ACCOLA. The report was that the ship which was to sail for Acolton was then carried to the next annual meeting of the Diocesan Synod at Fredericton.

EVENING SESSION.

In the evening a public missionary meeting was held in the school room of Trinity church. His Lordship the Bishop presided, and made some introductory remarks. The speakers were Rev. Egerton Ryerson, missionary from Japan, and Rev. H. A. Codrington of the diocese of Selkirk.

Mr. Ryerson gave a very interesting sketch of the work in Japan and told that the missionaries of the Japanese empire were making towards Christianity.

Mr. Codrington told of his work in the Northwest, where he has labored during the past year. Shortly after arriving in his western field Mr. Codrington was made travelling visitor for the diocese of Selkirk, and has had a good opportunity of studying the conditions there. He narrated some of his experiences among the Indians, who are very ignorant of the Christian religion, and learn the truth. At the close the speaker emphasized the need of more missionaries in that country, and the vast amount of work to be done.

**PRESSERS WANT
HIGHER WAGES**

TORONTO, July 6.—A strike in the local garment industry is threatened. The pressmen of the city have been negotiating with the employers for an increased wage for the month of July. They got 35 cents and 10 cents for 40. The trouble has now come to a head and employers are allowed until tomorrow to get 35 cents and 10 cents for 40. They have shown no disposition to yield, and some of the pressers talk of accepting 35 cents as a compromise. In 1904 the event of the month, 120 pressers who are not immediately, and other branches of the trade are likely to follow. Samuel Leader, of Hamilton, one of the international officers of the city advising pressers.

DEALING IN FUTURES.

Young Lady.—I want to look at some hammocks, please.

Dealer.—Yes, madam. What style do you like?

Young Lady.—Why—oh—none. I guess we are to be made one the latter part of next month.

37th. C. OF E. SYNOD ENDS WORK.

At 2.30 a meeting of the executive was held and routine business attended to. After prayers and reading the minutes of yesterday's meeting Dean Partridge spoke about the need of a general hymn for the Canadian church. He said that the whole church had a common prayer book, which they all knew and loved, and that a common hymn book was quite as necessary. He considered "Hymns Ancient and Modern" very unsatisfactory. The ancient hymns in the church have died away and the time has now arrived when a common hymn book could be adopted. Other Canadian churches have lately adopted new and general hymn books, and the speaker called attention to the success which had attended the adoption of the new hymn book. He then made the motion which he had previously given notice of, that the change to the memorial on this point, which is to be sent to the general synod, should have the approval of the bishop.

W. M. Jarvis spoke in favor of a change and seconded the motion. Rev. A. G. H. Dicker said he had not given the matter very serious consideration, but he doubted whether a new hymnal would meet with the same financial success which had attended the introduction of the new Presbyterian book. This resolution was carried. A resolution embodying the recommendations of the board of finance, moved by W. M. Jarvis and seconded by A. C. Fairweather. This resolution was carried. It was moved by Mr. Justice Hanington, seconded by Archdeacon Neales, that the synod express its appreciation of the work done by "The Society for the Propagation of the Gospel" and its hope that the clergy and laity of this diocese do all in their power to increase the usefulness of the parent society. This resolution was carried. Dean Partridge and A. C. Fairweather were reappointed to the board of governors of King's college, and on motion of J. Roy Campbell, His Honor Judge Hanington was reappointed as governor of Edgill, Windsor.

Judge Hanington moved that a grant of \$100 be given to the school at Shediac, in return for the religious studies which are being taught there. This was seconded by Rev. A. P. B. Burt of Shediac. A discussion followed, in which Archdeacon Neales, P. J. G. Knowlton and G. O. D. Oty took part. An amendment was suggested by Mr. Oty, and this was adopted by Judge Hanington and his second. The matter will be taken up by the board of education.

Canon Richardson moved that the reports of the clergy hitherto read at the synod be handed in at least a month before the synod meets, to the secretary, who will have them printed. This was carried. The report of the committee on the proposed Pan-Atlantic conference was adopted.

Hurd's report was brought up for consideration the question of changing the time of meeting of the synod. Canon Nealeman and Canon Richardson favored a change. The latter said that many of the city people were in the country at this time of year and the important question of hospitality caused considerable difficulty.

The thanks of the synod was extended to the secretary, Canon Nealeman, for the good work he has done. This was adopted by a standing vote with great applause. Judge Hanington moved a vote of thanks to the rector, church wardens and vestry of Trinity, and this was adopted. Resolutions were also passed, thanking the press for their assistance, the Ladies' Auxiliary for their kindness. A vote of thanks was voted to the bishop, and after a short prayer the 37th synod came to a close.

The correct list of substitutes for the general synod is as follows, and not as published on page 1. Clergy—Rev. J. K. Kurling, Canon Nealeman, Canon Roberts, Rev. S. Neales, Rev. C. W. Wiggins and Archdeacon Forsyth.

ST. JOHN, N. B., JULY 7, 1905.

MR. FIELDING'S FINANCING.

Mr. Fielding claims that the country
has made during the year just closed
fifteen million dollars more than it has
spent and admits that the national
debt has been increased by one and a
quarter millions.
That is the gist of his budget speech
delivered last night and is at the same
time an illustration of his methods of
finance.

During the eight years of Liberal
rule, according to Mr. Fielding, Can-
ada has made about fifty-six millions
over and above all expenses. Yet the
country is just as much in debt today
as it was in 1896. If the directors of a
private company knew their business
was making great profits every year
and their manager informed them
they were plunging all the time more
deeply into debt, would they be satis-
fied? Would they consider the business
honestly and wisely managed?

Outside of this budget was of so
little interest that the debate which
followed broke all records for brevity,
being concluded in one day. No tar-
iff changes of any consequences were
announced and no modifications in
financial policy mentioned that were
not fully discussed in last year's bud-
get.

Though the early completion of this
usually important piece of business
augurs well for an early prorogation,
there is some other work before the
house which may possibly falsify
some of the optimistic predictions.

While the autonomy bill was of-
fered as the "piece de resistance" of
the session there was considerable
other important legislation forecasted,
very little of which has been com-
pleted, though some of it has been un-
der parliamentary consideration. In
fact about the only public legislation
of any consequence finished has been
Mr. Fisher's bill for the inspection of
seeds. In addition to this the minis-
ter of agriculture has another bill
amending the Census and Statistics
Act on which he sets great store and
which has already occupied much time.
Another of considerable importance
which the government will probably
want put through this session is Sir
Frederick Borden's amendment to the
Militia Act. This is certain to provoke
a sharp debate and perhaps a lengthy
one, involving as it does a revolution
in Canada's military policy.

The Ottawa Journal reminds us that
the leader of the Opposition has given
notice of a bill to amend the Domini-
on Elections Act, and has further in-
dicated his intention to invite a dis-
cussion of outlying charges of irregu-
larities in recent by and general
elections. Such a discussion might
probably occupy no more than a day,
but it is fraught with possibilities of
repetition. Mr. Borden has asked far-
ther that the government take charge
of Mr. Logan's bill to penalize the im-
portation of immigrants on false rep-
resentation. The object would be to in-
vite a general discussion of labor and
immigration legislation and policy.
Then there is the enormous list of
supplementary estimates brought down
the other night to be passed, item by

Certainly if the house gets through
in two weeks, as many seem to think
it will, much of this business will re-
ceive scant attention.

ROOT'S RETURN.

A few years ago Hon. Elhu Root
resigned the position of secretary of
the navy in President Roosevelt's
cabinet to practice law in the city of
New York. The reason, frankly enough
given, was that he could make more
money outside of public life.

Today sees Mr. Root going back into
the cabinet. There has been no in-
crease of cabinet salary in the mean-
time, and the fact that Mr. Root en-
gineered the deal that gave Mr. Ryan
the mastery of the Equitable Insur-
ance Society shows that he has lost
none of his money-making ability.
Why is he going back?

Undoubtedly his action has some-
thing to do with the presidential elec-
tion in 1908. His has been one of the
names prominently mentioned as pos-
sible Republican candidates and it is
more than likely that the lure which
Roosevelt has offered to induce him
to return is the promise to support his
claim to the nation's greatest office.
If he has, it means that Mr. Root's
chances for the presidency are better
than those of any other candidate now
in the field.

Though Mr. Root is probably Roose-
velt's superior in mental ability he
will not make so good a president. He
is a corporation lawyer to begin with,
and that is not an occupation to bring
a man into sympathy with the masses,
as the head of a great nation should
be and as Roosevelt is. He would not
be likely to continue Roosevelt's resis-
tance to the aggressions of the trusts
nor his action in favor of public con-
trol of railroad rates, for instance. He
has worked the greater part of his
life for the men who are opposing
Roosevelt on these and similar points
and would naturally be more in sym-
pathy with them than one who has
travelled paths apart from those
which lie in the direction of the inter-
ests of capitalists. Consequently he
would undoubtedly be supported by
that class. But this is not an unmix-
ed

good for a presidential candidate.
Roosevelt was opposed by the trusts
and all the wealth they represent but
he proved that the people are stronger
than any class; and if the Democrats
can lay hands on a candidate who can
capture the faith of the masses as
Roosevelt did the chance for which
they have long been waiting may
come in 1908.

THE SONG OF HOURS.

I meet you in the crowded marts by
day
And glance and frown and turn my
eyes away,
Nor look again the way that you
have gone,
Nor in the places that you linger, stay.
(Oh, my beloved, how the day drags
on!)

I pass you in the lighted halls at night—
My step is buoyant and my mouth is
bright,
My laughter is the loudest, and my eyes
Dare other eyes to sun them in their
light.
(Oh, my beloved, how the slow night
dies!)

Day and night go—yet other days must
be,
And other nights draw on eternally:
I counted once my time from bliss to
bliss,
So little seemed the world's great hours
to me,
(Oh, my beloved, is all love like
this!)

BREAD BY MACHINERY.

The city of Saint John has been
noted for its good bread but there is
also a bread there is also a great differ-
ence in the making. One will do it with
machinery, the other will mix with
his hands. In olden times bread used
to be mixed with the feet but this was
not considered as very hygienic or
healthful. But we have at least one
baker in St. John that has studied
cleanliness in the bake shop and in
the Hygienic bakery, their object is not
only to mix the dough by machinery,
but also to mold the bread by ma-
chinery. This prevents almost all the
handling of the bread from the time
the flour is put into the machinery to
when it is ready for the ovens. Mr.
Beattie, proprietor of the Hygienic
bakery may be congratulated on having
the bread in the city where the
bread is not only mixed but
moulded by machinery. The baking
plant has been ordered by the
& Son, Limited, Toronto, and may be
expected here in a few days.

kindly consented, and was listened to
with marked attention. His words
were forceful and soul-stirring. At the

ALL IT NEEDED.

There is more real oxygen in a li-
quid form in the "Solution of Ozone"
(the coupon kind) than in any other
preparation of a similar nature. As a
prompt cure in the killing of all inside
germs of throat, lungs, stomach or
bowels it has no equal when coupled
with the "Solution of Ozone" the famo-
us tonic. That the stringent ozone need
a tonic of this nature to procure the
best results was so apparent that the
Public Drug Co. of Bridgeburg, Ont.,
offer through your druggist a free
package of "Celery King" with every
fifty cent or one dollar bottle of "Sol-
ution of Ozone (the coupon kind)."

A SUCCESSFUL EXPERIMENT.

NEW YORK, July 5.—Conventional
methods of firing fire crackers yester-
day failed upon ten-year-old Mary
Great, of No. 25 Cone street, Orange,
N. J., and she evolved a new pyrotech-
nic effect. When no grown up person
was to be trusted she placed a
cracker with the fuse lighted in her
mouth. Her companions applauded her
daring, and the crowd of expectancy
waited for the thing to go off.

Mary's expectations were puny com-
pared with the result. Policeman Pat-
erson arrived in time to pack her off
to the Orange Memorial Hospital. Just
what the results of the experiment will
be cannot be foreseen, but the physi-
cians hope to pull her through so she
can try another experiment next Fourth
of July.

THE RING.

ROASTS THE MORMONS.
Bob Fitzsimmons is loud in his denunciation of the methods of the Mormon fight promoters.
"They got me out in their country under false representations," declared the grand old man of the ring. "They led me to believe they had money to burn, and that I would clean up thousands of dollars by fighting Mike Schreck. I was also led to believe that I had posted their forfeit of \$2,000 as per agreement in the hands of Stakeholder C. T. Essig, and they had me hiking over their roads for nearly a week before I learned they were flourishing with their forfeit."
"Then I went after them hot and heavy, and you can bet I gave them a going over they will not forget in a hurry. When I accused them of cheating on their forfeit they wanted me to pull off the fight on my own hook, but I told them I was not in the promoting line."
"When they sent out reports that my hands were bugged up and that I was suddenly taken with a dose of cold feet. That sent the fighting blood chugging through my veins, and to show them what I thought of Schreck, I offered to fight him in a closed room for \$5,000 with five-ounce gloves, agreeing that the man who unlocked the door would be the winner."
"The idea of saying I got cold feet. I have been fighting 38 years, during which I engaged in 365 battles, and Jeffries was the only man that ever beat me. The first time he downed me I was doped and the second time he caught me with a duke punch after I had him beaten to a pulp. I can still fight in the middleweight class, and I am within a few pounds of the limit of that division right now. I weighed but 156 pounds after my first workout, an eight-mile jaunt over the roads, and can fight at 155 pounds without turning a hair."

COLOURS OF KID MCCOY.

Kid McCoy has started a racing stable at New York.
Although the purchase of Pamela for \$2,500 out of the lot of horses consigned by the Whitney estate, was made by his brother, Homer Selby, both the former middle weight champion and his prospective bride, Mrs. Lillian E. Ellis, the heiress of the Ellis millions, have admitted that the "buy" was for them.
"Not going to buy many horses this season," said McCoy. "Next year I may expand some."
"While abroad I will add to my stable," he continued. "There are splendid bargains to be had in English horse flesh. I intend to import a fine string and begin racing on a large scale."
"Will you race any horses this season?" was asked.
"Hope to," said McCoy.
McCoy stated that his horses will race in primrose and white polka dots.
"Made application for those colors from the jockey club," he explained. "I expect to buy Joe Kelly's contract from Charles T. Henshall and have him ride for us. 'Handriding' Kelly is one of the best American jockeys." In the selection of other horses for the stable McCoy will look to Sam Hildreth.
"With the advice and counsel of such a man, I am sure to make a success," he said. "Sam is a great friend of mine and he will help me select the horses. John Thornby will probably train for me."
"Thornby knows a horse fellow to ears, and he has practically consented to the trainership."
"Just now Pamela is not much of a horse, but she may turn out pretty fair," was McCoy's comment upon his initial purchase.

THE RIFLE.

SHOOTING AT BISLEY.
BISLEY CAMP, July 6.—The match between the Seventh Regiment, N. G. S. N. Y., and the Queen's Westminster Volunteers for the Sir Howard Vincent shield began today. The weather conditions were unfavorable, owing to the glare of the sun and a strong gusty wind. The teams, eight men on each side, today fired fifteen shots each at 500 and 600 yards. Riflemen from all parts of the world are here for the regular Bisley meeting are showing keen interest in this match.
The competition was one of the closest ever witnessed at Bisley, and the keenest interest was taken in it as the day's shooting was closing. Bacchus, one of the Westminster's reserves, led scoring. At 600 yards he scored 11, 10, 9, 8, 7, 6, 5, 4, 3, 2, 1, 0. At 500 yards he scored 11, 10, 9, 8, 7, 6, 5, 4, 3, 2, 1, 0. After the shooting, the teams were entertained at tea by the Westminster, the latter's band playing during the function.

CHURCH UNION ENDORSED BY SOUTHERN BAPTISTS.

McDONALD'S POINT, July 5.—In view of the proposed union of the Baptists and F. B., it was resolved that this association heartily approve of the basis of union adopted by the Baptist convention of the maritime provinces in the month of August, 1904, and by F. B. general conference of New Brunswick in the month of September, 1904; and further resolved, that the moderator and clerk of the association be hereby directed, authorized and empowered to sign a petition to the assembly of the province, praying that a bill entitled "An act respecting the union of the Baptists and Free Baptists," might pass and become law.
The remainder of the session was spent in reading the letters from the individual churches. Though not complete, the returns so far received record over 300 baptisms during the past year. This is one of the most encouraging reports for many years.
The afternoon session was opened with devotional services, led by Rev. H. D. Worden. This was followed with a sermon by the Rev. David Hutchinson. He took for his text Paul's benediction, 2nd Thess., 3:16. In his sermon he spoke on the worth to the individual and the church of the presence of God. After tracing the manifestation of the presence of God in the history of the Hebrew nation and in the development of the Christian church, he emphasized the need of such a presence today. He combated the present tendency to discount the existence of a personal devil, and contended his existence created the great demand for the presence of God. He counselled his hearers to take each his God with him, that the process of development might be completed in them.
The educational report was presented by Rev. W. C. Goucher. He reviewed the work of the past year in the educational institutions of the denomination.
In moving the adoption of this report, Dr. Gates referred to the removal of Dr. Keirstead from the Acadia staff. He felt keenly the loss of the man who had been so long a part of the staff. Dr. Keirstead had joined the staff of McMaster University, Toronto, would lead ministerial students of Acadia to continue their work in a Canadian school instead of the institutions of the United States.
The educational report called attention to the fact that during the past year there has been in all the institutions at Woodville an attendance aggregating about 600. After remarks upon the report by Rev. W. C. Goucher and Dr. McIntyre, the session was brought to a close.
Two simultaneous meetings were held at the evening session. In the hall Rev. P. J. Stachukoff preached on "Sin, Its Punishment and Forgiveness." In the church the first speaker was Rev. Dr. Chute, professor of Hebrew at Acadia College, who spoke in the interest of the educational institutions at Wolfville. His subject was, Acadia College—Another and Yet the Same. This was treated under three divisions, viz., The Changed Acadia, The Unchanged Acadia, and What the Changed and Unchanged Acadia Aims For. Rev. Dr. Hutchinson, pastor of Main street Baptist church, followed Dr. Chute, speaking on the subject of "The Great Commission." He first spoke of the command to go and make disciples of all nations was an evidence of the Deity of Christ. No mortal man would ever think of issuing such a commission. The commission was given to Christ alone. He then spoke of the church that is not missionary in its spirit is to that extent not a Christian church. Not to obey the commission is to disobey Christ in the most important duty He requires of her. The address was given in a most impressive manner for all present to recognize the responsibility which Christ has laid upon them.

WITH AND WITHOUT.
Arab Chief—That camel can go seven days without water.
Tourist—And how many days can he go with water?

PUNCTUATION.
D. Linguist—You have deceived me. You advertised "Return, all will be forgiven."
M. Plover—No, sir, you are mistaken. I advertised "Return, all will be forgiven," and you have returned nothing.
WOULD CUT IT OUT.
If, on me, sitting underneath a bush, I advertised "Return, all will be forgiven," I would eliminate this simple life. About as quick as ever I knew how.

HIS WAY.
The Boss—First I'll have to test your ability as a singer of popular songs. Go ahead.
The Prospective Office Boy—Excuse me, sir, but I can't sing a note.
The Boss—Can't! Then you're the boy I want. I'll give you \$3 a week and you can start in now.
A FUTURE ORDER.
A stranger, visiting this country in the year 1950, was struck by the large number of persons wearing buttons inscribed "S. & D. R. H."
"What do those letters signify?" he asked.
"Sons and Daughters of Reprimanded Heroes," explained the native. "It is one of our largest patriotic orders."

MONKTON NEWS.

MONKTON, N. B., July 6.—At a special meeting of the school board this afternoon Robert C. Colwell, B. A., of Fredericton, was appointed on the Monkton high school staff to succeed H. B. Steeves, who resigned last term to take the principalship of the Shediac schools. Mr. Colwell is a graduate of the University of N. B. A sad fatality occurred at Shediac at one o'clock yesterday. The six-year-old daughter of John Votour was run over by a truck team and killed. The horse became frightened and started to run away, running over the child, playing on the side of the street. The little one lived an hour after the accident.
Management of the race track are looking forward to two big days tomorrow and Saturday. Many horsemen are in attendance.

SCHOONERS COLLIDE.

PORTLAND, Me., July 6.—The three-masted schooner Melissa A. Willey of Thomaston, Me., which was towed into the harbor late this afternoon in a damaged condition, was in collision earlier in the day off Seguin during a thick fog with the three-masted schr. W. D. Hilton, lumber laden, from Bangor for New York. Her jibboom was carried away and her head rigging and bobstays ruined. The other schooner was injured about the port bow and came into port leaking but under her own sails. The Willey was stove laden from Clark's Island to Norfolk. Both schooners will repair at this port. The damages are not serious and neither captain blames the other. The fog horns on the Hilton were not heard distinctly on the Willey, and to this fact the accident is attributed.

"I hear the Widow Catchem is to be married again," said the undertaker's wife. "and of the fifth time, too. It's perfectly scandalous—don't you think so?"
"You must excuse me, my dear," replied her husband, "but it would hardly be right for me to say anything against Mrs. Catchem. She is one of my best customers."

THE HALF-HOLIDAY.

First General Observance Begins Tomorrow

-No Special Programme-List of Firms Who Are In It.

A large number of firms have got into line and decided to close their premises tomorrow at noon, and so give their employees a chance of setting away from the city for the week end. There has been nothing specially arranged by the clerks' association for tomorrow afternoon as it was felt that the arrangements already existing for their amusement at Seaside Park, and elsewhere, are ample. Quite a number of the clerks will be joining the various excursions which are taking place tomorrow, of which there are an exceptionally large number. It is probable that on Saturday week, a demonstration will be held by the members of the association on the harbor, when a band will be engaged to discourse sweet music and a firework display will be given later in the evening.

The following firms are amongst those who will close their premises tomorrow:

Dry Goods: Manchester, Robertson, Aspin, Macaulay Bros. F. W. Daniels & Co., Dowling Bros. F. A. Dykeman & Co., R. Strain & Co., A. O. Skinner, John K. Storey, C. K. Cameron, H. G. Marr (Parisian), Miss McLaughlin, Lyley Bros.

Furniture: John White, Geo. E. Smith, N. A. Horn & Co., Am- hand Bros., Hutchings & Co., W. O. Dunham, F. L. Peterson.

Boots and shoes-Waterbury & Rising.

It is expected that by Saturday week this list will be at least doubled.

THE PORTLANDS DISBAND.

North End Baseballists Can't Make Enough

Money Out of the Game Under Pres- ent Conditions.

The Portland base ball team has dropped out of the league, and has disbanded till such time as a proper organization can be effected that can do business on a paying basis. With possibly one exception the Port- lands were out for the stuff and when on Saturday last, Dominion Day, each man only received \$2.75 for his day's work, two games, they decided to go out of business and wait for better times or until the game is on the line again, which will probably be some time yet as the present man- agers have shown no disposition to give the public the kind of ball they want.

The St. John's are making a noble effort to keep the game going and on Saturday will play the Moncton team on the Victoria grounds. The St. Johns played in Eastport this week and were badly beaten in two games. Prior to the second game the Eastport con- tingent as an appetizer chewed up the team from the United States cruiser Florida, that was exhibiting in the Quoddy waters.

STOLEN WATCH TRACED.

Sergt. Campbell, who is acting as de- tective, while Officer Killen is on his vacation, has traced the watch and chain which Harry Walsh is alleged to have stolen from D. H. McNutt, of Sussex. It will be remembered that Walsh was arrested on Mill street on Tuesday after having out Samuel Web- ber's hand somewhat badly. Constable McLeod arrived from Sussex soon after with a warrant to take Walsh back. Yesterday Sergt. Campbell traced Mr. McNutt's chain to Geo. A. Whitaker, of Mill street, where Walsh had traded it to Mr. Whitaker for a five cent cigar.

Later on the watch was also discov- ered at a second-hand store on Mill street kept by David Komesky, who said Walsh had also traded it to him. Both watch and chain are now in the possession of the police, and Mr. McNutt is particularly pleased at the recovery of the watch, not so much for its intrinsic value, but for the fact that it was given him by his dead brother.

Walsh will be remembered to be the man who was put under arrest by the military authorities at the Sussex camp, on a charge of insubordination, and who was particularly pleased at the recovery of the watch, not so much for its intrinsic value, but for the fact that it was given him by his dead brother.

POLICE COURT.

There was little doing again at the police court this morning, the only prisoners being three ordinary drunks, one of whom was a woman of notorious character. She was fined \$8 or two months. A respectable looking young man of 21 who has twice been charged with drunkenness within the last forty- night, had to pay \$4 or do ten days.

The remaining case was that of a dip- somania, who was called on for \$8, with the alternative of thirty days. John Quigley and Eldon Wilson, two lads, should have turned up to answer a charge of fighting on Brussels street on Sunday last. Eldon turned up, but John didn't, and as from the former's statement Quigley was the aggressor, Acting Magistrate Henderson allowed Wilson to swear an information charging Quigley with assault. The police are now looking for the latter.

SELECTED TO FILL POSITION.

Miss Jessie Hutchinson, of Bridge street, North End, is now filling the position of stenographer for the Page Wire Fence Co., having been selected by the situation department of the Currie Business University, Ltd.
