SERVICE FOR MEN OVERSEAS

St. Paul's Church Services Remembered Soldiers of Town Yesterday

OTHER SIMCOE NEWS

Simcoe, June 17.—(From Our Own Correspondent).—St. Paul's was embowered in ferns and flowers yesterday and there was a splendid turn-out for the service in honor of the boys overseas, fallen or still fighting.

The Heroic Dead. Capt. Hilton Paulin. Gordon Small. George Aikens. Harold Hillis. George Pratt, Jr. George A. Neill. Robert Towland. Jack Westgarth. Lloyd Coates.

And with these Cyril Walton, whose parents have lived here for years, but who was in service abroad for years in India, and died in service. He had never been in Canada. Flowers were everywhere through the auditorium, peonies from the Campbell gardens and daisies predominating. Mrs. Clara Lawson was in charge of the decorating. The choir filed in, the ladies gowned in new white surplises, replacing the customary black.

Distinguished Guest. The service proper was interrupted owing to the presence in town of Dr. John T. Faris, editor-in-chief of the Presbyterian Board of Publications, Philadelphia, who arrived in town for the day, while out from

headquarters to attend the International Sunday School convention to be held at Buffalo this week.

His primary mission to Simcoe was for a conference with Mrs. Jamieson of Elmhurst avenue, who has for two years, filled most ably and satisfactorily the office as editor of the Primary S. S. leaflet.

Canadian Hospitality. "You have a way over here of making a fellow feel at home," he began. "I had thought, owing to my hour of arrival (2 a.m.) to drop in unannounced and find a hotel, but your pastor accosted me by name as I alighted from the train, and to my surprise knew all about it. We went to the Manse."

A Word About the War. As might have been expected, the visitor spoke of the war. "It is not for me to come over to Canada to talk (perhaps 'advise' was his meaning) about the war. It is our duty to be worthy of the Canadians, the British, the French and our other

allies. He spoke of the splendid work being done south of the border, and what is being accomplished, and how heartily, and with what determination the Republic is mustering to the colors without any thought of sacrifice, but duty and honor the keynote everywhere.

He eulogized President Wilson as a man of pious parentage, noble of birth, high ideals, wide scholarship and academic training. It only remained for the choir, as is their custom, to close the meeting with "God Save the King," and with it, revert to the special theme of the day, the war-time stanza, "God Save Our Splendid Men, etc."

In the evening, members of the Orange order attended in a body, and heard the Irish question discussed by an Irishman, and so well did they follow the sermon that approval from the members of the Order were a little tardy in reaching the church, and added to this delay, that time being given them for some of their members to catch the southbound car, so that the speaker was obliged to curtail his sermon. It was stated during the discourse that 24 per cent. of the men from Canada who had gone overseas were Orangemen.

The Oddfellows will attend an Oddfellows' memorial service at St. Paul's next Sunday. The local lodge has sent many men overseas.

Rev. J. H. McBain delivered his farewell charge at St. James' yesterday evening from Phil. 2-12, "Forgetting the things that are behind." There was present a large audience among whom were many from other churches.

Mr. McBain will leave for Kitchener on Saturday. Mrs. McBain and their daughter will go north on the following Monday or Tuesday. Father Gerard, of London, conducted services at St. Mary's yesterday. Father Nagle is expected to return to Simcoe for a few days, possibly during the week-end, but will be obliged to take further release from his parish to regain his former good health.

Splendid Indian Service. Rev. Middleton of the Blood Reserve, McLeod, preached at St. John's yesterday morning and coming up to Simcoe for the afternoon held his annual service at the Hall open bound for an hour, relating the story of a Blood Indian, one of the first 17 men who enlisted in 1914 and went overseas as the first western contingent, a man who was the first Indian to receive the rank of lieutenant, who was wounded and gassed and returning to Canada died at Quebec after arrangements had been made, in the direction of the Mayor of McLeod, for a civic banquet to the Indian hero. How his pagan parents reviled officials of church and state, and later came up for baptism and gave still two more sons to the army.

Mr. Christie was missed from church and school service at Trinity yesterday. There was a splendid turnout at the Baptist church in the morning, notwithstanding the heavy convention week which preceded it, and will take place in Oakwood cemetery on Wednesday.

Press Photographs. David Topping of Toronto spent the week-end as guest of Mrs. Ernest Wilson. In our Saturday "Five Generations" article, "Abraham Dean" should have read "Abraham Dean". By some peculiar omission, the name of Baby John Leaney, aged 1 month, was omitted, and through the omission the article lost its point.

Mrs. Jamieson will attend the International Sunday School convention at Buffalo this week. Miss Graham returned on Friday from a two weeks visit to Windsor and other western points.

NATIONAL COUNCIL SESSION ENDED

Several Resolutions Were Passed at Final Meeting on Saturday

REFORMS FAVORED

At the closing Saturday afternoon of the annual meeting of the National Council of Women, the following resolutions were passed: 1. That the National Council of Women request the War Trade Board to direct the distribution of wool 'tops' and spun yarn and worsted, so that it be not released for the manufacture of fancy woolen articles, but for spinning fancy yarn or knitting fancy woolen articles which do not conduce to the effective carrying on of the war, and also urge that the National Council, through all local councils, do urge the women of Canada to conserve the purchase of or knitting fancy woolen sweaters and other unnecessary woolen articles, thus releasing material for making articles necessary for the continuance of the war.

2. That this council shall give its hearty support to the movement to arrange for a national conference on education, as outlined by Prof. Osborne, of Manitoba University, and request the convenor of the standing committee on education to confer with Prof. Osborne on this matter and report to the next meeting of the executive.

3. A resolution introduced by the Winnipeg Council, that the National Council of Women instruct its committee on immigration to take up with the Minister of Immigration and Colonization the question of the original nationality of immigrants coming into Canada, from the United States in an endeavor to prevent the entry of numbers of immigrants who are of enemy alien birth and sympathies.

4. That the council give support to the Child Welfare Department of the Ontario Board of Health, and that it shall take steps to co-ordinate the activities of organized and unorganized women of the province so as to enable this department to reach every corner of the province through organized effort.

5. That the National Council of Women do urge upon the Government the importance of establishing immediately a Federal Department of public health, including bureau of child welfare and venereal diseases under the direction of a Minister chosen, not on account of political affiliation, but only upon the basis of competency.

6. That the National Council of Women express their regret and indignation that the Senate refuses its consent to the amendments to the Criminal Code raising the age of consent to 18 years of age, thus preventing legislation for which the National Council has worked since 1915.

7. That the National Council of Women, realizing their responsibility towards the thousands of young girls who are congregated in our cities, and the opportunities of obtaining remunerative work, consider the absolute necessity of some better protection to be provided for them in suitable housing accommodation.

8. That the love and gratitude of the National Council of Women of Canada, in a convention assembled at Brantford, be sent Gen. Sir Arthur Currie, our splendid soldiers and nursing sisters, who are protecting our liberty and our ideals with such courage and devotion in this great world war.

9. That the National Council of Women bring before the Provincial Legislature the imperative need of classification of prisoners and the

segregation of arrested prostitutes from other prisoners.

Resolved That The National Council of Women, in annual meeting assembled, hereby extend thanks to the President and officers and members of the Brantford Local Council for their cordial hospitality; the Mayor and City Council for their courteous welcome; the Ladies' Aids of the Churches that so kindly provided luncheon for the delegates; the President and members of the Rotary Club; the President and members of the Brantford Golf Club; the Superintendent, staff and pupils of the Mohawk Institute; the Principal, staff and pupils of the Ontario Institute for the Blind; the ladies who acted as hostesses, and those who so generously loaned their motor, to young ladies who so unflinchingly and in the most efficient manner, acted as pages at the meetings and as waitresses at the luncheons; to the Press for their accurate and exhaustive accounts of the meeting; the directors and officers of the Y.M.C.A.; the musicians and speakers at the receptions and luncheons; all who aided in the preparation of the unique souvenir, and the many who cannot be specified, but who by their kindness and charm, added to the real delight of our stay in Brantford.

MORE BOYS BORN IN WAR TIME

Vital statistics collected in several of the warring countries go to support the old theory that nature endeavors to make up for the sacrifice of men in war by increasing the male birthrate. It is said that the proportion of male to female births in the United States was 5 per cent. greater during the latter half of 1917 than in the corresponding period in the years immediately preceding, and almost 11 per cent. greater than the average of 10 years ago.

The proportion of males in British birth registration was about 6 per cent. higher for the years 1915-16 than in the two years preceding the war. The tendency is not so marked in Ontario, but even here 105 or 107 boys are being born to every 100 girls—a slight increase over pre-war figures. The phenomenon has been noticed in previous wars, and is attributed to pre-natal influences.

URGED WOMEN TO STAND FOR RIGHTS

Mrs. F. McD. Dennison Addressed Public Meeting Here Last Night

MAINTAIN DEMOCRACY

An appeal to the women of Canada, to work toward the consummation of long cherished ideals of woman's rights, and to sit in inalienable at home the democracy for which the Allies are bearing the brunt of battle overseas, was delivered by Mrs. Flora McDonald Dennison in the Brant Theatre last night.

sentence of President Wilson, to make the world safe for democracy. But what kind of democracy do the women of Canada want? The kind which makes a Windsor Castle and a Whitehall in London? The kind which allows tons upon tons of food-stuffs to rot because it is being held for higher prices? No, far from it. I am not particular whether the Liberal party nor the Conservative party nor the Labor party brings about the reforms we want, but I want to see them all united in this one purpose, that the democracy for which our boys are fighting over there may be maintained and preserved at home."

Mrs. Dennison concluded her address by a stirring recital of "The Battle Cry of Women."

100,000 Called Up By Fall

By Courier Leased Wire. Ottawa, Ont., June 17.—By fall it is expected, the limit of reinforcements under the military service act will have been reached. This limit is fixed by statute at 100,000 and up to the present, making full allowance for men not properly classed as "reinforcements" approximately 90,000 men have been secured under the act.

Included in this total are 2,912 imperial recruits, men voluntarily reporting and men granted leave of absence for farming. Investigation is now under way to determine how far the men reporting for duty can be properly classed as "reinforcements" under the act.

Ottawa, Ont., June 17.—It is stated that an official announcement of the National Council of Women will shortly be issued by the government dealing with the calling out of men engaged in agricultural pursuits. It is understood that while the need for reinforcements must be met every care will be taken to have the enforcement of the military service act press as lightly upon the farmers as possible at least until after the completion of harvesting operations.

As already announced young men of the nineteen year class, who were asked to register on June 1st first before the war, and in autumn. The position of the farmers has recently been engaging the attention of the Cabinet Council.

SPLIT BETWEEN MAJOR LEAGUES SEEMS IMMINENT

Connie Mack Refuses to Abide by a Ruling of the National Commission

By Courier Leased Wire. Cleveland, O., June 17.—The National Baseball agreement between the American and National leagues is in danger of being abrogated as a result of a suit filed in the common pleas court today by Manager Connie Mack of the Philadelphia Americans, asking for an injunction restraining the Boston Nationals from interfering with his playing pitcher Scott Perry, awarded to the Boston Nationals by a majority vote of the National Baseball Commission. Perry was purchased by Boston from the Atlanta club last year, parital payment being made. After seventeen days of "bench duty," Perry left the Boston club. He was not on the Boston reserve list last winter, and Manager Mack signed him as a free agent and he pitched three full games and part of another this season before the Boston club put in a claim for him, according to Manager Mack.

Recently President Herrmann of the National Commission, with President Tamm, National League, concurring, and President Johnson, of the American League, dissenting, awarded Perry to the Boston Nationals.

Manager Mack refuses to abide by the decision and says he will fight to hold Perry. Common Pleas Judge Morgan granted the restraining order, allowing the Philadelphia Americans an uninterrupted use of Perry pending final hearing of the suit.

"GUNNER LEWIS" SHOT DOWN FOE ACE

Amusing Blunder Made by German Press—On Par With "General Staff"

Amsterdam, June 15.—(Correspondence of the Associated Press.) The German semi-official press bureau made an amusing blunder in an account of Baron von Richtofen's death which was published in all the German newspapers. In translating an account of his death from an English newspaper account, it stated that the German airman was brought down by "Gunner Lewis," this being a careless translator's rendering of "Lewis gun." It was not until two days later that the German newspaper discovered the mistake.

The Cologne Gazette editorializes: "The news report attributed the shooting down of von Richtofen to Gunner Lewis and a number of German newspapers have helped the gallant gunner to widespread fame. To whoever the honor of Richtofen's defeat belongs it certainly is not Gunner Lewis, for he owed his existence only to a mistake in the translation, and the bullet was fired by a Lewis gun."

"Gunner Lewis" however will adorn a modest place in the history of the war, where he will be able to converse about the dangers of too rapid translation with "General Staff," who was one of the famous German newspaper blunders of the war of 1870.

NEURALGIA AND SCIATICA

There is no mistaking neuralgia, with its sharp, stabbing almost unbearable pains in a large number of cases, poor blood and a run-down condition of the system is responsible for neuralgia. The nerves are actually starving. To cure neuralgia it is necessary to build up the blood and improve the general health, and for this purpose there is nothing better than Dr. Williams' Pink Pills. Sciatica is nothing more than neuralgia of the sciatic nerve, and those who suffer from it undergo excruciating torture. If you are afflicted with neuralgia or sciatic pains do not waste time or go to great expense for treatment until you have tried building up the blood. The chances are very strong that the treatment with Dr. Williams' Pink Pills is all that you will require. Hot applications and liniments may be used at the same time to give temporary relief but that is all you can expect from them. The trouble may only be cured by enriching the blood, thus feeding and strengthening the nerves. Dr. Williams' Pink Pills give the blood the elements that the nerves need. In this way they remove the cause of the pain. You can get Dr. Williams' Pink Pills from any dealer in medicine or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

London, June 15.—(Via Reuter's Limited).—A wonderful record in an important branch of war work has been made by Annie Irving, who is employed as a grenade filler at a munition filling station in the south-western district of London. Her score during the first hour was fifty boxes of 32 grenades each and gradually increasing her speed during the afternoon, she turned out a box each minute and for the last two hours more than a box a minute. The second week of the annual convention of the American Federation of Labor began here today with indications that the session would be concluded before Saturday. MOTOR TRUCKS AND P. AND L. TEAM TIED

Munition Men Defeated the City League Leaders on Saturday

GAME WAS VERY LOOSE

Cordage Came Back Into the League and Beat Verity's Six to Five

The Motor Trucks took Pratt and Letchworth's into camp and administered a 2-0-1 defeat on Saturday afternoon, as a result of which the two teams are tied for the leadership of the City League.

The second game was a loosely staged encounter, in which both sides hit freely, ran the bases at will and fielded poorly.

Pratt and Letchworth, who had been defeated by the Motor Trucks on Saturday, were again defeated by the Munition Men on Sunday.

FORMER MAYOR OF OTTAWA NOW INDORSES TANLAC

There is probably no better known man in all Ottawa than the Hon. Thomas Payment, who held the high office of Mayor of that city for two successive terms, and who for the past twenty-six years has been one of the most progressive business men.

"During all my experience in the business world, I don't believe I have ever handled a preparation that has given such excellent results and general satisfaction, as has Tanlac, and I consider it a very valuable medicine."

"I have implicit confidence in Tanlac and unhesitatingly recommend it and advise anyone to give it a trial."

(Signed) T. Payment, Ottawa, Canada, June 14, 1918.

Tanlac is sold in Brantford by the Robertson Drug Store, in Paris by Apps Ltd., in Mt. Vernon by J. Voorman, in Middletown by William Peddie, in Onondaga by Nell Phaden.

CRICKETERS HAD EASY WIN

Brantford Beat War Veterans of Hamilton 91-23 on Saturday

A pleasant game of cricket was played on the O.S.B. grounds on Saturday afternoon between teams representing the Brantford club and the G.W.V.A. at Hamilton.

The Hamilton players only making 23 runs all told, none reaching double figures. Whitwell and L. Elliott opened the batting for Brantford, compiling, by careful play, 21 runs before the former was retired to a fine catch by Hughes.

A practice will be held on Wednesday, when all players are requested to be on hand, as the team will need all the practice it can get preparatory to the game on Saturday with the St. George's team.

The following is the score: Hamilton G.W.V.A. Walker, c. Walsh, b. C. Smith 0

PROMOTED IDEALS OF CITIZENSHIP

National Character Can Be Shaped in Schools Says Winnipeg Professor

"Canada can make herself what she wants to be through her schools, all classes falling readily in line, while particularly hearty endorsement has been given by the press."

The basic idea of the movement, according to Professor Osborne, is this: Germany has taught the world that the school is the factory where national ideas are formed. The German school has done its work to further a national idea that is radically vicious and dangerous to the world because it exalts selfishness.

Professor Osborne, who is chairman of Faculties of the University of Manitoba, is at present touring Ontario laying before different communities the interests of this scheme which has been launched from Winnipeg.

A group of representative westerners, including Lt. Governor Aikens, Archbishop Matheson and some thirty others, have conceived the idea of assembling a National Congress on the citizenship aspects of education.

Major MacBride, according to the Professor, has shown a very keen interest in the project, and has lent his co-operation. Professor Osborne has already visited some twelve points in the Maritime provinces, as well as Quebec, Guelph, Stratford, London and St. Mary's in Ontario.

**DIGGING UP.**

Oh, chee, it is a splendid thing to see our hard-earned seeds take wing! We're called on, every week of four, to dig up coin, and then some more, to buy some bonds, or help Red Cross, and joyfully we dig the dross. With other causes growing lax, we're asked to pony up tax, or help the... or the State, or buy irritating Acid, or some herbs. We used to snarl like Thomas Cat, when some one came and passed the hat; we'd frown and make a nasty speech about the daughter of a teach. But now we're using no snarls or growns when we are asked to shed the bones. We dig up all the plunks on hand, and say, "The cause is truly grand, and most bitterly regret we can't do more, aliter yet." Our dollars are no longer gods; we find it great to slip our wads. Of course, some fellows are still surly, but they are sorry they're alive. No longer do they strut in pride because they've fortunes multiplied; they see in every glance the sad needs take wing, and bring them a pain. Their ranks grow smaller every day; they learn to shoo the wealth away. Great James! It is a noble thing, to have them vanish from our view, and think of all the good they'll do!

**SALTS FOR KIDNEYS OR BLADDER BOTTER**

Harmless to Flush Kidneys and Urinary Tract. It is extremely effective in cases of kidney and bladder weakness resulting from uric acid, says a noted authority. The kidneys filter this acid from the blood and pass it on to the bladder, where it often remains to irritate and inflame, causing a burning, scalding sensation, or setting up an irritation at the neck of the bladder, obliging you to seek relief two or three times during the night. The sufferer is in constant dread, the water passes sometimes with a scalding sensation and is very profuse; again, there is difficulty in voiding it.

Bladder weakness, most folks call it, because they can't control urination. While it is extremely annoying and sometimes very painful, this is really one of the most simple ailments to overcome. Get about four ounces of Jad Salts from your pharmacist and take a tablespoonful in a glass of water before breakfast, continue this for two or three days. This will neutralize the acids in the urine so it no longer is a source of irritation to the bladder and urinary organs which then act normally again.

Jad Salts is inexpensive, harmless and is made from the acid of grapes and lemon juice, combined with lithia and is used by thousands of folks who are subject to urinary disorders caused by uric acid irritation. Jad Salts is splendid for kidneys and causes no bad effects whatever.

Here you have a pleasant, effervescent lithia water drink, which quickly relieves bladder trouble.
