TWO SHOT IN STRIKE-BREAKERS' FIGHT

Vancouver, B. C., Dec. 2.—In a fight on Sunday afternoon amongst strike-breakers at South Wellington, on Vancouver Island, two men were shot and one so badly wounded that he is likely to die. A third, P. Napoli, was arrested, charged with the shooting. He declares that he acted only in self defence when he was attacked with knives and clubs by the strikers.

What caused the quarrel is not known. The coal miners are returning gradually to their places in the mines and it is expected that in a short time there will be the usual complement of hands. The applies particularly to Nanaimo where there are 200 odd men engaged, as well as at Wellington and Cumberland.

A resolution was introduced in the chamber of deputies yesterday to provide that the department of finance be instructed not to pay to congressmen any salary other than that due them as congressmen. If adopted, it will save the country many hundreds of thousands of pesos annually. Many congressmen, however, are of the lower house, would forfeit their salaries from the war department.

(Continued on page 7, seventh column)

POST OFFICE CHANGES

Work upon the new floor being erected in the post office for the suite of offices of Postmaster Sears, Assistant Postmaster Fetter and Superintendent Flanagan, is well advanced and it is hoped to have them in occupation before the first of Christmas mail begins. It will be found more convenient having provided change made for space will be given for those on the main floor and those on the new part.

The old offices now occupied by the officials named are to be abandoned and the space taken up will give a larger floor space which will be found helpful not only with the gradual increase in the quantity of general mail and the projected scheme for parcels post system to be introduced next year. Of course it is a matter of but a little while, comparatively speaking, before the handsome new post office now in building will be occupied.

GETS LONG SERVICE MEDAL. Sergeant James Lamb, of No. 1 Battery, 8th regiment Canadian Artillery, has been awarded a long service medal. He already is the possessor of the king's and queen's medals, which were awarded in recognition of his service through the South African war.

HAD NICE TIME. Miss Harriett D. Vanwart at her home in Albert street last evening entertained about thirty of her friends most pleasantly. Games and music were enjoyed, refreshments served and a good time was spent by all.

Phelix and Phaedra's WEATHER BULLETIN

Issued by authority of the Department of Marine and Fisheries, R. P. Stupart, director of meteorological services.

Synopsis.—The disturbance which was near Bermuda yesterday has dispersed. Pressure is now high over the great portion of the continent. Showers have occurred again locally, from Lake Superior to the maritime provinces, while the weather remains fine in the west.

Partly Fair. Moderate winds, chiefly easterly, a few scattered showers of sleet or rain, but partly fair and comparatively mild today and on Wednesday.

D. Russell Jack Dead At Clifton Springs; The News Shocks City

There Only Few Days For Benefit Of His Health

HELD PROMINENT PLACE

Historian, Traveler, To Forefront in Local Movements and Keen in Interest in Important Societies, He Did a Work That Will Live

The news of the death of D. Russell Jack was heard this morning with very deep regret. He died at a time when it promised much more usefulness in many ways to the city of St. John. It was only last week that Mr. Jack went away for his health, and on the very day on which his physician advised him to go at once by was completing arrangements for the Historical Society for the meeting of representatives of various societies in the mayor's office to discuss the conversion of Fort Howe into a public park. Mr. Jack expressed some regret that he could not remain to attend that meeting. He was very deeply interested in all that related to the welfare of the city, and especially the preservation of historic landmarks.

THE HINDU PROBLEM

British Columbia Official Proposes Drastic Methods

FORCE TO KEEP THEM OUT

McBride Expresses Himself—May Be Legislation at Ottawa—Earl of Crewe Supports Policy of Viceroy of India

Vancouver, B. C., Dec. 2.—This judgment has brought about a critical state of affairs and one which will be given every possible consideration by the provincial government in order to protect the interests of the province insofar as the government's constitutional authority will permit, declared Premier McBride, discussing the turn of affairs in the Hindu immigration following the issuance of Chief Justice Hunter's written judgment.

"We have always tried to make it clear that objections which the government cannot go into, but are dependent on the judgment of the courts, but are of an economic and social nature," he said.

Premier McBride intimated that he did not desire to express an opinion upon the judgment itself, but added that he believed the question would probably occupy the attention of the courts for some time.

Anonymous Official View. Very much more vehement was a certain official who has to do with newly arrived Hindus and who fears there is a good deal of trouble in store. He said: "The ink was hardly dry from Chief Justice Hunter's opinion on Saturday, ere news was flashed to India by cable that there was no efficient method of starting for Vancouver at once. You can see by dealing with them, that is to force them to leave the province will have to be done by dealing with the immigrant population of British Columbia, the province will be opened for white labor."

Ottawa May Legislate. H. H. Stevens, Vancouver's parliamentary representative, returned from Ottawa last night with the announcement that the dominion government was considering legislation to deal with the influx of Hindus into British Columbia. A radical measure, Mr. Stevens said, would be presented at the next session of parliament to bar Hindus from Canada under a regulation compelling them to travel by sea for a few months, no such restriction in existence now. However, certain statements made in the province in large numbers.

The court decision in the case of a forcible deportation, was to the effect that Hindus could be deported only if such cases as would apply to any foreign citizen.

London, Dec. 2.—The Marquis of Crewe, Lord Privy Seal, and at one time Secretary of State for India, replying to a deputation of Hindus in reference to the disorders in South Africa, where the influx of Hindus is being ill-treated in the mines, associated himself with the belief that the Hindu immigration problem is looked upon as a purely domestic question and any interference by the imperial authorities will be resented. The attitude of the Marquis of Crewe adds to the gravity of the situation and if Great Britain makes any concrete demands, things may become very awkward.

In South Africa the Hindu immigration problem is looked upon as a purely domestic question and any interference by the imperial authorities will be resented. The attitude of the Marquis of Crewe adds to the gravity of the situation and if Great Britain makes any concrete demands, things may become very awkward.

Lord Hardinge, Viceroy of India, in a letter to the Marquis of Crewe, expressed his belief that the Hindu immigration problem is looked upon as a purely domestic question and any interference by the imperial authorities will be resented. The attitude of the Marquis of Crewe adds to the gravity of the situation and if Great Britain makes any concrete demands, things may become very awkward.

London, Dec. 2.—The recollections of Queen Amelie of Portugal, the inner history of the events leading to her abdication and the downfall of the royal family.

Queen Amelie made notes of the whole drama from the outbreak in Lisbon to the final disaster and engaged a French writer, M. Corpechot, to convert the notes into a consecutive narrative. The work is now completed. Part of it is appearing serially in England, but the bulk of the material is reserved for the book.

McBride and the Hindus. Vancouver, B. C., Dec. 2.—Sir Richard McBride says the British Columbia government will give early attention to the Hindu question, which he considers grave in view of the decision of Chief Justice Hunter.

Although he ostensibly is only here on a general investigation trip, Commissioner General Camillita, head of the United States immigration service yesterday was making arrangements for a conference with Sir Richard McBride on the Hindu problem.

MORE THAN 9,000,000 BUSHELS IN THREE DAYS. Fort William, Ont., Dec. 2.—During one continuous uproar for three days the last three days, 9,267,000 bushels of grain have been loaded into the holds of forty-five steamers and grain shippers to clear the two harbors of Fort William and Fort Arthur have been kept practically way to a higher one.

NO COMMISSION ON LIVING COST

Borden Government So Decides—Pressure From Both Sides Will Come When The House Meets

(Special to Times)

Ottawa, Ont., Dec. 2.—There is to be no commission of inquiry into the high cost of living.

The government signalled the return of Premier Borden from his holiday by coming to this decision. Practically it is Mr. Borden's first official act since his interview with President Wilson at Washington.

While Premier Borden was still in the United States, Hon. Thomas Crothers, who has charge of the cost of living statistics, announced that there would be no commission of inquiry.

Immediately on Premier Borden's return, the question was considered by the cabinet. There was an inclination among some of the ministers to do something, but the offer of Professor Leacock to charge nothing for looking behind the beyond, into the cost of living was considered and turned down.

It would not do to leave the settlement of such a question so celebrated a humorist. C. A. Macdonald was suggested as a suitable man, and so were Professor Robertson, W. Brewster and Professor Shortt.

Again "The Interests" that there should be no commission to deal with the question. There were several reasons for this decision. In the first place the government decided it was already fully well aware of the causes of the increasing cost of necessities in Canada. Then there have been protests from some interests which have great weight with the administration. They told Mr. Borden plainly that the present state of things suits them perfectly and they object to the effect upon them that a public inquiry might have.

The government has decided against dealing with this question, though it is doubtful if they will be able to resist the pressure which will be put upon them in parliament next session.

The demand for an enquiry as a preliminary to remedy will come to the government from among its own followers almost as strongly as from the opposition side. It is possible that the commission is not favored. It is thought that the government now has so much statistical information that its complete investigation of the question by a parliamentary committee can be appointed.

Investigation of the question by royal commission is not favored. It is thought that the government now has so much statistical information that its complete investigation of the question by a parliamentary committee can be appointed.

BELIEVE BANDIT IN MINE IS DEAD

Hundred Pounds of Sulphur an Hour to Smoke Him Out

KILLED SEVERAL MEN

Voice Heard Faintly Yesterday in Call to Friend But Now All is Still—Sheriff is Waiting Until Wednesday to be Sure

(Canadian Press.) Bingham, Utah, Dec. 2.—One hundred pounds of sulphur an hour, has been burning in the Minnie mine since 2:30 o'clock yesterday afternoon in an attempt either to kill or smoke out Ralph Lopez, a Mexican bandit, who has killed five men since he became a fugitive twelve days ago, after murdering one of his countrymen.

Sheriff Andrew Smith said today that he would not allow his men to take any more risks of being shot and that he would not open the mine for another search for Lopez for forty-eight hours from the time the fires were started. If this plan is carried out, the likelihood which now bars the passage into the mine will not be removed until Wednesday afternoon. Until that time, the sulphur fumes will continue to be forced into the mine. There is little doubt that Lopez still is in the mine, where he has been hiding since last Friday night. Sheriff Smith said he believed the bandit was dead, but would make sure by keeping up his fires of sulphur another day.

Hundred on Guard. A hundred deputies remained on guard throughout the night, but no sound came from the mine. The last word from the fugitive was heard yesterday when he called faintly for a former comrade and partner, Julius Corrallo. Twice he called, "Julio" in a voice that indicated pulmonary trouble. Lopez had no response some time later, and it is the belief that the deadly fumes have accomplished their purpose. Only such work as has been necessary against the weather since last Friday has been carried on here in the last few days, and business affairs are generally at a standstill, so intense has become the interest in the man hunt.

The streets and hills in the vicinity of the mine which holds the numberless dead with men anxious to lead wherever assistance they can to capture Lopez. His own countrymen were told against his capture, and threats were made that Lopez would never reach Bingham alive, even though he escaped in the mine and surrendered.

LETITIA IN PORT. Mrs. MacLeod and Miss Florence Brown Among The Passengers. The Donaldson Lord Letitia, Captain MacNeil, from Glasgow, reached here this morning arriving at Partridge Island about four o'clock and docking at Sand Point about one o'clock. The steamer had twenty-five cabins and eighty staterooms. Amongst the passengers were Mrs. Letitia MacLeod, daughter of Harvey Brown, who has been on a tour of the continent since last February.

The Letitia left Glasgow on November 22 and struck a succession of head winds with rough weather until about Cape Race, after which the voyage was very pleasant.

WANT TO GROW BRITISH COLUMBIA TREES I IRELAND. Victoria, B. C., Dec. 2.—The land and forest department of Ireland desires to see spruce and fir as grown in British Columbia for planting in Ireland. Chief McMillan has just received an inquiry as to the possibility of purchasing seedlings here for re-forestation purposes in Ireland.

BURIED TODAY. The funeral of John Roberts was held today from his late residence, 180 Metcalfe street to Cedar Hill, Oddfellows hall, Freeless Lodge No. 19 met in St. Michaels street and marched to the house on Monday street and to the house on Monday street and to the house on Monday street.

What's in a Name? If it is a name made familiar to the public through persistent and truthful advertising there is frequently a fortune in it. It improves the old proverb of a good name being better than great riches by making the good name bring great riches. Merchandising success is built on service. Advertising is one of the greatest and most important factors in modern service. It is the electric railway over which customers come to the store and goods more to the customers. Newspaper readers are becoming greater advertising readers day by day because they find it pays. It keeps them in touch with the men who are doing the world's work in a workmanlike way. It tells them what to buy and when to buy at the best advantage and best of all it makes them familiar with the names worthy of their confidence.

Wilson's Message to Congress Brief Promises Special One on Trusts—Self-government for Porto Rico and Hawaii and Independence for Philippines

(Canadian Press) Washington, D. C., Dec. 2.—President Wilson read his first annual message to congress today, at a joint session of both branches at one o'clock in the house chamber. The message is among the briefest of documents of its kind, only 3,000 words long. It required less than thirty minutes for reading, though it treated upon a vast number of subjects.

The Mexican situation, President Wilson dismissed with brief comment, relating the sentiments he expressed in a special address to congress on the subject of the Huerta government, and that the United States probably would not be obliged to alter its policy of waiting.

King George Treats Royal Mother to View of Moving Pictures. London, Dec. 2.—King George provided a surprise for Queen Mother Alexandra in observance of her sixty-ninth birthday yesterday, by displaying 25,000 feet of moving pictures in the Sandringham House, on a moving picture screen. The pictures, taken upon the voyage, and the king's mother, as well as Queen Mary and other members of the royal family.

Queen Amelie Writes of Downfall of Royal Family in Portugal. London, Dec. 2.—The recollections of Queen Amelie of Portugal, the inner history of the events leading to her abdication and the downfall of the royal family.

Queen Amelie made notes of the whole drama from the outbreak in Lisbon to the final disaster and engaged a French writer, M. Corpechot, to convert the notes into a consecutive narrative. The work is now completed. Part of it is appearing serially in England, but the bulk of the material is reserved for the book.

McBride and the Hindus. Vancouver, B. C., Dec. 2.—Sir Richard McBride says the British Columbia government will give early attention to the Hindu question, which he considers grave in view of the decision of Chief Justice Hunter.

Although he ostensibly is only here on a general investigation trip, Commissioner General Camillita, head of the United States immigration service yesterday was making arrangements for a conference with Sir Richard McBride on the Hindu problem.

MORE THAN 9,000,000 BUSHELS IN THREE DAYS. Train Bandit Kills Official. Robs Pullman Occupants and Shoots Traveling Passenger Agent Dead in Car. Los Angeles, Cal., Dec. 2.—Horace E. Montague, traveling passenger agent for the Southern Pacific Railway, was shot and killed by a bandit last night in a Pullman car of the westbound southern express a few miles out of Los Angeles.

Bonding the train at Pomona, the bandit went through the rear Pullman car, compelling the passengers to hand over their money and jewelry. As Montague stepped into the aisle of the car, the bandit caught him by the throat and threw him over the side of the car.

Montague held a traveling bag in one hand, and raised the other as if to ward him off from the robber. The bandit shot him through the forehead.

Montague was a negro porter started to run, and a shot whizzed by his head. He was killed. The bandit took about \$500 in cash and jewelry from the passengers, and train crew. As the train slowed down for Pomona station, the robber jumped off and disappeared.

More than 9,000,000 bushels in three days. Fort William, Ont., Dec. 2.—During one continuous uproar for three days the last three days, 9,267,000 bushels of grain have been loaded into the holds of forty-five steamers and grain shippers to clear the two harbors of Fort William and Fort Arthur have been kept practically way to a higher one.

MEAGRE PAY FOR WOMEN IN LONDON

Shocking Industrial Conditions Are Disclosed

TWO TO FOUR CENTS AN HOUR

Statements Made at Conference at Duchess of Marlborough's Home - Hardest Kind of Hours and Almost Inhuman Work Demanded

London, Dec 2-The Duchess of Marlborough's conference on sweated workers and trade boards at Sunderland house, her town residence, brought home to the public in sledge-hammer fashion shocking industrial conditions that are widely prevalent in England.

For years the National Anti-Sweating League, the Women's Trades Union League, and other organizations have waged a campaign against the sweating system, with the result that the parliament passed the Trade Boards Act in 1909, making it possible for the compulsory establishment of a living minimum wage in certain industries by trade boards, composed of workers, employers and outsiders.

Extend Working of Law It was at first tried on the chain making, lace finishing, paper box making and tailoring industries, where the conditions had long been a scandal and with such remarkable success that by the minimum wage the board fixed the old maximum rates were doubled and often trebled.

As a result of this, a general purpose committee was organized, with the duchess as chairman, and the conference at Sunderland house was held to enlist public support and raise funds to organize the sweated workers, protect their interests and expedite the establishment of trade boards in four new industries which are to be brought within the scope of the act.

Twelve women from the sweat shops were present and told in a few simple sentences, a tragedy of industrial life. First came a gaunt, gray-haired woman wearing a thin white shawl and an old bonnet, with white paper roses. She said that she had been a chain worker for fifty-two years. Holding up a long heavy chain, she explained that she formerly would be paid only 84 cents a hundred links, as against \$1.70 now since the chain making industry had been brought under the operation of the trade board act.

A woman working twenty years in a candy factory said that she had never earned more than \$2 a week. A sad faced woman, the mother of three children, held up parts of a child's boot and explained that, working as hard as she could from six o'clock in the morning till ten at night, she could earn only a little more than \$2 a week.

The duchess said: "Of course, I do not know what the conditions are in New York, but here the sweating system is a question of national importance. Exaggeration is the very last thing one wishes, the realities are so overwhelming. Thousands of women and girls are suffering from actual hunger, although working every available hour the year through. Many underpaid women workers in London are forced to make their morning meal of a little weak tea, bread and crumbs, and buy an unsatisfactory, unwholesome dinner for a copper or two. The conditions under which the home workers labor are even more distressing."

Daily Hints For the Cook

Tart Pies Make a rich pie crust, cover a deep plate and bake brown in a quick oven. Slip onto a fancy plate. When cool fill with sliced bananas, oranges, strawberries or any fruit that needs no cooking, cover with whipped cream sweetened and flavored.

English Delight Put through the meat chopper 1 1/2 pounds of beef. Season with salt, pepper and butter. Place in the form of a loaf in a baking pan. Over it spread the following dressing: Bread crumbs seasoned with salt, pepper and sugar; butter and mixed soft with warm water or meat stock. Spread an inch or two thick over the meat and dot with butter. In one end of the pan place onions (if liked), which have previously been boiled and seasoned. Bake half-hour or until dressing is brown.

RUN-DOWN WOMEN Find Health in a Simple Tonic

How many women do you know who are perfectly well, strong and healthy as a woman should be? They may not be sick enough to lie in bed—but they are run-down, thin, nervous, tired and derelict.

Women are so active nowadays and so much is expected of them, that they constantly overdo and suffer from headache, backache, nervousness and kindred ills. Such women need Vinol, our delicious cod liver and iron tonic which will create an appetite, tone up the digestive organs, make pure blood and create strength.

Mrs. Walter Price, Biloxi, Miss., says: "I was in a run-down condition for months, I had taken several medicines but they seemed to do me no good. Vinol

ROYAL Baking Powder The world-wide standard. Absolutely Pure. Royal Baking Powder is the embodiment of all the excellence possible to be attained in the highest class baking powder and its use is more economical than other leavening agents, because of the superlative quality and absolute wholesomeness of the food it makes.

His death will cause deep regret on the part of all with whom he came in contact. Besides his wife, he leaves three sons, Dr. A. F. Emery, and Charles A. Emery of the assessors' office, and one daughter, Mrs. William White of this city. He also leaves one brother, James B. Emery of St. John, one sister, Mrs. William Andrews, 27 Saint Island (N. Y.), and one granddaughter, Miss Irene F. Emery, of New York. The funeral will take place from his late residence, 201 King street, West St. John, tomorrow afternoon at 2:30. Interment will be in Cedar Hill cemetery.

J. W. Egan, inspector for the Burgess Adding Machine Co. in this city, was called to Toronto yesterday on account of the sudden death of his father, and left last evening on the Montreal train.

Mrs. William Kinzie died at her home in San Francisco on November 20, leaving her husband, three sons and one daughter. Mrs. Kinzie was a former resident of Albert, N. B.

The death of Mrs. Frank P. Mills of Oromocto last week was the first break in the family of her parents, Mr. and Mrs. James Guthrie of Oromocto, for fifty-two years.

Sackville Tribune—The death of Lucius Dickson occurred in Ottawa on Friday. The body will be brought to Sackville for burial on Tuesday at noon, accompanied by his two daughters, Mrs. Stiles of New York and Mrs. Tibbets of Ottawa. Mr. Dickson was a brother of David Dickson, of this town, who died a few years ago. He is survived by his wife, who was formerly Miss Snowball, daughter of Rev. John Snowball.

The Black Sod Bay Scheme (Halifax Echo) Information received by the Halifax Board of Trade shows that the Black Sod Bay scheme, that of establishing a steamship line between Black Sod Bay, Ireland, and Halifax and Boston, is developing rapidly. Information is now being sought by the promoters of the scheme with regard to the steamship facilities of Halifax. It will be remembered that one of those interested in the proposed line visited Halifax last year and inspected the harbor and other points. Further facts regarding the port are now required and the indications are that Halifax will be included in the route. The route originally suggested was from Black Sod Bay to Boston direct but Halifax is now in line.

Deafness Cannot be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by medication of the mucous lining of the Eustachian tube. When this is done by the method of the Eustachian tube, the hearing is restored, and the deafness is cured. The only way to cure deafness is by the use of the Eustachian tube. The only way to cure deafness is by the use of the Eustachian tube. The only way to cure deafness is by the use of the Eustachian tube.

LOCAL NEWS

Word was received in the city yesterday of the illness of W. S. Harkin's daughter in New York. The letter was to A. K. Munde and stated that the young lady was improving.

What gift is more appropriate than a nice photograph? Make an early appointment for Christmas delivery at The Conlon Studio. 1669-21.

Get your supply of shaker and woolen blankets at best values—F. W. Daniel & Co.

Have your electric work done by Oliver T. Evans, 10 Waterloo street. Phone 2072.

Consumers' Coal Company for hard coal.

Clothes cleaned, pressed and repaired. Wm. F. Harrington, 86 King street. Phone 2081-11. 1688-12.

CHRISTMAS PHOTOS. What more prized a gift. Have your sitting room. Don't delay. Lovely effects, all prices. Climo's, 85 Germain street. Tel. 685.

COUNTY SECRETARY TO SPEAK. Before the Fairbrotherhood in the Methodist church tonight, County Secretary J. King Kelley, will discuss "Our Mathematical Population." The chair will be taken at eight o'clock sharp and the meeting will be open to all men of the parish.

St. Monica's Society met yesterday and plans for the winter and Christmas seasons were made. It was decided to hold a bridge on December 30 to obtain funds for the winter's work.

GRAND FAIR. Opening of Socialist Fair Tuesday evening, finishes Saturday night. \$10 in cash door prizes—over unique theatre, in Charlotte street; admission 10 cents 12-3.

KEWPIE DOLLS. "From Kewpie you'll not wish to part. But when you've learned his smile by heart. Just give that little smile away to everybody, every day. (And with each smile, I hope you'll feel The Kewpie love of Rose O'Nell)." For sale at the Marr Millinery Co.

The first meeting of the mechanical drawing class in connection with the Centennial night school was held last evening with twenty-seven pupils enrolled under the tuition of William S. Veal. Of these seventeen will take an advanced course on Friday evenings. The mathematical class, under the instruction of Rex Cormier, will meet each Tuesday and Thursday evening commencing this week.

PIERRE OF THE PLAINS WINS PRAISE OF ALL IN THE OPERA HOUSE

Dramatization of Sir Gilbert Parker's Work Effectively Played by Thompson-Woods Company

What was perhaps the greatest success of the productions of the Thompson-Woods stock company which they have so far presented in St. John was the dramatization of Sir Gilbert Parker's popular book Pierre of the Plains, a melo-drama of the Northwestern lands, given in the Opera House last night.

The part of Pierre, the half breed, was ably taken by Sam A. Meharry. His dialect and acting were excellent and he carried out well the coolness of character which characterizes the half breeds of the story.

The part of Pierre's half breed, the girl whom Pierre loved, was well played by Reuben Weyler while in the part of the girl's brother, Val, Kenneth Fleming won favor with the audience.

Miss Brandt, who took the part of Jen Galbraith, was the only female actor who had any important part in the cast. Although her part was quite heavy, she handled it in her usual capable manner and won the hearts of the audience from the very start.

Edwin Hodge made a good sergeant of the mounted police while Daniel Fager, as Jap Durkin, a guide, put all his energy into the part and made a success of it. His knife encounter with Pierre in the third act was well carried out.

Allan St. John, as Father Corrine, a frontier priest, and Cecil Drummond, as Arthur McCloskey, Winona Bridges, filled minor characters in a well balanced cast.

The play is a good one and is excellently staged. The stage settings, which were made up especially for this piece, are skillfully worked out. Particularly in the third act, the cutie in the rocks was so well portrayed that on the rise and fall of the curtain there was an outburst of applause. The play will be continued all this week.

What Would You Like for Christmas?

Your answer, of course, would be "some nice bit of JEWELRY"

Then, you have relatives, friends—with ideas like your own. Just choose their gifts from our large and well stocked range of WATCHES, FOBS, RINGS, CUFF LINKS, STICK PENS, BROOCHES, NECKLETS, LOCKETS, etc., and you're sure to see something YOU would like to receive, and, you can tell someone else where to find it. JOINT PRISON FARM

Several Ontario Counties Unite in Project

Woodstock, Ont., Dec. 2.—At a meeting of representatives from Oxford, Norfolk, Waterloo, and Brant, which counties are interested in a proposed joint prison farm project, a report was read from Dr. Bruce Smith recommending the purchase of land and the erection of buildings to cost about \$5,000.

The counties interested will be asked to contribute about \$10,000 each if Elgin and

North Perth do not come in, and there is little chance that they will.

The four counties will be asked to appoint commissioners who will form the board of management for five years. The committee on sites was instructed to inspect several reported on. Doctor Smith, in his communication, said that while a prison farm would be of innumerable value from an economic and humanitarian standpoint, it could not be looked upon as a prize for any county to try to secure.

USE THE WANT AD. WAY

A GUINEA PIG HELPED IN THE DISCOVERY OF THE GERM THAT CAUSES DANDRUFF

When Drs. Lassar and Bishop made a pomade by mixing scales of dandruff and vaseline, which they afterwards rubbed on a guinea pig, they were contributing to science more than they knew. The application of the salve caused the pig to lose its hair and become bald.

This was merely one of the preliminary steps which made possible the discovery of Newbro's Herpicide. After establishing beyond question the existence of the dandruff germ, a remedy was needed to kill this parasite.

There was nothing which would do this until Newbro's Herpicide was placed on the market. Being the first recognized remedy for dandruff, it has long been called the "original remedy." Herpicide eradicates dandruff, prevents falling hair and stops itching of the scalp. Don't take a substitute; you can always get the genuine article.

Newbro's Herpicide in 50c. and \$1.00 sizes is sold by all dealers who guarantee it to do all that is claimed, if you are not satisfied your money will be refunded.

Applications may be obtained at good barber shops.

Send 10c. in postage or silver for sample and booklet to The Herpicide Co., Dept. R., Detroit, Mich.

E. Clinton Brown, Special Agent.

The Evening Times and Star

ST. JOHN, N. B., DECEMBER 2, 1913. The St. John Evening Times is printed at 113-115 Water Street every evening (Sunday excepted) by the St. John Times Printing and Publishing Co., Ltd., a company incorporated under the Joint Stock Companies Act.

THE MAIL SERVICE. Can it be possible that the government has not yet decided whether the mails landed at St. John are to be carried by the Intercolonial or Canadian Pacific Railway? The superintendent of the railway mail service is reported to have said that a decision had not yet been arrived at. Prompt inquiry concerning this matter should be made by the board of trade, and, if there is any proposition to carry the mails by the Intercolonial, it ought to be very promptly turned down. The only object there could be in carrying these mails by the Intercolonial would be to make it appear that Halifax is a better port than St. John. What the people of this city have a right to expect and not only the people of this city but of Western Canada, is that the mails shall be forwarded by the shortest and quickest route, and that is certainly not the Intercolonial route.

FREIGHT RATES. The question of the Guelph agreement was discussed yesterday at the board of trade, and Mr. E. A. Schofield made some statements which ought to be considered very carefully and at once by the new council of the board. It is true that the Intercolonial Railway is hauling freight from St. John to Halifax for \$300 a train which it would cost over \$600 to operate, and which at the very lowest rate the local merchant could get would cost over \$1000, the discrimination against St. John in favor of Halifax and the Canadian Pacific must be obvious to even the most enthusiastic apologist for the Guelph agreement. Mr. Schofield made a very proper remark when he said that the railway department should have no objection to giving to a committee of the board the figures on which Mr. Guelph bases his claim that the agreement is good business for the government railway.

FINANCIAL CONDITIONS. Mr. Meredith, the new president of the Bank of Montreal, directs attention to a fact which is worthy of notice. It is that Canada has obtained immense sums of money from Great Britain in the form of loans, and that while for the present only the interest charged has to be met, the loans must ultimately be repaid. "We cannot," he says, "go on widening the gap between imports and exports indefinitely." Mr. Meredith remarks that while monetary conditions abroad are as at present the stream of fresh capital will run less freely toward Canada. While he does not see in the present situation any signs of trade depression in this country, there are evidences of a slowing down in many branches of trade. Necessarily there will be greater caution in respect to projects of a speculative character. It is pleasing to observe that the president of the Bank of Montreal is able to report that "general conditions throughout the maritime provinces for the past year have been uniformly satisfactory."

MR. D. RUSSELL JACK. The city has sustained a very real loss in the death of Mr. D. Russell Jack, whose work as a gatherer of material for historical work, and his contributions to the local historical writings of the last quarter of a century have been of great value. Mr. Jack was not only a business man who devoted a good deal of time to business, but his leisure was so well employed that he was able to be the historian of the Loyalist Society, the historian of a church, the corresponding secretary of the Historical Society and a patient collector of much data relating to the early history of the city and province. He tried one venture as publisher of a magazine, which was of great value to the local historical student. For a time Mr. Jack was a member of the city council. His health was not good of late years, and he became a traveller who saw much of the world, and whose illustrated travel talks on his return were of great educational value. His death at a comparatively early age is sincerely mourned.

NO TAX ON FOOD. The abolition of taxation on food is the policy proclaimed by Sir Wilfrid Laurier at Hamilton last week, and Liberals throughout Canada will rally around him in the struggle to secure this boon for the people. The condition of affairs has been radically changed in Canada by the action of the congress of the United States in greatly reducing or abolishing altogether the duty on those products which Canada is able to export. The result of the abolition or reduction of duties has already caused a very large movement of Canadian live stock and products to the American market, and that movement will not only continue but will grow. The United States is rapidly approaching the time when it will cease to be a large food exporting country. The demands of its own population are growing at an enormous rate from year to year. By lowering or wiping out its tariff on Canadian products it can secure large supplies from this country, but these are secured at the

BIRTHDAYS OF NOTABILITIES

TUESDAY, DECEMBER SECOND. The Hon. E. J. Davis, who held cabinet rank in the Ontario Legislature under Hardy and later under Ross, was born in King, Ont., on December 2, 1851. He is interested in the tanning.

A. H. U. Colquhoun, deputy minister of education for Ontario and prior to that a well known newspaperman, celebrates his fifty-second birthday today. He was born in Montreal and has held several important posts on the Canadian press.

Major Walter Crove of Sydney, N. S., solicitor for the Dominion Steel and Coal Company and a former military man, is also fifty-two years of age today. He was born in Truro, N. S.

LIGHTER VEIN. A jury met in a country town to hold an inquest on a man who had committed suicide. The victim, who had lived but a short time in their midst, had always acted strangely from the first. After sitting through the evidence the 19 men retired and then returned with the following verdict: "The jury are all of one mind—temporarily insane."

"Won't you be very, very happy when your sentence is over?" cheerfully asked a woman of a convict in prison. "I dunno, ma'am, I dunno," gloomily answered the man. "You don't know?" asked the woman, amazed. "Why not?" "I'm in for life."

The Sunday school teacher was possessed of the praiseworthy desire to promote thrift among the class of boys. He had given Joe and Johnny a piece of such for doing some work for him. "I hope to hear, when we meet again," he said, "that you had used the money to advantage."

"Well done, my lad," said the delighted teacher. "I am pleased to see my lessons are having their fruits. But what of your sixpence, Johnny?" said he to the other hopeful. "Please, sir, I lost it tassin' wid Joe!"

The little son of the physician, together with a friend, was playing in the garden during the absence of the doctor, when suddenly the young host threw open a closet door and disclosed to the terrified gaze of his little friend an articulated skeleton.

"When the visitor had sufficiently recovered from his shock to stand the announcement the doctor's son explained that his father was extremely proud of that skeleton. "Is he?" asked the other. "Why?" "Don't know," he answered, "maybe it was his first patient."

The King Among Stones. The perfection of a hand-cut circle, the unevenness of a badly formed cube, the sodden glare of a fish's eye, are comparable to the faults of imperfect diamonds.

The perfect diamond or the GUIDED DIAMOND is round as round can be. The facets are as even in cut as precision work can make them.

The life and fire of the fascinating fire fly is theirs. They Cost No More Than Others Sell Inferior Stones For. Every Stone Guaranteed To Be Up To Specification.

Allan Gundry. The Diamond Man. 79 KING STREET. NOTE—Goods of the value of \$2.00 Engraved Free till December 25th.

Liberal Candidate in Manitoba. Winnipeg, Man., Dec. 2.—Dr. A. W. Myles of Treherne, Manitoba, was nominated at a Liberal convention here last night to contest the MacDonald seat in the federal house in opposition to A. Morrison, who resigned recently on an irregularity. The election will take place December 18.

Doctor Myles was nominated recently by the Liberals of Cypress constituency to contest that seat in the provincial house in next year's general elections.

EXHIBITION OF THE EMPIRE. Plans For Great All British Show In 1915 Are Progressing. (Times Special Correspondence) London, Nov. 18.—Most satisfactory progress is being made in connection with the arrangements for a dominion exhibition to be held in 1915, which is inspiring an unusual degree of enthusiasm in influential quarters. The degree of support given to this project in Canada and Australia has been very encouraging and all signs point to the efforts of the promoters to make it the biggest thing of its kind being crowned with success. The grand council now numbers upwards of 1,000 including men representing the interests of widely scattered communities. The list contains more than 800 members of the House of Commons, every party being included in that representation. Prominent educationalists, commercial men, and politicians have all grasped the possibilities of the scheme as an empire movement, and the result is that general interest has been aroused. The chief concern of the committee, under the presidency of Lord Strathcona, has been the selection of a site suitable equally from the financial and exhibitory point of view, and it is expected that negotiations in this connection will soon be brought to a successful end. The British dominion exhibition is intended to foster and to augment commercial interests throughout the empire, to gather together in a limited space the

FATALITY OF WHOOPING COUGH. Many parents think lightly of whooping cough, and treat it as a necessary evil, not giving the child who has it any special attention. The seriousness of whooping cough was emphasized by the Medical Health Officer in Toronto a few months ago, when he reported 14 deaths during the month from whooping cough, and only ten from scarlet fever, typhoid fever and measles combined.

FRAUDS ON CANADIANS

Clergyman Now Resident in London is One of the Latest Victims

(Times Special Correspondence.) London, Nov. 18.—Frauds perpetrated on Canadians are on the increase, both in number and variety. In the latest I have heard of a Canadian clergyman now living on this side, whose son is a well known newspaper man in Canada, the victim.

He received a call a week ago from a well dressed man, who said he was well acquainted with the son, and mentioned details and the names of other people in Canada, which seemed to leave no room for doubt. Later in the conversation the man said he had brought over a box, but that it was too big for him to carry. In order to save trouble he promised that he would arrange at the docks for the freight and other charges. Naturally he was offered the money to do this, which, after some demur, he accepted. He gave a warm invitation to his host to pay him a visit at his hotel

BOARD OF TRADE AGAIN PROTESTS AGAINST L.C.R. RATES

Want Investigation of Local Charges as Well as of I. C. R. C. P. R. Agreement — J. M. Robinson Again President

President—J. M. Robinson. Vice-president—Joseph A. Likely. Council—J. B. M. Baxter, F. De L. Clements, J. H. Doody, M. W. Doherty, W. E. Foster, A. E. Massey, H. P. Robinson, H. C. Schofield, Senator W. H. Thorne, and P. W. Thomson.

These officers were elected for the coming year at the annual meeting of the board of trade which was held yesterday afternoon. To the council named will be added six more members.

John Keeffe and G. Fred Fisher were appointed scrutineers and the ballot for the election of officers was opened.

Monthly Meetings

While waiting for the hour to elapse during which the ballot box must be kept open, G. Fred Fisher addressed the meeting saying that he thought the work of the board would be more effective if monthly meetings were held, and he moved that a meeting be held on the first Monday of each month, except when a holiday fell on Monday, in which case the meeting would be on the first Tuesday.

Mr. Tilley suggested that no meetings should be held in the summer, and W. F. Hatheway concurred in this. P. B. Ellis urged that the meetings should be held regularly and seconded the motion, which was carried.

Unjust to Local Patrons

E. A. Schofield asked if the council of the board was taking any action regarding the I. C. R. C. P. R. agreement, and was informed by the president that the council was keeping in touch with the matter.

Mr. Schofield said that trains had already passed through St. John bound for Halifax, carrying about 700 tons at a minimum rate of \$200 for the train load, or at about 41 cents per ton. He said that at the lowest rate a local merchant could get, the tenth class rate, a shipment would cost him \$1,000, while it was understood that it cost about \$200 to get such a train, on the basis of a half cent per ton per mile.

At the same time the local patrons of the road are paying heavier rates than ever before while the C. P. R. gets a big reduction. He thought that the board had been paying a lot of attention to those whom they would like to bring to St. John, but not enough to those already here. This was a matter which the board might well take up. Another instance of this attitude was the action of the board in seeking to bring in another brick industry in competition with existing plants.

"If the I. C. R. C. P. R. is making a profit on the I. C. R. C. P. R. deal," he said, "they should have no objection to giving the figures. The government road was in a position to demand a big rate from the C. P. R. instead of carrying the traffic at the expense of the local patrons of the railway."

Should Take It Up

W. F. Hatheway agreed with Mr. Schofield's suggestion that the board should take up the question of I. C. R. C. P. R. local rates. He said that a rate from St. John to Chipman via Moncton and the G. T. P. was quoted to him at thirty cents per ton, lower than the rate from Norton, a much shorter route. He urged a careful inquiry into the whole subject of I. C. R. C. P. R. rates.

Mr. Schofield said that the I. C. R. C. P. R. agreement is no longer a matter for political argument, but that it should be possible to get Mr. Gutelius to make a statement to a committee of the board at least, regarding the way in which it is working out.

The president said that Mr. Gutelius had already made a verbal statement regarding the amount of profit they would make on the business and he thought that a committee could secure fuller details.

G. Fred Fisher moved that all committees be required to report to the council of the board at every fortnightly meeting of the council in order to keep up their interest in the work.

The president said that they could not promise to observe the letter of the resolution, but they would do the best they could and the motion was adopted. This brought the new business of the meeting to a close, and everybody but the president and the scrutineers departed while the ballots were being counted.

The defeated candidates were: For vice-president, D. E. Fiddgen; For council—W. B. Bamford, W. F. Burditt, R. H. Bruce, W. I. Fenton, C. W. Hallamson, J. G. Harrison, D. B. Pidgeon, Charles S. Philips, A. C. Scliton, A. H. Wetmore and J. Hunter White. Six will be added to the council by the ballot of those elected yesterday.

Sons of England Fair

The Sons of England fair in Temple of Honor hall, Main street, was largely attended last night. The City Cornet Band was in attendance and provided music during the evening. The games and amusements were all well patronized. The prizes were won as follows: Bowling alley, Mr. Lee, gentleman's fancy muffers, gent's bean toss, H. H. Britton, an electric flashlight, ladies' slippers, hoop-la game, C. Fleming, a bean toss, Mrs. Black, a pair of fancy watch, A. Glenwood Oak Heater was won by Arthur Cook, Metcalf street; a doll in a guessing contest was won by Mrs. French, Metcalf street. The door prize, a half barrel of flour, was won by ticket number 26, the owner of which has not yet been found. The Temple of Honor Band will be in attendance this evening.

Dr. Morse's Indian Root Pills

are made according to a formula in use nearly a century ago among the Indians, and learned from them by Dr. Morse. Though repeated attempts have been made, by physicians and chemists, it has been found impossible to improve the formula or the pills. Dr. Morse's Indian Root Pills are a household remedy throughout the world for Constipation and all Kidney and Liver troubles. They act promptly and effectively, and

cleanse the system

More Border Pictures by a Camera Man—On the Mexican Side

Mexican rebel soldiers posing for staff Photographer W. H. Durborough to take a photograph of them at the old federal headquarters in Juarez, Mexico, across the river from El Paso. These are the soldiers, who under command of General Villa, recently captured Juarez. Durborough writes that they are an angry bunch to meet with. The picture was taken on the spot where the federal army made its stand when the rebels attacked. Nearly 100 of the federals were killed right here.

OPTIMISTIC REPORT BY PRESIDENT OF BANK OF MONTREAL

Sees No Sign of Trade Depression in Maritime Provinces Satisfactory

Montreal, Dec. 1.—The annual meeting of the Bank of Montreal was held today, when the annual report and the changes in officials, already announced, were notified.

Mr. Vincent Meredith, the new president of the Bank of Montreal, upon the retirement of R. P. Angus, took the chair. A. D. Brathwaite, the new assistant general manager, sat at his right in the absence of Sir Frederick William Taylor, the newly appointed general manager, who is at present in London.

Mr. Meredith said that the recent conditions in the United States could hardly fail to enlarge the markets of that country to Canadian products. On the whole the returns of foreign trade into Canada were not unsatisfactory while there are no signs of a trade depression, though a slowing down in many branches of trade was in evidence.

General conditions throughout the maritime provinces for the past year have been uniformly satisfactory. The farmers have had a favorable year, and all crops, apart from fruit, have been above the average. The fishing has been good, with higher prices, and the lumber cut was fair, and prices, on the whole, satisfactory. The output of the coal mines has exceeded all previous records, and the tonnage of pig iron produced was 22 per cent higher than last year.

Manufacturing industries generally have had an output up to the average. Railway building has not been extensive, but for some time past it should be providing terminals at St. John and Halifax for the Intercolonial Railway, and is establishing a car ferry with Prince Edward Island.

"In Newfoundland the high prices obtained for fish have indicated a period of prosperity. The building of branch lines of railway, the development of the mines of iron ore at Bellefleur, and the growth of the pulp and paper industry have all improved conditions."

In conclusion, Mr. Meredith said: "The finger of prudence points to a policy of conservatism. While the financial sky remains clouded over in Europe, we shall do well to hasten slowly. It is not a time to attempt enterprises of a speculative nature, nor to undertake new commitments prior to the financing thereof, and an accumulation of stock by merchants and manufacturers, as far as possible, be avoided. The excellent harvest, particularly in the north-west, should do much towards liquidating debts and ameliorating the situation, but it seems probable we will be compelled to pause a while in the wonderful progress of expansion of the last ten years. On the other hand, the commercial condition of Canada is fundamentally sound."

Rheumatism

A Home Cure Given by One Who Had It. In the spring of 1881 I was attacked by Rheumatism and Gouty Rheumatism. I suffered as only those who have it know. For over three years, I tried nearly every remedy, and doctor after doctor, but each failed to relieve me. Finally I found a remedy that cured me completely and it has never returned. I have given it to a number who were terribly afflicted and even bedridden with Rheumatism, and it effected a cure in every case.

I want every sufferer from any form of Rheumatism to know of this marvelous healing power. Don't waste a cent; simply read the name and address and I will send it free to try. After you have used it and it has proved to be that long-looked-for means of curing your Rheumatism, you may send the price of it, or your money unless you are perfectly satisfied to be refunded. Write to me for any longer when positive relief is thus afforded. Don't delay. Write today.

Mark H. Jackson, No. 117 Currier Bldg., Brooklyn, N. Y.

Don't Put Off

seeking relief from the illnesses caused by defective action of the organs of digestion. Most serious sicknesses, diarrhoea, indigestion, troubles of the stomach, liver, bowels—troubles quickly, safely, surely relieved by

BEECHAM'S PILLS

Sold everywhere, in boxes, 25 cents.

STARTING THE DAY RIGHT

Do you begin the day with a groan? Are you tired in the mornings? Do you fall to bed with the restorative influence of sleep, which should make good the energy and vitality consumed by the day's work?

Then you are rapidly becoming bankrupt so far as health is concerned. You should look to your habits of eating, make sure that you get lots of fresh air in your sleeping apartments, and restore vitality by using Dr. Chase's Nerve Food.

This great food cure does not induce sleep by any drugging effect, but when you have been using it for a few days and get the nervous system into condition you find yourself resting and sleeping up to this restorative treatment you will be able to make good the waste and fill the exhausted nervous system with new vigor and energy. This means thorough cure of such symptoms as heart-trouble, indigestion, indigestion and tired, listless feelings.

UNITED MINE OFFICIALS INDICTED AS A MONOPY

Pueblo, Col., Dec. 1.—An attempt to secure a monopoly of labor is charged in indictments issued by the Federal grand jury here today against national officers of the United Mine Workers of America. The men named are: J. P. White, president; Frank J. Hayes, vice-president; and William Green, secretary-treasurer.

The Quickest, Simplest Cough Cure

Easy and Cheaply Made at Home. Saves You 25.

This recipe makes 14 ounces of cough syrup—enough to last a family a long time. You couldn't buy as much or as good cough syrup for \$1.50.

Simple as it is, it gives almost instant relief and usually stops the most obstinate cough in 14 hours. This is partly due to the fact that it is slightly laxative, stimulates the appetite and has an excellent tonic effect. It is pleasant to take—children like it. An excellent remedy, too, for whooping cough, croup, sore lungs, asthma, throat troubles, etc.

Mix two cups of granulated sugar with one cup of warm water and stir for five minutes. Put ½ ounce of Pine (dry) essence extract, 14 ounces bottle, and add the Sugar Syrup. It keeps perfectly. Take teaspoonful every one, two or three hours.

This is one of the oldest and best-known remedial agents for the throat, and is used by the United States and Canadian governments. It is a concentrated compound of Norway white pine essence, and contains all the other natural healing elements. Other preparations will not work in this form.

The prompt results from this recipe have endeared it to thousands of housewives in the United States and Canada, which explains why the plan has been in vogue so long. A guarantee of absolute satisfaction, money promptly refunded, goes with the recipe. Your druggist has it, or we'll get it for you. If not, send to The Pine Co., Toronto, Ont.

SIR RODMOND APOLOGIZES

Winnipeg, Dec. 1.—By special request of Postmaster-General Samuel the following cable was sent from London to Winnipeg today:

"My attention has been called to the criticism in Winnipeg of myself for stating that in Winnipeg there were 10,000 children who did not go to school. I never made any such statement, nor even suggested that, or any other figure."

Commenting on the above, Premier Roblin today said that if the British minister were incorrectly reported, and it would be an unprecedented thing for any English statesman to meddle in the domestic affairs of the overseas dominions, he desired to withdraw every statement he had made regarding Mr. Samuel and regretted very much that he should have ever believed a gentleman holding his position could have made such a statement. Sir Rodmond hopes his apology will receive as much publicity as did his criticism.

CITY BUYS SCHOONER

The fate of the Elbu Burritt, the waterlogged two-masted schooner which has been in the Market Slip for several weeks, has been sealed at last. At the meeting of the common council yesterday afternoon the mayor announced that he had purchased the craft for the purpose of doing away with it and

SCREAMED WITH THE TERRIBLE

"Fruit-a-tives" Completely Treating Kidney Trouble

St. Thomas, Ont., April 1911. I was laid up with trouble and not able to get chair. Had tried many things without satisfactory result. Pain was excruciating and could be heard on the street. A friend from Ottawa came and when he found me in health, said he would send me of "Fruit-a-tives," which he commended taking them. I was so apparent with the doses that I continued to take "Fruit-a-tives" and was completely my normal state of health. I strongly advise anyone suffering with Kidney Trouble to take "Fruit-a-tives" and cure themselves.

CHARLES CAL. 50c a box, 6 for \$2.50, tri. At all dealers or from F. Limited, Ottawa.

will probably be dragged to beach and burned. He asked to ratify what he had resolution was passed to the

The mayor said yesterday tried every possible way to nuisance removed from the each item a new difficulty. At length he decided to buy it will be removed as soon as he said. He thought it was the people's money should be this manner, and deplored the there was no law to enable to force the removal of such a c. Agre asked if it would not get the reporter to draft a bill next legislature giving the city act in similar cases which may hereafter. The mayor said that would be done. Mayor Frink did say what he had paid for the but it is not likely that the money will buy a very handsome Christmas present.

\$1.98 Next Thursday and Friday..... For the Complete Five Volume Set of Everybody's Cyclopaedia \$12.00 IS THE REGULAR SELLING PRICE

You will not need an extra book case to hold this complete set of books for it takes up less than half as much space as the ordinary encyclopedia. Yet the information is all in thousands upon thousands of subjects which cover the entire world and the people. Think of the many advantages in having all this information in such convenient form that it can be referred to "in a minute," without the necessity of searching through numerous, large, unhandy volumes to get it! The convenience of this edition makes it far more desirable than any similar work published. It saves time in reference and it saves room in the library.

LOCAL NEWS

SMELT FISHING

Smelt catches at Indiantown are encouraging many to cast a line, and each evening sees quite a number of men engaged in trying their luck. There has been a good run of the little fish for some time, and some large catches have been made.

FREDERICTON SERVICE ENDED When the steamer Majestic tied up at her wharf at Indiantown yesterday afternoon the regular steamboat service between St. John and Fredericton closed for the season after a very successful year. The Onowee is still making trips between here and Wickham, going up river one day and returning the following day. She had a very heavy freight today when she left the city.

DE MONTS CHAPTER A meeting of the new chapter of the Daughters of the Empire which was formed last week was held this morning at the residence of the president, Mrs. James Stratton, Mecklenburg street. A name for the new branch was decided upon and will be known as the De Monts chapter with the motto "United We Stand."

CHILD DEAD Friends in this city will extend deep sympathy to Mr. and Mrs. John Elliott, formerly of St. John, in the loss of their little daughter Violet. The child was five years of age, and her death occurred in their present home in Grantville, Mass. She is a grand-daughter of Mrs. D. Ellison of this city.

MITTON-CARTER The marriage of Richard G. Milton to Miss Annie Isabelle Carter, daughter of Mrs. Ida Carter took place on Wednesday evening last at the residence of the bride's mother in Moncton. Rev. E. H. Cochran, pastor of Highfield street Baptist church, performed the ceremony, assisted by Elder J. A. Strickland of St. John.

POLICE COURT Daniel Collins was given in charge yesterday afternoon by Parker O'Leary on charge of kicking in a window in his store, 773 Main street. He was brought before Magistrate Ritchie in the police court this morning and was remanded. Collins was arrested by Policemen Corbet and Jones. Three prisoners were charged with drunkenness. One was fined \$5 two months in jail, another was remanded and a third, who promised to reform, was allowed to go.

ALLEGES ATTEMPT TO CORNER POTATO MARKET

Irish Board Secretary Says Dealers in States Are at it—Cold Storage Probe is Coming

Washington, Dec. 2.—A new phase of the cost of living problem has been brought to the attention of the department of agriculture. P. G. Gill, secretary of the Irish board of agriculture, told Secretary Houston that speculators in the large cities of the United States were actively buying up this year's short American potato crop and planning to hold it out for high prices, counting upon the existing quarantine against potatoes from many foreign countries to aid them in this undertaking. Mr. Gill is in Washington to urge the removal of the embargo on potatoes from his country and has been getting private advices from various sources on the potato situation in America. He insists that the potato scab found on potatoes imported from Ireland is no cause for a quarantine, because a similar blight already is common in the United States and declares that continuation of the embargo will contribute to the growing cost of living.

Secretary Houston and the Federal Horticultural Board held a conference after Mr. Gill's statement, but no action was announced. Representative McKellar of Tennessee, author of a pending bill prohibiting the keeping of products more than 90 days, was in conference with department of justice officials over the department's investigation of the store of eggs, poultry and dairy products. It is said that a preliminary inquiry has revealed the fact that 55 per cent of the present egg supply held in storage is in the hands of the great meat packers of the country. Letters and telegrams have poured in from all parts of the country, from individuals, associations of various kinds and from business men, praising the department's effort to break high food prices by proceedings against the alleged combination of cold storage dealers. Interest in Attorney General McMillan's declaration that a sweeping investigation will be made of the alleged combination and that if violations of the pure food act are disclosed, prosecutions may be looked for, apparently is greater than in any move the department has made in a long time.

ENLISTING MINNESOTA MEN AGAINST HOME RULE

Minneapolis, Minn., Dec. 2.—Secret enlistment of volunteers for the Ulster army has been going on in Minneapolis for weeks, according to a local Ulster man. Enlisting officers said to have come from Winnipeg, though headquarters are in Minneapolis, said they are trying to enroll 5,000 Minnesota men under a pledge to go to Ireland whenever a call is made to take up arms and help Ulster resist home rule.

LONDON SEAL, IN USE 532 YEARS, GIVES WAY TO NEW ONE

London, Dec. 2.—The official seal of the Corporation of London was formally broken yesterday, and a new one substituted. The old one had been in constant use for 532 years. It had only one predecessor, which was destroyed in 1881, because it was "too small, rude and ancient." The seal which was used for the last time yesterday was of silver, about the size of a dollar. It is much worn and blurred. It probably was used 1508 times annually.

USE THE WANT AD

GET READY FOR XMAS RUSH AT POST OFFICE

Some Ten Added to List of Officials and Others to Come to Tide Over Busy Season

Postal service officials in the various departments are preparing for the annual rush of Christmas mail. It is just now beginning, the usual advance packages of catalogues, circulars, etc., from business houses being in course of distribution as is generally the case about three weeks before the holiday. This will be followed almost immediately by an increase in the general mails and from early next week until about New Year's will be particularly strenuous times for all concerned with the postal service.

To aid the regular members of the railway mail staff it is customary at this season of the year to increase their numbers by a dozen or more, and some of these new hands started work last evening. Those who have already been appointed for the purpose are: Harry Day, J. M. Barton, Joseph Nichols, J. D. Cameron, F. M. Moore, Joseph Gillis and Frank Alwood of St. John, and Chipman Taylor of Hoyt Station, Wm. Macree has been appointed to assist as transfer agent while the others will join with the railway mail clerks in the cars. Four others from outside points are yet to be appointed, but this will be done probably tomorrow. They will remain on duty until about the third of January.

TO LIVE IN HONG KONG

Former St. John Man Promoted to Charge of His Company's Affairs in China

His many friends in St. John will be pleased to learn of the further success of Lucien W. Hennessy, formerly of this city, in the service of the Singer Sewing Manufacturing Co. He arrived in the city yesterday from St. John's Newfoundland, where he has been acting as superintendent of the company's interests for the last five years, and where he made many friends. Mr. Hennessy had charge of the affairs of the quarters of the company for China, at Hong Kong.

He is now on his way to the far east and will leave St. John for that place in a few days. Before leaving St. John's, Mr. Hennessy was the recipient of several pleasing remembrances from friends, including a handsome set of gold cuff links and gold pens from some of the members of the Knights of Columbus of Terra Nova Council. Mr. Hennessy was formerly a member of the office staff of the company in this city.

A HINT FOR AUTO DRIVERS

When Reaching Corner Indicate Direction in Which it is Proposed to Turn

Although St. John has been remarkably free from automobile accidents there have been enough to serve as a warning of "danger" and the number of narrow escapes has been such as to cause surprise that nobody has been killed. One of the simplest precautions and one which is in universal use elsewhere is never observed in St. John although it would go far to lessen the danger to pedestrians. This is the custom on the part of those driving cars of signalling their way they are going to turn when they reach a crossing. Usually it is very difficult to tell whether a car is going to go straight ahead or to make a turn around the corner and only the agility of the pedestrians has saved many from injury or death around St. John. In other places when the driver is going to make a turn he shows his intention by a sweeping gesture with the arm on the side to which he is going to drive. Anyone crossing the street can easily watch for such a signal and move accordingly. Its observance around St. John would do much to lessen the danger from automobiles.

HARD HIT AT HALIFAX

"Dirtiest and Worst Built City in Canada"

Vancouver, B. C., Dec. 2.—That Halifax was the dirtiest and worst built city in Canada and that the building by-laws of Vancouver were far ahead of those of Toronto, Winnipeg or Montreal, were statements made last night at a meeting of the city council. The allegations of Dr. J. W. McMillan at a Presbyterian conference in Toronto last January that the building laws of Vancouver were very bad, was emphatically denied by the council and the mayor was empowered to ask Doctor McMillan his source of information.

A POVERTY SOCIAL

The Young People's Association of the First Presbyterian church, West St. John, held an enjoyable social in the vestry of the church last evening. The entertainment, which was of a novel nature, was known as a poverty social, the young people being dressed in the poorest clothes obtainable. Prizes were awarded for the best imitations of paupers and those who wore any finery or jewelry were liable to a fine. Alfred Fraser, who acted as judge of the costumes, awarded the gentlemen's prize prize to Percy Cullisbank, while Miss Ida Bray won the ladies' prize. Music and games were enjoyed throughout the evening and refreshments were served.

MARRIED AT VANCOUVER

Miss Helen Mowatt, daughter of the late Rev. A. J. Mowatt pastor of Erskine Presbyterian church, Montreal (formerly Fredericton), was married on last Thursday in Vancouver to Doctor Sider, of the University of Washington, Seattle, formerly of Colborne, Ont.
