CONNAUGHT WON AFTER HARD BATTLE WITH ITS RIVALS

Second of Sectional Meets Was a Very Successful One

Connaught school again led the schools of its section in the second of the series of athletic meets, which was held yesterday at Mewata park. Haultain third finishing second, Victoria third and Hillhurst a close fourth.

Ideal weather favored the meet, and upwards of 2,000 children and their parents and friends attended the affair, which was even more successful than the one on the previous day at Mt. Royal school. The schools in this section are the largest in the city, and more evenly matched than any others, with the result that competition was keen, and the rivalry existing amongst the schools intensified by the closeness of the competitions.

When it was seen that Connaught was sure to win, the girls of the school lined up 15 abreast and marched around the field, giving their school yells, but not without eliciting just as noisy a reply from the rosters of the other schools.

Girls' Events Provided the Thrills

As usual, the girls' events provided the most excitement of the day, and the excited, enthusiastic youngsters could not be restrained even by the ropes from crowding on the course at times to cheer their favorites on.

It was a repetition of the days of real sport. The inevitable "skinny" was there with his little brother, yelling to his Haultain schoolmate to run like "everything"; you can bet that Connaught kid, etc., etc., while not far away other groups were noisily and energetically debating the merits of their respective schools and digging up past history on the matter with more enthusiasm than accuracy. It was a great day's sport for the youngsters, but a strenuous and nerve-racking task for the officials of the meet.

CENTRALS WIN FIRST RUGBY GAME IN INTERMEDIATE

In One-sided Game Collegiate Boys Defeated W.C.C. by 25 Points to One

New York, Oct. 3.—Two vastly different styles of play, perfected to the utmost point, will meet in battle when the White Sox and Giants tear the wrapper of this year's world series.

John J. McGraw, manager of the Giants, is a graduate of the old Baltimore Orioles, where only the things they taught was hit and run. Clarence Rowland is a graduate of no school save that of his own observation and he pleads for the sacrifice, mixing it with just enough of the hit and run to relieve the monotony.

Hit and run and sacrifice styles have met before, notably in 1913, when the Giants fell before the Red Sox. But never before have two teams come together who both typified highest excellence in these two basic points of baseball strategy.

Sox Lead in Runs Scored

It is saying a lot for the sacrifice style of play to point to the Sox scoring record for the year, during which time they have accumulated fewer hits than have the Giants, but have scored more runs.

THE POLITICAL SITUATION

The political situation can be described merely as perplexing. The atmosphere seems likely to clear before many days, perhaps before the end of the week.

If Frank Carvell becomes leader of the party, as seems likely, Sir Robert Borden, if sincere, should make the same offer to him that he made to Sir Wilfrid Laurier, and such an offer, if properly presented, will mean union government.

There is a suspicion, perhaps it is nothing more than a suspicion, that the government does not want a real union government now. It is satisfied that with its franchise act, and the decided opposition, it can win this election without any difficulty at all.

The same surmise is that the government, secure in the coming election, is more anxious now than anything else that the Liberals as a united party should give vigorous opposition.

Mr. Ballantyne is a good business man, of excellent reputation, but he is not an outstanding Liberal, and his selection for cabinet position is somewhat surprising.

It is possible that the government is not playing politics, and it is hopeful that it is not playing politics. But the next few days will clear up the situation.

AFTER THE WAR

The Monetary Times of Toronto is making a careful study of probable financial and commercial conditions at the close of the war. It arrives at some very interesting conclusions.

The causes of the rise in prices are various, it finds, and different in the cases of different commodities. But a general cause, and probably the most important of all, is the general expansion of currency—in belligerent European countries, through the issue of large amounts of paper money; in the United States, and to a less extent in some other countries, through the importation of large amounts of gold; and in all countries through the inflation of credit.

It concludes that this cause of high prices will not disappear at the advent of peace, nor will some of the others. There is no reason to expect that peace will bring any great fall in the prices of commodities, speaking generally, although it may in individual cases.

This means that the national burden in interest will not be very much greater through the increased national debt. Interest is paid for in commodities. Interest has remained comparatively stable. The large increase in the price of commodities means really a great reduction in the price of interest.

For instance, take Canada: Before the war Canada's indebtedness to external investors may be put in round figures at \$5,000,000,000, carrying an interest charge of \$250,000,000 yearly.

It is doubtful if the external debt of Canada has been increased much, even in terms of money, during the war. For the external loans contracted by Canada from the United States are probably offset by the extent to which private liabilities due from Canada to the United Kingdom have been paid off during the war.

If the war ended tomorrow the actual impairment of the world's wealth caused by it would probably be less than generally supposed. It would include the destruction of property in the fighting zone, and the running down of machinery of production and transport, and of the equipment of life in the belligerent countries and in others affected by the war.

LETTERS TO THE EDITOR

MR. ESLER'S REPLY Editor Albertan: "Birkshire Religion" is a sermon Sunday evening. This week it is not strange to find Paul and Peter and John in apostolic days. It was not strange in post-apostolic times to find Paul and Peter and John in apostolic days.

On the other hand, it seems probable that the productive capacity of the world has not diminished but increased during the war. The actual production of the world has been destroyed comparatively little and has been largely added to. It is true that the production of the world has been largely added to.

As the productive capacity of all the belligerent countries after the war will be much higher than before, so the demand for consumption will be higher. The demand for consumption will be higher.

The conditions indicated above as prevailing at the end of the war, high prices, abundance, easing of the burden of interest charges on private debtors, and the ordinary demand both for the common articles of consumption and for the material and equipment necessary for production through the addition in the numbers of the labor force of all these conditions point to nothing else but a period of increased activity in industry and commerce.

There are, however, three other conditions mentioned in the article which may prove retarding factors. The first of these difficulties will be temporary, and refers to the difficulty of transportation. The next is more serious and refers to credit. Currency will be abundant, and if bankers follow their usual tendency and are governed in their attitude toward credit by the position of currency reserves, credit will be plentiful, and it will be easy to get money for new business.

The situation at Ottawa seems more and more perplexing. There is a very apparent lack of leadership, and the need of it is becoming more and more apparent.

And what is surprising to Aid. I. E. Ruttle is that no person has yet suggested that Tom McCauley should join the union government, at least, if not assume the leadership of it.

The committee in charge of the patriotic fund has not got the viewpoint of the Canadian people, when it insists that the fund should continue to be raised by voluntary contributions.

Some unkind person has suggested that while the people are listening to any one of the aldermen at the Thanksgiving services on Monday next, they may be in a good frame of mind to give thanks that the other eleven are not going to speak.

And now, according to the reports appearing in the morning dispatches, it seems that German agents were right here in Canada, shipping out rubber to the Kaiser to use in the war. No person is blaming any person yet; but there should be some sort of an inquiry about it.

The retirement of Sir Wilfrid Laurier from the leadership of the Liberal party seems certain. This is not surprising, and at the present time not to be regretted, because Sir Wilfrid upon the one question of conscription does not represent the views of a large number of Liberals in Canada. Under his leadership there cannot be a united party at this time.

The Edmonton Journal criticizes The Albertan because, after supporting Dr. Clark, it does not go as far in the support of the Borden government as the Red Deer member. The Albertan differed from Dr. Clark upon the C.N.R. deal, but has little else to object to in the course of the Red Deer member. It had the support of the Edmonton Journal and its kin in Calgary in its course upon that iniquitous legislation.

WHAT SHALL BE DONE WITH LAFOLLETTE? Congress Is Disposed to Take Some Action

Washington, Oct. 3.—Preliminary consideration of numerous petitions seeking expulsion from the senate of Senator LaFollette and several other senators for their attitude toward the war, was begun today by the senate privileges and elections committee, but no action was taken and another meeting will be held tomorrow.

Sentiment was said to have developed at today's meeting for action of some kind and against merely tabling the petitions. The question of proper procedure was discussed without agreement.

Senator LaFollette is said to be adjusting an address before congress adjourns, in answer to his critics.

Quarterly Meeting Held in Ottawa; Question of Raising Money Not Finally Decided Upon

Ottawa, Oct. 3.—The regular quarterly meeting of the national legislation of the Canadian patriotic fund was held this morning. His excellency the governor-general presiding. A discussion took place amongst the members as to the best methods to be adopted to secure revenue for the fund for the coming year, should the war last until the end of 1918. Although there was a wide divergence of opinion, the general tendency was for the continuation of the voluntary subscription and many of those expressing themselves as being opposed to discontinuing the voluntary system, which in the past has shown such magnificent results. It was finally decided to leave the question in the hands of a special committee composed of Sir William Mulock, Sir Henry Eggar, Lord Shaughnessy, James Mackenzie King, Cyrus A. Birge, of Hamilton and Sir Herbert Ames.

He is unconsciously helping to win the war by saving waste."

WEDDINGS

DAVIES-KILBORN
A very pretty and interesting wedding took place at the home of Mrs. E. L. Kilborn, Twenty-fifth avenue west, when her daughter, Lillian Fae, was united in marriage to Mr. Stuart William Davies, of this city, and son of Mrs. Charles Davies, of Toronto, Ont. The ceremony was performed by Rev. J. Austin Huntley in the drawing room, which was attractively decorated with sweet peas, poppies and autumn leaves in festoon effect. The bride, who was given away by her brother, Mr. Stanley Kilborn, looked girlishly sweet in a gown of pearl gray satin charmesse, embroidered in cut-stitch, and carried a shower bouquet of pink and white carnations and roses, entering the room to the strains of "Lohengrin's" wedding march, played by Miss Doris Jenner, who also sang during the signing of the register. Cadman's "At Dawning." The bride's mother was gowned in Russian green taffeta and Georgette crepe, embroidered in brocade. After the ceremony a dainty buffet luncheon was served in the tea room from a table covered with the wedding cake and vases of sweet peas. Mrs. I. G. Turpin and Mrs. J. W. Johnson poured tea, while Mrs. H. W. Hunt cut the loaves. The bride and groom were made the recipients of many beautiful gifts, including a handsome cut glass vase from Mr. J. O. Morrell, merchandise manager of the Hudson's Bay company, to whom the bride was secretary; also a purse of gold from the officers and employees of the Calgary Gas company, with which firm the groom is connected. The happy couple left on the midnight train for Edmonton, the bride traveling in the outfit of Bergundy velvet cloth, trimmed with seal, a small black velvet hat and fox fur, the gift of the groom.

A very pretty and interesting wedding took place at the home of Mrs. E. L. Kilborn, Twenty-fifth avenue west, when her daughter, Lillian Fae, was united in marriage to Mr. Stuart William Davies, of this city, and son of Mrs. Charles Davies, of Toronto, Ont. The ceremony was performed by Rev. J. Austin Huntley in the drawing room, which was attractively decorated with sweet peas, poppies and autumn leaves in festoon effect. The bride, who was given away by her brother, Mr. Stanley Kilborn, looked girlishly sweet in a gown of pearl gray satin charmesse, embroidered in cut-stitch, and carried a shower bouquet of pink and white carnations and roses, entering the room to the strains of "Lohengrin's" wedding march, played by Miss Doris Jenner, who also sang during the signing of the register. Cadman's "At Dawning." The bride's mother was gowned in Russian green taffeta and Georgette crepe, embroidered in brocade. After the ceremony a dainty buffet luncheon was served in the tea room from a table covered with the wedding cake and vases of sweet peas. Mrs. I. G. Turpin and Mrs. J. W. Johnson poured tea, while Mrs. H. W. Hunt cut the loaves. The bride and groom were made the recipients of many beautiful gifts, including a handsome cut glass vase from Mr. J. O. Morrell, merchandise manager of the Hudson's Bay company, to whom the bride was secretary; also a purse of gold from the officers and employees of the Calgary Gas company, with which firm the groom is connected. The happy couple left on the midnight train for Edmonton, the bride traveling in the outfit of Bergundy velvet cloth, trimmed with seal, a small black velvet hat and fox fur, the gift of the groom.

MILITARY CHAPTER, I.O.D.E. APPEALS FOR FUNDS

On Saturday the military chapter I.O.D.E. will again appeal to the public for aid in carrying on its war work. The chapter holds two tag-days each year and the last held, early in May, netted \$1,210.20. It is hoped that the public will respond quite as generously on Saturday, as all the money raised by the military chapter is used to assist Red Cross or other war relief funds.

It will be of interest to know that the money raised on the last tag-day was distributed as follows: 2500 members of war fund, \$151.20; Co. Wm. Contingent, \$250.00; hospital for tubercular veterans, \$150.00; local Red Cross, \$90.00; discharge depot, \$148.90; national chapter, Y.M.C.A., \$50.00.

Since July this chapter has lent 400 pairs of socks and when it is remembered that almost all the members are knitting for husband, son or brother at the front, it is itself, is something of an achievement.

What Causes Wrinkles? What's the Remedy?

Start to consider what produces wrinkles and sagging of skin. Fragrant cream, malnutrition, etc., cause the flesh to shrink, lose its youthful plumpness and firmness. The skin then is too tight for the flesh underneath; doesn't fit tightly and snugly as it used to—wrinkles and sagging are the result.

It must be plain that to tighten the skin, make it fit and face properly in every place, will effectively remove the hated wrinkles and bagginess. This is easily and harmlessly accomplished by dissolving an ounce of powdered axolite in a half gallon of water and using the solution as a face wash. The ingredients you can get at any drug store. The remedy is surprising in its effect. It immediately tightens up, becoming firm and fresh as in youth. Every wrinkle and sag is affected at once.

CATARH LEADS TO CONSUMPTION

Catarh is as much a blood disease as scrofula or rheumatism. It may be relieved, but it cannot be removed by simply local treatment. It causes headache and dizziness, impairs the taste, smell and hearing, affects the dermal system, deranges the digestion, and breaks down the general health. It weakens the delicate lung tissues and leads to consumption. Hood's Sarsaparilla goes to the seat of the trouble, purifies the blood, and is so successful that it is known as the best remedy for catarrh. Hood's Sarsaparilla strengthens and tones the whole system, builds up, and insists on having it. There is no real substitute.

CHIEF OBJECTS TO A UNION FORCE

Protests to Commissioners That Attempt Is Being Made to Form Union

The chief of police has written to the city commissioners taxing exception to the fact that the police force are about to form a union. Chief Cuddy claims that if the force is to remain efficient it must remain an open shop. The members of the force say that so far no union has been formed, but there is some talk of forming an association similar to that of the city hall employees. The chief of police says that he would not wish to see how they could interfere in the matter and dropped the discussion. Motorman Reinstated. After obtaining a stack of letters from various cities telling what should be done with "such a thing" and finding that most depended upon how much other switching the offenders had done, Commissioner Graves has recommended that Motorman Stevens be reinstated without expiation of a week's back pay owing to his previous record being satisfactory.

My Limbs Would Twitch

And Waken Me—Unable to Rest or Sleep, I Walked the Floor in Nervous State When Specialists Failed I Found a Cure. Windsor, Ont., Sept. 19.—This is the kind of cure that has set Windsor people thinking and talking about Dr. Chase's Nerve Food. After suffering from nervous breakdown, which was caused by a shock when five broke out in the adjoining house. My nerves were so bad that after going to bed I could not get my nerves quieted down sufficiently to go to sleep. I used to get up and walk around the room, or go downstairs. Even when I would be dropping off to sleep, I would get up and walk around. I used to have cold, nervous, night sweats, sometimes would become unconscious and annoyed me very much. I had consulted specialists and tried many remedies during this time, but nothing helped. At last I tried Dr. Chase's Nerve Food, and before long could see that it was doing me good. I am now feeling so much better that I can go out on the street without any difficulty, can go across the river and go about my business as usual. I feel well at night, and am feeling more like myself every day. I am pleased to be able to write you to tell you how much good the Nerve Food has done me. It has strengthened and built up my nerves, and is commending it to everybody I find suffering from nervousness of any kind. Dr. Chase's Nerve Food, 50 cents a box, a full treatment of \$ boxes for \$2.75, at all dealers, or Edmanston, 144 Adelaide St. Toronto. Do not be talked into accepting a substitute. Imitations only disappoint.

CELEBRATION WAS DECIDED SUCCESS

Returned Veterans' Field Day Was Interesting One

The returned veterans' field day was in every way a success, in that it was carried out according to plan and devoid of regrets and excuses as is so often the case. Everybody was happy, and all troubles were packed in the "Old Kit Bag." Dr. Miller presided, G. R. Dolan, vice-president, assisted, and the Women's Canadian club presided over by Mrs. McWilliams and Mrs. J. Irwin, vice-president, took hold of the hall, and gave it the one charm, without which nothing is complete. Together with lady visitors and veterans, about 70 sat down to an enjoyable feast, minus the "milkmaid" and announced the prize winners in the different events were mostly won in a keen contest, with no walkovers. Tennis results: 1, Pte. C. H. Bennett; 2, G. T. Milne. Golf tournament: 1, Pte. Wood; 2, Pte. Carter. Whist drive: 1, Miss Mauss. Gent's prize: O. K. Kenna.

BOY DIED OF WOUNDS

Port Arthur, Ont., Oct. 3.—Robert McBride, who was injured with gunshot in his father's home last night following which the father, William McBride, a well-known lawyer, was placed under arrest died this evening. Any hints as to the cause of the shooting possible to help out by shifting lights to more serviceable positions, I am willing to do it, but to add more lights—well, he meant he would have to increase the power of his "own lamp" before he could do it.

COULD YOU USE AN EXTRA \$50?

And Echo Answers "YES"

The Albertan automobile contest provides the opportunity by offering an extra prize of \$50.00 in cash. There are no strings to this offer. Every candidate in the prize contest is eligible to try for it—and the one who exceeds in subscription collections for the three weeks will get it. As soon as the close of the offer is possible—not over three days—the winner will be announced and the cash paid over. However, the amount of money turned in to win will not be announced at the same time, but this information will be withheld until the close of the contest. The records of the contest office are kept in such a manner that anyone can verify the award by simply glancing over the books. And here's another thing—Should any candidate or person interested in a candidate wish to look over the records, after the close, they are welcome to do so. Until the close of the contest the records are not even available for the inspection of members of The Albertan Publishing Co. Candidates can rest assured that their progress will be kept a profound secret.

Good Time to Enter

With the \$50 extra prize stimulating the contest and with less than seven weeks to go, it is a splendid time to enter the contest. There's always room at the top! Anyone in circulation contests the same as in all other walks of life. Glancing over the list of candidates, it is plain that many good towns and localities are not represented by candidates—and also, that a number of the candidates who are holding down good localities haven't begun active work, if the score in the paper tells anything.

Extra Votes Drop Every Week

It is a great mistake to wait for something better in the way of extra votes. While the decrease is only slight, comparing this week with last week when one goes two or three weeks ahead, the decline cuts a big figure.

Extra Prize, \$50 in Cash

\$50.00 IN CASH will be paid to the candidate in The Albertan automobile contest, regardless of residence or district location, who turns in the largest amount of money for subscriptions (both new and renewal) between the dates of Wednesday, October 3, and Tuesday, October 23—a period of three weeks. Previous collections will not count—only the subscription money handed in or mailed to the contest department between the dates mentioned above.

CANDIDATES IN THE CONTEST

- The standing of the candidates, as shown below, includes such votes as were accepted for publication up to Wednesday noon. Votes will be added Tuesdays, Thursdays and Saturdays. To insure accuracy a Burroughs adding machine is used in computing the votes. (1) Mrs. A. Allard, 2006 Sixteen-A St. 10,000 (2) Mrs. B. Brooks, 2407 14th St. W. 10,000 (3) Mrs. C. EXTRA VOTES

100,000 EXTRA VOTES, in addition to the regular schedule, will be given as follows, for both new and renewal subscription collections: For each \$15, for week ending October 9. For each \$18, for week ending October 16. For each \$21, for week ending October 23.

VOTING SCHEDULE

Table with columns: TERM, By Carrier, By Mail, New, Old. Rows include Three months, Six months, One year, Two years, Three years, Daily Albertan by Mail in Calgary, \$2.00 Per Year.

THE ALBERTAN (Daily)

During the last week of the extra vote offer, after the first \$25 club, 2,000 extra votes will be given for each dollar of an incomplete club. It is not necessary to send in a complete club at one time. Send in your subscriptions as you get them, and as soon as sufficient for a club is received at the contest office, the extra club ballot will be issued. Candidates are not limited to one club, but may have as many as their subscription collections call for. Any surplus over ad ever club will be included in the club for the next week. Each special offer runs for one week, when the next one starts. NO EXTRA VOTES WILL BE GIVEN THE LAST WEEK OF THE CONTEST. NO OTHER EXTRA VOTE OFFER WILL BE MADE DURING THE TERM OF THE CONTEST.

Some of the candidates may have failed to get one of the 100,000 extra club ballots last week, but they will not likely make the same mistake this week. Fifteen dollars in subscriptions gets one, \$30 gets two, and so on. There's no deadline. Candidates may get as many of these big ballots as they have even \$15 worth of subscriptions.

Extra Efforts Count Fast

Candidates who were successful in rounding up several of the 100,000 extra vote ballots are likely so well pleased that they will keep up their good work. Slackening up so early in the contest would certainly spell disaster at the close.

**RUSSIAN JEWS ON
WAY TO AMERICA
STRANDED IN JAPAN**

They Are Stranded There
and Are in a Very De-
plorable Condition

New York, Oct. 3.—Thousands of Jews
en route from war-torn regions of
Russia, to the United States, are stranded
in Harbin, Manchuria, and Kobe and
Yokohama, Japan, and in a deplorable
condition. Secretary of State Lansing has
informed the Hebrew Sheltering and Im-
migration Society of America. Because of
depression in the value of the Russian
ruble, the immigrants' funds became ex-
hausted when they were compelled to
spend weeks in waiting for passage to
this country through inadequate Pacific
shipping facilities. It was stated.

**TO WHOM IT
MAY CONCERN!**

Sufferers from Deafness and Head
Noises should know of the following
advertisement, which is now appearing
in numerous newspapers in all
parts of the world.

**HOW TO CURE
DEAFNESS**

A simple preparation has recently
been discovered by a eminent physician of
this country, which has been found wonder-
fully effective in curing deafness and
head-noises.

Severe and obstinate cases which
had resisted all the ordinary remedies
and expensive treatments, have been
permanently cured in a few days by
this simple preparation called "AURA-
LON."

Mr. Wm. Bristow, of Worthing,
writes: "The curative properties of
your new remedy, 'Auralon', are truly
wonderful. After being deaf for nearly
20 years I am now able to hear dis-
tinctly and the head-noises, which
were so distressing, have completely
disappeared. No sufferer should hesi-
tate to try this splendid cure."

**OLD EARLY CLOSING
BYLAW IS IN FORCE,
SOLICITOR SAYS**

City Solicitor Ford has handed down his
decision in the early closing bylaw, having
founded said decision on British legal pre-
cedents. It is to the effect that the old
bylaw asserted itself as soon as the new
bylaw ceased to be operative. The effect
of this decision is to give the old bylaw
the force of law from the date of its
enactment, and to give it the force of
law from the date of its repeal, and to
give it the force of law from the date of
its amendment.

If you have Catarhral Deafness or
head noises go to your druggist and
get 1 ounce of Parmit (double
strength), and add to it 1/4 pint of
hot water and 4 ounces of granulated
sugar. Take 1 tablespoonful four
times a day.
This will often bring quick relief
from the distressing head noises.
Clogged nostrils should open, breath-
ing become easy and the mucus stop
dropping into the throat. It is easy to
prepare, costs little and is pleasant to
take. Anyone who has Catarhral
Deafness or head noises should give
this prescription a trial. —Adv't.

**LARGE NUMBER
TAKE MEDICAL
EXAMINATION**

Out of 115 Examined for the
Draft Yesterday, 30 Are
Rejected as Medically
Unfit

Sergt. Hall, advance agent for the
traveling medical examination board,
left last night for Medicine Hat to
make arrangements for the examina-
tion of the district board there this
week. The travelling board is com-
posed of Capt. G. E. Bayfield, Capt. R.
C. Robinson and Dr. Leamouth.

There will be no board examinations
in Calgary until Wednesday, although
applicants may file their applications
at any time and appear for examina-
tion later. It is the policy of the trav-
elling board to make a number of
jaunts to the outlying portions of the
military district.

On this occasion it is planned to ex-
amine the employees of city establish-
ments and post office employees rather
than the men from the smaller towns
and on the farms. The work of exam-
ining the men here continued yesterday
unabated with more than 100 applica-
tions appearing before the board
about 70 per cent of whom passed in
some classes. One applicant who had
been refused three times had improved
in health sufficiently to pass the board
yesterday, much to his delight.

Sergt. Holmstrom, in charge of the
clerical end of the office work on the
road and will take a squad of experi-
enced men with him to handle the de-
tails of keeping the record of the draft-
ed men.

ATTACKED BY AEROPLANE

Stuttgart Was Bombed and
Some Damage Done to City.

Amsterdam, Oct. 3.—A dispatch from
Stuttgart to the Frankfurter Zeitung, a
copy of which has been received here,
says that on Sunday night between 11.35
o'clock and 12.45 o'clock, Monday morning,
Stuttgart twice was attacked by enemy
airplanes. A majority of the bombs fell
in the streets and open squares, causing
the dispatch adds that two men were killed
and four women and a boy were injured
and that the bombing airplanes were
driven off by anti-aircraft guns.

OTTAWA OFFICIALS ARRIVE

Brig. General Gwynne and George U.
Stiff, of Ottawa, arrived in the city
yesterday, and are stopping at the Pal-
lisier. They are on a mission from
military headquarters, Ottawa, for the
purpose of giving the final instructions
to the registrars and officials under
the military service act throughout the
west. Mr. Stiff informed The Albertan
that there would be a conference held
today, at which the D.O.C. of military
district No. 13 and J. M. Carson,
the provincial registrar, would be present.
The conference will be held at 10
o'clock.

NO SETTLEMENT YET

Fort William, Ont., Oct. 4.—At 10 min-
utes past midnight, the main meeting of

without having reached a settlement.

THE SASKATOON BOARD

today. Of these, 21 were passed in class
A; one in B-2; one in C-3; and 17 in E.

Grimly Sticking On

Mr. Churchill declared that to emphasize
the necessity of grimly sticking on. He
pointed out that we might cast away the
prize at the moment when we only have
to grasp it. He asserted that if we took
the necessary vigorous offensive meas-
ures, there was no reason why all dangers
and privations could not be overcome.
He was convinced that we still retain
the power to solve every difficulty and
emerge triumphantly from the perils with
which we are surrounded.

The Submarine Campaign

Mr. Churchill declared that the great
check on the German submarine cam-
paign against Great Britain, it had failed
to hamper our economic life or mili-
tary action or to cut us off from great
resources from America. In February
and March last most elaborate sur-
veys were made over the whole field of
our economic and military life, with a
view to ascertaining what would be our
capacity of continuing the war on the
basis of heavy and continuous submarine
sinkings.

It was found that we should be able to
continue the war if necessary and carry
across the sea to our islands and our
forces there. He said that we ourselves
for a period so long that other decisions
would certainly intervene before it ex-
pired. He had the highest confidence in
our ability to meet the situation and
after writing up the scale of munition
activity.

Submarine Powerless

"Our capacity to wage war is unim-
paired. The submarine has been power-
less to affect it. The reserves of food of
this country are far greater than at the
beginning of submarine warfare. The
great resources of our islands are not yet
realized. If the war is prolonged our
armies next year will be stronger and
better supplied than ever. On the home
front our artillery fired in a fortnight
many thousands of tons of shells. During
the present offensive of less than three
weeks, the tonnage of shells fired has
been double that of the whole Somme
battle. Next year the power of our artillery
will, despite the submarine, undergo an-
other great increase.

"The allies are united in the confidence
that they shall not fail. It should be
remembered that this confidence is shared
by the Germans; hence their desperate
efforts to drive back our soldiers. They
know that the British are the vital factors
in the war, that this empire stands alone
between them and victory. This empire
is a force which cannot be broken, a
force which will be made stronger by
trial and will grow in intensity as the
months pass."

DEMANDS AUTONOMY

Petrograd, Oct. 3.—M. Velichko,
deputy for the Ukraine, who is at-
tending the democratic congress here,
delivered a speech demanding auton-
omy for the Ukraine and also the ces-
sation of hostilities. He said his de-
mands were made in the name of
"1,000,000 brave soldiers, who will not
stand firm at the front unless auton-
omy is granted." He also said that
the world war should be stopped im-
mediately.
