BRANTFORD WILL BE WELL LIGHTED WITH HYDRO ELECTRIC

Engineer Ireland Makes an Interesting Announcement.

Lights of Special Design Will Be Secured Here.

Hydro Electric installation in Brantford will proceed rapidly, and will be commenced as soon as the work is all the ground" was the announcement made by Engineer Ireland at his office this morning. Brantford will have a new design of lights for residential streets," said Mr. Ireland. An endeavor is being made to secure something out of the ordinary which has not been used elsewhere. In fact it is planned to make Brantford one of the most attractively lighted cities in Ontario, whose experience already secured in other places is being brought into use here to excellent advantage. These are now being secured on material and in this connection local contractors and supply firms will be asked every opportunity. It is expected that all the overhead material will be on the ground by April 1, and a considerable force of men will be employed on the work during the summer months. Engineer Ireland further said that he had every confidence that his figures would prove so attractive to the Water Commissioners for the installation of electric pumps at the pump station, that they would make the installation. It would mean the construction of several hundred horse-power, the figures would be accurately arrived at until the expert, Mr. Willis Chipman.

FINE GIFT OF SPEAKER SPROULE

Speaker Sproule, of the Canadian House of Commons in a letter received from him by Principal Rowe of Ryerson School yesterday, has promised to forward an exhibit containing 50 Canadian mineral specimens. The exhibit is one of immense value in school work and Dr. Sproule's fine gift, needless to say, is greatly appreciated. The minerals will be placed by Mr. Rowe in Ryerson School.

One Minute Interviews

Mr. Ald. Waddington—"I wish I were in the City Council, so that I could give my opinion on police matters. There would be another thing."

Mr. John Muir—"I intend to ask Mr. Brewster, M.P.P., to have the money which local autoists pay in license fees, applied on our roads here and around the city."

Medical Health Officer Pearson—"As soon distributors the numerous taken coops in the city, may one day be a menace to public health, particularly as the city is becoming congested. It would be a great luck on a great many, but they should be exercised in cleanliness."

"I'm Through" Said His Honor Judge Hardy When the Lid Went on Police Salary Matter

The Commissioners "Hemmed and Hawed" Until Patience of the Chairman Was Exhausted—All the Details of the Climax.

There is talk among the rank and file of the police force today of a general strike by the men, who are of the opinion that inasmuch as the commissioners considered their claim for an increase a just one, it was denied on account of a disagreement in which they were not concerned. Another meeting may be held yet.

That the members of the Brantford police force will get no increase in salary this year, and that no more men will be added to the strength of the force, is now an assured fact. The Board of Police Commissioners, at a special meeting called to discuss the matter yesterday, could not come to any agreement. All three members of the board held differing views on the subject, and after a short but hot discussion, gave the matter up as a forlorn hope, as it was seemingly an utter impossibility to get two of the board to agree.

From the outcome of the meeting it is thought that there will be no

advances whatever in salary and no more men added to the present force for some time anyway.

The meeting opened at half past two o'clock in the Judges' chambers, all the commissioners being present, also Chief Stelm and Court Clerk Browning.

The Court Clerk read the minutes of the previous meeting.

Re. Salary
 Mayor Hartman started the ball rolling, and it was easy to see that there was trouble brewing.

On rising, the Mayor stated that in regard to the salary question, he was of the same opinion as he was when the meeting adjourned yesterday afternoon. He said that he wished to state, and state emphatically, that he was heartily in favor of giving the rank and file of the force a reasonable increase in salary and would go no further. In regard to the sergeant, the chief of police and court clerk, he would not consent to granting them one cent of an increase, and said

he considered that they were being well paid and would oppose allowing their salaries being advanced one copper.

The Mayor said he took that stand and would not budge! Not if he stayed there till his term of office expired.

First Solution
 Judge Hardy offered as he thought a solution which would solve the difficulty and break the deadlock which was formed the day before. He proposed to grant the men an advance of 20c per day (all down the line) up to and including the sergeants, to make the chief's salary \$1,000 per year, and add one man to the strength of the force.

The Mayor—"No! No!"
 Magistrate Livingston—"I'll not support that."

This was only heaping coal on the fire.
 The Magistrate.
 Magistrate Livingston then proposed that the Board take up the different branches separately and try and

Commons Wearily Passes Sixtieth Hour in What Is Now Record Speech Marathon

OTTAWA March 6.—The big talk in the Commons drags wearily on. It passed the sixtieth hour this afternoon, thus eclipsing the record sitting of the twentieth century which was 57 hours, set five years ago. It is still however, far short of the effort of '96 on the remedial bill when the house sat for 129 hours. The chief speakers to-day were Hon. Charles Murphy and E. M. MacDonald of Pictou, though neither added much that was new to the record. Mr. Murphy's remarks covered a wide range of subjects including aerial draughts, the effect of which the Government might well pause to consider before committing the country to its present policy naval aid.
 Mr. MacDonald was still speaking at 2 o'clock and looked good for a couple of hours more. The speakers in the navy debate following Hugh Guthrie, who finished at one a.m., have been McColl of West Kent; Douglas of Strathcona; Lachance of Quebec Centre; Gauvreau of Temiscouata, and Hon. Charles Murphy

Has Anybody Here Seen Jack Bennett?—An Excursion to Reserve Minus Brass Band

Some Half Dozen Constables Were Scouting For the Wily Indian, But Lost Out on False Tip.

Last night a sleighing party, consisting of half a dozen constables started for the Indian Reserve for the purpose, as they thought, of capturing an individual by the name of John Bennett, wanted by the police authorities on a charge of murder.
 The party drove along to the tune of the merry jingle bells, to a certain house, on the Reserve, which they surrounded, and quietly crept up to the door. They knocked and went in, politely invited to enter by their red-skin host. They made known to the host the object of their mission and immediately proceeded to diligently search the house, hoping to find John Bennett, but alas! Some one had given a bogus tip, and the officers received no recompense for the trouble. The information that had been received that Bennett was seen, on the Reserve and was stopping at a certain house, was incorrect, as not a trace of Bennett could be found. The officers evidently enjoyed the sleigh drive, arriving in the city about four o'clock in the morning.
 "Yes, thank you," said County Constable Kerr this morning, "the sleighing was fine on the Reserve, but it was the close season for game."

JO. BENNETT.

Chief Stelm started to-day in reference to the midnight chase after the elusive Bennett, that he had consulted the police commissioners before the constables were sent. "We received information," said the Chief, "from a very reliable source, and in the interests of law and justice deemed it advisable to act. Accordingly, High County Constable Kerr, Detective Chapman and Constables Borthwick, Kelker and Tyrell made the trip. They visited the home of Bennett's father, and," said the Chief, "of course Bennett was not there. The constables were working on their own time."
 The party was well armed with flashlights. Any party that goes after Jack Bennett, always is. The deputation passed Snake's Corners, near Bennett's house. They tied up their horses at a distance and gently approached the supposed haunts of the Indian. If the bird had been there at all it was soon discovered that the bird had flown. Bennett is some bird.

BIG FIRE IN TOWN OF GALT

Spectacular Blaze Was Discovered at 9 o'clock This Morning.

(Canadian Press Despatch)
 GALT, Ont., Mar 6.—At 9 o'clock this morning fire started in Schlarbaum's Block, Main street.
 The blaze was discovered in the store of Bert Cullen, furrier, and the whole of his stock valued at \$3,000

considerable loss to his stock by water. On the second floor were a number of tenants and these made a hasty removal of what they could before the water poured in to fight the blaze, which worked itself all along the roof causing much damage. The fire is thought to have started from the stove.
 A six year old boy, named Clavie, had a narrow escape from suffocation. He had been left alone sleeping in bed but fortunately was carried out by one of the first men on the scene after the fire was discovered. It was after the firemen thought the blaze to be extinguished that smoke was seen issuing from the roof and they had to lay the hose a second time. The building was owned by Jacob Schlarbaum and

WILL CITY COUNCIL STOP THE HOLMEDALE SWITCH?

FIRM WILL HAVE FIRE PROTECTION

The Gould Shapley and Muir Company have just completed the erection of a huge water tank for the American Radiator Company on their premises on Greenwic St. The huge tank, which is 100 feet in the air, is supported by a steel structure. It has a capacity of 50,000 gallons of water and is to be used as a storage reservoir in connection with the water sprinkling system, which the firm has recently installed throughout their plant. Should fire at any time break out in the factory and the city water-works be out of commission this company would have at their command, the 50,000 gallons of water from their newly installed water tank.

POLICE PAY IN KINGSTON

What the Salaries Are in the Limestone City.

Mr. E. E. Horsey, a member of the Kingston Board of Trade, who recently visited the city on his return from the Associated Boards' meeting at London, in reply to a query made to him while here, has forwarded the following information to a member of the city council.
 The police schedule is:
 1 Chief, salary \$1,100 per annum.
 2 sergeants, salary \$65 per month.
 11 men, salary ranges from \$45. \$50 to \$55. (After three years men attain to maximum rate).
 Each member of the force receives in addition \$52 per year as clothing allowance.
 City covers area of 2,127 acres; has 38 miles of streets; 57 miles of walks; 45 acres of parks; 30 miles of sewers.
 While Kingston has possibly not as many foreigners as Brantford has, or any colored population, we have during season of navigation a floating population of sailors with an extended water front. The population is 21,000 as compared with Brantford's 25,000. In some quarters it is felt that our police force is rather under strength and also somewhat underpaid. As a whole the city is law-abiding.

LABOR COUNCIL

Interesting Budget of News Disposed of at Meeting Last Night.

The regular meeting of the Trades and Labor Council was held in the Temple last night. President Pearce being in the chair, Toronto, W. A. Delegate Ashton was appointed as representative to the council for the Plumbers Union, in place of Delegate Squibb, who is retiring.
 "It was decided to secure copies of the Trades and Labor by-laws and have same printed."
 Delegates Sloan and Peary spoke on behalf of the Bricklayers and Laborers' Union.
 Delegate Sloan asked "if anything had been done in connection with having a celebration here on Labor Day."
 President Pearce said that the committee had reported progress.
 It was decided to form a debating club in connection with the council.
 "The proper Property Qualification of those running for Aldermen" was brought before the council, and it was decided to write W. S. Brewster, M.P.P., and ask him to state his views on the matter.
 Delegates were appointed to meet the Bricklayers and Laborers Unions in regard to a slight difficulty.
 Parties employing girls and paying the starvation wages, came in for some hot roasting.
 Delegates were formed to look closely into the assessment rolls which are now being published. Those appointed were Delegates Sloan, Symons, Parson, Mitchell, Pearce, Hailey, Pearce, Elliott, Brown, Ashton, Foran, Webber, Price and Richards.
 A communication was read from the editor of Industrial Banner that 300 copies of the papers would be sent here this week and asked that they be distributed.
 It was decided to communicate with the city council and protest against

Agreement Can Be Repudiated in Its Entirety.

Grand Trunk Is Worrying Over the Outcome.

What action will the Council take in regard to the Holmedale switch matter?
 The matter has now been put up to the Council. Solicitor Arthur E. Watts, K. C., called in specially by the Council to give an opinion relative to the Wilkes' award re the Holmedale re the Grand Trunk switch right of way at the last meeting of the Council, stated in a letter that the city could repudiate the entire agreement with the company because it involved a liability and had not been ratified by the people or by an act of parliament as is necessary.

In addition to that Mr. Donald of the Grand Trunk knowing what's up recently wrote asking for the City Council's attitude. It was suggested that the G.T.R. is very anxious to get busy on the switch, and has until October this year to finish. Mr. Donald wanted to know if it was a case of repudiation by the city. If it is, there will be no switch for the Holmedale, at least not by the Grand Trunk.

The agreement which Solicitor Watts advised was illegal was made in 1910 under the regime of Mayor Wood. It promises free right of way to the company. In 1902 an agreement, duly ratified later, was made with the G. T. R. for the construction of the switch. Mention of right of way, was made but not in such form that the city had to provide it.
 There is said to be a possibility of the present City Council refusing to accept the liability incurred under the Wood agreement. At any rate the advisory letter of Mr. Watts will be taken into serious consideration.

WAGNER WON OUT HIS CASE

Brantford Ball Player Secured Judgment for \$50 at Hamilton.

Shortstop Wagner of the Brantford ball club who lost money and goods to the value of \$184.75 while stopping at the New American Hotel in Hamilton last fall, while participating in a post season series, had his action to recover settled satisfactorily out of court at Hamilton yesterday. He sued Geo. Roach, the proprietor for recovery. All Wagner's jewelry, including a valuable watch which had been recovered by the police, was returned to him, and judgment was rendered as well for \$50 clear of costs. "Wag" was just \$20 out at the finish and considered himself fortunate in securing such a satisfactory settlement. George Kerr K.C., appeared for the defendant and C. V. Bell for the plaintiff. The contention was that inasmuch as Wagner had left his goods deposited with the hotel clerk, the proprietor was responsible for their safe delivery to him on his return from the

THE BLOCKADE

The Toronto Globe and other papers, including the Brantford Expositor, are seeking to make the Laurierites at Ottawa are doing a patriotic thing in building up public business in connection with the naval bill blockade. Nothing of the sort.

NOTES AND COMMENTS

It would seem kind of lonely in this neck of the woods without some kind of an election wouldn't it?

Laurier must be yearning to get rid of some more of his dead wood supporters who survived the battle of 1911.

If public feeling over the naval issue is the same in other constituencies as it is in the two Brants, Laurier will have to flock all by himself if a speedy election takes place.

WHEN A LAXATIVE IS NEEDED—CASCARETS

SALTS, CALOMEL AND CATHARTIC PILLS ACT ON BOWELS AS PEPPER ACTS IN NOSTRILS.

Take a Cascaret to-night and thoroughly cleanse your Liver, Stomach and bowels, and you will surely feel great by morning. You men and women who have headache, coated tongue, can't sleep, are bilious, nervous and upset, bothered with a sick, gassy, disordered stomach, or have backache and feel all worn out. Are you keeping your bowels clean with Cascarets—or merely forcing a passageway every few days with salts, cathartic pills or castor oil? This is important. Cascarets immediately cleanse and regulate the stomach, remove the sour, undigested and fermenting food and foul gases take the excess bile from the liver and carry off the constipated waste matter and poison from the intestines and bowels. Remember a Cascaret to-night will straighten you out by morning. A straight box from your druggist means healthy bowel action; a clear head and cheerfulness for months. Don't forget the children.

AN INDEPENDENT VIEW

Hamilton Herald, (Independent)

It is the opposition at Ottawa adopting the tactics of obstruction to the government to go to the country on the naval bill, is a reminder of the remembrance of the tactics with which the same tactics was operated seven years ago. In 1896, the Liberal opposition, with Sir Wilfrid Laurier, by persistent obstruction, forced the Tupper government to resign and the Liberal government to go to the country on the Manitoba school question.

"Fruit-a-lives" Cured Kidneys and Bladder

WILLIAMSTOWN, ONT., JULY 27th, 1910

"I have much pleasure in testifying to the almost marvelous benefit I have derived from taking 'Fruit-a-lives'. I was a lifelong sufferer from Chronic Constipation, and the only medicine I ever secured to do me any real good was 'Fruit-a-lives'. This medicine cured me when everything else failed. Also, last spring, I had a severe attack of Bladder Trouble coupled with Kidney Trouble, and 'Fruit-a-lives' cured these complaints for me, when the physicians attending me had practically given me up.

BLUNDERS IN SHORTHAND.

Amusing Mistakes That Come When The Notes Are Transcribed.

A volume could be filled with amusing stories of shorthand mistakes, the greater number of them due to mistaken vowels. For instance, "This day is big with late" was transcribed, "This day is big with fat," while "Do not indulge in spite," came out "Do not indulge in spit," and "A house of many gables" was transcribed into "A house of many gabbles." The use of a wrong vowel may have the most amusing result, as in the phrase, "Many, know thyself." A well-known reporter tells a paper who by this means turned "mighty acts" into "mighty cats," and another report of a sermon was spoiled by the advice, "Return a blow with an ax" instead of "a kiss."

Chief Slemin

Chief Slemin then rose and asked the Board to increase the personnel of the force by adding two men. The Chief said: "In view of the fact that petitions had been presented by a large number of ratepayers and citizens to increase the number of men on the force, he would thus be in a position to give the city better police protection." The Chief said that the beats "at present were too long for the force to patrol," and made an earnest plea for the Commissioners to add two more men to the force. The Chief referred to the recent disturbances, and hoped there would be no recurrence.

His The Papers

The Chief took a sly dig at the papers, saying that "if the papers don't stop there will be a murder."

Another Motion

It was made by Magistrate Livingston (but not seconded) that the men up to and including the sergeants be given an advance in salary of 20c per day. The Chief to be paid \$2,000 per year and the police court clerk \$1,000 per year. This motion fell flat as the Judge and the Mayor would not entertain the proposition for a minute. Judge Hardy said he could not see his way clear to give Chief Slemin any more than \$100 per year raise.

Mayor Hartman objected too, saying that he thought "half measure was better than none," and the Chief who was receiving \$1,800, was very well paid. The Mayor said "he was in sympathy with the men receiving better wages, but had none for those higher up."

Judge Hardy said instead of granting a raise of 20c per day straight he would sooner have the scale of wages graded. Judge Hardy made a slight reference to the controversy between Aid. Spence and Rev. Mr. Lavell. He remarked that "science has yet to determine to what extent clergymen shall or should go in the pulpit."

Magistrate Livingston hung out for the \$200 raise.

Judge Hardy said to Magistrate Livingston: "I'll split the difference and make it \$150 raise for the Chief, making his salary \$1,950."

Magistrate Livingston—"No."

Judge Hardy—"Come on, split the difference."

Magistrate Livingston—"No."

Judge Hardy to Magistrate Livingston: "Come on, now, split the difference. Make it \$150 raise for the Chief."

Magistrate Livingston—"No."

Judge Hardy then said to Magistrate Livingston that he had met him more than half way on all other questions. He considered that the Magistrate should agree to this and make it unanimous and settle the affair.

The Climax.

It was moved by Judge Hardy: That the men receive an advance in salary of 20c per day, the Chief's salary be made \$1,900 per year and the court clerk's \$1,000 per year.

Motion lost.

Moved by Mayor Hartman: That the men up to the rank of sergeant receive a raise of ten per cent.

No seconder; motion lost.

Magistrate Livingston said: "What is sauce for the goose is sauce for the gander?"

Moved by Magistrate Livingston: That the men all receive 20c per day advance. Chief receive \$2,000 per year and court clerk \$1,000 per year.

No seconder; motion lost.

The Finale.

The rock-upon which the commissioner split was \$750 per year for Chief Slemin. Judge Hardy said

NOSTRILS AND HEAD STOPPED UP FROM COLD OR CATARRH? TRY ELY'S CREAM BALM

Instantly Clears Air Passages; You Breathe Freely, Nasty Discharge Stops, Head Colds, and Dull Headache Vanish.

Try "Ely's Cream Balm."

Get a small bottle anyway, just to try it—Apply a little in the nostrils and instantly your clogged nose and stopped up air passages of the head will open; you will breathe freely; dullness and headache disappear. By morning the catarrh, cold, inflammation, sore throat, will be gone. End such troubles now! Get the small bottle at once.

dissolves by the heat of the nostrils; penetrates and heats the inflamed, swollen membrane which lines the nose; clears the air passages; stops nasty discharges and a feeling of cleansing, soothing relief comes immediately.

Don't lay awake to-night struggling for breath, with head stuffed, nostrils closed, hawking and blowing. Catarrh or a cold, with its running nose, foul mucus dropping into the throat and "freshness" is "distressing" but really needless.

Put your faith—just once—in Ely's Cream Balm.

MOST BEAUTIFUL EASTER PRESENT!

The Mysterious, Luminous Crucifix or The Cross of Eternal Light.

The most marvelous mystic wonder of the twentieth century. Ouraviour nailed to the Cross, a beautiful and marvelous work of art, that has mystified the whole world with its startling luminous effect, which is everlasting. The figure of Christ as well as the Cross itself are of imitation marble material, showing WHITE in daylight and in a GLOIOUS, LUMINOUS, MYSTIC LIGHT at NIGHT IN THE DARKEST ROOM. The luminous effect is everlasting. The greatest work of art ever known to science. It is indeed a glorious and most precious article of true devotion. Science has long been puzzled at this mysterious work of art.

There are two different sizes: The larger one (1 1/2 by 6 inches) has been reduced to only \$2.00 from the original price of \$10.00, and the smaller one (4 by 8) from \$5.00 to but \$1.00, in order to enable every Christian family to have one in their home. A. Nettow, 832 Yonge St., Toronto, Ont.

MAKES RHEUMATISM PROMPTLY DISAPPEAR

Chronic, Crippled-up Sufferers Find Relief After Few Doses of New Remedy are Taken.

It is needless to suffer any longer with rheumatism, and be all crippled up, and bent out of shape with its heart-wrenching pains, when you can surely avoid it.

Rheumatism comes from weak, inactive kidneys, that fail to filter from the blood the poisonous waste matter and uric acid; and it is useless to rub on liniments or take ordinary remedies to relieve the pain. This only prolongs the misery and can't possibly cure you.

The only way to cure rheumatism is to remove the cause. The new discovery, Croxone, does this because it neutralizes and dissolves all the poisonous substances and uric acid that lodge in the joints and muscles, to scratch and irritate and cause rheumatism, and cleans out and strengthens the stopped-up, inactive kidneys, so they can filter all the poison from the blood and drive it out and out of the system.

Croxone is the most wonderful medicine ever made for curing chronic rheumatism, kidney troubles and bladder disorders. You will find it different from all the other remedies. There is nothing else on earth like it. It matters not how old you are, or how long you have suffered, it is practically impossible to take it into the human system without results. You will find relief from the first few doses and you will be surprised how quickly all your misery and suffering will end.

An original package of Croxone costs but a trifle and is available at any drug store. All drug stores are authorized to sell it on a positive money back guarantee. Three doses a day for a few days is often all that is ever needed to cure the worst back-ache or overcome urinary disorders.

SYNOPSIS OF CANADIAN NORTH-WEST LAND REGULATIONS

ANY PERSON who is the sole head of a family, or any male over 18 years old, may homestead a quarter section of available land in the Northwest Territories, Yukon or Alberta. The applicant must be a Canadian citizen, and must be authorized to sell it on a positive money back guarantee. Three doses a day for a few days is often all that is ever needed to cure the worst back-ache or overcome urinary disorders.

Duties—Six months' residence upon and cultivation of the land in each of three years, and endorsement of the same by the local assessor. The applicant must be a Canadian citizen, and must be authorized to sell it on a positive money back guarantee. Three doses a day for a few days is often all that is ever needed to cure the worst back-ache or overcome urinary disorders.

A homesteader who has exhausted his homestead and cannot obtain a pre-emption may enter for a purchased homestead in the Northwest Territories, Yukon or Alberta. The applicant must be a Canadian citizen, and must be authorized to sell it on a positive money back guarantee. Three doses a day for a few days is often all that is ever needed to cure the worst back-ache or overcome urinary disorders.

7% SAFE INVESTMENT

The National Securities Corporation, Limited, now offer to the public their 7% Profit Sharing Bonds, which mature in five years, with interest payable half-yearly on the 1st of June and the 1st of December.

The National Securities Corporation Limited, acts as a holding company for several large and profitable manufacturing plants that have been built up by members of the Corporation in the past quarter of a century. The proceeds of these bonds are to be used in still further developing these plants—in acquiring another long established manufacturing plant which has shown large profits for years—and in purchasing well located timber lands. The Corporation now has a large limit under option containing 1,000,000 feet of virgin timber. This latter should largely increase in value in the next few years.

All profits beyond bond interest and stock dividends are to be divided equally between the Bondholders and the Shareholders, and whatever profits are thus divided will be in excess of the 7% annual interest of the Bond.

These Bonds are amply secured by investments of the Corporation in these manufacturing plants, and in the value of lands, timber and mills which it controls, and will be further secured by the acquisition of other plants and timber limits.

The Bonds are offered to the public in denominations of \$100 \$500 and \$1,000, and may be purchased either outright or by means of the periodical payment plan. In the latter case, an initial payment of 10% of the face value of the Bond will be required. Bondholders may withdraw all or part of their investments, with interest at any time after one year on sixty days notice.

Payments should be made to the National Securities Corporation, Limited, either by cheque or money-order.

More complete particulars furnished on request.

Good boy, Lipton! Get the race under fair rules and lift the cup. You can do it. Peculiar how the Britisher never quits. Sir Thomas has already spent two millions of real cash in his efforts to win the cup.

President Nelson should grab Silcox, the pitcher released by Guelph. Silcox might not be able to beat other clubs, but he had a nasty habit of stopping Kane's men.

The soft ball league is likely to have six or eight clubs. The Dufferins, Ham & Nott's, Y.M.C.A., B.C.I., Massey-Harris shop and East Ward Beavers are being counted upon for teams.

Toronto has had a great hockey year. At the recent senior O.H.A. game the following figures will emphasize the statement: Attendance—6,411. Receipts—\$4,160.

"Golf Editor the Courier! Would you decide the following: A bet is B ten dollars he can hit a golf ball 280 yards from the tee. Witnesses accompany the players to the tee, where A produces a tape line and measures off 280 yards. He places a ball on the ground and hits it gently, and then asks for the ten. B refuses to pay. It's up to you to decide. Yours, BRASSIE"

We pass. Better introduce it in the House and bust up the naval debate. J. Ira Davis is coming back to the Canadian League to dodge pop bottles. If Ira dodges the hop bottles simultaneously with the pop bottles, he'll last out the season—Ottawa Free Press.

They claim \$150 separated Jim Thorpe from the Hamilton ball team last year, and Jim is drawing down \$6,000 a season with the Giants. In baseball, football and hockey, 1912 was a nightmare for Jungletown.

The Premier has taken to soft calar conclusive evidence he is practising to hurl the first ball at Lansdowne Park, or suffering from prickly heat—Ottawa Free Press.

It will be noticed that the English suffragettes seem now to be losing every match they play. They are weak in the scrimmage, and in the game of rowdism what may be called scrimmage play counts for a great deal. In order to keep the game alive Mrs Pankhurst is preparing to die for it.

Snodgrass, of the New York Giants, closed last season with a muff that did much to lose the world's championship, and now he is opening the present season with a suit for breach of promise. In both cases he is charged with having failed to do the expected act.

The Giants are calling in their men as rapidly as possible so as to get the war footing. Myers, Marquard and him do.

Snodgrass da rdiodad rdair drithrath Snodgrass have been ordered to report direct from California. Snodgrass has procured permission from Manager McGraw to delay reporting until March 10, as he is anxious to testify in his own behalf in a \$75,000 breach of promise suit in which he is defendant. Marquard is playing in vaudeville in San Francisco this week, and has been ordered to report in Marlin on March 1; the same as the other players. The Rube is under contract to the club for two years more, as he signed a three-year contract last winter.

Jim Thorpe has ceased to be a joke. He clubbed a homer and triple and stole three bases in one game, besides calling a \$50 raise with a pair of skirts and got away with the pot; which ain't too bad for a poor Indian boy who didn't know enough not to take the mazzama.

The abolition of the canteen in the camp and conducting the canteen camp may result in the abolition of only.

You're allowed three guesses at the author of the famous expression—"I'm the guy that took the can out of canteen."

Lo, the Poor Jim Thorpe. Lo, there dwelt in Pennsylvania, in the tribe of Whitchacean, Big Chief Jimthorpe, heap much Injun.

Mightiest of all the red men, Sound he was in wind and sinew, Broad of shoulder, huge of bicep, Loaded up with lumps of muscle—Hercules had nothing on him—From his armor-plated torso To his corrugated tun-tum, First he was in all the joustings, Led the way in all the races, On the flat and over hurdles; Broad and high jump, discus, pole vault.

Were a slice of custard for him. While the shotput and the hammer, Hush your business, nothing to it. On the football grid he sizzled. On the diamond how he sparkled! As an all-round lallycooler He was some pazork, believe us. Soon his totem pole was laden With the scalps of paleface foemen. In the form of badges, medals, Bangles, charms and other gewgaws. Then there rose a voice within him. In his labaroad ear it whispered: "Big Chief Jimthorpe, what's it git-cha?"

Amateur sport, heap much boozh-wah. Badges, medals, no can eatum; Get th' wampum! Get th' wampum! Then he hearkened to the whisper And he started on the warpath, On the trail of the mazzama In the wilds of Carolina, And he toted home the bacon. Then the A. A. U. skeesgeisters Raised a mighty cockaldrum, Tore his string of scalplocks from him.

With its tinkling chain of zee-gaws, Cast him into outer darkness And the realms of big league baseball. But he has one consolation, He will be "poor Lo" no longer, For he hearkens to the watery: "Get th' wampum!" Can you blame him?

RANELAGH. (From our own correspondent). March came in stormy and cold. There was only a small turn out at church yesterday it was blustery and cold.

There was a meeting of the W. M. E. at the home of Mrs. Prosper Winkell's on Thursday. There was one quilt quilted and bound. Mr. Thomas Wood attended the funeral of Mr. William Minshall on Friday at Brantford.

WANT TO FIRE CHIEF FINCH

Former Brantford Man Is Criticised at Guelph.

GUELPH, March 6.—The City Council is keeping up with the pace set at its first session. The business was all completed and the members on their way home, at least those who didn't stop to talk in the back room, at a quarter to ten o'clock. There were only two reports to be dealt with, the finance and fire and light. Both of these came in for some criticism, but the latter especially was attacked in a vigorous manner by Ald. Sam Penfold, who seemed to be in a very belligerent frame of mind last night. He found fault with the manner in which the Steele fire was handled last Thursday night and opposed granting any increase whatever to the firemen. He came out straight for the dismissal of Chief Finch, whom he stated was not a proper person to head the Guelph Fire Brigade. He found fault with everything in connection with the brigade, and demanded an explanation from the chairman, which Ald. Occomore gave very freely. The latter was most indignant at the actions of certain portion of the public, whom he accused of knocking the fire brigade at every opportunity, and suggested that some were removed from the apparatus in the Winter Fair building by some person or persons desiring to put the brigade in a bad light before the public. The chairman waxed warm under the collar as he spoke in reply to Ald. Penfold, and made his remarks very pointed. The report finally passed.

LANGFORD.

(From our own correspondent). Rev. Mr. Morrow preached on Sunday morning but not a very large congregation was out owing to the stormy weather. Miss Dovia Peris, city, was the guest of Miss Dolly Westbrook over Sunday. Mr. D. Stuart is on the sick list. Miss Olive Rutherford returned to her home at Walsh after visiting with her sister, Mrs. H. Tyson. Farmers are glad to see the snow, both for getting their teaming done, and to cover the wheat and clover. Glad to hear Mr. Charlie Ludlow is improving. Mr. Fred Day, Toronto, spent part of last week with his mother. Miss Daisy Westbrook was in the city on Tuesday evening attending a sleighing party. Mr. W. Thompson gave a sleighing party on Tuesday evening to some of their friends being the 10th anniversary of their wedding. The Langford Women's Institute attended the Cainsville Institute held at Mr. Elgin Lampkin's. All report having a good time.

Rutherford of Brantford were Sunday guests with Mr. and Mrs. Jas. Barker and family. Quite a number in this village are confined to their home with sickness. Despite the storm on Sunday there was quite an attendance at church. Rev. Todd announced that Rev. Snider of Brantford would preach in this church next Sabbath afternoon at the usual hour. Mr. and Mrs. George Cleaver and family spent last Friday evening with Mr. and Mrs. John Stickle at Fairfield.

SUTHERLAND'S GREAT SALE

Our Sale will soon be over. Saturday Night will finish it, and then regular prices will rule. All this week you can buy at the big discount.

This Week Only Don't Be Too Late

During our sale we have sold large quantities of goods, with the result that in many cases we have odd lots, such as Odd Pieces of Cut Glass, Odd Pieces of Fancy China, and remnants of lines of Fancy Goods, Ornaments, Etc., which we want to clear out. To help to do this we are going to offer these, irrespective of cost, at even greater discount.

If you are a customer of ours, you know the goods and the bargains we are giving. If you are not, come in and the chances are, you will be one. We do as we say, and always strive to give satisfaction.

Don't forget the extra special discount on odd pieces—China, Cut Glass, Fancy Goods, Ornaments

Builds New Blood Cells

It is estimated that there are over 75,000,000,000 red blood cells in the human body. These red blood cells move in the blood currents, carrying through the arteries each its little load of oxygen, which it transports to the distant tissues, that they may be invigorated and vitalized anew. When the red blood cells shrivel and waste weakness and disease result, and it is by forming new blood cells that Dr. Chase's Nerve Food restores strength to the weakened and worn-out body. Miss Marie Voigt, Mildmay, Ont., writes: "Dr. Chase's Nerve Food has proven worth its weight in gold to me. I was pale and thin and nervous, and my system was run down in every way. The skin became a yellow color, and I suffered great misery from piles. By the use of Dr. Chase's Nerve Food my health has been fully restored. I have a good appetite and now feel strong and happy." Working hand in hand with the Nerve Food, Dr. Chase's Nerve Food is the surest means of building up a run-down system.

SHE TOOK HER FRIEND'S ADVICE
And Dodd's Kidney Pills Cured Her Son.
Straight and Simple Statement Tells of Another Grand Cure by the Old Canadian Kidney Remedy.
SPRINGHAVEN, Yarmouth Co., N.S., March 3.—(Special)—Simple and straight to the point is the statement of Erven C. Treffy, of this place, but it tells of another grand cure by Dodd's Kidney Pills. "My fifteen-year-old son 'Angus,' Mrs. Treffy states, 'suffered from pain in his back, headache, and a pain over his eyes. "He was so bad he could not walk across the floor. My friend advised me to give him Dodd's Kidney Pills. "They cured him." The reason they cure rheumatism, backache, gravel, dropsy, Bright's disease, diabetes, and kindred diseases, is that these all spring from disordered kidneys. If you haven't any of these diseases you haven't tried Dodd's Kidney Pills. Ask your neighbors. They'll tell you Dodd's Kidney Pills always cure them.

NATURE'S LAWS.

Nature's laws are perfect if only we obey them, but disease follows disobedience. Go straight to Nature for the cure, for the forest, there are mysteries there, some of which we can fathom for you. Take the bark of the Wild-cherry tree, with mandrake root, Oregon grape root, stone root, queen's root, bloodroot and golden seal root, make a scientific, glyceric extract of them, with just the right proportions, and you have

DOCTOR PIERCE'S GOLDEN MEDICAL DISCOVERY.

It took Dr. Pierce, with the assistance of two learned chemists and pharmacists, many months of hard work experimenting to perfect this vegetable alterative and tonic extract of the greatest efficiency.
Mr. C. W. PAWLEY, of Millville, Calif., writes: "I wish to tell you that I have used your 'Golden Medical Discovery' in my family for twenty years. We have had a doctor called in but none during that time. I have a family of ten children, all well and hearty, for which, to a great extent, we owe thanks to you and your 'Golden Medical Discovery' and 'Pelleas,' which we use when sick."
Dr. Pierce's Pleasant Pellets regulate and invigorate stomach, liver and bowels. Sugar-coated, tiny granules.
