Montreal Stock Market.

TWO AGREEABLE ITEMS IN AN OTHERWISE VERY SLOW MARKET.

Montreal, July 13.

Apart from two interesting features, the local stock market was so very inert as to be declared by one of its members worse than ever. One of the two agreeable items to notice about the Exchange to-day was the steadiness with which the price, 325, of New Street keeps up. In any other season of the year than now the very good showing which this company is making daily in earnings, would cause its stock to mount. In this predicament of deserving better treatment than it is getting, Montreal Street Ry. is like a half dozen other similar companies in the United States. Their stock hardly keeps up so well as its stock does.

The other agreeable feature was the advance of Bell Telephone $\frac{1}{2}$ on its last quotation, to 183. London rate of interest rose as also did discount, but the increased price of Consols was thought to argue for better relations between Great Britain and her South African dependency. Notwithstanding increased rate of interest and of discount, the London market was reported firm. At New York, however, the general movement was retrograde. A B. resumed its meteoric course this morning, starting at 205.

Canadian Pacific at $\frac{1}{2}$ less than yesterday's closing price, 150 of this stock were sold to-day. Business ended with 98 wanted and 97 $\frac{1}{2}$ offered.

New St. Railway—The price to-day was the same as yesterday's 325, and at this 100 shares changed owners. Sellers were asking 326 $\frac{1}{2}$ and 324 was offered.

Payne—135 was the price at which 625 shares were sold and this is the lowest

price this week. Friday and Monday seeing 140 and Wednesday 138. This price was not showing much steadiness for as compared with 138 wanted by sellers, the offer of buyers declined to 133 $\frac{1}{2}$.

Can. Col. Cotton Bonds—2000 at 101 $\frac{1}{2}$.
Bell Telephone—Advancing $\frac{1}{2}$, the price of this security reached 183 at which 11 shares were sold, and further dealings were demands for 190 with 181 offered.

STRAWS.

S S. Paris is now clear of the rock.

Average cost of moving a passenger train is .80 a mile or .15 a car.

Silver Bryan forgets that trusts have sometimes reduced prices and raised wages.

It is probable that the automobile will be used by the Boston post office for mail collections.

There will be no Canadian police sent to Porcupine region if no U.S. troops are sent to Pyramid Harbor.

Out of 16,000 track laborers in Western States, no more than 2500 can be got to work at one time, so says James J. Hill.

Renewed assurance comes from Mr. A. Sanford Adler that dividend amounting to \$501,053 on F. S. common, will be paid on the 20th inst., through a prominent banking house.

MONTREAL MINING EXCHANGE.

Montreal, July 13.

It was decided to-day to adjourn afternoon sessions till September.

Business improved slightly over yesterday, Golden Star was much stronger and private reports say the mine is in a better condition than some would have the outer world to believe. The first sale was at 43, which was followed by a 5000 share lot at 44. 500 shares then sold at 42½. This most erratic issue is a puzzle to the Street.

Brandon Golden Crown sold at 26, which would be accepted for more.

Knob Hill sold in small quantities at 96 and 94½. The balance of the trading was in scattered lots, as below:

MORNING SALES.

NEW YORK EXCHANGE.

A WEAK MARKET WITH STRONG SPOTS—INDUSTRIALS MORE IN DEMAND THAN RAILS.

New York, July 13.

The market for Americans in London is somewhat higher than our close.

L.N. is the special feature at an advance of $\frac{1}{2}$. Other usually active issues are from $\frac{1}{8}$ to $\frac{3}{8}$ higher, and the feeling in Americans is said to be somewhat bullish.

The strength of the London market is remarkable in that it comes in the face of an advance of $\frac{1}{2}$ p.c. in the Bank of Eng. rate of discount, showing that dearer money is anticipated there, and also in face of the strained situation in the Transvaal.

An advance of $\frac{1}{2}$ to $\frac{3}{8}$ in the price of Consols, however, is thought to indicate a somewhat better feeling in regard to the Transvaal situation, and the probability that there will be a peaceful settlement of that trouble.

The money market was decidedly easier yesterday, although at one time call loans were made slightly over 5 p.c. The bulk of the transactions, however, were around 4 $\frac{1}{2}$ and it is thought that money will be somewhat easier to-day, and that by next week the market will have assumed again normal conditions.

With the ease in the money market yesterday, came a buying movement which, in most cases, entirely wiped out the declines of the early part of the week.

The Southwestern Ry. shares were among the strongest stocks in the market and there were numerous rumors that all these roads were to be brought closer together in the near future. There is no official denial or confirmation of these rumors, but whether there is to be any consolidation or not, the roads at present are doing a large business and making extremely satisfactory returns.

Of the railroad earnings published, some of the most favorable ones for 1st week of July are, L.N. increase \$68,000; Southern Ry. \$43,000; Mop. \$23,000; Wabash \$48,000; St. Louis and S.W. \$14,000; Texas \$11,324.

There was an upward movement started in the afternoon in F.S. when it was announced that the directors had set aside an amount sufficient to pay the quarterly div. on the common. They have applied for an order dismissing the injunction and it seems quite likely that it will be dismissed in the near future. Traders took a good deal of the stock, and Flower & Co also bought.

Con. Tobacco was under some pressure one house alone marketing a block of some 1000 shares of long stock and is what is called good selling. There is talk of a div. on C. & O. in the near future, and people who are familiar with the company's business, say that they are able to pay 1 p.c. It is doubtful whether such dividend will be declared until the management see the way clear to maintain the same.

New York, Noon, July 13.

The advance of $\frac{1}{2}$ in the Bank of England rate came in the nature of a surprise, as all the special cables yesterday evening predicted that no advance would be made. It does not appear, however, that the effect of the advance was very great, as the foreign market is steady, and Americans are slightly above parity.

However, the local bears in our market professed to see reason for selling stock, and in this course they were further encouraged by the resolution adopted yesterday by the New York Life Insurance Company to the effect that the company would buy no more stocks and would gradually dispose of the stock which they already hold.

Altogether too much importance was attached to this action on the part of the New York Life Insurance Company, as their holdings of stock are only \$4,000,000, and they have not been buyers of stock for some time.

The bears predicted that other life insurance companies will follow the example of the New York Life, but interviews held with the presidents of other companies did not bear out the expectations of the bears.

Another disturbing piece of news this morning was that there was a strike on the Brooklyn Rapid Transit. This story lacked confirmation and was started by an advertisement in one of the morning newspapers, asking on behalf of the B. R. T. for conductors and motormen.

The president of the company denies that there is any prospect of a strike. In spite of this denial, however, there was considerable pressure to sell B.R.T. at the opening, and the support which was accorded to the stock was rather half-hearted.

Pressure to sell was also noticeable in Manhattan, owing to a settlement published this morning that a new \$40,000,000 mortgage had been recorded on this property. As a matter of fact, that mortgage is not new, but has been taken out merely to enable the company to issue registered bonds as well as coupon bonds. It was merely a substitution for their old mortgage.

Commission business was lighter this a.m. than for some days, and when this became evident the bears became still more active in attracting values. However, after the 1st hour some support developed and the market assumed a steady aspect.

Possibly the enthusiasm of the bulls has been somewhat modified on account of the lack of outside interest, and it seems not unlikely that till the spring wheat and the corn crop are more assured than they are at present, the market will be rather a trading one and without any very pronounced activity.

MINING NEWS.

(Special to Exchange News.)

Vancouver, B.C., July 12.

Steamships Roanoke and Garonne will be veritable treasure ships if Dawsonites are to be believed. On June 20th, the Ker left Dawson for St. Michael with \$1,000,000, heaviest individual shipment being Professor Lippay's, of Seattle, whose pile is estimated \$300,000. Another heavy shipper was Canadian Bank of Commerce, whose consignment ran up into hundreds of thousands and part of which is royalty collected from miners in gulches by government. B. C. Complin went out with gold for bank, accompanied by Sergeant Cornill, of N. W. M. P. On Thursday following, steamer Pilgrim, pulled out for St. Michael with \$500,000 more for bank and quite an amount in smaller sums carried by outgoi miners.

The report that John D. Rockefeller purchased some iron properties on Texada Island seems to be pretty well founded.

The capitalist has had expert, Captain Christopher, on island for nearly a year, in charge of operations on properties in question. Some 5,000 tons are to be taken out under royalty for shipment to Everett smelter which belongs to Rockefeller and associates. Work on this contract is now in progress and uncovering of some very fine looking chalcopyrite in developing properties may have led to conclusion of deal.

Vancouver, B.C., July 12.

The shipments of coal and coke from Fernie in June were about the same as during May, viz.: 10,000 of soft coal and 2,000 of coke.

The British America Corporation has purchased the Caledonian Group of eleven claims over on the west branch of Big Sheep Creek in the neighborhood of Sophia Mountain. The vendor was Sir Sanford Fleming, of Ottawa. The amount of the purchase money has not been made public. Only assessment work will be undertaken on the group this season by the new owners.

Mr. T. G. Blackstock, and Mrs. Blackstock, and Miss Gooderham, of Toronto, arrived from Victoria on Tuesday and left for Rossland via the C. P. R. The names of Blackstock and Gooderham are inseparably connected with the War Eagle, and the Centre Star mines.

CHICAGO MARKET.

FALL IN PRICES A LONG THE WHOLE LINE.

Chicago, July 13.

The market this morning went back on the signs of promise about a rising change for grain indicated yesterday, July and Dec. oats being those alone in which were advances in to-day's opening prices. But in these the $\frac{1}{2}$ improvement, in latter dealings was followed by further increase, on very limited transactions. The local circumstances yesterday which made for reaction in grain have petered out evidently, leaving the bearish influences characteristic of the early part of the week once more in undisputed possession of the field. Pork lard and short ribs still kept on their upward way. At the openings to-day Sept. pork advanced 15c on yesterday's close, October pork 20c, September lard 5c, October lard 8c, September ribs 5c, Oct. ribs 10c. It was noticeable, however, that the sales on from the opening were at lower prices, for the most part. This if not indicative of a total change is a sign that the somewhat violent advances of the past few days had been for a time slowed down.

Hogs to-day received 25,000; estimate for to-morrow 24,000. Receipts this week 167,000.

Wheat—Car lots received, 77, shipments, 800.

Corn—Car lots received, 625; shipments, 332,223.

Oats—Car lots received, 190; shipments, none.

Hogs left over from yesterday, 1,432; 25,000 last year as compared with 26,000 to-day.
