TAMMANY FORCES ARE ROUTED MITCHEL IS MAYOR BY 95,000 FUSIONISTS SWEEP NEW YORK

Defeat of Tammany Organization Most Crushing in History—Mitchel's Lieutenants Carried to Victory on Popular Reform Wave—Murphy and McCall Accept the Verdict Calmly.

NEW YORK, Nov. 4.—(Can. Press.)—Fusion carried New York City today, electing John Purroy Mitchel mayor by approximately 95,000 plurality, and retaining control of the important board of estimates by an overwhelming majority.

Tammany Hall saw its nominee for the mayoralty, Edward E. McCall, go down to defeat by one of the biggest pluralities ever given against a candidate of the organization, and it looked near midnight as if it might not even save the New York County offices out of the wreckage. The big vote for Mitchel pulled thru even the Fusion candidates for president of the board of aldermen and comptroller, George McAneny and William A. Frendergrast, against whom Independence League as well as Democratic organization candidates were running.

All Along the Line.

The election of Mitchel by a sweeping majority was early apparent, but not until nearly two-thirds of the returns were in was the success of Mitchel and Frendergrast assured. With figures at hand from something less than seven-eighths of the election districts in the greater city, however, Frendergrast had a lead of more than 10,000 over Herman A. Metz, Tammany, for comptroller, and the Tammany leaders conceded the former's re-election together with the election of Mr. McAneny, who had piled up a lead of approximately 35,000 over Joseph A. Goulden, his Tammany opponent, in almost the same number of districts.

Small Solace.

Apparently, with the exception of assemblymen in the districts which usually go Democratic, and minor offices in some of the boroughs of the opposition, for borough president of Queens, the Fusionists elected borough president in Brooklyn, the Bronx and Richmond and apparently have pulled thru their candidate for president of the borough of Manhattan, Marcus M. Marks, by a small plurality over Dr. Thomas S. Darlington of Tammany.

In the sixth assembly district, William Sulzer, recently deposed as governor, was elected on the Progressive ticket.

Tammany leaders early conceded the election of Mitchel, but it was not until nearly 11 o'clock that they would

(Continued on Page 3, Column 2.)

Elections in United States

Governors Elected

MASSACHUSETTS—Walsh (Dem.)
VIRGINIA—Henry C. Stuart (Dem.)
NEW JERSEY—James F. Fielder (Dem.), probably elected.

Mayors Elected

NEW YORK—John Purroy Mitchel (Fusion candidate), and entire ticket.
BUFFALO—Louis Fuhrman (Dem.), re-elected.
JOHNSTOWN, N.Y.—Judge Clarence Smith (Prog.).
AUBURN, N.Y.—Charles Brilow (Prog.).
TROY, N.Y.—Cornelius Burns (Dem.), re-elected.
INDIANAPOLIS, Ind.—Joseph E. Bell (Dem.).
ELMIRA, N.Y.—H. N. Hoffman (Fusion).
SYRACUSE—Louis Will (Prog.).
CINCINNATI—Judge Spiegel (Republican).

DEMOCRATS SWEEP BAY STATE RESULT CLOSE IN NEW JERSEY

Republicans Appear to Have Carried New York Assembly and Stokes Gave Fielder Hard Battle for New Jersey Governorship—Foss Defeated for Re-Election in Massachusetts.

NEW YORK, Nov. 4.—(Can. Press.)—Election returns at a late hour tonight showed a complete triumph for the Democrats in Massachusetts, where a governor and state ticket were chosen in a four-cornered fight, the selection of Democratic governor and state ticket in Virginia without contest, the ascendancy of Fusion over Tammany in New York City with indications of Republican victory for the New York assembly and judicial ticket, and a close fight for the state ticket in New Jersey, where President Wilson and administration forces fought to elect James F. Fielder to the governorship.

In Massachusetts David L. Walsh, Democrat, present lieutenant-governor, was elected by a plurality of about 50,000 over Augustus F. Garret, Republican; Charles S. Britt, Progressive, and Gov. Eugene N. Fox, Independent. Henry C. Stuart was chosen governor of Virginia, together with an entire state ticket, Republicans and Progressives having declined to name candidates because of inability to agree on a united ticket.

Hot Fight in New Jersey.

Returns from New Jersey were delayed, the Democratic leaders claimed a safe plurality for James F. Fielder, Republican, and Everett Colby, Progressive, and Charles S. Britt, Republican, for governor over Edward C. Stokes, Independent. Republican and Progressive having declined to name candidates because of inability to agree on a united ticket.

of the national administration, several members of the cabinet taking the stump in his behalf. National Republican leaders countered on behalf of Stokes, and President Wilson and his policies were made the dominant issue.

Republicans Carry Assembly.

In New York City the triumph of the Fusion ticket was assured and late returns from the state indicated assurance of a Republican majority in the general assembly and the selection of Republican chief judge of the court of appeals, associate judge of the court of appeals and nine supreme court justices.

For United States senator Maryland chose Blair Lee, Democrat.

Democracy triumphed also in the twentieth New York congressional district, where Jacob H. Cantor was elected; thirteenth New York, George W. Left succeeding the late "Big Tim" Sullivan and the third Maryland, Charles P. Coady being the choice. Returns from the third Massachusetts district had not yet received at a late hour but Democratic leaders claimed a victory.

ENDURED AGONY ALONE IN BUSH

W. Milton Paddled Canoe to Railway With Two Fingers Shot Off His Right Hand.

Practically without medical attention, W. Milton, a prominent Torontoan, living at stop 15, Kingston road, traveled for thirty hours, covering in that time nearly 400 miles, with two fingers shot off his right hand. In spite of his injured hand, Mr. Milton had to paddle miles in a canoe to a railroad line.

Walking into the General Hospital at 9 o'clock last night, Mr. Milton, still in hunting attire, related how in walking alone thru the woods 300 miles north of Sudbury, he slipped on a wet piece of bark discharging his gun, which shot off two of his fingers and also inflicted a wound in the left arm. His camp was miles away, so jumping into his canoe he paddled as best he could till he reached the C. N. R. line, where he flagged a work train, which conveyed him to Sudbury. There he took time to have his wound washed and bandaged and set out on the next train for Toronto. When he arrived at the hospital his hand was in an awful condition, swollen and discolored. The physicians at the hospital wondered how he withstood the awful agony the unattended wound must have occasioned.

SWAYING STREET CAR THREW MAN TO CURB

Italian, Whose Address is Unknown, Died as Result of Fall.

Standing on the back of a College street car, Havros Cakarchi, an Italian of unknown address, was thrown to the pavement by the swaying of the car between Eglar and Palmerston avenues on College street, and injured so severely that he died in the Western Hospital at 7 o'clock last night. No one saw the accident, and just what the man was doing when he fell is not known. He was picked up unconscious and conveyed to the residence of Dr. Woods on College street, where he received attention and a few minutes afterwards was removed to the Western Hospital.

His body was conveyed to the morgue where an inquest will be opened by Dr. Sulzer at noon today.

WIDESPREAD METHODIST AGITATION OVER BOOK ROOM BUILDING DEAL; AFFECTS WIDOWS' AND ORPHANS' FUND

Call Issued for Meeting in Toronto of General Conference Committee, Which Has Full Power to Deal With All "Unforeseen" Issues.

Rev. Dr. Carman and Rev. Dr. Chown, general superintendents of the Methodist Church, have issued a call for the general conference special committee to meet in Toronto on Wednesday morning, Jan. 7, 1914, at the Wesley buildings, Richmond street.

One of the biggest questions before the special committee will be the book room-Beverly House site, million dollar building-bungle.

The committee has all the powers of the general conference. Its jurisdiction is very extensive and comprehensive. They are technically defined as follows: "This committee shall, from one general conference to another, watch over and guard all the rights and privileges of our church throughout the connexion, promote so far as possible the recommendations of the general conference, consider and decide upon any measure which may seem necessary for the general interests of the church, and could not have been foreseen at the meeting of the general conference, and adopt such measures for their accomplishment as it may judge expedient. The said committee shall report to the general conference."

Much Dissatisfaction.

Soreness and dissatisfaction over the purchase of the condemned Beverly House site and the circumstances of the purchase is spreading wider and deeper through Canadian Methodism. When the general conference special committee meets here, representatives will be present from as far west as British Columbia and as far east as the maritime provinces and Newfoundland. The committee is not a perfunctory affair made up of marionettes, members of the easy mark family, ready to raise their hands for any old hush-up whitewash resolution whenever an official finds himself in a dilemma. As becomes the highest court in the Methodist Church, the general conference special committee includes among its ministers, members of independent reputation in addition to Rev. Dr. Chown, Rev. Dr. Bond, brother of the ex-premier of Newfoundland, and laymen of the standing of Hon. Thomas Crawford and N. W. Rowell, K.C.

Even at that the committee's findings will be open to review by the general conference, which is composed equally of ministers and laymen.

The Committee.

The personnel of the committee is as follows:

Rev. A. Carman, D.D., and Rev. S. D. Chown, D.D., general superintendents; Rev. T. Albert Moore, D.D., secretary; General Conference.

Rev. W. H. Hincks, D.D., Rev. J. A.

(Continued on Page 2, Column 1.)

JAMES SIMPSON ENDORSED

A resolution endorsing the candidature of James Simpson for the board of control in the approaching municipal elections was unanimously carried by the members of the International Painters, Local No. 3, at a special meeting held last night in the Labor Temple.

INSPECTION OF ALL FACTORIES CHILDREN PLAY ALONG TRACKS

Dr. Hastings at New Year's Will Commence New and Thoro System to Pre- vent Disease.

With the beginning of the new year a system of factory inspection is to be inaugurated under the Toronto Medical Health Department that will be far ahead of anything yet done by any other community in the Dominion.

Announcement of this was made before the Canadian Business Women's Club last night in University School building by Dr. Hastings, chief medical officer of Toronto, in an address on "Industrial Disease and Industrial Hygiene."

The medical inspection of factories to include the spread of tuberculosis and other infectious diseases among minors and adults in factories, consequent upon regular inspection of the employees.

Discovery of the ill-health or physical unfitness of minors in factories, notification for parents of conditions of ill-health found, with recommendation to consult their family physicians.

Education of minors of unhygienic occupational influences or irritating poisonous dusts and gas from contact with which the health of the minor may suffer.

The study of the effects upon health of the occupation of persons dismissed from hospitals for consumption; prevention of health of adults and minors associated with such persons.

Tracing of communicable diseases in factories during an epidemic.

Regulation of temperatures in factories.

Provision for an adequate supply of pure drinking water.

FOUND UNCONSCIOUS IN ELEVATOR SHAFT

John Laing Died Few Hours Later, Doctors Say of Apoplexy.

Lying at the bottom of an elevator shaft at 489 West King street, John Laing, 7 Oxley street, an elevator operator, was found unconscious by employees in the building at 4 o'clock yesterday afternoon. He was removed to the General Hospital in the police ambulance, where he died at 8 o'clock.

According to the doctors at the hospital the cause of the man's death was apoplexy. It is believed that he was seized with apoplexy which caused him to fall to the bottom of the shaft, where he was found. His body was removed to the morgue, where an inquest will be held.

INTERVENTION BY UNITED STATES WOULD BE GRAVE MISTAKE, DECLARATION OF LEADER.

NOGALES, Sonora, Nov. 4.—(Can. Press.)—Gen. Venustiano Carranza, head of the Mexican constitutionalists' revolutionary movement, asked Dr. Henry Allen Tupper of the International Peace Forum tonight to telegraph Secretary of State Bryan and learn if the reported American communication to Huerta indicated an intention to intervene with arms in Mexico.

The first chief of the constitutionalists also decried Dr. Tupper to express to Mr. Bryan his belief that armed intervention would be a grave mistake and uncalculated for since the constitutionalists were convinced that with the privilege of freely importing arms and war munitions they would be able to overthrow the Huerta regime in a short time. On the other hand, Gen. Carranza said it would require years for the United States to pacify Mexico.

To his original request, presented Sunday to the officials at Washington, Gen. Carranza added another tonight. He not only desires the embargo on the export of arms to Mexico lifted but wants the privilege of transporting his soldiers over American territory.

Dinsen's Great Fur Sale.

In another part of this paper you will find an important announcement from the old established Dinsen Company, 140 Yonge street. There has never been such remarkable fur values offered at this season, and it is certainly now that these conspicuous price concessions will be appreciated. The sustained cold weather will be here shortly and it would be wise to make a selection while stocks are complete and prices so much reduced.

A Famous Stage Beauty.

Pauline Frederick, who plays the part of Zuleika, Potiphar's wife, in "Joseph and His Brethren," which will be at the Princess Theatre next week, is said to be the most beautiful woman in America.

SULZER DECLARES HIS HONOR IS VINDICATED

People Have Reversed Judgment of Murphy's "High Court of Infamy," by Electing Him to Assembly—Progressive Supporters Are Elated Over Victory.

NEW YORK, Nov. 4.—(Can. Press.)—William Sulzer, ousted from the governorship of New York recently, was elected to the state assembly today from the sixth district. The vote was unexpectedly close, but both Democrats and Republicans concede his election. He ran on the Progressive ticket.

There was jubilation unbounded in the former governor's headquarters as the count began to record his victory. Sulzer himself was all smiles. He regarded his triumph as a personal vindication, he said, and issued a statement thanking his supporters and scoring Charles F. Murphy, leader of Tammany Hall, who he declared, was condemned by the vote that gave the district William Sulzer as its representative at Albany.

"The people of the sixth assembly district," said Sulzer in his statement, "think better of me than of Mr. Murphy. They know why Mr. Murphy removed me from the governorship; they know when Mr. Murphy asked me to do wrong I refused to do wrong; they know when Mr. Murphy tried to bribe me I refused to be bribed; they know when Mr. Murphy threatened me I defied his threats. The voters now have condemned Mr. Murphy, reversed the judgment of his high court of infamy and vindicated me by the verdict of the polls, which in the last analysis is the opinion of mankind."

People Reversed Judgment.

"From Mr. Murphy's high court of infamy I appealed to the higher court of public opinion," Mr. Sulzer says that there was no appeal from his court, but Mr. Sulzer was mistaken; and he knows now that the judgment of the people can reverse the judgment of any court."

Sulzer made his fight for election to the assembly on the lines of the statement at Albany tonight. His canvass was a whirlwind affair demonstrating crowds greeting him wherever he spoke. He rarely went outside of his district, but his speeches within that territory were directed as much at the Tammany organization in its city-wide and state bearings as to an appeal to his immediate constituents.

MEXICAN REBELS NEED ONLY ARMS

Intervention by United States Would Be Grave Mistake, Declaration of Leader.

NOGALES, Sonora, Nov. 4.—(Can. Press.)—Gen. Venustiano Carranza, head of the Mexican constitutionalists' revolutionary movement, asked Dr. Henry Allen Tupper of the International Peace Forum tonight to telegraph Secretary of State Bryan and learn if the reported American communication to Huerta indicated an intention to intervene with arms in Mexico.

The first chief of the constitutionalists also decried Dr. Tupper to express to Mr. Bryan his belief that armed intervention would be a grave mistake and uncalculated for since the constitutionalists were convinced that with the privilege of freely importing arms and war munitions they would be able to overthrow the Huerta regime in a short time. On the other hand, Gen. Carranza said it would require years for the United States to pacify Mexico.

To his original request, presented Sunday to the officials at Washington, Gen. Carranza added another tonight. He not only desires the embargo on the export of arms to Mexico lifted but wants the privilege of transporting his soldiers over American territory.

MILK CRUSADE IS GAINING STRENGTH

Hamilton Women in Earnest Over Fighting High Cost of Living.

NEW HOSPITAL PLANS

Edward Stevens of Toronto Will Be Engaged as Expert Adviser.

HAMILTON, Nov. 4.—(Special.)—The result of Mayor Allan's crusade against the increased price of milk in this city was evidenced last night when some of the retailers stated that they had lost about 15 per cent of their regular trade. His worthy lie convinced them that some of the increase to about 50 per cent in a few days, and urges the women of Hamilton to continue the good fight, feeling sure that ultimately the companies will have to give in.

"I have just heard of a woman, not many miles from here, who is selling milk to the local dealers for four cents per quart, and we are being charged nine cents for it. There is a profit of one hundred per cent for the milk companies and they are not giving back a cent of it."

A large wholesale concern of Toronto has written to the mayor offering to supply a carload of condensed milk at eight cents per ton.

At a meeting of the board of control this morning, Dr. Stevens and Chairman T. H. Frost of the board of hospital governors were present to discuss hospital plans.

Magistrate J. G. Waterhouse fined George Yeoman, chairman of Waterdown, \$50 for selling diluted milk in the city. In a test made of the milk, seven quarts of water were extracted from a six-gallon can.

Extra Pay for Controllers. Once more the talk of a re-arrangement of the board of control, or of the duties of its members, is being discussed.

William Smith, for many years an employe of the Tuckett Company, stated today that by Deal L. O'Brien, of Hamilton, he has a hotel that will cater exclusively to the negro trade.

Two more burglaries were brought to the attention of the police this morning. Both occurred last evening.

The first apology from Editor Rogers of a Toronto weekly publication, was received today. It is self-explanatory, and is as follows:

"I, James Richard Rogers, editor of the Toronto weekly paper known as Jack Cannon, hereby tender my sincere apology to the said Hugh McCreynolds of Hamilton, real estate agent, and to the Hamilton Interurban Realty Company.

"I now admit that the article written in me in my paper, Jack Cannon, on page 4, November 4, 1913, was incorrect, and I regret its publication.

"I have in my paper, Jack Cannon, on page 4, November 4, 1913, an article which I hope that my apology will be accepted in the spirit in which it is given, as I now find that it was absolutely wrong."

(Signed) J. R. Rogers.

Another conference of the committee representing the municipalities interested in the metropolitan area will probably be held on November 10th.

TAMMANY FORCES ARE ROUTED

(Continued From Page 1.)

Tammany Wholly Wrecked. "It looks as if we had everything," Secretary Thomas Smith of Tammany Hall finally admitted.

At the same time Samuel E. Koenig, chairman of the Republican county committee, claimed the election of the entire Fusion ticket in the greater city and of the New York County ticket in the city.

"This is the worst blow delivered at Tammany in many years," said Mr. Koenig, in a statement. "It is doubtful if that organization will ever recover from it."

Charles E. Murphy, leader of Tammany Hall, followed shortly with a brief statement.

"The result speaks for itself," he said. "Mr. Mitchell has been elected by a majority of the voters. His opponents join in the wish that he may have a successful administration and hope that it will be of substantial benefit to the city."

McCall Good Loser. Former Judge McCall, the Tammany candidate, is reported to be disappointed in the result of his defeat.

William Smith, for many years an employe of the Tuckett Company, stated today that by Deal L. O'Brien, of Hamilton, he has a hotel that will cater exclusively to the negro trade.

Two more burglaries were brought to the attention of the police this morning. Both occurred last evening.

PASSED ESTIMATES FOR NEW SCHOOL

Roman Catholic Board Will Erect Building on College Street.

NEED MORE TEACHERS

Inspector Power of Separate Schools Asks That Appointments Be Made.

The regular monthly meeting of the separate school board was held in the board room of the De La Salle Institute last evening.

De La Salle Institute, chairman of the board, presiding. Dean Hand, chairman of the finance committee, presented a report on the financial business of the board during the past year.

The outlay for upkeep of schools and general expenses had been \$167,869.31, and the outlay on the capital account \$246,411.73.

New College Street School. Estimates for a new 12-room school for 1914-15 were passed.

Inspector Power spoke on the introduction of the penny bank system into the schools.

Archbishop Spoke. Archbishop McNeil was present during the greater part of the meeting.

Cannot Stand Aids. "We cannot stand aids," said his grace, "and the general public do not like them for the hospitals and we do not wish."

WALSH IS GIVEN LARGE PLURALITY

Remainder of Democratic State Ticket in Massachusetts Also Victorious.

BOSTON, Nov. 4.—(Can. Press.)—David Walsh, a Democrat, and distinguished member of the bar, was elected governor today.

The remainder of the state ticket was in doubt when three fourths of the election districts had reported, but shortly before midnight the Democratic leaders claimed a complete victory for state officers and the returns as far as tabulated seemed to support this claim.

FIELDER'S PLURALITY, 15,000. TRENTON, N. J., Nov. 4.—(Can. Press.)—Indiana election in the city today Joseph E. Fielder, Democrat, for mayor, won by a plurality of probably 5,000.

INDIANAPOLIS, Ind., Nov. 4.—(Can. Press.)—In the city election here today Joseph E. Fielder, Democrat, for mayor, won by a plurality of probably 5,000.

DEMOCRATS SWEEP INDIANAPOLIS. INDIANAPOLIS, Ind., Nov. 4.—(Can. Press.)—In the city election here today Joseph E. Fielder, Democrat, for mayor, won by a plurality of probably 5,000.

WALSH'S BIG LEAD IN BOSTON. BOSTON, Nov. 4.—(Can. Press.)—The total vote of Boston, comprising 235 voting precincts in today's state election was: Bird (Prog.), 18,779; Foss (Ind.), 8,844; Gardner (Rep.), 12,233; Walsh (Dem.), 46,885.

DEMOCRATIC MAYOR DEFEATED. ELmira, N.Y., Nov. 4.—(Can. Press.)—Daniel Sheehan, Democratic mayor of this city for eight years, was defeated in the contest by Harry N. Hoffman, Fusion candidate, by 300.

PROGRESSIVE MAYORS ELECTED. JOHNSTOWN, N.Y., Nov. 4.—(Can. Press.)—Johnston elected a Progressive mayor today following a contest in which the Progressive ticket, headed by Clarence W. Smith, Progressive, had 588 votes; Wm. H. Coughlin, Republican, 577; John T. Morrison, Democrat, 569; and Frank Hester, Socialist, 502.

AUBURN, N.Y., Nov. 4.—(Can. Press.)—Charles W. Bristow, Republican and Progressive, was elected Mayor of Auburn by 235 over the present mayor, Thomas H. O'Neill, Democrat.

Penitentiary Inquiry May Possibly Go Over Until Next Month.

WEDS SWEETHEART OF FIFTY YEARS AGO

Parental Objections Prevented Marriage, But They Are at Last United.

KANSAS CITY, Mo., Oct.—Unforgetful of his boyhood sweetheart, the first of his twenty years have passed. E. S. Hall, seventy years old, a prosperous farmer of Breckenridge, Mo., was married in Kansas City, Kan., a few days ago to Mrs. Leta McGilchrist, of Hartsville, Ind., the girl whose love he won but whom he was unable to wed because of parental objection.

They began to "go together" when she was "pigtails" and was in the third year of high school.

They secretly became engaged, but no significance was attached to their friendship until he reached the age of eighteen and asked to be allowed to marry her.

They secretly became engaged, but no significance was attached to their friendship until he reached the age of eighteen and asked to be allowed to marry her.

Housekeeping, Nursery, Gardening and News of Interest to Women

SEEKING REMEDIES FOR DRUG HABITS

Opium, Morphine and Other Narcotics Are Subject of Enquiry.

The announcement made not long ago that the pure-food law has been invoked by the government to control the illicit cocaine traffic in the United States, has brought in many enquiries from persons who want to know why the same law will not be used to cover the traffic in other dangerous habit-forming drugs.

MILKYWAY HAS PEERLESS BEAUTY

Galactic Phenomenon is Composed of Suns in Literal Millions.

The Milky Way, or Galaxy, is an apparent ring extending entirely around the universe of stars visible in the largest telescope. It is composed of suns in innumerable millions. They are so remote that, as seen from the earth, they appear to be a continuous band of light.

"Salada" Tea is "Hill-Grown"

"Hill-grown" tea has the small, tender leaves—with full, rich, delicious fragrance, redolent of the spicy tropics.

Tea is grown high up on the mountains of Ceylon—with its native delicacy and fragrance held captive in the sealed lead packages.

NEW YORK'S OFFICIAL HOSTESS

MRS. JOHN PURROY MITCHELL, the bustling new mayor of New York on the long-deferred honeymoon. "Just as soon as selection is over with," said Mrs. Mitchell "I am going to insist that he take me on my honeymoon trip."

Sob say has been John Purroy Mitchell, the bustling new mayor of New York on the long-deferred honeymoon. "Just as soon as selection is over with," said Mrs. Mitchell "I am going to insist that he take me on my honeymoon trip."

That Salmon Loaf

It is more blessed to give than to receive, but it is more satisfying to me to receive the following splendid recipe for salmon loaf or scalloped salmon in butter.

Wash the leaves of your plants every day or two, under the tap. Then do not set them back directly in the sun.

Put a piece of fish in a few main feeders have plenty of old earth still clinging to their sides. Such being the case, the plant may not get the best of care.

Place the pot in a tub or pail of water for an hour, after the re-planting, is the very best way of making sure that the new earth packs itself tightly around every root.

Wegian folk have a "lazy man" legend built against a hill—instead of taking her to the pasture. I have no doubt that the story is true, for I have often seen a couple of wild geese on the roof of the soft green housepots.

LADIES have your Velour or Felt hats dyed, cleaned and modeled at NEW YORK HAT WORKS, 566 Yonge Street, North 5163.

THE GHOST BREAKER

(Continued from Yesterday)

Asleep, with his head on the table, sat Pedro, the innkeeper, fat, red-faced, poor, stupid. The remains of a fire sent a thin, vaporous smoke up the capacious stove chimney.

"I gave up hope when he went in," he replied, weakly, and as his eyes above all but the ruins of the keep he continued: "I waited tonight till an hour past sundown and twice I called. Once I went back to see if it might have been the wind that stirred the curtains."

"Oh, if her highness were here," she sighed, "I would have been here myself. She's on her way," said Vardos, "but what can she do?"

"I'll tell you what she will do," answered the voice, rising again. "She will go straight into the castle, and will Segura have it said that she is here?"

"God forbid that it should come to that," said Vardos. "I'll tell you what she will do," answered the voice, rising again. "She will go straight into the castle, and will Segura have it said that she is here?"

"Will you marry me?" asked Dolores. "No, I won't," said Pedro. "I'll tell you what she will do," answered the voice, rising again. "She will go straight into the castle, and will Segura have it said that she is here?"

"I'll tell you what she will do," answered the voice, rising again. "She will go straight into the castle, and will Segura have it said that she is here?"

"I'll tell you what she will do," answered the voice, rising again. "She will go straight into the castle, and will Segura have it said that she is here?"

"I'll tell you what she will do," answered the voice, rising again. "She will go straight into the castle, and will Segura have it said that she is here?"

"I'll tell you what she will do," answered the voice, rising again. "She will go straight into the castle, and will Segura have it said that she is here?"

"I'll tell you what she will do," answered the voice, rising again. "She will go straight into the castle, and will Segura have it said that she is here?"

Old Time Virtues They say that the day of virtues is past. That obedience, reverence, diffidence, courtesy, as applied to the training of children, have vanished with the simple life of our great-grandparents.

Take, for instance, obedience. The very manner of it has changed. In the old days we are told the matter of obeying was soldier-like duty. Father, mother, or grandmother, the parent, or any adult in fact, was "Do this" and the young hopeful did without question, without comment.

"I'll tell you what she will do," answered the voice, rising again. "She will go straight into the castle, and will Segura have it said that she is here?"

"I'll tell you what she will do," answered the voice, rising again. "She will go straight into the castle, and will Segura have it said that she is here?"

"I'll tell you what she will do," answered the voice, rising again. "She will go straight into the castle, and will Segura have it said that she is here?"

"I'll tell you what she will do," answered the voice, rising again. "She will go straight into the castle, and will Segura have it said that she is here?"

"I'll tell you what she will do," answered the voice, rising again. "She will go straight into the castle, and will Segura have it said that she is here?"

MAKING OF BREAD BY ELECTRICITY

A Complete Bakery is Thus Operated in Muskogee, Oklahoma.

A complete bakery operated by electricity is located in Muskogee, Oklahoma.

The flour is unstacked into a bin in the cellar, and from there it is conveyed by an elevator to the large hopper suspended from a lever connected with a power shaft, so that it can be weighed at any time.

With each revolution of the shaft this machine four loaves of any desired weight are punched out and dropped upon a delivery belt.

A minute after a loaf drops upon the belt it is delivered to the molding machine, which kneads the dough into a loaf shape.

The leaves then roll into the oven, and finally rolling them around the wheel at the bottom. The leaves then roll into the oven, and finally rolling them around the wheel at the bottom.

Placing the pot in a tub or pail of water for an hour, after the re-planting, is the very best way of making sure that the new earth packs itself tightly around every root.

Wegian folk have a "lazy man" legend built against a hill—instead of taking her to the pasture. I have no doubt that the story is true, for I have often seen a couple of wild geese on the roof of the soft green housepots.

THE GARDEN CONDUCTED BY RACHEL R. TODD, M.D.

Contributing from yesterday, this important subject of dealing with freshly-brought-in plants, we must ask that you give your close attention to the difference between outside air, and inside air.

This is such an important point that we may say it is a vital one. And, moreover, it is a vital point from the very first moment that you transfer your plants to the house.

Indeed, the first few days are above all things the most important. Just think of the change those plants are being subjected to—and your imagination and common sense will tell you all the rest.

The night dew is a vital to plant life. Well, then, how is it possible to have these indoor plants? Just think of the change those plants are being subjected to—and your imagination and common sense will tell you all the rest.

Every re-planted specimen must be placed in a dark room, and kept as soon as brought in. This is to give the roots a chance to re-fix themselves firmly in the new soil.

Placing the pot in a tub or pail of water for an hour, after the re-planting, is the very best way of making sure that the new earth packs itself tightly around every root.

Wegian folk have a "lazy man" legend built against a hill—instead of taking her to the pasture. I have no doubt that the story is true, for I have often seen a couple of wild geese on the roof of the soft green housepots.

One Application Will Remove Hairy Growths (Boudier's Secret)

No woman need longer tolerate ugly hairy growths, for with a single application of a plain delatone paste it is an easy matter to quickly banish hair or fuzz from any part of the face or neck.

I have come across roofs that were a riot of wild panicles and have seen wonderful roofs where wild roses have over the eaves, or a daisy root, the effect of whose white, star-like flowers, topping the dark brown structure, were especially picturesque.

BOOK REVIEWS

NOTE TO PUBLISHERS.—All books for review in The World every Wednesday morning should be sent direct to The World Office, addressed to W. N. Wilkinson, Managing Editor.

MAKING OVER MARTHA

Making Over Martha (McClelland & Goodchild) is a charming contribution to the Mrs. Wiggs' type of book. Those who enjoyed Martha-by-the-Sea will find added pleasure in Making Over Martha.

HIS GREAT ADVENTURE

"His Great Adventure" by Robert Herrick, has for its hero Edgar Branard, a young down-and-out playwright of New York, who has suddenly been placed in a position of trust.

THE DESTROYER

An eloquent appeal for the disarmament of nations and the protection of the brotherhood of man and the establishment of universal peace is embodied in "The Destroyer," the most recent product of the pen of the late Stevenson, the author of "The Hallelujah Case," "The Marathon Mystery," etc.

THE EYE OF DREAD

A crime that never took place, the actors in the drama leading up to it live for some years believing in its actuality, is the motive about which turn the many singular incidents in the tale of the Eye of Dread, the latest book of Payne Erskine.

BOOKS RECEIVED

In the Wake of the Eighteen Travellers, by C. H. J. Snider; Bell & Cookbury.

SONS OF ENGLAND!

"CANADIAN SEASONS"

"AND OTHER CURIOS" by William Henry Taylor. This book will give your friends a vivid picture of Canadian life—the woods, the orchards, the vineyards, the promise and reality. If you have no relatives at home, send one to your mother.

MONTAGUE RETURNS TO POLITICAL LIFE

Sworn in as Minister of Public Works for Manitoba.

WINNIPEG, Nov. 4.—(Can. Press).—Hon. W. H. Montague was sworn in today as minister of public works in the Manitoba cabinet. This followed the receipt yesterday of Hon. Colin H. Campbell's resignation.

M'BRADY AND DENISON SENT UP TO JURIES

Masesy-Harris Employee Says Denison Admitted Theft—Two Chinamen Fined.

L. V. McBrady was sent up to a jury yesterday on a charge of securing \$900 from the legal firm of Proudfoot Duncan & Grant.

THE ELIAS ROGERS CO LIMITED

The Toronto World

FOUNDED 1850. A morning newspaper published every day in the year by The World Newspaper Company of Toronto, Limited...

WEDNESDAY MORNING, NOV. 5

IS CONTROLLER CHURCH EDITING THE GLOBE?

We had a devoted Globe reader in the office yesterday who wished to point out a mistake he thought we had made. He agreed with the World's policy in regard to purchasing the railway if the terms were good, but thought we were wrong on the point...

"By George, you are right after all," he admitted. The new package is to be laid within the next five years, and the new capital required, amounting to \$1,000,000, is provided for in discounting the net revenue before arriving at the sum to be paid the company...

Then it suggests that instead of cleaning up the franchises and getting sole control of the city streets once more, and pushing an end to the constant squabbling and litigation with the company, we let the company retain all its rights and franchises, collect the \$25,000,000 which is the gross revenue on which the experts base their estimate of intangible assets...

Controller Church has been asking questions again. Not that he really wants information. Any one who converses with the galvanic controller is aware that he never waits for an answer, and always has so much to tell he has no time to listen.

THE BIG BANK IDEA. The National City Bank of New York has issued, in succinct and readable form, the legislation proposed by its president, Mr. Frank A. Vanderlip, in lieu of the administration's banking and currency measure...

A DISCREET SILENCE. We begin to appreciate the extreme delicacy felt by the Telegram in approaching our enquiry. Why does it oppose the street railway purchase, and why does The Globe spring to its aid, so that every suburb in the city east, north and west, shall lose the benefit of single fares and improved service for eight years, except the Humber Valley suburbs...

PRIVY COUNCIL A TRAVELING BODY That is Haldane's Solution of Vexed Question of Supreme Court.

COULD SIT IN CANADA Appellate Tribunal Would Consequently Not Be "Outside Ourselves."

LONDON, Nov. 4. (Wednesday).—The A. P. Lord Chancellor Haldane, speaking last night at University College upon "The Legal and Political Unity of the Empire," made some interesting remarks on the establishment of the judicial committee of the privy council as a movable imperial court.

How It Works Out. "Well," proceeded the lord chancellor, "both parties in the state agree that the existing second chamber must be reformed in a fashion that will make it possible for the dominions of the empire to be represented in it."

That will involve a certain change, and the work will be far too great for the judicial committee as at present constituted. Supposing that body were still enlarged and an important part of the work of the privy council were transferred to it, it would be a step in the right direction.

Principle of Imperial Unification. In conclusion, he said that the reform of transferring appeals to the king in council and enabling the judicial committee to sit in the dominions, would be a good step in the solution of the problem of imperial unification.

Rugby Teams Confident Over Approaching Games

ARGOS AND VARSITY USEFUL WORKOUTS

Careful Preparation by Rugby Teams for Saturday's Crucial Battles.

Varsity held another snappy signal practice last night, and all but Beams were out. He is still suffering from a swollen ankle, but will be in the game Saturday. The players are all in good shape. The greatest opening will be given Queens Saturday, and the boys are going down to meet them on Monday. The Argos will play on Saturday, and the boys are going down to meet them on Monday. The Argos will play on Saturday, and the boys are going down to meet them on Monday.

MULOCK CUP SERIES NEARLY FINISHED

Vics Win Group D Title by Beating Dents—Jr. Meds Tie With Jr. School.

The Mulock Cup series is pretty well finished, and by Friday the semi-finals will be drawn up. Group A is the farthest from being decided. Senior Meds are leading, with three wins and no losses. Junior Meds can tie them by winning their next two games. They must make on Thursday, and then they can tie. They also have another game with Arts, but Arts are rather weak this year, and it is possible that they may drop out of the race.

1. Hans Creek, 102
2. L. of Langden, 102
3. Jack Sand, 104
4. Main line, 109
5. Sir Spect, 98
6. Looksup, 109
7. Asyasia, 99
8. Progressive, 98
9. Lickie, 102
10. Mosaic, 93
11. C. F. Gaining, 94
12. Garth, 107
13. M. Angelo, 94
14. Bally Bay, 94
15. Galtory, 101
16. Iatano Queen, 90
17. Lunville II, 99
THIRD RACE—Stallard Handicap, three-year-olds and up, six furlongs:
1. Ahmad, 111
2. Progressive, 98
3. Lickie, 102
4. Eadwala, 102
5. Yenghee, 98
6. Genoa, 113
7. Conqueror, 98
8. Carlton G., 109
9. Isidora, 107
10. Wilson entry.
FOURTH RACE—Belvedere Handicap, steepchase, three-year-olds and up, two miles:
1. P. Digg, 134
2. Cambo, 138
3. Madeline L., 140
4. Ciel's Sister, 138
5. George, 138
6. George Eno, 152
7. Bally Bay, 138
8. Colonel, 138
9. Ennisidgen, 153
10. Fred Essen, 132
FIFTH RACE—Selling, handicap, three-year-olds and up, 1 1/2 miles:
1. Giddy, 115
2. Cliff Stream, 108
3. Chester Krum, 109
4. Napier, 107
5. My Fellow, 103
6. Blackford, 107
7. Nolle, 112
8. Three-year-olds and up, one mile and seventy yards:
1. Nonpar, 102
2. Brynna, 111
3. Jude Moran, 112
4. Autumn, 118
5. Kormak, 116
6. Hester Pryne, 111
7. Tula Carrier, 109
EIGHTH RACE—Selling, for two-year-olds, 5 1/2 furlongs:
1. Mordcael, 112
2. Woodrow, 103
3. Salvation Nell, 102
4. Hervey Queen, 110
5. High Priest, 102
6. Swane, 105
7. Beau Per, 102
8. No Manager, 102
9. Helen M., 102
10. Kedron, 109
11. Par entry.
Ninth race—allowances, 2-year-olds and up, 1 mile:
1. Glass, 98
2. Wryneck, 103
3. Black Bragg, 109
4. Orsell, 109
5. Jabot, 109
6. Sun Queen, 109
7. Howdy Howdy, 108
8. Hoffman, 111
9. Dynamic, 111
10. Irish Kid, 112
11. Phil Mohr, 112
12. Eftendi, 112
13. Ocean Queen, 112
14. Eftendi, 112

York County and Suburbs of Toronto

WHAT EARLS COURT DOES AND SAYS

District Voters to Press for Road Thru Prospect Cemetery.

WORK IS VERY SCARCE

High Price of Lumber the Reason, Says One Man Now Idle.

An important meeting of the executive of the Earls Court District Voters' Association will be held next Friday evening, at 8 o'clock, in the Dominion Bank Chambers, corner St. Clair avenue and Dufferin street. Mr. Holmes, the president, will preside. All executive members are urged to attend, as matters of particular interest will be discussed.

The principal of the J. L. Hughes School, Caledonia avenue, Mr. Brown, in conversation yesterday with the secretary of the Earls Court District Voters' Association, complained about the delay in the matter of the road thru the cemetery. He stated that he went down to interview Ald. McBrien about the road personally and was put off by that gentleman without any ceremony. He is very much in earnest about this business and will give the Earls Court District Voters' Association all the help he can to get the matter hastened along, as the change would be a great convenience to the children.

One hundred and fifty skilled carpenters out of employment down at the Leaside Temple this morning was the complaint of one of them who resides in the Earls Court district. The cause is not the slackness of trade, but the high price of lumber. Builders will not continue with their jobs, and refuse to be bid when there is absolutely no cause for the increase in price. He lost money himself on a small contract just finished, owing to the rapid advance in price before completion of his contract.

A good game of football can be witnessed on Saturday afternoon at the Old County football ground, Stanley Park, between the Overseas and Old County men. The latter will put up a good fight, as it will in all probability be Overseas and Earls Court for the championship, if the Earls Court men are victorious over the Waterloos.

Messrs. Moon and Jeffrey report this week the sale of the lots of three \$10,000 stores on St. Clair avenue, the last being sold to Mr. Charles, who will start a general furnishing store. They also report the sale of a solid brick dwelling at 609 Lansdowne avenue, the sale price being \$3800. Westmount avenue is to become a selected residential avenue; several cellars are now being excavated. Moon and Jeffrey this week exchanged a house on Perth avenue, worth \$2400, for a lot on Westmount avenue, the lot being 33 feet by 115 feet, at \$55 per foot.

The County Police System

The police committee of York County Council is busy gathering data on information for their next meeting, when a very complete report on the whole system will be put before the council.

"There's no doubt that something must be done," said Reeve W. H. Pugsley of Richmond Hill, to the World last night. "The biggest problem is just how to deal with the sections adjoining the city, as conditions in the districts are quite different to other parts of the county. If special legislation is necessary we simply have got to get it."

AGINCOURT

Since the mysterious Mr. Woods has been caught, excitement has died down in the neighborhood and W. H. Patterson, who had a busy time since last Wednesday in connection with the bogus construction camp, has returned to his job at Thursday's plowing match. The field on Henry Harding's farm was all laid out yesterday in readiness for the match, and no detail has been neglected.

A number of old plowing champions, who have not done anything competitive in that line for years, will likely be out as a preliminary to taking part in the provincial match at Sunnybrook farm next week.

J. Hughes, former chief inspector, Toronto, will deliver a lecture in Knox Church on Nov. 11. His subject will be "Play the game."

KING AND VAUGHAN PLOWING MATCH

At Sir Henry Pellatt's Farm—Over a Thousand People Present.

COMPETITION WAS KEEN

Cameron Walkington, King Carried Off First in First Class.

Altho the weather was bitterly cold yesterday, something like 500 enthusiastic farmers turned out to witness the commencement of the annual plowing match, held under the auspices of the King and Vaughan Branch of the Ontario Farmers' Association, on Sir Henry M. Pellatt's farm, near Eversham. About half a dozen plows were entered, and the competition was very keen. Cameron Walkington, King, was carried off first in the first class.

The afternoon saw the arrival of several hundred more farmers, quite a thousand people being present by 3 p.m. At 5 p.m. everybody made their way to Sir Henry Pellatt's large barn, where a supper had been provided, and here again justice was done.

A vote of thanks to the host was moved by R. J. Ramsden and seconded by Mr. Richards, to which Sir Henry suitably responded.

"The prize winners were then named by Secretary Salgeon.

First class (sod)—1. Cameron Walkington, King; 2. Charles Williams, Vaughan; 3. Stanley Trudell, Richmond Hill.

Second class (sod)—1. Alex. McCann, King; 2. Elmer Orr, Maple; 3. Stewart Baird, Scarboro.

Third class (sod)—1. Clarke Young, Markham; 2. H. J. Pigott, Eglington; 3. T. F. Lovel, King.

Fourth class (sod)—1. W. Windass, Vaughan; 2. Roy Wilson, King; 3. Charles Williams, Vaughan.

Fifth class (grass)—1. Walter Brown, 2. Scott Bovaird; 3. Stephen McMurphy.

Sixth class (stubble)—1. Jesse Richards, King; 2. Harper Wells, King; 3. A. Walkington, King.

PEEL TEMPERANCE FORCES ORGANIZE

Local Option Vote May Be Taken Early in November.

LAYMEN'S CONGRESS

Rev. Murdoch Mackenzie and Many Other Eminent Churchmen to Speak.

The temperance workers of Brampton held an enthusiastic meeting in Grace Church parlors last night to discuss the situation in reference to voting on local option the first of January. Word was received from the department of state that they had reconsidered their decision to allow the voters to decide on the place before 1914 on the Canada Temperance Act. The council has decided to allow a bylaw to go thru without the formality of a petition, and the temperance people will use this as a safeguard in the event of the Canada Temperance Act not being submitted. It is altogether likely, however, if the license victualers do not object too strenuously, that polling will take place on Nov. 24. In the event of it being left over till January the temperance people will engage in two fights—one on local option on the first Monday in January, and helping the rest of the county on the Canada Temperance Act, the latter part of January.

The following program has been mapped out for the Laymen's Missionary Congress and banquet, to be held in this town on Friday afternoon and evening. The afternoon session will be held in St. Paul's Sunday school room, commencing at 1.30. The conference theme will be "The Problem of Missions in the Local Congregation." Dr. S. S. Bates of Toronto will give an address on "The Development of a Missionary Atmosphere." Missionary literature for men will be discussed by K. J. Benson, Rev. Murdoch Mackenzie, D.D., who spent twenty years of his life in China as a missionary, will talk on his missionary experiences. The every-member canvass, its value and how conducted by Rev. E. H. Wilkins and R. W. Allen, and "Securing Best Results From This Campaign," by R. M. Hamilton, will close the afternoon session. At 8.30 a banquet will be served to the men of the county in the Presbyterian school room, at which Mayor Duggan will preside. Rev. Murdoch Mackenzie, E. Ralph Hooper, M.D., and R. W. Allen will be the speakers.

MOUNT DENNIS.

Carlton Purple Star, L.O.L., No. 692, will hold its annual court and supper tonight in Mount Dennis Methodist Church, corner of Eglington avenue and Weston road. A good vocal and instrumental program has been arranged.

WARD SEVEN.

Street car accidents are becoming rather too frequent in Ward Seven. A suburban car ran into a delivery wagon of the Lawrence Bread Company yesterday morning, throwing the driver and knocking the horse down. Fortunately no one was injured, but the horse was badly bruised and the wagon somewhat damaged.

The senior basketball team of the Annette street school defeated the King George school team yesterday afternoon on the latter's court by the score of 18 to 12.

A permit was issued yesterday to Rosenfeld Bros. for the erection of a store building at 200 Dundas street, which will cost, when completed, \$9000. The new store will be a large one of steel and brick construction.

Miss Florence Galbraith, a new teacher of elocution at Toronto Junction College of Music, is giving an introductory recital this evening in the college hall. The program includes a recitalist will be assisted by Miss Blanche Thomas, pianist; Miss Jean Mitchell, flutist; violinist, and Miss Evelyn McGill, vocalist.

Court Davenport, I.O.F., held a very enjoyable social evening in St. James' Chambers last night. Chief Ranger W. O. Armstrong, 65 years of age, was found in an unconscious condition in his room at 307 Westway road yesterday morning, having suffered a stroke of paralysis. He was removed to the General Hospital, where he is reported to be in a serious condition.

OAKVILLE.

Early yesterday morning Oakville town hall was completely destroyed by fire, only the brick walls being left. The fire started in a room on Miss Eversham's had made considerable headway before it was discovered by Col. R. S. Windeyer shortly before 4 o'clock.

The fire brigade turned out, but owing to poor pressure the water could not be thrown higher than the first-floor windows until 4.30, when the fire had got beyond control.

The building was an old one, erected about 1862. Nothing is known regarding the origin of the fire.

NEW TORONTO

Residents in New Toronto are getting very impatient for the Hydro-Electric light and power, which they have contracted for. The council, in fact, has been receiving so many kicks regarding the delay that they may take some action at their next meeting. Those in charge of the work say that the delay is caused by lack of poles, but as a number of new houses are prepared for electric light and heating it right away, there is danger of some contracts being made with the Interurban Power Company, which would otherwise go to the Hydro.

A special meeting of the council will be held on Friday evening, to let the contract for a long stretch of sidewalk on the south side of Lake Shore road.

A court of revision for local improvement assessments will be held on Friday, Nov. 14.

DANFORTH AVENUE

Danforth avenue Methodist Church Sunday School held a very successful rally last Sunday, which was followed by a social on Monday night, which was the third anniversary of the school.

The executive chairman of the board of education, occupied the chair. Rally day collections and proceeds from the social evening totaled \$110, which has been added to the Sunday School fund.

NORTH TORONTO.

Ald. Anderson will address the North Toronto Ratepayers' Association on Saturday night on "The City's Park System."

The executive of the association met last night and arranged the program for Saturday. One subject that will be dealt with is the assessment levied on the new street, Duplex avenue. A number of property owners who have got their tax papers think the assessment is too high, and the association may deal with it.

Roy Middlebrook, of 55 Balliol street, who was seriously injured on the Metropolitan Railway a week ago and was unconscious for two days, is making some improvement and hopes to be entirely renewed for his ultimate recovery.

NEWMARKET.

There will be a meeting of the C.O.C.P. tonight in the lodge rooms at 8 o'clock. Members are requested to make a point of being present, as the business is very important.

The W.C.T.U. met at Mrs. H. S. Cane's house on Huron street yesterday. There was a good attendance, and Mrs. B. F. Thomas gave an interesting address.

PICKERING.

The regular monthly meeting of the Ladies' Aid will be held in the basement of the church today at 3 o'clock.

WEXFORD.

The anniversary services of Wexford Methodist Church will be held Sunday, Nov. 3. Services as follows: 2.30 p.m., Rev. H. Carmichael, B.A., of St. Andrew's; 7.30 p.m., Rev. W. J. Mumford, B.A., of Victoria College, Toronto. Special music furnished at both services by a quartet from Victoria College, Toronto.

MARKHAM.

F. T. Newton, former proprietor of the Tremont Hotel, has purchased a site for an abattoir in the village, and expects to start construction work soon.

EXPLANATION OF GLACIAL PERIODS

Growing Tendency to Attribute Them to Variation in Atmosphere.

There is a growing tendency to regard glacial periods as due to variations in the atmosphere. The carbon dioxide and water vapor always present form a heat-retaining blanket, and a much favored view has been that during times of land elevation and expansion much carbon dioxide has been absorbed while evaporation has been reduced, the result being a general lowering of temperature on the earth's surface.

A quite different theory has been brought out by Professor W. J. Humphreys, of the United States weather bureau, in recent volcanic explosions—such as those of Krakatoa, Pele and Katmai—vast quantities of fine dust have been projected into the upper air, and spreading out, have formed immense clouds that seem to have prevented a material portion of the sun's rays from reaching the earth's surface.

It is supposed that volcanic activity of great intensity might give a heat-reflecting dust belt that would gradually new climates. Such volcanic periods are recorded in the rocks, and one of them, which began before the ice age, still continues, having dwindled enormously in intensity.

SHORTER DAYS IN DISTANT LONG AGO

Contained Only Ten Hours Fifty-Six Million Years Back.

In a lecture at the Royal Academy in London recently on the movement of the stars Professor H. H. Turner stated that 46,000,000 years ago there were but sixteen hours to a day and twenty-nine days to a month.

Some 10,000,000 years before that the day was ten hours long, and going back still further into the recesses of time, it was reduced to one hour. That explanation Prof. Turner, according to The London Chronicle, was when the earth and moon were close together—when they had recently parted company, in fact, and had started on their career as separate bodies.

The principle, said Professor Turner, applied to a very large class of bodies in the solar system—the double stars. Astronomers knew two stars in the sky so close together that it never had been possible to separate one from another, even thru the best telescopes. Some of them were so close together that they were considerably brighter than the other, and it was supposed that one of them was orbiting around the other.

At the other end of the scale there were some stars that had not completed their orbit in the century since they were described by Herschel. Some were even instances in which the orbits would occupy thousands of years.

Because of the changes in the length of our day, said Professor Turner, was the effect of the tides on the earth's rotation. The moon raised two tides—one on the side she pulled away from the earth because she pulled away the earth from the water.

A LONG HARD WINTER PREDICTED BY PROPHETS

Field Mice Are Taking to Their Burrows and Game Fur and Corn Husks Are Thick.

(Special to The Toronto World.) BANGOR, Oct. 22.—Old weather prophets are predicting a long and hard winter in Maine and presumably all over Northern America, because the field mice have already abandoned their homes in spruce trees and taken to the money ground or deserted logging camps, others reach a lake conclusion because the fur on game animals' backs is thick. It is too early to examine the breast bones of geese, but the corn husks are very thick, and that is just as sure an indication of a cold winter.

Maine claims to be a bright and forward state, yet superstitions centuries old cling and are believed in. Many Maine farmers wait till the moon is dark and the tide is on the ebb before killing hogs, so that the pork will "swell in the barrel." In some regions along the coast inhabitants are logging camps, half-farmer, most of the affairs of life are governed or timed by "signs."

The late Ezekiel Bones of Vesgie always regarded the size of the holes in doughnuts as a certain indication of the character of a winter to come. If the holes were small and the paste puffed up handsomely, he looked for a hard and frosty winter, while if the rim was lean and soggy and the hole correspondingly large, he didn't bother to cut much firewood.

WILL RECEIVE MONEY ON COMING OF AGE

City Settled Hand Damage Action by Paying Five Hundred Dollars.

A settlement has been ratified by Chief Justice Falconbridge in the case of Hall whereby the city will pay \$500 damages for injuries sustained by five-year-old Irene Hand when she fell from the unguarded sewer excavation on Ashdale avenue May 26. Action was entered for \$7000.

Out of the \$500 paid by the city, \$125 will go to the father, \$250 will be paid for the plaintiff's costs and \$250 will go into court to be paid out to the child when she becomes of age.

PRESS MEN'S PARTY WALKS SIXTY MILES

ATHABASCA LANDING, Alta., Nov. 4.

A party of Edmonton aldermen and newspaper men arrived here this morning, five days after starting. They left Edmonton a week ago last Friday to go to Pelican Rapids to inspect the Pelican gas well at that place, and to have been here on the return trip last Thursday afternoon.

The party were forced to walk sixty miles, which was responsible for their delay.

The Most Wholesome of All Beverages

Brewed from selected malt, choice hops and sterilized and filtered water as clear as crystal, **Honigsbier** is the finest beverage that it is possible to produce.

Not only is it a delicious and refreshing drink and the purest beverage obtainable, but it is wholesome and nourishing.

Honigsbier is an absolutely pure beverage free from contamination or typhoid germs.

Keep yourself fit and in prime condition by drinking Dawes **Honigsbier**.

If your dealer cannot supply **Honigsbier**, order direct from us.

FASOLINE

RHEUMATISM AND LUMBAGO CAN BE CURED

There is no need to suffer torturing pains and ruin your stomach with drugs when you can be completely cured in from one day to a few weeks.

When you feel that grinding pain in your joints you can appreciate the feeling of a man having his bones twisted on the rack. It is merciless, sleep-destroying, agonizing. It lets up at times for an hour or two, only to start again more pitilessly than ever. It leaves one joint and moves to another with terrible intensity. It eats all your vitality, exhausts your patience, and unless you conquer it, some day will reduce you to a chronic rheumatic cripple, with joints twisted and deformed and hardly strength enough to limp around. Rheumatism gives many warnings, and is easy to cure if you take it in time. You feel the first stiffness in your knees, shoulders and back. Attack it then; you can easily drive it out of your body. But if you just those come-and-go pains come often they will settle down and stay with you. Cure them at first and you will save many years of needless suffering. I have cured many thousands of rheumatics.

DR. McLAUGHLIN'S ELECTRIC BELT
stops the pain, frees the blood from Uric Acid and gives strength to the pain-worn muscles and nerves. It is the only belt that doesn't burn or blister.

It's as good for women as for men. Worn while you sleep, it causes no trouble. You feel the gentle glowing heat from it constantly, but no stings, no burning, as in old style belts.

FREE TO YOU!

If you can't call, cut out this coupon and mail it to me to-day. I will send you my \$4-page book, together with price list, prepaid, free. Advice and consultation free. Call you can. Office hours—9 a.m. to 6.30 p.m. Wed. and Sat. to 8.30 p.m.

DYNAMO PRODUCED BY BOY'S PASTIME

Discovery of Electric Generator Wrung From Discarded Magnets.

The fact is not generally known that the electric generator or dynamo was actually due to an experiment by a 16-year-old boy, the son of Professor Henry, a scientist of fame in the first half of the last century.

Professor Henry had experimented exhaustively in electricity, endeavoring to get from chemical batteries a current that could be commercially used, writes George F. Stratton in St. Nicholas. He discarded a group of revolving magnets as useless, giving it to his son as a plaything.

After the boy had amused himself with twirling it and adjusting it in accordance with his own ideas, he secured one of the little testing instruments—a galvanometer—used by the professor for detecting the electric current, and hooking on the wires in the way he had seen his father attach them, he continued twirling the magnets.

While he was doing this, the professor entered the room, and was astonished to see the needle of the galvanometer drawn to a scale, showing the existence of an electric current. This had never before been produced by such magnets without the use of a chemical battery. Within two hours, Professor Henry had attached the discarded magnets to a lathe, and by quick, steady revolutions, produced a current and an amazing spark. The true dynamic electric generator had been discovered.

When it is considered that every electric power plant, every electric lighting plant and every electric railway in the world are based upon this boy's play-hour revelation of the possibility of making an electric current without the use of chemicals, this little known instance of what boys have done for the world is entitled to a very high place.

The plan for the Arsenal-Tiger game at Rosedale Saturday will be placed on file this morning and Spalding's and Moody's. The northern bleacher will also be reserved and will go on at the same time.

HEARING OF ANTS IS HIGHLY ACUTE

Professor Pringle, a Scotch Scientist, Gives Results of Experiments.

Prof. Pringle, a Scotch scientist, is quoted in The Chicago Tribune as saying that ants have the most perfect sound-producing organs yet discovered in insects, and that they are extremely susceptible to sound. He claims that these organs are situated in certain segments of the abdomen and that sounds are brought forth by rubbing, but no one has ever heard them, as they are too faint to be detected by human ears.

Attempts have been made to hear them with the aid of the microphone, but the only sound detected was that of the crawling of the ants.

Again in regard to the hearing of ants, careful and extensive experiments have been conducted, with six species from this country and England, and it was decided that these species could perceive sounds. How they do it was more or less a matter of doubt, as some scientists insisted they heard thru organs of hearing, while others claimed that it was thru a sense of touch, excited by atmospheric vibrations.

Prof. Pringle inclines to the opinion that ants hear thru the latter medium. Proofs of their hearing were established by shutting a large number up in a glass box. When they were even violently shaken they did not seem to be disturbed in the least, while at the blow of a very shrill whistle close to them they were seen to be perceptibly agitated.

That was enough—A young Frenchman in the sophomore class of an American college was invited to a musical entertainment given by his classmates, where there were sung, in honor of the foreigner, a number of French songs, and they were given in the best American French.

"I say, old man," observed one of the sophomores, after the entertainment, "I suppose those French songs made you feel a little homesick, eh?" "No," responded the Frenchman, "only sick."—Rocky Mountain News.

FARM OF EELS ON COAST OF DENMARK

Ingenious Methods Result in a Very Profitable Industry.

There has been established on the coast of Denmark, by an enterprising citizen of Copenhagen an eel farm, which is proving a profitable undertaking. In describing this unique farm The Journal of the department of agriculture for Ireland, says that a dam was built on the ford in Zealand, with the intention of reclaiming some land for agriculture.

The scheme fell thru, and Mr. Nielsen, the owner, conceived the idea of making the place an eel farm. Within the embankment there are 200 acres of water, most of it about two feet deep. The surface of the water is a few feet above the level of the ford, which lies on the other side of the embankment, and which has practically no tidal changes. The water of the lake is fresh, and the ford was laid fairly salt, having a marine fauna and flora.

The owner keeps up the stock of eels in the lake by the introduction of silver, which he catches in an ingenious manner. When the self-ry put in an appearance in the ford, at the end of their long journey from the breeding grounds in the Atlantic Ocean, he lowers a rough crate heaped full of water weeds, across the front of the sluiceway. He then raises the gate so that a stream of fresh water flows thru the crate and down a sloping channel to the ford. The eels, in search of fresh water, make their way up stream into the crate, and remain entangled among the weeds, which every now and then are lifted, spread out, and shaken over a piece of very fine-meshed net.

Mr. Nielsen collects the eels in this way, instead of letting them have a free run to the lake, in order that he may know exactly how many he puts in every year. Even more ingenious is the method he employs for capturing the full-grown eels. The fish also makes use of the migratory instinct that drives the mature eels to seek the salt water.

Slung from a framework of rough poles is a box or chest about twelve feet long, round the sides of which are openings nine inches square. To each of these holes is attached a small conical net of the ordinary shape, that opens into the box. There are also rows of holes that permit the circulation of water and the escape of undersized eels. The central part of the box is carried up so as to be above water when the rest of the box is submerged, and a hatch in the side of this raised part gives access to the interior.

By means of a windmill and a wooden chute, salt water is pumped into the lake in front of the box for a day before a consignment is required. This attracts the eels, which want to migrate to sea. At night the stream of salt water is led thru the box by means of the chute, and thus entices the eels. The rest of the eels are then bottled out of the water by a geared winch—and the eels are removed.

The lake appears to contain plenty of natural food, but Mr. Nielsen also gives artificial food to the eels. He buys gobies and other unmarketable fish at a low rate, places them in a machine worked by the windmill, and throws them into the lake loose. The market price of eels at Copenhagen varies from 10 cents to 15 cents a pound, and in 1911 Mr. Nielsen's catch amounted to over 15,000 pounds.

EFFECT OF WINDS ON PLANT GROWTH

Experiments of Prof. Bernbeck Show Some Interesting Facts.

A rather surprising degree of influence of the wind upon plant growth and crops has been shown by the experiments of Dr. Oscar Bernbeck, German professor of agriculture. Severe gales tended to produce deformity, giving a twisted and knobby shape to twigs, and ordinary winds diminished the energy of growth of sprouts, thru the increase of transpiration and alteration of circulatory conditions, and had a drying effect that in some cases caused serious injury to both soil and plants.

Under a wind of thirty-three feet per second, the ground lost three or four times as much water as protected land. On ground sufficiently moist, strong sprouts were but little affected, but on some soils the growth with no wind was three times as great as with a wind of thirty-three feet per second.

It was evident that the usual moderate wind of Germany—ten to twenty-five feet per second—may lessen the yield of exposed land more than half.

Protection is to be sought by various kinds of wind shields, such as walls and hedges, and especially by planting forests on neighboring hills.

WINNEBAGOES ARE QUITTING OLD LIFE

It is said by those who look after the welfare of Indians in the United States that a great change has come over the Winnebago tribe, which once was regarded as the most degraded of any Indian tribe in America.

That there has come both an industrial and spiritual awakening and the long for a new life is shown, says The Southern Workman, in the movement which has begun.

Of the 212 families on the reservation, 115 are now living on their own allotments, and fifty-nine on their inherited lands. They are beginning to show that the realize the value of their land and appreciate it.

SAFETY FIRST SPECIAL NOTICE TO DRIVERS OF MOTOR CARS AND OTHER VEHICLES. Re Queen, Bay & Teraulay Intersections. Drivers of vehicles east and west bound on Queen Street, at Bay and Teraulay Streets, should study and pay particular attention to the method of car operation in effect at these new intersections. On account of the short distance between the two intersections, and the length of cars using the curves, it has been considered advisable, in the interests of safety and to prevent delay and congestion, to stop all cars on the near side of these intersections, and after starting and making the curves on to Queen Street, not to stop the cars on Queen Street between Bay and Teraulay, but to have them proceed to the next regular stopping place on the route. The following is the operation on the different lines: DUNDAS CARS, westbound, stop at the white pole on the north side of Queen opposite the east side of Bay, and, upon signal to proceed, travel west on Queen and turn north to Teraulay, without making a stop at Queen and Teraulay. SOUTHBOUND DUNDAS CARS stop on Teraulay Street at the white post first north of Queen, and, upon signal to proceed, turn east on to Queen, along Queen and south on Bay to Richmond, without making a stop at corner of Queen and Bay. Drivers of east and west bound vehicles should be exceedingly careful to observe what line of cars the policeman signals east and west on Queen between these intersections, because if it be Dundas cars it must be borne in mind that, if westbound, they will turn up Teraulay, and if southbound they will turn down Bay, without stopping at the corners, and care should be exercised not to drive too near the curves. PARLIAMENT CARS, eastbound on Queen, stop at the white pole on the south side of Queen, directly opposite the west side of Teraulay, and, upon signal to proceed, do not stop again until they reach Queen and Yonge. Drivers of vehicles westbound on Queen, desirous of turning down Bay, should keep a lookout for eastbound Parliament cars, as they do not stop at the south-west corner of Queen and Bay, as heretofore. THE QUEEN AND BLOOR CARS stop at the southeast corner of Bay and Queen Streets, and, upon signal to proceed, do not stop on Queen until they reach Elizabeth Street. Drivers of vehicles southbound on Teraulay should remember that westbound cars on Queen do not stop at the corner of Queen and Teraulay. JAMES GUNN, Superintendent Toronto Railway Co.

ENJOY THIS BOOK YOU MAY Take This Trip By presenting the Panama Certificate printed in The Daily World, with the small expense amount named below, which covers the items of the cost of packing, express from the factory, checking, clerk hire and other necessary EXPENSE items. 644 rare pictures, including 16 beautiful water-color studies in full page plates of artistic colorings. More than 400 Large Pages. The Toronto World is presenting this big book to its readers for only \$1.18 Under usual conditions it would sell for \$4. The World, 40 Richmond St. W., Toronto and 15 Main St. E., Hamilton

500 CANALS HAVE INCREASED TRAFFIC Twenty years ago, nearly eleven and a quarter million tons of freight passed thru the canals at Sault Ste. Marie, which was considered a very good showing for that time, being a gain over the year before of more than two million tons. The value of the cargo amounted in all to \$138,117,567. The freight charges averaged 1.31 mills a ton per mile, representing a decrease in five years of exactly ten mills. Compare these figures with those of 1912. In 1912, 75,472,475 tons of freight were carried thru the " Soo " locks. That freight was worth \$791,357,837, or more than five times as much as the value of the commodities which passed thru in 1892. The charges averaged 87 cents a ton per mile, just a bit more than half as much as the average charge twenty years before. The American canal was open 227 days last year, the Canadian canal three days more. Upon the average, the locks were worked for 86 vessels every day, meaning that some days the operating crews cared for many more vessels, upon some days, for fewer. It was a great season upon the lakes, was that of 1912. This year may prove a greater. In only a few seasons more the men at the canals who keep track of the steamers may be able to report the passage of 100,000,000 tons of freight, almost ten times as much as was borne in 1892. Lofty Target—A judge in a western town declared that he would stop the carrying of firearms on the street. Before him appeared for trial a tough youth charged with getting drunk and firing his revolver in a crowded street. "Twenty dollars and costs," said the magistrate. "But, your honor," interposed counsel for the prisoner, "my client did not hit anybody." "Why, you admit that he fired the gun." "Yes; but he fired into the air," explained the lawyer. "Twenty dollars and costs," repeated the judge. "He might have shot an angel," argued...

OWEN SOUND WANTS LINE TO MEAFORD

Deputation Called on Sir James Yesterday to Ask for Money.

G.T.R. HAS BOTH TOWNS

Provincial Subsidy is Asked for Any Railway Willing to Build.

The mayor of Owen Sound, flanked by some of the more progressive spirits of that municipality, waited upon the Ontario government yesterday to gain assistance in solving a railway difficulty which has been an unending nuisance for years.

Question is Years Old. The fact that the matter has been hanging fire for years and that a large section of the public has been greatly inconvenienced was pointed out to Sir James Whitney, and a bonus for a new railway line asked.

They Want Money. The federal government had offered the usual subsidy of \$4,400 per mile and the provincial aid is sought to be available in case of either Grand Trunk, C. P. R. or C. N. R. taking the project.

FEATURE FACTS OF U. S. CAPITOL

Millions of Pounds of Iron Were Used in the Dome.

The capitol at Washington fronts east and stands on a plateau eighty-eight feet above the level of the Potomac river. The entire length of the building north and south is 751 feet, 4 inches, and its greatest dimension from east to west is 350 feet.

ALDERMAN APPEARED IN COMPANY'S CAUSE

But Board Refused Heating Plant Permission to Operate in London.

The Ontario Railway Board has decided that the City of London shall have no piecemeal heating systems established indiscriminately by private companies to cater to the requirements of particular sections.

RITUAL MURDER THEORY SCOUTED

Idea of Cannibalism Less Absurd, Declared Theological Expert.

KIEV, Nov. 4.—(Can. Press.)—The defence scored today in the proceedings against Mendel Belles, who is on trial for the alleged murder of the Christian boy, Yushinsky, when Prof. Kokovsov and Thimoroff, theological experts, ridiculed the idea that the Jews practised ritual murder.

ALL ABOARD FOR REGENTS PARK!

Regular Service---Fine New Cars---Line Goes Straight to Dawes Road---That's Where You Get Off to Go to REGENTS PARK

\$15 DOWN AND \$5 MONTHLY

These are the easiest terms any real estate firm can offer for such highly desirable lots. These lots are level and good soil. Any man can have a good garden, good water, and a happy, independent home by taking this offer.

Get a lot. \$20 per foot is a low valuation. The terms make it seem foolish not to take advantage of the chance to buy a lot and pay for it on easy terms. Pay us \$15 down and \$5 per month and—

THE LOT BELONGS TO YOU

FIFTEEN THOUSAND PEOPLE TOOK PART LAST THURSDAY IN THE CELEBRATION OF THE OPENING OF THE CIVIC CAR LINE ON DANFORTH AVENUE. THE PHOTOGRAPH SHOWS PART OF THE CROWD GIVING THE FIRST CAR A SEND-OFF FROM THE CORNER OF DANFORTH AND BROADVIEW. THIS CAR TAKES YOU CLOSE TO REGENTS PARK.

\$200 DOWN AND \$10 MONTHLY

You could not get any builder to put up houses such as we have for sale, for any such small price as we ask. The price of \$1,200 is all we ask for our Ready-built Homes in Regents Park. They are well made, substantial, and are a bargain at the price. The terms we offer, \$200 down and \$10 per month, make it easier than paying rent. Yes, easier, and cheaper, too.

Buying a Home Is Cheaper Than Renting One

Regents Park

ON DAWES ROAD---11 MINUTES FROM THE CAR LINE---THERE'S A SIDEWALK

Will You Come?

We want to take you to Regents Park. You ought to see this property if you have any idea of making a first-class investment, or if you are buying a lot for building a home upon it. Our motors will meet you wherever you appear, or you can take the Danforth avenue cars to Dawes road and walk north for eleven minutes to the property.

Where Land Is Cheap!

There are few places left in Toronto where land is cheap. Regents Park is one of them. \$20 a foot is cheap, and, since the new car line on Danforth avenue starts, lots are really worth \$5 a foot more than we are asking. Values are advancing, so purchase your lot NOW.

Send in the Coupon

The best way to make an appointment is a few days ahead. Send in the coupon and fix your own time.

A Coupon To-Day--A Home To-morrow

WILL EXHIBIT THE OLD CONVICT SHIP

Panama Exposition to Show This Famous Relic of Barbarism.

The old convict ship Success, which was brought to this country some time ago and which will be exhibited at the Panama-Pacific Exposition, is, so far as known, the oldest ship still in commission, states a writer in Popular Mechanics, and is one of the last relics of the old-time convict system in which torture played a leading part.

This ship was built at Moullmain, British India, in 1790, is of the old East Indiaman type, and carries an armament of seven brass guns. The vessel carries the same equipment as it did when it was used as a convict ship, including implements of torture, while wax figures appear in all the cells, representing the prisoners who occupied them many years ago.

THREE CHILDREN MISSING.

BROCKVILLE, Nov. 4.—(Special.)—Gilbert George, an Indian, from St. Catharines, was here today looking for his three children, a girl of 14, and two boys of 3 and 4 years, who have been missing from their home since Oct. 11.

OIL FURNACE IN GERMAN FOUNDRY

Is Specially Adapted for Use in Making Experimental Castings.

A new kind of oil furnace for metalurgical work has been under trial at a German foundry, and seems to be especially adapted for use in making experimental castings. It gives molten metal, iron, steel, copper or bronze without introducing the impurities of coke.

TWO DROWNED WHEN SCHOONER FOUNDERS

CHARLOTTETOWN, P.E.I., Nov. 4.—The mystery of the ship reported to have foundered off Canoe Cove, P.E.I., has been solved. The government steamer Brant, in her search today for signs of the reported wreck, located the spars of a vessel projecting a few feet above water, about four miles off Canoe Cove. The vessel was the 52-ton schooner Flora T., which left Fugwash, N. S., on Friday with a cargo of brick for Charlottetown.

UNIVERSITY BUILDING BURNED.

ADA, Ohio, Nov. 4.—(Can. Press.)—The main administration building of the Ohio Northern University was totally destroyed by fire early today. The library and many valuable records are lost. The great pipe organ is ruined. The loss will total upwards of \$100,000.

THE AMERICAN WATCH CASE CO. OF TORONTO, LIMITED

Any kind of a watch case won't do. "Winged Wheel" Gold-Filled Cases have the quality and thickness of gold necessary to stand continuous wear and are constructed to give that service you've a right to expect. Identify them by the trade mark.

WALK TO WATER

When your natural digestive tract reports Stuart's Dyspeptic Tablets, they mean the trouble thereby caused and a laxative is not needed. The food in the stomach is not properly digested, and the result is a feeling of fullness, bloating, and a heavy, oppressive feeling in the stomach. The food in the stomach is not properly digested, and the result is a feeling of fullness, bloating, and a heavy, oppressive feeling in the stomach.

WHEAT IS ON D... Weakness at Favorable D... tions Gave

TORONTO PRICES BELOW LONDON

Brazils Have Another Dip and London Parity is Not Kept.

MARKET STILL HEAVY

Liquidation in Nipissing Drives the Price Down as Low as Seven-Sixty.

With the New York market closed yesterday the Toronto Exchange was left pretty much to its own volition. London quotations for Brazil came in at 82 1/2, but this market was surcharged with selling orders and arbitrage facilities could not keep up the parity. The shares opened off to a new low at 81 and after the necessary liquidation had been done there with a recovery of a small fraction was recorded.

C.P.R. shared in the weakness on foreign exchanges and readily accommodated itself to the situation by a drop of nearly two points. Sales on this market were made at low prices. For a few days a bid of 15 was standing for the shares, but this apparently was only intended when nothing else was offered.

Accompanied by the rumor that the quarterly bonus on Nipissing shares would cease, there was continued selling of these shares. After a decline of 40 points to 47.50, a little rally to 47.75 ensued, but this was accepted as only temporary, as it is charged that the recent selling is from New York and presumably from those in close contact with the company.

BRINGING SUIT. Mr. Harry Cecil, on behalf of himself and all other shareholders of the Chambers-Ferland Mining Co. Ltd., is bringing a suit against the Alladin Co. Ltd. His claim is for payment by the Alladin Company to the Chambers-Ferland Mining Co. Ltd. of the amount claimed to be due and owing by the Alladin Company to the Chambers-Ferland Mining Co. Ltd. for the purchase of the latter company.

EUROPEAN BOURSES. PARIS, Nov. 4.—The Bourse was depressed today, one of the causes being the ultimatum to President Wilson for 10 per cent. today, 88 francs 35 centimes for the account; exchange on London, 25 francs 38 centimes for cheque; private rate of discount, 3 1/2 per cent.

CHANGES POSITION. Mark J. Savage of staff of the Bank of Toronto has tendered his resignation and will shortly join the staff of the widely known firm of assignees, Messrs. W. L. Martin & Co., 64 West Wellington street.

SUCCESSFUL BIDDERS. The Dominion Bond Co. was the successful bidder for \$41,423 five per cent. 20-year instalment debentures awarded on Monday by Niagara Falls, Ont., for pavements, walks and schools.

COTTON UP. LIVERPOOL, Nov. 4.—All futures in cotton advanced four points higher today.

CONSOLS ARE EASY. Consols are easy, closing today at 118 1/2 for at 72 1/2 for money and 72 1/2 for account.

ULSTER CAPITALISTS WON'T PAY TAXES. BELFAST, Ireland, Nov. 4.—(Can. Press.)—A resolution to pay no taxes under an Irish home rule parliament, and to make government under its rule impossible by unfinancing and continuing obstruction of the law, was passed here today at a demonstration of 6000 business men of Ulster, including representatives of leading firms with an aggregate capital of upwards of \$550,000,000.

Is Your Will Made? (Extract from Booklet on Wills). THE TRUSTS AND GUARANTY COMPANY LIMITED. 43-45 KING STREET WEST, TORONTO. James J. Warren, President. E. B. Stokdale, General Manager.

MANY LOSSES IN MONTREAL MART

C. P. R. and Brazilian Were Particularly Weak—Domestic Issues Fairly Steady.

DEPRESSION ON LONDON MARKET

Mexican Situation Brings Drop, But Market Was Steady at Closing.

LONDON, Nov. 4.—Money was in strong demand today. Discount rates were firm, also the Bank of England, and secured the bulk of the \$4,000,000 new gold offered in the open market.

Further depression on the stock exchange resulted from the critical Mexican outlook and general liquidation. Home rails were weak features, partly on the labor outlook; glit-tered securities sagged on talk of a rise in the bank rate in the near future, and the market closed unsettled.

Mexican rails recovered sharply on news covering the idea that the President Wilson's ultimatum will hasten a settlement of the unrest.

American securities opened irregularly and then eased off. Covering rallied prices a fraction in the late trading, and the closing was steady. Canadian Pacific finished 1 1/4 points below parity, and the rest of the list ranged from unchanged to 7/8 lower.

KERR LAKE WENT UP THIRTY POINTS. Nipissing Suffers Another Serious Setback on Standard Exchange.

Another rise in Kerr Lake featured the Standard Stock Exchange yesterday, and after some terrific bidding level went up to 47.50, which is a gain of 30 points over yesterday. It looks as if higher levels will be reached within the next few days.

Nipissing received another hard setback, selling at low as 7.50, which is 35 points below the opening price of 8.00. The stock advanced slightly towards the close, selling at 7.70.

FOUND IN GUTTER. Suffering from half a dozen bad cuts and bruises on his face and body, William Buzzard, 19 years of age, was found lying by the roadside in the south crescent of Queen's Park yesterday afternoon. He was removed to the General Hospital, where his condition is regarded as serious.

FELL FROM STREET CAR. Falling from a westbound car at Dovercourt and Queen street early yesterday morning Philip Nathan, 61 Bellevue avenue, struck his head on the pavement with such violence that his skull was fractured. He was removed to the Western Hospital in a critical condition.

TITANIC SURVIVOR KILLED. SHAMOKIN, Pa., Nov. 4.—(Can. Press.)—Martin Moran, a survivor of the Titanic disaster, was killed today by a rush of coal at Natalie Colliery. He had been employed as a sailor on the big liner. When he went down he jumped into the ocean, swam to a boat and was saved.

DIED FROM STRYCHNINE. Frederick Beemer, who the autopsy showed, died from swallowing strychnine in March last on his farm near Drumbo. At the inquest, John Mason, employed by a neighboring farmer, testified to having seen Mrs. Beemer pour some white stuff from a bottle labeled poison while she was ministering to her sick husband, and that she afterwards threw the bottle in the stove.

ROGERS' CASE CONTINUED. The case of Alfred Rogers, plaintiff in a suit for \$24,000 against the National Portland Cement Co. of Durham, continued in the non-jury assize court yesterday morning and afternoon, but was again adjourned until this morning.

MORTGAGE LOANS. We have a large amount of money to loan on first-class city property. Building loans made. For particulars, apply to GREGORY & GODDARD, 46-King Street West, Toronto.

HOLLINGER GOLD MINE STATEMENT

Gross Profits in Four Weeks Over One Hundred and Thirty-One Thousand.

The report of the Hollinger Gold Mines, Limited, for the four weeks ending Oct. 31, has just been issued, and is as follows: Gross profit for the four weeks amounted to \$133,310.18.

Table showing financial details for Hollinger Gold Mines, including assets, liabilities, and profit.

SELLING WILL CEASE

Selling pressure on the mining exchanges will cease very suddenly, and when it does prices will rally with a bang.

The mill ran 300 tons of the possible running time, treating 11,850 tons, of which 10 tons were treated for the purpose of re-milling.

U. S. MUST FIGHT OR BACK DOWN

German Papers Make Candid Comments on Situation in Mexico.

BERLIN, Nov. 4.—(Can. Press.)—The policy of President Wilson and Secretary of State Bryan in Mexico has resulted, as was to be expected, says The Tagblatt today in commenting on the Mexican situation, and has left the United States with no alternative except to employ force or to back down ingloriously.

INDEPENDENT NATIONALIST IS RETURNED

CORK, Ireland, Nov. 4.—(Can. Press.)—John Guiney, a brother of the late member of parliament for the northern division of County Cork, and an adherent of the Independent Nationalist, William O'Brien, was today released, unopposed, as a member of the house of commons.

ROBBED YORK STREET STORE

A daring thief entered the fancy goods store of G. & A. P. Smith at York street, at 7 o'clock Monday night and walked out with about \$200 worth of fancy goods. The theft must have been committed with dozens of pedestrians in the immediate neighborhood.

STUCK TO THE THROTTLE

QUELPEL, Nov. 4.—(Special.)—Wallace Norris, C.P.R. engineer on train No. 42, got stuck to the throttle while bringing his train from Gopher this morning, but was freed by the throttle when he arrived at Quelpe, where he was relieved.

FEAR DROWNING ACCIDENT

ST. CATHARINES, Nov. 4.—(Special.)—The finding of parcels believed to have been purchased by Mrs. William Buck of Westchester avenue this afternoon leads to the belief that she was drowned in the hydraulic raceway. She failed to return home to prepare supper for her husband and family. The raceway is being dragged tonight.

WHEAT IS STILL ON-DOWNGRADE

Weakness at Liverpool and Favorable Domestic Conditions Gave Heavy Tone.

CHICAGO, Nov. 4.—Lower cables today formed the chief cause of a decline in wheat, ranging from 3-8 to 8-16 cts.

Wheat at Liverpool manifested weakness at the start because of improvement in the Argentine crop situation.

Corn prices were carried downward when some of the big traders who have been on the bull side began to sell freely.

Large receipts of hogs at all western packing centres took the life out of the provision trade.

ST. LAWRENCE MARKET.

Receipts of farm produce were 200 bushels of grain, and 22 loads of hay, with one load of rye straw.

Alaska, No. 1, bushel, \$1.75 to \$1.80; Alaska, No. 2, bushel, \$1.60 to \$1.70; Alaska, No. 3, bushel, \$1.50 to \$1.60.

FARM PRODUCE, WHOLESALE.

Hay, No. 1, car lots, \$13.00 to \$13.50; Straw, car lots, \$9.00 to \$9.50; Potatoes, car lots, \$7.00 to \$7.50.

HIDES AND SKINS.

Prices revised daily by E. T. Carter & Co., 85 East Front street, Dealers in Wool, Yarn, Hides, Calfskins and Sheepskins.

GRAIN AND PRODUCE.

Local grain dealers' quotations are as follows: Ontario oats—New, white, 83 1/2c; Old, 82c; 25 1/2c to 30 1/2c, Tor.

TORONTO SUGAR MARKET.

Sugars are quoted in Toronto, in bags, per cwt., as follows: St. Lawrence, \$4.50; do, Redpath's, \$4.50; do, Acacia, \$4.40; do, Beehive, \$4.35; No. 1 yellow, \$4.10.

NORTHWEST CARS.

Yesterday's car lots: Minneapolis, 338; Duluth, 387; Chicago, 1138; Winnipeg, 993.

PRIMARY MOVEMENTS.

Wheat: Yesterday, 1,519,000; Receipts, 741,000; Shipments, 389,000; Holiday, 408,000.

CHICAGO MARKETS.

Wheat: Yesterday, 85 1/2c; Today, 85 1/2c; May, 87 1/2c; July, 89 1/2c; Sept., 91 1/2c; Dec., 93 1/2c.

LIVERPOOL CLOSE.

Liverpool wheat closed 1/4 to 3/4 lower; corn, 1/2 to 1 lower.

CANADIAN VISIBLE.

Wheat—This week, increase 1,500,000; last year, increase 1,865,000; Oats—This week, increase 945,000; last year, increase 845,000.

EUROPEAN VISIBLE.

The visible supply of wheat in Europe this week is 77,195,000, against 77,116,000 this week last year.

BROOMHALL CABLES.

Wheat—Market opened easy, 1/4 to 1/2 lower on the decline in America yesterday. Following the opening prices, wheat declined 1/4 to 1/2 with the principal weakness in the distant months.

WINNIPEG GRAIN MARKET.

Winnipeg, Nov. 4.—Lower Liverpool cables and more favorable reports, coupled with continued heavy movement at home, caused an easier opening on the local grain exchange.

DULUTH GRAIN MARKET.

Duluth, Nov. 4.—Close—Wheat—No. 1 hard, 85 1/2c; No. 2, 84 1/2c; No. 3, 83 1/2c; No. 4, 82 1/2c; No. 5, 81 1/2c.

MINNEAPOLIS GRAIN MARKET.

Minneapolis, Nov. 4.—Close—Wheat—Dec., 81 1/2c; May, 83 1/2c; July, 85 1/2c; Sept., 87 1/2c; Dec., 89 1/2c.

CHEESE MARKETS.

STIRLING, Ont., Nov. 4.—At today's cheese board, 396 boxes were offered. All sold at 12 1/2-14c; balance refused.

ARBITRATION BOARD FOR RAILWAYMEN.

Five Thousand Employees of C. P. R. Demand Increase in Wages.

Ottawa, Nov. 4.—Over 5000 maintenance-of-way employes on the C.P.R. from coast to coast, want an increase in pay, with better working conditions than now prevail.

AN Orange Ceremony Next Saturday.

On Saturday at 3 p.m., R.V. Fred Dane will turn the first sod at 132 Rhodes ave. for a new hall to be erected by the D.L.O. L. 2054.

CITY'S RAKE-OFF UP.

Toronto's percentage from the Toronto Railway Co. for October is \$42,924.59, as against \$38,475.39, for October, 1912, or an increase of eight per cent.

NEWS OF ST. MARY'S.

ST. MARY'S, Nov. 4.—(Special.)—At a well-attended meeting of the St. Mary's branch of the Children's Aid Society, the following officers were elected for the ensuing year.

CATTLE MARKET PRICES STEADY

Sheep, Lambs and Calves Unchanged—Hogs Higher.

Receipts of live stock at the Union Stock Yards yesterday were 78 cars, comprising 1403 cattle, 753 hogs, 1067 sheep and lambs and 83 calves.

There were few good to choice steers and heifers, but a large number of common and medium cattle. Trade was in line to be slow, but prices were steady at Monday's quotations.

Butchers.

Choice steers, \$7.50; choice heifers, \$7.00; good steers and heifers, \$6.75 to \$7.25; common, \$5.75 to \$6.50; choice cows, \$5.50 to \$6.25; export bulls, \$4.50 to \$5.50; butchers' bulls, \$4.75 to \$5.75; hogs, \$4.50 to \$5.50.

There was a fair trade in stockers and feeders at Monday's decline. Steers, 1000 to 1100 lbs., sold at \$5.75 to \$6.25; cows, 1000 lbs., at \$5.75 to \$6.25; rough eastern stockers, at \$4.25 to \$5.

Milkers and Springers.

Receipts of milkers and springers were small and prices were firm, at \$5 to \$11.00 each.

Veal Calves.

The veal market was firm at unchanged quotations: Choice calves, \$8 to \$10; good calves, \$7 to \$8; medium, \$6 to \$7; \$7.50; common calves, \$5.50 to \$6.50.

Sheep and Lambs were in demand at steady prices as follows: Ewes, sold at \$2.25 to \$2.75; lambs, \$1.75 to \$2.50; bucks, culled out, at 75c per head.

Deliveries of hogs were light, consequently prices were firm, at \$3.75 to \$4.25; heavy hogs, \$3.25 to \$3.75; light hogs, \$2.75 to \$3.25; o.b. \$2.25, weighed off cars.

The Corbett, Hall, Coughlin Company sold: Best butchers' steers, \$6.75 to \$7.25; medium butchers' steers, \$5.75 to \$6.25; good butchers' steers, \$5.25 to \$5.75; rough eastern stockers, \$4.25 to \$5; butchers' cows, \$4.50 to \$5.50; export cows, \$4 to \$5; butchers' bulls, \$4.50 to \$5.50; hogs, \$4.50 to \$5.50; sheep, \$2 to \$3; calves, \$4 to \$5; o.b. \$2.25, weighed off cars.

CHICAGO LIVE STOCK.

Chicago, Nov. 4.—Cattle—Receipts, 7000; market, slow; beefs, \$6.70 to \$7.70; stockers and feeders, \$5 to \$7.50; calves, \$3.20 to \$3.70; hogs—Receipts, 27,000; market, slow; heavy, \$4.75 to \$5.75; mixed, \$4.25 to \$5.25; light, \$3.75 to \$4.75; bulk of sales, \$4.75 to \$5.75.

WIDENING OF COLLIER STREET.

Newest Proposal of Streets Board Does Not Touch Bloor and Yonge.

The sub-committee on streets decided yesterday to recommend the widening of Yonge street from Collier street to the east, to Leavelle avenue and from Lawton avenue to the limits on the west side.

CANADA'S CANAL TRAFFIC.

Ottawa, Nov. 4.—(Can. Press.)—October statistics on Canada's canal river traffic totals at 29,072,000 tons, which is 1,816,103 tons greater than in the same month of 1912.

THE FIRST OF THE CANAL ZONE VILLAGES TO BE ABANDONED TO THE JUNGLE AND THE FLOOD.

By Willis J. Abbot, author of "Panama and the Canal in Pictures and Prose." Copyright, 1913, Syndicate Publishing Co., New York. All rights reserved.

Gorgona is the first of the canal zone villages to be abandoned to the jungle and the flood. It is a small town of about 500 people, situated on a narrow strip of land between the sea and the jungle.

Gorgona had a history of its own. It was founded by the Spaniards in 1583 by way of the Gorgona route, says of the pleasures of a sojourn in that town: "The place contained a few stores and more drinking saloons, most of which were kept by the enterprising Yankee."

Rice and Whaley sold 23 car loads of live stock: Six car loads heavy steers, \$7 to \$9.50; cow loads, \$6.25 to \$7.75; 8 car loads canners and stockers, \$2.75 to \$4.25.

Each Other's Burden. Centralists insist, he says, that when Britain fights every dominion must be fought for Canada, and the British compulsory choice for the dominions. The answer is "certainly."

Working in Unison. "It belies the point will become more evident as the question of union for defence is further studied. We may get a better idea of the advantages of co-operation or union but the empire must act in unison. Our dominions beyond the sea have a common interest in our success and very often of our money and our very share in the industry of the world."

WIDENING OF COLLIER STREET. Board Does Not Touch Bloor and Yonge. The sub-committee on streets decided yesterday to recommend the widening of Yonge street from Collier street to the east, to Leavelle avenue and from Lawton avenue to the limits on the west side.

CHICAGO LIVE STOCK. Chicago, Nov. 4.—Cattle—Receipts, 7000; market, slow; beefs, \$6.70 to \$7.70; stockers and feeders, \$5 to \$7.50; calves, \$3.20 to \$3.70; hogs—Receipts, 27,000; market, slow; heavy, \$4.75 to \$5.75; mixed, \$4.25 to \$5.25; light, \$3.75 to \$4.75; bulk of sales, \$4.75 to \$5.75.

The Extra-Commercial Side

Did you ever think of the human interest attached to a great service concern such as this store. It is the meeting place for thousands of busy people, a place of rest for weary shoppers, a source of education and inspiration to multitudes of men and women.

Just one instance is sufficient to illustrate: the exhibition of Makoffsky's "Wedding Feast." Do not fail to see it soon, for we are permitted to keep it here for a comparatively short time only. It is one of the world's most famous and prized art treasures. Ask for a booklet giving its traditions and description.

Decorations for Living Rooms

Beautify the walls of the rooms you live in. If they are white and cheerless or dark or dingy, decorate them with a tapestry cloth or new printed velour, it adds to the comfort and home feeling. We will give you our latest ideas.

Imported Tapestries, Tweeds, Metallics, Crown Papers, Printed Velours and Crepes, Plain O' meals, Leatherettes, Stripes, in browns, greens, woodshades, tans, grays, blues, buffs; in plain blended or printed effects. Per roll, 15c, 20c, 25c, 35c, 50c, 75c up.

Hand-made Blinds for living-rooms, in 8 different shades: Tobacco, foliage, apple green, chrome, Arabian gray, Spanish leather, Dutch blue and orange blended; 66 inches wide. Per running yard 60c. Strappings to panel blind, per yard 20c and 30c. Frieze blinds to match, per yard \$2.40 to \$1.75. (Fifth Floor.)
