ARMED ORANGEMEN MARCHED THRU THE STREETS OF BELFAST TO CHEERING OF GREAT CROWD

First Demonstration by Armed Volunteers in City Caused Great Excitement—Rifles With Bayonets Fixed Were Handed Down From Hiding Places in Haylofts.

Canadian Associated Press Cable. LONDON, Sunday, July 5.—Following Sir George Richardson's order permitting volunteers to carry arms, 800 men of the 2nd Battalion, South Belfast Regiment, marched thru the main street yesterday in full uniform, carrying their rifles, with the band playing and colors flying. It was the first time armed volunteers have been seen in Belfast streets, and great crowds cheered the men.

At the same time, nearly 1000 men of the West Belfast Regiment were maneuvering on Black Mountains. Arms were stored in haylofts, rifles with bayonets fixed being handed down two at a time to the waiting troops while police officers stood by and counted the number of rifles issued. Plans have been made for a striking demonstration during the week.

ROYAL FUNERAL CAUSED FRICTION

Titled Friends Who Were Not Invited Not Slow to Voice Protests.

Canadian Press Despatch. VIENNA, July 5.—The restricted number invited to the funeral service over the late Archduke Francis Ferdinand and his wife, in the imperial court chapel yesterday, also attributed solely to the limited accommodation, gave great umbrage to many titled friends of the couple, who were not invited.

As a protest against their exclusion about 120 members of the noblest families in Austria and Hungary, some of them being privy councillors and court chamberlains, and nearly all holding court offices, decided to march in the funeral procession from the Hofburg to the railroad station. This coming to the ears of Prince Montenuovo, chamberlain of the emperor and court, he hastily summoned a ministerial council to decide upon what action should be taken to prevent a demonstration, but the council, when informed that the nobles concerned would resist their office if interfered with, decided to do nothing. Consequently, when the nobles appeared many of them wearing their official uniforms, the police made way and allowed them to fall in immediately behind the hearse.

MAD MAN FLEES FROM ASYLUM

One of Most Dangerous Inmates of Queen Street Institution is at Large.

Daniel Forbes, considered one of the most dangerous inmates of the West Queen street asylum, made a daring escape from that institution on the night of July 3 last by making a rope out of his bed sheets and sliding down twenty feet from his bedroom to the ground. When the day guard came on duty Saturday he found the open window and bed sheets as mute testimony of the madman's escape. He has not been seen or heard of since. The authorities are afraid he may do some harm before he is located.

ROTHSCHILD'S SARDANAPLE WINS PRESIDENT'S PRIZE

Canadian Press Despatch. PARIS, July 5.—The Prix du President de la Republique was run today at Maisons-Laffitte and won by Baron Maurice de Rothschild's Sardanaple, which last Sunday captured the Grand Prix de Paris, the turf classic of France.

Sardanaple won easily by three lengths from J. Tisse's Djamy with J. de la Roche's Vent third.

JOSEPH MARTIN QUILTS ENGLAND

Will Reside Permanently in Canada, But Hold Seat Till Next Election.

Canadian Associated Press Cable. LONDON, July 5.—Joe Martin announced today that he sails on the Aquitania on Saturday next to reside permanently in Canada. He will remain member for East St. Pancras, however, until the general election.

A certain amount of friction has existed for some time between Mr. Martin and his political chiefs, and a section of his supporters in his constituency over the independent attitude he adopted over certain questions, notably when he voted against the government on the Marconi revelations. Lately he offered to resign his seat and fight on his own account, but he received intimation from the chief government whip that in such case another official Liberal candidate would not be brought out against him.

WOMAN CAUGHT BOLD BURGLAR

Mrs. Carndoff, Finding Man Entering by Window, Grab Him, Held on and Screamed.

Mrs. Carndoff, 111 Pauline avenue, made a plucky catch of a burglar in her house at midnight Saturday when she caught him by the coat tail and held him until assistance arrived. Gigano, 341 Bellwoods avenue, whom she had employed about the house a month previous, is the man whom she captured while he was sneaking thru the upper hall in his stocking feet. Mrs. Carndoff heard a noise in the corridor, and when she opened her door the man was right before her. Hardly knowing what she did, she seized him and screamed, and in spite of his desperate struggles held him until the arrival of her husband.

PAPAL DECORATION CONFERRED ON THOMAS LONG OF TORONTO

Honored by Pope

THOMAS LONG, who has been made a Knight of the Order of St. Gregory.

SIR JAMES HAS ANOTHER REPLY TO CRITICS

Clergymen Warranted in Taking Part in Election Nine Years Ago When Genuine Moral Issue Existed—Situation in Recent Campaign Vastly Different.

Sir James Whitney is evidently reluctant to allow his pupil critics to have the last word in the controversy. He has made the following statement to the press:

"The 'demagogic' clerics and their friends are not satisfied, it seems. Very well, this is a free country—no thanks to them—and it is to be hoped that satisfaction will come sooner or later. Today I will deal with one point in their defence, and perhaps I will take the matter up again later.

"It seems that my manners are bad—at least that is the opinion of Rev. J. A. Macdonald, who has within the last few days blossomed out as an ardent elegiacist. However, let that pass for the moment. Note the contrast, however, between this man's language and the venom which it indicates, and the tone and language of Rev. Dr. Carman, whose sincerity and honesty of purpose no one can question.

"As I have already said, there is no stone to be cast at the great majority of the clergymen of the province on account of anything they did or said—the offenders are not many in number, relatively speaking.

1905 and 1914. "It is suggested that previous to 1905 I called for the help of the clergy, and that it is inconsistent of me to object to their action now. Let us see. Ballots had been switched, burned and otherwise destroyed. Government maladministration of the liquor law had been undisguised, and general devilement had been abroad with reference to the conduct of elections. There was no question of opinion; the facts were known and had been proved in open day.

"What was the situation the other day? The evils of the liquor traffic and habit were undisputed, but men differed as to the methods to be used in dealing with it. Every person, clerical and lay, in the province had an undoubted right to express his opinion on the subject, but our contention, and the opinion of the vast majority of the people, was and is that no clergyman was justified in going into his pulpit and denouncing in violent, intemperate and abusive language all voters who did not see eye to eye with Mr. Rowell as to the remedy which should be applied.

Will Not be Dragooned. "It goes without saying that there is no analogy whatever between the

Canadian Press Despatch. MEXICO CITY, July 5.—Elections for president, vice-president, deputies and senators were held today in that portion of the republic controlled by the Huerta government. In Mexico City there was an almost complete abstention from voting, and indifference was manifested everywhere. General Huerta appeared to be the favorite candidate for the presidency, and General Blanquet, the present minister, for the vice-presidency.

CUT HIS THROAT IN AN ACCIDENT

Seized With Fit While Shaving, Angus Fletcher Badly Hurt, But Will Recover.

What was reports as a case of attempted suicide, turned out to be an accident. Angus Fletcher, who is a carpenter, living at 151 Westmoreland avenue, was found Saturday lying on the floor with a razor gash in his throat. While shaving before going out with his mother, he was seized with a convulsive fit, something to which he is occasionally subject. The razor in his twitching fingers cut him as he fell. Ordinarily he is a healthy young man, being muscular and industrious, and with no reason to be dependent. His parents, who are respected in a wide circle of friends, are much distraught over the first report. At the hospital Fletcher was reported out of danger.

ALL CREW JOINED IN FIGHT WITH CITY TOUGHS

When Ordered to Stop Playing Craps by Mate, Three Passengers on Dalhousie City Commenced to Give Him Beating—Two Arrested.

Because the mate on the steamer Dalhousie City broke up a crap game in which half a dozen men were engaged Saturday night, three of them assaulted him and a fight followed, in which practically the whole crew of the steamer, including the captain, were engaged, during part of which time the crowded steamer is said to have steamed unguided across the lake. The steamer was making her late trip from St. Catharines to Toronto, and carried a number of passengers who had gone over to witness the lacrosse game between the Toronto Riverdales and St. Kittis team. On the return trip crap game was started, and upon the mate remonstrating he was promptly told to mind his own business. High words followed, and the mate finally threatened to put the men in irons, when three of them jumped on him and beat him. With half a dozen men of the crew at his back he returned to the crew and getting the worst of the battle and then the captain came down from his place and assisted. Finally two of the mate's assailants, Robert McQuiggan and Alfred Feltmate, both of Toronto, were overpowered and locked up and the rest dispersed. Both captives broke out of their cabin prison again, however, and, securing more followers, the fight commenced anew. The next time the men were overpowered they were put in stronger quarters, and a wireless message sent to Toronto for police assistance when the boat docked. At the dock Detective Guthrie and four men took the prisoners to No. 1 station, where they are charged with assault.

Curious to relate two more lacrosse followers, George Barry and Joe Gange, got mixed up in a fight on the Cayuga on her late return voyage, and were also apprehended at the Yonge street wharf by the aid of the wireless.

LONDON MAN FELL DEAD WAS DRIVING MOTOR CAR

Canadian Press Despatch. LONDON, Ont. July 5.—Mortoring into the city from Hyde Park tonight, John Shoptand, 85, retired building contractor living at 321 Dufferin avenue, fell dead in his car of heart failure. Shoptand was driving the machine at the time and some persons were with him. The automobile swerved and crashed into a horse and buggy ahead, not one being injured, however.

ATHABASCA NOW IS SAFE IN PORT

Tow Cable Broke While on Way Down With Keewatin and More Delay Ensued.

With the crippled C. P. R. steamship Athabasca in tow, the Keewatin of the same line arrived at Port McNichol from Fort William yesterday at 7 p.m., nine hours and a half late. As a result the C. P. R. boat train, due at noon, did not arrive in Toronto till 10:15 p.m. A few hours after the Athabasca, which had broken a piston a few miles from Detour, Mich., had been taken in tow by the Keewatin, the cable connecting the two ships broke owing to the heavy cargo of grain on the disabled ship making her a "heavy tow," and several hours were lost in making fast a fresh hawser. Neither vessel had many passengers, the Athabasca having about 125, while 90 persons was all that the Keewatin carried.

ROW OVER FOOD EXCITES HINDUS

Five Who Left Steamer to Complain, Denied Permission to Return on Board.

Canadian Press Despatch. VANCOUVER July 5.—When five Hindus who were permitted to go in a government immigration launch Friday from the Komagata Maru to parley with three local Hindus in regard to better food conditions turned to board their own boat again they found the gang plank drawn up, and Gurdit Singh, the leader, refused to permit them to go aboard, claiming that they were playing traitors in complaining to the local Hindus of the food on the boat. The immigration officers had to bring the five to the detention shed here. Three attempts have been made to put them back on the Komagata Maru, but the Hindus on the vessel refuse to allow them to get on, threatening to kill them. The trouble arose when the five complained to their friends here that Gurdit Singh, head of the band of 375 trying to land in Canada from the Japanese boat, was not giving them decent food.

TRANSPORT SHIP TAKEN BY TURKS

Passengers on Greek Vessel Said to Have Been Drowned by Their Captors.

Canadian Press Despatch. ATHENS, July 4.—The Athens papers publish despatches from Chios, an island in the Aegean, that a Turkish destroyer on July 3, bombarded and captured a Greek sailing ship, which was transporting refugees to Chios. The same destroyer proceeded to Gouni Islet and bombarded and destroyed a monastery. According to these despatches fishermen at Chios, a seaport of Asia Minor, opposite Chios, declare they saw the captured transport, but without passengers, whom they allege the Turks drowned.

# Something New for the Young Men

WE are placing in stock to-day a little over one hundred Suits of the very latest model, designed specially for the young fellow who keeps tab on, and pace with the latest fashions. In fact, it is so new that we are really borrowing from next season's ideas. To designate the new style we will call it our English Model Number Two. Coat is form-fitting, soft roll Hymo fronts, small cuff on sleeves with open vents; vest has soft roll collar, semi-athletic cut, form-fitting body beautifully proportioned; trousers are a modified type of the extremely narrow cut, have tunnel loops for belt and made either with or without cuffs. We have selected nine patterns of the very best shades that are most popular to-day. The fabrics are English worsteds and tweeds, and the prices are grouped into three, \$22.00, \$25.00 and \$28.00.

There isn't a more handsome lot of Suits in Toronto to-day, and we feel sure the young men who want the advanced styles will appreciate these nifty models.

### SHOOTING SCORES IN LEAGUE MATCH

Big Turnout at the Ranges on Saturday — Conditions Adverse.

### TRANSPORTATION BAD

Marksmen Complain of Train Service — Radial Cars Overcrowded.

The 900 marksmen who attended the rifle ranges on Saturday had to contend against the worst combination of adverse conditions which has obtained this season. The 11 o'clock wind which blew till late in the afternoon was light and variable, but the real difficulty was a strong mirage varying from left to right. The lighting also varied, the sky becoming overcast at times. Some rain fell, the latter circumstance did not damp the enthusiasm.

Many of the big scores were put on later in the afternoon, when conditions became more favorable, but the average for the day was exceptionally high. Saturday marked the third round of the match for the Canada League Cup, in which the ten highest scores count, and with the Highlanders, who have two teams, scores of 98 were counted out. The following are the scores:

**Canada League Cup Scores.**  
 Queen's Own Rifles—Private Doherty 102, Private Barker 100, Bugler Williams 100, Private Dodd 100, Private Milligan 99, Private Schuur 98, Sgt. Pratt 97, Private Richardson 97, Private Keatinge 96, Private Brooks 95, Col. Sgt. Altkens 95, Private Rose 95, Private Novers 95, Private Rowe 95, Private Hartman 94, Sgt. Ferris 94, Col. Sgt. Freeman 94, Private Duncan 94, Corporal Good 94, Sgt. Elliott 94, Bugler Montgomery 94, Bugler Riley 94.

**Irish Rifle Club—R. Doherty 102, A. Eno 100, R. McDonagh 99, W. Latimer 99, T. J. Phillips 98, J. J. O'Connell 98, W. Corbett 98, S. Dean 97, J. Hillis 96, T. G. Margetts 95, W. J. Boulton 95, E. Coath 95.**

**48th Highlanders—Capt. Chisholm, 101, Private Brodie 101, Piper Newlands 101, Private Rainbow 100, Private Warrander 100, Lo-Corp. J. Smith 99, Sgt. Collins 98, Corp. Fraser 98, Private Cowie 98, Sgt. Baker 97, Corp. Croshaw 97, Corporal Clinkett 97, Private Warrander 97, Private A. H. Jackson 97, Corporal Antel 97, Corp. Sergeant Vernon 96, L. Corporal T. A. 95, Private Aitken 95, Private MacLean 95, Private Le 95, Sergeant 95, Colonel-Sergeant Hermitage 94, Corporal Johnson 94, Private Work 94.**

**10th Royal Grenadiers—L. Corporal Smith 100, Sergeant-Major Phillips 98, Sergeant Bayles 98, Private Hollow 98, Private Bickford 98, Sergeant W. Cave 97, Sergeant Kelly 97, Private Salsback 96, Private Greer 95, E. Sergeant Clark 95, L. Corporal Balcay 95, Private Gibbard 95, Drummer White 95, Private Hales 94.**

**12th York Rangers—Color-Sergeant Slater 100, Major Elliott 99, Lieut. Robert Sprinks 99, Private Kingdon 98, Captain Fowler 97, Captain Curran 94, Sergeant Pringle 96, Lieutenant Fletcher 95, Major Clarke 94, Captain Dunham 92.**

In a five-man tyro match of the I.R.C. at the 500 yards range, the result was as follows—First team: Monkman, Coath, E. Kerr, McDonagh, and Proctor. Total, 107. Second team—Moore, Corbett, Dean, Hutchinson and R. Kerr—Total 106.

In the F Company match of the 10th R. G. Private Bickford came off with Sergeant Bayles second and Sergeant Kelly third.

Color-Sergeant Jones won the Good Shot Badge of the 12th Y. R. shooting with a short Ross and open sight. The Q. O. R. and the 48th Regiment indulged in skirmishing practice at the close of the afternoon's shooting.

The range officer, Sergeant J. Smith, had difficulty in mustering a sufficient number of the regular marksmen belonging to the cadet corps which only returned from the Niagara Camp on Saturday. These, however, will again be on duty next Saturday.

Finch Next Saturday. The next Saturday will see the closing count in the match for the Canadian Rifle League Challenge Cup.

### DON RATEPAYERS SEE BRIDGE PLANS

High Level Structure Over West Don at Eglinton Avenue.

### ENTRANCE FOR RADIALS

Hydro-Electric Extension Up Don Road to Start at Once.

The East York Township Ratepayers' Association held a meeting on Saturday night at the Don School house, Mr. Harold Duncan in the chair. Mr. Frank Barber, engineer for the township, who recently drew plans for a high-level bridge connecting the Donlands and Leaside across the West Don at Eglinton avenue and Leslie street, was in attendance and explained the plans submitted and estimates of the cost.

The plan is for a steel bridge 32 feet wide with six feet extension sidewalk on each side, in addition. The span is 682 feet; it is 70 feet above the water so the river and about 20 feet below the level of the Canadian Pacific Railway bridge, which is 200 feet to the south. It practically makes the same span as the railroad, but it is much wider and provides for two tracks sufficient to carry a trolley line or even loaded freight cars, and would connect the end of Soudan avenue with the Don road; the only piece of roadway to be built being about a quarter of a mile, from the east end of the bridge to that road.

The cost would be about \$150,000 for a high-class bridge of this character and would be a good deal of the quality of the new Wilton avenue bridge over the Don in the city.

The members discussed the ways and means of financing the bridge and thought the Canadian Northern or the hydro-electric might use the bridge for the entrance of the line to the north, where the radials now terminate; the latter for the line to Agincourt, Markham and Uxbridge, and if either or both of these roads were to use the bridge they would have to pay a large portion of the cost. Without the co-operation of the railway, the bridge would be lighter and would have to be built partly as a local improvement, partly at the expense of Scarboro and Markham, which would be benefited by a quick new diagonal road into the city, shortening in a rather surprising way the route for all traffic between the city and the northeast.

Committee Appointed. It was also announced that perhaps the Canadian Northern would build a new bridge there, or that the Canadian Pacific might replace one of its bridges there at the present time with a much larger one, and that in either case it might be used both as a railway bridge and a public bridge, the municipality paying a portion of the cost. A committee was appointed to ascertain all the facts and report at a further meeting.

It was also announced at the meeting that the construction work on the hydro-electric power line extension up the Don road would be commenced immediately, two carloads of poles having been already delivered at Donlands siding, and the wire and other material to follow at once.

### MOUNT ALBERT

The annual excursion of the Mount Albert and Hartman Sunday Schools, will take place to Beaverton on Wednesday, leaving Mount Albert via C. N. O. R. at 9:09 a.m. The local band will accompany the excursion.

### NEWMARKET

Two money bylaws will be submitted to the electors of Newmarket providing for an issue of debentures covering expenditures of \$15,000 for waterworks and \$5,000 for permanent sidewalks. Only owners and life tenants can vote.

Tomorrow night the regular meeting of W.C.T.U. will be held in Mrs. O. J. Wilson's house, Queen street, at three o'clock.

125 train from the Union Station could easily have filled another car, and as it was many people were left at Sunny-side Station. The only alternative is to help in the over-crowding of the over-taxed radial cars. And it is only the enthusiasm felt by the fireman in his practice which drives him to endure what is looked upon generally as the hideous discomfort of the journey.

### W. TORONTO LODGES PARADE TO CHURCH

Seven Hundred Orangemen Attend Presbyterian Service.

### HEAR ELOQUENT SERMON

Rev. D. T. L. McKerrroll Urges the Brethren to Stand Fast.

Headed by their own bands—brass, fire and drum and bagpipes—ten lodges of the Toronto Junction District L.O.L. marched to Victoria Presbyterian Church to service yesterday afternoon. The procession was a long one, comprising over 700 members of the Orange lodges of the district, and the capacity of the large church on Avenue street was severely taxed almost as many as the entire congregation being unable to gain admittance.

The service was conducted by the pastor, Rev. D. T. L. McKerrroll, B.A., who chose the text for an eloquent address to the men before him, from Phil. 1: 27: "Stand fast in one spirit, with one mind striving together for the faith of the gospel." He urged his hearers to appreciate the blessing and freedom that go with Protestantism, and to hold fast to all that had been won for them in the dark ages by their martyrs. The choir, under the leadership of Donald C. MacGregor, rendered in an excellent manner the musical part of the service.

The following lodges attended: O.T.B. No. 27; Sir Edward Carson, No. 231; Bands of Volunteers, No. 444; McCormack, No. 2142; Bunny, No. 1987; Mimico, No. 920; Golden Star, No. 288; Canadian Purple Star, No. 692; Century, No. 225; Wallace Protective, Black Knights of Ireland.

### DEATH OF CHARLES COX

The death occurred yesterday at his home, 330 Bessford avenue, of Charles Cox, a well-known resident in Sunny-side, in his thirty-fifth year. He is survived by a widow and several children. The funeral will be conducted by Rev. Edward Morley of St. Paul's, Almette street. This afternoon in Prospect Cemetery.

### GARDEN PARTY IN AID OF DAVISVILLE CHURCH

The members of the Davisville Presbyterian Church held a very successful garden party on Saturday in the Salvation Army grounds, Davisville, in aid of the new building fund. The Cambrion quartet, Misses Williams, Williams and Duncan Cowan, gave a splendid entertainment. The proceeds will go towards the new building fund for the new church, which is to be on the Glebe estate, Davisville avenue, and on which work has already started.

### NEW LAKE SHORE CLUB OPENED ON SATURDAY

The opening of the new Lake Shore Club on Edyth avenue on Saturday evening took the form of a very successful social dance. The inclemency of the weather affected the attendance, but some two dozen couples spent a most enjoyable time under the direction of the president, Mrs. J. T. Swift. Much interest is being evinced in the new club, and many applications are in the hands of the secretaries, Mrs. Spence and Mrs. Stratham. It is proposed that afternoon teas be served, under the direction of Mrs. Dickinson, the convener of the refreshment committee, and there is no doubt in the minds of the executive as to the success of the venture.

With this club on the social side, the recently-formed board of trade on the business side and the efforts being generally for the well-being and progress of the village, the general opinion is that Mimico "is going to do things."

### WOODBRIDGE

During July and August and the first two weeks in September the stores in Woodbridge will close at 1 p.m. every Wednesday to give the clerks a weekly half-holiday.

### PHONES SWITCHED WITHOUT MISHAP

Five Thousand Subscribers Are Now Installed on New Circuit.

The cutting of a "leg" at midnight Saturday transferred 5,000 Bell Telephone subscribers of the old Hillcrest exchange, Oxford and Bellevue, to the new building in Bathurst street, south of St. Clair avenue. The transfer of the complete switchboard terminus to the new exchange was effected in less than one minute and the wires leading to the old office were thrown out "dead." All connections with the new office were complete with the exception of several pieces of insulating material, which were pulled out to make the circuit when the wires to the old office were cut. A report at midnight last night showed that not a single complaint was recorded during the twenty-four hours the new office had been in operation.

The feature of the new phone exchange is the installation of a 10,000 unit switchboard. The device is of the most modern central energy design and has a capacity for serving 10,000 lines, which is the maximum reach of one building is similar to the old office in Bellevue avenue. The interior construction, however, has been remodelled according to latest requirements, which are far in excess of the former office. The new exchange contains 872 trunk lines which, it is estimated, can accommodate 550,000 calls daily. The office took six months in building.

### THIEVES AT ELORA STOLE MOTOR CAR

Five Passenger Car Taken From Garage — Grocery Also Burglarized.

ELORA, Ont., July 5.—Some time between Friday night and Saturday morning burglars effected an entrance from the rear into James F. Richardson's grocery and feed store here and rifled the tills, securing some \$20. The same night between 1 a.m. and 3 a.m. the entrance was forced into T. H. Farley's garage and an automobile, belonging to D. H. Jones, stolen. The manager thought the owner had taken the car out himself, and it was not until Saturday afternoon that he was disillusioned.

The car stolen was a McLaughlin-Bulck 5-passenger touring machine, with black body. The manufacturer's number was 469 and the Ontario license for 1914 23,295.

County High Chief Constable Green of Drayton has the case in hand. A paper sack blanket folded over the outer edge and top of the car in the man's compartment was the only clue.

### VEGETABLE GROWERS ENJOYED OUTING

Visited John Tizzard's Gardens and Compared Crop Conditions.

The Toronto branch of the Vegetable Growers' Association of Ontario spent a very enjoyable afternoon on Saturday, when, meeting at the Humber bridge, they were conveyed in automobiles, under the direction of John Tizzard, to his gardens on Queen street.

About two hours were profitably spent by some 35 members in inspecting the well-kept gardens of Mr. Tizzard, and the adjoining gardens of John Harris and Mr. Freely.

Much interest was shown in a flourishing patch of Chinese tree onions, a plant which was introduced to the vegetable growers of the Dominion some 32 years ago by J. W. Tizard, the president of the Toronto branch.

Mr. Tizzard is in possession of 25 acres, about 15 of which are under intensive cultivation, and the remainder devoted to fruit trees. He is growing large quantities of potatoes, mostly the Ohio and Cobler varieties, and he expects that in about a week many of them will be ready for taking up. From all indications a good year for potatoes is anticipated.

**Forcing Potatoes.** Mr. Tizzard is experimenting with a method of potato growing which, he says, is largely used in the States. The seed potatoes are, in this method, placed in shallow trenches and simply covered with manure, the object being, of course, the forcing of the growth. He has entered a patch of early potatoes for competition in the district, including Belleville, Brantford, Simcoe and Toronto, four prizes—\$25, \$20, \$15 and \$10—being offered.

**Annual Excursion.** It was decided to hold the annual excursion to Niagara Falls on Aug. 6, when it is anticipated that a large number of the members, with their families and friends, will take advantage of the outing.

The members, adjourning to the house after the inspection, refreshments were served, and at the close of the proceedings a very hearty vote of thanks was extended to Mr. and Mrs. Tizzard for their hospitality.

The next meeting of the Toronto branch will be held on Aug. 1 at the gardens of R. H. Tier, Ilington, when celery experimenting will form the topic of discussion.

### RAVINE DEATH TRAP FOR AUTOMOBILES

Telephone Post Alone Prevented Sunday Night Disaster.

An automobile with five passengers narrowly escaped plunging down into the High Park ravine on Keele street last night. The car was driving down Keele street, but when the occupants discovered that the pavement ended just below Bloor they decided to turn back and in making the turn collided with a telephone post, smashing the front of the auto. If the post had not been there the car would have crashed down into the ravine, and a depth of fifty feet. One lady was thrown out and got her hands and knees scratched and bruised, but no one was seriously injured.

**Live in Dread.** Residents in the neighborhood live in dread of serious accidents taking place as there is no railing and automobile at this point every day to get back to a paved street.

"Five lives would certainly have been lost yesterday if the auto had not hit that pole," said one resident last night. "and I hope this will be a warning to the city and that some action will be done to prevent accidents of this nature."

### SURVEYING FOR RADIAL HUMBER TO MILTON

A hydro-radial line from the Humber to the Ontario Hydro Commission, Toronto and Trafalgar Townships, is projected.

The matter has been taken up by the Ontario Hydro Commission, which is now having a survey of the district prepared before setting definitely upon the route which the line will take.

According to E. H. French, the hydro commissioner for Etobicoke, the section of the country which will be served is promising, from the hydro point of view, and he is assured that Engineer Gaby and the commissioners, who are having a report of cost and revenue prepared, look upon the proposed line as one which will eventually return a substantial revenue.

There is, therefore, little doubt that the line will go through, and it is anticipated that it will prove of inestimable benefit to the farms and market gardens which cover that section of country, not merely will it provide that cheap and rapid transportation for market produce which is so urgently required, but it will provide current for lighting and power purposes.

### PORT CREDIT

A garden party, under the auspices of the ladies aid of Port Credit Presbyterian Church, and in aid of the building fund, will be held tomorrow evening, beginning at 7.30 on the lawn of E. D. Hughes, at the corner of Middle and Centre roads. Port Credit Music will be provided by the Port Credit Citizens' Band, and among those who will contribute to the evening's enjoyment will be James Pax, entertainer, and John Kelly, violinist.

### WESTON MASONS PLAN NEW TEMPLE

Three Storey Brick Building to Be Erected on Main Street.

At a meeting of the provisional directors of the Weston Masonic Temple Co., it was decided to proceed with the erection of a new Masonic Temple on the recently required site on the west side of Main street, nearly opposite King street. The design prepared by the architect, Lindsay, Brydon & Greig of Toronto, was approved, and this firm will superintend the work of construction.

The temple will be a three storey structure in brick and stone, of a dignified and simple design, typifying the purpose of the building. The front of the floor is of a width of 42 feet, and the structure will extend some 72 feet towards the Humber River.

**Banquet Hall.** On the main floor will be situated a banquet and dance hall, 48 feet by 38 feet, and in connection will be a buffet for the serving of refreshments. On this floor also will be the waiting and cloak rooms.

The upper floor will accommodate a lodge room, of the same size as the banquet room below, with all necessary accessory apartments and with a large lounge room.

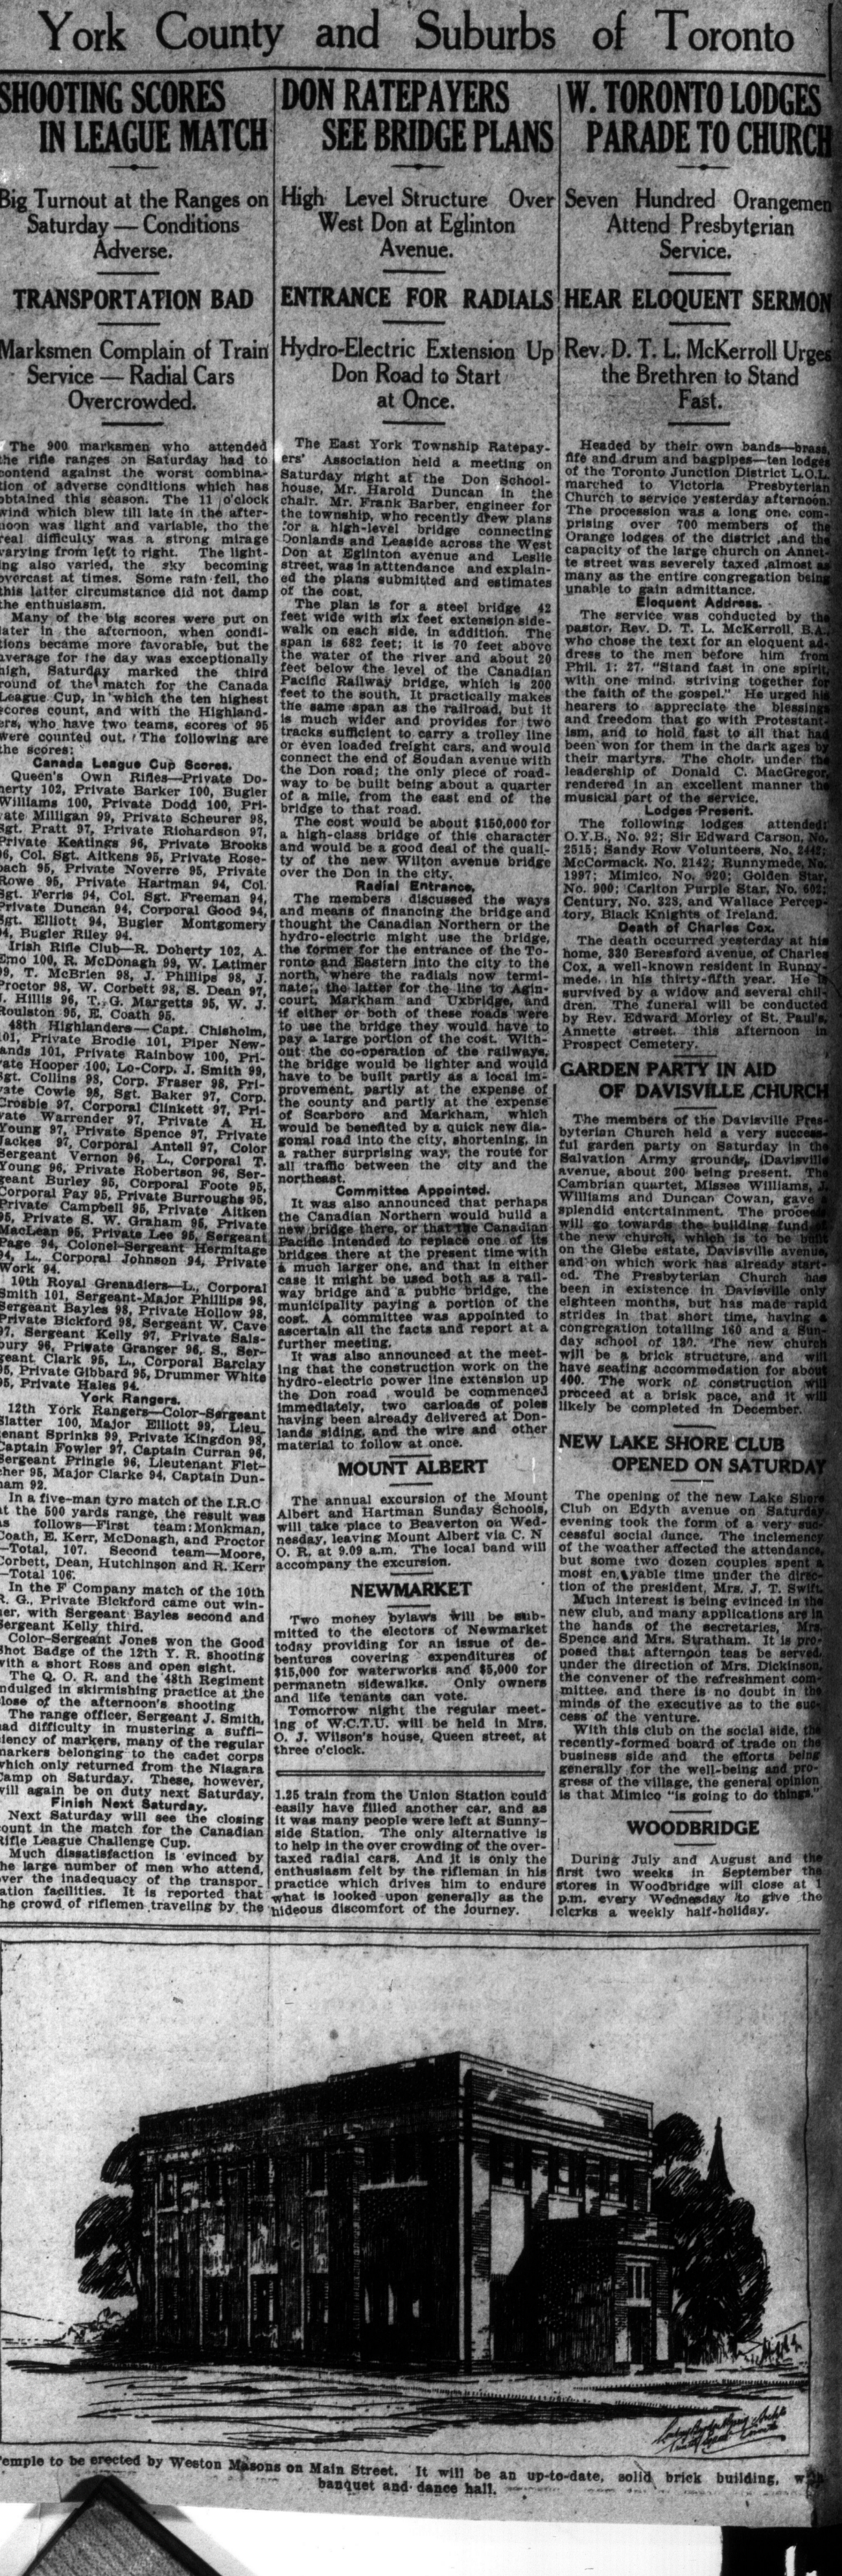

**Plans Under Way.** Working drawings and specifications are now being prepared by the architects, and it is anticipated that tenders for the work will be received in a short time. The provisional directors are: Dr. W. J. Charlton, president; Wm. G. Burridge, vice-president; Alfred Goulding, treasurer; G. Lorne Fraser, secretary; George Scott, John Barker, and Wm. Marks, directors. A charter has been obtained from the provincial government for the formation of a joint stock company, and some \$5,500 has already been subscribed.

### Dunning's Hotel & Restaurant

Dunning's are achieving a great success by keeping in view the demands of the exacting business men of the downtown district. Special today: Spring Oysters, a Maryland planked whitefish a la Furey.

### FUNERAL OF ALFRED SIMPER

The funeral of Alfred Simper, 85, Toronto, who was drowned on the Empress of Ireland, and whose body has just been recovered, will be held from 11 a.m. to 12 noon at Prospect Cemetery. Mr. Simper was formerly a member of the Salvation Army and of the Loyal Orange Order. He was a teamster.

Temple to be erected by Weston Masons on Main Street. It will be an up-to-date, solid brick building, with banquet and dance hall.

NEWS OF SPECIAL INTEREST TO WOMEN

WEARINESS CAUSE OF LIBERAL LOSS

Rev. J. W. Aitkens Declares "Men Who Voted Wrong Cannot Survive."

CONFIDENT NEXT TIME

Believes Abolishing of Bars Will Be Accomplished Thing Then.

That most daily troubles have their root in weariness was the assertion last night of Rev. J. W. Aitkens, pastor of the Metropolitan Methodist Church, speaking on the text of his sermon on the dangers of weariness.

"When we are weary," said Dr. Aitkens, "most of us are off our guard. Thus we are ready to fall into the traps and snares of the devil. We cannot see life as we should and the result is we are dissatisfied with life."

The speaker declared, however, that the time of weariness also is the time of faithfulness. He cited instances in the scriptures and daily life to prove the assertion, continuing that after all weariness is a blessing. The working man's sleep, he said, was an example of the reward of weariness rightfully earned.

SERVICE GREATEST THING.

"Service to mankind, the greatest thing in the world" was the subject of an address yesterday afternoon by Rev. W. J. H. Brown, in the weekly meeting of the local branch of the Canadian Brotherhood in the Metropolitan Methodist Church.

MANY AT OPEN AIR SERVICE.

More than 500 persons attended the open-air service last night in the grounds of the Metropolitan Methodist Church, following the evening service. Sermonettes, illustrated by stereopticon, were given by J. C. Wilson, J. E. Murray and J. T. Reeve. Solos were sung by William H. Norris and his sons, Billy. Similar services, it was said, are to be held every Sunday night.

SAYS SIR JAMES SCOLDS MINISTERS LIKE FISHWIFE

An echo of the recent provincial election was sounded last night by Rev. J. W. Aitkens, pastor of the Western Congregational Church, speaking at the evening service, when he said: "Ministers of this country who submit to the election of Sir James Scolds are like a fishwife who has been caught with a fish on her back."

THE ATHABASCA TRAIL By Sir Arthur Conan Doyle

My life is gliding downwards; it speeds swifter to the day. When it shoots the last dark canyon to the Plains of Far-away. But while its stream is running thru the years that are to be, The mighty voice of Canada will ever call to me. I shall hear the roar of rivers where the rapids foam and whirl, I shall smell the virgin upland with its balsam-scented air, And shall dream that I am riding down the winding, woody vale, With the packer and the pack-horse on the Athabasca Trail.

I have passed the warden cities at the eastern water-gate, Where the hero and the martyr laid the corner-stone of State, The habitant, coureur-des-bois, and hardy voyageur, Where lives a breed more strong at need to venture or endure? I have seen the gorge of Erie, where the roaring cataract, I have crossed the inland ocean, lying foiden in the sun, But the last and best and sweetest is the ride by hill and dale, With the packer and the pack-horse on the Athabasca Trail.

I'll dream again of fields of grain that stretch from sky to sky, And the little prairie hamlets, where the cars go roaring by, Wooden hamlets as I saw them—noble cities still to be, To thrive stately Canada with gems from sea to sea, Mother of a mighty manhood, land of glamor and of hope, From the eastward sea-sweet islands to the sunny western slope, Evermore my heart is with you, evermore till life shall fall, I'll be out with pack and packer on the Athabasca Trail, Jasper Park, Alberta, June 18, 1914.

CHINESE AND MISSIONARIES. PEKING, July 4.—The fear of rebel doctrines by the Chinese government has caused the authorities to take drastic measures to prevent Chinese Christian preachers from proselyting in the street. An order that this prohibition is to be enforced in all the provinces has not been issued by the Peking government.

THIS WEEK'S ATTRACTIVES AT THE THEATRES

PERCY HASWELL AT THE PRINCESS

ADELE BLOOD AT SHEARS

GEORGE RICHARDS, Loew's Winter Garden Roof.

HAS NO USE FOR DENTISTS.

ATCHISON, July 4.—Theodore Fleischbeln, sixty years old, a pressman of this city, claims a unique record. He has never had a tooth pulled or filled. His sister, several years Mr. Fleischbeln's senior, has a like record.

GOOPS By GELETT BURGESS

Rimini Elf At times I like to give a dime To children that I love—but I'm disgusted, when they beg for money. I think it's neither smart nor funny. Only a Goop like Rimini Elf Would make a beggar of herself!

Don't Be A Goop!

PERCY HASWELL WILL SING

In "Never Again," the merry French farce, which is to be presented for the first time at the Princess Theatre this evening, Miss Percy Haswell will introduce herself to her admirers as a singing comedienne. With Mr. Sydney Riggs, who will be heard in "Where the Red, Red Roses Grow," as a solo Miss Haswell will give "The Little Grey Home in the West," an English song, while Miss Haswell, Mr. Riggs and Mr. Francis Z. Gillen will be heard in "Something Seema Tinglingling." Miss Eleanor Russell will present an added feature in her interpretation of Mendelssohn's Spring Song. "Never Again" is one of the liveliest of pieces and is full of the spontaneous fun which summer audiences like. Miss Haswell appears in a light comedy role which gives her ample opportunity to show her vivacious talent. The Princess is ideally cool with its electrical ventilating apparatus, and the usual matinees are given Wednesday, Friday and Saturday.

BONSTELLE PLAYERS

One of the most unique, fascinating and interesting poker games ever evolved in the mind of a playwright is "The Girl of the Golden West," which the Bonstelle Players will present at the Princess Theatre this week. The game takes place between a woman and a man. The stakes are, her liberty and the man she loves. The most successful dramatist of the day, David Belasco, who produced it in New York, where it remained for two years, with Elsie Janis in the role of "The Girl." Since then, it has been praised by theatregoers in every large city in America.

"THE WORLD AND HIS WIFE"

William Faversham's success, "The World and His Wife," adapted and modernized from the Spanish by Charles Frederick Nirdlinger, is the offering of this week. It will appear at Shea's Theatre. It is some time ago that Mr. Faversham appeared in Toronto, and it will be remembered that efforts were made to have the distinguished actor engaged to give the play. The play itself points a great lesson, has as much as it does about how much harm may be caused by the idle, stammering tongue of busybodies. In the character of Don Julian's wife Miss Blood will again call upon her exercise that dramatic actress, while Mr. Cooper-Cliffe will display that intensity of expression which was responsible for his splendid success while a member of Mr. Faversham's company.

LOEW'S WINTER GARDEN

Vaudette's patrons will find Loew's Winter Garden Roof perfectly inviting raised roof-top, which allows the lake breezes to circulate freely through the auditorium. The week's bill is one of exceptional strength, with entertainers as a company of colored entertainers as a chief feature. They are called the Six singing, dancing and appear in unique Fancy Phantoms and comedy stunts. Lawrence Crane, the Irish Wizard, presents his "Ten of Movers," a magical act, in which he is assisted by a pretty girl and an ancient Hindu. George Richards, the well-known comedian, appears in "Easy Money," a very funny sketch, with a unique theme. The big two-hour musical, "The Girl of the Golden West," is the offering of this week. The cast includes: Mabel Johnson, violinist; Stralov, Shrinier and Richards, humor and song; Mabel Johnson, violinist; Stralov, Shrinier and Richards, humor and song; Mabel Johnson, violinist; Stralov, Shrinier and Richards, humor and song.

"LAST DAYS OF POMPEII"

Commenting on Monday, "The Last Days of Pompeii" will be presented for the first time in Toronto. Lord Bulwer-Lytton's story is vividly displayed, and the eruption of Mount Vesuvius is a tremendously realistic feature. A cast of Italian stage celebrities are seen in the principal characters. Princess Russell came to America two years ago to fill an engagement, but her noble husband, objected to her appearing outside of her native country, and persuaded her to cancel the arrangement and return to Italy. During the week at the Grand a matinee will be given every day.

SCARBORO BEACH

Zeno, Jordan and Zeno, who appeared at Scarborough Beach two years ago, have made a big hit with their aerial act, which has been engaged for two performances daily. D'Urban's band will continue its engagement, and, as usual, Thursday night will be devoted to the playing of special numbers requested by patrons of the park. Yesterday evening the band presented a very interesting number, namely, the Signor D'Urban. He has been engaged on the score for eight months past. The band has played several pieces composed by the conductor, but nothing so ambitious as this.

PERCY HASWELL AT THE PRINCESS

CAT MERINE PROCTER AT THE ALEXANDRA

THE HIPPODROME

With an atmosphere that is delightfully pleasant, the Hippodrome management have provided a bill for its patrons this week that is an ideal one for summer weather. McDewitt, Kelly and Lucy are the headliners with their act, "The Actress and the Piano-Movers." It is an amusing sketch, full of humorous situations and bright lines. The Three Danes, with a unique theme. The big two-hour musical, "The Girl of the Golden West," is the offering of this week. The cast includes: Mabel Johnson, violinist; Stralov, Shrinier and Richards, humor and song; Mabel Johnson, violinist; Stralov, Shrinier and Richards, humor and song.

THE NEW HOUSEKEEPING BY MRS CHRISTINE FREDERICK

"THE SURVIVAL OF THE EFFICIENT"

LECTURES I have often paraphrased Darwin's famous slogan, "the survival of the fittest" as "the survival of the efficient," which is a perfectly expresses the attitude of the present age.

To me, efficiency is not a fad—like that for white-top shoes, for instance. It is really the best expression of a number of causes which have been at work for a long time in this country.

1. Decided drift toward large cities with original functions of the home constantly diminishing.

2. Increasing demand for sanitation and modern ideas making for higher standards of living.

3. Greatly increased cost of living, compelling better management on the part of housewives to meet the situation.

4. General broadening of women's whole horizon.

5. Increase of women's intelligence, and consequent desire to apply labor, time and energy saving ideas to work.

Efficiency ideals are truly American ideals, and I feel that it is going to do for women just what it has done so splendidly for men and industries of the home. With the increasing cost of living, increasing economic loss in raising children, the desire of so many women to participate in interests outside of the home circle, I feel it must be a case of the "survival of the efficient" in every American home.

Women often say to me, "You seem to want women to go back into the kitchen and make scientific work from which they are longing to escape entirely." What is the use of your ideas of efficient cleaning and cooking and home management if we are all, sooner or later, going to have cooperative housekeeping or live in apartment hotels?

On the contrary, I do not want to make women more tied down to the kitchen or household routine because I want them to make housekeeping more scientific. In the degree to which they make housekeeping scientific they will be able to master their work instead of letting their work master them. And by mastering it, organizing it, reducing it to some sort of definite system, they will have that much more time and energy to devote to these newer interests which they pursue outside of their own four walls.

It may take some time to standardize certain household tasks, run our house on the budget plan, plan meals a week ahead or learn how to use some of the best labor savers; but once these new ideas are working practically the women will then have more time, more freedom, more relief from drudgery. And that freedom from drudgery, that additional time, in the whole object of my household efficiency idea.

And only if a woman is efficient will she have time and strength left to devote to the new and larger national housekeeping of which she forms a part.

HAD BUILDING BEE AT DALE CHURCH SHRINKAGE SHOWN IN CHURCH FUNDS

Work on Edifice Considerably Advanced by Aid of Union Men. But Anglican Work in Western Canada is Meeting With Good Results.

More than 60 union bricklayers and masons worked rapidly and gratuitously on the construction of Dale Presbyterian Church, West Queen street, on Saturday. Members of the church acted as "helpers," and one member, a first-class practical bricklayer, took his place by the side of the others, and together they advanced the completion of the building. Women acted as "water boys" and served out milk and water to the happy workers. Cigars played their part. Rev. Mr. Morrow encouraged the men and did his share of the work until he was compelled to leave for the purpose of conducting a funeral service. He returned afterwards and expressed himself as extremely satisfied at the rapid progress made thru the splendid efforts of the trades unionists.

New Plan Saves Money. It has been clearly proved that clergy working from a centre with a central house and on brotherhood lines can be supported very much more economically than if they were placed as isolated workers in any particular district. Under this system a man can be supported for \$100 a year, whereas under the diocesan plan he would have to give his clergy at least \$150, while there is no doubt that the men working on community lines are very much more comfortably off than the ordinary diocesan clergyman who has to support himself.

Just as regularly as come the seasons, come our routine tasks. Once again we have come to the days of picnics, parties, travelling, and summer complaints, and each must be dealt with in turn just as if it had never before been touched on in this column.

During July and August, the strenuous life loses some of its brilliancy—or should. The children are home for vacation, the weather is too warm for bakins and kitchen fussing; and the little housekeeper makes her work as light as possible.

Holidaying in the city year in and the country does not fall to the lot of everybody. Many men have to work through the hot weather, and unselfish, thoughtful wives would not leave them to poorly prepared, poorly planned meals even if there were plenty of means at their disposal, to give the women and children a change of air and surroundings.

Of course, every one benefits by a change; but the majority of Toronto dwellers remain within the city year in and out. And isn't it splendid that Toronto is such an ideal summering place? The stay-at-home can have a great time on a very moderate outlay.

After a few days the novelty of no school will begin to wear off, and the children will begin to feel the pleasures and amusements. It is up to mother to keep her nerves steady and use the work is done in the morning, go to High Park, or Alexandra Park or Riverdale Park or any kind of park, and spend your day there. I prefer there at any time where you can sit quite alone, and have a happy day. I do not mean the kind of picnic where soda-water, picnic, I mean hide and go seek and ball and tag, and a sleep for everybody after lunch. Try it, little mother, you can make a splendid summer of it if you will.

# Vancouver Wins Round

## BRAMPTON FAILED TO BRING BACK CUP

Vancouver Reversed Tables on Excelsiors in Final Game—Kendall Did Not Play.

VANCOUVER, July 5.—Another challenge is awaited for the Mann Cup, the V.A.C. defeating Brampton at Athletic Park before 5000 people by six goals to two, turning the advantage margin of one in the first game into a three goal lead on the second. A couple of years ago it would have been a talk of years ago if it had been a talk of years ago. The attendance Saturday was a very gratifying sign, that, also the professional game is down in the dumps, the national game has a big and enthusiastic following and the same old-fashioned way of stickhandling still comes second to other forms of sport on the coast. A great deal of enthusiasm was shown during the game, and at the conclusion of it.

The Brampton Excelsiors could not be regarded with the complacency which has been felt when other challengers have made their first bow. Instead of being gaudy, Brampton played the smiting, and it looked as if the silverware was about to be carried back to the place of its origin. Naturally the jubilation was all the greater when the V.A.C. reasserted the supremacy of western lacrosse.

The result was achieved by three changes in the Vancouver team, all of which seemed to make for strength, and by improved conditions. There is not the least doubt that the Brampton team stepped on the field in the first game in far better shape than the western lads, but they had little advantage over the locals on that side of the account in this game.

Vancouver gave a brilliant display, clearly outplaying the challengers in the first three-quarters. The total goals in the series were: Vancouver 10, Brampton 7.

Two new players, members of last year's team, got back into the Vancouver line-up, and performed brilliantly.

The line-up: Vancouver (9): Goal, Davis; point, Gillanders; cover, Campbell; defence, Mason, R. Palmer, Carter; centre, Adams; forward, inside, Wright.

Brampton (9): Goal, Campbell; point, Williams; cover, Beuchamp; defence, Milligan, Warren, Blaine; centre, Stevens; home, Sproule; outside, Mara; outside, Davis; inside, Charter.

## YOUNG TORONTO TRIM ST. SIMONS

Senior O.A.L.A. Fixture Was a Runaway for Young Torontonians

The Young Torontonians retained their title this week by defeating St. Simons on the Don Flats Saturday afternoon in a senior lacrosse match by a score of 8 to 2.

The play was fast and end-to-end in all directions. Twelve penalties were registered, 7 to Toronto and 5 to St. Simons.

First quarter: Toronto 4, St. Simons 0. Second quarter: Toronto 4, St. Simons 0. Third quarter: Toronto 0, St. Simons 2. Fourth quarter: Toronto 0, St. Simons 0.

Young Torontonians (9)—Goal, McArthur; point, Williams; cover, Harcourt; defence, Kirby, Parkinson and Bennett; centre, G. Brown and S. Cowan.

St. Simons (9)—Goal, Ireland; point, Hughes; cover, Phillip; defence, Conley, Bullen and Gibson; centre, Mills; home, Arida; power, Pop; outside, Shearson. Referee—Ernie Doyle.

PRESCOTT WON IN OVERTIME. PRESCOTT, Ont., July 4.—The Prescott Lacrosse team played their second home game in a keenly contested match with their rivals of Ottawa in a keenly-contested game. It required overtime to decide the winner as the score at the end of the fourth quarter was 2 to 2. The game was full of excitement and the large crowd of spectators were treated to a large crowd of spectators in this district and from present indications it looks like either Prescott or Ottawa will be the champion of the eastern section of the senior O.A.L.A.

PRESCOTT HAD CLOSE VICTORY. PRESCOTT, July 4.—The Prescott lacrosse team played their second home game of the season with their old rivals of Ottawa in a keenly-contested game. It required overtime to decide the winner as the score at the end of the fourth quarter was 2 to 2. The game was full of excitement and the large crowd of spectators were treated to a large crowd of spectators in this district and from present indications it looks like either Prescott or Ottawa will be the champion of the eastern section of the senior O.A.L.A.

## TORONTO SHOT OVER THE BUMPS

Nationals Defeated Blue Shirts in Fast, Clean Game by Seven Goals.

MONTREAL, July 5.—After one of the best-played and cleanest exhibitions of lacrosse seen on the Montreal grounds this season, the Nationals administered defeat to Toronto, 16 to 4. The visitors showed improvement over their previous showing here, and held their own till about the third period, and had the Frenchmen nervous. At this stage of the contest, however, Didier Pitre, the speedy home player of the Nationals, broke loose, and when the Toronto defence steadied down he had tallied five goals for their favorites. The teams: Nationals (16)—Goal, L'Esperance; point, Cattarachi; cover, Duckett; defence, Lachapelle, Degan; centre, Degray; home, Gauthier; outside, Girard; inside, Lamoureux.

Toronto (9)—Goal, Altman; point, Cameron; cover, Stays; defence, Somerville, Longfellow, centre, Dandeno; home, Spring; outside, Donihue; inside, Warwick. Referee—R. Finlayson. Judge of play—Humphrey.

Summary. First Quarter: 1. Nationals, 4; Toronto, 0. 2. Nationals, 4; Toronto, 0. 3. Nationals, 8; Toronto, 0. Second Quarter: 4. Nationals, 8; Toronto, 0. 5. Nationals, 12; Toronto, 0. 6. Nationals, 16; Toronto, 4.

## QUEBEC NO MATCH FOR INDIANS AGAIN

Tecumsehs Soon Ran Up a Good Lead and Played Safe Afterwards.

Tecumsehs had an easy time at the lake Saturday with Quebec and they ran up a score of 8 to 4. The game, after the first half, was rather lifeless, as the Indians found that they could hold the advantage with ease. Only two intervals did Jack Marshall's boys show anything like championship form, but the Red Shirts on those occasions got the better of them and saved the game.

Jack White, the great old man of the game, and Henry Scott of the visitors, Scott Brown, lined up for the three, but the locals added strength to their two stars only saved them from getting a whitewashing. Roberts was in good form, but he did the greater part of the work in boring in on the net. Cummins in goal saved repeatedly in tight corners, and without him the score would have been very big.

Felker and Whitehead were the stars for the locals. Gourdes and Whitehead flashed in spots, but thru lack of luck failed to entice the crowd. The Indians had it too easy and they slowed clean, only two penalties at the very last minute being handed out.

The line-up: Tecumsehs (8): Position Quebec (4) Torpey; home, Anderson, Phelan, G. Smith; outside, G. Barry; inside, Mackenzie. Defence: Baker, McKee, G. Barry, G. Barry, G. Barry, G. Barry. Centre: Malone, McKee, G. Barry, G. Barry, G. Barry, G. Barry. Outside: George, McKee, G. Barry, G. Barry, G. Barry, G. Barry. Inside: Robert, McKee, G. Barry, G. Barry, G. Barry, G. Barry. Spares—Tecumsehs, Cartmischel, Ripley, Fort, Bennett; Quebec, Dussault, Savard, Hugh, Mason. Referee—W. McIntyre, Ottawa. Judge of play—Pick Lillie, Toronto.

## MORRIS KNOCKED OUT AL. KUBIAK

Did Trick in Sixth Round—Rivers, Cross, Britton and Mandot All Winners.

FORT SMITH, Ark., July 4.—Carl Morris of Sault Ste. Marie, stopped Al. Kubiak in the sixth round of his scheduled ten-round bout here today. Morris showed improved form over any of his former efforts and knocked out his former conqueror in the sixth round. He was master of the situation at all times. Tommy Dixon, former featherweight fighter, who refused, got in the way of a wild right from Kubiak and went thru the last round with his left eye severely cut.

JOE RIVERS WON. LOS ANGELES, Cal., July 4.—Joe Rivers, the Los Angeles lightweight, defeated Mary McGee of Racine, Wis., substitute for Ad Wolgast, in the second round of their fight at down in the first round. In the second a blow to the jaw sent McGee to the floor again, and to the joy of her fans, McGee's seconds threw a towel into the ring in token of defeat.

## ROSEDALES WERE ALWAYS IN LEAD

Never Any Doubt About Game With Cornwall—Northenders Still Undeclared.

The undefeated Rosedalees chalked up another win against the speedy Cornwall outfit at Rosedale Saturday afternoon by an 8 to 4 score. The outcome was never in doubt, and both teams, appreciating the fact, played mediocre lacrosse. Less than 100 graced the stands.

Rosedale put the game on ice in the first quarter when the blue shirts bucked the opposition net three times. And in the second and third quarters appeared to be content with holding out the Cornwall wall. With the locals on the long end of a 4 to 2 count, they speeded their attack by scoring twice in four minutes. Penny brought Cornwall's total up to three a moment later when he scored hard from the goal crease. Barnett scored twice more for the locals in the dying moments of the contest. Pleasant scored for Cornwall in fifteen minutes of the first quarter.

Rosedale, who were never checked off at the Cornwall net, could have piled up a much larger score if they wished, while Cornwall's main deficiency seemed to be in wild passing. In addition they never went in fast on the attack.

The line-up: Rosedale—Goal, Holmes; point, Harshaw; cover, Yeaman; defence, Powers, B. Green, T. Fitzgerald, centre, Gordon; home, J. Green, W. Fitzgerald; outside, Barnett; inside, Kall, Edgerton; cover, Slesinger; point, Edgar, P. Cummings, J. Denney; centre, Degray; home, Anderson, Phelan, G. Smith; outside, G. Barry; inside, Frankie Cummings. Referee—Frank Lambie. Judge of play—George Wheeler.

# Argonauts Lost in Great Race

## ARGONAUTS LOST IN GREAT RACE

University of Pennsylvania Crew Beat Local Eight by Close Margin.

PHILADELPHIA, Pa., July 4.—(Special.)—Coach Vivian Wiseman, University of Pennsylvania Varsity eight, the identical crew, with a few exceptions, which rowed second to Columbia University eight in the Intercollegiate Regatta last year, defeated the Argonauts in the feature race of the Independence Day Regatta, rowed over the national mile and a quarter course this afternoon in a contest which was one of the hardest ever rowed by the Canadians, whose colors have waved in victory so many times here. Although the Argonauts lost, and by a scant half length, they made the Pennsylvania Varsity row to the full of its ability and won praise from tens of thousands who stood along the shores of the historic Schuylkill River course and cheered them for their wonderful race.

The Argonauts, who did not beat the second best crew which rowed in the Foughkeiss Regatta, showed that they have the best of the present senior eights by outrowing the Detroit Boat Club, the New York Athletic Club and the Vesper Club of this city, and Ariei Rowing Club of Baltimore in the fast and fierce second half-mile race, and nearly two lengths over the other crews at the finish of the race.

Only Two Finished. Although six eights were sent away, only two fought the battle which will make this regatta memorable. The Argonauts, at the start the Vespers held the west shore position, New York A.C. being in the next course with the Argonauts in, and Pennsylvania crews, the latter rowing under the name of the College Boat Club of this city, an organization under which many well-known Penn. Varsity crew men are enrolled, in the centre of the river, Detroit and Ariei crews being in the east shore positions.

Scarcely a breath of air was stirring as the crews began their battle, the wind, which prevailed at times during the afternoon, having died down.

The start was a good one, Detroit Boat Club crew, which has been coached by Perry Duffield, catching the water slightly in advance of the Argonauts and Penn. crews, who, however, cleared the water with such power that they subsequently and then the Argonauts and Penn began to force ahead of the Penn, securing a slight lead over the Canadians in the quarter mile.

Under the bridge Penn held their advantage and began to gain slowly with each stroke, while the other four crews fell behind. At the half-mile the two crews, Penn and the Argonauts, were rowing well together, the Penn crew being a good one, Detroit Boat Club crew, which has been coached by Perry Duffield, catching the water slightly in advance of the Argonauts and Penn. crews, who, however, cleared the water with such power that they subsequently and then the Argonauts and Penn began to force ahead of the Penn, securing a slight lead over the Canadians in the quarter mile.

Meanwhile three of the other crews were having a fight for third place a couple of lengths behind, and Detroit managed to beat out New York Athletic Club and Vesper, who had rowed in the intermediate night race, an hour before the New Yorkers, winning out, and Vesper, who finished second, being disqualified.

First in 20 Years. Judged by their showing today the Argonauts have a good chance to be factors in the annual National Association regatta to be rowed over the same course on Aug. 7 and 8 next, to which event it is hoped by the local authorities that they will come.

It developed in a gathering of rowing men here that it was exactly 20 years ago yesterday that Coach Vivian Nickerson of Island, the first of the English Henley by three-quarters of a length. Philadelphia crews won 11 of the 15 races rowed. A surprise marked the senior single sculls event when John B. Kelley of the Vesper Boat Club, who is Bob Dibble, captain of the fight, and the eighth mile point after a hard race with Tom Rooney of the Ravenswood Boat Club, who is now in the lead. The referee was Bob Dibble, captain of the fight, and the eighth mile point after a hard race with Tom Rooney of the Ravenswood Boat Club, who is now in the lead.

# Rowing Pennsylvania Defeats Argos

## ARGONAUTS LOST IN GREAT RACE

University of Pennsylvania Crew Beat Local Eight by Close Margin.

PHILADELPHIA, Pa., July 4.—(Special.)—Coach Vivian Wiseman, University of Pennsylvania Varsity eight, the identical crew, with a few exceptions, which rowed second to Columbia University eight in the Intercollegiate Regatta last year, defeated the Argonauts in the feature race of the Independence Day Regatta, rowed over the national mile and a quarter course this afternoon in a contest which was one of the hardest ever rowed by the Canadians, whose colors have waved in victory so many times here. Although the Argonauts lost, and by a scant half length, they made the Pennsylvania Varsity row to the full of its ability and won praise from tens of thousands who stood along the shores of the historic Schuylkill River course and cheered them for their wonderful race.

The Argonauts, who did not beat the second best crew which rowed in the Foughkeiss Regatta, showed that they have the best of the present senior eights by outrowing the Detroit Boat Club, the New York Athletic Club and the Vesper Club of this city, and Ariei Rowing Club of Baltimore in the fast and fierce second half-mile race, and nearly two lengths over the other crews at the finish of the race.

Only Two Finished. Although six eights were sent away, only two fought the battle which will make this regatta memorable. The Argonauts, at the start the Vespers held the west shore position, New York A.C. being in the next course with the Argonauts in, and Pennsylvania crews, the latter rowing under the name of the College Boat Club of this city, an organization under which many well-known Penn. Varsity crew men are enrolled, in the centre of the river, Detroit and Ariei crews being in the east shore positions.

Scarcely a breath of air was stirring as the crews began their battle, the wind, which prevailed at times during the afternoon, having died down.

The start was a good one, Detroit Boat Club crew, which has been coached by Perry Duffield, catching the water slightly in advance of the Argonauts and Penn. crews, who, however, cleared the water with such power that they subsequently and then the Argonauts and Penn began to force ahead of the Penn, securing a slight lead over the Canadians in the quarter mile.

Under the bridge Penn held their advantage and began to gain slowly with each stroke, while the other four crews fell behind. At the half-mile the two crews, Penn and the Argonauts, were rowing well together, the Penn crew being a good one, Detroit Boat Club crew, which has been coached by Perry Duffield, catching the water slightly in advance of the Argonauts and Penn. crews, who, however, cleared the water with such power that they subsequently and then the Argonauts and Penn began to force ahead of the Penn, securing a slight lead over the Canadians in the quarter mile.

Meanwhile three of the other crews were having a fight for third place a couple of lengths behind, and Detroit managed to beat out New York Athletic Club and Vesper, who had rowed in the intermediate night race, an hour before the New Yorkers, winning out, and Vesper, who finished second, being disqualified.

First in 20 Years. Judged by their showing today the Argonauts have a good chance to be factors in the annual National Association regatta to be rowed over the same course on Aug. 7 and 8 next, to which event it is hoped by the local authorities that they will come.

It developed in a gathering of rowing men here that it was exactly 20 years ago yesterday that Coach Vivian Nickerson of Island, the first of the English Henley by three-quarters of a length. Philadelphia crews won 11 of the 15 races rowed. A surprise marked the senior single sculls event when John B. Kelley of the Vesper Boat Club, who is Bob Dibble, captain of the fight, and the eighth mile point after a hard race with Tom Rooney of the Ravenswood Boat Club, who is now in the lead. The referee was Bob Dibble, captain of the fight, and the eighth mile point after a hard race with Tom Rooney of the Ravenswood Boat Club, who is now in the lead.

ENORMOUS BUSINESS ON OIL EXCHANGES

Sales Have Rapidly Increased Since Day of First Opening.

WILL BUILD NEW HOME

Work to Begin Immediately—Quarters Will Have Club Comforts.

CALGARY, July 4.—Miniature reproductions of Wall Street scenes are enacted every day in Centre street and Seventh avenue, at the Calgary Oil and Stock Exchange.

Two sessions are held daily, at 10.30 and at 1.30, and during a special session is held for the convenience of those who cannot attend during the day.

The Calgary Oil and Stock Exchange is a mutual proposition, managed for and by its members through a governing board.

The new exchange will be built on the vacant lot on Seventh avenue and the present site of the exchange.

The project has been talked of by members of the exchange for the last couple of weeks, but it was at the meeting Tuesday that the matter was finally decided upon.

Comfort First Consideration. The new building will have a clearing house, a smoking room and other conveniences for members.

The new building will have a clearing house, a smoking room and other conveniences for members.

Next to the crops the best supporting influence is cheap money, says Henry Clew of New York.

Further assurance regarding the money market has been guaranteed by Secretary McAdoo's prudent effort to give such assistance.

It is quite probable that the new reserve system will not be working in order in time to meet financial requirements this autumn.

PACKING HOUSES CAME THRU WELL

Business and Profits Are Satisfactory—Depression Had Little Effect.

MONTREAL, July 4.—Earnings of large Canadian packing houses are said to have passed thru the depression of 1913 with undiminished profits.

It is stated that the average net earnings of Wm. Davies Co., Ltd., for the four years ending March 31, 1914, were \$387,950.

Net profits of the Harris Abattoir Co., Ltd., for the year ending March 31, 1914, are stated in round figures as over \$300,000, against "over \$180,000" the previous year.

P. Burns & Co., Ltd., a concern which has 100 retail stores scattered thru Alberta and British Columbia, is said to have earned "over \$450,000" for the past three years.

The year recently closed, it is understood, was the largest in the company's history, and earnings were very much in excess of the three-year average figures quoted in the foregoing.

TAKE FIRST STEPS TO HELP CONCERN

Committee Representing the Banks Will Assist in Reorganization of Claffin Co.

NEW YORK, July 4.—A committee representing banking institutions thru-out the country took the first decisive step yesterday toward helping in the reorganization of the H. B. Claffin Company.

The so-called noteholders' committee, of which James S. Alexander, president of the National Bank of Commerce, is chairman, sent out letters to the 3,000 banks in the country holding notes insured by the Claffin Company, asking that those notes, amounting to over \$300,000,000, be deposited with the committee as the banks' agent, preparatory to working on plans to make arrangements that the best possible adjustment of the failed company's affairs be made.

CONSIDERABLE GROWTH IN CANADIAN TRADE

Statistics compiled by R. G. Dun and Co. indicate a considerable extension in the commercial mortality of the Dominion of Canada during the first half of 1914, as compared with the corresponding six months of the previous year.

Both in number and amount these figures are above normal, yet some increase in the mercantile death rate is to be expected in view of the rapid development of the country.

The exhibit, which the Bureau of Insolvencies under a year ago—278 comparing with 210—yet there was a moderate increase in liabilities, the total being \$3,223,222 against \$4,075,972.

In trading occupations there was a large increase in the number of failures, or 315 more than in the half of 1913, and the sum of money owed rose to \$7,215,153, as compared with less than \$5,000,000 in the earlier period.

Insolvencies in the group embracing agents, brokers and similar concerns were double, though the number against 20—but notwithstanding this the indebtedness fell from \$708,232 to \$548,744.

With the two exceptions of Newfoundland and Nova Scotia, more defaults occurred in every province included in the statistical report.

This was especially true of Saskatchewan, Alberta, Manitoba, British Columbia and Ontario. The improvement in Newfoundland was due to the fact that Nova Scotia there were only half as many suspensions as in 1913.

With the two exceptions of Newfoundland and Nova Scotia, more defaults occurred in every province included in the statistical report.

GOVERNMENT HAS RECOMMENDED ORDER

Southern Alberta Land Co. is Relieved of Irrigation Work.

OTTAWA, July 4.—Because of the failure of the London banking firm of Chaplin, Milne, Grenfell & Company, with which the Southern Alberta Land Company had \$100,000 on deposit, the government has amended the order-in-council passed on May 23 respecting a refund to that company and it is gazetted today.

A transfer of kind was taken over by the contract of the Robins Irrigation Company, and recently a refund of \$50,573 was made by the government.

The \$100,000 on deposit with Chaplin, Milne, Grenfell & Company has been taken up or lost. The order-in-council states that it has been represented by the company and by the receiver that the latter may raise an amount of \$100,000, including the refund which would irrigate 46,000 acres of land, but that a modification of the conditions under which the lands are held will first be necessary.

The company is now relieved from all obligations to satisfy the government of its ability to complete the irrigation work as provided in the terms of the refund, and a new provision is made requiring the company to raise and expend on irrigation work under government supervision an amount of \$300,000, in addition to the refund itself.

The \$300,000 to be raised by the receiver is to be placed in a Canadian bank and spent on construction, and no money is to be paid over to the company under the refund until the whole amount of the refund, with interest at five per cent, has been made up in charge upon the land and assets of the company in the receivers' hands.

TERMS OF LOAN NOT SATISFACTORY

NEW YORK, July 4.—It was stated in Wall Street today, that the C.N.R. loan of \$45,000,000 had not yet been placed because the terms offered were not satisfactory.

The C.N.R. must offer much better terms than they have before they can get a loan underwritten. The National City Bank admitted that they had been approached with the view of financing a loan of two or three millions for the C.N.R., but nothing had been agreed.

The C.N.R. is trying to parcel out the loan in small lots as the National City Bank has not heard any thing about the big loan of \$45,000,000.

NEW YORK METALS

NEW YORK, July 4.—At the Metal Exchange here yesterday there was a quiet but firm tin buying. Copper was quiet but firm. Tin was steady and advanced 3-c. Lead and spelter remained at yesterday's closing prices.

Today's closing figures were: Standard tin, 31 3/8-3 1/8; spelter, 13 40; spelter, 4 1/2 bid, 5 1/2 asked.

Spring lambs, dressed, lb., \$0.12 to \$0.14.

POULTRY, WHOLESALE.

Mr. M. P. Mallon, wholesale poultry, reports the sale of old ducks as falling right off. They are only worth 10c to 15c per lb. Ducklings, which must weigh the old ducks to 20c per lb. live weight, spring chickens, which must weigh at least 1 lb. each, 20c to 30c per lb. live weight. There are too many small ones coming in.

ST. LAWRENCE MARKET.

The St. Lawrence Market was again the centre of activity, with its myriads of busy people passing to and fro, eagerly intent on securing the best possible bargains. In the farmers' and market gardeners' wagon section, green peas, carrots, beets and onions reigned supreme, with various other vegetables sprinkled in among them. The beets and carrots were of splendid quality, and sold at three bunches for 10c in small quantities, while those who wanted large quantities secured a bargain by getting them for 20c per dozen bunches. The green peas sold at 15c per small measure, 35c and 40c per six-quart basket, and 75c per 11-quart basket, which was very reasonable, as they sell at much the same price on the wholesale market. Mr. Sowers of Fairbank had over three bushels of 'Grandes' peas, selling at 15c per small measure. H. Pring, Bendale, had eight bushels of the 'Grandes' variety, selling at 40c per six-quart basket. F. C. Rogers, Weston, had 15 bushels of Sutton's 'Excelsior' selling at 40c per six-quart basket, and 75c per 11-quart basket. The above three lots were the best on the market on Saturday. D. W. Raymer, Armadale, had six bags of splendidly kept old potatoes, for which he was asking \$1.75 per bag. This also was a very reasonable price, as old potatoes are so scarce it is almost impossible to secure them, and sold at \$2 per bag on the wholesale market on Saturday. M. Frett, Mount Joy, had the first new potatoes on the market, selling at 30c the half-peck section. The basket section was so crowded that some of the vendors of butter, eggs and chickens could not secure space on the tables and had small corners behind the tables allotted to them. Eggs are getting much more scarce, and some sold as high as 32c and 35c per dozen, but the prices were the rare occurrence, being going at 30c per dozen, while some very good-looking lots sold at 25c per dozen. Butter prices remain firm at 25c to 28c per lb., the bulk going at 27c and 28c per lb. Chickens and ducks are getting much more plentiful, and as a result the prices are lower. The tendency over there is as there is not much demand for them at the present time, the chickens selling at 20c to 25c per lb., while the ducks come in, and selling at 18c to 20c per ton. Potatoes—Old, 45 per bag. Grain—Wheat, fall, bushel, \$1.00 to \$1.10. Barley, bulk lots, \$0.80 to \$0.90. Oats, bushel, \$0.45 to \$0.50. Buckwheat, bushel, \$0.70 to \$0.75. Hay and Straw—Hay, per ton, \$13.00 to \$15.00. Hay, mixed, per ton, \$10.00 to \$12.00. Hay, cut, per ton, \$10.00 to \$12.00. Straw, baled, per ton, \$10.00 to \$12.00. Eggs, new, dozen, \$0.25 to \$0.35. Bulk selling at, doz., \$0.20. Eggs, used, doz., \$0.15. Butter, farmers' dairy, lb., \$0.25 to \$0.30. Butter, creamery, lb., \$0.25 to \$0.30. Eggs, spring, dressed, lb., \$0.25 to \$0.30. Hens, dressed, lb., \$0.10 to \$0.15. Ducks, spring, dressed, lb., \$0.10 to \$0.15. Mutton, cwt., \$9.00 to \$10.00. Veal, common, lb., \$0.10 to \$0.12. Dressed hog, cwt., \$11.00 to \$12.00. Hogs, common, lb., \$0.10 to \$0.12. Lambs, yearling, lb., \$0.10 to \$0.12. Spring lambs, dressed, lb., \$0.12 to \$0.14.

DANISH FARMERS ARE SCIENTIFIC

The Climate is the Worst in Europe, Yet They Overcome Great Difficulties.

Dr. Maurice Francis Eagan, the United States Minister to Denmark, who is now in the U. S. on leave of absence, in a recent interview gave some interesting information about farming in Denmark. By co-operation, the Danes have brought under control the exorbitant demands of the middlemen. The climate of Denmark is the worst in the whole of Europe, and the soil of the country is naturally unproductive, the worst, and yet those disadvantages, given them by nature, the Danish farmers have solved by going at the problem scientifically. Nowhere else have the possibilities of the small farmer been developed as in Denmark. The tendency over there is to cut up the great estates into small tracts and work these intensively. In Denmark, only about four loads come in, and selling at 18c to 20c per ton. Potatoes—Old, 45 per bag. Grain—Wheat, fall, bushel, \$1.00 to \$1.10. Barley, bulk lots, \$0.80 to \$0.90. Oats, bushel, \$0.45 to \$0.50. Buckwheat, bushel, \$0.70 to \$0.75. Hay and Straw—Hay, per ton, \$13.00 to \$15.00. Hay, mixed, per ton, \$10.00 to \$12.00. Hay, cut, per ton, \$10.00 to \$12.00. Straw, baled, per ton, \$10.00 to \$12.00. Eggs, new, dozen, \$0.25 to \$0.35. Bulk selling at, doz., \$0.20. Eggs, used, doz., \$0.15. Butter, farmers' dairy, lb., \$0.25 to \$0.30. Butter, creamery, lb., \$0.25 to \$0.30. Eggs, spring, dressed, lb., \$0.25 to \$0.30. Hens, dressed, lb., \$0.10 to \$0.15. Ducks, spring, dressed, lb., \$0.10 to \$0.15. Mutton, cwt., \$9.00 to \$10.00. Veal, common, lb., \$0.10 to \$0.12. Dressed hog, cwt., \$11.00 to \$12.00. Hogs, common, lb., \$0.10 to \$0.12. Lambs, yearling, lb., \$0.10 to \$0.12. Spring lambs, dressed, lb., \$0.12 to \$0.14.

METHODS OF WEED ERADICATION.

Most of our weeds will succumb to cultural methods that must be employed for a few of the worst. The wild oat and the stinkweed are probably the worst annual weeds, and sow and Canada thistle the worst perennials. Cultural methods used for the destruction of these can generally be relied upon to destroy all other weeds of the same habits. Killing Annual Weeds. To eradicate wild oats land should be plowed shallow or disked immediately after an affected crop is harvested; the best method is to have the disk or cultivator follow behind the binder. The purpose of this is to cover the seeds of wild oats. Some of them will germinate in the autumn, most of the remainder will start in the spring. As soon as they appear in the spring the ground should be plowed shallow to destroy them and start new growth. This should be followed in about two weeks by deep plowing to bring up seeds lying at a greater depth. Harvest after each crop should be plowed to the surface of the summer the wild oats should be kept down by the use of a broad share cultivator. The next season stray plants should be hand pulled or if they are still thick in a few spots they should be cut and burnt.

FRUIT REPORTS.

Vineyard & As reported some time ago the crop of peaches in this district will be practically nil, in many orchards there not being a sign of a single blossom. It is estimated that the total crop of peaches in the vicinity will not be nearly sufficient for the use of the growers themselves. The only trees which show any signs of bearing fruit at all are of the white-fleshed varieties. Plums will be light, there being probably only a crop. The cherries are now set and the showing is excellent. Strawberries and raspberries will both have good yields. Apples and pears are looking well, and with the possible exception of Bartlett's, show promise of heavy crops. It is still too early to estimate the size of the grape crop, but many growers believe that they will show the effects of last winter. However, it is too early yet to prophesy. There are in some orchards, owing to the fact that there will be no crop of peaches fruit growers have apparently neglected to spray or have done so very carelessly, and a considerable amount of leaf curl is now visible. Should many cases of leaf curl be observed in the following year, it would seem that the crop will be very serious the following year. When diseases occur a strong foothold is gained to control them even for a single year will be followed by very great difficulty once more putting them under. The cost of spraying in an orchard is almost as necessary then as when a crop is to be harvested.

HOMESEKERS' EXCURSIONS TO WESTERN CANADA.

The Grand Trunk Railway System issue round trip homeseekers' tickets at very low rates from stations in Canada to points in Manitoba, Saskatchewan and Alberta and are in effect on Tuesday 11th October 27th including via Chicago St. Paul, Duluth, Sarnia and Northern Navigation Company. Through Pullman Tourist Sleepers. Cars are operated to Winnipeg each Tuesday leaving Toronto at 11:45 p.m. No change of cars. Reservations may be obtained at a nominal charge on application to agents. Homeseekers' tickets are valid return two months from date of issue. The Grand Trunk Pacific Railway is the shortest and quickest route between Winnipeg, Saskatoon and Toronto, with excellent through service to Regina. Trains now running into Calgary, Alta., and Prince George, B.C.

NEW SCHOOL AT GALT IS READY FOR OPENING

Special to The Toronto World. GALT, Ont., July 4.—St. Andrew's School, on Victoria avenue, is completed, the key stone having been laid. The building is modern in every respect and the cost of activity has been estimated at \$50,000. It will exceed this amount. The building will be opened in September, and the congregation that has existed in the other schools will then be removed. Thomas Ballentine, assistant principal of Central School, will be principal of St. Andrew's, and the staff is now complete.

JANITOR ROBBED STATION.

CHATHAM, July 4.—Robert Harding, the negro charged with entering and robbing the M.C.R. Depot at North Buxton, was found guilty by Magistrate Stanforth and was released on suspended sentence, Harding paying the costs of the case. Harding was the janitor of the station at the time of the robbery.

482 INQUESTS IN MONTREAL.

MONTREAL, July 4.—The coroner conducted 482 inquests in Montreal during the first six months of this year. This is a slight gain on the number for the same time last year.

PREVENTING LOSSES IN MANURE

Barrenyard manure is rich in bacteria, because it offers favorable conditions for their rapid development. The organic matter which forms the food of the bacteria, if present in large quantities, and there is a far greater development than will take place in the soil. The action of the bacteria on the manure and the loss of nitrogen, the bacteria giving it a darker color and raising the temperature. This heightening of the temperature shows that a distinct chemical action is taking place in the manure.

Control of Decay.

Alp, moisture and temperature determine the extent and the nature of the decay in the manure. By the intelligent control of these factors the waste-ful changes may be largely eliminated without resort to chemical treatment. A well-packed manure loses less nitrogen than a loosely stored manure, a fact which is attributed to the exclusion of the atmospheric oxygen. Also the smaller the surface that is exposed to the action of the air the less will be the waste and the slower the decomposition changes. It follows that a flat heap with a smooth surface will offer less surface to the air than a rough ridge or conical pile. In England the manure is regularly packed by rolling, but much the same result can be obtained by allowing heavy animals to run over it. The ordinary farm where the construction of concrete pits for the storage of manure is not warranted, the manure should at least be placed under cover and should be kept in a compact condition until ready for use. Instead of allowing the liquid manure to run away in the drainage, straw should be placed to absorb it and the straw then added to the manure pile.
