FACULTY.

PROFESSORS.

WALTER B. GEIKIE, M. D., C. M., D. C. L., F. R. C. S. E., L. R. C. P.,
Lond. ; Dean of the Faculty ; Member of the Council of the College of Physicians
and Surgeons of Ont. ; Member of the Consulting Staff of the Toronto General
Hospital.—Holyrood Villa, 52 Maitland Street.

Professor of Principles and Practice of Medicine.

J. ALGERNON TEMPLE, M. D., C. M., M. R. C. S., Eng. ; Member of the
Consulting Staff of the Toronto General Hospital ; Physician to the Burnside
Lying-in-Hospital.—191 Simcoe Street.

Professor of Obstetrics and Gynæcology

THOMAS KIRKLAND, M. A., Principal of the Normal School, Toronto.—432
Jarvis Street.

Professor of General Chemistry and Botany.

C. W. COVERNTON, M. D., C. M., M. R. C. S., Eng. ; Lic. Soc. Apoth.,
Lond. ; Ex. Chairman and Member of the Provincial Board of Health.

Emeritus Professor of Medical Jurisprudence and Toxicology.

FRED. Le M. GRASSETT, M. B., C. M., Edin. Univ. ; F. R. C. S. E. ; M. R.
C. S., Eng. ; Fell. Obstet. Soc., Edin. ; Member of the Acting Surgical Staff
of the Toronto General Hospital ; Physician to the Burnside Lying-in-Hospital ;
Member of the Consulting Staff of the Toronto Dispensary.—208 Simcoe Street.

**Professor of Principles and Practice of Surgery, and of Clinical Sur-
gery.**

W. T. STUART, M. D., C. M., Trin. Coll., and M. B., Univ. Toronto ;
Professor of Chemistry, Dental College, Toronto.—195 Spadina Avenue.

Professor of Practical and Analytical Chemistry.

CHARLES SHEARD, M. D., C. M., Fell. Trin. Med. Coll., M. R. C. S., Eng. ;
Member of the Acting Staff of the Toronto General Hospital ; Consulting
Physician to the Victoria Hospital for Sick Children.—314 Jarvis Street.

**Professor of Physiology and Histology and Lecturer on Clinical
Medicine.**

G. STERLING RYERSON, M. D., C. M., L. R. C. P., L. R. C. S., Edin. ;
Surgeon to the Eye and Ear Dept., Toronto General Hospital, and the Victoria
Hospital for Sick Children.—60 College Avenue.

Professor of Ophthalmology and Otology.

LUKE TESKEY, M. D., C. M., M. R. C. S., Eng. ; Member of the Acting
Surgical Staff of the Toronto General Hospital, and Professor of Oral Surgery,
Dental College, Toronto.—201 Church Street.

Professor of Anatomy, and Lecturer on Clinical Surgery.

JOHN L. DAVISON, B. A., Univ. Tor., M. D., C. M., M. R. C. S., Eng.;
Member of the Acting Staff of the Toronto General Hospital, and Physician to
the Victoria Hospital for Sick Children.—12 Charles Street.

**Professor of Materia Medica and Therapeutics—Theory and Art of
Prescribing, &c., and Lecturer on Clinical Medicine.**

GEO. A. BINGHAM, M.D., C.M., Trin. Coll.; M.B., Tor. Univ.; Member of
the Acting Surgical Staff of the Toronto General Hospital; Surgeon to Victoria
Hospital for Sick Children.—64 Isabella Street.

Professor of Applied Anatomy, and Lecturer on Clinical Surgery.

NEWTON ALBERT POWELL, M. D., C. M., Trin. Coll.; M. D., Bellevue
Hosp. Med. Coll., N. Y.; Lecturer on the Practice of Surgery, Woman's
Medical College, Toronto; Pathologist to the Toronto General Hospital.—Cor.
of College and McCaul Streets.

Professor of Medical Jurisprudence. Lecturer on Surgical Appliances.

D. GILBERT GORDON, B. A., Tor. Univ.; M. D., C. M., Trin. Univ.; L.
R. C. S. & P. Edin.; L. F. P. & S., Glasgow.—619 Spadina Avenue.

**Professor of Sanitary Science, and also in charge of Microscopic Patholo-
gical work of the College at the General Hospital.**

LECTURERS, DEMONSTRATORS, INSTRUCTORS AND ASSISTANTS.

E. A. SPILSBURY, M. D., C. M., Trin. Univ.; Surgeon to Nose and Throat
Department, Toronto General Hospital.—189 College Street.

Lecturer on Laryngology and Rhinology.

ALLAN BAINES, M. D., C. M., Fell. Trin. Med. Coll.; L. R. C. P., London,
Member of the Acting Staff of the Toronto General Hospital, Physician to
the Victoria Hospital for Sick Children.—194 Simcoe Street.

Lecturer on Clinical Medicine.

E. B. SHUTTLEWORTH, Late Principal and Professor of Chemistry and Pharmacy,
Ontario College of Pharmacy.—220 Sherbourne Street.

Practical Pharmacy &c.

A. Y. SCOTT, B. A., Tor. Univ.; M. D., C. M., Trin. Univ.; formerly Dean of
the Ontario College of Pharmacy.—Cor. North Drive and Lampart Avenue.

Zoology, &c.

D. J. GIBB WISHART; B. A., Tor. Univ.; M. D., C. M., L. R. C. P., London.
47 Grosvenor Street.

Senior Demonstrator of Anatomy.

J. T. FOTHERINGHAM, B. A. Tor. Univ.; M. D., C. M., Trin. Univ.

Second Demonstrator of Anatomy.

- F. P. COWAN, M. D., C. M. ; Fell. Trin. Med. Coll.
 P. J. STRATHY, M. D., C. M. ; Fell. Trin. Med. Coll. ; M. R. C. S., Eng.
 H. B. ANDERSON, M. D., C. M. ; Fell. Trin. Med. Coll.
 D. ALBERT ROSE, M. D., C. M., Fell. Trin. Med. Coll. ; L. R. C. S. & P., Edin. ; L. F. P. & S., Glas. ; L.M., Edin.

Assistants in Practical Anatomy.

- C. TROW, M. D., C. M., Trin. Univ., L. R. C. P., Lond. ; Surgeon to the Eye and Ear Department of Toronto General Hospital.—57 Carlton Street.

Clinical Lecturer on Diseases of the Eye and Ear.

- H. B. ANDERSON, M. D. C. M. ; Fell. Trin. Med. Coll.
Demonstrator of Pathology.

- W. H. PEPLER, M. D. C. M. ; Fell. Trin. Med. Coll.
Assistant in Pathology.

SUMMER SESSION.

TEACHING STAFF.

- WALTER B. GEIKIE, M. D., C. M., D. C. L., F. R. C. S. E., L. R. C. P., Lond. ; Dean of the Faculty ; Member of the Council of the College of Physicians and Surgeons of Ont. ; Member of the Consulting Staff of the Toronto General Hospital.—Holyrood Villa, 52 Maitland Street.

Diseases of the Chest.

- J. ALGERNON TEMPLE, M. D., C. M., M. R. C. S., Eng. ; Member of the Consulting Staff of the Toronto General Hospital ; Physician to the Burnside Lying-in-Hospital.—191 Simcoe Street.

Obstetrics and Gynæcology,—Operative.

- FRED. Le M. GRASSETT, M. B., C. M., Edin. Univ. ; F. R. C. S. E. ; M. R. C. S., Eng. ; Fell. Obstet. Soc., Edin. ; Member of the Acting Surgical Staff of the Toronto General Hospital ; Physician to the Burnside Lying-in-Hospital ; Member of the Consulting Staff of the Toronto Dispensary.—208 Simcoe Street.

Surgery of Genito-Urinary Organs and Clinical Surgery.

- W. T. STUART, M. D., C. M., Trin. Coll., and M. B., Univ. Toronto ; Professor of Chemistry, Dental College, Toronto.—195 Spadina Avenue.

Chemical Analysis of the Fluids of the Body.

- LUKE TESKEY, M. D., C. M., M. R. C. S., Eng. ; Member of the Acting Surgical Staff of the Toronto General Hospital, and Professor of Oral Surgery, Dental College, Toronto.—201 Church Street.

Injuries and Diseases of Joints, and Clinical Surgery.

- JOHN L. DAVISON, B. A., Tor. Univ. ; M. D., C. M., M. R. C. S., Eng. ;
Member of the Acting Staff of the Toronto General Hospital ; Physician to
Victoria Hospital for Sick Children.—12 Charles Street.
Fevers,—Medical Diagnosis, and Clinical Medicine.
- GEO. A. BINGHAM, M. D., C. M., Trin. Coll. ; M. B., Tor. Univ. ; Member of
the Acting Staff of the Toronto General Hospital ; Surgeon to Victoria Hospital
for Sick Children.—64 Isabella Street.
Amputations, Fractures, Dislocations, and Clinical Surgery.
- NEWTON ALBERT POWELL, M. D., C. M., Trin. Coll. ; M. D., Bellevue
Hosp. Med. Coll., N. Y. ; Lecturer on the Practice of Surgery, Woman's Med.
College, Toronto ; Pathologist to the Toronto General Hospital.—Cor. of
College and McCaul Streets.
Surgical Diseases of Children and Clinical Work.
- ALLAN BAINES, M. D., C. M., Fell. Trin. Med. Coll. ; L. R. C. P., London
Member of the Acting Staff of the Toronto General Hospital ; Physician for
Victoria Hospital for Sick Children.—194 Simcoe Street.
Diseases of Children and Lecturer on Clinical Medicine.
- E. B. SHUTTLEWORTH, Late Principal and Professor of Chemistry and Pharmacy,
Ontario College of Pharmacy.—220 Sherbourne Street.
Bacteriology.
- E. A. SP'LSBURY, M. D., C. M., Trin. Univ. ; Surgeon to the Nose and Throat
Department, Toronto General Hospital.—189 College Street.
**Clinical Instruction, with Practical Teaching, of Diseases of Nose
and Throat, with the practical use of Rhinoscope, Laryngoscope, &c.,
at the Hospital.**
- G. GORDON, B. A., Tor. Univ. ; M. D., C. M., L. R. C. S. & P., Edin. ; L. F.
P. & S., Glasgow.—619 Spadina Avenue.
Obstetrics, other than Operative.
- C. TROW, M. D., C. M., Trin. Univ., L. R. C. P., Lond. ; Surgeon to the Eye
and Ear Department of the Toronto General Hospital.—57 Carlton Street.
**Clinical Instruction, with Practical Teaching, of Diseases of the Eye
and Ear, with the practical use of Ophthalmoscope, and Otoloscope,
etc., at the Hospital.**

Trinity Medical College.
ESTABLISHED 1850.
Toronto.

INCORPORATED BY SPECIAL ACT OF PARLIAMENT.

IN AFFILIATION WITH

TRINITY UNIVERSITY, THE UNIVERSITY OF TORONTO, QUEEN'S UNIVERSITY,
AND THE UNIVERSITY OF MANITOBA, AND SPECIALLY RECOGNIZED
BY THE ROYAL COLLEGE OF SURGEONS, ENGLAND, THE ROYAL
COLLEGE OF PHYSICIANS, LONDON, THE ROYAL COLLEGE
OF PHYSICIANS AND SURGEONS, OF EDINBURGH,
THE FACULTY OF PHYSICIANS AND SURGEONS
OF GLASGOW, AND THE KING'S AND
QUEEN'S COLLEGE OF PHYSICIANS
OF IRELAND,

AND BY THE CONJOINT EXAMINING BOARDS IN LONDON AND EDINBURGH.

The Winter Session of 1893-94 will begin on Monday, the 2nd day of October next, and will continue for six months. The opening lecture of the course will be delivered by Dr. D. Gilbert Gordon at 4 o'clock, p.m., on that day, in the College. The regular work of the College begins at 8 o'clock, a.m., on the following day. It is hoped that, in view of their own interests, students will, as far as practicable, be present at the opening lecture, so as to lose none of the early teaching in the several branches

The Faculty record with pleasure the constantly increasing prosperity of the College. In no Session has more successful work been done than in that which closed in March, 1893.

Trinity Medical College has the great advantage of being governed

entirely by its own Faculty, composed of Medical teachers of long experience.

From its inception, "STABILITY AND EFFICIENCY, with PRACTICAL TEACHING IN EVERY BRANCH," has been the motto, and the basis on which the College has been, and will continue to be conducted.

The only modification made in this Institution for many years, was the passing of an Act by the Legislature in 1887, raising "Trinity Medical School" to the standing and dignity of a "Medical College," a position well earned by many years of successful teaching.

TRINITY MEDICAL COLLEGE WILL, MORE THAN EVER GO ON ADVANCING AND IMPROVING every Session, keeping well abreast of the rapid advances of science, and of the requirements of the medical profession, as laid down from time to time by the Ontario Medical Council.

Thoroughness in TEACHING—making it as PRACTICAL AS IT CAN BE MADE in every Department, and PUNCTUALITY and ZEAL in all College work, will as heretofore, be steadily maintained in view of the high position this Institution has gained by continued strict attention to these fundamental essentials of a sound medical education.

All the lectures, except those on Clinical Medicine and Clinical Surgery are delivered in the large College Building, situated in the immediate vicinity of the Toronto General Hospital. This College has found it essential to medical students, and a great saving of their valuable time, to have the lecture rooms where they are taught the nature of disease, AND ALL THE BRANCHES OF SCIENCE RELATED TO MEDICINE, as close as possible to the General Hospital. The Clinical teaching is all done in the Hospital. Very special attention has been paid to the fitting up of the Lecture and Dissecting Rooms, Laboratories, etc. They are large, exceedingly well lighted, and contain every appliance required for Practical Teaching.

One of the largest rooms in the College, and well lighted from the ceiling, is set apart for the Museum; and the Reading Room is well supplied with the leading journals and papers. The Faculty continue to make every improvement necessary for the comfort and convenience of the constantly increasing number of students in attendance. To meet the requirements of the increasing Anatomy classes, the new Dissecting Room was built. It is spacious—lighted from the ceiling, and, for SANITARY REASONS IS ENTIRELY SEPARATE FROM THE REST OF THE COLLEGE BUILDING. Large additions have been recently made to it comprising

INTER
THERE
AFFILI

Stu
which

a Demonstrator's Room, Vat Room, Wash Room, etc. It is furnished with every modern requisite of a Dissecting Room. The entire arrangements for the study and teaching of Practical Anatomy have received the greatest attention in this College, so as to have them as perfect as they can be made, taking the best European Schools of Anatomy as the models. The perfect isolation of this Building is considered by the Faculty as essential to the health and comfort of the Students.

Although it is not many years since the erection of our commodious Medical College Buildings the attendance of students has increased so much as to require from time to time more ample accommodation, and large additions have been built. Very recently, the buildings were greatly enlarged, so as throughout to meet all the requirements of a well equipped Medical College. The latest additions and improvements, are those made in the Laboratories, in the Department of Practical Anatomy, and in the Ophthalmological Department.

There are in the College two equally spacious lecture theatres, a new Laboratory for Practical Histology, one for Practical Chemistry, and a new one for Pathology. THESE LABORATORIES AFFORD ALL THE PRACTICAL FACILITIES WHICH MEDICAL STUDENTS REQUIRE, OR CAN USE IN LABORATORY WORK. The Laboratory for Practical Chemistry was, in 1891 much improved and completely re-equipped.

The gymnasium has been much improved during the present summer, and will be found useful to many students in affording healthful exercise during the short intervals between lectures.

TRINITY MEDICAL COLLEGE IS AN INDEPENDENT, SELF GOVERNING CORPORATION, ENTIRELY SEPARATE AND DISTINCT FROM EVERY OTHER. UNDER ITS OWN SPECIAL ACT OF INCORPORATION, THE COLLEGE IS EMPOWERED TO ENTER INTO AFFILIATION WITH ANY "UNIVERSITY OR UNIVERSITIES" WITH WHICH IT MAY BE DESIRABLE, IN THE INTERESTS OF THE STUDENTS, TO HAVE IT CONNECTED. THE COLLEGE THEREFORE RESTS ON THE BROADEST POSSIBLE BASIS, AND IS IN AFFILIATION WITH

Trinity University,
The University of Toronto,
Queen's University,
The University of Manitoba.

Students attending Trinity Medical College have every advantage which ample University connections afford, under which they can, by

conforming to the curriculum laid down by the several Universities named, go up for their degree, before any one, or more of these. And in addition, they can, if they desire to do so, present themselves for the "Trinity Medical College" Examinations, which are held under the provisions of the SPECIAL ACT incorporating the College. Full particulars regarding these Examinations are given on page 31 of this Announcement. They are equivalent in every way to those required for a University Degree in Medicine, and if successful, the candidate obtains the "Fellowship by Examination" Diploma. This qualification is fully recognized, separately and conjointly, by the several Examining Royal Colleges of Physicians and Surgeons in Great Britain.

Under its special Act, this Medical College is represented on the College of Physicians and Surgeons of Ontario, and upon its Examining Board, and is therefore possessed of every privilege enjoyed by any Medical teaching body in the Dominion.

The "Fellowship by Examination" Diploma entitles its holders to go up before the Royal Colleges of Surgeons and Physicians in Great Britain and Ireland, with precisely the same exemptions from various parts of such examinations as are allowed to holders of University Degrees.

Full instruction is given in Trinity Medical College in all the subjects required for the degree in Medicine, by the University of Toronto, including Biology, Comparative Anatomy, Practical Pharmacy, etc.

The Faculty has been greatly gratified with the high standing uniformly taken by the students of Trinity Medical College at the Examinations of the College of Physicians and Surgeons of Ontario, and the various other Medical Boards at home and abroad, before which they have presented themselves. This, better than anything else, proves the HIGHLY PRACTICAL AND THOROUGH CHARACTER of the TEACHING given in the College.

THE SUMMER SESSION OF 1893.

Attendance upon ONE Summer Session is now made compulsory by the Medical Council of Ontario, and the teaching throughout this Session is thoroughly practical. The course began on Monday, May 1st, and continued for two months, and that of 1894 will be *essentially similar*.

TEACHING AT THE COLLEGE AND CLINICAL INSTRUCTION AT THE GENERAL HOSPITAL

In the Summer Course, as during the Winter Session, the instruction is of a very practical nature, and at the same time covers the entire subject of Medicine and Surgery in the hospital wards, as far as the time will permit.

The hospital work will consist of daily Clinics in the hospital wards and theatre, where the students will be taught the methods of examining patients, diagnosing cases, and the treatment of disease, the application of splints, surgical apparatus, etc.

Every facility will be given to students to examine patients, and assistance will also be given in the making of clinical reports and in note taking.

In the Out-door Clinic the method of examining patients and the prescribing of medicines will receive special attention.

In addition to the hospital course, there will be special classes at the College, in which the subjects of Medicine, Surgery, Midwifery, Gynæcology, etc, will be systematically and thoroughly taken up each day. These classes will be open to all students, without additional charge, who have taking out tickets for the summer Course.

Special attention will be given to the making of post mortems.

To intending Medical Students who propose to begin their Studies during the present Summer Session.

Instruction will also be given in the Anatomy of the Bones and Ligaments, in Elementary Physiology, Materia Medica, and in Elementary Chemistry. Those who take this work, which will be done in special Private Classes, will be prepared for beginning next Winter Session, as it embraces the first year's work.

Primary work will also be taken up for those who desire it.

For Instruction in First Year's work—in practical Pathology, or in Primary work of any kind, an extra fee will be charged.

The following was the Course carried out:

(In May and June, 1893.)

DR. GEIKIE—Diseases of the Chest.

DR. TEMPLE—Obstetrics and Gynæcology—Operative.*

* This course was in 1893, for the most part given for Dr. Temple by Dr. Strathy.

- DR. GRASETT—Surgery of Genito-urinary Organs and Clinical Surgery.
 DR. TESKEY—Injury and Diseases of Joints and Clinical Surgery.
 DR. STUART—Chemical Analysis of the fluids of the Body.
 DR. DAVISON—Fevers, Medical Diagnosis and Clinical Medicine.
 DR. BINGHAM—Amputations, Fractures and Dislocation and Clinical Surgery.
 DR. POWELL—Surgical Diseases of Children and Clinical work.
 DR. BAINES—Medical Diseases of Children.
 PROF. SHUTTLEWORTH—Bacteriology.
 DR. SPILSBURY—Clinical Instruction, with Practical Teaching, of Diseases of Nose and Throat, with the practical use of Rhinoscope, Laryngoscope, etc., at the Hospital.
 DR. GORDON—Obstetrics other than Operative.
 DR. TROW—Clinical Instruction, with Practical Teaching of Diseases of the Eye and Ear, with the practical use of Ophthalmoscope, Otoscope, etc., at the Hospital.
 DR. WISHART—Applied Anatomy.
 DR. FOTHERINGHAM—Gross Pathology.
 DR. MILLMAN—Mental Diseases.
 DR. MEYERS—Diseases of the Nervous System.

FURTHER CLINICAL INSTRUCTION.

GENERAL HOSPITAL.

Out-Patients Clinics—Daily, by members of the Acting Hospital Staff.
 Operations on Saturday.

There is also a Course of daily bed-side instruction, Medical and Surgical, giving particular attention to the Diagnosis and Treatment of Disease, by members of the Acting Staff of the Hospital.

VICTORIA HOSPITAL.

A Course consisting of Clinical Lectures will be given at the above Hospital. Arrangements for this instruction are made to suit the convenience of the Students.

Fee for Course, \$30. Tickets will be issued on payment of fees.

For further information regarding the Summer Session apply to DR. BINGHAM, 64 Isabella Street, *Secretary of Summer Session.*

MATRICULATION.

EVERY STUDENT WHO INTENDS PRACTISING HIS PROFESSION IN ONTARIO IS REQUIRED BY THE MEDICAL COUNCIL BEFORE ENTERING UPON HIS MEDICAL STUDIES, TO PASS THE MATRICULATION EXAMINATION REQUIRED BY THE COLLEGE OF PHYSICIANS AND SURGEONS OF ONTARIO, UNDER THE ONTARIO MEDICAL ACT.

NO PERSON CAN PRACTICE MEDICINE IN ONTARIO WHO IS NOT REGISTERED AS A MEMBER OF THE COLLEGE OF PHYSICIANS AND SURGEONS OF ONTARIO, therefore any one intending to do so must comply with the regulations of the Medical Council.

Prior to July 1st, 1888, the Medical Council's MATRICULATION EXAMINATION, consisted of the THIRD CLASS NON-PROFESSIONAL EXAMINATION WITH THE LATIN OPTION included,—after that date, of the SECOND CLASS NON-PROFESSIONAL, with Latin,—and since July 1, 1892, the Departmental Junior Matriculation Examination in Arts, with the Physics and Chemistry prescribed for the Junior Leaving Examination—is required from every Candidate, not a graduate in Arts, who desires to register with the Medical Council as a Matriculate.

A COPY OF THE PRINTED REGULATIONS GIVING ALL DETAILS OF THIS "DEPARTMENTAL EXAMINATION," can be obtained on application to the EDUCATION DEPARTMENT, TORONTO. This EXAMINATION IS ACCEPTED BY *Trinity Medical College, Trinity University, and by all Canadian Universities.*

Attention is called to the fact that the Medical Council dates the period of study, *in every instance*, from the time the student is registered on their official list as a *matriculated medical student*.

The Medical Council of Ontario requires that every one desirous of being registered as a matriculated student on its register, must present to the Registrar of the Council the OFFICIAL CERTIFICATE of his having passed the Examination entitling him to registration.

Students who previously to July 1st, 1888, have passed THE THIRD CLASS NON-PROFESSIONAL EXAMINATION, or after that date, the SECOND CLASS, ON ALL OTHER SUBJECTS, BUT WITHOUT THE LATIN OPTION, can complete the required examination, by going up for the LATIN ONLY, of the "Junior Leaving Examination,"* held annually, at the

* By this is meant the Matriculation Examination conducted by the Education Department and accepted by the Medical Council, the Universities and the Medical Colleges.

various High Schools. The names of such students cannot be entered on the Medical Council's Register *till the Latin has been passed*. All such candidates must either go up for the LATIN of the "DEPARTMENTAL ARTS" MATRICULATION, above mentioned, or for that of the ARTS MATRICULATION, in any British or Colonial University, which is accepted by Trinity Medical College and by the Universities, as well as by the Medical Council. Any candidate however, who requires to take LATIN ONLY, (having a certificate for everything else), who DOES NOT INTEND TO PRACTICE IN ONTARIO, can take the LATIN at the Trinity University, MEDICAL Matriculation Examination, which is held in Trinity Medical College, in October and March in each year.* BUT EVERY CANDIDATE WHO INTENDS TO PRACTISE IN ONTARIO MUST BEAR IN MIND THAT THE MEDICAL COUNCIL, SINCE JULY, 1888, ACCEPTS ONLY, EITHER THE "SECOND CLASS" LATIN, or that of the DEPARTMENTAL MATRICULATION IN ARTS, OR THAT REQUIRED FOR THE ARTS MATRICULATION IN THE SEVERAL UNIVERSITIES.

Graduates in Arts, or Students who have matriculated as the Medical Council requires, are exempt from any further matriculation examination, and are entitled to registration in TRINITY MEDICAL COLLEGE, on payment of the fee of \$5, and to registration, as a Medical student, at the College of Physicians and Surgeons of Ontario, on payment to the Registrar of that College of the fee of \$20.

From the foregoing, students will see, that there are but two ways of being REGISTERED WITH THE COLLEGE OF PHYSICIANS AND SURGEONS OF ONTARIO, as a matriculated student; and they are specially asked to bear in mind that THIS REGISTRATION IS ABSOLUTELY REQUIRED FROM EVERY ONE WHO INTENDS PRACTISING HIS PROFESSION IN ONTARIO.

FIRST—By having passed the THIRD CLASS NON-PROFESSIONAL EXAMINATION, WITH LATIN, PRIOR TO JULY 1ST, 1888; OR, AFTER THAT DATE, THE SECOND CLASS NON-PROFESSIONAL EXAMINATION WITH LATIN, or after July 1st, 1892, The Departmental Junior Matriculation in Arts, including Chemistry, Physics and Latin; or

SECOND—BY BEING A GRADUATE, IN ARTS, IN A BRITISH OR COLONIAL UNIVERSITY:—In the case of students desirous of taking their Degree in Medicine, but who do not intend to practise in Ontario. Trinity

* For full details of the Examinations see page 20.

University, the University of Toronto, Queen's University, and Trinity Medical College do not insist upon the matriculation examination being passed BEFORE attendance on medical lectures, but it is very strongly recommended that this should in all cases, be passed as soon after entering the medical college as possible, where it has not been passed before—and in every case, where at all practicable, this should be attended to, before the passing of the Second year's or PRIMARY Professional Examination.

A certificate of having passed the MATRICULATION EXAMINATION IN ARTS, or in MEDICINE, in any British or Colonial University, or that of the Medical Council of Ontario, or that required by the various Colleges of Physicians or Surgeons in Great Britain and Ireland, or that of the College of Physicians and Surgeons of Quebec, or that of the Law Society of Ontario or Quebec, or having passed an examination, whether for a TEACHER'S CERTIFICATE in any of the PROVINCES of the DOMINION, which must include Latin, or an examination EQUIVALENT to any of the above, is also accepted by Trinity Medical College, and by Trinity University.

Non-matriculated students from the Maritime Provinces, Manitoba, and the North-West, the West Indies, or other British Colonies, the United States, or from any quarter, and who are non-residents of Ontario, and therefore do not take the Examinations of the Medical Council, may attend lectures in Trinity Medical College on payment of the fees. Should such non-matriculated students however desire to graduate at Trinity University, or at any of the other Universities with which Trinity Medical College, is affiliated, or to go up for the "Fellowship by Examination" Diploma, of Trinity Medical College, they must either pass the Trinity University Medical Matriculation Examination, given below, or present a certificate of having passed some other Matriculation Examination equivalent thereto in every respect.

THE MEDICAL MATRICULATION EXAMINATION of any of the Universities with which this Medical College is affiliated, is only required from Students who have not previously matriculated otherwise, and who do not intend to practise in Ontario, and while strongly recommended to be taken at the beginning of the course, MAY BE PASSED AT ANY TIME BEFORE GRADUATION. Details as to these University Matriculation Examinations are given in this Announcement, under the proper headings.

Students (not otherwise matriculated), desirous of taking the Fellowship Diploma of Trinity Medical College, or to graduate in Trinity University, or Queen's University, will be required to pass an examination on the following subjects :

(1) Writing and Dictation ; (2) English Language, including Grammar and Composition ; (3) Arithmetic ; (4) Algebra, including simple Equations ; (5) Euclid, Books I., II. and III ; (6) Latin Grammar and Translation from at least two of the Latin Books named, Cæsar's *Bellum Gallicum*, Bks. I., II., *or* Bks. V., VI., *or* Cicero, *de Lege Manilia* *or* Virgil, *Æneid*, Bk. II., also Translation of easy passages from an unspecified Latin Author ; (7) and *any one* of the following optional subjects *which may be selected by the candidate*, (a) Scripture History and St. Matthew's Gospel, ch. i. to x. incl., in Greek, (b) Greek, Xenophon's *Anabasis*, Bk. I., (c) French, Voltaire's *Charles XII.*, Bks. VI.-VIII., (d) German, Schiller's *Thirty Years' War*, Bk. I., (e) Natural Philosophy, including Mechanics, Hydrostatics and Pneumatics, (Balfour Stewart's lessons in Elementary Physics is recommended), (f) *or* Logic.

THIS EXAMINATION, which is that required by the Medical Council in Great Britain and Ireland, WILL BE HELD in Trinity Medical College ON THE SECOND FRIDAY AND SATURDAY IN MARCH, AND THE SECOND FRIDAY AND SATURDAY IN OCTOBER OF EACH YEAR. Applications may be made to the Dean of the Faculty of Trinity Medical College, or to the Registrar of Trinity University enclosing the fee of \$5.00 at least a week before the Examination. Forms supplied on application.

All students going up for examination in Great Britain before the several Royal Colleges there, are required to present a certificate of having passed an examination in Elementary Mechanics. An examination on this subject will therefore be held at the Medical College in November of each year, at the same time as the Supplementary First year's Examination, when any students who intend going to Europe, whose matriculation examinations may not have embraced it, may present themselves, without any additional fee being charged.

LECTURES.

CLINICAL AND DIDACTIC.

The several Professors and Lecturers will illustrate their respective courses by plates, preparations, models and specimens—including the

application of the Laryngoscope, Ophthalmoscope, Sphygmograph, Spectroscope, etc., and the various forms of Electrical apparatus used in medicine. It will, as heretofore, be the constant aim of the Faculty to make the entire teaching of the College as PRACTICAL and THOROUGH as possible. IN THIS COLLEGE, ever since its organization, throughout the entire session, FIVE Lectures have been given each week on the principal subjects, viz.: Anatomy, Physiology, Chemistry, Materia Medica, Medicine, Medical Pathology, Surgery and Surgical Pathology, and Midwifery, thus meeting more than fully the requirements of the Ontario Medical Council, and all the Boards in Great Britain and Ireland. And on every subject the courses are made not only FULL, but thoroughly PRACTICAL, and they are amply illustrated.

CLINICAL TEACHING.

Clinical Teaching has always been carried out in every department of the College as fully as possible, and in view of its very great importance, SPECIAL and INCREASING attention continues to be given by the Faculty to this essential department of the course. It includes CLINICAL LECTURES, and teaching the DIAGNOSIS of Medical and Surgical Diseases at the bedside, nothing being of more value to those engaged in the study of medicine and surgery, than a close and careful observation of the numerous cases in the Hospital wards. Arrangements were made years ago, and are now very perfect, which have largely increased the amount of clinical instruction given in the Toronto General Hospital, and afford to all students who attend it, as great facilities as are enjoyed in any part of Canada in this important part of their studies. Besides this, the number of Hospital patients is very large and increasing, and the College being CLOSE TO THE HOSPITAL, students can readily avail themselves of the many advantages there afforded for gaining practical knowledge.

In connection with the treatment of the out-door patients who apply DAILY for advice and treatment at the TORONTO GENERAL HOSPITAL, an OUT DOOR Patients' Clinic is given every day from 1.15 to 2.30 p.m. These patients are examined and prescribed for, in the presence of the students. An IN-DOOR Patients' Clinic is also given daily, immediately after the other, from 2.30 to 3.30 p.m., the patients being brought before the students, and everything of importance pointed out by the Lecturers in Clinical Medicine and Surgery, as well as by the other mem

bers of the *Consulting* and *Acting Staff* of the Hospital. In addition to these, there is, every day, making **THREE HOURS AT LEAST, OF CLINICAL WORK, a BED-SIDE CLINIC ON MEDICINE, and a BED-SIDE CLINIC ON SURGERY,** given by members of the Acting Hospital Staff. The students attend these bed-side clinics in regular rotation.

The **CLINICAL** Teachers on the Hospital Staff act conjointly, in giving daily instruction of the most practical kind to the students in the Hospital; and as there are many such teachers, it is manifest that young men studying in Toronto receive an amount of practical instruction not excelled anywhere on the Continent.

The giving of special daily Clinics at the bedside, as above referred to, by all the Hospital teachers in turn, is a special feature of the greatest value, in addition to the Out-door and In-door Clinics above mentioned. Much importance is attached to this work, and the greatest care is bestowed upon it, so as to make it as profitable to the student as it can be made.

Special Clinical instruction will also be given by the Professor of Midwifery at the Burnside Hospital, and by other members of the Staff of the Hospital, on Diseases of Women and Children, and on Practical Midwifery, and special Practical Instruction at the Eye and Ear Department of the Hospital is also regularly given, as well as on Dermatology. The Diseases of Children may, during the Winter and the Summer Session, also be practically studied at the Victoria Hospital for Sick Children, on College Street, a little West of Yonge Street.

Trinity University and the Medical Council require **CLINICAL EXAMINATIONS** in Medicine and Surgery from **ALL** candidates for the **FINAL** examination, making careful **CLINICAL** study a necessity, throughout the entire course of study.

PRINCIPLES AND PRACTICE OF MEDICINE.

PROFESSOR GEIKIE.

This course embraces the following :—

- I. The General Principles of Medicine, the Nature and Causes of Disease, the Symptoms and Morbid Changes which arise in the course of disease, together with the general principles of treatment, as well as the means to be used for its prevention.
- II. The Classification of Diseases, and the Description of the affections of the different Organs and Structures throughout the body.

The Lectures will be Practical throughout and very fully illustrated by the most recent plates, also by models, and morbid specimens from the Museum, as well as by fresh specimens from the Hospital post-mortem rooms, furnished by the Hospital Pathologists.

PRINCIPLES AND PRACTICE OF SURGERY.

PROFESSOR GRASETT.

The Lectures on this branch embrace Surgery and Surgical Pathology which will be fully taught. The entire course will be illustrated by preparations from the Museum of the College, by specimens from recent cases at the Hospital, and by those which may be obtained in practice, as well as by the best models and plates.

The course will be thoroughly Practical and will include the Practice of Surgery, and Surgical operations. These operations will be performed before the Class, on the fresh Cadaver. Surgical Apparatus and Instruments will also be exhibited, and their uses pointed out to the students. In the Department of Surgery the Hospital will be used as largely as possible to illustrate the teaching, by cases of all kinds, in the theatre, and in the wards.

MIDWIFERY AND GYNÆCOLOGY.

PROFESSOR TEMPLE.

This course, like all the others in the College, will be Practical and will embrace the Principles and Practice of Obstetrics, illustrated by Diagrams, by fresh and Preserved Specimens, the Artificial Pelvis, etc. The Principal Diseases of Women form an important portion of the work taken up.

In teaching the Diseases of Women, the Anatomy and Physiology of the Female Organs will be demonstrated, and the various methods of Examination fully described,—the necessary instruments will be shown and their use explained. The diseases peculiar to the sex will be considered as fully as time will permit, as follows:—Disorders of Menstruation; Leucorrhœa, Pelvic Cellulitis and Peritonitis; Lacerations of the Cervix Uteri and Perineum; Urinary and Fæcal Fistulæ; Inflammations of the Uterus; Displacements of the Uterus; Tumors of the Uterus; Diseases of the Ovaries, etc.

The Lectures will also be fully illustrated by plates, models and morbid specimens.

CLINICAL TEACHING AT THE HOSPITAL.

The department of Clinical Teaching is regarded in this College as of prime importance and will be carried out during the entire session at the General Hospital, by the teachers named.

Clinical Surgery, DR. F. Le M. GRASSETT, DR. TESKEY,
DR. BINGHAM.

Clinical Medicine, DR. SHEARD, DR. DAVISON, DR. BAINES.

Dr. Powell, Dr. Gordon, and Dr. J. T. Fotheringham, will give Clinical instruction in connection with the OUT DOOR DEPARTMENT of the General Hospital.

ANATOMY, DESCRIPTIVE AND SURGICAL.

PROFESSOR TESKEY.

The course on Anatomy, Descriptive and Surgical, is made very complete, as this subject is unquestionably the foundation on which all professional knowledge is based. It will be taught in the most practical manner possible. The relations of Anatomy to Pathology, Medicine, Surgery, etc., will be fully taken up. The Lectures will be illustrated by the fresh subject, moist and dry preparations, sections, models, plates and original drawings.

The College has a large supply of Disarticulated Skeletons, which is being largely increased this summer as well as other preparations, and a complete collection of the best models of Various parts of the body, to aid in the study and teaching of this all important branch. This collection is being constantly enlarged by models imported from Europe.

To facilitate the study of Osteology, students under certain regulations, can procure the use of finely prepared imported bones belonging to the College, from the Senior Demonstrator of Anatomy, on payment of a small fee.

APPLIED ANATOMY.

PROFESSOR BINGHAM.

The Lectures of this Course, now required by THE MEDICAL COUNCIL, TRINITY UNIVERSITY, and TRINITY MEDICAL COLLEGE, are for FINAL students only, and embrace the most important parts of Anatomy as applied to Medicine and Surgery. This practical course will be made more extensive during the coming session than heretofore, and it has been found to be of the greatest practical value. It consists of FIFTY LECTURES.

PRACTICAL ANATOMY.

DR. D. J. GIBB WISHART, and DR. FOTHERINGHAM, DEMONSTRATORS ;
 DRS. COWAN, STRATHY, ANDERSON AND ROSE, ASSISTANTS IN
 PRACTICAL ANATOMY, WITH SUCH ADDITIONAL SESSIONAL
 ASSISTANTS AS MAY BE REQUIRED.

To the Department of Practical Anatomy, so closely connected with Surgery, the greatest attention is paid, and the Demonstrators, with the Assistants in Practical Anatomy, will give daily attendance in the Dissecting Room, forenoon and afternoon, while dissection is going on. The Dissecting Room is large, perfectly lighted and ventilated; and under the amended Anatomy Act recently passed by the Ontario Legislature a more abundant supply of anatomical material is secured. It is the desire of the Faculty that each student should have every facility to acquire a thoroughly practical knowledge of Anatomy in the Dissecting Room, where alone it can be properly studied. Every student will be closely examined on the parts he dissects, and his standing in Practical Anatomy at the close of the first session will be determined by his standing at the above examinations during the winter. In the Dissecting Room, sets of prepared and marked bones are so placed that they may be studied on the spot.

All Pathological Specimens or Abnormalities, found in subjects in the Dissecting Room, are the property of the College, and are added to the Museum for the benefit of all the students.

PHYSIOLOGY, INCLUDING HISTOLOGY.

PROFESSOR SHEARD.

This Course will embrace a description of the Elementary Tissues of the Body; the Structure of the various Organs and Glands; also the functions of Respiration, Circulation, Digestion and Nutrition, Secretion and Excretion. Special attention will be given to the nervous System, and to Embryology, and Development. The last will be fully illustrated in all its stages by specimens.

The Physiological Laboratory is furnished, regardless of expense, with all the best modern appliances necessary for the practical study of this subject. Amongst the apparatus imported for this Laboratory are a DuBois Raymond's Coils, DuBois Raymond's Keys, Foster's Moist Muscle Chamber, Revolving Drum Cylinders, Galvanometers and Scale, Electrodes, Exciters, Mercurial Keys, Stricker's Warming Stages, Hot Air Baths, etc. Further additions are being made from year to year.

MICROSCOPIC ANATOMY.

This subject receives ample attention from the several lecturers upon the branches in which the microscope is employed ; and in addition to this, very complete Courses of Instruction will be given upon Microscopy, and the use of the Microscope in connection with Normal and Pathological Histology, BOTH OF WHICH SUBJECTS ARE NOW REQUIRED BY THE MEDICAL COUNCIL. An additional number of the best high power Microscopes from Europe have been recently provided. The various methods of injecting, staining, mounting, etc., receive special attention.

GENERAL CHEMISTRY AND CHEMICAL PHYSICS.

PROFESSORS KIRKLAND AND STUART.

In this Course the general principles of Chemistry will be fully discussed, and the laws and theories deduced from suitable experiments. Great pains will be taken to point out its relations and applications to Physiology and other departments of medical science. Physics, including Heat, Light, and Electricity, will be discussed both theoretically and experimentally, as far as they bear upon, or are connected with Chemistry.

The lectures on both Inorganic and Organic Chemistry will deal more particularly with those substances and compounds of special interest to students in Medicine and Pharmacy. Towards the end of the course a number of lectures will be devoted to Medical Chemistry. The whole subject will be illustrated by numerous experiments, charts and drawings, every facility being offered students for acquiring a thorough knowledge of these branches. Professor Stuart will take up the chemistry of the metals.

PRACTICAL AND ANALYTICAL CHEMISTRY.

PROFESSOR STUART.

Practical Chemistry is taught very thoroughly, under the personal supervision of the Professor. In view of its growing importance, great care has been bestowed on the re-fitting of the Laboratory, and the Course will include experiments of various kinds, qualitative and quantitative analysis, etc., etc. In view of the many cases of poisoning coming before the courts of law, Toxicology will have much attention paid to it—no pains being spared to prepare students for the grave responsi-

bilities which such cases impose upon them as practitioners. Each student will be supplied with the requisite re-agents and apparatus, and the course will be adapted to meet the demands of the physician in his daily practice. Special attention will be devoted to *Urinalysis*, also to the normal and abnormal constituents of the animal fluids—to Tests for Blood, for Pile, for Albumen, etc.—as well to the other departments of Medical Chemistry.

MATERIA MEDICA AND THERAPEUTICS, WITH THE THEORY AND ART OF PRESCRIBING.

PROFESSOR DAVISON.

All important drugs used in Medical, Surgical or Obstetrical Practice will be described, and their properties, preparations and doses given. Special attention will be devoted to the therapeutic action of remedies in disease, and the course will be illustrated by SPECIMENS OF THE DRUGS DESCRIBED. The course of *Materia Medica* proper, is very complete and one of its special features will be the description and *modus operandi* of all valuable new remedies, as well as the theory and art of prescribing.

It is desireable, in the present state of medical science, that much attention should be given to the physiological action of medicine. As much time will therefore be devoted to this part of the subject by the Professor, as may be compatible with giving a complete course on the whole subject

MEDICAL JURISPRUDENCE AND TOXICOLOGY.

PROFESSOR POWELL.

This course will include :—A full discussion of the inter-relations of Law and Medicine, Medical evidence from the Inquest to the Superior Courts, the making and reporting of *post mortem* examinations, the signs and the phenomena of death, and the various causes of death by violence, Wounds, the Examination of Blood Stains, Offences against Chastity, Abortion, Infanticide; also Insanity in its Medical as well as in its legal aspects. Feigned diseases, Mal-Practice, Life Insurance, &c. In Toxicology the classification and general action of Poisons will be considered, and the common Poisons will be taken up, their symtoms, treatment and *post mortem* appearances given, and such tests as a Physician might be called upon to make will be illustrated before the class.

SURGICAL APPLIANCES.

PROFESSOR POWELL.

This Course consists of twenty Demonstrations upon minor Surgery and Bandaging, the *technique* of Antiseptic Wound treatment, the selection and uses of the various instruments required in general and in special practice, the making and fitting of splints in treatment of Fracture, the fitting of Trusses, and of the Apparatus used in Orthoæpedic Surgery, the application of Plaster of Paris, and other permanent Dressings, the methods of inducing local and general Anæsthesia, the Medical and Surgical uses of Electricity, the use of the Photographic Camera in Medical Practice, etc., etc.

This course is an optional one, and the fee is payable once only. Third year, as well as all Final Students, should take it.

SANITARY SCIENCE AND PUBLIC HEALTH.

PROFESSOR D. GILBERT GORDON.

A Course of Lectures will be delivered on this subject, attendance upon which is now compulsory. The course comprises lectures upon

Air—Its chemistry, including the constituents and impurities of external and internal atmospheres, and its chemical and biological analysis. The physics of air, and the influence of temperature, moisture, and heating. Its meteorology with special reference to winds, malaria, deforesting, and transmission of diseased germs.

Water—Its chemistry, impurities and analysis.

Meat—Its constituents and various diseased conditions.

Milk and Cheese—The constituents, impurities, their source, adulteration, and inspection.

Canned Meats—Their constituents, impurities, adulterations, changes, analysis and inspection.

Fruits—Fresh and preserved.

Soil—Its constituents, impurities, pollution, examination, methods of purification, cultivation, sewerage, drainage, and how to prevent pollution.

Preventable Diseases—Origin and causes, methods of communication, methods of prevention, quarantine and investigation.

Municipal Sanitation—Sanitary law, vital statistics, house construction, plumbing inspection, road building, conduct of factories, isolation, hospitals, cemeteries, crematories, over-work and over crowding.

School Hygiene—Technical and physical training, regulation of studies, heating and light.

PATHOLOGY.

DR. H. B. ANDERSON ; DR. PEPLER, ASSISTANT.

The teaching upon this subject will include both Gross and Microscopic Pathology.

Specimens for the Microscope of the various Pathological conditions in the different parts of the body will be prepared, mounted, and studied under the direction of the Demonstrator.

Bacteriology which is of such interest and practical value in Medicine, will receive ample attention, as is demanded by its rapidly growing importance.

In addition to this, ample opportunities for the study of Pathology are afforded to the students, at the Post Mortem Examinations made in the Hospital by the respective members of the Faculty who serve on the Pathological staff and do practical Laboratory work in that institution, and also by other members of the Hospital Staff.

BOTANY.

PROFESSOR KIRKLAND.

In the course of Botany, the general principles of the science will be fully developed, and its relation to medicine constantly kept in view. The lectures will be illustrated by fresh specimens, diagrams and models. The aim will be not only to make it useful, in its application to medicine, but also to train the mind to that kind of research which is essential to successful medical study.

OPHTHALMOLOGY AND OTOLOGY.

PROFESSOR RYERSON

Lectures will be given at the Medical College on Diseases of the Eye and Ear, illustrated by the latest appliances—plates and diagrams. Professor Ryerson will also give special clinics in the Eye and Ear Department of the Hospital on cases of interest which may present themselves.

LARYNGOLOGY AND RHINOLOGY.

DR. E. A. SPILSBURY.

A practical course of Lectures on Diseases of the Throat and Nose, illustrated by cases, plates, models, etc., will be given.

A special Throat and Nose Department has been fitted up in the East Wing of the Hospital, where Clinical Instruction will be given TWICE a week.

PRACTICAL INSTRUCTION IN OPHTHALMOLOGICAL AND OTHER APPLIANCES.

DR. D. J. GIBB WISHART.

Instruction will be given in the College, in the practical use of instruments employed in Diseases of the Eye, Ear, Throat and Nose. Dr. Wishart will form a class for students who desire in this way to become practically familiar with all the Appliances used in the special diseases of these parts. This class is an optional one, but it will be found of great practical value.

PRACTICAL PHARMACY.

E. B. SHUTTLEWOTH EX PRINCIPAL COLLEGE OF PHARMACY.

This course, has been established to enable students to prepare fully for the Medical Council's Examinations on Pharmacy, and it will be of much value to candidates who take the Examination of the Council. The students will have every advantage in studying the subject. The teaching will have reference principally to the compounding and dispensing of drugs, and the making up of Prescriptions of all kinds—including powders, mixtures, ointments, plasters, pills, suppositories, etc. Incompatibles will also be pointed out, and the instruction in this department will be of the most practical and useful character, and a certificate of having attended this course of Practical Dispensing will be given to students who have attended it, who may desire to go before the Medical Council, or any of the Universities where such a certificate is required.

MEDICAL PSYCHOLOGY.

BY DR. DANIEL CLARKE, MEDICAL SUPERINTENDENT AT THE PROVINCIAL LUNATIC ASYLUM.

A course of Lectures, open to all who desire to take it, will also be delivered on Medical Psychology, at the ASYLUM, for the special benefit of gentlemen who desire to graduate wherever this course is demanded.

ZOOLOGY, ETC.

A. Y. SCOTT. B. A., M. B., TORONTO UNIVERSITY, M. D., C. M., TRINITY UNIVERSITY, AND LATELY DEAN OF THE ONTARIO COLLEGE OF PHARMACY.

A course of Practical Zoology is given in THE COLLEGE, for the special benefit of gentlemen who desire to graduate wherever such a course is required. The lectures embrace the morphology and classification of the various sub-kingdoms, classes, etc., of the Animal Kingdom, also the special practical study of the several type-forms.

TRINITY MEDICAL COLLEGE.

PROFESSIONAL EXAMINATIONS.

Professional Examinations will be conducted at the close of the 1st, the 2nd, and the last session, to be known as the *first year's*, the *primary*, and the *final* Examinations, respectively.

I. The First Year.—Anatomy of the Bones, Ligaments, Muscles, also the Viscera of the Abdomen and Thorax. All candidates for this Examination must present a certificate of having dissected carefully an UPPER and a LOWER extremity, and MUST PASS A PRACTICAL EXAMINATION on the parts dissected.

The Physiology of the elementary tissues, *e. g.*, Connective tissue, Protoplasm, and Cells; also of Respiration, Circulation, and Digestion.

Materia Medica.—Drugs and their preparations.

Chemistry, Inorganic, including Chemical Theory.

Physics.—Heat Light and Electricity.

Botany.

A Certificate of having passed this examination is required by Trinity University, Trinity Medical College, and the Medical Council.

A Supplementary First Year's Examination will be held **Annually** on the **first Saturday** in November.

II. The Primary.—Descriptive Anatomy, Physiology, and Microscopic Anatomy, Chemistry, Theoretical and Practical, Toxicology,

Botany (when it has not been passed at the end of the first year), and Materia Medica.

The Primary Examination may be passed at the close of the second Winter Session. A certificate of having passed it in Trinity College, or in any recognized British or Canadian Medical College, School or University, or at the College of Physicians and Surgeons of Ontario, will be accepted by this College.

III. The Final.—Theory and Practice of Medicine, and Medical Pathology, Principles and Practice of Surgery, Applied Anatomy, Midwifery, and diseases of Women and Children, Medical Jurisprudence, Sanitary Science.

CERTIFICATES OF HONOR.*

Certificates of Honor are awarded annually in all the Professional Examinations to Candidates who obtained **not less than 75 per cent.** of the total number of marks.

SCHOLARSHIP.*

There are **Five Scholarships** offered for competition in this College, as follows :—

First Year.—**Three First Year's Scholarships** known respectively as **FIRST**, **SECOND**, and **THIRD**, will be competed for at the close of the **First Session**. The value of these Scholarships is \$50, \$30, and \$20, respectively.

Special Prize in Physiology (Dr. Sheard's)

For the highest standing in the Physiology of the First year. This prize is given annually, value \$25.

Second Year.—**Two Second Year's Scholarships**, known respectively as the **FIRST** and **SECOND**, are open to competition at the close of their second **Winter Session**, to all students who have taken out their entire Primary Course at this College. The value of these Scholarships is \$50 and \$30 respectively.

Scholarships will be awarded only to the candidates who stand highest in the Honor lists of the First and Second years respectively.

*N.B.—Breach of the regulations, on page 41 will disqualify any candidate from receiving a **MEDAL**, **SCHOLARSHIP**, or any other **HONOR** in the College, or a recommendation for any Hospital or other position. **SPECIAL ATTENTION IS CALLED TO THIS NOTE.**

MEDALS.

A GOLD and TWO SILVER MEDALS, known as the "TRINITY MEDICAL COLLEGE MEDALS," are open to competition annually at the close of their FOURTH winter session, by students undergoing examinations in the College in the FINAL BRANCHES. They will be awarded to the gentleman who stand FIRST, SECOND and THIRD respectively on the Honor list. All students competing for them, must have attended at least two full courses of lectures, out of the FOUR required, in this Medical College, and must have paid all fees for the same.

FELLOWSHIP DIPLOMAS.

Under the authority of the Special Act of the Legislature, incorporating this College, Diplomas will be awarded at the close of the Final Examination, to candidates whose standing has been sufficiently high to merit them. These Diplomas constitute students who obtain them "FELLOWS BY EXAMINATION" of Trinity Medical College, and such "FELLOWS" are allowed in Great Britain the same privileges as are there accorded to holders of Degrees in Medicine, from Colonial Universities, by the Royal College of Surgeons of England, the Royal College of Physicians of London, the Royal College of Surgeons, and the Royal College of Physicians of Edinburgh, and the King's and Queen's College of Physicians of Ireland; and also by the conjoint Examining Boards in London and in Edinburgh.

No Candidate is allowed to present himself for examination for the COLLEGE FELLOWSHIP DIPLOMA, who has not passed a recognized Matriculation Examination, and spent FOUR entire years in the pursuit of Medical studies, and attended during that time TWO FULL COURSES OF PRIMARY, and TWO FULL COURSES OF FINAL LECTURES during FOUR winter Sessions. Attendance on not fewer than FOUR Sessions is in ALL cases (except in the cases of graduates in Arts,) absolutely insisted on by the Medical Council. All students who are not graduates in Arts, or in Science, of a British or Colonial University, who entered Trinity Medical College as freshmen for Session 1889-90 and subsequently, will be required to present evidence of having attended Lectures for FOUR WINTER SESSIONS, either in this or in some other recognized Medical College, before being permitted to present themselves for their Final Examination; and at least ONE Winter course must be attended at this College.

A certificate of good moral character is required from each candidate.

The obtaining of this Diploma—*which is the Faculty's certificate of Qualification*—or any of the other Honors granted by this College, is a guarantee of high professional attainments on the part of those who hold them. **In every case, successful Candidates for the Fellowship Diploma must be present in person, to have it presented and to enrol their names in the official list of Fellows.**

THE FELLOWSHIP DECLARATION.

The following is the Declaration made by all who receive the Diploma and are admitted, after examination, to the "FELLOWSHIP OF TRINITY MEDICAL COLLEGE." It is much the same as that made by successful candidates in some of the higher Colleges in Great Britain :

"We the undersigned, who now publicly receive the Diploma of Trinity Medical College, and are admitted '*Fellows by Examination*' of that Incorporated Medical Body, do solemnly and sincerely declare that we will exercise the several duties of our profession in its various branches to the best of our knowledge and ability, for the good, safety, and welfare of all persons committing themselves, or who are committed to our care and direction; and that we will not, knowingly, or intentionally, do anything, or administer anything to their hurt, or prejudice, for any consideration, or from any motive whatever.

"We further declare that we will not divulge anything we may have seen, or heard, while visiting the sick, which it would be improper to divulge. We shall, moreover, do everything in our power, to uphold the honor, and to promote the welfare of the Medical College whose Diploma we now receive, and to the FELLOWSHIP of which we are hereby admitted."

HOSPITALS.

THE TORONTO GENERAL HOSPITAL.

This Institution, which is, in every respect, under the best and most efficient management, is now so greatly enlarged as to be capable of accommodating 300 patients in the various buildings on the grounds, and is visited daily by the medical officers in attendance. The patients

—extern and intern—are examined and prescribed for in the presence of the students. The operating theatre is well lighted, having been recently greatly improved, and the seats are arranged so as to enable the students to see the successive steps of the numerous operations performed. The theatre is, also, through the courtesy of the Trustees used daily as a lecture room for the delivery of Clinical Lectures. It has been recently greatly enlarged and remodelled, and is the largest and finest hospital theatre in the Dominion, and is not surpassed anywhere for accommodation, light, and convenience. It is capable of seating 500 medical students. Under existing arrangements, the Clinical Course, both in Medicine and Surgery, is very full; and all the numerous Lectures delivered in the hospital, by the various members of the Hospital Staff, are open to every student who has taken out his Hospital and Clinical Lecture tickets. Toronto being the great railway and manufacturing centre of Ontario, accidents requiring operation are of frequent occurrence. The attendance of out-door patients daily is also very large and increasing, and abundant opportunities are enjoyed by students for acquiring a familiar knowledge of Practical Medicine and Surgery, including not merely major operations, but minor Surgery of every kind—ordinary Medical Practice, the treatment of Venereal Diseases, Skin Diseases, and the Diseases of women and Children. Since last Session, further, and very great improvements have been made in various parts of the Hospital.

Fever Hospital—A large building has been erected in the Hospital grounds where the treatment of fevers can be practically and profitably seen and studied.

The Victoria Hospital for Sick Children—This large new Hospital is fully completed and affords students great advantages for the special study of Children's Diseases. It is well worth attending by all Medical Students who wish to become familiar with the many diseases of children, medical and surgical.

The Eye and Ear Hospital is on the same grounds as the General Hospital, and gives unprecedented advantages to students desirous of making a special study of the diseases of these important organs. This Institution is fully equipped with every modern appliance.

Burnside Lying-in Hospital—This Hospital is also on the Hospital grounds, making it very convenient for students attending its practice, and affording special and valuable facilities for the study of

Practical Midwifery. One of the medical officers will be in daily attendance for the purpose of giving instruction to students. Students who have attended one course of Lectures on Midwifery, and who have taken out the ticket for this Hospital, are furnished with cases in rotation.

Toronto Dispensary—From 5,000 to 6,000 patients are yearly treated at this Institution. The cases are very varied, comprising a large number of Pulmonary Affections, and Children's Diseases. Minor operations are of daily occurrence and excellent practice is afforded in the application of splints and bandages. The hours of attendance are from twelve to one daily. This Institution with all its advantages is open to students, and the attending Physicians furnish them with all possible facilities.

APPOINTMENTS OPEN TO STUDENTS.

Hospital Assistantships—The Board of Trustees of the Toronto General Hospital ANNUALLY appoint THREE final students of this College who have graduated as Hospital Assistants. Assistantships in the Victoria Hospital are also annually awarded to TWO final students from this College. These positions are of great practical value and the recommendation for them from the Faculty will be given to those graduating students whose attendance and standing at the various examinations and whose moral character and general conduct throughout their course have been such as will shew them to be capable of discharging satisfactorily the duties belonging to such appointments.

Clinical Clerks and Dressers—The members of the Faculty who belong to the acting Hospital Staff, will each appoint two or more students to act as Clinical Clerks and Dressers, whose duties are to take notes of the cases under treatment, and to carry out such directions as they may receive from the Professors. These positions are tenable for three months and are of very great practical utility. Under the above arrangements, each of the Medical Officers who belong to the College is able to appoint at least FOUR students during each session. No student can act as Clinical Clerk for longer than ONE period of THREE months during the same session.

Prosectors—There will be appointed annually two students who have distinguished themselves as Practical Anatomists, as Prosectors, who will have the great advantage of assisting to prepare the material required for the lectures on Anatomy.

LECTURE FEES.

Anatomy, Surgery, Practice of Medicine, Obstetrics, Materia Medica, Physiology, General Chemistry, Clinical Medicine, and Clinical Surgery, \$12 each; Applied Anatomy, \$10; Practical Anatomy, Practical Chemistry, Normal Histology, and Pathological Histology, \$8 each; Medical Jurisprudence, \$6; Botany and Sanitary Science, \$5, each; Registration, payable once only, \$5.

Optional Branches—Surgical Appliances,—Zoology,—Medical Psychology,—Eye, Ear, Throat and Nose Appliances. For the Fees of these Classes, intending Students will apply to the respective Teachers.

All students, after having attended and paid the fees for two full courses of lectures in any branch, are entitled, without further charge, to a perpetual ticket for that branch, except the following:—Practical Anatomy, Practical Histology, (Normal, or Pathological), and Practical Chemistry, every course of which, if attended, must be paid for. Botany and Sanitary Science are charged for once only.

All fees to be paid strictly in advance.

THE FEES ARE AS FOLLOWS:

First Year.

Anatomy	\$12
Physiology	12
Chemistry	12
Materia Medica	12
Practical Anatomy	8
Botany	5
Registration.....(payable once only).....	5
Total	<hr/> \$66

Second Year.

Anatomy	\$12
Practical Anatomy	8
Physiology	12
Chemistry	12
Practical Chemistry	8
Materia Medica	12
Histology (Normal)	8
Medical Jurisprudence, including Toxicology	6
Total	<hr/> \$78

Third Year.

Medicine	\$12
Clinical Medicine	12
Surgery	12
Clinical Surgery	12
Midwifery and Gynæcology	12
Medical Jurisprudence	6
Pathology	8
	<hr/>
Total	\$74

Fourth Year.

Medicine	\$12
Surgery	12
Clinical Medicine	12
Clinical Surgery	12
Midwifery and Gynæcology	12
Sanitary Science	5
Applied Anatomy	10
	<hr/>

HOSPITAL FEES.

Toronto General Hospital, Perpetual Ticket	\$24
“ “ “ for six months only	8
Lying-in-Hospital (six months)	8
Victoria Hospital Ticket	2

The arrangements of the College are such, that gentlemen desiring to enter, who may have attended one or more courses of Lectures in other recognized Colleges, Schools or Universities, can do so. Dental and other casual students in Arts, Law, or Medicine, matriculated or non-matriculated, can attend any course or courses of Lectures, Primary or Final, they may desire, in this Institution, on paying the usual fees for the same.

TRINITY MEDICAL COLLEGE EXAMINATION FEES.

For the First Year's Examination	\$ 5 00
For the Primary	5 00
For the Final, including Diploma	5 00
For the Final Examination (including Diploma in all cases where the previous Examinations have been passed in some Institution recognized by the College)	15 00

LIBRARY.

The Library is being added to more or less every session. The intention is, to have a copy of every standard work on Medicine, Surgery, Midwifery, etc.

MUSEUM.

Special care has been taken in regard to the Museum in order to make it useful, not only to the members of the Faculty in the teaching of their respective departments, but also, as far as is possible, to the student himself in getting up his work. Great expense has been gone to by the College in procuring Skeletons, Preparations, Models, Apparatus, etc., and the collection is not surpassed by that of any Medical Institution in the Dominion. While, at whatever cost, nothing *practically useful* has been omitted, the mere multiplying of specimens of no *practical* value has been studiously avoided.

A large and constantly increasing number of specimens gathered from hospital and private practice has been collected and carefully put up during past years, which are used in illustrating the several lectures of the course. A considerable number of the very finest models and preparations, from Paris, have recently been added to the Museum, which is growing rapidly in size and in practical value.

The Museum has been lately still further enriched by the addition of a very large number of the specimens of the drugs most commonly used in medicine, including the Alkaloids. The greatest care has been taken in the selection of these, and they are arranged in their **orders**, as required by the Examining Boards in Great Britain and Ireland, so as to be readily studied by the students.

Former Graduates, Students and friends of the College may greatly benefit it, and advance the interests of medical science, by sending to the Museum, as many have already done, any interesting specimens they may meet with in practice. They may be sent by express addressed to Dr. Powell, Curator of Museum, care of the Janitor, **Trinity Medical College, 41-7 Spurce Street, Toronto.**

The Curator will be in attendance at stated times, to give all required information to students regarding specimens and preparations.

GENERAL MATTERS.

The Faculty, in order to give intending students every information, have appended to this announcement the latest requirements of the College of Physicians and Surgeons of Ontario, before the Board of which, all who desire a license to practice in Ontario, whether graduates or not must present themselves.

Gentlemen who hold Certificates of Registration as qualified practitioners in Great Britain, are entitled to registration by the Medical Council in Ontario, on payment of the same fees, and passing the same examinations before the Medical Council, as are required of all Canadian graduates.

All Ontario students who intend practising in their own Province, are required to take the Examinations of the Council, whether they intend going into practice immediately after graduating, or going to Europe for a time, to pursue their studies still further.

The requirements for graduation in each of the various Universities with which this College is affiliated, will be found at the end of this Announcement. IT IS THE PRIVILEGE OF THE STUDENTS OF THIS COLLEGE THAT THEY MAY PRESENT THEMSELVES FOR EXAMINATION FOR DEGREES IN MEDICINE AT ANY ONE OR MORE OF THESE UNIVERSITIES. Those who desire to proceed to Great Britain, after finishing their studies here, will find Trinity Medical College fully recognized by all the Medical Institutions, Hospitals, and Examining Boards of the mother country.

The Treasurer or some other member of the Faculty will be in attendance at the College on Wednesday, September 27th, 1893, and the following days, up to the day of the opening of the session, from 10 a.m. till 12 noon, and from 2 till 4 p.m., to register the names of intending students, to give such information regarding Lectures, etc., as may be required.

For further information, or for copies of this Announcement, apply to W. B. GEIKIE, M.D., C.M., D.C.L., *Dean*, Holyrood Villa, 52 Maitland Street, Toronto.

Board may be obtained in the vicinity of the College at rates varying from \$3 to \$4 or \$5 per week, according to the accommodation required.

REGULATIONS FOR STUDENTS.

(To which special attention is requested.)

I. Students are required to conduct themselves in an orderly manner in the Lecture rooms, AT ALL TIMES, not only DURING LECTURES, but also when neither Lectures nor Demonstrations are going on.

II. In the case of noisy, or other disorderly conduct, or of doing wilful injury to College property, any student may, at the discretion of the Professor or Lecturer, be required to leave the Class-room. Persistence in this, or in any other offence against discipline, after admonition by the Professor or Lecturer, shall be reported to the Dean of Faculty.

The Dean may, at his discretion, reprimand the student, or refer the matter to the Faculty at its next meeting, or he may suspend such student, or students, from attending the Classes till the decision of the Faculty has been reached. SUCH CONDUCT ABSOLUTELY DISQUALIFIES A STUDENT FROM COMPETING FOR MEDALS, SCHOLARSHIPS, OR FOR ANY HONORS, OR FOR RECEIVING A RECOMMENDATION FOR ANY HOSPITAL OR OTHER POSITION.

III. While in any part of the College buildings, Students are required to conduct themselves in the same orderly manner as in the Class-rooms.

IV. When students are brought before the Faculty under these regulations, they may be (a) reprimanded, or (b) suspended from classes, or (c) summarily expelled, according to the circumstances of the case.

V. Regular and punctual attendance on all lectures taken, is expected from every student. Non-attendance to any considerable extent, unless from illness, or from some other unavoidable cause, will prevent the tickets being certified at the end of the session.

VI. Damage done to College property must in every case be made good by the party who does the damage.

Disregard of these regulations, will disqualify any candidate from COMPETING FOR, or receiving a MEDAL, SCHOLARSHIP, or any other HONOR, in this College, OR FOR RECEIVING A RECOMMENDATION FOR ANY HOSPITAL OR OTHER POSITION. SPECIAL ATTENTION IS CALLED TO THIS NOTIFICATION.

LIST OF STUDENTS
— OF —
TRINITY MEDICAL COLLEGE

Who have passed in 1893 the Examinations of the different Universities,
Colleges and Medical Bodies Mentioned.

TRINITY UNIVERSITY.

1893

FINAL EXAMINATION for the degree of M.D., C.M.

W. Glaister, Gold Medalist.

T. Douglas, Silver Medalist.

Certificates of Honor, 75 per cent. and upwards.—W. Glaister, T. Douglas, J. C. Stinson, E. Tomlinson, R. E. McDonald, D. J. Dunn, J. T. Robinson, C. H. Bird, F. J. Burrows, R. Brodie, F. W. Mulligan.

First-Class Honors, 70 per cent. and upwards.—J. K. M. Gordon, P. J. Moloney, W. J. Ross, R. J. Corbett, J. A. G. Wilson, R. King, W. A. Thomson, N. Campbell, J. H. Austin.

Second-Class Honors, 60 per cent. and upwards.—J. H. Hudson, W. T. Arnott, J. J. P. Armstrong, W. Doan, T. W. Carlaw, J. E. King, W. W. Andrus, J. R. Roseborough, J. B. Ferguson, J. M. Rogers, C. Carter, L. Lapp, R. J. Teeter, R. S. Dowd, J. R. Bingham, D. D. Wickson, W. H. P. Tufford.

Passed 50 per cent. and upwards.—H. H. Alger, I. Bowie, R. E. Darling, C. J. Laird, J. H. Duncan, S. H. Large, A. B. Singleton.

PRIMARY EXAMINATION.

J. C. Hutchison, B. A., First Silver Medalist.

Fred. Parker, Second Silver Medalist.

Certificates of Honor, 75 per cent. and upwards.—J. C. Hutchison, B.A., Fred. Parker, C. A. Drummond, J. G. Lamont, J. McMaster, J. K. Kerr, M. McKinnon, J. D. Monteith, J. T. Beatty, C. Shaw, S. H. King, D. A. Cameron, A. Milligan.

First-Class Honors, 70 per cent. and upwards.—A. F. Phillips, I. A. Tripp, T. B. Hewson, R. W. Shaw, G. Elliot, W. J. Burden, H. M. Featherstone.

Second-Class Honors, 60 per cent. and upwards.—T. H. Sneath, S. H. Murphy, J. G. Battell, C. L. B. Stammers, H. E. Tremayne, W. G. V. Forbes, R. T. S. Gilmore, G. E. P. Stevenson, F. McLennan, J. A. Cook, J. D. McKay, W. E. Smith, H. G. Pickard, L. H. Marks, J. W. H. Young, W. Y. Young, J. B. Leeson, H. C. Pearson.

Passed—50 per cent. and upwards.—J. F. Pierce, G. W. Brown, W. J. Clemes, J. McDonnell, F. L. Vaux, J. F. Drain, W. Brown, B. O. Snider, F. J. Livingstone, E. C. Martin, D. D. Duggan, J. H. Ferguson, C. E. Jeffery, J. Dow, J. H. Hudson.

C. A. Jones and T. Kirby, pass in Physiology, Anatomy, Practical Anatomy, General and Practical Chemistry and Toxicology.

J. Menzies passes in Physiology, Materia Medica, Anatomy, Practical Anatomy, General and Practical Chemistry.

H. R. Pearce passes in Physiology, Anatomy, Practical Anatomy, Practical Chemistry, and Toxicology.

J. McKee and H. A. McLean, pass in Materia Medica, Anatomy, General Chemistry and Toxicology.

F. W. Truscott passes in Physiology, Materia Medica, Anatomy, Practical Anatomy, Practical Chemistry and Toxicology.

COLLEGE OF PHYSICIANS AND SURGEONS OF ONTARIO.

Primary Examination.—H. E. Armstrong, H. H. Alger, M. Baker, I. Bowie, C. Carter, C. A. Drummond, Geo. Elliott, H. M. Featherstone, F. J. Farley, J. C. Hutchison, B.A., T. B. Hewson, J. T. Kerr, R. King, J. G. Lamont, M. F. Lucas, J. D. Monteith, J. McMaster, S. H. Murphy, F. Parker, C. L. B. Stammers, C. Shaw, J. T. Somerville, A. B. Singleton, D. Thompson.

Final Examination.—C. H. Bird. *Honors.*—Which means that the Candidate has taken 75 per cent. or over, on each Final Subject. Mr. Bird is the only candidate who has ever done this.

Passed—F. J. Burrows, I. T. Bowie, R. Brodie, N. Campbell, J. W. Carlaws, J. H. Duncan, R. E. Darling, T. Douglas, W. Doan, J. K. M. Gordon, W. Glaister, J. J. Harper, R. E. McDonald, F. W. Mulligan, P. J. Moloney, J. T. Robinson, J. C. Stinson, W. W. Saulter, A. B. Singleton, E. Tomlinson, W. H. Tufford, J. A. G. Wilson, D. D. Wickson.

TRINITY MEDICAL COLLEGE.
FELLOWSHIP DEGREE.

First Year's Examination (1893).

CERTIFICATES OF HONOR.—*Candidates who obtained 75 per cent. and upwards.*—J. R. McCrae, Wm. H. Weir, equal; G. W. Barber, J. H. Oliver, A. V. Hart, J. D. Weir, T. J. Caldwell, G. V. Harcourt, H. H. Milbee, W. A. Lillie, H. Clare, C. R. Sneath, C. H. Brereton, Joseph Gibbs, W. McQ. Tietzel, Edgar Doan, F. G. Wallbridge, T. H. Pearce, W. J. Beatty, W. A. McIntosh, J. P. Lee, J. J. Elliott, S. H. Corrigan, A. G. Denmark.

Candidates who obtained 70 per cent. and over.—C. H. Smith, A. Rupert, F. S. Rounthwaite, D. D. Duggan, C. Stanbury, R. B. J. Stanbury, J. B. Thomson, T. H. Bell, J. A. Butler, J. H. Dancey.

60 per cent. and over.—A. A. Beatty, H. Turner, W. S. Harper, G. B. Mills, A. W. M. Row, J. B. McMurrich, F. J. Hart, H. S. Roberts, J. S. Nedd, W. U. Kurtz, D. Jamieson, W. B. Crowe, J. H. Allin, P. S. McLaren, T. D. Lockhart, W. St. Charles, W. H. Taylor.

Passed.—H. R. Pearce, Wm. T. Yeo, B. P. Churchill, J. H. McConnell, H. G. M. Nyblett, E. C. Martin, T. W. Allison,—C. M. Heydon, James Menzies, C. A. Shepard, C. E. Doherty, J. P. Boyes. The last five pass in Descriptive Anatomy, Physiology, Materia Medica, Chemistry and Chemical Physics, and Botany. G. G. Membership passes in Descriptive Anatomy, Physiology, Materia Medica, and Practical Anatomy. W. L. Post passes in Anatomy General and Practical, Physiology, Materia Medica and Botany. T. W. Kirby passes in Descriptive Anatomy, Practical Anatomy, Physiology, Chemistry, and Botany.

Primary, or Second Year's Examination.

CERTIFICATES OF HONOR—*Candidates who obtained 75 per cent. and upwards:*—J. C. Hutchison, B. A. F. Parker, C. A. Drummond, J. G. Lamont, J. McMaster, J. A. Kerr, M. McKinnon, J. D. Monteith, J. T. Beatty, C. Shaw, H. S. Krug, D. A. Cameron, A. Milligan.

70 per cent. and over:—A. F. Phillips, J. A. Tripp, T. B. Hewson, W. R. Shaw, G. Elliott, W. J. Burden, H. M. Featherstone.

60 per cent. and over:—T. H. Sneath, S. H. Murphy, J. Battell, C. L. B. Stammer, H. Tremayne, W. G. V. Forbes, R. T. S. Gilmore, G.

E. P. Stevenson, F. McLennan, J. A. Cook, J. D. McKay, W. E. Smith, H. G. Pickard, L. H. Marks, J. W. H. Young, W. Y. Young, J. B. Leeson, H. C. Pearson.

Passed.—J. F. Pierce, G. W. Brown, W. J. Clemes, J. McDonnell, F. L. Vaux, J. F. Drain, W. Brown, B. O. Snider, F. J. Livingstone, E. C. Martin, D. D. Duggan, J. H. Ferguson, C. E. Jeffrey, J. Dow, J. H. Hudson.

Final (Fellowship Degree 1893.)

CERTIFICATES OF HONOR—*Candidates who obtained 75 per cent. and over* :—Charles Harold Bird, John Coplin Stinson, William Glaister, Edward Tomlinson, Francis James Burrows, Fred. Wm. Mulligan, Thomas Douglas, Ralph Brodie, David J. Dunn, Robert Elgie Macdonald, J. T. Robinson, Wm. A. Thomson, Warren Doan.

70 per cent. and over :—Innes T. Bowie, R. T. Corbett, J. R. Roseborough, R. J. Teeter, J. A. G. Wilson, R. A. S. Dowd, T. W. Carlaw.

60 per cent. and over :—W. J. Arnott, J. J. P. Armstrong, H. H. Alger, J. R. Bingham, C. Carter, N. Campbell, R. E. Darling, J. B. Ferguson, J. E. King, S. H. Large, W. J. Ross, D. D. Wickson.

Passed.—J. H. Duncan, A. B. Singleton,

SPECIAL PRIZE IN PHYSIOLOGY.

(*Dr. Sheard's.*)

For the highest standing in Physiology of the First Year. Value \$25. F. G. Wallbridge ; Standing, 95 per cent.

SPECIAL PRIZE.

(*Dr. Ryerson's.*)

Was given this year (1893) for the highest standing in Applied Anatomy taken together. Value, \$25. F. J. Burrows ; Standing 93 per cent.

SCHOLARSHIPS.

The 1st First Year's Scholarship, \$50, (Standing 459 out of 480 marks)—J. R. McRae.

The 2nd First Year's Scholarship, \$30, (Standing 454 out of 480 marks)—J. H. Oliver.

The 3rd First Year's Scholarship, \$20, (Standing 449 out of 480 marks A. V. Hart }
W. H. Weir } equal

The 1st Second Year's Scholarship, \$50, (Standing 92 per cent.)—J. C. Hutchison, B. A.

The 2nd Second Year's Scholarship, \$30, (Standing 90 per cent.)—Frederick Parker.

MEDALS.

The Second Trinity Silver Medal, (Standing 309 out of 360 marks)—
William Glaister.

The First Trinity Silver Medal, (Standing 313 out of 360 marks)—
John Coplin Stinson.

The Trinity Gold Medal, (Standing, 322 out of 360 marks)—Charles
Harold Bird.

TRINITY MEDICAL COLLEGE.

MEDICAL, LITERARY AND SCIENTIFIC SOCIETY,
SESSION 1892-93.

Patrons and Honorary Members, Professors and Lecturers of Trinity Medical College.

Honorary President—Walter B. Geikie, M. D., C. M., D. C. L., Dean
of the Faculty.

Representative of Faculty—Dr. G. A. Bingham.

President, R. Brodie ; *1st Vice-President*, W. W. McQueen ; *2nd Vice-
President*, B. St. G. Baldwin ; *3rd Vice-President*, T. H. Pease.

Councillors—H. H. Alger, J. H. McConnell.

Secretary—W. H. Scott.

Treasurer—H. E. Tremayne.

The 1st Year's men elect their representatives at the first meeting,
which is held in October, 1893.

This Society met several times throughout the last session, at regular
intervals, for reading and discussing papers on Medical, Literary, and
Scientific subjects, and gave several public entertainments of a literary
and musical character during the season. The meetings were exceed-
ingly successful, and they become more so, session by session.

TRINITY UNIVERSITY.

(*INCORPORATED BY ROYAL CHARTER.*)

RULES AND REQUISITES FOR GRADUATION.

DOCTOR OF MEDICINE AND MASTER OF SURGERY

The candidates for this degree must have matriculated in one of the following ways :

- (a) By having passed the Matriculation Examination in Arts or Medicine of Trinity University, or of some other recognized University.
- (b) By having passed the Matriculation Examination accepted by the College of Physicians and Surgeons of Ontario, or Quebec, or that of the Law Society of Upper Canada.
- (c) By having passed an Examination recognized as equivalent to any of the above,

The Medical Matriculation Examination* will be held twice in the year in Trinity Medical College, beginning on the second Friday in March and October respectively.

The subjects for this Examination for 1893-4 are :—

- (1) Writing and Dictation.
- (2) English Language, including Grammar and Composition.
- (3) Arithmetic.
- (4) Algebra, including Simple Equations.
- (5) Euclid, Books I., II., III., with easy deductions.
- (6) Latin.

Grammar.

Cæsar, *Bellum Gallicum* Bks. I., II, or Bks. V. VI. ; or Cicero *de Lege Manilia* ; or Virgil, *Æneid*, Bk. II.

Translation of easy passages from unspecified Latin Authors ;

- (7) *One* of the following divisions, to be selected by the Candidate :
 - (a) Scripture History ; and St. Mathew's Gospel, ch. i. x. incl., in Greek.

* This Examination will not qualify candidates to practice Medicine in Ontario

- (b) Greek : Xenophon's Anabasis, Bk. I.
- (c) French : Voltaire's Charles XII., VI.-VIII.
- (d) German : Schiller's Thirty years' War, Bk. I.
- (e) Natural Philosophy, including Mechanics, Hydrostatics and Pneumatics. (Balfour Stewart's Lessons in Elementary Physics is recommended).
- (f) Logic.

Notice must be sent to the Registrar of Trinity University or to the Dean of Trinity Medical College together with the examination fee of \$5 at least one week before the examination, on a form which will be supplied on application.

The Candidate for Degrees in Medicine or Surgery must be of the full age of twenty-one years.

He must furnish certificates of having attended four Winter Sessions at some Medical College recognized by the University, except he be a Graduate in Arts or Science, when attendance at three Winter Sessions will be accepted.

All Candidates who have registered with the University after March 1st, 1890, must produce certificates of having pursued medical studies for a period of *four* years, and during that time of having attended Medical Lectures during *four winter sessions*, in any of the Medical Colleges affiliated with, or which are recognized by, Trinity University. Graduates in Arts or in Science will only be required to attend *three winter sessions*.

During the four years he must have attended two courses of Lectures, attended during different winter sessions, of six months each, on Descriptive Anatomy, Practical Anatomy, General Chemistry, Materia Medica and Therapeutics, Physiology, including Histology, and ONE course of three months on each of the following subjects :—Botany, Practical Chemistry, including Toxicology.

The above Lectures must have been attended, and the first year's Examination must have been passed in a recognized Medical College or School before the candidate can be admitted to the Primary Examination in Medicine.

He must further have attended two courses of Lectures, attended during different winter sessions, of six months each, on Theory and Practice of Medicine, including Medical Pathology, Principles and Practice of Surgery, including Surgical Pathology ; Midwifery and Dis-

eases of Women and Children ; ONE course of Practical Pathology, ONE course of Applied Anatomy ; and TWO courses of three months' each on Medical Jurisprudence, and ONE course on Sanitary Science,

He must have attended for at least *eighteen* months the practice of some General Hospital, and during two sessions. Clinical Lectures on Medicine and Surgery, the course of Lectures on Medical and Surgical (*i.e.*, Applied Anatomy*), to be attended during the third or fourth Winter Session. He must have attended for at least six months the practice of a Lying-in-Hospital, or give satisfactory evidence of having otherwise enjoyed equivalent advantages of gaining obstetrical knowledge, with a certificate of attendance upon at least six cases of labor.

He must have passed two University Examinations, called the Primary and Final Examinations in Medicine.

Before admission to the Primary Examination, he must produce a certificate that he has passed the First Year's Examination in some recognized Medical College.

EXAMINATIONS.

The Primary Examination may be passed at the end of the Second year. The subjects are Anatomy, Physiology, including Histology, Chemical Physics and General Chemistry, Practical Chemistry, Materia Medica and Therapeutics, Toxicology and Botany, unless where this last subject has been passed at the First Year's Examination, at the end of the First Winter's Session.

The Primary Examinations of other recognized Universities, and that of the Colleges of Physicians and Surgeons of Ontario, Quebec, or Manitoba, will be accepted in lieu of the University Primary Examination, provided that the candidate shall in all cases pay the full fee for the Degree, but if any of the subjects of the Primary Examination do not form a part of the Examination allowed, the candidate shall be required to take such subjects together with his Final Examination.

Graduates of any recognized University, will not be required to take such subjects of the Primary Examination as they have already passed in their University Examinations.

Final Examination in Medicine.—This Examination shall take place at the end of the Fourth Year. The subjects are: Theory and Practice of Medicine, including Medical Pathology ; Principles and

* Applied Anatomy, and Pathology are examined in, in connection with Medicine and Surgery.

Practice of Surgery, including Surgical Pathology ; Clinical Medicine, Clinical Surgery, Midwifery, and Diseases of Women and Children, Medical Jurisprudence, Sanitary Science.

The Primary and Final Examinations may be taken together at the end of the Fourth year.

The Examinations are held annually in the Spring, and the time of holding them is so arranged as not to interfere with those of the Medical Council of Ontario, which are held annually in Toronto.

The Curriculum of this University being formally recognized by the several Royal Colleges of Physicians and Surgeons of Great Britain, all graduates of Trinity University are entitled to every privilege enjoyed by the holders of Degrees from any Colonial University.

Conferring of Medical Degrees.—These are conferred at a Special Convocation held annually, at the close of the Winter Session.

MEDALS.

Two Medals, one gold and one silver, known as the "University Medals," are given by this University, annually, in Medicine, to the two students who stand first and second respectively, in the FINAL Subjects at the close of the Examination. Two additional silver Medals are also given by the University annually, known as the FIRST AND SECOND UNIVERSITY PRIMARY SILVER MEDALS, to the two students who stand first and second respectively in all the Primary subjects at the close of the Examination. Medals of any kind are only awarded to students whose standing are the highest on the list of those reaching, or going above 75 per cent. of the maximum number of marks.

CERTIFICATES OF HONOR.

Certificates of Honor require 75 per cent. of the marks, and are given in this University annually, only to those students who reach this standing.

FEES.

For matriculation examination, including Registration	\$ 5 00
For Registration of a Candidate who has matriculated otherwise than at Trinity University	1 00
For Degree of M.D., C.M.	24 00

The fee for the Degree is distributed as follows: \$10 before the Candidate presents himself for the Primary Examinations, and \$14 before he presents himself for the Final Examination.

Candidates rejected in either the Primary or Final Examinations will have the fees for that examination returned to them less \$5. Candidates required by the Examiners to take any of the Subjects of the Examination a second time, will not be required to pay any other fee for such examination.

UNIVERSITY OF TORONTO.

AFFILIATION.

This University has by Statute the power as heretofore with the approval of the Governor of Ontario in Council, to affiliate with itself Independent incorporated Medical Colleges or schools.

Trinity Medical College is, and always has been, FULLY AFFILIATED with the Provincial University, and is represented in the Senate. All the Degrees and other Honors of this University are as open to the students of this College, who fulfil the requirements laid down in the curriculum, and given in this announcement, as to those of any Medical College or School in the Province.

Rules and Regulations for Graduation—Degree of M.B.—

The following are the requisites for admission to the degree of Bachelor of Medicine, to which there are two ordinary modes of proceeding, viz: (1) by taking a Pass Course; or (2) by taking an Honor Course.

Matriculation.—Candidates must pass the Matriculation Examination, unless (1) they possess a degree in Arts, not being an Honorary Degree, from any Dominion or British University, or (2) having already matriculated in the Faculty of Arts, or in the Faculty of Law in this University, or (3) present a Certificate of Registration as Students in the College of Physicians and Surgeons of Ontario. They must also produce satisfactory certificates of good conduct, and of having completed the sixteenth year of their age.

The Annual Matriculation Examination (both Pass and Honors), will commence in the beginning of July. Supplementary Examinations for matriculation will be held in the latter part of September, at which those who were rejected in the July examination, as well as new candidates, may offer themselves. The fee for Matriculation is \$5.

Candidates may delay presenting themselves for the Matriculation Examination until any time before the Final Examination for the degree of M. B. ; but no candidate will be allowed to compete for relative standing or prizes until he has passed the Matriculation Examination. Candidates are requested to signify whether they propose taking the Pass or Honor Examination.

Degree of M.D., Fees, etc.—The following are the requisites for admission to the degree of M.D., viz. : Having been admitted to the degree of M.B., being of one year's standing from admission to the degree of M.B., and having composed an approved Thesis on some medical subject or having been engaged in active practice or in post-graduate work at any British, Foreign or Canadian University for at least three years since admission to the degree of M.B. in the University of Toronto. The fee for the degree of M.B. is \$20 ; for the degree of M.D., \$20 ; and for admission ad eundem gradum, \$20.

Medals, Prizes and Certificates of Honor.—A gold medal and three silver medals are offered annually for competition among the Undergraduates who have succeeded in obtaining the degree of M.B., with First Class Honors, and will be awarded according to the percentage of marks in the aggregate result of the Second, Third and Fourth professional examination ; but the gold medal will only be awarded on the special recommendation of the examiners. Prizes, each of the value of Ten Dollars in books, may be awarded annually among Undergraduates in Law, Medicine and Arts, for the best composition in Greek Verse, Greek Prose, Latin Verse, Latin Prose, English Verse, English Prose, French Prose or German Prose.

Certificates of Honor will be given to those students who, at any of the examinations, have been placed in the First Class in Honors in any department.

Regulations for Undergraduates.—Undergraduates are require to attend lectures and receive practical instruction during each of four years, at ONE OR OTHER of the Schools of Medicine recognized for this purpose by the University. Each undergraduate, at the end of each of the four years of his course, may present himself at the annual examination of that particular year, or if he prefer to do so, he may elect to take the Primary Examination, held at the end of the second, and the Final Examination held at the end of the fourth year. The annual examinations are styled the first, second, third, and fourth pro-

professional examinations, and are to be passed in separate years in the order named, by all candidates for the degree. Graduates in Arts of this University, with honors in the Department of Natural Sciences will be exempted from the first professional examination, and from the fee for the same. They must, however, take the Anatomy of that examination along with the second professional examination. The fee for each professional examination is Five Dollars, payable when the candidate notifies the Registrar of his intention to present himself. The following certificates are required for the different examinations:—

First Professional.—(1) Of having attended lectures on the following subjects:—Anatomy, 100; Physiology, Inorganic Chemistry, each 60; Natural Philosophy, 20; Botany, Zoology, each 30; (2) Of practical instruction in Anatomy during six months.

Second Professional.—(1) Of having attended lectures on the following subjects:—Anatomy, Physiology, Materia Medica, and Therapeutics. Organic Chemistry. (2) Of practical instruction in Anatomy, six months; Histology, Physiological Chemistry, each three months. (3) Of having dissected the parts of the human body once. (4) Of being skilled in compounding and dispensing drugs.

This certificate may be from a registered Practitioner, the Apothecary of a public Hospital or of a public Dispensary: or from a member of the Pharmaceutical Societies of Ontario or Quebec, and must state that the candidate has been engaged for at least three months in such work.

Third Professional.—(1) Of having attended lectures on the following subjects:—Practice of Medicine, Surgery, Obstetrics, Clinical Surgery and Medicine, General Pathology. (2) of having dissected the parts of the human body the second time. (3) Of practical instruction in Pathological Histology, three months.

Fourth Professional.—(1) Of having attended lectures on Clinical Medicine and Surgery, Forensic Medicine, Hygiene, Medical Psychology. (2) Of practical instruction in Chemistry in its application to Hygiene and Forensic Medicine. (3) of having attended at least six clinics in a public Lunatic Asylum. (4) Of having conducted at least six labours. (5) Of proficiency in vaccination. (6) Of attendance in the wards of a public Hospital, accommodating not less than 100 beds, during eighteen months. (7) Of attendance for six months on the out-practice of a hospital dispensary or registered practitioner. (6) Of having attended twelve Autopsies.

QUEEN'S UNIVERSITY.

Candidates for the degree of this University, with which TRINITY MEDICAL COLLEGE is affiliated, must be of the full age of twenty-one years, and must have completed a period of *four years' study*, and have passed the Matriculation Examination, which is as follows :

English Language, Grammar and Composition.
 Arithmetic, with Vulgar and Decimal Fractions.
 Algebra, including simple Equations.
 Geometry, first two Books of Euclid.
 Latin Grammar, and translation (Cicero, Cato, Major,
 Virgil, Ænid, Bk. I., 1,304. Ovid, Fasti, Bk. I.,
 1-390.)
 Natural Philosophy, as in Stewart's *Physics*.

Graduates in Arts and matriculants in Arts or in Medicine, in a recognized British or Colonial University, and those who have passed the *Matriculation Examination of the Medical Council of Ontario*, or any matriculation examination recognized by that body as equivalent to its own, are not required to pass the above matriculation examination.

This examination must be passed before a student is admitted to any of the professional examinations, although lectures may be attended previous to passing this matriculation examination.

In the case of graduates in Arts or in Science, a period of three years only will be required, but not fewer than THREE WINTER sessions attendance at lectures.

All other candidates must have given regular attendance on full courses of instruction in the following departments for the period stated, during FOUR SESSIONS.

Two full courses of six months each, on Principles and Practice of Medicine, Principles and Practice of Surgery, Clinical Medicine, Clinical Surgery, Midwifery, and Diseases of Women and Children, Physiology, including Histology, Anatomy descriptive, Anatomy practical, General Chemistry, Materia Medica and Therapeutics.

Also two courses of Medical Jurisprudence and Toxicology ; and one each on Practical Chemistry and Botany, and not less than eighteen months' hospital attendance, and six midwifery cases, etc., and every candidate must present a certificate of having compounded medicines

in an office of a medical man, or in a hospital or dispensary for a period of not less than six months.

The above course of study may have been pursued either wholly at Trinity Medical College, or partly at some other Medical College or School recognized by Queen's University.

The examinations are (a) held at the end of the 1st year; (b) the PRIMARY, at the end of the 2nd; (c) the FINAL held at the end of the 4th year.

Candidates may undergo the examination on Sanitary Science and Medical Jurisprudence at the end of the 3rd year if they desire to do so, or they may be taken with the final examination at the end of the 4th year.

Every candidate must present a certificate of good moral character.

Graduation fee, \$25 (for M.D.)

College of Physicians and Surgeons

OF ONTARIO.*

Every one desirous of being registered as a matriculated medical student in the register of this College, except as hereinafter provided, must present to the Registrar the official certificate of having passed the third class non-professional examination, with the Latin option included, prior to July 1st, 1888, or after that date the SECOND CLASS NON-PROFESSIONAL, with Latin, and after Nov. 1, 1892, the Departmental Matriculation Examination in Arts, and in addition Physics and Chemistry—whereupon he shall be entitled to be so registered upon the payment of twenty dollars, and giving proof of his identity.

The Third class non-professional with Latin passed, after JULY, 1888, WILL NOT BE ACCEPTED.

Graduates in Arts, or students having matriculated in Arts in any University in Her Majesty's dominions, are not required to pass this examination, but may register their names with the Registrar of the College, upon giving satisfactory evidence of their qualifications, and upon paying the fee of \$20.

* The sole licensing body in Ontario.

Every medical student, after matriculating, shall be registered in the manner prescribed by the Council, and this shall be held to be the beginning of his medical studies, which shall date from that registration.

MEDICAL CURRICULUM.

Every student, who after his matriculation has registered, prior to November 1st, 1892, must spend a period of FOUR years in actual professional study, except as hereinafter provided.*

Graduates in Arts in any College or University recognized by the Council will, if registered before November 1, 1892, only be required to pass three years after graduating in Arts, in attendance upon medical lectures, before being admitted to the final examination.

Every student must attend the undermentioned courses of lectures in a University, College, or School of Medicine, approved of by the Council, viz. :

Two Courses of Six Months each, in different years, upon Anatomy, Practical Anatomy, Physiology, Theoretical Chemistry, Materia Medica and Therapeutics, Principles and Practice of Medicine, Principles and Practice of Surgery, Midwifery, and Diseases of Women and Children, Clinical Medicine and Clinical Surgery.

Two Courses of Three Months each upon Medical Jurisprudence.—
Two Courses of Three Months each upon Practical Chemistry, including Toxicology,—and *One Course of Three Months* on Diseases of Children,—and *One* on Botany.

One course of *Twenty-five Demonstrations* upon Normal Histology, and *One* course of *Twenty-five Demonstrations* upon Pathological Histology, and one course of twenty lectures on Sanitary Science, and *One* course of *Fifty Lectures* on Medical and Surgical Anatomy.† This last course is for FINAL candidates, and is to be taken in the 3rd or 4th year.

Every candidate must prove his having carefully dissected the whole adult human body.

Every student before being admitted to the Final Examination here-

* Students who have registered after November 1, 1892, will be required to spend *Five* years in Professional Study.

† Often called Applied Anatomy.

inafter mentioned, must have spent a period of six months in compounding medicines.

He must have attended the practice of a General Hospital for 24 months.

He must have attended six cases of Midwifery.

He must, before being registered as a member of the College of Physicians and Surgeons of Ontario, have passed all examinations hereinafter prescribed, and must have attained the full age of twenty-one years.

All persons from recognized Colleges outside the Province of Ontario and Quebec, who desire to qualify themselves for Registration in this Province, must pass the Matriculation Examination recognized by the Council, and must attend thereafter one or more full "Winter Courses" of Lectures, in one of the Ontario Medical Schools, so as to complete fully the Curriculum required by the Council, and shall pass, before the Board of Examiners appointed by the Council, all the examinations hereinafter prescribed.

EXAMINATIONS.

The Fall Examination of the Medical COUNCIL will begin on the 2nd Tuesday of September, 1893. The Spring Examination on the second Tuesday in April, 1894.

1. The Professional Examinations are at present *Primary* and *Final*.*

2. The *Primary* Examination is undergone after the SECOND, and the *Final* after the FOURTH winter session.

3. The following branches are embraced in the Primary Examination, viz :

Descriptive Anatomy, Physiology and Histology, Chemistry, Theoretical and Practical, and Toxicology, Materia Medica and Pharmacy.

4. Each candidate for the Primary Examination must present with his lecture ticket a certificate of having undergone an Examination at the school he has attended, at the close of his First Winter Session, on

* After the 5 years curriculum goes into operation there will be a "*Primary*" held at the end of the 2nd year, an "*Intermediate*" at the end of the 3rd or 4th year, and a "*final*" at the end of the 5th year. THESE CHANGES AFFECT NO STUDENT REGISTERED WITH THE COUNCIL BEFORE NOVEMBER 1, 1892.

Anatomy, Physiology, Chemistry, Materia Medica, and Botany. Such Examination shall not, however, in any way effect the Primary Examination of the Council.* Also a certificate of ability to make and mount Microscopic Specimens. Each candidate for Final Examination must present a Certificate of attendance at Six *Post Mortem* Examinations, and a Certificate of ability to draw up a report of a *Post Mortem* Examination; also, a Certificate of having reported satisfactorily on six cases of Clinical Medicine and six cases of Clinical Surgery.

5. The following branches are embraced in the Final Examination: Medical and Surgical Anatomy,† Theory and Practice of Medicine and Therapeutics, Clinical Medicine, Sanitary Science. Surgery, other than Operative. Surgery, Operative. Clinical Surgery. Medical and Surgical Pathology. Midwifery (other than Operative), and Diseases of Women and Children. Midwifery, Operative. Medical Jurisprudence.

6. Any Candidate who passes creditably in three or more branches, but fails in the others, shall receive credit for the subjects so passed, and be compelled to pass in the other branches *only*, at a subsequent Examination.

MEDICAL COUNCIL FEES (After July 1, 1889.)

The following scale of fees has been established by the Council of the College of Physicians and Surgeons of Ontario:—

Registration of Matriculation	\$20 00
Primary Examination	30 00
Final Examination	50 00

Candidates who are unsuccessful are entitled, at a subsequent time, to a second Examination on payment of \$20.

All fees are to be paid to the Treasurer of the Medical Council prior to the several Examinations.

For students not registered before July 1st, 1889, the Primary fee will be \$30, and the Final fee, \$50.

Any student registered with the Medical Council as a matriculate, PRIOR TO JULY 1, 1889, pays \$20 for the Primary, and \$30 for the Final Examination Fee.

* A similar certificate of having undergone an Examination at the close of the THIRD Session in certain portions of Medicine, Surgery, and Midwifery, *at the College the student attends* will be required by all students who enter on their studies after the publication of the Council Announcement for 1893-94. This Examination will not in any way interfere with those required on these subjects by the Medical Council.

† Applied Anatomy.

TEXT BOOKS.

Class books suitable for the Examinations of the different Universities, the Medical Council, and Trinity Medical College, with the price of each.

Advised for First and Second Years work.

Anatomy.—Gray, \$6.00 ; Morris, \$7.00 ; Cunningham \$6.00 ; Ellis.

Physiology.—Foster, \$4.50 ; Kirkes, \$3.50 ; Yeo, \$3.00.

Histology.—Klein, \$1.75.

Chemistry.—Remsen's Inorganic, \$1.35 ; Remsen's Organic, \$1.50 ; Jones Practical, 75 cts.

Materia Medica.—Mitchell Bruce, \$1.50 ; Ringer, \$4.50 ; Hare's Therapeutics (in one volume).

Botany.—Bessey's Essentials, \$1.35.

Toxicology.—Tanner, 75 cts.

For Third and Fourth Year's Work.

Medicine.—Roberts, \$5.50 ; Osler, \$5.50 ; Strumpell, \$6.00 ; Fagge, \$9.00 ; Dacosta's Diagnosis, \$4.50.

Surgery.—Mansell Moulin, \$7.00 : The American Text-book of Surgery, \$8.00 ; Holmes, \$6.00 ; Erichsen, \$9.00 ; or for the third year only, Walsham, 4th Edition.

Midwifery.—Lusk, \$5.00 ; Playfair, \$4.00 ; Galabin, \$3.00.

Gynaecology.—Skene, \$6.50 ; Thomas, \$5.00 ; Hart & Barbour, \$6.00.

Diseases of Children.—Ashby & Wright, \$6.00 ; J. Lewis Smith, \$5.00.

Medical Jurisprudence.—Taylor's Manuel, \$4.25 ; Reese, \$3.00.

Sanitary Science—Parke's Hygiene, \$2.50 ; Wilson, \$3.00.

Pathology.—Green, \$2.75 ; Coates, \$5.00 ; Woodhead, \$6.00.

Applied Anatomy.—Treeves, \$2.00.

Keatings Pronouncing Medical Dictionary \$5.00.

Goulds Medical Dictionary, \$3.00.*

N.B.—Always get the *latest* edition of *each* work.

* For a large dictionary, "The National," by Dr. Billings, (2 large vols.), is very good. Price \$14.00.

STUDENTS OF TRINITY MEDICAL COLLEGE WHO
HAVE PASSED ALSO IN GREAT BRITAIN
AND IRELAND.

Former Students of Trinity Medical College who have taken qualifications of any kind in Europe, in addition to those obtained in Canada, will oblige by sending to the Dean of the College notice of the Diplomas they have received, and the dates when these were conferred.

THE ROYAL COLLEGE OF SURGEONS, ENGLAND.

H. H. Graham, J. L. Davison, J. R. Logan, H. H. Hawley, N. Allen, E. Furrer, B. H. Scott, John McLurg, A. M. Ewing, D. C. Meyers, T. S. Farncombe.

THE ROYAL COLLEGE OF PHYSICIANS, LONDON, ENG.

F. H. Sawers, G. L. Airth, W. M. Brown, E. H. Williams, D. Gow, M. R. Saunders, G. Trow, H. W. Darrell, J. Honsberger, F. C. Hood, C. H. Hamilton, D. O. R. Jones, W. P. Caven, T. Ovens, G. A. Fere, D. C. Meyers, K. Henderson, W. H. Pepler, T. S. Farncombe, J. S. Armstrong.

THE ROYAL COLLEGE OF PHYSICIANS, EDINBURGH.

A. G. Elliott, A. Farncombe, G. J. Charlesworth, T. McCullough, J. E. Brown, S. M. Dorland, P. N. Davy, T. M. Lawton, J. Stalker, B. H. Scott, A. Gillespie, J. Stuart McCullough, J. Standish McCullough, J. E. W. Anderson, E. A. Hall, W. J. Chambers, J. K. Sturgeon, R. L. Langstaff.

THE ARMY MEDICAL SCHOOL, NETLEY, ENG.

B. H. Scott, M.D., C.M., Trin. Coll., F.M.T.S., (obtained at the examination for the army in England 731, out of a possible 900 marks).

**THE ROYAL COLLEGE OF PHYSICIANS AND SURGEONS,
EDINBURGH.**

Double Qualification.

S. A. McKeague, W. F. Sprague, J. Johnston, O. M. Belfrey, R. Oven, A. S. Thompson, E. T. Eede.

**PASSED ROYAL COLLEGE OF PHYSICIANS AND SURGEONS,
EDINBURGH, AND THE FACULTY OF PHYSICIANS
AND SURGEONS OF GLASGOW.**

Triple Qualification.

F. G. Parker, C. McLeod, W. F. Freeman, R. C. Coatsworth, D. Thompson, A. B. Thompson, C. A. McBride, E. M. Brown, D. G. Gordon, B. A., Tor. Univ., D. W. Thompson, T. A. Amos, R. E. Walker, W. H. Merritt, G. R. Rennie, W. A. Dixon, E. M. Spencer, A. Thomson, D. Mitchell, A. Douglass, J. T. Rogers, D. Archer, A. J. Murchison, G. Wright, E. H. Fere, G. K. Crossthwaite, D. Albert Rose, J. C. Auld, E. R. Morton, H. Robins, A. J. Thomas, J. S. Armstrong.

PASSED ROYAL COLLEGE OF SURGEONS, EDINBURGH.

J. Lindsay, L.R.C.S., E; E. R. Morton, F.R.C.S., E.

SOCIETY OF APOTHECARIES, LONDON, ENGLAND.

Wm. Ianson.

**KING'S AND QUEEN'S COLLEGE OF PHYSICIANS OF
IRELAND.**

J. E. Midgeley, J. Evans.

**STUDENTS OF THIS COLLEGE WHO HAVE
TAKEN GOLD AND SILVER MEDALS IN
PAST YEARS.**

GOLD MEDALISTS.

- 1872—Logan M. More, Medical Faculty Gold Medal.
 1873—A. M. Dingwall, University Gold Medal.
 “ H. Howitt, Medical Faculty Gold Medal.
 1874—D. B. Fraser, University Gold Medal.
 “ D. B. Fraser, Gold Medal University of Toronto.
 “ W. H. Lowry, Medical Faculty Gold Medal.
 1875—C. McLarty, University Gold Medal.
 “ G. P. Sylvester, Medical Faculty Gold Medal.
 1876—James Fulton, University Gold Medal.
 “ W. J. Douglas, Medical Faculty Gold Medal.

- 1877—W. Theophilus Stuart, University Gold Medal.
 “ “ “ “ Starr Gold Medal, Univ. of Toronto.
 “ G. T. McKeough, Medical Faculty Gold Medal.
- 1878—Harry Meek, University Gold Medal.
 “ J. D. Bonnar, Starr Gold Medal, University of Toronto.
 “ W. A. Dafoe, Trinity Medical College Gold Medal.
 “ Charles Sheard, Medical Faculty Gold Medal.
- 1879—R. P. Mills, University Gold Medal.
 “ W. F. Chappell, Trinity Medical College Gold Medal.
 “ A. McDiarmid, Medical Faculty Gold Medal.
- 1880—J. McWilliam, University Gold Medal.
 “ J. Ellis, Trinity Medical College Gold Medal.
- 1881—W. F. Peters, University Gold Medal.
 “ W. A. Mearns, Trinity Medical College Gold Medal.
- 1882—A. C. Gaviller, University Gold Medal.

 “ J. C. Hutchison, B.A., 1st Trinity University Primary Silver Medal.
 “ F. Parker, 2nd Trinity University Primary Silver Medal.

LIST OF PRIZES WON IN 1893.

BY STUDENTS OF TRINITY MEDICAL COLLEGE.

- Wm. Glaister—University Gold Medal. Trinity University.
 T. Douglas— “ Silver “ Trinity University.
 C. H. Bird—(standing 88 per cent.) Trinity Gold Medal. Trinity Medical College.
 J. C. Stinson—(standing 87 per cent.) First Trinity Silver Medal. Trinity Medical College.
 Wm. Glaister—(standing 86 per cent.) Second Trinity Silver Medal. Trinity Medical College.
 J. C. Hutchison B.A.—First University Primary Silver Medal. Trinity University.
 Fred Parker,—Second University Primary Silver Medal. Trinity University.
 J. C. Hutchison, B. A.—(standing 92 per cent.) First 2nd year's Scholarship, \$50. Trinity Medical College
 Fred Parker—(standing 90 per cent.) Second 2nd year's Scholarship, \$30. Trinity Medical College.
 J. R. McRae—(standing 94 per cent.) First 1st year's Scholarship, \$50. Trinity Medical College.
 J. H. Oliver—(standing 93 per cent.) Second 1st year's Scholarship, \$30. Trinity Medical College.
 A. V. Hart and W. H. Weir (equal standing 92 per cent.) Third 1st year's Scholarship, \$20. Trinity Medical College.
 F. G. Wallbridge—(standing 95 per cent.) Special prize (Prof. Sheard's) for First Year's Work in Physiology, \$25.

F. J. Burrows—(standing 93 per cent.) Dr. Ryerson's prize for the highest standing in Applied Anatomy. Value \$25.

In all Five Scholarships, Two Gold and Five Silver Medals, and two Special Prizes.

C. H. Bird took Honors at the Medical Council Examinations in final subjects. This is the first time any candidate has taken Honors at the Final Examinations of the Medical Council.

W. Glaister was one of the two Primary Candidates who took Honors at the Examination of the Medical Council, (April 1891).

Mr. H. L. Barber of this College, was the only Candidate who took Honors at the Medical Council Examination in 1890, and Messrs J. Sutherland and J. Third (both of Trinity Medical College students), were the only candidates who took Honors in 1889, at the Council Examinations where they were PRIMARY CANDIDATES.

[To take Honors the candidate has to get not less than 75 per cent. of the marks on each subject of the examination.]

THE FOLLOWING FORMER STUDENTS OF TRINITY MEDICAL COLLEGE HAVE GRADUATED AT TRINITY UNIVERSITY.

Attention is directed to the very large number who, subsequent to graduation at Trinity, have taken one or more diplomas in Great Britain.

Allingham, I. W.	Anderson, J. N.
Allingham, A. W.	Andrus, W.
Abraham, C. R. P.	Allbright, Joseph

Stewart, W. T.	Webster, J.
Third, Jas.	

THE FOLLOWING STUDENTS OF TRINITY MEDICAL COLLEGE GRADUATED AT QUEEN'S UNIVERSITY (1888).

Bateman, F. J.	McCullough, T. P.
Henderson, K.	Thomson, A. B.
James, C.	Wade, R. J.
Harding, W. E.	Wade, W. R.
Kalbfleisch, F. H.	Wardlaw, J. S.

THE FOLLOWING STUDENTS OF TRINITY MEDICAL COLLEGE GRADUATED AT VICTORIA UNIVERSITY.

Awty, W. J.	Morell, H.
Alexander, D. B.	McKee, J. G.
Archer, D.	McKenzie, A. J. L.
Belt, W. C.	McLeod, D.
Bingham, E. O.	McDonald, R.
Birdsall, W. W.	McPherson, W. Allan
Cunningham, F. W.	Ovens, R.
Cleghorn, A. M.	Ovens, J.
Coates, B. O.	Preiss, F.
Flath, A.	Roach, J. J.
Guthrie, J. B.	Rycerson, G. S. (a)
Henry, F. N.	Russell, J. P.
Henwood, J. M.	Sweeney, M.
Hough, A. H.	Temple, C. A.
Jones, D. C.	Trumpour.
McCullough, O.	

(a) Prof. of Ophthalmology and Otology, Trin. Med. Coll.

FORMER STUDENTS WHO HAVE BECOME "FELLOWS BY
EXAMINATION" OF TRINITY MEDICAL COLLEGE.

F.T.M.C.

N.B.—Only ONE work on each subject is required by the student.

A Catalogue of the Museum of Trinity Medical College will be sent on application to any address. It is too large to have had bound in this Calendar.

Professional Examination papers also may be had by applying for them.

For some years past the Medical Students' Branch of the Young Men's Christian Association, in addition to a great deal of good work done for Students, have taken much trouble to prepare carefully, a list of suitable boarding houses, for distribution among the Students at the commencement of each Winter Session. To young men, strangers in the city, this is a great help.

The arrangements for Clinical instruction at the Hospital, have never been as perfect as this year.

N.B.—The Matriculation, the Medical Council requires, is the "Uni-

versity Departmental Arts Matriculation Examination," which must include Chemistry and Physics. See pages 17 and 55.

ADDENDA.—In 1887 Dr. W. Theophilus Stuart took the Gold Medal at the University of Toronto, as well as the Starr Gold Medal and that of Trinity University in 1887.

N.B.—Students are now required by the Medical Council to present a ticket for the Class on Practical Pharmacy with their other Primary Tickets. The Fee for that Class is \$5.

For Index, see page 86.

INDEX.

APPOINTMENTS for Students as Hospital Assistants, Clinical Clerks and Dressers, Prosectors	page 36
BURNSIDE LYING-IN-HOSPITAL	35
