BOY'S SUCCESS

Bellefleur Young Man En Large
Business in Arizona.

Raymond Curry who left Belle-
fleur over a year ago and went
west until he reached his Uncle's
in Arizona, has bought a large
business in Wickenburg, Arizona.

Mr. Curry arrived in Wicken-
burg June the 14th 1910, remained
one week, when he went to Tempe
Arizona, to his uncle M. E. Curry,

where he stayed only one month
when he entered the Lanson Busi-
ness College one of the most
famous colleges in the south west
from which Mr. Curry holds a

valuable document which shows
of his speedy prosperity in that
institution.

Mr. Curry returned to Wicken-
burg only a few months ago and
became familiar with the business
so quickly that on the 1st of Aug
1911 he bought all his Uncle's

property in Wickenburg consisting
of three hundred town lots, five
beautiful houses, a large water
system that supplies the city with

water, a beautiful large brick
building in the most desirable lo-
cation of the city.

Mr. Curry also bought the
Wickenburg Wholesale Grocery,
a beautiful store and ware-
house, which at present does one
of the largest grocery business in
Wickenburg.

Mr. Curry is an excellent busi-
ness man besides an honest up-
right kind hearted gentleman, his
future is looked upon as one of
bright sailing through life, as well
as prosperous in business.

AN INTERESTING WEEK

IN POLITICAL FIELD

Laurier, Monk, Bourassa and
Lemieux, With Many Lesser

Lights, Keep the Pot on the
Boil in Quebec Province—

Census Takers Say Ghost has
not Walked Yet--Messages to

Heaven Carry no Charge.

Montreal Aug. 25—The past week
has seen the parliamentary election
campaign waken into a vigorous life
that has been in marked contrast with
the preceding fortnight's quiescence.

It has been asserted that Sir Wilfrid
in its size and evident attention to
the orators on both sides was somewhat
of a surprise to watchers on the rim
of the crowd. The reception accorded
the Hon. Mr. Lemieux and Mr. Bour-
rassa by the St. Hyacinthe crowd was

expected to tip off the forecasters as
to which way the political wind is
blowing in the Province of Quebec.

It has been asserted that Sir Wilfrid
is losing his power amongst his com-
patriots. It has also been shouted
from the housetops that Quebec would
come back more solid than ever.

St. Hyacinthe, in the minds of many,
was to decide but St. Hyacinthe did
not decide. After it was all over one
could no more tell whether the feeling
was Liberal or Conservative than be-
fore. Both sides claimed success.

Perhaps both were successful. It is
hard to pick a rouge or a bleu when
he stands under the sun, his face
turned immobile to the speaker and
nothing but a hummed tune and a
growth of beard and badge sentiment
by.

Then there was Three Rivers and
Quebec, where Sir Wilfrid himself
spoke. Both were undoubted triumphs
for the Liberal leader. But, on the
other hand, there were Lachine and
St. Lazare where Monk and Bourassa
spoke. At neither of these places
would one suppose there was a Liberal
within a hundred miles. It is a pretty
battle throughout the Province, and
any man risks his reputation who
attempts to prophesy the outcome be-
fore September 21.

GHOST WALKS SLOWLY

The Census enumerators of Mon-
treal are complaining that they have
not yet received their cheques from
Ottawa. They were promised them,
they say, early this month with ten
per cent to be retained in case errors
should be discovered requiring rectifi-
cation, but, up to date the enumera-
tors are without them, and still wait-
ing.

One of the local Census Commis-
sioners went to Ottawa last week. He
says he saw "several cheques actually
made out and offered to bring them
away with him, but his offer was
turned down, and he was informed
that the cheques would be mailed that
day.

In St. Lawrence Ward the petitions
were all in by the second week in
July, and all the enumerators cannot
imagine why they should be kept
waiting for their pay. They contend
that they should not be called upon to
wait, in some cases at much incon-
venience, any more than a permanent
official.

THIS MESSAGE IS FREE

"There is no charge for sending
messages to heaven though you have
to pay for them on earth," is what
the wireless operator on board the
North German Lloyd SS. Bremen
told Mathilde Sinclair, a ten year old
girl, who that day had made her first
communion on board the ship. Math-
ilde was returning with her mother
from Paris, and Archbishop Bruchési
of Montreal being on board suggested
to Mrs. Sinclair that her daughter
should make her first communion
before leaving the ship. Mrs. Sinclair
consented, and the little girl dressed
in white communicated at the hands
of the Archbishop, who was assisted
by four priests, eight sisters of Notre
Dame also being present.

The captain gave a dinner in honor
of the event, with a special cake for
Mathilde. During dinner a steward
brought her what purported to be a
wireless message on which her name
was written, and underneath, "To the
little angel of the ship." The message
was signed, "Your guardian angel."

It was with regard to this message
that Mathilde mentioned the wireless
operator. He assured her that he
had received the message on his in-
strument, and supposed that an angel
had sent it.

Mathilde asked if she could send a
reply, and on being told she could,
asked how much it would cost. It was
then the wireless operator told her
there was no charge for sending a
message to heaven.

This was too much for an American
child to believe, so she promptly re-
plied, "The message did not come from
heaven at all, it was the Archbishop
sent it."

Mathilde promptly taxed the Arch-
bishop with being the author of the
message and His Grace as promptly
admitted it.

MONCTON BALL

TEAM COMING TO

CAMPBELLTON

Moncton, Aug. 24th—Arrange-
ments have been completed where-
by an All-Moncton baseball team
which plays in Campbellton on
Labor Day will leave on Sunday
on No. 75 train, and a special car
has been procured for the trip.

The team will be picked from the
following players: McDonald, J.
Edington, McKie, McLellan, Wel-
don, Swetnam, Gallagher, J.
Crockett, McBeath, Armstrong,
McAleese, W. Edington, Try,
Milton and Balsor.

AN ENGLISH CHEMIST HAS DIS-

COVERED HOW TO GROW HAIR

In England the ladies have entirely
abandoned wearing hats, which is due
entirely to this new discovery.

It has been proven that Henna
leaves contain the ingredient that
will positively grow hair. That they
contain this long-sought-for article is
proven every day.

The Americans are now placing on
the market a preparation containing
the extract from Henna leaves, which
is having a phenomenal sale.

This preparation is called SALVIA,
and is being sold with a guarantee
to cure Dandruff and to grow hair in
abundance. Being daintily perfumed,
SALVIA makes a most pleasant hair
dressing. The White Drug Co., your
druggist, is the first to import this
preparation into Campbellton and a
large generous bottle can be pur-
chased for 50c.

On Tuesday a small fire broke
out at Miller's Mill, and on Wed-
nesday a check at the rear of
Little David's store was burned.

Little David's store was burned
down, but there are only warnings.
Are we prepared to fight a fire of
any size at all? Have we learned
our lesson? Think over it!

On Monday evening the conquering
Mechanics received a heavy check
from the tail ends. The Mechanics
had only to win this game to put
themselves in a strong position as
winners, but alas the Colonials arose
forthwith and swept their opponents
out 7 to 4. Some of the free and un-
lightened suffragettes voted this game
the tic tic of the season.

R. 1.

On Wednesday evening the Town
and the Mechanics met in their final
match of the season, although the
Town boys have a protest in against
the last game won by the Mechanics.
The Town boys had out a new
pitcher in Mooney who usually plays
short stop, and the Mechanics played
Jill Moore in place of O'Keefe; two
rival shorts taking the box. In the
first innings the Mechanics made five
runs, making the game almost safe
out the Townonians cooked the goose
when they netted seven runs with two
men out in the first.

This game finishes the chances of
the Mechanics taking the top place, as
at best they can only tie with the I.
N. R. and should the greatest of the
Town be upheld they are a big chance
of dropping down below the Town
team.

Scores 1 2 3 4 5 Total
Town 5 0 1 x 8

ZAM-BUK
SAVED THIS BABY

Mr. M. Barrett,
for Mrs. M. Barrett,
Montreal, says:
"A horrid
rash came out all over my baby's face and
spread until it had totally covered his scalp.
It was irritating and painful, and caused
the little one hours of suffering. We tried
soaps and powders and salves, but he got
no better. He refused his food, got quite
thin and worn, and was reduced to a very
serious condition. I was advised to try
Zam-Buk, and did so. It was wonderful
how it seemed to cool and ease the child's
burning, painful skin. Zam-Buk from the
very commencement seemed to go right to
the spot, and the pimples and sores and the
irritation grew less and less. Within a
few weeks my baby's skin was healed
completely. He has now not a trace of
rash, or eruption, or eczema, or burning
sore. Not only so, but cured of the ter-
rible skin trouble, he has improved in
general health."

Zam-Buk is sold at all stores and medicine ven-
dors, or a box or post free from Zam-Buk Co.,
Toronto, Ont., Canada, for \$2.00. A certain cure
for all skin diseases, cuts, burns, etc., and for piles.

SEALED TENDERS addressed to
the undersigned, and enclosed "Ten-
der for supplying Coal for the Domini-
on Building," will be received at this
office until 4.00 p.m., on Tuesday,
September 26, 1911, for the supply of
Coal for the Public Buildings through-
out the Dominion.

Combined specification and form of
tender can be obtained on application
at this office.

Persons tendering are notified that
tenders will not be considered unless
made on the printed form supplied,
and signed with their actual signa-
tures.

Each tender must be accompanied
by an accepted cheque on a chartered
bank payable to the order of the
Honorable the Minister of Public
Works, equal to ten per cent (10 p.c.)
of the amount of the tender, which
will be forfeited if the person tender-
ing declines to enter into a contract
when called upon to do so, or fail to
complete the work contracted for. If
the tender is not accepted the cheque
will be returned.

By order,
R. C. DESROCHERS,
Secretary

Department of Public Works,
Ottawa, August 11, 1911.

Newspapers will not be paid for this
advertisement if they insert it with-
out authority from the Department.

RECIPROCITY WILL WIN
IN NORTHUMBERLANDMessrs. Loggie and Emmerson
Speak to Crowded House in
Newcastle on the 18th Inst.

Mr. W. S. Loggie and Hon.
Henry R. Emmerson spoke in
Newcastle Opera House on the
18th inst. the hall being well filled.
A large number of ladies were
present.

St. Mary's Band escorted the
speakers from Hotel Miramichi to
the Hall, giving their valuable
services gratuitously.

Hon. John P. Burchill, M. P., P.
presided, and with him on the
platform were Ex-Mayor Hennessy,
Aldermen Stables, and others.

The subject discussed was
principally Reciprocity, which
both sides (outside of Quebec,
where several other issues are
being discussed) appear to con-
sider the main question before the
electorate.

W. S. LOGGIE
W. S. Loggie, who was received
with great applause, showed that
under the Macdonald Administration
representatives were sent year
after year to Washington to ask
for such reciprocity as we are about
to get now. Sir John Thompson
in 1891 ran his election promising
to do what he could to get recipro-
city, which he, Thompson, thought
could be got without any sacrifice
of Canada's interests (applause).
The Conservatives had kept up
their efforts to get reciprocity till
they went out of power in 1896.

In 1893 he (Loggie) went to
Ottawa as delegate to the Liberal
Convention. Two planks in the
Liberal platform adopted that year
were Tariff for Revenue and Rec-
iprocity Trade with the States.
Winning in 1896, the Liberals gave
Britain a preference, the first of 25
per cent, later of 33 1/2 per cent. The
Conservatives opposed this prefer-
ence to the Motherland, predicting
ruin to our factories. But the
preference had bound us closer to
Britain and had hurt no Canadian
industry (applause). Liberals had
then proposed reciprocity with the
States, but were rebuffed. Then
Sir Wilfrid Laurier declared that
the next ventures must come from
the States. Therefore, reciprocity
was not a live question here in the
elections of 1904 and 1908.

Eighteen months ago the States
had threatened a tariff war against
us, because of our trade treaty with
France and other countries. But
President Taft had, instead, invited
Hon. Mr. Fielding to Albany where
they arranged that the American
tariff should not be imposed upon
Canadian imports.

This led to further offers from
the States which resulted in a mutu-
al arrangement for free trade in
natural products. Even the Con-
servative press had favored the
pact until Sir Edmund Walker,
banker, who borrows farmers' money
at three per cent and sends it to
the States for investment,
tried to make our farmers believe
it was disloyal to send their goods
to the States.

Frank Masson—Will our farmers
get better prices ever there?
Mr. Loggie—They did not last
spring for potatoes, but nineteen
years out of twenty, the Canadian
farmer could have sold better in
the States than at home.

It is said continued Mr. Loggie,
that if we have reciprocity the
Americans will gobble up Canada.
Is a contention was absurd.

Under the reciprocity pact there
is no interference with the provin-
cial governments' regulations re-
garding lumber. Pulp wood has
always been admitted free to the
States, but manufactured pulp was
dutiable at about thirty-three per
cent. Now paper will be admitted
free to States if made from private
pulpwood. But paper from crown
lands where there is an export
duty will not be free.

Will the Yankees gobble up our
fisheries? The pact gives the
Yankees no fishing rights they
have not now.

Our surplus laths, shingles and
fresh fish cannot be exported to
Europe. They must go to the
States. Remission of duties on
such articles means so much gain
to the Canadian producers. The
middleman will not get the extra
profit.

Reciprocity will have a splendid
effect upon our manufacturers. It
will enrich our exporters who will
have more money to buy Cana-
dian manufactures. The Recipro-
city pact does not directly affect
the manufacturers, but they will
be indirectly greatly benefited by
the inevitable expansion of trade.
Also, reciprocity, making people
richer here, will increase our de-
mand for luxuries which will
largely come from Britain. This
Trade arrangement will promote
unity between

If You are Not at Your Best
don't worry about it—there's no good in worry. Get better!
If your stomach is wrong, your liver and bowels inactive—your
nerves are sure to be on edge and your blood impure. Be
cheerful and hopeful. As they have helped in thousands of cases,
BEECHAM'S PILLS
will help you and will give your system the natural help it needs.
A few doses will make a great difference in your feelings and your
looks. They will help you all along the line—to a clear head,
free from aches—to bright eyes—to healthy active organs. This
sure, quick and tonic family remedy will help Nature to
Restore Your Full Vigor
Prepared only by Thomas Beecham, St. Helens, Lancashire, England.
Sold everywhere in Canada and U.S.A. In boxes 25 cents.

ESTABLISHED 1780 DORCHESTER, MASS.
Canadian Mills at 1000 ALBERT STREET, MONTREAL.

**B. AND MAINE
LEAGUE-BLOWS UP**
Fredericton and Woodstock to Play
for Championship.—Marathons
the Cause of the Trouble.

The New Brunswick & Maine Base
ball League has blown up.
The meeting of the executive which
was to have been held at McAdam
last night was transferred to Saint
Stephen, where the magnates met at
the Windsor Hotel.
The meeting opened after ten
o'clock and the first proposition was
to cut the marathons out of the
league and go along with four teams,
Fredericton, Woodstock, Calais and
St. Stephen, and have all clubs agree
not to play against the Marathons.
Finally, however, the Calais and St.
Stephen clubs decided that they had
some games arranged with the Mara-
thons and that they would play those
games. The Fredericton and Wood-
stock teams then withdrew from the
league and the result was that the
organization has blown up.
The action taken by the Frederic-
ton and Woodstock clubs is the re-
sult of the St. John's having been
withdrawn from the league and as a
protest against running syndicate
baseball, such as has existed at Saint
John this year. It has also been
agreed by the managements of Fre-
dericton and Woodstock clubs that
they will not play against any base
ball team in St. John conducted by
D. E. Donald.
The Fredericton clubs game at
Calais today will not be played and
the Calais team will therefore not be
here next Tuesday, as arranged yes-
terday at Calais. The Fredericton
team is returning on the noon train
today from Calais and a series of
games will be arranged with the
Woodstock club to commence the first
of the week. Two or three games
will probably be played here next
week.—Fredericton Gleaner.

MYSTERIOUS ASSAULT CASE
That she was the victim of an
assault is the statement made by
Margaret J. MacLean, of Chatham,
the stenographer who was found
bound and hysterical in the office
of J. A. Peggley & Company's
supply store, Prince William St.
St. John, late Friday evening.
Soon after six o'clock, she says, a
strange man entered the office and
after threatening to shoot her if
she should raise a cry, tied her
hands behind her back, a handker-
chief around her mouth, and then
after throwing her to the floor
struck her over the head with a
revolver and she became uncon-
scious. A slight man of medium
height, clean shaven, and wearing
a dark suit, is the description
which she gives of her assailant.
The police have no clue to the
matter as yet.

DIED
At the residence of her daughter,
Mrs. C. T. Munroe, Ferryville,
Aug. 20th, Mrs. Harry Turnbull,
aged 63 years.

**MARITIME BOARD
OF TRADE MEETING**
Demands Better Trade Relations,
Better Roads, Better Inspec-
tion of Meats, Etc.

The 17th annual meeting of the
Maritime Board of Trade was held
in Moncton on the 16th and 17th
instants. Among the delegates
attending were: P. Hennessy, E.
A. McCurdy, Ald. Stables, C. C.
Hayward, C. C. Hayward, S. W.
Miller, James Falconer and Rev.
W. J. Bates of Newcastle, and
D. P. MacLachlan, Geo. Watt, W. B.
Snowball, Geoffrey Stead, W. Dick
and others, of Chatham.
St. John Board was reported
still unwilling to rejoin the Mari-
time Board.

MARITIME UNION
The union of the Maritime
provinces was endorsed, 24 to 8.

TRADE WITH WEST INDIES
Better trade relations with Cuba
and other West India Islands was
demanded, by means of a new
steamship service.

GOVERNMENT INSPECTION
It was unanimously resolved
that this Maritime board of Trade
request the Dominion government
to appoint a sufficient staff of
inspectors to inspect (a) grain, (b)
hay, (c) meat products used for
home consumption and traded in
between the three Maritime
Provinces and Newfoundland, and
also all cows the milk of which is
used for making cheese, butter,
condensed milk, etc., and that the
local governments pass such
legislation as will protect the
local consumers when and where
the Dominion Government has not
the necessary jurisdiction.

Mr. W. B. Snowball said this
was a matter that should be con-
sidered very fully. He cited
cases of tubercular affected cattle
being placed on the market in New-
castle and Chatham. Within the
last ten days one animal of a cer-
tain of cattle was found by
accident to be affected, and was
shipped back to the shipper.

Mr. Hennessy spoke of the value
of inspection of hay, and said it
would be a great thing if the
Board could do anything along
this line.
Ald. Stables referred to the case
of diseased meat at Newcastle
spoken of by Mr. Snowball, and
said it bore the stamp of the
government inspector and was
imported from the West.
Mr. S. W. Miller of Newcastle
corroborated what Mr. Stables had
said. He said all the meat they
imported from Ontario bore the
government inspector's stamp.
As a dealer he could say they had
received meat bearing the in-
spector's stamp that was not the
quality of meat they had paid for.
The meat referred to by other
speakers was in such a bad con-
dition that it was condemned by
Dr. Milton of Chatham, and ordered
to be buried, although it bore the
government's stamp. If the
government stamp was not to be
of any more benefit to the dealer
and consumer than in the past,
there was very little use in having
inspectors at all. The food
inspection law was not being
carried out. When the meat in
question arrived at Newcastle, Col.
Maltby, police magistrate had
ordered the dealers not to use it,
and later it was condemned by
medical inspection. Mr. Miller
said he knew there were dozens of
inspectors in Ontario who were
not veterinary surgeons. The
trouble was that about election
time some fellow through a pull
was appointed inspector when he
knew nothing about his duties.
He urged that practical men, re-
gardless of politics, be appointed
to these positions.

ROADWAY IMPROVEMENT
Hon. C. W. Robinson moved,
seconded by S. W. Miller, that the
governments of N. B. and N. S.
be memorialized to improve the
principal highways for tourist and
general travel, and the P. E. I.
government to repeal the pro-
hibition against the running of
autos.

Mr. Snowball recommended the
split log lag for roads.
F. A. McCurdy wanted a high-
way act, the content con-
structed by federal government.

The road from Chatham west-
ward to Moncton should be con-
sidered one of the principal high-
ways.
W. B. Snowball and P. W.
Sumner, (Chatham) favored har-
monizing money to build the roads.
A request of P. E. I. members
the clause referring to P. E. I. was
eliminated and resolution passed.

SECOND DAY
Standing committees were ap-
pointed to press resolutions passed
upon local and Dominion legisla-
tives.

FOREST PROTECTION
It was resolved,
That a Forest Protection Board
be appointed by each province to
own and the property belong, over-
each case of forest fire, and such
Board shall employ a competent
officer or officers, with power to
administer oath, who shall make a
thorough investigation in each
forest fire and report fully on the
cause and the responsibility there-
to the Board, with such recom-
mendation as shall appear to them
advisable in each case.

TO MEET IN TRURO
Next meeting will be held at
Truro.
Per capita tax of local boards to
Maritime Board was fixed at 50
cents.

EXPRESS
It was resolved, That
Whereas it has been found that
the classification recently made by
express companies has not pro-
duced the results of cheaper rates
aimed at, but acts to the dis-
advantage of the general public
Therefore resolved, that this
matter be again urged on the
attention of the Railway Com-
mission with a view to having
this grievance remedied.

IMMIGRATION
The Maritime governments
were called upon to appropriate
liberal sums to educate the people
of the mother country regarding
the variety and natural riches of
the Maritime Provinces and to
impress them with the advantage
of citizenship in such a community
as ours, and to urge upon the
federal government an immigra-
tion policy advertising the Mari-
time provinces as effectively as
the West.

OFFICERS
Following officers were elec-
ted: Pres, Dr. Dunbar, Truro, 1st V.
P. Pas Paton, Charlottetown, 2nd
V. P. E. A. McCurdy, Newcastle;
Sec. treas: Thos. Williams, Moncton;
Cor. Sec: G. A. Hall Truro.
Convention adjourned at noon
on the 17th. In the afternoon the
visitors were taken in autos to the
oil and Gas Wells of Albert Ca-
and were banquetted in the even-
ing by Moncton Board.

**SOCIALIST
CANDIDATES**

Eight Already Nominated For House
of Commons and More Expected
to Enter the Field.

The following Socialist candi-
dates have been nominated to con-
test the General Election:
Cape Breton South—Alex. Mc-
Kinnon, Town Engineer, Glace
Bay, N. S.

St. Lawrence Division of Mont-
real—W. U. Cotton, Editor of
Cotton's Weekly.
Ottawa—A. G. MacCallum.
Brockville—Byron Wing.
Nipissing—Convention on Aug.
13—Name of candidate, not to
hand.
Winnipeg—R. A. Rigg.
Edmonton—Mr. Farnilo.
Vancouver—E. T. Kingsley.
Other candidates are expected
before Sept. 14th, in Calgary,
Yale-Caribou and other places.

**RAGING HEADACHE
STOPPED AT ONCE**

When He Took "Fruit-a-tives"
SHANLEY, ONT., Sept. 23rd, 1910.
"You certainly have the Greatest
discovered Headache Cure in the world.
Before "Fruit-a-tives" came before the
public, I suffered tortures from Head-
aches caused by stomach disorders."
"One of your travellers called on me
when I had one of my raging head-
aches and had my head almost raw from
external applications."
"I hated to see any person coming
into the store (much less a commercial
traveller) and I told him very early
that I had a headache but he insisted on
my trying "Fruit-a-tives".

"I did so, with what I would call
amazing results. They completely cured
me and since then (nearly six years
ago) it is only necessary for me to take
one occasionally to preserve me in my
present good health. I was 65 years old
yesterday and have been a general store
keeper at the above address for twenty-
five years".
W. M. FITZ
As Mr. Fitz says "Fruit-a-tives" is the
greatest headache cure in the world.
Dealers everywhere have "Fruit-a-
tives" at 50c a box, 6 for \$2.50 or tri-
size, 25c, or sent on receipt of price by
Fruit-a-tives Limited, Ottawa.

D. W. Sullivan
Water St., Campbellton.

The Campbellton Graphic

J. G. McCOLL, Editor H. B. ANSLOW, Manager,

CAMPBELLTON, N. B., AUGUST 25, 1911.

No need of a saw off. Let's beat the whole bunch.

The Battle Cry, Reid, Restigouche and Reciprocity.

The Liberals are confident that James Reid can beat any combination of candidates in Restigouche.

We may presently be paying more for our English goods, as a result of scarcity, caused by the strikes, which are affecting transportation.

Some enthusiastic Tory in St. John has written a campaign song. Oddly enough it is to be sung to tune, "There's nae luck about the house."

Well! Ossie has his match. Dr. Atherton of Fredericton has been nominated as the Liberal Standard bearer for York and the Conservatives are on the run. Just watch the leaders fly.

Mr. O. S. Crockett predicts that the Conservatives will carry from seven to ten seats in New Brunswick. The campaign, therefore, is not without a touch of humor here and there, even when the joker does not mean to be funny.

If the United States is not a market for us, will some Tory editor please tell us why we sell lumber, hay, hams, geese, smelts, etc. to the United States now in spite of the duty? Now please don't all speak at once.—Sackville Tribune.

Canadian reciprocity means inevitably the extension of many small news print producers in the United States. Probably another five years will see twenty-five per cent of International Paper Company's business done in Canada. The company sold \$23,095,745 worth of paper in year ended June 30.—Boston Despatch.

An Ottawa paper says: "A Warkerville automobile factory is enlarging its plant in anticipation of reciprocity, even though the duties upon autos are not to be reduced under the agreement. Its managers are business men, and they know that the more prosperous the farmers become the more demand there will be for automobiles."

"I have been in Gaspé for two weeks, speaking in every corner of it," said Mr. J. L. Perron, M. P. P., to a "Witness" reporter, "and it is Lemieux everywhere, and all the way. Amongst Liberals, Conservatives and Nationalists alike, the only anxiety seemed to be to ascertain whether the Hon. Mr. Lemieux would run or not. Mr. W. A. E. Flynn, the Conservative candidate, will make a hard fight to save his deposit, but I do not think the Opposition will have more than three hundred votes in the constituency."

Six

minutes is all the time required for brewing Red Rose Tea, and the result is a beverage of matchless flavor and satisfying strength. The verdict of your family will be that

RED ROSE TEA

The following from the graft organ of the local government, the Fredericton Gleamer, is certainly rich.

"In Restigouche County the Liberal-Conservative party is most fortunate in securing the services of such a popular and successful man as Mr. W. S. Montgomery. The present Mayor of Dalhousie has been one of the most active participants in the industrial life of the county for many years, and has ever been distinguished for his honorable dealings towards all with whom he came in contact in his large business interests. A man of parts, he will prove a very worthy representative of the important constituency on the North Shore."

This cannot safely be in reference to our Billy Montgomery, the man of Chappel fame, and the one who sold the swamp land to his native town, a worthy representative of trusts and deals. It certainly is a huge joke on Billy—

BASEBALL GOSSIP

The baseball committee have made arrangements to supply Campbellton with a good days entertainment on Labor Day. There will be two games with an All-Moncton team with Gerald McLellan the former Campbellton south paw in the box for Moncton. McLellan has a good record having one hit no run game to his credit this year. Campbellton boys have made arrangements to have their strongest line-up on the field and the followers of the game will sure see the game of the season.

DOUBLE WEDDING

A double wedding took place at eight this morning in the pro cathedral with Rev. F. O'Keefe officiating. The principals in the first ceremony were Lester S. Daley of Loggieville and Miss Catherine Moran daughter of William Moran, Chatham. The young couple were attended by Miss Helen Moran, sister of the bride, and Thomas Croft. The second couple were John D. Daigle of Douglastown, and Miss Margaret Muscard of Chatham. They were attended by Leonard Muscard.

THE POWER OF SYMPATHY.

Mother's Too Often Form a Habit of Constant Reproof.

Although conscious of the power of sympathy, many loving but overbearing mothers not only forget to show affection but form a habit of constant reproof. Naturally enough the children, unless exceptionally callous to their surroundings, become sullen and resentful. How can they realize that the nagging is an expression of anxious affection?

When Johnny comes rushing into the house full of enthusiasm over some new play or new idea, and eager to tell his plans, such a mother exclaims, "How many times have I told you to wipe your feet before you open the door?" The greatest sin of his enthusiasm, and hurt and wounded, he draws back into himself, and will not again expose himself to such a snub. He confides in her less and less as he grows older, and she wonders why.

There is sound psychology in the statement that if you believe a man is honest he will be honest; that if you trust a young man he will prove trustworthy; that if you make a child he will deserve praise. Benjamin West's mother kissed her boy when he showed his drawing to her, and the boy grew to manhood, and his mother's kiss made a painter of him.

A RAVENOUS INDUSTRY.

How the Paper Makers Are Destroying the Forests of the United States.

The forests of the United States now cover 550,000,000 acres, or about one-fourth of the area of the country. Forests publicly owned contain 10 per cent of all timber standing. The timber privately owned is not only four times as much as the public, but it is generally more valuable.

Forestry is not practiced on 70 per cent of the forests publicly owned and on 90 per cent of the forests privately owned, or on only 15 per cent of the total area of the forests.

The original forests of the United States contained timber in quantity and variety far beyond that upon any other area of similar size in the world. The 550,000,000 acres covered with a stand of not less than 5,200,000,000 board feet of merchantable timber, according to present standards of use. There were five great forest regions—the northern, the southern, the central, the Rocky Mountain and the Pacific.

The present rate of cutting is three times the annual growth of the forests of the United States. The great fisheries of the Lake States are nearing exhaustion and great irruptions have been made upon the supply of valuable timber throughout all parts of the country.

The heavy demands for timber have been rapidly pushing the great centres of lumber industry towards the South and West. In consequence, the State of Washington has led for several years in lumber production, followed in order by Louisiana, Texas, Mississippi, Wisconsin and Arkansas. In 1908 the production of yellow pine lumber amounted to eleven and one-quarter billion feet; the Douglas fir, which is the second place, with three and two-thirds billion feet; while white pine came third, with three and one-third billion feet.

The annual cut from the forests, including waste in logging and in manufacture, is 20,000,000,000 cubic feet of wood.

There is used in a normal year 90,000,000 cords of fire wood, 40,000,000,000 board feet of lumber, 118,000,000,000 shingles, 1,500,000,000 staves, over 122,000,000 sets of heading, nearly 2,600,000,000 barrel hoops, 2,000,000 cords of native pulp wood, 155,000,000 cubic feet of round mill timbers and 1,250,000 cords of wood for distillation.

In 1909 4,002,000 cords of wood were used in the manufacture of paper, of which 704,000 cords were imported from Canada. The demand for pulp wood is making a severe drain on the spruce forests, which furnish the principle supply. The Forest Service of the United States Department of Agriculture is conducting investigations to determine what other woods, such as scrub pine, white fir, tupelo and the like, can be successfully used.

A larger drain upon forest resources is made by the demand for railroad ties, of which 122,754,000, equivalent to three and three-quarters billion board feet, were used in 1908. White oak, hitherto the chief source of supply, is not plentiful enough to meet this demand indefinitely, and in many parts of the country the supply of chestnut, cedar and cypress is dwindling; however, seasoning and treating methods are being found, largely through the work of the Forest Service, by which cheaper and more plentiful woods, such as lodgepole pine in the Northwest and locust pine in the South, are made fit for use as ties. Timber to the amount of two and one-half billions feet was used in 1907 for mine timbers. A great saving has been effected in the naval stores industry, also largely through the work of the Forest Service, by the introduction of the so-called "cup" system of turpentine in place of the old destructive system of "boiling." The new system insures a larger product of better quality and prolongs the life of the forested pine forests upon which the industry depends.

Fire-cumbersome timber was made as early as 1860 B. C.

Focus Your Wants

Classified Want Ads. will fill all your requirements. They act as a lens which will concentrate all your needs, and bring them to a perfect focus of satisfactory results.

Would You Provide for the Care of Canada's Needy Consumptives?

THEN SEND YOUR CONTRIBUTION TO THE MUSKOKA FREE HOSPITAL FOR CONSUMPTIVES

MUSKOKA FREE HOSPITAL FOR CONSUMPTIVES. MAIN BUILDING FOR PATIENTS.

A national institution that accepts patients from all parts of Canada. Here is one of hundreds of letters being received daily—

John D. McNaughton, New Lis-leard, Ont.: "A young man not belonging here, and suffering from it is in the hospital, is being kept by one of the hotels here. He has no means and has been refused admission to our hospital. The conditions where he is offer him no chance. Could he be admitted to your hospital for Consumptives? If not, could you inform me where he can be sent, and what steps are necessary to secure prompt admission? I am a single patient and have been refused admission to the MUSKOKA FREE HOSPITAL BECAUSE OF HIS OWN WEALTHY TO PAY."

Since the hospital was opened in 1902, one thousand five hundred and twenty-four patients have been treated in this one institution, representing people from every province in the Dominion. For the week ending November 20th, 1910, one hundred and twenty-five patients were in residence. Ninety-six of these are not paying a charge for their maintenance—absolute free. The other twenty-nine paid from \$2.00 to \$4.00 a week. No one pays more than \$4.00. Suitable cases are admitted promptly on completion of application papers.

A GRATEFUL PATIENT
Norah P. Canham: "Enclosed you will find receipt for my ticket from Gravenhurst, hoping that you will be able to oblige me with the fare. I was at your Sanatorium ten months, and I was sent away from there as an apparent cure. I am now working in the city, and I am feeling fine. I was most thankful for the care I got from the doctors and staff, and I must say that I spent the time of my life while I was there."

TAKING THE CURE IN WINTER AT MUSKOKA FREE HOSPITAL FOR CONSUMPTIVES.

The Muskoka Free Hospital for Consumptives is dependent on the good-will and gifts of the Canadian public. Money is urgently needed at the present time to make it possible to care for the large and increasing number of patients that are entering the institution.

Will you help?

Where greater urgency?

Truly, Canada's greatest charity.

LOCAL NEWS

The regular election for the selec-
tion of County Councillors will be
held on Tuesday, September 5th.

A well known Des Moines woman
after suffering miserably for two days
from bowel complaint, was cured by
one dose of Chamberlain's Colic,
Cholera and Diarrhoea Remedy. For
sale by all dealers.

We regret to announce the
death of Miss Irene Damboise the
15 year old daughter of Mr. Joseph
Damboise. The deceased girl had
been in delicate health for some
time but the end came very
suddenly on Wednesday morning.

The Public School opens Mon-
day, Aug. 28th. All the books
for the different grades can be
bought at Marquis & Co. The
Big Department Store.

Rev. Dr. Frost of the First
Methodist Episcopal church of
Evanston Ill. preached an eloquent
sermon to a crowded congregation
in the Methodist church Sunday
evening.

Buy it now. Now is the time to
buy a bottle of Chamberlain's Colic,
Cholera and Diarrhoea Remedy. It
is almost certain to be needed before
the summer is over. This remedy has
no superior. For sale by all dealers.

What has gone wrong with the
sidewalk which was promised for
Sugarloaf Street? We fully ex-
pected this would have been out
down long ago, being much more
necessary than the paving of
Water Street north.

Ladies we have just received our
fall stock of Dress Goods, Flannels,
Flannellette, Sweater Coats, etc. A
Big Stock of staple and fancy Dry
Goods. The Big Department
Store, Marquis & Co.

Mr. and Mrs. James Crowley of
Maple Green entertained a number of
Campbellton friends to a nursing
party at their pretty farm on Monday.
After spending the day picking nuts
and berries the party enjoyed a hay-
rack ride home.

An ordinary case of diarrhoea can
as a rule, be cured by a single dose of
Chamberlain's Colic, Cholera and
Diarrhoea Remedy. This remedy has
no superior for bowel complaints. For
sale by all dealers.

Boots and Shoes. We have a
large range of Fall Boots for
Men, Women, Boys, Girls and
Children. When buying School
Boots for the little ones call at the
Big Department Store, Marquis &
Co.

Through the mistake of a com-
positor the item in reference to
American one dollar bills being
cleverly raised to five dollars, and
passed on Campbellton merchants
was made to read: \$100 to \$500.
Watch out for \$100 raised to \$500.

On Monday forenoon the fire
horn gave us a scare being blown
for a fire in Ward III. Fortunately
it was only a small blaze in Mr.
Flowers' house and easily ex-
tinguished but we shudder to
think of the consequences of a fire
of ordinary dimensions starting in
that district. Poor Vinegar Hill,
we certainly got always the hard
end of the stick. When are we to
get adequate fire protection up
there?

Cuts and bruises may be healed in
about one-third the time required by
the usual treatment by applying
Chamberlain's Liniment. It is an
antiseptic and causes such injuries
to heal without maturation. This
liniment also relieves soreness of the
muscles and rheumatic pains. For
sale by all dealers.

The Campbellton and Gaspe Steam-
ship Co., are arranging a special ex-
cursion for Saturday the 2nd Sept.
to Gaspe returning on Monday Labor
Day. To those who know this sail
there is no need to say more, and to
any who have not yet enjoyed the
delights of the Baie des Chaleurs this
is an opportunity which should not be
missed. The steamer Canada will sail
at her usual time 11 a. m. and as a
large number will take the chance of
the sail it would be well to procure
your tickets as early as possible.

THE CAMPBELLTON GRAPHIC

PERSONAL

Miss Ida McEldan from Moncton is
visiting Miss Asker.

Mr. J. G. MacColl of the Graphic
staff left for Montreal on Friday
evening.

Misses Annie Capp and Janet Willis-
ton, of Newcastle are visiting friends
in town.

Miss Della McKenzie spent a few
days at Point La Nim, the guest of
Miss Stella McNeish.

Mr. W. McGowan who has been
holidaying here, left for his home in
Montreal on Monday evening.

The Rev. Canon Smithers, M. A.,
of Fredericton, was a guest at the
Rectory, Dalhousie, on Tuesday.

On Friday, Mr. and Mrs. Harry
Wilson and son Harold of Campbell-
ton, paid a visit to the Rectory, Dal-
housie.

Miss Annie E. McIntyre and her
sister Mrs. Thomas H. Barry and
little son who has been visiting their
parents at the Arlington Hotel, for
the last six weeks, returned to their
home in Boston on Tuesday morning.

Baby Remedies

IT REQUIRES years of experi-
ence and a high degree of expert
knowledge to make baby remedies
that are safe but effective.

There are several among the
Nyal Family Remedies designed
for the children only.

They are made right and are
recommended with confidence.

Nyal's Baby Cough Syrup.

Nyal's Laxative—to regulate the
bowels.

Nyal's Teething Syrup.

Nyal's Teething Lotion to rub
on the gums.

Nyal's Soothing Powders.

Nyal's Talcum or Baby Powder
—Antiseptic and soothing.

Nyal's Soothing Syrup—con-
tains no opiates.

Every one of these is admirably
suited to the particular purpose.

They are each worth the quar-
ter asked and should be in your
children's medicine cabinet.

town, write

Mersereau, THE PHOTOGRAPHER

Dr. de Van's Female Pills
A reliable French regulator never fails. These
pills are exceedingly pleasant in regulating the
generative portion of the system.

--TANS--

Your feet will be much cool-
er during the hot summer
days if you lay aside your
black shoes and wear a pair
of our handsome tans; you'll
also be better dressed from
the standpoint of fashion,
for tans are "the rage."

Even if your ideas are
harder to fit than your feet,
you'll surely find here just
the style you're looking for.
