27TH YEAR PROBS: SENATE P. O.

JACOB SUNFIELD TO PAY PENALTY ON CALLOWS

Tried to Throw Blame For Murder on Wife of Victim of His Crime—Judge Affected.

HAMILTON, Oct. 11.—(Special.)—GUILTY, with a strong recommendation to the mercy of the court, was the verdict of the jury in the case of Jacob Sunfield, who murdered Andrew Rodzyk on July 12 last.

Sunfield was sentenced to be hanged on Nov. 23. He took his sentence quietly, tho he displayed considerable nervousness.

In reply to a question of the court as to whether he had anything to say as to why sentence should not be passed, Sunfield said in a firm voice: "I say I am not guilty, and I'm sorry to die. You will find out that I am not guilty later."

The jury went out at 10 o'clock this evening, and returned at 9:45 and asked for the evidence of Hunt, the teamster, who saw a man shoot at Mrs. Rodzyk, read, and they also asked to see the blouse that Mrs. Rodzyk wore when she was shot.

At 10:05 the jury returned with a verdict of guilty, with a recommendation to mercy.

Asked by Chief Justice Falconbridge as to the reason for the recommendation to mercy, the foreman replied that he thought the prisoner had been drinking and did not realize fully what he was doing.

Judge Deeply Affected. Chief Justice Falconbridge was so deeply affected that he could hardly finish the sentence. He said:

"It is not my practice to add to the horrors of the situation by saying anything to the prisoner about the enormity of the crime. I take it that if he does not already realize he never will probably, I am entirely satisfied with the verdict of the jury. They had seen it to add a recommendation to mercy, but it is not my power to do anything with that."

"Drunkenness is no excuse for crime. I recommend the prisoner to be hanged on the recommendation of the jury, but to pass his time in preparing himself for death."

Practically Accused Woman. Before sentence was passed, J. L. Counsell asked the judge to reserve a case on two points. First, he contended that the evidence of William Walsh was inadmissible, because Rodzyk did not think he was dying when he made it. Second, he contended that the evidence of the witnesses as to the quarrel between Rodzyk and Sunfield was not admissible.

The judge refused to reserve a case, holding that the evidence was very clear. In his address to the jury, Mr. Counsell went after William Walsh and said his evidence was unbelievable.

Mr. Blackstock complimented Mr. Counsell on the ingenuity of his defence, but said that any defence man would have rather gone to his death than tell such a story as Sunfield had told in the box.

The judge also complimented Mr. Counsell on his zeal and ingenuity, but his charge, tho an impartial summing up, was against the prisoner.

Practically Accused Woman. Mr. Sunfield went into the box this morning and testified in his own defence. He declared that he did not kill Rodzyk. He said he was very intimate with Mrs. Rodzyk, who said she loved him better than anyone else. He said that on the day of the shooting she went into the house after he had refused to elope with her, and he heard a shot. He wound up his story with:

"This is the truth, gentlemen of the jury, so help me Christ, it's true, and if it isn't I hope to drop where I stand." He would not swear that Mrs. Rodzyk did the shooting.

NEW RAILWAY PROJECTS MAKE APPLICATION

Western of Canada Proposes to Go to Calgary From International Boundary—Branch Lines.

OTTAWA, Oct. 11.—(Special.)—The Canada Gazette contains notice that application will be made next session for an act to incorporate "The Western of Canada Railway Company," which proposes to construct a railway from the United States boundary at a point in Alberta to Calgary, and also from a point on the middle branch at or near its junction with the Livingstone River, thence to a point in the Rocky Mountains west of Gould's Dome; thence southerly down the valley of the Elk River to a junction with the Canadian Pacific Railway at Michal.

The Canadian Pacific Railway will apply to parliament for authority to construct a conciliation under the Canadian Act to Strathcona, Alberta.

The Saskatchewan, Saskatchewan, Peace River and Dawson Railway will seek incorporation with authority to operate a line of railway and telephone and telegraph lines from Saskatoon northwesterly thru the Peace River district, British Columbia and the Yukon to Dawson City.

DOMINION INCORPORATION. OTTAWA, Oct. 11.—(Special.)—The Canada Mexican Development Company with a capital stock of one million dollars and headquarters at Victoria, B.C., has been incorporated.

Papa May Spank His Girl of 35

She Returned Home Late and Indignant Father Applied Slipper.

PITTSBURG, Oct. 10.—Miss Pauline Law, 35 years old, who lives with her father, William Law, 65 years old, in Friendship-avenue, went out last night without telling her father where she was going and remained out until 3 o'clock this morning. When she reached home her father, who was waiting for her, took off one of his slippers, placed her across his knee and spanked her. Miss Pauline had him arrested for assault and battery. The case was heard this afternoon before Magistrate Kirby. The father was discharged, and the costs, amounting to \$10, were placed on the young woman.

"Your father has a perfect right to spank you so long as you remain under his roof if you are disobedient," ruled the court.

WHIPPED BOTH TWINS TO MAKE SURE—AND NOW?

Professor Was Puzzled How to Deal With Boys Who Looked Alike as Two Peas.

PITTSBURG, Oct. 10.—Halbert Knightlinger and Albert Knightlinger are 13-year-old twins who look so much alike that the teacher at school cannot tell them apart. They were always getting into trouble and blaming it on each other, and Miss Carrie Singer, their teacher in the Soho School, had at times punished the innocent one for an offence committed by his brother.

She made this mistake so often that yesterday she appealed to Prof. John A. Hollinger, the assistant principal, who decided to whip both of them, so he would get the right one. He did. Now he will have to answer a charge of assault and battery made against him before Ald. McDowell by Mrs. Mary Knightlinger, the mother of the twins.

GUELPH BANK MANAGERS IDENTIFY WM. HANLAN

Man at Orangeville Pleads Guilty and is Remanded for Sentence—Operations Were Extensive.

ORANGEVILLE, Oct. 11.—(Special.)—William Hanlan, the bank swindler, arrested at Schomberg last Saturday, was brought before Police Magistrate Pattullo this afternoon, elected to be tried summarily and pleaded guilty.

Crown Attorney McKay prosecuted. W. D. Henry defended prisoner, and C. R. McKeown represented the Bank of Commerce.

Sentence was deferred until Saturday, 19th inst., so that previous record of prisoner might be looked up. This, the prisoner's counsel intimated, was good.

From the prisoner's wife and in his house \$150 was recovered, \$150 of which was given to the manager of the Sterling Bank just prior to his arrest, and the balance taken into possession by High Constable Hughes, 320 of which the prisoner generously directed to be given his solicitor for his defence.

The money recovered was nearly all of the bills of the Bank of Commerce variety.

Evidence of the prisoner's record was furnished in a startling manner on the adjournment of the court, when Managers Nelles and Duff of Guelph, managers of the Metropolitan and Commerce Banks respectively, of that city, arrived in hot haste in their automobiles, the names of John Giffles, 74, prosperous Wellington County farmer. Orangeville will be invaded by Guelph bankers on the 19th, when the matter will again come up.

In view of these interesting developments, Hanlan may go to the grand jury at Assizes here on the 21st.

SPRINGHILL STRIKE OVER.

Men Accept Arbitrators' Award—1600 Go Back.

HALIFAX, N.S., Oct. 11.—(Special.)—The strike in the Springhill coal mines, which has continued for 12 weeks and has involved 1600 men, was called off by the men to-night after a loss of more than \$200,000 in wages. The trouble was demanded by the men for payment for stone removed from the coal.

The matter was referred to the board of conciliation under the Canadian Industrial Disputes Act. The board decided against the men. They rejected the award and struck. Now they accept the award.

Masnada Injured. Luigi Masnada, who left this city last week to ride for J. H. Colt on the eastern tracks, had the misfortune to break a small bone in one of his legs while riding thru the field yesterday. He is expected back here to-day.

SPECIAL ENVOY LEMIEUX SAILS THIS MONTH

W. L. King Goes to Vancouver to Adjust Claims—Will Canada Bow to Japan?

OTTAWA, Oct. 11.—(Special.)—At a meeting of the cabinet this afternoon W. L. Mackenzie King, deputy minister of labor, was appointed under a royal commission to go to Vancouver and assess and settle all claims arising out of the recent anti-Asiatic labor riots in the name of the government.

Mr. King will leave for the coast on Monday or Tuesday, and will be accompanied by his private secretary, Y. W. Giddens.

It was also decided that Joseph H. Pope, under secretary of state, would accompany Hon. Rodolphe Lemieux, minister of labor, to Japan. The latter is designated as Canada's "special envoy," and has been empowered to conclude an arrangement with the Japanese government regarding immigration.

Mr. Lemieux will also be accompanied by Mrs. Lemieux and his private secretary, Hector Verret. The party will sail by the Empress of China on Oct. 28.

The outcome of the negotiations is not looked forward to here with much hope that a settlement of the immigration question will be arrived at which will be pleasing to the people of British Columbia. It is felt that the situation is simply that Canada will have to agree to whatever terms Japan proposes, and from advice which have reached the capital it is evident that the eastern power is not disposed to hamper herself with any restrictive treaty.

FOR ENGINEER'S RELEASE.

Preparing Petition for Murray Stephens' Release.

ST. THOMAS, Oct. 11.—(Special.)—W. Crothers, solicitor for Murray Stephens, the former Wabash engineer sentenced to six months in the common jail without hard labor, for running the switch at the C.P.R. and G. E. R. Wabash, on Oct. 25, 1906, causing the loss of two lives, is preparing a petition for signatures, asking for the release or mitigation of the sentence of Mr. Stephens.

Asked if the railway engineers had taken any action in the matter, Mr. Crothers said that so far they had not, but he had no doubt they would. "My intention," said Mr. Crothers, "is to have the petition signed and send a deputation to present it to the minister of justice."

"The jury," Mr. Crothers further stated, "as did nearly everyone else, misunderstood what Mr. Stephens meant yesterday. He did not stop and did not intend to stop. What he meant was that he did not intend to stop because the distance and home telegrams were in his favor."

NORTH TORIES ORGANIZING.

George E. Foster Will Have Stalwart Organization in Coming Contest.

George E. Foster, M.P., W. K. McNaught, M.L.A., Mayor Coatsworth and A. McGhie gave strong addresses at an organization meeting of the North Toronto Conservative Association held at Simpson's Hall last night. The keynote was organization, and the speakers suggested campaign methods and highly eulogized the work of the present member.

WESTERN UNION CLAIMS STRIKE IS BREAKING UP

Nine Applications to Return to Work Made in New York on Thursday.

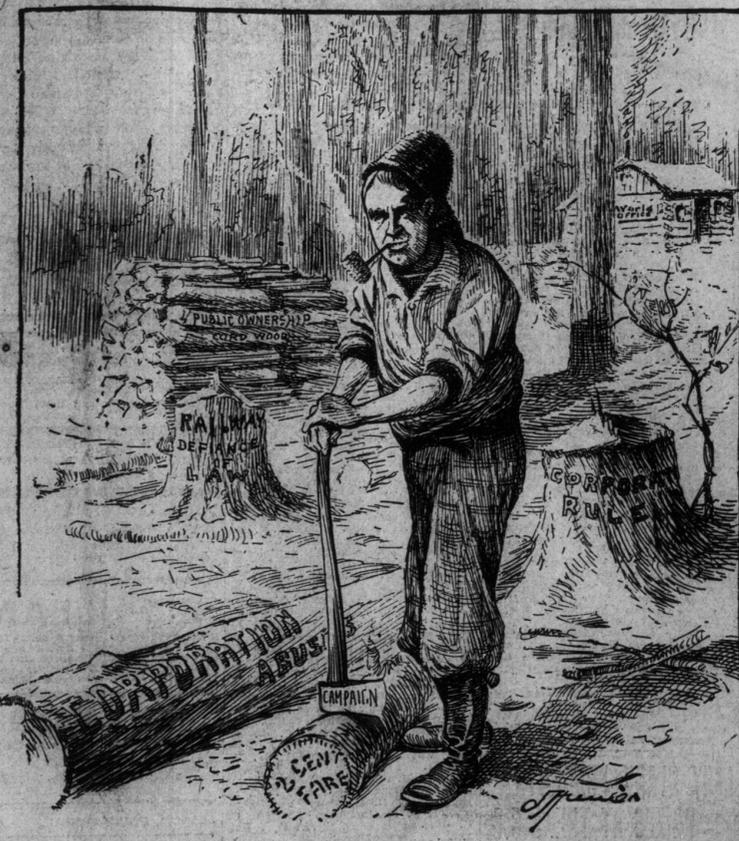

NEW YORK, Oct. 11.—Officials of the Western Union Telegraph Company stated to-day that their force had been largely augmented within recent days by personal applications of strikers to return to their work, and that a large number had been taken back in various parts of the country. Nine applications to return, it is stated, were made in New York yesterday. The applications are being considered on their individual merits, but quite a number have not been favorably acted upon.

As a result of this movement, it is said that the desirable places are rapidly being filled and that comparatively few vacancies remain.

TEXT BOOKS OUT OF DATE SHOULD BE REPLACED

Advisory Council of Education Department Considers Report of Sub-Committee.

The advisory council of the education department met yesterday afternoon in the educational buildings to consider the report on public textbooks, which had been adopted by a sub-committee at the end of a two-days' session. Dr. Falconer presided and amongst others Chancellor Burwash and Dr. Seath, superintendent of education, were present.

The discussion on this report will be resumed this morning. Nothing was given out officially, but it is understood that the sub-committee has pronounced a great many of the textbooks now in use to be out of date, and has recommended their replacement by up-to-date publications.

SOLD LIQUOR ILLEGALLY.

Heavy Fine for Wallaceburg Hotel-keeper.

CHATHAM, Oct. 11.—(Special.)—For selling liquor during prohibited hours M. J. O'Mara of Wallaceburg was fined \$200 and costs yesterday.

This is the third offence since the new act came into force, and it is likely that the case will be reported to the provincial authorities, which may result in his license being taken from him.

It is rumored, however, that he has sold out, thus outwitting the government.

MINE WAS SALTED.

Investors Swindled on Property in Wyoming.

HELENA, Mont., Oct. 11.—The Record to-day publishes a story to the effect that numerous Montana and Washington investors have been swindled to the extent of more than a third of a million dollars, thru the discovery that certain placer mines near Lander, Wyoming, had been salted, and that the property in question is worthless.

FLOUR PRICES SOAR.

Boston Pays for Best Grades Eight Dollars.

BOSTON, Mass., Oct. 11.—Following an advance in the wholesale price of flour, the retail price of the best grades was advanced to-day 25 and 30 cents a barrel, making the current prices from \$7.75 to \$8.25. Mill agents received notice yesterday of an advance of 20 cents per barrel in the wholesale price.

JAIL FOR GIN THIEF.

STRATFORD, Oct. 11.—(Special.)—Robert James, an Englishman in the employ of the G.T.R. freight department, was sentenced to three months in the Central Prison to-day for stealing a bottle of gin out of bond in the freight sheds.

AGED EMPEROR IS NEARING THE END

Austrian Ruler is Showing Signs of an Early Collapse.

VIENNA, Oct. 11.—This night is a critical one for Francis Joseph, the aged emperor king of Austria-Hungary. His majesty's physicians are visibly becoming more anxious. The fever which has lasted ten days seems to have exhausted the wonderfully trained system of the monarch, and the symptoms of inflammation of the lungs are growing.

CASSIE CHADWICK WILL BE BURIED AT WOODSTOCK

Son Decides Upon Interment in Girlhood Home—What a Schoolmate Says of Her.

CHATHAM, Oct. 11.—(Special.)—Emil Hoover, son of Mrs. Cassie Chadwick, has made arrangements to have the body of his mother taken to Woodstock, Ont., for burial.

A despatch from Woodstock says: Mrs. Cassie Chadwick, the famous society fraud, who died in a U. S. prison yesterday, was born at Eastwood, five miles east of here, and needless to say, her sensational career has been watched with the keenest interest by the people of this district. Her maiden name was Bigley and the family was a highly respected one. Her father worked as a section boss on the Grand Trunk. She went to school just north of Eastwood.

"Many a time I walked to school with her. She wasn't any sharper than the rest of us then, and we didn't think of her as a sharp," said a local lady to-day, in discussing the deceased.

"Poor Cassie Chadwick," she said, "an example of a woman gone wrong, who might have lived as respectably as did her sisters."

Mrs. Chadwick's mother died here a few months ago. Her death was hastened, it was said, by her grief over her wayward daughter's performance.

She has one sister, Mrs. Mrs. Campbell, and several brothers in various parts of the States.

STRATFORD GIRL ATTACKED.

Cries Frightened the Man and He Flew.

STRATFORD, Oct. 11.—(Special.)—While returning to her home on Douro-street last night, Miss Florence Wheeler, aged 17, was assaulted by an unknown man, who attempted to strangle her.

Her cries frightened the man, who fled in the darkness.

Her cries frightened the man, who fled in the darkness.

Hon. Mr. Foy left for New York yesterday afternoon on private business, and will not return until Monday or Tuesday next.

M. AND M. TO BUILD THEIR HUGE SMELTER

Definite Proposition Presented at Conference for Establishment of Industry.

A definite proposition for the establishing of a huge smelting works and blast furnace plant in the Ashbridge's Bay district was advanced at a conference yesterday afternoon between representatives of Mackenzie & Mann Investors and Joseph Thompson, civic commissioner of industries.

The offer, which is in writing, and clearly defines the conditions under which the syndicate will consent to locate the industry is to be laid before the board of control at once.

Should the negotiations, which began a year ago, and have now reached a head, result in the agreement prepared being accepted by the city, it will mean that one of the most important industries on the continent will locate in Toronto. What is asked for is a conveyance or perpetual lease of between 400 and 500 acres of the marsh land south of the cut, known as Keating's Channel, so that at a single bound the problem of the disposal of more than one-third of the new industrial area to be created will be solved. The city will not be required to do any of the necessary filling in, as the syndicate undertakes to carry out such work in return for the right of possession.

When it is said that about \$25,000,000 of capital is to be invested in the enterprise, and that it is expected that ultimately about 10,000 workmen will be employed, the magnitude of the undertaking is to be understood. While Mackenzie & Mann are at the back of the project, it is reported that a number of United States capitalists are also interested.

It has been known for many months that the interests behind the Canadian Northern were looking about for a site for a smelting plant where the iron ore contained in Moose Mountain, forty miles west of Sudbury, could be treated. The richness of the iron deposits of Moose Mountain has been certified to by eminent mining experts.

It is understood that between 1500 and 2000 workmen will be employed at the outset, and that the first move will be the installation of a blast furnace with a capacity of 1000 tons of pig iron per day. The marsh will be gradually filled in with refuse from the smelter, and it is contemplated to later on establish rolling mills for steel rails, and also extensive car shops.

Commissioner Thompson had nothing to say last night beyond the fact that the offer will shortly come up before the board of control.

TORONTO MAN SLAIN NEAR BAY OF ISLANDS

Clothing Bears Name of Well-Known Toronto Tailor—Head and Hands Cut Off.

SYDNEY, N. S., Oct. 11.—(Special.)—Further details were received here to-day from Bay of Islands, Newfoundland, of the supposed Canadian from Ontario who is believed to have met his death by foul means while on a recent fishing excursion in the wilds of the ancient colony.

The body was found by a man named Nott at Gull Marsh, Bonne Bay. It had been decapitated and the hands were missing, all members having been removed by some sharp instrument. The unfortunate man must have been about 5 ft. 6 ins. in height. He was rather stoutly built and dressed well.

His clothes had been made in Toronto, the buttons bearing the name of J. H. Ames of that city. Other than this there is absolutely no clue of identification, everything of a telltale nature having been removed from the pockets.

A number of fishing parties from Ontario cities are known to have explored lately the region in the vicinity of Gull Marsh, and it is thought that the unknown man met his death at the hands of his comrades.

IS THIS ANOTHER VICTIM?

English Athlete Who Would Take a Long Walk.

RENFREW, Oct. 11.—(Special.)—D. Langford, an English athlete, who has been residing here for some time, has decided to have a go at the record of Jimmie Reynolds of Fort Hope, of walking from there to Toronto and back, a distance of 123 miles, in 33 hours.

FOOLED WITH THE GUN.

CHARLIE EASTMAN WINS HANDICAP AT WINDSOR

Cooney K. Ahead of Goes Fast for Place—Moreland on Two Winners.

WINDSOR, Oct. 11.—The track at Windsor was still heavy to-day and horses with a fondness for the soft ground had the call. Form players fared well, as the majority of the events were taken by favorites and second choices. The special attraction was a handicap over six furlongs, and six good ones started. Goes Fast, the favorite, was not equal to the task of beating his older opponents, and Charley Eastman, the second choice in the betting, won by a good margin. Cooney K. had no trouble in landing second money. The summaries:

FIRST RACE—Purse \$350, 3-year-olds, 1 mile:
 1. Reside, 112 (Klein), 7 to 2, by 6 lengths.
 2. Toddes, 114 (Moreland), 4 to 1.
 3. Defector, 104 (Delaby), 4 to 1.
 Time 1:30 2-5. Kaiserhoff, Helen H. III, Ecclesiastic, Juri Livona and Tulp also ran.

 2. Shirley S., 105 (F. Burton), 4 to 1.
 3. Thurlet, 94 (Connolly), 15 to 1.
 Time 1:15 3-5. Listerine, Prescott, Bluebon, Croydon, Lexington Lady, Melange and Reinstated also ran. Denial, C. H. Shilline and Carasco scratched.

THIRD RACE—Purse \$350, all ages, 6 furlongs:
 1. Charlie Eastman, 116 (Moreland), 2 to 1, by a length and a half.
 2. Cooney K., 108 (F. Murphy), 4 to 1.
 3. Goes Fast, 93 (Delaby), 7 to 5.
 Time 1:12 3-5. Platoon, The Belle and Redondo also ran.

FOURTH RACE—Purse \$400, 2-year-olds and up, selling, 1 1-16 miles:
 1. Mortiboy, 104 (Moreland), 3 to 1, by five lengths.
 2. Harmakis, 105 (Delaby), 3 to 1.
 3. Rebounder, 101 (J. Baker), 3 to 1.
 Time 1:53 4-5. Ormonde's Right, Russell and Taunt also ran. Harry Scott and Thistle Do scratched.

FIFTH RACE—Purse \$350, 4-year-olds and up, selling, 1 1-16 miles:
 1. Awawegaw, 97 (Mulcahey), 2 to 1, by six lengths.
 2. Royal Legend, 102 (J. Baker), 3 to 1.
 3. Scowling, 102 (F. Burton), 4 to 1.
 Time 1:19 1-5. Fenryon, Scarcrow, I. Must, Charlie Dickson and Marino also ran.

SIXTH RACE—Purse \$300, 2-year-olds and up, selling, 7 furlongs:

Argos Letter to C.A.A.U.
 Secretary L. C. Hoskins of the Argonaut Club, in a letter to President Stark of the C.A.A.U., in defence of the Rugby players who were disqualified by the Union, states that the Argonaut Club has given the C.A.A.U. loyal support, especially when the Union was badly in need of support, and now it ought to receive a little consideration, when their players were thrown out before they had time to explain the true position of affairs.

Mr. Hoskins goes on to say that the C.A.A.U. should have made it their business to send a man to Montreal to enquire into the status of Russell, and that the registration committee's action on Sunday night will serve to weaken the hold of the association on other clubs.

The Montreal Club will do everything in their power to facilitate the enquiry into the amateur standing of Russell, while the Argonauts will also be willing to assist, but on one condition only, "that the C.A.A.U. do not ask them to proceed with the investigation on Sunday." Argonauts have got into enough trouble thru their players innocently disregarding the orders of the C.A.A.U. What would they deserve if they deliberately broke the Fourth Commandment?

Final Lacrosse Game To-Day.
 The last game of the season will be played to-day at Rosedale at 3.30, between St. Simons and Mimico Stars, for the championship of the City League, and a good crowd should be on hand, as this is the first time two teams have met, and also the first time the winners of the two leagues have come together for championship honors, and with Peck Little as referee it should be a clean game. Both teams are confident and in first-class shape to play the game of their lives.

St. Simon's will pick their team from the following: McLean, Walton, Morrison, Hill, Hogg, Patterson, Beaton, Stinson, Westman, Hackett, Martz, Boehm, Wilton, Tackaberry and Bell.

I.P.S.S. Open Meeting.
 Last evening the Irish Protestant Benevolent Society held its initial meeting for the season in the Yonge-street Arcade, with the president, J. N. McKendry, in the chair. Eight applications were received for membership.

R. C. Hamilton was elected chairman of the charitable committee. A resolution of condolence was passed on the recent death of James A. Froctor, first vice-president of the society.

HAGUE DELEGATES FAVOR IMPORTANT PRINCIPLE

Obligatory Arbitration for Adjustment of Conventional Matters—Good Results of Conference.

THE HAGUE, Oct. 11.—The following is the text of the declaration drafted by Count Tornelli, Italy, in accord with the leading delegates to the peace conference:

The conference unanimously favors: "1. The principle of obligatory arbitration.

"2. That certain differences, especially those regarding the interpretation and application of conventional clauses, are susceptible to being submitted to obligatory arbitration without restriction.

"The conference unanimously proclaims that while a convention on the subject was not concluded, the differences of opinion had more of a judicial character, as all the states of the world, in working together for four months, not only learned to know each better by getting closer together, but developed during this long collaboration high ideals for the common welfare.

After a long debate the arbitration committee adopted Count Tornelli's declaration, which was accepted by all the delegations except those of the United States, Japan, Hayti and Turkey, which abstained from voting.

Joseph H. Choate, United States, was much applauded during his speech, explaining the abstention of the American delegation.

To Address the Men. The subject for the first of Rev. Geo. Jackson's addresses, to men only, in the Shorbourne-st. Methodist Church to-morrow is: "Does it Matter What a Man Believes?"

Customs tariffs are complicated. Frictions waste energy. Bring your entries to-morrow. Ordinary entries 50c. Maurice G. Thompson, Customs Broker, 60 Yonge-street.

The Peace System. The Peace system of heating has been installed in thousands of homes, churches and schools. Do not experiment with unknown, untried systems. Such practice is costly and unsatisfactory.

CANADA'S GREATEST NEED IS MEN OF SOUND MIND

Addresses By Mr. Robinette, Hon. G. E. Foster and President Falconer to "Lit" Society.

"Canada's greatest need in the twentieth century," declared T. C. Robinette, K.C., in convocation hall last evening, "is not great wealth, but the carefully trained mind; men, not only sound in spirit and in mind, but animated as well by a strong faith in God."

The occasion was the open meeting of the University Literary and Scientific Society, and Mr. Robinette was delivering his inaugural address.

As a matter of fact, a thorough, trained mentality was a vast power, and he could point to many men, now heads of or prominently connected with great business corporations in Canada, to show it was true that the business man of today needs training to appreciate, trained brain power in their business, having discovered that this was what really spelled assets and gave dividends.

Canadian manhood was indeed the valuable asset to lose; it was gold that must not be exported. This was not a provincial or sectional university, but a great national and truly Canadian university, and from here must of necessity come the trained men who were to fill high positions in business, in law, in medicine and in theology.

Advantages of To-Day. Hon. George E. Foster, after dwelling upon the advantages of the university which students to-day enjoyed compared with the students of many years ago, congratulated the university upon the fact that so many students would be found to band themselves together in the pursuit and application of literature.

"Let the live coal go out upon the altar," he held it to be absolutely true that there was no study in the curriculum, which gave such a strong, such a broad and such a humanizing culture and was obtained by the pursuit and study of letters, and in the widest sense. He himself would never cease to be thankful for the drill he had had in classics and in literature, which conferred upon his mind the choice of apt phrases, delicate shades in expression and the command of beautiful imagery.

Mathematics and literature—might they always remain side by side in the university curriculum, ministering to complete intellectual development.

Union With the State. He had thought that there should be a more intimate connection between university and state than had either formerly or to-day existed, but by the state he now meant the people of this province and the Dominion.

And he entered this plea: that the university could do its best work if it kept it ear closest to the throbbing life of this country in the study of its problems, out of its fears and even out of its difficulties. There was room for more of close cooperation between the life of the university and the life of the country, for which the university existed.

It was true that the call today was for trained men—for accuracy and power of thought—for nobleness and breadth in ideals—for singleness and possibility of purpose.

And he would like to see some faculty established that would actually teach the principles of government and of administration. We have progressed so far wonderfully well, despite the great absence of men specially trained for public life, had on the whole made few blunders, and had not paid a very high cost for them; but we would have done infinitely better if we had had more men trained in these principles, and with the leisure to devote themselves to public life as a profession and as a duty.

There was no country in the world to-day that in progress and development could compare with Canada in its resources and its great possibilities, and in the calibre of its citizens, and his contention was that not only was Canada not yet discovered, but that she had not yet discovered herself.

And we had not yet even begun to know what Canada was, or what she was yet surely destined to become in the future.

Eric Armour, the society's president last year, had a flattering reception, and in a brief address congratulated the society upon its past as well as upon its future.

Danger in Specialization. President Falconer had a rousing greeting from the students. Dr. Falconer said if he were not greatly mistaken Hon. Mr. Foster had once filled the position of professor of mathematics. Dr. Falconer maintained that one of the great dangers of the university lay in overspecialization, and urged that there were much higher intellectual interests than were concerned in our mere professional pursuits.

He lamented the death of Prof. David Massey, one of the great literary men of Great Britain and the friend of Thackeray and of Dickens.

W. K. George delivered a very thoughtful and practical address upon "Great Britain Rejoices."

LONDON, Oct. 11.—The latest performance of the steamer Lusitania is hailed with delight throughout Great Britain, this being, as one of the writers puts it, "a proud day for Mrs. Britannia." All the evening papers publish long accounts of the passage, and comment with satisfaction on Great Britain's regaining the mercantile marine supremacy, which was lost to Germany a decade ago.

To make the victory complete, they ask that the Lusitania repeat on her homeward voyage what she accomplished on her outward passage. Experts express the opinion that she is able to strike further east the time between Daunt's Rock and Sandy Hook lights, saying that she will not have any difficulty in averaging the 241-2 knots required to gain the full government subsidy.

Canada, and dwell upon the wonderful extent of its territory and of its resources. He declared there was no room for pessimism, and with confidence looked forward to Canada becoming the predominant partner in the states forming the British Empire.

No separate existence could in any respect compare with the advantages we would surely enjoy as joint members of the motherland in the immense resources and power of the empire.

He urged Canadians to hold fast these bonds, and saw in future federations the establishment of such an empire as the world had never yet seen.

The proceedings closed with the National Anthem.

GREAT BRITAIN PROUD OF THE LUSITANIA

Stoker of Big Ship Grazed by Excessive Heat, Was Forcibly Removed From Hold.

NEW YORK, Oct. 11.—The Lusitania's official time was 4 days 19 hours and 35 minutes from Queenstown to Sandy Hook lights.

New York welcomed the record-breaking Lusitania, as she swung into her dock to-day, bearing the title of Queen of the Seas, wrested from her German rivals by making the voyage from Daunt's Rock to Sandy Hook lights in 4 days 19 hours 35 minutes.

Three hundred and twenty-three firemen fed the furnaces between 50 and 100 tons of picked British navy Welsh coal each day in order that the Cunarder might become the first four-day ship to cross the Atlantic.

Stoker became Grazed. On Tuesday night, when the Lusitania turbines were working at top speed, the heat in the stokehold was so intense that a fireman became crazed with heat, and the strength of half a dozen brawny stokers was required to carry him to the ship's hospital.

That evening each fireman received a bottle of ale. The next day the Lusitania broke all records by reeling off 67 knots, and made an hourly record of 24.76 knots. The firemen received no sleep that night, which they laughingly asserted accounted for a slower day's run of 60 knots on Thursday.

Capt. E. Watt of the Lusitania was highly pleased with the ship's performance, and said: "She's a dandy, and I'm delighted. With better weather conditions the Lusitania can do better."

**CAN-OPENER SLIPPED
HAND RIPPED OPEN**
Zam-Buk instantly stops Pain and Bleeding!
Mr. Ben Hager, of Edmonton, Alta., has recently had occasion to test the remarkable healing powers of ZAM-BUK. He says:—
"When opening a can of Pineapple Sauce the other day, the Can Opener lost its grip and my hand was ripped open by the rough edge of the half opened can. It made a gash in my hand about 2 inches long. The pain was fearful and the blood simply gushed away from me. I had a box of ZAM-BUK handy and I immediately applied some. To my surprise the pain suddenly ceased and the blood stopped. ZAM-BUK'S quickness in healing up Sores, Cuts, Bruises, etc., is a great puzzle to me."
"ZAM-BUK beats all other remedies and I therefore recommend ZAM-BUK everywhere."
ZAM-BUK'S great healing powers have puzzled others, but its strength lies in its purity. Made from rice saps, juices and aromatic oils got from Medicinal herbs, it becomes NATURE'S OWN REMEDY.

"KEEP ZAM-BUK HANDY"
is a sound motto, for daily mishaps make ZAM-BUK a daily need. It can be used with remarkable soothing and healing effect from the oldest member of the family down to the newborn babe. ZAM-BUK is a cure for blood poisons, cuts, bruises, old wounds, running sores, eczema, ulcers, boils, eruptions, scalp sores, Itch, barber's rash, burns, scalds, and all skin injuries and diseases. ZAM-BUK is also the best cure for piles yet known. 60c. box, all druggists and stores of Zam-Buk Co., Toronto. 3 boxes \$1.25.

Judging from the advance sale, the presentation of Robert Edeson's favorite play, "Soldiers of Fortune," is going to be a huge success, at the Royal Alexandra next week. The book from which the drama was made was written by Richard Harding Davis, and has been widely read. This no doubt accounts for the great interest which is being taken in the production of

the play in Toronto. The presentation will be complete in every detail, all special scenery will be used and the costumes will be furnished by Van Horn & Son of Philadelphia. When the play was presented at the Savoy Theatre, New York, it was an instantaneous success, and has continued so ever since. The usual matinee will be given on Tuesday, Thursday and Saturday.

The first act of "Caught in the Rain," in which William Collier will appear at the Princess Theatre for a week beginning Monday, Oct. 21, introduces a real rainstorm, while in the third act we are introduced to a magnificent view of Pike's Peak. The story is laid in and about the City of Denver, and

BEER* IS A FOOL
LAGER
is a mild appetizing product of malt and hops, with less alcohol than sweet play, which cannot ferment in the stomach. It is especially suited to women as a dinner drink.

ALES
as brewed in Ontario are so rich in the food elements of malt that they rank above milk as an item of diet, and are far purer than most milk is when city-dwellers get it.

PORTER
differs from ale in that the malt is roasted (like coffee) in the brewing process, and this makes porter so nourishing that it is a real specific for anemic and run-down people.

STOUT
is the richest and most strengthening of malt brews; it contains nearly as much nourishment as eggs, and digests easier. This people will find it builds healthy flesh.

BEER* used with meals and before bedtime, increases digestive power, gets you more good out of the food you eat—and is itself a food.

BEER* does not contain enough alcohol to react upon the system—just enough to induce the stomach to do its work better.

BEER* is not an intoxicant—it is a beverage with definite value for almost every grown person.

Ask your own doctor whether it wouldn't be good for you and the adults of your household.

BEER is a term which covers Lager, Ale, Porter, and Stout. It is the standard name for the best quality of beverage made under most hygienic conditions from Ontario barley. It is the best in the world, mild, pure, and water.

catchy musical numbers. The piece is designed for laughing purposes only and is a happy conglomeration of nonsense, music and mirth, with tureful songs, among which are: "Under the Cherry Tree," "Deutschland," "Jack Day," "I Wonder if It's You," "Prairie Mary," "Telephone Love," "My Dixie Girl," and numerous others of harmonious qualities. "King Casey" will be presented at the Grand next week.

is undoubtedly "The Right of Way." Messrs. Klaw & Erlanger, the producers of many great spectacles, such as "Ben-Hur," quickly saw what a great opportunity there was to interest the public with a dramatic version of the work, so they approached Eugene W. Freshrey, the successful adapter of "Haffles," and an absorbing psychological drama is the result. The play will be produced for the first time in this city on Monday next at the Princess Theatre. The local interest in making this announcement has been of a very marked character.

No pianist of the day has a greater hold on the public than Mark Hambourg, the magnificent young Russian pianist, who has become an English subject. GOVERNOR-GENERAL'S TROPHY
Competition to Be Held in Ottawa Week of Feb. 24.

OTTAWA, Oct. 11.—(Special).—Interest at the capital is now reviving in the coming trophy competition, which his excellency the governor-general inaugurated, the first competition for which was carried out last February with such splendid success in Ottawa.

Col. J. Hanbury Williams, C.V.O., C.M.G., his excellency's secretary, and F. C. T. O'Hara of the department of trade and commerce, who is the honorary secretary, have been indefatigable in their efforts for the next competition, which is to be held in Ottawa during the week commencing Feb. 24, 1908.

The chairmen of the committees for the respective provinces have been selected: British Columbia, E. H. Russell, Victoria, B.C.; Alberta, Howard Stutchbury, Edmonton, Alta.; Saskatchewan, A. E. Angus, Bank of Montreal, Regina, Sask.; Manitoba, Maj. Devine, D.S.O., Oshawa, Ont.; Ontario, A. MacLean, Macdonell, Traders' Bank Building, Toronto, Ont.; Quebec, E. THEY CARRIED EXPLOSIVES.
Pasquel and Harding Plead Guilty to Charge.

NIAGARA FALLS, Ont., Oct. 11.—Robert Pasquel and Thomas Harding, who were arrested here while carrying loaded revolvers, nitroglycerine and soap, were arraigned before County Judge Wells at Welland yesterday and pleaded guilty to the charges against them, Pasquel to that of carrying weapons for a purpose dangerous to the public peace, and Harding to car-

rying explosives. Both were remanded to Oct. 21 for sentence.

As these offences may incur the penalty of long terms in the penitentiary, it is probable the police will drop the rear-end collision was due to violation of the rules of the Grand Trunk by Engineer Henry J. Morris of the second train, starting before the expiration of the 10 minutes prescribed by the rules and not having the train under full control, and also due to John Ferrill, conductor on the first train, not protecting his rear by flag or fuse.

ATTORNEY-GENERAL TO DECIDE
Proceedings May Be Taken Against Railway Men.

OTTAWA, Oct. 11.—The coroner's jury which enquired into the circumstances surrounding the death of Robert Blackburn, the G.T.R. fireman who was killed on Sunday night, Sept. 30, in the Allandale yards, last night found that the rear-end collision was due to violation of the rules of the Grand Trunk by Engineer Henry J. Morris of the second train, starting before the expiration of the 10 minutes prescribed by the rules and not having the train under full control, and also due to John Ferrill, conductor on the first train, not protecting his rear by flag or fuse.

The verdict expressed disapproval of the transportation of non-perishable freight on Sunday, and recommended that the G.T.R. make, by semaphore or otherwise, better protection for trains at the place where the accident occurred. Coroner Wells and Crown Attorney Cotter will lay the evidence before the attorney-general, and it will be for him to say whether criminal action against Morris and Ferrill will follow the verdict against them.

The announcement that Ben Greet and his admirer in Canada will open their American season in Toronto will be received with a great deal of pleasure by all lovers of Shakespeare and the legitimate drama. Mr. Greet and his players will appear at Massey Hall the week of Oct. 28 for six nights and three matinees. They will give a Shakespearean festival, and by request of the Toronto Teachers' Association, under whose auspices they play, will present the wonderful old miracle play, "Everyman."

A BROKEN-DOWN SYSTEM.
This is a condition (or disease) to which doctors give many names, but which few of them really understand. It is simply weakness—a break-down, as it were, of the vital forces that sustain the system. No matter what may be its cause (for they are almost numberless), its symptoms are much the same: the more prominent being sleeplessness, sense of prostration or weariness, depression of spirits and want of energy for all the ordinary affairs of life. Now, what is absolutely essential in all such cases is increased vitality—vigour—to show off these morbid feelings, and expel them, so that as night succeeds the day this may be more certainly secured by a course of **THE NEW FRENCH REMEDY THERAPION No. 3** than by any other known combination. So surely as it is taken in accordance with the directions accompanying it, will the shattered health be restored, the expiring lamp of life lighted up afresh, and a sure sustenance imparted in place of what has so lately seemed worn-out, "used up," and valueless. This wonderful medicinal is purely vegetable and innocuous, is agreeable to the taste—suitable for all constitutions and conditions, in either sex; and it is difficult to imagine a case of disease or derangement, whose main features are those of debility, that has not responded to this wide-spread and numerous class of human ailments. **THERAPION** is sold by Chemists throughout the world. Price in England, 2/6 per packet. Purchasers should see that "THERAPION" appears on British Government Stamp in white letters on a red ground affixed to every package by order of His Majesty's Hon. Court exchequer and without which it is a forgery.

SOME ISSUES PANICKY N. Y. STOCKS ERRATIC

Heavy Decline Again Registered at Wall Street—Local Specialties Are Heavy.

World Office, Friday Evening, Oct. 11.

The Toronto stock market had a distinctly heavy undertone again to-day. Trading was too light to make any marked change in quotations, but the desire for the specialties was confined almost exclusively to those short of the shares, and even these were permitted to cancel their contracts without difficulty. The liquidation was heavier at the Montreal market, which for some time has been able to ward off any volume of selling. Toronto Electric was substantially backed again at 127, but the threatening attitude of things caused General Electric to be lowered in the bid price. Twin City and C.P.R. were forced down at New York and a few shares of each came out here as a consequence. The only apparent investment buying was in the bank stocks, which, with the exception of Commerce, were about steady. The close was generally weak, with future quotations mainly dependent on the amount of further liquidation coming into the market.

NEW YORK, Oct. 11.—Smelting common lost over three points this morning, due to aggressive bear selling and the catching of a great many stop-loss orders under 25. A much lower record was made and sentiment is still very pessimistic in reference to this stock. The exceedingly weak metal markets generally, including silver, are hurting the smelting trust, and it is believed that the 8 per cent. dividend rate will not be long maintained. We still favor selling, and will be selling ten points lower before it enjoys any material improvement. E. & C. Rannold disposed of 10,000 shares of S. Steel common, while foreign houses all liquidated extensively. This stock was under severe bear pressure and sold to a new low point for the year.

Bank of France withdraws offer of interest in transit for gold-reducing possibilities of gold exports.

Strong demand for stocks in loan crowd.

Production of anthracite coal this year has increased 3,548,000 tons over 1906.

Foreign houses report less pressure of liquidation from Amsterdam.

Bank of England expects to lose one million pounds gold to Egypt to-morrow.

Thirty-five roads, for fourth week September, show average gross increase 7.3 per cent.

Banks gained \$53,000 from subscription since Friday.

LONDON.—The failure of a small Glasgow brokerage firm is announced. The firm was specialist in Grand Trunk shares.

Chicago reports that steady decline in American Can Company's shares has caused apprehension regarding the dividend payments. Company's orders ahead are large.

LONDON.—Fig tin opened demoralized, with a break of 1/8 in spot and 1/2 in futures, to 140, 137, respectively. Rio Tinto are 1 per cent. lower at 68 7/8.

Surplus earnings of Great Northern applicable to dividends for the year, as nearly as can be gathered from various income accounts, amount to about \$10,000,000, or 12 3/4 per cent. on preferred stock. This compares with surplus in previous fiscal year of \$20,462,000.

Charles Head to R. R. Bonigard: This last move of liquidation has been a surprise and a disappointment to me, and I feel thoroughly discouraged on the situation. There seems nothing to rally the market except short covering. The market is evidently getting largely overbid, and a rally on the shorts is overdue. The lack of real buying power is the most discouraging feature.

NEW YORK, Oct. 11.—Diminishing settlement may be expected in the stock market to-day, with irregularity and cross currents, but we believe there is a tendency to recover moderately, particularly in the high-grade rails, which appear to us to have gained technical strength yesterday afternoon, accompanied by reliable reports of good buying. Short covering took place in the afternoon toward the closing and may be expected to-day.—Financial News.

twenty-five thousand shares or more on balance, the continent sold in London, the most of which were at Glasgow and the great Shanghai market for copper, silver and tin was reported in demoralized condition.

Scale buying, of noticeable in Union Pacific, Reading and Steel, and there appeared to be heavy buying orders in Steel about twenty-five. Some prominent stocks which have recently recorded only small daily sales seemed to be seeking a broader market, and there were small panics in such issues as Consolidated Gas and Missouri Pacific. Local Traction relations in the case, and could inactivity in the other may be given as special reasons affecting these stocks. Some apprehension is felt regarding the coming public investigation of Brooklyn Rapid Affairs. It does not appear probable that such long stock as was offered in American Sugar was other than investment holding. Some people with ample resources and some even owning stocks outright have sacrificed their investment. Shorts had little difficulty in covering, and all rallies. There is of course no relation between prices made by such selling as has recently occurred, and intrinsic values or dividend yield. The steel stocks show that these elements will reassert themselves in due course, and this opportunity to buy standard listed shares at bargain prices may be duplicated for many years to come.

The directors of the Dominion Iron and Steel Company in a supplementary report give the results of the company's operations for the first quarter of the current financial year: The gross revenue, he duplicated, for June 1 to Aug. 31, 1907, on the basis of the contract price for coal were \$705,247.90. The profit on coal was \$105,247.90. The profit on iron and steel was \$105,247.90. The profit on other products was \$105,247.90. The profit on other products was \$105,247.90.

troubles are more imaginary than real. Presently, investors will awaken to the knowledge that gold dollars are selling for 25 per cent. (or more) less than their face value. Admitting that time money shall rule at from 5 to 7 per cent, the fact remains that comparative gilt-edged railroad issues can to-day be bought at prices which include 7 1/4 to 8 per cent. on the investment, besides the speculative possibilities. Harriman shares are dirt cheap. Pennsylvania will sell above 130, ex-dividend.

London evening special.—Late markets were heavy, with a timid tone prevailing. The domestic department was quiet and closed a little above the lowest. The covering of shorts did not proceed very far, as there is some solicitude with regard to the American money position, and traders are disposed to watch its developments before operating extensively on this side. Americans weakened in response to New York market. Canadian Pacific, Atchison and the Harriman stocks were about the worst features and on the curb went 1-4 per cent. below the official closing. The steel stocks showed some hardening. Copper shares closed at about the bottom, with Rio Tinto scoring a loss on balance of 1-3-8 at 65 1/2. The rest of the market distinctly flabby. A sharp rebound took place in De Beers, which ended 5-8 per cent. higher at 20 3/8. The continental bourses were weak.

Marshall, Spader & Co. to J. G. Beatty: While it is not impossible that some greater conservatism may be manifested by operators working for a decline, we can see no evidence of speculative interest, either professional or otherwise, in favor of an advance in the market. There is no doubt that much concern is being felt by the larger financial interests and perhaps also officers of the government, which will probably result in further aid from the treasury department, and it may also appear that efforts will be made to reassure holders of securities by railway commissioners at a meeting now being held, but confidence in the banks appear to have such developments as the collapse of the metal market, the New York City railway scandal and the earlier recollections of insufficiency of arguments from prominent sources regarding the Cable trust, and the fact that the values of some of the most prominent issues on the list.

On Wall Street, Charles Head & Co. wired to R. R. Bonigard: The stock market continued unsettled and irregular to-day, with material losses in a number of specialties, which reflected forced liquidation, and while the volume of such selling was relatively small, the impression upon values was greater because of the total absence of demand. As has been the case for some time, the pressure of liquidation was more pronounced in the industrial list than elsewhere, but the weakness in that quarter militated against any improvement in the railroad list, which also reflected more or less liquidation by tired holders. The weak features were Amalgamated, Sugar, Pressed Car, Car Foundry, Locomotive and a number of low-priced industrial, making the day's trading distinctly bearish, but in the afternoon liquidation appeared to have run its course for the time being, and prices rallied feverishly under short covering. Prognostications of a favorable bank statement to-morrow and easier tendencies in the call money market had some effect in checking bearish aggression, but failed to induce any buying of consequence, except that which came from the shorts. In the last fifteen minutes the selling pressure was renewed, and prices lost ground, with the closing weak.

Ennis & Stoppani wired to J. L. Mitchell: The market to-day has been dominated by bearish circumstances and surroundings. London sold some

THE DOMINION BANK

PAYS SPECIAL ATTENTION TO SAVINGS ACCOUNTS.

Interest Paid Four Times a Year

LIQUIDATION STILL IN FORCE.

World Office, Friday Evening, Oct. 11.

There was no sign of completed liquidation to-day's market, prices continuing to drop with each new addition of selling on the part of holders. It has evidently been found advisable to put in supporting orders for some securities, and while financial backing of this kind obtains, the quotations for the shares will be held intact. Rio, Twin City and Mackays felt the pinch of liquidation to-day, the first and last making new low prices again. The pool gave a fair support to Sao Paulo, but rallies in this issue do not seem to catch new outside buying. Most of the bank shares were quietly sustained by investors, but the advance in Commerce was not quite understood, with the situation as nervous as it evidently is.

THE COMPLETE HAT STORE

IT'S a great thing to have a range in styles of hats from which to select when you want to purchase a hat, especially a stiff felt or silk hat. We have no end of designs, all just received from the world's best makers, and others bearing our own trade mark, manufactured from blocks furnished by Paris, London and New York.

SILK HATS

Melville, Christy, Tress, Heath, Dunlap have sent us new and striking designs in silks, the prevailing designs being higher in the crown and of more generous brim, \$5 to \$8.

SOFT AND STIFF FELT HATS

The designs this year are distinctly following the English makers, even those by the larger American manufacturers. The English Derby, all of which we are selling by Tress, Heath, Melville and Christy, are unusually good value because of the preferential tariff. Stiff Felt Derby and Soft Felt Fedora Hats, \$2 to \$5.

BOYS' HATS AND CAPS

We have a complete assortment of hats and caps for boys—School and College Caps—Dress and Semi-dress.

The Store Remains Open Until 10 o'Clock To-night.

FAIR WITHOUT SIDESHOWS IS A GREAT SUCCESS

Fine Harvest Services in Chester—May Establish Y. M. C. A.—County Items.

ZEPHYR, Oct. 11.—(Special).—That a purely agricultural fall fair can be successfully conducted without the introduction of objectionable fairs shows of whatever nature was clearly demonstrated in the fine gathering of the Scott Fall Fair, held here this afternoon.

While the forbidding appearance of the weather in some measure reduced the attendance, the receipts were most satisfactory. In field and garden roots and grain of all kinds the show was fully equal to many of a more pretentious nature, while the display of dairy butter and women's work of all kinds is always a strong point in this fair.

Horse Show Was Fine. In horses there was a magnificent showing, the Canadian draught class and carriage horses being exceptionally meritorious. There was a well-contested "farmers' trot," but no other speeding events.

Scott Township is always ahead in its exhibit of cattle, last year there being 74 entries in Durhams alone. Some of the leading exhibitors were McFarlane, Dunn, Archibald, Cain, Snodden, Lockie and Galbraith.

In carriage horses, in which class there were over 30 entries, some of the exhibitors were Messrs. Archibald, Archibald, Dunlop, Cameron, Miller, Park, Merrick, and McFarlane. In swine Messrs. Ego, Arnold and Harmon, and in poultry Mrs. Payne, and Messrs. Baker and Sinclair.

Officers Are Energetic. A refreshing feature about the whole fair was the spirit of earnestness, and devotion to every detail manifested by the board of directors, which communicated itself to all connected. Awards were received and accepted alike in the true spirit of rivalry. The success attending this old established and popular fair would not be possible without the presence of a magnificent farming section, and a knowledge as to what really constitutes a good country fair.

The officers of the Scott Fall Fair Association are James Blanshard, president; J. R. Stevenson, first vice-president; John R. Dunn, second vice-president; Wm. O. Webster, secretary-treasurer; and James Arnold, Chas. Fairman, B. Foote, Messrs. Lambert, R. Meyers, J. A. Ruttle, J. O. Umphrey and E. Jones.

W. H. Hoyle, M.L.A., and Sam Sharpe, candidates for North Ontario in the Dominion parliament, were busy men.

Want Agent Retained. The business men of the village and the traveling public generally are up in arms against the proposal of the Canadian Northern to withdraw the station agent for the winter, deputing the duties in part to the man in charge of the grain elevator, and providing no heating or other accommodation for the convenience of the traveling public. The reason given by the company is that the railway station will be replaced in the spring by a new one. The present structure is not being worn enough. Freight shipments and receipts under the

FINE CUT GLASS WANLESS & CO., 168 Yonge Street

management of the present agent, Mr. Hepburn, have nearly doubled within the last month, and the company will be at once urged to reconsider their proposal.

AGINCOURT.

Farmers Suffer Heavy Loss Thru Defective Cattle Guards.

AGINCOURT, Oct. 11.—There was an interesting bluecock shoot held here during the week to decide a challenge issued by T. Crawford, township clerk, and David Beldam, auctioneer, against the Agincourt coal merchants, W. H. Paterson and J. Elliott, at fifty birds side. The match resulted in a victory for the coal men by nine birds.

The return shooting match between East Toronto and Agincourt Gun clubs will be held on the grounds of the former on Saturday, Oct. 12, at 2 o'clock. A good attendance is requested. William Davidson had a very valuable cow killed by the C.P.R. here. The animal was a thorough shorthorn, valued at \$75. It broke out of the field and walked over the things the C.P.R. had put up as a barrier, and on to the track, where it met its death. It is high time that railway companies were compelled to put in efficient cattle-guards, or at least to pay for stock that gets on the track by walking over these so-called guards. There have been about fifteen head of stock killed by the C.P.R. this year, and in three miles of this station from the same cause.

The Rev. James A. Brown, Presbyterian minister of Knox Church here for the past seventeen years, has received a call to St. Andrew's Church, Ferguson. Mr. Brown is said to be considerably over the hill. The anniversary services of Knox Church are to be held on Sunday, Oct. 13, and the annual social on Monday evening, Oct. 21. The committee is preparing a splendid program for the occasion.

NORTH TORONTO.

Harvest and Thanksgiving Services in Two Town Churches.

NORTH TORONTO, Oct. 11.—Harvest thanksgiving services will be held in St. Clement's churches on Sunday. The service at 8 a.m., 11 a.m., 3.15 p.m., 7 p.m., the preacher in the evening will be Rev. C. J. James. The display recently installed will be used for the first time at these services. At the Eglington Methodist Church also the harvest thanksgiving services will be held. Special preachers will be in attendance, namely, at 11 a.m., when Rev. A. Langford, D.D., will preach, and at 7 p.m., the Rev. J. W. Stewart, a former pastor of the church.

During the progress of the electrical street lighting, as well as for car traffic, was off for a considerable length of time.

Do you know that you can save money by patronizing home industries by buying your wants at Twiddy's Drug Store? Try and be convinced.

The funeral of the late Mrs. Hinchcliffe, whose death from heart failure took place on Thursday, will be held on Saturday afternoon. Mrs. Hinchcliffe is survived by a husband and a grown-up family of children.

Rev. Mr. Wilkinson of Toronto is taking charge of the pastoral work of the Daviville Methodist Church for the balance of the year.

W. J. Douglas, clerk of the town, left this morning for a two weeks' visit to the Pacific coast.

EAST TORONTO.

High School Sports Carried to Successful Finish.

EAST TORONTO, Oct. 11.—The annual high school sports on the beautiful grounds of A. E. Ames this afternoon were somewhat marred by the unreasonable weather, but were nevertheless characterized by keen rivalry and a true spirit of sportsmanship. The attendance of visitors was fairly large, and altogether the affair was very successful and reflected credit on all those connected with it. The officials of the course were: Judge, R. M. Radcliffe and Secretary, Robson, Y.M.C.A.; starter, Jas. Paterson; manager of games, Princeton French, M.A.; official scorer, Mr. Graham; B.A. and timers, Rev. Mr. Rogers and Tom Brownlee. Among the visitors were Council-

and Mrs. T. H. Phelan, Dr. Slaye, ex-Principal Johnson and others. The list of events is:

100 yards, senior—E. Eade, S. Thompson, A. Sheppard, Time 22 secs. 100 yards, junior—G. Davidson, A. Trebilcock, A. Clisely. Time 18 secs. 100 yards, girls—Miss Nash, Miss Rutledge. 220 yards, senior—E. Eade, A. Sheppard, L. Doyle. Time 27 secs. 220 yards, junior—A. Trebilcock, G. Davidson, F. Burdy. DEER PARK.

Anti-Annexation Petition Said to Be Improperly Signed.

DEER PARK, Oct. 11.—An examination of the anti-annexation petition presented to the board of control last Tuesday revealed the fact that the opponents in their efforts to balk the desire of the majority. The petition contains the names of 32 tenants and duplicate names, this list being more than one-third of all who signed. Of the property owners who have signed against annexation, 18 have city water and either use city sewers or drain into the open creek which runs thru Reservoir Park, and in which the children of Toronto paddle during the summer months. Those who scrutinized the petition state that one name appears no less than four times on the petition.

A concert will be given at the Presbyterian Church under the auspices of the Young People's Society on Monday evening. The musical program will be rendered by Miss Bertha May Crawford, Miss Morley and Messrs. W. J. Lawrence and Donald C. McGregor. R. S. Gourlay will be the speaker of the evening.

Mrs. W. J. Thomson, son and daughter, left yesterday for a two weeks' visit in Northern Ontario.

BETHESDA.

Looks Now as Though There Was No Scarcity of Feed.

BETHESDA, Oct. 11.—A very successful sale was held here on the 8th inst. of the property of Fred Meyer, consisting of registered mares and colts, cattle, hogs and implements. Good prices were realized and even if money is "tight" in some quarters, the farmers will still pay good prices for a good article. One span of horses brought \$50 and were purchased by W. Wilson. Another span months old, brought \$140, and three horses \$200, and the total amount realized at the sale was \$400. N. E. Smith of Stouffville wielded the hammer.

SCARBORO.

Local Church People Are Looking Forward to Enjoyable Meetings.

CHRISTY'S CORNERS, Oct. 11.—(Special).—Anniversary services will be held in the Methodist Church here on Sunday, Oct. 13, when Rev. Mr. Dobson of Markham will preach at 7.30 and 9.30 p.m. On Monday evening deliver his popular lecture, "Englishmen, Irishmen and Scotchmen." A fine time is expected at all the services.

HUMBER BAY.

Sad Case of a Life-Long Resident of Humber Bay.

HUMBER BAY, Oct. 11.—Constable Simpson on Thursday escorted Michael Eigate, an old-time resident of Humber Bay, to the Industrial Home at Newmarket, whither he was sent by the county authorities. Eigate had been engaged in the vocation of a fisherman all his life, and could relate many interesting stories of the early days of the city. He was 82 years of age, and had for some time been subsisting on charity.

Dunlop FAIR PRICED SOLID RUBBER TIRES

All rubber tires are priced according to the rubber they contain. A cheap price buys less rubber, while a fair price secures a tire of quality, that will stand wear and give lasting satisfaction.

The trade mark of the Dunlop Tire & Rubber Goods Company, Limited, is a guarantee of quality in rubber.

peas, 70c to 80c; rye, 75c to 80c; buckwheat, 65c to 70c.

John Wakefield and his bride moved into the new home they have purchased on Arnold-street.

The local Curling Association meets on Saturday for organization. Representatives will be sent to the Provincial Association which meets next week in Toronto.

Unusual interest attaches to the services at the Methodist Church on Sunday, Rev. Dr. W. Galbraith of Toronto will preach morning and evening. This being the annual harvest home Thanksgiving and thank offering services, in view of recent heavy expenditure a large offering is expected. The excellent choir will furnish a special musical program each service.

Much interest was shown in the wedding in the Catholic Church on Monday, when Miss Jewell A. Lynett of this place was united in marriage to Joseph Gibbons of Aurora. Messrs. Arthur and Sydney Boyle have gone to Montreal to visit their brother.

D. E. Startup paid a visit to his home here prior to a trip to Europe, where he buys for the T. Eaton Company.

NEWTONBROOK.

Neighbors Turned In and Helped Out Brother Farmer.

NEWTONBROOK, Oct. 11.—Joseph Grainger, who recently met with the loss of his barn, together with the summer's harvest, desires to thank his neighbors thru the assistance of the Young People's Society of the United Church of the World for the assistance given in his time of trouble.

The work of rebuilding the store and dwelling house belonging to Warren Wilson, burned in April last, is now well under way and will, it is expected, be finished before Christmas.

CHESTER.

Harvest Home Services and "Bee" Takes Place This Week.

CHESTER, Oct. 11.—At the harvest thanksgiving services to be held in St. Barnabas' Church, corner of Danforth and Hampton-avenues on Tuesday evening, the 11th, the sermon will be preached by the Ven. J. Fielding Blyden, rector of the church. Under the direction of A. G. Hewison, special anthems will be rendered by the choir. The thanksgiving services will be held at St. Andrew's Mission Church, Todmorden, on Sunday and Monday on Sunday morning the Rev. S. A. Riggs, M.A., formerly of India and British Columbia, will preach, and the Rev. G. F. B. Doherty, B.A., of St. Mark's, Parkdale.

On Saturday there will be an all-day "Bee" on the extension of St. Barnabas' Church. The male members of the congregation will commence work at 7 a.m., and continue throughout the day. The ladies of the Young Women's Guild will serve breakfast, dinner and supper, and by dark it is expected the floor and walls of the basement will be in position.

A large congregation attended the harvest thanksgiving services held in St. Barnabas' Church to-night. Ven. St. Andrew's, presiding over the services, preached the sermon, grouping remarks around Nehemiah's work, "So built we the wall for the people had mind to work." St. Paul's command to give thanks always to God. The archdeacon congratulated the people upon the way they had built in the parish, recalling the erection of St. Andrew's and dwelling upon the recent removal of the parish church, which he commended. Under the direction of Mr. Hewison, the choir rendered the choral portion of the service.

The thanksgiving was the largest ever received at a harvest festival in St. Barnabas'. Services will be repeated on Sunday.

MEN'S ENVELOPES SHY!

The brewers and distillers are not friends of their employes or of the workmen in general.

They will take everything from them they possibly can, and will keep the 'clothes off them and their wives and children in their greed for money. A man would be a fool to hug a viper to his breast. Labor men, do not have on any account a sickly sentimental feeling for men who are your deadliest enemies. True Socialists favor

LOCAL OPTION.

NEWMARKET. Directors Meet and Wind Up Business End of the Fair.

NEWMARKET, Oct. 11.—The high school commencement exercises will take place on Oct. 25, when the Heather Maid Quartet will, among others, contribute to the program.

Danforth Roche, the oldest merchant in town, has disposed of his business, and will probably remove to Toronto. The funeral service of the late Thos. A. Lewis took place this afternoon in the Friends' Church, after which the remains were interred in Newmarket Cemetery. Mr. Lewis was 83 years of age, and born on the old Lewis home, Mrs. E. D. Davidson and John Lewis are the two surviving children.

Fire broke out about 3.45 yesterday morning in the Royal Hotel, and but for the prompt arrival of the local firemen the loss would have been a serious one. Four of the bedrooms, the hall and the bathroom were completely gutted. The hotel had only lately been redecorated and the whole house will be required to be refitted through.

The directors of the Newmarket Fair will have little remaining in the treasury after paying all the prizes and other expenses. The prize list totals \$2500.

LOCAL OPTION MEETING.

York Township Petitions Largely Oversighted.

A meeting of the executive of the York Township local option committee was held in the office of Mr. Spence in the Confederation Life building on Friday afternoon or Wednesday. A full representation and a good deal of preliminary work was done there in covering the amount of labor involved in covering the twenty sub-divisions is very great, and the work of completing the list for presentation to the township clerk will not be completed before Tuesday or Wednesday of next week. The number on the petitions will be largely in excess of the actual requirements. John Wanless, president of the York Township local option committee, was in the chair.

SIMPSON COMPANY LIMITED

H. H. Fudger, Pres; J. Wood, Manager Saturday, Oct. 12.

Simpson's Oriental Rug Exhibit

A Parkdale gentleman was looking at some of our new oriental rugs yesterday. He liked them. He liked one of them particularly. And he bought it. And his friends will see the same rug in his hall in King St. West by Tuesday next. We are to deliver it as soon as the painters are out.

Now the point is this: The gentleman in question has been all over Toronto pricing and comparing rugs. "Frankly," said our carpet manager, "tell me—what do you think of the Simpson rugs?" "I think they are priced too low," said he. "That's why I bought one of them. I consider you have the most reasonably priced collection of genuine Eastern rugs I have ever seen."

We want every artist, every architect, every person of cultured taste to know that we have the largest stock of oriental rugs, antique and modern, in the history of the store.

Men's "Victor" Boots

OUR new "Victor" Boot, style H, is one that you can wear without rubbers in severe weather and not run the risk of wet feet. This is due to the fact that in addition to making the uppers of box calf, we have provided this model with an inside lining of tan calfskin. The heavy triple sole of oak-bark-tanned leather, together with heel, counters, toe-box and inner-sole—all of the same stock—are selected to withstand heavy service. Nevertheless the finish inside and out is equal in every respect to that found in the lighter "Victor" models. The sole edges are carefully shaped to set off the modeling of the medium road toe. The lacing hooks and eyes are genuine fast color—popular sizes and widths. The price should be \$6.00 instead of \$4.00.

TOWNSHIP OF YORK

Take notice that the Municipal Council of the Corporation of the Township of York intends to construct a sewer in Spadina-road from the northerly limit of Davenport-road and on the north side of Davenport-road and across the centre line of Spadina-road to the real property owned respectively by Messrs. J. J. Walsh and J. J. Walsh, and to be immediately identified thereby by fronting or abutting on the east and west sides of said Spadina-road from the northerly limit of the Township of York, northerly to the south limit of Davenport-road, and on the north side of Davenport-road easterly and westerly from Spadina-road to points distant respectively therefrom 125 feet 6 inches, upon which it is proposed to charge an equal proportionate part of the cost of said sewer, having regard to the whole assessable frontage, the same to form a special assessment per foot frontage upon the lands above mentioned and be payable in ten equal annual instalments.

A statement showing the lands liable for and proposed to be specially assessed for the said improvement and the names of the owners thereof, so far as the same can be ascertained from the last revised assessment roll of the municipality and otherwise, is now on file in the office of the clerk of the municipality and is open for inspection during office hours.

The estimated cost of the improvement or work is \$208.00. A Court of Revision will be held in the Council Chamber, 104 Victoria-street, Toronto, on Monday, the 28th day of October, 1907, at 2 o'clock p.m., for the purpose of hearing complaints against the proposed assessment or accuracy of the frontage measurements, or any other complaints which persons interested may desire to make, and which are by law cognizable by the court.
