TARGETS NEW RANGES

Rifle Association Starting August 16 Set Record

OTTAWA RIVER

Boatmen Expect to See Marksman Trying their Luck

Aug. 6.—(By Can.)—The annual prize Dominion of Canada to be held in the next 15, will inaugurate the Association's life, time, this year, to be done on the new rifle range with new increased accommodations last pre-war meet, some 750 competitors, station's Secretary, Col. Stele, confidently expect to top a thousand or two.

Eight Range lies 12 1/2 miles from Ottawa, on a branch of the Ottawa River, area of 2,700 acres. In total 69 targets as at new range has 529 for use at 100 to 300 for service conditions—quick firing 10 and 600 yards; and range with 48 targets for matches, 100 to 300 there is a dummy manning target. DRUNKENNESS ON INCREASE; WAR-PERIOD OF SOBRIETY FOLLOWED BY OVER-DOSE

LONDON, July 30.—(By Mail)—Drunkenness increased by over 65 per cent. in England during last year according to official licensing statistics. The reaction after the war-period of sobriety was shown by 95,763 convictions, compared with 57,948 in 1919. There were only 29,075 convictions in 1918.

The convictions of women were 38 per cent. more than in 1919, and more than double the total of 1918.

The Daily Express, while admitting the figures are startling, attributes the increase in convictions to the continuance of early closing regulations, enforced during the war and suggests that "people who are denied reasonable facilities for ob-

taining liquor, have taken in their resentment more than was good for them and when they could get it." The paper also holds that the closing of properly conducted saloons has led to the opening of many bogus clubs and illicit drinking dens.

Official health returns for 1920 just issued indicate, on the other hand, that the nation as a whole is distinctly healthier. Tuberculosis figures are the lowest recorded since compulsory notification came into force. The number of deaths from consumption was 33,489.

The infant mortality rate, 80 per 1,000, is also the lowest recorded, while the birth rate rose from 18.5 in the previous year to 25.4 and the death rate, 12.4, shows a decline at most ages.

COLORED MAN HELD

Removed from Train at Prescott and is Being Held in Brockville

Brockville.—On complaint of Constable Thomas Parsley, of Montreal, a colored man giving the name of George Butler, of Montreal, was removed from Grand Trunk train No. 14 at Prescott, by Constable L. G. Walton, of the railroad force, and lodged in the cells at the police station here.

Butler is said to have represented himself as an employee of the Pullman Company traveling to Montreal from Toronto on an order, which, it is said, is forged.

Constable Parsley was skeptical of the validity of the order and telegraphed Toronto with the result that word was received that Butler was not an employee of the company and had received no transportation order.

Butler is being held pending the receipt of further information.

DAVID MACCOUN DIES

Famous Surveyor and Father of Campbellford, Passes

CAMPBELLFORD, Aug. 16.—David Maccoun, son of the late Fred Maccoun, of Seymour township, where he was born in 1857, has passed away at Willows, Cal.

When a boy in his teens he joined the Geodetic Survey, which took him over a large part of the then almost trackless Northwest. With his horse and carrying all necessary articles in a small bundle, he made great distances into the wilds that lasted sometimes for months.

He served during the Northwest Rebellion in 1885 and later was appointed manager of the Dominion Experimental Farm at Indian Head.

Thelma Roland, of Brantford, was drowned at Knagsnashere Point by the upsetting of a canoe.

STRUCK BY AUTO

Little Boy Now Lies in Hospital in Serious Condition

Oshawa.—Struck by an automobile driven by James Burke, at the corner of Simcoe and Mill streets, Joseph Hotner, the eight year old son of Mr. and Mrs. Peter Hotner, 31 Albany street, is today lying in the Oshawa hospital, in a very critical condition.

Mr. Burke was going south on Simcoe street on his way to the G. T. R. depot with Mr. Arthur Warwick and on approaching the corner the little boy darted out in front of another car which was standing beside a motor truck in front of the store at that point.

Under the circumstances the accident could hardly have been avoided. Mr. Burke was travelling about fifteen miles an hour and the little boy running outwards made the injuries more severe than they would otherwise have been.

Mr. Burke hurriedly conveyed the injured lad to the hospital where his injuries were attended to. One arm was fractured and several ribs broken, with possible internal injuries.

CHALLENGE TO ROWELL

Hon. Burnham Wants to Know Why he Joined Government

PETERBORO, Aug. 16.—J. H. Burnham, ex-M.P. West Peterboro, has challenged Hon. N. W. Rowell, who has occasioned a by-election in West Durham by his resignation, to say that when he joined the Union Government in 1917 it was on the understanding that the Government would continue in power and that he would support the policy of protection after the close of war.

"If Mr. Rowell will say this I will acknowledge that I was wrong in resigning," stated Mr. Burnham, "and that I misled the people of West Peterboro." Mr. Rowell now has the opportunity of giving great help to the Government in West Durham, if he will show that West Peterboro was a mistake.

OMAR "SERVICE" A HOCH PARTY

The Pas "Herald" Devotes a Little Space to Exposing the New Religion

PRETTY GOOD "SPIRIT"

Proceedings are Postponed Until Another Consignment Comes Along

THE PAS, Man., Aug. 16.—By Canadian Press.—This northern city is enjoying an interesting summer. "With a prehistoric animal, an oil boom, and a new religion to wrestle with The Pas is kept rather busy figuring it all out," says The Pas Herald, of which G. E. Rice is publisher, in an editorial. The Herald proceeds to devote some attention to the Cult of Omar church, which came to an abrupt end when statements were given circulation that the new organization had been brought about so that disciples of the Persian poet might secure in interesting quantities the wine of which Omar sang; and the writer of the editorial purports to describe a meeting of the Cult.

"The Cult of Omar," the editorial says, "was exposed and destroyed as we thought it would be. Instead of being a world wide organization seeking the truth of life we find the bully outfit rolling more than a combination of thirsty gents looking for a government permit to buy two gallons of alcohol per month under the guise of the sacrament. The expose was brought about by Rev. Steeple of The Kettle, who was roped into it while on a visit to The Pas, dressed as a prospector.

"We attended one of the devotional services of the cult, and as we recall events that transpired before the knockout, a two gallon crock of port wine was lying in the centre of a wide table, around which were seated the seekers after the truth of life. 'It's a bit weak,' said somebody, whereupon a twelve-ounce bottle of alcohol was dumped into it. 'Still a little shy for our sacrament,' reported the expert, and another twelve-ounce bottle was dug up and dumped in. This seemed to put the right tone into the stuff and everybody settled back for worship.

"Several sacraments were taken when we thought it about time the services should commence. We timidly asked somebody when the devotional service would begin. 'Shurr, ishies all over, have a drink,' he sleepily replied. It came as a shock to our confiding nature to realize we were in the very heart of a fine old-time booze party and nearly everybody was lit up. We remember very little more of what took place after this but our eyes were open to the sinister purpose of this sect, whose main object was to initiate the old Persian rascal and hold a weekly party under the guise of religious worship.

In the same issue of The Herald is a letter signed "Church Managing Committee of the True Faith" which denounces vigorously "the misconception abroad that our members are nothing but a gang of hooch hounds, whose sole aim in life is to drink the maximum amount of liquor in the minimum amount of time." The letter declares the views of the Cult to be so broad that not even total abstainers are denied membership, and it concludes:

"The Cult of Omar has not been disrupted, as has been stated. True, services have been temporarily suspended, pending the arrival of a special consignment of Spirit of Omar; but, once this arrives, services will be renewed, we hope with added zest. Some of our weak-kneed brethren have left us, irked away by the threats of our enemies and false and libellous reports published about us; but others remain staunch and true to the cause. No doubt as soon as the new cargo of Spirit of Omar arrives, the erring ones will come sneaking back to the fold, and such is our generosity that we will welcome them back to the true faith with open arms and without reproach, providing, of course, they delve deeply to induce the flow of the spirit."

STEAM FOR AIRSHIPS THE LATEST INVENTION

Former Naval Officer Steps Forward With Something Really New Under the Sun

LONDON, Aug. 16.—Invention of a system of steam propulsion for airships is claimed by Captain W. P. Durnall, who was a British naval officer during the war and up to a year ago staff captain in the Chief Mechanical and Electrical Engineer's department of the Royal Air Force. It is maintained that the new system will function at altitudes hitherto unattainable with the ordinary type of internal combustion engine.

The invention is said to do away completely with the ordinary boiler, the steam being generated by means of internal-combustion power or heat energy. The superheated steam heat energy is supplied to special steam motors which are reversible and can be controlled from a central control station.

Only heavy oil is used as fuel and it is claimed that the driving machinery can be safely placed inside the frame of the airship instead of in separate gondolas outside, thus bringing about a great reduction in air resistance and consequently reducing the power required for propulsion. The engines or "steam motors," as Captain Durnall calls them, are of the double-acting type requiring no flywheels.

BRITISH FIRMS LOOK TO CANADA

THE EMPIRE PRODUCERS

Mr. B. H. Morgan, chairman of that Body is Now in Winnipeg

WINNIPEG, Man., Aug. 16.—Establishment in Canada soon of many branches of large British industries was predicted by B. H. Morgan, chairman of the British Empire Producers' organization, in a recent address before members of the Gyro Club.

"The purpose of my visit is twofold," Mr. Morgan declared, "first to get in touch with agricultural and other Canadian organizations concerned with the production of foodstuffs and raw materials, with a view to discussing the best measures to be taken to market their products in the United Kingdom, to a greater extent than in the past.

"The second object of my visit is to ascertain the growth of United States capital and influence in the manufacturing industry of Canada," Mr. Morgan continued. "In Toronto, twenty-four United States factories were established last year, and only two British," he stated.

"Britain realizes that Canada soon will be a leading factor in the industrial and commercial development of the world, and it is desirable that growing industries should be inaugurated at the beginning by British methods."

At the Movies

MANY NOTED PLAYERS PORTRAY ROLES IN "HELD BY THE ENEMY."

A delightful drama of love, hate, human emotions, with a slight sprinkling of martial scenes, is "Held by the Enemy," the Paramount-Artcraft picturization of William Gillette's famous play, which was shown at Griffin's last night. The big audience frequently attested its appreciation of the photography by applause.

There is just enough of the Civil War flavor about "Held by the Enemy" to make it thoroughly reliable. The story has to do with Rachael Hayne, a beautiful young Southern girl, who is supposedly a widow who lives with her family in an old manor which is in possession of the Federal troops commanded by Colonel Prescott. That officer loves Rachael and he is about to avow his reciprocated love, when Captain Hayne, the husband, turns up. Hayne escapes after being sentenced to death and after being wounded is recaptured. From this moment in the picture the action of the story moves fast. Jack Holt as Colonel Prescott gives a finished performance while the Rachael of Miss Ayres is artistic. Prominent among the large supporting cast is Wanda Hawley, Lewis Stone, Lillian Leigh-ton and Robert Brower.

STEAMER LIFTS VOICE IN AGONY AFTER HER CREW WERE ALL SAFE!

VANCOUVER, B. C. Aug. 16.

—A dramatic story of the breaking-up of the steamer Canadian Exporter was told by her officers and crew when they arrived here. The vessel went on Willapa bar on a Sunday and it proved impossible to get her off. On Monday the crew was taken off. Tuesday morning they looked at the bulk as she stood up above the breakers.

Captain Logan of the Underwriters' Association, said: "I think she is breaking up." Then an uncanny thing happened. The Exporter lifted her voice in her death agony and bellowed her pain over the waves. Again and again the plume of the white steam bel-

lowed from the whistle and the deserted ship announced her distress. Fast amidships each hoove of the swell lifted her bows and stern, then dropped them when the waters receded. With each drop the ship bent, and as the break was between the stack and bridge the bending of the hull tightened the whistles cord and the siren sounded.

Owing to the rough water it was impossible to board the Exporter before 1 p.m. She had broken, and was lying at an angle of thirty degrees. When the salvage outfit left her, after having recovered all the salvage rigging excepting one anchor, she was in two pieces, bow to stern.

ST. JOHN, N.B., KEEPS GREEN MEMORY AND RESTING PLACE OF LOYALIST SETTLERS THERE

ST. JOHN, N.B., Aug. 16.—On the slope of a little hill, in the heart of the city of St. John, is the resting place of many of the Loyalist settlers of the southern part of New Brunswick. Once the cemetery was on the outskirts of what became known in later years as St. John, but now it is only a block from the biggest business houses of the place. Then it was a cemetery only, now it has been converted into a well kept park where each day finds hundreds of living resting beneath the shade of its old poplars and chestnuts. Monuments are crumbling, the inscriptions are gone from some, and conditions of life are changing, but each generation views with its predecessors in respect for the heroic deed of the Loyalist era.

It was on May 18, 1875—the year the American Revolution was ended—that the first of those who loved Britain more than comfort in the United States arrived in St. John. At that time it is estimated that the entire white population of the "Province of Nova Scotia," which embraced the present New Brunswick and Nova Scotia, was about 800 in all.

Of the morning of the arrival of the newcomers an old writer says:

"Shrubs, stunted trees, marshes and rocks greet the vision. Here and there on a narrow path or clearing there is the log cabin of the lonely settler. It is a May morning. A vel comes up the harbor and takes her moorings at Navy Island. Other vessels follow in her wake. The fog comes up the Bay and covers land and sea with its watery embrace. It lifts. The bright sun shines down upon the land and the sea. There are twenty vessels in the harbor. There is unusual activity aboard them all. From every vessel, in small boats, men of every age, of strong arm, of stout purpose, are coming to the shore. There is the old continental dress. There is the well worn flintlock which the long war has taught them well how to handle. There is the music of life and the drums. They have come from many a battlefield. They have left their cultivated fields and their homes of comfort, their churches and the tombs of their ancestors. They are exiles. Their houses and their lands have been confiscated. This was all because they feared God, loved the brotherhood and honored the King."

Such was the beginning of Loyalist life in the St. John region. They were given land under the English flag and at once began the task of rebuilding their fortunes in the new and strange land.

The End of Chu Chin Chow

Its 2,238th Performance

So many Belleville officers and men, nursing wounds and others have seen Chu Chin Chow in His Majesty's Theatre, London—It almost was an institution in Old Seattle—and were now a sort of eye of it in this country, that The Ontario prints the following from The Daily Telegraph (London) knowing it will be of special interest to them as it is to a lesser degree to all readers of this paper.

"Chu Chin Chow" has not died gloriously. His end came last night with the 2,238th performance of Oscar Asche and Rosalie Norton's "musical tale of the East" and the rites were truly impressive. (Our stagegoers, who packed His Majesty's, from floor to ceiling, saw to that. Mr. Asche had not written a threat for the occasion. He was content to announce, with staid fortitude and composure, seeing that the fate of his own offspring was concerned, "the absolute date of his (Chu Chin Chow's) death." Naturally everyone wanted to be there for the last scene, including those patriarchal players who remembered—or said they remembered—the birth of the illustrious Chinaman, and those comparatively young folk who thought they remembered sitting on their grandparents' knees and hearing them talk of that historic theatrical first night. And certainly as many were there as could squeeze in. But more, far more, were turned disappointed away. And, seriously, can you wonder at the fervent interest aroused by the best of long hair, of a play that has beaten every theatrical record in any part of the globe and made paltry by comparison the box-office figures revealed by any previous "record run"?)

When he turned for his theme, to one of the most familiar of all the Arabian Nights' tales Mr. Asche may possibly have had premonitions of a "thousand and one nights." But surely he can never have dreamt of a total of 2,238 performances. Had he conceived of the bare possibility of such a thing, would he not have quailed at the prospect of playing the same part, year in and out, for a lifetime? Indeed, might not the devastating thought have turned him from his purpose and tempted him to strangle "Chu Chin Chow" at birth with his own pistol? But in that case Mr. Asche might have made a "Grand Guignol" play without, however, adding a chapter to theatrical history.

We cannot say what was the longest vigil kept at the doors of pit or gallery in preparation for the demise of the venerable Chinaman. But some enthusiasts, it is said, were to be seen there soon after the break of day, becoming garbed in the tokens of mourning. Among them were a few greybeards whose recollections of the first performance were overheard with something approaching awe by younger veterans. Also there was one Englishman who owned up to having spent the play seventy-nine times—stout fellow!—but there was nobody at His Majesty's last evening who then saw "Chu Chin Chow" exactly as he, or she, had seen it previously. For, in order that there should be no suspicion of maimed rites, the author-manager decreed the restoration of scenes and songs that had "dropped out" with the passing of years, and of others, again, that had taken their places and then been jettisoned in turn. It follows that Abu Hassan—to give the robber shayk his true name—was an unconscionable long time waiting, and that it was at a very late hour last night when those very pretty and picturesque revels that have always marked the fulfilment of Zai-Nat Al-Kulub's sinister prophecy were held.

Throughout the long evening the theatre had resounded to whole-hearted enthusiasm, Mr. Asche, his popular and accomplished wife, Miss Lily Brayton, Mr. Courtice Pounds, the cheeriest of All Baba's, and Miss Aileen O'Orme, the Alcolom adored of that reprobate, coming in naturally for special ovations. (It is worthy of note, by the way, that all the members of the original cast were still there with two exceptions, and that Mr. Norman Williams, the original Abdullah, returned specially last night to resume once more his old rôle; also that two members of the 1916 company, Mr. Julian Cross and Mr. John Lacey, shared the distinction of not having missed a single performance of the piece.)

But if the huge audience had been vastly demonstrative throughout, it yet seemed that they reserved to the end their warmest tributes. And so, with the falling of the curtain on the lovely Rose Garden scene, there was witnessed a scene of mighty emotion, which grew in volume when the curtain again lifted. Mr. Asche, still in the guise of the play's protagonist, appeared on the stage in response to calls for a speech. In the course of his remarks he referred feelingly to the fact that the performance had continued marked the close of the history of His Majesty's Theatre under the management of the Asche family, and he went on to pay tribute to the memory of Sir Herbert Tree, whose spirit, he said, must surely have been with them that night in the building he opened twenty-seven years ago. Incidentally he recalled his wife's first associations with that theatre in 1901, when she appeared as Viola in the lamented actor-manager's memorable revival of "Twelfth Night," and also his own Shakespearean season within its walls some five years later. There was loud cheering when he expressed the hope that negotiations now being completed would enable him to start a fresh season there in the autumn with a play—he added, amidst laughter—the title of which must not be breathed, and that he would be able to on the high artistic traditions of the premier theatre of the English-speaking world.

His speech ended, he summoned to his side Mrs. Asche, whose appearance was greeted with a fresh burst of cheering, and thereafter his collaborator, Mr. Norton, the popular theme of whose "Robbers' March" served as an accompaniment to the subsequent appearance in turn of every member of the "Chu Chin Chow" company, to all of whom, as well as to others besides, who had contributed in one way or another to the triumphant success of this piece he rendered suitable tributes. And, finally, turning to one of the stage boxes in which Dame Clara Butt was seated, he asked the distinguished singer to confer upon them all the favor of singing the National Anthem, as she had done at the opening of His Majesty's in 1897. This, he said, was the last time her "glorious voice" would be heard in this country for some months as she was to sail within a few hours for Australia for a tour of the British Dominions overseas. With what emphatic effect the famous singer responded to the request need not be described. And so ended a night truly historic in the long annals of the London stage.

ENGLISH SCHOOLS

LONDON, July 30—(By Mail)—So comprehensive is the education of the government of Palestine that, at the present rate of progress, the whole country will be provided with schools within four years, it was announced here. Since January 24 new village schools, providing elementary education for 1,250 children, have been opened, while 46 state-aided schools provided in villages by the inhabitants have been taken over by the government. An additional 35 schools will be opened during the current financial year, it is announced.

Measures also are being taken for the development of the two training colleges for teachers. Teachers are being appointed to live among the Bedouin tribes and teach their children. A central education committee has been formed, consisting of four Moslems, three Jews and three Christians.

Under the arrangements now in force the people of the villages prepare the buildings and furniture and keep them in repair, while the government pays the salaries of the teachers and other costs of maintenance.

BOBBED HAIR IS DEFENDED

Style of Hair Girl's Own Affair, Many Employers Declare

BECOMES SOME OF 'EM Can't See Why Clippers Reduce Girl's Efficiency Says Chicago Man

CHICAGO, Aug. 16.—Little girl with the bobbed hair, do not worry. There is no general movement among Chicago employers to oust you simply because your long locks are gone. If you do your work properly, your boss will not ask any personal questions.

Such was the information gathered, following the announcement by a State street department store that bobbed hair had been banned among its employees. A caucus of owners and officers disclosed that all the average Chicago employer wants is efficiency and that few of them believe a girl's hair enters into the subject.

Hear the words of John Spellman, a director of the Chicago Telephone company:

"We make no such point in hiring our girls," he said. "All we want is a girl who can answer a telephone quickly and properly. If she can do that we do not care whether she has her hair or wears it in long braids. If she gives the service we want, we are satisfied. I don't know why bobbed hair should affect a girl's ability as a public servant."

Carson, Pirie, Scott & Co.'s employment bureau has not even considered the question. G. W. Montgomery of the Fair asserted that could see no reason for discrimination against bobbed hair.

"Why, I even believe bobbed hair becomes the younger girls," Mr. Montgomery said. "Of course, it doesn't look so well among the older clerks, but why can't a girl with bobbed hair give as good service as one with long tresses? I can't see how the clippers can cut down a girl's efficiency."

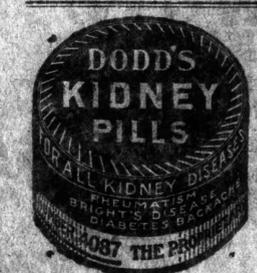

SOME CHOICE RECIPES.

Good French Dressing. It is an excellent idea to make a quantity of French dressing at one time, and to place it in a glass jar in the ice box, where it will keep indefinitely and is always ready for use when wanted in a hurry. It may be mixed as follows:—Rub a bowl with a cut clove of garlic, then put in two teaspoonfuls of salt and a quarter of a teaspoon each of white pepper, paprika and a dash of cayenne; one tablespoonful of Tarragon vinegar for every three tablespoonfuls of olive oil. It must be well stirred and shaken before use every time.

Apple Roll. Make a biscuit dough, place on top four or five apples, chopped finely, roll and place on a buttered pan, make a syrup by boiling together for five minutes, one cupful sugar, one-half cup water and one-half teaspoon nutmeg; pour half over roll, saving remainder to serve as sauce. Bake one-half hour in an uncovered pan, basting often with the syrup.

Apple Mint Jelly. Cut the apples into quarters, barely cover with boiling water and cook until soft. Drain, and for a quart of the juice heat three cupsful of sugar. Set the juice on to cook with the crushed leaves and stalk of a bunch of mint. Cook for twenty minutes and strain into a clean saucepan. Heat to the boiling point, cook for fifteen minutes, add the hot sugar and let boil to the jellying stage. Tint a delicate green with vegetable color paste and store in jelly glasses.

Cranb Date Muffins. Mix together one cupful of dried sifted bread crumbs, one tablespoonful of melted olive-oil, one tablespoonful of sugar, half a tablespoonful of salt and half a cupful of boiling water. When the ingredients have cooled add one well beaten egg, half a cupful of milk and three-quarters of a cupful of flour sifted with three teaspoonfuls of baking powder. Beat well, turn into oiled muffin pans and bake twenty minutes in a moderate oven.

What Shall I Do?

MATRIMONIAL 'AIDS.'

Ques.—Dear Miss Page: Do you think it wise for girls to answer advertisements in the personal column of the paper for matrimony? Would men advertising for a wife be any good?—Dimples.

Ans.—I do not, and they would not. Dimples. It is positively dangerous for girls to answer such advertisements. Not one in a thousand of them is legitimate or safe. Either the men who advertise thus are boys who think to have a lark, or men with ugly purposes. There are safer, more dignified and more effective ways for men to find wives, and the decent man who would stoop to such a course is so very rare as to be negligible. Please, girl friends of mine, do shun such "aids" and all "matrimonial agencies" as you would a poison snake.

A TOO FREQUENT CALLER.

Ques.—Dear Miss Page: I have a boy friend that I like very much, but he seems to think he should come to see me or take me out somewhere every night. Please tell me how I can make him understand to come moderately instead of all the time, without offending him. I sure like your column.—Mickey Lee.

Ans.—Bless their hearts, girls go through a lot of trouble, worrying and explaining to the folks just because they are afraid to "speak right out in meeting" for fear of hurting some boy's feelings. The boys just say, "I should worry whether she likes it" and they go ahead and make whatever rules and regulations arrangements and programs suit them. And within reason, you girls ought to do the same.

Just tell your friend right out, Mickey Lee, that you enjoy having him come, but that you have other demands upon your time, too—that you have duties and that your family are not willing to part with your company every night, but that you will be glad to have him come twice a week.

THE RING FINGER.

Ques.—Dear Miss Page: Will you please tell me which hand and which finger you should wear your ring on if a boy did or didn't give it to you?—Undecided.

Ans.—The third finger (not counting the thumb)—that is, the next to the little finger on the left hand is called the "ring finger." Not all rings worn on that finger are always engagement rings, but that is where the engagement ring and after the wedding ring are worn. Otherwise all fingers are alike—there is no significance attached to the wearing of rings upon any one of them.

ENVELOPES, PLEASE.

"Worried." I am afraid you will have had your visit at the "best hotel" and be home again. You should have sent a self-addressed and stamped envelope for a quicker reply than I could possibly give you in the column—I couldn't have told you all that here anyway. Better look next time, and I hope you had a fine time.

Every Woman's Realm

A DECALOGUE FOR BUSINESS WOMEN

For the business girl or woman who would keep fit—up to the mark physically and mentally—these are the commandments laid down by the medical staff of Grand Street Hospital, New York City:—

- 1. Your health is your greatest wealth; do nothing to impair it.
2. Keep your body as fit as possible; your mind may be free to achieve its highest.
3. Eat simple, nourishing food.
4. Eat three meals a day at regular hours.
5. Bathe daily and exercise in the open air.
6. Get an average of eight hours sleep daily.
7. If you are subject to headaches find the reason.
8. Dress to meet the demands of the weather.
9. Wear comfortable shoes and avoid wet feet.
10. Don't indulge in "nerves."

Typists who lunch on a chocolate sundae, topped off by a bag of coconut kisses munched as they stroll along the street, are expensive office furniture. They are likely to be the same ones who will dance until the "wee hours" three or four nights a week. Too tired to arise at seven the next morning they sleep until there is no time to breakfast. The day at the office starts with an aching back and heavy eyes. Numerous mistakes are a natural sequence, a deserved reprimand results, and the day comes to a premature end in an attack of hysterics. The serious girl frequently offends against the laws of health, also, but in a different manner. She is the girl who tries to work beyond her strength. After a hard day at the office she tries to do "copying" at home. Perhaps she economizes by trying to do much of her own laundering. Maybe she makes her own clothing and sews until midnight. Repeatedly, her work appears to be poor, economy, a rash waste of her strength and vitality, when it infringes upon her hours of rest and sleep.

Women can't afford to be sick. Women who expect to get anywhere in the business or professional world have to back up their words with health. Few achieve success by chance or easy means. They have to exert their mentality, strengthen their nervous force and thereby their personality. The female nervous system is more delicately organized than that of the male. A woman is more sensitive to disappointments, unkindness and the rough side of daily life. To overcome these jarring elements and persevere in her upward climb all her forces must be as par. If a woman is almost at the point of tears because of some physical ailment she is not likely to stand up very well when hard pressed in a battle of wits. If a woman is tired to the point of exhaustion she may force her mind for a time to function satisfactorily, but she is paying a heavy rate of interest. The owner of a high-priced motor car will not allow it to be driven on a flat tire any further than absolutely necessary. Yet a woman will carelessly deplete her physical and nervous strength through various practices and continue to urge along her lagged mind as well as body. She does not think so much of her nervous system as a man does. Of his tire, but she is running the same risk of injuring it irreparably. Skipping meals or eating a sandwich at her desk is another injurious habit the woman who is bent on high production is likely to acquire. Some stomachs stand a good deal of abuse, but they always rebel in the end. The human machine must have fuel. Without it it will go no further than the machine of metal.

There is no doubt that women as a class have made good in the business world. But they must also make good with themselves. A woman has no business to wear herself out, no matter in what sphere she may be. There is no reason why she should. The women of really big achievement early in their careers had to leave the lesson of balance. If their systems are subjected to the more severe strain of a business life the better their physical equipment must be, and the more obedient they must be to the laws of health. It is not hard to keep the health commandments when once you get the habit. Get the habit.

Tomorrow's game on the local diamond amounts one way or another to a good deal more than a mere ball game.

A win for Belleville means they regain the top of the heap as it's the only game fixed for the mid-week date.

But ye gawds a win for Lindsay? Well a win for the Greybirds puts them on a dizzy pedestal and the local ones does the second-raters—that's what it does.

And the way these birds in Lindsay are crowing gives one the ache in the head.

Listen to the sport man of the Lindsay edition—

Due to the exertions of certain kindly disposed teams on Saturday the Lindsay Greybirds now perch on the top of the Central League heap. Belleville was jolted out of this enviable position by Port Hope, who beat them by a 13-12 score in rip-roaring battle lasting ten innings. Oshawa took their Cobourg game with a 5-0 score.

With three games won and one lost, Lindsay stands first on a percentage of .750. Belleville and Oshawa are tied for second hole with four won and two lost—percentage .667. Port Hope is fourth with 42.3 percentage, followed by Peterboro with an even .400, and Cobourg's .167.

The Greybirds have a chance to make the position secure this week by beating Belleville on their own ground. On Wednesday, the eastern town will see a battle royal. The Lindsay gang beat Goyer on his own field last time and are quite ready to do it again.

On Saturday next Oshawa visits Peterboro and Port Hope at Cobourg "Right off the Ice Geats". Of course the "charge" will be by the Oshawa Telegram about ice boxes or something and destined baseballs, is too stupid to entertain. But it has been reprinted all around the circuit. The Lindsay Post prints it but says:

We cannot credit the serious charge made by the Oshawa Telegram that the Belleville Club deliberately placed three baseballs on a block of ice over night before the Oshawa game in Belleville, so that the Oshawa nine were unable to hit the "water-soaked, or soggy balls" out of the infield, while Belleville managed to slip the Umpire real new balls when they went to bat. True Goyer had a no-hit game, but we believe that the Belleville club is being libelled and that the charge is false, even before we hear the evidence.

A Peterboro View
Peterboro sizes it up just like this. The unexpected defeat of Belleville at the hands of Port Hope on Saturday stopped the runaway career of the Belleville team and once more the Central League race is anybody's with only a game and a one-half separating the first team from the fifth. One of the most important games of the series will be played here on Saturday, when Oshawa, the winners of the first half, will be here to do battle with the Petes. The Solomon crew have to win this game to stay in the running, for a loss to Oshawa would kill the chances of the local crew. Dainty is back in Osh-

GLIMPSE AT THE WORLD OF SPORT

BIG TOURNEY ROLLS MERRILY ALONG; GETTING NEAR DECISION FOR RIGGS' CUP; IN AND OUT TURNS OF FIRST DAY'S PLAY

At noon today the semi-finals in the Riggs' Competition at the Bowling Tournament at the Belleville green were reached and at one-thirty p.m. the contests began to decide who should enter the finals. President W. B. Riggs was skipping the rink opposing Harry Newman of Kingston and another Belleville rink, that of W. C. Springer was pitted against Deterbeck of Oshawa. The finals were expected to be reached at about three-thirty this afternoon.

The Ritchie Cup Competition was in full swing and early this afternoon the fourth round had been reached. No start had then been made in the Ackerman Cup Competition.

The ideal weather conditions were making the tournament an unqualified success. Every green was in possession of contesting rinks all the time, Secretary "Bob" Wray keeping the competitions speeding along merrily so that not a moment was lost. Even the usual meal hour was neglected, the bowlers snatching an opportunity (and eats) at the refreshment booth.

The games were being witnessed by a host of interested spectators. Not a hitch so far marred the progress of the tournament.

Tomorrow the Ackerman cup and the singles and doubles will be the features.

BUDGET OF NEWS FROM WELLINGTON

Motor Collision Occurs at Huyek's Point—Little Boy 4 Years Severely Scalded FRIENDS HOLD MEETINGS P. E. Lodge, 412, Oddfellows Decorated Graves at Cemetery on Sunday

WELLINGTON, Aug. 16.—Mr. and Mrs. Horace Luffman and family, from Rochester, N.Y., are spending their holiday with his parents, Mr. and Mrs. W. J. Luffman.

H. Ed. McFaul and M. B. Trumpour who are on a tour in the British Isles and other points in Europe, are having a good time. A card was received from Ed. McFaul posted at Leamington Spa, Eng., where they spent the night of July 19th. He says they had visited Oxford University, and admired the wonderful structure, and ancient buildings, built before the discovery of America. They also visited Warwick Castle, and were going north to Glasgow. A few days later a copy of a newspaper, "De Courant," Van Maandag, Holland, 1 Augustus," was received.

As a result of a motor collision near Huyek's Point on Tuesday the 9th, Burton Ayton, a four-year-old boy who makes his home with Mr. and Mrs. Gard Phillips, is seriously ill, and the latest report states the child is improving. Mrs. Phillips was driving her car when she came to a narrow piece of road and Mr. Levi Williams of Pleton was coming toward them with his car. A collision occurred, which upset the Phillips car, and the boy was thrown out and severely scalded by the water from the engine. Mrs. Phillips and Mrs. Ayton were placed so that they could not readily get at the unfortunate child to rescue him, and it was a time of mental agony to them to see the child suffer. Dr. Broad is attending the child, and he is expected to pull through.

James Wild, with his wife and son, is back from a visit to various points where small groups of Friends reside in the County of Frontenac. Starting from Kingston, the first meeting visited was Sunbury. He spent a pleasant week end with the Webb family, and had two meetings. At Echo Lake, where his wife joined him on Tuesday, one meeting was held in the school room on the Wednesday night, and just as the meeting on Friday night got started, the alarm was given that a fire had broken out in a wood near by, on the farm of Henry Hicks. The blaze could be seen from the school window, and the meeting was closed at once and all men rushed to the fire, as the farmers in that locality have had trouble with fires before. Fortunately, it was a perfectly calm night, and it was possible for the willing helpers to get the fire subdued before it spread to any extent. The farmers in this back country, on account of small crops of hay, fear it will be a hard winter to preserve the cattle. J. Wild and family drove to Thirteen Island Lake on Sunday morning, and three meetings were held there, with a good attendance, considering the small population in those parts. The spirit of hospitality that abounds in these places, says Mr. Wild, impressed him very much.

Garratt Cronk and Earl Marvin were at home for the week end, as the boat they sail on, "S.S. Cicca," hit a rock coming up the St. Lawrence, and is now in dry dock at Buffalo. Mr. and Mrs. L. P. Coxall are on holiday at his old home at Tamworth. Rev. J. U. Robins and family are on holiday. Mr. Snider, of Windsor, occupied the Methodist pulpit on Sunday and preached excellent sermons.

FOXBORO

Quite a number attended the Methodist Sunday school picnic held on Wednesday of last week in J. Gowsall's grove.

Mr. Roy Ward left on Monday for his home in Peterboro after spending several weeks with relatives here. Mr. John Holgate, of Bowmanville, is a guest in the village renewing old acquaintances.

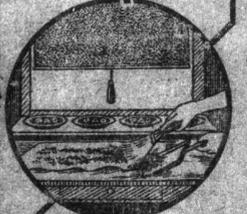

Master Billy Chamberlaine, of Toronto, who has been the guest of his cousin, Master Ernest Gowsall, for the past two weeks returned home on Saturday.

Miss Helen Davis spent over Sunday with her sister, Mrs. Wilmet Rose, 6th line.

The sound of the threshing machine can be heard in this vicinity. Mr. and Mrs. W. R. Prentice and Mr. and Mrs. Earle Prentice also Mrs. Will Gowsall spent Sunday at Mr. and Mrs. A. Ward's in Belleville.

Mrs. J. Welbourne, of Peterboro, is visiting at the home of Mr. and

WHEN USING WILSON'S FLY PADS READ DIRECTIONS CAREFULLY AND FOLLOW THEM EXACTLY. There is only one way to kill all the Flies. This is it—Darken the room as much as possible, close the windows, raise one of the blinds where the sun shines in, about eight inches, place as many Wilson's Fly Pads as possible on plates (properly wetted with water but not flooded) on the window ledge where the light is strong, leave the room closed for two or three hours, then sweep up the flies and burn them. See illustration below. Put the plates away out of the reach of children until required in another room. The right way to use Wilson's Fly Pads

The Cause of Headache

Only in Rare Cases Does Backache Mean Kidney Trouble. Every muscle in the body needs constantly a supply of rich red blood in proportion to the work it does. The muscles of the back are under a heavy strain and have but little rest. When the blood is thin, they lack nourishment, and the result is a sensation of pain in those muscles. Some people think pain in the back means kidney trouble, but the best medical authorities agree that backache seldom or never has anything to do with the kidneys. Organic kidney disease may have progressed to a critical point without developing a pain in the back. This being the case, pain in the back should always lead the sufferer to look to the condition of his blood. It will be found in most cases that the use of Dr. Williams' Pink Pills to build up the blood will stop the sensation of pain in the ill-nourished muscles of the back. How much better it is to try Dr. Williams' Pink Pills for the blood than to give way to unreasonable alarm about your kidneys. If you suspect your kidneys, any doctor can make tests in ten minutes that will set your fears at rest, or tell you the worst. But in any event to be perfectly healthy you must keep the blood in good condition, and for this purpose no other medicine can equal Dr. Williams' Pink Pills. You can get these pills through any dealer in medicine, or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

Mr. and Mrs. S. Eccles and baby, Margaret, of Toronto, Mr. and Mrs. Fred Ashley, Boston, Mass., spent a few days last week at Peterborough. Mr. and Mrs. T. Leslie, Mr. and Mrs. Palmer spent Sunday at Mr. Fred Robinson's. Mr. Eugene Knoxson and family of Ohio, are spending their holidays at the home of Mr. James Sills, and Mr. Walter Snider. Quarterly services were held in this church on Sunday, conducted by Rev. Mr. Goshen, who delivered a very impressive sermon.

Miss Ruby Tuft returned to her home in Tweed after spending some time with her aunt, Mrs. Jas. Cole. Mr. and Mrs. Ed. Shapkins, Melrose, took dinner at Mr. George Badgley's on Sunday. Miss Verna Hagerman has returned home after spending some time with friends in Belleville. Mr. and Mrs. Jean Badgley, Melrose, took dinner at Mr. Stillman Haight's on Sunday. Mr. Earl Lansing and mother spent Sunday at Mr. Peter Williams'.

Mr. J. Turner and daughter, of Campbellford, are visiting Mrs. Manley Scott and Mrs. Wm. Moore. Mrs. (Rev.) Walsh and two little

CHERRY VALLEY

Visitors to Russia Take Food Along. British Trade Mission Provides For Six Weeks When Starting Eastward. LONDON, Aug. 17.—A British trade mission of 17 members, headed by R. M. Hodgson, formerly British consul at Vladivostok, has left London for Moscow, where quarters have been secured to house them. They took with them six weeks' food supply, and large stores of office and household furniture including tables, rooms, pads, dusters and even pens and ink.

"We don't know what may happen to us," said Mr. Hodgson to a reporter, "so we are going prepared. We are taking two cars, in case we find the railways on strike or the track blown up, but we are not carrying any arms."

Asthma Doesn't Wear Off Alone. Do not make the mistake of waiting for asthma to wear away by itself. While you are waiting the disease is surely gathering a stronger foothold and you live in danger of stronger and yet stronger attacks. Dr. J. D. Kellogg's Asthma Remedy taken early will prevent incipient condition from becoming chronic and saves hours of suffering.

Wilbur Johns, a 14-year-old Saugon Indian boy, was sentenced to the Victoria Industrial School for two years for burglary.

Children Cry for Fletcher's CASTORIA. Fletcher's Castoria is strictly a remedy for Infants and Children. Foods are specially prepared for babies. A baby's medicine is even more essential for babies. Remedies primarily prepared for grown-ups are not interchangeable. It was the need of a remedy for the common ailments of Infants and Children that brought Castoria before the public after years of research, and no claim has been made for it that its use for over 30 years has not proven.

What is CASTORIA. Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It contains neither Opium, Morphine nor other narcotic substance. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep.

RECORD MARKET FOR A SATURDAY PRICES STAY UP

Little Change Occurred in the Amount Asked for All Kinds of Produce

POTATOES 75c A PECK
Meat Prices, if Anything, Were Lower, But Eggs and Butter Were Firm

One of the biggest markets on record was seen today. Before eight o'clock the market square was filled with farmers and the inner market was crowded before nine o'clock.

Little change occurred in prices, although all were steady. Potatoes held at 75 cents per peck, butter at 55c to 60c; eggs at 32c to 35c.

Poultry was plentiful. Last year's fowl brought \$1.75 to \$2.50 per pair, and chickens \$1.25 per pair.

Tomatoes sold at 90c to \$1.00 per bushel.

Plums were quoted at 75c a bushel and were plentiful.

Apples were bought at \$1.00 to \$1.25 per bushel.

Vegetable marrow sold at 10c to 15c. Pumpkins brought 10c. Choice watermelons ranged in price all the way from 20c to 40c each.

Several big loads were offered today.

Blackberries were sold at 30c, huckleberries at 35c, strawberry tomatoes at 20c a box.

Large cucumbers were quoted at the rate of three for 5c.

Meat prices are low. A great quantity of meat is coming in but there is difficulty in disposing of it. Beef hindquarters bring 12c and fore quarters 7c. Veal carcasses bring 10c to 11c per pound, and lamb 20c.

Grains are a little firmer, oats selling at 65c and barley at 95c, but wheat in this district is of such poor quality through shrinkage that it is not worth only about \$1.40 to \$1.50. Hides are still at the three-cent level.

TWO GIRLS RESCUED ON NIAGARA'S BRINK

One Overcome While Swimming Above the Falls and Drifted Down—Sister Tries Rescue

NIAGARA FALLS, Aug. 13.—Two fifteen-year-old girls, Phyllis Perry of Chippewa, Ont., and Wilma, and Cora Baldry, seventeen and twelve years old, respectively, daughters of C. J. Baldry, city market clerk of Niagara Falls, Ont., from drowning yesterday afternoon a half mile above the falls.

Wilma was overcome while swimming and was going down for the second time when her younger sister went to her rescue. She was being dragged down with her sister when Miss Perry dived from Navy Island, where the girls were campers, and brought the sisters to shore.

LEE HONG'S LIQUOR GONE

Rather Involved Case in Which Celestial Figures

COBOURG, Aug. 12.—Mr. Lee Hong, of Brighton, who appeared before P. M. Floyd some time ago on a charge of B.O.T.A. and was fined \$200 and costs, appeared to the Commission for a refund of fine and liquor—three cases of gin, as the breach was purely a technical one. The commission considered the case and it was ordered that the liquor be returned, providing Mr. Hong could get a legal place to keep the liquor.

Accordingly the liquor was expressed to Brighton in Mr. Goodrich's name, but later word came to Cobourg that the gin, or part of it, at least, had been stolen. Mr. Goodrich left for Brighton to investigate.

Two Vessels Wrecked Off Shore of Prince Edward a Total Loss

Word was received in marine circles here today that the barges Concor and Atlasco, owned by the Sincennes-MacNaughton Line of Montreal, which went ashore in South Bay last Saturday, have broken up and that the boats and cargoes are a total loss. The barges were in tow of the tug Sin-Mac when early Saturday morning about 10 miles from the Docks they began leaking. A strong southeast wind prevailed at the time and a high sea was running on the lake. The crews of the barges were removed and the boats cut adrift. They ended up by washing ashore in South Bay. Efforts to remove the barges at the time of the accident were made but without success.

Rifle Team Only Four Points Behind Winners of I.A.-Governor's Match at Long Branch

Kingston—The Royal Military College won third place in the Lieutenant-Governor's team match for the Canadian Club Jubilee Challenge Trophy at the Ontario Rifle Association meet at Long Branch ranges. The trophy was won by the Royal Grenadiers with a score of 297, the Queen's Own Rifles were third with 296 points and the R.M.C. third with 293 points. There were eleven teams entered. The Royal Military College was brought to third place by the following individual scores: Major J. Jeffrey, 56; Sergt.-Major A. Hilton, 58; Q.M.S. G. Rolfe, 64; B. Q.M.S. A. Westley, 51; Sergt. A. Middleton, 64.

LEAGUE COUNCIL TO MEET AUG. 20TH

PARIS, Aug. 13.—Viscount Ishi, President of the council of the League of Nations, it is understood has decided to summon that body to meet Aug. 20, to consider the solution of the Upper Silesian problem. Better than Nothing.

LONDON, Aug. 13.—Decision to refer the Silesian question to the League of Nations is generally approved by London though not always with enthusiasm. Those least enamored with the Paris decision say it is an expedient far preferable to a break between Britain and France.

LORD BYNG SHAKES GRIMY HAND OF WORKMAN AND OLD SOLDIER

Democratic Tendencies of His Excellency Apparent on Trip to Ottawa—Comes in Touch For First Time With Workers and Talks in Friendliest Fashion With Them.

OTTAWA, Aug. 13.—There were two incidents in connection with the trip of the Governor-General from Quebec to Ottawa that are illustrative of the democratic attitude of His Excellency.

The special Canadian National Grand Trunk train carrying the Governor arrived at Turcot Yards on the outskirts of Montreal at 3.30 yesterday morning after an excellent trip from Quebec. His Excellency stepped off his train as soon as it came to a stop. Standing nearby, clad in overalls, was one of the Grand Trunk yardmen, Joseph Guy, who removed his hat in a mark of respect to the Governor-General.

Lord Byng advanced and held out his hand to the railway man. Guy, surprised by the notice of the Governor-General, showed Lord Byng how

stained and dirty his hands were. "Why, that does not matter at all," replied the Governor-General as he shook his hand heartily and proceeded to chat with him in French. Lady Byng then joined His Excellency and they walked through the yards for twenty minutes inspecting the various eyes of equipment.

On nearing Ottawa, His Excellency called to his private car R. H. Fish, general superintendent of the Grand Trunk Eastern lines, to congratulate him on the excellent transportation arrangements. Lord Byng inquired who the engineer of the train was and on being told that the driver was a man who had served under him at Cambrai and Vimy he asked that he be brought back. John Mathewson, of Montreal, accordingly made his appearance as soon as Ottawa was reached. His Excellency said, "we were comrades in France and I am glad to see you here." It was a day when the Governor-General came into touch for the first time with the Canadian workers.

LONDON CABINET CONSIDERS REPLY FROM DEVALERA

Lord Fitzalan and Sir Hamar Greenwood Said to Have Been Questioned

MUM AS TO DETAILS
Political Writers Not in Unison in Conjectures as to What It Means

LONDON, Aug. 13.—Eamon de Valera's answer to the proposals of the British Government relative to peace negotiations in Ireland was considered at a meeting of the British cabinet this morning. Lord Fitzalan, Lord Lieutenant of Ireland, and Sir Hamar Greenwood, Chief Secretary for Ireland, were understood to have been called to participate in the deliberations.

The closest secrecy was maintained by officials as to the contents of De Valera's message. Some political writers claim it is only a step forward in the negotiations; others say the cabinet regard it as tantamount to a rejection of the British terms.

Among disquieting reports yesterday was one stating De Valera had demanded amnesty for all Irish republicans imprisoned or interned, as a condition preceding further negotiations. Another claim was that he asked a monetary indemnity for losses occasioned by warfare in Ireland, amounting to millions of pounds sterling.

COMMENCED RAZING MILL

Knitting Factory Will Be Replaced by Central Heating Plant

Kingston—The work of removing the old Knitting mill building on King street west to make way for the erection of the central heating plant for the General Hospital and Queen's University on that site was started. The work is being done under the direction of Prof. Lindsay Malcolm and twenty-five men were started on the job. Before the work which is estimated will take about a month, about thirty-five men in all will receive employment. It is uncertain as yet what will be done with the brick which will come from the walls. It was suggested that it be used to build the tunnels for the heating system, but as this is not decided, it is at the disposal of the college. The whole building will be razed to the ground with the exception of the storehouse on the west side.

BIRDS SHUT OFF POWER

Flock of Blackbirds Meets Death, But Break Wires

Gloversville, N. Y., Aug. 13.—The cities of Gloversville and Johnstown, and other parts of Fulton County, were in complete darkness for two hours last night and all electric power entirely suspended for the same period. A flock of black birds alighted on the high tension wires causing a short circuit, burning off the wires which dropped to the ground in the midst of dead bodies of the birds.

N.Y. Expert Lauds Canada

NEW YORK, Aug. 13.—The history of the world has shown no more well-balanced development of a great country, than has been true of Canada, says the National City Bank, in a survey of conditions in the Dominion.

After referring to the vast territories in Canada, and resources which require the hardest kind of pioneers to bring them to the service of the world, "it has steadily forged ahead and today stands in a position to withstand solidly the great strain of the war," says the survey.

The review predicts prosperity for Canada based on crop conditions as reported by the bank's agents in that country, and also expects lower living costs. It thinks the passage of the United States emergency tariff will be the greatest factor in lowering the cost of living by cutting Canadian exports of foodstuffs to the United States.

DR. STONE'S DEATH MUST HAVE BEEN INSTANTANEOUS

CALGARY, Alta., Aug. 12.—A post-mortem held at Banff on the body of the late Dr. W. E. Stone, President of Purdue University, Illinois, shows that his neck was broken by his fall 300 feet down the side of Mount Eon, and that he must have died an instant death. The body passed through Calgary last night on its way east, accompanied by Mrs. Stone, her brother and two sons.

FUNERAL OF MRS. ROWE.

GILBERT PARKER TO LEAVE COAST; A FILM SUCCESS

Famous Novelist "Made Good" at Writing Plots for Screen

TIP ON BATH HOUSE Belleville Not the Only Place Where Beach is Cause of Worry

By W. S. MacDiarmid.

LOS ANGELES, Aug. 1, 1921.—Sir Gilbert Parker will leave California on September 10th for England. He is leaving with the knowledge that he has triumphed as a playwright in the Silent Drama. This week crowds are attending the beautiful California theatre where his first big play, "A Wise Fool," is delighting theatregoers. The play is based on his successful novel, "The Money Master," James Kirkwood, in the role of Jean Jacques, is a happy choice. He plays the part with great power and expression. Other well known stars in the cast are Ann Forrest, as Dolores; Alice Hollister and Trudy Shuck.

The Examiner has the following to say of Sir Gilbert:

"Teach facts. But don't advocate. That's the way to sum up Sir Gilbert's conception of the purpose of any tale printed or screened. The facts he would teach are of life 'as is.' The privilege of explaining these facts belongs to the reader by divine right. Creeds seeking to show what might be or what should be are banished into the outer waste basket.

Which merely proves that the British novelist like any other has ideas of his own. Maybe he will take some new ones with him when he returns to London.

Asked if his future novels would be affected by his newly acquired knowledge of screen requisites he said:

"I wouldn't allow the films to influence me in the slightest."

Now there's a stumper. Sir Gilbert does not run true to form. Most of the literary geniuses return from a few weeks' floating on the filmic seas with pronounced tendencies towards bringing up their children to be more respectful to the movie art.

About Those Baths.

In recent editions of The Ontario considerable space is devoted to the question of public baths and what to do with the \$5,000 left by the late Henry Corby. If history is to be relied upon there is a terrific warning to the natives of the city by the bay. Look at what happened in Rome when the natives quit work and took to bathing. They got so much in the habit of taking off their clothes that they didn't feel comfortable with them on.

The present short skirted styles for women evidently started in Rome instead of Paris. Like ex-Alderman Robinson the writer would advise anyone in the old home town to read Quo Vadis before building public baths. When men begin to patronize the public bath and use perfume its curfew and thumbs down. In the old days the head of Zwick's Island used to be the popular resort for the natives of the sterner sex. There the male September Morn poses were first introduced. The costumes were not as brilliant as seen on the beaches nowadays. They were not visible to the naked eye. The building of the pump house took away the popular resort as the engineer said the swimmers riled the water at the intake pipe and filled the pumps full of sand and gravel. The Quinte was large enough, however, to accommodate the swimmers and if anyone in those days had suggested a bathing house he would have had to engage Guss Porter to defend him.

Use Bath Houses.

In Los Angeles there is the Pacific Ocean from Venice to San Pedro to swim in, a distance of fifteen miles yet in the city there are scores of baths, public and private. Sometimes the ocean is so rough that the life guards won't allow the boldest swimmer out and then the public baths are used. They are made of cement. It would be easy for Belleville to build one or two as the cement is manufactured there. The pools are about 100 yards long and the water tapers off from 3 feet to 8 feet in depth with a rope in the centre to divide the danger zone. Children and grown folks have a splendid time at the parks with these plunges as they are called. The bathing suits rent from 15c to 25c and in this way the plunges are self supporting. There would be no expense to the tax payer so there would be no excuse to raise the rent. In this way a plunge could be furnished for the east and the west side. The only problem would be to get

the natives to pay for a bathing suit. The members of the west side would never be held up for 15c a bathing suit, not unless they have greatly changed in the last 20 years. It's not that the west side boys were tight wads, 15c was a lot of money to have all at once.

Have the Last Word.

The newspapers of Los Angeles have been having a lot of fun during the past week printing the details of a row that has happened at one of the exclusive society plunges. The male members of the club posted up a notice that the female members should take a soap bath before entering the plunge. They said the female of the species came decked with a two-piece bathing suit and three coats of rouge, pat and powder, and if the men came late they had to jump into water that left red stripes all over them. The females did not like that and they came back with the charge that the men did not go in the pool at all, but just rubbed at the figures and shapes of the ladies. The men have not replied to this and at present the women have the last word as usual. It is a serious thing this question of public baths. No one wants to see the top of the mountain at Trenton blow off and burn up the city. Why do the comedians make fun of the old Saturday night baths, but they do.

BRITAIN FEARS CHOLERA PERIL PORTS WATCHED

Steps in Old Land Being Taken to Prevent Entry of Plague

CURZON HELPS HOOVER Tremendous Efforts to be Made Jointly by Allies to Fight Famine

LONDON, Aug. 11.—Britain is taking the greatest possible precaution against the introduction of cholera from Russia. The Ministry of Health has posted specialists at all ports, and all immigrants are being closely examined.

Special bacteriological laboratories have been established in the ports of London and Liverpool, and medical officers have been instructed to detain all cases which show the least suspicion. If one should slip through the local medical officers are armed with the amplest power to take all measures necessary for his arrest to prevent the spread of infection.

An immense map showing the spread of the plague day by day is on view at the Ministry of Health.

PARIS, Aug. 11.—The greatest relief movement in the history of the civilized world is scheduled to begin in September, when an army of workers and millions of tons of supplies will invade Russia by way of Odessa and Riga under the joint direction of Herbert Hoover and Lord Curzon. They will co-operate with the Soviet Government.

This paramount fact, which involves recognition of the Soviet Government by the entire world, became a practical certainty following the appointment of a commission by the Supreme Council. The Commission was ordered to "sit day and night and reach a decision this week as to ways and means to succor Russia, considering only the humanitarian, and not the political, viewpoint."

The international organization will work on the following broad lines:

Great deposits will be established to which millions of tons of grain and all supplies will be rushed.

All railways will be reconstructed and put into the work of carrying relief.

Factories will be opened to provide work in congested areas.

A chain of hospitals will be established.

It is indicated that the work will probably last for at least two years, employing at least 20,000 workers and costing the world, as a minimum figure, ten billion dollars.

Lord Curzon outlined the three points on which the relief will be based. Co-operation of the Soviet Government is absolutely essential, owing to its control of transportation.

Premier Briand, who had previously urged recognition of Kerensky and the overthrow of the Soviets, appeared to be convinced in favor of the new plan.

The Soviets must agree to co-operate in order that the international relief organization may have supreme authority in its field.

The third necessary step will be the enlistment and mobilization of thousands of experienced workers.

Former Premier Bonomi, of Italy, suggested that the matter of relief for starving Russia be left to the present organizations, but this was unanimously rejected. Lloyd George declared:

"This matter is the biggest of its kind in history. Neither the Red Cross nor Hoover, alone, is capable of handling it. The world must combine, or the cholera which sweeps Europe will cost more than the war."

Huntingdon Taxes Settled for 1921

Township Rate 2 Mills and County Demands 19.5 Mills—School Fair Aided.

Township taxes in Huntingdon will be \$1,725 for the present year, or at the rate of two mills on the assessment. The county demand is \$17,028.42 or a rate of 19.5 mills on the equalized assessment.

The township council at its last meeting made a grant of ten dollars to the school fall fair.

The roadway leading to the summer camp ground at Motra Lake will be improved. Council voting twenty dollars toward its improvement on request of a deputation of the campers.

The following accounts were ordered paid: E. Benson, tile for culvert, \$6.00; P. McCaffrey, gravel, \$7.70; W. Herrington, \$10.25; R. S. Wood, balance on road job, \$25.00; D. L. Fleming, hospital charges for K. Lidster, \$10.00; work on roads \$10.00; A. D. McIntosh, \$10.00.

Rebekah Lodge Goes on a Picnic

Yesterday, Wednesday, the members of Quintina Rebekah Lodge with their friends held their annual picnic at Rednersville, Mr. and Mrs. E. Rowsome having very kindly invited them to their summer home on the shore of Bay of Quinte.

About two o'clock, automobiles of every description left the Lodge Room with a crowd of about 150. On arriving at Rednersville the first of the program was a baseball match between the ladies and the men. Charlie Hanna filled the position of umpire, but by his decisions it looks as if he is thinking of running for member of Parliament and wants the ladies' vote, as most of them were disputed. The ladies eventually won by the score of 21 to 17. A series of races were then run off and the performance of some of the competitors caused much laughter. The most important part of the program then took place, namely, supper, which was held on the splendid lawn in front of the house, after which an open air concert was held. Miss Lilian Richmond, of Toronto, holding the audience by her wonderful elocution numbers. Miss Richmond gave in all some eight numbers which were all greatly applauded. Mr. G. Cornish also recited and through the thoughtfulness of Mr. Rowsome the Rednersville Brass Band were present and a band concert was much enjoyed. Before leaving, expressions of thanks to Mr. and Mrs. Rowsome were carried by hearty cheers. The arrangements were made by a committee of which Mrs. E. Truvey was chairman, and Mrs. F. Andrews secretary.

KING'S INCOME DWINDLES

His Majesty Seemingly to Ask Aid From Parliament

LONDON, Aug. 11.—Chancellor of the Exchequer Austen Chamberlain announced in the House of Commons tonight that a serious deficit has been shown in the income of the King for the past two years. King George, the Chancellor said, has refused to allow his Ministers to ask a grant of aid from Parliament. Instead the King has asked permission to liquidate a hundred thousand pounds of his capital to wipe out the deficit.

CURRY TO CROSS FLOOR?

Expected to Renounce Liberal Opposition and Support Govt.

TORONTO, Aug. 11.—The Evening Telegram says:

Once more Dame Rumor has J. Walter Curry, K.C., M.P.P., in the limelight. It is now whispered in the corridors of the Parliament Buildings that the elected Liberal member for S.E. Toronto is to "cross the floor of the House" and ally himself definitely with the Government.

On the other hand it is also stated on good authority that George H. Halcrow, Labor leader on the Government side of the House, is contemplating crossing the floor to the Opposition benches before the session opens.

ONLY ONE LIFE IS LOST Farm Buildings Two Miles Away From Town Also Catch Fire

OTTAWA, Aug. 11.—Aylmer, Quebec, a picturesque little town of seven thousand inhabitants on Lake Deschene, which was swept by fire yesterday, is a scene of grief and desolation today with 750 persons homeless and their belongings destroyed.

D. R. Lortie, aged 68, is dead and property damage is estimated at \$1,250,000. Most of the principal buildings of the town are destroyed. The fire spread with such rapidity most of the sufferers had barely time to escape with their lives. Mr. Lortie was trying to save his house with a hose from the roof when the building fell in, and he was burned to death.

Senator Robertson, Minister of Labor, this morning ordered a large number of tents and mattresses to the scene.

The fire began with dramatic suddenness, leaped from dwelling to dwelling, urged on by the stiff breeze that came from across Lake Deschene, and within ninety minutes had laid waste the town. The flames carried everything before them and, as each gust of wind blew, fresh flames burst out and soon the heart of Aylmer was a seething furnace. The heat was terrific and the wind carried it far beyond the limits of the town.

An idea of the fury of the fire can be gauged from the fact that two farms respectively two and three miles from the place of origin of the fire were burned, and that the woods and bush five and a half miles away caught on fire. Crops were scorched, trees razed and the whole countryside for miles seared by the heat of the blaze.

The one fatality so far known is the death of D. G. Lortier, aged 68, proprietor of a general store. His blackened remains were discovered beneath the ruins of his store on the corner of Court and Notre Dame streets. It is said that he went in to save some of the harness and other goods in the store when drums of coal oil burst into flames and enveloped him. He leaves a large family.

With most of the provision stores burning, Mayor Nash immediately ordered provisions from Ottawa and Tull, in the name of the town. Truckload after truckload of bread, milk, butter, cheese, hams and fruit arrived shortly after five and the provisions were stored away in the town hall under the care of the police.

The result of this action was that free meals were available to everyone.

Senator Gideon Robertson, Acting Minister of Militia, when informed of the needs of the homeless, immediately dispatched fifty army tents, 600 army blankets and 100 mattresses. These arrived on the grounds shortly after seven accompanied by a number of volunteers from the Department of Militia and Defence to erect the tents.

Council was divided on the matter of the mill and finally decided on a six-tenth of a mill. This mill brings the hospital \$5,396.50. The estimates last night included \$1,200 for the Home for the Aged.

Prince Edward Lad Swims Across Bay

"Buster" Hall, a Prince Edward boy, performed a remarkable feat Thursday morning, for one of his tender years, when he swam across the bay. He left Prince Edward shore a little below Anderson's dock a few minutes after eleven and arrived on this shore in front of Mr. Kerr's cottage at 11.50. He was accompanied across by two ladies in a row boat. When asked if he was tired he replied, "Not very." The bay at this point is very wide.

LET LEAGUE WORRY OVER SILESIAN AFFAIR

PARIS, Aug. 12.—France and Britain have decided to refer the Silesian question to the League of Nations, it was announced today. This question which involves the drawing of a frontier between Poland and Germany in Upper Silesia threatened yesterday to bring about a break in the meeting of the Supreme Allied Council. This decision is considered here to have solved a crisis that arose between France and Great Britain. The announcement said "certain insurmountable difficulties which had arisen between Italy, Japan and Great Britain on one hand and France on the other," had given rise to the solution decided upon. It is understood the Supreme Council will continue its agenda, particularly a discussion of relief to Russia.

DID NOT WEAR GLOVES; MAN WAS ELECTROCUTED

That Harry Ashcroft, the Hydro-Electric employee who was electrocuted at Sulphide's week ago Monday, was the victim of accident and that no one was to blame, was the verdict of the inquest jury before Dr. Kindred, Coroner, last evening. Crown Attorney Carnew and Provincial Officer Ward were in attendance at the investigation at Sulphide. Evidence showed that the young man had neglected to wear gloves and to have the power shut off on a line within two feet of the wire on which he was working. The victim was arranging a new transformer in the Sulphide plant when the accident happened.

HARBOR FULL OF VESSELS "LOOKED LIKE OLD TIMES"

Belleville harbor last evening wore something of its old-time look last evening when fifteen craft, sailing yachts and motor launches of the Royal Hamilton Yacht Club, of Hamilton, put in here on their return home from the Kingston races. To the old-timers who witnessed the scene, it put them in mind of the days when Belleville craft successfully competed in races in many big aquatic events.

BYNG ARRIVES IN THE CAPITAL

Vice-Royal Party Met by Guard of Honor and Greeted by Huge Crowd TO RIDEAU HALL Had Come from Quebec on Private Cars "Cornwall and York."

OTTAWA, Aug. 12.—Ottawa was gayly decorated today for the reception to Baron Byng, who arrived this afternoon. He was met by a guard of honor and was given a welcome only second in fervor and proportions to that which awaited him in Quebec yesterday. Later with Lady Byng he proceeded to Rideau Hall, the official residence. Via Quebec Bridge.

QUEBEC, Aug. 12.—Lord Byng was speeding this morning towards Ottawa after his first official day as Governor-General of Canada, in which he made his official landing, was sworn into office with the spectacular ceremonies precedent has set for this function, had attended a luncheon given in his honor at Spencerwood by the Lieutenant-Governor of the Province of Quebec. He left the Palais Station with Lady Byng and their suite on the private cars Cornwall and York, attached to a special Canadian National Grand Trunk train at 10.30 last night. They travelled via the Quebec bridge to Montreal, and were to reach the capital from that city over the Grand Trunk Railway. Their Excellencies were timed to arrive at the capital at 2.15 p.m., where an official welcome from that city awaited them.

Rumored Shifting In Manitoba Parties—Menaces Government

WINNIPEG, Aug. 12.—Rumors are rife, according to a local paper that four members of the Labor group in the Manitoba Legislature are likely to change over to the Independent Farmer party. It is also stated that A. Krist Jansson and George Little who deserted the Farmer group last session are anxious to return. These additions would give the farmers the same strength numerically as the government.

CHILLED BEEF PLEASES Canadian Experiment on Old Country Market a Success

MONTREAL, Aug. 12.—Two shipments of Canadian-chilled beef recently sent to England from Canada with the idea of trying out the British market are reported to have had a splendid reception on the other side. The meat was found to be excellent in condition and first class in quality. British trade journals hold out very encouraging hopes for the future of the industry.

Returned the Flags, Taken in June, '19, From Cobourg Home

Chief Ruse of Cobourg has recovered a Canadian ensign and United States flag, the property of the town, that were stolen, more as a prank, the night of the Duke of Devonshire's visit to Cobourg, in June 1919. The two flags were stretched across King street, between the residences of George Armour and Frank Hess and that night the rope holding the flags was cut and the flags taken away. Chief Ruse had his option as to where the flags went, and on a recent visit to Belleville, called in the help of a Belleville police officer and they looked up the man he suspected had them. The suspected man denied taking them, but was given a chance to return them. The expected happened, the flags were delivered to the local officer who forwarded them to Cobourg. They were 12 by 6 feet in dimensions and had been well preserved.

PREMIER MEIGHEN BACK IN OTTAWA

OTTAWA, Aug. 12.—After an absence of more than two months Premier Arthur Meighen returned to Ottawa this morning. A great crowd was at the station to welcome the Prime Minister and Mrs. Meighen. The band struck up "Home Sweet Home" as they walked up the station platform. Sensational disclosures are promised by the provincial police of Northern Ontario at the inquest over the decomposed bones of an unidentified body found in the bush near Cobalt.

TO RECONSTRUCT RIFLE RANGES TENDERS CALLED

Restoration of the Government Property at East End of City Decided Upon

MOSTLY REPAIRS NEEDED Old Range Used Extensively During the War-Training Period by Units Here

Reconstruction of the rifle range at the east end of the city on the waterfront may begin shortly as tenders are now being called for the work. The restoration will follow the plans of the old range in general with the exception of a few minor changes as felt necessary by officers. It is proposed to bring the last firing point into a northeasterly direction with regard to the target so as to enable marksmen to fire of land.

The old range was built about eleven years ago and was at the time the only over-water range in the Dominion. For some years it was used extensively by the Fifteenth Battalion for target practice and during the war the various units were given training in rifle shooting here. The Belleville Rifle Association was given permission to use the range for their meets.

Storm, wind, rain and flood have had their effect on the range. The walk running from the firing points to the target has given way as a result of the movements of ice in the spring breakup of the bay. The firing stations have been pretty badly used, the planking having been removed by persons unknown or wash ed away. The hut that formerly was at the target was removed with permission of the department. The repairs that will be required will be quite extensive.

DAYS PRING IN NEWEST RECORD

Dayspring, the record-smashing equine, has broken another track record, this time at Peterborough, doing the mile in 2:10 in the free-for-all, which he won. Hazel H. ran second in the second and third heats and won second money. Bub was second in the first heat and took third money in the same race. The 2:18 class was won by Harry L., owned by Fred Tour, of Cookstown, making the mile in 2:17 1/2. Sunny Jim, of Port Hope, won the 2:30 class in 2:19.

ANOTHER BLOW TO H. C. O. L.

OTTAWA, Aug. 12.—A further slight drop in the cost of living for July is shown in reports of the Labor Department. Now that the summer holidays are here for the City Council, the members of that body are anxious to have a little outing all to themselves and their wives and families. They have been talking over the matter and have decided to form a motor party on Wednesday, August 24th, and drive to Rednersville to spend the afternoon. Mayor Hanna and his associates are getting ready a program of sports for the entertainment of themselves and their fair friends. This will be the first municipal picnic to be held for a long time. The present Council is a very cohesive body and harmony and good will have prevailed among the members in spite of differences of opinion on various issues. The coming picnic is a sign of that harmony which has been a marked feature of the 1921 civic body.

Four Band Concerts To Be Given in City; Council Votes \$200

Four public band concerts will be arranged by the Argyle Light Infantry band, the city having voted two hundred dollars for the series last night.

COUNCIL TAKES 2 MONTHS REST

In Session Until Midnight, Adjourned Until 3rd of October

ROUTINE WORK DONE Public Works Department Will Keep Going on Jobs Found Necessary

City Council is now on its holidays, sitting last night until the midnight hour, that body adjourned until Oct. 3rd. The public works department has been authorized to construct such works as may be necessary to protect the Evans property on West Moira street from surface water and a proper crossing to be constructed to the garage. Court of Revision members will be paid one hundred and twenty-five dollars each for services in 1921. Council decided to renew insurance on the agricultural buildings at the fair grounds. The city engineer was authorized to prepare estimates on Lingham street petition for a sewer and for a sewer from the C.N.R. tracks to Wharf street, as requested by Mr. J. Lynch. The Tiger Tire Rubber Co. is appealing for a fixed low assessment but council can do nothing with regard to this year's assessment and the matter will be decided later. Ald. Trevorson suggested that council should consider the problem of constructing sewers to the new Albert College site and to the site of the proposed school in Coleman ward. The city engineer was allowed one hundred dollars for automobile service.

ARRESTED FOR BIGAMY.

Woman Married in 1902 Re-marries Again in 1921. Cornwall—A Cornwall woman named Roussele, whose maiden name was Sarah Muir, has got herself into trouble through being a too much married woman. It appears that in 1902 she was married in Cornwall to Gus Roussele, who some years ago left there and has since been living in Montreal. There were several children from the union. Then on July 30th last she was married to John Flaro. The matter was brought to the attention of the authorities and the case was taken in hand by J. G. Harkness, County Crown Attorney, and the woman was arrested by Chief Paterson. She appeared before Police Magistrate Cline and was remanded for trial, being allowed out on \$1,500 bail.

SELL PONZI'S FURNITURE FOR CREDITORS' BENEFIT.

BOSTON, Aug. 12.—The furnishings of the Lexington home of Charles Ponzi, valued at \$35,000, belonged to the man of quick and easy riches himself, and not to his wife, the Referee in Bankruptcy for Middlesex county decided today. Mrs. Ponzi had entered a claim for all the furnishings. By the decision they will be sold at public auction and the proceeds turned over to the trustees of the Ponzi estate for the benefit of creditors.

FINE CITIZEN DIES SUDDENLY

Mr. William Clazie, of Front of Thurlow, Passed Away Early Today. A RECENT OPERATION Was Well Known in City and Was Leading Farmer in Community. Mr. William Clazie of the Front of Thurlow passed away at an early hour today in the Belleville General Hospital where he had undergone a very serious operation a few days ago. The news of his death came as a great shock to many in the city and surrounding country. He was widely known as a successful agriculturist, being one of the leading farmers of the township of Thurlow. He was salesman for Shannonville cheese factory for some years. He was held in high esteem in the Presbyterian Church and occupied important offices in connection with the church at Shannonville which he attended. Surviving are his widow, one son, Arthur, of Thurlow, three daughters, Mrs. John Donaldson, of the second concession of Thurlow, Mrs. George Hall, Front of Thurlow and Miss Mabel, Presbyterian missionary in Formosa and two brothers, John, of Thurlow and James, of Belleville. Chatham tax rate for 1921 will be 3 1/2 mills.

SIX YEARS IN FROZEN CIRCLE

Mounted Police Officials Back in "Civilization" After Long Isolation

ESKIMO THEIR HOSTS Took Back Two Natives Acquitted of Murder to Coronation Gulf

EDMONTON, Aug. 13.—In May, 1915, Corporal Cornelius, of the R.N.W.M.P., left Edmonton for Herschel Island. He departed quietly without any flourish of trumpets. Yesterday he returned to civilization again for the first time as silently as he had left it. Over six years of his life have been spent in the Arctic wilderness, four of them in the company only of two Esquimaux: murderers, sentenced in 1914 and freed by order of the Government later.

Two years were passed at Fort McPherson, where the big supply of provisions and building material were disposed of, comfortable winter quarters established, and patrols of the surrounding country undertaken.

The two Esquimaux murderers who were taken out by the Corporal and offered their freedom, were so much taken with the ways of the white man that they asked permission to enter the service of the police, and were both engaged much to their delight. They rendered great service as guides and interpreters, and the white man's law has never had a better advertisement in the Arctic Circle than that given to it by these two men, tried, punished and released by its officials, as a warning to others.

Corporal Cornelius says that the trial of the four Esquimaux had had an excellent effect on the general conduct of the tribes as a whole, while the conduct of the four principals has been most exemplary.

Kayuga and Komuk were seen several times on later patrols, their hands being usually found on the ice at the head of the Coppermine River and each time the patrol received a warm welcome at the hands of the tribe. Despite their years of isolation and hardships, both Corporal Cornelius and Constable Brockie are looking forward to a return to the north in the near future. They will now enjoy a well earned holiday and both are leaving at once for their respective homes, Cornelius going to Halifax and Brockie to Winnipeg.

A Correction

As some people seem to be under the impression that on account of recent fire affecting my office I am not in a position to examine, test and fit the eyes, as usual, we wish to state this is a mistake. Mr. Leslie has very kindly placed at my disposal a section of his large store, in which I have my testing instruments with electrical attachments, etc., so that I am quite as able to Test and fit all cases of Eye troubles as before the fire.

VISITING YACHTSMEN ENTERTAINED BY MAYOR

Belleville Crowd from Parkdale Canoe Club on a Cruise Spent Week-end in

Mr. Alex. Duncan and party of seventeen members of the Parkdale Canoe Club arrived in Belleville on Saturday on the yacht Kahshe. The party is on a two weeks' cruise. They brought with them a letter of introduction from Mayor Thos. L. Church of Toronto. The clubmen spent Sunday here and today Mayor Hanna took the crowd as his guests by motor on a trip through the County of Prince Edward, visiting Picton, the Sandbanks, Wellington, and Bloomfield, before their return to the city. The sailors were very grateful to Belleville's young chief magistrate for his generous entertainment.

The yacht leaves tomorrow morning on her journey to the east.

GLORIA TO GET HALF

Caruso's Daughter Will be Provided for by Her Friends

NAPLES, Aug. 15.—Enrico Caruso's little daughter, Gloria, is given one-half of the estate of the tenor, under the terms of an agreement signed by Caruso's heirs here Saturday. The agreement provides for division of the remaining half between Mrs. Caruso, Giovanni, brother of the singer, and Enrico, a son.

The heirs soon will go to Florence to take inventory of the estate and plan to leave for the United States during October to continue the inventory of Caruso's possessions.

A statistician has figured out that people in the U.S. spend twice as much money for divorce as they spend to be married.

Girls Defeat Boys 9-8 at Baker Co.'s First Picnic

Saturday afternoon the employees of the J. C. Baker & Co., manufacturers of ladies', misses and children's hats, of this city, held their first picnic at Massasauga Park.

At 1.30 the motor launches owned by Mr. Wm. Day and Mr. Cecil Reeves left the government dock with the gay throng of pleasure seekers. The crowd numbered about fifty. After rendering several songs under the leadership of Mr. Thomas Jackson, the happy crowd arrived at their destination. The girls were all attired in black bloomers and white middie which added much to their picnic appearance. Each lady had a basket or box filled with good things to eat. After safely packing the lunch boxes away, they were ready for the sports, consisting of races and other enjoyable events on the baseball diamond.

The races were started and judged by Mr. Wm. Irwin, of Toronto, who is at present holding a very responsible position with the J. C. Baker Co., and his decisions were fair and proved satisfactory to each of the contestants.

The races were as follows:—Single girls' foot race, 100 yds., prize felt hat, won by Miss K. Callaghan.

Men's race, 100 yds., prize flashlight, won by Mr. Thomas Jackson.

Married women's race, 50 yds., won by Miss Cartwright, prize flower basket toaster.

Needle-and-thread race, "girls'" prize silk stockings, and silk socks, won by Miss D. Frachette and Thos. Jackson.

Needle-and-thread race, "men's" prize tie, and perfume, won by Miss Edna Blaind and Wm. Ross.

Three-legged race, girls, prizes bon bon dish and cake plate, won by Mrs. D. Crear and Miss Jessie Cooke.

Boat race, men, prize sleeve bands, won by Wm. Ross.

Men's and girls' race, prizes handkerchiefs, won by T. Jackson and Helen Goyer.

Jumping race, men, prize ash tray, won by Wm. Ross.

Bean-and-spoon race, girls, prize beads, won by Miss J. Cooke.

Stone-throwing contest, prize felt hat, won by Miss Edna Blaind.

Three-legged race, men, prize silk socks, won by Wm. Ross and Thos. Jackson.

Backward race, girls, prize face powder, won by Miss M. Shonts.

Wheelbarrow race, men, prize cigars, won by D. Crear and Wm. Ross.

Other open and special races were won by Miss Luella Cracknell, prize a picture; Mr. Cecil Reeves, prize a shaving set; Miss D. Andrews, a bottle of toilet water; Percy Cartwright, a pair of braces.

Prizes for the sports were very kindly donated by The J. C. Baker Co., Mr. G. R. Baker, Dolan the Druggist, Mr. E. Finkle, Howe & Hagerman, Mr. and Mrs. Walter Tanner, Mr. Geo. Thompson and Mr. Thos. Barrett, and also several of the J. E. Baker Co. employees.

Immediately after the races were finished, a baseball game was played between the girls and the boys, and it is a solemn fact that the girls were right on their toes at all times and a fine spirit and knowledge of the game was well displayed by them. Miss Helen Goyer, the twirler for the girls, surely did whip the old bean over the home plate, while Mrs. C. Reeves was right there with the catcher's mitt and caught everything that came her way, even to grasshoppers and flies. Miss Luella Cracknell, the star first base-girl, held down the position to perfection. Second base was covered by Mrs. D. Crear, while Miss K. Callaghan rendered grand services on third. Miss D. Frachette played shortstop. Miss Edna Blaind, left field, Mrs. Thos. Jackson, right field, and Miss Jessie Cooke, centre field, certainly did excellent work, and no doubt receive offers from the Boston Bloomers in the near future. The baseball game was a real burlesque and the boys suffered defeat at the hands of the girls by a score of 9 to 8, in an eight innings game. The girls got hungry and declined to finish the game, claiming that they did not care to run the score up on the men. Mr. Wm. Hay officiated as umpire while Miss Agnes Hickey performed the duty of base umpire. The girls are going to keep their team together and continue practicing. The line up of the boys: P. D. Blaind, catcher; Wm. Ross, 1st base; Thos. Jackson, 2nd base; P. Cartwright, 3rd base; C. Reeves, shortstop; R. Blaind, left field; K. Blaind, right field; Earl Ashley, centre field; D. Crear.

Mr. Jackson is under the impression that the boys would have won the game had they not camped so long on each base talking to the girls.

Mr. C. R. Baker, manager of the J. C. Baker Co., motored to Massasauga with a party to witness the sports.

SCHOOL FAIRS IN THE COUNTY

Preparations Under Way to Outdo This Year All Past Attempts

WHERE HELD AND DATE These Events "Make Our Rural People Better and Happier"

Hastings county agents of the Ontario Department of Agriculture with offices at Stirling have asked The Ontario to publish the following:

School fairs are to the boys and girls of the land what the fairs are to adults. By this time they should be thoroughly organized, prize lists published and circulated and programmes of proceedings prepared, the two indeed given in one publication. These fairs increase in number every year and are proving of inestimable value in the agricultural education of the young and even in beneficially influencing the more mature. Of course, boys' and girls' clubs are the principal feeders of the fairs, but entries are usually accepted from children who are not members of any such organization. Agricultural representatives all testify to the splendid effect the fairs are having upon farm life and agricultural pursuits generally. One, for instance, writes: "I do not know of any one thing which is a greater factor in improving the farm production and the farm industry of the country than the school fairs...in addition to bringing direct, practical results, school fairs have had a very effective influence in encouraging teachers to take up the teaching of agriculture in the public schools." Another one says: "The importance of the school fair cannot be over-emphasized. It teaches our future farmers how they can take the most out of the soil. It makes our rural people better and happier." In recognition of the truth of the old adage, "All work and no play makes Jack a dull boy", a programme of sports is usually included in the day's list of proceedings.

AMBROSE SMALL FOUND IN IOWA?

Private Detective Avers He Holds Missing Theatrical Magnate

PICKED UP ON STREET Memory Gone, Bullet-Scarred, and Both Legs are Amputated

DES MOINES, Iowa, Aug. 15.—The man of mystery who, according to Frank Harty, former assistant chief of police, has been under surveillance here for six months as Ambrose Small, the missing Toronto theatre owner, may be brought from his place of hiding today, Harty announced.

DES MOINES, Iowa, Aug. 15.—Insisting that he has in custody Ambrose Small, the millionaire Toronto theatrical man who disappeared mysteriously two years ago, John Brophy, head of a private detective agency, said today he would produce Small before the Canadian authorities if he received assurances of payment of the reward offered for the discovery of the theatrical man.

He said to reporters: "The man is Small. That is certain. I am not going to give anybody a chance to say the reward does not belong to me. I have known he was in Des Moines the last two months. But it was not until yesterday I was entirely convinced of his identity."

PICTURES EN ROUTE The man whom Brophy describes as the missing producer was picked up here on a street in a dazed condition. He had lost his memory and could only mumble one intelligible sentence: "I am John Doughty and I came here from Omaha."

The man, emaciated, and suffering from privations and wounds, had in some manner lost both legs just below the knee. There was a bullet scar on one shoulder and a broad, ugly welt across the back of his head. He was suffering from concussion and a few injuries of minor nature.

The derelict is reported to have identified as his picture of Small that was shown him.

Twelve pictures of the man believed to be Ambrose J. Small were rushed to Toronto tonight for identification.

Two months ago, according to Brophy, two strangers brought the man to a private home in Des Moines, furnished money for medical attention and his care and departed. Since then Brophy said he has had the man under surveillance.

The man whom Brophy claims is Small was suffering from a pistol wound in the neck. He was mentally weak and could not give his name or tell how he came to be injured.

Under the care of a local physician the stranger improved physically and mentally. He finally answered the oft-repeated question as to his name. "My name is John Doughty. I came from Omaha, but that is all I can remember," he said.

John Doughty was Mr. Small's secretary at Toronto and is now serving a term in the penitentiary. His mention of Doughty convinced Brophy the man was really Small and that his reason was returning. Later a picture of Small was shown him.

"That is my picture," he said. But he again lapsed into semi-consciousness.

Descriptions of Small, sent out by Canadian authorities at the time of his disappearance in 1919 tally with that of the invalid, according to Brophy. The facial characteristics are almost identical, but the invalid weighs more than did Small. This may be explained by his taking on weight while bedridden.

The theatrical man, whose name the detective has not disclosed, was called to the residence to identify the stranger. He had known Mr. Small in Canada. The theatrical said he was almost positive the man is Small.

BRANTFORD HEARS OF ANGUS' GOOD POINTS

"Expositor" Foresees Local Man "Making Good"—Overseas with Brantford Officer

The Brantford Expositor, speaking of the appointment of Mr. Angus Buchanan as Boys' Secretary at Brantford, says:

"Mr. Buchanan has been Secretary in Belleville during the past three years, taking the work there after his discharge at the close of the war, in which he served in the C.M.R. under Lieut.-Col. Brooks, of Brantford. Nova Scotia is his native province.

He has been very successful in his work in Belleville, having built up a large membership in the Boys' division in the building, besides co-operating with local Sunday schools, Rotary and Lions' Clubs, and other organizations interested in the boys of the community. The latest achievement in this connection has been the securing of a permanent boy's camp which is located near Madoc, having a fine equipment and being a most helpful feature in every way.

"His comes to Brantford with the highest recommendations, and the Board here feels that in Mr. Buchanan they have secured the man who is much needed at present to lead work on behalf of Brantford boys. He was a visitor in the city a week ago and was most favorably impressed with the city, the building of the Association and the prospects for the work.

"It is the hope of the directors and officials that Mr. Buchanan will be here permanently for they feel there have been too many changes during the past few years to rise to the standard it should maintain as there is a very large field here. There have been no less than five Boys' Secretaries in the four years, and such fact that Mr. Buchanan has been three years in Belleville is a good augury for his work here."

MONTREAL GANG HOLDS UP BANK

Two Clerks Forced to Lie Down and Money Bags Taken Away

ONE DROPPED IN FLIGHT Waiting Automobile Frisks Out of Sight as Police Chase the Men

MONTREAL, Aug. 18.—Private and city detectives are scouring the city and district in quest of two bandits who held up teller and accountant at the Bordeaux-Mont Royal branch of the Molsons bank and escaped with \$2,000 in small bills and silver. Two arrests have been made of suspects.

The bandits made their getaway in an automobile and the police have been furnished an excellent description of the men.

It was at one o'clock that the two men entered the bank and at pistol point made their haul. The money taken was in bills of minor size and in silver, making it practically impossible to identify the loot.

The cashier, J. W. Belanger, attempted to break away and ran down the cellar of the bank where there is a door leading to the street. One of the bandits followed, caught him, and the other brought the assistant teller, A. Belanger, down to the same place.

There the bandit demanded that they open the vault. They could not do so as the manager was away for lunch and he alone had the keys leading to it. Then they made the clerks lie face downwards in the cellar while they ran out with the bags containing the cash.

Gives Alarm No sooner were the hold-up men in the street than the teller rushed out and gave the alarm. He ran after the robbers, and caught up with one, telling him that he could not possibly get away. At about this time Constable Lavallee appeared on the scene and pointed his revolver at the robber, who dropped about \$400 in silver and coppers, and then ran along Bordeaux street, keeping pedestrians between himself and the revolver.

The constable had no opportunity to shoot and saw the two bandits jump into a touring car waiting for them a little way up Bordeaux street.

Trinity College, Port Hope, Aug. 15.—(Special)—"Dodd's Kidney Pills have helped me wonderfully." So says Miss May Luckey of this place. "For a long time I was troubled with pimples and blotches on my face," Miss Luckey goes on to state. "They were very bad and I did not know what to do.

Pimples Have Now All Disappeared

WHY PORT HOPE LADY PRAISES DODD'S KIDNEY PILLS.

Miss May Luckey Tells of Her Experience With Dodd's Kidney Pills and Why She Recommends Them to Her Friends.

Trinity College, Port Hope, Aug. 15.—(Special)—"Dodd's Kidney Pills have helped me wonderfully." So says Miss May Luckey of this place. "For a long time I was troubled with pimples and blotches on my face," Miss Luckey goes on to state. "They were very bad and I did not know what to do.

"Then a lady friend advised me to try Dodd's Kidney Pills. After using six boxes the blotches and pimples have vanished. I wish to recommend Dodd's Kidney Pills to everyone who suffers with the same disease."

Pimples and blotches are caused by impure blood. The natural way to treat them is to put the kidneys in condition to do their full work of draining all the impurities out of the blood. Dodd's Kidney Pills are purely and simply a kidney remedy. They have been in use in Canada for over thirty years and have made an enviable reputation in the treatment of such diseases as pain in the back, dropsy, urinary troubles, diabetes and heart disease.

If you haven't used Dodd's Kidney Pills for kidney troubles ask your neighbors about them.

PORT HOPE WINS EXTRA-INNINGS GAME GOYER HIT HARD AND KELLIHER GOES IN BASE UMPIRE CHASED FOR POOR WORK

A heavy streak of hitting in the fourth innings was mainly instrumental in Port Hope winning their game against the Grand Trunks in the Lake Ontario town on Saturday afternoon by a score of 13 to 12 after ten innings had been played.

Alleged "raw" base decisions were also a feature of the match. So base did they become that at last Plate Umpire Kay pulled Lewis off the diamond.

It was one day when hitting was in order. Everybody seemed to pound the pill. In the fourth the locals found Goyer's measure and banged the sphere for nine safe hits and seven runs which led to Kelliher being substituted in the fifth. Freddy had pitched a game the Saturday before and one on Wednesday and his strong left arm was not in working shape. For the last six innings Kelliher pitched a fine game giving only a few hits.

In the seventh and eighth innings the Trunks rallied and tied the score in the latter. The ninth was a blank. In the tenth, Port Hope got on first by an error, the next man up attempted a sacrifice but failed. He went around to third on a sacrifice and should have been tagged out between second and third but instead the ball was hurled to first to get the runner. The next man was a safe hitter and that told the tale.

So unsatisfactory was the base umpiring that Umpire Kay pulled Lewis out in the tenth innings. Mr. Kay had to tell Mr. Lewis the rules of the game, certainly an indication that the umpire in chief was not satisfied with Lewis handling of the match. Port Hope fans saw the apparent unfairness of some of the decisions.

Kay handled the game well and satisfied the crowd of both the Port Hope and Belleville supporters.

The match was just one of those events which show how the "breaks" go.

The G. T. R. wound up well, Port Hope just happening to connect with the ball. The Trunks are not disheartened, one being heard to say after the game: "Even if we did lose, we are out to win the second series of the league."

An unfortunate bit of bad luck helped to lose the Grand Trunks the game. Kelliher was hit by the ball while he was running to second base. He thought he was ahead of the ball which had been batted. But for this unfortunate incident it seems likely Belleville would have scored Kelliher and had the winning run. A similar accident happened one of the Port Hope runners.

Kelliher made a fine running catch in the third innings, going far into left field after the ball.

A big crowd witnessed the performance, among the fans being a good number of Belleville men. The men from the city of the bay kept the grandstand going with their rooting.

At four o'clock the game was held up for two minutes, the crowd standing with bared and bowed heads in respect to the memory of a brother of Oulette, the Greybird pitcher, of Lindsay, and of a brother of Rowden, of Oshawa, whose funerals took place on Saturday.

FIRST INNINGS Belleville—Ross fouled to F. Chalk. Casey singled to centre field. Weir fouled to A. Hills. W. Mills hit for three bases, scoring Casey. Morse threw wild to R. Chalk, scoring W. Mills. H. Mills hit to left field and was thrown out at second. Meagher ran for W. Mills.—2 runs, 2 hits, 1 error.

Port Hope—Morse flied to Ross. Hills singled to left field. F. Chalk hit by pitcher, advancing Hills to second. R. Chalk hit for three bases to right field, scoring Hills and F. Chalk. Fair singled to left field, sending McDonald to second. Friar grounded to Weir, Weir to Williams, putting Fair out on second, sending McDonald to third. Ware struck out.—3 runs, 4 hits, 0 errors.

SECOND INNINGS Belleville—Frank Goyer hit two-bagger to centre field, Goyer going to third on wild pitch by Deer. Williams grounded to Fair and safe on first on error of Fair, scoring F. Goyer. Kelliher flew to R. Chalk. Fred Goyer hit for three bags, scoring Williams. Ross flied to Fair. Casey struck out.—2 runs, 2 hits, 1 error.

Port Hope—Deer struck out. Morse flied to Casey. Hills grounded to Kelliher and safe on first on error of Kelliher. F. Chalk fouled to W. Mills.—0 runs, 0 hits, 1 error.

THIRD INNINGS Belleville—Weir struck out. W. Mills struck out. H. Mills flied to Friar.—0 runs, 0 hits, 0 errors.

Port Hope—F. Chalk singled to centre, McDonald flied to Kelliher, Kelliher making a fine catch. Fair grounded to Weir and safe on first on error of Weir. Chalk going to second. Friar struck out. Game held up for two minutes. Ware grounded down first base line and Goyer threw him out at first.—0 runs, 1 hit, 1 error.

FOURTH INNINGS Belleville—Frank Goyer struck out. Williams singled to centre field. Kelliher flied to Friar. Freddy Goyer singled to right field, advancing Williams to third, and Goyer going to second on the throw to third. Ross got two bases on error of McDonald, scoring Williams and Goyer. Ross went to third on a pass ball. Casey grounded and safe on first on error of Friar, scoring Ross. Weir grounded to F. Chalk and Casey thrown out on second.—3 runs, 2 hits, 2 errors.

Port Hope—Deer bunted, safe on first, Goyer hit him throwing to first. Morse hit for two bases, sending Deer to third. Hills hit by pitched ball. F. Chalk hit three-bagger, scoring Deer, Morse and Hills. R. Chalk grounded to Weir and safe on first on error of

H. Mills, scoring F. Chalk. McDonald flied to Williams. Fair flied to Williams who dropped it but recovered in time to put F. Chalk out on second. Friar singled to right field, sending Fair to second. Ware singled to centre field, advancing Fair to third and Friar to second. Deer singled to left field, scoring Fair and Friar, and sending Ware to third. Morse grounded to Kelliher and safe on error of Kelliher, and hit Deer running to third. Deer out.—7 runs, 5 hits, 4 errors.

FIFTH INNINGS Belleville—W. Mills struck out. H. Mills grounded to Fair, out at first. Frank Goyer singled to left field. Williams hit to Fair who missed putting Goyer out on second. Kelliher grounded to Morse, who touched Goyer going to third.—0 runs, 1 hit, 1 error.

Belleville changed Freddie Goyer to right field and Meagher to third and Kelliher pitching, taking Casey out.

MADOC TRIMS ST. MIKES 15-6

Locals Beaten in Unmistakable Manner by Northern Crew

TWO PITCHERS USED Langdon Hurlled at First and Harold Smith Replaced Him Too Late

St. Michael's tasted defeat on Saturday afternoon when Madoc came, saw and overcame the lads of the Bay of Quinte city. The sturdy northerners had the locals trimmed badly throughout the game. The final score stood 15 to 6. St. Michael's used Langdon at first and after an adverse score had been run up as high as ten, the manager struck Harold Smith out of the mound. Smith held the play pretty well within control, but the support of the pitchers throughout the day was very poor.

The locals started very badly with two walks and the Madocks scoring four runs. St. Michael's rallied and scored twice in the second half of the frame. Heavy hitting and errors in the third gave the visitors a big lead, such as the locals could not hope to overcome. Smith was called to save the situation in the fourth but it was too late. Hagerman was unfortunate in dropping the ball on a number of occasions of the third strike.

Madoc forged to the leadership of the Trent Valley League by their Saturday's victory. St. Michael's has still to play Tweed but there is some talk of defaulting the match to Tweed. This would put Madoc and Tweed on a parity for the championship. A winner of the league has to be declared by next week.

Details of Saturday's match by innings are as follows: First Innings. Madoc—Moon walked. Moon took second on a wild pitch. McKnight walked. Fritz singled over second, sending Moon to third, McKnight being forced to second on the play. Regan sent a grounder to Armstrong and Regan was safe on first and Moon scored when Armstrong threw home to get Moon. Regan took second. Feeney was hit clustering the paths. Cross singled through second, scoring Fritz and Regan. Cross stole second, Leal sacrificed to Miles. Feeney scoring and Cross taking third. Burnside fanned.—4 runs, 1 hit, 0 errors.

Belleville—Miles beat out his bunt to Fritz by some fast sprinting. Miles stole 2nd. Young took first and Miles third when Fritz led the third strike get away from him. Young stole 2nd. Armstrong sacrificed, scoring Miles and sending Young to 3rd. Hagerman got a safety when the right fielder dropped his fly and Young scored. Hagerman out stealing second. H. Smith singled over first. Clapper walked. Langdon took first, filling the bases when the catcher let the 3rd strike get away from him. P. Cornell fanned.—2 runs, 2 hits, 3 errors.

Second Innings. Madoc—Stringer took first on a dropped third strike and advanced to second on Hagerman's wild throw to first. Moon struck out. McKnight singled through short, scoring Stringer. McKnight took second on the throw in. Fritz fanned. Regan fanned.—1 run, 1 hit, 1 error.

Belleville—Robinson singled over first. Miles doubled over second, sending Rob. to third on an error of Feeney on Young's grounder. Robinson scored. Miles took second and Young was safe on first. Young stole second. Armstrong fanned. On a wild heave Miles scored and Young took third. Young scored and Hagerman was safe on first when the centre fielder muffed. Hagerman's fly. Fritz dropped the third strike on Smith and Smith took first and Hagerman second but Smith was declared out by the umpire. Clapper grounded to second.—3 runs, 2 hits, 3 errors.

Third Innings. Feeney walked. Cross singled over second. Feeney scored and Cross took third on Clapper's error of the throw in. Cross scored and Leal stole second. Armstrong fanned. On Leal's grounder. Burnside singled through second, sending Leal to third. Young took Stringer's sliding liner. Moon singled over second, scoring Leal and sending Burnside to third. Moon stole second. McKnight fanned. Fritz doubled over centre fielder's head, scoring Burnside and Moon. Regan fanned.—5 runs, 4 hits, 3 errors.

Belleville—Langdon bunted to pitcher. Cornell flied to short. Robinson took first on a dropped third strike. Miles lined a red hot one at third.—0 runs, 0 hits, 1 error.

Fourth Innings. Madoc—Feeney sent a bunt to Langdon and when Langdon threw wild to first took second. Cross took first on Armstrong's error of centre fielder failed to stop the ball,

Feeney scored and Cross went to third. Smith here replaced Langdon and signalled his appearance by striking out Leal. Hagerman dropped the third strike on Burnside and made no attempt to throw to first and Burnside walked to first and stole second. Stringer took three strikes and when Hagerman dropped the third strike he had to throw to first. He got Stringer all right but Young threw wild home and Cross and Burnside scored. Hagerman dropped the third strike on Moon but threw him out at first.—3 runs, 1 hit, 5 errors.

Belleville—Young tripped to left. Armstrong grounded to third. Hagerman singled, scoring Young. Smith was hit, Hagerman going to second. Clapper shot a short pop fly to the third base, who doubled Hagerman on first over second and when the off of second—1 run, 2 hits, 0 errors.

Fifth Innings. Madoc—McKnight grounded to Clapper. Fritz grounded to Clapper. Regan's grounder went between Miles' legs and Regan went to second. Feeney was safe on first on Miles' error of his grounder. Cross was thrown out by Miles.—0 runs, 0 hits, 2 errors.

Belleville—Langdon flew to second. Cornell flew to first. Robinson doubled to right. Miles fanned.—0 runs, 0 hits, 0 errors.

Sixth Innings. Madoc—Leal was safe when Young muffed his grounder up. Burnside flew to Clapper. Stringer walked. Moon hit to Armstrong who got Stringer at second. Leal going to third. Moon took second. McKnight grounded to Miles.—0 runs, 0 hits, 0 errors.

Belleville—Young fouled to Fritz. Armstrong singled over second. Hagerman forced Armstrong at second and took second himself on a wild throw. Hagerman out stealing third.—0 runs, 1 hit, 0 errors.

Seventh Innings. Madoc—Fritz grounded to Armstrong. Regan singled through first. Feeney lined to Clapper who got Regan at first for a double play.—0 runs, 0 hits, 0 errors.

Belleville—Smith fouled to Fritz. Clapper grounded to pitcher. Fritz threw Langdon out on a bunt.—0 runs, 0 hits, 0 errors.

COBOURG NEARLY WON IN OSHAWA

Skitch and Tyson Had Each a Home Run So Had Belding of Oshawa

SCORE WAS 9-7

Lindsay Defeated Deer-Chalk Combination from Port Hope 9 to 5

At Oshawa yesterday afternoon in a Central Ontario League game Oshawa defeated Cobourg, 9 to 7, in a game the Lakeshore crew nearly won. Cobourg was leading up to the 7th, when Oshawa landed hard on snafur, and he had to be relieved in favor of Campbell. Oshawa scored five runs in this inning. In the three innings Campbell pitched he had six strikeouts, and worked well. Snafur had three strikeouts and Patton of Oshawa, 8. Skitch and Tyson had home runs for Cobourg and Belding of Oshawa, also had a four-bagger to his credit. Cobourg had 10 hits to Oshawa's 11. Following is the score by innings.

OSHAWA HAS LOST DAINTY Harold Dainty, Oshawa's much trotted pitcher, has left the automobile town, and Patton must shoulder the responsibility of the for the balance of the season. Dainty's work for the first few games was very effective, but latterly he had to take second place to the old reliable Patton. Manager Peacock has learned, no doubt, says the Port Hope Guide, that imported players are not the easiest people in the world to handle.

FORTY RINKS OF VISITORS

Belleville's Big Three-Day Bowling Tourney Begins Monday

ENTERTAINMENT PLANNED Luncheon on Monday by Rotary Club—Play to Begin at 2 p.m.

From forty to fifty rinks of bowlers are expected to take part in the third annual tournament of the Belleville Lawn Bowling Club which will be held here Monday, Tuesday and Wednesday of next week. Rinks will likely be present from Toronto, Oshawa, Port Hope, Bowmanville, Cobourg, Peterborough, Campbellford, Kingston, Napanee, Deseronto and from six to eight from Belleville. Corbyville bowlers are talking of entering a rink. The tournament begins with the Riggs trophy competition at 2 o'clock on Monday afternoon. Other cups to be competed for are the Ritchie trophy and the H. W. Ackerman non-winners competition. There will also be doubles and singles.

On Monday visiting bowlers will be entertained at luncheon by the Belleville Rotary Club at Hotel Quinte. Ex-Mayor Riggs, president of the Belleville Lawn Bowling Club will open the tournament with a few words of welcome and Secretary R. J. Wray will also address the visitors.

"We hope to make it a real holiday for the visitors," said President Riggs today. He has attended four tournaments and everywhere he heard of rinks that planned to come to Belleville. The ladies are arranging to have a booth on the grounds at which they will dispense refreshments. Belleville bowlers have a reputation for hospitality and they will try to live up to their good name when entertaining their 1921 guests.

LINDSAY 9, PORT HOPE 4 Lindsay, Aug. 11—Lindsay Greyhounds had no trouble in defeating Port Hope here by the score of 9 to 4, gathering ten hits off Moyses, the top pitcher for the visitors. A feature of the game was the all-round pitching of pitcher Oulette, who had five strikeouts, a two-bagger, a single, and scored three of the Lindsay runs. Two clever catches by Chambers, in left, and one by Starbird for Lindsay, brought in the runs. Scores: R. H. E. Lindsay 9 11 8 Port Hope 4 6 7 Batteries—Oulette and Bates; Moyses and Weir.

Empires—Wilson, (Oshawa), and Anderson (Lindsay.) Fire destroyed the barn and hay stack of Ernest Armstrong, who lives on the outskirts of Mount Forest. John Maki, Sudbury, a young Finn, was sentenced to Burwash for robbing Gaynor's shooting gallery.

PETERBORO SUFFERS ANOTHER DEFEAT; GRAND TRUNKS AGAIN VICTORS 5 TO 2

Defeating Peterboro by a score of 5 to 2 Belleville Grand Trunks maintained their leadership of the league and put Peterboro, last year's champions, back into a position from which it will be difficult for them to emerge as rivals for the championship of the second series of the Central Ontario League games.

Monday afternoon's match at the Belleville Fair Grounds was a little more loose than that with Oshawa, neither team showing up to their best class. Peterborough had been unsettled by a considerable change in their line-up. Cherritt and Harrison being missed and the visitors' hitting and fielding were below standard. The Grand Trunk hitting was also below normal.

Goyer had eleven strike-outs to his credit, although he walked five men, three of the promenades being given to Ross. He did some fine work in picking up bunts on the infield. The home team got off to a good start with Weir crashing out a two-bagger and scoring later with the help of two sacrifice hits. Peterborough did not, at any time, look dangerous until the fifth innings. They had failed to score up to that time. With two men out, the third man got his base on a fumble ball and walked, and the third man got his base on a fumble. With the bases full it looked like a possible score, but a lift to left field by Swanson put the side out. The sixth innings gave the Petes their first taste of blood on a run scored after a "walk" followed by a three bagger. Goyer then then demonstrated his pitching prowess, fanning the next three batters. Peterborough scored their second run in the seventh and led the game for the first time.

It was in the same frame that the Grand Trunks jumped out to the visitors with four runs. Williams drove out a two base hit, Kelliher being walked. Williams scored on an error and Fred Goyer sacrificed a fly to right, Kelliher scoring. Casey singled and Ross made first on a fumble. W. Mills driving both home on a double.

Peterborough got off to a triple in the ninth but the next three men went out. The Hiflock city team used two pitchers—McIlroy and Ray Rose.

Jakie Solomon was with his bag of tricks, performing before the fans. The fatal seventh innings blighted his championship hopes after the rally in the sixth.

1st Innings Peterboro—L. Rose flew to third. A Rose struck out. Swanson grounded to pitcher, thrown out at first. Belleville—Weir doubled a safe away. Miller just inside the base line. Casey sacrificed to second. Weir going to third. Ross sacrificed. Holyman flew to second. Jackson struck out. 2nd Innings Peterboro—Ross was walked. Murray hit to Fred Goyer, who caught Ross running to second. Holyman flew to second. Jackson struck out. 3rd Innings Peterboro—Kinn singled to left. McIlroy attempted to sacrifice but Kinn was forced out on second. L. Rose sacrificed along first line, but was thrown out by Fred Goyer. R. Rose struck out. 4th Innings Peterboro—Swanson flew to Casey. Ross walked. Murray sacrificed. W. Mills to H. Mills. Holyman out pitcher to first. 5th Innings Peterboro—Jackson struck out. Kinn flew to Ross. McIlroy was hit by pitched ball. L. Rose walked. R. Rose hit to Weir, who fumbled. With the bases full Swanson flew up to Frank Goyer. 6th Innings Belleville—Kelliher lined to first. Fred Goyer walked. Weir lined to short, forcing Goyer at second. Casey lined out at first. 7th Innings Peterboro—Ross walked for the third time. Murray tripled along left line, scoring Ross. Holyman struck out. Jackson was fanned. Kinn struck out. 8th Innings Belleville—Ross walked. W. Mills attempted a sacrifice to short, but Ross was forced out. H. Mills fanned. Frank Goyer grounded to second thrown out at first. 9th Innings Peterboro—McIlroy first on error of Casey. L. Rose bunted in the six. Fred Goyer catching. R. Rose hit to Weir, who caught McIlroy on second. Swanson singled a boundary over Williams' head, Casey fumbling and Swanson ran home on Casey's overthrow to Kelliher. Ross struck out.

1st run, 0 hits, 2 errors. Belleville—Williams doubled to left and went to third on McIlroy's wild pitch. Kelliher walked. Solomon "pulled" McIlroy, substituting R. Rose on the mound. McIlroy taking right. Kinn took first. Jackson on second. On a wild throw of R. Rose Williams scored. Fred Goyer flew to McIlroy and Kelliher scored on the throw-in. Weir struck out. IMPORTANT ANNOUNCEMENT Havelock Appointed Examination Centre for Extra Mural Courses Havelock—Queen's University, Kingston, has made Havelock an examination centre for their extra mural courses, and Principal Davidson has been appointed presiding examiner. The examinations will last from September 6th to the 13th inclusive. Candidates from other High Schools in this district will write here.

NO TYPHOID SIGNS Dr. G. Clinton, District Health Officer Investigates Conditions at Resorts. Peterboro—Dr. G. Clinton, of Belleville, District Officer of Health, said that he had visited Mount Julian to investigate reported sickness. He examined the water in a well and found in the same as it has been for the last eight years. There was no sickness among the guests at the resorts and no evidence of typhoid. Dr. Clinton will complete his inspection of the Kawartha resorts, calling with Dr. W. H. Young at Oak Orchard and Buckhorn.

ALCOHOL LAMP EXPLODED Boys are Burned and Their Suits Suffer Damage Also Cobourg—While at Rice Lake on a yacht an alcohol lamp, used for cooking, exploded, burning Max Haas and William Duggan, of Toronto, who are spending the summer here. The flames caught on a suit of clothes belonging to Jack Haas, and the clothes were destroyed, as was also a suit belonging to Tom Jones III.

A TUBERCULAR HEN Kingston Finds Hen Diseased—Will be Burned in Incinerator Kingston—A real tubercular hen will find its way to the city incinerator Saturday. The hen came to the city by express and the recipient noticed something peculiar about the liver. A veterinary was called and he pronounced the hen as having had tuberculosis, and accordingly the carcass was placed in the garbage pail for delivery at the incinerator.

Drillers at the Doran oil fields near Owen Sound, struck another gas flow at a depth of 110 feet.

Mr. W. S. Dyer, Geologist of Toronto University, Reaches Clagary TRIP TO FORT NORMAN Made Record Journey on Mackenzie River and Great Slave Lake Concluding a most successful trip to Fort Norman, where they were able to stake out a number of locations, W. S. Dyer, of the staff of the department of Geology, Toronto University, formerly of Belleville and son of the late Dr. Dyer, W. D. Ogilvie and R. E. Henderson arrived in Calgary on Wednesday, Aug. 10th, according to word reaching Belleville. They left Fort Norman for the south on July 19. All three are looking exceptionally well after their trip, despite a couple of months of rough living and hard traveling by motor boat and canoe.

The party is enthusiastic over the prospects, and will return to Fort Norman next year. Mr. Dyer said he believed a vast oil field existed with tremendous possibilities. Made Trip in Gas Boat Mr. Dyer and his party left Peace River with a gas boat and two canoes on May 19, arriving at Fort Smith on June 4, and started down the Slave River from Fort Smith to Fort Norman by the river and lake routes, a distance of 960 miles. Leaving Fort Smith on June 4, they reached the head of Great Slave Lake via the Slave River on the night of June 6 at 8 p.m. An hour later the party started to make the crossing of Great Slave Lake, and landed to the side of the motor boat, a canoe on each side. They went around the end of Mission Island and struck across a wide bay for Pine Point, a distance of some twenty miles of open water, or a total distance of about 90 miles from the mouth of Slave River to the head of the Mackenzie River on the opposite side of the lake.

Reaching Providence during the early morning hours of June 11, they stayed there for a day and a half, being compelled to wait on account of the heavy rain. They reached Fort Simpson on June 14 and stayed there as the guests of Sergeant Hubert Thorne, of the R.C.M.P. They bade farewell to the sergeant on the morning of June 15, and after leaving Fort Wrigley they found the river narrow and the current good, and were enabled to drift down stream for eight hours, each man sleeping soundly in a separate boat and covered 55 miles in this way. Many Locations Staked They finally reached Fort Norman, having been out from Peace River just four weeks. They found they were the third party to arrive at the Mecca of oil seekers, and discovered that staking had been done over large tracts of land, the entire water front having been covered by northern residents. Mr. Dyer reports having staked locations immediately back from the river and some thirty-two to thirty-five miles below Fort Norman. In speaking of the geological formation in that country, Mr. Dyer said: "Slightly bituminous shales and limestone measuring close up on one thousand feet in thickness underlie the district for hundreds of square miles. These rocks are capable of generating immense quantities of petroleum." The structure also is favorable since the rocks have been thrown by mountain building forces into a series of folds or anticlines. It is true that the crusts of some of these anticlines have been eroded and a considerable amount of the oil-bearing formation has been lost. These crusts are poor places to drill, but the chances of finding oil in good quantities on the peaks are excellent, for changes in porosity and dip and minor fluctuations would result in the accumulation of oil at considerable distance from the crusts of the anticlines.

BELLEVILLE MAN AND HIS FRIENDS BACK FROM NORTH

TRIP TO FORT NORMAN Made Record Journey on Mackenzie River and Great Slave Lake

Concluding a most successful trip to Fort Norman, where they were able to stake out a number of locations, W. S. NEW CHANGING POINT Express Engines Change at Kingston Junction From Now on Brockville—Notice has been received here that commencing Thursday, August 11, the engine crews running on Grand Trunk-Canadian National trains Nos. 9 and 10 will operate between Montreal and Kingston Junction and between Toronto and Kingston Junction, thus doing away with the lay-over of these crews at Trenton and Brockville, and making Kingston Junction the changing point of the engines. The services of Belleville crews running between Trenton and Brockville in this service will also be dispensed with.

Trains Nos. 9 and 10 are the mail trains between Montreal and Toronto which run over the Canadian National tracks after passing Napanee westbound. They are the only through passenger trains making use of the C.N.R. tracks and the management is evidently determined to do away with the housing of locomotives at Trenton, formerly a divisional point on the C. N. R. Railwaymen are at a loss to understand what economy will be effected by this change. So far as Brockville is concerned, it will mean merely that the Montreal crews running on these trains will lay over at Kingston Junction instead of here and that the locomotives will be taken care of there instead of here during the interval. Instead of returning to Montreal by one of the night trains, the crews will be forced to remain at Kingston for a lay-over of 20 hours, and in the case of Toronto crews for a lay-over of 22 hours, as they return on the opposite train on the following day. The lack of facilities at Kingston for tending engines and repairing them is also pointed out.

PURCHASED NEW FACTORY Mr. Arthur Allen, of Durham Canning Co. to Operate Another Factory Port Hope—Mr. Arthur Allen, of the Durham Canning Company, has purchased on Ontario Street, Port Hope, from Pillsbury & Daly. The Durham Canning Co. has factories located at Frankford, Concession, Brighton, Colborne, Grafton, and Orono. Mr. D. L. Matthews will be retained as processor and work will start in the course of a few days.

CERTIFICATES GIVEN Candidates Who Were Ill at Time of Examinations Given Diplomas Kingston—The recommendations of the entrance board in favor of Beulah Fox, Bruce Hall, Marjory Ham and Olive E. Withers, Napanee have been approved by the department. Certificates will be issued in their favor as soon as possible. These candidates, with the exception of Bruce Hall, were ill at the time of the examinations.

PRINCE EDWARD APPLE CROP IS FINEST, NEAR WELLINGTON SPY IS PRINCIPAL VARIETY The best quality of apples this year in this region are found in the Pictou district, in the vicinity of Wellington, East Lake Waspos, Long Point and Cressy, in Prince Edward County, an apple shipper stated today. Some fine fruit is found in the Smithfield district. Most of the apple crop has already been sold in the Pictou district. The Northern Spy is the principal variety. "In our immediate vicinity along the front of Hastings, the crop is poor. In Hillier and Ameliasburg it is light and poor in quality," the shipper concluded. Prices range from two to three dollars on the tree.

FIRE EQUIPMENT HERE UNDER EYE OF INSPECTOR WATER PRESSURE ALSO TAKEN In the absence of Chief Brown, who is at the Three Rivers convention of Fire Chiefs, Mr. G. Clement was Acting Chief at the inspection of the department, the fire-lighting apparatus, the hydrants and the pumping station, by Inspector G. D. Walker representing the Fire Underwriters' Association. Lete yesterday afternoon the hydrants were inspected, and today the water pressure was taken. Today the fire brigade had ten leads of hose out, two hundred and fifty feet each, a total of 2,500 feet. The department's showing under the close inspection was very creditable.

DRESSED AS BOY GIRL COURTS GIRL

Romance is Shattered by Discovery of France's Real Sex

SWEETHEART IS SORE Tells Her Tale to the Police But Nothing Can Be Done for Her

NEW YORK, Aug. 11.—How her romance of two years was blasted when she learned that her dashing fiancée was a girl affecting a boy's attire was disclosed today by Mary Haldowanetz, a 23-year-old counter girl in a local restaurant. To an assistant district attorney the intended bride revealed the story of her disillusionment with the request that the alleged impersonator be haled into court for causing her to lose many matrimonial chances and to prevent "him" from duping other girls.

The "fiance," the girl said, was known to her by the name of "Jack Brown." In reality, she added, "he" is a Kingston, N.Y., girl. The romance, according to Mary, started in 1919 shortly after she began in a Monticello, N.Y., hotel. There she met the handsome "Jack," aged 33, who worked as a farm hand. "Jack" wore overalls, short hair and said that to avoid shaving he used a preparation to destroy the beard. It was not long before "Jack" began making ardent love to her, Mary said, taking her to shows and bestowing upon her many affectionate gifts. Then "he" asked her to wed. Mary, like Barkis, "was willin'." However, when she broached the subject later, "Jack" hedged, she said, pleading insufficient income. Mary came to New York and waited. Three weeks ago she visited "Jack's" home.

There "Jack's" mother showed her pictures of "her Jack" in the regulation clothing of a girl. The mother confessed, Mary said, that "Jack" was really Caroline and the sole support of the family, which included the mother and six little children. Mary came back deciding to seek help in court. She learned that "Jack" could not be summoned unless "he" came to the city.

HORSE FELL IN WELL Men Had to Fill Well With Water and Float Horse to Top Bowmanville—One of Mr. J. W. Knight's team horses fell into an old unused well at the rear of Mr. A. L. Nichols' store by the platform fitting way. Several men gathered and efforts of rescue put into action without success to get the animal out. Mr. John Cole, barber, and Mr. P. F. Newhouse, Street Commissioner, suggested filling the well with water and floating the animal to the top. This was done and the horse removed in safety after some hours' confinement in the cold bath. During the attempt at rescue by use of a tripod and block and tackle, the improvised derrick toppled over striking Mr. Nichols on the head rendering him unconscious and Norman James on one side grazing an arm and tearing off a leg of his trousers. Mr. Wm. Mutton also got a severe blow. They had a narrow escape from what might have been serious injuries.

Y. Was Instantly Killed Brockville—Mrs. Carrie Ellis, age 41, wife of Frederick Ellis, of Watertown, N.Y., was almost instantly killed when the automobile in which she was riding turned turtle near Pamela, N. Y., on the Thresha state road. Mrs. Ellis was born in Gananoque, but had resided in Watertown for the last 19 years. She was the daughter of Edward Connerette, of Gananoque, and is survived by three sons and two daughters.

SAMOA WOULD PREFER RULE BY CANADIANS Don't Get on With New Zealand. Now in Charge—Object to Dry Laws VANCOUVER, Aug. 11.—H. J. Moore, of the Samoan Islands, formerly owned by Germany, referring to despatches announcing that the inhabitants are now dissatisfied with the rule of New Zealand, which was given a mandate over them, said here today that public opinion in the islands is that they should be ruled by Canada. Sidney W. Dutton, an Englishman who has made a close study of conditions there, also endorsed that view. The chief grievance of the Samoans is the drastic prohibition law.

"ROAD HOG" IS GIVEN LECTURE FINED TEN SPOT

Young Man was Charged with Reckless Driving by Another Motorist

INCIDENT ON TRENT RD. "You Cannot Force Him to Take Your Dust," Opines Magistrate

"Hogging the road" will not be permitted, Magistrate Mason today told Russell Orr, a young motorist who was fined ten dollars and costs for reckless driving.

An occupant of a car told how his party had tried to get by Orr's car on the Trent road, as it was sauntering along. He gave evidence to show that Orr would speed up as the other car drew near to get by and would lessen speed as the other drew back.

Mr. Mason said this was one of the most aggravating conditions motorists were up against. The young man in the case was not charged with this breach of the highway laws, the charge being one of reckless driving. "You have no right to block or hog the road," said the Court. "If a man wants to drive past you, it's not for you to say he cannot. If he breaks the law, you may lay an information against him. You cannot force him to take your dust."

Change Fee System.

LONDON, Ont., Aug. 13.—Hon. F. C. Biggs, Ontario Minister of Highways, is quoted here today as having stated while in London today that recent prosecutions of motorists caught in speed traps amounts to deliberate prosecution and must be stopped.

Hon. Mr. Biggs stated that the Government offices in Toronto have been deluged with complaints against constables and he declared that the root of the trouble is the abuses made possible by the fee system. This the Government intends to remedy as quickly as the necessary arrangements can be made, he said.

Official Line-up of Alberta Cabinet

Herbert Greenfield as Premier with Woman as "Minister Without Portfolio."

EDMONTON, Alta., Aug. 13.—Herbert Greenfield, leader of the United Farmers of Alberta, announced this evening that Lieutenant-Governor Brett had officially called upon him to form a Government. Mr. Greenfield was sworn in as Premier by His Honor, and at once announced the personnel of his Cabinet, as follows:—

Herbert Greenfield, Provincial Treasurer and Provincial Secretary.

John Edward Brownlee, Attorney-General.

George Hoadley, Minister of Agriculture.

Richard Gavin Reid, Minister of Municipalities and Public Health.

Ferrin Earl Baker, Minister of Education.

Vernon Winfield Smith, Minister of Railways and Telephones.

Mary Irene Farby, Minister without portfolio.

Premier Greenfield explained that it was not his intention to permanently hold the portfolios of Provincial Treasurer and Provincial Secretary, but in view of the importance of these portfolios and the fact that he wished to carefully consider certain plans which, if adopted, might have an important and far-reaching effect on the organization of the department, he did not think it advisable to make appointments at the present time.

SMART AIR TRIPS.

(London Times, July 25.) An aeroplane taxi journey of nearly 1,500 miles has been accomplished during the week-end. Late on Friday night a Dutch business man in Amsterdam received a telegram summoning him urgently to Berlin. He chartered at once at D.H.9 taxi-plane from the Royal Dutch Air Service, the pilot being Mr. Hinchliffe. Leaving the aerodrome at 3.15 a.m. on Saturday morning, the machine reached Berlin in time for the passenger to breakfast at an hotel before 9 o'clock. Keeping the aeroplane waiting the business man spent the morning and afternoon in Berlin, and then flew back to Amsterdam at 100 miles an hour.

At 7.30 a.m. yesterday he started in the same machine from Amsterdam to London, arriving at the Oroydon air station about 10 a.m. After a short rest, the journey was resumed at Lowestoft, where the passenger made a short stop to pay a visit, flying back to Amsterdam, via Lympe, last evening.

ALLIANCE WILL TAKE IT UP Suggest Legislation at Ottawa to Prohibit Liquor Exports

TORONTO, Aug. 13.—Discussion of the new situation brought about by Magistrate Gundy's decision that it is legal to export liquor from Ontario to the United States will take place at the next meeting of the Dominion Alliance.

The organization, according to Rev. J. Bailey will attempt to remedy the situation by proposing legislation forbidding such exports, to the Federal Government, within whose jurisdiction such legislation comes. Mr. Bailey also noted the fact that export to British Columbia is permissible under present laws.

Hon. W. E. Raney is absent from the city and no indication of the attitude of that department could be obtained.

BIG INCREASE IN CANADA'S WHEAT

Will Outdo Last Year by 25,000,000 Bushels—Drop in Potato Crop

OPTIMISTIC REPORT Unfavorable Conditions Reported in But Three Areas in Provinces

OTTAWA, Aug. 13.—Canada's wheat crop this year is estimated at 289,492,000 bushels, based on conditions of July 31, against 263,189,300 bushels last year, in the Dominion Bureau of Statistics report on field crops for Canada.

Other estimates are: Oats, 457,544,000 bushels, as against last year's record yield of 530,709,700 bushels; barley, 53,927,000 bushels, as against 62,319,550; rye, 11,707,100 bushels, as against 11,308,400 bushels; fax seed, 6,930,000 bushels, as against 7,937,700 bushels, and potatoes, 99,937,000 bushels, as against last year's bumper crop of 133,831,400 bushels.

The indicated average yields in bushels per acre for these crops are: Wheat, 15½ (14½, 16½); oats, 29% (23½, 33%); barley, 2½ (2¼, 2½); rye, 16 (17½, 16½); fax seed 8% (5.60, 9); potatoes, 134 (170½, 151½).

The yields within brackets are respectively those for 1920, and the ten-year averages.

For the three Prairie Provinces the forecast in bushels is: Wheat, 247,912,000 (224,138,000); oats, 300,157,000 (327,800); barley, 41,298,000 (40,760,500); rye, 9,105,000 (8,273,600); fax seed, 5,555,000 (7,568,900).

For Manitoba, the yields in bushels are: Wheat, 39,870,000 (37,545,000); oats, 58,425,000 (57,267,000); barley, 18,488,000 (17,520,000); rye, 3,700,000 (2,318,600); fax seed, 865,000 (1,157,800).

In Saskatchewan: Wheat, 155,445,000 (118,135,300); oats, 158,129,000 (141,549,000); barley, 12,420,000 (10,501,500); rye, 2,847,000 (2,585,000); fax seed, 4,992,000 (6,705,000).

Alberta: Wheat, 69,597,000 (83,461,000); oats, 88,609,000 (115,091,000); barley, 10,390,000 (12,739,000); rye, 3,559,000 (3,420,000); fax seed, 698,000 (736,000).

The figures with brackets represent the finally estimated yield of 1920.

BEES NEST IN TREE

Tree Recently Cut Down Found to Contain Colony of Bees

Kingston—An old tree, which a resident cut down on his lot recently was found to contain a colony of tame bees as well as a quantity of brown honey in the rotten part of the trunk. This home broken up, the insects swarmed the next day but settled nearby and by this time the resident had improvised a hive. Though they greedily devoured large apples of sugared refreshments the bees did not take to their new quarters and twice swarmed out to settle in nearby trees. Now he has enclosed the hive, in the hope that, finding escape impossible, his winged visitors will take up permanent residence.

"BRINGING UP FATHER" BY GEORGE McMANUS.

DEATH ON TRACK WAS ACCIDENTAL

Coroner's Jury Finds No One to Blame in Collip Tragedy

11 WITNESSES CALLED

No One Saw Aged Man Hit by Train—Crew of Engine Unaware.

That the death of James Coe Collip on the Canadian Pacific track, east of the freight shed on August 5 was purely accidental and that the officials of the C. P. R. were not in any way to blame for the tragedy, was the verdict of Coroner Dr. Yeomans' jury last night.

Eleven witnesses in all were examined by Crown Attorney Carney—William Burnett, engineer and R. Young, C. P. R. fireman, of the crew of the engine that struck the deceased; C. H. Towie, Asst. Superintendent of the C. R. P.; Harry Knott, Fred Kennedy, Morris Connell, C. P. R. Clerk; H. B. Preston, C. N. R. agent; Claude Wallace, C. N. R. Baggage man; Joseph McKeown, C. P. R. clerk and James D. Collip, son of the deceased.

Mr. H. H. Hough, of the C. P. R. claims department, was in attendance.

The crew were not aware of the accident until they reached Tick-borne Junction. Messrs Knott, Connell and Kennedy saw Mr. Collip on the track just before the accident. Nobody actually saw him struck but several witnesses saw him disappear. There was nothing unusual about his movements to attract attention.

Woman Dies Suddenly Hemorrhage of Brain

Mrs. Fleming of Ivanhoe, Postponed Trip Feeling Ill—Soon Expired

Mrs. Hannah Fleming, widow of the late John Fleming, Ivanhoe, died suddenly on Friday as a result of hemorrhage of the brain. She had been taken ill when about to go on a motor trip and died in about an hour's time.

Mrs. Fleming was about 65 years of age. For years her husband, who died about six years ago, had kept a general store at Ivanhoe and Mrs. Fleming had carried on the business since his death.

Surviving are two sons and four daughters—Thomas and David of Ivanhoe; Misses Annie and Bessie, at home; and Mrs. Ham and Mrs. J. Clemens, both of Queensborough. Mr. Thomas Burnside, of Madoc, is a brother.

Mrs. Fleming was a member of the Presbyterian church.

The funeral will be held on Sunday at Ivanhoe and burial will be at West Huntingdon.

Mrs. Fleming enjoyed the esteem of the entire community and her death is deeply regretted.

MILL NEARING COMPLETION.

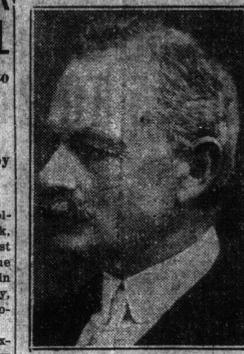

Machinery From Marmora Woolen Mill to be Installed in Bancroft.

Bancroft—Fuller & Son are rushing their new woolen mill on to completion, and in the course of a few days will be installing the machinery of the Marmora Woolen Mill, which is being taken down preparatory to being shipped here. In a few weeks time Mr. Fuller expects to have the newly installed machinery in operation. Mr. Delvea has his new mill well under way and at the rate he is going it won't be long until the farmers will be able to have their cracking done. Mr. Delvea also purposes handling flour and feed.

SIR SAM HOLDING ON.

LINDSAY, Aug. 13.—Condition of Sir Sam Hughes is reported today as favorable.

DO YOU KNOW HIM?

Even the Byng Boys will hardly recognize their former leader in the above. It is, however, Lord Bynne's very latest picture, specially posed for the Canadian National Exhibition, a few days before he sailed for Canada, for reproduction on a medal commemorating the opening of the 1921 Fair, over which he will preside on Aug. 27. Divested of his military attire the new Governor-General looks a very different person to the stern soldier Canadians knew through his war photos.

BADLY BURNED.

In Lighting Fire With Gasoline Fire Was Blown into Face.

Kingston—Ernest Hagerman, who had been living in Cape Vincent, N. Y., a fireman on a traction engine on the highway job near Millen's Bay, between here and Clayton, was badly burned. He laid his fire in the fire box of the engine in the morning, poured gasoline on the wood and lighted the pile. The vapor exploded and the fire was blown into Hagerman's face and arms. Both sides of his face were burned, also the front part of his hair and the back of his hands.

AN ADVERTISEMENT NEEDS FOUR THINGS TO BE SUCCESS

NEW YORK, August 13.—The advertisements of a retail store, to obtain and hold the interest of the reader, must do five things, according to Ernest C. Hastings, managing editor of the Dry Goods Economist, New York, who addressed the retail section of the world convention of advertising. They are: First—Accurate people with unfamiliar goods. Second—Remind people of things they need. Third—Give information about goods wanted. Fifth—Educate people how to use the goods. Translating this into terms of the store, he continued, it means: First—Move goods out of the store by telling people you have what they want. Second—Stimulate interest in different kinds of similar goods. Third—Sustain people's interest in the store between purchases or between visits. Fourth—Develop a sense of value in the customer's mind. Fifth—Multiply the customer's buying impulse. That is, induce the buying merchandise which will leave so favourable an impression that customers will come back to your store for their other needs or wants. In the preparation of advertising copy, he said: First—Tell how you got the merchandise. Second—What it is. Third—What it is used for. Fourth—What it is made for. Fifth—What colorings. Sixth—How trimmed or ornamented. Seventh—What size. Eighth—Prices. Ninth—Any other information you think necessary.

CHEESEMEN LOOK FOR AN ADVANCE

Visible Supply in English Warehouses Low, Local Board Is Told

BIDDING WAS BRISK

When Price Was Raised to 22½ the Buying Suddenly Stopped

In London, Bristol and Liverpool is much below normal, prospects are bright for good prices for cheese. Mr. John Elliott told members of the Belleville Cheese Board on Saturday. A report under date of August 2nd shows only 151,000 boxes of Canadian cheese in those three great centres and but 49,000 crates or about 3,000 boxes of New Zealand cheese.

Mr. Elliott and Mr. H. F. Ketcheson leave this week for a boat trip to Newfoundland. Mr. Elliott promised the Board to do all in his power to bring the merits of Belleville district cheese to the attention of the easterners.

Cheese advanced to 22½ cents on the Belleville Board on Saturday. Bidding was spirited in the early part of the board, but when the price was raised from 22 3/16 to 22½, bidding suddenly stopped.

WINS CHAUTAUQUA PRIZE.

Circuit No. 8 in Charge of Rev. A. H. Barker Wins Prize.

Brockville—Rev. Albert H. Barker, of the Dominion Chautauqua, is spending a few days in town, having completed a six week's tour in Ontario with Circuit No. 8. The Dominion Chautauqua gives a prize to the circuit which gains most marks for efficiency; set up and general condition of tents; attention to the talent and conduct of business in towns covered by circuit. The marks are awarded by visitors and talent, apart from the knowledge of the staff. Mr. Barker received a telegram announcing that his staff had carried off the prize. Chautauqua, which for so many years have been recognised in the United States as one of the great educational and uplifting institutions, are fast taking root in Canada. Over 90 per cent of the Ontario towns have book ed for 1922 and some 15 more towns have applied to be put on the circuit. The Western provinces are also going strong. An increasing number of British and Canadian artists are being booked for 1922.
