U.S. Prepares for Aggressive Action Against Germany

BRITISH ADVANCE IN ARRAS REGION UNITED STATES MAKING BIG WAR PREPARATIONS

FRENCH CAPTURE ST. QUENTIN LINE

Several More Powerfully Fortified Villages Fall Before Onslaught of Allies—Germans Pushed Back on Ailette River.

LONDON, April 3.—Prolonged fighting for the Village of Henin-sur-Cojeul, southeast of Arras, has ended in the capture of the place by the British, according to the official report tonight from headquarters in France. Malesmy, northwest of St. Quentin, and Ronsoy Wood, further to the north, have also been occupied.

The text reads: "In the course of a successful attack yesterday southeast of Arras, our troops, after prolonged fighting, carried the Village of Henin-sur-Cojeul, in addition to the villages already reported captured. During the evening a second German counter-attack was broken up by our artillery. (The other villages, mentioned in Monday's official statement, were Dognies, Louveral, Noroull, Longatte, Ecoust-St. Mein and Croisilles).

"Further south we also captured the Village of Malesmy and occupied Ronsoy Wood. We carried out a successful raid last night opposite Arras. German Aeroplanes Fall. "Two German aeroplanes were brought down by our gunfire yesterday, one of which fell in our lines. In air fights four German machines were brought down and two others were driven down damaged. Six of our machines are missing."

Despite a heavy blizzard which raged during the night, further progress was made by the British forces, says Reuter's correspondent in a despatch from British headquarters in France. Henin-sur-Cojeul, five miles southeast of Arras, has been cleared of the enemy, giving the British possession of the line running almost straight from Beaurains to the Amiens-Cambrai road, near Beaumetz. The British occupied the Village of Malesmy, northwest of St. Quentin, while a German counter-attack against Templeux-le-Guerard was repulsed with heavy casualties.

INTERVENTION OF U.S. HASTENS END OF WAR

Viscount Bryce Declares American Participation Will Increase Demoralization and Weaken Resistance of German Armies.

LONDON, April 3.—Replying to the question of the Associated Press as to what difference America's entrance into the war would make to Europe now and hereafter, Viscount Bryce, the former British ambassador at Washington, said today: "I would say that it will be of the highest importance in three ways, and it gives the keenest pleasure to America's warmest friends here. Firstly, it must bring the war to a speedy close, not only by the material aid, in money and men and in the supply of food to the allied countries, America can render, but also by the moral effect her participation will produce on the German people and the German armies. They will now see that success has for them become impossible. Demoralization must increase and resistance weaken. "Secondly, America comes in from no selfish motives, but as the champion of international justice and humanity, outraged by the German methods of conducting the war. She stands by the allies in their effort to vindicate human rights, to respect for which the success of Germany would give a fatal blow. "Thirdly, the world has for nearly a century and a half known and admired America as a country which has pre-eminently loved and prized freedom, and given sympathy to all who strove for it. She is now rendering help of incalculable value to the cause of freedom. "For Government to Blame. "President Wilson, in his lofty and impressive address, worthy of the occasion that called it forth, has rightly dwelt on the fact that it is the German Government rather than the German people that is responsible for the series of crimes committed by land and sea during this war. The German people, hitherto fed by their government upon lies, will now begin to realize that it is the military caste which dominates them that has by its ruthless savagery roused against Germany the horror and indignation of the new as well as the old world. We may now hope that they will shake off the yoke and bring themselves, as the Russian people have done, into the fellowship of those free nations whose governments would not dare to perpetrate such crimes. "Never has a better blow been struck for democratic freedom than that which America is now dealing to the last of the despots that remain in Europe."

MENTION OF WILSON CHEERED IN COMMONS

Premier Lloyd George's Speech Awaits Action of Congress. London, April 3.—A storm of applause was aroused in the house of commons today by mention of President Wilson's address to congress. Henry Dzialiel asked Chancellor Bonar Law whether he was in a position to give any information as to the decision of the American Congress in regard to war. Mr. Bonar Law replied: "I have just received a telegram from our ambassador in Washington in which, after referring to the speech of President Wilson, he adds that in his opinion it was well received by congress, and the expected authority asked for would be given."

British Ship Torpedoed American is Among Victims

New York, April 3.—The British steamship Stanley, of 3,978 tons gross, from Newport News, March 7, with a cargo of grain for Cherbourg, was sunk by a German submarine without warning on March 31, and five members of her crew killed. Fifteen survivors of the ship reached here today on the steamship Port Albany. Two other members of the crew, one an American, died of exposure in open boats.

Enactment of War Resolution Not Later Than Tomorrow Anticipated, and Meanwhile Wilson and Cabinet Consider Program for Aggressive Hostilities—Selective Conscription to Raise Adequate National Army.

WASHINGTON, April 3.—War plans—military, economic and financial—for aggressive hostilities against Germany were rushed forward today by the administrative branch of the government, and only await action by congress on a war resolution to be put into execution. Enactment of the resolution not later than Thursday was confidently forecast at the capitol after a delay of 24 hours had been caused in the senate by Senator La Follette's objection to its immediate consideration. Debate will begin in both houses tomorrow, with action before adjournment probable. Sentiment in favor of the resolution is almost unanimous, and the only question is how much time shall be devoted to speechmaking. "Discuss War Plans. President Wilson and his cabinet went over the war plans at a two-hour session, and previously the national defence council with its civilian advisory commission and several subsidiary organizations developed policies and details of momentous consequence to the nation. Meanwhile the war and navy departments were going ahead with the most immediate preparations for defence. "Already the navy has taken steps to ensure co-operation between the American fleet and those of the entente allies, to become effective upon the formal entry of the United States into the war. The most important plans under preparation by the administration include: "Selective Conscription. Enlistment by selective conscription of young men for a national army, in

addition to the regular establishment and national guard, in increments of 500,000 until enough have been trained to make certain the defeat of Germany; "Organization of the nation's commercial interests for economical and effective distribution of commodities among the civilian population; "Rapid provision of adequate means of combating the submarine menace; "The raising of a very large sum of money as much as possible to be obtained by taxation, and the definite amount of the first budget not to be fixed until the exact needs of the army and navy of the entente allies are ascertained. "Purchase of supplies and equipment of all kinds for the army under a provision of law which allows the secretary of war to fix a "reasonable" price; and "Division of the young men of the country into service classes, those needed more in industries than in the army or navy to receive special training, and those performing duty equivalent to fighting. "Will Hurry Legislation. Most of these plans will require the authorization of congress, but front opinions expressed at the capitol it is believed that once the war resolution is adopted further legislation to empower the executive branch to go full speed ahead will follow quickly. There is every indication that the nation, thru its representatives, will follow out President Wilson's words to congress and "exert all its powers and employ all its resources to bring the government of the German Empire to terms and end the war."

The council of national defence, composed of Secretaries Baker, Lane, Daniels, Wilson, Houston, and Redfield, following a conference with its advisory commission, decided to name soon a commercial economy board to organize the commercial interests of the nation for effective distribution of all necessary commodities among the people generally. Its aim will be to deal ahead of time with problems of wartime distribution. "To Raise War Sins. In line with the president's suggestion to congress in his address that the present generation bear as much of the financial burden as possible, the ways of providing money under consideration today included increasing the excess profits tax, lowering the minimum for exemptions and increasing the super-tax under the income tax law, increasing internal revenue taxes on small articles and placing stamp taxes on some articles not now included. The general idea is to place taxation most heavily on those best able to pay. "It is realized, however, that some of the necessary funds will have to be raised by bond issues in the form of popular subscription loans. It was estimated by one cabinet member that \$10,000,000,000 in small interest loans can be raised quickly in the U. S. "Opposition has developed to the guaranteeing of foreign bond issues, but it appeared probable that the U. S., having raised money in this country, would purchase the bonds of one or more of the entente allies at low rates of interest and in that way furnish them with ample capital with which to further their own war plans.

NEW PEACE MOVE COMING FROM FOE

Berlin Warmly Supports Proposal That Belligerent Powers Confer. London, April 3.—The Berlin Lokal Anzeiger maintains Germany is still standing unshaken. "The standpoint taken by the Berlin and Vienna governments is shared, it need hardly be said, by the governing circles of Sofia and Constantinople, and will shortly be given fresh emphasis by a visit to Germany of a highly placed personage from the dual monarchy. "More unbroken and more firmly we stand on all fronts and more conscious do we feel our power to persist to the end, better are we able with head erect to offer our enemies a peace worthy for all parties for the immense sacrifices they have made in this war. "Should our enemies show themselves now unwilling to grasp this opportunity for preparing to end the bloodshed and for restoring peace to the peoples of Europe, they will act on their own responsibility. We are prepared to continue to hold out. On that there is only one opinion in our quadruple alliance."

NO STEP BY GERMANY TO WAGE WAR ON U.S.

Berlin Says No Change of Attitude Will Follow Action By U. S. Congress. BERLIN, April 3, via London, April 4.—The press report of President Wilson's "state of war" message reached Berlin at 10 o'clock this morning. It is declared here that there would be no change in the German attitude, even if congress adopted President Wilson's views. Germany will not declare war nor take any steps to wage war against the United States. The submarine war will be continued as it has been conducted since Feb. 1, but this, declare the officials, is not directed more against the United States than any other neutral. "It is also declared that there will be no change in the treatment of American citizens in Germany, who now have the same freedom as all other neutrals. But Germany expects that the United States will continue the same treatment of Germans in that country."

CANADIAN VICTORY LOAN MUCH OVER-SUBSCRIBED

Total Subscriptions Almost Two Hundred and Sixty-Seven Millions. Ottawa, April 3.—The total subscriptions to the third war loan are \$266,734,390, of which \$60,000,000 was received from the chartered banks and \$18,121,000 represented conversions from the 1915 war loan issue. A statement to this effect was made by Sir Thos. White this evening. The amount of debenture stock which will be surrendered in payment of subscriptions, is \$5,983,000. "No less than \$2,200,000 is represented in excess of \$40,000. The task of allotment of the subscriptions is now in progress. No allotment will be made in the subscription of \$60,000,000 made by the chartered banks. "All subscriptions of \$25,000 or less will be allotted in full."

U. S. VALUABLE AS ALLY OPINION OF PREMIERS

Massey of New Zealand, and Morris of Newfoundland Express Views. London, April 3.—Among the prominent men whose opinions on President Wilson's address are printed here are those of William Massey, premier of New Zealand, and Sir Edward Morris, premier of Newfoundland. Both are enthusiastic over the advantages the entente allies will derive from America's entrance into the war. Premier Massey considers that the principal advantage would be derived from the sea made navy and the American merchant marine, while Sir Edward believes that the United States will enter into the war with tremendous energy and determination. He anticipates that the American navy, co-operating with the allied fleet, will be able to make a lane across the Atlantic and thru the Mediterranean as well as Great Britain already has made the lane between channel ports and thus assist in conveying food, men and munitions. "DRY" GAINS IN U. S. New York, April 3.—Returns from Illinois, Minnesota and Wisconsin show extensive gains for prohibition. In Illinois, Springfield and eight smaller towns go dry. In Minnesota, Duluth, Weyauwega, and Madison, Capitol of Wisconsin, also vote against license.

WHAT ABOUT EDISON? IS QUESTION IN PARIS

His Inventive Genius Counted Upon to Help U. S. in War. Paris, April 3.—The attention of France is fixed intently on Washington, waiting for a vote of congress on President Wilson's recommendation that congress declare that a state of war with Germany exists. Among the characteristic newspaper comment is that of The Temps, which says: "It is a great date in the history of America, a great date in the history of humanity. The decision not to mix in the quarrels of Europe has dominated American policy for more than a century. German violence has been stronger than this will, and a few ally joins us. Despite the Monroe Doctrine, despite immigration and despite all sorts of ties binding two nations, the aggressive policy of the Hohenzollerns has forced war on a people which was firmly decided to remain neutral. "What will Edison do? "What unexpected discovery will he offer to his country? "Are questions that are being asked by the French people in view of the prospect of the United States joining the entente. The greatest curiosity is being manifested in possible new war inventions. "Polish Prospects Brightened By Entry of U. S. into War Canadian Associated Press Cable. London, April 3.—Roman Dmowski, leader of the Poles and a former member of the Russian duma, in a statement today concerning President Wilson's address to congress said: "From the Polish standpoint the participation of the United States in the war is most desirable. We are sure of our rights and of her duty to civilization as more than the public here expected. Despatches from America in the past month had represented the president as so reluctant to enter the war that recommendations to congress limited to defensive measures for the protection of American commerce would have fulfilled the general expectations. That the Russian revolution did much to pave the way for American co-operation with Germany's opponents and made President Wilson's policy possible as one of the most important of the situation which the newspapers seize on. "Blame German People. The only feature of President Wilson's message which evokes dissent is his accusation of the German people from responsibility for the policies of the German Government. Liberal papers, like The Daily Chronicle, contend that the German people have supported with apparent enthusiasm such proceedings as have been going on in Belgium and have demanded its annexation. "That the press regards the entry of America as one of the most important events of the war is shown in the (Concluded on Page 11, Column 4).

U. S. ACTION SEALS DOOM OF POTSDAM

Greatest Event Affecting the War Since Britain Joined. London Believes. LINES UP FREEDOM Message of President Wilson Pleases Public—German People Blamable. London, April 3.—President Wilson's message aligning the United States with the nations fighting against Germany was warmly welcomed and unanimously acclaimed by the British people. They recognize that no decision with a weightier influence upon the result of the world struggle has been given since Great Britain, after a few days of consideration, resolved to march with France. No news of the past year has so stirred the country, save only the Russian revolution. There have been no street demonstrations or exhibitions of excitement, such as the first news of the war saw in London, because the war has long since passed the stage of excitement, and is regarded here, as in America, as a heavy and solemnly borne duty. The substance and tone of the president's message was an electrifying surprise. The directness and the firmness of the German methods, and his whole-hearted devotion of America's duty to maintain her rights and of her duty to civilization as more than the public here expected. Despatches from America in the past month had represented the president as so reluctant to enter the war that recommendations to congress limited to defensive measures for the protection of American commerce would have fulfilled the general expectations. That the Russian revolution did much to pave the way for American co-operation with Germany's opponents and made President Wilson's policy possible as one of the most important of the situation which the newspapers seize on. Wife of Sturmer Driven To Attempt to End Life

London, April 3.—The wife of the former Russian premier, Boris V. Sturmer, has attempted to commit suicide, according to a Reuter despatch from Petrograd. After receiving a letter, the contents of which are not known, she cut her throat. She was taken to a hospital, where she is said to be in a dangerous condition. Mrs. Sturmer is 63 years of age.

Easter

"Doll Up" A Bit For the Big Easter Dress Parade

There is no time in the whole year for the human race like Easter. It's the budding time for Dress. Man, like nature, is just bursting with the desire to throw off the heavy garments of winter and blossom forth into new apparel. It's the time we prepare for. It's the "open sesame" to the new spring business and by all the signs of the "Totem" it's going to be a banner year.

Our new models are coming in freely in all Departments and eager buyers are daily picking up the smart styles. It's not our purpose in this little talk to give you a detailed price list because, as we have so often said, prices are really meaningless unless you see the fabrics and styles at same time. As a guide, however, we say from \$15.00 to \$38.00 gives you a wide range to select from both in suits and overcoats. We have taken care of the patterns and fabrics for you so that all your care on that score is eliminated and, as an Irishman said once as a final wind-up to an argument, "We'll lave it go at that".

Our New Men's Furnishing Department

fairly scintillates with new and tasty neckwear, shirts, gloves, hosiery and all other little fixings that go to make up your complete attire for Easter.

Our Furnishing Department is another bright spot in our big store that we feel sure will interest you.

ROOSEVELT DESIRES TO RAISE DIVISION

He Says U. S. Must Send Troops to Firing Line Without Delay.

Washington, April 3.—Col. Roosevelt stopped off here today on his way home from Florida to call on President Wilson at the White House and congratulate him on his address to congress. He went to the main door of the executive mansion, where he learned that the president had gone over to his offices. The colonel told the chief usher he was only in town between trains. He left his card and departed without seeing the president. It was the colonel's first visit to the White House since the day in 1909 when he said good-bye to President Taft.

Standing in the midst of a great crowd in the railroad station here Col. Roosevelt dictated the following statement:

The president's message is a great state paper which will rank in history among the great state papers of which America in future years will be proud. It now rests with the people of the country to see that we put in practice the policy the president has outlined, and that we strike as hard, as soon and as effectively as possible in aggressive war against the government of Germany. We must send troops to the firing line as rapidly as possible. Defensive war is hopeless. We must by vigorous offensive warfare win the right to have our voice count for civilization and justice when the time for peace comes. "I, of course, very earnestly hope that I may be allowed to raise a division for immediate service at the front."

Toronto District Again Leads In Two Weeks' Recruiting

By a Staff Reporter.

Ottawa, April 3.—The Toronto military district did magnificently in recruiting during the last fortnight of March, 1917, joining the overseas forces, which is better than any military district has done for a long time. However, the number of recruits secured throughout the country during the whole month was one thousand smaller than during February. Recruiting in Canada goes on at the rate of 350 a day.

The Ottawa-Kingston district came second with 781 men, or more than double the first fortnight's recruits, and the others came in the following order: Manitoba, 590; maritime provinces, 354; London, 300; Montreal, 282; British Columbia, 262; Saskatchewan, 207; Alberta, 101; Quebec, 81.

TWO REMAIN IN FIELD.

SCORES GREAT SALE.

One might naturally suppose then, when it came so close to Easter day that a man could not order his suit or overcoat and have it for that day, that the interest in the \$50,000 estate sale would wane for a few days at least—but the opposite has been the case. It is a sale of such merchandise, disinterested men who appreciate and demand the highest class in made-to-measure clothes, the reputation of this house is so high and the discounts from real values are so substantial that men are not dealing absolutely in present needs in placing their orders now. For besides a spring suit, a summer suit, a morning coat and vest, any number of men are selecting overcoatings heavy enough for next winter's wear at H. Score & Son's—"The house that quality built."

WAS ON TORPEDOED SHIP.

Newcastle, April 3.—Lieut. Ernest Howe, of Orono, who contracted fever at the front was on board a hospital ship which was accompanied by three other vessels all carrying wounded soldiers to England and flying Red Cross flags, when one of the ships was torpedoed.

Send for "Tom."

The committee appointed by council to think out ideas for increasing the revenue of the Exhibition have reported their failure. Controller Cameron says: "I haven't been able to think of a single thing." Certainly not. When you want ideas you must go to the men who deal in them; whose business it is to think ideas; who sell ideas. We would suggest that you send for "Tom" Humble. It's his business to furnish ideas, and it must be admitted he can usually deliver the goods. "Tom" puts on some big stunts for the merchants; why not hand the case over to him? "Tom" Humble, "Doctor of Publicity."

DINEEN'S FIRE SALE!

Daring Attempt to Hold-Up

Kitchener Storekeeper Foiled

Special to The Toronto World.
Kitchener, April 3.—Two armed and masked thugs late last night attempted to hold up Theo. Hanusch, a local storekeeper, at the gate of his home, Blucher street. Mr. Hanusch defied them, and with a walking stick stood them off while he passed thru the gates. The highwaymen then opened fire, discharging six shots in rapid succession all of which went wide. Hearing the fusillade neighbors hurried out and the thugs escaped in the darkness. Mr. Hanusch had \$70 in cash on him at the time. The police are investigating.

Scores of Modish Suits at Moderate Prices

Exploiting the Fashionable Pleats and Gathers, or Priding Themselves in Their Strict Plain-tailoring—New York Productions in Serge, Gabardine, Poplin, and Worsted, in Navy Blue, Black, Gold, Tan, Grey, Green, and Putty.

WHATEVER YOU MAY DISPENSE with in your Spring wardrobe, it cannot be the suit—that costume of everyday, all-the-time usefulness. And behold it here in most attractive form, offering itself at strictly moderate prices. In the huge assemblage of tailored costumes which our buyers have gathered together for the great Eastertide demand, is a splendid array of styles and sizes at prices running from \$32.50 to \$50.00. For example:

In tan serge is a smart suit with jaunty little belted coat, saddle-bag pockets characterizing both it and the skirt. Price, \$40.00.

In brass color wool poplin, is another New York model, the coat, pleated and belted, having its lapels faced with rajah silk. Price, \$50.00.

Deep Belgian blue gabardine is the fabric in a model with narrow belt and white silk collar. Priced \$37.50.

A charming example of strictly plain tailoring is found in a model in creamy grey worsted with a flannel finish, the mannish coat having a narrow belt. Price, \$37.50.

The always-popular navy blue gabardine is developed in a smart model with belted coat showing deep vents at either side, many black bone buttons, and a white taffeta collar. This is \$37.50.

With a coat of the Russian blouse order, falling into pleats below the belt, is a model in navy blue serge. Priced \$40.00.

And among the models meeting the desire for a black suit is one in serge with pleats in the coat, and heavy twist stitching on its belt and broad collar. This is \$35.00.

THE T. EATON CO. LIMITED

You Were Inquiring

"T. C. Green."—Then why not wear rose-colored spectacles? They are not hard to acquire in the good old Springtime. As for the play for young girls, you might like the "Beresford Benevolent Society," arranged for seven girls and one boy—Included in "Comedies for Young Folk," at 25 cents. "Aunt Deborah's Fuss Lunch-oon," for seven girls, is the same price. And "How the Story Grew," a comedy sketch for eight girls, is 15 cents.

Cardboard for the matting of pictures is obtainable in sheets 18 by 24 inches, priced 30 cents a sheet in colors, and 60 cents in gilt. Your sample of blue print is, alas, not matchable.

In the matter of becoming an essayist—well, one would advise you to read and inwardly digest the achievements of R. L. Stevenson and Charles Lamb along these lines. Even should the study prove discouraging rather than the reverse, you will have found great pleasure, at least. And when you have read these write to me again, and I shall have something else to suggest.

"Mrs. C. J. W."—The furniture with the coppery brown coverings should supply the keynote for your color scheme. One would think that a plain paper in a sort of bisque shade would be a happy device for the walls—considering that the northern outlook demands a background with a warm tinge. Then an Oriental rug for the floor, or two small ones, patterned with plenty of glowing amber and blue and brown. Make some blue cushions, too, for your sofa, and use amber yellow silk for the shades on the reading lamp and the electric lights.

For the adjoining dining-room don't you think it would be rather nice to use the same creamy tan paper, and cover the seats of the chairs in willow blue repp?

When it comes to the upstairs den with the green woodwork and red brick fireplace, one would be inclined to try plain putty color walls and one of those deep pile Indian rugs that you can get in a combination of red, green and blue. The right kind of curtains to use could only be ascertained by experimenting with lengths of red and green, respectively, and with chintz in some clear-cut decorative pattern.

"Mrs. P."—Must it be Shantung, and no other? If so, then the color, one fears, must be "natural," not blue. For as yet this is the only line that Shantung takes. But you would like it in a certain one-piece frock which has a pleated skirt, cross-over girde and large collar. The fronts are smartly embroidered with gold, black and ecru twist, a string tie of sapphire blue velvet adding a jaunty finishing touch. The price is \$32.50. And in real Chinese coolie style is another model in the same silk, the slip-over bodice embroidered on the hem, collar and cuffs in dull shaded silks. This is \$33.50. Smart holiday garb is to be very much along these straight, baggy lines, you know.

Swagger Top Coats That Are Indispensable to Spring Comfort

Smart Imported Models of the Modish, Loose-belted Sort, Developed in Such Fashionable Fabrics as Velours, Poplin, Gabardine, Serge and Poiret Twill.

READY TO PLAY ANY PART demanded of a Springtime wrap are these splendid coats our buyers have gathered together from clever American couturiers. For motoring, driving, traveling and general, all-the-time wear they are equally well qualified. They represent one's best ideas of the well-tailored coat of all-round usefulness.

The display affords a good choice of the season's most popular shades and fabrics. Thus:

Immensely smart coat in wool velours, showing a skirt full-gathered into a slightly raised waistline, with tucks running round above this line—to be had in gold and in green. Price \$27.50.

In "Country Club" coating—a pebbled chevot—is a distinctive model especially well adapted to stout figures, being fashioned with a plain flaring back, and a dart over the hip, the wide collar and cuffs finished off with heavy twist stitching. It is procurable in ivy green, gold and tobacco brown. It has a half-lining of silk. Price \$27.50.

An attractive black model is developed in men's wear serge—flat over the hips and under the arms, corded silk facing the collar and cuffs. Price \$27.50.

In Poiret twill, navy blue or black, is a smart, full-flaring coat, with short belts at either side, black corded silk collar, and heavy twist stitching by way of finish. Price \$27.50.

A charming model in green or in gold velours shows box pleats at the back, and a girde that ends in the strings in front. Price \$27.50.

In leather tan velours is a tremendously smart coat, loosely belted in a tie girde style, with detachable collar of white broadcloth. Price \$32.50.

Gold color velours composes a clever, loose-flaring model with Charlie Chaplin pockets, and large muffler collar. Price \$32.50.

And in green velours, with over-check of a darker tone, is a swagger, full-flaring model, beautifully lined throughout with pink and white striped satin. The same model may be had in tan velours, checked with brown. Price \$35.00.

Delightful Dresses for Easter and the Springtime That Follows

Gowns of Jersey Cloth, Crepe de Chine, Foulard and Georgette Crepe That Come From New York, and Are Full of Style From Collars to Hems.

SURELY NOT FOR MANY A SEASON have the dresses been so winsome—so simple and so eminently sane! To set forth to choose one in the little Rose and Grey Showrooms here is to find yourself in veritable clover. From New York has been imported a whole multitude of smart frocks to be featured at that popular price range of \$35.00 to \$40.00—charming models that promise no end of usefulness for morning and afterward wear at the present time and later on through the Spring and Summer.

Just note the variety and attractiveness of the few examples following:

In Alice blue Jersey cloth is a delightful coat and skirt dress with collar and pockets embroidered with coin dots in grey wool. This is \$35.00.

A dainty afternoon model in navy blue crepe de Chine showing a bodice of sand color Georgette, braided in blue, may be had, too, in all Copenhagen blue—price \$35.00.

Crepe meteor in the modish gold color composes a graceful gown with a Russian tunic embroidered in gold silk. This is \$38.75.

In putty color crepe de Chine is smart model in popular coat - and - skirt with collar, cuffs and pocket tops of white satin, and effective facings of navy silk cord. Price \$40.00.

And in Jersey cloth, in a beautiful sunset rose tone, is a delightful gown of the one-piece order, braided on collar, cuffs and pockets with taupe wool. Price \$40.00.

OPPOSE FOOD RETAILING BY THE MUNICIPALITIES

Retail Merchants Interview the Provincial Secretary Regarding Proposed Measure.

Some sixty-five members of the Ontario branch of the Retail Merchants' Association waited upon the provincial secretary, Hon. W. D. McPherson, yesterday morning to voice their opposition to the proposed bill enabling municipalities to enter the business of buying and selling fuel and food.

The delegation was headed by E. M. Trovorn of Ottawa, who pointed out that in view of the present investigation that was being conducted by the minister of labor, bill No. 48 looked like a prejudicial measure against the retail merchants.

Mr. McPherson stated that such was not the case, but that the other hand the bill threw a protective cloak around the legitimate retailers inasmuch as it was necessary for a municipality to prove that there was reasonable ground for suspicion that prices were unduly high before permission would be granted the municipality to enter the retail business.

Mr. Trovorn contended that the bill was socialistic in its tendencies, and that it cast aspersions on the retailers, which they could not help but resent. H. A. Harrington thought that if the bill was intended to protect the public from combines there were at present statutes under which those entering into combination could be prosecuted. He thought that the present enactments, permitting municipalities to enter the retail business in times of emergency, covered the situation.

Donald McLean, of Toronto, said that shoes and boots, dry goods and drugs were not included in the present legislation, they entered into the high cost of living.

George P. Precious, of Hamilton, said that the council of his city had already procured a site and were entering the fuel business. The minister said it was the case the retail coal men should take the matter before the courts and ask for an injunction restraining the council from proceeding, and have the financial obligations already incurred fixed against the council personally.

MANAGER FLEMING ESCAPES THE JAIL

T.S.R. Official Wins Appeal Against Justice Riddell's Decision.

AT OSGOODE HALL

Twenty-Three Judgments Are Handed Down by Appellate Court.

Judgments in twenty-three cases were delivered by the second division appellate court at Osgoode Hall yesterday. The court allowed the appeal of R. J. Fleming and the Toronto Street Railway Company, setting aside the order made by Justice Riddell directing the sheriff to commit the general manager to jail after April 6 for contempt of court.

The motion for conviction was made by the city and was founded on the neglect of the railway to furnish a statement of values of its property, required under judgment of Justice Ferguson rendered in 1903. The appeal was based on two grounds. First, that the court had no jurisdiction in the matter, this being a matter for the Ontario Railway and Municipal Board only. The second claim was that it was not proper to order the committal of Fleming for the judgment in question. The court in allowing the appeal held that it was not proper to order the city renewing the action upon further evidence.

This Justice Riddell in his decision remarked there was nothing in the material to show what the authority or powers of the appellant Fleming were or that he had anything to do with the compilation or furnishing of the statements which the company were required to forward to the city. He was the general manager. "I have no doubt that if it were shown that the disobedience of an order of the court by a corporation was a criminal offence, it would be his criminality which properly be made," he said.

Upholds Conviction. The conviction by the county judge who sentenced Michael Shortall to one year's imprisonment was confirmed by the court. A stated case was requested for Shortall over the conviction for conspiring with M. J. Flanagan and P. Welch to receive certain notes from the Ontario branch of the Bank of Montreal. The money was stolen some years ago from the bank's Vancouver branch, and the prisoner was sent over to the United States to get the money out of a safety deposit vault.

The action of the United States Playing Card Company v. Hurst, which has been disputed in the courts for some time over the use of the trade mark "bicycle" on playing cards, has finally been settled. The appeal was from the decision of Justice Middleton, who awarded the plaintiff judgment for an injunction restraining the defendant from using the trade mark and \$250 damages.

In 1905 Hurst was threatened by the plaintiff with a lawsuit if he sold his trade mark cards in Canada and the United States and agreed to discontinue it. The cards which Hurst was alleged to have sold had the word "bicycle" and had other colored designs which the American company alleged were injurious to their trade.

Justice Hodgins maintained that there was no evidence of a "passing off" having been accomplished, nor that the defendant was guilty of any advertising in apparently a breach of the agreement made in 1905, and the undertaking given is sufficient to warrant an injunction against a repetition," he continued.

The judgment should be modified so as to limit the declaration "using the word 'bicycle' on the packages and advertising." It varied it will work no injustice to the appellant and would leave him practically in the position he was in 1905, whereas the findings of the trial judge are affirmed.

Appeal is Allowed. In the action of Lorsch & Co. v. Shamrock Consolidated Mines, the appeal was allowed. At the trial Justice Middleton held that the plaintiffs were not entitled to the transfer of certain shares in the defendant company to the plaintiff.

The appeal of T. C. Smith against the decision of the county court judge who dismissed his appeal against a public school board of Campbellford was not allowed. Smith was a school teacher and sued to recover \$707.46 for three months' salary alleged to have been owed him.

The appeal in the action of Hutfoban v. the Standard Bank was dismissed. The defendant bank's decision of the late Chancellor Boyd, who dismissed the action of the plaintiff, who sued to have certain mortgages declared void, was affirmed.

In the appeal of Woodhouse v. Ideal Stock Company, the appeal was allowed in part and judgment awarded respondent for \$800.

The appeal of the Elexume Sign Company v. Macey Sign Company was dismissed. The suit was over the infringement of certain patents.

The appeal was allowed in the case of A. M. Clifton v. A. S. Towers. Defendant appealed from a decision of Justice Britton, who awarded the

THINGS TO WORRY ABOUT

plaintiff judgment for \$621.92 with interest and costs on a chattel mortgage.

Weston v. Blackman, appeal dismissed; Morgan v. Bank of Toronto, appeal dismissed; Piper v. Whitechurch, appeal dismissed; Francis v. Allan, judgment granted for Francis against executors for \$50 and \$100 note plus five per cent. interest from December 15 last.

Eyrass v. Symington, appeal dismissed; Hodge v. Loew's, appeal allowed with costs; Crawford v. O'Dett, appeal allowed and judgment for \$600; Williams v. Spence, appeal allowed; Loathgate v. Dody Overall, appeal allowed, action dismissed; Rex v. Chappus, appeal dismissed with costs.

TORONTO OVERHAULING MONTREAL

In the Matter of Customs Collections.

An interesting comparison of the two largest ports in Canada as regards customs collections will show the remarkable progress Toronto has made since 1900. Here are the official returns of both ports:

Table with columns for Year, Toronto, and Montreal. Data for 1900, 1901, 1902, 1903, 1904, 1905, 1906, 1907, 1908, 1909, 1910, 1911, 1912, 1913, 1914, 1915, 1916, 1917.

From 1902 to 1915 Montreal kept in the lead, but Toronto has made a steady advance. Since 1914 Toronto has gradually overcome the lead, as the following figures show:

1915 Toronto, Montreal \$1,492,256 \$1,429,713 1916 2,335,312 2,418,304 1917 3,328,520 3,480,788

The manufacture of munitions, the largest industry in Montreal, is a factor in the factors likely to keep Toronto abreast of Montreal, and possibly, when the war is over, will enable this city to retain the position of the premier importing and distributing centre of Canada.

MOTION PICTURES IN SCHOOL.

Trustee Dr. Noble's recommendation that motion pictures should be introduced into the Toronto schools was voted on yesterday evening when the first trial was made in Deer Park School. The pictures shown were those of lumbering and fishing scenes in British Columbia, and an interesting lecture on the pictures was given by Dr. Noble. Dr. Noble was very enthusiastic concerning his experiment and stated that it will be the forerunner of many more such exhibits in the schools, as the pupils were very attentive and from an educational standpoint it will prove a very valuable asset.

MANY VISIT INDIAN LAND RAILROAD CAR

Indian Land Demonstration at Simcoe and Wellington Sts. Arouses Much Interest.

A large number of Toronto residents were visitors to the Indian Land Demonstration R. R. car now located at the G. T. R. siding at Simcoe and Wellington streets for a few days only.

The car contains a wonderful display of Western developments, charts, maps, soil samples, fruits and farm products, as well as oil and minerals. The R. R. demonstration car is sent out under supervision of the McAlister Exchange, of McAlister, Okla., and is under the direction of J. T. Ward, manager, who cheerfully explains the manner and method in which the United States Government will dispose of thousands of acres of valuable tribal Indian lands, located in Southeastern Oklahoma. These lands lie in the prospective oil area and will be sold as a direct sale, for a few dollars per acre. Yearly terms, no taxes for three years; no residence on land required. No improvements are necessary and one can make an intelligent selection without going west, as the McAlister Exchange represents prospective purchasers by power of attorney, thereby eliminating the expenses incidental to a trip to the Oklahoma. The exchange sends survey maps, showing character of land, analysis of soil, amount of timber on each tract and distance from town and railroad, and also government price of each tract, so that one can purchase more intelligently than the method now available. Admission to the car is free and it is open daily from 9 a.m. to 5 p.m. Everybody is welcome.

HOSPITALS COMMISSION CONFERS WITH CITY

Mayor Church expressed the opinion at the conference of the board of control with the hospitals commission yesterday that returned soldiers requiring treatment should be kept in proximity to their relatives and friends and not forwarded to remote districts. He advocated the use of the technical school and the Y.M.C.A. and the number of Sunday schools.

Dr. Hastings told the board that the two buildings best suited for the accommodation of returned men were those of the Technical School and Park Schools. They would meet requirements just as well as if they had been constructed for hospital work.

The mayor stated that the commission had not asked the city for accommodation, but he did not see why it did ask the municipality to locate certain buildings. He wanted to know why a report regarding the suitability of the Exhibition buildings had not been furnished, and S. A. Armstrong, director of military hospitals, thought that that location would not be desirable for treating men owing to the noise and excitement. Help was promised.

CITY HALL NOTES

The Stars and Stripes of the United States will be placed among the flags of the allies in the council chamber.

Dr. Hastings declared yesterday that the solution of the housing problem in Toronto depended on the solution of the transportation problem. He still sticks to the opinion that the people should go outside the city. Regarding existing conditions, his department will act as soon as matters are readjusted.

TORONTO CASUALTIES SHOW LARGE DECREASE

Two Men Presumed Dead, Five Wounded, One is Ill and Another Convalescent.

Few camps of soldiers connected in Toronto are found in the latest reports of casualties. A lieutenant and one man previously reported as missing are now presumed to be dead, five are wounded, one is suffering an illness, and one is reported recovered.

Lieut. R. H. Gordon, formerly of 467 Spadina avenue, previously reported as missing, is now reported as presumed to have fallen in action. His father is a member of the firm of Gordon & Helliwell, architects. Lieut. Gordon was a member of the Queen's Own Rifles before enlisting for overseas service.

Pte. A. H. Ashdown, 79 Kimberley street, East Toronto, reported missing last June and later reported as believed killed, is now listed as officially believed to have died. He was one of six sons of Mr. and Mrs. Ashdown, Enderby road, who joined the colors.

Lieut. Percy Fauquier Arnold, third son of Frank Arnold, K.C., has been reported as slightly wounded. He is 23 years old, and an expert horseman. Pte. T. E. Roberts, whose mother lives in Auckland, New Zealand, who went overseas with a C.M.R. unit in the second contingent, is now reported as wounded.

Pte. D. Thompson, who enlisted early in the war and trained at Exhibition camp, is reported wounded. He is a native of Scotland, is 20 years old, and unmarried. His mother lives in St. Catharines.

Pte. Thomas Hawkey, 317 Wilton avenue, is ill in a French hospital, but no particulars are available. He was born in Toronto 28 years ago, and enlisted in the very beginning of the war.

Gunner A. W. Twiner, 319 Logan avenue, has been wounded in the left arm by gunshot. He was born in Toronto 45 years ago, and was formerly employed by the Warren Faving Co.

Pte. H. P. Brown, 226 Gerrard street east, who went overseas from Hamilton, is reported to have been wounded. He is a native of Thornhill. A sister, Mrs. P. M. Laing, lives at No. 4, The

COAL PRICES DROP.

Local Dealers Decrease Cost by Fifty Cents Per Ton.

Coal prices have dropped fifty cents a ton in Toronto since yesterday noon, in conformity with the summer prices issued by the United States coal operators. While New York despatches a week ago announced that, following the lead of the Philadelphia and Reading Coal Company, other operators were dropping their prices on April 2, no confirmation was received here until yesterday. A conference of the executive of the coal men was immediately called and a corresponding drop was made in the local prices. This means that nut, egg and stove coal will retail at nine dollars a ton, and pea coal at eight dollars per ton.

SUCCESSFUL CONCERT.

A very successful concert was held in the Niagara Street School last evening, when the program consisted of drills, songs and recitations by the pupils assisted by the following artists: Miss Grace Irwin, F. Hurst and Mrs. Price. A special feature of the evening was the recitation accorded to three returned soldiers, fathers of children who attend the school. They were Wm. West, 110 Crawford street; Joseph Kirby, 53 Tecumseh street; and Arthur Saul, 73 Bathurst street. There were about 600 present and the proceeds, which it is expected will total over \$40, will be devoted to the purchasing of yarn for the knitting of socks for the soldiers overseas.

RHEUMATISM Entirely Gone

After Twenty-Seven Years of Suffering—Swelling and Puffiness Has Disappeared—Not a Pain or an Ache Left.

Kincardine, Ont., April 3.—A most astonishing cure of rheumatism and eczema has been reported here, and Mr. G. H. Ray, R.R. No. 1, Kincardine, Ont., writes: "Mrs. Ray has been using your Kidney-Liver Pills. She was very bad with rheumatism and eczema, and had had that fearful itchy for twenty-seven years. It was simply terrible what she suffered. I persuaded her to try \$1.00 worth of Dr. Chase's Kidney-Liver Pills. She is now on the last box, and let me tell you she scarcely knows herself. She is so free from both these diseases. All the swelling and puffiness resulting from many years of rheumatism has disappeared, and there is not a pain or an ache left."

CLEVELAND'S EXPERT ON HOME GARDENS

Addresses Playgrounds Association on Profitable Cultivation of Vacant Lots.

Miss Louise K. Miller, who is curator of school gardens in Cleveland, and vice-president of the Ohio State Garden Association, gave an address at the annual meeting of the Playgrounds Association, which took place in Toronto yesterday afternoon.

However, in the course of her address on the "Profitable Cultivation of Vacant Lots," the speaker gave some very helpful information by pointing out how the work now being attempted in Toronto is being carried on in another large neighboring city.

Three objects are kept in view: the promotion of the purpose of getting people to work on the land and the idea of the city beautiful, which tends to adorn the environment thru the medium of the city garden.

EXPECT D. GRAHAM ON THE JOB TODAY

Promising Outfielder Tried Out and Arthur Irwin May Produce More.

Petersburg, Va., April 3.—Manager Larry Lajoie tried out a new outfielder today in Charlie Allen, last year with the Petersburg Club in the Virginia League. Allen looked good at the bat, and has plenty of speed. It was rather cold out at the park today, but the boys went so fast that everybody soon got up a sweat. Jimmie Smith worked for the first time, and Blackburn and the peppy shortstop put a lot of life into the proceedings.

Word is expected from Arthur Irwin tomorrow on the results of his hunt for outfielders and pitchers. Manager Lajoie gave him the green to get busy, and Arthur liked right out of town after that. Dawson Graham is expected tomorrow, and Eunny Hoarney may drop in at any time.

The Leafs Land Two Big League Players

Coincident with the news that Arthur Irwin had landed two major league players for the Toronto Baseball Club, a letter from Fred Herbert, the old Leaf twirler, had decided to retire from baseball. He clearly explained a business proposition that would send him to Detroit, one which he was bound to accept. Herbert wrote that he always enjoyed playing for Toronto, and that he was sorry to leave so many friends. The two majors are a pitcher and outfielder of well known calibre, whose names the club was not yet at liberty to give out.

League Ball Starts One Week From Today

Chicago, April 3.—President Ben Johnson of the American League today announced his assignments of umpires for the opening games, on Wednesday of next week. They are: Cleveland at Detroit—Evans and Nalton; Chicago at St. Louis—O'Loughlin and Hildebrand; Boston at New York—Connolly and McCormick; Washington at Philadelphia—Owens and Dineen. All have seen service in the American League before, except McCormick, who worked in the American Association last year.

Officers Broadview Y. Baseball League

The annual meeting of the Broadview Y.M.C.A. Baseball League was held last night, when the following officers were elected: President, G. Clarke; vice-president, G. Walker; secretary, H. Percival; executive committee, R. Campbell and H. Percival. There will be four clubs in the circuit—Broadview, C. Athletics, Royal Canadians, and another to be selected at the next meeting, on April 9. Applications for umpires and scorers should be sent to Broadview Y. The games will be played on Broadview field, the season to open on May 15. G. Hanks has been elected manager of the Broadview Y.M.C.A. Baseball Club.

Sunnyside Canoe Club Elect Officers

At the annual meeting of the Sunnyside Canoe Club, at the West End Y. M. C. A., the following officers were elected for the year 1917: J. Hyland, president; V. Bradley, treasurer; R. Tabb, secretary.

Brigden Cup Final Robertson Cup Draw

At the weekly meeting of the T. & D.F.A. arrangements were made for the playing of the final of the Brigden Cup at Dunlop's grounds on Friday. The contesting teams are Ulster and Royal Canadian Dragoons, and a fast keen game is anticipated. Parkviews joined the league for boys between 15 and 18 years. The draw for first round of Robertson Cup resulted as follows:

Royal Canadian Dragoons v. Wyckwood Lacrosse; Ulster v. Hark; Danforth Albions v. Baracas; J. Dobb, British Imperial v. Old Country; A. Smalley, Blyth-Sunderland Albions, Corinthians, Dunlop Rubber, Ulster United, Toronto Street Ry.

Games to be played on Saturday, April 7. First named club to have choice of ground.

WOODGREEN CRICKET CLUB

The Woodgreen Cricket Club officers were elected as follows: President, J. A. Blain; vice-president, John Green; captain, P. G. Hobert; secretary-treasurer, J. Mayor; selection committee, the captain, secretary and G. Green.

As Strategist J. Rice Is Great Rowing Coach

New York, April 3.—It was so declared and the Poughkeepsie regatta is canceled, Jim Rice does not intend to be idle, although he will have no crew at Columbia to coach. As soon as congress issues the declaration, Jim proposes to go into rowing business. He will train the parrots to fly like carrier pigeons and will then offer them to the army. "What's the idea?" he was asked. "Why," he answered, "if the carrier pigeon drops down a message, why not a parrot? It is always discovered, but if they shoot down a parrot that's the end of it. Dead parrots can't talk, and if a parrot gets thru alive he can deliver the message by word of mouth."

ALLAN BULLCROFT'S STRING AT WOODBINE

Candidates Already Canter on Outside of the Track—Training Notes.

The track at Woodbine this spring, owing to the warm rains, is expected to be in condition for training earlier than many seasons. Already the horses are cantering on the outside, and there are half a dozen strings already quartered at the course, including Millars', Davies', Beardmore's, and three Montreal strings. Those in charge of Jack White, Wm. Beattie and Allan Bullcroft. The last-named arrived late last night, and included Silk Hat, Lost Bird, Leif, Thrift, The Spirit, Cardello and Profriser. Canadian horses still to come are those of the president, Sir John Hendrie, Geo. M. Hendrie and Dymally. Mr. Beardmore will likely show the strongest hand of province breeders. They are reported in a forward state, having been kept going all winter. The horses are expected down from Waterloo about the first of May. The exceptionally strong in the Plate those around the Woodbine state that the Bannockburn three-year-old, Billy Brittain, in the Davies string, will take a lot of beating, and that Terahera from Barrie also has a chance.

Frontier Handicap May Be Worth This Year Thirteen Thousand

Windsor, April 3.—Figuring on the presumption that inducements of flattering financial attractiveness will appeal to horsemen of great wealth as well as the modest, stable managers of this year's Frontier Handicap, scheduled for decision July 14 under the auspices of the Windsor Jockey Club, ought to take rank with the foremost turf fixtures on the continent of North America. By adding \$10,000 to the subscription and starting fees, the club vaults the feature of its racing season to the pinnacle of turf events in the Dominion of Canada. Coincident with the increase in added money came a revision of conditions relative to the fee fixed to name a candidate and increased cost of starting. In 1916 an owner was required to pay \$20 to list a horse and \$50 was the fee to start. To repeat the performance for the \$10,000 feature, \$25 will be asked to accompany an entry and \$150 to start. Under present conditions the Frontier, presuming that there will be no less than the fifty-seven named last year and the same number of starters, eight, the pot will be worth \$12,525. The Jockey Club has sufficient reason to believe, however, that this amount will be sufficiently augmented to raise the total in excess of \$13,000. Of the cash subscribed, added and paid in as starting money, the winner will get all but \$2000, which is divided between second, third and fourth horses in parcels of \$1500, \$1000 and \$500 respectively. In other words an owner by risking the fee of \$175 has a chance to realize a return of close to \$10,000.

At the policy of the Windsor Jockey Club is outlined now, Windsor will be a good place to visit with a formidable prize. Besides stakes and handicap fixtures that will total more than \$80,000 in value the overnight events, averaging \$800, will exceed \$70,400 in fourteen racing days.

Excitutive of that \$100,400 all told the Windsor double event will be run again, \$2000 to be distributed each half.

Next—The Quebec Hockey Team Lost Two Thousand

Quebec, April 3.—It is stated here that the Quebec N. H. A. team lost \$2000 of the season's operations. Next season Mike Quinn and his associates will have to face even a bigger problem than they had to contend with at the beginning of the present year, and unless they again find professional hockey in Quebec will form a tonic of some sort to win back its former prestige with the Quebec public. Even when the club was winning last winter the crowd seemed apathetic. Pools, gambling, talk of "kick" games, the war and the growth in popularity of amateur hockey, due to the fact that the carrying the colors of the Sons of Ireland, are given as reasons. Joe Malone and Jack McDonald may not play again next season, both being rather despondent with the attitude of a big portion of the fans and play for the club without pay, however, in order to keep their names here and get the locals out of debt.

PLAYS, PICTURES AND MUSIC

"THE FLAME"

"The Flame," which excited such wide interest and entertained such large audiences on its first visit to this city, will come for a return engagement of one week to the Royal Alexandra Theatre, beginning next Monday night.

"STOP! LOOK! LISTEN!"

Toronto has been given opportunity to witness many productions of the kind that in theatrical parlance are known as "dancing shows," but it is doubtful if a theatre-goer of this generation can recall to mind any offering which so justly deserves the description as "Stop! Look! Listen!" which will be the attraction at the Grand next week, opening with a holiday matinee Easter Monday.

THURSTON COMING

Thurston, the world's greatest magician, is coming to the Grand Opera House, with a program of new mysteries. His engagement opens on Monday, April 16.

GAYETY

Next week's attraction at the Gayety will be Joe Hurry's all-new show, producing a program of musical comedy, vaudeville and modernized burlesque, which is described as being refreshingly new. The show, which needs little introduction to local patrons of the theatre, is said to be the best of its kind and sure of a profitable engagement.

STAR

A new department in burlesque and up-to-date entertainment is underlined as the next attraction at the Star Theatre commencing next Monday, where the Henry P. Dixon (Inc.) "Big Revue of 1917" will endeavor to curvy popular approval. This show, which needs little introduction to local patrons of the theatre, is said to be the best of its kind and sure of a profitable engagement.

"MUTINY" AT STRAND

Anyone who misses seeing "Mutiny," the five-act Bluebird production forming the feature at the Strand Theatre the first half of this week, will miss an uncommonly strong and stirring photoplay. The critics are unanimous in pronouncing this feature to be one of unusual excellence and interest.

WORK FOR RED CROSS.

Among the organizations which are doing patriotic work along lines that tell is the Red Cross Society of St. Anthony's parish. Shirts, sox, handkerchiefs and other comforts have just been sent to headquarters, and the workers are busy on the next supply. The meetings take place in the parish hall on Gladstone avenue under the able guidance of Mrs. Pitts.

MARGUERITE CLARKE FUND.

Altho it was announced some time ago that the World Marguerite Clarke fund had closed, an occasional friend still keeps the matter in mind. Today we have to acknowledge a cheque from the 10th Royal Grenadiers Chapter, I.O.D.E., for five dollars. Also one dollar to hand some days ago from Gordon Miller.

SAMARITAN CLUB.

The monthly meeting of the Samaritan Club took place yesterday in the Gage building. Mrs. C. H. Wilson in the chair. Prison Reform Advocated by Warden Gilmore of Guelph

Warden Gilmore of the Prison Farm, Guelph, was the speaker at the meeting of the York Pioneers, held in the Royal Canadian Institute yesterday afternoon. His address was on different types who may be met in the penal institutions of the country, illustrated by those whom he had met in his own experience. There is the type of long years within prison walls, who has become so habituated to the environment that he seems unable to live straight anywhere else. There is the young man who is the victim of some specific failing and there is the accidental type—those who may be given a sentence for some boyish prank or who may become imprisoned in an altogether unlooked for manner.

WOMEN CONSERVATIVES.

A women's Conservative association for ward five has been formed. The following officers were elected: Hon. president, Lady Hearst; president, Mrs. John Degruy; first vice-president, Miss Marwood; second vice-president, Mrs. Fentiman; third vice-president, Mrs. W. THE FORMAN MYSTERY
 By GEORGE HUGHES.

(Continued From Yesterday.)
 Immediately Miss Forman's features became more rigid and her bloodless lips tightened until they merged with the hue of her face. The spectators held their breath to catch her reply.
 "I picked it up," she answered, so low that only those nearest her could distinguish what she said.
 "Yes," Porteus invited.
 "Then I looked into the cylinder, and found that one of the cartridges had been discharged." She paused again. Porteus awaited her pleasure. "Hardly knowing what I did, I carried the weapon down to the ravine and threw it in the water."
 The audience exhibited its pent-up breath in one audible outburst. A loud murmuring arose, the babble of tongues animatedly discussing Edith Forman and her actions. George saw the eyes of the spectators and felt sympathy for the girl in the box; in its stead reigned disgust and condemnation. Figuratively it was "thumbs down" for her.
 But Edith Forman, at that moment, was beyond caring what her kindred thought of her. The strain had been too much for her weakened constitution, and she fell back into the chair in a swoon.

Instantly the whole court was in an uproar, and officials ran to her assistance. Porteus was in the van, divined the trouble at a glance, and ordered that water be brought. But he did not long retain his position. Like a flash his eyes were turned, telegraphed to Warrenner by the alarmed look of the door guard. The look could only have one meaning—Edith was in trouble! So fingering the official aside, he raced thru the doorway, across the courtroom, and up the steps of the witness box to Edith Forman's side. He pushed Porteus aside without the slightest ceremony. And the attorney, seeing who it was, took the joking without protest, but before he could speak Miss Forman cut in:
 "I'm all right, again, thank you," she said at last. She sat up in her chair and turned to Edith Forman.
 "Do you feel fit to continue?" Porteus queried.
 "Warrenner whirled upon him in angry protest; but before he could speak Miss Forman cut in:
 "Yes, yes! Let the case proceed. I have over the worst part now. Nothing can hurt me any more."
 "If you like I'll ask for an adjournment," suggested the attorney. "Go on!"
 "But you are not fit to proceed!" Warrenner protested, and pushed him gently aside.
 "Please, don't!" she appealed. "I insist that the case go on and all grades. Seeing that she was adamant, Warrenner reluctantly acceded, to her request and left the box.
 "After I had thrown the weapon away, I returned to the house to find Dr. Warrenner and Miss Rafferty standing in the hallway. I felt angry, and asked him his business there. I literally insulted him and besmirched his character in my terror. He then told me what I already knew. I pretended horror, and went into the sitting room ostensibly to view my sister's body. I set my wits to work to keep the tragedy quiet and save the family name from disgrace. In my anxiety to keep the matter from becoming public property, I foolishly resorted to bribery. I tried to influence him to help me cover the crime and keep it from the police and newspapers. I pleaded with him to fill out and sign a certificate of death from heart failure, declaring that my sister had been subject to heart trouble. But to all my appeals he was adamant. He flatly refused. I then turned to Miss Consternation, ensued as Miss Forman ceased speaking. Everybody seemed to be talking at once, and the place was a veritable bedlam. The judge on his dais stared in amazement at the girl, and Rupert Marden, the accused stood dumfounded. Unhotted, the reporters made history as their facile pens rapidly skinned across the paper, setting down the strange statements of Edith Forman, Warrenner and Miss Forman. They were still ignorant of the confession. They heard the commotion from the anteroom, but could not guess the cause of it. Intuitively Warrenner knew that Edith Forman had been the one to influence it, and that she had made some statement rather more detrimental than beneficial to herself. An overwhelming desire to learn what it was possessed him. But he choked the desire at birth. The guard at the door was vigilant, and again, he would look like a fool if he rushed into court on mere impulse and found there was nothing to support his conduct.

EASTER EXCURSIONS TO NEW YORK

An appeal to the patriotism of excursionists

Warning to Travellers

On the eve of the usual Easter Excursions to the United States we appeal to your sense of duty and patriotism towards Canadian merchants.
 We would ask of excursionists to make their purchases in Canada, because money spent in Canada benefits Canadians, while money spent abroad profits strangers, to the detriment of Canadians.
 Today more than ever Canadian commerce needs and expects the support and confidence of each and every Canadian. The latest novelties can all be found in Canada and, duty paid, can be purchased as cheaply as in the United States.
 Customs agents have this year received instructions to strictly enforce the customs laws and regulations of Canada and to stop by all means in their power the smuggling of American goods into Canada.
 Remember that Customs Agents are empowered to even visit the homes of suspected smugglers and seize goods on which duties have not been paid.
 Do not take chances; the penalties are severe for those who break the laws; there are no advantages to be gained in doing this, on the other hand every Canadian should consider it his duty to patronize and help in every way our Canadian commerce and industries.

LOOKING FOR SUB. CHASERS.

Brookville, April 3.—A United States Government Commission will visit the various American towns along the River St. Lawrence to inspect all the boats that might be available for use as submarine chasers. It is understood that the navy department expects to secure a large number of boats from the Thousand Islands region that can be pressed in to patrol service along the Atlantic coast. There is a large number of fast motor boats owned by Americans, who summer on this section of the river, which it is said are available for government service.

WILL VISIT KINGSTON.

Kingston, April 3.—Mayor Hughes received word today that their Royal Highnesses the Duke and Duchess of Devonshire would visit Kingston, May 26 to 27. The duke is anxious to visit the royal military college and Queen's University and other institutions here. A degree will be conferred upon his highness on the occasion of his visit to Queen's. A civic reception will be arranged.

German Raider's Commander Is a Violent Anti-American

Rio Janeiro, April 3.—The captain of one of the vessels captured by the German raider Seeadler says that the German vessel carries no torpedoes, and that her commander's name is Von Luckner. He describes the captain as a bitter anti-American, frequently attacking the United States as an unscrupulous country whose only aim was the pursuit of wealth.
 The captain also says that Von Luckner denounced the Germans in Brazil, accusing them of a cowardly abandonment of their native country and with having failed to give the aid which Germany expected from them. The refugees from the ships sunk by the raider will sail for Europe on the first steamers to leave this port.

PTE. MACAFEE DEAD.

Deseronto, April 3.—That Pte. Curly MacAfee of this place died on March 11 from wounds received while on active duty, is the sad message received by relatives and friends. He is the third soldier from Deseronto to give his life for his country.

GUELPH SOLDIER KILLED.

Special to The Toronto World. Guelph, April 3.—Word was received this morning by Mrs. James Stewart, Oxford street, stating that her son, Pte. Norman Graham, had been killed in action at the front March 28. He was a well-known young Guelph boy, about 21 years of age, and enlisted with a western Ontario battalion which went overseas a year ago. He leaves his mother, one brother and two sisters to mourn his loss.

Hairs Will Vanish After This Treatment

(Toilet Helps). You can keep your skin free from hair or fuzz by the occasional use of plain delatone, and in using it you need have no fear of marring or injuring the skin. A thick paste is made by mixing some of the powdered delatone with water. Then spread on the hairs, and after two or three minutes rub off, wash the skin and all traces of hair have vanished. Be careful, however, to get real delatone.

WAR SUMMARY

THE DAY'S EVENTS REVIEWED

WASHINGTON expects that the United States will become a full belligerent by Thursday, when congress will have adopted the resolutions declaring a state of war with Germany. The president and the cabinet yesterday proceeded with plans for the war. These include the raising of forces, half a million at a time by conscription, until the enemy is crushed. The American navy will co-operate with the British and French navies as soon as war with Germany begins. The American Admiralty will adopt effective means for suppressing submarines. The country will raise immense sums of money for the war. It will make loans at low rates of interest rather than grant subsidies to the allies. In other words, Europe will owe the United States a vast debt for a generation or more.

Senator LaFollette prevented the United States Senate from proceeding with resolutions to declare the existence of a state of war with Germany yesterday, and the house postponed action until today. A technicality in the rules permitted this obstruction. The news of the president's message has created enthusiasm in France and England, for above all, it endorses the allied cause as just. The allies feel that the moral effect of American participation will show the German people and the German armies that success for them has become impossible, so that their demoralization must increase and their resistance weaken. The material aid which the United States will render will also help to shorten the war, thereby saving many human lives. Of course it cannot be said that until now victory remained in doubt for the allies or that the entry of the United States turned the scale in favor of the allies.

The message of President Wilson to congress has made him very popular in London. Some of the newspapers even assert that the entry of the United States into the war is the greatest event since Great Britain went to war and stood beside France. The Russian revolution generally receives the credit for inducing the president to declare for open war. Friends of his openly acclaim him as a second Lincoln.

Altho still dogged by bad weather with a heavy snowfall, the British and French applied their energies towards the closer approaching of St. Quentin, and from the direction of their attack they appear to be getting in shape for the turning of the town from the east. South of St. Quentin the Oise begins to bend towards the north, and the Germans had constructed lines of defence from east to west, from west of the Somme to the banks of the Oise, to cover the town. In front of these lines were strong points of support, amply fortified, and running thru heights and valleys. It was at these points of support which the French attacked and carried yesterday. They launched their assault astride the Somme on an eight-mile front, between l'Epine de Dallon and the Oise. They won the Villages of Dallon, Giffencourt and Cerisy, as well as several heights south of Urville. The Germans defended these positions in great force and with great tenacity.

By capturing Heinn-sur-Coleul, the British now render the position of the German troops in the Arras salient extremely precarious, so that they further progress northwest of Bapaume will compel another retreat on the front between Arras and probably La Bassée. The German garrison put up a stout and prolonged fight at Heinn-sur-Coleul, and when they lost it, in accordance with the traditions of their service, they strove to regain it by counter-attacks. British artillery fire dispersed these troops as they advanced to the onset. The British continued their operations against the Arras salient by raiding the German lines east of Arras, at the apex. Thus the progress of the British army continues to be irresistible. It has profited from its experience gained in the previous heavy fighting to such an extent that it would break thru the line of the enemy anywhere.

When the British compel evacuation of the Arras salient, they will capture the remaining high ground of northwestern France, called the Vimy ridge, left in enemy hands. Furthermore, they will expose the great railway centre of Lille to attack. Lille has formed one of the great places d'armes of the enemy. For many months he kept one-third of his forces in the western theatre of the war based on Lille. This city serves as an important railway centre and supply depot for maintaining the German armies in the Ypres salient and between Ypres and the sea. The loss of Cambrai and Lille would probably prove fatal to the German tenure of France and part of Belgium. The enemy's next main line for retreat, if the allies allow him to use it, is the Verdun-Artzberg line, on the line of the Meuse. It is much shorter than his present lines. The intention of occupying next, would not confer on him the advantage those persons believe they would, for the line of the Rhine is longer and it would be much harder to defend than the front from which the enemy is now being driven.

LITTLE YORK MAY BOOM

IF RUMORS ARE TRUE

Grand Trunk is Expected to Re-establish Terminals on Land it Owns There.

East Toronto is looking for a return of the days when it was the big railway terminal of the city, before the Grand Trunk Railway moved the roundhouse and yards to Mimico.

Five or six years ago when the yards were moved from Little York many thought the death knell of that suburb had sounded, but, like a busted mining camp, a small coterie of old timers held that as a railroad centre Little York would come back stronger than ever. Now real estate agents and business men are wondering if these old railroad men are correct. During the past month, at every meeting in the community it has been said that the tide was about to turn.

Is the Grand Trunk about to supplement its splendid facilities at Mimico with similar ones at East Toronto. The road still maintains its old truckage and owns a wide stretch of land extending eastward from Main street between Danforth avenue and Gerrard street, that is available for the construction of large yards, round houses, etc.

Such additional railway facilities would not be extremely costly, and would be of great assistance to this city, and would place the road in a very advantageous position as far as handling the greatly increased freight business of Toronto.

TOWNSHIP WATERWORKS

MOVE TO COMPLETION

Reeve Griffith, Deputy-Reeve Fred Miller and the other members of the York Township Council are being warmly congratulated on their progressive action in pushing forward the waterworks thru the municipality. The inauguration of this system has caused an immense amount of work, but already a great impetus has been given to the building trade in the township.

The water mains are now being laid by the National Iron Works and other companies interested and the work of trenching and laying will soon go ahead. In addition to this, there will be a big outlay for cement sidewalks in different parts, the consolidates bylaw calling for the expenditure of \$25,000, all on the local improvement plan.

TO MEET RETURNED HEROES.

The General Ministerial Association some time ago, wishing to show its interest and good-will in the returning soldiers, appointed one of its members to meet and extend to them its cordial welcome home. The minister appointed serves one month. The Rev. C. S. Applegarth, of the Methodist church, served in this capacity during March, and the Rev. Dr. Turnbull, of the Presbyterian church, has been appointed for the month of April. Ministers from other denominations will be recognized for future dates.

HOME GARDENING.

Parents and children, numbering more than 200, heard an interesting address in Deer Park school, yesterday afternoon by Professor Sinclair of the department of agriculture, on increased garden culture. Great interest is being manifested in the question and good results are expected. W. W. Norton, principal of Deer Park School, also spoke.

PRESENTED ORIGINAL PLAY.

Prospect Park Methodists Give Entertainment in Aid of Soldiers.

"A Day in the Village," an original sketch, was presented under the direction of the author, Norman Laird, a well-known resident of Barleourt, in Prospect Park Methodist Church, McRoberts avenue, last evening, to a packed audience. The following artists contributed: V. Jenkins, Eubeluz, Wenden, Mrs. B. Johnson, Julien Brooks, Winnie Wilson, Pie Robert Yule and about thirty others. The proceeds will be devoted to the purchase of soldiers' comforts.

ST. VINCENT DE PAUL MAY GET NEW SCHOOL

At the postponed meeting of the separate school board last evening, presided over by Very Rev. Dean Hand, a deputation waited on the board asking that a suitable school may be built in the St. Vincent de Paul Parish. The deputation was introduced by Father, Minahan of St. Vincent de Paul Church. It was stated that at the present time the children are being taught in the basement of the church, and conditions are a menace to the spiritual welfare of the children, and the conditions are deplorable. The chairman said the board was aware of the necessity of a new school in this section, and the matter will be referred to the site committee. A recommendation from the standing committee on sites and buildings, that all repairs in connection with the various schools be made under the supervision of the architect who is now in charge, was also stated. The adjustment of salaries re-teacher is now under consideration of the committee. Amounts totaling \$5722.23 were passed for March, and \$1261.53 for April. The response submitted indicated that there are 25 schools, with a staff of 172. The total pupils registered at these schools are 7281, and the average total daily attendance 6394. A communication was read from the secretary-treasurer of the board of education asking permission for the distribution of small folders concerning the Technical School among the pupils, which was agreed to.

THE LATE W. F. WILSON

Well-known Methodist minister, who died last night at his residence, 43 Broadbalt street.

REV. W. F. WILSON CALLED BY DEATH

Was Pastor of Elm Street Methodist Church for Many Years.

Thru the death of Rev. William F. Wilson last night at his home, 43 Broadbalt street, Methodism has lost one of its outstanding divines. Rev. Mr. Wilson was born in Toronto in 1857 and was the pastor of the late Robert and Martha Wilson.

In 1879 he entered the ministry and was successful pastor of the Hanover, Chealey, Cookstown, Kirkville, Collingwood, Richmond Hill, Davisville, and in 1888 was appointed pastor of the Woodgreen Methodist Church, Toronto, the present church being built during his pastorate. He was pastor of the First Methodist Church of Hamilton, and thence to Trinity.

Returning to Toronto, Mr. Wilson was pastor of the Elm Street church, where he has since served, and has the unusual record in the Methodist ministry of having spent 15 years in two churches, eight years in Elm street and seven in Trinity. Mr. Wilson is the only Methodist minister who has held both of these positions during the past fifteen years. He was also appointed chairman of the Hamilton district and elected president of the Hamilton conference.

Mr. Wilson in 1901 married Miss H. Smith of Toronto, who survives him along with two children, Marion and William H. He is also survived by three brothers, Joseph and Samson, and one sister, Miss Emma Wilson. He was a broad minded member of the Methodist church, and leaving many friends among the cosmopolitan inhabitants of the ward, and was particularly popular with the young people, in whom he took a great interest. His death was the result of a complication of the heart.

ENTRY OF U.S. HAS POWERFUL EFFECT

(Continued from Page 1).

Importance attached to President Wilson's address. The Daily Chronicle, giving its editorial on the subject, says: "The honor of leaded type and double column breadth, with the caption 'America at War: Wilson's Magnificent Appeal,' says: 'It is impossible to read President Wilson's speech without being struck by its statesman-like breadth and elevation of mind. His long periods and caution, his determination to advance no farther than the mass of opinion in his country, only render more impressive his final crossing of the Rubicon. The moral effect of such a speech, made with a nation of 90,000,000 behind it, must be great thruout the world.'"

"It is a strange, impressive phenomenon—this tardy, but weighty intervention of the United States in the death struggle in the U Europe." The Express says: "The president's speech will always be regarded as one of the great historic documents of the great war. The lofty dignity of his language adds to the impressiveness of the enunciation of international idealism. 'America is entering the war for one specific purpose of destroying Potsdam. If the president's speech means anything, it means that America will never treat with the kaiser and will resolutely oppose any peace that leaves the Hohenzollerns on the German throne.'"

The Daily Mail, in an editorial, under the caption, "No Peace With the Hohenzollerns," says: "President Wilson's speech will stand beside Lincoln's greatest speeches for its gravity and pathos. It is in effect an appeal to the American people to take up the task for which Lincoln laid down his life, for the issue is today, as it was in 1861 and 1864, freedom, the it would be a sad event if the American people, the south, whose soldiers fought like gentlemen, with the kaiser's murderous speech, the president's promise shall hereafter hang in the execution dock under the condemnation of the whole world. 'The destruction of Prussian militarism requires that the German people themselves must be set free, and this, to be done, they show no desire or aptitude for freedom, and therefore the despots who incited the German people with the passion for slaughter and cruelty must be removed.' The Mail credits the American people with complete disinterestedness in the course they are about to adopt, and

Telegraph despatch from Amsterdam says it is reported there from Berlin that the German Government contemplates sending to all neutrals a protest against the expected American declaration that a state of war with Germany exists. It is hoped in Germany, the despatch says, that the protest will influence South American republics as it will denounce President Wilson's policy as perilous to the neutrality of the republics of Central and South America.

WAR BONDS ADVANCE SHARPLY

Wall Street Calmly Receives News of American Belligerent Policy.

New York, April 3.—Operations on the exchange today denoted the mixed nature and bewilderment of professional investors arising from overnight developments.

The president's message to Congress, and an irregular demonstration of strength at the opening, important factors, however, failing to respond in the market.

The market fell back in the last half of the session, simultaneously with the fall in the assets to take action on the resolution.

The only marked reflection of the new tone of international war bonds, was the rise of the City of Paris six, and a concurrent hardening of remittances to Paris.

There was also a stiffening, but rubber was one of the few commodities which made an extreme advance over the day.

There was a further advance of two points, to 11 1/2, in the first hour of trading, but fell back to 11 1/4.

The market was active, but the day's net changes were small.

The Toronto stock market, as shown by the action at Washington, was a day of activity yesterday.

The price movements were quite irregular, and at the finish the market was active, but the day's net changes were small.

SOME GAINS MADE IN MINE STOCKS

Newray Not Far From High Record—McIntyre Advanced.

The course adopted by the United States as reported by Washington, evidently infused a little bullish sentiment in the mining stocks yesterday.

The stock yesterday rose in price to 126 which is a new high for a couple of months, and within 4 points of its high record at 140.

Schumacher was stronger, selling at 60. It is officially announced that the mill capacity at this property will be increased to 300 tons per day.

A firm tone was apparent in the advance in price to 23 1/2. Vison met a good demand at 45 1/2.

Since its introduction on the local exchange, with the exception of the first few minutes of trading, it has not again touched its issue price.

Hollinger opened 5 points up at 35 1/2, but lost the gain later.
