

European Intelligence.

Four Days later from Europe.

PHILADELPHIA, Dec. 17.
The steamship City of Baltimore, from Liverpool, 2d inst., arrived to-day.
The English markets generally remain unchanged.

An insurrection near Palermo, in Sicily, broke out under the lead of Baron Bentrucda, who had 500 or 600 men under his command. Troops had been sent to disperse the insurgents, but no action had taken place, at last advices.

George B. Matthews, late British Consul at Philadelphia, has been appointed British Consul at Odessa.

There is no French news of importance. The King of Prussia, in his speech at the opening of the Chambers, used the strongest language in relation to enforcing his claims on Neuchâtel.

The expedition against Persia has failed. The London Post, in a leader on the Peace Conference, says: "If Russia persists in demanding a Conference, it can only end in her diplomatic defeat; for England, Austria, Sardinia, Turkey, and we doubt not, also, our ally, France, will be prepared to maintain the absolute spirit and meaning of the very text and letter of the Treaty. Of the ultimate result, we have no fear."

The Marquis of Antonini, late Ambassador at Paris, has been summoned to Naples by the King.

The Prussian Minister has received orders to suspend all communications with the Swiss Government and to quit Bern.

The Swiss Council have declined the suggestions of Napoleon, for the liberation of the Neuchâtel prisoners.

SPAIN.—The Madrid correspondence of the Independence Belge, says that the question of the Cortes is definitely resolved, and that Narvaez has yielded to the demands of the Court. The writer intimates that some concessions will be demanded by Narvaez, which will be made, and then he will fall. The writer also predicts that, before six weeks are over Spain will be the scene of a bloody revolution, if their Court should persist in its retrograde course.

Mr. Myers has taken the Spanish Government loan.

LATEST.

SICILY.—Turin, Thursday.—Information has been received in official quarters that an insurrectionary movement broke out on the 23d ult. at several points of the Province of Palermo. The government officials have been driven away at every point. A number of the ex-deputies of the Sicilian Parliament of 1848 are at the head of the movement. Troops have been sent against the insurgents and a number of arrests have been made in the capital. At present the precise bearing of the movement is not ascertained.

A SEVERE GALE.—Buffalo, Dec. 15.—A severe gale commenced here yesterday forenoon and continued until a late hour last night. It was accompanied with frequent squalls of rain, hail and snow. Great damage was done to buildings and docks. The Canada dock, with Walker & Co's warehouse, was entirely destroyed. Several buildings were unroofed and otherwise damaged. The water rose this afternoon and flooded the docks, entering the cellars in the lower part of the city. Many buildings were blown down in all parts of the city. Two of the towers of the Lafayette St. Church were blown over during the service yesterday morning and a portion of the roof broken in and the building sustained other damage. Fortunately no one was hurt. The track of the Niagara Falls Lake Shore R. R. is torn up for a distance of half a mile, and the enlargement is washed away.—Communication will be interrupted for several days. The gale was the most severe that we have experienced for years.

HUDSON BAY TERRITORY.—A meeting of the Toronto Board of Trade was held on the 3d inst. at which were present a considerable number of the leading citizens, and several gentlemen long residing in the above territory. The intention was to call public notice to the advantage of opening direct commercial intercourse with that extensive field of enterprise. Captain Kennedy, who had passed twenty-five years in the territory, said the entire country, extending 400 miles from the boundary line to the north, was capable of cultivation of the same kind as was carried on in Canada; particularly flax, yellow, and hides, which it is now necessary to procure from Russia, could just as easily be raised on these prairies. The country was as fertile as it could possibly be.

The Church Witness says:—The statement that the Duchess of Atholl had been received into the Roman Catholic Church is authoritatively contradicted. The Rev. Mr. Romeston has also publicly denied a similar report. We may state that both rumours originated in a Papal journal.

Yesterday, in some parts of Fredericton, the thermometer indicated 20 degrees below the cipher, while a strong gale which blew the whole day, in effect added at least 10° more. We do not remember to have seen such cold weather before Christmas. To-day is not so cold.—[Reporter, 19th inst.]

NEW YORK, Dec. 15.—The gale of yesterday afternoon and evening did much damage in Brooklyn to buildings, awnings, shutters, &c.—A row of 5 brick buildings, in progress of erection in Hamilton Street, was blown

down.—A row of three brick houses on the corner of 5th Avenue and 14th Street, were unroofed. These houses were nearly completed, but were unoccupied.

The Standard.

ST. ANDREWS, DEC. 24, 1856.

To-morrow being Christmas Day, we take this opportunity of wishing our readers, one and all, a "MERRY CHRISTMAS."

New Brunswick & Canada Railway and Land Company.

The contract for that portion of the Line from the 32d to the 40th mile from St. Andrews, we learn has been taken by Mr. Marsh, the contractor for the Lewy's Island Line which has just been completed. The whole of the men and plant lately employed on that Road, must therefore we presume, now be available for our Line, and under such circumstances, consequently we have no doubt that the works will be prosecuted with vigour.

In our columns to-day, three separate advertisements for Tenders will be found—the first for grading the Line extension from Indian Point at the entrance of the harbour to at or near the Market Wharf in this Town. The extension will be of incalculable benefit, not only to the owners through whose property the Line will pass but to the Town and mercantile community at large—as country produce, lumber and other wood can be brought to the vessels, where it will be shipped without ever touching the water. This cannot fail to induce men of enterprise to erect steam mills on the line of Road, where every facility exists for procuring logs and manufacturing deals and other lumber at a less cost than when subjected to the expense of river driving, and to the slow process of water power, which can only be applied in the spring and fall.—It must not be supposed that in building this extension, and thus conferring the benefits which we have enumerated, that it is a necessary adjunct to the Road—for as the company have already 13 acres of ground granted by the Town for Depot purposes, it is evident that the traffic could be carried with equal facility by the company. In another column a notice will be seen, handed us by some of the proprietors, calling a meeting of the owners and occupiers of the lots through which the extension is proposed to be run. We earnestly trust that no selfish principles or want of a proper appreciation of the enhancement to the value of their properties, will actuate any of them to raise objections to the carrying out of the scheme and compel the company to arrange yard accommodation on their own premises.

The second tender is for clearing the Line a distance of 20 miles from the 40th mile to Deer Lake. The third is for 2,000 cords of wood for engine fuel. These contracts together with those already taken, will give employment to a large number of men—and are the best evidences of the ability and intentions of the new Company to proceed with the work on the Line between St. Andrews and Woodstock without delay, and with as little noise and show, as is consistent with the nature of the undertaking.

The new Regulations for facilitating the sale of Crown Lands, have been condemned by the Opposition in unmeasured terms; this is nothing more than might have been expected, as any measure introduced by the present Government however beneficial to the Province, and excellent in itself, will meet most dogged opposition from the radicals.—Upon a careful perusal of these Regulations, the only objectionable clauses, are those which are introduced as safeguards, viz:—the one which says that no grant of land shall be made until after the expiration of one year, and the other which requires the whole purchase money to be paid down, five acres to be cleared and a house to be built, in which the emigrant must reside for three months, all of which is to be done within one year. We admit that none but men of means could do this; still the Government are not to be censured, as their object no doubt was to obtain a better class of settlers, and should they find it necessary to modify

these sections, we believe that in due season the objections will be removed, and then even, the opposition will not be satisfied.—Nothing short of the return of their party to power will suit them.

The semi-annual examination of the C. C. GRAMMAR SCHOOL was held yesterday; we have only room this week to state, that the examination was highly creditable to the Master and Pupils—a former scholar of the School informs us, that it was the best he ever witnessed.

The Opposition prints having nearly expended their ammunition in attacking the Executive Council, are now engaged in firing farewell shots at Her Majesty's Representative in this Province, His Excellency the Lieut. Governor. It is to be regretted that men, who should know how to conduct themselves as good citizens can be hired by any faction, to do its dirty work; no good ever resulted from vituperative and abusive attacks—and the Governor's office, at least, should be respected. The gentleman who at present fills the most responsible situation in New Brunswick has always discharged his duties in a straight-forward and manly manner, and with an ability which has seldom been equalled by his predecessors. In private life he is esteemed by all classes for his courteous and amiable disposition.

Notwithstanding his able administration of the government of this Province he has been attacked in the most wanton and outrageous manner, for doing his duty. Now, it is well known that the head of a Government cannot notice the attacks of the Press, and consequently cannot defend himself, and it is cowardly in the extreme for any conductor of a Press to take advantage of his position and attack the Lieut. Governor.—Besides, the "Cambridge Election" is an old affair, which was settled years ago, and resulted in favor of the Hon. Mr. Manners Sutton,—who was returned at the head of the Poll, for Cambridge, at the following election.

Perhaps it might be profitable to the Opposition Press to look at the antecedents of the wire-pullers of their own party, and just ask—are these the men "whom we delight to honour?"

The steamer Admiral left Eastport yesterday morning on her last trip to Boston for the season. The regularity of her trips—her obliging and attentive officers, and being a good sea boat, has made the Admiral deservedly popular. The Nequasset also discontinues her trips this week.

The cold during the latter part of last week was intense. On Thursday the mercury fell to 15 degrees below zero. Friday afternoon the cold moderated and on Saturday evening and during the night a large quantity of rain fell, accompanied by a strong gale from the southward.

THE BLACK HALL LINE.—Another new ship has been added to this favorite line of Packets between St. John and Liverpool.—She was launched on the 13th inst., at St. John, is 1016 tons register, and named the "Athenia." This noble vessel is owned by Messrs. J. & R. Reed, the proprietors of the Line.

Boston, December 17, 1856.—Flour—Demand moderate, but prices firm; sales of common brands Western at \$6 50 a 6 75; fancy at \$6 75 a 7 00.

CINCINNATI, Dec. 17.—The Slave Trouble.—The latest advices from Cumberland river, Tennessee, State that 25 iron furnaces in that region had stopped operation, in consequence of the negro troubles.

WASHINGTON, Dec. 17.
Mr. Collins will send a memorial to Congress tomorrow, asking Congress to terminate his contract, and take his steamers on such terms as will save him from actual loss from his services to the American marine and postal affairs.

LOUISVILLE, Dec. 17.
The City Council of Clarksville, Tenn., instructed the Recorder to notify iron masters, and other owners of slaves, that no slaves will be permitted to come to the city to remain more than two hours unless accompanied by a respectable white person, under penalty of 20 lashes. Slaves having wives and their masters' passes, are exempted. Persons having slaves going to or from Christmas festivities are not to allow them to pass through Clarksville unless a respectable white person will keep them together, and not allow them to mingle with the negroes at Clarksville.

THE OPENING OF THE SLAVE TRADE.—Mr. Etheridge of Tennessee, who introduced the motion into the House of Representatives on Monday denouncing any reopening of the Africa slave trade, is an Old Line Whig of the strictest sort.

GALLATINE, Tenn., Dec. 17.

Thirty negroes have been arrested here on suspicion of being concerned in the conspiracy. The citizens have appointed a committee to examine into the matter.

NEW YORK, Dec. 16.—Walker's sick and wounded attacked the natives.—A private letter from Nicaragua says:—The sick and wounded, with women and children who were at Granada before its destruction, were, to the number of 150, conveyed to the Island of Ometepe, in the lake, where they suffered dreadful privations for some days, and were then surprised and attacked by the natives. Some thirty escaped, but there are fearful apprehensions as to the fate of the remainder.

The Schr. Favourite, Joseph Babine, master, of and for Arichat from St. John, N. B., with part cargo flour, &c., in attempting to beat into this harbour on Thursday 4th inst., lost fore-boom, and struck the "foul ground," when she let go both anchors. Same evening her chains parted, when some sail was set, but the rudder having been broken off the vessel was unmanageable, and the persons on board consisting of Captain Babine, his daughter, and four seamen, left in the boat, without saving any of their effects, and landed near the Light House, whence they were brought to town by Mr. Fox on the following morning.—Nothing further was heard here of the Favourite till yesterday, when intelligence was received from Barrington that she had been seen on Friday in Lobster Bay, and that a vessel had gone out from Woods Harbour, but returned without being able, on account of the roughness of the sea, to board her. Her name and condition were, however, ascertained and reported. Another vessel subsequently went out from Shag Harbour, but could not find the derelict schooner.

We understand the Favourite was owned by the Captain and his daughter, and that there was no insurance on the vessel or cargo.—Yarmouth Herald.

The Yarmouth Herald says that Mr. John G. Hamilton, of Pleasant Valley, N. S., came to his death on the 3rd inst., while in the woods chopping. It appears that he had cut a large tree through, which fell against some smaller trees, the top of one of which broke off and fell on his head, causing death in a few hours. The unfortunate man leaves a widow and six children.

FIRE AT HILLSBORO.—Four Persons Burned to Death.—By a Telegraph Despatch from Hillsboro' we learn that a house was destroyed by a fire at that place on Wednesday evening, and that two men by the name of Glen, a woman named Mrs. Allan, a child, were burned to death. No further particulars known.—News.

FIRE.—A fire broke out on Thursday morning at 9 o'clock, in a house on Union Street, occupied by Mr. Lawton, and owned by Lewis Burns, Esq. The engines were soon on the spot, and subdued the fire before much damage was done to the building.—ib.

ANTI-SLAVERY.—At a Bazaar held at Halifax lately for the purpose of purchasing the Freedom from America slavery of the children of a colored woman named Coleman, the sum of £115 was realized, being sufficient to liberate two of her offspring from "the galling yoke."

There is no clue whatever to the murder of Mr. Little, cashier of the Irish Midland Great Western Railway. Strong suspicion rests on one or two persons, amounting almost to certainty; but no names are given.

We see it stated in the Canada papers, that a movement is on foot in Canada to secure the passage of an act of Parliament by which fugitive slaves may be sent back to the United States.

Rear-Admiral Sir Houston Stewart is appointed commander-in-chief on the North American station.

PERRY DAVIS' VEGETABLE PAIN KILLER possesses virtue, which not alone removes pain instantly, but regulates the stomach, gives strength, tone and vigor to the system. It is one of those medicines which is worth more than gold. Sold by druggists generally throughout the United States and Canada.

Holloway's Ointment and Pills have cured Ulcers of thirty years standing.—Mr. William Hargrave, Woodstock, N. B., suffered from a bad leg, with an ulcer which defied every kind of treatment; he had tried every available remedy to cure it for thirty years, and it only became worse, rendering him a complete object of misery to himself and all around him. He was recommended by a friend to commence using Holloway's Ointment and Pills; at first he was reluctant to do so, but by persuasion he at last consented to give them a trial, and fortunate for him he did, for by persevering with these remedies for ten weeks, he was completely cured, although he had suffered almost a martyrdom for upwards of thirty years.

DIED.

At Markham, Canada West, on the 7th inst., Helen Elizabeth, the beloved wife of Mr. Lyman Crosby of that place, and third daughter of the late Captain Jacob Paul, of this Town, in the 27th year of her age, leaving a husband, and two infant children, with a large circle of relatives, to lament the loss of a faithful and affectionate wife, a fond and indulgent mother, and a sincere and devoted friend.

PUBLIC NOTICE.

THE Owners and Occupiers of the Water Race, on the proposed Extension of the Railroad from Indian Point to the Market Wharf, are requested to meet at PREASANT'S HOTEL, on Friday Morning, at 11 O'clock, to consider the propriety of granting a right of way through their lots for the construction of the above Extension. St. Andrews, Dec. 23d, 1856.

NEW BRUNSWICK & CANADA Railway and Land Company.

COMPANY'S OFFICES,
ST. ANDREWS, DEC. 22, 1856.

TENDERS for the GRADING of the Line Extension from Indian Point to at or near the Steam Saw Mill Wharf, in the Town of St. Andrews, will be received at these Offices, till Saturday the 10th January, 1857.
Sections and Plans may be seen at the Engineer's Office, where every information as to details of specification and conditions of contract, will be afforded, and where Forms of Tender will also be supplied on application.

JULIUS THOMPSON,
Manager.

NEW BRUNSWICK & CANADA Railway and Land Company.

COMPANY'S OFFICES,
ST. ANDREWS, DEC. 22, 1856.

TENDERS for CLEARING the LINE, or any section thereof, from the end of the 10th mile to at or near Deer Lake, a distance of 20 miles, more or less will be received at the above Offices, till Saturday the 10th January, 1857. The Chopping will be 100 feet wide through out.

Full particulars as to details of specification, and provisions of Contract, will be given on application, either personally or by letter at the Company's Offices, where Forms of Tender may also be obtained.

JULIUS THOMPSON,
Manager.

New Brunswick & Canada Railway and Land Company.

Notice to Contractors.

SEALED TENDERS will be received at the
Engineer's Office of the European and North
American Railway, until Saturday the 20th day
of December next, for the Grading and Masonry
of that portion of the Railway between the Third Mile
Stake and the Nine Mile House, including the
heavy Rock cuttings near Lawlor's Lake.
By way of facilitating the conveyance of Materials
and Workmen, to these Sections, the Government
will forthwith complete the partially finished portion
of the Railway between St. John and the third mile
Stake.
Tenders may be made for the Entire Work, or it
will be divided into sections to suit Contractors.
The Government reserving the right to adopt
whichever may appear the most advantageous,
and of rejecting any Tender not deemed
satisfactory.
Tenders must be accompanied with names of
sufficient aural, or satisfactory evidence of competency
to perform the proposed work.
Plans, Specifications and Forms of Tender and
Contract may be seen, and the time for completing
the work, and all other information obtained, at the
Engineer's Office, in Wiggins' Buildings, in this
City, on and after the 24th inst.

ALEX. L. LIGHT,
Chief Engineer of Railways.
The time for receiving Tenders for the above
is extended to Saturday, the 16th January, 1857.
ALEX. L. LIGHT,
Chief Engineer of Railways.
Dec. 16.

AYER'S Cathartic Pills.

CLEANSE THE BLOOD AND CURE THE SICK.
Invalids, Mothers, Physicians,
Philanthropists, read their effects,
and Judge of their Value.
FOR THE CURE OF
Headache, Sick Headache, Poul Stomach,
Constipation, Biliousness, &c.
Dr. J. C. AYER, Jr. I have been repeatedly cured of the
most headachy and biliousness by the use of your
Pills. It seems to me to be a most valuable medicine,
and I feel sure that it will cure all who use it, the fact is
worth knowing.
Yours with great respect,
ED. W. FARRIE, Clerk of the Court of Common Pleas,
Bills, Disasters and Liver Complaints.
DEFENDANT FOR THE COUNTY OF WORCESTER, D. C. F. FARRIE, Clerk.
Dr. J. C. AYER, Jr. I have used your Pills in my general and hospital prac-
tice ever since you sent them, and can testify that they are
the best cathartic I ever employed. They regulate the action of
the bowels in all cases, and I feel sure that they will cure all who
use them. I feel sure that they will cure all who use them.
I have used your Pills in my general and hospital practice ever since
you sent them, and can testify that they are the best cathartic I
ever employed. They regulate the action of the bowels in all cases,
and I feel sure that they will cure all who use them. I feel sure
that they will cure all who use them.

A MARVELLOUS REMEDY

FOR A MARVELLOUS AGE!

Holloway's Ointment.

THE GRAND EXTERNAL REMEDY

By the aid of a microscope, we see millions of little openings on the surface of our bodies. Through these this Ointment, when rubbed on the skin, is carried to and organ or inward part. Diseases of the Kidneys, disorders of the Liver, affections of the Heart, Inflammation of the Lungs, Asthma, Coughs and Colds, are by its means effectually cured. Every housewife knows that salt passes freely through bone or meat of any thickness. This healing Ointment far more readily penetrates through any bone or fleshy part of the living body, curing the most dangerous inward complaints, that cannot be reached by other means.

ERYSIPELAS, RHEUMATISM

AND SCORBUTIC HUMOURS

No remedy has ever done so much for the cure of diseases of the Skin, whatever form they may assume, as this Ointment. Scurvy, Sore Throat, Scrofula, or Erysipelas, cannot long withstand its influence. The inventor has travelled over many parts of the globe, visiting the principal hospitals, dispensing this Ointment, giving advice as to its application, and has thus been the means of restoring countless numbers, to health.

SORE LEGS, SORE BREASTS,

WOUNDS & ULCERS.

Some of the most scientific surgeons now rely solely on the use of this wonderful Ointment, when having to cope with the worst cases of sores, wounds, ulcers, glandular swellings, and tumours. Professor Holloway has dispatched to the East, large shipments of this Ointment, to be used in the worst cases of wounds. It will cure any ulcer, glandular swelling, stiffness or contraction of the joints, even of 20 years standing.

PIRES AND FISTULAS.

These and other similar distressing complaints can be effectually cured if the Ointment be well rubbed in over the parts affected, and by otherwise following the printed directions around each pot.

Both the Ointment and Pills should be used in the following cases:

Bad Legs, Chieftain's foot, Bad Breasts, Chilblains, Burns, Chapped hands, Blisters, Corns (soft), Bites of Mosquitoes, Cancers, and Sand Flies, Contracted and Stiff Joints, Coco-bay, Elephantiasis, Fistulas, Gout, Glandular Swelling, Lumbago, Piles, Scurvy, Sore Heads, Rheumatism, Tumours, Scalds, Ulcers, Sores Nipples, Wounds, Yaws.

Sold at the Establishment of Professor Holloway, 244, Strand, (near Temple Bar) London, and 80, Maiden Lane, New York, also by all respectable Druggists and Land Dealers in Medicines throughout the Civilized World, in Pots, at 1s. 3d., 3s. 3d. and 5s. sterling, each Pot.

There is a considerable saving by asking the larger sizes.

N. B.—Directions for the guidance of patients in every disorder, are affixed to each Pot.

Sold by all Vendors of Medicines throughout New Brunswick, and by A. H. Thompson, St. Stephen; Billings & Dyer, Eastport, and

LET US REASON TOGETHER.

HOLLOWAY'S PILLS.

WHY ARE WE SICK?

It has been the lot of the human race to be weighed down by disease and suffering. HOLLOWAY'S PILLS are specially adapted to the relief of the WEAK, the NERVOUS, the DELICATE, and the INFIRM, of all climes, ages, sexes, and constitutions. Professor Holloway personally superintends the manufacture of his medicines, and offers them to a free and enlightened people, as the best remedy the world ever saw for the removal of disease.

THESE PILLS PURIFY THE BLOOD

These famous Pills are expressly combined to operate on the stomach, the liver, the kidneys, the lungs, the skin, and the bowels, correcting any derangement in their functions, purifying the blood, the very fountain of life, and thus curing disease in all its forms.

DYSPEPSIA AND LIVER COMPLAINTS.

Nearly half the human race have taken these Pills. It has been proved in all parts of the world, that nothing has been found equal to them in cases of disorders of the liver, dyspepsia, and stomach complaints generally. They soon give a healthy tone to those organs, however much deranged, and when all other means have failed.

GENERAL DEBILITY

ILL HEALTH

Many of the most despotic Governments have opened their Custom Houses on the introduction of these Pills, that they may become the medicine of the masses. Learned Colleges admit that this medicine is the best remedy ever known for persons in delicate health, or where the system has been impaired, as its invigorating properties never fail to afford relief.

FEMALE COMPLAINTS.

No Female, young or old, should be without this celebrated medicine. It corrects and regulates the monthly courses at all periods, acting in many cases like a charm. It is also the best and safest medicine that can be given to children of all ages, and for any complaint; consequently no family should be without it. Holloway's Pills are the best remedy known in the world for the following Diseases:—

Ague, Jaundice, Asthma, Liver complaints, Bilious complaints, Lumbago, Rheumatism, Retention of Urine, Scrofula, or King's Evil, Sore Throat, Stone and Gravel, Secondary symptoms, Tic Douloureux, Tumours, Debility, Dropsy, Dysentery, Erysipelas, Female Irregularities, Ulcers, Pains of all kinds, Venereal Affections, Worms of all kinds, Weakness, from whatever cause, &c. &c.

Sold at the Establishments of Professor Holloway, 244, Strand, near Temple Bar, London, and 80, Maiden Lane, New York, also by all respectable Druggists and Dealers in Medicines throughout the Civilized World, at the following prices:—

1s 4d; 3s 6d; 5s 6d each box.

There is a considerable saving by taking the larger sizes.

N. B.—Directions for the guidance of patients in every disorder are affixed to each Box.

Sold by all Vendors of Medicines throughout New Brunswick, and by A. H. Thompson, St. Stephen; Billings & Dyer, Eastport, and

July 6th 1856.

AYER'S PILLS,

A NEW and singularly successful remedy for the cure of all Bilious diseases—Costiveness, Indigestion, Headache, Dropsy, Rheumatism, Fever, Gout, Humors, Nervousness, Irritability, Inflammation, Headache, Pain in the Breast, Side, Back, and Limbs, Female Complaints, &c. &c. Indolence, very few are the diseases in which a Purgative Medicine is not more or less required, and much sickness and suffering may be prevented, if a harmless but effectual Cathartic were more freely used. No person can feel well while a costive habit of body prevails; besides it soon generates serious and often fatal diseases, which might have been avoided by the timely and judicious use of a good purgative. This is a true case of Colds, Fevers, dyspepsia, and Bilious derangements. They all tend to become or produce the deep seated and formidable distempers which load the bowels all over the land. Hence a reliable family physic is of the first importance to the public health, and this Pill has been perfected with consummate skill to meet that demand. An extensive trial of its virtues by Physicians, Professors, and Patients, has shown results surpassing anything hitherto known of any medicine. Cures have been effected beyond belief, were they not substantiated by persons of such exalted position and character as to forbid the suspicion of imposture. Among the eminent gentlemen to whom we are allowed to refer for these facts, are—

Dr. A. VALENTINE, M.D., the distinguished Surgeon of New York City.

Dr. A. A. HAYES, Practical Chemist of the Port of Boston, and Visiting Lecturer for the State of Massachusetts.

Dr. J. L. MOORE, M.D., an eminent Surgeon and Physician, of the City of Lowell, who has long used them in his extensive practice.

Dr. C. C. SOUTHWICK, Esq., one of the first merchants in New York City.

Dr. C. A. DAVIS, M.D., Surgeon and Surgeon of the United States Marine Hospital, at Chelsea, Mass.

Dr. J. C. PERCIVAL, Esq., who has long used them in his extensive practice.
