- Any Hat in the House **50c**

E. BOSSSEAU & CO. YONGE AND TEMPERANCE

RECESS FOR LEGISLATORS FUNCTIONS DRAW INTEREST

House Will Adjourn Thursday Till May 2--McGarry Makes Brilliant Maiden Effort.

In a half-hour's speech in the legislature yesterday afternoon T. W. McGarry, the youthful member for South Renfrew, demonstrated that the house has gained a valuable addition to its debating strength. Mr. McGarry has an easy flow of language, but he is not a mere word-wielder. He has the ability to present his facts in a cogent manner and consequently is able to traverse a good deal of ground without waste of time. Sam Clarke's joke fell as the other feature of the day's program. His preliminary observations were not serious, but he proved the truth of the adage that many a true word is spoken in jest. Needless to say, the house was abundantly entertained during the hour and a half he had the floor.

The house will adjourn on Thursday until May 2, owing to the visit of the governor-general and the honours which functions will divert the attention of a number of the legislators from public business. Mr. Whitney urged required some time to prepare public bills for presentation to the house.

Sam Clarke's Jokes.

Mr. Clarke congratulated the speaker upon his elevation. The speaker was a large man in a large chair. He has seen some small men in the chair, but they might have worn just as large a hat, as some of the bigger men. He was carried back to the old days of Victoria College at Cobourg, when Mr. St. John took part in the nine club and debating club exercises; and he also remembered him in some things he would not announce. Mr. Clarke never took any stock in the talk of the "weak belt" on his right, that Mr. Whitney did not have the material to form a cabinet with. The premier was to be congratulated upon the selection of his colleagues, but he would say that Mr. Whitney had a couple of men he (Clarke) would not have picked out. Mr. Clarke had come to the house at the same time as Mr. Graham. Both were jokers, for trouble struck the old government about that time. Northumberland, irrespective of party, was pleased at the selection of Dr. Wiloughby.

A great change had arrived in his affairs. He found no deputations at

the station when he went home now, or no one to receive him from the station. Mr. Clarke amused the house while he told of the concern of a young lady of his town for the religious convictions of the cabinet ministers. He was unable to enlighten her and he did not care "so long as the ministers are good religious men."

An Unhappy Alliance.

The ballot that had been described as "hugious" had done splendid service for the opposition. Explaining the turn-over of Jan. 25, he said the sight of the liquor and temperance men going to the polls together would never be seen again. He gave Mr. Whitney credit for his straightforward utterances on prohibition and for refusing to face both ways; but how he caught the other bunch with the same hook, I don't know. During the late regime the premier was favored with temperance deputations morning, noon and night, but at the same time the Walters were making arrangements to double the capacity of their distillery the temperance people were doing what they could to defeat the man who had given them all the legislation they ever got.

Mr. Clarke was indifferent whether the provincial secretary was right or not as long as the money came to the province. He never looked upon it as necessary to have a surplus. We had no right to have a surplus, as a young province like Ontario could stand a \$50,000,000 debt.

Lawson His Authority.

Regarding the establishment of a smelter in New Ontario, as advocated by Mr. Gurney, he quoted an estimate made by Thomas W. Lawson, that such a smelter would cost five millions and take five years to build.

He estimated that there were 5000 applicants for government jobs and that 50 per cent. of the appointees of the new government were strong politicians. He did not blame the government for that, but the claim to have politicians appointed by the late government was a sad thing. He would guarantee that 50 per cent. of the appointees of the new government were strong politicians. He did not blame the government for that, but the claim to have politicians appointed by the late government was a sad thing. He would guarantee that 50 per cent. of the appointees of the new government were strong politicians.

Brilliant Maiden Speech.

The speech of Mr. McGarry, the young member for South Renfrew, was an effort of unusual ability. Mr. McGarry felicitated the provincial treasurer upon his speech and was glad that eastern Ontario had been favored by the minister's appointment. The statement of Mr. Clarke, complaining that the ax was following upon politicians, he met by referring to the bill passed several years ago, providing that politicians should not be considered in the matter of appointments. There was no sentiment in Ontario against persons seeking positions. He would have no hesitation in recommending dis-

missals on account of interference in politics.

Referring to the Temiskaming Railway. He criticized the administration of the late government in getting contracts without sufficient investigation. If the railway had been built by the present government, there might have been a saving of \$1,000,000. The late government had been careless from start to finish.

The Timber Policy.

The positions of bushrangers in the forest should be filled by men of superior qualities. Formerly these men had not been well paid and were susceptible of influence of the lumbermen. Many trespasses had been made upon crown lands and bushrangers had been tempted to protect the encroachers. He felt that the policy followed with regard to the agricultural interests of Ontario, and especially New Ontario, should be such as to encourage the young men to remain within the province.

The Copper Cliff Mining Troubles. The copper cliff mining troubles were brought before the government, who had refused to interfere. He explained how the late government had a political purpose in not doing so. The statement of Mr. Gurney, that the late government had been careless from start to finish.

Assessment Act--Mr. Downey. To amend the Municipal Act--Dr. Lackner.

To amend the Consolidated Municipal Act, 1903--Mr. Hodgins.

To amend the act respecting the office of sheriff--Mr. Thompson (Centre Simcoe).

Respecting the estate of the late Hon. W. E. Sanford--Hon. Mr. Hendrie.

Respecting the Hermina Mining Company, also respecting the Bruce Mines & Algoma Railway--Mr. South.

To incorporate the Young Women's Christian Association of London--Hon. Mr. Beck.

The Public Debt.

Hon. Mr. Matheson has given notice of a bill relating to the public debt, and to raise money on the credit of the Consolidated Revenue Fund of Ontario. The first provides machinery for regulating the public debt and the second gives authority to borrow money if necessary to meet the Temiskaming Railway bonds. Mr. Jamieson gives notice of a bill to amend the Public Schools Act, and Mr. Preston of a bill to amend the act respecting gas and water companies.

The United Nickel Company's bill. To acquire the assets of the Huronian Company, Limited, which would give them, and it is hinted, indirectly the United States Steel Corporation, power to hold the lands in perpetuity, instead of seven years, was laid over. Mr. Carleton (chairman) Gurney and Graham criticized the request, especially in regard to the land asked. Mr. Graham remarked that there was a terrible gulf between seven years and eternity. Mr. Carleton said if special conditions should supersede the ordinary conditions, they operated in an unlicensed portion of the country.

Orillia asked authority to spend \$75,000 on its electric light plant, and not more than \$30,000 annually thereafter till the plant is paid for. The committee limited the expenditure to \$100,000. The bill will be reported when printed.

Point Pelee Drainage System. Point Pelee marsh drainage system, undertaken by the Township of Mersea, was altered somewhat and their bill approved.

St. Catharines' arrangement with Ridley College to supply water free to the college was approved.

The Town of Maitland bill to consolidate its debt on waterworks and electric plants was approved.

The Nelson Mining Lands was authorized to issue land certificates for sale among its shareholders.

Amend Succession Duties Act. The succession duties act, which has come under a great deal of criticism, is now being seriously challenged, and will likely be discussed in the legislature at an early date. This, said Hon. J. P. Roy, will introduce amendments this session doing away with objectionable features.

The method of determining whether an estate is liable is objected to as unjust. The act provides a duty of 2-1/2 per cent. upon all estates over \$100,000. Chief Justice Falconbridge decided that the value should be estimated upon the gross value of the estate, and property, regardless of mortgages. After this is determined, however, the

estate is liable only on its net value after deducting mortgages.

Hon. Mr. Foy's amendments will override the chief justice's interpretation and make it clear that only estates aggregating more than \$100,000 net are liable.

LITIGATION IS OVER.

Western Federation of Miners Pay \$100,000 and settle the Matter.

The litigation between the Centre Star and the Eagle companies and the Western Federation of Miners is over. A settlement was reached in Rosland by A. C. Galt, solicitor for the companies, and Taylor & O'Shea, solicitors for the union and individual defendants.

The settlement, which has been accepted by T. G. Blackstock, managing director, is an unusually generous one, and means the end of a long strike by which the City of Rosland has suffered severely. By the judgment of the supreme court of the Province of British Columbia in the Centre Star case, which was also to govern the War Eagle case, the federation was to pay in damages and taxed costs over \$300,000. The company has agreed to accept \$100,000 in full payment. All judgments against individuals are released and executions canceled.

S. S. Taylor, representative on the central executive of the federation, in an interview gave the following account of negotiations that led up to settlement. "When E. B. Kirby led the management negotiations looking to a settlement were opened at once. Mr. T. G. Blackstock, managing director, was communicated with at Toronto and in spite of his illness attended to the matter personally and the settlement received his sanction before it was signed. Our proposition was submitted to Mr. Blackstock and was more favorable than the one first proposed. Judgment was recorded against the union for \$12,000 damages, and \$5,000 taxed costs in the Centre Star case. The same damages would have been awarded in the War Eagle case. Now by the payment of a nominal sum of \$100,000 all judgments are set aside, judgments against individuals and executions are discharged and all property is released. There is no litigation pending now. The suits of C. Harris, Le Roy, Kirby and Rosland and Great Western companies are settled."

TO MOVE FAIR OFFICES UP TO THE CITY HALL

The special meeting of the property committee called for yesterday afternoon to consider the request of Manager Orr that quarters be allotted the Toronto Exhibition Association in the city hall, went into the matter further, and as a result the committee will recommend that the offices at present occupied by the city architect be given over to the exhibition. If the plan carries Mr. McCallum, acting property commissioner, and his chief clerk, R. C. Harris, will occupy joint offices in the northwest portion of the city hall.

LIABLE FOR SUCCESSION DUTIES.

The executors of the estate of the late Walter S. Lee have appealed from the judgment of Chief Justice Falconbridge holding them liable for succession duties.

They claim that the amount of a mortgage on certain property should be deducted from the valuation of the estate, which would reduce it below \$100,000. The chief justice held that the full value of the lands should be taken, and not the equity of redemption.

Grass is the main diet for geese, and there is danger of spoiling them by feeding too much grain.

DISSATISFIED EMIGRANTS.

The spring emigration rush is on, and the employes of the Union Station are being pestered with numerous unintelligible inquiries from prospective settlers. Several of the emigrants who arrived from the British Isles yesterday have been disappointed by their employers.

One man wanted to see the manager of the Grand Trunk Pacific so that he might obtain a lucrative job on that road.

A number of parcels have been stolen during the last few days, and the detectives are keeping an eye upon several swarthy personages from Southern Europe.

SPENT LIFE IN ONE PLACE.

Brockville, April 18--(Special.)--Benjamin Beale, a pioneer farmer and mill-owner of Leeds County, is dead, at an advanced age. He spent all his life at Beale's Mills, called after his family. His widow and five children survive.

Returned From Europe.

Major W. H. Orchard and Mrs. Orchard have returned home from a lengthy European trip. Major Orchard left Toronto the first of February, and while in Europe visited France, Germany, Spain, Italy, Austria, Gibraltar, England and several other places of interest. They also spent three weeks in Alsland before their return home to Canada.

VARICOCELE TREATED FREE UNTIL CURED

Varicocele is a serious danger than typhoid fever and smallpox. Thousands of men have it and are ignorant of the harm which may result. They only know that something is draining vitality and ambition from their bodies and brains, and know of no reason to account for it. This terrible affliction is the most treacherous, silent and certain in its work, of all known ailments. It comes on without apparent cause and never ceases in its destructive influence until it robs a man of all his vitality and leaves him a physical and mental wreck. There are many ways of treating, but none so sure of a permanent cure as Electricity. For nearly forty years I have studied this disease along with all debility men are subjected to my special study, and my success has been such that I offer every sufferer absolute

FREE TREATMENT UNTIL CURED

By my famous Dr. Sanden Electric Belt with Electric Suspensory, I don't ask one penny in advance or on deposit. Simply that you allow me to send my Belt and Suspensory for, say 30 days, and if you are cured or satisfied at the end of that time, then pay me my price--SOME AS LOW AS \$4. If not satisfied, return the appliance, and the transaction is closed. This is my method of dealing, based solely upon the earnest desire that every man may have an opportunity to try my cure for himself. When you consider the fact that I am the oldest and LARGEST ELECTRIC APPLIANCE MANUFACTURER in the WORLD, (in fact, I am the father of the electric belt system), and for nearly 40 years have had nothing but success, and that my great knowledge and experience insures to some the same for the future, you should feel safe in trying my offer. There are many imitators of my goods, but my great knowledge, due to experience and research, is mine, and this, and cannot be imitated. I give it freely to every user of my Belt, and this, with the best electric appliance the world has ever known, leaves very slight doubt of success. I also give my Belts on trial for Rheumatism, Lame Back, Kidney, Stomach and Bladder Troubles, Nervousness, etc.

Call or write to-day and let me assist you to health and happiness on my terms mentioned, and also two of the best Little Books ever written upon electricity and medical use. Free, sealed, by mail. Address: DR. A. B. SANDEN, 140 Yonge-street, Toronto. Office hours: 9 to 6 daily, Saturdays until 3 p.m.

Let the Men Wash if they won't get you Pearline.

Let them try it for themselves, and see if they don't say that washing with soap is too hard for any woman.

Where is the man who wouldn't want to have the washing made easier.

This hard work that Pearline saves isn't the whole matter. It saves money too--money that's down away in clothes needlessly worn out and rubbed to pieces when you wash by main strength in the old way.

Pearline's Way is Modern way.

PLES

Dr. Chase's Ointment is a certain and guaranteed cure for every case of itching, bleeding and protruding hemorrhoids.

See testimonials in the press and ask your neighbors about it. You can see it and get your money back if not satisfied. 50c. at all dealers of E. W. BROWN & Co., Toronto.

DR. CHASE'S OINTMENT.

A Booklet Concerning This Clothing is Given Away to all Those Who Call or Write for It—How to Dress Well at Less Than Tailor's Prices

Good Clothes Are the Emblems of Success. We Sell Such Emblems K. B. Clothing in the Finest of Fabrics.

GOUGH BROS.

Easter Events Call for Stylish Suits

DO YOU KNOW that clothes mark the man? Some people are very reluctant to admit it, but it's true nevertheless. DO YOU KNOW that we have a line of clothing (K. B. Brand) which you cannot distinguish from the work of the most skilled tailors? Only in Price. DO YOU KNOW that our K. B. clothing will not lose its color and that it will retain its shape 'till worn out—even if exposed to wet weather? DO YOU KNOW that only at Goughs' can you get this famous concave shoulder perfect fitting Union Made Clothing, and such clothing that no other maker can ever dream of duplicating?

TWO ENTRANCES 168 Yonge Street, 6 and 8 Queen St. West

BOARD OF TRADE AND FENDERS.

Protest to be Made to Mr. Fleming Level Crossing Conference.

The council of the board of trade again discussed yesterday, with President Allan in the chair, they learned that the matter had to a certain extent been neglected at the city hall because the board of control had been busy preparing the estimates, but in the course of a week or ten days a meeting will be held, at which the question will be taken up. The council urged for some action in the matter, and will co-operate with the board of control when it meets. Reference was made to the number of people killed by the street railway company, which is believed to be largely due to fenders that are not life saving, but merely serve to keep people from going under the wheels. The secretary was requested to write to Manager Fleming, asking if he was looking up something new along these lines.

Speaker St. John's Dinner.

The following gentlemen were invited to dine with Hon. J. W. St. John, Speaker of the legislature last night: Hon. Justice MacLennan, Hon. Justice MacMahon, Hon. Justice Teetzel, Hon. Justice Anglin, Hon. Justice Idington, Hon. Justice MacGowan, Hon. Justice Smith, Hon. H. E. Bantwell (Boston), Rev. Dr. Wild, Very Rev. G. McCann, Rev. A. Rankin, Lt.-Col. John I. Davidson, W. H. Beatty, H. C. Hammond, Dr. W. A. Chaiton, W. A. Moore, E. B. Ryckman, Dr. T. J. Gilmore, the following members of the legislature: Hon. Dr. P. J. B. Lucas, M. B. Morrison, C. A. Brower, J. Tucker, G. N. Kild, R. R. Gamey, F. G. Macdonald, H. Elber, J. P. Downey, Mayor Hugh Clark, T. E. Bradburn, J. H. Fisher, George Kerr, T. G. Carscallan, Dr. Lackner, A. B. Thompson, D. Sutherland, W. R. B. Smyth, E. A. Dunlop, T. W. McGarry, A. G. McKay, S. Clarke, J. J. Preston, J. S. Gallagher, H. Lennox, Dr. F. W. Lewis, H. DeVilvill, Anderson, Dr. M. Currie, R. A. Thompson, W. N. Anderson, assistant treasurer; A. W. Campbell, assistant commissioner of public works; Thomas Mulvey, assistant provincial secretary; S. T. Skelton, deputy commissioner of fisheries; Avern Pardoe, librarian; the sergeant at arms; Lt.-Col. Delamere.

Binnosheps Bay Land.

A. H. Smith of the Saskatchewan Valley and Manitoba Land Company has closed a sale of 5000 acres of land in Saskatchewan, on the main line of the Canada Northern Railway. The purchaser is from Amberst, N.S. Another block of 5000 acres, near Humboldt, was sold to a Nova Scotia man.

The Liquor Habit You may depend upon confidential treatment, if you wish a cure secretly, and surely. Samaria Remedy is tested—tried—and successful. Sample free. Samaria Remedy Co., 22 Jordan St., Toronto. Sample sent in plain sealed envelope.

MAYOR AND HIS COURTESY TO FIRE DEPT. DEPUTATIONS

Being an Echo of the Past, Revived by the Course of Recent Events.

A special meeting of the city council is likely to be called, probably on Thursday, and the business of the firemen's salary, which was snapped off by Controller Spence on Monday night. Various details of the discussion are being commented upon by the firemen, but the chief resentment seems to be in the fashion in which the mayor and Controller Spence have talked about the deputation which waited on them. Yesterday the mayor is quoted as saying: "I fully concur in all Controller Spence said in his communication of the case to the council. Three men were called on me and had it not been for the sake of courtesy I would not have received them. They spoke to me only of the salaries of the firemen, and did not mention the officers, for they had received their lesson the night before from Controller Spence."

And this is the way one fireman passed on it: "Received for the sake of courtesy, but I would not have received them. They spoke to me only of the salaries of the firemen, and did not mention the officers, for they had received their lesson the night before from Controller Spence." "Now that Saturday afternoon Mr. Urrhart received a deputation in his law office. One of the men was on the subject of the firemen's salaries, but he received out of courtesy. And Mr. Urrhart was told to go his laborer's way, but he would not do so. He sent his brother. And the goods were delivered. On election day, at the very fire station where the caucus was held, he was jabbering with the firemen in his assured success. "But that's not all. There was a big element in the fire department opposed to the union. Another deputation waited on (now) Mayor Urrhart. And Mayor Urrhart in his own hand it is, gave a petition to be signed by these firemen opposed to the union and gave it back for signature. That petition was the union movement when it was presented in council two days later. At the meeting, too, the mayor voted against the petition being considered. "We've remembered all this, if he has forgotten it."

Chief Thompson said yesterday in reference to the "caucus" that he had been asked by the firemen to go on a mission to hold a meeting to consider ways and means of getting higher salaries for the firemen. He did not like to remove it, but he thought it was working only for him, and he did not want to aid them. Canadian Medicine in England. A banquet was tendered last week to the ex-house staff of Toronto General Hospital in England by Donald R.C.S.E., son of the late chief justice. Dr. Armour was on the honor list. The banquet was given by present were: Drs. Geo. Badgerow, Colin Campbell, Dr. D. C. Carter, J. M. Cochrane, J. C. Hendry, W. J. Malloch, J. R. McCollum, Geo. W. Ross, A. J. Staunton, G. A. Schmidt, P. W. Saunders, E. W. Wright, T. P. Blair, and S. H. Westman.

Dr. Armour, who is a witty after-dinner speaker, gave a warm greeting to his Canadian guests, and proposed "The King" and "Canada" and the British Empire, and "The Maple Leaf Song" made all present think of their Canada. The toast of the evening was "The Toronto General Hospital and Dr. Charles O'Reilly," the vociferous reception of which can easily be imagined. It reminded them of their college days and how they always used to cheer for O'Reilly when his health was toasted at their medical societies' dinners. The evening was indeed a happy one, and the names of the guests were published in the Toronto Globe.

Port Arthur, April 18.—(Special.)—There is now every indication that there will be a late opening of navigation at the Canadian head of the lakes. In the early part of the month there was every indication of an early opening, but since then the weather has been unusually cold, and the ice has not thawed a particle. The indications are that the harbors before May 1. It is likely that when the deputation goes to these harbors before May 1, they will urge upon them the placing of an ice breaker at the head of the lakes. With the aid of a crusher navigation could be opened here at least two weeks earlier every spring, and this would be a great deal to the people of the west.

New Agents' Association. The Canadian Transportation Company, a national organization, has been formed for mutual advancement. Those admitted into membership are freight and passenger agents. It is also proposed to admit steamboat freight and passenger men. A committee to call on all officers will consist of Messrs. Sutherland, Thomas, Barnes and Hamilton, representing the Intercolonial, York Central, the Intercolonial, the Grand Trunk and the Canadian Pacific, respectively.

Women's Welcome Hotel. The English Immigration Societies which refused to send out new girls to Toronto until the city had a receiving home for them, are now in the batch which arrived on Monday. They were taken to Montreal and other points except one, and she was forwarded to Hamilton. As the Women's Welcome Hotel will probably be fitted up to receive immigrants before the middle of May, Miss Fitzsimon expects a large party about May 20.

New University Calendar. The university calendar for 1905-6 has been issued. It usually makes its appearance about mid-summer. The changes are minor ones. In composition phrases and sentences illustrating grammatical rules are substituted for connected passages of English narrative. In other words, prose composition has been reduced to sentences illustrating ordinary rules of syntax. More stress is laid on right translation.

Passes the Upper House. St. John's, Nfld., April 18.—The upper house of the colonial legislature has passed Premier Bond's bill excluding American fishermen from Newfoundland waters. The bill provides that American fishing vessels, found within three miles of the coast of Newfoundland, and with supplies or outfit purchased at any port on the island, shall be seized and forfeited, together with their cargoes.

Summer Rates Settled. The members of the executive committee of the Canadian Passenger Agents' Association met at the King Edward Hotel yesterday and agreed upon the summer schedule of rates. Thomas Henry of the R. and O. presented a receipt of price, by the Doan's Backache Kidney Pills, Toronto, Ont. Dr. McDonald and D. A. Rose.

DISTRICT OWNED RAILWAYS AIM OF THE TWIN TOWNS

Municipal Ownership Satisfactory and Principal May Be Extended to Electric Franchises.

Port Arthur, April 18.—(Special.)—The public ownership and in Port Arthur is increasing daily, in consequence of the satisfactory results which have been manifested in the present franchisees. J. G. King, the chairman of the electric railway and light board, is now advocating a district-owned electric railway, in which Port Arthur, Fort William and the surrounding districts should be joined together. He is stating that the representatives of the two towns and the townships get together to make arrangements for the joint partnership; that Fort William and the municipalities purchase an interest in the Port Arthur Railway, and the three municipalities would then share in the profits of the amalgamated road.

HOUSE OF INDUSTRY SHOWS DEFICIT

Annual Report of Charitable Institution Presented to Board.

The sixty-eighth annual meeting of the House of Industry was held at the Institution, Elm-street, yesterday afternoon. Controller Spence was voted to the chair, in the absence of the mayor. The secretary and treasurer presented their annual reports, which were very satisfactory, showing the number of inmates for the year to be 335, or a daily average of 146; these, at a cost of \$125,000, were fed, clothed, and sheltered. Nine hundred and sixty families were helped outside. During the year 13,067 lbs. of bread were distributed, also 570 tons of coal, 3300 lbs. of oatmeal, 3254 lbs. rice, 2706 lbs. sugar, 725 lbs. tea, and 12,400 gallons of soup; total cost, \$7044.39. 1857 prisoners received lodging and meals at the Wayfarers' Lodge. The homes cost of Toronto cost the society \$226,890, whilst casuals from other municipalities cost \$125,860. The total cost of meals given out during the year was \$6,097, costing \$167.54, or an average of 27 cents per man. Mr. MacMurphy, treasurer, presented his report, showing total expenditure \$24,000, which with the deficit remaining from last year totaled \$33,317.73. The receipts from all sources amounted to \$10,018.15, leaving a deficit of \$23,299.58. This amount it is hoped will be wiped out in the near future.

WILL CELEBRATE THE PASSOVER.

Eight Days' Service Among the Jews, Commencing To-Day.

The Feast of the Passover commences this afternoon and will continue for eight days. Services will be held at Holy Blossom Synagogue, on the first and last two days of the feast, the evening services commencing at 6.30. The Passover is the oldest religious observance of the Jewish community, and its first institution dates back over thirty centuries. Since that time, the observance of Israel has celebrated the wonderful redemption with the same warmth and enthusiasm as on the day when it was first instituted. To the Hebrews of the present moment it is an earnest of the time when all the troubles of his race will end.

According to Hebrew teaching the Passover is also a symbol of the redemption which men expect on each other shall cease, and that slavery, no matter what shape or form it may be, is destined to be annihilated by the advent of the Messiah, and therefore cannot endure, and that liberty is the birthright of all sections and classes of the human family.

New Issue Electric Stock.

A special meeting of the shareholders of the Canadian General Electric Company was held yesterday at the office, 14 East King-street, with H. P. Dwight in the chair, to authorize the increase of the capital stock from \$2,000,000 to \$5,000,000 by the issue of 20,000 shares of common stock at \$100. As the company has been subscribed and the company is desirous of extending its business, this increase has been found necessary. Two million seven hundred thousand dollars of the new stock will be common stock, and \$300,000 preferred. At present the company will not issue more than 5000 shares, which will realize \$500,000. This will be offered to shareholders of common stock in the proportion of one share to three of their holdings at a premium rate of \$25 for each share of \$100.

Sam Hughes' Geography.

Geography is a new public school geography will be issued shortly, and it behooves those who have the publication of the geography in charge to produce the best. There is no more capable man in Canada, and no man better qualified to compile a useful and up-to-date geography than Col. Sam Hughes, M.P. His experience as a teacher and his extensive travels as a military officer, and on private and public business, fit him for the task. He has had Col. Hughes' geography.

Russia's Designs on Norway.

London, April 18.—Sven Hedin, the explorer, has written a letter to the Times in which he states that the intention of the union, Sweden and Norway, is to leave Norway's fate which probably would be that Russia would seize the strip of Norwegian territory from Lyngen Fjord on the west to Jakobs River on the east for the sake of warm water ports. He says that the Hedin says would then seek "compensation" at other points on Norwegian coasts. He argues that the extension of Russia's hopes in the Pacific Ocean makes such a danger very real.

Colorado, California, Portland and Yellowstone Park.

Specially conducted excursions are arranged via the Grand Trunk Railway system, in charge of experienced conductor. All expenses included. To leave Toronto, early in July and August. Rate is not expected to be over \$150 from Toronto. Do not book any other party before consulting E. M. Bowler, 201 Beverley-street, Toronto.

Former Hotel Clerk Dead.

Albert J. Mason, who was a clerk in the Grand Union Hotel in 1890, when he died in his room in San Francisco with his throat cut. He was in the employ of the Northern Commercial to Toronto, he was clerk in the Quinlan House, Belleville, and was well-known to the travelling public. He was a member of Stevenson Mason's Lodge and originally came from Montreal.

Want Russia's Trade.

St. Petersburg, April 18.—The first official business to be taken up by Leo von Meyer, ambassador to Mexico, with the foreign office, is the re-opening of the important question of the removal of the countervailing duty levied in Russia against American manufactured goods in retaliation for the countervailing duty in the United States on Russian sugar.

Still Losing Their Chateaufort.

Mrs. Curry, 56 Huxley-street, while shopping in Eaton's yesterday, left her shopping on a counter while she looked at a bargain. It disappeared with her. The correct inability to hold passages, and thus obviate the necessity of getting up many times at night to urinate. Their good results will be immediately felt in all cases of kidney trouble.

Price 50 cents per box, or \$ for \$1.25. At all dealers, or will be mailed direct, on receipt of price, by THE DOAN'S BACKACHE KIDNEY PILLS, TORONTO, ONT. EDWARD FELL CO., TORONTO, ONT.

NEW YORK. 47th Street, and 35 Doses—35 CENTS. EXACT COPY OF WRAPPER.

IMPERIAL COAL THAT BURNS TO WHITE ASH NO SLATE NO CLINKERS DELIVERED PROMPTLY AT LOWEST MARKET PRICES. ONCE USED - ALWAYS USED. PHONE NORTH 2084-2085-1801. THE IMPERIAL COAL CO. I HAVE TWO HOUSES

in South Parkdale for delivery on the first of May. Not since the collapse days after the boom of '86 has there been such a chance to get a splendid home for so little money. My permanent residence in Ottawa makes it necessary for me to close out my holdings in Toronto real estate, and I now offer my former residence and lot, at No. 166 Jameson-avenue, for a price which would barely build the house to-day. The lot alone is worth \$5,300. The house would cost to build \$4,200. Actual value to-day \$7,500.

To anyone who will buy this house and lot before the first day of May I will make a special price of \$5,500. This is a chance of a lifetime.

The lot is wide and deep, with shrubbery, fruit and shade trees. The house is built better than they build houses to-day. Have a look at this house, and also the one at 179 Jameson-ave. Both are for sale.

If you are interested apply to R. S. King, care of the Elias Rogers Company, or to any real estate agent making a specialty of house property. ALFRED WOOD, Ottawa Free Press, Ottawa, Canada.

THE NEW FRENCH REMEDY THERAPION. This successful and highly popular remedy, used in the Continental Hospitals by Ricord, Kossuth, Robert, Volpeux, and others, cures all the diseases which it has been used for. THERAPION No. 1 is a remarkably short time, often a few days, cures all discharges from the urinary organs, suppurating infections, the use of which dispenses with the use of catheters, and the use of other serious diseases. THERAPION No. 2 for impurity of the blood, scurvy, pimples, spots, blotches, pains and swelling of the joints, secondary syphilis, gonorrhoea, and all diseases of the urinary tract, and the destruction of uric acid, and relief of rheumatism. This preparation purifies the whole system through the blood, and thoroughly eliminates all poisonous matter from the body. THERAPION No. 3 for chronic catarrhs, impaired vitality, prostration, and all the distressing consequences of early excesses, violence in bed, unhealthy climates, &c. It possesses surprising power in restoring strength and vigor to the debilitated organism. THERAPION is sold by Chemists and Druggists throughout the world. Price in England \$2 & 48. In the United States, which of the three numbers required, and observe the name of the manufacturer, and the name of the "Therapion" as it appears on the wrapper of each box. The name of the manufacturer is "Therapion" as it appears on the wrapper of each box. To every package by order of H. H. Mitchell's, Health Commissioner, and without which it is a forgery.

Always Remember the Full Name Laxative Bromo Quinine Cures a Cold in One Day, Grip in 2 Days. E. H. Brown on every box. 25c

LOCAL HORSE MARKET SALES ACTIVE, PRICES FIRM

Canada in the lead. The success that is now attending the labors of the Canadian packers is due to the educational policy conducted thru many years of the country.

All Animals of Any Quality Find Ready Buyers at Good Figures, But Weeds Are a Glut.

The horse market is well sustained. In fact, never was it brisker or better. In Toronto, for every kind of horse of any quality there is a good demand—a demand that at prices puts the \$150 offered by the British government for remounts entirely in the shade.

Canada already announces with some pride that one of the leading exporters has lately said that his observations of the two years led him to believe that in the future business will be done more largely with Canada and less with the United States.

Sheep Industry Prosperous.

In some of our recent market days reports the following is a statement of the sheep department: "Export ewes sold at \$7.50 to \$8.50 per cwt., and \$2.25 to \$2.50 for choice yearling lambs, ewes and wethers, grain fed, sold at \$1.25 to \$1.75 per cwt.; heavy buck lambs at \$8 to \$8.50 per cwt."

One thing is certain of the market, namely, that each succeeding sale more and more proves that not only is the Toronto horse market growing, but Toronto is now beyond all doubt the centre of the horse trade for Canada.

Case of Wheat Failure.

Drovers' Journal: Secretary Wilson's statement that "if the wheat farmers of the Northwest do not grow wheat at a profit they must rotate their crops" is one that applies not only to the Northwest but everywhere.

Do Not Want Horses Cattle.

Chicago Livestock Journal: Even on the present booming market with its scarcity of good cattle discrimination is shown against steers wearing horns.

There was a large attendance and brisk bidding at Monday's sale of Canadian Horse Exchange, Jarvis-street.

There was a large attendance and brisk bidding at Monday's sale of Canadian Horse Exchange, Jarvis-street, which was held at 11 a.m. when Lord Dundonald's carriage horses, that failed to arrive yesterday owing to bad weather, were put up for sale along with a choice lot of draughts, expressers, drivers and second hand drivers, 375 to \$120.

Department of Agriculture, Ottawa, is responsible for the following: A great deal of misunderstanding having arisen concerning the objects of the imperial government in sending its agents to this country to purchase horses, or rather to see if horses suitable for the British army can be purchased in this country.

DR. A. W. CHASE'S 25c CATARRH CURE.

is sent direct to the diseased part by the improved flow. It is a simple, safe, and effective remedy for all cases of Catarrh of the Bladder, Prostate, and Uterus.

horses, say, from 200 to 500, in Canada, a great number will be given to horse breeding generally, and to breeding of the military type of horse particularly.

The average price paid in England is about £100, or \$1,600. The cost of freight and insurance will certainly not exceed another \$50, leaving a net profit of \$1,050.

87 Loads at City Market PRICES HIGHEST OF SEASON

On Monday evening quite a number of people attended at the Canadian Horse Exchange, Jarvis-street, to see the show horses put thru their paces.

Receipts of Live Stock since Friday last.

As reported by the railways, amounted to 87 loads, consisting of 124 cattle, 124 hogs, 246 sheep and lambs, 240 calves, 100 horses.

Prices picked out of butchers' buyers.

Choice short-cut steers, 1100 to 1200 lbs., each, at \$5.00 to \$5.25 per cwt.; heavy steers, 1000 to 1100 lbs., each, at \$4.75 to \$5.00 per cwt.

Chicago Horse Market.

Chicago, April 18.—A uniformly steady and brisk trade for nearly all commercial grades of horses was reported.
