## PREFACE.

THE Publishers of this work have used every effort this year to place before the Public as reliable information as could possibly be obtained in the short period of time available.

There are quite a number of persons who evade giving their names for fear of being taxed, and in place give the agents fictitious names. Some of those fictitious names will appear in every Directory published, the Publishers not being able to detect them, however carefully they may try to do so.

The Publishers request the inhabitants of this city to inform them at any time of any of their agents who are detected in copying from old Directories while at work for new information.

The Publishers are still in the unsatisfactory position of having to say that the sale of this work has not increased like similar publications, and on enquiry find where they have not succeeded—by placing every person doing business, however small, in their Business Directory attached to each volume they have hitherto published. In this addition will be found the names of those only who advertize or subscribe to the book.

There is a wrong impression among business men that the Directory is no good for advertising in. Why this idea is prevalent the Publishers cannot understand; the reading of an advertisement is the same, place it where you may, and surely the DIRECTORY is used more than any other medium they can possibly advertise in, except newspapers, for there are hundreds of persons referring to the DIRECTORY who do not purchase it, including those who persistently annoy their neighbors by borrowing it so often that complaints are made to the Publishers about them, and the Publishers are well posted as to who does the borrowing. That is one special reason why such persons are left out of the Business Directory this year, and will be in all subsequent years. In some cities they do not pretend to give gratuitously the Business Directory in connection with the Alphabetical Directory, but publish it separately, and charge from fifty cents to one dollar extra for it.

The Publishers are satisfied that this edition will be found much more correct than some of the former editions, although they do not claim perfection.

To the supporters of this work the Publishers return their thanks, and hope that those who this year have condensed their advertising will, in the future, consider that the amount of returns from advertising are the only profits the Publishers have for their labor.

The attention of the friends of female education is invited to the Mount Allison Ladies' College with a confidence proportioned to the successful history it has already achieved. As an additional warrant for claiming public patronage, reference may be made to the improvements and enlargements recently made in connection with the Academic edifice. These comprise a handsome and capacious wing and an additional story to the entire structure. This increase of facility will greatly aid the Faculty in their effort to promote the comfort and progress of their pupils.

The department of Music is under the charge of a gentleman of the very highest rank in his profession, aided by accomplished teachers. It is provided with an admirable suite of rooms adapted to the Conservatory system. Superior new pianofortes, both for instruction and practice are furnished at the beginning of each school-year.

All departments of instruction will be maintained in the very highest state of efficiency, and no pains will be spared to prove worthy of the public confidence and favor so generously and continually expressed.

Catalogues containing full information supplied on application. Students admitted at any time, when there are vacancies.

CAPE BRETON

Bras d'Or Steam Navigation Company, Limited.

SIDE-WHEEL STEAMERS

"MARION," "NEPTUNE," and "MAY QUEEN."

These Steamers leave Port Mulgrave, in connection with the trains arriving by the Nova Scotia Railway Company, every evening, thus making connection with all parts of Canada and the United States.

Passing through Lennox Passage and the St. Peter's Canal, into the Bras d'Or Lake, celebrated for its beautiful scenery, and calling at East Bay, West Bay, Baddeck, Whyecomagh, and other lake ports, terminating at Sydney, C. B., arriving there every morning via East Bay, and tri-weekly via Baddeck and North Sydney.

The attention of Tourists is called to this route, the scenery in the Lake being the finest in the Maritime Provinces. The steamers are fast and well found—good staterooms and excellent table.
