Redmen Victorious Trounce Bears 46-7

By Gerry Marshall

Saturday afternoon in Montreal's Molson Stadium, the University of McGill Redmen mercilessly walloped the University of Alberta Golden Bears 46-7.

Saturday's Churchill Cup victory was the eighth win in a row for the Eastern Champions after losing their first two league games. Once again it was McGill's sensational quarterback Tom Skyeck who directed the Redmen's attack in awesome fashion, as he fired two touchdown passes and set up five others with his stylish passing.

Captain Carl Hansen and halfback John Moore each scored twice, while Don Taylor, Willie Lambert and tackle Tom Stefl each scored once. Harry Haukkala converted four of the seven majors.

LONE SCORE

Bert Carron scored the lone Golden Bear major when he took a 12 yard pass from quarterback Gary Smith late in the first half. Maury Van Vliet converted.

The Albertans were obviously nervous at the beginning and were showing the effects of inactivity as this was only their second game in a month. McGill opened fast and

scored three straight majors before the westerners could draw blood. The half ended with the Redmen riding a comfortable 26-7 cushion.

In the second half the Green and Gold tired badly under the pressure of McGill's big team which outweighed the Albertans by 20 pounds on the average, and they were shut out 20-0 over the final 30 minutes.

SPECTACULAR PASSING

Skyeck's spectacular passing was the feature of the game as he clicked for 18 of 24 attempts

To The Editor - Nazis Not Beaten

By Manfred Rupp

Three weeks ago, the CBC televised a closeup on US-Canadian Neo-Nazism. If you saw it you were either bored—why bother me with these crackpots?—or you were shocked, in faint remembrance of a nightmare that you thought had ended 15 years ago. I was not bored because I had grown up under

the sign of the swastika, but I wasn't shocked either: if you have sorted out a heap of corpses when you were 14 years of age, looking for a sign by which you might be able to recognize your father, then you don't get shocked so easily any more; you know, for the rest of your life, what to expect from the Nazis. So all I did was sit down and

write a letter to The Gateway, thus trying to stir up a discussion, get the people on this campus to open their eyes, if nothing more, and make as many of them as possible aware of the 'rebirth' of the nazi-disease.

That letter was printed on Thursday, Nov. 10. Many people talked to me about it, and slowly I began to feel like Don Quixote who was fighting windmills, worrying about an enemy that hardly even existed. "What are the nazis?", some asked. Others: "Leave them in their smut, and they will suffocate in it" Or: "We are a democracy, everybody has a right to express his opinion!"

And then, on Monday, Nov. 14, I received a little letter. No return address, mailed here in the city. When I opened it, the swastika glared at me, and when I opened it some more, Adolf Hitler's photograph outglared the swastika. The whole thing was no longer a windmill, it had become, once again, a reality. Some Edmonton nazi had done me the honor of noting my address and supplying me with a handful of his filthy pamphlets. I hereby thank the anonymous little rat, gnawing away somewhere in the sewers of Edmonton, for spitting my way.

There were two pamphlets contained in the envelope. The editor of The Gateway has suggested the photo-reproduction of the milder one of them, so you can read it yourselves. I am going to add some quotations from the second one:

NEGROES:

"... miserable black men imported by the Jewish slave traders, producing primitive, sexually abandoned Negroid bedlam, screaming chaos (jazz)..."

HITLER:

"... the latest Jewish victim..."

JEWS:

"... bloody butchers, imbecils, liars, crafty disguised vipers poised at the bosom of the WHITE MAN, terrorists and persecutors of Christians..."

Do you need more examples? Here is one more:

THE WHITE MAN:

"... who has conquered and civil-

THE AMERICAN NAZI PARTY IS FIGHTING -and- WINNING, --AGAINST:

1. COMMUNISM, at home, abroad, secret, subversive, or terroristic.
2. SOCIALISM of the Marxist, anti-free enterprise, regimented kind.
3. ZIONISM, and any other form of divided loyalty to the United States.
4. INTEGRATION and race mixing of any type and any place.
5. INCOME TAXES, and Federal squandering of our National Wealth.
6. BRAINWASHING of Americans by Jews on TV, radio, in the press, movies, etc.
7. MASS MEDICATION by drinking water or in food or in any other way.
8. IMMIGRATION of undesirables into the United States of America.
9. THE UNITED NATIONS and the rest of the Red apparatus in the USA.
10. GOVERNMENT INTERFERENCE with the businessman, labor and the farmer.
11. IMMORALITY AND FILTH in our national life and culture.
12. The phony TWO PARTY SYSTEM where both serve Negroes and Jews only.
13. THE FEDERAL RESERVE illegal money system.
14. COWARDICE in the face of Communist bullying by our weak government.
15. SABOTAGE of our Armed Forces by integration, and pinko orientation.

THE AMERICAN NAZI PARTY IS FIGHTING FOR:

1. The WHITE RACE, which MUST be preserved above all.
2. The American CONSTITUTIONAL REPUBLIC.
3. The Christian traditions and culture of the WEST.
4. Free Enterprise and Private Property without the evil of criminal speculators.

... if you agree with these aims, then, regardless of what you might think about the NAME we use to reach the public in spite of Jewish censorship, --you agree with us. If you have the courage and are in a position to do so, you should join us openly and help FIGHT like your forefathers. If it is impossible for you to join and fight, then you should help support the ONLY ORGANIZATION IN THE UNITED STATES WHICH IS ACTUALLY DOING WHAT ALL THE OTHER RIGHT WING OUTFITS HAVE BEEN TALKING ABOUT FOR FORTY YEARS.

You can't save our precious heritage of culture, our race and our Nation by wishing or pretending. You can't keep kidding yourself forever that any of the present politicians will ever do anything DANGEROUS, --will ever oppose the Jew as he must be opposed if we are to survive. Nor can you keep pretending that THIS time you will elect Faubus to the White House, or throw "the election into the house", etc etc. There is no easy way. The Jew won his present mastery over you only by risking his life and liberty in a deadly FIGHT, and you can't win back your birthright by TALKING HIM OUT OF IT. Only a radical, fighting outfit which succeeds in SHOCKING the American people awake has any chance of winning them away from Jewish brainwashing and organizing them into a White Man's Army which will sweep the traitors, the usurpers, the liars and the cowards out of our public life with an iron broom.

You can become an Associate Member of this fighting organization which is making American History and meet other brave patriots in your area by writing for an application blank. You must be White, over eighteen, absolutely dedicated to the United States and its Constitution, and have a burning desire to DO SOMETHING BESIDE TALK and read pamphlets to save this beloved America.

We hope that you will stand with us in the fight for the survival of the White Race, our Nation, and all we hold sacred and dear on this earth!

James K. Warner
Sec. CAN. NAZI PARTY

Sieg Heil! (Hail victory!)

James K. Warner
James K. Warner,
U.S. American NAZI Party,
National Secretary.

ized the savage hordes around him with his courage, who has learned to use the forces of nature with his superb science, who has mastered the evil within himself with his idealism..."

If you have read all this, and can still say you don't care, then you may as well join this gang of murderers. If these products of hate and arrogance leave you cold, then I can see the dawning of a field-day for the nazis. But then you yourself will have helped them rebuild the gas-chambers...

They're here, and they will tell us what they think of us, tonight.

The four Soviet students who arrived yesterday evening will speak about "My Impressions of Canada," tonight at 7:30 p.m. in Convocation Hall. A question and discussion period will follow.

Prof. Grant Davy will be chairman, and Dr. O. Starchuk, interpreter.

Office of the National Secretary

James Warner

Dear Friend:

This letter is being sent to you for one of two reasons; either you have requested our literature, or your name has been sent to us by one of your friends with the request that we forward you a sample of our literature for your approval.

Most of us in the American Nazi Party are veterans and the Commander has served almost 20 years in the U. S. Navy, rising from an enlisted man to the rank of Commander and commanding three Navy squadrons. He was honorably discharged in 1960.

Many people have asked us why we use the Swastika and call ourselves "Nazis". At one time or another most of us here have tried to wake up our fellow White Americans to the problem of Jewish Communism, Zionism and Integration which is destroying our race and our American Republic. All "normal", "nice" efforts have cost us a lot of time and money, and they have all failed! We have found out that the only way to wake up our fellow white Americans is to SHOCK them! This the Swastika does, and it forces the Jews to mention the problems in their press.

After reading Hitler's book "Mein Kampf", we have found that Hitler set forth a plan for the survival of the White Race and nations, and was a fanatical White Christian German Nationalist who believed in RACE, which is exactly what every good American should be if you substitute "American" for "German". Most patriotic Americans will find when they study what Hitler really WAS (instead of what the Jews SAY he was), that Hitler held the same basic beliefs as they themselves are fighting for.

The Swastika was not originated by Hitler, but had been the symbol of the White Aryans of ancient India several thousand years ago, and has been the real symbol of the White Man ever since. Hitler used the Swastika to symbolize his fight against the mongrel Jews for the WHITE RACE, and it is still the most powerful symbol of the most powerful race on this earth. In addition, the Swastika alone has the power to SHOCK the brainwashed White Men awake in spite of the Jewish papers, TV, magazines, movies, books, etc.

(over)

A Swastika Coming Out

Elsewhere in this paper, there is an article by a student who has been contacted by the Canadian Nazi party.

On November 10, The Gateway published a letter to the editor written by this student. This letter criticized the concept of Nazism and what it stood for. On November 14, the student received propaganda literature from the Nazi party. It was mailed to Edmonton and was written on stationery originally used by the American Nazi party, based at Arlington, West Virginia. The word "American" was crossed out and "Canadian" inserted, and the letter was signed by the Secretary of the Canadian Nazi party.

The external facts about the propaganda are just as significant as the violently anti-Jewish content.

As The Gateway is a student newspaper it is reasonable to assume that a fellow-student is a member of this Nazi party. Not only is he a member, but he is so intimately involved in the activities of this organization that he keeps on hand propaganda materials, which he transmitted without delay in only four days. Obviously, the Nazi party of Canada is no abstract entity hidden in the East, but is a reality which is working insidiously in our city; probably on our campus.

It is efficient and organized, and because there is inevitably in any society some group to whom the "ideals" of this party will appeal, its efficiency in seeking out such people indicates that its membership will increase.

Of further significance is the fact that the Canadian Nazi party is not merely an isolated unit. Indeed, it is linked up with a similar body in the United States; a body which has a permanent office and stationery; a body which openly, on the streets of Washington, D.C., in-

cites Americans to anti-semitic acts; a body whose storm-troopers brazenly walk the streets wearing their uniforms adorned with a swastika emblem.

Thus, there is little hope, that if we merely ignore the Canadian Nazi party it will go away. Its extent is not only national, but it has American, if not world-wide, affiliation. It is an organized group which, if left unnoticed, will grow and become more powerful.

Under existing law, the Nazi party can not be outlawed unless it advocates the forceful overthrow of the government. It is probably undesirable that we restrict the right of free speech and thought of this group by changing the law.

However, the people of Canada themselves, must restrict the right of individuals to speak and think in such a manner. There must be a strong vocal display of disapproval of such insidious activities in our country. Although the organization is mainly underground, private citizens should, upon their own initiative, attempt to discover those who belong to this organization.

However, it would be stooping to their level to use physical force against them. Instead, Canadian should refuse to have economic or social relations with these individuals. Membership in this organization must be made such a liability that its growth will not only be hampered, but arrested.

Such action would take the co-operation of every responsible Canadian citizen. Instead of looking on in apathy, Canadians must shock themselves into an awareness of the problem and a determination to meet it.

The lesson of the Second World War must not be forgotten. Merely saying "it can't happen here" is not enough; you never know.

The Age Of Zero

Frederick Grinke is a Concert Violinist.

This statement, applicable to a select number of musicians of each generation, refers to men who have dedicated their lives to playing the violin. Artists of the calibre of Mr. Grinke—Stern, Heifitz, Oistrakh and Menuhin are some of their names—have given their innate talent such a discipline that the mere amateur musician or concert-goer cannot realize the extent of their sacrifice.

Such an artist, Mr. Grinke, performed in Edmonton recently. And how was he received? The audience clapped after each movement of the violin concert on Sunday, and on Monday evening fifty-four persons attended his recital in Convocation Hall. Including performers and usherettes, the total is sixty. This is a calamity.

The historian Spengler regards each event as a manifestation or expression of the soul, the world-view, of a culture. Nothing which happens, he says, is insignificant or due to chance: each phenomenon is symbolical of the character of a people.

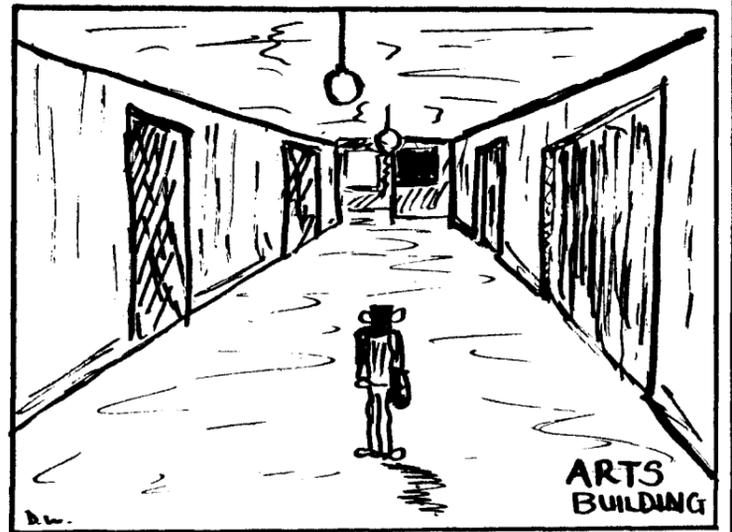

Applying Spengler's broad vision of life to

ourselves, to Mr. Grinke's recent appearances in Edmonton, we can see how tiny—how smug and narrow—we really are. This paper has written before of "Provincialism" in politics and world affairs. It is now apparent that we are myopic in music as well. Have we no feeling left? Can we no longer sigh and wonder at beauty? Perhaps the age of Mr. Zero has arrived.

The tide is out now, and we stand gazing upon miles of mud flats. There was water here once, and there will be again. At present, we are a long way from the sea. Truly the light shines in the darkness, and the darkness comprehends it not.

There has been considerable discussion as to the purpose of the thin lime line of wilted phallic symbols which now surrounds the quad in front of the Arts building.

The most reasonable suggestion we've heard is that these praying posts were erected to remove from the Mathematics-Physics-Chemistry building the stigma of being the most unsightly construction on campus.

Small Groups Give Concert

By Doug Chalmers

The University Musical Club, in its recent Convocation Hall recital, continued its policy of presenting small groups of players. This policy is admirable: it gives soloists additional insight into performing, and provides the listeners with variety. Sunday's recital consisted of two organ selections, a cello sonata and a sonata for treble recorders and piano.

James Whittle played Organ Works by Bach and Mendelssohn. He executed three Chorale Preludes in the traditional Bach style—large in volume and rigid tempo (with fermata)—in spite of Convocation Hall acoustics, which attempted to make shambles of the sound in a few loud passages. Hence the surprises were the second Chorale Prelude and the Adagio of Mendelssohn's Second Organ Sonata, both being quiet works. Mr. Whittle's registration in the latter was especially effective: the weaving theme with soft flute descant and occasional pedal throbs had the stillness of

a Chinese landscape. The "Sonata with Variations on a South German Folk Song" by Father Bottenberg of St. Joseph's College, won first prize in a local composers' competition last year. The reason is apparent: the composer's sheer delight in melody, in the repetition of graceful themes. This is the apotheosis of chamber music, the music of friends: one listened to the work "Baby Schubert".

The composer and Father Joseph Schmelz played Treble Recorders, with Joanne Dutka at the Piano. The Recorder, a Renaissance instrument which has returned to use in this century, has limitations: Father Bottenberg, aware of this, kept the piano part light.

The Sonata is early-middle Beethoven: a theme is hammered out with Nietzschean fury until the listener is ready to rebel, at which point the cello theme soars up from the bass and the piano growls disappear. The performers revealed a capacity for Beethoven's thoughts which few young musicians possess: one would like to hear them a few years hence. Their handling of broad crescendos and things such as the two-note motif Scherzo need only the polish of years.

The next recital in this series is the Christmas Concert on Dec. 11, 3 p.m., Convocation Hall.

Open Council Open To Complaints

Council bares its soul to the student body at the third open Council meeting to be held Thursday, Nov. 24, in West Lounge at 7 p.m.

A regular business meeting will be followed by a period in which complaints, suggestions and dead issues can be directed to the members of the Student

Council.

In the past attendance at this meeting was infinitesimal. The last meeting of this type resulted in a turnout of six people to witness their student government in action.

No major issues are to be on the agenda which will be posted in SUB. Normal reports and a discussion of the Committee on Student Affairs meeting held last Thursday are to comprise most of the business.

By Eleanor Van Oene

BASKETBALL

Concerning the basketball schedule previously announced, there have been two major revisions. The games scheduled for November 25 and December 2 have been postponed until Dec. 12 and 13 respectively. Also the coaching and officiating congress that was to be held November 23 has been changed to Nov. 22 at 4:30 p.m. in the West Gym.

The Pandas have won three games in a row, defeating the Penguins in a game played last Wednesday. Members of the Panda team are Duane Bodard, Carol Sorenson, Bev Fenske, Judy Urch, Pat Jackson, Betty-Lou Archibald, Andrea Borys and Nora Chill.

VOLLEYBALL

From 6 p.m.-7:30 p.m. on November 28 and every Monday for the following four Mondays, tryouts for the Interschool Volleyball team will be held. Miss Carson will coach the team whose big aim is to capture for the fourth time in a row, the Dr. Sam Landa Trophy.

Teams will compete for this trophy in games to be played off in Saskatoon at the end of February. The volleyball team will also be playing in the City League of which they were last year's champions. If enough interest is shown and enough players turn out, two teams will be chosen to compete in the City League. Tentative plans are in the air for a trip to Calgary to play the volleyball teams there. The Calgary teams are also scheduled to travel here for a game.

SKATING

The Figure Skating Club meets Sundays from 1-2:30 p.m. under Harry Nevard and every Thursday from 7:30-9 p.m. at the Varsity Rink.

There will be no skating—Sunday, Jan. 8, 15, and 22 or Feb. 5 and Mar. 2.

Thursday, Nov. 24 and Dec. 8, 15 and 20, the Figure skating will follow Women's Intramural Broomball at 9 p.m.

CURLING

Girls are invited to attend the curling practices Nov. 24 and 25 at the Balmoral Curling Ring from 4:30-6 p.m. Daryl Hackett, team coach will have the team picked by Dec. 9. Further practices are to be announced later.

BROOMBALL SPECIAL

November 23 marks the official opening of the University rink at which time the Golden Bears will play the Edmonton Flyers. WAA has agreed to help publicize this event by selling tickets to the game. Within the WAA unit selling the most tickets, the top ten sellers will be admitted to the game free of charge. Also, for half-time enter-

tainment WAA is sponsoring a broomball game, played by the WAA unit managers vs. WAA sports managers. This thrilling half-time game will be played according to Intramural rules i.e. only six players from each team on the playing area at the same time.

SKATING

With the professional skater, Harry Nevard, as coach, the Alberta skating team should do well in the Interschool competition, which will be held this year in Saskatoon. For this

event, held in February, a team of five girls will be chosen to honor Alberta in Saskatoon. Last year the Figure Skating club lost to Saskatchewan by one point. Skating stars, Lorna Saville, Wendy Cotter and Colleen Cameron, from last year's team are back again. The Skating club meets every Sunday at 7 p.m., every Monday from 12 to 1:30 p.m., and every Thursday from 7:30 to 9 p.m. On Nov. 24 and Dec. 1 and 8 the times will be 9 to 10:30 p.m. Please take note. New members are cordially invited to come out.

Mural Sports Corner

By Dieter Buse

A lag between fall and winter activities plus an element known as exam week has made this column defunct for the last while.

Hockey

This year intramural will be played very similar to last year i.e. league play will be by faculty only. Frats and residences may have an elimination tournament later if ice is available.

Starting Tuesday, Nov. 22 there will be an intramural hockey game every Monday, Tuesday and Wednesday at 7:30 and 9 p.m. This is the round robin tournament to eliminate for league positions and will continue until Jan. 15.

Clare Drake will enter a group of players still on the Bear roster, in the best league. No points will be given for games won or lost. These games will be exhibition only as some of the players may join the Bears later in the season.

Faculties represented in the round robin tournament to start Tuesday, Nov. 22 are commerce, medicine, engineering, agriculture, arts and science. Some have as many as four teams to make a total of 24 teams in the league.

Block 'A' members or anyone playing better than Intermediate "B" hockey will not be allowed to play. Players may play only for their own faculty unless they receive a release.

REFEREES FOR HOCKEY

A school for hockey referees will be held Wednesday, Nov. 23 in Room 127 at 7:30 in PEB.

BASKETBALL

League play will begin Dec. 12 and all entries must be submitted to the intramural office, room 150 PEB by 4:30 p.m. Dec. 6.

Following is a breakdown on the rules for hockey this year:—

1. Games are of three 20-minute periods (straight time) with five minutes between periods.
2. Teams must have nine players ready to play at scheduled starting time or else a default will be declared by the referee.
3. Any team defaulting will be withdrawn from the league.
4. Each team must supply one person to act as either scorer or time-keeper. The referee is instructed not to proceed with the game until these people have been appointed. Default may be declared for non-compliance of this rule.
5. Both teams are responsible for supplying four men each to scrape the ice after their game.
6. Intercollegiate rules will prevail. Any protest must be in writing within 24 hours after the game. Submit to the physical education office.

CUCND Now Operating Educational Program Set

Professor A. M. Mardiros, head of the philosophy department, was elected chairman of the Combined Universities Campaign for Nuclear Disarmament, Alberta chapter, at a general meeting in West Lounge Friday. About 50 persons attended.

CUCND is a combined faculty-student group dedicated to abolition of nuclear armaments on the grounds that fears engendered by nuclear threats are turning every international disagreement into a crisis and thus increasing the risks of total war. There is in fact no defence against

nuclear weapons, CUCND maintains, and retaliation would be unjustified. Unilateral disarmament is to be the breakthrough from international deadlock to international alliance and appreciation.

Other officers of the campus CUCND group will be appointed from a committee elected at Friday's meeting. Members are: E. J. Rose, D. B. Scott, G. A. McLaughlin and G. A. Packer, faculty members; Alan Baker, Alfred Steinberg, Elaine Stringam, Harry Vangorp and Gary Vernon, students.

Plans were outlined for cooperation with other groups having similar aims, including the Edmonton Committee for Control of Radiation Hazards and the local branch of Voice of Women. Tentative proposals for speakers, films and Christmas card sales were discussed.

Staff Member First Artist In Jeunesses Musicales Series

Mr. Thomas Rolston of the Fine Arts Faculty will be the guest artist at the Jeunesses Musicales of Canada concert to be given at 7:30 p.m. Wednesday in the Alberta College auditorium.

The Violinist, who is concertmaster of the Edmonton Symphony Orchestra, will be accompanied by his wife, Pianist Isobel Moore. The program consists of sonatas by Corelli, Mozart, Franck, Turina and Jean Papineau-Couture.

Mr. Rolston and Miss Moore had

very successful careers as soloists and as a violin-piano duo before coming to Edmonton. They settled in Edmonton in 1957 when, during a joint cross-Canada tour, he received posts with the University and the Symphony.

The Jeunesses Musicales of Canada is an organization which fosters interest in music and the arts among persons under 30 years of age. The concerts are open to all. Tickets are sold at the Allied Arts Box Office (Heintzman's) and at the door.

Gateway Short Shorts

Religious Notes

St. Basil's Obnova will hold a meeting Sunday, Nov. 27, at 8 p.m. in the Wauneita lounge. Dr. Bociurkiw, professor of political science, will speak on "Religion in Russia."

Deadline for the Obnova scholarship applications is Dec. 1.

The Association of Mennonite University Students will meet in Wauneita lounge, Wednesday, Nov. 23. Dr. Peter Bergen will speak on "Mennonite Attitudes Towards World Situations."

"Genesis and Geology" will be the topic of the Lutheran Students' Association meeting, 8 p.m. Friday, Nov. 25 in West lounge, SUB.

Members of the Canterbury Club, Obnova, McLeod Club, and members of the St. John's Student Union are invited to a dance by the Ilarion Club to be held Saturday, Nov. 26 at 9 p.m. at the St. John's Institute at 11020-82 Ave. The theme will be "Green and Gold."

VCF Dagwood supper, Thursday, Nov. 24, 5:30 p.m., SUB cafeteria. Guest speaker will be Dennis Clark, VCF literature and stewardship secretary for Canada.

Club Board

Ballet club practice, Wednesday, 4-6 p.m., Rm. 11 PEB.

A meeting of the Jubilaire's club will be held at 7 p.m. Tuesday, in the West lounge.

An organizational meeting of the Classics club will be held in room

236, Arts Building at 4 p.m., Friday, November 26.

United Nations club meeting, Nov. 30, 7:30 p.m., Wauneita lounge. It is imperative that everyone concerned with the Model Assembly be present. There are still a few countries left open.

Psychology club meeting, Wednesday, Nov. 23, 8 p.m., Arts 32. Dr. E. Howarth will speak on "The Multivariate Analysis of Personality."

A National Federation meeting will be held Wednesday, November 23, at 4:30 p.m. in the Council Chambers, SUB.

Miscellaneous

Anyone attending the recreation leaders school between 1938 and 1960 and interested in a reunion contact Bob Merner; GE 9-6951.

Mr. Merner was 1959 class president.

When replying, please state the year of graduation and the name of a guest, whether wife, husband or other. Also state whether Dec. 10 or Dec. 11 is preferred.

An Oxford style debate on the resolution "Economics is the Core of Politics" will take place at 9:30 Nov. 25 in the West lounge of SUB. Dr. Winch, assistant professor of economics will take the affirmative and Dr. Baird, assistant professor of political science will take the negative. Cliff O'Brien, law 2, will second Dr. Winch, and Lawrence Decore will second Dr. Baird.

Recital featuring Soprano Judith Armstrong of Calgary. Awards and scholarships to outstanding students

will be presented at this recital. Friday, Nov. 25, 8:15 in Con Hall, Admission Free.

Students who wish to apply for admission to first year medicine or first year dentistry for the 1961-62 session should call at the Registrar's Office in the Administration building as soon as possible to complete the appropriate application cards. Intending applicants should report no later than December 16th, 1960.

Information regarding appointments for interviews of Medical applicants will be posted early in February.

Dental applicants are requested to call at Dean MacLean's office (Room 263, Medical Building) as soon as possible to make an appointment for an interview.

W. A. D. Burns, Secretary Committee on Admissions

A collection of 200 "Books from the Netherlands" is currently showing in the reference reading room of the Rutherford Library, and in the display cases in the rotunda. The books in this collection, written mainly in English, are part of a travelling display sponsored by the Canadian Library Association, under the auspices of the Netherlands' Embassy and will be on display until November 30.

Wanted: A lady to Calgary or Brooks on Friday, Nov. 25, and return Sunday. Willing to share expenses. Please call June at GE 3-8796.

Lost: A small (2" x 6") brown, electronic box with a white push-button on it. Believed lost in the vicinity of St. Joseph's College. Please phone HU 8-1347, or contact the campus policeman.

Job Opportunities In Coming Week

National Employment Service Interviews:

Nov. 24 and 25: Union Carbide. 1961 graduates in chemical, mechanical, metallurgical, engineers for production, works and design in Montreal and Toronto.

Nov. 24: Deloitte, Plender, Haskins, & Sells, C.A.'s. 1961 graduates in commerce. The company will also interview grads from any faculty interested in articling towards C.A.

Nov. 24 and 25: Canadian Chemical Company, Research dept. B.Sc., M.Sc., Ph.D., 1961 chemistry.

Appointments may be made in the NES Students placement office during the week immediately prior to the arrival of each interviewing team. This schedule is subject to change without notice.

Touring Soviets Arrive At U of A

Alla Tsutsarova, Boris Ponomarev, Emmanouil Eqizarov and Alexei Golubev arrived last night. They came from the USSR, via University of Calgary.

The four—Soviet University students on a tour of Canada—have visited several campuses in Eastern Canada. They were at Calgary over the weekend, and will leave tomorrow morning for UBC.

In Edmonton, they were entertained at an informal reception last night, attended classes of their choice this morning, met the press and toured the city this afternoon, and will speak to the student body tonight.

They have slept in U of A residences, eaten at U of A fraternities, and mingled with U of A students and staff.

A similar group of Canadian students will tour the Soviet Union later in the year. Expenses of the trip will be met by students in the USSR, as the costs of the Soviet

students touring Canada are being paid by Canadian Universities. The University of Alberta's share, \$450, is being borne equally by Administration and Students' Union.

The four visitors are: Alexei Golubev, 35, is a member of the presidium of the USSR Students' Council, and a graduate of the Moscow Pedagogical Institute. He is the group's leader, and makes all its formal statements, although he speaks neither English nor French.

Emmanouil Eqizarov (A-ki--zarov), 30, the group's interpreter, is a graduate of the Moscow Institute of Foreign Languages. He speaks excellent English, some French. Personable according to reports received from other campuses, he has toured the United States.

Boris Ponomarev, (Po-no-man-ov), 33, is interested in youth groups and sports. Likable, he can speak enough English to get by on. He is the deputy executive secretary of the Committee of Youth Organizations of the Soviet Union.

Alla Tsutsarova (Sue-sar-oh-va), 25, is the only woman in the party. A medical student, she speaks some English, is interested in hospitals and schools of medicine.

Student-Administration Committee Picks "Gag" Edition Advisors

A committee to advise on student "gag" editions was set up at the annual fall meeting of the Committee On Student Affairs, Thursday.

A student initiated proposal, the formation of the committee was one of few extensively debated issues to come before the joint student-administration group.

Censorship will not be the committee's purpose. It has been set up to provide advice to "gag" newspaper editors where there is doubt as to whether their newspapers overstep the bounds of a "gag" or will be considered libelous.

COSA members felt that neither the committee nor any of its members should be responsible for "gag" editions. They felt the editor concerned should be responsible for all material in his paper. A rider to that effect was included in the motion setting up the committee.

Members of COSA nominated to the committee were Major Roland Hooper, adviser to men students, Hal Veale, law rep on Council, and John Taylor, Gateway editor. University president and chairman of COSA, Dr.

Walter H. Johns, requested that Dean Bowker, of the faculty of law be available for consultation.

Censorship or no censorship of student "gag" editions has been a knotty problem at the University of Alberta for many years, and the trend has been away from any direct censorship, toward placing the responsibility on the editor of the gag edition.

ERRING EDITORS

In order to control student "gag" editions, the University administration and print shops in Alberta have formed an arrangement whereby the printers will not produce any student publication unless the name of the student editors responsible and the name of the print shop appear somewhere in the edition. Through the arrangement, administration can track down any erring editors.

Alex McCalla, Students' Union president, requested the committee's consideration of the exams after Christmas switch. He was told the General Faculty Council had approved the idea, feeling it was an experiment that should be tried.

Dr. Johns said that the experiment would be examined very carefully to assure it was in the best interests of higher education.

Having worked under the system for eight years, both as a University student and staffer, Dr. Johns thought it was much better than the present system at the U of A.

President McCalla asked President Johns if students would be consulted when the exam experiment is considered for permanent adoption and was assured they would be.

Evergreen and Gold's proposed \$1.25 fee hike, already passed by student referendum and Students' Council met no opposition on its way through COSA as a constitutional change. It has only to be approved by President Johns before becoming law.

PROMOTIONS NEED APPROVAL

Only one other issue brought any measurable debate at the meeting. Students' Council asked that off-campus promotions affecting students, their organizations, or activities on campus require Students' Council approval. The request was granted, excepting promotion, in areas under administration control, such as residences. In such cases, parties concerned would be directed to the proper authority.

The auditor's report of Students' Union finances was presented and accepted by the board, along with proposed budget of the Union for the present term. Also passed was the University Athletic board's budget.

Several minor by-law changes of the Students' Union met with COSA approval.

Reports were accepted from the Students' Council at Calgary, the committee on freshman introduction week, and from the Graduate Association.

COSA is a joint standing committee of students, administration, and faculty. It is a meeting ground for problems of common student administration interest. All major student projects, including budgets, and constitution and by-law amendments, must be approved by COSA.

Sex Overemphasized In Society-Debaters Make Point

Cliff O'Brien and Ron Neuman made their point in an Oxford debate, Wednesday, Nov. 16.

They argued the affirmative, resolving: Sex is Overemphasized in Society. Laurence DeCore and Joe Clark formed the negative team. All are McGoun Cup debaters. Audience vote was about 90 to 60, for the affirmative. Nearly 200 people crowded West Lounge to hear the debate, which O'Brien termed "sexational."

The affirmative team cited what they claimed to be the overemphasis of sex in mass communication media, and in certain sectors of society. Clark and DeCore said sex was a necessary arm of society, and compared to other societies, sex in our society was under-emphasized.

All agreed that a more healthy emphasis should be placed on sex, but what this emphasis should be could not be decided. Nor was there agreement on the meaning of over-emphasis.

SEX STRESSED

O'Brien noted the large number of current songs and movies that emphasize sex. He quoted Rosemary Clooney's formula for a successful song: simple, sad, and sexy. Movies, he said, are not subject to any seal of approval with regard to their moral content. Books like *Lolita* are dependant upon sex for sales. He deplored the number of magazines stressing sex.

Neuman stated that Madison Avenue recognizes sex as its best aid to advertising. He quoted several radio and television commercials ("Get Wild Root Cream Oil, Charlie . . . and the gals will pursue ya"—Charles J. Clark was amused). He also displayed magazine advertisements.

Sex and advertising, Neuman noted, are virtually synonymous.

Clark said if the affirmative stopped leering at the glossy pictures, they would find fine contemporary literature in most magazines. DeCore denounced the affirmative for finding sex where it did not exist.

Clark stated that at the present time in Alberta, a course (health and personal development) is taught for four years (Grades 7-10) that tries to divorce sex from living. This is a fallacy, he said, because sex is a necessary part of life.

An intelligent attitude towards sex depends upon knowledge, Clark claimed.

IMMATURE ATTITUDE

The North American attitude towards sex is painfully immature

when we compare it to that of Europe, where sex is a recognized part of life, he continued. Sex has become a new toy, pushing adults into childhood.

The affirmative claimed that we live in a "sex-saturated society," and that Clark was criticizing the direction and not the amount of our emphasis on sex. They claimed to be not opposed to sex, only to its over-emphasis.

DeCore delved into the past, said when we compare our society to most ancient ones, several medieval ones, and some modern ones, we find our society really underemphasizes sex. He noted the Minoans, the Greeks, and the Romans all placed considerable emphasis on sex. He quoted from Chaucer's *Canterbury Tales*.

"And what happened to the ancient empire where sex was overemphasized?" asked O'Brien.

Passing Good - Rushing Poor - Experience Lacking

Continued From Page 1

and 330 yards. He also moved the team well along the ground picking up 211 yards rushing.

Gary Smith and Bruce Bryson, who shared the Alberta quarterback duties, completed 17 of 26 passes for 145 yards but the Bears fell down in their rushing as they picked up only 84 yards.

The Golden Bears scored their lone major after Dennis Annesly made a sparkling interception on the McGill 36 yard line. Five plays later Gary Smith found Carron in the clear and hit him for the touchdown. After this the Albertans seldom threatened as the Redmen ran over them time and again.

With the score 20-7 late in the first half, Skypeck, Taylor and Moore combined to execute one of the most spectacular plays ever seen at Molson Stadium. Skypeck faded back to pass at his own 26 but was getting the big rush from the Alberta defenders. After shaking himself loose he waded Taylor far downfield and fired a beautiful pass to him. Taylor made the catch and just before he was tackled he flipped a long lateral to Moore who grabbed it and scampered over for a TD on a play which covered 84 yards.

SKYPECK SENTIMENTAL

Sentimentalism crept into the game, a game not known for this, late in the contest on McGill's final TD. Skypeck, former All Ivy League quarterback at Cornell, had just completed a 19 yard pass play with Taylor to move the ball to Alberta's two yard line. On the next play, Skypeck called Tom Stefl, the Redmen's great lineman into the backfield and sent him through the middle for the score.

FOOTBALL FOLLOWTHROUGH

In the dressing room following the game Murray Smith, Golden Bears head coach, summed it up like this: "We gave away 20 pounds, we're a young team and we were nervous. Without their Americans we could have beaten them. American recruiting made

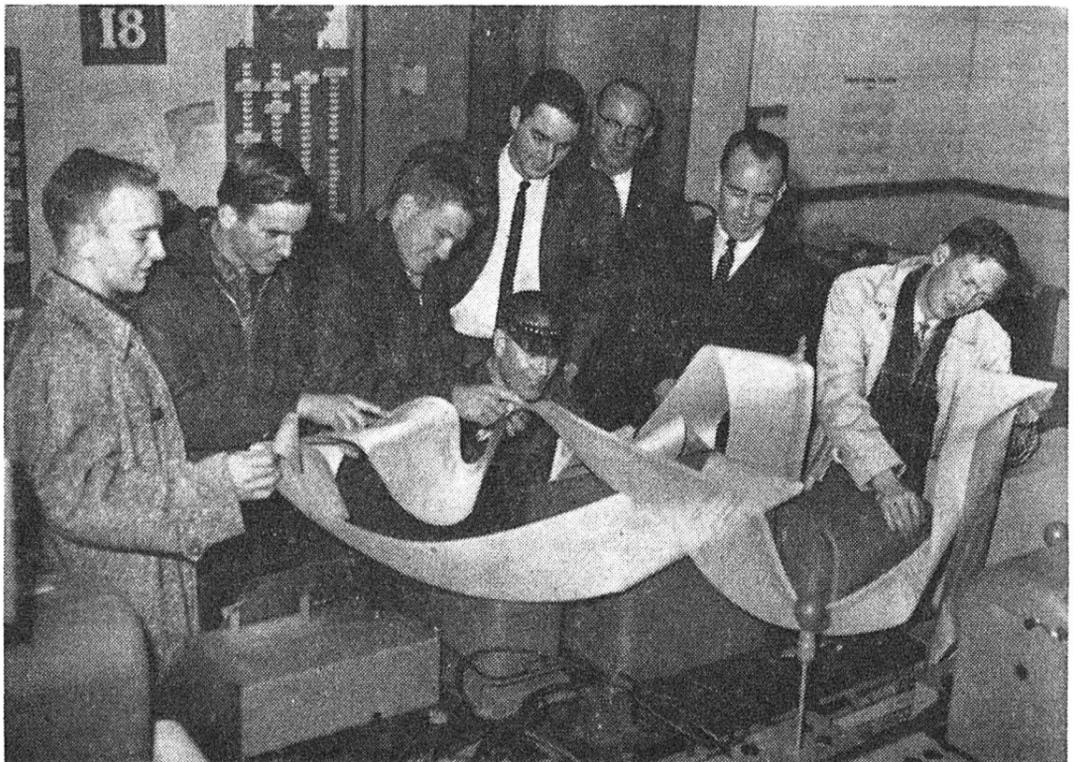

the big difference."

Bruce Coulter, after the highlight of his three year career at McGill, said "the western team was tough, considering it was comprised mostly of freshmen. They will give us trouble in a few years."

There was some concern as to whether or not the game should be-

come a full time annual affair or not during the next few years.

Harry Griffiths, director of athletics at McGill, mentioned "I think the competition has to come before the national body the west is seeking. When the level of play is almost even then arrangements can be made."
