FALL AND WINTER, STAPLE AND FANCY

Is now receiving his new stock of Fall and Winter, Striple and Fanor Dry Goods, which were selected in the cheapest markets, with a view of suiting the requirements of this section of the Province. Many of them are the production and manufacture of the New Dominion—long by it lies—and for cheapness, excellence, and durability excel anything that has hitherto been in this market; thus already do we feel the beneficial effects of Confederation. An enumeration of the various goods will be given in a succeeding issue of the Stendard; but you reader had better call and see for yourself, as we are anxious to show you what we can do to supply your wants.
