**SUSPENSION OF
NOT RESULT
IN PANIC**

No Excitement Marked Closing of Farmers' Bank—Curators Now in Charge—Judge Harding Defends His Remarks During Trial.

Apparently the suspension of the Farmers' Bank of Canada had been generally anticipated, for not in Toronto or in those places where branches were located, according to press dispatches yesterday, was there any sign of panic or excitement around the offices, except at Altonford, where the farmers of the district are depositors, and many of them congregated around the closed office. At Millbank the Metropolitan Bank opened a new branch office.

The Canadian Bankers' Association took charge of the head office here, and G. T. Clarkson, assigned, was appointed curator, with Daniel Miller, formerly of the Merchants' Bank, as associate.

In case arrangements cannot be made for the bank's continuance at the end of 90 days, the courts will be asked to appoint a receiver for its winding up. Until either one or the other of these alternatives is adopted, those who have deposits with the bank will not be able to get their money, and it will be some time before the actual position of the shareholders will be known. Depositors are not guaranteed, but must depend on realizations of assets for their accounts. The note redemption comes first, and other claims after this. The depositors rank as creditors, and must wait for realization of assets before getting payment.

One financial man remarked that the episode was not of much more significance than the Sheldon affair in Montreal, and that except for the shareholders and depositors of the bank, little would be heard of the trouble in a short time. The comparative smallness of the bank's liabilities, and the fact that its available capital in one transaction, and that, a transaction from which they could not easily obtain any money, I mentioned it because I thought I was possibly justified.

"There is another matter," continued his honor. "The bank was paying dividends out of its earnings, but by passing a credit of seven per cent on the notes, which was tied up in this mining venture.

"I think what I said on the bench was perfectly justified by the facts. I did my duty without fear of any individual."

No Rescue Work.
Contrary to what happened when the Ontario and Sovereign banks went into court, there is no possibility of any part of the other banks to fly to the rescue this time.

This, however, does not affect the value of the bank of the bank which are perfectly good and redeemable at any bank. Provision in the Bank Act for the redemption of the notes of any bank which has failed or suspended payments is as follows:

Depends on Keeley Mine.
Gossip in connection with the future of the bank is general. The feeling is that the assets will be somewhat sufficient to realize upon, but that there is little hope that the bank will again be put on a running basis. On the other hand, it is thought by some, that with careful management and the proper handling of the Keeley Mine, the assets will result in liquidating all the liabilities. The Keeley Mine is adjacent to the Westliffe, which is the Crown Reserve of South Lorraine, and engineers who have inspected the Keeley state that it has great possibilities and that its value cannot be estimated.

I consider the Keeley property a very good prospect," said Dr. Wetlaufer yesterday. "Some people don't think much of the South Lorraine country and say the Westliffe is the only mine, but I believe there are five or six of them, and the Keeley is one of them. Part of it was very good, the rest was fair. I could hardly judge of it."

**NOVEMBER STATEMENT
OF CANADIAN BANKS**

Liabilities Showed a Decrease of \$6,000,000 Since Oct. 31, and Assets of About \$7,000,000.

OTTAWA, Dec. 20.—(Special.)—The November statement, issued to-day, and which includes the figures for the suspended Farmers' Bank, sent in before that institution decided to close its doors, shows a decrease of \$6,000,000 since Oct. 31, and an increase of about nine millions over the October figures. Notice deposits total \$511,113,838, an increase of two millions. Deposits outside of Canada stood at \$69,561,587, a decrease of approximately five millions as compared with October. There was a short-coming of about six millions in total liabilities, and of about seven millions in assets.

Railway and other stocks held by the banks stand at \$69,457,498, an increase of three and a half millions. Call and short loans outside Canada stood at \$36,404,126, a decrease of approximately seven millions. Current loans in Canada totaled \$27,617,473, a decrease of about two millions.

TRIPLE MURDER AND ARSON

Young Negro Held on These Charges, as Well as Criminal Assault.

DURHAM, N.C., Dec. 20.—Three charred bodies, found in the ruins of the burned home of J. L. Sanders near Hester, twenty miles from here, last night, and strands of a girl's hair discovered in a pool of blood in the yard led to the arrest an hour later of Nathan Montague, a young negro, on charges of criminal assault, murder and arson.

The bodies are believed to be those of Mr. Sanders, his daughter, Mary Sanders, and his little two-year-old granddaughter.

Neighbors discovered the Sanders' home on fire about 10 o'clock last night.

CAUGHT IN TRAP

Mexican Troop Train Shot to Pieces by Revolutionists.

CHIHUAHUA, Dec. 20.—Forty-two wounded government soldiers were brought in to-day, confirming reports that the troop train which left here Saturday was shot to pieces in the mountain trap known as Mal Paso, a few miles east of Pedernales. The official report states that the federal lost 21 killed and 19 missing and 42 wounded. The latter include Col. Guzman, who was in command of the expedition. The insurgents lost five men.

His enemy was on the heights, sheltered by bushes and poured in a deadly fire. He was unable to use his big guns effectively.

JOHNSTONE WON BY 2 VOTES

Elected President of St. Railway Employees' Union.

The Toronto Railway employees met in the Labor Temple last night and elected the following officers for the coming year:

President, H. C. Johnstone, elected over R. B. Brown by a majority of 2 after a close fight; vice-president, W. A. Williams, financial secretary, W. D. Robbins; business agent, Joseph Gibbons, re-elected; medical officer, Dr. Norman Allen; executive, S. Madill at Yorkville barns, James Scott at Dundas barns, John Cole at Roncesvalles barns. Thos. Dulan at motor shops and H. Green at the King east barns.

Slang, Why So Popular?
It is because it is so expressive or because so much can be said in so few words. Certain it is that Victor Moore's comedy now running at the Princess is pleasing large audiences and the general slang is very predominant.

A strong deputization has waited upon him and urged him to be a candidate for the board of control.

**Present Health
of Archbishop
HAD TO RIGHT TO
TRANSFER THE
MORTGAGE**

Isaiah Danks Alienated Miss Cartwright's Interest in Northern Gravel Road to Chicago Men, Claiming That He Had a Power of Attorney.

Very Rev. Dr. Burke handed out yesterday evening the following regarding Mr. McEvay's condition, which appears in this week's Register-Extension:

"His grace, the most reverend archbishop, desires us to make the following statement: He also appreciates the announcement concerning the condition of his health:

"Notwithstanding the devotion to his service by the best possible medical assistance, and the outpouring of the pious prayers of his faithful priests, religious and people, he has not so far experienced any appreciable gain of strength; and, whilst assured of no immediate danger, he is nevertheless fully cognizant of the gravity of his condition and fully resigned to the will of God in his regard. He also appreciates the concern of his people for him, and desires us to say to them that they have his heartfelt thanks for their great kindness to him, and for their conformity to his legitimate instructions at all times. At this season of 'peace on earth, good will to men,' he is desirous of conveying his sincerest Christmas wishes to everybody. He has always lived in the most amicable relations with all classes and in the country, and he is most desirous that the Christian feeling which he has striven to cultivate all his life, may be ever evinced amongst the peoples of Canada whom he loves and well-wishes, even more intensely than before. Whether it spurs him to his great work or take him to himself, as he has a right to do at any time, he wishes all the community to accept the assurance of his unalterable devotion to the church of which he is a bishop, and to Canada, which he so loved to advantage."

It was stated last evening that while the archbishop was in the city Saturday by the grace of his present condition shows great improvement.

WOODSTOCK, Dec. 20.—(Special.)—It developed, Oxford County court enquiry this afternoon, that Isaiah Danks apparently had no power of attorney for the late Elizabeth Cartwright of England, and therefore had no right to transfer the mortgage in the Northern Gravel road to J. R. Bowman of Chicago.

E. N. B. Johnston, counsel for Oxford County, stated that the statement from Miss Cartwright's Birmingham solicitors, Messrs. Saunders, Blagden and Saunders. These people state that the lady died July 26, 1888. Her will was proved Sept. 21, 1888. They knew of 11027 in Canadian mortgages, but could locate nothing regarding Isaiah Danks.

They state that he did not have power of attorney for her in Canada, and he had not accounted for the mortgage in connection with Northern gravel road.

To-day's enquiry has located Danks. He is in Chicago, and Mr. Johnston declared to-night that he would ask that a commission be sent to Chicago to take his evidence, and to engage a lawyer named Sterlin, who, it is believed, can throw some light upon the identity of the mysterious "shadow" Mr. Danks.

M. T. Buchanan, the main figure in the spot light, made a further promise to-day to try and produce Tate.

Rumors of Gift.
Fred Vickert, one of the five county councillors who had seven hour session in the Walker House, Toronto, when the \$2000 deal with Tate was clinched, was asked as to whether he had heard of "grace" in connection with the county's affairs.

"Well, I heard that the county treasurer, paid a year's salary to get his job."

Replying to a question from Judge Snider, he said nothing had been done to make sure of the title to the road.

"Would you buy a farm that way?"

"Well, we left everything to Chairman Buchanan."

Witness had opposed paying more than \$500 to Tate. Buchanan had urged the payment of \$2000, taking Tate's side rather than that of those who held out for a lower price. Buchanan wanted to pay Tate's prices from the very beginning.

Vickert said at one time it was impossible for a man to get a contract from the county without paying commissions.

Objected to Producing Letters.
J. C. Kiegl, Ingersoll counsel for M. T. Buchanan, was put on the witness stand concerning certain transactions that his client had had thru the hands of the late Rev. Mr. Cameron. He had then in 1888. He was then inpector of the Bank of London in Ingersoll, which failed in 1900. Witness had correspondence with Danks in regard to the Northern Gravel road, but protested against producing those letters. Judge Snider insisted, however, that Mr. Johnston should read them.

Mr. Heiler told of the transfer of the mortgage from Elizabeth Cartwright to a man named Bowman of Chicago. Isaiah Danks had claimed power of attorney for her, but he had nothing to do with the transfer. He had never met this man Tate.

"For Convenience Sake."
Mr. Johnston produced an affidavit from R. Bowman of Chicago, stating that Danks had asked him to permit the road to be conveyed to him for convenience sake, as a transfer had to be made from Elizabeth Cartwright to someone, and it did not look well to have it in his name. Bowman had accordingly signed over all rights in the road to Danks. Bowman's affidavit further stated that he could not remember Stephens, Murray, or those names appeared on the document conveying the gravel road to Tate, nor did he know if Tate existed.

Mr. Heiler stated he had nothing to do with transferring the road from Tate to Buchanan, but that he had been trying to sell it for Bowman, until Tate got it in 1904, and the price he was asking was \$200 or \$250.

Would Sell for \$250.
Replying to a question from Mr. Johnston, witness said he had perhaps told Buchanan the owners would sell for \$250. On March 14, 1904, the transfer from Bowman to Tate was made in Heiler's office.

M. T. Buchanan was recalled.

"Did you think it was proper to have taken \$2000 of county money and gone into a deal with Tate and Bowman, whom you admit you did not know well, and that without examining the papers closely?"

"I did not see anything improper in it."

Documents produced showed that the council voted \$500 to buy the road in February, 1904.

"When that bylaw was passed, you knew Bowman was the owner. The conveyance to Tate was not made till five weeks later. Why didn't you go to Mr. Heiler and buy the road, when you knew that the Chicago owners were ready to sell for \$250?"

Had Customers.
"I didn't see that I had a right to buy the property."

"As chairman of the committee, did you enquire whether you could buy at \$250 after this bylaw was passed?"

"I don't recollect that I did."

Barrister Peter MacDonald was examined.

**ROCKEFELLER HIMSELF
A VISITOR TO TORONTO**

"Oil King" 3 Weeks Ago Was Present at Bloor St. Baptist Church, Incognito.

The operations of the great Standard Oil Company are not always conducted by agents. Sometimes the venerable head, John D. Rockefeller, takes a hand himself. Mr. Rockefeller is interested in two Baptist churches in Cleveland, both situated on Euclid-avenue. The downtown church, where Mr. Rockefeller is a member, called Rev. Charles A. Eaton of Toronto to the pastorate some years ago. The east end, or uptown church, where most of the Rockefeller family attend, is situated in a fine residential district, and is now looking for a pastor. For a second time Mr. Rockefeller has returned to a pastor, and again to Bloor-street Baptist Church.

About three weeks ago last Sunday some strangers sauntered into Bloor-street church by fine hour. Rev. Mr. Cameron and the occasion is recalled, those who took any note of them are reminded that one of the strangers bore a close resemblance to the founder of Standard Oil. The incident caused The World to make some enquiry yesterday, and it was learned that John D. Rockefeller was actually in the city on the Sunday in question, and despite the vigilance of local sleuths moved amongst the citizens freely for a few hours. He attended the morning service at Bloor-street, saw a list of the town and departed for Cleveland towards evening. No one in the church was aware of the "angel unawares" in the midst of the congregation until some time afterwards.

The church to which Rev. Mr. Cameron has been called is one of the foremost in the Baptist denomination. It has a membership of about 1450. It is said that no pulpits in the land are surer of standing in intelligence and courage. The male membership is prosperous, ambitious and responsive, while there is a fine body of women devoted to the work. The women's societies are a distinct moral force in Cleveland.

When speaking to The World yesterday, Rev. Mr. Cameron declined to discuss the matter. "I have not come to a decision," he said, "in fact, I have hardly had time to consider the question at all. I am unable to say in what light I shall view the call."

As an evangelical preacher, Mr. Cameron is one of the foremost in the city. His style is easy, his language well chosen and his appeal is direct and convincing. If Mr. Rockefeller is able to win the pastor of Bloor-street Baptists from Toronto, church work in Cleveland will be distinctly benefited. Mr. Cameron does not expect to announce his decision for about a fortnight.

**FOUND DEAD IN HOTEL
ROOM AT COLBORNE**

Suspicious Circumstances Surround Death of Deaf and Dumb Kitchen Help.

COLBORNE, Ont., Dec. 20.—(Special.)—Colborne Village is very much worked up over the discovery under peculiar circumstances of the body of Miss May "Joey" Brimacombe in a room in the Hotel Bristol, on Sunday morning.

The girl, who had been employed for about a year in the capacity of kitchen help, was deaf and dumb, or nearly so.

George Teasdale, proprietor of the hotel, states that he and his wife retired at about 8.30 on the preceding night, and heard nothing out of the way. Across the corridor from their room was that of David Orrick, former bartender of the hotel, and generally styled such still, the village is now under local option. In this room Mr. Teasdale found the body of the girl. There were evidences that she had been vomiting, and the vomit smelled strongly of beer. Her face was somewhat discolored and the clothing was also somewhat disarranged, the not very much so. Strangulation is suggested by some.

The general impression here is that the girl met her death in the course of a drunken carouse. It is recalled that the proprietor of the hotel has been fined and has also served a term in jail for unlawful selling of liquor since the village went under local option. Other cases are pending at the present time in the village. It is known that relatives of the dead girl have been for some time endeavoring to induce her to leave the service of the hotel and go home.

Coroner Dr. Letta of Colborne has called an inquest for Thursday evening at 7 o'clock when further disclosure may be expected. On Monday he notified Crown Attorney Kerr of Colborne, who sent High Constable Jarvis of Bowmanville down to investigate the circumstances surrounding the death of Miss Brimacombe. He came down on the morning train to-day.

LABORER ENDS HIS LIFE

Joseph Pike, Aged 65, Suicides With Carbolic Acid.

"If God Almighty should call me tonight, I leave my insurance policy to my landlady for money owed."

This will was found in the room of Joseph Pike at 14 Alexander-street last night by Mrs. Mary Jackson, with whom he boarded at that address. She was attracted to the room by the squalor of the man, who died shortly afterwards from carbolic acid poisoning, before Dr. Robertson of College-street arrived. This was at 11 o'clock, and at 11.30 he was sent to the morgue dead and the chief coroner notified.

Pike was an Englishman, 65 years of age, and leaves a family in Nottingham, England. He was a laborer and worked at odd jobs about restaurants. The policy is for \$70 and is in the Metropolitan Life Insurance Company. He asked that after his indebtedness to his landlady was discharged \$20 be applied to two other debts.

**LONDON CELEBRATION OF
HYDRO-ELECTRIC POWER**

Exhibition in the Armcries Opened With Speeches and Music—Street Illuminations.

LONDON, Dec. 20.—(Special.)—The official celebration of the coming of Hydro-Electric power opened in the Armcries to-night with a public gathering, presided over by Ald. Richter. Addresses were delivered by Hon. Adam Beck, Major Beattie and Ald. Richter, and music was given by the Seventh Regiment Band.

The sides of the big armcries were lined with exhibits by electrical firms, and the business streets were brilliantly illuminated by tungsten lights, placed every 10 feet along both sides of the street. There was an immense crowd at the armcries.

Used His Teeth.
Charles Hazleton of Owen Sound came to the city yesterday and drank. Later he bit Nelson Williams, a barber at the Iroquois Hotel, in the arm, and when Policeman Clark (383) came to arrest him, he tried to bite the officer's hand thru his heavy glove. He is charged with being drunk and with assault.

HIS LAST \$10,000,000.

CHICAGO, Dec. 20.—John D. Rockefeller has completed the task he set for himself in the founding of the University of Chicago. To-day public announcement was made of a "single and final gift" of \$10,000,000, which includes all the contributions that Mr. Rockefeller had planned to make to the university.

This sum, which is to be paid in ten annual instalments beginning Jan. 1, will make a total of approximately \$25,000,000 that Mr. Rockefeller has donated to the university.

AFTER MANY DAYS

**PECULIAR DISCLOSURES IN VANCOUVER
INVESTIGATION INTO CHINESE
IMMIGRATION.**

VANCOUVER, Dec. 20.—Collector of Customs J. M. Howell gave evidence to-day before the royal commission that is investigating Chinese immigration and opium smuggling at this port. He admitted that he and his office were at the mercy of an interpreter in dealing with new arrivals. No attempt had been made to trace passports carried by a large number of arriving Chinese who wished to enter as illegals. This practice had grown up since 1907.

Mr. Howell admitted that he had heard that a Chinese stowaway had landed here from the liner Kumerow and 20 more from the Oceanic, in whom he boarded at that address. She was taken to the waterfront and the stowaways were taken to the police station to prevent prostitutes from coming to the wives of Chinese already in the country. Two Chinese actresses, who came a year ago, and paid head tax, proved to be prostitutes. They were taken to the police station, and the passport scandals came out will appear before the commission to give evidence.

FRANKLAND TO FLEMING

J. P. Would Like to Give G. M. a "Hiding."

Manager Fleming of the street railway has been denounced in more or less measured terms on many occasions, but seldom with more vigor than publicly by H. Frankland, a prominent business meeting in support of the Bloor-street viaduct in Ogdowles' Hall, Broadview-avenue last night.

"If I were \$500 what I think of Mr. Fleming, you would leave the hall," said Mr. Frankland, in condemning the improvised P.A.Y.E. car. "He is a contemptible scoundrel, and but for the fact that he is a long as a public man, I would give him a darned good hiding."

CHARGED WITH BIGAMY

Thought She Was Free to Marry Again Because She Was Only 15.

PETERBORO, Dec. 20.—(Special.)—The preliminary hearing in the case of Harvey and Cora Ellis, charged with bigamy, was held in Hawke before Magistrate Edmondson. Mrs. Clapper, the mother of Mrs. Ellis, testified that her daughter was 24 years of age at the time of her first marriage. Her husband deserted her, and she was given to the man with whom she had legal advice that she was free to marry again.

LIBERALS GAINED TWO

Majority in the New Parliament of Coalition is 126.

LONDON, Dec. 20.—The returns from the three constituencies, the polling of which yesterday brought to a close the general elections for the first parliament since the war, were announced to-day. James Gilhooly, who, as an O'Brien, long represented the west division of Cork, was one of the returned, adding one to the Independent Nationalists total in the south division of Kilkenny County. Mr. Keating, Nationalist, was re-elected in Munro. The Liberal was re-elected over the Unionist, Sir A. Brien, by 21.

The government parties have a coalition majority of 126 in the new parliament. This is two more than the combined advantage over the Unionists in the preceding parliament.

The final state of the parties is: Unionists 27, Liberals 22, Labour 24, Nationalists 73, Independent Nationalists 10.

**WITHHOLD PRAISE
UNTIL THEY
SEE BILL**

Grain Growers Canny About Promised Terminal Elevator Legislation—Assured Hudson Bay Railway and Terminals Will Be Built and Owned by Government.

OTTAWA, Dec. 20.—(Special.)—The executives of the Grain Growers Association of Manitoba, Alberta and Saskatchewan had another interview with the premier in his office this morning regarding the terminal elevator question, and the bill to deal with it that has been prepared by Sir Richard Cartwright. It is understood that it is proposed to deal with the terminal elevator question along the lines adopted by the State of Minnesota, which some time ago placed the control of all terminal elevators in the hands of an independent commission which regulates the handling of grain and prevents fraud in weighing or mixing.

Some Measure of Relief.
In regard to the tariff it is learned that Sir Wilfrid Laurier assured farmers that the government was free to admit that the time was at hand when the agriculturists should receive some measure of relief. He further expressed the hope that this relief would be given as a result of the negotiations between Canada and the United States, looking to the framing of a reciprocity treaty between the two countries.

It is also stated that the conference on the proposed co-operative chilled meat industry was held yesterday.

An Official Statement.
The grain growers issued the following official statement this afternoon: "We have had several conferences with Sir Wilfrid Laurier and Sir Richard Cartwright on the terminal elevator situation, the result of which will be that legislation will be introduced into the house immediately after the recess, dealing with this matter, and based on the representations that we have made. We are unable to say whether the proposed bill will be satisfactory until it is introduced into the house."

"The ministers gave us a very sympathetic hearing on the chilled meat proposition, and finally gave some of the views presented on the situation affecting the marketing of stock were new to them. They promised to make full investigation into the circumstances surrounding the marketing of the stock."

Calendars to Clear Half Price

Half prices marked on all our calendars to ensure a clearing before Christmas. Many of the lines have been reduced in selection, but there is still a big enough choice to make this a chance to be taken at 8 o'clock.

Half Price for Silk Moire Petticoats, \$2.00 to \$2.50

For mother, sister, daughter or friend, here's a gift suggestion that offers savings such as seldom occur at so opportune a time—early business is the cry and that is why such wanted goods have been selected for the price reduction.

Alger and Henty Books, 18c

You can't please a boy better than by giving him a Henty or Alger book, unless you give him two or three and the price on these is so low that you can give a good supply of reading at a very low price.

Half-Price for Maids' and Tea Aprons, 18c to 88c

From being handled they've become slightly soiled and therefore must be cleared out in a hurry. They couldn't be made for the money and those who would secure one either for use or for gift purposes would do well to come early.

Other Price Reductions in Children's and Women's Underwear

- Women's Tights, made of wool, in colors of brown and heliotrope, finished with elastic at top, three-quarter length; sizes 38, 40 and 42 inches. Price .98
Children's Drawers, Zenith, fine quality merino (wool and cotton mixture), color white or natural, ankle length; sizes 12 and 14 years. Price .29

Give Hosiery—A Few Suggestions

- Women's Fancy Silk Embroidered Cashmere Hose, made from good yarns, with dainty, hand-worked designs; sizes 8 1/2 to 10. .35 or 3 pairs for 1.00
Babies' Fancy Wool Booties and Leggings, in a good range of styles and colors, from .25 to 1.00

Men's and Women's Umbrellas

With good silk mixed covers, steel rod and close-rolling paragon frame, handles assorted in all the popular shapes, mounted in sterling and rolled gold. An excellent gift value at 1.89

Peerless Values in Gloves

We specialize in these lines of gloves. It is not possible to understand their real excellence from the description and price alone, the latter especially being almost misleading because it is so low. Other staple lines give values which justify the outlay.

Glove Certificate—The Easy Way to Give Gloves is by Certificate. A handsomely designed voucher that is an order on us for a pair of gloves at the price paid, allowing your friend to choose freely and be fitted correctly.

WEDNESDAY MORNING, DEC. 21, '10.

PUBLIC SERVICE AND PAY.

Rejoicings over the cheap rate at which H. L. Drayton's services are secured by the City of Toronto may be turned into mourning when he is offered two or three times the amount to serve another interest. Men who fill positions such as Mr. Drayton so capably and admirably fill, are never figure-heads, whether they be called heads of departments or commissioners, or are known by some other title. The higher the salary in modern business the harder the recipient has to work for it, and the scarcity of first-rate men makes big salaries essential when continuous and permanent service is desired.

Toronto may congratulate itself on bargain-making instincts. It is one thing to get a bargain and quite another thing to keep it. In competition in the open market with the commercial corporations for brains and integrity another standard than mere cheapness has to be considered.

The first attempt to pay a decent salary to a civic official in Toronto has been a notable success, also the salary is not half what The World suggested as suitable to the responsibilities involved. It is a poor substitute for socialism to try to reduce the value of skilled labor in the open market, and the body, civic or commercial, which persists in doing so will eventually find itself without the quality of service it needs.

THE VIADUCT ISSUE.

In reply to the question, "What interest finds it necessary to line up the organs against the Bloor-street viaduct?" The Globe replies, "The vote on the Bloor-street viaduct bylaw will be a sufficient answer to that insinuation."

If the people are familiar with the issue it would undoubtedly be a sufficient answer, but with The Globe and The Star creating hostile votes by misrepresentation, and the insinuation

The Bloor Street Viaduct Is the Tie That Binds

The World asks its readers to study the map on this and next page. It shows Toronto's first great east-and-west thoroughfare, from the Humber to the Kingston-road, along St. Clair-avenue (86 feet wide), Avenue-road, Roxboro-street, Rosedale, Bloor-street viaduct, Danforth-avenue (86 feet wide), to Kingston-road, 10 miles long. It will be paved almost immediately, and will make the finest and freest driveway in Toronto. It will be the most central. And the Bloor-Danforth viaduct is an essential part of it. It is also the centre artery of the good roads movement.

Note also that the first line of municipal railway will be along this route. To connect up the St. Clair-avenue tracks with the Danforth tracks (all outside the Toronto Railway's franchise), it will be necessary to tunnel or to elevate a small section of track from the west end of the viaduct (near Sherbourne) north to East Roxboro-street (south of lacrosse grounds) about a third of a mile only. That is all. But the viaduct is the essential link to this ten miles of city-owned railway that will do an immense business from its day of opening. THIS IS WHY THERE IS SO MUCH OPPOSITION TO THE VIADUCT.

If you believe in good roads, and in the beginning of a municipal street railway, you must vote: For the good roads bylaw. For the municipal railway bylaw. For the Bloor-street viaduct bylaw. These three go together. The municipal railway will cross the viaduct on its under deck. And that's why The Star and The Globe oppose the viaduct.

they direct against others, the answer may by no means be sufficient. Were the importance of the opening up of the district altogether within the city limits which will be beneficially affected fully understood and the millions of dollars of improvement to the whole city by the construction of the viaduct fully appreciated, the vote would be unanimous but for the hostility of the private interests represented by The Globe and The Star.

The question has only to be fairly faced in order to have it settled in the only way it can be settled, the way in which even The Globe and The Star admit it must yet be settled—by building the viaduct.

The cost, as the city treasurer has calculated, is 17 cents a year to each ratepayer's \$1000 of assessment.

SANITARIUM CHRISTMAS STAMPS

We have already called attention to the Christmas and New Year stamps of the National Sanitarium Association. They are very pretty in a red and green design, and just the thing to stick on Christmas letters and parcels. Every cent counts for the free hospital at Muskoka, for Consumptives, and they can be obtained in any quantity.

CANADA WHEAT AND FLOUR IN UNITED STATES.

MINNEAPOLIS, Dec. 15.—Arguing that the recent election results indicate a revolt of the people against the high cost of living, that the cost of bread is a factor of importance, and that the American wheat producer has the bread consumer at his mercy, The Northwest Miller, in its issue of to-day, advocates the free admission of Canadian wheat.

Under the heading, "Open the Gates for Free Wheat," The Miller says the consumer is demanding that the artificial barrier be broken down; that the American farmer is not producing enough wheat because other crops pay better, but does not want wheat that is produced elsewhere to come in. The country is near the danger line of wheat shortage.

The article says: "The last great wheat fields of this continent lie across the line in Canada, from which the import duty shuts out the product, but the people must have bread and must have it cheap." The Miller says that it would rather see both wheat and flour admitted free than see wheat barred out.

Sooner or later Canada may have to put an export duty on her wheat going into the States. In other words, we may not want them to let our wheat in free, but much rather our flour! We've got the water power to grind it.

THE CITY ATLAS.

What Burke and Debrett and Bradshaw and Larousse are in their respective spheres, Good is in the City of Toronto. Good fills a place unique, unrivaled, supreme. While the average man may not know the magic import of the name, there is not a surveyor, not an architect, not a real estate man who does not take off his hat to the absolute authority of the atlas upon

which Toronto and its buildings are registered. A new edition of the celebrated atlas has just been issued in three volumes, bearing the last touches of the compiler, whose removal has been one of the civic losses of the year.

The publication of the atlas embraces the whole of the later development of Toronto. First issued in 1884 with 40 plates it embraced the city as comprised within Bloor-street and the Don River and Dufferin-street. It also included the suburbs of Yorkville, Brockton, Parkdale, Dovercourt, Seaton Village, Riverside and Rosedale. A second edition was required by February, 1890, with 80 plates and embraced about 1-4 mile north of St. Clair-avenue and Davis-street; the lake, and the Island; Greenwood-avenue, the Humber River. East Toronto Village, Toronto Junction, Lambton and Swansea were also included.

The present three volumes cover 125 square miles, on a scale for the congested parts of 100 feet to the inch, the remainder of 200 feet to the inch, except in a few outlying districts where the scale has been reduced to 300 feet. A street index gives old names as well as new where they have been changed. Altogether there are 115 plates in the three volumes, an expansion which itself indicates the immense growth of the city.

The work is, of course, indispensable to real estate men, insurance men, legal offices and all who are connected with the purchase or transfer of real property. The perfect way in which the work is carried out makes its use a pleasure and removes every possible difficulty.

NO MORE NEW BANKS IN CANADA

Toronto Telegram editorial: "The probable losses of the Farmers' Bank shareholders and the possible losses of the Farmers' Bank depositors are circumstances that enter into the making of the prophecy—THAT NO MORE NEW BANKS WILL BE STARTED IN CANADA."

"The blood of the shareholders" is the seed of a belief that Canada is an unhealthy country for new banks. The established banks have clothed themselves with the giant's strength of absolute monopoly. They control the banking facilities of half a continent.

They have gained a supremacy so absolute that competition cannot live in their presence. They have built up a business so profitable that the earnings of a prosperous bank must almost equal the par value of its capital stock every six years. A venture that doubles its capital every six years is doing fairly well, Canada, for good or ill, is in the hands of the banks as at present by law established. It behooves the statesmen at the head of these banks to remember that their monopoly is only immortal in so far as they make that monopoly beneficial. A trades union of banks may develop into a tyranny of capital as intolerable as certain tyrannies of labor that have sprung from trades unions of workers. The banks have nothing to hope for from competition. The established banks now enjoy the security and exercise the power of one of the most profitable monopolies on earth. Enlightened self-interest should teach Canada's bankers to share the profits of that monopoly with the country that has built them up and with the underpaid employees who serve them so well.

GOVERNMENT WON OUT

Successfully Defended Their Position Against Socialists.

PARIS, Dec. 20.—The government today successfully maintained its position against the attacks of the Socialists, under the leadership of M. Jaures, who demanded the reinstatement of all the railroad employees who were dismissed in connection with the recent strike. The government took the position that it was impossible to extend general reinstatement to the men dismissed for insubordination and violence, but it was ready to consider the merits of the individual cases.

The question came up in the chamber of deputies, and the chamber sustained the government by a vote of 406 to 90.

Motion on behalf of infants for payment out of court and for removal of trustees in first estate and administrators in second, and appointing new ones. Order removing George W. Phillips and Henry Phillips as trustees and administrators; and appointing the Canada Trust Co. in their place and stead.

T. J. Medland, Limited, v. Godwin—F. Aylesworth, for plaintiff. Motion by plaintiff for an injunction and receiver. Order made appointing T. J. Medland receiver of rents and profits of Nos. 120 and 122 Church-street, Toronto, until Wednesday, 21st inst.

Divisional Court.

Before the Chancellor, Latchford, J.; Sutherland, J. La Croix v. Longtin—H. S. White, for plaintiff. J. A. Macintosh, for defendant. An appeal by plaintiff from the judgment of Britton, J., of May 27, 1910. Plaintiff purchased certain lands from Jean Baptiste Longtin, and received his deed, but on going to take possession was refused possession. It appeared that J. B. Longtin had previously conveyed this land to his wife. Plaintiff sued to have his deed rectified by substituting the name of Zepherina Longtin for that of J. B. Longtin as grantor, and by eliminating the wife's name as party of second part, and for possession of the lands, mesne profits and damages. At the

trial the action was dismissed, etc. Judgment: Both parties have blundered, neither has suffered except from this litigation, and the court should leave them as they are. The deed has not been registered and the dismissal of this action will leave everything as it was. At the most there was here nothing but misunderstanding arising out of ignorant insistence on the part of the married woman. We do not think it has yet been decided that a married woman is to be held bound by an innocent misrepresentation, and the only possible measure of relief to the plaintiff would be that he should get compensation for any loss occasioned by the defendant's silence, but no such loss has been sustained or sought to be proved. The costs of the appeal should be borne by the plaintiff.

Before Mulock, C.J.; Clute, J.; Sutherland, J. Pasterson v. Dart—S. Denton for plaintiff. J. M. Pike, K.C., for defendant. An appeal by plaintiff from the order of Latchford, J., of Oct. 13, 1910. The order complained of was made on an appeal by plaintiff from the report of an official referee, dismissing an appeal. The action was brought for redemption of mortgaged premises, and the referee found \$774.18 as the amount required to redeem. Judgment: On the items of appeal not disposed of on the argument: First, as to the allowance of interest on \$207.52 from July 1, 1909, the referee found interest charged by the item of compound interest charged by master, this ground of appeal fails; as to the insurance also this ground of appeal fails. Thus, all the grounds of appeal fail and the appeal is dismissed with costs.

Writs Issued. The First National Bank of Birmingham, who carry on business at Pittsburg, have entered action against the Grand Valley Railway Co. of Brantford, to recover \$1923.42 on certain bond coupons.

David O'Meara has entered action against the Toronto Railway Co. to recover unpaid damages for injuries to his automobile and for loss of the use of it.

ARTISTS IN CRIME Took Five Loads of Patrol Wagon to Carry Their Plunder.

BOSTON, Dec. 20.—Silks and laces, hobnobbing with sides of beef, strips of bacon, cans of soup, condensed milk, and paint, greeted the eyes of a squad of officers sent to-day to search the Roxbury home of Mrs. Elizabeth Knadler, 63 years of age, who had been arrested on a charge of shoplifting. There were also musical instruments, vases, stoves, manicure sets and a great variety of other articles, the whole collection estimated to be worth more than \$5000. Five trips of the patrol wagon were necessary to remove the goods to a police station.

NO RIGHT TO TRANSFER THE MORTGAGE

Continued From Page 1.

amined on behalf of Mary Elliott, daughter of a former large stockholder. His statements showed that Buchanan knew of the list of tenders against the property and the estate of the title before he acquired it for the county, as Feb. 17, 1904, he had enquired about this very thing.

A Much Sought Man.

M. H. McGee of the Noble Detective Agency, said he had searched all the Toronto city directories for ten years, and interviewed all the Robert Tates, in the hope of locating this man, who is so badly wanted now, but to no avail.

Henry Brown, son of the former county treasurer, now deceased, told of Buchanan having applied a threatening attitude towards his father, when the latter refused to sign the \$2000 cheque in payment for the road.

"He made my father a proposal," said witness, "and my father answered that he had never been asked to do anything of that kind in all his 26 years' service."

"My father told him that people were sometimes put behind the bars for such things," Buchanan left in anger and secured an order from Warden Lockhart for the cheque."

Threatened His Office.

Horner Brown, brother of last witness, said his father resigned shortly after this, because Buchanan had threatened his office.

A third son, L. R. E. Brown, said: "I don't know whether I should tell you, but Buchanan threatened to send me in the penitentiary for telling things my father had said." This witness also volunteered that Buchanan had told him about a year after his father had resigned, that if he would see a couple of men and give them \$50 apiece something might be done for his father.

Young Brown said that Buchanan had promised his father that if he would resign he would get him a retiring allowance.

James White, ex-county clerk, swore that he had been told by Buchanan that a grant would probably be made to Brown for his long service, and that a bank bylaw was to be drawn up for it, but nothing was done.

VIADUCT OPENS THE WAY FOR CROSSTOWN CAR LINE

Should Be Regarded as Necessary Adjunct to Good Roads Bylaw — Meetings in Favor.

There was a crowded meeting in the hall at the corner of Gerrard-street and Rhodes-avenue, in the "Midway" last night to hear the controllers and aldermen discuss the money bylaw. W. F. Maclean, M.P., turned up about 10.30 o'clock, and for half an hour held forth on the merits of the Bloor-street viaduct, Ashbridge's Bay and good roads bylaws, and asked every property-owner to vote for them. He was enthusiastically cheered, and asked the meeting to give notice to be called to go to any or all the municipal meetings in the west side of the city next week and to ask the property-owners there, in justice to the property-owners of the east side, to vote for all the bylaws. This they did in a most enthusiastic way. Speeches in favor of the bylaws and in explanation of the policy of the county were made by Controllers Church and Foster. Ald. Phelan, Chisholm and Hilton and some of the candidates for the board of education.

At Oddfellows' Hall.

H. R. Frankland presided at a meeting in the interests of the Bloor-street viaduct held in Oddfellows' Hall, Broadview-avenue. The gathering showed itself solidly in favor of the project. In introducing Controller Foster, the chairman said that a thoroughfare from east to west was needed in the north as well as the south of Riverdale, and that the north was prepared to support the other bylaws which were of more particular benefit to other sections.

Controller Foster said that the population east of the Don was now over 50,000, and in ten years it would probably be 100,000. This evidenced the need of proper street railway facilities, and the viaduct would address itself to the abolition of city tax districts and having an arrangement made with the banks so that taxes could be paid at every branch.

Mr. Frankland conveyed a message from Ald. Phelan, that the yearly cost of the viaduct would be only 17 cents on \$1000 assessment. The chairman thought that the annexation of more territory would bring the tax down to ten cents.

Ald. Chisholm said he had come into contact with many people who had voted against the viaduct last January, who were now working in its behalf. The viaduct was a necessary adjunct to the street railway lines to be built by W. F. Maclean declared that the viaduct would mean the creation of the greatest thoroughfare in the city. It would enable motorists and others to travel from Leavelle along St. Clair-avenue to Rosedale, and thence along Danforth-road to Kingston-road, so that it was really a vital part of the good roads movement.

Low Tax for the City.

Municipal street railway lines could be carried along St. Clair-avenue, east of Yonge-street to the lacrosse grounds, and thence by a third or quarter of a mile elevated route or tunnel to the viaduct, and so along to Kingston-road. This ten miles of city road would be the backbone of the system. The cars from that line would be carried over the Toronto Railway Co.'s system at so much a passenger. The only interest opposing the viaduct was the location of factories and building up a factory population.

Rapid Growth.

Ex-Controller Hubbard pointed out that the population east of the Don had doubled in five years. At the same rate of growth it would be 110,000 five years hence. The day was past when the city should assess the cost of a great work on a particular locality. The east end had never objected to paying for west end improvements. Every ward was interested in the project, because Bloor-street passed thru

WANTED TO MOVE COLLEGE
Government Had Already Promised Property in Question.

WINNIPEG, Dec. 20.—(Special).—A sub-committee of the university council waited on the Manitoba cabinet with the request to be allowed to use the present agricultural college buildings, when the agricultural college is transferred to the St. Vital property recently acquired by the government.

THE QUESTION OF UNATTACHED COLLEGES BEING left in power to confer degrees was also discussed, and, after the detailed report of the sub-committee, the cabinet decided to refer the question to the Department of Education.

A BROKEN-DOWN SYSTEM. This is a condition of affairs which doctors find many cases but which few of them really understand. It is a disease—break-down, a term no matter what its cause for it is almost numberless, its symptoms are much the same: the most prominent being constant sense of prostration or weakness, depression of spirits and want of energy for all the ordinary duties of life. Now, what is absolutely essential in all such cases is increased vitality—vigour.

BRANDON, MANITOBA

Fast Becoming One of the Richest and Most Progressive Business Cities in the Dominion of Canada

Do you want an investment that will pay you handsomely without a long wait for returns?

We control and offer for sale for ten days only, commencing December 20th, two hundred and twenty-five choice Building Lots in the City of Brandon, with a frontage of 25 ft. by a depth of 120 ft. to a lane, at a price of \$50 per lot or two dollars per foot.

NOTE.—Refer to the map and see that these lots are in the City of Brandon and almost adjoining the line of the C.N.R. entrance in East Kensington Park.

In almost any paper you read to-day you will see advertised lots for sale in many towns and cities throughout the great North-west ranging from \$150 to \$300 per lot, and in many cases outside the city limits, and in cities that never were, and likely never will be, of importance anything approaching the City of Brandon. Hundreds of people are buying these lots, and why? Simply because they have not been told of the advantages to be derived from purchasing lots in Brandon, Manitoba, at the price that we are now offering.

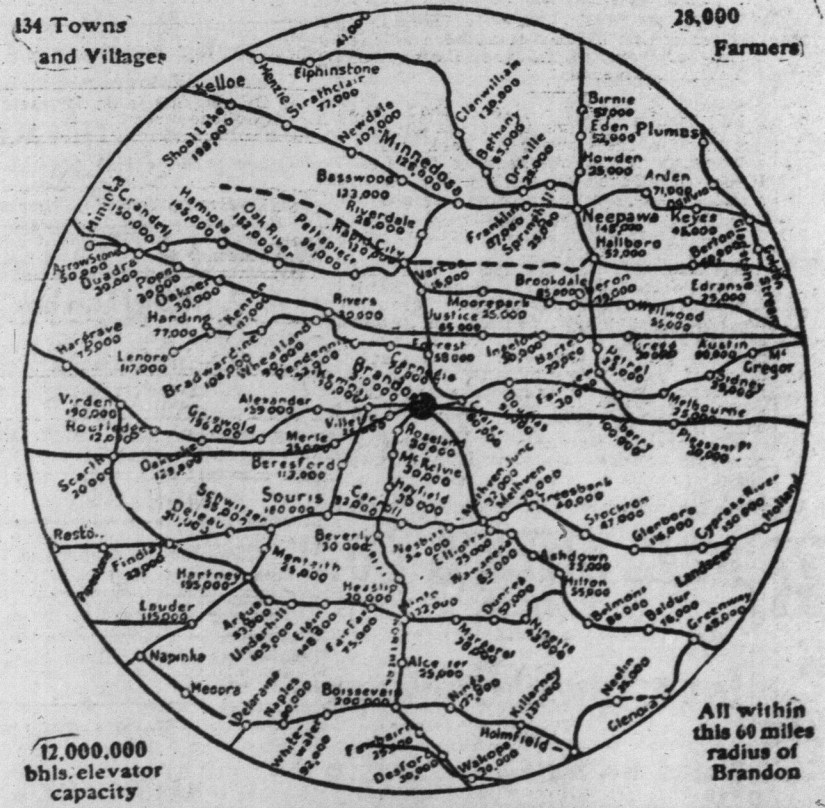

SOME FACTS ABOUT BRANDON

Brandon is the centre of the great hard wheat belt, and is thus known as the Wheat City.

About two-thirds of the entire elevator capacity of the Province of Manitoba is located within a circle of sixty miles transcribed around Brandon, thus representing 12,000,000 bushels.

There are 134 towns and villages within the same area, all of which are served by the railroads radiating from Brandon.

Brandon has three trunk lines of railways, viz., Canadian Pacific, Canadian Northern, Great Northern, and likely soon the Grand Trunk Pacific. There are twenty-four passenger trains per day arriving and departing from the various Brandon stations.

Brandon is now negotiating for a supply of electric energy, and in the near future will be one of the commercial manufacturing centres.

A street railway is likely to be constructed in the very near future, and it is understood that the franchise for the same will be voted on by the ratepayers within a few weeks, and, if constructed, which is almost certain, the price of these lots would be several times what they are offered at to-day.

Brandon has an assessment of over ten million, and ten chartered banks are required to handle the business of the city. Brandon has sixteen hotels, in addition to a new and up-to-date hotel being constructed, which will be one of the finest in the Dominion.

Brandon is the first city in Canada to install an underground heating system from a central station.

Brandon has nearly forty miles of granolithic sidewalks, and about thirty miles of graded streets of splendid character.

Brandon has thirteen churches, two daily newspapers, well-equipped and permanent fire brigade, first-class police protection, and has one of the greatest railway trackage centres in Canada.

Brandon is the headquarters for the Manitoba Winter Fair and the Great Live Stock Carnival of the West. The commodious building for this exhibition has a capacity of 2500 people.

Brandon has never been the scene of a boom since the pioneer days; her growth has been gradual, healthy, permanent and satisfactory.

MOST IMPORTANT! Statistics of building permits in Canada during September, 1910, taking an average of twenty-two cities, show a gain of 27 per cent. over the amount done in September, 1909—the aggregate total of same was \$6,636,128. Brandon City showed the greatest gain of any, the increase being 664 per cent. Imagine yourself having an opportunity of buying lots at \$50.00 each in a city of such importance. We venture to say such an opportunity has not heretofore been submitted in any city of such importance in the Dominion.

The lots are situated in a beautiful section of the city, and all nice and level.

The title to said lots is perfect under the Land Titles Act, and free of encumbrance.

We believe that a purchase of these lots to-day will mean possibly 100 per cent. or more on your investment in a very short time; in fact, we understand that lots much farther away from the centre, and outside of the corporation of the city, are selling at a much higher price.

We have only 225 lots for sale, and this advertisement will appear only three times, and the sale will open for ten days from the 20th day of December, and any lots unsold after that date will not be sold for less than \$100 per lot.

TERMS OF PAYMENT—25 per cent. of the purchase money upon application, 25 per cent. in 30 days, 25 per cent. in 60 days, and 25 per cent. in 90 days from date of purchase. One dollar per lot allowed for all cash on application. All taxes paid up to Jan. 1, 1911.
