Madame Petrova

The Celebrated Russian Emotional Actress makes her first appearance as a Lasky Star

The Undying Flame

A thrilling tale of world-old love and sacrifice and the romance of an Egyptian Princess, daughter of the Pharaoh, and her humble shepherd lover, separated by fate but reunited centuries later in what is known in Egypt as "reincarnated form" gives Madame Petrova a wonderful dual role, first the Egyptian Princess and later the modern girl. One of the most unique productions ever screened.

Settle the Flour Question

BY USING

PURITY FLOUR

Once you know how good Purity Flour really is, you will rely on it constantly for all your baking needs. It goes further, too, and is therefore the cheapest flour you can use.

More Bread and Better Bread---and Better Pastry, too.

L.T. HOCKIN KILLED
Winnipeg, Oct. 14—Word received that Lieut. Fred Hockin of Regina, Saskatchewan, was killed in action somewhere in France with deep regret. Lieut. Hockin was a native of Grand Pre, N.S., and was a son of

Rev. Arthur Hockin, Pastor of the Methodist Church now residing at Berwick, N.S. For four years Lieut. Hockin was credit manager for Campbell Wilson and Stratheed, wholesale grocers, Regina, resigning from that position 2 years ago to join the colors. He was

closely connected with the Canadian Credit Men's trust association being at one time Vice President of the Regina branch. Lieut. Hockin was an enthusiastic golfer and sportsman. At a meeting of the directors of the Canadian Credit Men's Trust Association, a resolution of condolence was passed and conveyed to his father residing in Nova Scotia.

Quarterly Meeting of Western N. S. Board of Trade

The quarterly meeting of the Western Nova Scotia Board of Trade was held at the Town Hall, Kentville on Tuesday afternoon and evening, when G. E. Corbett, of Annapolis, presided. The Boards represented were Annapolis Royal, Bear River, Bridgetown, Berwick, Digby, Kentville, Middleton, Yarmouth and Windsor. Arising out of the minutes of the previous meeting a report was given respecting road signs for automobiles, and it was deemed a necessity to place danger signs indicating particularly risky corners and thus try to avoid accidents. Little progress had been made in the matter of obtaining a satisfactory solution of the fuel problem, though some hard coal had been secured, and the committee recommended the use of as much bituminous coal as possible to replace hard coal, and thought that it would tend to conserve coal by using wood fuel. Car shortage, commanding of coal by the railway company and short weight were evils that at present must be suffered, because they were inevitable.

Ideal For Wash-Day

The Kootenay Range accommodates the wash boiler and still leaves four holes free for cooking. This allows you to serve wash-day dinners that are just as good as other days and doesn't interfere with your laundering. Ask our dealer or write for booklet.

DEATH OF CHIEF JUSTICE SIR WALLACE GRAHAM

The death occurred suddenly at his residence, South Park Street, Friday of Sir Wallace Graham, K. B., Chief Justice of the Supreme court of Nova Scotia, and the news, which quickly spread, was learned with regret on all sides. His Lordship, whose figure was so familiar, was popular and highly respected by all classes of the community.

Sir Wallace had made no complaint of ill health lately and was about his judicial duties at the court house, Thursday, both morning and afternoon, leaving there after four o'clock for home. It was at the breakfast table yesterday morning that he took ill and in a very short time he had passed away.

Sir Wallace leaves surviving him his widow, a daughter of the late John Lyons, barrister, formerly of Church St., in this County, two daughters, both at present in England, Greta, wife of Col. Bingsay, R. A., and Lalla, wife of Capt. Webster, R. N., and one son Mr. Bruce Graham barrister of Halifax. The members of the family will have the sympathy of the entire community in their sudden bereavement. A sister of Sir Wallace's Mrs. Copeland, of Antigonish, predeceased him about two years.

Commandeering of American Shipping

Washington, Oct. 1—Approximately five hundred American coastwise and ocean ships of 2,500 tons or over were commandeered today by the government. The acreage is not affected.

While the government control became effective today, the ships will continue in the same traffic and under the same plan as heretofore, until they receive orders to the contrary.

Capt. Lemuel Firth, the Shelburne skipper of the Gloucester schooner, Mary F. Curtis, has broken all records in the mackerel seining fishery, with a stock of approximately \$73,000 to date up to Oct. 1st the Curtis stock-ed \$65,610.05. Since then Captain Firth has had two trips, and the settlement on the fresh fish was \$5,950. Then there are 52 barrels of salt mackerel to settle for which the craft has, which selling at \$33.50 a barrel would further increase her total over \$1700.

POTATO CROP IN P. E. ISLAND

The last report from the Agriculture Department of P. E. Island says:

"Potatoes: The crop presents a splendid appearance, with a strong and vigorous growth. The beetle was very troublesome and owing to frequent showers, which washed off the poison when applied, was hard to keep under control. Blight is doing damage in some sections, and early September frosts killed the growth in many low places. Complaints of there being few potatoes to a top, especially in those late planted are made. The earlier planted seem quite plentiful. The general opinion seems to be that the yield will be better than average. The acreage is much larger than last year.

A young butcher in Grand Forks, B. C., who had musical gifts was awarded \$7500 damages by a jury against P. Burns & Co., for the loss of fingers in a sausage machine. He sued for \$15,000.

A memorable setting forth the claims of Yarmouth to increased harbor facilities had been prepared and was ready for sending to the Minister of Public Works at Ottawa at a more convenient time.

The Vice President G. E. Graham, stated that the shipping arrangements from Yarmouth was likely to become a matter of extreme difficulty as boats were being taken by the Government for Dominion uses, and the Prince Arthur which now plies between Yarmouth and Boston would probably soon be taken off. The D. A. R. was doing the best to forward shipments of Nova Scotia produce, but the shipping question was in other hands, he hoped that the fall trade and early winter traffic would not be greatly impeded, but could not guarantee anything.

The Good Roads question came up for discussion and it was generally felt as the new Road Act was so little understood in its proposed workings that some pressure be brought to bear upon W. G. Clarke, of Bear River, to write the Board thereon, suggesting any action that might be taken with a view of helping towards a uniform adoption of the measure.

F. C. Whitman read an interesting paper on "Forest Preservation and Reproduction," and W. S. Blair and Dr. DeWitt were appointed a committee to act with Alfred Borden to report to the Council as to what steps might be taken in so important a matter.

Dr. D. W. Moore, Kentville, read an extremely interesting paper on "How the work of the Western Board of Trade may be made most effective." This also was submitted to a committee to report upon.

At the conclusion of the business the delegates were entertained at supper by the Kentville Board of Trade to whom hearty thanks were accorded.

On Wednesday morning thru the kindness of Professor W. S. Blair the visitors were taken over the Experimental Farm and shown the Ford tractor and other matters of interest to agriculturists.

THE 1ST CONTINGENT

A St. John soldier now on his fourth year in France writes home: "Is there any talk over there of giving the first contingent a furlough home of six weeks or so. I don't see any real reason why it should not be done. Imagine the feelings of a man with a wife and family that has not been with for over 3 years. It must be an awful trying position for both. The mother of this soldier in talking of his message, said she felt it was hard that her boy should have to spend a fourth winter in the trenches. It is that feeling that lends force to the request for home leave for the veterans of the first contingent."

Paroid Roofs First Laid in 1898

Paroid ROOFING

PAROID is so good that the name has come to stand for the best kind of roofing. Complimentary but dangerous! It means that for your own protection you must look for the name Paroid on every roll you buy. Then you are sure of the roofing that is approved by the National Board of Fire Underwriters.

SAVE MONEY
Look for the Roll with the PAROID Label

Once laid, a Paroid roof is weather-proof and fire-resisting for years to come. The saving on repair bills alone secures the economy of Paroid, to say nothing of the absolute protection to your stock and crops.

Permanent colors—Red, Grey, and Green.
For your home, use Neponset Twin Shingles.
Look for the Neponset Dealer and get genuine satisfaction.

Neponset Dealer, Kentville, N.S.

WEDDING BELLS

Green-Wilcox

At eight o'clock Wednesday evening Sept. 5 the Parsonage, Burlington, was the scene of a quiet wedding when Dora eldest daughter of Mr. and Mrs. Stanley Wilcox, Pembroke, Hants Co. was united in marriage to Cleveland Green of Fox River, Cumberland Co., Rev. H. Indoe, performed the ceremony using the single ring service.

The bride who was given away by her father, was becomingly dressed in suit of navy serge worn with hat of black and white velvet.

The groom's gift to the bride was a substantial cheque. Among other gifts was a well filled purse from the father and mother of the bride.

After the ceremony the happy couple motored to Pembroke accompanied by Mr. and Mrs. Wilcox and son Murlton.

Private and Mrs. Green will spend the winter in Kentville where Private Green is on duty.

Chas. Hagaman of Ferdeale, N. Y., has had an operation performed on the eyes of a cow, valued at \$7,000, in order to save the animal from being blind and the cow now wears colored glass spectacles.

THE CANKER WORM

(By G. E. Sanders, Annapolis Royal, N. S.)

It is probable that the Canker Worm will be as prevalent in 1918 as it was in 1917 and measures for its control should be instituted at once.

One of the best methods of controlling Canker worms is by banding the trees in the fall with sticky banding material, this prevents the females, which are wingless, from ascending the trunks of the trees in the fall to deposit their eggs on the branches.

The bands should be on the trees Nov. 1st but often the adults do not emerge from the soil to climb the trees until Nov. 15th. The best banding material on the market at the present time is Commercial Tree Tanglefoot which costs the same and is more efficient than the home made Castor oil and rosin mixture. Owners of infected properties should consult their dealers or local fruit companies at once with a view to securing a supply before Nov. 1st.

Married at the Methodist Parsonage, Canning, Oct. 11th by the Rev. F. Friggens, Alfred Dorman and Ethel Marie Sherman both of Canning.

Are YOU Missing Something that Millions Enjoy?

Why do you suppose the majority of men on this continent who can afford the money for shaving satisfaction, are using the Gillette Safety Razor?

Why is the Gillette a treasured item of equipment in the kit of practically every officer and of tens of thousands of men in the Canadian Overseas Forces?

Only one reason could possibly hold good with so many level-headed men. It's this—the Gillette gives a shave, day in and day out, that no other razor in the world has ever equalled—and does it handily in five minutes or less. That is why over a million more men everywhere are adopting the Gillette every year.

YOU would appreciate this as much as any other man! The saving of time—the independence of barber shops—the resulting economy—and above all the matchless comfort of the clean, quick Gillette shave—these are real, personal advantages which you must not longer miss.

The Gillette Safety Razor is a leading specialty with Hardware, Drug and Jewelry Dealers everywhere. "Bulldogs", "Aristocrats" and Standard Sets cost \$5—Pocket Editions \$5 to \$6.—Combination Sets \$6.50 up.

THE ADVERTISER

H. G. HARRIS
Editor and Publisher.

Hon F B Carvell has been sworn in Minister of Public Works in the Union Government. This is the great spending department of the Government, and is one of the most important Cabinet portfolios.

Samuel Kingston, Richibucto, who shot after dark at what he thought was a moose and kild a man, got clear, of the charge of manslaughter by the disagreement of the jury, seven for acquittal and five for conviction. The accused gave bonds to appear at the March term of the Court.

Mr. Justice Duff has been appointed central appeal Judge under the Military Service Act. Judge Duff was a prominent Liberal politician before he was elevated to the Bench.

LT. COLIN CAMPBELL KILLED

G. D. Cambell, of Weymouth, has received word, by cable from the Secretary of the War Office, London, that another of his gallant sons has been killed in action in France, Lieut. Colin G. P. Campbell, M. C., R. F. A., 94th Brigade, who fell on October 10th. Colin had just won his promotion and transfer, after passing to the aviation service, and on his last tour with the guns up the line, after which he was, in a few days, to be transferred to the aerial service. He had been twice wounded previously, by shell in 1915, and by bullet and shrapnel in 1916. Another son, Lieut. Kenneth A. Campbell, of the 42nd Black Watch, R. C. Highlanders, was killed in action January 23rd, 1917. This leaves only three of the six Campbell boys who were at the front, all members of the Campbell Lumber Co., Ltd., of Weymouth.

GOLDEN WEDDING CELEBRATED AT SOMERSET

Fifty Years ago Miss Catherine Wilnot and William K. Bennet Were Joined in Marriage.

BERWICK, Oct. 16—On Oct. 4th 1867, Miss Catherine Wilnot, of Canning became the wife of William K. Bennet of Somerset Kings county. The ceremony was performed in the Methodist church at Canning by Rev. Richard Smith, and for fifty years this worthy couple have lived happily together in Somerset, honored and esteemed by every one. A son and two daughters were born to them. Fred and Annie reside in Somerset, and Mary in Mass. Mr. and Mrs. Bennet celebrated their golden wedding about ten days ago and during the afternoon and evenings, they were "at home" to their many friends who came from far and near to congratulate the aged couple. The parlor was festooned with flags, maple leaves and autumn flowers. Mrs. Bennet was gowned in a handsome dress of black satin trimmed with jet. They were the recipients or many useful and elegant presents. Gold coin was in evidence. \$20.00 check from their daughter Mary, silver and china.

At the regular session of Valley Lodge (Masonic) No 90 which was held last evening, Bro John Hay, grand lecturer of the grand lodge was present. After the regular business was gone thru with, he called upon W. K. Bennet, who had recently celebrated his golden wedding, and in behalf of the lodge presented him with a Past Master's jewel, on which was engraved on one side, "presented to Bro. W. K. Bennet by the members of Valley Lodge No 90 in commemoration of his golden wedding 1867-1917." Mr. Bennet replied thanking the lodge for their kindness.

HARBORVILLE

Well, here's another week come along and you will be wanting to have something from Harborville, and what the dickens I'm going to send you is more than I know, because this place, even if it covers a whole lot of ground (not all built up yet) sometimes runs short of news, even if I do put in all my time looking for it.

To save my life, I often wonder where that fellow on the hill finds so much to write about. I seen him the other day digging his pertators. I put in the whole day watching him and he dug just three bushels. It's a good job, he aint got many to dig or he wouldn't get them out before Christmas.

Edson Wood, is in a great sweat because the Schooner he hired to come and take apples to Windsor ain't come in yet. He's afraid he is going to be stuck and is wondering how he will pay for them out of the money he get's for carrying the mails.

We've got a couple of returned Heroes in our village. One of them is named Halamore. He is a brother of Mrs. James Cahill, and he has got one leg less than he had when he went over. The other is Hen Morris's boy, who is home for a few days from the Hospital at Halifax. We've often heard of a man having one leg shorter than the other, because some person "Pulled it", but "Nardie" has one arm shorter than the other, because the Germans got it, and the Doctors keep taking a little more off it every few days. Well, I suppose Hen is glad there is something of him left.

Our Preacher, was over last Sunday, and he prayed for our "Returned Heroes." But, I don't hear of any great welcoming the folks around here are doing.

Parker's shop has been full every night since last Saturday, by our young men anxious to get to scrapping. They are filling up the cards in great shape, but I see that most of them are filling in the one that they hope will let them at home.

Lem Brown, one of our obliging mail carriers, says "He don't see how he can carry the mail much longer for 90c a day, as the roads are getting so bad." Edson Wood, the other carrier don't know what the roads are like as he is all the time studying how he is going to pay for those apples.

Mrs. Joshua Beardsley, widow of the late Joshua Beardsley who lived here some Fifty years ago and a sister of Captain John Cook, spent a few days here last week, visiting old time friends. Josh, years ago, used to be our village blacksmith and he was a good one too.

This "Union" business is a great thing. Boyd Parker, a dyed in the wool Grit, and Fishery Inspector Ed Chute, who has been a Tory for several hundred years or more, were out all night together last Monday night. They say, that they were at a Lodge meeting in Berwick. May be so.

Say, what is a Public Utilities Board? I see that we got one down here in Nova Scotia. What is it for? I used to think it was some kind of a contraption that was supposed to look out for the common people of Nova Scotia, to see that they were not skinned altogether, but from what I hear, I was wrong. They seem to be a board that's looking after the interests of the corporations of Nova Scotia.

I heard of a man that wrote a letter to them over two weeks ago, making a complaint against one of the "Peoples Grinders." He says he has never had an answer yet, so maybe they didn't get it. He says perhaps it was because he didn't put a stamp for the answer, but he thought Nova Scotia was rich enough to pay the stamp. If he don't hear soon, he is going to send them a three

cent stamp by express pre-paid.

Apples, that is No 3's are selling at \$3.50 a barrel in the Valley—There are no No. 1's. That's a good outlook for the people. We will be eating darn few apples over here this winter, but then we have a few dried fish and pickled herring, that ought to be good enough for us.

I hear the other day of a kid from this place, that is in a base hospital in France somewhere, trying to get over what the Germans done to him. The story goes, that one morning a real pretty nurse came into the ward he was in, and wanted to know whether "there were any herring chokers there." He promptly called out here's one, and she came over to him, and he found she was a sweet, little girl from over the bay, and ever since he has been trying to keep from getting well so as to be with her as long as possible.

Our County Councillor, Ben Bezanson, is a busy man these days, receiving pertators. Ben and Wallace Ogilvie, have about cleaned up all the pertators around here, and are shipping them out of the country.

A telephone message come here on Tuesday, from a Kentville lady who has lost her husband. It seems that he and two friends started from Kentville in a motor boat on Sunday morning, headed for this place but since that moment have not been heard from, so this lady telephoned here to learn whether her hubby was here.

We had to tell her that he had not arrived here, and tried to comfort her by telling her that he and his companions had probably landed on the shores of Cumberland County somewhere.

Any body that would start from Kentville to come here in a motor boat this time a year ought to have a Gardeen appointed for them.

Arthur Ogilvie, son of Wallace Ogilvie who met with an accident several weeks ago and went to the V. G. Hospital at Halifax, came back Thursday, but he left an eye behind him, and will have to run his mill hereafter with one eye. It might have been worse.

Bernard Morris, late of the 25th, and who was badly shot up last Christmas, over in France, and who spent Sunday with his parents, has gone back to the Military Hospital, at Halifax, to have a few more things done to him.

Mrs. John Lutz, one of the oldest residents of this section is lying at the point of death at her home in Burlington.

There's one thing that fellow on the hill writes about that I want to stand right behind him on, and that is those pesky alders on the road between here and Berwick. It's a consarned shame that they ain't cut down. Some day there's going to be a bad accident in the woods on that road and then there will be the—to pay. Where oh where is somebody, that ought to be getting busy? Keep it up old man, until the last Alder has been slain.

THE WAR IS COSTING \$6,500,000 AN HOUR

NEW YORK, Oct. 16—The Associated Press carries the following: "The war is costing the belligerent nations of the world at the rate of \$10,000,000 a day—\$6,500,000 an hour—and the United States is paying at least one-quarter of this staggering sum, according to estimates made today by the Mechanics and Metals National Bank of New York. The estimated daily cost at the beginning of the war was \$50,000,000 and a year ago it was \$100,000,000. By next August according to the bank's figures, the total cost to the world will be \$155,000,000.

The Landing Force on Oesel
Is Meeting With Suc-
cess, Petrograd Reports

Petrograd, Oct. 16—The Ger-
man landing force on the Rus-
sian island of Oesel is develop-
ing its success, the Russian
War Office announced today.
Teutons are being reinforced
with additional troops.

The Germans have instituted
an offensive against the Svab
Peninsula, in the southwestern
section of the island, with the
object of capturing the Russian
batteries at Serel. These batter-
ies cover the entrance to the
Gulf of Riga.

OVER 40 YEARS ON THE ROAD

The name of W. G. Reid of Hamilton, Ont., is a familiar one to thousands throughout the Dominion. For over forty years Mr. Reid has seen service as a commercial traveller. A letter recently received from him indicates how he suffered from Rheumatism, and at last found relief.

Read this letter: Hamilton, Ont. "About four years ago I wrote you of my condition from Muscular and Inflammatory Rheumatism and Kidney Trouble and my efforts through travel and change of climate to rid myself of these unwelcome guests, and how I only found relief in Gin Pills after spending a lot of time and money in foreign lands. Since then Gin Pills have been my sheet anchor. I find in advancing years a tendency of the kidneys to get out of order more easily than formerly but a few doses of Gin Pills puts them right and wards off other and more serious trouble. I feel it not only a duty but a pleasure to recommend Gin Pills for Bladder and Bladder Troubles to my thousands of personal friends throughout Canada to whom I am well known as a commercial traveller of over forty years' service."

Yours truly, (Signed) W. G. Reid. A sample of Gin Pills sent free upon request to National Drug & Chemical Co. of Canada, Limited, Toronto, or to the U. S. address—Na-Dru-Co Inc., 202 Main St., Buffalo, N.Y.

NATIONAL INTEREST RULING FACTOR

Exemptions under Military Service Act will be Devised According to this One Consideration

Ottawa, Oct. —The situation granted under the Military Ser-

vice Act has been greatly clarified by the announcement that the decisions of Exemption Boards will be governed by the national interest. This suggests in broad outline the policy that will be followed in dealing with those who are selected for service and desire to remain in the country.

It is plainly in the national interest that certain industries, such as agriculture, mining, fishing, transportation, munition or other war material manufacturing, etc., should be kept in a healthy condition. Instead of being a menace to the stability of those industries, the Military Service Act will help to maintain them in a thriving condition by conserving the labor supply they require. Indirectly, therefore, the Act is expected to prove a most beneficial instrument making for the prosperity of the country as a whole.

No industry is exempted altogether. Individuals engaged in each one must submit to the provisions of the Act, the same as others. But, if a man is engaged in work of national importance which cannot be as well done by another the fact will always be borne in mind when the Exemption Board is considering his case. This is the dominant feature of the system.

New subscriptions will be received till the end of year at only 25 cents.

Minard's Liniment Cures Diphtheria

NEW SOLICITOR GENERAL

Hon. Hugh Guthrie, who until the dissolution of parliament a week ago was the liberal M. P. for South Wellington, nt., is now solicitor general in the government of Sir Robert Borden. He has thrown party to the winds and will devote all his energy to the winning of the war. Addressing his constituents a few days ago Mr. Guthrie declared his intention to give wholehearted and unqualified support to any government which may be formed, and which will undertake to prosecute the war to the full extent of Canada's power, in men, money and resources. It matters not, Mr. Guthrie said, whether such a government is called coalition union or national. He believed in a union at the present time of all political forces for the prosecution of the war, irrespective of all political parties, and advocated a cessation of party strife until after the war. Lest any man should construe this attitude as marking a break from party principles, Mr. Guthrie declared he had not turned his political coat but had taken it off altogether and intended to keep it off until after the war. He went much further than this, however, and in a notable utterance declared his firm adherence to those principles which had made him a strong party man in the past. Mr. Guthrie stated his position in words which it is well to consider carefully: "It must not, however, be supposed that by pursuing this course I have changed my Liberal principles which I have advocated for many years past I still adhere to, but in my judgment all political questions which are now before the public must take a secondary place to the one supreme question of Canada's participation in the war to the fullest extent. I place this first and foremost in the political situation in Canada today, and I believe that whatever shall be required of Canada in connection with the war, which power to do should be done, and the other matters of great importance, under normal conditions, must wait until some future time for adjustment. "Win the war first, and fight our political battles afterwards, is the basic principle upon which my political action shall be framed until the war is over and the most desirable thing at the present moment, in my judgment, in the political affairs of this country is a union support it to the utmost of my ability."

Canadians at Front 'Clean Men' Says Ralph Connor

Montreal, October 8—In a Thanksgiving sermon in the American Presbyterian church here this morning, Rev. C. W. Gordon, "Ralph Connor" paid the following tribute to the Canadian soldiers in connection with several causes for gratitude which he dealt with in connection with the war: "We are thankful that the moral fibre of our people has shown itself to be splendidly firm. The Canadian armies are made up of men for whom we ought to be profoundly grateful. They are clean men. They are good living men. They are men worthy of the homes from which they have come and they have not forgotten those homes and they are not going to be unworthy of them. I have had the opportunity of seeing a great many of them, both in England and in France and we have a right, here in Canada to be thankful that our boys are just as good and many are better, than they were at home."

NEW ALLIED TONNAGE

Figures of the new tonnage built during the six months from October, 1916, to April, 1917, were published by the Bureau Veritas. No distinction is made in the figures between steamers and sailing vessels, but the number of the latter cannot be large:

Table with 2 columns: Country, Gross tonnage. Includes Great Britain (261,680,946), United States (150,484,381), Holland (103,190,619), Japan (46,128,913), France (42,61,988), Italy (20,34,051), Norway (42,34,044), Denmark (20,26,348), Sweden (26,20,023), Spain (7,4,422), Chile (3,823), Russia (5,750), Portugal (3,216). Total: 728,1,667,524.

The New Glasgow Enterprise knows of one farmer in the environs of New Glasgow that this summer already sold over a ton of butter, netting him \$800, and this besides having abundance for their own table, and put away for winter use. In addition, this same farmer received \$400 for buttermilk. Just think of it! A bye-product that farmers never thought of selling or used to give away bringing \$400. This is certainly the day of the farmer.

Two old actors were discussing certain types of theatre goers. Said the first: "Two of the swells in the orchestra seats and the boxes are like my friend Bilks."

"What about Bilks?" said the other. "Bilks," explained the first doesn't go out between the acts; he comes in between the drinks."

Northcliffe Says Food Production an Economy is now All Important

Montreal, Oct. 8—A lecture to the people of Canada on food economy was delivered by Lord Northcliffe, head of the British war mission to the United States in an interview today.

Lord Northcliffe said: "If the Canadian and English soldiers are to get their full rations two things are essential, a greatly increased effort on the part of your farmers to produce more hogs, beef, cheese, and butter and an intensified effort on the part of the Canadian people to reduce their personal consumption of food."

"The great economy now practised in England is apparently unknown here. There is no such thing as white bread in the old country, from the kings table downwards. There are no pleasure automobiles. Such gasoline as can be obtained by medical men and others is two dollars a gallon, issued and sold under very limited licence."

"Great Britain is divided into sixteen districts. The mills, the wholesale stores and the retail stores are under the control of the government. Storekeepers are registered and licensed. Any storekeeper exceeding the regulated prices is put out of business. Profiteering is practically impossible. In a recent despatch which I had from England I saw the name of one profiteer, who was fined \$25,000 and heavy costs."

"We in Great Britain are undergoing these privations in order that our soldiers may have full rations. There is no starvation or anything approaching it. To be accurate—the public health has been greatly improved by the limitations of eating for it has been found that the average person had always eaten too much."

OVERSEAS BATTALIONS AMALGAMATED

Quebec, Que., Oct. 11—The 249 Battalion, C. E. F., under the command of Lieut-Col. C. B. Keenleyside, recruited in Saskatchewan with headquarters in Regina, and the 250 Battalion, C. E. F., of Winnipeg, under Lieut-Col. Hastings, have been amalgamated under the command of Lieut-Col. C. B. Keenleyside. The 249 Battalion, with this accession to its ranks, is quartered temporarily in the city of Quebec and furnishes the infantry garrison for the forts in and about the city. It has spent a very active summer training at Valcartier Camp and is one of the most efficient units ever quartered at Valcartier.

Closing Notice

We beg to advise the general public that our place of business will be closed every Wednesday afternoon during the summer months. We will be open every Saturday evening.

Flour and Feed

Our stock of Flour and Feed is as usual. (Prices to suit) We have just unloaded another car of FEED OATS. We are agents for the Frost and Wood Impiments. When in need of Impiments call and inquire about the Frost and Wood.

The Kentville Fruit Co. Limited

The Canadian Patriotic Fund executive estimates the need of the fund for 1918 at \$12,000,000. Up to the end of September there had been paid in altogether nearly \$30,000,000.

The prices of apples has gradually mounted upwards until last week four growers of Gasperau sold their orchards of excellent fruit at \$3.00 per barrel tree run. Some growers at Cornwallis have refused even that price, holding for a further advance. One grower refused \$5 per barrel for a magnificent lot of McIntosh Reds.

Dear Sirs: I can recommend MINARD'S LINIMENT for rheumatism and Sprains, as I have used it for both with excellent results.

Yours Truly, T. B. LAVERS, St. John.

The Advertiser—Only \$1.50 per year in advance.

A Matter of Choice

If you are a lover of six-cylinder performance, or if your choice is a car equipped with a tried and true four-cylinder engine, you will do well to look into the merits of the Overland Model Eighty-Five.

This is the popular model that is built in both motor designs—either a Four or a Six.

Both are big, comfortable cars. The Four has a wheelbase of 112 inches—the Six 116 inches.

Both are beauties in appearance and in action. Cantilever rear springs and big, roomy seats afford solid riding comfort for five people.

If you have decided to invest in a moderately priced, real family car—one that will stand up under steady service—drop in and ask for a demonstration of this Model Eighty-Five.

- Overland and Willys-Knight Closed Cars: Light Four—5 Passenger Touring Sedan—106 inch wheelbase; Model 65 Four—5 Passenger Touring Coupe—112 inch wheelbase; Light Six—5 Passenger Touring Sedan—116 inch wheelbase; Willys Six—4 Passenger Touring Sedan—116 inch wheelbase; Willys-Knight—4 Passenger Four Coupe—116 inch wheelbase.

W. C. HILTZ, Kentville Garage, Res. Phone No 196, Office No 98, Kentville.

Willys-Overland, Limited, Head Office and Works, West Toronto, Ontario.

Health for Sick Women

For Forty Years Lydia E. Pinkham's Vegetable Compound Has Been Woman's Most Reliable Medicine—Here is More Proof.

To women who are suffering from some form of woman's special ills, and have a constant fear of breaking down, the three following letters ought to bring hope:—

North Crandon, Wis.—"When I was 16 years old I got married and at 18 years I gave birth to twins and it left me with very poor health. I could not walk across the floor without having to sit down to rest and it was hard for me to keep about and do my work. I went to a doctor and he told me I had a displacement and ulcers, and would have to have an operation. This frightened me so much that I did not know what to do. Having heard of Lydia E. Pinkham's Vegetable Compound I thought I would give it a trial and it made me as well as ever. I cannot say enough in favor of the Pinkham remedies."—Mrs. MAYME ASBACH, North Crandon, Wis.

Testimony from Oklahoma.

Lawton, Okla.—"When I began to take Lydia E. Pinkham's Vegetable Compound I seemed to be good for nothing. I had headaches much of the time and was irregular. I took it again before my little child was born and it did me a wonderful amount of good at that time. I never fail to recommend Lydia E. Pinkham's Vegetable Compound to ailing women because it has done so much for me."—Mrs. A. L. McCASLAND, 609 Hove St., Lawton, Okla.

From a Grateful Massachusetts Woman.

Roxbury, Mass.—"I was suffering from inflammation and was examined by a physician who found that my trouble was caused by a displacement. My symptoms were bearing down pains, backache, and sluggish liver. I tried several kinds of medicine; then I was asked to try Lydia E. Pinkham's Vegetable Compound. It has cured me and I am pleased to be in my usual good health by using it and highly recommend it."—Mrs. B. M. OSOON, 1 Haynes Park, Roxbury, Mass.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

Dr. Johnson and Mr. A. M. Mealy of Boston are the guests of Mr. and Mrs. Manning Sandford.

The American flag presented to Sergeant Eaton of Canning by Mr. A. M. Mealy presents a fine appearance on the staff at the armory in Canning.

Mr. Reginald Sanford has shown your correspondent some remarkable specimens of potatoes grown on his farm several weighing over 2 pounds the entire crop shows evidence of careful and expert cultivation.

Miss Elena V. Symonds and Mrs. Woolard of South Ohio, N. S., spent a few days recently at "Buena Vista" farm the guests of Mr. and Mrs. Manning Sandford.

Miss Freda McDonald of Elmwood, N. S., is the guest of Miss Evelyn Fox.

Mr. McDonald of Elmwood, who has been on active duty overseas has been visiting friends in this vicinity the young gentleman mentioned was injured in the service but has so far recovered as to enable him to report for duty.

Wounded Six Times Toronto, October 15—A cable to James Mayor, Toronto University, states that his son, Major Wilfrid Mayor, has been wounded in the leg. This makes the sixth time Major Mayor has been wounded. He enlisted in August, 1914, and has been wounded at Langemarck, Festubert, Thiepval and Courcellette and has the D. S. O. and Military Cross. He was home once on furlough.

NEW ROSS ROAD

Oct. 16.

Our citizens were shocked today to hear of the death of Mr. Alonzo MacDow of New Ross, which occurred at the home of Mr. James Sweet of Aaldersville at seven o'clock this morning. Mr. MacDow met his death as the result of an accident.

On Saturday last, Oct. 13th, Mr. MacDow passed through our neighborhood, homeward bound after delivering a load of barrels in the valley. He stopped at Mr. Sweet's residence to feed and rest his horses before proceeding further. While in the act of harnessing one horse, a beautiful animal and a family pet, evidently mistook her master for something else and kicked him in the abdomen. Medical aid was at once summoned and his wife and son at once hastened to his bed side, but no earthly power could help him and he breathed his last shortly after daybreak this morning. His sorrowing family have the sympathy of a large circle of friends. The remains will be taken to New Ross for interment.

We are sorry to report Mr. Cornelius Jodrey very ill, and all hope for his speedy recovery is entertained by his many friends.

Miss Annie MacGarry returned on Wednesday last, after spending a delightful week in Kentville. She relates and

friends.

Mr. and Mrs. Truman Costley spent Sunday at Forest Home. Mr. Costley was among the fortunate moose hunters who met the "king of the forest" and killed him. The animal in this case was evidently taken a morning stroll when Mr. Costley crossed his path and put an end to his career. Where is our highly respected friend the bear hunter, with his unerring rifle shot?

Miss Jean Rafuse of Aaldersville was the guest of Miss Mary MacGarry on Saturday last.

Miss Redden spent Sunday the guest of the Misses Stella and Nellie Jodrey.

A delightful Sunday was spent last Lord's Day where many a weary traveller has found a resting place at the MacGarry house.

The old master and mistress, Mr. and Mrs. Owen MacGarry have long since been laid to rest, as many a weary traveller, sportsman and tourist whom they were careful to entertain have been also. Their children have been born and grown up within the walls of the home and gone out to take an active part in the world's affairs. And still the inmates bear the good old Celtic name and cheerful faces greet and good cheer await the way-worn traveller as before.

Keep Minard's Liniment in the house

When the air is damp and cold protect yourself by keeping a supply of

PENSLAR Throat Dragees

handy for preventing throat irritations and huskiness.

PRICE OF POTATOES

Between producer and consumer to be arranged

OTTAWA, Oct. 16—In the course of an interview, Hon. W. J. Hanna, Dominion Food Controller, said that, while it is not proposed to fix the price of potatoes the spread between the price paid the producer and that paid by the consumer will be fixed. By means of fixing the spread and licensing dealers throughout the country the Food Controller will be in a position to control the potato market to as great an extent as practicable.

When asked concerning oleomargarine, the Food Controller said the statement made by him in Montreal last week had apparently been misunderstood. He pointed out that he was expressing his personal views when he said that this article of food should be admitted free. Whether they meet the approval of the Cabinet remained to be seen.

The suggestion by the Food Controller that the duty on oleomargarine should be removed will be considered by the Cabinet this week.

Hants County Liberal-Conservative Convention Postponed

Windsor, Oct. 16—The Hants county liberal-conservative convention has been postponed on account of the negotiations for the inclusion of a representative Nova Scotian in the Union Victory government.

OBITUARY

Capt. John Cook

The death took place very unexpectedly at the Victoria General Hospital on Tuesday last of Capt. John Cook of Harborville aged 75 years. He had gone to this hospital for operation and treatment and the operation had been successful but pneumonia set in and he died Tuesday night at midnight. The remains have been sent forward to Waterville where the funeral will take place probably Saturday or Sunday, burial at Berwick.

Capt. Cook was the son of William Cook of Harborville and had been at sea about all his life. He was a man of unusual energy and last year at his age he took the ship Ada Towne from Port Greville to Belfast and on to Lisbon and brought her back to New York safely through the danger zone.

He leaves a widow, formerly Miss Smith of Port George and two children Dr. R. I. Cook of this County and Mrs. Fred Douglas of Washington.

The passing away of so estimable a man will be much regretted by a large circle of friends especially at Harborville.

Joseph Palmer of Meadow Bank farm, Auburn, Kings Co., died Friday night, September the 26th. He had been in failing in health for some months though he kept about the house until the last. He was 78 years of age. He leaves a widow (nee Miss Lucy Welton) and four children. Waldo on the home-stand, Burpee in New York, Mrs. Geo. Jacques of Boston, and Mrs. Arch Graves of Aylesford, also two sisters Mrs. P. B. Lloyd of Kentville and Mrs. Theo. F. Kase of Roxbury, Mass., survive him. He was a life long member of the Aylesford Baptist Church. Mr. Palmer was a prominent farmer in Kings County. Specializing in apples and cranberries. Some years ago his home was destroyed by fire and again last year his fine residence was burned to the ground.

He was a charter member of Harmony Lodge, A. F. and A. M. which body attended and directed the funeral services. The sermon was preached by Rev. G. P. Raymond at the Baptist Church while Rev. J. Hockin offered prayer which was followed by an address by Rev. Wm Ryan. The latter spoke of Mr. Palmer as being an optimist, always looking on the bright side even when reverses came. He was bright and cheery under all conditions and will be much missed in the home and community in which he lived.

Mrs. J. W. Elliot

Hants Journal—After a long illness which became very serious about three months ago, Mrs. J. W. Elliot, (formerly Miss Saba Amelia Morton) passed away at the home of her mother, Mrs. Jonathan Newcombe, Grafton, Kings Co., on Monday, Oct. 8th at the age of 48 years.

The deceased left Windsor early in July for Grafton with her family to visit her former home and was only there a short time when she was stricken with paralysis from which she never recovered.

She leaves to mourn their loss her husband, who travels for R. J. Whitla & Co., with headquarters at Winnipeg, three daughters, Harriet, Marion and Alice and two sons Hugh and Paul, and a large circle of friends and relatives, who cherish the memory of her sweet nature and true friendship, and her unostentatious but sincere christian character.

The funeral took place on Friday Oct. 12th, and was conducted by the deceased's former pastor, Rev. Thomas McFall. The remains were laid to rest in the cemetery at Berwick, beside her foster father, Mr. Newcombe, whose death occurred only a few months ago.
