BEAVER BOARD
If you are building or going to complete some unfinished rooms, let us show you some colored samples, illustrating the beautiful color effects obtained by using this sanitary and durable board for walls and ceilings in all classes of buildings.
We carry a large stock in assorted sizes.

MAIL ORDERS
We solicit out of town orders which receive our personal attention. The length of time taken to fill orders is governed very largely by how busy we are in the department of our factory in which the particular goods are made. While we have exceptional facilities for promptly turning out goods, it is important to place orders as far ahead as possible. Orders are filled by us in the rotation in which they are received, and customers can always depend on our doing everything in reason to give prompt despatch.

GRAMMAR SCHOOL RE-OPENED TODAY

New Staff of Teachers on Hand and Good Attendance of Scholars

The Grammar and High Schools reopened this morning after the summer holidays with a full attendance, but one of the teachers. The scholars attended especially in the lower grades was not up to the average, owing to doubt to the duty of attending to school on Thursday, August 26th. The Education Department have made it known that no payments will be made for days missed at the opening of the term.

It is therefore urged upon parents and guardians that intending scholars should be sent to the school not later than Monday, as the work of arranging the various grades is being kept back. For children desiring entrance to Grade I it is requested that their names be handed in at the earliest possible moment. For the teaching of terms the Secretary's office in the school building will be open at 8 o'clock on Monday morning.

The Board of School Trustees have made a large number of improvements in the building. A new room has been added in the Assembly Hall, and the floors have all been oiled and painted. A much needed improvement has been made in the laying down of a board walk from the school entrance to the street and a crossing laid down, which will be much appreciated in the wet weather.

The staff of teachers is as follows—
Principal J. E. Carr.
Miss S. G. Duff.
Miss Marion Winston.
Miss Hazel Lingley.
Miss Jessie Currie.
Those were in charge of various grades last term, the new teachers being—
Miss Alice L. Young, Fredericton.
Miss Kathleen Kirk, Sussex.
Miss Rylee Long, Centreville.
Miss Lottis B. Hest, Fredericton.
Miss Florence Sealey, Sussex.
Miss Mary Adams, Strathadam.
Miss Alice Harold, Centreville.
Miss Edith J. M. Hickey, Bathurst Village.
Miss Lydia E. Campbell, Town.
Miss Jessie B. McPherson, Town.

GRUESOME FIND IN THE BAIE DES CHALEURS

Body of Man Found Floating Near Point a la Garde Recovered Yesterday

Yesterday word was received in Dalhousie that the body of a man was observed floating in the river between Point a la Garde and Baie des Chaleurs. Workmen in the employ of the Sydney Lumber Co. went out and recovered the body of a man apparently about 35 years of age near Point a la Garde. He was brought to the office of the Coroner, Dr. Ferguson, who viewed the remains and notified the Mayor of the town, Mr. W. S. Montgomery. The Mayor got into communication with Campbellton as the body is supposed to be that of an American sailor who disappeared from on board an American vessel lying at Champeau's Wharf, Judge Botkin, the American Consul and Mr. David Champoux are going to Dalhousie this afternoon to identify if possible the body. The man was missed from his ship over a week ago, but from the meagre description given of the appearance of the drowned man, it is not thought to be the missing sailor.

FUNERAL OF WELL- KNOWN LUMBERMAN

John Dawson Who Disappeared Last November Was Buried on Sunday Afternoon

The funeral of the late John Dawson was held on Sunday last, services being conducted in Christ Church and interment was made in the Rural Cemetery. The church was crowded with worshippers and many mourners followed the remains to the cemetery. The pall-bearers were Messrs. Cameron Adams, Dagald Myles, John Wyers, Joseph Delaney, James Crosswell and Fred Wyers.

The late John Dawson, who was in his fiftieth year, was a well-known lumber operator belonging to Matapeia and disappeared near the mouth of the Kedgewick on November 16th last, the circumstances being well known at the time. Notwithstanding much searching, which had been carried on almost continuously from that date, it was not till last Friday, August 20th, that his body was found, the discovery being made by Percy Wyers, who was engaged in scowling on the river. The body was found in the river about 26 miles down the river from the place of his disappearance. The Misses Dawson and the brothers and sisters of the deceased feel very grateful to all the kind friends for their assistance in the recovery of the body and for their sympathy and offers of help which did so much to alleviate their distress from the time of the disappearance of the deceased.

**CAMPBELLTON SENDS
RECRUITS TO SUSSEX**

Enlistment Still Keeps up and Eighteen Young Men go to Sussex Last Week

Campbellton still keeps up her name in the list of recruiting centres, volunteers being signed on almost daily by the recruiting officers, Capt. A. T. LeBlanc and Mr. A. McE. McDonald. Mr. McDonald is looking after town recruits and Capt. LeBlanc, who has been appointed Special Travelling Recruiting officer looks after the county and is making a thorough canvass for recruits. Since the last list was published the following have enlisted and have gone to Sussex:

David Gordon.
Anselm Martin.
Jean Gallant.
Wilfrid Dumas.
Charles Doyle.
James Todd.
Michael Melroy.
Nelson Letourneau.
William Bettridge.
Guy Ferguson.
Loggie Woodman.
John Gendron.
Joseph Bernard.
Ira C. Brainer.
David Miller.
Cyprian Cyr.
Jos. A. Bondreau.
Jos. E. Doucet.

Besides these already sent about thirty names have been handed in of young men desirous of joining the artillery. With regard to this branch of recruiting, Mr. A. McE. McDonald sent the following telegram to Halifax:

Halifax:
Since yesterday about thirty young men of this town have signed their willingness to endeavor to form a battery made up of men from this town and vicinity. Please let me know soon what chance there is for such. What can I do for men who will go for artillery but not with infantry?
At the time of writing no reply had been received to this communication.
It is officially announced that any persons who may wish to volunteer for overseas service should make application to the recruiting officers, either Capt. LeBlanc or A. McE. McDonald.

PROSPEROUS COUNTY
Farming, Fishing and Lumbering All Show Signs of Activity.

The Gaspe coast, despite the conditions resulting elsewhere from the war, has experienced a very prosperous season and business is very good throughout the entire district from Esguimaque to Cap de la Madeleine.

THE CROPS.
The crops throughout Bonaventure county look extremely well. The hay crop, which has been housed in good shape was above the average. Other crops have been retarded somewhat because of the lack of rain, but this has been remedied by the heavy fall of late week.

Throughout Gaspe county the crops do not look quite so well, the hay being very light. Other crops are more promising.

THE FISHING
All along the coast the reports of the season's catch of fish have been of the very best. Large catches of salmon and lobsters have been taken, and cod have been plentiful and large, and the ruling prices good.

LUMBERING
While there is a little uncertainty as to the lumber outlook, the lumber mills generally are being operated and preparations being made for winter operations.

The operation of the large Pulp mill at Chandler is supplying a market for a large quantity of pulpwood cut by the farmers from private lands. This new pulp mill is not yet running smoothly, some minor defects in the machinery having to be remedied, but a fine grade of both dry and wet sulphite pulp is being shipped, the first large steamer sailing from Gaspe last week with a full cargo.

THE ROADS
Generally the roads throughout this territory are in good condition, but there are sections which need much attention.

Throughout Bonaventure the roads are kept in very much better condition than in Gaspe, and we wish to compliment the mayors of the different municipalities upon this important feature.

In Gaspe Co. the roads are not given the attention they deserve. The great thoroughfare through the county is impassable for cars at Barachois and Douglastown, while portions of the road between Port Daniel and Newport is extremely rough, as is the road into Chandler, and also parts of the road between Chandler and Percé. With the generous assistance granted by the provincial government, there should be better roads throughout this important section of the country.

THE HOTELS
Of late years there has been great improvements made in the hotel accommodations. At Gaspe, Bakers Hotel, that hostelry which is famous throughout all of Canada, has been greatly improved, and although this was supposed to be an off season, was well filled with summer visitors. This hotel is the most popular on the coast. As a whole the hotels are good and the managers courteous and obliging. The only pity is that the main road is not sufficiently passable to allow autos to run through from Campbellton to Gaspe, as this route is one of the most beautiful in eastern Canada. We trust that the authorities will endeavor to open up the road by Gaspe, Douglastown, Barachois, Corcoran of the Beach and Percé will be made accessible by motor when tourists will visit these places during the summer season.

**SPLENDID CONCERT
GIVEN FOR RED CROSS**

Entertainment Given at Paspébiac Had to be Repeated Next Night at New Carlisle

An entertainment which enabled the Red Cross Societies of Paspébiac and New Carlisle to reap a great return was given in these two towns last week.

On Wednesday, August 18th, the concert was given in Paspébiac and repeated at New Carlisle on Thursday, August 19th. The concert was only advertised for a few days and the amount of \$185.00 was netted from the entertainments.

The full program is given below:—

**MOVING PICTURE
CASE FOR REVIEW**

Case of Town of Dalhousie vs. S. W. Dimock Heard in St. John

St. John, Aug. 20.—An important hearing took place before Mr. Justice McKeown in chambers this morning when an appeal from a conviction of S. W. Dimock by the police magistrate of Dalhousie was heard. Recently the Town Council passed a by-law restricting the exhibition of motion pictures to three nights a week and increasing the license from \$50 to \$300. Mr. Dimock, who conducts a moving picture show, tendered \$50, but was refused a license. He continued to exhibit pictures and was convicted for conducting a moving picture show without a license.

Mr. H. A. Powell, K. C., who appeared this morning for the defendant, contended that under the Towns Incorporation Act and Chapter 168 of the Consolidated Statutes, no greater penalty than \$50 could be collected. His Honor granted an order for review, referring the matter to the court of appeal for a decision. Dr. J. B. M. Baxter, K. C., and E. Rene Richard appeared for the Town of Dalhousie.

PROSPERITY AND THE CRY FOR EMBARGO

Acceptance of Teutonic Views Would Mean Death to Ex- port Trade

(New York Herald.)

Two things were made very clear in the American note to Austria-Hungary. One of these is that the acceptance of the new Teutonic doctrine of embargo would endanger the existence of this nation; the other, that there could be no embargo which did not operate equally against all kinds of war supplies. If there is to be an embargo nothing of the product of American fields and mines and factories constructed by any belligerent to be contraband could be exported. This would mean death to the American export trade during the continuance of the war, and with the export trade would go American prosperity.

Reports from important business centres published in to-day's Herald indicate the magnitude of the material sacrifice the American people would make such a contingency be called upon to make. These reports show that under the impetus given by the demands of other countries for our manufactures and the products of our mines and our farms the United States is to-day enjoying a measure of prosperity far in excess of that enjoyed at any time since the war clouds settled down upon other lands.

There has been steady, certain improvement in business conditions everywhere—an improvement which gives the cheerful optimism of a year ago full warrant for saying "I told you so."

Germans and persons of the payroll of the German conspiracy against the neutrality and the peace of the United States might welcome the destruction of American prosperity. Their thoughts are solely for and of Germany. These democratic politicians who are aiding and abetting this conspiracy may not care. Their thoughts are bent upon the embarrassment and destruction of President Wilson, and a collapse of prosperity might suit their selfish ends.

But the great majority of the American people do care. It's their prosperity. They will not willingly exchange it for the experience of factories closed, mines shut down, workmen thrown out of employment, farm products congested to be sold below the cost of production or not sold at all, stagnation in all lines of business, financial collapse.

And because they care, because they regard their prosperity as precious, the great majority of the American people are whole heartedly opposed to any pro-German embargo.

NEW OFFICERS TAKE CHARGE IN CAMPBELLTON

Captain and Mrs. Squairbriggs
From Springhill, New S. A.

Officers

Captain and Mrs. Barclay of the Salvation Army are now on furlough, and their places have been taken here by Capt. and Mrs. Squairbriggs from Springhill, N. S. Speaking of the new commanders here the Amherst Guardian says:

Springhill, Aug. 13.—Capt. Squairbriggs, of the Salvation Army, received notice from headquarters on Saturday of his transfer to Campbellton, N. B., where he will take up his duties on August 20th. Captain Squairbriggs and Mrs. Squairbriggs are without a doubt the two most popular Army people who ever had charge of the work in Springhill, and their departure after a two years' stay with us will cause deep regret.

When these officers first came the Army work here was at a rather low ebb. The membership had fallen off heavily, and a fine band, organized under Major McIlhenney, was also completely disorganized. Mr. and Mrs. Squairbriggs at once took hold and through their winning personalities brought the work to a high point of efficiency. The Salvation Army today can boast of a 20 piece band, a packed house at nearly every meeting, and one of the largest followings since its organization in Springhill—all due to the energetic work of these officers.

Captain Squairbriggs besides being an able speaker is a fine musician. He is a member of the Rebeckahs, Oddfellows, Knights of Pythias and the Orange order. Mrs. Squairbriggs is an excellent speaker and through her kind acts has won a permanent place in the hearts of many. Springhill deeply regrets the departure of these officers and they take up their new offices in Campbellton with the best wishes of our townspeople for success.

SPENDING MONEY FOR CANADIAN PRISONERS

Canada Will Pay Dollar Seventy-five Each Week to Purchase Extras

Ottawa, Aug. 24.—The Canadian prisoners of war in Germany are to receive \$1.75 a week spending money. Negotiation between the British and German governments resulted in an arrangement by which the British Government will forward seven shillings a week (approximately \$1.75) to each of its soldiers now prisoners of war in Germany. The money will be sent to American Ambassador Gerard at Berlin, who will see that the money reaches the British and Canadian prisoners. The money for the Canadians, while sent with that for other British soldiers in Germany, will be provided by the Canadian Government.

This will be good news to the friends in this country of Canadians who were captured. Previous to this arrangement the prisoners in Germany received no money at all as it is the rule that when a soldier is captured his pay stops. Notice of the arrangement has just been received by the Militia Department. The Canadian boys in Germany will have \$1.75 with which to buy extras each week. Reports received from Germany through the American Ambassador show that the prisoners are fairly well treated and that they are very happy.

JOE DOWNING, OF H. M. S. "CARMANIA"

Was Formerly Brakeman and is a Son of a Campbellton Man

Mr. Joseph L. Downing, of the armed liner H. M. S. "Carmania," a letter from whom appeared recently in these columns, is a son of Mr. Downing, proprietor of the "Ideal restaurant, Campbellton. He was formerly a brakeman on the I. C. R. out of Moncton, and just prior to rejoining the navy was employed in the machine shops at Moncton. He has travelled a great deal and is familiar with many portions of Europe in which fighting is now going on. He was on the "Carmania" when that ship, after a fight of several hours, sank the German armed liner "Cap Trafalgar" off the coast of South America.—Transcript.

Deafness Cannot be Cured by local applications, as they cannot reach the diseased portion of the ear and that is by constitutional remedies. here is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surface.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

"WAR WILL END BY DECEMBER"

Geneva, Switzerland, Aug. 17. Via Paris.—The correspondent of the Journal La Suisse, of Geneva, at the front in the Vosges, states that in an army order recently issued by the German Crown Prince, and found on prisoners taken by the French, occurs the following phrase:

"We shall take, we must take, Verdun. Then the war will be finished by December, at the latest."

PICTURE POSTCARDS COST ONE CENT ONLY

Postal Provisions Do Not Call For Extra Cent on Picture Post Cards

(Evening Times, Saturday.)

Do you know that you still may mail a postcard for a cent?

If you do you are one of the minority, but you are right, just the same.

When the war tax stamp was introduced most persons jumped to the conclusion that picture postcards were included in the class of mail which requires the extra stamp. This idea was accepted so widely, almost universally, in fact, that the business of publishing and selling the cards in this country has been practically revived.

The matter assumed such serious proportions from a business standpoint as to call for comment from many quarters regarding the shortsighted policy of the government. It was urged that a tax which killed the business upon which it was placed was too much like killing the goose which laid the golden egg.

This was all quite true in theory but in fact it was quite wrong. No one had attempted to place a tax on picture postcards.

Just let that sink in.

The postal provisions do not call for an extra war tax stamp on a picture postal—not unless it bears more than five words of writing in addition to the address.

The reason is simple. A picture postcard does not class as first class matter but as printed matter and is chargeable only as such.

There is another class of postcards which dodge the war tax and that includes those bearing printed announcements. The rule allowing five words of writing permits enough latitude to make a printed form card, with the necessary data filled in by hand, a very convenient and economical method of communication. This can be taken advantage of for notices of meetings, traveller's announcements of when they will call and so on.

There is another exception of the same nature which has been overlooked even by some large establishments with a reputation for keeping a careful watch on expenses. Printed circulars are printed matter and not first class mail and therefore do not need a war stamp.

Every war stamp which has been placed on a picture postcard or circular should be charged up not to taxes but to charity; it was just a free gift to the government.

WHERE THE FORTUNE TELLERS FAILED

What Riches Might Have Been Theirs Could They Have Foreseen Events

(Christian Register.)

Just a year has passed since the deadly, devastating conflict in Europe began. Who would have thought it! Who could have foreseen it, fourteen months ago? Where are the palmists, and astrologers, and all that nonsense tribe? Why did they not tell us what was hidden behind the veil of the future? What riches might have been theirs, and ours, if they had laid bare the awful impending calamity! Cotton and copper, ships and munitions—how these might have filled purses! What unselfish signposts people they are—the fortune-tellers—pointing out paths of wealth, yet never setting their own feet therein!

NO ALCOHOLIC LIQUOR FOR ARMY OF FRANCE

Strict Prohibition of Intoxicants Among Soldiers of Joffre's Forces

Not a single drop of alcoholic beverage has been admitted within the French fighting line since the beginning of the present war, according to statements of officials who profess thorough acquaintance with the French military regulations now in force. Moreover, they call attention to the fact that by an official decree, dated March 17, the French Government prohibited the making, sale or transportation of alcoholic liquors.

It is stated that the French troops in the trenches are permitted to drink only water, and even that is difficult to get at times. There is absolutely no consumption of alcoholic liquors permitted throughout the army.

Premier Borden has refrained from meddling in Britain's cattle embargo. As a believer in the theory of protection he could not consistently advise against Britain's only protection measure.

Restriction of exports in British factories will have the good effect of preventing war from becoming an interest.

This is either a queer or dishonest or one-sided world. There are always ten times as many "lots" as there are "found" in the ad. column.

STRAY CATTLE

During the past week a few residents of the town in Ward II, have been greatly annoyed by the depredations of stray cattle on their lawns and gardens.

No one has any objection to a man keeping a cow, but it is his bounden duty to see that the animal does not go roaming all over his neighbour's premises, destroying the fruits and results of many months' work.

A man must be beastly selfish indeed who does not care in the slightest what damage his cow may do, so long as he can sell the milk while his neighbour supplies the feed in the shape of garden roots and crops.

As it seems difficult to get satisfaction owing to the fact that Pound-keepers and Hog-reeves appointed by the council fail to act, and the council fails to provide a proper pound, the citizens who are directly interested will see that they get proper justice.

Any cow found straying in grounds where it does not belong will be promptly shot, and the owner can have the privilege of hauling the carcass away.

This may seem a drastic way to end a nuisance, but patience and forbearance has a limit.

THE ARABIC

From the standpoint of military advantage, the sinking of the White Star liner Arabic is useless. The destruction is no gain to Germany and no material loss to Great Britain. It was destroyed for sheer malice, and nothing else.

The destruction of the Arabic has again brought up the question, What will America do? What she ought to do is clear enough, but if past experience is to be any guide, the President will tell his Secretary of State to send another delicately scented, pink note to the Kaiser telling him how naughty his subordinates have been and asking him to tell them not to do it again.

While the American press as a rule is loud in its condemnation of the dastardly deed, some portions of it declare that "until the facts are known, Americans will of course withhold their judgment." Until the facts are known! The fact was known within a few hours after it occurred that the Arabic had been torpedoed and sent to the bottom, with some lives lost. What other facts are wanted? Will they wait until the vessel is seen to be struck or not, or are they waiting until Berlin gloat-

ingly announces the commission of such a dastardly deed? It seems to be pretty clear that at least two American citizens lost their lives in the Arabic and unless President Wilson is anxious to drag his country further into contempt, he will waste no more time in writing pink notes, but do something. As Col. Roosevelt said a day or two ago, what the American people are looking for now from their Government is deeds not words.—Commercial.

EDITOR'S MAIL BAG

To the Editor of the Graphic:

It may be of interest to some to know how business has gone on in the Restigouche Co. Council, in the four years that I have had the honor of being councillor of the Parish of Dalhousie. Four years ago myself and colleague, Mr. Levesque, were elected by acclamation, in that way we considered, we owed a compliment to all; liberals and conservatives alike, and that we would administer the affairs of the parish and county without fear or favor, no man was discharged, or put out of office, for either his religious or political faith. Some changes were made for efficiency, no lines were drawn in the council chamber.

Sir, it is obvious to every one in this county and province as to how these lines were drawn.

About this time, two years ago, W. S. Montgomery and D. A. Stewart made a canvass of this county and brought out their men for a square fight, the result was, their men were beaten in every parish in this county where a contest was held except Durham. Many right minded Conservatives voting for myself and colleague.

In Durham, the two defeated candidates protested the election, on the ground that the Parish Clerk refused to file one of the Liberal candidates nomination papers, and also that money had been freely used by the candidates to elect, their agents and others. This was all set out in the protest, and duly sworn to. Those men deposited fifty dollars and asked for a fair trial. In our by-law there is a very easy way to settle matters of this kind, that is on the first day of the meeting of the council a committee of three are appointed to hear the evidence and if bribery and corruption has been used, the Councilors so elected shall be disqualified and their seats declared vacant.

Now Sir, ought not the council to be composed of honest, square minded men. In fact every councillor elected before entering on duty makes a solemn declaration, that he will treat all matters that come before the Council in a fair and impartial manner. Does that not appeal to every right thinking man, whether he be liberal or conservative?

Now, what was the attitude of the conservatives led by W. S. Montgomery? He made a motion to throw out the whole matter; to give those men no hearing at all. We talk of British fair play! Does that look like it, better let Germany rule.

It was moved by myself, let a committee of three be appointed, it was then moved by W. S. Montgomery and seconded by Councillor Arsenault that we had a working majority in Council my motion was carried. Now Sir, to show that we were not partial, we followed W. S. Montgomery to go on the committee. Here the funny part comes in. We wanted the inquiry to go on while the council was in session. W. S. Montgomery was so zealous for the welfare of the town he so loved, he said he would not work with the committee, while business was going

This year the Studebaker announcement is more significant than ever before. It demonstrates more conclusively than ever Studebaker's leadership in the industry. For once again, Studebaker is announcing new cars at prices that completely recast all standards of value in the automobile industry. And never before has a dollar bought so much as it buys in these new Studebakers. They are the best car in every detail that Studebaker ever built.

But while the prices are remarkably low, Studebaker has made no effort to manufacture a small, low-price car, to compete purely on a price basis.

A whole Book of Specifications couldn't begin to convey the impression that your first glimpse of the cars will give—you must see the cars to appreciate them.

on in the Council Chamber. It will be interesting to note just how he acted further on. If we attempt to do business, we must leave the committee room and we wanted to get through the protest if possible. Here was the whole council in the committee room hearing the evidence, which was about half through, when it so turned out that the committee was not legally appointed, another committee had to be appointed. Councillor Montgomery was left off the new committee, because he would not work while the council was in session. The new committee being duly appointed and the protest case could have been heard and decided in a very short time, had W. S. Montgomery and his followers stayed in the council chamber, knowing as they did that Councillor Levesque had to go to St. John on important business. Councillors Montgomery, Peters and Firth stayed at a certain hotel, only returning at the end of the session to draw their pay. This is the same W. S. Montgomery who would not serve an hour with the committee when the council was in session, let anything pertaining to the town he so well served, should be neglected.

So you see Sir, with Councillor Levesque away and the Montgomery crowd out, we could not deal with the protest and carry on the business of the council at the same time, in that case we had to drop the protest, and turn our attention entirely to the necessary business of the county. The hearing of the protest was set aside until March 10th, 1914.

This way of doing things might look smart to school boys or half breeds, but for responsible men who had taken upon themselves solemn obligations, it is surely demoralizing. Suppose a trial was going on in the Court House, and some one-go there and advise the juryman to leave the court in order to defeat the law, would it not be a punishable offense? Should such men be thought fit to represent the people? Surely not! If we don't respect the laws of our country where are we going to land?

Why were those men so determined to defeat or obstruct the business in this case. They knew that every charge set out in this case was true, and the half we believe was not told. They knew that no responsible man could sit on that committee and give any verdict other than was given by the committee that was appointed at the March meeting. In accordance with the evidence adduced, they were disqualified and their seats declared vacant.

Not satisfied with the decision of the committee they carried their case to the judges. Did they suppose that the judges of this province were men that would tamper with the law? See the laws of their country broken with impunity. The result was the judges sustained our verdict. Again may I ask. Did they think for one moment that after examining the evidence that was adduced before the committee of which I was chairman, that the judges could do other than sustain our decision. Now Sir, I am in a position to name the man who so ill-advised the Durham councillors to carry their case to court.

At the last January Session, the matter was brought up in the council, as to who had so advised the Durham councillors. W. S. Montgomery jumped to his feet and said "I am the man who told them to seek it to them every time". "Seeking it to whom?" Was he not seeking it to the county of Restigouche and himself, being a taxpayer? Was he not putting the municipality to the expense of defending itself against men who had broken the law and were in the main responsible for all the expenses incurred. Is it not the law breaker who is responsible for all expenses of upholding the law in all its stages, from the Minister of Justice down to the Court clerk? The men who carried this matter to the Courts, and those who advised them are certainly responsible for all the expenses connected with the protest, except some minor expenses which might have occurred if settled in the council as provided by law.

I can say for myself and others that the attitude of the liberals was to treat them fairly. Had they been liberals under the same circumstances, there would have been no partiality shown whatsoever. The fact that the judges sustained our decision is proof that we were right in seeing that all laws relating to the franchise which is dear to the heart of every liberal was upheld. Had it not been for the liberals of Britain who fought and won the franchise from the Tories, we might be to day as it was in the days of the "Corn Laws", when only a certain privileged class held the voting power, no common man had any voice in the affairs of the state.

I would not have written this letter had it not been that certain conservatives have been making a canvass among the liberals of this county, charging them with putting expenses on the county.

In talking about expenses I ask what do they mean. Our jails and penitentiaries are today full of law breakers. (Continued on page 5)

BANISH BILE!

A bilious condition of the system is the result of inaction of the liver, often causing severe headache through the eyes and temples, causing constipation, times in nausea and vomiting, which is frequently followed by a bilious diarrhoea.

Abbey's Effervescent Salt, when taken as directed, stimulates the people glands of the stomach and increases the contraction of the muscles from above downwards. This action is communicated to the intestines and increases the flow of the intestinal juice, thus stimulating the ducts of the liver to pour out bile, when it can be carried downward by the laxative action of the Salt, instead of remaining to clog up the liver and flow back into the stomach.

Thus, if a person who is subject to biliousness and Bilious Headaches will use Abbey's Effervescent Salt, the natural action of the stomach, liver and intestines will be kept up and no bile can accumulate in the system. Sold everywhere at 25c. and 50c.

BIG LUMBER COMPANY FOR NEW BRUNSWICK

Ranger Men Interested in Formation of Maritime Lumber Company

(Ranger Commercial.)

Several Ranger men are the incorporators of a new lumber concern recently formed in New Brunswick for the purpose of engaging in the general timberland business which is known as the Maritime Lumber Co. of New Brunswick.

The officers of the company are: Hon. J. E. Stinson, president; Frank G. Mackay, vice-president; Irving G. Stinson, treasurer; and Waldo F. Lowell, general manager.

The company has acquired large timber land holdings in New Brunswick and will carry on an extensive business in timber and the manufacture of lumber.

Mr. Hinkley has been interested in timber land in New Brunswick for some time, making frequent trips home. Mr. Lowell, formerly of the Lowell & Bagel Co., in Bangor, has resided recently in Fredericton, N. B., since becoming connected with a lumber concern in that province, and has had long experience in the business, both in this section and elsewhere. The head of the new company is the president of the First National Bank of Bangor and the treasurer and vice-president of the same institution.

YOUNG PRISONER SENT TO REFORM SCHOOL

Thirteen Year Old Lad Tried to Wreck the Chatham Branch at Nelson

Lee Masterson, a lad about 13 years of age, and a son of Joseph Masterson of Nelson, was brought before Stipendiary Magistrate Lawlor at New Brunswick on Saturday afternoon, charged by I. G. R. Detective Harry Culligan with attempting to wreck the Chatham Branch at Nelson on the 11th and 12th inst.

When the driver of the Branch sent in his report, Detective Culligan was at once put on the case, it being at first suspected that this was the work of a common thief. With the able assistance of Deputy Sheriff Irving, Detective Culligan was not long in running against sufficient cause to warrant the arrest of this young offender, and he was forthwith taken in charge and brought to Newcastle Saturday morning. Upon being questioned by Detective Culligan he admitted having placed a big stone on the rail on the 11th inst., which the train knocked off, and then again on the 12th he placed what he called a snatch block on the rail. When the engine struck this the force broke the guard rod on the driving wheels, putting on the brakes and bringing the train to a standstill. Had it not done this, there is every reason to believe that young Masterson's curiosity, as he explained to the officers, could have been satisfied, namely, to see the engine tumble over.

When brought before the court on Saturday afternoon Magistrate Lawlor decided to postpone his trial until Monday, owing to the young prisoner's parents not knowing of his arrest. When the case came up on Monday he was given one year in the Reform school.

WILL BE KNOWN AS SIR SAM HUGHES

General's Friends are Well Pleased With the Honor Conferred by the King

Ottawa, Ont., Aug. 25.—The Knight-hood conferred upon Major General Hughes, minister of militia, was received in Ottawa with much interest. It has been expected that sooner or later such an honor would be forthcoming, but significance is added to it by the fact that it has been bestowed separately, and not on the occasion of the usual King's birthday and New Year's lists. The general's friends are very enthusiastic over the news, which is taken as an honor for the department as well as for the minister. He will be known as Sir Sam Hughes, as he was not christened Samuel.

The K. C. B. title is both military and civil, and the order of the Bath has precedence over those of St. Michael and St. George and the Knights Bachelor. With the exception of the Premier General Hughes therefore ranks in precedence over the other Knights of the Colonial Order of St. Michael and St. George since the government took office. Sir Robert Borden, Sir George Foster, Sir George Perley and now Sir Sam Hughes.

HORRIBLE DEATH OF GEORGE HANDLEY

Thirteen-Year-Old Boy Fell In to Refuse Furnace and Burned to a Cisp

(Commercial.)

George, the 13 year old son of Mr. and Mrs. James Handley, disappeared Wednesday last, and it was not until Sunday afternoon that any trace of him could be found, and then it was when some of his bones were found among the ashes in the refuse burner at the Lagoon mill, which is this season being operated by Messrs. Dunlop & Newcombe.

The unfortunate lad was engaged in carrying water for the men at the mill, and started for his work as usual Wednesday morning, taking his dinner pail with him. He did not return for supper, and his parents learned on inquiry that the mill had not been running that day. Nobody had seen George since the morning. Some boys said he had told them he was going down to the mill, unboasted. Grappling irons were procured, and Mr. Handley and others dragged the mill pond all day Thursday and Friday without finding anything. A diligent search was made of the river bank, on the supposition that his cap would have been blown ashore if he had been drowned, but nothing was found.

It was thought that the boy might have fallen through a man hole on the top of the refuse burner and when the chinders had cooled sufficiently on Sunday to allow them to be overhauled, a search was made with the result that several buttons, teeth and bones were found, and the mysterious disappearance of the poor boy was cleared up. He is survived by his parents and several brothers and sisters for whom much sympathy is expressed.

The remains were interred in St. Michael's cemetery yesterday morning.

UNION OF NEW BRUNSWICK MUNICIPALITIES

Now Being Held at Fredericton. Many Important Matters Will be Discussed

An important feature of the annual convention of the Union of New Brunswick Municipalities, which will take place at Fredericton on August 25th and 26th, will be a discussion on the municipality's part in patriotic work.

The question is one of considerable moment to every municipality in the province and a special effort is being made to have the various boards represented at the convention with large delegations. It is the desire to arrive at a plan for the vigorous prosecution of the patriotic work.

Leading public men will be heard before the convention including Premier Clark, Attorney General Baxter and Hon. John Morley.

The delegates will be welcomed to Fredericton by Warden Harry Smith and Mayor Moses Mitchell. Mr. A. M. Belding has accepted an invitation to read a paper on "The Municipality and Welfare Work," while Principal Sexton, of the Nova Scotia Technical College, will address the meeting on "The New Demands of Industry on Education."

The discussion on this matter will be led by President J. D. Palmer of the Fredericton Board of Trade, who is also the President of the Hartt Boot and Shoe Co., Ltd. Papers on other subjects of public concern will be read by Commissioner McLellan, Fred. St. J. Bliss, J. E. Dargott, Dr. Melvin, Dr. B. M. Mullin, G. F. Murdoch, C. E. John L. Pooney, C. E.; Dr. W. S. Carter, Ald. W. F. Higgins, St. Stephen, and others. The complete programme will be announced next week.

An executive committee of which Mr. J. King Kelley, K. C., is president and Mr. George M. McDade secretary, have the management of the meeting in charge. They are being assisted by an active committee from the York Municipal Council and the Fredericton City Council, who are planning an attractive programme of entertainment.

President Kelly said to-day that in view of the important questions coming before the meeting there should be a large attendance. Rates under the Standard Certificate plan will prevail on both the Canadian Pacific and Intercolonial Railways.

QUEREC FINANCES IN GOOD SHAPE

Quebec, Aug. 24.—Hon. Walter Mitchell, Provincial Treasurer, published today the official annual statement of the financial situation of the Province of Quebec, showing a surplus of nearly \$192,000, notwithstanding the present critical situation of the country and donations amounting to some \$692,000, the province has made either to the British Imperial Government for war purposes or to the war victims in France and Belgium.

MAKING GOOD PROGRESS

Trenching Machine Does Very Rapid Work in Very Suitable Ground For its Operations

(From the Gloucester Northern Light)

The contractors for the Water and Sewerage installation, Messrs. A. R. C. Clark & Sons, started digging with their new Parsons Excavator last week and have made very satisfactory progress. Some delay has been occasioned by cave-ins, but in spite of this drawback the work of laying the pipe is going on very rapidly. So far pipes have been laid on a part of Douglas St. and on the section of Water St. between the Post Office and Robertson House corners, and on King St. a start has been made with the excavator. The short section on what is called Gilbert's Lane has also been completed.

Connolly Brothers started their sub-contract of the dam and power house late last week, and now have considerable ground broken.

The George Eddy Company is also preparing to make a start on their sub-contract on the foundation of the stand-pipe and will likely have something done in a few days.

DID WOLFE RECITE GREY'S "ELGY"?

It is a popular belief in Canada that Wolfe recited Grey's "Elegy" as he boarded the St. Lawrence on the morning of the taking of Quebec. Professor W. P. M. Kennedy, however, seems to think that this is a fallacy, and in the Canadian Magazine for September he gives reasons for his opinion. He also refutes the claim that Wolfe followed the plan laid out by his brigadiers. The article is extremely interesting in view of the fact that these two statements of Professor Kennedy are contrary to what has long been the popular understanding.

FEELS LIKE A NEW WOMAN

As Lydia E. Pinkham's Vegetable Compound Dispelled Backache, Headaches and Dizziness.

"Piqua, Ohio.—"I would be very ungrateful if I failed to give Lydia E. Pinkham's Vegetable Compound the praise it deserves, for I have taken it at different times and it always relieved me when other medicines failed, and when I hear a woman complain I always recommend it. Last winter I was attacked with a severe case of organic weakness. I had backache, pains in my hips and over my kidneys, headache, dizziness, lassitude, had no energy, limbs ached and I was always tired. I was hardly able to do my housework. I had taken Lydia E. Pinkham's Vegetable Compound on one other occasion, and it had helped me so I took it again and it has built me up, until now I feel like a new woman. You have my hearty consent to use my name and testimonial in any way and I hope it will benefit suffering women."—Mrs. ORPHEA TURNER, 431 S. Wayne St., Piqua, Ohio.

Women who are suffering from those distressing ills peculiar to their sex should not doubt the ability of Lydia E. Pinkham's Vegetable Compound to restore their health.

If you want special advice write to Lydia E. Pinkham Medicine Co., (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

NEW CARLISLE

On Friday, July 30th, the funeral of the late William Langier Kempfer of New Carlisle, P. Q., was held from his late residence there to St. Andrew's Church, of which congregation the deceased had been a life-long member. The late gentleman, in his lifetime having been a prominent Mason, there was quite a number of the Fraternity present, where the burial service was said by the Rev. A. J. Vibert, vicar of Shigawake, Que., in the absence of the Rector, Rev. A. W. Buckland.

Many beautiful floral offerings were sent showing the high esteem the late gentleman was held. Mr. Kempfer was born at New Carlisle on July 6th, 1855, being the eldest son of the late R. H. Kempfer. He started life as a merchant, and also held a certificate as captain. In later years he did considerable business as a Fire and Life Insurance agent, as well as other commission business. In 1897 Mr. Kempfer was elected Mayor of New Carlisle, an office he held until he received his appointment under the Government as Collector of Customs and Harbour Master. For over 30 years he was Secretary of the School Commissioners of the District, and to his efforts was largely due the gradual advance in Education, until today New Carlisle possesses a good Academy.

Mr. Kempfer, besides being a generous supporter of the English church, also belonged to the order of Foresters. In 1877 he married Julia A. Smollett, second daughter of the late Captain Digby Smollett, who survives him, as well as eight daughters and three sons.

Miss Lilian Astles left on Tuesday for St. Malachy, Que., accompanied by Mrs. John Harding of Quebec City.

BLACK CAPE

Mr. and Mrs. R. G. Parker and children returned on Saturday to their home in Montreal.

Miss Ada Johnston returned on Saturday to Toronto to take up her position there, after spending a short vacation at her home here.

Mrs. McKenzie and little daughter of Westville, N. S., left on Saturday for Newport to visit friends.

Mr. Percy Chisholm, accompanied by his two sisters, Winnifred and Olive, motored from their home in New Carlisle to Black Cape on Sunday the 14th, returning home the same evening.

Mrs. John W. Campbell left on Friday for Campbellton, where she has gone for treatment. Her many friends are sorry to learn that she has about completely lost her eye sight.

On Friday night of the 12th, the store of Mrs. Robert Fair was broken into and some goods were stolen, and the guilty party is still at large. However we hope they will be caught and punished for their wrong doing.

Mrs. Alexander Campbell of Bonaventure River is the guest of Mr. and Mrs. Duncan Campbell.

Messrs. Ernest, William and Nathaniel Pettigrew of Heron Island, N. B., are visiting relatives and friends in Black Cape.

Mrs. Robert Fair, our postmaster, has a subscription list for the Overseas Club Cigarette and Tobacco Fund, but quite a number of our citizens are very backward in subscribing to this. Every 25 cents will gladden the heart of a hero. Let us be up on doing to help our boys at the front, who are fighting for our Country.

CAPLIN RIVER

The death of Mr. Joseph Poirier, a much respected citizen of Caplin River, occurred on Friday, August 13th, after a few months illness. The funeral took place on Monday morning and was largely attended.

We are also called upon to record the death of Mrs. Valentine Bourdage which occurred on Sunday evening. Deceased has been in poor health for sometime. A husband and family are left to mourn her loss. The funeral took place on Tuesday morning.

Mr. Thomas LePage of White River P. Q., accompanied by his two daughters came down to Caplin River by auto and spent a most pleasant visit. Mr. LePage was a former citizen of this place and his many friends were glad to see him again.

The Caplin River Rutter Mfg. Co., has done a very successful business up till the present time.

Mr. and Mrs. Peter Poirier and family have moved to New Richmond where they will reside in future.

BLACK POINT

The weather for the past few days has been very showery, but very much good has been done to the crops.

Messrs. James, Shea, Willie and Edwin Hamilton intend leaving this week for the West.

Miss Hamilton of Charlott is visiting her sister, Mrs. Robert Dickie. Miss Winton of Archibald Settlement is visiting in Black Point.

We are sorry to announce that Mr. Dickie had the misfortune of getting his eye badly hurt, but it is now thought the sight will be saved.

CHANDLER, QUE.

The nice weather has come back again, the few days of rain we had gladdened the heart of many farmers, who were exposed by forest fires raging in the vicinity. The hay crop is fine and has not been hurt by the storm.

Chandler is brightening up a little and the pulp mill is going fine, where about a thousand men are employed.

The Saint Lawrence Pulp & Lumber Corporation Hospital has been closed since July 31st, owing to Miss Jessop's resignation. Miss Jessop's contract with the company expired the first day of May, 1915, but she remained in charge till July 31st. The hospital opened in May 1914, and up to July 31st 1915, over 373 patients were cared for, two deaths occurred, one of meningitis and an accidental case, fractured skull.

Mr. Jack Bell has accidentally broken one of his legs while working.

Mr. G. A. Brilliant, optician and jeweler motored up to Bic for a few days and returned last night, and has his store opened for business, as usual.

Mr. John Dagneau of Carleton spent the week in town and surroundings, visiting his friends.

Mr. A. Langlois, dealer for the famous "Ford car" company, is doing great business and has sold four cars since a week.

Our barber, Mr. Vautour, has moved to his new place and he will continue his trade there.

The bathing season is in its bloom, many young lads are enjoying it every day.

Mr. Con Sutton has returned from Carleton where he has purchased three horses.

Miss A. E. Beck, stenographer for the Saint Lawrence Pulp & Lumber Corp., has left our town for a few months holidays.

HOPETOWN

During the past month the Angel of Death has knocked at the door of one of our best and respected citizens, and he has departed to the greater life beyond.

On the night of July 15th, Mr. John Prevost was called away at the age of 82 years. His illness was of short when the end came, which was peaceful and without suffering. He was interred in the Roman Catholic cemetery at Paspébiac, and his funeral was largely attended.

The pall-bearers were: Messrs. James Prevost, of Port Daniel West; E. J. Prevost, George and Philip Prevost, Frank and John LeBeau of Hopetown, nephews of the deceased. Among the many friends who attended the funeral from other parishes, we remarked: Mrs. John Phelan, Mrs. S. Prevost, Mr. William Phelan of Port Daniel West; Mr. and Mrs. Philip Vautier, Mrs. Edward Vautier, Miss Jennie Vautier of Shigawake; Mr. and Mrs. Peter Bourdages, Miss Maggie Bourdages, Mrs. J. Babin, Messrs. Napoleon, Andrew and Nicholas Bourdages of Bonaventure.

Deceased leaves an aged widow, three daughters and one son to mourn his loss. Mrs. Dunk McCoshan, residing at Chandler, Que.; Mrs. John McPhee of Colbert, Wash.; Mrs. Joe F. Prevost of Red Owl, So. Dak.; Cyprian Prevost of Vancouver, B. C. The bereaved family has the sympathy of the whole community in their sad affliction.

In Memoriam.
Oh father, thy gentle voice is hushed,
Thy warm, true heart is still,
And on thy pale and peaceful face
Is resting death's cold chill.
Thy hands are clasped upon thy breast,
We have kissed thy marble brow,
And in our aching hearts we know
We have no father now.
May he rest in peace.

POEM BY MR. A. G. VENIOT BEING PUBLISHED IN SONG FORM

New York Firm Has Closed Contract
With Mr. Veniot for Putting His
Composition on the Market

(From the Gloucester Northern Light)

Mr. A. G. Veniot of Bathurst, who has produced several poems during the past few years, and who recently added one to his list entitled "Our Brave Canadian Men", has just closed a contract with a large New York firm for the publication and sale of his production in song form. The letter from the New York people praises Mr. Veniot's work highly, and under the terms of agreement, Mr. Veniot will receive large returns providing the song sells well. The publication of the production will be made at once, and copies will be on sale throughout the country in about a month.

Following is a portion of the letter received by Mr. Veniot from the John T. Hall Music Publishing Co. of New York, who have taken the work in hand:

New York City, Aug. 6th, 1915.
Mr. A. G. Veniot,
Bathurst, N. B.

Dear Sir:

This letter is to advise you that I have examined your song entitled "Our Brave Canadian Men", which you sent me for approval, and that I was so well pleased with your work that I took it under consideration and advisement with my associates, who agree with me in my opinion that the same is original, catchy and clever, and that the theme is one of unquestioned merit. I consider the idea of your lyric excellent and the melody attractive. I have therefore accepted it for publication by this house under the contracts you will find enclosed herewith in duplicate.

I am willing to spend both time and money in the publication and promotion of "Our Brave Canadian Men" only because of my firm belief that it contains sufficient merit to warrant it being published.

With best wishes, I am,
Very truly yours,
JOHN T. HALL,
President.

The lyric referred to is the one read at the recent patriotic meeting at the Court House by Mr. Veniot, and of which many copies have already been sold about town. All the local poet's friend are hoping that his latest venture will not prove a financial disappointment.

The St. John Times says: "Shameful fraud" is the term used by Sir Charles Davidson to describe the Nova Scotia horse sales, at which the Borden Government collected a stock of ring-bone, spavins, heaves, pin-swellings, jack-spavins and boneyard specimens. If the whole of the expenditure for war materials of all kinds were carefully scrutinized, what a revelation it would make.

A PRAYER FOR THE WAR

O, God, we pray Thee to shield, protect, and bless our soldiers, sailors, territorial, and aviators, and keep them in good health. We praise and thank Thee for their continued success and cheerful contentment. Make us brave each day to bear whatever Thou hast in store for us. May it please Thee to thrust back our enemies, frustrate their schemes, protect our shores from their designs, assuage their malice, and give us decisive victory and peace. Through Jesus Christ. Amen.

A MAN OF HONOR.

Let your word be your bond—and always run "straight."

"I don't think he's what you would call brilliant, but he's as straight as a die!"

The man who was "straight" got the job. Being "straight" is a prize—and prized—quality. There may be those who sneer, but straightness, through good report, through evil report, through trial through temptation, is a rare and precious possession.

Precious to the owner; more precious to the community.

Lift thrust back our enemies, frustrate their schemes, protect our shores from their designs, assuage their malice, and give us decisive victory and peace. Through Jesus Christ. Amen.

What does it mean?

The promise kept; the word unbroken; something, just something, born, bred, or developed in the man which makes his word his bond; which makes his word his bond; which makes his word his bond.

He's a man of honor—a "straight" man—and his word is his bond.

Trickery may exhaust itself. Trickery may gain a passing advantage, but honor wins the game. Better to plod, with honor intact, than to rush ahead—for a time—unburdened with scruples.

The end does not justify the means if the means were dishonorable.

Had Britain stood out of this war her honor would have gone. She gave her word to Belgium. She is keeping her word, and therefore her honor.

"At a sacrifice?" Yes. Death before dishonor!

The Best and Only Policy

Keep straight. Crooked paths may seem to be short cuts to success. But success bought at the cost of self-respect is dear.

Go straight!

Be a man of honor and keep your honor unsullied. No lie will then pass your lips, for a lie is dishonorable. You will be loyal to your King, your country, your wife, your employer, your friend, for dishonesty is dishonorable.

The world is a strange and contradictory place. Judgments are often harsh, and sometimes wrong. But it has never failed to pay its tribute to a "straight" man—never withheld its admiration from a man, who, even in adversity, kept his honor.

Keep yours!

The men who are wanted, the men who get on and "make good" are the men who can be trusted absolutely. What better could you say of anyone than is wrapped in this simple tribute: "He's all right. Straight as a die!"

Be straight; keep straight; thus you'll reach the goal of success. Better than "Honesty is the best policy" is "Honor is the only policy," for this includes the other and more.

MY ALLIES

Faith, Hope and Love—let these my allies be.

All fibred with the wool of Charity.

These at my side I'll win my way through all.

It matters not what trials may befall. Let foes come on, we'll put the heat to rout.

And face with courage Fear, Despair and Doubt!

It is said that a French soldier in hospital at Neuilly is the living image of Napoleon I. Other instances, says The London Chronicle, have been found of persons born many years apart, bearing a striking likeness to one another. Mr. Winston Churchill is the double of the Emperor Titus, at least according to the bust of the latter at the British museum.

It looks like a general fall delivery of money in New Zealand. The houses remaining after the military purchases must be of good average quality, as the recreant and maimed were cleared away.

CANADA NOW ON THE EVE OF A GREAT BUSINESS REVIVAL

Sir William MacKenzie Says Last Vestige of Depression Will Be Swept Away Once Cutting Begins in the West—
Confirms Report of C. N. R. Flotation.

Sir William MacKenzie recently confirmed the New York report of a successful C.N.R. flotation in Wall Street. The report was that the issue was for \$9,500,000, but the amount really was \$11,500,000.

"Canada is on the eve of a wonderful business revival," said Sir William. "The West will have a crop worth \$250,000,000 more than that of any previous year. The Eastern crop is also magnificent. Once cutting begins in the West, there will be a revival of trade that will sweep away the last vestige of depression. Economy for the past year has caused a vast accumulation of wealth, and with the returns from the great crop will give a confidence and impetus to business that will be felt in every industry."

Sir William stated that the Canadian Northern was fully prepared to handle its share of the big crop. After the close of navigation the C.N.R. will carry grain to Montreal and Quebec over its own lines, the Port Arthur-Ottawa section now being ready for traffic. From Montreal and Quebec grain shipments for the Atlantic ports will be taken over the Intercolonial under the arrangement made with the Government in 1914.

About one hundred miles of steel has been laid by the C.N.R. this year, and much of the road had been ballasted and otherwise improved.

CHRISTIAN PATRIOTISM AND THE WAR

(From the Gloucester Northern Light)

Rev. D. Henderson, Chatham, who is on a visit to Bathurst, preached last Sunday evening in the Presbyterian pulpit, on Christian Patriotism, to the evident delight of a large congregation, taking for his text, 1 Peter 2:7—"Honour the King". He said in part:

If there were one thing we ought to be thankful for at present, it was that we knew where the King and the church stood on the question of the war.

He liked to think that throughout our land those who belong to the church of which they were members, and those who belong to other churches, believe that our cause was just. It was true that the leading Christian nations of the world were engaged in a death grapple, which had lasted now for more than a year, and unless something speedily occurred to terminate the conflict, it looked as if civilization and religion were alike to be exterminated entirely, before a vast Pagan force in the name of God. In every great crisis he believed, with Abraham Lincoln, the wisest of Statesmen and the best of men, that it was not so much to make sure that God was on our side as to endeavor earnestly to ascertain whether we were on the side of God. We are out for the sake of the principles that hold civilization together and we believe that we are fighting on the side of God. It was the rights of the world and the freedom of men that were involved. It was war for the holiest ideals. If the enemy won, which God forbid, it would mean our destruction as a people, the annihilation of the Empire, the wiping out of France and Belgium, Italy flung into a state of anarchy, the extermination of the smaller nations, confusion in the East, the tearing up of the story of humanity's most enriching struggles, and the loss of everything that these mean for the good of the world.

God pity the young man then, free from domestic ties, in New Brunswick, yes, in Canada, today, who will not answer promptly the call to the colors, cheerfully saying—"Here am I, and my sword, and I will fight the good fight with all my might". All the world knows how well our Canadians have fought in this struggle. If the children of other lands have made history, Canadians have borne their share, and that no man can take from them. Wherever the battle has been, there they have been among the foremost and the best. When the war was over those who have given their

lives, will not have died in vain, and those who came back will receive and justly too, the gratitude of their fellow citizens, and all will have their names engraved on a roll of honor—an imperishable record of duty nobly done for King and Country.

Sea-dragoons, too, we hunted night and day, We held those murderers of babes at bay, And guarded gloriously the world they say.

Were you not there?
Were you not there?
Were you not there?
Stand up and give your answer—Were you there?

Don't you remember those who fought and fell
At Mons, the Marne, the Yser, Neuve Chapelle?

Have you no story of the fight to tell?
Were you not there?
Were you not there?
Stand up and give your answer—Were you there?

Did you not see at Stamboul or Suez
The German helmets or the Turkish Fes?

Surely that chap is lying when he says—
You were not there!
You were not there!
Say, if you can, he's lying—You were

lives, will not have died in vain, and those who came back will receive and justly too, the gratitude of their fellow citizens, and all will have their names engraved on a roll of honor—an imperishable record of duty nobly done for King and Country.

Mrs. J. A. Ahearn and two children who have been visiting her uncle, Mr. John Doyle at Westville, have returned to their home in Moncton.

Miss F. Maude Duncan, who has been seriously ill with typhoid fever, is now recovered and thanks her friends for their kindness in her illness.

Misses Mary and Ethel Doyle of Nash's Creek passed through here on Monday en route for Saskatchewan, where they will take charge of schools.

Mr. Jas. McMillan, Dr. J. D. McMillan, Miss Tozier, Miss M. McMillan and Miss Ida McKenzie were the guests of Mrs. S. S. Harrison on Tuesday.

The many friends of Mr. Alexander Miller of Athol will regret to learn that he is confined to his home through illness. We hope to see him out soon again.

Mrs. James Hamilton of Point La Neve left last week to visit friends in Boston and Ottawa. She was accompanied by her mother, Mrs. Margaret Miller.

Miss Jean McLatchey left on Sunday evening to make an extended visit to western Canadian cities. Mrs. McLatchey accompanied her as far as Montreal.

Mrs. E. C. Seeley, who has been visiting her sister Mrs. John McMillan for the past few weeks, left on Wednesday morning for her home in Haverhill, Mass.

Miss Florine Currie leaves tonight for Toronto, where she will visit her sister, Mrs. J. W. Woodsie, previous to entering the Children's Hospital there for training.

Dr. J. D. McMillan, Mr. Stanley Tozier and Miss Jennie Tozier of Newcastle motored to New Mills on the 26th where they are the guests of the doctors' parents, Mr. and Mrs. Jas. McMillan.

Mr. and Mrs. H. C. Gillis of Tide Head, N. B., announce the engagement of their daughter Estelle to Mr. John R. Fraser of Stellarton, N. S. The marriage will take place at an early date.

Congratulations are being extended to Mr. and Mrs. Jos. H. Bernard of El River Crossing on the arrival of a baby girl at their home on August 10th, christened by the name of Marie Rose Elvina.

Mr. E. W. Lemay arrived Friday to join Mrs. Lemay, who has been spending the summer with her parents, Mr. and Mrs. John McIntyre. They are leaving Monday for their home in Dorchester, Mass.

Dick DesBrisay and children, Rita DesBrisay, Mrs. Belle DesBrisay, Miss Carey of Vancouver and Miss Barbara of New York motored from Madiro on Monday and were the guests of Mr. and Mrs. F. Chamberlain.

Mrs. Jas. B. Keenan of St. John, who was visiting her parents, Mr. and Mrs. Geo. Vermette for the last six weeks, left this week for Prince Edward Island, where she will spend a month before returning to St. John.

On Tuesday afternoon at the Rectory, Mrs. J. E. Purdie was hostess at an enjoyable tea in honor of Miss Connell, Head Deaconess of Deaconess Training School, Toronto. Among those present were Mrs. R. J. Coleman, (Dalhousie), Mrs. Wilson, Mrs. Kilgour Shives, Mrs. Chas. Scott, Mrs. Barbara, Mrs. Jack Barbara, Mrs. E. J. Barker and Miss Mabel Keith.

On Sunday, ladies short white coats. Finder will please leave at Mr. Geo. Vermette's, Water Street.

ASSAULT CASE IS

HEARD IN COURT

Rival Tradersmen Appear as a

Sunday

A case of assault was heard before Police Judge Matheson on Tuesday, wherein Harve Levas charged Victor and Stanley Koppell with assault.

The case arose out of a complaint by Levas that on Sunday the 14th, both defendants assaulted him on Water Street. The Koppells did not deny the assault but claimed they acted under great provocation. They alleged that Levas made a point of passing their store and making insulting gestures, and calling them German.

In Victor Koppell's evidence he swore that he was a Canadian and his parents were both Canadians. He had frequently been called a German and is now a little touchy on this point. He insists that he has no right to be called a German any more than any man in town and further claimed that he made a defence in order that the matter might be aired in public, and brought to the notice that he was not a German and had no German leanings.

After the evidence Judge Matheson found both defendants guilty and fined them \$10.00 and costs. Mr. A. T. LeBlanc appeared for Levas and Mr. M. A. Kelly for Koppell.

COUNTY COUNCIL

ELECTIONS NEXT WEEK

Nominations Will be Received

Next Monday, August 30th.—

Elections Tuesday, Sept. 7th

Elections for the offices of County Councillors will be held on Tuesday, September 7th, the nominations to close on Monday, August 30th. So far things are very quiet with many rumors flying around as to probable candidates. It is reported that Councilor Arsenault will not again for Balmoral, but will stand for Dalhousie Parish, the same report giving it that six candidates will offer in Balmoral. Ex-Councilor W. G. McWhinney is said to be offering for Coleborne, and Councilor Levesque of Dalhousie Parish will seek election in the new parish of Grimmer. No definite details however can yet be had of the candidates for the various parishes, the names of those running will not likely be known until after nomination day.

FRUIT NEWS

Burbanks, Gages and Bradshaw Plums also Triumph Peaches are now at their best for canning. The thrifty Housewife will put up more fruits this year than ever before—Plums with their numerous varieties present a change for table dessert which is not possible with any other variety of fruit. Peaches are especially favorable as a home canning and preserving fruit—easily preserved and delicious when served on the table. Grocers are quite willing to book orders ahead and householders should see their dealers in good time as this year is a home canning year if ever there was one.
