

MARTIAL LAW IN CITY OF CHELSEA.

Tents and Food for the Homeless People.

Three Persons Known to Have Lost Their Lives.

Many Lost Children in the Burned District.

Boston, April 13.—Ten thousand persons rendered homeless, at least three burned to death, half a hundred injured, and a property loss of between \$7,500,000 and \$10,000,000 summarizes the record of disaster which confronts the city of Chelsea this morning as a result of yesterday's conflagration.

A blackened, flame-charred and smoking mass of ruins marking the sites of some of the finest public buildings of the city, historic churches, valuable factory and business structures, as well as hundreds of homes, covers a belt three quarters of a mile wide, stretching across the city for a distance of a mile and a half.

The city was formally placed under martial law, but as a result of reports of looting the entire burned district, and the environs were patrolled by marines from the Charlestown navy yards, and 16 companies of state militia, infantrymen and artillerymen. The soldiers were supplied with ten rounds of ball cartridges. Adjutant-General Bingham, of the staff of Governor Curtis Guild, who has personal direction of the work of the militia, said the situation did not seem to require a proclamation of martial law, but that after consultation with Mayor Beck, of Chelsea, stringent measures were being taken to prevent as far as possible, any acts of vandalism.

Early today a consignment of military tents from the State campgrounds at South Framingham were placed at the disposal of the relief committees. Hundreds of them were set up on the public playground in Everett, an adjoining town, while others were erected on open ground in the unburned portion of Chelsea itself. It was calculated that these tents, each of which will accommodate five persons, would serve to shelter about one-half the homeless people.

While any three persons are positively known to have lost their lives in the fire it is feared that a search of the ruins by daylight will disclose more victims. The bodies of the dead are the Northgrove street morgue. They are buried beyond recognition. Two of the bodies are those of women. The other is that of a man. None of them has as yet been identified.

According to insurance men, the total loss will exceed \$7,500,000, and may reach \$10,000,000. The insurance is estimated roughly at \$5,000,000.

The liquor licenses in East Boston and that part of Charlestown adjoining Chelsea were suspended today by order of Police Commissioner O'Meara, as an aid to the militia and police in their efforts to bring about a condition of order and safety.

The fright of the night previous, which had overcome the people, disappeared, and frantic mothers, grief-stricken fathers roamed the streets, begging that their missing loved ones be returned to them. The school houses of the city, as well as those of neighboring cities and

GUELPH ELECTION.

Socialist Candidate Will Make Three-Cornered Fight.

(Special Despatch to the Times.) Guelph, Ont., April 13.—At a meeting of the Socialist League of this city yesterday afternoon it was intimated that the League would have a Socialist candidate to take up a third corner in the Provincial political fight against Joe Downey, and at the close of the meeting Mr. H. Peters, dairyman, announced himself as the chosen candidate. He will address a meeting of the League, setting forth his platform, on Monday next. The Socialists also expect that their candidate will have the support of the Independent Labor party, recently organized. The Liberals will have their man out in a week or so, and the fight will then be commenced in earnest. It is difficult to say which party will be injured by the third candidate.

SOUTH WENTWORTH VOTERS DENOUNCE THREE-FIFTHS.

And Call Upon the Tory Candidate to Declare Himself Against the Clause.

A meeting of the South Wentworth Voters' League was held on Saturday afternoon, with the President, Mr. Jos. Tweedle, in the chair. Much disappointment was expressed, particularly by the Conservative members, because the Whitney Government had not seen fit to repeal the three-fifths clause, which it had inserted in the local option act. The Conservative candidate was called upon to denounce this unfair enactment, and the secretary was instructed to send a copy of the following resolution to R. H. Lewis, Conservative Secretary: Moved by John Bell, Gleanford, seconded by I. M. Mayell, Stoney Creek: That we, the executive of the South Wentworth Temperance Voters' League,

Young Irish Lords

Cambridge, Mass., April 13.—Two young Irish lords are to come to Harvard for a course of studies. Later they will study at Oxford. They are Lord Belville and Lord William Taylor. They are at present studying under a tutor. The young men are sons of the Marquis and Marchioness of Headfort. Lord Belville will succeed to the Headfort title and estates.

WIFE'S LOVE COLD.

Lying Fatally Hurt, Man Tells Police "I Die on Account of My Wife."

Buffalo, April 13.—"I die on account of my wife." These words Martin Roszak whispered to Sergeant Anthony Walskowsky as he bent over the man, who had just fired a bullet from a revolver into his body just below the heart. Roszak is about 45 years old, and from letters which were found in his pockets it was learned that his home was at 8,752 Mainstreet avenue, South Chicago.

Roszak stated that he came to Buffalo two days ago with the purpose of jumping over Niagara Falls to end his life on account of his wife. He said her love for him had grown cold. "I could not bring myself to jump over the falls," he said at the Emergency Hospital last night. "I lost my nerve and shot myself."

Yesterday noon Roszak went to the restaurant of Joseph Wenchicki at Broadway and Rother avenue, where he had dinner. He appeared to be normal, the proprietor stated, and asked to be given a room for the night. Upon being told that there were no rooms for rent in the place, he went to the White Eagle Hotel, Broadway and Sears street. There he secured a room. He did not appear again until about 8.30 o'clock last night.

Roszak then walked out of the side door of the hotel into Sears street. Walking but a few feet from the door he drew a revolver from his pocket and fired one shot into his left side. With a cry of pain he fell to the street. Several people rushed to his side, among them Sergeant Walskowsky. When asked what he had done, the man said: "I die on account of my wife." He then pressed a letter into the hand of the sergeant. The letter was written in Polish. It read:

"I let you know that I am going to take my life on account of my wife. I bid you good-bye. I also let you know to give my best regards to my dear children, and say good-bye to them. (Signed) Martin Roszak, No. 8,752 Mainstreet avenue, South Chicago."

An attempt was made to save the man's life by an operation. The man was weak from the loss of blood, and soon lapsed into unconsciousness.

The police of the William street station went to the room at the White Eagle Hotel, which Roszak had hired, where the man's overcoat and umbrella were found. Pinned to the lapel of the coat was a note to the police. It said: "I live in South Chicago. My name is Martin Roszak. I die for my wife." His property was taken to the police station.

It was stated at the hospital that Roszak has but a slight chance of recovery.

MURDER MYSTERY.

Arrest in Connection With Beating to Death of a Man.

New York, April 13.—By the arrest of Frank Monato at Huntington, Ind., the mystery surrounding the murder of Julius Rosenheimer at Pelham Manor, New York, on June 18, may be solved. Mr. Rosenheimer was secretary of the London Needle Co., and resided on a handsome estate at Pelham Manor. With his wife he was strolling among the shrubbery of his grounds at dusk, when two men jumped from behind a clump of trees and beat him to death. Mrs. Rosenheimer fainted, but her husband's cries summoned assistance. The murderers fled, after stealing their victim's watch bearing his initials. No cause for the attack was ever made public.

IN BERMUDA.

A Happy Family of Hamilton People In South.

Mr. Alfred Powis, with Mrs. and Miss Powis, has returned home from a delightful trip to Bermuda. While on their way home a week was spent in New York. Mr. Powis reports a very rough passage out to Bermuda, but the beautiful weather and the splendid time there made up for the voyage. Quite a number of Hamilton people are spending a delightful vacation there, and Mr. Powis states that they make a very happy family. A day or two before Mr. and Mrs. Powis left for home, the Hamilton people chartered a steamer for their exclusive use, and spent the day on a trip to the dockyards and seagardens. Among the Hamiltonians who took in the voyage were, Hon. J. M. and Mrs. Gibson, Mrs. W. C. Hawkins and family, Mr. and Mrs. Witton, Judge and Mrs. Snider, Major and Mrs. Mewburn, C. W. Cartwright, Ralph Bruce, E. Noyes and son, Mr. and Mrs. Alfred Powis and Miss Agnes Powis and Mrs. C. W. Graham.

IN PLAIN CLOTHES.

P. C. Harry Tuck Takes a Hand at It.

Constables Sayers and Robson, who have been doing plain clothes duty for the past five or six months, will be put in harness again to-night and Harry Tuck will start out to show his worth. He will play a lone hand. Constables Brannon, Barrett, Sayers and Robson have all had a go at the plain clothes work and it appears to be the plan of the chief to try out all the applicants for Detective Miller's job before he makes a selection. The police shook their heavy overcoats this morning.

POLICE REPORTS.

Dead Beat and Companion Run Out of Town.

William Condon, Belmont Hotel, has reported to the police that some person undid the harness on his horse while it was standing in front of Britannia rink on Saturday night. As it is a nervous horse a bad runaway might have resulted if Constable Aiken had not noticed the prank and notified the owner. This is the second time the trick has been played on Mr. Condon.

A man, the police characterize as a dead beat was run out of town by them this morning. Since last Wednesday he has been staying at a James street hotel with a woman and yesterday he tendered a draft on Hoffman & Co., of Rochester. The proprietor refused the draft and notified the police, who then chased the pair out of town. It has come to their notice that the man operated the same game at Niagara Falls, N.Y.

TO BRANTFORD.

Sunday Party Over B. & H., and Dinner There.

Yesterday afternoon Traction Manager Green and some of the other electric railway officials took a party of gentlemen from the Westinghouse Company and others for a trip to Brantford, over the Brantford & Hamilton Road. They were able to go as far as Murray street, in Brantford, which is at the edge of the city, and then they were transferred to the street cars, and taken to the Kerby House, where an excellent dinner was served. The trip back to Hamilton was made in quick time, considering that the road for the most part of the way has not been ballasted.

MEDICINE MAN.

Dr. Munyon Weds Star in 'Charley's Aunt.'

New York, April 13.—Mrs. Pauline Metzger, an actress, of Altoona, Pa., was married in the parlors of the Waldorf-Astoria to-day to Dr. J. Munyon, the Philadelphia millionaire patent medicine man. Mrs. Munyon, whose maiden name was Neff, belongs to a leading family of Altoona. Shortly after graduating from a seminary at the age of 16, she fell in love with Carl Metzger, of her home town. Metzger went to a ranch near El Paso, Tex., where she followed, and they were married. A disagreement arose, and they were divorced. Her first public appearance was at the Eleventh Avenue Opera House in Altoona as a dancer in "The Grand Parade." She later appeared in New York city at the Casino Theatre and the Hippodrome.

During the season of 1906-07 she starred in "Charley's Aunt." She was in vaudeville at Chicago and other cities of the west during the latter part of the 1907 season. She is reported to have met Dr. Munyon at Palm Beach last winter. The doctor pressed his suit and the engagement followed.

KILLED MOUNTED POLICE.

(Special Despatch to the Times.) Ottawa, April 13.—On Saturday at Frank, Alberta, a mounted policeman was killed by a burglar. The victim was George E. Wilmot, an Englishman, who joined the force at Winnipeg a year ago. The message to the officials here gives no details of the affair.

SOLID SILVER FOR MACKAY

Honored on His Retirement From Active Business

By the Staff, Captains, Purser and Friends.

Notable Gathering of Sailormen on Saturday.

On Saturday evening Mr. and Mrs. R. O. MacKay entertained the staff, captains, pursers and a few friends at dinner at their residence. This occasion was taken to present Mr. R. O. MacKay, the senior member of the firm, who is retiring from business, with a solid silver tea service as a token of the esteem and respect in which he is held.

After a sumptuous repast, to which full justice was done, the toast list was proceeded with. After the toast to the King had been duly honored, Mr. J. J. Higman, the senior accountant, in a most able manner made the presentation, making a speech which was highly eulogistic of the business integrity and life of the recipient, Mr. MacKay responded in a very happy manner, but was visibly affected by this token of the sincerity of the feelings of the staff and friends towards him. Mr. MacKay was then requested to act as toast master for the evening, which he did in his usual capable manner. Toasts were drunk to the Inland Navigation Co., to which Mr. A. B. Mackay replied in a fitting manner; to the Bank of Hamilton, responded to by Mr. R. B. Davis, manager of the North End Branch; and Mr. Hobson, of Lees, Hobson & Stephens, who made an excellent speech, which was full of advice for the younger officials of the new company, and was very much appreciated by all. In proposing a toast to Mr. Geo. W. Head, who has been appointed agent at Fort William, Mr. MacKay took the occasion to refer to his integrity and business abilities.

The police shook their heavy overcoats this morning. The speaker says we have the assurance that Hamilton is to get the Technical College. Will it kindly tell us who gave the assurance? After reading that Dundas speech, I am not at all surprised that the Lieutenant-Governor refuses to allow Gamey to stip at his table. The Executive Committee has not yet been able to get a suitable man for the City Engineer.

Mr. Gibson had better get a goat on. But then he rather likes to deal with the Railway Board.

Geo. Wild should go up to Mount Hamilton and lay out a tree planting scheme for the mountaineers. Wind breaks are badly needed up there.

Now that Toronto has got control of its streets, it might try and tidy them up a little.

The Theaker investigation is another evidence that a permanent Labor Commission is needed with three unbiased men on the job. The Theaker Commission had two men taking sides and one impartial, making all the material necessary for a majority and minority report.

MR. MACKAY'S TOUR

Election June 4 or May 28—New Ontario Meetings.

(Special Despatch to the Times.) Toronto, Ont., April 13.—Mr. A. G. Mackay stated this morning that the Provincial elections would be held on June 4, if not on May 28. He has arranged a tentative programme for his New Ontario tour and is making all preparations for an early contest. The speakers at the New Ontario meetings will include Messrs. C. N. Smith and Sam Clarke, M. P. P.'s, and the following dates have been arranged: April 27, Sault Ste Marie; April 28, afternoon, Desharats, evening, Thessalon; April 29, Sturgeon Falls; April 30, Cobalt; May 1, North Bay; May 2, afternoon, Burkes Falls, evening, Powassan. In the meantime Mr. Mackay will speak at the following afternoon conventions: Wednesday, West Peterboro at Peterboro; Saturday, East Wellington, at Fergus; Sunday, South Oxford, at Newburgh; Tuesday, South Grey and Durham.

The Algona Liberal convention will be held at Blind River, on April 13. John McKay, of the Soo, is mentioned as the candidate. He is a partner of W. H. Heppert, Conservative candidate, who is opposing C. N. Smith, of the Soo. Mr. R. R. Gamey will speak at Nanawau, Ontario, Province. Non-residents fishing from their own boats or yachts will be charged a fee of \$5 per rod, said permits to be good for a period of three months.

DOG POISONERS.

A class of dog haters who thin out the canine population each spring by the poison route is already hard at work. License Inspector Erick says complaints are being received from all over the city about dogs being poisoned. A valuable fox terrier writhed in agony for two hours yesterday morning opposite St. Mary's Cathedral, in full view of people going to church, before turning up its toes.

PROPOSED POSTAL CHANGE.

Postmaster Burger, of Welland, is endeavoring to get a new postal service for the T. & B., which will give three mails from Welland to Hamilton and Toronto instead of only two. There will be a mail clerk on four trains, namely, one each way in the morning, and one therefore be delivered at minor stations between Welland and Hamilton four times a day.

THE MAN IN OVERALLS

Dan. Reed is the lucky man.

Everybody swears by Dan in South Wentworth, while everybody swears at Ham. Regan.

Ald. Farrar wasn't exactly kicked down stairs by Assessment Commissioner Macleod. But—

Once more, were it the Cataract Company, and not the Hydro-Electric Power Commission, that was asking the city to sign that agreement, would the Herald advise the city to sign it? No hedging. That's a straight question, and it deserves a straight answer.

The young Tories are still talking Studdolme down in East Hamilton. They won't stand, they say, for either Biggar, Scott or Carr, and they're not stuck on the Mayor to any extent. Charley Peebles has his troubles, poor man.

The Spectator says we have the assurance that Hamilton is to get the Technical College. Will it kindly tell us who gave the assurance?

London, April 13.—It is announced that a new discovery in connection with the turbine engines of the Dreadnought has resulted in a great increase of speed. In a twelve-hour trial just held, the battleship averaged 20 1/2 knots, which is only half a knot below her designed speed.

THE ANTIPODES.

Australia Aiming to Manufacture Its Defence Material.

(Special Despatch to the Times.) Ottawa, Ont., April 13.—Canada's Trade Commissioner at Sydney reports to the department here that the triennial meeting of the Chambers of Commerce of the Empire is set down to be held at Sydney in September next year. The Sydney Chamber of Commerce has already taken steps to give that body a characteristic welcome and it will be aided in its efforts by the Government of the Commonwealth.

Mr. Larke says that New Zealand for the past year shows an expanding trade. The aggregate trade was over thirty-seven million pounds, compared with thirty-three millions for the year previous, an increase of about four millions and a quarter. There is a little over two millions of an increase in the exports and about two millions and a quarter in the imports.

Trade Commissioner Ross is making reports that land has been purchased by the Commonwealth Government for a small arms factory at Lithgow, N.S.W. This will be the first one in Australia. The factory will be used to begin with the making of rifles of the latest type of the British War Office. The manufacture of shells will be undertaken.

The Government has also purchased 130 acres of land near Melbourne for a cordite factory. The idea of the Government is to be practically independent for the greater part of its defence material of Britain, any rate as far as rifles and ammunition go.

The applications for the three vacancies on the police force are coming in fast. Most of the applicants are Englishmen or other immigrants. The only missionaries meet at 11 o'clock on Wednesday to appoint three.

There is nothing on the City Council's programme to-night to justify a long session. It is not expected that there will be any objection to the Conference Committee's report on street railway matters, and that is about the only thing likely to provoke a discussion, with the exception perhaps of the Fuel Committee's report. Chairman Sweeney thinks the street railway work will go through all right. Road work to the amount of over \$12,000 will be passed and about 150 men put to work daily. The Board of Works expects to receive this difference of \$2,100 from the charity department.

KERRY CRIB LOST

But Mr. Bird Recovered His Prize Dog.

"Kerry Crib" is a bull terrier belonging to C. J. Bird. On Friday he was safely ensconced at the dog show, and won several prizes. Saturday night he was taken home by Mr. Bird, who lives at Jackson and Walnut streets. Yesterday Mr. Bird walked into police headquarters and reported that the dog had been stolen. This morning Mrs. Bird heard that a dog answering the description of their terrier was in a house at 9 Walnut street south, above the store at the corner. Detective Campbell got the report, and sent Constable Tuck to the scene. The constable got the dog, and was told that it had followed them home, and as it was a valuable dog they were waiting for an ad. in the papers. The dog was returned to Mr. Bird. It is valued at \$75, and, in fact, an offer of that amount was refused by its owner.

Only Hook and Line Angling Will be Allowed.

An order-in-council has been approved of by the Lieutenant-Governor of Ontario, upon recommendation of the Minister of Public Works, providing that residents of the Province be prohibited from fishing in any Provincial waters, except by hook and line, without having first obtained a lease or license granting them permission to do so. Non-residents of the Province desiring to angle for fish in Provincial waters will be charged a fee of \$2 per rod, or a fee of \$3 for a family not exceeding five persons in all, when temporarily residing in the Province. DEATH OF WM. DEWAR, LIBERAL CANDIDATE FOR NORTH BRANT.

Trading Stamp Case—Cock Fight Prevented—Football League—The Normal Schools.

(Special Despatch to the Times.) Brantford, April 13.—The police have cases on hand against two local merchants, J. Whitaker, a boot and shoe retailer, and J. Struthers, a grocer of the East ward, for breach of the law against trading stamps and similar trade devices. At Mr. Whitaker's store, it is alleged, the unlawful but novel plan has been followed of giving with each purchase of goods amounting to a nominal sum a key. A certain number of keys were distributed, among which was one fitted to unlock a box in which a prize was placed. The police claim this is a lottery. At Mr. Struthers' store, it is alleged, that a plan very similar to

Barton Council Asked to Refuse Permits

To Mountain View and East End.

The Citizens' League and the Central Temperance Executive will probably make an effort this year to have the refreshment privileges in the grand stand at the Jockey Club abolished. A meeting will be held shortly to discuss the matter. The question was up last year, but no action was taken. The temperance people maintain that the Jockey Club's license is for the road house only, and that it has no right to sell beer in the grand stand. The Wentworth License Commissioners will be appealed to by the league.

A deputation from the Citizens' League appeared before Barton Township Council this afternoon to demand that an amusement license be refused in connection with the Mountain View Hotel and for the new amusement park, which Buffalo and Niagara Falls promoters were intending to open at the Driving Park.

The deputation will also ask that the township take better precautions in policing the race track and vicinity during the spring meeting. "We feel that there is a good deal of carousing, gambling and immorality going on during the races and we want it stopped," said an official of the league this morning.

JOHN SINCLAIR, Secretary for Scotland.

EARL CARRINGTON, Secretary of the Board of Agriculture.

ARISTIDE BIRRELL, Chief Secretary for Ireland.

SIDNEY BUXTON, Postmaster-General.

The new Cabinet Ministers are Churchill and Runciman. The retiring men are Campbell-Bannerman and Lord E. S. Seely.

Colonel G. E. S. Seely has been appointed Under Secretary for the Colonies; Lord Lucas, Parliamentary Secretary, War Office; F. D. Acland, Financial Secretary, War Office; and Thomas R. Buchanan, Parliamentary Secretary, India Office.

Having been fully anticipated in well-informed political circles, the few changes which Mr. Asquith made in the old Campbell-Bannerman Cabinet caused no surprise.

speculation as to whether the new ministerial selections were really good, and he would have been fully justified in assuming the government under somewhat unusual circumstances, in taking the course of appealing to the country for a new mandate.

Mr. Churchill will throw himself into the struggle with all his well-known tenacity, but his opponents have anticipated and prepared for the struggle for two years past, and he will have the hardest possible task to hold his seat.

Now that it is officially confirmed, perhaps the most striking feature in the new Cabinet is the leap of David Lloyd-George to the front rank in political life.

FIRST CHURCH ANNIVERSARY.

Services of Special Interest Were Held Yesterday.

Ordination of Elders in St. John Presbyterian.

Foreign Missionary Secretary at St. Paul's Church.

First Methodist Church had its Sunday School anniversary services yesterday—its 84th—and the day was a most satisfactory one, the congregations being very large both morning and evening and there being an attendance of 555 at the regular session of the school in the afternoon.

Rev. Joseph Odery, of Toronto, who when but a youth was at Simcoe Street Methodist Church, and subsequently at Charlton Avenue, was the preacher of the day. The children of the school occupied the gallery in the morning and the Sunday School choir led the singing.

The annual financial statement and statistical report was distributed in the pews. It made touching reference to the death of the late superintendent, Mr. Hugh Murray, and to the fact that a large number of the scholars had accepted of the Saviour and joined the church.

The total enrollment of the school is boys 220, girls 275, primary department 100, officers and teachers 60. Total 655. The average attendance for nine months of the year was between 490 and 500, and for the three summer months 275. The receipts amounted to almost \$1,500, as follows:

Cash on hand \$ 62.50 Anniversary, Sunday 47.00 Anniversary, Monday 51.41 Collections, Rally, Monday 36.29 Sunday School collections 846.82 Subscriptions to School 5.00 Sale of Tickets, Picnic 171.65 Missionary Mite Boxes 254.87 Interest 4.34

The expenditures included \$528 paid on the mortgage debt and interest; \$354.87 for missions, \$241.85 for periodicals, and \$215.21 for the annual picnic. The net profit of the school building was reduced by \$450, and now amounts to only \$1,500. The officers of the school are: James Hamilton, superintendent; Thomas Epps, assistant superintendent; W. G. Moore, secretary-treasurer; 323 Main east; Fred M. Moore, assistant secretary; Albert E. Baker, librarian; Wilfred Oaten, musical director; Miss Jean Kilvington, pianist.

Rev. Mr. Odery, in his morning sermon, spoke particularly to the children, his text being the words of the psalmist, "Thy word shall be a lamp unto my feet." He spoke of the Bible as the best of all books. It was a fine book for boys because it told stories of brave men and great deeds of valor, while for girls it told stories of love. Best of all it told of the love of the Saviour. Mr. Odery spoke especially of obedience, truthfulness and gentleness in a way that impressed the truth of his sermon in the young people. In the afternoon, Mr. Odery spoke to the school on children giving their hearts to God and working in His service.

Last evening a splendid sermon on the words of Esther, "If I perish, I perish," was listened to by a large congregation. His address was on consecrated womanhood, and the influence women should have upon society.

Rev. R. J. Treleven, the pastor, was present at all the services of the day and in the morning announced that the reception of new members would take place next Sunday. There are over 70 to be received, chiefly as the result of the recent special services.

The anniversary entertainment will be held this evening. Dr. MacKay at St. Paul's. Rev. Dr. MacKay, Foreign Mission Secretary of the Presbyterian Church, occupied the pulpit in St. Paul's Church yesterday morning. There was a large attendance of the congregation, and careful attention was paid to the remarks of Dr. MacKay. He has but lately returned from China, and in his points in the Far East, and for an hour he related some of his many experiences among the natives of the country he had visited. In speaking of China, he said that great changes were being effected in the hearts of the Chinese, but success in attending to the necessities there. He referred to the excellent work that is being accomplished by Dr. Ferguson, the missionary sent out to Formosa, by St. Paul's Church, and drew attention to the fact that a new hospital was needed there to assist Dr. Ferguson in his work among the natives.

For Temperance. There was a large and enthusiastic audience in the Erskine Church yesterday morning to hear Rev. Mr. Kettlewell, of the Dominion Alliance. He said things were shaping well for the great wave of temperance sentiment that was sweeping over this and other lands. There is a feeling that the bar-room must go, he said, for it is a menace to society. The aggressive temperance element in the United States are seeing ways of improvement. The only movement that will bring about complete success is to have the churches interested to the full in the temperance war. The most aggressive temperance element in the United States has been the prohibition body, though they are beginning to see ways of improvement. The only movement that will bring about complete success is to have the churches interested to the full in the temperance war.

Observed in Catholic Churches of the City Yesterday. Special solemn services will be held each evening through the week till Friday night, when the choir gives their sacred recital of "Hymns of the Passion Music." There will also be a service at 11 a. m. on Good Friday.

Palm Sunday. Observed in Catholic Churches of the City Yesterday. Special solemn services will be held in connection with the closing of Lenten season. On Holy Thursday his lordship will officiate at the blessing of the oils in St. Mary's Cathedral. On Good Friday morning mass of the presanctified will be celebrated and at 3.30 in the afternoon the stations of the cross will be made in memory of Christ's journey to Calvary. There will be a special sermon and the proceeds of the collection will go to the Holy Places. On Saturday morning the blessing of the new fire will take place. On Easter Sunday morning the sanctuary choir will make its first appearance in new surplices.

of the bar-room? Christ appealed to the intelligence of men, showing them the responsibilities of life. We should not put anything in our brother's way that will cause him to stumble and fall. The will course, the pool room, the house of ill fame, are causes of stumbling.

Ordination of Elders. Yesterday morning interesting and impressive services were held in St. John Presbyterian Church, the induction and ordination of five new elders drawing a large congregation. Rev. John Young officiated, and the five men ordained were John Mitchell, Donald M. Barton, J. A. Walker, Ormiston Buist and Albert E. Greer. After the ceremony Rev. Dr. Fletcher addressed the congregation and the new elders.

Before the ceremony the pastor addressed a few words to the new elders. He said, and they should be said, they should observe such an influence as would be helpful in building up the kingdom of God.

The usual form of questions were asked and answered, and the pastor and session extended their hand of fellowship to the ordained and inducted elders.

Dr. Fletcher then spoke of the duties of an elder. You have been solemnly ordained to a responsible and sacred office, he said, and for your work you need the grace of God and wisdom. An elder is usually called a layman—that's wrong. These men are chosen from the laymen by the laymen, and elected to this sacred office. They are not ministers, nor are they women; they are elders.

Each church is governed by a body of men called the session, composed of the elders. The session administers and governs a church, and therefore the elders should all be thoroughly cognizant of the rules of the church and its discipline. It is well for every elder to procure a copy of the rules and study them. The minister now-a-days has a hard time of it, he continued, but he gets a great deal of help from the session. He is, however, not a servant of the session, but of the presbytery. The elders are responsible only for the edifice of the church. An elder is expected to exercise his vested discipline and reproof wherever needed, and he must look carefully after all the people in his district, young and old, rich and poor alike. He must be regular in his attendance at church and in all things set a good example to the congregation.

"I have been preaching the gospel over 30 years now," said Dr. Fletcher, "and any success I have had is very largely due to the assistance and wise counsels of elders I have been associated with. The more you remember the elders in your prayers, the more they will rise in your estimation, and they should rank high there. In all things must an elder and any man follow God's word, and strive to live without reproach or blemish in his community.

Century Church. Rev. Mr. Whiting occupied the pulpit at both services on Sunday. In the morning his sermon was based on Matt. 28, 19 and 20, and he made a special plea in behalf of the Women's Missionary Society. If we are disciples of the Lord Jesus Christ, he said, we should do what our leader bids us. He plainly says, "Go," "preach," "teach," and he puts no limitations on the direction, the space or the time. Then it is our duty as far as in us lies, to send His message of salvation to every human being. The pastor said he had put the question to several business men, as to why they did not favor missionary work. He had received various answers, when, she did the best work abroad. Further there are a thousand heathen abroad to one at home. The heathen at home is one through necessity.

The second objection was, that missionaries were not wisely chosen, and in answer to that he said men who spent a number of years on the foreign field, learning a language and simply and slowly telling the story to the heathen certainly must appear at a disadvantage when they returned and attempted to speak in their own tongue. As to the charge of extravagance in management, he said no church spent more than 6 per cent. in expenses of management, most churches less, and the average salary of a missionary was between \$400 and \$500.

The representatives of the Government in India, although opposed to and prejudiced against the missionaries at first, now admit that they have done more lasting good than all other agencies combined. The different missionary societies are now combining in the foreign fields with one simple common creed.

In support of the Women's Missionary Society he pointed out that they had placed an orphanage, established in many fields and they were doing a work that the men could not do.

In conclusion he claimed that missionary work had been a pronounced success in reclaiming the heathen, and in opening up channels for commerce. His fifth sermon on the "Life of Christ," viz., "Christ Before Pilate." The choir sang Mendelssohn's "How Lovely are the Messengers," and Shelly's "The King of Love," in the morning, and in the evening, "Magnificat in Flat," by Villiers-Stamford, "And it was the Third Hour," by Elvey, and "Come Unto Me," by Gounod.

Special Lenten services will be held each evening through the week till Friday night, when the choir gives their sacred recital of "Hymns of the Passion Music." There will also be a service at 11 a. m. on Good Friday.

Observed in Catholic Churches of the City Yesterday. Special solemn services will be held in connection with the closing of Lenten season. On Holy Thursday his lordship will officiate at the blessing of the oils in St. Mary's Cathedral. On Good Friday morning mass of the presanctified will be celebrated and at 3.30 in the afternoon the stations of the cross will be made in memory of Christ's journey to Calvary. There will be a special sermon and the proceeds of the collection will go to the Holy Places. On Saturday morning the blessing of the new fire will take place. On Easter Sunday morning the sanctuary choir will make its first appearance in new surplices.

Palm Sunday was observed in the Catholic Churches yesterday. The palm branches distributed before the high mass. His lordship Bishop Dowling blessed the palm at the Cathedral.

ferin Rifles, which turned out strong. The funeral service was conducted by Rev. Mr. Caswell, and the remains were interred in Mount Hope Cemetery.

On the Lookout. The police are on the lookout for the suspected pal of Harry Patterson, of Dundas, who was arrested Saturday morning in connection with what the police believed were attempted house robberies on Friday night.

Spoiled the Fun. High Constable Kerr and four other constables spoiled the fun of the local cock-fighting fraternity on Saturday night, when a main had been arranged at Harrisburg between Hamilton and Brantford sports. The sports got dead wise to the activity of the constables, and called things off.

Made Inspection. Chief Slemin and Mr. Protich, foreign interpreter, made an inspection of all the local foreign tenement houses in the city yesterday afternoon. A noticeable improvement was found in regard to their general condition, and there was an entire absence of liquor and spirituous refreshments.

Who Will Get It? Many applications have already been made for the position of superintendent of the waterworks system, rendered vacant by the death of the late Stephen Tomlinson, who is likely appointee, it is said, is Bernard Godfrey, an old countryman, who claims to have had an extensive experience in that line in the old land.

Death of Mr. Dewar. William Dewar, formerly superintendent of the Penman works at Paris and Liberal candidate for North Brant for the Provincial Legislature, died this morning at his home in Paris. He was forced to resign as the Liberal nominee a short time ago. He was in his 60th year, and was universally esteemed. The funeral takes place on Wednesday.

Football League. The Southern Ontario Football League was organized here on Saturday night, and will be composed of the following: Hamilton, Kelvin, Massey-Harris Co., Holmedale and Starch Works. The officers are: President, E. G. Simpson; Secretary, J. D. Turnbull. A schedule will be drawn up later.

William Wickson and David Edwards, for harassing, were allowed to go this morning on the charge of vagrancy.

Notes. The case against J. C. Struthers, for issuing trade coupons was adjourned.

A bench warrant was issued by Magistrate Livingston for Frank Jackson, who is wanted for fighting in a local hotel.

Frank Truicke is being held by the police until he can be taken to the court. He was arrested in connection with the attempted house burglaries on Friday night.

Mrs. Jos. Carpenter, of Walnut street, expired suddenly yesterday while dressing. She had not been ill previously. The deceased was a highly respected resident, and was in her 34th year. A husband and four children are left to mourn her loss.

Contractor F. S. Whitlam stated today that he expects the Normal Schools at Hamilton, Stratford and Peterboro to be completed and ready for opening by July. Work was to be recommenced on the one at North Bay this week.

At Wesley Church yesterday a special service was held for the reception of fifty new members.

The Grand Valley Radial Company expect to complete their line into the village of St. George within two weeks' time.

Simcoe Bock and a number of other ratepayers have petitioned for improvement to the roadway in St. Paul's avenue. The road is reported impassable for traffic.

The officials of the Back Street Company have issued statements to the effect that as far as the company was concerned, the moulder's strike was over. The firm, they stated, had secured sufficient men to do the work, and that the union men under circumstances would be taken on again to work. Over 150 union moulders are thus out of employment. The strike breakers secured from Chicago have been lodged in dwelling houses in the rear of the factory, and no clashes have occurred thus far with the union strikers. The moulders take the position that they are better out of work than employed under conditions which they claim have been very unsatisfactory to them for a long while.

Mrs. Logan, a colored woman, who is thought to be Grace Reed, wanted in Portland, Ore., for touching up a gentleman friend for \$500, has been caught by Chief Slemin and his men. Commissioner Sherwood, of Ottawa, informed the local authorities to look for high headed shoes, on examination of the woman's effects, the highest heeled pair of

Y. M. C. A. MEN'S MEETING. The regular men's meeting at the Y. M. C. A. at 4.15 yesterday was addressed by Rev. D. R. Drummond, R. D., who took for his subject "Temptation," as expressed in the book of James, and gave a very helpful address to men, showing the advantage of temptation in the way of strengthening character. Mr. Best spoke briefly of the recent convention at Stratford and announced an open discussion on the Easter topic for next Sunday.

A \$50,000 jewel robbery took place in Frisco's best-policed district

MARTIAL LAW IN CITY OF CHELSEA. (Continued from page 1.) towns were filled with lost children, and scores of parents besieged these institutions in search of their children.

At 8 o'clock the first broad lines were started, the refugees on the lower side of the burnt district being cared for at the district court rooms, while those on the upper side were issued rations from the high school building. The lines were regulated by the militia, the applicants being obliged to pass between the lines of soldiers before they were served.

The work of clearing away the debris commenced at an early hour, but under the greatest difficulty, as the workmen were in constant danger from falling walls.

Early morning estimates of the property loss did not vary greatly from those of last night.

The burnt district included a large number of manufacturing concerns, stores and business houses, many costly residences and tenement houses, churches and other valuable public buildings. William H. Farnum, an assistant assessor, said to-day the total taxable property of the city amounted to \$24,000,000, and of this it seems fire destroyed at least \$8,000,000, and perhaps considerable more.

It was arranged that one thousand tents should be placed on the Carter street playground, at the corner of Carter street and Everett avenue, this forenoon. This is to be used for the militia, and such of the homeless as it may be found necessary to shelter there.

Early this morning the battalion of marines, which had been doing guard duty throughout the night, was ordered back to the barracks at the Charles-street yards, and the work of preserving order and protecting property was continued by the police and the militia. The homes of 21 of the 37 men who composed the Chelsea police force were destroyed by fire.

Second Night Was Better Than the First. The second evening of the Farmers' Gymnasium exhibition at the Y. M. C. A. was better than the first. The farmers were more familiar with the city apparatus and did better work. Jack Carley, as Prof. Bankroll, made a decided hit. He handled the farm hands in good shape, and put them through a pitch fork drill that was very funny. The work of Ed. Linkert and N. Keefe in their hand-to-hand balancing was very clever and scientific. Linkert was dressed as a big country rube. Jack Sheridan's make-up was the best on the floor, he did some very funny stunts. Kirk Green and Konkle did some good mat work, a little better than would be seen in the country village. Will Ferguson, as clown, also made a hit. Geo. Turabull, as Sandox, the village blacksmith, again inflated basketball bladder and broke chains that were tied with string. The basketball match between the Crown Point farm hands and Hamilton's crack first team was interesting. The Crown Point boys won by a score of 14 to 12. Prof. Bankroll officiated. There was a large audience and they went away pleased.

MORDEN-SIMPSON. Hamilton Young Man Married in Toronto on Saturday.

The marriage of Mr. Leonard Ward Morden, of Montreal, son of Mr. and Mrs. W. J. Morden, of this city, and Eva May, daughter of Mr. and Mrs. John Simpson Leighton, took place in their home at Walker avenue, Toronto, on Saturday. The ceremony was performed by the Rev. Canon Cody in the hall, which was decorated with Killarney roses, palms and canilies in brass sticks. The bride, who was given away by her father, was carried in white lace and veil and carried a shower bouquet of lily of the valley and bride roses. Her sister, Miss Ida Leighton, attended her, wearing pale green silk and lace, her flowers were violets and lily of the valley. She also wore the bridegroom's gift, a topaz pin. Mr. Clifford Morden, the bridegroom's brother-in-law, and after the signing of the register sang "Oh, Fair, Oh, Sweet and Holy." Mrs. Leighton received the guests, wearing a becoming gown of black sequin and carried Richmond roses. The bridegroom's mother, Mrs. Morden, wore champagne silk and lace. Mr. and Mrs. Morden left to spend their honeymoon in New York, and on their return will reside in Montreal. The bride travelled in a smart tailor-made and hat to match.

GRAY-CURRAN. Hamilton Young Couple Married at Orillia on Saturday.

On Saturday at Orillia, Ont., a pretty house wedding took place at the residence of Mr. and Mrs. John Curran, West street, when their youngest daughter, Miss Edith Gwendoline, was married to Mr. Charles F. Gray, of Hamilton. The ceremony was conducted by Rev. J. J. Ferguson, M. A., D. D., pastor of the Orillia Methodist Church. The bride was becomingly attired in embroidered cream chiffon taffeta, over chiffon taffeta and chiffon trimmed with point lace, and carried a shower bouquet of lilies of the valley and roses. The bride and groom were unattended. Mr. and Mrs. Gray left for New York, where they will sail on April 14 for Bermuda. On their return they will take up house-keeping at Cheriton Lodge, 19 Mount Royal avenue, this city.

CHARGED WITH BIGAMY. George Hepburn Arrested at Kingston on Father-in-law's Complaint.

Kingston, April 12.—George Hepburn, Stuart street, this city, second engineer of the steamer Advance, is under arrest on a charge of bigamy, preferred by his second wife's father. The arrest, it is said, was the result of some row. Eight years ago Hepburn married Annie Sandy near Peterboro, and lived with her six years. Then they separated. Hepburn says he received word from Hal & Hays, barristers, Peterboro, that his wife had secured a divorce and alimony from him. On January 2d last he married Eva Smith, daughter of Edward Smith, Storrington.

STUCK BY FALLING BOTTLE. Peculiar Accident Befel a Toronto Man on Saturday.

Toronto, April 13.—A peculiar accident happened to Edward Moore, who lives at 136 Duchess street, as he was on his way to work Saturday. He was passing the Bristol Building, at the corner of King and Jarvis streets, when the wind blew a milk bottle from the ledge of a fourth-story window. It struck him on the head in falling. Fortunately Moore's hat saved him, and he escaped with a bad cut on the side of his head. He was taken to St. Michael's Hospital to have the wound dressed, and an operation may be necessary.

BREWERY MERGER FAILS. Attempt to Form All-Embracing Combine in Quebec Abandoned.

Montreal, April 12.—The attempt to form a company, embracing all the brewing interests in the province of Quebec, has fallen through. The Dow company refusing to go in under any consideration, and the Duval brewery demanding that it be bought for cash. This the promoters were unable to do. As a consequence there is much trouble in the brewers' association, leading to its disbandment and a war of rates to be initiated to-morrow. As a result the price of beer is expected to show a marked reduction, corresponding to the increase which was made when the association was formed.

MAY BE JUNE OR SEPTEMBER.

Whitney Announces Election on Either of These Dates.

Guarantee Canadian Northern Railway \$2,500,000.

Many Important Measures Rushed Through House.

Toronto, April 13.—If the general election does not take place before the 15th of June, then it will stand over until September. This announcement was made by Premier Whitney on Saturday afternoon. The Premier claimed that he was not in a position to make any statement of a more definite character. He had a day or two previously promised that all the elections should take place on the same day, and there is no doubt that the fixing of the date depends entirely on the preparation of the voters' lists for the unorganized districts. If these lists can be ready in time, then the election will take place in the second week in June, but if they are not ready, then the election will not be held until the fall.

Prorogation will take place on Tuesday afternoon, so that, so far as the majority of the members were concerned, the business of the last session of the eleventh Provincial Parliament was finished on Saturday afternoon. The concluding days of the session were remarkable for the manner in which important measures were hurried through. After the Premier had announced his desire that the session should conclude next Tuesday, no less than six Government bills, all of an important character, were brought down. The proposals that the elections for the new northern constituencies should be held on a different date to those for the rest of the Province raised a storm of protest from members on both sides of the House, to which the Premier had to give way, and as a compromise it was arranged that the time for appeal after the passing of the bill should be reduced to fifteen days.

James Bay Bond Guarantee.

Another Government proposal which was opposed by some of their supporters was the guaranteeing of the bonds of the Canadian Northern Railway to the extent of \$2,500,000. When the bill was introduced Col. Hugh Clark, the member for Centre Bruce, stated emphatically his opposition to this departure from the platform the Premier had adopted before he was returned to power. Other Conservative members had also expressed their intention of opposing it, but the bill slipped through in his absence on Saturday afternoon. Mr. P. H. Bower (East Kent) subsequently stated that his only object in attending the morning session of the House was to take the opportunity to protest against the bill. He had left on the understanding that the House would resume after lunch at 3 o'clock as usual. Instead Mr. Whitney adjourned until half-past 2, and when Mr. Bower, together with the Conservative members for South Oxford and East Wellington, returned at 3 o'clock they found that the measure had already received its third reading. Mr. Bower stuck to his guns, however, and entered his protest before the House adjourned.

Perhaps the most outstanding incident of the afternoon occurred when Mr. Clarke (West Northumberland) submitted an amendment to the automobile bill. The amendment provided that motors should be kept off rural roads during certain hours on Saturdays and Sundays. Mr. Clarke desired to divide the House, which the speaker said that he had only counted four members, and ruled that the "yeas" and "nays" could not be taken. Again the five stood up, but the Premier insisted that the speaker could stick to his ruling, and he did, thus saving a number of rural members from registering a vote for which their constituencies might call them to account.

Mr. Beck's bill to validate the power by-law passed by the different municipalities received its third reading. The Attorney-General's academic resolution on law reform was also passed after a practical amendment by the Hon. A. G. MacKay had been voted down.

Reward for Information. Hon. Mr. Foy made an explanation as to why the Government had seen fit to make the payment of \$38,000 to La Rose Mining Company. The grant, he said, had been made as a reward for certain information the Government had obtained about original discoveries in the northern mining country. Answering a question of Mr. McDougal (Ottawa), he said the Government would like people to know that where information was given leading to the regaining possession of Crown lands there would always be a reward.

Hon. Mr. Whitney said that the two companies had been quarrelling for some time, and the former Government had decided in favor of the O'Brien. La Rose people asserted that this was wrong and desired a fiat that they might prove their title to the mine. The Attorney-General had decided, however, that the Crown should bring the action. Considerable money had been spent by La Rose people in preparing the case for the Province. Through what La Rose people had done the Province had obtained a settlement whereby Ontario would get 25 per cent. of the value of the output of the mine. La Rose interests thought they should have \$350,000, but had finally agreed to take less.

Why the Difference? Mr. McDougal (Ottawa) thought it a very strange thing that the Government should have adopted the course they had in regard to this company when their action in regard to Cobalt Lake was so different. He could not see why La Rose people should not be treated in the same way.

Hon. Mr. Matheson.—They would have taken the whole thing. Mr. McDougal.—If they were entitled to it they ought to get it. The Government should not pay thousands of dollars a couple of months before the election. It is a very funny thing that the matter should be brought down in the dying hours of the session when there is an opportunity for anybody to look into it properly. It would seem that a close relation of the Minister of Lands, For-

ests and Mines had been getting him to use his influence.

Hon. Mr. Cochrane.—If the hon. gentleman has anything to say let him come out with it.

Premier Whitney.—He won't do that. Mr. McDougal.—Will the hon. gentleman ask the hon. gentleman if D. A. Dunlop is not his brother-in-law.

Hon. Mr. Cochrane.—What has that got to do with it? If the hon. gentleman is prepared to make a charge let him get up like a man.

Mr. McDougal.—Will the hon. gentleman say that he was never interviewed and asked to use his influence to settle this claim? If he will say so I am satisfied.

Hon. Mr. Cochrane.—I have been interviewed by the whole of them, but I can assure the House that I was never asked to use undue influence in any shape or form.

Mr. McDougal.—It seems to me that this matter should have been brought down earlier in the session. If these people are not entitled to the whole thing they are not entitled to anything.

Hon. Mr. Cochrane.—As I understand it, the O'Brien was the commissioner for the T. & N. O. Railway and also looking out for himself in a personal way. La Rose people did claim that Mr. M. J. O'Brien used his influence so as to do them out of their right to this mine. When this Government came into power the Attorney-General wisely took action. Proceeding, Mr. Cochrane said that the Cobalt Lake case was on an entirely different footing. "I thoroughly believe," he added, "that they knew Cobalt Lake had been withdrawn by order in Council. The lawyer who acted for them congratulated me, as a member of the Government, on withdrawing Gillies limit and Cobalt Lake, and said that these things should be set aside for the benefit of the university. That was the day I used to assure the House that my brother-in-law never endeavored to use any undue influence."

Mr. MacKay said that he maintained the position he had previously taken, that the Legislature should not usurp the functions of the courts.

Law Reform.

The Attorney-General moved his law reform motion, which had occupied a place on the order paper all session. He said that the resolution explained itself, but he thought that a special committee might be appointed next session to consider details. The resolution was as follows: "That it is the opinion of this House, with a view to the more prompt and satisfactory administration of justice in civil matters and the assessing of the cost thereof, it is expedient: (1) That there should be but one Appellate Court for the Province; (2) That all the Judges of the Supreme Court of Judicature for Ontario should constitute the Appellate Court; (3) That the Appellate Court should sit in divisions, the members of which should be permanently assigned to them, or chosen from time to time by the Judges, from among themselves; (4) That the divisions should consist of five members, four of whom should be a quorum, except in election cases, and cases in which constitutional questions arise, for which five members should sit, and except in appeals from inferior courts, for which three judges should sit; (5) That the decision of the Court of Appeal should be final in all cases except where (a) constitutional questions arise, or (b) questions in which the construction or application of a statute of Canada is involved, or (c) the action is by a resident of Ontario and a person residing out of the Province; (6) That the appeal of right to the Judicial Committee of the Imperial Privy Council should be abolished, and the prerogative right of granting leave to appeal to that tribunal, if retained, should be limited to cases in which large amounts are involved, or important questions of general interest arise; (7) That in matters of mere practice the decision of a Judge of the Supreme Court, whether on appeal or a judge of that court, should be final; (8) That provision be made to regulate examinations for discovery to prevent the excessive costs that are often incident to such examinations, and the undue prolongation of such examinations; (9) That the County and District Courts shall have jurisdiction in all actions, whatever may be their nature or the amount involved, if both parties consent; (10) That the ordinary jurisdiction of the County and District Courts should be increased; (11) That communications should be made by the Imperial and Dominion Governments with the view to legislation by the Imperial and Canadian Parliaments as to such of the foregoing matters as are not within the legislative authority of the Province."

Mr. MacKay's Amendment.

Hon. A. G. MacKay said that the Premier when in Opposition had contended that the Government was not bringing in a measure of law reform. He would have thought that would indicate that the Premier had some proposition to make, and therefore it was surprising that now, after he had been in power three years, he was not prepared to introduce a practical measure.

The amendment, which was seconded by Mr. McDougal, was lost, and the original motion carried.

Went Through Quietly.

Almost the first matter of business taken up at the afternoon sitting was that of guaranteeing Canadian Northern Railway bonds, and this guarantee, amounting to \$2,500,000, went through the House in about two minutes. There were but a few members there to say anything, however.

Hon. Mr. MacKay pointed out that the amount was larger than at first announced, and Hon. Mr. Matheson stated that \$1,000,000 was for the extra fifty miles of road and \$1,500,000 for terminals at Key Inlet and Toronto.

To Validate Agreements.

When Hon. Mr. Beck's bill was in committee he said that the municipalities had asked that the power contracts be validated by the Legislature. Hon. Mr. MacKay.—Is it a fact that if the cost is more than estimated the municipalities will have to pay and the Province will not be liable?

Hon. Mr. Beck.—Yes.

Replying to more questions by the Liberal leader, Hon. Mr. Beck said that the commission did not propose that the cost be more than estimated until they had tenders that would without doubt confirm the estimates, and be within the estimated cost in the by-laws. "To-day we can supply power to the municipalities at the prices embodied in the by-laws," he added.

Raising Age Limit.

Hon. Mr. Montith submitted an important amendment when the shops act was in committee. At present the age limit of those employed in shops is ten years. The Government at first proposed the limit to be twelve years, but upon strong representations by Mr.

OPERATION ON SMITH.

A Bullet Taken From the Montreal Homicide's Back. Montreal, April 12.—An operation was performed on James Smith on Saturday afternoon. One bullet was extracted from his back. This entered near his heart and passed around his ribs. A splintered bone was taken out of his elbow and his jaw stitched up. Smith seemed in a very good mood when he was brought into the room where the other was administered and as he lay outstretched upon the operating table he remarked in a jocular way: "I hope you will not let Dr. Osler know how old I am."

Recreation.

Kind Old Lady (to motorman)—I suppose, young man, that you do get time for some recreation during the day?

Motorman—Oh, certainly, ma'am. For instance, to-night I go off at 12.15, and I get all the rest of the evening to myself.

He Got Even.

A grocer was guilty of some rather sharp practice on a customer, and the latter stamped out of the store, roaring: "You're a swindler, and I'll never enter your doors again!"

Next day, though, he came back and bought five pounds of sugar.

"Dear me," said the grocer, smiling in a forgiving way, "I thought you were never going to enter my doors again."

"Well, I didn't mean to," said the customer, "but yours is the only shop in the place where I can get what I want. I am going to pot some bulbs, and I need seed."

Entirely Superfluous.

"Wrong again," rejoined the contrary person. "A word to the wise is unnecessary."—Chicago News.

His Misfortune.

"I was a celebrated pianist and a great success with the public," confided the sad-eyed man to his companion, "but I had a misfortune that threw me out of favor with my audiences and cut off my revenue as a performer."

"What was your misfortune?" asked his friend.

APPETITE GONE—NERVOUS

---BADLY RUN DOWN

A Strong Moral Will Exemplified in Mrs. Wilson's Case.

Like thousands of other people at this season of the year, Mrs. E. F. Wilson was tired and worn out—winter sorely tried her health and vigor. But now she is robust and well, eats well, sleeps well, feels invigorated and braced. "For some years," writes Mrs. Wilson of Watmore, P. O., "I suffered from systematic weakness, biliousness and depression headaches. I could take little nourishment, and grew thin and pale. If I ate a hearty meal the result was dreadful. Pains started at my chest and spread all through my body, going across my stomach, back and right side. I was discouraged till a friend insisted on me taking Dr. Hamilton's Pills. They made a new woman of me, and for the past eight months my health has been perfect. For a good cleansing, rejuvenating medicine, I urge every one to use Dr. Hamilton's Pills."

A cheerful disposition for ten cents per week. Sweet breath, no headache, no dullness, no blues. All that—and more—in a box of Cascarets.

Cascarets supply a natural need. They simply do what some foods will do; what fruits will do, if used in abundance; what exercise does. They cause the bowel muscles to act. Their effect is as natural and gentle as the same effect from food.

If we lived out-doors, and ate whole wheat, green vegetables and fruits, we would never need Cascarets. But we don't exercise enough. We eat fine flour, much starch, and too little of fruit and green things. We live artificially, so we need an artificial laxative.

Cascarets give us, in concentrated form, one vital effect that we lack in rich food. Some people need them more frequently than others. It depends on your food, your drink and your exercise. But we all need them sometimes. The right way to take them is one Cascaret at a time. Take it just as soon as you need it. You can tell. Don't wait till night. Carry a box always with you. Ward off the dullness, the headaches. Keep yourself always at your best.

Cascarets are candy tablets. They are sold by all druggists, but never in bulk. Be sure to get the genuine, with CCC on every tablet. The price is 50 cents, 25 cents and 10 Cents per Box.

Death of Mr. Charles Lindsey a Former Registrar.

Toronto, April 13.—There passed away a little after 10 o'clock yesterday morning at the home of his son, Mr. G. G. S. Lindsey, K. C., 145 Tyndall avenue, Mr. Charles Lindsey, for 39 years Registrar of Deeds for Toronto, and a very old resident of the city. Mr. Lindsey, who since his retirement from the Registrarship of West Toronto during the second week of February last had been living a private life, occupied for more than sixty years a leading position among Canadian publicists and officials. He was active in public affairs in pre-Confederation days when as a journalist he assisted powerfully in moulding the thought of the period and shaping the destiny of Canada. He accepted the office of Registrar in 1867, when his connection with political life ended. During the long period intervening he, however, maintained his literary studies and pursued and published several volumes dealing with various phases of Canadian history.

WATERSES ON STRIKE. Six Shillings a Week Too Little on Piccadilly.

New York, April 11.—The Sun has received the following cable despatch from London: Stimulated by the suffragette influence and by a burning sense of injustice the waitresses in the Cabbie restaurant in Piccadilly, headed by a pretty and persuasive young woman named Ware, who is the woman of the hour in London, struck yesterday in the midst of the luncheon hour. Their methods are quite original, inasmuch as they are beseeching their customers by withdrawing their patronage to bring the restaurant to terms. Piccadilly Circus for two days has been a scene of excitement, dozens of pretty girls buttonholing youths and urging them to get their husbands and teas anywhere rather than at the Cabbie.

Several of the suffragette leaders have taken up the cause. It is now planned that a procession of the strikers, headed by Miss Ware, shall march to Trafalgar Square, where speeches will be made. The funds from sympathizers are accumulating to such an extent that the strikers propose to open a tea room themselves. They have resolutely declined enticing music hall offers.

The strike was caused by long hours and small wages. The latter average only six shillings, or \$1.50 a week and there is a "no tips" notice on the bill of fare. There was also objection to an unpopular manager.

MUSIC AND THE DRAMA

ture, but a legitimate impression of one of the most talked of men in America today. Haviland will be remembered as one of the artists against whom Rockefeller has threatened to take legal proceedings to prevent them impersonating him on the stage. Lillian Hillier, a talented actress and singer, who is playing a short engagement in vaudeville, is sure to be a favorite. A comedy sketch by the three Silvers; Mlle. Olive is a dainty vaudeville offering and the pictures make up the show.

In Reginald De Koven and Charles Klein's comic opera, "Red Feather," which comes to the Grand on Friday afternoon and evening, the score is pleasingly varied, some of the numbers being of the ballad order, some humorous and some of superior musical worth, coming very near to the grand opera standard. The keynote of the whole is martial, the resultant effect being stirring to the last degree. In all there are twenty-two individual numbers, embracing solos, duets, trios, madrigals, marches and choruses. Of these the best known are: "The Little Milliner," "Lessons in Verse," "The Song of the Guards," "To Call The Mine," "The Merry Cavalier," "The Rose and the Breeze," "Garden of Dreams," "The Humorous Ghost" and "In Vina Veritas." Miss Cheridiah Simpson, the prima donna, has been surrounded by a thoroughly adequate supporting company of seventy people. The wealth of the scenic and costume production is well known. Florenz Ziegfeld expended in excess of \$70,000 upon the various details of the succession of stage pictures, which can truthfully be said to be of bewildering gorgeousness. The libretto by Charles Klein is formed upon the imaginary happenings in the fictitious kingdom of Romancia, where usurpers, crown and scepter, and the possession of the throne. The romantic tinge, which is lent to every incident, is the ideal covering for a comic opera story.

The prima donna, who will be heard at the Savoy all week.

that every one must be stated before the theatre is darkened, which means before the music begins. Late comers will not be shown to their seats until the conclusion of the act. The special matinee performance will begin at 2 o'clock sharp.

This Week at Bennett's. The Four Fords, who will be the headliners at Bennett's this week, are considered the greatest dancing quartette in vaudeville. They have set the vogue for many steps and stand alone. The act moves quickly and should prove a great drawing card. Leroy and Woodford are a pair of witty talkers and bright singers. Marion and Deane are well known comedians who will introduce a clever line of chatter. Marceño Navarro and Marceño have a distinctly humorous act, with some great dancing in it. Walter Daniels is an imitator of the first order. His impersonation of the late Richard Mansfield will be something worth seeing. Royal's comical horse, Emir, is a talented animal. He plays several wind instruments with considerable skill. The act also comprises two talented musicians, who will play a number of the popular numbers of the day. Mabel Meaker is a physical culture girl, who will illustrate her system of training in a practical manner. The motion pictures which bring the show to its conclusion, will be better than those seen here before, which should be a good credential.

New Theatre at Brantford. Brantford, April 13.—Manager Johnson, who will erect a new theatre in this city, seating two thousand people, has applied to the City Council for a fixed assessment of \$5,000 for ten years. The request will be granted, the city getting the right to the free use of the building four nights each year, and the nominal rate of \$12 per night on other occasions when the theatre is required for civic purposes. The structure will be erected this summer.

BIBLE CONFERENCE

Opened in the Gospel Tabernacle Yesterday. Rev. Dr. F. E. Marsh, of New York, who spoke at Gospel Tabernacle in connection with the ten days' Bible conference, which opened yesterday, favorably impressed large congregations with his able and thoughtful sermons. Possessing a pleasing personality, a fluent and clear diction, and a convincing style, he makes an attractive pulpit speaker. Simplicity in his preachings appears to be his aim and the result is most effective. During the week he will address meetings, afternoon and evening, speaking on interesting subjects. Thursday evening he will lecture on "Is there a Hell" and Friday night his subject will be "What is Spiritualism?"

Dr. Marsh's remarks at the morning service yesterday were more in the nature of a simple exposition of some Gospel truths, than a sermon. He spoke of the vastness and abundance of the blessings and graces of Jesus Christ. In the Bible there were thirty-one thousand promises of these graces and blessings. In emphasizing some of the spiritual blessings he dwelt on forgiveness, which not only blots out, but means deliverance from sin. "I don't know of anything," he declared, "that deals with sin like the old fashioned Gospel—New theology says there is no sin. The old Gospel says black is black and white is white."

"You and I," he said, "will find a resting place only where God rests in the atoning blood of Jesus Christ." A good solid foundation on which to rest was to think of God's grace. It was essential to recognize that there was not a single blessing but was in Christ as Christ was in every blessing. He advised his hearers not to look to any church for they were to be found only in God. Dr. Marsh touched on those who failed to recognize these spiritual blessings and who failed to enter into possession of their possessions through a want of knowledge of thoroughness and of faith. In his closing remarks Dr. Marsh declared that it was impossible to compromise with the world and have happiness and peace with God. He addressed another large congregation in the evening. To-night his subject will be "Is the Bible the Word of God?"

TEACHERS' PAY.

Dundas Schedule to be Considered This Evening.

Dundas, April 13.—A start was made on Saturday afternoon to put in the long-talked-of baths in the fire hall. The expense of this to be defrayed by private subscription, and the work is being mostly done by the firemen themselves. A special arrangement of conveniences, to be put in at the town's expense, are also to be installed in the near future. The Greensville Hockey Club is arranging for a benefit concert to take place in the township hall, Bullock's Corners, on Wednesday, 22nd inst. The boys are putting on a good programme and look for hearty support from the public. Frank Nethercott, of Grafton & Co.'s is suffering from a serious attack of pleuro-pneumonia. A meeting of much interest to the teachers and the public, will be that of the Board of Education to-night when the schedule of teachers' salaries will be gone into, the meeting being called for that purpose only.

Sprains, Weak Muscles. How Best Treated.

In minor sprains the muscle is strained a little and all that's needed is a vigorous rubbing with Ner-viline. This draws the extra blood away and permits the muscle to return to its normal condition. The unusual supremacy Ner-viline enjoys, is owing entirely to its penetrating power—it strikes in deeply, that's why it removes deep seated pains and cures rheumatism, lumbago, pleurisy and sciatica. As liniments are used just five times more pain destroying power in Ner-viline than any other remedy. No wonder it's sale is so large.

MAY LOSE HER FOOT.

A Loaded Gun Was Knocked From the Wall. Guelph, April 12.—On Saturday afternoon Miss Kate Stewart, of Puslinch Township, while house cleaning, knocked a loaded gun from the wall where it was hanging. The gun, which had the heavy charge entered her foot. The doctor is of the opinion that the whole front of the foot will have to be removed.

BOARD WILL SETTLE IT.

City and Township Could Not Agree on Terms

Under Which Mountain Section Should Be Annexed.

The Draft Agreement Didn't Suit Solicitor Waddell.

The representatives of the city and Barton Township Council, after talking over the terms of annexation for the district on the mountain top, east of Wentworth street, for three hours on Saturday afternoon, were unable to reach an agreement and consented to laying the matter over until the Railway Board can fix a date to hear the question threshed out. The meeting was held in Mayor Stewart's office.

Mr. William Bell, K. C., representing the mountain, considered it would be an excellent thing for the city to annex this. The petition circulated by the residents living on the brow of the mountain provided that the assessment rate should be the same for ten years. Mr. Bell said by annexing the land the city would be giving to the residents on the mountain only what they were entitled to. He did not think there would be any difficulty over annexation.

Mr. W. A. H. Duff, solicitor for the township, submitted a draft agreement, to be signed by the city before the township would allow annexation. For the most part, Mayor Stewart considered it a fair and reasonable agreement, at first, but changed his opinion to some extent after hearing the objections of City Solicitor Waddell, who made a vigorous fight against the agreement.

The agreement submitted by Mr. Duff provided that the city pay the township annually, until water is provided for the persons requiring water in the district to be annexed, an amount equal to the sum which the total rates under the township assessment on the property for 1908 would produce; also to pay annually for twenty years the school rates fixed on the basis of 1908 assessment, the children residing in the portion to be annexed, not to exceed those assessed those nexted, the number not to exceed those permitted to attend the school free of charge for twenty years. Payment to the township of the rate on the Good Roads debentures on the same basis is also provided for.

It is stipulated that the city shall furnish water to the people in the annexed district on the same terms as to those residing in Hamilton. Of the 300 foot main to be laid, 300 feet is to be done as soon as the system is installed, and the remaining 200 feet within two years. The agreement is in no way to effect the proclamation of 1903. Other clauses in the agreement submitted are as follows: No license shall be granted by any person to sell liquor on any lands within that part of the city lying south of the brow of the mountain or on the lands being annexed for a period of twenty years.

The city to permit the township to erect and maintain, under the supervision of the city, for fire purposes only, 7 hydrants, namely, 2 in Crown Point division and 2 in Kensington sub-division, all in the township, and connect the same with the main on Ottawa street, the township to pay the city therefor, and for water for fire purposes from such hydrants the sum of \$10 per hydrant annually.

The city to build and maintain a sidewalk immediately adjoining the south side of lands being annexed. The city to pay all the Township's expenses and solicitors' fees in connection with the memorandum of agreement and the carrying of the same into effect.

Mr. Duff did not think the agreement was unreasonable. Mayor Stewart said the city would not profit financially by the annexation of this property, and he thought that the township was a bit exorbitant in its demands. Mr. Duff replied that the township was not at all anxious to allow the lands to be annexed, but it being the wish of the residents, whom he was willing to meet the city half way in the matter.

The Mayor suggested the township cut out the clause asking the city to pay the township the amount the property was assessed for the good roads debentures. Mr. Duff said that if it had to pay this amount out of its own pockets without being reimbursed. The big fight was over the water question. Mr. Bell accused Mr. Duff of concealing the fact that the township was to get water by getting water to the top of the mountain. He proposed to go to the Railway Board and have the matter settled once and for all. The real reason the people were asking for annexation, they were with no sewer accommodation, they were afraid of an outbreak of typhoid fever.

Mr. Duff resented this statement, and declared rather vehemently that the township was receiving no benefit whatever by annexation. The township was only asking for what it considered it was entitled to. Regarding the license clause, preventing the issuing of licenses for a period of 20 years, the Mayor thought the city would not agree to it. Mr. Duff, however, contended that the residents of a hotel around where the school is situated, Mr. Bell did not think that the residents would care very much what was done in regard to that part of the agreement.

City Solicitor Waddell, protested vigorously against annexation. He feared that the city would again be tied up in the same manner as it was at the time the annex case into Hamilton. Even now, he claimed that the residents east of Sherman's corner were having the use of water and sewers from the city. To take these residents into the city of Hamilton under such an agreement would be most unreasonable and absurd, he thought. If they wished to apply for annexation let them go before the Railway Board, and at the same time let the people under the mountain come in. The solicitor was sure that the City Council would not approve of such an agreement.

Mr. Bell took exception to Mr. Waddell's remarks declaring there was no reason why the east end people should be dragged into the discussion. The meeting was called for the purpose of going into the agreement respecting the

mountain residents alone, and he did not think that Mr. Waddell was fair in bringing the east end matter in.

The matter thought it would be a loss of time to take the matter before the council in its present state. He would not have any objection in letting it go before the Railway Board.

Mr. Bell said he would like to know if the city would fix a stated amount as to the cost of the installation of a waterworks system, in the event of an annexation being decided on. He wanted to know if Engineer Barrow's estimate of \$18,000 could be fixed as the amount the assessment struck on that basis. He was sure the residents would not care to agree to putting in a system to cost that much. He thought the township would have to be raised to meet the rate.

Mayor Stewart did not know what could be done in that regard, and he thought that it would have to be decided by the council. He thought the township could not be held to a reasonable one, but would not like to commit himself. It was decided Mr. Bell should withdraw the appointment before the Railway Board for Wednesday of next week, and make a new date later to have the whole matter from the standpoint of the township, city and the residents threshed out, and an order made.

SMUGGLING CHINESE.

A Money-Making Job for Some Windsor People.

Windsor, April 12.—United States immigration authorities across the river are anxious for William Martin, proprietor of the new stand in the British American Hotel here, to come over and give himself up as a Chinese smuggler. Martin keeps reiterating that he will surely go over, but so far has found business here sufficiently urging to keep him from fulfilling his promise. The United States officials say they have unearthed positive evidence that Martin is at the head of a well-organized gang of smugglers, who have been piloting Orientals into the United States at the rate of about twenty-five States for a long time, using the car ferries during the summer and crossing the river on the ice in winter.

Fred. McMan, alleged to be one of Martin's accomplices, who was arrested at Adrian, Michigan, last week with a party of Chinese, declared that he had made a confession to the authorities in hopes of securing his own freedom, and all the plans are now fully known to the United States officials. The law in force absolutely prohibits Chinese from entering the United States under any pretext whatever, but despite this fact, fully 200 Chinese are thought to have crossed the line at this point alone within the last six months.

PASTOR RESIGNS.

Rev. Dr. Waffle Will Preach No More in Woodstock Church. Woodstock, April 12.—Rev. Dr. A. E. Waffle sprung a surprise on his congregation at the First Baptist Church at the conclusion of this morning's service, by resigning the pastorate. This he did without comment, stating that he wished the resignation to take effect at once, and that he would conduct no further services in connection with the church. There has been dissatisfaction expressed by the doctor as to the lack of progress in the church, he holding the church responsible and the church blaming the pastor, but it was not thought that this condition of affairs would cause any such crisis.

Dr. Waffle came to Woodstock about three years ago from Westminster, N. Y. A. S. Hooper, secretary of the M.C.A., conducted the service to-night. The total number of homestead entries in the year 1907 is 29,215, making an area of land given away for this purpose of 4,674,400 acres in one year.

FITTED FOR THE ARCTIC.

New Expedition Leaves Dunkirk to Hunt for the Pole.

Paris, April 12.—The departure of the Jacques Cartier from Dunkirk for the Arctic, under Commander Benard, has been fixed for to-morrow. The Jacques Cartier was built specially for this expedition. She is of the schooner type Iceland fishing boat, but the number of ribs has been doubled, an extra thickness of wood has been placed on her sides, and huge pitchpine beams have been made, which, in addition to the oval shape of her hull, will enable her to withstand any amount of ice pressure. The crew will number 20.

FIVE LIVES LOST.

New York, April 12.—Five men are known to have lost their lives, a number of boatmen are reported missing and dozens of persons were injured, as the result of a furious windstorm yesterday.

Two men met death by falling signs and shutters. They were John O'Brien, thirty-four years of age, an expressman of Jersey City, and Thos. Talbot, sixty years of age, of Brooklyn, a special policeman.

KERR AND BOWRON FIRST AND SECOND.

Con. Walsh of Woodstock Made World's Record.

The Tigers' Olympic Sports To-night--Packey McFarland Easily Defeated Britt Disorder at N. L. U. Schedule Meeting.

Toronto, April 13.—Hamilton men carried off first and second honors in the 60 yard dash at the Olympic athletic carnival in St. Lawrence Arena, Toronto, on Saturday night, Robbie Kerr and Ralph Bowron finishing 1 and 2.

Another world's record fell before the mighty Con. Walsh of the Woodstock A. A. He threw the 56-lb. weight over a bar 14 feet 7 inches in height. This is one foot higher than it has ever been thrown at an authorized athletic meet.

Walsh is one man whose showing at the carnival will make Canadians watch him expectantly at the Olympic games.

Great things may be expected from George H. Goulding as a walker. He outlasted the field in the three-mile event, and the interest narrowed down to speculation as to whether he would make a record.

He went the distance in 22 minutes 35.5 seconds, which is not only 1 1/2 minutes faster than Chuck Skene's best figure, but much closer to the world's record than any Canadian has ever gone. Goulding's style delighted the audience. His only competitor to finish was W. R. Major, but the judges called E. P. McDonald out for running.

Considerable disappointment was felt at the non-appearance of Skene in the walking events.

The unpleasant episode of the meet occurred after the running long jump. C. D. Bricker was first in this event, and he also made the most impression. This last jump was the nearest of the evening, and the announcement that it was 20 feet 3/4 inches created loud applause.

Bricker said that his first jump had only been a trial, but the judges ruled that his name had been called, so the fourth one would not count.

The West End Y. M. C. A. easily won both the team and relay races. In the contest with the Central, the victory was almost too easy.

The matched race between Longboat and Cummings finished in a dead heat. The event strengthened the impression that the big Indian is not in as good form as last year, but it may only be that a man whose forte is long-distance running cannot be expected to show to the best advantage when going a mile.

The Central Y. M. C. A. made the most showing in the 500 yd. race, finishing with a total of 51 points, which gave them a lead of ten over the West End Y. M. C. A. With the exception of Mike Crook, no member of the L. C. A. distinguished himself at the carnival, so the Irish-Canadians only 19 points to their credit.

NIAGARA FOOTBALL.

League Organized on Saturday—W. F. A. Officers.

Welland, Ont., April 13.—The Niagara District Football League has been organized, and will affiliate with the W. F. A. Teams are entered from St. Catharines, Stamford, Lunday's Lane, Niagara Falls South, Niagara Falls and Chippawa. The following are the officers: Hon. President, J. Blake Duff, Welland; Hon. Vice-President, Dr. A. Gray, Chippawa; President, J. Watson, St. Catharines; Vice-President, J. P. Rothwell, Niagara Falls; Secretary-Treasurer, Geo. S. Phemister, Niagara Falls.

W. F. A. NOMINATIONS. Berlin, Ont., April 13.—In accordance with a resolution passed at the last annual meeting of the Western Football Association, the nominations for the various offices this year required to be in the secretary's hands one week before the annual meeting.

The following shows the candidates who have been nominated: Hon. President, B. Duff, Welland; President, D. A. McLaughlin, of Stratford; Hon. Secretary, D. Forsythe, B. A. Berlin, who is re-nominated; Secy-Treas., S. Lutz, Berlin, who is re-nominated; Vice-President, Southern District, A. Van Every, St. George, re-nominated; Cen-

NEW YORK TO PARIS RACE. New York, April 13.—A change of programme is likely to occur, according to advisers received here. The American car, which was far in the lead, has found the snow fields of Alaska an impassable barrier, and is therefore returning from Valdez to Seattle. The French and Italian machines also are on their way to Seattle by steamer, but they are bound up from the south, having reached San Francisco only a few days ago, hundreds of miles behind the American car. Two weeks ago an agreement was made that if the Alaskan trails were impassable, the leading cars would make the trip by an alternative route. This plan provides that the machines shall go as far as possible over the original route, and then sail from Seattle for Vladivostok and thence proceed by land across Siberia and Europe to their destination.

A. U. CHAMPIONSHIPS. New York, April 13.—At Madison Square Garden Concert Hall on Saturday night, the preliminaries of the national wrestling championships were conducted under the auspices of the Amateur Athletic Union. The finals will be decided Monday night. Saturday's results included:

THE GREAT GAME.

Montreal Basketball Team Will be Here in Morning.

Three-quarters of the plan is already sold for the championship basketball game between Montreal and the Hamilton Y. M. C. A. at the Alexandra Rink to-morrow night. Manager Long received word from Montreal, stating they will arrive on Tuesday morning in time to have a light practice on the floor before the big game. Walter S. McGuire and A. J. Taylor will be the officials. It would be advisable for those who wish to skate to procure their tickets before the game, as the rink will not be in the rush when the rink is open. There promises to be a large crowd to take in the skating from 7.30 to 9. The 91st Highlanders' Band will supply the music. The reserved seat plan is now open at the Y. M. C. A. The line-up of the teams will be as follows:

Montreal. Forwards. Hamilton. J. Armour, M. Phipson. C. Miller, C. Gray. Centre. C. Yull, McKeown. E. W. Shaw, Chadwick. Defence. H. Copeland, Arnold. R. Copeland, Simpson.

LAST OF BRITT.

McFarland of Chicago Put Him Down and Out.

San Francisco, April 13.—Packey McFarland, the Chicago lightweight, made good on Saturday at Colma Pavilion, absolutely outlasting Jimmy Britt in every part of the game. He fought the Californian to a standstill in the early stages, all but winding up the fight in the fourth, and finally knocking out his opponent in the sixth round with a succession of straight rights to the jaw that sent Britt helpless to the floor three times in rapid succession. The final time in rapid succession. The timekeeper only because Britt's father jumped through the ropes, fearing let his son might once more try to get on his feet.

The retirement of Britt as a fighter in California had come; he was downed fairly and squarely, and so helplessly whipped that even Snyder Kelly, in his corner, stopped shouting advice to him after the first round. Everyone knew Britt was in for a decisive whipping. His

old stamina and whirlwind rushes were lacking. He could not land, and at the same time was unable to guard himself. It was the spectacular showing of McFarland far more than the downfall of Britt that stands out prominently in this fight. The West, and with good reason, had come to be wary of importations, and slow to practise them. Nor was McFarland overboastful. He said he would win, and explained he could fight far better than he could box.

At the beginning of the second round Britt, in desperation, began wild rushes with swings, but he could not connect with his left to the stomach, nor could he come back with his right to the jaw. Packey blocked every blow, and when Britt swung wild Packey hit him as he pleased, and in clinches uppercut Britt fiercely. All through this round Packey measured Britt with his left, and bit him at will, left and right to face and jaw; then he would vary this with heavy half-arm jolts to stomach and uppercuts that shook Britt up.

In the fourth round, after following Britt around the ring, now and then fighting, following Britt up and around the ring, hitting him viciously with left and right jabs to the face, and in clinches got in uppercuts that brought blood to Britt's nose.

American League—Detroit at Chicago, St. Louis at Cleveland, Philadelphia at New York, and Washington at Boston.

TORONTO 9, LANCASTER 3. Lancaster, Pa., April 13.—Toronto Eastern Leaguers scored an easy victory over Lancaster of the Tri-State League, on Saturday, the final count being 9 to 3. A gale of tremendous fury blew directly across the field from third base to first, and it was almost an impossibility to gauge the flight of a batted ball. A feature of note was the numerous double plays, the Toronto team alone making four.

For the Stake Races at Stratford In June. Stratford, April 13.—The entries for the stake races at the Stratford harness meet, opening June 29th, have closed with Secretary Tobin. The events are 2:50 pace, 2:30 trotting, three-year-old and under trot, three-year-old and under pace. Among those making entries is William Stroud, Hamilton, in the 2:50.

ROYAL LADY'S HANDICAP. Washington, April 13.—The Officers' Army Service Cup was the big feature at the Benning's race track on Saturday, which was one of the best patronized of the meeting. Viole, a 3 to 1 shot, ridden by the owner, Lieut. B. S. Merchant, 13th Cavalry, Fort Myer, Va., captured the gold cup, winning by a length and a half from Captain E. B. Phillips' Dan, who finished second. Captain E. B. Cassatt's Pickett, the favorite, ran third. The race was one in the race Benner threw his rider, Hogan, who, however, escaped unhurt.

Another notable feature of the day was the hunters' steeplechase, won by Recruit, Mr. J. Hunter up, the second choice, half a length from Ardwell, a 30 to 1 shot. In this race Benner threw his rider, Hogan, who, however, escaped unhurt.

CLOSE AT NEW ORLEANS. New Orleans, April 13.—The winter racing season came to an end on Saturday. The feature of the afternoon was the New Orleans Railway Handicap. When it came to racing there was only one horse in it, and that was Green Seal, the second choice, which led from start to finish, winning in a gallop by five lengths.

BEGGED FOR SON'S RELEASE.

Fell Upon His Neck In Court and Kissed Him.

Robt. Martin, Recently Bereaved, Goes to Jail.

Petre De Fabro Sent Up on Shooting Charge.

The record for long-winded oration, held by the players of the "Waltz Dream" in their "soul kiss," was beaten by about thirty seconds at the police court this morning when Mrs. Alice Grundy got her lunch hooks around the neck of her son, Benjamin Greaves, who was charged with aggravated assault by her. She wanted to withdraw the charge and hung on his neck till two big, unfeeling policemen pried them apart. Greaves and his mother and step-father, Mrs. Grundy's husband, live at 33 Simcoe street west. Robert Martin, who lost his wife and child by asphyxiation a few weeks ago, keeps a boarding house at 411 James street north, and the Grundys and Greaves went to their place on Saturday about 8 o'clock to pay a social visit. According to the story told after Greaves had pleaded guilty, Greaves became rather obstreperous, and insisted on chasing a girl, who was there, around the house. Martin objected, and by mutual consent they made for the open air. Just as they reached the road and got in a few jabs Constables Gibbs and Xaxley appeared on the scene. The hobbles took their names, quitted them down and then left. Four hours after this some one picked up the lamp and threw it at Mrs. Grundy, cutting her head and setting fire to the house. Constable Brannan put the whole crowd out of the house and called the fire department. When the women arrived, Robert Martin got in their way, and Brannan warned him. Martin struck him in the mouth, and Brannan sat on him a few minutes, and then told him it was a serious offence to strike an officer, but considering his late bereavement would let him go. Martin hit him again as soon as he got up. Martin was taken to the cells, and Mrs. Grundy was taken to the City Hospital, where her injuries were dressed. To two charges of being drunk and disorderly, and to assaulting Brannan, Martin pleaded guilty and elected to be tried by the jury. He was sent to jail for two months, and cried like a child. Greaves' mother pleaded hard for another chance for her son, and said she would not press the charge of hitting her with the lamp, so he was allowed to go. "Huckleberry Terrace," as George S. Kerr, K. C., christened it, pleaded not guilty to shooting at Tony Brown with intent to kill, and declined to elect. Brown said that Saturday morning he and Fabro and some other men were having a game of cards and Fabro accused him of breaking a bill. He had a fight and then he went back to his own shack. A short time after he said he saw Fabro at his door and threw a stone and hit Fabro, who took a revolver from his hip pocket and fired a couple of shots at him. He heard the bullets pass by his ears. Several other witnesses corroborated this and Fabro was sent up for trial. Roy Bennett, who was remanded till today for sentence on a charge of stealing 15c from Lawrence Church, poor-box, was sent to jail for a month. George S. Kerr, K. C., appeared for him. The Magistrate said if evidence was produced that Bennett had been refused charity and had to starve he would not only let him go but would see he got help, but in the absence of such evidence he could see no excuse at all. Bennett now claims Peterboro as his home, instead of Detroit. There were three cases of insanity for the Magistrate to dispose of. Patrick Gibbon, 213 Cannon east, it was said, threatened to kill his son. He also lost the power of his mind, and his memory departed. Drs. Roberts and McGillivray were sure he was insane and he was committed to the asylum. Agnes Dryden, an inmate of the House of Refuge, who has been weak-minded for some time, became violent on Saturday and was arrested. She was remanded three days for examination. John Spittal was found by Chief Smith wandering around the court house corridors and the Chief asked him what he wanted. Spittal told the Chief as one friend to another that he was looking for blood and was from Grimsby. The Chief arrested him and after examination he was sent to the asylum. He is a carpenter by trade and being out of work has affected his mind. John Cobb, an old vag from Port Arthur, applied at the police station for lodgings this morning and was remanded a few days to see if some of his friends will not turn up to claim him. John Graham, 46 James street north, admitted that he was drunk yesterday and he was assessed \$5 as the fee for making the police stop on Sunday. William Bevis, Cannon east, put up \$5 bail and told the police he would never come back. They passed his message on to the Magistrate, and his bail was collected. Thomas Finn, no address, Leeming Martin, Gibson avenue, and Ed. Sinn, Grimsby, all admitted being drunk on Saturday and were charged \$2 each.

TEA TABLE GOSSIP.

The Welland Canal will be opened to-morrow, April 14.

Quite a number of immigrants arrived in the city yesterday and this morning. Most of them were English, and hail places to go to.

Rev. S. B. Russell, pastor of Erskine Presbyterian Church, will lecture to-night in Barton Street Methodist Church on "Ireland and the Irish."

Richard Baird has bought out the M. and M. Hotel from Harry James. The purchase money is not stated, but it is believed to be a good sum.

The regular meeting of the Erskine Boys' Club will be held to-night at 8 o'clock in the school-room, and an interesting programme has been arranged. All young men are cordially invited.

A public meeting of all interested in a new southeast Presbyterian Church will be held to-night in the parlors of the Victoria Curling Rink, King street east. As the question to come up are important, and the movement apparently popular, a large attendance is expected.

Confirmation service was conducted in All Saints' Church last evening by Bishop DuMoulin. Twenty-one women and girls and twelve men and boys were confirmed. His Lordship commented on the fact that there should be such a large class, and stated that it was indeed a proud record that All Saints' held.

It is understood that the Black bridge, near Fitch's Hotel, is in a dangerous condition. It is said that the timbers have become rotted, and there is considerable danger of some persons breaking through and committing serious injury. The matter of repairing this bridge rests with the Saltfleet Township Council and the Beach Commission.

The three boys who were arrested here for running away from their happy homes in Toronto, told the truth in regard to their names and addresses. Two of them were shipped back when their parents sent funds and the third is awaiting transportation. The two who were sent home were Baxter and Quinn, and Ward is the one remaining here.

Hat sensation this week. The post office opposite Robert's, \$2.50 stiff hats. Fine quality English make. New goods.

BANGING IT THROUGH.

The Objections to the Ordinary Mechanical Piano-Player.

Artistic musicians look upon the ordinary pneumatic piano-player as highly objectionable because it is so palpably mechanical. And there is reason for this. If the slow movement of Beethoven's Appassionata Sonata is to be banged through without any phrasing, its entire value as an art work is lost. Musical expression is the whole of music. Technique is simply a means to an end. But if this technique can be produced by mechanical means so perfectly that it will respond to the slightest wish of the artistic musical temperament, what then? This, without exaggeration, is exactly the accomplishment of the pneumatic piano-players. By means of the phrasing lever and the melody buttons the mechanism is under perfect control as to tempo and accentuation. This is why the Angelus has been secured by Messrs. Gourlay, Winter and Leeming for installation as an interior part of the ordinary piano. No better instrument than the Gourlay is manufactured in Canada, and no better player is manufactured in the world. The combination, therefore, is exceptionally happy. The Gourlay-Angelus as it stands gives no indication of the wizard within it. It may be played like an ordinary piano, but it will give no ordinary tone. The tone of the Gourlay is always resonant, mellow and beautiful. But touch a button, and the pedals of the Angelus are disclosed. The combined instruments can produce effects which a pianist could never provide always the operator has musical temperament. The Gourlay-Angelus is one of the triumphs of the century. Go to the warehouses on King street west and see it.

IS SERIOUSLY ILL.

Vicar-General Heenan, rector of St. Augustine's Church, Dundas, and one of the oldest and best known Catholic clergymen in Canada, who was taken to St. Joseph's Hospital last week, is dangerously ill. He was prayed for in all the Catholic churches of the city yesterday. At St. Joseph's Hospital this afternoon it was reported that while the vicar-general was very low, hope was entertained for his recovery.

THE END IN SIGHT.

Thursday evening will see the end of Geo. W. Carey's great piano sale, and anyone wishing to secure a piano at a genuine bargain should not fail to call before the close. Promptly at 10 o'clock, the tags on which are marked the reduced prices, will be removed and anyone who has failed to take advantage of these great reductions will have only themselves to blame. Store open evenings and the place is 90 King street west, near Park street.

JUVENILE TEMPLARS.

There was a good turnout of members at the weekly meeting of the International Juvenile Templars, I. O. G. T., held in the C. O. F. hall on Saturday afternoon, Mrs. D. B. Smith, Superintendent, presided. Nellie Morrison, P. C. T., in the absence of the C. T., through illness, filled that office, and proved herself capable for it. One candidate was admitted into membership, and after words of encouragement had been given the members by the Superintendent and the Secretary, Tom McNaughton, a short programme was presented. Masters Wallace Dunsmore and Fred Ambrose gave readings and Dean Boniface a solo in good style. Sacred solos by Mrs. F. W. Ambrose and Miss Mary Wrench, and a reading by Miss D. W. Madden, all of the adult lodge, were greatly enjoyed and received loud and hearty applause.

The Wrong Tense.

Dorothea's father was sitting before a window in his country house with Dorothea on his knees. He was looking across the fields with unseeing eyes, when the lassie broke in on his reverie with, "What are you looking at, papa?" "I was looking into the future, my dear."

"The future, papa! I thought it was into the past," Harper's Weekly.

16 King Street West. CAPTURING AN ENGINE. How a Plucky Engineer Overtook a Runaway on English Railway.

One of the finest stories in the history of the railways centres round a runaway engine on the Stockton & Darlington line. The engine was observed by the driver of another and more powerful one. Seeing the fugitive speeding in the direction of Darlington he uncoupled his own engine, crossed the points and set out in pursuit on the same line. It was a long chase, but the pursuer, at top speed, gradually overhauled the runaway.

At last it came near enough for the driver to crawl to the front of his engine and drop a stout chain over the tender hook of the other. He returned to his footplate, shut off steam and screwed down his brakes.

This steadied the one in front and so retarded its pace that the driver was able now to creep from his own engine on to the runaway, put on the brakes, and bring it to a standstill, almost in the crowded Darlington Station.—London Standard.

Out of the Air. Recently a parachutist gave several exhibitions of his daring skill at Glasgow. One afternoon a strong wind carried his balloon rapidly away, and it was some time before he could make a descent. He touched mother earth at a moorland spot near a farmhouse, and an old man stood close by staring in blank amazement. He had seen the gallantly dressed being drop down from the clouds.

"What place is this?" asked the parachutist, in an authoritative tone. The old man reverently knelt down and clasped his hands together, and his voice trembled with fervent emotion as he answered: "Good Lord, this is the parish of Cornwall."
