

THE NEWS OF THE DAY

The Leader's Usual Telegraphic Service Condensed to Meet the Exigencies of the Hour

Bridge Trust Invades Canada.

SOO, Ont., Feb. 12.—The bridge trust will invade Canada at this point and establish a branch of the same of the Algoma Bridge Co. The plant will employ a hundred hands at the start.

Ottawa Defeats Quebec.

OTTAWA, Feb. 10.—The Ottawa defeated Quebec last night in a game that was full of interest from start to finish, and extra time had to be played to decide the game, as the score was four to four at full time. Ottawa scored the deciding goal in two minutes.

Chinook Does Much Good.

ROSSLAND, B. C., Feb. 10.—The chinook wind of the past three days is doing a great amount of good. Railroads are being opened and fuel and ore shipments are on the increase. A partial shut down has been in force for some time due to the fuel shortage and loss in profits has resulted.

Dead Miners Taken Out.

WILKESBARRE, Pa., Feb. 10.—Six of the seven men entombed last night in No. 19 colliery of the Lehigh Valley Coal Company at Wamsutter, were taken out dead today. They had not been touched by the fire, but had evidently been suffocated by the dense smoke. Many distressing scenes were witnessed at the mouth of the mine during the night.

Netherlands Cabinet Resigns.

THE HAGUE, Feb. 12.—At the opening of the sitting of the second chamber of the Netherlands Parliament today, Dr. J. M. Thunberg, the acting Premier and Minister of Finance, announced that the Ministers had tendered their resignations to the Queen, owing to the rejection of the army estimates. The chamber then adjourned.

Two Killed in Wreck.

BIRMINGHAM, Ala., Feb. 10.—A limited passenger train on the St. Louis and San Francisco Railroad from Kansas City, Kan., to Birmingham, Ala., was wrecked at a point eight miles west of here, and with the exception of the rear sleeper the entire train was wrecked. Two employees were killed and six others seriously hurt. Several passengers were slightly hurt.

Bonspliff Goes Merrily On.

WINNIPEG, Feb. 12.—Most of the contests at the bonspliff this morning were won by the contestants of the Copeland & Co. wholesale furriers, \$125,000; J. H. Waldman & Co., wholesale cloak manufacturers, etc., \$50,000, and the latter of St. Paul, and McGill streets, \$30,000.

Jealousy and Not Insanity.

NEW YORK, Feb. 12.—The fact that today was Lincoln's birthday anniversary and a legal holiday had no effect on the Thaw trial, which went ahead as usual here this morning. District Attorney Jerome's effort to counteract the effect of Evelyn Thaw's testimony will involve, it is believed, a long and bitter fight. The prosecution, it is pointed out, will have to prove that Thaw was mentally sound at the time of the shooting, and that he knew the nature and quality of the act which he committed. In order to do this it is necessary to show that Evelyn Thaw intended the jealousy of her husband at every opportunity, and that she practically goaded him to committing murder.

Many Passengers Drown.

BLOCK ISLAND, R. I., Feb. 12.—At least fourteen lives were lost and it is feared that many others either were drowned or frozen to death as a result of the Joy Line steamer Larchmont sinking in Block Island Sound today, after a collision with the three-masted schooner, Harry Knowlton. Several boats came ashore from the scene of the wreck during the forenoon, and many bodies were washed ashore on the north-west side of Block Island. The Larchmont sailed from Providence for New York last night with about 150 passengers aboard and a crew of about 30. Captain George McVey, of the steamer Larchmont, had on board between 150 and 200 passengers when the collision occurred and only eight of them escaped with their lives. At the time he made the statement 18 bodies had been washed ashore, making only 26 out of the total passenger list accounted for. The passengers met their death in various ways. Some of them attempted to jump life boats and were blown to death on the decks of the steamer. Others were drowned in the attempt to escape before the vessel went down, and still others who were successful in launching a life boat were frozen to death before the small craft reached the shore.

Big Aggregate of Capital.

TORONTO, Feb. 11.—The Ontario Gazette last week announced that eighteen new mining companies with an aggregate capital of fifteen million dollars have been incorporated.

Cabinet Considered Tariff.

OTTAWA, Feb. 11.—The Cabinet had the tariff under consideration Saturday. With the exception of a few items that were opposed and some that had hold over for amendment, Parliament had already adopted the new tariff. It was items that were standing over that were discussed. All of them were passed. There will be about forty changes in all. None of them, however, are of a radical character. One of the most important is the effect of still further reducing the customs tax upon the Western farmers.

W. L. Archibald Dead.

VANCOUVER, Feb. 11.—William Lewis Archibald, a cousin of the first Lieutenant Governor of Manitoba, and one of the men who were imprisoned at Fort Garry, was buried here yesterday. The pall bearers were all old friends from Manitoba.

Important Bills Assented To.

EDMONTON, Feb. 12.—Three of the most important bills dealt with at the present session of the Legislature received the royal assent of Lieutenant-Gov. Bulyea yesterday. They were the Controverted Elections Act, the Supreme Court Act, and the District Courts Act. These bills go into force at once.

King Opens Parliament.

LONDON, Feb. 12.—The second session of the second Parliament of the present reign, which promises to be full of interest, and importance as a consequence of the projected Liberal attack on the House of Lords and the introduction of an Instrument of Home Rule for Ireland, was opened by King Edward this afternoon with all the ceremony which attended these functions since his accession.

Turgeon's Chances Good.

PRINCE ALBERT, Sask., Feb. 12.—Mr. Turgeon, the Liberal candidate for Prince Albert district in the Provincial by-election, has been continuing his canvass of the electors and with gratifying success. He has met with a very cordial reception and is widely optimistic feeling among the Liberals in every part of the riding that their candidate is going to win. He will start for Regina tomorrow and will try to get to Regina by the 11 o'clock train. He will start for Regina tomorrow and will try to get to Regina by the 11 o'clock train. He will start for Regina tomorrow and will try to get to Regina by the 11 o'clock train.

\$200,000 Fire at Montreal.

MONTREAL, Feb. 12.—A fire on St. Paul street in the centre of the wholesale district early this morning caused damage to the extent of \$200,000. The firms burned out are Swift, Copeland & Co., wholesale furriers, \$125,000; J. H. Waldman & Co., wholesale cloak manufacturers, etc., \$50,000, and the latter of St. Paul, and McGill streets, \$30,000.

Revolution Pending in Persia.

ST. PETERSBURG, Feb. 11.—A despatch received here from Tehran says that the Alibonk revolution is spreading at Teheran, Tabriz, Bazar and Resht, where local leagues known as Medjem have been formed. The latter do not acknowledge the authority of Parliament or of the Shah. In the case of Teheran the government of that place, supported by British and Russian troops, which have been crossing the frontier from the Caucasus. Counter leagues called Fedan are being organized and are adding to defend Parliament, which, though not in sympathy with the revolutionary movements, are chased and expelled from the city. The pressure of the crowds which fill the Parliament buildings at Teheran interrupt the sessions and the Government has resorted to the use of force, particularly in the case of the Fedan, the Prime Minister.

Curtailing Power of Lords.

LONDON, Feb. 11.—The reassembling of Parliament Feb. 12 arouses intense interest here, as the Government intends immediately to inaugurate measures to check the powers of the House of Lords and to make it subordinate to the will of the people as represented by the House of Commons. This is nothing less than a revolution in the present constitutional methods and foreshadows a bitter contest between the two Houses, with the Government already prepared for dissolution and an appeal to the people upon the necessity of curtailing the power representing the aristocracy in the interests of democracy. The action of the Government is expected to begin with a resolution laying down the alienable rights of the House of Commons. A similar resolution was adopted by the seventeenth century on the control of money matters.

McGregor-King.

A recent issue of The Guide-Advocate, of Watford, Ont., has the following account of an interesting scene in which a prominent resident of Regina played a leading part. The home of James King, Esq., was the scene of an event of much interest on Tuesday afternoon, when his daughter, Eliza, was united in marriage to Mr. Archibald W. McGregor, contractor of Regina, Saskatchewan. The ceremony was performed at two o'clock by Rev. S. V. Muxworthy and was witnessed by the immediate relatives of the contracting parties. The bride, who was given away by her father, was becomingly attired in white satin, with chiffon trimming and carried a bouquet of cream roses. Her sister, Miss Mary, acted as bridesmaid and was prettily gowned in navy blue with lace trimming, carrying a bouquet of pink roses. Mr. Thomas W. Hanford, of Regina, supported the groom after the ceremony was concluded and the usual congratulations received, the wedding party sat down to partake of a sumptuous repast. Mr. and Mrs. McGregor left on the evening train for their future home in Regina followed by the best wishes of their numerous friends.

Big Loan Falls Due.

WINNIPEG, Feb. 11.—On Thursday the three months' loan of \$1,200,000 from the Bank of Scotland to the city will fall due. It is understood that the Board of Control has decided to renew the loan for three months longer, as it has the option of so doing, according to the agreement.

Trammen Arrested.

OSHSING, N. Y., Feb. 11.—Four men were arrested yesterday in connection with the wreck on the New York Central Railway, which occurred last night. The arrests were made by order of two coroners, and those arrested are the conductor, engineer, fireman and helper of the freight train, which is said to have caused the accident.

Liberal Leader Banqueted.

WINNIPEG, Feb. 12.—Edwin Brown, Leader of the Provincial Liberals, was tendered a most sumptuous banquet by his supporters at the Royal Alexandra Hotel this evening. Every seat in the magnificent banquet hall was taken and the utmost enthusiasm prevailed. The speakers included many of the most prominent men in Provincial politics.

C. P. E. Improvements.

WINNIPEG, Feb. 11.—It was stated by officials last night of the C. P. E. today that the improvements to the local shops of the company would be very much larger and more important than had been previously anticipated. The amount to be expended will be double the highest estimate that has been previously made and instead of a quarter of a million the expenditure to be made on shops alone will exceed half a million.

Their Excellencies Grateful.

OTTAWA, Feb. 10.—The following statement was made by the House: "Their Excellencies would like the people of Canada to be deeply touched by the sympathy which has been shown for them a sorrow the burden of which is shared by many of our many friends."

Messages of Condolence.

OTTAWA, Feb. 11.—Telegrams and cables of condolence to Their Excellencies Lord and Lady Grey have been received from all parts of the United States and other countries, including messages from the King and Queen, the Prince and Princess of Wales, the Princess Louise.

Faces Serious Charge.

ST. CATHERINES, Feb. 11.—Ottawa La Chance, who was circulating a petition for an asphalt pavement on certain streets in the city says she was approached by one of the aldermen who said that there was a three hundred dollar fine in it. If he would switch the petition to vitrified brick, and that he would divide the amount. The story will be investigated.

Boers Will Have Majority.

JOHANNESBURG, Transvaal, Feb. 11.—The first elections to Parliament under the new Transvaal constitution will be held on Feb. 29, and the Boers are expected to obtain a working majority. Nominations for the sixty-nine constituencies are held on Feb. 9, and today held in Dutch party, were declared elected unopposed. The campaign has been a straight fight between the progressive Dutch party and the Helvetic. Sir Richard Solomon, former Lieut-Governor of the Transvaal, will likely be the first Premier.

Women Barred From Trial.

NEW YORK, Feb. 11.—The opening of the fourth week of the Thaw trial today brought a new order of things in the court room and all women other than the half dozen newspaper writers who have followed the case since the beginning were barred by order of Justice Fitzgerald. During the two days of last week when Evelyn Nesbit Thaw was in the witness stand, many women crowded the court room, having in some manner solved the problem of getting past the barrier at the door. This morning the women stormed the portals again, but in vain.

Explosion at Woolwich.

WOOLWICH, Eng., Feb. 11.—A bomb hole in the ground is all that marks the site of the chemical research department of the Woolwich Arsenal and corps magazine, which exploded early this morning with such terrific force that the concussion was felt in towns forty miles away in England. The explosion was the result of a violent earthquake which occurred. There was no loss of life, but buildings were wrecked and were wrecked to greater or less degree by the explosion. Yesterday being Sunday there was no night shift working, and the absence of casualties. The cause of the disaster is not known.

VICTORIA HOSPITAL ANNUAL MEETING

Small Number Turn Out to Hear Reports of Year's Work—New Directors Elected

The eighth annual meeting of the Victoria Hospital in the City Chamber last evening failed to draw a very large number of citizens, only some fifteen persons being present. In the absence of the president, Mr. J. M. Young, the chair was occupied by the vice-president, Mr. C. E. D. Wood, who also read the president's address. Apart from the reading of the reports and financial statement the evening was chiefly taken up with the discussion of the principles of a hospital, which, however, in view of the action taken by the City Council at its last meeting was of a certain kind of travelling over old ground. Votes of thanks were moved and carried to the Alexandra Club, the Ladies' Aid, the president and vice-president and directors for their work in connection with the hospital. The following gentlemen were unanimously elected directors in place of those retiring: Messrs. Drayton, Lawrence, F. M. Minton, P. J. Robinson and C. E. D. Wood. The work of the year as set forth in the reports showed a large amount of good work done and received the hearty endorsement of the meeting. An analysis of the patients received during the year showed them as follows: Total number of patients, 179 out of the total number of patients treated at the hospital. The following are the places of residence of the patients: 179 out of the total number of patients treated at the hospital. The following are the places of residence of the patients: 179 out of the total number of patients treated at the hospital.

Financial Statement

Table with columns: Balance on hand, Receipts for 1906, Disbursements, etc. Total receipts: 1,744 50. Total disbursements: 1,232 72. Balance on hand: 511 78.

President's Report.

Ladies and Gentlemen: While your Directors' report and financial statement refer to the condition of affairs fully, they desire that I should express their appreciation of the loyal support given to the directors by our City Council, the Ladies' Aid and the Alexandra Club. We are also pleased to be assured by the present City Council that they approve of our proposal to submit a petition to the ratepayers for a Municipal Hospital and believe such a step will be endorsed by our citizens. We recommend the proposal (which has been endorsed by the Board of Trade) to ask for legislation to levy a tax on municipalities for the support of hospitals. We also earnestly recommend that our City Council enforce stringent legislation with reference to keeping streets, lanes and yards clean and thereby lessen the cause of disease, and we congratulate ourselves upon our city we hope our citizens will unitedly endeavor to assist the authorities in carrying out such an object. By doing so you help to beautify our city as well as promote the health and happiness of our citizens.

Report of the Directors.

The Directors herewith submit the Eighth Annual Report of Regina Victoria Hospital: The number of patients treated was 347, an increase of 51 over last year. The number of hospital days was 8,346, an increase of 1,410, the average length of treatment per patient 24 days. The total indebtedness at the end of the year was \$4,277, as against \$6,129.80 at the end of 1905. The number of non-paying patients was 40 per cent of the total number treated. The Provincial Government grants were \$5,957.75. This is the largest grant received as yet, accounted for by the fact that the Provincial Government grants now 50 cents per patient per day, instead of 25 cents as formerly. The municipality granted us \$2,000. The donations deserving of special mention are: Messrs. J. F. and G. G. G. \$100; Robert Forster, from sale of flowers, \$46.90; The Leader-Times Co., \$52.65; Regina Lodge I. O. F., \$31.80, besides a number of smaller donations from school districts, churches and fraternal societies in the vicinity of Regina. During the year the Board has rented a house at the hospital for use as a nurses' home, and the staff is in much more comfortable quarters than formerly. Mr. and Mrs. Victoria Order of Nurses, visited us in August and expressed herself as pleased with the accommodation provided for the staff.

planned with the accommodation provided for the staff.

The question of laundry was a serious one for a time, as the laundry men in Regina refused to do the hospital work. The Ladies' Hospital Aid came to the rescue and offered to build and equip a laundry. This was graciously accepted, and the building is now under construction. Miss Smith, who was matron during the greater part of the year, resigned in December, and Miss Chalmers, the head nurse, took the position. Drs. Meek and Nyblett have been added to the medical staff. The Directors retiring this year are: Messrs. J. W. Smith, C. E. D. Wood, J. F. Cole, G. Spring-Rice, of Penna, and H. C. Lawson, of Kenell.

Financial Statement

Table with columns: Balance on hand, Receipts for 1906, Disbursements, etc. Total receipts: 1,744 50. Total disbursements: 1,232 72. Balance on hand: 511 78.

San Francisco, Cal., Feb. 11.

This to mines in the Ferguson district of Nevada, said to be worth many millions, has been won by Joseph de Seawell.

Richmond, Ind., Feb. 11.

The two-year-old son of Smith Hagan fell into an open fireplace and was burned to death. The child was half conformed.

Madison, Wis., Feb. 11.

The introduction in the assembly of a joint resolution memorializing congress to shut out immigrants who caused a flutter, as it is construed as a slap at the Japanese.

Washington, D. C., Feb. 11.

A cablegram received at the War Department from Chief Engineer Stevens says: "We took out 166,710 casks from Cuba and in January about twice the best monthly record made by the French since the inception of De Lesseps."

Chicago, Feb. 11.

Elmer Sage, one of the nephews of the late Russell Sage, has just come into the possession of \$50,000 left him by his multi-millionaire uncle. He has spent his life as a poor tenant farmer, giving half his crop to a grasping landlord and trying to make ends meet on the other half.

Adrian, Mich., Feb. 11.

An Italian passenger on the Wabash train, crashed last some one aboard rob him of \$3,600 which he carried in a belt around his waist. Jumped from the train while it was running at full speed an hour after leaving Chicago. The train was stopped and the Italian found beside the track badly bruised.

Hamilton, Ohio, Feb. 11.

The oldest person in Ohio, and probably in the United States, died here, when "Aunt Lewis, wife of George Lewis, cumbed to old age. She was 116 years of age. She was blind for the last ten years, but her mind was not impaired. Aunt Jane was born a slave in Petersburg, Va., and was married four times.

Marion, Ohio, Feb. 11.

The first quarrel of young married folk cannot be considered grounds for a divorce, says Judge Duncan, of Findlay, occupying the Common Pleas bench here. He expressed this belief in refusing to grant W. C. Keny, contractor, a divorce. Married only a month, Keny and his wife quarreled and separated.

Washington, D. C., Feb. 11.

It is extremely doubtful if the Senate will pass any session any resolutions memorializing congress to support the inhabitants of the Congo Free State.

Jeffersonville, Ind., Feb. 11.

By partial payment in pennies, nickels and dimes and partially on credit John Dewey, a married man, both colored, of this city, secured a marriage license and were married on credit by a colored minister. They were 50 cents shy on the amount needed to pay for the license and negotiated a loan from County Treasurer Isaac G. Phipps.

Lincoln, Neb., Feb. 11.

It is doubtful if any one member of the legislature has done more along the line of anti-race suicide than has Representative C. L. France, of Syracuse, who has fifteen children. In recognition of this the legislature already has a tax on municipalities for the support of the poor. Thanks to Mr. and Mrs. France, and these resolutions have been sent to Gov. Sheldon and President Roosevelt.

Bucharest, Feb. 11.

A disgraceful scene occurred in the Lyric theatre during a performance at which the crown prince and his wife were present. During the first entrance a woman called out from the balcony and threw the crown prince's mistress out of the house.

Cincinnati, Feb. 11.

A young girl of 18, who says her name is Mamie Clark and claims to live in Dayton, Ohio, is being held by the police pending an investigation. She stopped an officer and inquired if he could help her find the kind of husband she wanted. She said she wanted a hero, and preferred either a policeman, a fireman or a conductor, as their duties led them into constant danger.

Washington, Feb. 11.

Corsets for corpulent men, waistcoat buttons costing from \$5 to \$50 apiece for those who wish to put up a swell front, the long soft roll effect in lapels and straight box coats, whether or not they are friendly to your physical conformation, are a few of the rules which were laid down for the well-dressed man of 1907 by the Merchant Tailors' National Protective Association of America at its meeting in the Arlington Hotel.

Indianapolis, Feb. 11.

Three high school girls—Hazel Reiser, Bertha Hoffmann and Lillian Kern—were injured so badly while being initiated into the Alpha Gamma sorority that two of them will be marked for life. Physicants were called to attend them and the facts became known. At the initiation, which took place a few nights ago, the girls were compelled to wear bracelets which had been dipped in acid. The acid burned into the flesh and they suffered so severely that, after keeping their injuries secret for some time, they were compelled to call in doctors. Miss Reiser and Miss Kern were injured most severely.

Calcutta, Feb. 11.

Sven Hedlin, a Swedish traveller, who last year started on a Chinese caravan to Tibet, has sent word that he has explored 840 miles of unknown country. He hopes to reach the monastic city of Shigatse, 130 miles from Lhasa, at the end of February. The explorer has lost his whole caravan of animals, but not a single man. All the maps and sections were saved. Hedlin travelled eighty-four days without seeing a single Tibetan.

13/107

CITY AND COUNTRY

From Monday's Morning Leader.

Davidson town council have introduced a by-law providing for a single tax system.

The relief train sent out by the city to help get Davidson and other north line points, returned to the city early Saturday morning.

After a three weeks' absence in the East, Rev. G. C. Hill returned to the city on Saturday morning. Mr. Hill conducted services yesterday at St. Paul's church, which were attended by large congregations.

Mr. Dunderdale, the gas expert called in by the city, returned to Winnipeg on Saturday. Mr. Dunderdale will at once prepare a comprehensive report for presentation to the council.

A young homesteader named Matthews was brought into the city on Saturday with both of his feet badly frozen. No bed being available at the hospital on Saturday he was taken to a private residence. It is expected, however, that he will be removed to the hospital today. Despite every care it is feared that a portion of one of his feet will have to be amputated.

A largely attended meeting of the Normal Literary was held Friday afternoon. Several visitors were present, among them Rev. E. A. Henry, who was made an honorary member. A new and interesting feature of the programme was the reading of the society paper by the Editor-in-Chief, Mr. Glover. The contents of the paper were thoroughly enjoyed by all and gave evidence of the originality and talent of the contributors.

With spring and its attendant activity in the implement business rapidly approaching, the question of transportation is beginning to assume importance for the large wholesale concerns in the city. A car of sample drills for the International Harvester Co. has now been on the road for over six weeks, with no signs of delivery being made this year. With the usual spring rush of settlers and their effects, building materials and grain, the transportation problem bids fair to be more acute than ever with the passing of winter.

Ald. Wilkinson has given notice of an important motion which he will move at next Friday's adjourned meeting of the Board of Trade. Mr. Wilkinson's motion deals with the alleged combine that is said to exist in restraint of trade in connection with the lumber industry. Mr. Wilkinson will also move that the Board endorse the action taken by John Herron, M. P., in the House of Commons with regard to the lumber question. The following is the motion moved by Mr. Herron: "That it is important to the success of rapid and prosperous settlement in the Provinces of Manitoba, Saskatchewan and Alberta that lumber should be supplied to the settlers at as low a price as possible consistent with a reasonable profit to the manufacturers of lumber. That the prices charged for lumber in the said provinces are regarded by settlers as unreasonably and excessive. That it is charged and claimed on behalf of the said settlers that an unlawful combination exists among and between the manufacturers of and dealers in lumber for the purpose of unduly enhancing the price to the consumer. That a select committee composed of nine be appointed for the purpose of enquiring into the matters aforesaid, with power to send for persons, papers and records and to examine witnesses on oath." In order to ensure the motion passing it was called up by Sir Wilfrid Laurier and passed by the House.

(From Tuesday's Morning Leader)

Commencing Tuesday, Feb. 12th, C. P. R. train No. 1 will resume service between Winnipeg and Moose Jaw and train No. 2 will resume service between Moose Jaw and Winnipeg, commencing Wednesday, Feb. 12th.

There is still very little coal coming into the city and the local fuel situation still gives cause for considerable anxiety. Whitmore Bros. yesterday received a couple of cars of steam coal, which was disposed of for domestic purposes, while the Smith & Ferguson Company received one car consigned to the Police Barracks. No coal has as yet been delivered to the power house and the electric light plant is still therefore obliged to run short hours.

The newly formed Board of Trade for Swift Current has addressed a protest to the C. P. R. with regard to the charges of theft brought against some of the Swift Current citizens and farmers. The communication urges that the coal was taken under exceptional circumstances, with an assurance of willingness to pay for the coal taken and characterises the action of the company as "a very severe and unnecessary course in exposing reputable citizens to the odium of being tried as criminals, when they were only doing what any man would have done under the circumstances."

Regina hockey team having already won the championship of the western division of the Saskatchewan League, Moose Jaw has thrown up the sponge, and defaulted the game that was to have been played here next Thursday night. Regina will now have to play off with the winner of the eastern division, which in all probability will be Qu'Appelle, as that team has so far been practically invincible, having won six out of the seven games that it has played. As to how the finals will be played has not been decided, but it is likely that home and home games will be played, the number of goals to count. The senior Regina team is contemplating taking a little jaunt, which will embrace Calgary, Edmonton and Strathcona. If the trip materialises, the boys will leave next Saturday, weather permitting.

Several contractors of the city met last night and formed an organization to be known as the Regina Builders' Exchange. The following officers were elected: President, Chas. Willoughby; vice-president, A. G. Snyder; treasurer, Walter Martin; secretary, H. Black. About fifteen names were enrolled last night and prospects are bright for a strong exchange being developed. Among the objects to be sought after are fair

railroad rates, the convenient placing of cars, and cheaper water rates for building purposes, the present rates being, it is claimed, excessively high, in comparison with Winnipeg and other Western centres.

The Christian Guardian in a biographical sketch of the late Mrs. Peter McAra, Sr., the Regina, relates the following interesting bit of history: "Mr. and Mrs. McAra emigrated to Canada in 1883, and settled on a homestead at Long Lake, moving to Regina in 1885. They were out in the valley during the troublesome rebellion days, and were very close to the Indians they were in constant fear. The settlers in that district congregated at the McAra homestead, where their worldly possessions were stored in their barn, which was closely guarded night and day. The men got their old fire-arms cleaned up and kept in scouting touch with the natives from which they were expecting attack. This headquarters of the Long Lake settlement was called Fort McAra, but it was never under fire, for fortunately the rebellion passed ever close proximity to the McAra's. Since taking up their residence in Regina the deceased and her husband have been closely associated with the Methodist church and have been held in the highest esteem, especially by early settlers, who are one by one crossing the Great Divide."

CANADIAN INDUSTRIES PAY.

Another Successful Year of a Leading Canadian Manufacturer.

The annual meeting of the shareholders of the Slater Shoe Company was held in their offices in Montreal a few days ago. The address of the president laid stress on the continuous progress of the company's business since the standard price Slater Shoe became the feature of the business.

The Slater Company were the first Canadian manufacturers to adopt the newspaper advertising as an adjunct to the more economical selling of their goods. In five years their business has more than doubled. In 1906 the increase over 1905 was exactly \$200,000. While this year achieves the largest gross increase in a single year, it is also by far the largest percentage of increase in 12 months. The orders for the first two months of the present fiscal year exceed those of the corresponding months of the previous year by \$159,000.

Ninety-eight new agencies were opened by the company during the year. Orders came unsolicited from many foreign countries, including South Africa, the West Indies, and from Newfoundland. The president pointed out the need of more factory accommodation. "We have outgrown our present quarters," he said. The directors arranged to hold a special meeting to deal with factory requirements and extension.

GRANBY RUBBERS

For Rubber Satisfaction

We don't think you can better yourself anywhere by buying any other brand than Granby rubbers. In fact we are sure they are the best rubber made. Best in quality of rubber, best in workmanship and the making. Buy the Granby every time.

SPEAKING OF RUBBERS, KEEP YOUR FEET DRY IF YOU WANT HEALTH

We would lay emphasis on zephyr weights in Granby rubbers for men and ladies. Top rubber boots for ladies and gentlemen and our special light weight boot for city use. When we show you our choice stock of rubbers you are sure to meet with the style you need.

Will Content you in Every way, That Makes Corset Comfort

The D.&A. Corset

It will content you in every point that makes corset comfort—the comfort of perfect style, of shapely fit, of graceful design, of ease for the woman who wears it. Modish to a degree, every corset that bears the D. & A. mark—well made, whatever their price, every one; but above all easy, comfort, and again comfort—that is the D. & A. supreme merit.

The Warmth of Color and Beauty of Spring Sunshine is Reflected in the NEW DRESS FABRICS

ALTHOUGH we are handicapped with delayed shipments, our new dress goods section is displaying a great wealth of color and beauty, rivaling the rays of the bright sun outdoors. We want you to come at your earliest convenience and see the desirable lot of new fabrics for the gowns of spring and summer of 1907. There are many novelties, while the more staple effects are worked over into new themes of color and design.

The Goods Already Here

The goods already here include many novelties in Bedford Cordes, Lustres, Cashmeres, Eoliennes, and silk and wool materials, popular Shepherd's Plaids, etc.

Novelties in Blouse Lengths

We are displaying a fetching line of novelty blouse lengths in Lustres and Delaines. In the lot we disclosed many charming new effects in green stripes, green with white dots, white with self white stripe, self dots, etc.

Great Choice in New Muslins

The new muslins are in and include some beautiful weaves. White and Swiss Spot Muslins, Fancy Vestings, Dresdens, Scotch Zephyrs, Fancy Gingham.

MANY REGINA PEOPLE GIVE TESTIMONIALS

TESTIFYING TO THE MERITS OF JOHNSON'S DYSPETIC CURE. ON SALE ONLY AT THIS STORE

Here is a guaranteed remedy—our Johnson's Dyspeptic Cure, an old reliable preparation which we have been selling for years. Among the numbers that have been cured by its use are many prominent citizens of Regina. You would know them instantly if we published their names, but we don't intend to publish testimonials, for this is not the purpose of these columns.

Johnson's Dyspeptic Cure contains Pepsin, Cincnona, Pancreation, besides some valuable vegetable ingredients. This remedy corrects faulty action of the stomach, aids digestion, relieves prevalent headaches, enables the system to procure all nourishment from the food.

Johnson's Dyspeptic Cure, sold regularly 50c at 75c, now on sale at

Keep Your Feet Dry AND ENJOY GOOD HEALTH BUY YOUR RUBBERS HERE

Doctors all agree upon the advisability of keeping your feet dry at this season of the year. Our customers all agree that the best values are to be had here.

Women's Rubbers

Women's storm- or low cut rubbers with French, military or low heels, in popular zephyr weights. **Seventy-five Cents the Pair.**

Men's Rubbers

Men's rubbers in the popular "clog" or everstick styles, low cut and storm shapes in zephyr weight. **One Dollar per Pair**
Men's low cut or storm rubbers, big value. **Eighty-five Cents the Pair.**

Queen Quality

The "Queen Quality" shoe is the highest attainment in women's footwear to date. It sets the shoe fashions. It is universally recognized as the leading American shoe for women. It has a beauty and a distinctive style that are often imitated, but never equalled. It has all the little points of good taste and style that appeal to the fastidious and discriminating woman.

The "Queen Quality" shoe will perfectly fit your foot. If you buy some other kind, it may be that your foot must fit the shoe. This matter of fit is vitally important. The first essential of a perfect toilette is a perfect fit. Of what use to you is the handsomest gown in the world if it does not fit and alteration is impossible? Of what use to you are shoes that do not fit? Now "Queen Quality" shoes fit the foot as a glove fits the hand—smoothly yet without pressure. No other shoes ever did fit like them, because no other shoe is made in the same way. "Queen Quality" is constructed on a plan exclusively its own; smooth fitting, everywhere and yet allowing free play to every part, and especially to the toes and ball of the foot.

In "Queen Quality" shoemaking has attained the distinction of an art. It is an easy matter to make a comfortable shoe without beauty and style, or a pretty shoe without comfort, but to combine the two is what constitutes art in shoemaking.

When you wear "Queen Quality" shoes you find this art has been attained.

BOARD OF TRADE ANNUAL MEETING

Reports Show Year of Great Progress—Officers Elected for Coming Year.

From Friday Morning's Leader.

What may in many respects be called the most successful annual meeting of the Board of Trade ever held took place in the City Hall last evening, with a large attendance of the principal business men in the city present.

Following the reading of the minutes and correspondence, the following new members were elected: W. S. Gray, P. C. Rennebohm, Robt. Armour, C. C. Knight, B. Hooke, W. S. Ball, J. C. Secord, E. M. Storey and W. A. Thomson.

The annual reports of the secretary and council of the Board showed a year of unexampled progress and prosperity.

President's Address.

In a short but suggestive address, the retiring president, R. G. Pettigall, referred to the importance of the Regina Board of Trade as the largest commercial organization between Winnipeg and Vancouver, thanking the members for the support accorded him during his year of office. Congratulating the Board on the progress of the year in 1906, Mr. Pettigall made mention of the work done by standing and special committees, with special reference to that of the Business Men's and Transportation committees. Reference was also made by him to the publicity campaign inaugurated during the year and to the need of approaching the City Council for further funds to carry on that work.

Mr. Pettigall also touched on the question of the advisability of continuing the joint meetings of the Associated Boards of Trade with Alameda, which he thought would have to be seriously considered.

The president also referred to the number of young people in the city and asked the co-operation of the Board with the School Board, Y.M.C.A. and other organizations in promoting the welfare of the younger generations of citizens. In conclusion he thanked the city press for the assistance given to the Board, and suggested that a representative of each of the city papers should be an ex-officio member of the Board's Advertising Committee.

Council's Report.

The annual report submitted by the Council of the Board of Trade dealt with the commercial progress of the city during 1906, which it described as thoroughly satisfactory.

In transportation matters, in real estate transactions, in building operations, in the location of warehouses and developments of industries, in the increase of population, in the expansion of post office business and customs revenues—in these and in many other avenues of commercial activity have the advancement and material progress of the city been evident," continued the report.

After commenting on the importance of the entry of the Canadian Northern into the city and the work done during the year by the Transportation committee, the report drew attention to the phenomenal growth of the city during 1906, with its total building permits totalling \$1,982,000, placing Regina fifth among the cities of the Dominion for building, surpassed only by Winnipeg.

The report of the Board's Publicity Commissioner, A. B. Boyle, dealt extensively with the work of his office during the past year, giving details of the aggressive publicity campaign carried on in his capacity of Publicity Commissioner.

During his term of office in connection with the Board, Mr. Boyle pointed out the great overhauling of \$50,000 and distributed a vast amount of literature of various kinds having for its main object the advertising of Regina and the adjacent district. The literature thus handled included an illustrated folder with a bird's-eye view of the city, the large illustrated booklet prepared by Mr. Boyle, various crop bulletins and a smaller booklet entitled "A Handful of Facts."

In connection with the advertising of the city, Mr. Boyle paid a warm tribute to the local press which he stated he always found ever ready to advance the work of publicity. He had also, he stated, made considerable use of outside papers for the purpose of making the advantages of Regina better known, articles in such well established papers as the Toronto Globe and the Mail and Empire having attracted considerable attention and been productive of much good.

The report showed the expenditure for the year under the following headings:

General expenditure	\$1,977.13
Advertising	1,693.86
Receptions	555.20
Special expenditures	1,513.40

On the motion of the president and with practically no discussion the reports were unanimously adopted.

Election of Officers.

On proceeding to the election of officers, Messrs. Cooper and Mytton were nominated for president and on a ballot Mr. Cooper was elected. Messrs. A. E. Whitmore, A. T. Hunter and E. A. McCallum were nominated for the vice-presidency, the first named being elected.

For the council of nine members the following gentlemen were elected: P. McAra, Jr., A. T. Hunter, B. J. Taylor, R. Sinton, A. S. Jarvis, J. F. Bole, E. A. McCallum, J. M. Young and H. F. Mytton, the unsuccessful nominees being Ald. W. P. Gillespie, Ald. L. T. McDonald and W. McCausland.

Lumber Inquiry.

OTTAWA, Feb. 7.—Sir Wilfrid Laurier moved that the resolution of Mr. Herron (Alberta) be called. He did this, otherwise it would not be reached. This resolution was for the appointment of a committee for the purpose of inquiring into the price of lumber which is regarded as excessive in the Provinces of Manitoba, Saskatchewan and Alberta. Also to be permitted to send for papers and examine witnesses on oath. The resolution was carried.

Winnipeg Receiving Coal.

WINNIPEG, Feb. 7.—There is very little change in the local fuel situation today, but with the advent of milder weather dealers expect to see an appreciable lessening in the demand for both coal and wood. Fairly good shipments were received yesterday by the railways, and several dealers have received bills of lading for cars of coal.

Fall and Winter Ready-to-wear Clothing

Catarrh Cannot Be Cured

with LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarrh is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarrh Cure is taken internally and acts directly on the blood and mucous surfaces. It is prescribed for 20 years and is a regular prescription. It is composed of the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing Catarrh.

Send for testimonials free.

J. C. HENNEY & CO., Props., Toledo, O. Sold by all Druggists, price 75c. Take Hall's Family Pills for Constipation.

Asphyxiated by Gas.

(Special Correspondence.)

QU'APPPELLI, Sask., Feb. 8.—Jack McCallum and George Wilson were suffocated by coal gas while asleep in adjoining rooms over Rawlinson & Bushell's livery stable last night. Wilson was just alive this morning, but McCallum had gone to his last sleep.

Both men were employees at the stable and the deceased has for some time driven the stage to Fort Qu'Appelle. Very little is known of his family or relatives but it is understood that his mother and sisters live on a homestead about eighty-five miles north of Qu'Appelle in the Touchwood Hill country. Every effort is being made to locate some member of his family. McCallum, who came to Qu'Appelle last fall to get work for the winter, was one of the rough-and-ready sort, twenty-five years old.

The coal stove was in McCallum's room, and Wilson, who had to pass through that room in order to get to his own apartment, stopped and turned off the valve in the stove-pipe, which was done at McCallum's request, this being the true cause of death, as the gas could only escape through the room.

Postpone Government Phones.

WINNIPEG, Feb. 7.—It is stated in civic circles that the construction of a Government owned telephone line in Winnipeg in the near future was discussed by the Board of Control yesterday and today. It is further stated that a decision was arrived at to ask the Government not to take any action towards the construction of a public owned telephone system in Winnipeg before a year from next April. Ald. Cox, chairman of the Legislative Committee, was notified of the decision of the Board of Control this morning.

The World's News

As contained in Special Telegraphic Despatches to THE LEADER.

KINGSTON, Ont., Feb. 6.—At Piccadilly in North Frontenac the young son of John Salisbury was sliding down a hill on a sleigh when it became unmanageable and ran into a thorn bush. The lad had one of his eyes torn out by a branch.

WINNIPEG, Feb. 6.—Little Freda Halson, who was injured so terribly in an accident on Sixth Main street last night, died at six o'clock this morning in the General Hospital. She bore the shock of operation better than was expected, but failed to rally sufficiently to put her beyond all danger.

CARON, Sask., Feb. 5.—Story of a terrible tragedy at Caron, published in a Regina paper Tuesday, is absolutely false.

OTTAWA, Feb. 6.—At a meeting of the Railway Committee today, the clause of W. F. Maclean's bill for two cents a mile passage rate was killed. Mr. Emmerson said that the matter was under the consideration of the Railway Commission.

TORONTO, Feb. 6.—Geo. Graham, leader of the Opposition in the Ontario House, today gave notice of a motion that the Government should make a thorough enquiry into the question of fraternal life insurance in the Province with the view to the establishing of a safe and equitable mode of rates.

WIRED GLASS WINDOWS
HOLLOW SHEET METAL ROOF FRAME METALLIC KEEFING
TORONTO

BRANDON, Feb. 7.—The fuel situation was slightly relieved yesterday by the arrival of four cars of coal. The milder weather was also greatly appreciated by the citizens.

MACLEOD, Alta., Feb. 8.—A Chinook wind blew in yesterday morning and the snow is going fast. It is so warm that many of the ladies are on the streets without any head covering.

WINNIPEG, Feb. 8.—The engines which have been in use on Nos. 1 and 2 passenger trains, which have been cancelled, will be loaned American roads to enable them to operate freights from Gladstone to this city. Of these freight trains bringing in quantities of coal to the city there were three at Emerson this morning. In each train there are eight cars of coal, and all of it will be in the city tomorrow morning. Large quantities of coal are available in the south and considerable quantities of it are en route to the city from these points.

MONTREAL, Feb. 8.—In what was perhaps the cleanest hockey game played in Montreal since the days when the Winnipeg Vics came down here, the Wanderers defeated the Vics by 5 goals to 2. The contest attracted 6,000 people.

WEST SELKIRK, Feb. 8.—The elevator of the Winnipeg Elevator Co. at this point was entirely destroyed by fire which broke out at 7.30 this evening. It contained about 5,000 bushels of wheat. The building was valued at \$6,000, and with contents, was fully insured. The origin of the fire is unknown.

LONDON, Feb. 8.—Frank Chantley was instantly killed early this morning while driving a cab. While turning a sharp corner, the vehicle upset and Chantley was caught beneath. His neck was broken.

WINNIPEG, Feb. 8.—Some of the best games yet played in the bonspiel resulted in this morning's draw. Several close and exciting finishes were recorded. After being on the road five days the two North Battleford rinks reached the city this morning. They are skipped by Chisholm and Tyne. The Grand Prix rink skipped by Dawson also came by the same train. The international contest for the Walker Cup between Canadian and American rinks was won by the Canadians.

Nurses' & Mothers' Treasure
Largest reliable medicine for baby. Used over 50 years. First compounded by Dr. P. E. Picask in 1855.

Makes Baby Strong
Restores the little organs to perfect health. Gives sound sleep. Without resort to opium or other injurious drugs. At druggists, 75c, 60c, 30c, 15c. National Dispensary & Chemical Co., Ltd., Montreal.

LONDON, Feb. 7.—Right Hon. George Joachim Goschen died suddenly this morning at his residence, Seacroft Heath, Hawkhurst, of heart failure. Viscount Goschen was 76 years of age. He was Chancellor of the Exchequer in Lord Salisbury's second administration, and afterwards was First Lord of the Admiralty, serving in this capacity for five years.

LONDON, Feb. 3.—The Attorney General, Sir John Watson, who presumably spoke with full knowledge of the Government's intention, made an important declaration in his speech last night, foreshadowing the abolition of the House of Lords.

LONG BRANCH, N. J., Feb. 6.—Miss Botha Gotheil was instantly killed and her companion was probably fatally injured while returning in a cab from a ball here early today, by a train crashing into the cab at a crossing.

NEW YORK, Feb. 7.—For the first time this winter the harbor was completely filled with floating ice today. As seen from the Narrows, the ice covered both the upper and lower bays. All the incoming steamers had heavy coatings of ice, caused by the freezing of flying spray. On board the steamer Seneca, which arrived from Manila by way of Boston, the Chinese crew were clad in thin cotton clothing, and some in bare feet were breaking up the ice about the decks.

CHICAGO, Feb. 8.—The Record-Herald says the executive officials of Western railways controlling more than 100,000 miles of lines yesterday took action to reimburse themselves for recent increases in wages of their employees. A vote is now being taken on a proposition to increase the rate on nearly all of the main commodities 10 per cent., by increasing the minimum which it is permitted to load into a car.

TOKIO, Feb. 8.—While ignoring the anti-Japanese feeling in a portion of the United States press, the Japanese public is almost unanimous in demanding that the solution of the San Francisco school question must not involve the labor question. A mutual treaty, restricting the immigration of laborers, is condemned as a one-sided concession, sacrificing Japanese honor without any recompense.

NEW YORK, Feb. 8.—John Mason, the young man who, it is alleged, received a knockout blow in a friendly boxing bout in the parish house at St. Bartholomew's Episcopal church on the night of January 28, died last night in St. Francis' hospital.

WASHINGTON, Pa., Feb. 8.—The body of Miss Frances Martin, eight-year-old, has been found in a room in North Main Street. Whether she was murdered has not been determined.

Gray's Syrup of Red Spruce Gum
For Coughs and Colds.

Annual Meeting of Orangemen. To Discuss Modus Vivendi.

The annual meeting of the Indian Head County Orangemen was held in the I.O.O.F. Hall at Qu'Appelle Feb. 5. The main delegation from Indian Head and Qu'Appelle were present, but owing to the poor service of the branch lines of railroad, the members were unable to get here from the country north and south.

The meeting was opened in due form with County Master A. V. Gerry of Indian Head, in the chair. The nomination and installation of officers for the ensuing year was as follows: Master, A. V. Gerry; Chaplain, Rev. W. B. Tate; Deputy Master, Mr. Holden; Recording Secretary, Mr. Blair; Treasurer, Mr. Gower; Director of Ceremonies, S. T. Gibson; Lecturer, W. K. Wilson.

The members discussed at some length "The Reorganization of Counties" to conform more with the existing lines of railways. The celebration of 13th of July, 1867, was left over until later in the year. The semi-annual meeting will be held in June at Wide Awake.

Philadelphians, Pa., Feb. 8.—Miss Marian Livingston, a cousin of the late John Greenleaf Whittier, is dead, after enduring the privations of poverty for twenty years.

ZAM-BUK WILL SURELY CURE.

Here are a few instances of Zam-Buk's healing power:
Three children in one family in Burk's Falls have been cured of serious skin diseases by Zam-Buk.
Mrs. Minnie Ellis, of St. John's West (Welland County), says: "My baby had a kind of rash on his head—quite a lot of small red spots and pimples. I applied Zam-Buk and was delighted with the result."
Mrs. Goring, of Longford Mills, says: "Zam-Buk is a wonderful healer of ringworm. I tried everything that could be thought of, but nothing was able to cure until Zam-Buk came. It is a fine remedy."
Mrs. Wm. Scott, of Portland, writes: "Zam-Buk seems to take the pain out of sores, wounds and skin injuries as soon as applied and then it heals them up in quick time. That has been my experience and I have used Zam-Buk in the home for some time."
So one could go on quoting case after case where mothers have written in glowing terms of how Zam-Buk has cured suffering children. Mothers who read these lines should note this!

Zam-Buk is particularly adapted to delicate and tender skin. It is free from all mineral coloring matter and from animal fat, being purely herbal. It heals cuts, burns, bruises, ulcers, chapped places, eczema, ringworm, running sores, bad leg, enlarged veins, piles, scalding sores, etc. It is an embrocation. It cures rheumatism, sciatica, neuralgia, and rubbed well on to the chest in cases of cold cases the tightness and aching.
All druggists and stores sell at 50c a box, or post free from the Zam-Buk Co., Toronto, for price, 6 boxes sent for \$2.50. Zam-Buk is highly antiseptic, and applied to a wound cut or sore immediately kills the germs which give rise to inflammation, blood poisoning, etc.

Mrs. Thaw's Startling Story.

NEW YORK, Feb. 8.—Giving her evidence in the Thaw trial Mrs. Thaw told of an experience with White in her bedroom. She screamed and screamed, but he said, "It is all over." She sat up all night after he had taken her home. Mrs. Thaw broke down and cried and could hardly proceed as she related her experience with White.
Thaw sat with his face buried in a handkerchief. Mrs. Thaw said that Mr. Thaw, when she told him "got down on his knees, picked up the edge of my dress and kissed it."
White made Mrs. Thaw promise she would never tell her mother. He said it was all right, and that "there was nothing so nice as young girls, and nothing so handsome as fat ones. You must never get fat."
The effect of her story on Thaw was terrible, the witness stated. He sobbed and walked the floor, stayed up all night sitting in the room and talking it over. Mrs. Thaw said she told Thaw the second time he proposed, she could not marry him, for White would always know and would laugh and talk.

A WORD TO WOMEN

LISTEN!
Are you listless, lagging and without energy?

Have you headache, back pains or pains in the chest? Have you that "all-gone" feeling? Do you have fits of acute pain or wind after food?

If so, remember that health depends on three main organs—liver, stomach and intestines, and Bileans regulate all three.

Bileans are pure, herbal and Nature's remedies are always best. Don't dally! Write for sample box to Bileans, Toronto. (sending 1c stamp for return postage), or buy a box from your druggist.

Mrs. R. Saville, of Oakwood, Ont., says:—"For headache, debility, indigestion, and biliousness I tried many medicines, but I never met with anything to equal Bileans. They cured me."

Of all druggists at 50c per box.

Another Wholesale Firm Wants to Lease Here.

The question of track facilities in connection with the city warehouse sites on the north side is now receiving the careful consideration of the City Engineer and the Works Committee of the Council.

There now seems to be little doubt that the cutting of the city block in two as arranged by the late Council provides sites considerably in excess as regards size for the average warehouse, and the comprehensive scheme that will likely be presented by the Works Committee at the next regular meeting of the Council will probably recommend the cutting into three of the blocks in the warehouse district.

The matter of trackage for Ald. Williamson's Dewdney street warehouse will also in all likelihood be dealt with in the committee's report in such a manner, as to afford the necessary track facilities without encroaching at all upon Dewdney street.

That it is highly important that the question should be disposed of with the least possible delay is shown by the fact that Ald. Williamson is now negotiating with one of the largest wholesale grocery firms in Canada for the erection of a substantial, solid brick three-story warehouse on the east of the warehouse now occupied by Messrs. Honeyman, Haultain & Co., and until the track question is definitely settled the negotiations are suspended.

Stanley Cup Games.

WINNIPEG, Feb. 8.—If the Kenora Thistles win the league championship and are called on to defend the Stanley Cup this winter, as they no doubt will be, the games will be played in Winnipeg. This statement is made on the authority of a prominent officer of the Kenora Club. A special train, with a very low rate, would be run from Kenora. In the event of the Stanley Cup games the Thistles will again play "Father" Ross, of Brandon.

EXPERT FAVOURS MUNICIPAL PLANT

T. Dunderdale Advises Council That Gas Plant Would Be Profitable Investment.

"Although working for a private corporation at the present time I am strongly in favor of a municipal gas plant," was the emphatic expression of opinion volunteered last night to the City Council sitting in committee of the whole by T. Dunderdale, the gas expert brought here from Winnipeg to advise the Council on the gas question.

With twelve years practical experience in gas manufacturing in Great Britain, a similar experience in Australia, where he installed no less than twenty-seven different plants and lately as manager of the Oshawa gas works and now manager of the Winnipeg gas works, Mr. Dunderdale may be said to be one of the best authorities on the questions connected with gas on the American continent.

Last night's meeting, while of a quite informal character, consisting chiefly of questions put by the various members of the committee to be answered by Mr. Dunderdale in the form of a report, which is to be prepared for the Council with regard to the establishment of a gas plant in the city.

But without even going into details of making a close study of local conditions, Mr. Dunderdale had no hesitation in giving it as his opinion that a gas plant operated by the municipality would be a paying concern in a city of the size of Regina. While not prepared to give the exact figure at which gas could be profitably manufactured here, he stated that it certainly could be done at less than \$1.50 per 1,000 cubic feet. The cost of a plant such as would be required, with six miles of mains and a holder of a capacity of 100,000 cubic feet, he estimated at about \$100,000, not counting the cost of the necessary buildings.

Mr. Dunderdale strongly recommended a purely coal gas, as opposed to the crude oil article, proposed in the franchise under consideration by the Council. This he claimed would give the city an infinitely better article for domestic purposes and valuable by-products, such as tar, coke and ammonia liquid. He believed that it would be possible to have a plant with five or six miles of mains in operation within nine months. Where possible he would advise laying the mains down the alleyways. The plant he had in mind would have a capacity of turning out 60,000,000 cubic feet a year.

Speaking of the best coal to use, Mr. Dunderdale advised against the Pennsylvania soft coal as he was using at the present time in Winnipeg. The coal cost in Winnipeg \$3.50 per ton, while that from the Pennsylvania coal, the Crow's Nest coal, could be made from Crow's Nest coal, but whereas 10,000 cubic feet could be obtained per ton from the Pennsylvania coal, the Crow's Nest coal only gave 7,000 cubic feet.

This morning Mr. Dunderdale will drive over the city with Ald. Blair, chairman of the Fire and Light Committee, and the City Engineer and from that information give the report that he has prepared. The report, which will be presented to the Council at the meeting of the Council's deciding in favor of a municipal plant and advising as to the franchises now before the Council.

DISLEY SNOW DRIFTS 22 FEET DEEP

Regina Relief Gang Perform Gigantic Task in Getting Through to Disley.

(From Thursday's Morning Leader.)

Improved Weather Conditions

While no material change in the fuel situation can be reported, on the whole it is generally admitted to be more favorable today thanks to the moderation in the weather shown yesterday throughout the West.

Beyond a car of hard coal, no fuel was received in the city yesterday, but word was received that a train of 22 cars of coal had got as far as Caron from Swift Current and was being hurried forward.

The Department of Agriculture stated that so far as they were concerned there was little new to give from the information supplied yesterday. There was no dilution in the demands for fuel and supplies were still being received from different points in the province. The fact that the weather showed signs of moderation, however, led them to hope that the movements of coal from the Western mines would shortly show greater activity and its distribution become more general.

The North Line.

Telegrams received yesterday by His Worship the Mayor showed that Supt. Abbott with his train from the north had fought their way as far as Craik and Disley all night. The line up was as follows:

Saskatoon	Battleford
MacFarlane	Adam
Powers	Baldwin
Fleming	c. point
	Babor and
	Morrell
McGinnie	cover
MacLennan	centre
Saunders	l. wing
Taggart	r. wing
Referee	G. G. Smith
	Judge of Play, H. Truesdale.

Carlyle Live Stock Burned

CARLYLE, Sask., Feb. 5.—T. S. Anderson's stable, eight miles north of the town, was burned last Saturday night by a fire which started in a cow. The fire is supposed to have originated from ashes carried into the henhouse.

Final B. C. Returns.

VANCOUVER, Feb. 6.—Conservatives, 26; Liberals, 13; Socialists, 2. The net gain for the Conservatives amounts to four, exactly the number of seats won in the city by the Conservatives in the House over all parties after the election of Speaker will be nine.

Winnipeg Bonspiel On.

WINNIPEG, Feb. 6.—The Winnipeg bonspiel of 1907 is on. Promptly at 1.30 this afternoon the first games of the season will be played in the world were started on their way to victory or defeat. The full seven-ten sheets were occupied, and the big cracks of the bonspiel are busy trying to make another reputation for themselves.

Winnipeg Fuel Situation

WINNIPEG, Feb. 6.—Wood and coal dealers called up this morning declined to fill any orders. Some had fuel in their yards which could be bought if they were not needed for their own use. All dealers stated they would have plenty of fuel for customers when the railroads deliver their consignments. There is a good deal of talk among citizens to the effect that some dealers are playing a hold-up game, by claiming they are only able to deliver in broken lots, for which they charged an advanced price. Others claim they have coal, but are unable to deliver, not being in a position to secure sufficient teams.

Lumsden, Sask., Feb. 6.—Train arrived here at 20 o'clock last night and left for the Big Mill at 20.50. Worked all night and got through to Disley at 8 a. m. Cuts very heavy, 22 feet of snow having to be shoveled in places.

J. ABBOTT.

Craik, Sask., Feb. 6, 1907. J. W. Smith, Mayor.

People in vicinity of Girvin and Bladworth completely out of fuel. Can you arrange the purchase of coal at Regina? We have it hauled to direct a car of coal to each of these points which is now en route north. Please advise what you can do.

J. ABBOTT.

The fight which the Regina relief gang has had to put up may be gathered from the following Lumsden despatch to the Leader:

LUMSDEN, Sask., Feb. 6.—Train arrived here at 20 o'clock last night and left for the Big Mill at 20.50. Worked all night and got through to Disley at 8 a. m. Cuts very heavy, 22 feet of snow having to be shoveled in places.

Medicine Hat Inconvenienced

(Special Despatch to The Leader.)
MEDICINE HAT, Alta., Feb. 6.—Delays in transportation are causing some inconvenience to merchants and others, but are not serious at this point. The weather is comparatively mild. Medicine Hat was recently visited by the relief gang from the district south-west along the Crow's Nest line between Winnipeg, N. D., and Lethbridge are reported in bad shape.

The Most Important Household Item

Armour's Solid Extract of Beef

(FOOTED IN CANADA)

not only supplies color and flavor to soups, sauces and gravies, but a quarter teaspoonful in a cup of hot water makes a bracing tonic.

Armour's Extract of Beef is more economical than others because it goes four times as far.

Write for free Booklet "Culinary Winkles" how to use Armour's Solid Extract.

GOVERNMENT OWNERSHIP

Davidson Board of Trade Adopts Strongly Worded Resolution in Favor of Government Taking Over Railways and Mines of Canada.

(Special Despatch to The Leader.)

DAVIDSON, Feb. 6.—At a special meeting of the Board of Trade it was decided last night to draw up a resolution strongly in favor of the government taking over railways and coal mines and operating them. Today the following resolution, which has been drafted by George A. Scott, President of the Board of Trade is being sent to the Minister of Railways at Ottawa. Members of Parliament, and the Minister of Agriculture, at Regina:

"Whereas the railways of Canada, notwithstanding the assistance given them by the Government, have again failed to meet the transportation needs of the country, and in consequence a blockade in every part of the country has been caused, which has already caused much suffering that might have been averted, and whereas the said railways have failed to haul coal and wood when there was actually a supply to be drawn to a needy people, and in consequence a blockade of wood has been caused, probably 180 miles north of Davidson, where at the present time hundreds of cords of wood lie along the track of the Prince Albert branch which the railway will not haul, and whereas for the past two years the Canadian Northern Railway Company has had possession of the Prince Albert branch the railway company has failed to keep the line open and operate express trains even fairly regularly and has hauled no freight during that time, and whereas owing to the failure of the company to operate trains a situation of extreme danger from coal famine now exists, many people being in actual danger of freezing to death, and whereas the situation will become more acute with the approach of spring, when supplies will be required and many settlers will be coming into the country.

Therefore be it resolved that this Board of Trade believes the only remedy possible is for the government to appropriate the railways and operate them as government roads, and that the government should also appropriate the coal mines and operate them for the benefit of the people of Canada.

Be it further resolved that no further grants or appropriations of any name or nature be granted to any individual or corporation. That a copy of this resolution be forwarded to the Minister of Railways at Ottawa, one to the Minister of Agriculture at Regina, and one to Mr. Adams, member of Parliament for this constituency.

"Whereas a coal famine threatens the inhabitants of Saskatchewan, and many people are completely out of fuel, this situation is at least partly due to the fact that at the western end of the coal mines now there be it resolved that this Board of Trade heartily endorses the proposal of the Saskatchewan Association to obtain control of at least a part of the coal areas and work them for the public and that a copy of this resolution shall be sent to the Commissioner at Regina.

A Popular Official.

Mr. J. H. H. Young, who has been appointed manager of the Canada Life Insurance Company, with headquarters at Regina, has taken charge of the company's business in New York state, his headquarters being Syracuse. Mr. Young is a wise counsellor in all insurance matters and was exceedingly popular with his brother officials, as the following resolution passed by the Syracuse Underwriters' Association will testify:

"With great sorrow we learn that Mr. J. H. H. Young is about to leave Syracuse for work in other fields. During his residence in this city, Mr. Young has established himself as a most popular and honorable business man. He has ever been an earnest supporter of the Syracuse Life Underwriters' Association and has endeavored himself at all times. He has endeavored himself at all for his manifold and loyal personal qualities. Every community such men in every business, and the life insurance business in Syracuse suffers a great loss by his departure. His loss is a loss to our city and we know that he will always be attended by success, and the community in which he has resided is to be congratulated on his accession to its members. We wish him and his family the happiness and great prosperity."

Battleford Team Won.

SASKATOON, Feb. 6.—In a hockey match full of exciting incidents, Battleford's fast bunch defeated Saskatoon today. The home team was able to score in the first half. Shortly after the second half started, Battleford's point, was knocked out with a nasty cut under the eye. The score till a few minutes before half time stood 3 to 3, when a lucky lift won the match for the visitors.

The line-up was as follows:

Saskatoon	Battleford
MacFarlane	Adam
Powers	Baldwin
Fleming	c. point
	Babor and
	Morrell
McGinnie	cover
MacLennan	centre
Saunders	l. wing
Taggart	r. wing
Referee	G. G. Smith
	Judge of Play, H. Truesdale.

Nervous Prostration

IT IS WORRY THAT KILLS, NOT WORK

Work without worry usually tends to prolong life. On the other hand, worry with or without work, is fatal, because it uses up what the Doctors call the "Leitchin," a phosphorized fat which is the chief constituent of the brain and nervous system—a waste which, if not stayed in time, means complete nervous wreck. The evident moral is, "don't worry"—advise easy to give, and in these days of stress and strain practically impossible to take. The alternative is: find some way of replacing the wasted Leitchin—the essential element will be found in its most perfect, palatable and assimilable form in

FERROL

an emulsion of Cod Liver Oil and Phosphorus (phosphorized fat) together with iron, the recognized blood-builder—FERROL the ideal nutrient for the brain.

For the prevention or treatment of nervous prostration FERROL is absolutely essential—it is safe, sure and speedy.

The formula of FERROL is freely exposed, consequently

WEEKLY COMMITTEE WILL PROBE THE COMBINATION

WITNESSES CALLED TO GIVE EVIDENCE ON WESTERN LUMBER CONDITIONS.

Opposition Shows Change of Position to Prevention of Strikes

Laurier Urges the Right of the Public.

Special to The Leader.

OTTAWA, Feb. 12.—Hon. T. Greenway was elected chairman of the committee to investigate alleged western lumber combination and it was decided to issue notices to the following witnesses to appear March 13: E. D. Ambrose, McGuire, Pincher Creek, Alberta; Strathcona, Fred. W. Moore, Jaw, Edward Fearn, Pincher Creek, Alberta; R. H. Alexander, Vancouver, Secretary of the British Columbia Lumber and Shingle Manufacturers' Association; Geo. Wells, Nelson, Secretary of the Mountain Millers' Association; D. C. Gamble, Sprague, Winnipeg, Manitoba; Fletcher, Secretary Alberta Association, and the secretary of the Grain Growers' Association, Saskatchewan and Manitoba. Witnesses will be summoned to the committee being desirous of everyone who can throw light on the existence of a combination. The chairman stated as a condition of a combine, that any man who was not a member of the combine, that he could buy such as does from the manufacturer, but only obtain them through a combine.

Prevention of Strikes

The bill of the Minister of the Interior, which is to prevent strikes and lockouts, is now in committee in the House. As soon as this bill, Lennox (Simcoe) and Maclean (Lincoln) opposed the bill. The bill is now in committee. The bill is now in committee. The bill is now in committee.

Dollars for Wolves

As the result of a special appropriation made during the last session of the Provincial Legislature, the Department of Agriculture is offering \$1,000 reward with a view to encourage the killing of the wolves which are such a tax on the sheep, poultry and cattle industries and so destructive to the game birds and fur animals in northern Saskatchewan. The principal prize is that of a hundred dollars for the greatest number of brush or timber wolves killed by one person, viz. \$150, while three prizes of \$100 each are offered for the greatest number of coyotes killed by one person. Smaller prizes being the total number offered to fifteen. Applications for any of the prizes accompanied by the necessary proofs as set forth in the conditions published by the Government, must be received by the Department of Agriculture previous to 10th of April, when the prizes will be awarded.
