Renewal.

By some for cabin in a wilderness,
There waits a miracle today.
The roof is rough, wind and the season's rain,
Storm, and the winter weather,
Snow, and the moonlight cold,
These, and the gray old years, all have been
working together,
And the cabin is old.

But hark! When a song sparrow sings
With the joy of renewal of life;
The old man stands at his cabin door,
In the dream of his youth coming back again,
When the song sparrow returns after a flight
by the crackling sunny creek—
(He has not far to seek,
The wilderness also has his clearing place)
He knows where the May flowers grow,
Where Tullahoma, as long ago,
The sunbeams the way are used to be,
And the maple shoves of spring, and the sun of
the fall—
And his dream come back to him,
By some for cabin in the wilderness,
There waits a miracle today:
For the flowers are under the song sparrow
And an old man's heart is remembering.
—Arthur I. Phelps.

It's Own Reward.

One day a poor old woman drove into town in a rickety spring wagon. She tied her horse to a post near a schoolhouse. It was about as bad looking an old horse as you ever saw. The old woman hobbled away with feeble steps to a few eggs which she had in a basket. Just as she was out of sight the bell rang for the noon hour, and a crowd of jolly, noisy boys rushed out of the schoolhouse. The air in a moment was full of their shouts and laughter.

'Hallo! See that horse!'

'Ho! ho! Who ever saw such a looking old thing.'

'As thin as a rail.'

'You can count all his ribs.'

'He looks as if he hadn't spirit to hold his head up.'

'Looks half-starved. Say, bony, is there enough of you left to scare?'

Two or three boys squealed in the ears of the horse, and gave him small pokes; others jumped before him to try to frighten him.

'Let's lead him round to the back of the building and He him there, so that when the folks he belongs to come they'll think he's run away.'

'Say, boys, put in one boy, who loved all animals, there's no fun tormenting such a poor fellow. He does look half-starved—ever more than half, I should say, and he'll be a good deal better if you let him stay where he got lost in the woods nutting.'

Have you ever noticed how easily boys—and men, too, for that matter—are led either into kindness or cruelty? One word in either direction and all follow like a flock of sheep. Wouldn't it be good for boys to remember this, and to reflect upon how far they may be called on to answer for the influence they may exert over others?

The boys stopped their teasing and began to look at the horse with different eyes, while one of them brushed the flies off him.

'Let's tie him under that tree, proposed a second; the sun's too hot here.'

'Look here, boys. I wish we could give him something to eat while he's standing.'

'Can't we?'

'A real bang-up good dinner, such as he hasn't had for a century, by the looks of him.'

'Let's do it. I've got a nickel. I've got no cents.'

'I'll give another nickel if you come over to father's feed store.'

More cents came in. The man at the feed store contributed a nearly worn-out bag, and in a few minutes the poor old horse was enjoying a good meal of oats.

By the time he had finished it the old woman came back, her basket filled with groceries, for which she had exchanged her eggs. The chord of sympathy and kindness once touched in the careless yet well-meaning hearts continued to vibrate. We all know one taste of a kind act makes one long to taste more. 'I'll lift your basket in,' said one, respectfully.

Good Medicine For The Spring

Do Not Use Harsh Purgatives—A Tonic is All You Need.

Not exactly sick—but not feeling quite well. That's the way most people feel in the spring. Pimples or eruptions may appear on the skin, or there may be twinges of rheumatism or neuralgia. Any of these indicate that the blood is out of order; that the indoor life of winter has left its mark upon you and may easily develop into more serious trouble.

Don't dose yourself with purgatives as so many people do in the hope that you can put your blood right. Purgatives gallop through the system and weaken instead of giving strength. Any doctor will tell you this is true. What you need in the spring is a tonic that will make new blood and build up the nerves. Dr. Williams' Pink Pills is the only medicine that can do this speedily, safely and surely. Every dose of this medicine helps to make new blood, which clears the skin, strengthens the appetite, and makes tired, depressed men, women and children bright, active and strong.

Mr. J. Martin, Denx Rivieres, Que., says: 'About a year ago I was all run down. I was pale, weak, and had but little appetite. I also suffered from a severe pain in the back, and though I tried several medicines nothing helped me until I began the use of Dr. Williams' Pink Pills, and these soon fully restored my health. I can strongly recommend these pills to every weak person.'

Sold by all medicine dealers or by mail at 50 cents; a box of six boxes for \$1.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

Longfellow Concert.

A Longfellow concert was given in Normal Hall last Monday evening under the direction of Miss Lorinda L. Brown, instructor of music at the Normal school. Miss Brown was assisted by her brother, Mr. Frederick Brown, of Westfield, Mass., Mr. George Dowd, of Springfield, Mass., and Miss Daisy Sleep, of Boston.

Miss Sleep has a good form and pleasing address, and is in sympathy with her audience. She gave two selections, 'King Robert of Sicily' and 'Hansel and Gretel,' and responded to an encore to each. Although the selections are among the difficult ones to execute, Miss Sleep was equal to the emergency, and thoroughly interested and pleased the audience.

Mr. Dowd has a rich baritone voice and he sang the difficult selection, 'The Arrow and the Song,' in a masterly and artistic manner that captivated all who heard him. He was heartily called to respond to another solo.

Mr. Brown was not unknown to a Randolph Center concert, having assisted Miss Brown in a school concert one year ago. He has a fine tenor and is rendered 'Onaway, Awake, Beloved' in artistic style and was recalled, to which he happily responded.

'Goodnight, beloved,' a quartet, was given by Miss Brown, Miss Broughton, Mr. Dowd and Mr. Brown; also a quartet by the same singers, 'Sisters,' which were appreciated in execution and highly appreciated. These were all artists in their respective parts. 'The Day is Done' and 'Serenade' were given by the Normal school chorus.

'The Village Blacksmith,' a cantata, was given by the chorus of twenty-five ladies of the Normal school and Mr. Dowd, baritone soloist. Great credit is due the young ladies for their perseverance in mastering the choruses, and their fine execution of them, as well as their perfect attention to their instructions. Miss Rena Blood was the accompanist and presided at the piano in her usual pleasing and effective manner. Mrs. A. C. Wells was organist when needed and that made a good change.

This was strictly a Longfellow concert, conceived and carried out by the artist, and selected to make the carrying out the program, and she was fortunate in commanding the perfect confidence and loyal assistance of

Mr. Eddy—'Did you eat that little pie your mother made for me yesterday?'

Booby—'No, Sir. I gave it to my mother.'

Spring Skin Troubles.

PIMPLES, ERUPTIONS AND SPOTTY COMPLEXIONS.

At this season scores of people—girls and young women especially—find their faces disfigured by pimples, dark spots, eruptions, etc. The skin needs attention—needs renovating after the trying time it has passed through the winter.

Just think what it has gone through! You have been out in rain and sleet and snow. You have been at one moment perspiring from skating, or some other exertion. Then you have stood to cool off. You have spent hours of the day indoors at a temperate heat, and then to summer heat. Then you have covered your skin—except your face—and gone out into a temperature away below zero! No wonder that, with all these changes, the skin of the face and neck shows signs of needing attention.

Zam-Buk and Zam-Buk Soap are the remedies. Smear Zam-Buk lightly over the spots, the eruptions, the scaly patches, at night, and wash with Zam-Buk Soap (only 25c. per tablet) each day. Then notice how quickly your appearance improves.

As the rich, refined, herbal essences sink deep into the tissue, the hard, scaly patches are removed. Better color results. The cells of the skin become transparent. The blood beneath is able to impart its proper coloring to the tissue, and the delicate bloom of health replaces the sallowness and pallor of disease.

Zam-Buk is also a sure cure for skin injuries and diseases. Eczema, gleets, ringworm, yield to its use. For cuts, burns, bruises, children's rashes, etc., it is unequalled, and for piles, hemorrhoids will find Zam-Buk Soap best for baby's bath! All drug stores and stores at 25c. box for 25c. and 50c. box for 50c. (or 3 for 70c.) for the soap. If you have any difficulty in obtaining, order from Zam-Buk Co., Toronto, and send price.

State of the Markets.

In answer to 'Subscriber's' enquiry as to the state of the markets we would say the latest local reports give: Young men, unsteady; girls, lively and in demand; papas, firm but declining; mammas, unsettled, waiting for a higher bid; coffee, considerably mixed; fresh fish, active; butter, slippery; eggs, quiet but expected to open soon; onions, strong; yeast, rising; breadstuffs, heavy; meats, firm and tough; hay and grain, still going down; hats and caps, not so high as last year, excepting foolscap; boots and shoes, those on the market are soled and are constantly going up and down; tobacco, very low and has a downward tendency; silver, close but not close enough to get hold of.

An Electric Pencil.

An electrically-lighted pencil for persons who sometimes have to write in the dark is one of the latest novelties in writing implements. The holder of the lead is provided with a source of electric supply and a tiny bulb, which throws a circle of light on the paper around the point. The pencil is adapted for the use of physicians, newspaper men, and for workers in other branches of industry who find it at times necessary to make notes while on the street at night or in darkened rooms.

What Christianity Does.

One of the best answers to infidels is the product of Christianity in heathen lands. The difference between a purely pagan country, where the gospel of Christ was never known, and the heathen land in which Christianity has been a working force for fifty years, is marvellously great. It is a practical test of significance. It is a standing rebuke to infidelity, and skepticism of every type. Bishop Graves, of the Protestant Episcopal Church, after a residence in China for thirty years, says: 'I can recall when foreign education in China was an unheard-of thing, when it was considered absolutely unnecessary to educate women, when there were no Chinese physicians, and only the old-fashioned, unscientific, and unhygienic methods of medicine were used. The Chinese have seen the efficiency of mission schools, mission hospitals and missionary physicians, and they have served as models for the Chinese to build their schools, hospitals, and the basis of their practice of medicine. Government officials have even come and actually measured desks, seats and other equipment of missionary schools, to be used in establishing Government schools. Missionary work is touching the Chinese national life in vital points; and is providing the impetus to the present moral awakening.' This is only a small part of the results of Christianity in preparation in that country, which is noted for its slowness in accepting any religion different from its own ancient and revered religions. But even the results, thus recorded, are a mighty testimonial to the vital and transforming power of Christianity. It is utterly impossible for one to estimate the worth to that country of the work already done there by Christian missions. They are greatly changing the moral tone of the natives wherever they have been established a few years. They are also having a powerful effect upon the political affairs of the country. Certainly, Christianity is doing a work in China which is far greater than could be accomplished by any other religion or moral agency. And this is true of other heathen lands, where the Christian religion has a free course. And yet some professed Christians in our land have no interest in foreign missions! They should be ashamed.

Reducing the Coal Bill.

When adding fuel to a good bed of live coal in the furnace cover one side only; the next time put coal on the other side. In this way the heat from the live coal tends to make coke of the fresh fuel by consuming the gas and smoke. Less draft is needed, too, and less of the fuel goes to waste in gas and smoke, so that there is less gas and dirt in the cellar or furnace room and in the house by way of the registers. If large lumps of coal are used a good way is to scatter what is known as 'slack' over them. The slack tends to hold the fire longer, and the lump coal will tend to prevent the slack from forming clinkers.

It Grows Hair

HERE ARE FACTS WE WANT YOU TO PROVE AT OUR RISK.

Marvelous as it may seem, Rexall '93' Hair Tonic has grown hair on heads that were once bald. Of course, in none of these cases were the hair roots dead, nor had the scalp taken on a glazed, shiny appearance.

Rexall '93' Hair Tonic acts scientifically, destroying the germs which are usually responsible for baldness. It penetrates to the roots of the hair, stimulating and nourishing them. It is a most pleasant toilet necessity, is delicately perfumed, and will not gum nor permanently stain the hair.

We want you to get a bottle of Rexall '93' Hair Tonic and use it as directed. If it does not relieve scalp irritation, remove dandruff, prevent the hair from falling out and promote an increased growth of hair, and in every way give entire satisfaction, simply come back and tell us, and without question or formality we will hand back to you every penny you paid us for it. Two sizes, 50c. and \$1.00. Sold only at our store—The Rexall Store, A. V. Road.

The late Senator Elkins used to tell a story of Bige Brown.

Bige, he explained lived in Elkins. Meeting him one day in the main street, the Senator said:

'Bige, do you know of anybody that's got a horse for sale?'

Bige, chewing gum, gave the Senator a patronizing smile.

'Well, Senator,' he said, 'I guess Bill Hurst has. I sold him one yesterday.'

THE ACADIAN.

WOLFVILLE, N. S., APR. 28, 1911.

Editorial Notes.

The weather which has been decidedly backward during the present spring made a pleasing change this week and yesterday and Wednesday were quite springlike. The frost has about gone at last and the ground is drying rapidly and farming operations will soon be in full swing.

Canada's greatest preacher, Dr. Barclay, of Montreal, addressing the graduating class of Knox College a few days ago, said this to the young men: 'Do not take your gropings and crude speculations into the pulpit. The place for them is the study. It is not learning, but divine pity, that reaches and wins the heart of man.'

The Toronto newspapers report that the baccalaureate sermon at McMaster's University, on Tuesday, May 9th, is to be preached by Rev. Dr. R. S. MacArthur, of New York, who preached at Acadia last year. The baccalaureate preacher at Acadia this year has not yet been announced. The Halifax dailies will probably announce the preacher at the earliest date possible.

Those who intend to observe what has come to be known as 'Mothers' Day' in May is the day for the observance. The mothers cannot be too much honored every day in the year. If once a year they are to be especially honored, the recognition cannot take any better form than ministering comfort and cheer to the aged, the poor and the shut-in mothers.

The special session of the United States Congress passed the Reciprocity agreement on Friday last by an immense majority, the vote being 265 to 89. The very fact of this great majority in favor of the agreement on the part of the people of the United States ought to at least make our people sit up and take notice. Evidently our neighbors expect great results from their stand-point to come from the agreement—and why shouldn't they?

The local government organ in this county issues in a supplement the manifesto of Mr. H. H. Wickwire, one of the candidates for the ensuing election, in the shape of a speech recently delivered by him in the assembly on the subject of reciprocity. The people of Kings county may or may not be interested in Mr. Wickwire's opinion on this subject. For the purpose of the coming contest his views on Home Rule or Church Unions would be as much to the point.

On Saturday last a contingent of Divinity students and members of the faculty of Acadia College, Wolfville, and King's College, Windsor, some forty strong, were guests at the Agricultural College, Truro. Two weeks prior, the Theological students from Pine Hill visited this institution. Clergymen, especially in the rural sections, have a great opportunity of assisting in the improvement of rural conditions and the department of agriculture deem it a splendid opportunity to show to the embryo clergymen of the province the equipment of the Agricultural college at Truro and to tell them something of the character of the work that is being done.

Babies Who Suffer From Constipation.

The little ones who suffer from constipation, colic, indigestion, or any of the many ills that afflict children, will find prompt relief in Baby's Own Tablets—a medicine that is guaranteed absolutely safe and free from all injurious drugs—in fact the only medicine for babies sold under the guarantee of a government analyst to contain no opiate, narcotic or other 'soothing' stuff. Concerning them Mrs. Ernest Plamondon, Ste. Julie Station, Que., writes: 'It is a pleasure for me to let you know what my Baby's Own Tablets have done for my children. My baby suffered terribly from constipation and although we had a doctor there was no change in his condition till I began to give him Baby's Own Tablets, but since then he is enjoying good health.' The Tablets are sold by medicine dealers or by mail at 25 cents a box from the Dr. Williams' Medicine Co., Brockville, Ont.

A Word in Seaport.

The Beacon, of St. Andrews, N. B., says: 'How may the town be improved? By each citizen constituting himself a committee of one to do the work that lies nearest to his hand in that direction. If every resident would regard it as his duty to keep his own premises clean and attractive; if he would keep his outbuildings in neat shape and not offend his neighbors and the public any more than is necessary by ill-smelling and ill-appearing barns, poultry houses, piggeries, and such like; if he would see that the pieces of street in front of his property were kept clean and all trash in close proximity therein protected; if he would insist that all refuse hauled from his premises shall be placed where it would not be an offense to the public; if he would plant flowers about his place, there a long step would be taken in the way of improvement. Unfortunately there are a few people who seem to think that it is nobody's business but their own if they keep their premises in a filthy condition. These are the people who have to be educated up to their duties as citizens.'

The Summer School of Science.

The student-teachers in the provinces are now looking forward to the Summer Schools. In Fredericton, N.B., from July 12th, to August 2nd, will be held the Summer School of Science.

This year a more attractive program even than last is just out. More teachers have been added to the Faculty and every effort is being made to add to the high reputation of the school.

Last year the attendance was large, 271, and the interest and enthusiasm very marked; the necessity for Physical Drill attracted many of the diploma men, no farther use of Summer School will be the experience of some—but not all.

The student-teachers (we like the name) will want to go again and again.

By opening time many unknown flowers, ferns, mosses, stones, &c., will be awaiting the inspection of Mr. DeWolfe and Prof. Macintosh, who are holding themselves in readiness to meet all inquiries and specimens.

Last year, not even the burning rays of old Sol and the scorching sun of the drill students were a sufficient excuse to miss the Field Work. The students in Agriculture will be ready for more advanced work this year. The rural school teachers will find this course a great advantage if they teach from an agricultural basis which many people are now advocating.

The primary teachers will have a good opportunity to get many helpful ideas. Mr. Kline will show how paper-folding, plasticine, modelling, etc., etc., may prove a boon to the teachers of several grades and most fascinating to their fingers. Drawing is a very helpful study for the eye information does not gain a foothold. Even a small knowledge of drawing is a great help.

Physics, Chemistry, Physiology and Literature will be taught by skilled instructors.

President Starratt would like the Literature class to have a talking knowledge of Tintern Abbey, Chaucer's Prologue, the Iliad in a Country Churchyard, the Lady of the Lake and Ivanhoe; memorize favorite passages.

Kings county did well last year in scholarship winning. This year we have a scholarship of our very own. Sir Frederick Gordon will give a \$200 one for five years. Who will earn it?

Catalogue of the Summer School are now ready for distribution. Four circular blanks were sent me, filled out but without the name of the sender. Kindly send in names and the catalogue will be forwarded. Anyone wishing a catalogue, whether a teacher or not, can have it by applying to Mr. J. D. Seaman, Secretary-Treasurer, Charlottetown, P. E. I., or to (Mrs.) Nina E. Davidson, Associate Secretary, Berwick, N. S.

Mount Allison's New President.

The appointment of Dr. B. C. Borden as president of Mount Allison University must strike all as an eminently judicious one. It would be hard to find a more deservedly successful career as student, preacher, teacher and administrator generally than that of Dr. Borden. Of the success at the Ladies' College, where he has stayed the rod of empire for twenty-six years it is needless to speak. As that institution was opened in 1854, this period of twenty-six years covers nearly half of its existence. Dr. Borden is the second son of the late Mr. George N. Borden, of Annapolis, this county, and his mother was a Miss Crane, daughter of Colonel Jonathan Crane. His only brother is Mr. R. A. Borden, of Moncton, N. S. A. 1866, and he has likewise but one sister, Mrs. Reuben Smith, of Somerville, Mass. He was admitted to the degree of M. A. in 1866, and was made a Doctor of Divinity in 1893. Dr. Borden is in the prime of life, is a man of most amiable character, has hosts of friends, and is of remarkable executive ability. He is, further, one of the strongest and most eloquent preachers in Canada. Dr. Borden has been very aggressive in the work for moral reform and good citizenship, and is a public spirit and energetic man. His many friends in this county, his old home, will congratulate him on his increased sphere of usefulness.

For Constipation.

A MEDICINE THAT DOES NOT COST ANYTHING UNLESS IT CURES. The active medicinal ingredients of Rexall Orderlies, which is odorless, tasteless and colorless, is an entirely new discovery. Combined with other extremely valuable ingredients, it forms a perfect bowel regulator, intestinal invigorator and strengthener. Rexall Orderlies are eaten like candy and are notable for their agreeableness to the palate and gentleness of action. They do not cause griping or any disagreeable effect or inconvenience. Unlike other preparations for a like purpose, they do not create a habit, but instead they overcome the cause of habit acquired through the use of ordinary laxatives, cathartics and harsh physic, and permanently remove the cause of constipation or irregular bowel action. We will refund your money without argument if they do not do as we say they will. Two sizes, 25c. and 50c. Sold only at our store—The Rexall Store, A. V. Rand, Minard's Lotion cures Dandruff.

Beautiful, Durable Watch Fobs for Everybody.

The best in watch fobs that leading makers can produce is on exhibit at our store and is waiting for your inspection.

Every individual article is as high grade, neat, pretty and serviceable as the most critical could wish for. Our fobs will give a life time of good satisfaction and will always be in good taste. They are absolutely the best you could possibly secure anywhere at any price.

Prices \$2.00 to \$6.00.

Those Apple Cases.

The following copied from the Halifax Herald of Monday last will be read with interest by a large number of Kings county people, many of whom will be no doubt righteously indignant at the aspersions upon the fair-minded people of our county, in the insinuation that a stranger would not be given fair play here.

In the supreme court Mr. Justice Meagher tried a case of particular interest to Nova Scotia fruit growers.

The action was brought by R. J. Graham, an Ontario apple buyer, who seeks to recover extensive damages from J. W. Bigelow, of Wolfville, for alleged fraudulent packing of apples, sold by Bigelow to Graham in the winter of 1900.

The plaintiff produced a number of witnesses from outside the province, who testified as to the condition of the fruit sold and the defendant called others to show that his apples were well packed. Owing to the illness and age of the defendant, his evidence as taken before a commission was received. Judgment was reserved.

The case is the first of over two hundred similar actions which Mr. Graham will bring against valley fruit growers, mostly from Kings county. Following the ruling of the chambers' judge in this case the other actions will probably also be tried in Halifax.

We understand that Rev. Austen K. deBlois, Ph. D., of the First Baptist church, Chicago, has accepted a call to the pastorate of the First Baptist church in the city and is located on Commonwealth avenue. It numbers among its members many of Boston's strongest men and is an institution of great influence. Wolfville friends of Dr. deBlois and family will be glad to hear of his continued success and to know that he is to be settled so near his old home as Boston. He comes to his new field, we understand, on June 1st.

Prof. Ringwald Resigns.

THE ACADIAN regrets to announce the resignation of Prof. J. C. Ringwald, the very efficient director of music at Acadia Seminary, which it is to take effect at the end of the present year's work. We cannot permit the occasion to pass without publicly expressing our appreciation of Prof. Ringwald as a courteous, Christian gentleman, as well as a musician of high attainment. Wolfville people who have had the privilege of listening to Prof. Ringwald's performances in College Hall and elsewhere will agree that they displayed technical ability of no ordinary character, and when he has had the handling of important productions of the universal commendation of the audience has been a generous tribute to his skill and efficient direction. As a pianist Prof. Ringwald has few equals, and as a popular member of the community he has been highly regarded. Wolfville people will certainly recognize their deep loss when the professor and his good lady leave our town.

What is doubtless the largest claim for damages by deer has been received by the commissioners of Hampshire county from Prof. Vaughn and Sons, of Amherst, Mass., who have a large farm of 65 acres, on which, young deer were entirely destroyed. The claim is for \$1500, reduced under protest from \$2500. Altogether, 1200 trees, mostly apple, were ruined or injured, and of \$3000 worth of the stumps were left.—The Country Gentleman.

WORKS LIKE A VACUUM CLEANER

Why not give your body a spring house cleaning? It is reasonable. You stay indoors too much all winter—you breathe foul air—you sleep in close rooms—you eat too much. In fact your winter life is pretty much artificial and unnatural.

Then why not renovate your whole system this Spring? Take a short-cut to youth and energy. Nyal's Spring Tonic is the thing.

Sulphur and molasses was grandmother's way. She also scrubbed her fingernails off every Spring. But Nyal's Spring Tonic is a regular up-to-date vacuum cleaner by comparison. Gives new snap and vim—puts life and spring into your muscles—makes you feel fit and ready.

A Lumberman's Opinion.

I was troubled with palpitation of the heart and sleeplessness," writes Mr. Wm. Pritchard, Lumber Inspector, Lakeside Mills, Ont., "and used Dr. Chase's Nerve Food with very great benefit. As my whole system was unrefreshed and built up," Dr. Chase's Nerve Food forms new rich blood and restores the feeble, wasted nerve cells.

"I once proposed to a girl in a consistory."

"With what result?"

"A lot of expensive plants were nipped by the frost."

Judge Sharp Williams tells the following:

"One of the negroes on my place did me quite a valuable service once and I wanted to show my appreciation. After paying him I asked:

Now, uncle, which shall I give you, a ton of coal or a bottle of whiskey?"

"Fo' de Lawd, Massa John, he replied, you shurely knows Ah only buhns wood."

Dr. Chase's Ointment is a certain cure for chapped hands and sore nipples. It is a healing salve for burns, sores, sore nipples and chapped hands. Chamberlain's Salve is most excellent. It relieves the pain of a burn almost instantly, and unless the injury is very severe, heals the parts without leaving a scar. Price, 25 cents. For sale by all dealers.

He Wanted the Job.

To the colored man who made application for work he listened and awaited the finish of the tale of the applicant's qualifications for the job, then stilled in this manner: "Well, I'd like to give you the place, but I'm afraid I can't for you tell me you are married. I have special reasons for wanting to give this position to a single man."

"Why, boss," exclaimed the willing worker, "if dat's de on'y trouble, Ah kin git a divorce between now an' when you all's ready fob me to start in."

Presence of Mind.

A remarkable exhibition of opinion of mind stands to the credit of James Dennis, an Australian hotel-keeper. One day he found himself behind his own counter looking down the muzzle of a revolver held by a villainous-looking fellow who was requesting him to put up his hands. He raised them, but protested, "Surely, it doesn't take two of you to hold me up." The robber, who had come alone, turned his head to see who the other man might be. In a flash Dennis' own revolver was out and the rascal's opportunity was gone.

Her Endorsement.

She advanced to the paying teller's window and, handing in a check for fifty dollars, stated that it was a birthday present from her husband and asked for payment. The teller informed her that she must first endorse it.

"I don't know what you mean," she said hesitatingly.

"Why you see," he explained, "you must write your name on the back, so that when we return the check to your husband, he will know we have paid you the money."

"Oh, is that all?" she said, relieved. One simple thing.

Thus the "endorsement" money she thanks, dear, I've got the money. Your loving wife, Evelyn.

Local Option in Ontario.

The local option contests in Ontario last week resulted in adding twenty-six municipalities to the prohibition list. The municipalities carried by the prohibitionists include two towns, nine villages and fifteen townships. Besides the twenty-six carried, twenty-two others gave majorities for prohibition, but because they did not give three-fifths majorities they remain in the license column. Under the Ontario law two run votes are worth as much as three temperance votes. The Legislature should remove this unfair handicap. There were 131 places in which they might have attempted to repeal the local prohibition. They ventured it only in three places, and were rebuked by an emphatic vote in each in favor of the law's retention. There can be no better evidence of the good effects of local prohibition than that in the 131 places which were unable to secure its repeal, and that in the three places in which they attempted it they failed. Of the 816 municipalities in Ontario, 435 have prohibited the grogshop. At each annual election the territory in which the temperance cause is delegating widens. We congratulate the decency-loving citizenship of Ontario on the good work they are doing.

Outwitting the Publican.

The Rev. Harry Bissaker, the well known Wesleyan minister, tells a story of how a publican was outwitted. In a certain place there was a great stir over a temperance bill which was about to be passed. One publican posted the following notice outside his public house:—
"If the temperance bill is passed this place will be closed."
The temperance people were puzzled as to the best way to meet this announcement. Finally, an idea occurred. They placed on the door of the workshop the notice, "If the temperance bill is passed this place will be closed." And a similar notice was placed on the door of the jail.

A noted English physician has given his opinion that the brain, once stupified by liquor, can never again be quite what it was before. In view of this, how preposterous is the claim that a youth can "show his side out" for several years, without being really the worse of it.

THE CURSE OF THE NATION IS CONSTIPATION

"Fruit-a-tives" Alone Cures This Disease

A famous scientific states that Constipation, or non-action of the bowels, causes more deaths than all other diseases combined. Constipation inflames the kidneys, ruins digestion, is the foundation of Rheumatism, poisons the blood, causes Headaches, Neuralgia, Nervousness and Insomnia.

Constipation is caused by a weak or sluggish liver. Bile, the only purgative of the body, is secreted by the liver, which in turn should pour out into the intestines sufficient bile to move the bowels. Unless the liver is active, there cannot be enough bile to move the bowels regularly, and Constipation is the result.

"Fruit-a-tives", the famous fruit medicine, will always cure Constipation because it acts directly on the liver—relieves the congestion—increases the quantity of bile—and strengthens the bowels.

5c. a box, 25c. for 50 boxes, or trial size, 10c. At all dealers, or from Fruit-a-tives, Ltd., Ottawa.

Signs of Kidney Trouble.

In the early stages kidney troubles are known by backache and urinary disorders. Later come dropsy, stone, rheumatic pains, and perhaps diabetes. But don't wait for these. Try Chase's Kidney-Liver Pills will help you in a few hours. Their thorough action on the liver, kidneys and bowels will clear away the poisons and aches and make you well again.

When it is desired to carry a candle into a drafty cellar or attic where there is danger of its blowing out or setting the clothes on fire, a short candle should be placed in a tumbler, being fastened there by its own wax. It will then burn steadily and safely.

For Constipation.

Mr. L. H. Farnham, a prominent druggist of Spirit Lake, Iowa, says: "Chamberlain's Balm and Liver Tablets are certainly the best thing on the market for constipation." Give these tablets a trial. You are certain to find them agreeable and pleasant in effect. Price, 25 cents. Sample free. For sale by all dealers.

OLIVEINE EMULSION

Invigorating - Tasteless - Strengthening - Nutritious

OLIVEINE EMULSION is a most palatable preparation, containing all the virtues of Cod Liver Oil without its nauseous green. It can be freely taken and retained by the most delicate stomach, no unpleasant or injurious effect whatever following its use.

It will promptly relieve, and if its use is continued, cure Chronic Bronchitis and all Pulmonary affections, Hoarseness, and Coughs, Colds, Tonsillitis, General Debility or Constitutional weakness of young and old, indeed at any age of life, night Sweats, Hysteria, Irritable, Nervous Dyspepsia, Flatulency Dyspepsia, Anemia, Prostration following Fevers, Diphtheria, Debility at change of life, Blood disorders, and any other complaint traceable directly or indirectly to an impoverished condition of the Blood.

It is a specific in Throat and Lung diseases. OLIVEINE EMULSION will so invigorate the system that the germs of the disease will not gain a foothold, as it is only on the run down weakened system that they can develop. Rich red blood and abounding health is the best safeguard, and these can be obtained and retained by the use of OLIVEINE EMULSION.

A brief description of the following ingredients contained in OLIVEINE EMULSION will serve to show its remarkable combination. It has long been admitted that the most valuable remedies known to medical science for the treatment of Pulmonary complaints, Lung, Throat, Bronchial and other wasting diseases, is Syrup of Hypophosphites, extract of Malt and Fluid extract of Wild Cherry Bark. It is safe to say that in all wasting diseases the medical profession has obtained more satisfactory results from the use of Hypophosphites than any other preparation known. The extract of malt is nourishing and stimulating. Fluid extract of Wild Cherry Bark is recognized as an excellent adjunct in the treatment of Pulmonary affections. It helps to improve the appetite and strengthen the digestive organs. OLIVEINE EMULSION is incomparably the most efficient remedy before the public today. It is an ideal Tonic and Nutrient.

Experienced physicians prescribe lots of food in wasting or nervous diseases, OLIVEINE EMULSION, produces an appetite, helps digestion and enables you to receive the full benefit of all your food. Run down business men and women, over-worked mothers, delicate boys or girls will show permanent improvement from the use of this preparation.

DEAR SIR:—
I thought I would write and tell you the good your Oliveine Emulsion has done for me. I was run down and could not do a hard day's work. I heard of Oliveine Emulsion and got a bottle. The first dose did me a lot of good, and I have since taken four bottles and now weigh 307 lbs. I shall never do without it in my home as long as I can get it. I have told a number of my neighbors about your Oliveine Emulsion. Nothing ever came my way which did me as much good and I appreciate it very much.

DEAR SIR:—
I had a severe attack of L. grippe this Spring which left me in a weak and run down condition. I had no appetite and hardly strength enough to walk. I purchased a bottle of your Oliveine Emulsion, and I had only taken it a few days when I felt quite well again, in fact when I had taken only the third dose I noticed a change.
Truly,
Monsieur N. B. (Signed) MRS. WALTER WRIGHT.
