DESCRIBES TREATMENT IS TO ABANDON MINES

MUST GET PROTECTION FOR MEN TO OPERATE THE PUMPS

Members of Clerical Staff Decline To Continue Arduous Task of Keeping Fires On Boilers

WATER GAINS IN SEVERAL COLLIERIES

Premier Armstrong Intimates That In View of Good Order in Strike Area, Government Will Not At Present Grant Request For Protection.

By Canadian Press Staff Correspondent. SYDNEY, N. S., March 9.—Abandonment of the coal mines, owned by the people of Nova Scotia, and operated under lease by the British Empire Steel Corporation, is the alternative held out by J. E. McLurg, vice-president of the company, in the event of failure on the part of the provincial government to afford protection to men he considers it necessary to bring into the colliery district, in order to supplant members of the clerical staff now engaged in manning the pumps and fans.

McLurg admitted this morning that a number of the clerical staff had declined to do maintenance work at an hourly bonus over and above their regular salary.

INDUCE CLERKS TO QUIT PUMPS

In addition, he charged that a committee from the men had visited the power house at No. 2 colliery last night, and induced several so-called "white collar men," he would not know the exact number until the night shift went on, to quit their jobs. Moreover, he stated, the company was nine men short at No. 6 house, and water was gaining in the mine in consequence. Yesterday Mr. McLurg wired the Premier appealing for protection for men he proposed bringing into the colliery districts to supplant the clerical workers.

Up to a late hour this morning he had received no reply to his appeal, but the Premier intimated at Halifax last night that in view of there being no disorder, and no wanton destruction of property, the protection sought would not be forthcoming.

This contingency was suggested to the vice-president yesterday and on being asked what the company would do, if it eventuated, he replied: "Well, No. 10 will go first. That is our wettest mine."

Not Authorized by U. M. W.

John W. McLeod, district president of the U. M. W. of A., declared this morning that if a committee of the men had induced a number of "white collar laborers" to quit work at No. 2 power house, the executive had not only not authorized the action, but was unaware of it. McLeod pointed out that 35 members of the union had been instructed to operate the power house at New Waterford, one of the two main power houses of the company, and had operated it from the start. This to supply light and power to the hospital and people of the town. The company was using the power generated by the men for their own purpose including the operation of pumps and fans at various mines. And the mine workers were offering no objection to this practice.

Operation of Power House

McLeod's contention was that the power station at New Waterford could be made to operate pumps and fans throughout the Glace Bay district, but the company will not admit that this is the case.

As for conditions at No. 6, McLeod's home, the district president was emphatic in stating that the water was not gaining in this mine, as alleged by the company.

"They have the same number of men employed as they had in the three previous disputes in which the maintenance men were pulled out," he stated. "Moreover, No. 6 is a reasonably dry mine, and remarkably free from gas."

Lewis Opposes District Policy

HALIFAX, N. S., March 9.—John Lewis, international president of the U. M. W. of A., has reiterated his previous statement that it is not the policy of the organization to withdraw maintenance men from the mining properties so long as members are not asked to work with strike-breakers, in a telegram received by Premier Armstrong this morning, in reply to one from him. The telegram follows: "It is not the policy of the United Mine Workers of America to withdraw maintenance men from mine properties during strikes, so long as our members are not asked to work with strike-breakers. It has been the policy of the U. M. W. throughout its 35 years' existence to stand for the protection of property interests. The officers of District 26 have previously been advised of the position of the British Empire Steel Corporation in this question."

Through With 1924 Rates.

GLACE BAY, N. S., March 9.—The 1924 rates are off, the British Empire Steel Corporation will not produce any coal under them," was the statement made at noon today by J. E. McLurg, vice-president of the British Empire Steel Corporation, when informed that the U. M. W. would provide maintenance men for the pumps, give a guarantee regarding minimum employment and pay the 1924 rates until a settlement was effected.

"There is nothing doing as far as McLurg's proposal is concerned. This corporation will not consider mining under the 1924 rates."

Can't Cope With Situation.

PAYS HIGH TRIBUTE TO BLISS CARMAN

Greatest Lyric Poet in English Language, Excepting Yeats, Says Roberts.

TORONTO, March 9.—Having learned that the man is a formidable antagonist, wolves are inclined to give him a wide berth, according to Dr. C. G. D. Roberts, well known writer of animal stories, in addressing the Toronto branch of the Canadian Authors Association, at a dinner in his honor here Saturday night. As he spoke, they would not attack him, he said, their main motive being food and the peaceful getting of it. In the course of his talk, Dr. Roberts offered the opinion that Dr. Bliss Carman, was the greatest lyric poet in the English language, with the exception of W. B. Yeats, the famous Irish writer. He excluded Kipling, as he was a poet of imperialism.

PARTIES MERGED

Liberals and Progressives in Norfolk County, Ont., Unite on Tariff Question.

SIMCOE, Ont., March 9.—Meeting here Saturday representatives of Liberals and Progressives in Norfolk County, unanimously agreed to merge their political interests, and if the two riding associations agree with the decision, the problem of representation in the next election contest will be solved by entering a low tariff candidate in the field. The candidate, when elected, is pledged to give independent support to and join the caucus of which every Liberal party may be a member, whether it be under the leadership of Mr. King, or Mr. Forke.

URGENT INQUIRY INTO BRITISH SHIPBUILDING

The Loss of \$5,000,000 Contract to Germany, Arouses Nation

INDUSTRY IS HIT

Some Blame High Wages and Others Large Profits Sought By Capitalists

By HERBERT BAILEY. British United Press. LONDON, March 9.—The placing of a five million dollar contract for five 10,000 ton motor vehicles with a German firm by a subsidiary company of the Furness Withy Shipping Corporation is causing a storm of comment which promises to develop into a thorough enquiry of what is wrong with British shipbuilding which is the most depressed industry since the war. Such an investigation would also be expected to expose the economic factors which militate against British industry generally in competition with foreign rivals.

Difference of Opinion.

In this case of the motorship contract labor is pressing for an investigation since the German tender was \$300,000 less on each ship and attempts are being made by the shipping men to blame this condition on the higher wages and shorter hours which they say prevail in the British yards. Labor on the other hand attributes this wide difference to too high an interest rate to too large profits asked by the owners and to high rents. Hon. Walter Hume, one time president of the Board of Trade, agrees that British wages today stand at the irreducible minimum although he admits that German labor is far cheaper.

Second Cousin Former Kaiser Passes Away

DESIREN, Germany, March 9.—Prince Friedrich Wilhelm, of Prussia, second cousin of the former Kaiser, died in a sanitarium at Weisshilf this morning, aged 45. He was the youngest son of Prince Albrecht, regent of Brunswick. In 1910 he married Princess Agathe, of Hildburghausen, one of the beauties of the Potsdam court, who was buried under the central pillar of the Asakusa temple in Tokio.

Japanese Beauty Offered to Be Burned Alive in Tokio Temple

LONDON, March 9.—Tsune Katsunoko, Japanese beauty of wealthy parentage, has been saved from being burned alive beneath the foundations of a temple only because her offer to be a human sacrifice was refused, according to the Daily Express. Ancient tradition relates that a virgin was buried under the central pillar of the Asakusa temple in Tokio. When the great earthquake of 1923 swept Tokio the Asakusa temple remained standing. Its miraculous escape from the quake and ensuing fire is attributed by popular superstition to the unknown virgin's sacrifice. When Tsune's offer was refused she inaugurated a movement whereby eighty-nine village girls sacrifice their long black tresses to be buried under the shrine.

BUFFALO, March 9.—A party of youths returning from a late dance yesterday morning, in a small automobile truck, overturned in South Buffalo, and three were killed, and two fatally hurt. The dead are Cornelius O'Brien, Dudley Kemp and Bernard Colgrove. Those fatally hurt are Leo Hartman and Thomas Doyle. Six others were slightly injured.

CANCER WILL SOON BE UNDER CONTROL

Dr. Mayo Makes Significant Statement to Philadelphia Surgeons.

PHILADELPHIA, Pa., March 9.—Dr. C. H. Mayo, of Rochester, Minn., one of the country's leading surgeons, told the Philadelphia Forum in an address last night that he believed cancer would be "under control" within a few years. By this, Dr. Mayo said he did not mean that cancer would be cured, nor that it would be preventable, but that it would be more amenable to treatment, and that its working would neither be so rapid nor so serious. He based this belief, he said, on the theory that cancer is caused by an organism, perhaps a germ, and on the Wassermann test through which it is claimed the presence of cancer may be detected. Dr. Mayo said the Wassermann test was being used in his laboratory in Berlin, where the test was announced, indicated it was practical.

DEMPSEY IS WILLING

Ready to Meet Wills if Financial Proposals Are Satisfactory.

NEW YORK, March 9.—Jack Dempsey, according to law, has fifteen days in which to reply to the ultimatum sent to him by the New York State Athletic Commission. The edict of Friday gave him 24 hours, which the commission now admits must have been a mistake.

MASKED BANDITS GET RICH HAUL IN APARTMENT

Robbers Bite Costly Diamond Rings Off Woman's Fingers. HAVE NO CLUE

Police Believe Same Gang Murdered Louise Lawson and Dorothy Keenan

NEW YORK, March 9.—Three masked men broke into the studio apartment of Mrs. Fay Perkins, West 88th street, this morning, and escaped with jewelry of an estimated value of \$50,000, after beating Mrs. Perkins and binding and gagging her escort, Milton Abbott, described by the police as a wealthy cotton broker. They were believed by the police to have been members of the same gang that robbed the apartments of several women known as "Broadway butterflies," including Louise Lawson and Dorothy Keenan, who were murdered. Hit With Revolver Bullets. After choking Mrs. Perkins and hitting rings from her fingers and taking bracelets and necklaces from her, the robbers beat her with revolver bullets until she revealed the location of the rest of her jewelry. Mrs. Perkins, a frequenter of Broadway cabarets, is separated from her husband, Benjamin Perkins, wealthy proprietor of a West 53rd street cafe. Mrs. Perkins and her companion had just returned to her apartment after dining in one of Broadway's fashionable lapidaries of the world, Mrs. Perkins told the police. Escort Is Gagged. Abbott was seized by the robbers, gagged with a pillow and bound to a bed with ripped up lengths of sheets. The robbers then attacked Mrs. Perkins and stripped her jewelry from her. Mrs. Perkins, who was bound to a bed, included several diamonds which were collected by her husband from famous lapidaries of the world, Mrs. Perkins told the police.

Noted Physician Makes Reply to That Old Query, When is a Man Drunk?

NEW YORK, March 9.—Sir James Purves-Stewart, senior physician at the Westminister Hospital, London, recently gave a lecture before the Society for the Study of Intebriety on "Drunkennes: Its Tests and Medical-Legal Aspects," and expressed the opinion that a drunken person is one who has taken alcohol in sufficient quantity to poison his central nervous system, producing in his ordinary processes of reaction to his surroundings a temporary disorder which causes him to be a nuisance to himself and to others.

Says White Flour Is Cause of Teeth Decay. LONDON, March 9.—"Some people seem to think that sugar is the principal cause of the decay of the teeth, but I think that the great delinquent is white flour," says Sir Harry Baldwin, surgeon-dentist to the King.

All products of white flour—biscuits, puddings, sauces—cause the decay, according to Sir Henry Baldwin, who emphasized that the worst offenders of all are extremely white bread and biscuits, because in the extremely white flour used in them there is hardly anything left but starch.

MISS FAITHFUL IS COURT VISITOR

English Lady Watches With Interest Proceedings Before Magistrate.

A distinguished visitor to the police court this morning was Miss Lillian Faithfull, of England, who is touring Canada under the auspices of the National Council of Education. Miss Faithfull was accompanied by Sir J. Douglas Hazen, Chief Justice for New Brunswick, and they occupied chairs on the bench during the proceedings of the court. Magistrate Henderson, in welcoming Miss Faithfull, referred to the fact that she was a Justice of the Peace in England, and had manifested a desire to witness procedure in the local police court. The visitors remained about an hour, during which cases for drunkenness, non-support and liquor violations were considered.

Her First Visit. This is Miss Faithfull's first visit to Canada where many of her former pupils and friends at Cheltenham reside. It is said that there is not a woman living whose experience in education has been more varied than that of Miss Faithfull. She entered Somerville College for Women at Oxford and later became lecturer in literature and language studies at Royal Holloway College. She has been vice-principal of King's College, London, and for 18 years was principal of Cheltenham College for Women. Miss Faithfull is the author of various articles and educational pamphlets, while as a lecturer and speaker she has won deserved renown. A public address will be given by Miss Faithfull tomorrow night in Pythian Castle and during the week she will also address the girls of the High School and Netherwood. Miss Faithfull will remain in St. John until Friday of this week.

In an interview yesterday on her arrival, Miss Faithfull expressed the opinion that women would be best advised to seek advice and instruction in the exercise of their new civic rights.

Ask City Aid For Stricken Family

The civic committee of the Local Council of Women went before His Worship Mayor F. L. Potts this afternoon to ask for special recognition of the bravery of little Margaret Davis, daughter of Mrs. Kenneth Davis, who acted so bravely in the fire on Main street, when their home was destroyed a short time ago. Practical assistance was asked, rather than that a medal be given the little girl.

W. P. Jones, K. C. on Return Says Brighter Outlook in Europe

WAS OVERSEAS ON C. P. R. BRIDGE CASE
Merchandise Not Cheap in England, But Taxi Fares Are Moderate.

Because conditions generally in Europe were more settled it is the belief in England that business will in a short time be much better, according to W. P. Jones, K. C., of Woodstock, who with Mrs. Jones arrived on the Montclair Saturday afternoon.

Among the several things which greatly impressed Mr. Jones while in England, was the general belief that things were on the mend and that before long conditions would be very much better.

What he found most strange, however, was the absence in the homes, even the best homes in the land, of what they called central heating, but which is commonly known in this country as hot water or hot air heating.

Remove that Mask of Care

Have you ever suddenly caught sight of your face reflected in a store window, and in a flash, seen yourself in an entirely new aspect? When in the ordinary way you look upon your reflection in a mirror consciously or unconsciously you prepare yourself for what you are to see. You endeavour to look your best; consequently it is not your normal face that gazes steadily back at you.

But that sudden, unpremeditated reflection caught as you are going about your daily occupation tells another story. It's then, and then only, that for a moment you see yourself as others see you. And too often there's a heavy frown of care, there are furrowed lines of dejection, on the strange face that confronts you.

What you need, in fact, is the "little daily dose" of Kruschen Salts—a blend of the six vital salts your body needs for its proper health.

It's this "little daily dose" that restores the unnormal and unbecoming look of new people's faces without knowing it; and those stands revealed to you that reflect the happiness in your heart, and a quality of your eyes that of abundant health and vigor.

Get a 10c bottle of Kruschen now and start new life tomorrow.

SOLE IMPORTING AGENTS: CHARLES GYDE & SON, MONTREAL

Good Health for Half a Cent a Day

The ingredients of Kruschen Salts are necessary for healthy life. Your body must, of necessity, obtain these ingredients from its food. But if you eat too much meat, fruit, vegetables, milk, eggs, and so on, but as a matter of fact, owing to limited digestion, errors of diet, overwork, anxiety, worry, sedentary occupation, and many other causes, your system does not extract from food the correct proportions of these essential food-salts.

And what follows? Depression, headache, constipation, or diarrhoeal illness.

\$46,000,000 PAID UNDER DAWES PLAN

Company Operating German Railways Alone Paid \$25,000,000 in February.

BERLIN, March 8.—Money from the Dawes plan continues to pour into Seymour Parker Gilbert, agent-general of reparations.

Gilbert's receipts during the short month of February were \$46,000,000. The company operating the German railways in the name of the Dawes plan supplied \$25,000,000. Cash withdrawals from the proceeds of the German external loan provided \$21,000,000.

This loan is the one which was so heavily oversubscribed in New York, London and elsewhere when it came on the market.

Disbursements for February are listed as follows: France, \$2,000,000; Great Britain, \$5,000,000; Belgium, \$1,500,000; Italy, \$1,100,000; Jugoslavia, \$750,000; Japan, \$100,000; Roumania, \$120,000; Greece, \$95,000.

The address of the afternoon was given by Mrs. J. J. Gillies on "The Master's Spirit."

When the new circle is formed the King's Daughters in St. John will have 7 active circles of members, Lent-keepers, Ministers, Good Chers, Opportunity, Ministering, Door Keeper's, the new circle, Silver Cross, and it also has a number of very faithful workers who are not enrolled in any circle but are known as "individual members."

WANT BEER SHOPS CLOSED IN WEST END

Ludlow St. Baptist Congregation Passes Resolution For Petition.

A forceful address on the ethics of the St. John Police Court was given yesterday evening by Rev. W. A. Robbins, pastor of the Ludlow street Baptist church, who spoke of conditions in the city with regard to disorderly houses, the prevalence of the gambling spirit, and the failure to bring second offence charges in liquor offences.

During the service the congregation by a standing vote adopted a resolution calling for the closing of beer shops in West St. John and after the service a large number signed the resolution which is to be presented in the form of a petition to the Chief Inspector under the Prohibition Act and may also be sent to Premier Veniot.

FREE FIGHTS FEATURE IRISH BY-ELECTIONS

Campaign Closing in Real Donnybrook Style in Ireland

TREATY QUESTIONS AROUSE PASSIONS

President Cosgrave and De Valera Campaigning in Various Counties.

British United Press. DUBLIN, March 9.—Irish fist and Irish heads became mixed during the closing hours of the election campaign in regular Donnybrook style.

Fists have been swung intermittently for several weeks as the heat of the electioneering increased but it was not until today that reports from the western constituencies told of free fights, the settling of private political feuds and other exciting scenes.

Nine Vacancies. Nine vacancies in the Dail are to be filled and on the result depends the ultimate fate of the present Government.

President Cosgrave and Eamonn De Valera have been opposing each other on the stump in Carlow and Kilkenny. Hecklers did their Irish best to disrupt both Republican and Free State meetings. Members of the Cabinet spoke for candidates supporting the treaty with England and against Republicans, Laborites, Farmers and Independents.

SECOND DEATH IN FAMILY IN WEEK

Byron Chappelle Passes Away in Fredericton—Sister Died Here.

FREDERICTON, March 9.—The death occurred on Saturday of Byron Brook Chappelle, youngest son of Mr. and Mrs. J. Malcolm Chappelle, aged 22 years.

His death is the second in the family within a week. He had been an electrician with the New Brunswick Telephone Company in this city. He is survived by his parents, Mr. and Mrs. J. M. Chappelle, four brothers, Robert J., of French Lake; Earl S., George B. and A. Montrose, of this city; and one sister, Helen, at home. An elder sister, Mrs. George Rossborough, died a week ago in the East St. John Hospital.

BOYS ASSIST IN CHURCH SERVICE

Rev. Hugh Miller Speaks at St. David's on The Prodigal Father.

Rev. Hugh Miller, minister of St. David's Presbyterian church, chose for his address last evening, "The Prodigal Father." He developed the subject in an able manner and succeeded in holding the close attention of his large congregation throughout. The exercises of the evening had been arranged with an aim of giving the boys as much prominence as possible. The choir was composed entirely of male voices and the lessons were read by lads in their teens. Arthur Punter, presided capably at the organ. Tom McClelland read the lesson, which was the story of the prodigal son as found in the Gospel of St. Luke. Following the lesson for the evening Norman Brittain read an article on "The Prodigal Father" and Gordon Lipsett read an article "Lost—a Boy."

PET CROW WAS THIEF

Bird Entered Apartment and Being Unable to Eat Silverware, Carried it Away.

PORTAGE LA PRAIRIE, Man., March 9.—Nocturnal protection was thrown to the winds, and pedestrians, housewives and bluecoats of the law were disregarded entirely by John O. haled in Portage as the greatest of crows, when he turned criminal Sunday morning and broke into the apartment of Mrs. Thompson.

John is a pet crow owned by T. Freese, which, since its adoption, has behaved most properly. In Mrs. Thompson's apartment he discovered the silverware, toilet articles, pots and pans and ended with a visit to the pantry. Unable to eat the silverware, he carried it away, and it was found scattered around the block by Mrs. Thompson, who arrived in time to see John disappear.

GRANT FOR MCGILL

Sir Arthur Currie Asks Additional \$16,000 Annually From Quebec.

QUEBEC, March 9.—Sir Arthur Currie in an interview with Premier Taschereau asked the Government to give an additional grant of \$16,000 a year for McGill University, in addition to the \$25,000 a year now granted in the budget of the province. The Premier promised consideration, but it is feared that rural members strenuously object to money being diverted from the sorely-pressed rural Protestant schools for any university. It will have to be shown that the need of McGill is at least equal to the need for relief of the Protestant rural schools.

Deaths

Gideon N. Hevevor.

Another business man and prominent and well known citizen was removed on Saturday when death claimed Gideon Needham Hevevor, vice-president of G. Hevevor, Ltd. Mr. Hevevor was for many years connected with the business life of the city, first with his late father and latterly as head of the business. He was regarded by all who knew him and by his business associates with the greatest respect and esteem.

In his younger years Mr. Hevevor was prominently connected with the promotion of clean sport in the city and it was to the generation of young men and particularly to the group to which he belonged that the athletic activities of the Y. M. C. A. in this city have progressed and attained the high level of the present time. He was manager of the "Y" baseball team that more than a score of years ago won the Maritime title and was also a member of the first "Y" tug-of-war team.

Among other works accomplished by Mr. Hevevor's firm was the building and placing of the cross on the steeple of the Cathedral.

Mr. Hevevor is survived by his wife, formerly Miss Alice S. Stearns, of Philadelphia; two sons, Gideon H. S. and D. Miner S.; three daughters, Helen E. G., Sue M. J. and Kathleen A. R.; one brother, Fred, and one sister, Miss Alice, all of this city.

Mrs. Patrick Marry.

Mrs. Patrick Marry, 47 Douglas avenue, died at her home yesterday after a brief illness of pneumonia. Her death followed within three weeks of that of her husband and great sympathy has gone out to the doubly bereaved family.

Mrs. Marry before her marriage, was Miss Katherine Moran. She was born in St. John and had lived here all her life. She was a brilliant student, silver medalist of St. Vincent's Convent, and afterwards a very successful teacher in this city. She was highly gifted as a musician and as a pianist she specially excelled.

She was taken ill on Friday and her condition was not considered at all serious but pneumonia died very rapidly. Her passing will be deeply mourned by a very wide circle of friends. She is survived by one son, Joseph; two daughters, Miss Genevieve Marry, of the teaching staff of the city schools and Mrs. Charles Barbour; one brother, Edward Moran, and two sisters, Miss Sarah Moran and Miss Alice Moran, all of this city. The funeral will take place on Tuesday morning at 9:45 from her late residence to St. Peter's church.

Mrs. M. A. Morgan.

Word was received in the city on Saturday of the death, at St. Francis Hospital, New York City, of Mrs. Mary A. Morgan, daughter of the late Patrick and Catherine McGoldrick, and widow of Thomas J. Morgan, of St. John. Though Mrs. Morgan had not been in good health for the last year, her death was quite sudden, following a surgical operation performed earlier in the week.

She is survived by her son, T. Gerard Morgan, of the United Fruit Co., Boston, and by three daughters, Miss Alice M., in Brooklyn, who resided with her mother and who was with her in her last illness; Sister Mary of Our Lady of Victory, religious of the Good Shepherd, Brooklyn, and Mrs. Dr. G. Garvey, of St. W. Lunney, of St. John. The body will be brought to St. John, accompanied by Miss Alice and the funeral will be held when final arrangements can be completed.

Mrs. John Conboy

Mrs. John Conboy passed away on Sunday at her residence, 6 Thorne avenue, following within a few days of the death of her sister, Mrs. Philip George, of 87 Thorne avenue. Mrs. Conboy formerly resided in Fairville, where she was born. About 14 years ago she moved to Thorne avenue where she had lived ever since. She is survived by her husband, one daughter, Gladys, her mother, Mrs. Edward Furness, and three brothers, Thomas and John Furness, of this city, and Edward Furness, of Fairville, and seven sisters, Mrs. William Buckley, of this city; Mrs. Fred Burgess, of Fairville; Mrs. James Lacey, of West St. John; Mrs. G. Garvey, of this city; Mrs. Gregory Murphy, of Fairville; Mrs. Cornelius Gibbons, and Mrs. Daniel McDonald, of this city.

John A. Russell.

Mr. and Mrs. John Russell of this city received a telegram Saturday afternoon containing the sad news of the sudden death of their oldest son, John A. Russell, who died in Vancouver on March 7, of pneumonia after only a few hours' illness. John A. Russell has for the last few years been located in the middle west having been transferred to Vancouver from Ontario a few months ago. Besides his parents, Mr. Russell leaves to mourn one brother, James V., attending McGill University and who arrived home on Sunday, and one sister, Mrs. Kenneth I. Campbell, of this city. Kettle Russell, of Vancouver, cousin of the deceased, and John Gifford, formerly of St. John, are bringing the body here for interment.

IN MAIN ST. CHURCH.

Large congregations were present at both services yesterday in the Main Street Baptist church. Rev. Harry Taylor, who is conducting the special mission at the church, was the speaker at both services and was heard with deep interest. Miss Ruth Taylor sang solos and special music was sung by the choir. The meetings will be continued each evening this week, except Saturday, beginning with a song service at 7:30. This evening Miss Taylor will be the speaker as well as leading the singing.

GOING TO NEW YORK.

Mrs. Bessie McN. Cooke has arrived in Fredericton from Yonkers, N. Y., and will spend several weeks with her mother, Mrs. J. G. McNally, who recently disposed of her property and is making preparations to leave for New York where she will reside.

CATHEDRAL WORK NEARS COMPLETION

Scouring of Walls Brings Out Beauty of Decorations.

The cleaning and redecoration of the walls of the Cathedral, undertaken as part of the Holy Year programme of renewing the interior of the church, is all but completed. For several weeks workmen have been engaged in thoroughly scouring the walls with the result that the beauties of the decorations, covered for years with the accumulations of dust, are now standing out clear and distinct in all the grandeur of the original.

The stained glass windows, it is said, will be one of the most delicate parts of the entire work and one that will take several months to complete.

Sanctuary Improved.

In addition to the redecoration of the main church the sanctuary also will be improved. The present main altar will be replaced by a marble one and a new altar railing and steps will be of marble. The organ, too, will

INDIAN RESCUES PARTY FROM RIVER

Jim Nash is Central Figure in Accident at Gagetown Saturday.

GAGETOWN, N. B., March 8.—(Special)—Three people had a narrow escape from drowning here Saturday morning last when their sleigh broke through the ice of Gagetown Creek, plunging them and the horse into about 10 feet of water. In the sleigh were Harry Dalmaine, Miss Elsie Dalmaine, his daughter, and John Dalmaine, a brother, and only the timely rescue work of Jim Nash, an Indian employed by S. I. Dinger, prevented a tragedy.

TO CONTINUE SERVICE.

The Royal Mail Steam Packet Company will continue the present service between the British West Indies and St. John and Halifax under a renewal contract agreement until the conference between the Government and the West Indian colonies has been concluded at Ottawa. This announcement was made on Saturday by the Minister of Trade and Commerce.

MUST WAIT YEAR FOR FRUITS OF ECLIPSE

Astronomers Gathering Data on Phenomena Which Occurred in January.

CHARLOTTESVILLE, Va., March 9 (United Press).—At least a year must elapse before astronomers know exactly what they learned from the eclipse of the sun on January 24, according to Dr. S. A. Mitchell, director of the Lander McCormick Observatory, of the University of Virginia, here. Mitchell is a world authority on the sun and solar phenomena.

Use the Want Ad. Way

Mitchell expects to complete his work of measuring the lines in the "flash spectrum" of the sun's chromosphere—the incandescent gases that surround the orb—in that time. There are more than 4,000 lines to be measured carefully and compared with previous photographs of the spectrum, which is taken just at the moment of totality and when totality ends.

Receives Picture Of Former Member

A picture of the late Edward Willis was recently presented to St. James' church, of which he was for many years one of the leading members, and in the February issue of St. James' parish magazine, The Church Bell, Rev. H. A. Cody gives a very interesting record of the life of Mr. Willis. This biographical sketch is the first of a series entitled "Pillars of St. James," which promises to be an exceptionally interesting feature in this very fine parish magazine. St. James' church magazine is no new venture, but had now advanced to the 16th volume and as may be imagined with Rev. H. A. Cody as editor, it is an admirable publication.

light on the whole subject of provincial relations. Mr. Leslie, in seconding the resolution, declared that the Maritime extreme East should co-operate for their mutual benefit, a sentiment I have found very popular in the West. He urged that the Maritimes support the Hudson Bay route declaring that if it were opened our province could get their manufactured products into the prairie region cheaper by the water route than Ontario could send them by rail.

Mr. Tupper, who, when I addressed the Board of Trade here, very warmly championed the cause of the Maritimes, was equally outspoken Friday evening. "I was glad to learn from Judge Freeman and others that the presentation of the Maritime case before the Canadian Club Thursday had been highly commended with special reference to the fact that the Maritimes recognized there were problems in other parts of the Dominion and wanted them all accepted and treated as national in their scope and significance."

Blame Transport Ends. Another speaker said twenty-one millions had already been spent and he charged that railway and steamship interests were responsible for holding up the project to the disadvantage of the farmers.

DISTRICT MEETING ENDS. The quarterly meeting of District No. 1, of the Reformed Baptist Church, closed its sessions with the services in the Reformed Baptist church, Carlton street, yesterday, having convened on Thursday of last week with a good representation of the various congregations. Rev. A. H. Trafton, of St. John, was called to Fredericton yesterday, but had attended the earlier meetings. The ministers who took part in the services yesterday were Rev. F. T. Wright, pastor of the church; Rev. J. H. Howe, of East St. John; Rev. P. J. Trafton, of Fredericton; and Rev. M. L. Slipp, of Gray's Mills, Kings county. Reports received were very encouraging and the meeting was full of inspiration.

FINDING PROBLEM TO EQUIP REPULSE

Difficulties Attend Preparations For Prince's Tour to South Africa.

LONDON, March 9.—The fitting of the battle cruiser Repulse, for the Prince of Wales' trip to South Africa, and South America, is proving a difficult problem, the Daily Mail says.

No Laundry on Repulse. One difficulty is, the paper says, that the Repulse is not equipped with a laundry, and that therefore a great stock of laundered things must be taken, as none can be freshened until she is back in port.

Some of the preparations have to do with the entertainments at which the Prince will be host, aboard ship, upon his arrival at various ports. Twenty-one cooks, stewards and waiters will accompany the party, and sufficient tableware will be taken to serve nine hundred guests.

powered with a Fairbanks-Morse "C.O." ENGINE

A few months ago Zane Grey embarked for southern waters on a tuna fishing trip after writing us a letter in which he thanked us for the quick service we gave in installing a "C.O." Engine in his yacht the "FISHERMAN."

Hundreds of Fairbanks-Morse "C.O." Engines are in use in all types of craft and are invariably giving satisfaction.

They operate on low-grade fuel oils and are extremely economical of upkeep. Simple in construction and easy to start.

The only moving parts in these engines are the pistons, connecting rods, crankshaft, oil pumps and governor, and these are enclosed and automatically lubricated.

Made in sizes from 7 1/2 to 300 h.p.

ST. PAUL'S WILL BE CLOSED TO MAKE REPAIRS

May Take Years to Complete Restoration Work Now Planned
DISMANTLE FAMOUS ORGAN BUILT IN 1697
Removal of Fine Decorative Carving Will Necessitate Exercise of Skill.

LONDON, March 9.—Canadian visitors to London this year, who want to see the interior of St. Paul's Cathedral, must arrive here before the end of the present month, for the greater part of the building then is to be closed to expedite the work of strengthening the piers supporting the great dome. The whole space beneath the dome, as well as the transepts and choir is to be screened off, only the nave remaining open to the public. Daily service will be conducted in the nave.
May Close For Years.
The official announcement of the closing does not state its duration, but the cathedral functionaries say it may be some years. One of the first operations after the separating screen is erected, will be to dismantle and remove the great organ and carved choir stalls so that the eastern pillars which have not yet been examined, may be inspected, and if necessary restored. This work alone will occupy six months as removal of the fine decorative carving of the organ and stalls will necessitate exercise of the greatest care and skill.
Organ Built in 1697.
The organ was originally built by the famous German builder, Father Bernard Schmidt, in 1697, and the magnificent carving of the case was done by the celebrated seventeenth century artist, Grinling Gibbons. The organ was reconstructed in 1870, and has since been enlarged. There are now 1,822 pipes and 102 stops.

MOTHER VANISHES LEAVING SICK BABE

Little Boy Found Crying at Door in Grave Condition From Exposure.

Canadian Press Despatch. AYLMER, Que., March 7.—Returning from work Wednesday evening, Martin Vioin found his wife absent from home and his four-year-old son, who had been ill from fever, crying at the door of his home, barefooted and in his nightgown.
"Mamma is gone," was all the information the child could give. His mother has not been seen since that day, when neighbors saw her passing apparently going shopping.
Vioin reported her disappearance to the police today. Mrs. Vioin is 33 years old, and is the mother of four children.
She had sent three of them to her mother's home that afternoon and left the sick baby in bed. The child's condition is grave following the exposure to cold when he became frightened at nightfall and crawled to the door to look for "mamma."

DRINK WATER TO HELP WASH OUT KIDNEY POISON

If Your Back Hurts or Bladder Bothers You, Begin Taking Salts.

When your kidneys hurt and your back feels sore don't get scared and proceed to load your stomach with a lot of drugs that excite the kidneys and irritate the entire urinary tract. Keep your kidneys clean like you keep your bowels clean, by flushing them with a mild, harmless salt which helps to remove the body's urinous waste and stimulates them to their normal activity. The function of the kidneys is to filter the blood. In 24 hours they strain from it 500 grains of acid and waste, so we can readily understand the vital importance of keeping the kidneys active.
Drink lots of good water—you can't drink too much; also get from any pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning for a few days and your kidneys may then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for years to help clean and neutralize the acids in the system so they are no longer a source of irritation, thus often relieving bladder weakness.
Jad Salts is inexpensive; can not injure; makes a delightful effervescent lithiate drink which everyone should take now and then to help keep their kidneys clean and active. Try this; also keep up the water drinking, and no doubt you will wonder what became of your kidney trouble and backache. By all means have your physician examine your kidneys at least twice a year.

Dr. Corbet Speaks On Immigration

An interesting and instructive address was given the members of the Ludlow street Baptist Men's Brotherhood yesterday afternoon on immigration by Dr. G. G. Corbet. "The Melting Pot" was the title given the address and it dealt with the history of race expansion from early historic times right down to the present day. Dr. Corbet spoke particularly of the difficulties Canada had in absorbing the immigrants and turning them into good Canadians.

DAMAGED STEAMER IS REPORTED SAFE

Aalsum, in Collision With U. S. Shipping Board Vessel, South of Kentucky.

BOSTON, March 9.—The Holland steamship Aalsum, damaged by collision with the United States Shipping Board steamer Danneberg, 25 miles south of Nantucket, last night, reported at 6:40 this morning that she was "quite safe," according to a message to the Danneberg, intercepted by the Tropical Radio Corporation, here, today.
The Aalsum at 4 a.m. gave her position as latitude 40.12 north, longitude 70.41 west, and her condition as follows:
"Big hole in port side; number two hold full of water."
The Aalsum said she expected to arrive in New York tonight, and was making 9½ knots an hour, under her own steam.

Conservative Member Urges Cheaper Beer

EDMONTON, March 9.—The beer-drinking public of Alberta will have cheaper beer in the future, if the suggestion by Dr. J. S. Stewart, Conservative member for Lethbridge, in the Legislature, is productive of any results. It was the contention that the price charged at the present time was entirely too high considering the small profits made by the Liquor Board on this product.

SENTENCE IN EDGAR EARLE IS SUSPENDED

Youth Who Attacked North End Man Fined and Allowed to Go

CALLING OF NICKNAME FIGURED IN AFFAIR

Church Pastor Testifies That He Believed Lad Was Not Normal.

Edgar Earle, a 16-year old youth who attacked Herbert Baxter with a meat knife in the North End Saturday morning, was found guilty of the charge in the police court this morning and a suspended sentence of a \$100 fine or three months in jail was imposed by Magistrate Henderson.

Tells of Attack. Herbert Baxter, 194 Main street, told of being in Frank Reicker's meat store, Metcalf street, Saturday morning when defendant came in. Jokingly, he had said, "Hello, Pockets" to defendant, who struck him in the face.

Butcher Testifies. Frank B. Reicker corroborated Mr. Baxter's evidence. He said the boy picked a knife up off the table. "To Mr. Tait, the witness said accused worked for him last summer. He had frequently noticed Baxter and the boy speak bantersly to each other.

Pastor Gives Evidence. Mr. Tait then called Rev. G. B. MacDonald, pastor of the Victoria street Baptist church. Rev. Mr. MacDonald said he always considered young Earle a boy who would respond to kindness.

GIN IN WOODPILE OWNER FINED \$200

Long Wharf Seizure Case is Disposed of in Police Court This Morning.

Five bottles of gin, found under his woodpile in the yard at 26 Long Wharf yesterday afternoon by the liquor inspectors, landed Frank Hoffman before the police court this morning, where he was fined \$200 or three months in jail for having liquor in his possession other than his private dwelling. Accused protested the bottles did not belong to him, but Magistrate Henderson said he would find out under the evidence given by Inspectors Killen, Garnett and Armstrong and Tony Christoff. W. M. Ryan appeared for the prosecution, and D. King Hazen for defendant.

Inspector Killen said he visited the house at 26 Long Wharf yesterday afternoon, accompanied by Inspectors Garnett and Armstrong. Hoffman lives in the middle flat. They found a white bottle in the fire in the kitchen stove. He started to take a piece out of the fire, and Mrs. Hoffman grabbed a poker and started to break up the bottle. They found five bottles of gin hidden behind a woodpile in the yard.

Lots of Bootlegging. To Mr. Hazen, witness said that a man named Christoff occupied the ground floor. Foreigners roomed there, he said, and all had access to the yard. There was a good deal of bootlegging going on in Long Wharf, witness said. Inspector Garnett testified that according to him during the search, "If I've got it, you find it." Corroborative evidence was given by Inspector Armstrong.

Tony Christoff, who resides in the lower flat at 26 Long Wharf, said the woodpile where the liquor was found belonged to Mr. Hoffman. To Mr. Hazen, witness said he never saw any drunken people in the yard. Hoffman, he admitted having been fined before for violation of the liquor law.

ORDER FOR SERVICE STATION CANCELLED. City Council Recinds Motion to Hear Delegation on Insurance Question.

At the committee meeting of the City Council this morning the order-in-council giving permission for the establishment of the gasoline station in King Square were rescinded and it was decided to hear a committee from the Board of Trade in connection with the insurance bill being promoted by the city.

A communication was received from the fire marshal, H. H. McEllan, pointing out the fire menace from the gasoline station at 39 King square, and asking that the orders-in-council, passed on April 14 and July 23, 1920, giving E. J. Mooney permission to open this gas filling station be rescinded. It was moved by Commissioner Harding seconded by Commissioner Wigmore that the orders-in-council be rescinded and this carried unanimously.

Insurance Matter. A communication from L. W. Simms, president of the Board of Trade, asking that a committee from the Board of Trade be heard in connection with the insurance bill being promoted by the city was referred to the Mayor to arrange for a hearing. His Worship said they would be heard when the city bills were under consideration.

A letter from Harry A. F. Blake, thanking the council on behalf of his mother and himself for the kind expression of sympathy was ordered filed.

BUSY EVENING. The Loyal True Blue Association met at the home of Mrs. J. E. Rolston, 40 Cannon street, for a busy evening of sewing on Saturday. Mrs. Harry Brown, president, conducted the business session. Quilting was carried on and much sewing accomplished. Refreshments were served by the hostess. Mrs. Arthur Brown, 4 Charles street, invited the association to meet at her home next Friday evening.
