**CANADA WILL GIVE FRANCE A HOSPITAL**

Contribution is Gratefully Accepted on Behalf of France by President Poincare.

London, Aug. 29.—The Canadian Associated Press learns that arising from the visit of Premier Borden to France the Dominion Government has decided to provide a hospital near Paris for wounded French soldiers. This decision will give immense pleasure not only to Canadians, but also to Great Britain and France, as it affords further demonstration of the reality of the entente cordiale between France and the British Empire. To French Canadians the gift is of special interest, because the Government having decided to equip the hospital made the choice of the medical unit, whose members will be able to speak the language of their patients. Thus we shall see the treatment of French soldiers by the grandsons of Jacques Cartier, Champlain and Montcalm.

The Canadian Premier on the occasion of his visit to Europe was greatly impressed with the work of the Royal Army Medical Corps.

**PRESIDENT GRATEFUL.**

Canada has contributed nobly to funds for alleviating the suffering of the wounded, the gifts having included \$100,000 towards a French Hospital at Dinard. When Premier Borden met the French President recently he offered on behalf of the Canadian Government to provide and equip a hospital for French wounded. The offer was gratefully accepted by President Poincare and thanks to the exertions of Surgeon-General Carleton Jones, Director of the Canadian Army Medical Services, and the cooperation of Hon. Philippe Roy, the Canadian Commissioner in France, and the interest of Mons Manotaux, ex-Minister of Foreign Affairs, the promise of the Canadian Minister is about to be fulfilled. The hospital is already in existence in England, under command of Col. A. Mignault, of Montreal, with a staff of French-Canadian medical men and nurses. He has been in charge of a tent hospital on the south coast of England, capable of accommodating over five hundred patients. This is officially known as No. 4 Stationary Hospital. It has done excellent work, and has afforded the members of the staff an opportunity of gaining experience for their new duty.

The hospital to be given by Canada will be in the open, but special tents will be provided so that it may be used throughout the winter. There will be accommodation for over five hundred patients, and shortly the staff of French-Canadians, with Col. Mignault, will leave the south coast to pitch their tents on the outskirts of the French capital.

**WILSON AWAITS DISAVOWAL OF THE ARABIC ACT**

Has Suspended His Vacation to Await Word From Berlin.

By Special Wire to the Courier.

Washington, Aug. 30.—President Wilson had given up all idea to-day of a further extended vacation this year. His plans now are not to leave Washington until the situation between the United States and Germany clears, if he leaves at all.

The president already has received assurances from Official German sources which he hopes will result in solving the controversy with Germany over her submarine warfare. He is waiting however, for Germany to make formal disavowal of the attack on the Arabic and assurances of safety to Americans on the high seas in the future.

Count von Bernstorff, the German ambassador, had returned to-day to the summer embassy on Long Island satisfied that an amicable understanding would be reached regarding the Arabic tragedy as well as all other issues with Germany. He probably will not return here pending the receipt by the Washington government of further word from Berlin.

**OPENED TO-DAY**

By Special Wire to the Courier.

Boston, Aug. 30.—The big stock yards in the Brighton district, closed to cattle from outside the state for nearly a year owing to the prevalence of foot and mouth disease, were opened to-day for the receipt and sale of cattle from Vermont and New Hampshire.

Rabbi Price of University Avenue Synagogue, Toronto, has received word that the German frightfulness has been extended to his race in Germany.

**BULGARIA STRONGLY DEMOCRATIC; MAY CHOOSE DIFFERENTLY**

King is Known to Have Austrian Leanings, Says Eminent Jurist Sir Edwin Pears, Who Reviews the Balkan Situation of To-day Impartially.

By Special Wire to the Courier.

London, Aug. 30.—The Chronicle publishes an interview by Percy Alden M.P., with Sir Edwin Pears. Alden points out that Pears, ever since 1873, when he settled in Constantinople, had been in close touch with Turkey and the Balkans. President of the European Bar in that city as far back as 1881, and as a newspaper correspondent, who called attention to the Moslem atrocities in Bulgaria, he may be trusted, says the interviewer, to give a calm and unprejudiced opinion as to events that are taking place in Constantinople, Athens, Belgrade, Sofia and Bucharest.

**AUSTRIA LEANINGS**

Among other things, Pears said: "If Bulgaria can only secure a promise from Serbia and the Allied powers that Macedonia will be returned to her, my impression is that despite King Ferdinand who is known to have Austrian leanings, she will come in. If she enters the arena, Greece will follow. Ferdinand's opposition to war with Turkey would

make Bulgarian intervention impossible, Pears replied. "Ferdinand is a born diplomat. He began life as an Austrian officer and possesses vast estates in Hungary. He is very vain, ambitious and, I fear, unscrupulous. The foreign policy owing to the group system in Bulgaria politics, is almost entirely in his hands. Nevertheless, Bulgaria is democratic in name and may become in a crisis like this, democratic in reality.

**PRUSSIA OF BALKANS**

"The king regards Bulgaria as the Prussia of the Balkans. I think it would be a mistake to attach too much importance to the influence possessed by royal families, but that influence must not be under estimated. At this moment in Roumania, Bulgaria, Greece, Sweden and Russia there are strong pro-German elements in the court. The democracy, however for the most part takes a different view, and I am sure that Bulgarians, but for their chagrin over the second Balkan war, would long

**RECTOR OF ST. JUDE'S DELIVERS SERMON ON THE WAR AND DUTY**

Sermon of Unusual Power Delivered by Rev. C.E. Jeakins, Chaplain of the 58th Batt. to Leave on Active Service - Sees His Duty Plain.

At both morning and evening services St. Jude's church was crowded to the doors. Dozens of chairs had to be provided to accommodate the crowd. Neither service was a farewell service, but the fact that the rector would soon leave for the front made his addresses doubly impressive.

That he could not return and face the people of his church, if he had received the call of duty service, and ignored it, was a foreword yesterday morning in a brief address delivered to his parishioners at the close of the service. The call for his services had come unsolicited. Letters had followed him on his vacation journeys with offers to him. He had considered the whole matter carefully, had thought of his own family and his own parishioners, and finally he had come to the conclusion that he should answer the call of duty. He had felt that he would not have been worthy to be rector of St. Jude's church if he should face them in the future as a man who was afraid to go to the front. He knew that the people of the church did not want such a man to be over them, and thus he knew that their hearts would be with him in the going.

St. Jude's has never heard a sermon equal in eloquence, in power, and in thought to the address their rector delivered last night. The church was filled to its utmost capacity. Taking for his text the words: "Thy vows are laid upon me" and coupling with it a quotation from Wordsworth, the preacher laid special emphasis upon the fact that as the vows of God laid upon a soul dedicated to Him, so the British Empire was dedicated to this stupendous war. The empire was not entering this war for mere increase of territory. If that were its object then the war was worse than useless; then in that case it was wrong to fight. But on the contrary, if ever there was a holy war, this was one. The thoughts of additional territory had nothing to do with the empire entering the conflict, if additional territory should accrue it would be merely incidental.

**CHRISTIANS SHOULD FIGHT.**

The speaker scored those people who held that a Christian should not fight in this war. If that were so, said the speaker, he wished to be counted out of the ranks of the followers of Christ. He showed both from

Scripture and from history that the life of Christian nations and people is one long continual struggle against evil. Christ himself headed the fight and commanded it to continue until evil was conquered. And was this not a fight against evil? Did not Germany stand for the negation of all we held holy? Freedom

**THE DEAD.**

Mrs. J. W. Heaton, St. Catharines. Martin Peach, Port Rowan. Mrs. Martin Peach, Port Rowan. Alan Peach, aged twelve, Ray Peach, aged ten. Hamilton, Aug. 30.—Five lives were lost in an automobile accident that occurred on the line of the H. & B. Railway near Ancaster Saturday afternoon, about 12.20, when the express from Brantford struck automobile 19,627, driven by J. W. Heaton, of St. Catharines. Mrs. Heaton, wife of J. W. Heaton, Mr. and Mrs. Martin Peach of Port Rowan, and their two sons, Alan, aged twelve years, and Ray, aged ten were the victims of the terrible affair. Mr. Heaton escaping with a broken leg and a bad shaking up.

Mrs. Heaton and Mr. and Mrs. Peach were killed instantly. Alan Peach died before the train, which struck the auto, reached this city, and Ray Peach died at the city hospital Saturday night without having regained consciousness.

Coroner Simpson is in charge of the case, and has ordered an inquest for Monday night at the Central Police station.

The train was in charge of Conductor Chester Sheppard, 19 Augusta street, with Engineer Daniel Edwards and Fireman G. E. McGregor in the cab of the engine.

**TINY TOTS PLAY THEIR PART HERE**

Courier Has Visit From Two Little People Who Raised Funds For Gun Fund.

The Courier on Saturday afternoon received a very touching contribution towards the machine gun fund. Two little girls, just about as high as the counter, came into the office and proudly produced 66 cts. towards that object. It appeared that Margaret Lewis, Eva Hayhurst, Jessie Garrett and Eva Garrett got up an entertainment in the home of the last named, 123 Cayuga St. and gave a program, included in which Inis Garrett aged four, was one of the performers, singing "Tipperary" and "I want to go back to the farm."

There was a charge of one cent a head and the sixty six cents represented the proceeds.

**GALLANT OFFICERS RETURN TO-NIGHT AT EIGHT O'CLOCK**

Lieuts. A. Cockshutt and A. Bishop are Returning Home.

Mr. W. F. Cockshutt, M.P., sent a wire from Montreal on Sunday, stating that his son Lt. Ashton Cockshutt, had arrived there and that they would be home in Brantford Monday night on the 8 o'clock G. T. R. train.

Mr. and Mrs. F. J. Bishop also left the city to meet their son, Lt. Arthur Bishop, also home on sick leave, after sustaining wounds in action. It is thought that they may likely arrive on the same train.

**THE LAST FORTRESS.**

By Special Wire to the Courier.

Berlin, Aug. 30.—Via London.—German forces have made a further advance on the Russian fortress of Grodno, the only one of their fortified positions near the German border which still remain in their possession. Official announcement was made here to-day of the capture of Lipsk, in Northern Russian Poland, about 20 miles to the west of Grodno.

**LIEUTENANT ARTHUR BISHOP IS AWARDED ORDER FOR BRAVERY**

News of This Leaks Out in Passenger List—Report of Wounded Officers at Montreal Now on Way Home.

In the subjoined list of officers, the name of Lt. Arthur Bishop, 1st Middlesex Regt., is mentioned, together with the fact that he had been awarded the D.S.O. This is the first notice that such has been the case.

By Special Wire to the Courier.

Montreal, Aug. 30.—Fourteen officers and twenty-two men of the Canadian contingents, with doctors and nurses attending them, reached Montreal last night on the Canadian Pacific Liner Missanabie. Great satisfaction with the way they had been treated in the hospitals of France and England, and also on ship while returning, was expressed by the men, while the medical men with them praised the excellent spirit and grit which the wounded men themselves displayed. One of the party was Mrs. Lorne Gardner of Ottawa, who had been entrusted at the front with collecting information about wounded and killed soldiers for the Canadian Branch of the British Red Cross Society. She speaks of the gallant work of the Canadians in saving Calais, and of the realization and appreciation of this by the French people.

Captain Hassard, of the Canadian

field hospital, who was on crutches, his wound having been gained from his pony stumbling and breaking his ankle as they fell, said most of the Canadians are anxious to get well.

"Of course, there are quitters in any game you like to mention," he said, "but there are fewer of that kind among the Canadian boys, or the others either, for that matter, than one would expect. Some look for a quick ending to the war. I am not one of them, but whether quick or soon, the boys who have been wounded want to stay with the work until it is finished."

The wounded officers included the following:

Lieut.-Col. Gardner, Ottawa; Captain Hayward, Corporal Stewart, 5th battalion, who carries 27 shrapnel wounds; Captain H. A. Duncan, 16th battalion, Hamilton; Major Mercereau, of Quebec, member of the general staff; Lieut. Brown, 1st battalion, Galt; Lieut. Fornerette, 10th battalion; Lieut. W. Cockshutt, 10th battalion; Lieut. de Pey, P.P.C.L.I.; Lt. Bishop, D. S. O.

**CONFERENCE OF TEUTONIC HEADS NOW SITTING**

Nothing Has Been Learned of Its Views So Far in Berlin.

By Special Wire to the Courier.

Berlin, Aug. 30.—Via London.—No word has reached Berlin concerning the conference at Eastern headquarters between Dr. von Bethmann-Hollweg, the German Imperial Chancellor, Admiral von Tirpitz, minister of marine and Emperor William and no developments of any sort have occurred in the case here since the chancellor's declaration of policy given out last Wednesday. Admiral von Mueller chief of the private marine cabinet and the emperor's direct person adviser on naval affairs, is also with the emperor. The admiral's influence it is known, is thrown with that of Dr. von Bethmann Hollweg and Foreign Minister von Jagow against complications with the United States, and so the opinion is held here that there is no reason to change the hopeful view of the situation expressed after the chancellor's statement.

General D'Urbal, commanding the Arras army, is seen on the left, and in the centre, with Mr. Millerand, is Albert Thomas, French Minister of Munitions. Ottawa, Aug. 30.—An important change in the system of sending over reinforcements is announced. Twelve battalions are to be sent to England as units, instead of in drafts, and the selection will be the senior corps in each military division. Divisional Area 2—35th Battalion, Col. McCordick, Toronto; 37th Battalion, Col. Bick, North Bay, Sudbury and Sault Ste. Marie; 86th Battalion, Col. H. A. Genet, Toronto.

Divisional Area 4 and 5—41st Battalion, Quebec, Col. Archambault.

Divisional Area 6—40th Battalion, Col. A. J. Vincent Amherst; 58th Battalion, Col. J. R. Kirkpatrick, St. John.

Military District 1—44th Battalion, Whalen, Stewell Camp; 45th Battalion, Col. F. J. Clark, Sewell Camp.

Military District 11—54th Kootenay Regiment, colonel not selected.

Military District 12—50th Regiment, Calgary, Col. E. G. Mason.

**MUST MODIFY CAMP PLANS**

London, Ont. Aug. 30.—As a result of the change in orders from the Militia Department, which will permit of the battalions stationed here going as whole units to England and not in detached companies, the plans which had been made for the housing of 4,000 or 5,000 troops in a great winter camp here will have to be modified.

**SPORTING LIFE LED IN INDIA BY "TERRIERS"**

Letter of a Territorial Now on Active Service in Northern India.

The mosquitoes were awful at Meerut during April, but I was quite all right at night with a net. But I could not sit in any room after dark in any comfort. They seemed to like my room more than any other in the bungalow! There are none up here at all, at least I have not seen here more than one or two.

Thanks also for the two cuttings, I have not read them yet, but they look interesting.

Thursday, 27th May.—We were going to fire at 6.30 a.m. but we went out to the range at 7.15. It was rather windy, so we did not. At 11.30 we started a cricket match, officers and sergeants of 7th vs. same of the 6th Batt. We had matting on the parade ground, and in spite of the smallness of the ground, only one ball was hit over the "khuud" (steep hill back). We had lunch interval, 1 o'clock to 2.30, and finished at 5.30. It was quite a good game, but we lost out for 170. I did not do anything special. At 6.30 we had a game of soccer, also officers and sergeants of both battalions. We lost, 2-3, but it was very even and their extra goal was a penalty. I played in that too, at outside left, and got on better than in that other game at Meerut. I quite enjoyed it, but I was tired after the two games.

Friday, 28th.—We finished our firing in the morning. Out of the 46 men who fired the last part of table B. (by which they are classified) we got six marksmen—over 130 out of 185—28 first class shots—over 105, and 12 2nd class—over 75. I got 107, but ought to have got more. That is very good on the whole and much better than the shooting at Meerut.

In the evening, went to a cinema show in the gym—quite amusing. A man is giving displays for a week up here.

Saturday, 29th.—Thunderstorm in afternoon from 2-5, with usual heavy rain and hail. Played bridge after mess with Capt. and Mrs. Bacon and Lisby in their bungalow.

Sunday, 30th.—Church parade at 8.30 for service in church at 9.15. Quite fine again. It seems quite usual to get a thunderstorm every few days.

Monday, 31st.—Nos. 1, 2, 3 platoons of our company went a khud climb to a waterfall in the valley to east of Cantonments. It is a tremendous scramble down 3000 feet through woods and then open hillside with a few trees and scrub, to the valley below. We took three quarters of an hour to go down and had an hour there and one and three quarters of an hour back again. It was rather a

CANADIAN GOLFERS ALL OUT BUT LYON
Toronto Veteran Only Survivor in U. S. Qualifying Round at Detroit.
Detroit, Mich., Aug. 30.—Of the four candidates for the United States national amateur golf title only one survived the qualifying round played here at the Detroit Country Club course on Saturday. That one is George S. Lyon, the veteran from the Lambton Golf and Country Club of Toronto, several times holder of the Canadian national title and a prominent golfer on the west side of the International boundary.
Lyon played consistent golf going out and coming in, his outgoing score being 40, while his in return card on Saturday was 41. Following are the cards turned in by the Canadians:—G. S. Lyon, Lambton G. & C. C. 40, 42—82; H. B. Hoblitzel, Sarnia G. C., 42—44—86; J. M. Hunt, G. C. Ontario 43—7—80; A. A. Adams, Hamilton, Ont., 50—49—99.
Seventy-three contestants, almost evenly divided between the east and west, survived the preliminary qualification round of 18 holes—medal play. David Morrison of Pittsburgh and D. E. Sawyer of Wheaton, Ills., each turned in low cards of 73. Sixty golfers had scores of 84 or better, and the thirteen who tied with 85 also were permitted to enter the second preliminary round of medal play today.
There were few surprises and no important upsets. Herron made history for the Detroit Country Club by scoring 120 yards in the thirteen holes of the second round. Arthur P. Lee of Detroit, after going out in 46, came home in 36—a feat that was not equalled. Chick Evans came home with a score of 76. Jerome Travers took 79, James J. Standish, 81 and Francis Quimet 82.

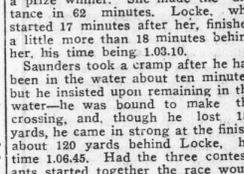

AMATEUR GOLF CHAMPION
By Special Wire to the Courier.
Detroit, Mich., Aug. 30.—The final qualification round of 36 holes, medal play, to determine the 32 golfers who will begin match play to-morrow for the National amateur golf championship, began this afternoon at the Detroit Country Club. Seventy-three contestants who survived the preliminary match Saturday were entered in cards of 152 or better would safely weather the elimination task. To-day's forenoon round of 18 holes began at 9 o'clock. Francis Quimet was among the first to start away.

London, Wednesday, Aug. 25 (de- layed by censor)—The Norwegian steamer Salonika, from Griston, has been detained at Kirkwall by the British authorities.
Loss of Appetite is commonly gradual: one dish after another is set aside. It is one of the first indications that the system is running down, and that nothing else good for it as Hood's Sarsaparilla—the best of all tonics.

THE SITUATION.

In the Western theatre the Allies have become very active in the matter of aerial assaults and heavy and continuous artillery fire. It is very evident that in both departments their resources have become greatly strengthened.

Hand-to-hand fighting has not recently been reported to any extent. The fact is becoming more and more apparent that in Belgium and Northern France matters have become very much of a deadlock.

It will be noticed that foreigners in each year have totalled much less than British and United States newcomers, especially in the later years. This is a pleasing feature.

The British total for the years under review reached the very large figure of 1,159,628, made up as follows: English 833,982; Scotch 240,106; Irish 72,144; Welsh 13,396.

The Americans during the same period also totalled about one million, and the foreigners 874,446.

DANGEROUS CROSSINGS.

The fatality near Ancaster, whereby a whole family was wiped out, again brings forcibly to mind the many dangerous railway crossings which are allowed to exist throughout this Province.

With the increasing number of automobiles these death traps have become all the more of a menace. Their existence even prior to that was little short of a crime, and it has become even more so since.

The annual toll in human life has been appalling, and will continue to be unless drastic steps are taken.

It is not alone in country districts that the menace exists, but also in large communities. Right here in Brantford we have level crossings on busy thoroughfares which are a constant invitation to disaster.

The entire subject is one which needs to be taken up, and taken up hard.

SOME IMMIGRATION FIGURES.

Hon. Mr. Roche, Minister of the Interior, has had an interesting brochure issued with reference to the total immigration to Canada from January 1st, 1897, to March 31st, 1915.

Table with columns: YEAR, BRITISH, FROM U.S.A., OTHER COUNTRIES, TOTALS. Rows include years from 1870 to 1914-1915.

It will be noticed that foreigners in each year have totalled much less than British and United States newcomers, especially in the later years. This is a pleasing feature.

The Americans during the same period also totalled about one million, and the foreigners 874,446.

Germany entered this war equipped with every ounce of armor. The Allies have been buckling on theirs for over a year, and are now at last just where the Kaiserites started.

The Huns are now using phosphorus in their shrapnel, so that burns from it may cause death even if the wound doesn't. The nethermost region is a pink tea affair compared with the deeds of these modern devils.

PARIS, ONT. WOMEN BUSY. In Half Day's Canvas Collected \$550 For Red Cross. Paris, Ont., Aug. 30.—The Women's Patriotic League, the Paris branch of the Red Cross Society, made a canvass of the business people of the town, and in half a day collected over \$550.

GERMAN RAIDS GAIN NOTHING FOR THE HUNS

Statement by A. J. Balfour First Lord of Admiralty, in a Letter.

London, Aug. 30.—"No soldier or sailor has been killed or even wounded, and only on one occasion has damage been inflicted which would by any stretch of language, be described as of the smallest military importance," says Arthur J. Balfour.

"The reason," says Mr. Balfour in his letter, "is quite simple. Zeppelins attack under cover of night and by preference on moonless nights. In such conditions landmarks are elusive, navigation difficult, and errors inevitable and sometimes of surprising magnitude. The Germans constantly believe, that they dropped bombs on places which in fact they never approached."

"How ought we to rate the Zeppelins among the weapons of attack and what have they done and what only what we must. Nobody will, I think, be disposed to doubt that this, reference is judicious. But the question may still be asked whether it is used not merely to embarrass the Germans, but unduly to reassure the British."

Lieutenant (Continued from Page 1) Lieut. Bishop, 1st Middlesex Regiment, awarded the D. S. O. According to one of the officers, Captain Duncan, of Hamilton, and who returned home last night, he acted in a cool and brave manner. Accompanied by only a handful of men, at the battle of Festubert, he rushed the German soldiers, occupying an orchard, and after a brief struggle drove them from the position.

RECEIVE MILITARY CROSS Captain Haywood, Toronto, will receive the military cross for one of the brave acts of the war. With a sergeant he was in a dressing station right on the line of fire attending to over twenty men needing immediate help, when the Canadians were ordered to drop their shells with accuracy. Captain Haywood and his sergeant stayed behind and worked hard to save the men. Before the station was demolished he had succeeded in saving the lives of men left in his charge. Eleven others wounded were burned to death. The sergeant has been recommended for the D.C.M.

Harris Cohen, of Brooklyn, killed 98 cents to one son and a dollar each to two daughters for disrespect of Jewish tenets.

The new wrist watch for soldiers shown at the New York jewellers' convention had a compass and an illuminated night dial.

Catherine Slevin, aged 12, was arrested in New York for starting an auto truck that killed five year old Elizabeth Johnson.

SEVERE RHEUMATIC PAINS DISAPPEAR

Rheumatism depends on an acid in the blood, which affects the muscles and joints, producing inflammation, stiffness and pain. This acid gets into the blood through some defect in the digestive process. Hood's Sarsaparilla, the old-time blood tonic, is very successful in the treatment of rheumatism. It acts directly, with purifying effects on the blood, and expels the acid. Don't suffer. Get Hood's today.

BULGARIA STRONGLY

(Continued from Page 1) ago have been on our side." KAISER'S SISTER. With regard to Greece, Pears said: "The Queen, who is a sister of the Kaiser, has, as you are aware, a great interest in the Balkans. It is she who quite recently brought Greece within a measurable distance of revolution. The concern of Venizelos to-day is rather how far she can be taken by the hand, and how far she will go."

"Venizelos is in favor of conciliating Bulgaria, and for an adequate compensation would, perhaps, surrender Kavalla, although in his earlier address he said he would never surrender an inch of Grecian territory. If Greece had come in at first, she would have had the whole province of Aidin, with Smyrna as its capital, and even now Russian proposals committed by the Turks to the Greeks of Aidin make it certain that the success of the Allies in the event of Greece supporting them, would mean an extension of her territory in Asia Minor."

RUSSIAN INFLUENCE The interviewer asked Pears if fear of Russia would likely have any effect on the attitude of Roumania. Pears replied: "The recent reverses of Russia make that less probable. The present attitude of Roumania is a Hohenzollern, and naturally looks towards Germany as did King Carol before him, but this, in itself, would not be sufficient to keep Roumania neutral. Roumania, like Bulgaria, is somewhat afraid that the success of Russia would mean the occupation of Constantinople, and as a consequence the turning of the Balkan states into Russian provinces. That, at all events, is their fear. The danger, from their point of view, is not so great as it was, and the German alliance with Turkey compels them to favor Russia rather than the Central Powers of central Europe. Roumania is populous, wealthy and powerful, and I am not without hope that before long her relations with both Bulgaria and Russia may make her a power for her to play a part in this great struggle."

EXPOSITION VIA THE CANADIAN ROCKIES At the present time a great many are planning their annual tour. Considerable numbers visit the popular California resorts, while many prefer the unsurpassed resorts, palatial hotels and magnificent scenery of the Canadian Rockies. This year why not combine the two by a visit to the Panama-Pacific Exposition? Numerous people in comfortable circumstances, well able to afford a trip, have the mistaken idea that a journey of this nature is most expensive. This is not so; thanks to the modern railway facilities, an extensive, trip, both interesting and educational, can be made with speed and comfort at a comparatively small cost. Why not investigate? Those contemplating a trip of any length should get in possession of a copy of the "Panama-Pacific" from any C. P. R. agent, or write M. G. Murphy, District Passenger agent, Toronto.

Conference (Continued from Page 1) The exact wording of instructions issued to naval commanders has not been divulged, and high officials when questioned would not answer, but it is stated that they certainly include the direction to attack no passenger steamers without adequate warning. Whether this applies to lighters is difficult in distinguishing a freighter from a passenger ship through a periscope would in any case produce the same effect. The American government is now officially in possession of the same declaration of policy as contained in Dr. von Bethmann Hollweg's statement and apparently with the same limitations, this having been conveyed by Minister von Jagow to James W. Gerard, the American ambassador, at a conference Wednesday noon.

No report on the sinking of the Arabic has yet been received, none of the submarines which might possibly have been involved having returned to port. The admiralty says that the report may come any day and may possibly be delayed another fortnight. At least that interval must elapse before the last of the submarines operating south of Ireland returns.

HARVESTING WEATHER. By Special Wire to the Courier. Winnipeg, Aug. 30.—Splendid harvesting weather prevailed over the whole West during the week end, and no frost is reported anywhere. Harvesting made good progress last week, and in many districts will be completed before another Sunday comes, while a start will be made this week westward from the east has stopped, with about thirty thousand men landed in the prairie provinces from other parts of Canada.

CRIMEAN WAR VETERAN IS KILLED AT LONDON

Col. James Hesketh, Who Fired First Shot at Inkerman, Run Over by Engine.

London, Ont., Aug. 30.—Col. James Hesketh, who went through the entire Crimean campaign unscathed, and who came to Canada in 1872 as Staff Officer of Imperial Pensions, was instantly killed by a light engine on Richmond street crossing of the C. P. R. yesterday.

He was born in Cheshire, England, eighty-seven years ago, and spent his entire active life as a military man. He was mentioned in Kingslake's History of the Crimean War as having fired the first shot at Inkerman. He was then subaltern in the Royal Horse Artillery. He passed through all of the larger engagements including Alma and the siege of Sebastopol, and was never wounded. For years after coming to this country he lived in Ottawa and London, and while here, he paid all imperial pensioners in western Ontario, until the work was taken over by the Dominion Government. He retired after fourteen years, and made his home in Toronto and London. He was in Toronto until 1909, and since that time had resided with his daughter, Mrs. John Piddicombe of 216 St. George street here. The Colonel who was quite active, left his home for a walk yesterday, and in crossing the C. P. R. at Richmond street walked in the path of an engine backing up light to pick up a passenger train at the city depot. His body was terribly mutilated, and a considerable time identification was impossible, the belief being held that the victim was an inmate of the Aged People's Home, which is but a short distance away.

The body will be forwarded to Toronto for interment, probably on Wednesday, and it is possible that he will be accorded military honors here. Mrs. H. H. Beasley of Toronto is a daughter.

Therefore, let Christians remember that the call came to them to take up arms and smash utterly and for all time the German nation. The vows of God were laid on Canada to-day, dedicating it to the cause of God and liberty. REPORT IN WEEK'S TIME. The Rev. C. E. Jenkins received word this morning that he is to report at camp in a week's time. Thus next Sunday will probably be his last Sunday in Brantford, and although no formal farewell sermons will be delivered, it is likely that his church will be more crowded, if possible, than it was yesterday.

FIGHTING FOREST FIRES.

Portland, Oregon, Aug. 30.—Hundreds of men, many of them farmers called from their harvesting were fighting big forest fires to-day in the Cascade mountains near Mt. Hood. Thousands of acres of woodlands have been burned and many fields of grain have been destroyed. Small fires are burning in other sections near Portland.

ANOTHER EVEN BREAK WITH FAST-GOING LEAFS IN SPITE OF POOR UMPIRING AND A CRIPPLED OUT-FIELD. BRANTFORD MANAGED TO WIN THE LAST GAME.

Another even split was the result of Saturday's double-header. The Brants were so pitched up that it is a wonder that they secured one game. Then, too, they had to fight against the umpire as well as their opponents. The first game was very tiresome to watch and the second battle resembled a burlesque show more than baseball. Warner went onto the mound for the home team, and because both Bur and Dunlop were still out of the game, Streeter played in the center and Walker and Chase occupied the outer positions. Comstock was brought in to hold down the third sack and Todd was put in short. The visitors started in by doing something in the very first frame, Kelly's homer over the right field fence, gave the Leafs their first run to start on. It looked as though the Brants would start off well, but Todd's nice double into deep center field was wasted, for the side was quickly retired. With a boot to aid them, the Leafs failed to make a hit. Brantford made two in both the second and third innings. Fried made a beautiful triple out to left field, but he was forced out. They managed to score in the third however, through two singles and an error. In Guelph's fourth, George Ort knocked out a double and scored on Brown's single. They again scored in the sixth through a double and a single. After Brantford had scored in the third, they failed to do more than make two singles, all the rest of game. The seventh was the most eventful innings of the game and was the frame which finally clinched the game for Knotty Lee's crew. Harkins singled, but was put out on second when Grieves bunted, meaning to sacrifice, and Cooper picked it up and pegged to Todd. Murphy placed a long drive into right garden, which scored Grieves, but failed to advance the batter further than first. Carney singled, but later was put out at the plate when he tried to score on Collins' single. A walk, a single and a line pitch brought in one more for Guelph and made the score 6 to 1. They tried to make some more, but went out in order in the following frames.

the ball up after it had hit the ground covering the play by rolling over. He then shot the ball into Grieves, who relayed to Kelly, and the base runner was proclaimed out. Through Bedford's blindness this was made a double play and the side was retired. Comstock made a hit and the only steal of the game in the next frame, but the Brants failed to break. In the sixth frame, in this frame two singles were made by Guelph. Then with two out, George Ort tried to steal, but he must have been touched out half way between first and second. Then the Brants cinched the game. Cooper rapped one out to right and Ivers made a nice butt. Comstock's sacrifice advanced each one base. Then Rabbit Fried picked up his willow and placed one in exactly the best place, right along the inside of the left field foul line. This nice hit scored the two winning runs. For the first time this year, four pitchers were worked out, two on the mound and two in the outfield. Both Walker and Ryerson played well in the game, and held down his post as did Comstock on second. The Leafs made only one change. Mr. Harkins, their crackered up backstop, warmed the bench, while Red Fisher did the receiving. Another coincidence of the game was that first baseman Kelly made a home run the first time up, in exactly the same manner as in the first game. The score:

SPORTING COMMENT

The crippled Brantford team divided a double-header with Guelph on Saturday, and although the games were not the best of the season, they were a vast improvement over the contests of the two preceding days. In spite of the ragged support accorded Warner in the first game Guelph hit him hard and deserved to win, but the Brants also spoiled their chances by bad base running. There was enough excitement in the second game for a whole season, and the locals overcame a four-run lead and won out in fighting style.

The chief entertainment of the afternoon, however, was not the game, but the umpire. There have been umpires and umpires on the local grounds, but there never was an official who so utterly crawled as did Bedford. His work on balls and strikes was very bad, but that could be excused if he showed that he controlled the situation. But he did not. In the first game a Guelph batter told him in a tone the whole grandstand could hear to shut his mouth and in the second game the whole Guelph team ran riot.

With a man on first George Ort came to bat and sent a bouncer over first base good far on a three-bagger. Bedford called the ball foul—which it undoubtedly was—and Ort later struck out. In a regular try he hurled his bat fifty yards away, almost to the fence in front of the grandstand. Bedford did nothing. When the Guelph team took the field they proceeded to ridicule the umpire in a manner utterly disgraceful. Every time Bedford called a ball or strike Ort yelled out derisive "Baa-an". Collins in left field followed his example: Brown stood on his hands to show his contempt, while the other members of the team cheered and hooted and called out without moderation. Bedford allowed everything they did to pass, and his "laying down" before such open insolence so acted on the spectators that they, too, in short order became a good second to the Guelph team. The whole game for a while degenerated into a burlesque; in fact, if Brantford had lost, with the temper the crowd was in from the actions of the umpire, there was all the earmarks of a first-class riot. However, things calmed down, Brantford won, and the game ended quietly, but it wasn't Bedford's doing.

The prevalent opinion of the people present was that it is up to President Fitzgerald to take some action. Bedford's decisions were fearfully bad at times, but an umpire who for whatever reason takes what he took on Saturday, can't be given his release too soon. Bedford isn't the most popular umpire in the circuit, but if he would put his foot down and run the game, both players and spectators would put up with raw decisions. Halligan has made some bad decisions, but if any player tried to tell him so he does the dead march to the dressing room, and as a result Halligan is always welcome. So Mr. Fitzgerald had better tell Bedford to run the game or get out. Neither

CLYMER IS ILL AND GRAYS BEAT LEAFS

Manning is Subjected to Another Pounding—Leafs' Hits Not Timely. Providence, R.I., Aug. 30.—Minus the services of their pitcher, Bill Clymer, who is ill with an attack of malaria, the Maple Leafs dropped the second game of the series to Dave Shean's Grays here Saturday by a score of 7 to 4. Although they found Oeschger offerings for twelve safeties, including a triple by Daley and doubles by Manning and Gilbert, they were unable to bunch hits except in the fifth frame. In this session they laid against the big southern pitcher's shots for five hits, which netted them three runs. By innings:— Providence . . . . . 142 000 000—7 Toronto . . . . . 000 030 100—4

"COMMY" GIVES \$100,000 FOR FOUR STAR PLAYERS

The purchase of Joe Jackson by Charley Comiskey calls attention to the lavish hand with which he has thrown money away, or spent it wisely for ball talent. In one year Commy has purchased four players from two clubs with the idea in mind of swinging away the American League flag for this season. For these four players the Sox owner has spent in one year's time, setting a record of \$111,000. Following are the players he has purchased this season: Eddie Collins, Philadelphia Athletics, \$20,000; Joe Jackson, Cleveland, \$20,000; Nemo Leibold, Cleveland, \$20,000; Total, \$80,000. Frank Baker is leading the Delaware county league in batting. This only goes to show that it is hard to keep a good man down. Yesterday they are in the first division for the first time since the first week of the season, Harrisburg took two to the Royals, leaving Toronto in undisputed possession of the fourth rung of the ladder.
