

FAIR OF 1908 IS THING OF PAST ATTENDANCE SMASHED RECORDS

President Reid and the Directors Are Immensely Pleased—Good Weather Helped the Show—Almost an Accident in the Afternoon During the Race Programme.

The Western Fair of 1908 is over. The last performance was given last evening before a fair attendance, and this morning most of the live stock and other exhibits had been taken off the grounds. Yesterday was a typical Friday Fair day, with a good crowd for the close. Secretary Hunt estimated the attendance at 12,000, a considerable increase over other years. The visitors yesterday were largely city people, who took the quiet day of the week to see the show. A large number of school children were on hand, and they had a good time as usual. 12,000 on Grounds. "There were 12,000 on the grounds yesterday," said Secretary Hunt. "This is a very good Friday attendance, an improvement, I think, over other years. Practically all the live stock has gone, and the other exhibits are being removed rapidly. I have heard few complaints, and the exhibitors are all satisfied so far as can be learned. It was a great Fair. We were fortunate in having fine weather the entire week." General satisfaction is expressed at the fine exhibition. It was a success from every standpoint, and the directors are more than pleased with it.

Frightened Horse in Freak Runaway

A runaway horse created a great deal of commotion on Dundas street this morning. It was a fine animal belonging to Mr. E. J. MacRobert, and while being hitched up on Wellington street, suddenly bolted out of the barn and turned west on Dundas street. The frightened animal avoided the crowd remarkably well at the corner of Richmond, and Dundas streets, although several pedestrians had to hurry out of the way. It continued running until the Canadian Packing Company's store was reached when the horse swerved into a rig owned by Mr. R. A. Carrothers, turning it completely over the head of the latter's horse. MacRobert's animal fell with the buggy, but kicked itself loose. Jumping up it turned back on Dundas street, and made a dash down Market Lane. Here it fell and was caught, little the worse for its mad race. The buggy belonging to Mr. Carrothers was smashed to pieces. Fortunately his horse did not become frightened, but stood still during the melee.

WELCOME RAIN COMES AT LAST THE FOLKS AWAY THIEVES MAKE HAY

Owen Sound and Parry Sound Get It—Puts Finis to Bush Fires. Owen Sound, Sept. 19.—Rain fell heavily here last night about 8 o'clock. It lasted only about ten minutes, but it is believed to have quenched any bush fire which still remained burning in this district. Huntsville, Sept. 19.—There was a small rainfall yesterday afternoon. This morning the atmosphere is clear and danger from forest fires is all past. Parry Sound, Sept. 19.—The two hours' heavy rain, which fell yesterday, has extinguished most of the bush fires in this section. A few are still lingering, but no danger is feared from them. The indications are for more rain today. North Bay, Ont., Sept. 19.—Heavy rain yesterday and last night fell throughout this district. As a result most of the forest fires are extinguished. Brockville, Sept. 19.—An electric storm passed over this place about 6 o'clock last evening, rain falling in torrents as a result. The atmosphere is cleared of the dense smoke that prevailed previously. CHURCH AT PARIS STRUCK BY LIGHTNING Paris, Sept. 19.—The Congregational Church here was struck by lightning during a heavy thunderstorm last night. The building immediately burst into flame, but the firemen succeeded in quenching the blaze. Loss, \$1,000. The High Court. The first weekly sitting of the high court for London since the holidays was held today, one case being heard by Chancellor Boyd, who presided. Re McShew Dinning estate—Motion for payment out of court on behalf of Henry Dinning and other heirs-at-law. Order made for payment to adult heirs-at-law of their shares, and for payment into court of infant heirs-at-law's share. The parties concerned reside in Metcalfe Township and the estate is valued at nearly \$500. H. C. Pope, for motion; F. P. Betts, for official guardian.

WILL TALK NORTH END BELT AGAIN

Mayor Stevely Says He Will Arrange Meeting With Street Railway Magnates.

There was no quorum at the meeting of the finance committee yesterday afternoon, only Ald. Beattie, the chairman, Ald. Parsons and Mayor Stevely being present. There was little done, other than passing the accounts. The question of the north end extension was brought up, but Mayor Stevely reported that it had been impossible to arrange a meeting with Mr. Everet, president of the London Street Railway Company, relative to the extension, but he would do so at once. He would interview Mr. T. H. Smallman, the vice-president, and arrange for a meeting with Mr. Moore. Those present were Ald. Beattie (chairman), Ald. Parsons, Mayor Stevely and Secretary Bell.

IS IT BEATTIE? PERHAPS GRAY

Struggle for Conservative Nominations Is Still On, With Odds Favoring the Major.

The struggle for the Conservative nomination still continues, and it begins to look as if Mayor Beattie will again be the candidate. The delegates have all been appointed so far as can be learned, with the exception of Ward One, and they will be chosen this evening. The supporters of Mayor Beattie declare that they are in a majority of the delegates now pledged, and that while Gray will have some supporters he will not be a really dangerous competitor. Gray Confident. Billy Gray will not admit of defeat, however. He is extremely confident that he will come through all right, and he is also confident that he will win the election contest. "Billy" Gray has a great number of friends in the party, especially among the workers," said a prominent member of the party last night. "However, Billy's friends have not been appointed as delegates, and while I believe Gray has more friends in the party than Mayor Beattie, nevertheless, Billy's friends are not delegates, and it is the votes of the delegates that count."

JACOB FOX FINED FOR STREET FIGHTING

Wm. McKenna Found Cider Too Strong for Him—and He Fell. In the police court this morning, Jacob Fox was fined \$5 for acting in a disorderly manner on the street and fighting with an unknown man. William McKenna told the court that he was working in the country and got drunk on cider. McKenna is on the Indian list and was fined \$10 and \$2 costs. Not having the money, he will spend 21 days with Governor Carter. A number of first-time drunks were allowed to go.

MR. AYLESWORTH BACK CURED OF DEAFNESS

With Lord Milner Arrives at Quebec Aboard the Virginian. Quebec, Sept. 19.—The steamer Virginian, of the Allan Line, which anchored at Murray Bay last evening, on account of the dense smoke on the river, arrived at 11:30 this morning. Among the passengers on board were Hon. A. B. Aylesworth and Mrs. Aylesworth, and Lord Milner, who was governor of Cape Colony and the Transvaal during the South African war. Hon. Mr. Aylesworth looks much better, and is completely cured of his deafness. Sir Hanbury Williams was at Allan's Wharf to greet Lord Milner. Sir Hanbury was his private secretary when Lord Milner was governor of the Transvaal. Lord Milner intends to visit the most important parts of the Dominion.

ATTENDANCE OVER 100,000 SURPLUS MORE THAN \$10,000

Western Fair of 1908 Proves the Greatest That Has Been—No Trouble From Any Quarter, Says President Reid—Many Exhibitors Are Writing in for Space Next Year.

"The Western Fair of 1908 is easily the most successful exhibition from every standpoint that has ever been held in London," President W. J. Reid told the Advertiser today. "It has been one of the most easily managed fairs that I have had anything to do with. I believe the Fair board had less trouble this year than ever before. Of course, there are always a number of things that have to be arranged, but this year things seemed to come our way at every turn. The weather was ideal for holding a fair, and we are fortunate indeed in getting through without having a single wet day."

Big Attendance. "I believed the total attendance when computed will surpass any of the former figures. We have had people from all over the country here this year, not only as visitors, but as exhibitors. The various committees this year planned to get the very best exhibits it was possible to have, and I think they succeeded. No agricultural fair in Canada can compare with London's exhibition. At no other exhibition in this country can be seen such a splendid variety of truly splendid farm products."

Daring Burglar Girl Loots Safe Carries Off Spoil in Her Apron

Young Servant Gets Away With \$5,000 Worth of Jewellery. Philadelphia, Sept. 19.—Under the very eyes of her mistress, who suspected nothing, a clever servant girl thief walked out of the house of John E. Marsden, in West Philadelphia, yesterday, with an apron full of jewellery, valued at \$5,000. The girl came from Mrs. Marsden on Thursday and applied for a position as a domestic. She gave her name as Mary Kelly. Mrs. Marsden engaged her, and she began work. As Mrs. Marsden stood on the porch yesterday seeing her son off to school, the girl dressed in street attire passed out of the house. Mrs. Marsden noticed the apron tied in a bundle under her arm and asked her where she was going. She said she was going to post a letter. As time passed, and the girl did not appear, Mrs. Marsden went upstairs and examined the safe, finding that all the jewellery was gone. There is no clue as to the whereabouts of the girl.

Monster Crowd To Greet Premier Sir Wilfrid Passes Through City

Many Thousands Gathered at Strathroy for the Great Demonstration. Senator Coffey, F. G. Rumball, Art. Sippel, F. E. Leonard, Dr. George A. Routledge and many others. A considerable number went to Strathroy on that train, but a very large number went on the special at 10 o'clock. Over 500 journeyed from this city, and a large number were taken on at other points along the line. There was a very large crowd in Strathroy last night, practically all the accommodation in the place being taken up. Every train this morning brought immense delegations, and at noon there was a tremendous gathering waiting the visit of the Premier. It is probable that the largest crowd that was ever in Strathroy will be at the demonstration. The special trains from the west were also crowded.

Appointment of Fire Chief New Phase of the Situation

Moye to Secure Position for Assistant—Ald. Armstrong's Objections. Although it was decided at the meeting of No. 3 committee last night to defer the appointment of a fire chief until after the next meeting of the committee, it was stated on good authority this afternoon that the friends of Assistant Chief Aitken would spring the matter at the council meeting on Monday night, and would appoint him to the position. There is no doubt that such a course will be attempted. It would have been done at the last meeting of the council had the position of one or two members of the board been known. Now the fact is known, and there will be no hesitation in making the move. Ald. Armstrong is opposed to the appointment of Assistant Chief Aitken, and will not support him. "He is not a good disciplinarian, and he cannot control the men at all," said Ald. Armstrong. "There are two reasons why I cannot conscientiously support him for the position. I have heard other things, but owing to the fact that I cannot lay my hands on the reasons for such reports, I will not act against him until I find out definitely."

A Perilous Situation at Tabriz

Tabriz, Sept. 18.—The situation in the second city of Persia, is again perilous. The Nationalists have possession and are defying the Shah's troops, who are in considerable force without, and are on the point of bombarding the place. The foreign residents made an attempt to leave the city today, but were forbidden to do so by the Nationalists, who believe the presence of foreigners will serve to protect them against the imperial army. started against the estate of John Patten, who died here three years ago. Most of Mr. Patten's property passed to a son, who is now living here. His Windsor property is worth about \$2,000, but it is said the Michigan estate is worth \$60,000. If successful in this suit the Ontario Government will take toll from the estates of others who escape taxation in Michigan by living in Ontario. From one estate alone which will be involved the dues will be over \$7,000.

TWO MAIDS AND A LIVE WIRE CIRCUS ACT THAT WENT WRONG

Female Employees of a Local Hotel Have a Thrilling Adventure and Miraculous Escape While Walking a Narrow Ledge High Above the Street.

Eighty feet in the air at 10 o'clock at night on a metallic ledge, a scant twelve inches in width, struggling with 500 volts of electricity from a live wire, which one of them had accidentally grasped, was the perilous position of Margaret Cameron and Mrs. Woods, employees of the City Hotel, Thursday night. As a result Mrs. Woods was frightfully burned about the hands and feet, while Miss Cameron sustained numerous burns and a severe shock. Both of the victims of the accident are under the care of Dr. Hogg, and Mrs. Woods is suffering great pain. A Miraculous Escape. The escape of the two women seems miraculous, for the ledge upon which they were standing it but a trifle over eleven inches in width, and is located a few inches above the top floor of the hotel. From what can be learned it appears that the female employees of the City Hotel had been in the habit for some time of taking shortcuts along the ledge in front of their bedroom windows to one another's rooms. On Thursday night about 10 o'clock, Mrs. Woods suggested that Miss Cameron accompany her to the room of another employee via the ledge, and take her by surprise. The rooms of the employees in question are all on Dundas street on the top floor.

Charged With Stealing \$750 Arrested on Complaint of Partner

With Whom He Had Been in Business in Ripley, Ont., Some Time Ago. Percy B. Patten, a neatly-dressed young man from Toronto, was arrested on Dundas street yesterday afternoon by Detective Egelton on a charge of stealing the sum of \$750 from Geo. Head, of Toronto. According to the information given the police, Patten and Head some time ago bought a bankrupt stock at Ripley, Ont. The men had equal shares in the enterprise, and after the stock was sold at a profit of \$1,600, Patten, it is alleged, skipped out with all the money. Patten was bailed out by London friends this morning, and will appear later to elect trial. The story told by Mr. Patten to The Advertiser is vastly different. He says that he and the complainant were in business, and that a disagreement arose as to the division of the profits. But instead of these amounting to \$1,500, as has been alleged, they were only about \$200. "I am very sorry the matter has reached the courts," said Mr. Patten, in conclusion. "I made several attempts to get together with my partner, but I was unsuccessful. However, I think it will be straightened out within the next few days."

Heavy Rain Saves Grand Marais

Duluth, Sept. 18.—Heavy rain fell at Grand Marais last night, extending westward from there fifteen or twenty miles. While not extinguished, the forest fires are held in check as a result of the storm, and Grand Marais, Chicago Bay and other north shore settlements that have thus far escaped the flames, are considered safe. The steamer America arrived from north shore points this morning, bringing this intelligence, and the further news that Mr. Monker and the seven instances who went with him to the assistance of the settlers north of Grand Marais are home again safe.

Newfoundland Elections Nov. 2nd

St. John's, Nfld., Sept. 19.—The Newfoundland Legislature was dissolved yesterday, and Monday, Nov. 2, was named as the date of the general elections. Premier Robert Bond will be the Government leader during the campaign, and the Opposition will be headed by Sir Edward Morris, who until last year was attorney-general in the Bond cabinet. The elections occur just one week after the general elections in Canada.

All Ready for the Big Anniversary

All arrangements have been completed for the big meeting of the Brotherhood of Railway Trainmen, which will be held in Berlin on Wednesday, Sept. 23. Lodges 240 and 415 of London, and Lodge 47, of St. Thomas, will be also present from all parts west of Toronto. The Londoners will be carried to Berlin via the Grand Trunk by a special train, which will leave this city at 8 o'clock. Messrs. Thomas White and David Gillett, two of the committee, have worked indefatigably to make the big affair a success, and the anniversary celebration will be sure to prove one of the greatest that has been in the history of railway unionism. Auld—Collins. Toronto Globe: Miss Helen M., daughter of Captain John and Mrs. Collins, Port Dalhousie, and Mr. Malcolm Auld, of London, were married at noon at the home of the bride's parents, the ceremony being of a quiet nature.

and so far as this province is concerned, it now rests with the Government, councils and boards of health to carry on the fight. Neither Ontario nor London has as yet taken its fair share in this crusade against a common enemy.

LONDON'S UNIVERSITY. The project of a civic university has been launched under promising circumstances. The members of the board of governors are public-spirited citizens, with large interests in the community. If they are so minded, they can insure the success of an undertaking rich in possibilities.

The small university is capable of a great work, a proof of which may be found in the Maritime Provinces. It has some advantages over the big university, where the mere size of the student body makes it difficult for undergraduates and teachers to come into intimate touch.

The city's annual grant of \$5,000, added to students' fees, will make a fair start, but only a start. In simple justice aid should be given by the Ontario Government, which collects thousands of dollars yearly in London and Middlesex in the form of succession duties, for the maintenance of Toronto University.

If an Irishman wrote that letter he either perpetrated a rich Irish bull, or more likely is laughing in his sleeve at the Tory Gazette for publishing a eulogy of the new cabinet minister.

At the meeting of No. 3 committee last evening the question of appointing a fire chief came up, but was laid over until the next meeting of the committee. During the meeting Assistant Chief Aitken sat in the room and heard the matter discussed.

The matter was brought up when the applications for the position were considered. Ald. Greenlees suggested that the matter be laid over until some of the applicants for the position were seen by the committee.

Ald. Moorhead, however, was very anxious to appoint Assistant Chief Aitken to the position and with feverish anxiety urged that it be made.

"I do not think anything should be done just now," said Ald. Armstrong. "No harm will be done. Mr. Aitken is in charge of the brigade, and it will not suffer any if he is not appointed right away. Mr. Aitken, one of the applicants, was here today, and as it was impossible for him to see all the aldermen, we told him that an appointment would not be made until he had an opportunity to see them all. I favor leaving the matter open for a few days yet."

For Mr. Aitken. Ald. Booth was in favor of sending the applicants to the council. "The council will finally pass on the applicants, no matter what our recommendations are," said Ald. Booth. "I would prefer to send the applications direct to the council. However, to bring the matter to a head, I will move that we recommend that Assistant Chief Aitken be appointed fire chief."

Leave It Over. Ald. Greenlees thought that the matter had better be left over until the next meeting, at least. He had not anticipated that it would come up at this meeting, and he had given his word to Mr. Aitken that the appointment would not be made until some time later, in order to give him an opportunity to see the aldermen. He would accord the same privilege to other applicants.

TIGERS TAKE THE COUNT

Winter Pitches Swell Ball, Support Falls Him in Pinches.

Detroit, Sept. 20.—Jack Chesbro held the Tigers to one run yesterday, while the Yankees were taking advantage of the local substitute's bad plays and scoring five tallies.

To begin with, Charley Schmidt was sick and Jennings sent in Payne, who has not worked for several months.

It looks as though the present combination he has will go through the rest of the season. It is the best he has tried so far.

Winter pitched splendid ball, but it was not in the cards for him to win Four of their five runs came in the fourth innings as the result of bad throws to the bases and fielding errors.

Chesbro held the champs to four hits and but one of them was clean. The spitball artist was given sensational support by his defence.

The Tigers never had a chance against Chesbro. In the second inning Rossman made the only clean drive of the day, a single to left, but he was left stranded.

The toughest kind of luck for Winter and the poorest of play by the Tigers gave the Yankees their big lead. The score:

Table with columns: Detroit, A.B., R., H., O., A., E. Rows for various players like McIntyre, Schaefer, Crawford, etc.

Left on bases—Detroit 4, New York 5. Struck out—By Winter 3, by Chesbro 2.

Attendance—3,888.

CANADA DID WELL AT NEW YORK

Scored Nine Points Against the Pick of the American Athletes.

New York, Sept. 18.—In the National junior championships of the Amateur Athletic Union at Travers Island today the Irish-American A. C. of New York, triumphed over the New York Athletic Club for the point trophy with athletes from all parts of the country contesting for team points and individual honors.

The summaries include: 100 yards dash, final heat, won by R. Cloughen, I. A. A. C. Time, 10 1-5 seconds.

A correspondent writes to the London Times to suggest that the considerable number of artists whose works are accepted for the Royal Academy, but not hung through lack of space, might have their names printed on the backs of the catalogue as some slight mitigation of their hard fate.

CURRENT SPORTING GOSSIP

THE LONDONS got busy again yesterday after their brief holiday, and indulged in a good hard practice at Tecumseh Park.

MR. R. J. YOUNG, of this city, has in Electa C. and Selecta C., one of the handsomest road teams ever seen in London, and the victory of the handsome pair in their class at the Western Fair, with such horses as those entered by Miss Wilkes and other well-known breeders, was a popular one.

THE EASTERN LEAGUE race now almost completed has in many ways been an uninteresting one, chiefly because the two Canadian teams failed to show in the first division.

THE FOLLOWING are the champions of the Eastern League since its inception in 1895: 1895—Springfield, 1902—Toronto, 1896—Providence, 1903—Jersey City, 1897—Syracuse, 1904—Buffalo, 1898—Montreal, 1905—Providence, 1899—Rochester, 1906—Buffalo, 1900—Providence, 1907—Toronto, 1901—Rochester, 1908—Baltimore.

TORONTO NEWS: Here at the Woodbine this fall there are scores of "men now," who in the dim past were heroes in their youth, and have often become intoxicated with the roars of applause that beat upon their ears.

Snapper Garrison, possibly one of the great jockeys in a finish the world ever saw, a man who, as a boy, was written about more than any living professional ball team? What is the difference between making a few dollars for yourself and making it for somebody else?—Exchange.

Pennant Dope at a Glance

Matters in the big league races are rapidly coming to a climax, and interest is accordingly increasing.

London fans are most loyal to the Tigers, but despite this fact many swaggers are being made that Detroit does not win the pennant.

The National League Leaders Cinch Their Position by Double Victory.

New York, Sept. 18.—Before a crowd said to be the largest in the history of baseball, New York took a big jump toward the winning of the National League pennant by taking both games of a double-header with Pittsburgh Friday.

Mathewson pitched a masterly game in the first battle, allowing but five hits and not passing a man.

In the second game Pittsburgh brought the bat heavily into play, scoring four times in the first three innings and knocking Witte out of the box and tallying three runs in the eighth.
