Hydro Chieftain Would Have Had No Opposition in By-Election.

N. E. TORONTO VIRTUES

Ward politics colored predominantly the closing Liberal meeting of the Northeast Toronto campaign held on Saturday evening in St. Barnabas' Church hall. Major W. H. Kippen, the candidate, was notable as the only speaker who failed to congratulate the audience on its intelligent appearance. His supporting platform men made unfeigned use of this and other wiles of the politician, one speaker even quoting statistics showing Northeast Toronto to occupy the smallest space in police records of any Toronto constituency and another apologizing for his failure to remove his overcoat, by declaring that he "did not have to take off his coat to lick a Tory."

EXPRESS SAFE ROBBERY AT PRINCE ALBERT, SASK.

Prince Albert, Sask., Nov. 6.—Between 10:45 p.m. on Thursday night and 9 a.m. on Friday morning, the safe at the Canadian National Express office here was robbed of \$10,000 according to police announcement today. It is claimed that the safe was opened by some one who knew the combination.

CERTAIN SPRACKLIN MUST LEAVE CHARGE

One of Rules of All Churches—Case May Be Heard at Sandwich.

Windsor, Ont., Nov. 7.—(By Canadian Press)—Congregations of all municipalities in the border region are being urged to support Spracklin's defence. Whatever may be the outcome of the case, it is practically certain, church officials said, Spracklin will have to resign his charge at Sandwich.

JAPANESE TALK OF RETALIATION

Big Meeting at Tokio Recommends Firm Attitude Towards United States.

Tokio, Nov. 7.—A firm attitude toward the United States was recommended by speakers at a public meeting held Friday evening for discussion of the situation created by the adoption of the California legislation affecting the Japanese. The audience of about a thousand persons heard the speakers, who were journalists, minor politicians and student orators. One of the men urged that "anti-Japanese discrimination in the United States be met with anti-American discrimination in the Orient. War talk was deprecated by the speakers. In an interview in the Hochi Shinbun, Viscount Kentaro Kaneko, of the privy council, expressed confidence that the negotiations at Washington would result in an settlement of the question at issue with United States.

LONDONDERRY SCENE OF FIERCE RIOTING BATTLE IN BELFAST

Five Policemen Shot in Former City and Reprisals Follow—The Unionists With Stones as Arms Fight Sinn Feiners Armed With Firearms in North Belfast—Arms and Munitions Stolen in Glasgow.

Belfast, Nov. 7.—Wild scenes were witnessed in Londonderry Saturday night as a sequel to a sudden attack on policemen there. Five policemen were shot, two of them so seriously that they are not expected to recover, two shops were burned to the ground and several others were wrecked. All the property belonged to the Sinn Feiners. The attack on the policemen was directed against the officers who were guarding the customs house, and a brisk exchange of shots followed. The fray occurred at nine o'clock in the evening in a busy neighborhood, and so terrified the crowds of shoppers that they fled home in panic. Afterwards the police and the military raided a large section of the city, holding up and searching every one they found outdoors and invading and searching numerous houses. Later in the evening a hostile crowd assembled in Waterloo Square, a Sinn Fein thoroughfare, and had to be dispersed by the military. Even after the curfew hour there was almost unceasing revolver and rifle fire for two hours or more, with occasional sounds like explosions of bombs. A number of armed men passed along William street, smashing shop windows with the butts of their rifles. (Continued on Page 2, Column 3).

HAMILTON MINISTERS DEBATE SPRACKLIN

Report Methodist Divines Are Likely to Go on Record Pledging Support.

Hamilton, Nov. 7.—(Special.)—When the Methodist Ministerial Association held its regular meeting tomorrow morning in the Centenary hall, the Rev. J. O. L. Spracklin case will come before the members for consideration, and it was learned that the body will likely place itself on record in the matter. The local ministers, or the majority of them, are not anxious to see the affair, yet they are of the opinion that Mr. Spracklin was exercising his duty when his life was threatened, and was at liberty to leave the hotelman, who threatened him, and for this reason they think he should be supported by his brethren. Request for Assistance. In one city church a note was read from a member of the congregation, in which it was asked that the congregation do everything possible to secure the release of the unfortunate minister. Rev. F. M. Wooten, secretary of the association, said he had not been informed that the matter would be discussed.

FOUR PERSONS HURT IN AUTO COLLISION

George McKee, Driver of One of the Motor Cars, Taken in Custody by Police.

Four persons were injured yesterday afternoon in a collision between two motor cars at Dundas and Sackville streets, and George McKee, 72 Glendale avenue, driver of one of the autos, was arrested on a charge of criminal negligence. The injured were: Vernard Head, 102 Hegdewood avenue, who was driving the other auto, his wife, Dorothy, and Mr. and Mrs. W. Andrews, 29 Corley avenue who were also passengers in the car. All sustained slight injuries to head and body. Mr. and Mrs. Head were attended by Dr. St. Charles, 317 Sherbourne street, while Mr. and Mrs. Andrews were taken to the General Hospital, where their injuries were attended to and they were able to proceed to their home. According to the police, Head was proceeding west on Dundas street, when at Sackville, the auto he was driving, was upset when struck by the other car, driven by McKee south on Sackville. McKee reported to the police and was held on the above mentioned charge.

CHALLENGE TO FIGHT CREATES RUMPUSS AT CONSERVATIVE RALLY

Major Lewis Gets Good Hearing After the Excitement Calms Down.

HYDRO MAIN ISSUE

Beginning with a few innocent accusations by ex-Alderman C. W. Mogridge, Saturday night's largely-attended meeting held at Foresters' Hall, on behalf of the Hydro-Conservative candidate, Alec Lewis, developed into an exciting scene, and at times almost reached the proportions of a free-for-all. All political parties were well and strenuously represented, especially the soldiers, and these were not by any means all united as to either principle or party. Some apparently were proud to claim themselves as Bolsheviks; others were equally proud to claim themselves anti-Bolsheviks, and during the course of one heated debate (there were about a dozen debating club feasts held while the speakers on the platform got in their say), one redoubtable champion of the Conservative party, whose ten sons had served in France, offered an opponent a few rounds in the ante-room. "You're a Bolshevik and proud to be one, are you?" was his taunt. "Well, you just come out into the ante-room and I'll Bolshevik you." There was no reply. On another occasion an ardent supporter of everything and nothing permitted his enthusiasm to carry him onto the top of his seat, whence he audibly, but rather thickly, addressed those assembled. A lady in the audience pointed out that she had just arrived from Boston and knew that Great Britain financed most of the war and that the United States made most of the money. Candidate Well Received. On the whole, the candidate was well received and answered most of the questions put to him freely and (Continued on Page 10, Column 5).

ROME INTERESTED IN IRISH QUESTION

Declaration of Irish Bishops Has Attracted Considerable Attention.

Rome, Nov. 6.—The declaration of the Irish Catholic bishops, who several weeks ago met at Maynooth and signed a resolution denouncing "terrorism, partiality and failure as characteristics of the present Irish government," has attracted considerable attention here. Its publication in the Corriere d'Italia has elicited a remarkable letter from Deputy Mauri, one of the leaders of the Catholic party, who declares that "Italy cannot remain indifferent to the desperate cry of martyred Ireland," and adds: "The time has come for Italy to know and realize the cruelties of the English troops serving as police and their systematic work of destruction." The same issue of the paper contains an appreciation of the late lord mayor of Cork, Terence MacSwiney.

THE WAR IN ONTARIO ON ILLICIT LIQUOR

Ontario is now in a great struggle against rum-running across the borders and against bootlegging within the province. This trade is centred in Montreal; perhaps partly directed in New York and thousands of men, mostly foreign-born, are engaged in it. They have lawyers in their service to help and fight the law and to discredit those who enforce it. The question, therefore, is not whether prohibition is a mistake or whether there should be government sale of liquor, but whether the law of the country is to be upheld, and whether the officers of the government are to be safe in enforcing the law! If we do not enforce the law we will make thousands of perpetual lawbreakers of the thousands of the foreign-born who are now in the business. Once they get into bootlegging out of the illicit sale of liquor they are not likely to be good citizens again. They are anarchists in the true meaning of the word. They regulate and defy and break the law for profit more than for anything else. If the people of Ontario want the Ontario temperance act enforced the government and its officials must enforce it. If the citizens want a regulated sale of liquor by the state they must so declare by their votes, or by their members of the legislature. But the greatest menace now hangs over Canada and the States if bootlegging and rum-running by thousands of men are to be allowed. No bootlegger or rum-runner will ever be honest again if he can make a thousand dollars a week by lawbreaking! And the voters who voted to abolish the bar and no sale of liquor must turn in and help to enforce the law. The Dury government did not pass the Hearst and Rowell temperance act, but they must enforce it, or modify it or repeal it. But they can't let it be ridiculed by the bootlegger and the rum-runner. And the same situation prevails in the States to a still greater degree, where absolute prohibition has been written into the constitution of the country. There was no momentous an issue in the States and in Canada. And perhaps Hon. Mr. Rowell may have some advice to give the country on the issue. Sir William Hearst also.

SPRACKLIN'S STORY UNSHAKEN, TRUMBLE WAS NOT ARMED SWEARS WIDOW AT INQUEST

Mrs. Trumble Declares Husband Approached Officers Demanding That the Intruders Show Badges, and That Shooting Followed Quickly—Pastor Testifies on Oath That Trumble Pressed Revolver Against His Stomach and Said, "I'm Going to Shoot You"—Material Witness to Testify at Resumed Inquest Tonight.

Windsor, Ont., Nov. 7.—"Babe" Trumble pressed his gun against the pit of my stomach. "You, Spracklin," he said, "I'm going to shoot you." I knew then that it was his life or mine, was the dramatic testimony simply given by Rev. J. O. L. Spracklin, special license inspector, at the inquest, held in the Sandwith courthouse, Saturday night, into the shooting of Beverley ("Babe") Trumble, proprietor of the Chappell House, in his hotel early Saturday morning. Trumble's widow gave directly contradictory evidence. "My husband had no gun. He had only a cigar in his hand when he went out to meet Mr. Spracklin," she swore. Two witnesses, both Mr. Spracklin's aides, corroborated the pastor-inspector. Mrs. Trumble's testimony was not corroborated. None of those in the hotel before the shooting saw Trumble with a revolver. They did not see the shooting.

Everyone of the crowd which filled the court room to capacity, was searched upon entering, for a possible concealed weapon. There was a heavy police guard in the court room and about the building. The crowd made no demonstration, hearing the evidence in absolute silence. The inquest was delayed until nine o'clock to secure a full panel of jurymen, and lasted to within a few minutes of Sunday morning. Coroner La Belle adjourned the inquiry until Monday night, in order to secure the testimony of Edward Smith, in whose arms Trumble died. Smith was absent Saturday night, owing to a misunderstanding about the time. His evidence, as to whether Trumble was armed or not, will be of vital character. Crown Attorney Rodd conducted the direct examination of witnesses. R. L. Bracklin appearing for Mr. Spracklin, and W. H. Furlong for Mrs. Trumble.

Mrs. Trumble Testifies. Mrs. Trumble, widow of the man shot, was the first witness. She stated that she had been ill during the night before the occurrence and that she had retired at 7:30. Her husband had spent a great deal of time in her room during the night. He was filling a hot-water bottle at the time a knock came on the door of the living-room adjoining the bedroom and a voice announced that Mr. Spracklin wanted to see Trumble. Witness said that her husband left the room and laid the hot-water bag upon a table in the living-room. She followed him out and saw several men with revolvers drawn. She didn't recognize Mr. Spracklin at first, but later noticed him standing in the kitchen doorway. "My husband asked, 'What is the idea?' she said. "Mr. Spracklin replied, 'We are officers and want to go thru the house.'"

"Beverley said: 'Then why the guns? You never were refused admittance. Who are these other men and how did they get in?' Mr. Spracklin replied that they were his men. Beverley asked if the men had badges to show that they were officers. My husband then walked toward Spracklin. I heard the report of a gun right after that, and that is the last I remember, except that Beverley cried: 'You dog, you've shot me!'"

Spracklin Bewildered. Continuing, Mrs. Trumble said that Spracklin stood as if he didn't realize what had happened, then turned and went out thru the same window by which he entered. "My husband," she went on, "with the assistance of Mr. Smith, staggered into the bedroom lay on the floor and died. I think it was in about fifteen minutes that he died." Crown Attorney Rodd then asked: "Did your husband have a gun when he went out to meet the inspector?" Mrs. Trumble: "He did not. He

HIGH COURT JUDGES LAUD JURY SYSTEM

Stands as a Guard Against Unjust Conviction, Says Chief Justice.

High court judges were witnesses on Saturday before the civil service commission at Osgoode Hall, including Chief Justice Sir William Meredith, Sir William Munk, Mr. Justice Middleton and Mr. Justice Orde. Chairman Gregory called attention to the number of officials in small counties who have very little to do and suggested that economy might be effected by combining some of the offices or of grouping counties with one set of officials.

Sir William Meredith did not think it would be wise to combine the offices of sheriff and jailer. It would, in his opinion, also be unwise to exclude men of legal training from the position of sheriff.

\$9,000,000 Available. Speaking of such small counties as Peel, Halton, and Dufferin, the chairman inquired if it would not be well to make the sheriffs high constables also. High constables now were paid by the counties, from \$50 to \$1,500 annually, with an average of less than \$200.

"I would give the sheriffs the responsibilities of high constables," Sir William observed.

As to official guardians, the chief justice stated that about \$9,000,000 was held in trust in Ontario, largely at 5 per cent. There had been no loss, and the suggestion of local administration by crown attorneys did not appeal to him.

"If the county crown attorneys administered these funds, it would necessarily mean their division," suggested Commissioner Brittain.

"It would mean fifty different funds and with no machinery for their administration," the chief justice replied. There would be more difficulty in investment, less interest obtainable and fifty different overheads instead of one.

As a remedy for the wastage in the small counties, the chairman explained, it had been proposed to give the county judges wider territorial jurisdiction.

As to county crown-attorneys, Sir William Meredith held that as a matter of principle these officials should not engage in private practice.

In the appointment of magistrates, Mr. Justice Orde urged greater care in the selection of men sympathetic by nature.

Reimburse Innocent. "It has been suggested," said Chairman Gregory, "that in cases of persecutions, where the accused establishes innocence, and sometimes is ruined in so doing, he should be reimbursed his costs out of the public treasury."

"If a man charged with crime is proven innocent and honorably acquitted," observed Sir William Meredith, "why should not the crown be penalized in damages the same as the loser in a civil proceeding?"

There are, perhaps, less than ten per cent of defendants in the criminal courts wrongly accused and honorably acquitted, according to Sir William Meredith. These only should be reimbursed in his opinion by the state.

"What do you think of the proposition that there should be a government defender as well as a public prosecutor?" Dr. Brittain asked.

Chief Justice Meredith adding that if crown counsel did his duty he would state to the court facts favorable as well as adverse to the accused and not unduly press for conviction at all costs. This was accepted theory, but contradicted in practice.

Retain the Juries. On the general subject of decentralization, Mr. Justice Middleton held that the proper remedy for prevailing unsatisfactory conditions was a better distribution of work.

With regard to grand juries, the high court justices were unanimously adverse to any interference with this ancient institution, described by Sir William Meredith as "a barrier safeguarding the subject against being unjustly convicted or improperly placed on trial." It was also held to be most important that the public, as represented in and by the grand jury, should continue to feel that it has an important part in the administration of justice according to true democratic ideals.

MAYOR HAS SENSATION; CURIOSITY AROUSED. Mayor Church has aroused curiosity by saying that next Wednesday's meeting of the board of control will be one of the most important of the year, but he declines to tell what the big issue will be. The city hall oracle predicts that there will be an announcement concerning the negotiations for the purchase of the Metropolitan railway, for which Sir Adam Beck has been dickering in the city's behalf.

The mayor has given no indication of dropping the fight to collect the overdue percentages from the Toronto Street Railway, and he may have a new motion to make in that respect.

LUMBER COMPANY PAYS FOR OVERRUN

Sioux Lookout Concern Re-funds Province Over \$13,000.

The Riddell-Latchford timber commission at its meeting Saturday issued another interim report to the government as follows:

1. George Earnest Farlinger, of Sioux Lookout, Ontario, has for some years carried on a comparatively small business as a lumberman and mill owner, and has been in control of certain timber limits in the province, as set out in the accompanying list marked "A."

2. The amount to be paid to the province for the timber cut by him, calculated in the usual way upon returns made to the department of lands, forests and mines.

3. An examination of his books and records disclosed the fact that the amount of the overrun at his mill situated at Sioux Lookout, was much in excess of the amount justified by the use by cutlers of the Doyle rule.

4. The Doyle rule gives a larger advantage to the lumberman and a larger legitimate over-run at the mill on small than on large logs.

5. The logs cut by Mr. Farlinger were of a small run, nearly all being under eleven inches in diameter, and in consideration of that fact we think that in his case a legitimate over-run is 50 per cent.

No Evidence of Forgery. 6. There is no evidence of perjury or forgery in the reports made by the cutters, etc., on behalf of Mr. Farlinger; and he was himself innocent of any knowledge of wrong doing.

7. Mr. Farlinger expressed in his evidence before us a willingness to pay for the overrun considered by us to be unjustifiable and at the rates mentioned in his contract.

8. The amount of output at his mill was 5,158,484 feet, the amount returned and paid for was 2,155,807 feet, the amount not paid for was 3,002,677 feet, the amount allowed by Doyle rule 50 per cent. was 1,501,338.50 feet, the balance to be paid for was 1,498,738.50 feet.

9. At contract prices the sum to be paid for the 1,498,738.50 feet is \$13,030.74.

10. Mr. Farlinger has given to us his cheque for the said amount \$13,030.74, which he transmits with this report.

11. We recommend that this sum be accepted in payment for the timber cut by him not reported to the department.

12. The evidence relating to this matter is forwarded herewith.

No Correction to Make. Albert E. Grigg, deputy minister of lands and forests, took the stand and informed the commission that he had no change to make in his evidence. It fully set out what he intended to say.

Mr. Grigg added that he had been represented as having been at variance with the minister. They had only differed on matters of policy.

Replying to Mr. Symonds' opposition, Mr. Grigg said he cast no reflection on Mr. Ferguson. They had differed with reference to the issuance of permits. "My reason was it could not be done without leaving the department open to criticism, and even suspicion."

Justice Riddell: "Have you altered your opinion about the granting of permits?" "No. My views have been strengthened."

Mr. Harding stated that some large pulp grants were not subjected to investigation. "That is true, but the contracts were made by the minister and subsequently ratified by parliament." Counsel said he was sorry to hear that into operation having machinery put into operation to clear up any insinuations made by Mr. Ferguson.

Had No Knowledge. Geo. H. Rapsey, who had been connected with W. H. Russell and Capt. Alonzo Nuttall in certain transactions in the western part of the province, declared he had no knowledge of perjury committed by Nuttall in reference to outside work. In anything witness had been connected with the act had been compiled with, he said. He thought Nuttall's admissions of perjury had reference solely to mining claims Nuttall had staked out for pulpwood purposes for Russell. Witness had no knowledge of any wrongdoing in connection with his associations, "except common street talk."

CARSON COMMENDS TORONTO OPPOSITION

Sir Edward Carson, spokesman for the Ulsterites in the house of commons, has written to local opponents of the Sinn Fein movement commending their zeal. The letter was received by Thomas Hollaness, 11 Dool ave, chairman of the committee in charge of the lecture delivered the other evening in Cooke's Church by Rev. W. J. Dempster, who severely scored the rebellious element in Ireland. Sir Edward's letter follows:

"I hope your meeting at Cooke's Presbyterian Church will prove a great success. The Sinn Fein, according to their own statement, is out to smash the British empire by organized murder and outrage. In the great war they joined our enemies and combined with Germany to shoot down our forces at the most critical period of the war. They boast that if they gained independence for Ireland, they would strangle British commerce by submarine action from the Irish ports. Every lover of the empire must resist this criminal movement in the interest of progress and civilization."

BEQUESTS MADE IN WILL OF TORONTO WOMAN. Application has been made by Miss Amy E. Mason and Lt.-Col. Douglas H. C. Mason for probate of the will of their mother, the late Mrs. J. Herber Mason, who died on the 18th of October.

The net value of the estate, as appears from the papers, is \$92,757.16. The principal assets are the residence, number 295 Russell Hill road, and stock and debentures of the Canada Permanent Mortgage Corporation. The will, which is dated April 16, 1916, distributes the greater portion of the estate among the deceased's son and daughters, Mrs. Vandermissem, Mrs. Alley, Mrs. Marani and Miss Amy Mason. Bequests of \$500 each are made to the Victorian Order of Nurses, the Infants' Home and to Grace and St. Peter's Anglican Churches.

WILL OPEN NEW BANK. The Dominion Bank will today occupy their new building on the southwest corner of Queen and Bay streets.

PROGRAM FOR UNITY COLORED BY FORCE

Dr. Symonds Discusses Powers of Capital and Labor to Decide Issues.

Unity, religious, international, and social was reduced to the fundamental of the unity of the individual soul in the university sermon preached yesterday in Convocation Hall, by Rev. Dr. H. Symonds of Montreal. The speaker took as his text the passages from the epistle to the Ephesians in which St. Paul exhorts the Christians to develop unity of spirit, and in the initial portion of his discourse admitted the prevalence in the modern world of strikes and discords.

"After centuries of Christian influence we are still apparently far from a real unity," he declared, adding: "It is indeed discouraging and it is no wonder that many people speak satirically and disparagingly of the church and other unifying forces."

But, he continued, satirists should, before addressing their criticism towards the lack of unity apparent amongst nations, churches, and classes, first consider their own soul and be assured that there fundamentally the causes of discord did not lay. Divided aims were still, he pointed out, to be overcome in men's individual characters and still, like the apostle, "the good that they would do, they do not and the evil that they would not do, that they do."

The present program towards unity, Dr. Symonds stated, was still colored by the old doctrine of force, which had inspired dreams of world conquest as recently as the present day. In church union, he continued, the emphasis by many of its sponsors was towards the universal acceptance of the doctrines which they proposed and in class unity the extent was to be determined by capital's power to dictate to labor or by labor's power to coerce capital.

These doctrines and prejudices must, the speaker concluded be superseded by the teachings of the unity of the spirit which Christ and his early fathers of the church preached. And the conception of spirit, he de-

One of Four Millions. \$1 per Month Preserves the Life of One Child. Millions of war orphans in Central Europe are growing up undernourished and stunted. Thousands of them are dying of typhus, tuberculosis and small-pox. There is almost a complete lack of the nourishing foods growing children need, of clothing, of doctors, nurses and medical supplies. The condition of the children is pitiable in the extreme. Upon this coming generation depends largely whether these nations will be healthy and right-minded or a hot-bed of anarchy and degeneracy—a menace to the world. It has been found by experience that the cost of caring for a waif child is approximately three dollars per month; that of the supplies that are required by imports about one dollar is needed; and therefore the dollar that we provide, together with the local support of local governments, local municipalities, local charities and local services practically preserves the life of one child.

ARGOS INTERPROVINCIAL CHAMPIONS MAY PLAY EXHIBITION GAME THIS WEEK

ARGOS ARE BIG FOUR CHAMPIONS

Rough Riders Flashed the Second Period, Scored a Try, and Stopped.

The visitors from Ottawa and Hamilton at Varsity Stadium receive a rude jolt on Saturday when Argonauts defeat the very Rough Riders, 6 to 5, and then landed the championship of the interprovincial Rugby Union.

The game was remarkable in two respects. There was no handballing behind the line and more fighting and scrapping up there than in any game this year in Toronto.

Doc Davies and a few others had rough stuff that Martin never dreamt of. They handled it out of the early sessions, and unfortunately Mike Rodden appeared to be the only Argonaut to retaliate.

TORONTO EASILY DEFEAT PARKDALE

Toronto defeated Parkdale in the O. R. F. U. senior division Saturday afternoon before a small crowd at Scarborough Beach, 14 to 1, leading through 7 to 0 the first quarter, 13 to 1 at half time and same at three-quarters. Thus the Toronto earn the right to play-off in the Canadian final, but Parkdale has protested their playing Pearson and Schatz, students, who did not have the necessary permission from the Varsity directors, the Canadian Union having agreed to respect the university regulations. These two, with Connacher, started for Toronto and made it an easy game, Smith carrying the first on the ground, Smith carrying the first on the ground, Smith carrying the first on the ground.

Tryster Wins the First Kentucky J. C. Stakes

Louisville, Ky., Nov. 6.—Harry Payne Whitney's unbeaten Tryster, piloted by Jockey P. Collietti, won the first running of the Kentucky Jockey Club Stakes for 2-year-olds at a mile here today.

Grey Lag was second, Behave Yourself third and Brother Bath fourth. The winner's time was 1:38 2-5.

The race carried \$10,000 in added money. The winner received \$25,000, the second \$15,000, and the third \$5,000.

Tryster took the lead at the start and never headed, although he was hard pressed by Grey Lag in the last quarter.

He speeded up enough, however, to win by a length. Summary: FIRST RACE—Purse \$1200, claiming.

SECOND RACE—Purse \$1200, for 2-year-old maidens, 7 furlongs.

THIRD RACE—Purse \$1200, claiming, for three-year-olds and up, mile and a sixteenth.

THE HORSES

THREE RACES DECIDED IN TWELVE HEATS—SOME IN DRIVING FINISHES

Mona Hal Wins in Three Heats, Our King in Four and Miss Clara Todd in Five at Sundown, According to the Rule.

The Toronto Driving Club rendered valuable support to the resolution of the local racing association, which promised weekly race meets to the horsemen locating here until the opening of the ice.

On Saturday afternoon, and offering purses of \$400, the sport was started promptly at 2 p.m., and continued until darkness at 7 p.m., and continued until darkness at 7 p.m.

Assembling the 218 trotting drivers for the opening heat, Starter Chas. Snow replaced Starter Sam McBride in this race because of the darkness.

At last, the brigade engaged in the 214 pace, with Rena Biscoe in the lead, 2 to 5, previous to the first heat, Facing Star, 2 to 1; Jack Powers, 2 to 1; Our King, 2 to 1; and the late Mrs. J. W. Broom, 2 to 1.

Facing Star, an adept scoring pacer, made a procession to the three-quarters mark, but was overtaken by Rena Biscoe, who led to the finish.

Our King, who was in the lead at the start, was overtaken by Facing Star, who led to the finish.

Reina Biscoe, who was in the lead at the start, was overtaken by Facing Star, who led to the finish.

ULSTERMEN AGAIN DEFEAT SCOTTISH

Playing for Second Place Excites Only Interest in First Division.

The only interest left in the first division of the T. and D. senior league is for place, with nothing at stake for the clubs only a few shakels to be gathered in.

The championship, though not yet declared, was won by the Ulster club two weeks ago, and while league games of no material interest to the league were being played a number of Bridgen Cup games were held over, which may mean a draw for three goals each.

The game between Scottish and Ulster was played on Saturday afternoon, Wm. Davies did well to hold all Scots to two goals.

BOSTON FISHERMEN CHALLENGE ESPERANTO

Several Driving Finishes at Dufferin Park Matinee

Boston, Mass., Nov. 7.—Boston fishermen are not inclined to admit that the victory of the Esperanto over the Nova Scotia schooner Delawana established the Gloucester boat as the champion of the North Atlantic fishing fleets, and last night they sent a challenge to the Cape Ann boats to race the Esperanto against the Boston fisherman Josephine de Costa.

The challenge is for one race or for the best two out of three.

After extending congratulations to Captain Marty Welch, the Boston committee in its letter of challenge said: "Believing we have here in Boston a more faster boat, we hereby challenge the Esperanto to a race, or races, at once, with the Schooner Josephine de Costa, over a course and conditions to be arranged by the committee; the international sailing championship among the fishing fleets of the American continent."

The committee said it would consider a course from Boston Light to Provincetown, one to race, or races, at once, with the Schooner Josephine de Costa, over a course and conditions to be arranged by the committee; the international sailing championship among the fishing fleets of the American continent."

WAR OR PEACE IN BIG LEAGUE BALL

National League Magnates and Ban Johnson's Loyal Five Meet Today.

Chicago, Nov. 7.—Whether war is to break into the major baseball league or the dove of peace is to continue to soar above the professional baseball game, probably will be decided here tomorrow, when separate meetings of the two factions at the proposed reorganization of baseball will be held.

The preliminary conferences were held by both sides, President Ban Johnson of the American League, and Clark Griffith of the Washington club and Connie Mack of the Philadelphia Americans, the other three members of what Johnson terms the "loyal five" failing to appear.

They were expected to be here tomorrow, however, for the league meeting which President Johnson has called. Meeting a few blocks away from the National League headquarters, they were expected to be here tomorrow, however, for the league meeting which President Johnson has called.

EXPLAINS NATURE OF TRUE RELIGION

Discharging Great Moral and Spiritual Obligations, Says Dr. Ribourg.

Rev. Dr. Ribourg, preaching at St. Alban's Cathedral last evening, on the "Reward of Godliness," said in part: "To the average mind, the word godliness, savors of the pietistic and asceticism of the Christian era. To St. Paul it meant power and action. Exercise itself into godliness is his advice to his disciple Timothy. "Religion is character, it is life it is discharging the great moral and spiritual obligations of human existence. Godliness, therefore, is a term which expresses the true nature of religion. The godly man is the normal man. He is truly adjusted to his spiritual environment, and is right with God and man."

"True faith and a godly life cannot be separated one from another, any more than the foundation can be separated from the superstructure. The rewards of godliness are many even in this life. The sense of honor, unalloyed, a good conscience, void of offense, a character that protects and inspires, a name which is synonymous with right living and fair dealing; these are possessions which money cannot buy, and to have them is to be rich far beyond the mere trappings of wealth. The reward of the body man is the inward consciousness of duty well done. Far beyond the value of material possessions are our homes, a pure society, a clean business world, and worthy political achievements. "The call of the hour to each one of us is to develop a strong spiritual manhood, capable of facing without faintness the new problems and responsibilities arising from this the greatest hour in the world's history."

POSTOFFICE SURPLUS MEN ARE DISMISSED

The dismissal from the staff of 65 men as "surplus to the establishment" has been announced by the local post office. Nine-tenths of the men concerned are war veterans and the G.W.V.A., G.A.U.V., Army and Navy Veterans and the Letter Carriers' Association are steadily filing unavailing protest with the government.

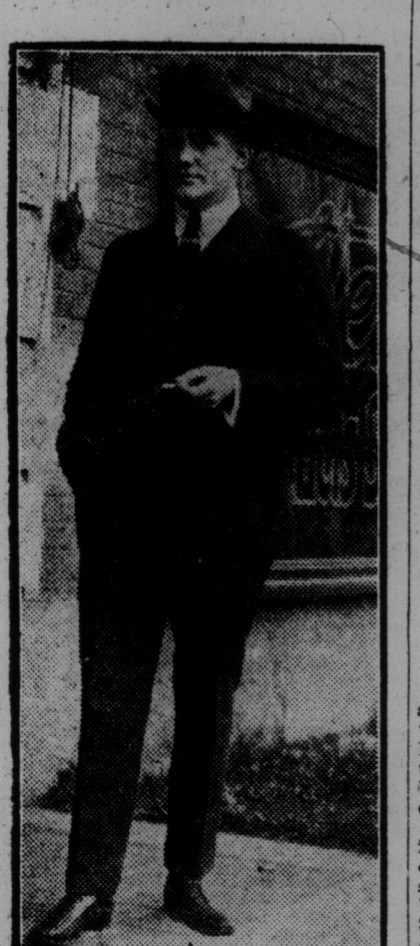

In an effort to keep their positions the majority of the men are understood to have tried the civil service exams last week, but no results have as yet been announced.

Colonel R. S. Burton of the 8th Battalion and Finnish Legion, residing at 38 Huntley street, desires it to be understood that he is not the Colonel Burton who figured prominently in a political incident in the Northeast Toronto campaign.

REPORTING ON SINGLE TAX. Assessment Commissioner Forman is preparing a report on the method of taxation which Alderman Honeyford is advocating for Toronto, commonly known as single tax. He has also issued copies of extracts from the findings of the Manitoba Assessment and Taxation Commission, in opposition to the proposal to reduce the assessments on improvements and transfer the tax burden to the land. Commissioner Forman has been criticized for using public money in reprinting these extracts, but he replies that he felt it was his duty to see that aldermen were fully informed on the subject. The report will be laid before the board of control in a few days.

OVERCOME AT FIRE. Mrs. J. Mirnik was overcome by heart weakness yesterday afternoon when fire broke out in the fruit store at 12 East Dundas street, over which they live. She was rendered first aid by the firemen. The fire was caused by someone dropping a match on the floor. The damage was \$10.

ANNIVERSARY OF GEORGINA LODGE

Over Three Hundred Brethren Present at Twenty-Fifth Masonic Natal Day.

Georgina Masonic Lodge celebrated the 25th anniversary of its removal to Toronto on Saturday evening in the Masonic Temple, Yonge street. Over 300 brethren were in attendance and the function was featured as an "old members' night."

CHURCH MAY FIND USE FOR THE STAGE

Adoption of Plays in Community Work Suggested by Methodist Board.

A startling reversal of the prevailing attitude of the Methodist denomination towards the drama is declared in a resolution passed by a session of the board of evangelism and social service, recommending adoption by the clergy of plans in community work for the building up of a healthy social life in the church. "The demonstration of making this action, is considered to have given tacit recognition to the failure of a church to nullify the influence of the dramatic upon the lay mind. A further factor in inducing the decision is said to be the belief by the church that plays produced under its supervision and chosen somewhat in accordance with the guidance calculated to be of a healthier moral tone than some of the current presentations of the professional stage."

CHURCH CAMPAIGN BRINGING RESULTS

An increase in the church attendance is reported throughout the city, as a result of the Anglican church campaign, the aim of which is to increase the church attendance 50 per cent during November with the hope of making this gain permanent. Rev. C. Crowder, rector of St. Mark's Church, in the north end, reported a marked increase in the evening, some being turned away. Grace Church, on the hill, had an increase in church attendance of 50 per cent during November with the hope of making this gain permanent. Rev. J. B. Doherty, pastor of St. Luke's Church, was pleased with the increased congregation in the morning and during the week of the evening. Dr. Biagray of St. Mark's, in Parkdale, was delighted, as the usual attendance was increased by 50 per cent, and at the church of the Epiphany, the large portion of men present was noticeable.

KEW BEACH LAWN BOWLING CLUB

The annual meeting of the Kew Beach Lawn Bowling Club was held in the club parlors on Saturday evening, with a very large attendance of members. The condition of the lawn during 1920 was a great disappointment to the club, but changes were initiated early in September, and the services of a capable lawn expert secured. This work is still going on, and the club has high hopes of having a lawn second to none in Toronto for 1921.

Club season saw the finish of the Foster Cup competition, which ran thru three seasons. Kew Beach secured the trophy by a fairly comfortable majority. Club competitions resulted as follows: Rink championship—Winners, Roy Irving, W. Kennerley, W. S. Ball, Bert Irving, W. R. Irving (skip).

Novice singles (president's prize)—Herb Green, winner; John Miller, runner-up. Club doubles—Winners—D. R. Sneddon, P. H. Baker.

Runners-up—W. Corbett, Tom Duffus. Club singles (Maguire Cup)—I. Bert Irving, 2, A. H. Lougheed, 3, Roy Irving. Points prize—A. Roberts, W. Geddes, W. Shearer, W. Gordon (skip). Last year's president, Mr. Fred Higgins, being desirous to be relieved of his duties, the meeting unanimously elected Mr. John D. Hayes as his successor, and Mr. Higgins was pressed to accept the position of honorary president. New blood was brought into the directorate in Mr. Pauline, Mr. Hemphill and Mr. Smalley, while the posts of games secretary and club secretary were entrusted to the capable and tried hands of Stewart Thomson and Herb Henderson. Mr. Tate and Mr. Harry McDermott will remain the watchdogs of the treasury, as auditors. The club closed its year with a record balance in the treasury, and looks forward to big doings in 1921.

CHARGE AGAINST MAN IS HOUSEBREAKING

Laurence Doward Arrested — S. Petas Also in Custody on Theft Charge.

Lawrence Doward, Church street, and Steve Petas, Euclid avenue, were arrested yesterday afternoon by Detectives Dawn and Silverthorn, the former on a charge of housebreaking, and the latter on a charge of theft. Doward is alleged to have broken into the house at 365 Montrose ave., on Tuesday night last, and to have stolen fourteen cases of whiskey and house furnishings, valued at about \$1,000. Petas, who is a taxi cab driver, is held on a charge of stealing one case of the stolen whiskey, which he is alleged to have disposed of for \$25. Entry to the house was gained by smashing the glass in the front door after which it was opened by means of the key found on the inside.

DESIRE TO SPLIT VETERANS' VOTE

Flynn So Charges Respecting Opponents of Higgins in Northeast Toronto.

Characteristic denunciation of past provincial governments and the present federal body, featured the speech delivered yesterday afternoon by President J. Harry Flynn to the open meeting of the G.A.U.V., held in Fantag's Theatre. President Flynn also denounced as "traitorous" the action of Majors Kippen and Lewis in accepting nomination, and thus pandering to the alleged desire of the old parties to split the voter vote. The present campaign, he continued, was being carefully watched by the political interests of the entire country, and it should be pointed out, the soldier-labor interests an unparalleled opportunity for sounding to the ears of old-time grifts and Tories the death knell of machine methods.

ANOTHER ACCUSATION

Absolutely unfit for human food. Freeland Accused of Supplying the Meat to Chinese Restaurants.

According to the police, Freeland sold one of the carcasses to the restaurant at 465 West Queen street for 9 cents a pound, and the remainder of the carcass and edible internals to the other restaurant for the sum of \$13. The meat was all confiscated by Dr. Richardson. The two police officers arrested Freeland and the two boys at 3 o'clock Sunday morning while delivering the larger part of the carcass to the second restaurant. The earliness of the hour aroused the suspicion of the constables and they proceeded to the officers that the boy had died in calving and also that Freeland had committed offences against them.

RED CROSS APPEAL GETS GOOD RESULTS

Many Suffering People in Europe. Early results of the Canadian Red Cross appeal on behalf of the British Empire War Relief Fund, to assist the plague-stricken people and suffering children of Europe, indicate that the appeal has touched a sympathetic chord in the hearts of the people. The time set for receiving contributions is now over, and many have arrived in advance of the time. The mails to the society's home at 410 Sherbourne street, contained many contributions, most of them being accompanied with letters expressing deep sympathy with the appeal. One letter came from a resident of a little community on Pelee Island, and expressed an earnest desire to participate. Another letter said: "I am thankful that I have been spared to send a small contribution to combat disease and distress in Europe. Why do we wait till things come to such a pass before we hear the call of the Master?"

The first contribution was received about three weeks ago. It consisted of a cheque for \$25, and the donor, a retired minister, living near Toronto, called personally to leave his contribution and express his sympathy with the object of the fund. The appeal is being made through the little community of the Canadian Red Cross during this week, with the exception of British Columbia and Nova Scotia, which have postponed the appeal for two weeks.

MORE ONTARIO TOWNS GO OVER OBJECTIVE

Ten additional towns have reached their objectives or gone over the top in the Dominion-wide campaign of the Navy League of Canada in their efforts to raise \$750,000. The remaining towns have sent in good financial reports and the campaign is still proceeding. Seventy-seven Women's Institutes have already contributed and five others sent contributions Saturday. They are: Goulds, Howland, Caroline, Lions' Head and Shelburne.

SPRACKLIN WARNED AGAINST SHOOTING

Subordinate Official Says He is Confident Situation Was Desperate. "I can't understand this shooting affair at all; why it was only Friday night, while I had been ordered to use guns in our work. Personally, I have never carried a gun at any time while making liquor raids, and I don't believe there had been any orders to do so in any pretty tight corners." This is what John McKeekie, special provincial license officer, told The World last night when interviewed in the King Edward Hotel regarding the killing of Beverley Trumble, hotel-keeper, by Rev. J. O. L. Spracklin, at Windsor on Saturday. McKeekie is a Toronto boy and left Windsor the night before the shooting. This young Scotchman is, however, a great admirer of the "fighting parson" and was emphatic in declaring that Rev. Mr. Spracklin would not have shot unless he thought his life was at stake. "He is one of the bravest men I have ever met and a perfect gentleman," said McKeekie. "It is no surprise to me to hear of an affair like this. Rev. Mr. Spracklin's life has been attempted so many times that it was necessary for him to carry a gun."

E. WILSON ARRESTED; WANTED IN DETROIT

Edward Wilson, living at 60 St. Patrick street, was arrested on Saturday night by Detective-Sergt. Thompson. The arrest was made at the request of the chief of police of Detroit. Wilson, it is understood, is carrying a bullet in his hip resulting from a jewelry robbery which took place about a week ago. The other members of the gang were arrested by the Detroit police while in the act, it is said, of burglarizing the store, and a shooting affray followed in which a constable was killed. Wilson still carries a bullet in his hip resulting from the gun fight, and walks lame as a result.

SOLD MEAT UNFIT FOR HUMAN FOOD

Freeland Accused of Supplying the Meat to Chinese Restaurants.

According to the police, Freeland sold one of the carcasses to the restaurant at 465 West Queen street for 9 cents a pound, and the remainder of the carcass and edible internals to the other restaurant for the sum of \$13. CLAIMS FOUNDER OF NATIONS' LEAGUE

Visiting Professor Also Follower of Originator of Esperanto Language.

"Praise be to God that we have finished" was the time-honored conclusion voiced by the interpreter for the Hon. Janabe Fazel Mazandarani, professor of philosophy at the University of Tehran, who addressed a very large gathering at Foresters' Hall, College street, near Yonge street, upon the work of the Bahai movement in Persia and throughout the world. It was a prayer which had its significance in that the meeting had concluded with innumerable questions propounded by the audience of all grades of thought from the purely theosophic to the revolutionary socialist. Answering one of these, the interpreter said: "The inexplicable is unexplainable. I mean that I do not know what I do mean. The meaning of this message is not clear." This proved to be a very radical type. This man wanted to know why Babel was, and could it be explained, but his question was not decipherable.

BOOM PROPHESED IN YUKON MINING

Visiting Judge Tells of Development in Far North. "While I don't think there is any possibility that the Yukon will ever boom again like it did back in 1897 and 1898, I don't mind telling you that there are now encouraging prospects of greater mining operations in the near future. Our great northern territory is by no means a dead one. It still holds great mineral wealth and recent developments augur well for a considerable revival in the mining industry. Thus spoke Judge C. D. Macaulay of Dawson City, who has just come from the frozen north and is staying at the King Edward Hotel. "In my position as a judge, it is hardly right for me to discuss the future of the country or tell you what I think regarding its opportunities," he said. "However, during my visit, I saw conditions look a lot brighter than they did a couple of years ago. Of course, everybody is talking about our only industry, now, mining is not so much a dead one as it was a few years ago. It is now a country to come back to. The silver and lead mining industry is now being revived. To support his contention, Judge Macaulay told The World that the Yukon Gold Company, which hitherto has practically restricted its operations to placer mining for the precious metal, had recently appropriated half a million dollars to carry on a large-scale silver and lead mining. "You can take that as you like," he said, "but I think it is safe to say that a company of that sort, which has made exhaustive studies of the possibilities there, is ready to invest that much money, it looks as if things were due to boom to some extent. It certainly is evident that the ground still holds mineral wealth, so we are looking forward to a bright future. "Don't get the idea in your head, however, that all a person has to do to dig, mine and get rich is simply to go there and dig. Mining today will never be like it was in the Yukon's old-time heyday, when a man could make a fortune in a short time by taking a pick and shovel and digging for gold. Mining operations have to be carried out on a big scale, and it takes unlimited capital to finance the operations. I doubt that any individual could make more than a bare living. "Another thing that must be taken into consideration in discussing opportunities for wealth is the fact that the purchasing power of gold has materially decreased. As a result, the gold that is taken from the top, it costs more to mine it, and when it is mined it is worth less than in former years. This silver and lead lode mining, however, shows great prospects."

ORGANIST LEAVES FOR NEW CHARGE

After five years' service as organist and choir leader of Prospect Park Methodist Church, Norman Hamilton, who is leaving to take over similar duties at Belfair Methodist Church, is regretted by many, as he has established a place for himself in the hearts of the people. Beginning in 1915, with a choir of six, he gradually increased its number to 23, all well equipped and talented. Mrs. Laird presided at the organ for the church rendered the anthem "The Day is Past and Over," with Mrs. Ethel Laird and Sam Pepler as soloists. The choir, who have been the assistant choir leader for the past year, will assume temporary leadership.

Rev. J. H. Oke, his pastor, is at present north on a hunting trip. Yesterday Rev. Dale was the officiating minister at the subject, "What Think Ye of Christ?" The attendance was excellent.

ACCEPTS CALL TO AMERICAN CHURCH

Dr. Ribourg Leaves Toronto With Regret of St. Alban's Congregation.

The Rev. Dr. Ribourg, for four years priest-vicar of St. Alban's Cathedral, has accepted the unanimous call of the vestry and congregation of St. Andrew's Church, Fifth avenue, New York City. Dr. Ribourg leaves the city of Toronto with the best wishes and deep regrets of the cathedral congregation and the many friends he has in the churches of this city. During his four years' ministry at St. Alban's the cathedral edifice has been enlarged, the sitting capacity being doubled, the greatly increasing congregation demanding this enlargement. Dr. Ribourg, before coming to Toronto, was assistant rector of Holy Trinity Church, Winnipeg, where his ministry was much blessed in the building up of one of the largest congregations west of the Great Lakes. He goes to one of the strategic centres of parish life in New York where it is confidently expected he will do great things for St. Andrew's Church is the eleventh largest church in the diocese of New York. Dr. Ribourg is a native of France, and is like the late Sir Wilfrid Laurier, an eloquent speaker in both languages.
