his schooner this week for his coasting trade this summer between Black Cape and Campbellton.

Service was held here on Sunday afternoon in the Presbyterian church after the church being closed for a few weeks on account of the outbreak of scarlet fever.

WILL SAIL MONDAY
The steamer Canada which goes on the Campbellton-Gaspé route as soon as navigation opens, will sail from Halifax for Gaspé on Monday.

accommodation is also being provided.

The company will open an office here and have representatives at Moncton and Quebec.

FOREIGNER BOARDED MARITIME EXPRESS

Second Class Car on Night of Robbery.

BOUND WEST.

Conductor McPherson of No. 33 on Tuesday morning has reported to Detective Noble that a foreigner, probably a Swede, boarded his train at Dalhousie Junction and was found in the closet of the second class car when near Campbellton. When asked for his ticket he said he was going to Matapédia. At the time the conductor did not think anything about the matter, but when the mail bag robbery was reported he remembered that the man acted suspiciously.

Mr. McPherson was able to give a good description of the stranger and officers along the I. C. R. and A. & L. S. R. have been notified to be on the lookout for this fellow. He was a well dressed man of about thirty five years of age, and had the appearance of a sailor.

Mr. McPherson relates another story in reference to a recent robbery which may have some bearing on the man's gettings.

About eight or nine years ago a young Swedish sailor arrived at Petit Rocher. He boarded at a farm house for some time, and one evening he paid his board and said he was going away. That night the presbytery was broken into and a sum of money taken. After an unsuccessful search for the robber the case was forgotten.

About three weeks ago a Swede arrived at Petit Rocher and again the presbytery was robbed and the robber got away. A detective was employed on the case, and in going to Petit Rocher he talked with Con. McPherson, giving him a good description of the suspect. When Mr. McPherson saw the foreigner Tuesday morning he at once thought that this passenger answered the description given him.

No further word has been received as to his arrest.

HAVE YOU A HORSE?
If you want to keep him in shape never let him suffer pain. Rub on "Nervellin" it is noted for curing strains, swellings and stiffness and sore muscles. For internal use in curing colic and cramps Nervellin is a perfect marvel. In every good training stable you will find Nervellin because it keeps horses in trim and reduces the veterinary bill. Farmers, stockmen and all horse owners should have Nervellin and prove how indispensable it is. Good for man or beast. 25c for bottle at all dealers.

Lots of men manage to sneak out the back way when duty calls.

Ellis Adams is in the dock facing a serious charge.

Two or three days ago Barry's Head Market was entered and a small sum abstracted from the cash register.

Again today the same thing occurred, but this time a larger amount was taken and young Adams was suspected.

Another young lad is also suspected and will be arrested.

As we go to press one young lad named Edmund Patterson has been arrested charged with being implicated in the above theft.

BLACK CAPE

BLACK CAPE, April 28.—There was considerable excitement among our citizens on Wednesday morning of last week when the news was heard that Mr. Alexander Devine, one of our popular young men was accidentally shot in the hand while shooting geese.

Company with his brother Gordon and Graham, sons of Senlacville. They had just returned to life shore and in reaching for the gun it instantly discharged. He was taken to the home of J. E. Pritchard and Dr. Cyr was immediately sent for and dressed the wound. He took the train that day for Campbellton, accompanied by his mother. The train was stopped in front of J. E. Pritchard's through the kindness of Mr. C. E. Seales and good news has been received that he is doing as well as can be expected.

Mrs. Wm. Fane of Point la Gaspé is visiting in Black Cape at present.

Mr. J. H. West paid New Carlisle a short visit last week.

Mr. Arthur McNair has accepted a position with the Campbellton Lumber Company as blacksmith. He entered upon his duties on Monday morning.

Capt. MacIntosh is repairing his schooner this week for his coasting trade this summer between Black Cape and Campbellton.

Service was held here on Sunday afternoon in the Presbyterian church after the church being closed for a few weeks on account of the outbreak of scarlet fever.

WILL SAIL MONDAY
The steamer Canada which goes on the Campbellton-Gaspé route as soon as navigation opens, will sail from Halifax for Gaspé on Monday.

LIQUOR LICENSES HAVE BEEN GRANTED

Commissioners Have Decided to Issue to Old Holders Except Damboise

ANOTHER WHOLESALE.

A meeting of the Liquor License commissioners was held Wednesday evening when it was decided that all the former holders except Jos. Damboise would again be granted licenses and that Joseph Boudreau would receive a license for the Abbot Hotel, instead of the one cut out.

It has also been decided to grant another wholesale license but some matter in reference to same has been referred to the department at Fredericton.

Although the licenses have been agreed to yet the commissioners have not yet signed the licenses. If this is not done today all the licenses will expire to-night and the sale of liquor by any one will be illegal until such licenses are duly delivered and the license fee deposited.

The Canadian Magazine for May is a most interesting number. The first article in point of timeliness is entitled "Kaiser Wilhelm. His Opportunity and Failure." It affords a splendid conception of the present situation in Europe. Ostroff's Outpost Policy System is a vigorous criticism by John Verrier MacFarlane, a writer who apparently knows whereof he speaks. Montreal: A Great Commercial Centre is contributed by John S. May, Loan, and is fully illustrated. There are other good illustrations. Hubert the "Sulphur" by Gustav Dal-

land; "Dancing the Sockeye" by Harold Samuels; and "Making Cheese in Switzerland" by H. B. Squier. Miss M. Montgomery, author of "Anne of Green Gables" contributes a story of the supernatural entitled "The Return of Healer." A comprehensive review of the month of the season is contributed by Thomas, is given by Miss Katherine Hall and there is, as well as an article by Arthur Hawker entitled "The Life of a Soldier" and nature sketches by Susan Mary and P. M. Kelly, a clever and clever sketch by James P. Haverhill, and a story from John Boyd, E. M. Vennart, "Aure Gully Douglas Borden and the Outpost." Bismarck's Story.

Minard's Liniment Cures Bruises, etc.

MOUNTAIN BROOK

MOUNTAIN BROOK, April 28.—A number of young men are departing every day for the drive, and are leaving behind hearts being torn.

who four or five days of the week, but those brave young men are suffering from no grief, we hope to return soon and again find the reading "hills."

Miss (Doris) Bernard of Richmond, accompanied by Mr. Henry Lathrop of the I. C. R. passed through here yesterday, enroute to Charlottetown where they were the guests of Mr. and Mrs. Wilfred Seale.

Miss Flora Lindsay has returned to her home in Charlottetown.

THREE

What Our Trade-Mark Means to You

It means that the flour contained in bags and barrels so trade-marked is decidedly whiter, a great deal stronger and more nutritious than other flours.

It means that the flour has been properly aged to mature its full strength.

It means "More bread and better bread" and better pastry, too.

It means elimination of uncertainty—"your money back" if Purity fails to give entire satisfaction.

Costs more than the other kind, but worth the difference.

PURITY FLOUR

Western Canada Flour Mills Co., Limited,
MILLS AT WINDSOR,
GODFREY, BRANDON.

Hewson Tweeds don't get shabby in a month or so, because there is no "shoddy" in their make-up. Every thread is of purest, long-twisted, wool-dyeing wool.

HEWSON WOOLEN MILLS, Limited,
AMHERST, N. S.
Also makers of Hewson Unshrinkable Underwear.

Healthful Bread

comes from using a pure, clean, nutritious flour like "North West Gem"—a superior all-round Manitoba high patent. The wheat for this unequalled flour is thoroughly washed and cleaned and the flour sifted many times through costly silk cloths before it is packed in bags or barrels and shipped away. It takes the prize for the purest, cleanest, most reliable and nutritious product on the market.

COULD NOT GO TO WORK BACK WAS SO WEAK.

Backache is the primary cause of kidney trouble. When the back aches or becomes weak it is a warning that the kidneys are liable to become affected.

Headache, dizziness, check the Backache and dispense of any chances of further trouble.

If you don't start, serious complications are very apt to arise and the first thing you know you will have Dropsy, Diabetes or Bright's Disease, the three most deadly forms of kidney trouble.

Mr. James Bryant, Arichat, N.S., was troubled with his back and used Doan's Kidney Pills. He writes: "I cannot say too much about the benefit I received after using three boxes of Doan's Kidney Pills. I was greatly troubled with an aching pain in my back and my back was so weak I could not go to work. I would go away for a few days but would always return. I was advised to try Doan's Kidney Pills, and I must say they completely cured me."

Price 50 cents per box or 3 boxes for \$1.25 at all dealers or mailed direct on receipt of price by The Doan Kidney Pill Co., Toronto, Ont.

Heart Strength

Heart Strength, or Heart Weakness, is a common ailment. It is not one weak heart in a hundred. It is actually a disease. It is a disease of the heart muscle, the heart muscle is the engine of the body. It is the engine that pumps the blood through the arteries and veins. If the heart muscle is weak, the blood is not pumped properly. The blood is not pumped to the lungs, the lungs are not able to take in oxygen. The blood is not pumped to the brain, the brain is not able to think. The blood is not pumped to the muscles, the muscles are not able to move. The blood is not pumped to the organs, the organs are not able to function. The blood is not pumped to the skin, the skin is not able to breathe. The blood is not pumped to the hair, the hair is not able to grow. The blood is not pumped to the nails, the nails are not able to grow. The blood is not pumped to the teeth, the teeth are not able to chew. The blood is not pumped to the bones, the bones are not able to support the body. The blood is not pumped to the joints, the joints are not able to move. The blood is not pumped to the nerves, the nerves are not able to send messages. The blood is not pumped to the glands, the glands are not able to secrete. The blood is not pumped to the cells, the cells are not able to live. The blood is not pumped to the body, the body is not able to live.

Dr. Shoop's Restorative

"ALL DEALERS"

THEIR HOPE, THE PEOPLE

Muskoka's Brave Battle for Needy Consumptives.

It is poor consolation to needy consumptives to say that the Government should make provision for the thousands who suffer and die from tuberculosis in Canada every year. The Government should do a great deal more than they have yet dreamed of doing. But they are not doing it, and in the meantime twelve thousand die annually in the Dominion, from this dread disease.

As the situation is to-day, what would be the fate of many consumptives in Canada were it not for the two Muskoka Houses for Consumptives in Muskoka? During the past eleven years, that during the past eleven years, against many odds, have cared for upwards of three thousand patients in the earlier stages of the disease, while in the two sister institutions, the more advanced stages are treated. This work in Muskoka is one of pure philanthropy. From the day the first patient was admitted to the Muskoka Free Hospital for Consumptives in April, 1902, not a single applicant has ever been refused admission because of his or her inability to pay.

The Government contribute \$150 per week per patient. The cost of maintenance is \$8.35 a week. The difference in the cost of maintenance of all needy patients has through these years been made up by private philanthropy.

The Secretary-Treasurer of the Association, Mr. J. S. Robertson, 347 King Street West, Toronto, writes us that with the financial depression of the past year, the funds of the Muskoka Free Hospital for Consumptives have suffered greatly. At the commencement of the winter season the Trustees have to face a heavily overdrawn bank account and have many obligations to meet.

Despite these financial worries every applicant is receiving careful consideration and patients are admitted as promptly as beds are made vacant. All through these years the institution has been maintained, not by any rich endowment, for such does not exist, but by the generous contributions of the masses of the people—the small sums rather than the large ones.

Frankly say that we do not know, in our experience, of a more worthy and deserving charity, and our hope is that the readers of these lines will respond to the appeal that is now made for funds for the Muskoka Free Hospital for Consumptives.

Contributions may be sent to Mr. W. J. Gage, 84 Spadina Ave., Chairman of the Executive Committee, or to J. S. Robertson, Secretary-Treasurer of the National Sanatorium Association, 347 King Street West, Toronto, Ontario.

ANOTHER COMPANY LEAVES
BOARD OF UNDERWRITERS

Rimouski Fire Insurance Company
the last to Declare itself Non-Tariff

It has been announced that the Rimouski Fire Insurance Co., which has been a member of the New Brunswick Board of Fire Underwriters since doing business in this province, has given notice of its withdrawal and will in future conduct its business here as a non-tariff company, although a tariff company elsewhere.
H. B. Anslow has been appointed local agent for this company and all cord for prompt satisfactory settlements and fair treatment of both agents and customers has made it very popular with the insuring public. The Rimouski Old and True, established in 1857, is one of the oldest Canadian companies. (Being a member of the board or not has no effect—whatever, upon the financial strength of any company.) Its new business and renewals should come through him. Write or call for rates and save at least 10 p. c. of premiums.

USE THE TELEPHONE
The public should remember that when a fire is discovered in any part of the town No. 175 should be notified. Make a note of it. The fire may be

CAMPBELLTON, NEW BRUNSWICK

FRIDAY, APRIL 30th 1909

MR. HAZEN'S GERRYMANDER

A thorough redistribution of electoral districts—Dominion, provincial and municipal—has long been needed, not only in New Brunswick but in the other provinces as well. The successful rearrangements heretofore made have not resulted in anything like an equitable division.

In Ontario, each parish has generally the same number of councillors, utterly regardless of the disparity of population among those parishes. This should be remedied by allowing more representation to the more popular districts and less to the thinly-peopled sections.

For Dominion elections, the number of members allowed to each province is fairly apportioned after each decennial census; but there rarely is any honest attempt made to have each province divided into constituencies of equal population. By the census of 1901, the unit of representation in the House of Commons was fixed at about 25,000 and New Brunswick's contingent was accordingly reduced to thirteen. But within the province, there is a very great difference between some of the constituencies. For example the 12,000 people of Beauséjour—the 12,000 of Queens-Sunbury; the 5,000 of Kings-Albert; and the 42,000 of Westmorland, were each allotted one member of parliament. In all cases this inequality could have been rectified. In the case of Queens-Sunbury and Kings-Albert, which together had just the right population for two members, all that was required was to annex enough of Western Kings to Queens-Sunbury to make the two districts equal.

For provincial elections, the unit of representation is about 7,500. The 21,000 people of Miramichi and Madawaska however, have two members instead of one, while the 42,000 of Westmorland have four representatives instead of five, and the 41,000 of St. John City have four legislators instead of five. Any redistribution of provincial seats made before the census of 1911 should take two members off Victoria-Madawaska and Sunbury and add them to St. John City and Westmorland.

Now, Mr. Hazen's Redistribution bill does not propose a fair and impartial division of the whole province, but merely proposes to separate Moncton City from the rest of Westmorland and give it one member allowing the County the other three. The setting apart of Moncton, as was done by the late Premier Blais, to St. John City, is a proper move, but so also would be the separation of Fredericton from York and of Charlottetown and its environs from Northumberland, neither of which is to be done however. But Moncton, which is growing much more rapidly in population than the rest of Westmorland County, having now about 12,000 is entitled to two members and the rest of the County to three; the increase of one member for these two districts to be equalized by the dropping of one member from the Premier's own constituency of Sunbury. But no such equalization and justice is contemplated. Mr. Hazen is not at all concerned with the fairness of the present method of electoral division. He knows that, while Westmorland County may be dependent upon to elect a full Liberal ticket, the Liberal majority usually comes in, firstly from the city of Moncton, the parishes outside the city being equally divided in sentiment that sometimes one party wins and sometimes the other, the majority in either case being very small. By his new scheme Mr. Hazen hopes to fix Westmorland so that the Conservatives can elect the three members allotted to the rural section, compelling the Liberals to the one city seat.

But in York where four Conservatives hold the Provincial seats, and the city of Fredericton is as apt to elect a Liberal as it is to choose a Conservative, nothing is said about dividing the city from the county. This shows Mr. Hazen's hypocrisy, and it shows the Moncton bill to be a gerrymander pure and simple.

As there is no likelihood of a provincial election being held before 1912, the fair and honorable way would have been to let the whole matter of representation lie over until after the census of 1911 shows the new figures of population, and then to make a thorough impartial division, setting aside in new constituencies both Moncton

and Fredericton and any other town that shall then have enough people to entitle it to a representative.

The ninth annual meeting and convention of the Canadian Association for the Prevention of Consumption and other forms of tuberculosis is to be held in Hamilton on Wednesday and Thursday, May 19 and 20 next.

The morning of the first day will be devoted to the reading of reports and the appointment of committees. In the afternoon Dr. White of Pittsburgh Association will deliver an address on "The Duty of Municipalities in Reference to Tuberculosis." In the evening of the same day His Worship the Mayor will deliver an address of welcome, after which Dr. Adams of Moncton will speak on a subject which ought to command attention. How One Can Do Most Good in Arresting Tuberculosis at the Smallest Outlay.

The topic set down for general discussion during the forenoon of Thursday is "The Duty of the People Toward the Movement for the Extinction of Consumption." Hon. Adam Beck, Mr. Downey, M. P. P.; Dr. Fagan of Victoria; R. C. Dr. Geo. D. Porter and a number of others, both physicians and laymen, are expected to take part in the discussion on this subject.

On Thursday afternoon at 4 o'clock the meeting will adjourn to the Mount Pleasant sanatorium to attend a reception given by the ladies of Hamilton. Not the least uninteresting part of the program is the visit to the sanatorium, when it will be seen how much can be done for the treatment and cure of consumption at a moderate cost. The success of the Mountain sanatorium should furnish an object lesson well worthy of the study of municipalities contemplating action for the reduction of tuberculosis within their own neighborhood.

MONCTON WEDDING WEDNESDAY MORNING

Mr. E. H. Sinclair and Miss Mary Harris the Principals

MONCTON, April 28—A wedding of unusual interest took place this morning at the home of Mr. P. H. Sinclair, Esq., on St. John Street, when his daughter, Miss Mary Sinclair, was married to Edward Herbert Sinclair, son of the late Edward Herbert Sinclair of Miramichi. The ceremony was performed in the drawing room by Rev. J. Eastburn Brown. Miss E. Helen Harris was maid of honor. There were no bridesmaids. Mr. Fred M. Tereoff, Chairman was best man. After the reception a buffet lunch was served. Mr. and Mrs. Sinclair left on the C. P. R. this afternoon for California and American cities. They will reside in San Francisco.

To the Editor of the Graphic.

Dear Sir—Will you kindly give the space in your paper in reference to a letter signed Jacques River, which appeared in the 22nd issue of the 22nd, regarding the petition against Police protection in the Parish of Durham which letter is a tissue of falsehoods. As I am the J. P. at the upper end of the Parish, the originator of the petition, and got signatures to it, I challenge Jacques River or any other person, to prove that I made any false statements to obtain names, and I thank the Editor of the Graphic for publishing the petition, and names attached, for it will speak for itself. Jacques River finds fault with so few names to the petition. I think it is a good showing, considering the time we had for I did not know how long they would keep the bill back, and wanted to show the Government that all the people were not in favor of Durham being a Police District.

Jacques River asks why the large number of concerns and heavy taxpayers are not on. Does he not know that in 1908, one of the large lumber concerns was exempt from taxes by the assessors, and the rate reduced as low as could be done, and the assessors for the Parish of Durham, for this year has not put their work in a legal shape, that we could see who are the taxpayers, without travelling all over the Parish to see parts of the taxation lists.

How has the assessor for making Durham a Police District acted in regard to the ratepayers? In a mainly way. The newspapers that showed that the Premier had introduced the bill in Parliament, showed also that the gentleman, who had the patronage of the county, and others from Durham, were in Fredericton about the same time that he was in his mansion. It would be better for them to have a bill introduced, making the work of the assessors legal, although their work was not completed, and would not be until some of them came home, so that the taxes of 1909 could be collected, and not be trying to add more taxes on the Parish by their bill.

Any person who knows anything about the Parish, knows full well that those who signed the petition are good reliable men and their standing with concerns with any concern in the Parish. Now, as I want Jacques River to prove his statements regarding myself, or retract them in a way pleasing unto me, I will send a copy of this letter to the Editor of the Tribune for publication.

DEPOSED SULTAN NOW A PRISONER

Sent Under Guard to Castle With a Few Wives and Attendants.

LIFE WILL BE SPARED.

CONSTANTINOPLE, April 28—The former ruler of the empire, Abdul Hamid II, is to be kept a prisoner in a large house with walled grounds on a height overlooking Saloni, which has lately been occupied by the Italian commander of the international gendarmes. He is not to be put on trial, as has been widely reported in Constantinople for he is considered to be above the law. It was thought wise to keep the deposed sultan in European Turkey, remote from the capital. His household will be administered for him upon a generous scale, and his life will be safeguarded as he earnestly brought when notified of his dethronement.

Abdul Hamid II with four wives, five daughters and two of his younger sons, two eunuchs and a comparatively large number of female servants, was taken from the Yildiz Palace last night and started under an escort to Saloni. The party proceeded by steam launches to the landing near the railway and a special train on which they were lodged left at 3 o'clock in the morning. The Constitutionalists would like to get back part of the great sums of money that the former sultan is supposed to have hoarded, not only because the government is in need of money, but because it is desirable that he should be deprived of the resources for another coup d'état. Speculation places Abdul Hamid's wealth at anything between \$25,000,000 and \$30,000,000.

The city is illuminated tonight and general rejoicing continues. Although this was a holiday court martials were held and several of the principals in the mutiny of the troops were condemned to death. Later they were taken outside the walls of the city and shot. Prince Salih Eddin, the nephew of the sultan, who was arrested on suspicion of being implicated in the rising, has been liberated, and his release has caused a good impression. The streets of the capital are filled with Macedonian volunteers. They are being fed by the citizens at the coffee houses and restaurants which are full of cheering crowds. A brisk business is doing in the sale of pictures of the sultan and miniature flags inscribed "Liberty, fraternity, equality and justice." Holles and Burt, who have not been seen in recent days are now reappearing in the public places and conditions are assuming a normal aspect.

publishing the petition, and names attached, for it will speak for itself. Jacques River finds fault with so few names to the petition. I think it is a good showing, considering the time we had for I did not know how long they would keep the bill back, and wanted to show the Government that all the people were not in favor of Durham being a Police District.

GRAHAM TELLS WHY G.T.R. MUST HURRY

More Than 12,000,000 Acres Homesteaded Along The Line

BUSINESS INCREASING.

OTTAWA, April 28.—With the budget assigned to the custody of history the commons today got back to the question of making a loan to the Grand Trunk Pacific Company to complete the construction of the system section of the road. The debate developed some lively sparring between Hon. George Graham and the opposition.

The leader of the opposition made another speech criticizing the National Transcontinental project. He said that in 1903 the prime minister had estimated the cost of the 'Mountain' section to be \$18,000,000 and the latest information was that the cost would be \$27,000,000. While Canada should not be backward in dealing with transportation questions it was right to emphasize the position of the Grand Trunk Pacific. Not only had that company gotten itself into difficulties, but it would not unlikely get the government into difficulties in the near future. He believed the enterprise would ultimately be a success, but there were some risks and the government was assuming nine-tenths of them and the company only one-tenth. The proportion did not seem equitable.

In 1904 the opposition had declared that the government should assume the ownership of the whole project and he had never heard an answer to that proposal from the government. It was true that the government operation had not been a great success and he would not be in favor of repeating the experience with the new line, but he believed that the government could manage an effective and efficient system of management as a private corporation could. He could see no reason why a great public utility like this should be built by the people and handed over to a company to operate. The fall of the Quebec bridge had made it impossible to connect the Quebec and the Montreal sections before 1915 and it was likely that the government would have the Quebec to Montreal section in its hands for five years after it had been completed.

May be Car Ferry
Hon. Mr. Graham—The advisability of establishing a connection by means of a car ferry across the St. Lawrence was under consideration.

Mr. Borden doubted if this would be of much use in handling wheat and under the contract the company could decline to operate the eastern section until connection was given by a bridge. He wanted to know if the government could give assurance that this would be the last application for aid from the government. While he agreed that the work of construction must not stop he held that in the relations with the company the interests of the people should be considered by the government.

Hon. Mr. Graham hoped that the company would not have to ask further aid. However, as Mr. Borden had said the work must go on and it would still have to go on if the company came in a few years with a request for further aid. It was easy to make the fall of the Quebec bridge or any one of the other many difficulties the basis for further aid. The government and the company had to face all the difficulties. The bridge was a link in the road, but he did not think that the company could refuse to operate the eastern section without it, as the bridge had been started before the line was projected and it was in the contract. The foundation of the request for the loan was that the people were paramount to those of the company.

Mr. Graham pointed to the development of the west, and declared that the G. T. P. and the National Transcontinental would soon be taxed to their utmost capacity to carry the traffic. While the west now produced 100,000,000 bushels of wheat, the prospects were that Canada would shortly be the wheat field of the world and a traffic would be developed which would require the National Transcontinental to be supplemented by other commercial routes.

No Time to Halt
This was no time to halt the project. The building of the road had already been justified by the impetus that it had given other Canadian roads to extend and improve. There had already been 15,339 homesteads taken up in a belt of twelve miles on either side of the G. T. P. and that meant the addition of 2,615,128 acres to the cultivated area of Canada.

From 1906 to 1908 the population of Saskatchewan and Alberta had increased twenty-five per cent. There were symptoms of the increased demand for transportation which was coming.

He called attention to the high standard of the line as the absolute guarantee of its success is economical and effective operation. It would be the best road in America.

The estimate of cost had been exceeded but that unfortunately had been the case with all engineering projects of recent years. The Panama canal had been estimated to cost \$11,000,000 and was not finished, but was said to have already cost \$12,500,000. The Erie canal had been estimated to cost \$11,000,000 but would cost over twice that amount. The Chicago, Milwaukee and St. Paul line to Seattle cost \$60,000,000 and the Western Pacific

HOUSE PROROGUED THURSDAY NIGHT.

Many Bills Considered and Some Very Important Legislation Passed.

THE VALLEY ROAD.

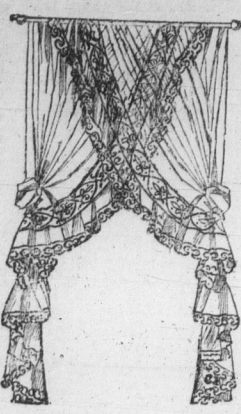

FREDERATION, April 28.—House prorogued tonight after considering one hundred and fourteen bills and passing one hundred and two. A discussion today was centered upon the bill providing for the erection of the city of Moncton into a separate electoral district. Robinson, Sweeney and Leger spoke against the measure but expressed confidence in their reelection. The bill also provided for the abolition of non-resident voting between the city and county of St. John. The bill was carried without division.

The House divided on the bill providing for the retirement of factory inspectors at seventy years of age was carried by a vote of 27 to 11. Mr. Borden voted with the opposition.

The Premier announced negotiations for the construction of the St. John Valley railway would be actively taken up during the recess with a view to have legislation at Ottawa and Fredericton provide for it next session. Palling Dominion assistance he would try and have a company of large financial ability take it up.

MONCTON, April 28.—A great deal of fault was found with the police here for not arresting the druggist Mr. Holstead for violation of the Scott Act, at there was a judgment hanging over him. But now they have not a word to say on that score as Holstead has been taken to jail. He has been successful in dodging the police and therefore would not be secured till last Saturday. A good many are of the opinion that if Judge Kay or

Chief of Police Rideout loses his office it will be on account of the rigid enforcement of the Scott Act.

The bundle of clothes found out near Paines are now in charge of the police here and are supposed to have been placed there by O'Brien the James V. who is in jail awaiting trial for burglary. The bundle contains letters from a woman named Mrs. James Harper of Miscon Harbor.

Mr. Fred Silder the popular traveler of Messrs. Hamilton & Co., of Pictou, was in the city over Sunday with his parents. He left on Monday for Campbellton.

Rev. Mr. Elliott, evangelist, arrived yesterday and began his revival services in the First Baptist Church. He was met at the station on the arrival of 26 by the pastor, Rev. H. G. Dockrell and Deacons Charters, Dr. Coleman, E. B. Hicks, E. Stevens, Judge Emerson, G. B. Litter, Dr. Gibson, Harris, Mitchell and others. Rev. Mr. Elliott has come to hold a series of revival services with the First Baptist Church to which everybody is invited.

\$70,000 a mile. The C. P. R. line from Toronto to Sudbury had exceeded its original estimate by \$1.2 per cent. The question now before parliament was whether it was expedient to loan \$19,500,000 to a company to complete the western section as soon as possible. He most unhesitatingly maintained that it was. This was not a present to the company but a loan which would be repaid.

Mr. Hager and Mr. Monk spoke in criticism of the financial relations of the government with the company. The hour of adjournment, 5 o'clock, arrived before the debate was finished. Before the Grand Trunk matter, Hon. Mr. Floding introduced a resolution embodying the changes in the sugar duties announced in the budget. The resolution was adopted and the bill to give it effect was passed.

SPRING SPRING.

House cleaning time. Let me place your name on my list now for painting, graining, kalsomining, paper hanging, etc.

Beautiful wall paper samples, domestic and foreign to select from.

Estimates cheerfully given on all kinds of House decorations.

NOTICE TO CONTRACTORS

Tenders for Station Building, Section and Tool Houses, between Lake Superior Junction and Winnipeg. Sealed Tenders addressed to the undersigned, marked on the envelope "Tender for Station, etc.", will be received at the office of the Commissioners of the Transcontinental Railway at Ottawa, until 12 o'clock noon of the 27th day of April, 1909, for the construction and erection complete, in accordance with the plans and specifications of the Commissioners, of station buildings, section and tool houses, etc., as follows, viz:—

Section No. 1—From Lake Superior Junction to Mile 1629 (near Wabigoon River), 4 No. 2 Station Buildings, 2 No. 3 Station Buildings, 3 Section Houses.

Section No. 2—From Mile 1629 to Mile 1729 (N. E. of Rennie), 1 No. 1 Station Building, 2 No. 2 Station Buildings, 3 No. 3 Station Buildings, 4 Section Houses.

Section No. 3—From Mile 1729 to St. Boniface, 2 No. 1 Station Buildings, 2 No. 2 Station Buildings, 4 No. 3 Station Buildings, 3 Section Houses.

Tool houses will be required at all section houses, and at such other points as may be designated by the Engineer.

Each tender must be on one all the buildings on any one section, and separate tenders must be made for each section.

The work on each section must be completed on or before October 1st, 1909.

Plans and specifications may be seen and full information obtained, at the office of Mr. Hugh D. Lumadon, Chief Engineer, Ottawa, Ont. and Mr. S. R. Powell, District Engineer, Winnipeg, Man.

Persons tendering are notified that tenders will not be considered unless made on the printed forms supplied by the Commissioners, which may be had on application to the Chief Engineer at Ottawa, or the District Engineer at Winnipeg.

Each tender must be signed and sealed by all the parties to the tender, and witnessed and accompanied by an accepted cheque on a chartered Bank of the Dominion of Canada, payable to the order of the Commissioners, for a sum equal to ten per cent (10 p. c.) of the amount of the tender.

The cheque deposited by the party whose tender is accepted will be deposited to the Receiver General of Canada, as security for the due and faithful performance of the contract according to its terms.

Chances of depositing parties whose tenders are rejected will be returned within ten days after the signing of the contract.

The right is reserved to reject any or all tenders.

By order, P. E. RYAN, Secretary.

The Commissioners of the Transcontinental Railway dated at Ottawa, 2nd April, 1909.

Newspapers inserting this advertisement without authority from the Commissioners will not be paid for it.

MONUMENTS AND HEADSTONES.

Having had a wide experience as a granite cutter, I am able to please you.

A. M. Henderson, CAMPBELLTON, N. B.

HER PHYSICIAN ADVISED

Taking Lydia E. Pinkham's Vegetable Compound

Columbus, Ohio.—"I have taken Lydia E. Pinkham's Vegetable Compound and it has done me good."

"I found it a great change of life. My doctor told me I was not well, and since taking it I feel so much better that I can do all my work again."

"I think Lydia E. Pinkham's Vegetable Compound is a fine remedy for all women's troubles, and I have never forgotten to tell my friends what it has done for me."

Mrs. E. HANSON, 304 East Long St., Columbus, Ohio.

Another Woman Helped. Graniteville, Vt.—"I was passing through the Change of Life and suffered from nervousness and other annoying symptoms. Lydia E. Pinkham's Vegetable Compound restored my health and strength, and proved a most reliable remedy of gold to me. For the sake of other suffering women I am willing you should publish my letter."

Mrs. CHARLES BARCLAY, R.F.D., Graniteville, Vt.

Women who are passing through this critical period or who are suffering from any of those distressing peculiarities to their sex should not lose sight of the fact that for thirty years Lydia E. Pinkham's Vegetable Compound, which is made from roots and herbs, has been the standard remedy for female ills. In almost every community you will find women who have been restored to health by Lydia E. Pinkham's Vegetable Compound.

SERIOUS DEPLETION IN FUNDS

HARD TIMES HARD ON THE POOR CONSUMPTIVE

Muskoka Free Hospital for Consumptives Makes an Urgent Appeal for Money.

\$35,000 Required to Cover Bank Overdraft and Pay for Maintenance of Poor Patients.

These head-lins tell the story of our needs.

They are heavy and urgent.

Many times during the past twelve months the question has pressed itself upon the Trustees, "Can we continue the work further?"

Every month brought its quota of accounts for salaries and wages of staff, bills of butcher, milkman, eggs, groceries, heavy coal bills—a serious item—and other uncontrollable expenses so long as the doors were kept open.

During all this period there was only one thing to do, and that was to lean on our banker—swelling the bank overdraft.

The trial was the severest in the history of these Muskoka Homes, in which nearly 3,000 persons, stricken by the dread white plague, have been cared for.

But never for a single hour did the doors of the Free Hospital fail to swing open, and give a welcome to suffering ones without money and without price.

The good news has gone forth of a rich harvest the wide Dominion over.

Friends, we come to you at this time, when the clouds of depression are being lifted, asking that you now—in the direness of our extremity—help to lift the burden being carried—not for any personal gain, but solely, alone, only on behalf of suffering sisters and brothers.

Our plea is on behalf of the sick ones.

What will you give? Do not say nay. Help generously. Help all you can. Help now.

Contributions may be sent to W. J. Goss, Esq., Chairman Executive Committee, 84 Spadina Avenue, Toronto; or J. S. ROBERTSON, Sec., Treasurer National Sanitarium Association, 347 King Street West, Toronto, Canada.

TOWN TOPICS

OUT FOR A SPIN
Mr. Roy Morat had his auto out yesterday for a trial spin.

NEW SODA FOUNTAIN
T. Wynn & Co. are placing a handsome soda fountain in their store.

HAS REMOVED
D. Goldenberg & Co. have removed to the McLean building lately occupied by D. Schaffer.

PLENTY GEESSE
Reports from down the bay state that wild geese are very plentiful. Tuesday night a large flock was heard flying over the town.

Our ardent subscribers will make no mistake in patronizing H. Wilnot Young—Marjole Adams Co Monday evening. The show is clever and refined and we do not hesitate to recommend this clever company.

A CENTENARIAN
Mr. Robt. Hachey of St. Anne's near Bathurst is believed to be one of the oldest men in the province. He will be 101 years old in February next. He is still hale and hearty. He has a son employed here with A. E. Alexander & Son.

OBITUARY
The death of Margaret E. the ten year old daughter of Mr. and Mrs. John Hume, took place at their home here Tuesday night. The deceased child was beloved by all who knew her and her schoolmates, and members of the Sunday School sent beautiful wreaths. The funeral yesterday afternoon was largely attended.

FUNERAL WEDNESDAY
The funeral of the late Angus McKenzie took place from his late home, Water street, at 2 o'clock Wednesday and was largely attended. Interment was made at the Rural cemetery. Rev. Dr. Carr conducted the services at the house and grave.

THE ICE
The crossing is still good at Campbellton and the ice looks fairly good. The river the ice from the main body is, all down and water is clear to the Head. Down river the river is open opposite Dalhousie Junction. It is expected that in a week the river will be clear of ice.

AT THE OPERA HOUSE
J. W. Young—Marjole Adams Company will present the historical drama "Sweet Nell of Old Drury" to-night at the Opera House. The play centres around King Charles II. The Marjole Adams is said to be charming and vivacious as Nell Gwynne. The costumes are of the 17th century period and are said to surpass all previous efforts of gorgeous costuming. The company will present Roland Reed's famous comedy "Lord Mervin's Wife," at the matinee on Saturday and the sensational melodrama "Jesse James" will be the offering in the evening, bringing a most successful engagement to a close.

Mr. Young and his company will always be welcome visitors.

TOWN COUNCIL

The annual meeting of the Town Council will be held Tuesday evening.

GAME VIOLATORS FINED
Before Justice Wilson of Bathurst on Tuesday five convictions for infraction of the game law were given. Geo. Theriault, David Downing and Louis Gosselin were each fined \$10 and costs for killing moose, and Joseph Boudreau and Wm. Pinet, \$100 each and costs for hunting moose accompanied by dogs. The complaints were laid by W. H. O'Brien, local game warden, and the Government was represented by J. J. Harrington, clerk of the peace.

TRADE REVIVAL BEGAN WITH MARCH

Imports \$4,000,000 Greater Than Same Month—Last Year.

INTERESTING STATISTICS.

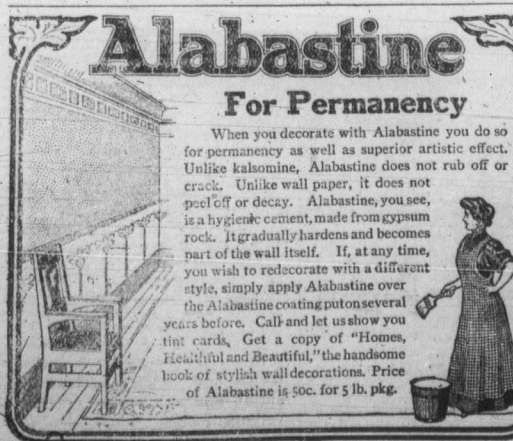

OTTAWA, April 28—The statistics of Canada's trade for the last fiscal year have been completed and show that imports totalled \$284,122,792, which is a decrease of \$62,249,782 from the total of the previous fiscal year. The exports of domestic products were of the value of \$259,992,266, which is a decrease of \$3,446,558.

March the last month of the year just closed, shows an increase of trade which promises well for the year just beginning. During the month the imports amount to \$25,562,362 which is an increase of \$5,811,130 over the previous March. The total of the exports was \$18,957,974 which is an increase of \$454,487.

The total trade for the year was \$544,115,058, a decline of \$27,448,039. There is an interesting indication in the figures of coin and bullion handled during the year. The import of precious metals amounted to \$9,988,442, while during the previous year the import was \$6,248,661. Coin and bullion exports amounted to only \$2,185,792 while during the preceding year the export reached the great total of \$16,617,654.

Alabastine
For Permanency

When you decorate with Alabastine you do so for permanency as well as superior artistic effect. Unlike kalsomine, Alabastine does not rub off or crack. Unlike wall paper, it does not peel off or decay. Alabastine, you see, is a hygienic cement, made from gypsum rock. It gradually hardens and becomes part of the wall itself. If, at any time, you wish to redecorate with a different style, simply apply Alabastine over the Alabastine coating of previous years before. Call and let us show you tint cards. Get a copy of "Homes, Healthy and Beautiful," the handsome book of stylish wall decorations. Price of Alabastine is 50c. for 5 lb. pkg.
