ALLIES TERMS ACCEPTED TO BAR RUSSIAN RUBLE

(Special To The Journal)
Brussels, March 15.—The German delegates to the Conference here regarding the taking over by the Allies of the German mercantile fleet and the provisioning of Germany, definitely accepted to-day the conditions imposed by the Allies.

(Special To The Journal)
Berlin, March 15.—The Ministry of Finance will recommend to the German national Assembly the immediate enactment of a law barring the Russian ruble from circulation in Germany and prohibiting any trading with it.

QUICK ACTION BY TRAIN CREW SAVED LIVES

Several Narrow Escapes From Death During Week at N. S. and T. Yards—Trespassers May be Prosecuted.

Two or three very narrow escapes from death to children have happened within the last week in the freight yards of the N. S. and T. at Clark Street. Both adults and children have been making a practice of using these yards as a short cut to and from the schools and work. Yesterday two little girls, in trying to run across ahead of some moving freight cars, tripped and fell, one pulling the other immediately in front of the freight train, and but for the quick action on the part of the train crew, both of them would have been killed. The police have been requested to co-operate with the Company to prevent people walking through this property, and it is altogether likely that proceedings will be taken against any trespassers in the future.

BY-ELECTION TO LIBERAL

Lloyd George Candidate in West Leyton Beaten at the Polls

London, March 15.—The by-election in West Leyton, caused by the death of the member elected in the general election in December, has resulted in the election of A. E. Newbold, an Independent Liberal, who defeated K. F. Mason, a Coalition Unionist.

COL. PRIMROSE TELLS OF LIFE AT SALONIKA

Interesting Illustrated Lecture Given Before Canadian Club at the Welland Last Night.

The members of the St. Catharines Canadian Club were given a treat at the regular Club dinner held at the Welland House last night when Lieutenant-Col. Primrose, an eminent Toronto surgeon gave a very interesting address illustrated by a number of excellent slides of the life at Salonika and the work accomplished by the Canadian hospital unit there. Col. Primrose who is one of the leading medical men of the Queen City was one of the Canadian doctors who were called to Paris to attend the conference on medical and surgical matters when doctors of high standing in many of the allied countries were present.

The speaker told of the noble way in which the Canadian Nursing sister carried on during the air raids which were made frequently by the Hun over the Canadian hospitals and told of the bringing down of a Zeppelin at a range of four miles by a British battleship. During one air raid a number of ammunition ships were tied up at the dock but although the dock itself was hit the ships were untouched.

Health Excellent.

Regarding the weather at Salonika, Col. Primrose said that he had been

(Special To The Journal)
Bavaria, March 15.—The Bavarian diet will convene on Monday, March 17th and will be asked to elect a new premier to take the place of Kurt Eisner who was assassinated last month. The Bavarian central council has issued a statement declaring its desire for complete socialization.

NINE SAILORS DROWNED WHEN SHIP HIT MINE

American Transport Yselhaven Went Down Early Friday Morning. Survivors Landed.

(Special To The Journal)
London, March 15.—Nine sailors are reported drowned in the sinking of the American transport Yselhaven which struck a mine at 1:35 o'clock Friday morning according to a report to Lloyd's. The Yselhaven was bound from Baltimore to Copenhagen. Thirty-five survivors have been landed at Hartlepool by a British steamer.

NIAGARA FALLS 11; LISTOWEL 6

Hamilton, March 15.—The first of the final games in the Northern League, which were transferred to Hamilton, was played here between Niagara Falls and Listowel, Niagara Falls winning 11 to 6. The winners took the lead early in the game and won handily.

through a blizzard there and had seen four feet of snow in November. In the summer the weather was intense at times and as a result malaria and dysentery were rife. The spring was ideal but in all weathers the health of the unit under canvas was excellent.

The speaker gave a brief description of the work accomplished by the British submarine E 11 in the Dardanelles which had sunk 94 craft in 96 days. A member of the E 11 crew named Hughes was awarded the Victoria Cross for swimming ashore with a bomb and blowing up a section of the enemy docks.

Col. Primrose before describing the scenes shown on the slides which were of particular interest, told of some of the wonderful advances made in surgery during the war and in conclusion he paid a glowing tribute to the memory of the late Dr. John Mallett who was a member of his unit.

Vote of Thanks.

In moving a vote of thanks to Col. Primrose, Dr. John Sheehan voiced the opinion of every member present when he stated that the address was thoroughly enjoyed.

In seconding the vote of thanks, Capt. E. J. Lovelace said he wished to add his testimony to that of Col. Primrose of the part played in the war by the Canadian nurses and the treatment given in Canadian Hospitals which were among the best equipped.

Mr. W. C. Turnbull, secretary of the Canadian Club took occasion to welcome back Capt. Lovelace and to assure him that this City of St. Catharines was very proud of him.

The evening came to a close with the singing of the National Anthem.

CARMANIA DUE AT HALIFAX TOMORROW NIGHT

Redford Line Transport has the Princess Patricia's 49th Battalion Men on Board.

(Special To The Journal)
Halifax, N. S., March 15.—It is announced at the Robert Bedford agency here today that the steamer Carmania, which is expected to dock at seven o'clock tomorrow evening, will not proceed to New York after landing the Princess Patricia's 49th Battalion and other units of the third division, but will take on freight and passengers here, sailing it is anticipated, on the 24th for England.

GREATEST SHOW ON EARTH!

New York, March 15.—The boast of all circus men in the world that theirs was the "greatest show on earth" is now less a matter of opinion than ever before, for Barnum and Bailey and the Ringling Brothers have combined their shows, thus forming what press representatives declare to be the "colossus of all amusements."

Canada, as regards copyright protection granted to her authors and composers, is indeed a laggard among the nations. The United States modernized the American Act in 1909, and Great Britain and most of the British Empire enacted an up-to-date Copyright Act in 1911. Canada's Act is dated 1875. Canada is at the tail end of the nations of the world in this respect.

MINERS' UNION WANTS EIGHT HOUR WORK DAY

Send Petition to the Ontario Legislature Asking for Legislation to That End.

"Legislation for an eight-hour day with a half holiday on Saturday for all the wage workers in the Province" is the purport of the petition which the Cobalt Miners' Union is putting before the Ontario Legislature at the present session. In a circular sent out to all labor bodies, returned soldiers' organizations, municipal councils, boards of trade, and public and social bodies in the Province of Ontario they urge:

"The war has served to bring home to the nations involved how much depends on the services rendered by the workers to the life of each nation and of the world in general, and it is freely admitted on all sides that there can be no return to pre-war conditions. At the World Peace Congress now in progress improvement in labor conditions received first consideration.

"From the standpoint of allaying discontent now in evidence and apt to become much more pronounced, from the standpoint of providing more harmonious conditions for returned soldiers, and from every human and social viewpoint, can we in confidence urge our brief. Moreover, from the standpoint of production, statistics show that not less, but more work is done in an eight-hour day than in a ten-hour day."

Yesterday water for the first time was turned into the new Hydro thirteen and one half foot water main through Victoria Park, which will give the Hydro fifty thousand more horsepower.

Militia Department Announces That Both the 4th and 5th C.M.R., are on the Boat.

Ottawa, March 15.—Some doubt has existed as to what regiments of the Canadian Mounted Rifles are coming home on the Carmania. The Militia Department announced today that both the 4th and 5th C. M. R. are on the boat. The latter with 25 officers and 640 men. These are for demobilization at Montreal.

FOUNDER OF THE CANADIAN CLUB VISITS THE CITY

Col. C. R. McCullough Presents Medals and Gives Interesting Address at Local Business College.

Col. C. R. McCullough, the founder of the Canadian Club of Canada is a former business college man and when General Manager of the Federated Business Colleges, Company was also founder of the Business Educators' Association of Canada. As his purpose in founding the Canadian Club was to stimulate the latest patriotic spirit of all Canadians for Canada and so make us all better Canadians, so his purpose in founding the Business Educators' Association of Canada was to foster a better type of business college graduate by bringing him to a higher standard of efficiency before obtaining recognition as a graduate and to bring about a more uniform standard of graduation examinations.

While this Business Educators' Association first comprised a few progressive Ontario business colleges, today it includes among its members the best and most reliable of the private business schools of Canada from Halifax and Fredericton in the East to Winnipeg and Vancouver on the West.

Addressed Students.

That Col. McCullough has not lost his interest in educational pursuits was amply demonstrated yesterday when, before addressing the Women's Canadian Club, he visited the local business college and gave to the students a fine, witty, and inspirational address impressing upon them the necessity of each doing his part toward building up this rich heritage of ours, this Canada we all love so well, so as to make it a worthy remembrance of the boys who have bled and died, on Flanders fields where the poppies grow, row on row, in the cause of freedom and righteousness. Our best, our bravest, the flower of Canada, have gone forth, thousands of them never to return but their work must be carried on, their places must be filled and we each must do a little better than before, a little better than we thought our best, to make Canada what it ought to be, what it can become one of the first and best countries of the world. What a future is before the boys and girls of today. What will the next twenty, fifty years bring forth. We older ones almost envy your privileges, your opportunities, your heritage. Let each be the centre of a little circle to radiate out the best, the noblest, the brightest ideas tending towards a greater and a better Canada.

Medals Presented.

It was also fitting that Col. McCullough, the founder of the Business Educators' Association of Canada, should present the gold medals donated by the management of the local college to the winners of the past year since these medals are given to the students of the Business and Shorthand departments of the college respectively who make the highest marks on the examination of the association throughout the school year. That the Business Department was awarded to Miss Gwendolyn Jenkins, and that of the Shorthand department to Miss Joyce Collis, in Miss

PROHIBITION FORCES DON'T WANT A CHANGE

Dominion "Dry" Advocates Present Their Program to the Government.

Ottawa, March 15.—Statements of policy by the Dominion Prohibition Committee, which is to meet its Government this afternoon, and whose officers are Judge Lafontaine, of Montreal; George A. Warburton of Toronto, and D. H. Harkness of Winnipeg include:

That the provisions of the order in Council, "legislation" prohibiting importation, manufacture and shipment into prohibited areas of intoxicating liquors for beverage uses, should be continued in effect.

That this "legislation" should not be discontinued without a vote of the electors of Canada on the question of its continuance or discontinuance.

That there is to be a plebiscite, it should not be taken until the return of the soldiers. There should be six months notice of a plebiscite. Late requests of the campaign executive include that, in any plebiscite, there should be equal rights for women as voters, and that the manufacture of intoxicating liquor for export purposes should not be permitted.

Questions considered of "special importance" are: The continuance of the definition of "intoxicating liquor," in the Dominion Legislation as "any liquor or beverage which contains more than two and one half per cent. of proof spirits," and (2) the form in which the question should be stated in case vote of the citizens of Canada is decided upon.

WANT BETTER CONDITIONS FOR SETTLERS

G.W.V.A. Will Likely Urge Relaxation of Present Provincial Law Regarding Homesteads.

Veterans claim that Ontario is the only Province in the Dominion, where a man has to do his full homestead duties before he gets a patent to the Crown lands, and can avail himself of the Dominion Government loan for soldier settlers. In Quebec and in the West, this is not the case. The soldier escapes the homestead duties, as far as getting title to his land is concerned, so that the Dominion loan is available as soon as he goes on his farm.

The G. W. V. A. will likely urge the Provincial Government in the near future to relax the present law, and adopt more generous measures to veterans settling on homestead land. Applications for these lands go through the governmental departments and not through the Soldier Settlement Board.

RECIPROCITY WANTED

BY FARMER OF N.B.

Fredericton, N. KHAKI FOLLIES TO PUT ON REVUE HERE

A very enthusiastic meeting of the Grand Army of Canada was held last night in their new Hall, 2 St. Paul street, when matters of importance were discussed.

Arrangements have been made for engaging the Khaki Follies from Toronto which is a high class musical revue, to play before the public at the Grand Opera House on April 9th.

The Executive Committee are arranging to form a Ladies Auxiliary in connection with Lincoln Post No. 2 of the G. A. C., further particulars of which will be published later.

The Lincoln Post accepted ten more applications for membership making a total of about 120.

58TH. BATTALION IS ON THE WAY HOME

London, March 15.—The Baltic left Liverpool with the 1st and 2nd Mounted Rifles, the 58th and 43rd Battalions, the 10th Field Ambulance Corps and also some small details, a total of 2,230.

The Cretic left Thursday with sixteen hundred men from Kimmel Park. Two thousand munition workers also sailed this week.

CHAKRS FOR FIELDING

Hon. Mr. Fielding was in the form and his skill as a debater was never better demonstrated. His remarks were vigorously and repeatedly applauded by the members of the Opposition and when he had concluded he received an ovation.

Hon. Mr. Crerar vigorously applauded Mr. Fielding's remarks about the tariff.

TWO BAD FIRES IN OLD QUEBEC THIS MORN.

Firemen Have Trying Time Fighting Flames in Below Zero Weather—Brave Act by the Police

(Special To The Journal)
Quebec City, March 15.—With the thermometer five degrees below zero the fire brigade early this morning fought and distinguished two bad fires in the business district, which caused approximately two hundred thousand dollars damage, and threatened for a while to be a veritable catastrophe. One bed ridden woman was saved by the bravery of the police. Two firemen were seriously injured and are in the hospital.

CUBAN AUTHORITIES ARE NOW AFTER JACK JOHNSON

Havana, March 15.—The attention of the judicial authorities here has been called to the declaration made by Jack Johnson, former heavyweight champion, that his bout with Jess Ward in this city four years ago was a "fake." A written report on the incident has been made by a lieutenant of detectives.

In closing his report, which includes the translated version of Johnson's statement as published here yesterday, the detective says: "From the foregoing it may be seen that if this story is true the people of Havana were deceived and defrauded and that it is desired to repeat the event with the same or a similar combination."

W. S. FIELDING MAKES HOUSE TAKE NOTICE

Makes one of the two Outstanding Speeches of the Present Session of the Commons.

OTTAWA, MARCH 15.—Parliament heard yesterday the two outstanding speeches of the present session. From the Opposition benches Hon. W. S. Fielding discussed in masterly fashion the great issues of the day, and concluded an able summing up of the tariff situation with a dramatic appeal to the Western members to "choose ye this day whom ye will serve." He told them they would have to belong to one or other of the old political parties, and expressed his firm belief that, considering the past performances of the Liberal party with respect to tariff reform and freer trade, they had more to hope for from that party than from any other.

No Election Just Now

While standing for Liberal principles, Mr. Fielding made it clear in his closing remarks that he is not in favor of a change of Government at the present time. He said he would continue to give the Government his independent support, although he would hold himself free to vote as he saw fit. It was not in the best interest of the country that a general election should be held now, he said.

Chairs For Fielding.

Hon. Mr. Fielding was in the form and his skill as a debater was never better demonstrated. His remarks were vigorously and repeatedly applauded by the members of the Opposition and when he had concluded he received an ovation.

Hon. Mr. Crerar vigorously applauded Mr. Fielding's remarks about the tariff.

Quebec, March 14.—That Sir Lomer Gouin is about to quit the Provincial arena and go to Ottawa, probably to the Senate, and maybe as a Minister in the Union Cabinet, is a story printed yesterday in L'Evenement, the official Conservative Unionist organ of Quebec Province. The story originated from the Montreal correspondent of the paper, the man who predicted the request of the Legislature for a Royal Commission inquiry into the Maisonneuve land deal.

Yesterday's story says that Sir Lomer Gouin is packing up to leave the Provincial arena, and that he will relegate the Liberal ship to Hon. Mr. Taschereau. Hon. Mr. Gouin would be much more popular than Mr. Taschereau, says L'Evenement, but he is not quite ready to take up the job of Premier.

The paper says that Sir Lomer Gouin will be out of Provincial politics within the next few months, and that there is genuine ground for the report that he may be called to Ottawa either in the Senate or in the Union Cabinet.

TEETHING TROUBLES

Baby's teething time is a time of worry for most mothers. Baby's little gums become swollen and tender; his bowels get out of order and constipation, colic or even diarrhoea sets in. To make the teething period easy Baby's Own Tablets should be given the little one. They sweeten the stomach; regulate the bowels and keep the baby good natured. Concerning them Mrs. Marcel D. LeBlanc, Memramcook, N.B., writes: "I have used Baby's Own Tablets for the past six years and have found them indispensable. To my mind nothing can equal them in allaying the fever accompanying teething. I would not be without them and can strongly recommend them to other mothers." The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ontario.

PRIVATE BILL WENT THROUGH COMMITTEE

St. Catharines Act Favorably Reported Upon by Hon. Mr. Lucas' Committee This Morning. Local Delegation Introduced by F. R. Parnell, M.P.P.

Toronto, March 14.—The Private Bill of St. Catharines was favorably reported this morning by the private bills committee after hearing a brief statement from City Solicitor Kingstone, Mayor Elson and Ald. Eagle. Mr. Hill and City Treasurer Watt also were present and the delegation was introduced by F. R. Parnell, M.P.P. Hon. Mr. Lucas, Chairman of the committee requested that the letter from the Provincial Treasurer giving his sanction for the payment over of the funds be filed. This was agreed to and the bill went through for presentation to the House.

In advocating the legislature Mr. Kingstone pointed out that the municipality was desirous of securing these funds to meet the subscription of \$500,000 which had been made for Victory Bonds in the recent campaign declaring that if corporation had control of the money it could secure 5% per cent. interest against 5 per cent. paid by the Province.

The Bonded interest of municipality was now \$150,000 he said which coupled with sinking funds of over \$356,000 paid to the Provincial Treasurer under the Act in 1911 when the city's finances were not properly administered would enable the corporation to pay up the bonds and invest the money to much better advantage.

The Private Bill reads as follows:—

BILL

An Act Respecting the City of St. Catharines

WHEREAS the Corporation of the City of St. Catharines has, by its petition, represented that in order to promote to its fullest extent the success of Canada's Victory Loan, 1918, it subscribed thereto for the sum of \$500,000, being the amount of its sinking funds on deposit with the Treasurer of Ontario, and on deposit with the bankers of the corporation and available for such purpose, and it is necessary, in order to complete the payments upon the said subscription, to have the said sinking funds, amounting to \$356,240.77, on deposit with the Treasurer of Ontario, released and paid over to the treasurer of the corporation; and whereas the corporation is validated and authority given for the release and payment over of the said sinking funds for the purposes mentioned; and whereas it is expedient to grant the prayer of the said petition;

Therefore, His Majesty, by and with the advice and consent of the Legislative Assembly of the Province of Ontario, enacts as follows:—

FOURTH MOUNTED RIFLES COMING WITH 635 MEN

Ottawa, March 14.—There are coming with the 4th C. M. R. 29 officers and 639 men attached. The remainder of the strength in France, is made up of men living east of Toronto, and will come with the 5th C. M. R., which has 310 men attached. First reports said that there were but 480 men of the unit sailing on the Carmania.

At Port Dalhousie this morning the mercury registered 1 1/2 degrees above zero. For the past few days a stiff northeast gale has been blowing up the lake, which appears a mass of white caps as far out as can be seen.

GIRLS! GIRLS! TRY IT!

STOP DANDRUFF AND BEAUTIFY YOUR HAIR

Hair stops falling out and gets thick, wavy, strong and beautiful.

Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after a "Danderrine hair cleanse." Just try this—moisten a cloth with a little Danderrine and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt and excessive oil and in just a few moments you have doubled the beauty of your hair.

Besides beautifying the hair at once, Danderrine dissolves every particle of dandruff; cleanses purifies and invigorates the scalp, forever stopping itching and falling hair.

But what will please you most will be after a few weeks' use when you will actually see new hair—fine and downy at first—yes—but real! new hair growing all over the scalp. If you care for pretty, soft hair and lots of it, surely get a small bottle of Knowlton's Danderrine for dandruff or toilet counter for a few cents.

An Act Respecting the City of St. Catharines

WHEREAS the Corporation of the City of St. Catharines has, by its petition, represented that in order to promote to its fullest extent the success of Canada's Victory Loan, 1918, it subscribed thereto for the sum of \$500,000, being the amount of its sinking funds on deposit with the Treasurer of Ontario, and on deposit with the bankers of the corporation and available for such purpose, and it is necessary, in order to complete the payments upon the said subscription, to have the said sinking funds, amounting to \$356,240.77, on deposit with the Treasurer of Ontario, released and paid over to the treasurer of the corporation; and whereas the corporation is validated and authority given for the release and payment over of the said sinking funds for the purposes mentioned; and whereas it is expedient to grant the prayer of the said petition;

Therefore, His Majesty, by and with the advice and consent of the Legislative Assembly of the Province of Ontario, enacts as follows:—

FOURTH MOUNTED RIFLES COMING WITH 635 MEN

Ottawa, March 14.—There are coming with the 4th C. M. R. 29 officers and 639 men attached. The remainder of the strength in France, is made up of men living east of Toronto, and will come with the 5th C. M. R., which has 310 men attached. First reports said that there were but 480 men of the unit sailing on the Carmania.

At Port Dalhousie this morning the mercury registered 1 1/2 degrees above zero. For the past few days a stiff northeast gale has been blowing up the lake, which appears a mass of white caps as far out as can be seen.

NOVA SCOTIA TOWN WIPED OUT BY FIRE

Amherst, N. S., March 14.—A disastrous fire broke out this morning in the prosperous town of Petitoctiac, 20 miles from Moncton. It is thought to have originated in a blacksmith shop and it rapidly spread in all directions. Among the buildings destroyed were the bank of Nova Scotia, the post office, railway station and many retail stores. The fire is still raging with unabated fury and is threatening the eastern end of the town. The Moncton fire department is on the way to Petitoctiac, but it is doubtful whether it will arrive in time to be of much service.

A Tribute to the Hardest Worked Merchants in Our Country

HAVE you ever considered the important part played by the grocer in our daily life?

From early morn and often until late at night the grocer keeps open for our convenience.

Whether we want a 5-cent bar of soap, a package of tea or a sack of potatoes he is there to serve us—and with a cheerful "thank you".

You trade with him almost every day. You look upon him as a friend. He treats your children kindly when you send them to the store.

When sickness, accident or unemployment occurs, it is the big-hearted grocer who supplies the home with the necessities of life and often waits a long time for his money.

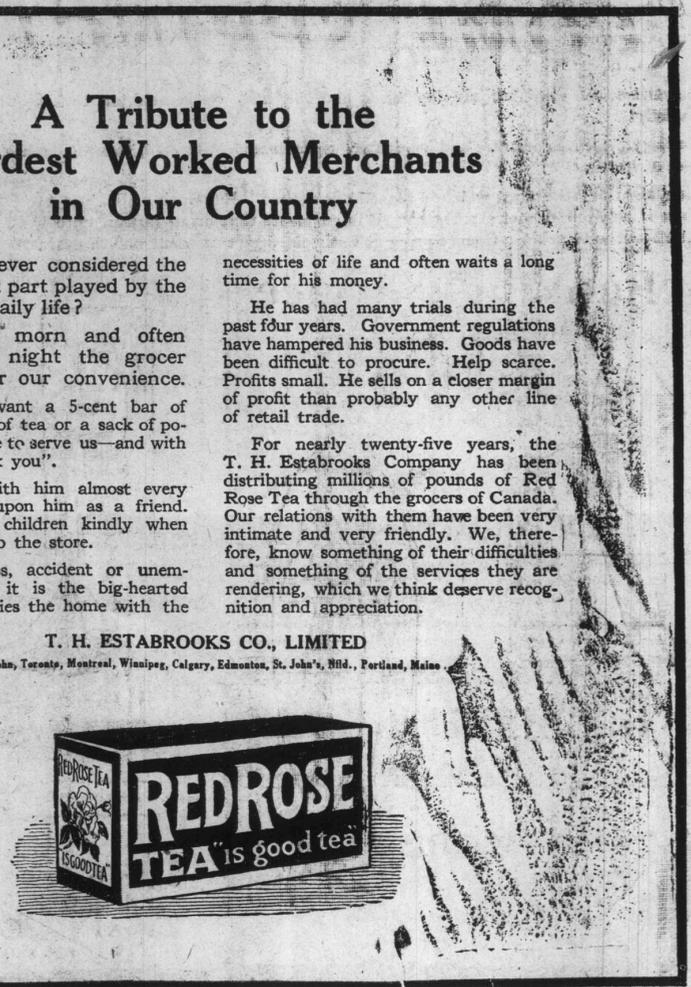

He has had many trials during the past four years. Government regulations have hampered his business. Goods have been difficult to procure. Help scarce. Profits small. He sells on a closer margin of profit than probably any other line of retail trade.

For nearly twenty-five years, the T. H. Estabrooks Company has been distributing millions of pounds of Red Rose Tea through the grocers of Canada. Our relations with them have been very intimate and very friendly. We, therefore, know something of their difficulties and something of the services they are rendering, which we think deserve recognition and appreciation.

What Is Dry Cleaning?

Through this advertisement the New Method Dry Cleaners and Dyers will explain what dry cleaning consists of.

First, it is a French process. The reason the name dry is used is because the process consists of cleansing the articles thoroughly with evaporating solvents, that consist of neither water or moisture of any kind, which is done by power cleaning machines.

This process of cleaning clothes will not shrink, loosen colors, neither will it injure the most delicate fabric, such as chiffon, silks, gloves, furs, draperies, etc., providing, of course, that the silks are not artificial or too badly worn.

So many people are under the impression that acids and other injurious chemicals are used. This is entirely impossible. No acids are used in process of dry cleaning.

Wright's Home-Made Bread

Now that the restrictions are off regarding the use of substitutes, our Bread is back to the high Standard we set previous to the War. Our genuine Home-made Bread is scarcely touched by hand, having in our equipment the most Sanitary System of handling it. This machine costs a lot of money, but we believe it is hygienic and more sanitary than by hand. Therefore it pays in these days when germs are so easily spread, the handling of food stuffs should be carefully done. We believe the public will appreciate our system of doing this.

PALE CHEEKED WOMEN TOLD ABOUT RESTORING A ROSY COMPLEXION

A few years ago the girl with pale, drawn cheeks scarcely knew what to do in order to restore her fading appearance. At that time there was no blood-food medium made that really would put color and strength into systems that were more or less worn out.

To-day it's different. The blood can be quickly nourished, can be made rich, red, and healthy. All you have to do is take two Ferrozone Tablets with a sip or two of water after meals. The effect is almost magical.

Mothers, look at your children. Are they ruddy and strong—do they eat and sleep well, or are they pale, weak, and anaemic?

FERROZONE will rebuild them. Take your own case—is your blood strong and rich? Have you that old-time strength and vigor, or are you somewhat under the weather?

FERROZONE will supply the strengthening elements you require. It is a blood-forming, nourishing tonic that makes every ailing person well.

FERROZONE is a marvellous remedy, it contains in concentrated form certain rare qualities that especially fit in in cases of anaemia, poor color, thin blood, tiredness, and loss of weight.

Every day you put off using FERROZONE you lose ground. Get it today, sold in 50 cent boxes by all dealers, or by mail from the Catarrhzone Co., Kingston, Ont.

ADVERTISE IN THE JOURNAL

SOME CLEVER ANSWERS TO THE GRIFFIN OPERA HOUSE "GREATEST THING IN LIFE" CONTEST

The Greatest Thing in Life Contest closed Monday night and brought many varied replies.

It has been hard to judge which were the most worthy of prizes, but most of the essays and poems seemed to convey the thought that Love is the greatest thing in life.

Health also had many essays written in its favour and undoubtedly it is one of the greatest things in life, for without health it is doubtful if love can really develop to its fullest degree.

At some later date the pages of this paper may be opened to have this question thoroughly discussed.

The first prize has been awarded to W. R. Ball, 97 Louisa Street, St. Catharines. The second prize to North Armstrong, 80 Church Street and the third prize to E. Golling, 175 Church Street.

The prize for the least thing in life is being awarded to A. Surl, 21 Welland Avenue.

The three prize winning essays and poems were as follows:

The First Prize Essay

By W. R. Ball

In the beginning of all things it first appeared in the world. A tiny indefinable something that through the ages has matured and blossomed until now it is the greatest of all great things. From the very earliest of reckoning it's golden threads have been woven into the fabric of history and bears silent but glorious tribute to the magnificence and power of it's works. Under the magic of it's spell, the pain and suffering of Mankind vanishes, even as the dark shadows of Despair and Sorrow turn into Hope and Happiness at it's coming. Sin and Temptation flee from it and the radiance of it, routs Injustice, Jealousy and Hatred from the heart of Man. Toil turns to Pleasure with it's aid and Hunger and Privation are forgotten, when it smiles.

Often it calls for Sacrifice, that is fully and freely given at it's demand, even though that Sacrifice means Death itself. The best blood of the world has been shed in it's behalf, for that wonderful invisible tie that binds nations and empires and peoples together, the foundation stone of Christianity and Civilization. Without it the world would cease to be, for it is Life itself.

The Greatest Thing in Life is L-O-V-E.

SECOND PRIZE WINNER

A smile when clouds are darkest,
A smile when the morning is grey,
Would lighten the hearts of the lonely,
And brighten their weary way.

A smile, and the day's work completed,
A smile in the busy street,
A smile by the evening fireside
Will brighten whomever you meet.

Helpless in Bed With Rheumatism Until He Took "FRUIT-A-TIVES"

MR. ALEXANDER MUNRO

R.R. No. 1, Lorne, Ont.
"For over three years, I was confined to bed with Rheumatism. During that time, I had treatment from a number of doctors, and tried nearly everything I saw advertised to cure Rheumatism, without receiving any benefit.

Finally, I decided to try "Fruit-a-tives". Before I had used half a box, I noticed an improvement; the pain was not so severe, and the swelling started to go down.

I continued taking this fruit medicine, improving all the time, and now I can walk about two miles and do light chores about the place."

Was their brave determined smile.

A smile in the day's occupations,
A smile when things go wrong,
A smile in the worst of hardships,
Will show that the spirit is strong.

A smile, though the least expensive
A smile, though the cheapest of debt,
Is a thing that we seldom see given,
And a thing that we more seldom get.

A smile that is given with meaning,
A smile that springs up from the soul,
Is the smile, like the sun in its beaming,
That brightens the world as a whole.

A lover when wooing a maiden,
Considers the thing most worth while,
To be, when he's sought her in marriage,
That same shy but "yes meaning" smile.

So be what there may in life's journey
In pleasure, in joy, or in strife
The smile full of meaning that's given,
Is surely the best thing in life.

NORAH ARMSTRONG,

Third Prize Poem

By E. Golling

A book of Griffin's tickets
And the money to buy the stamps
You smile at the girl in the wicket.
Then walk in and see the Vamps
The House is large and airy
So comfortable the chair
From the very start to the finish
You're glad that you are there
Charlie Chaplin will make you laugh
Fatty Arbuckle likewise too.

Ann Pennington and Billie Rhodes
Will drive away the blues
Petrova's pathetic acting
The tears will sometimes run
But the choice of all the movie stars
Is Clara Kimball Young
Doug. Fairbanks will do some clever stunts
Bill Hart soon ends a strife
The Hero makes love to the maiden
Which is the greatest thing in life.

The Least Thing in Life

By A. Surl

Well in my estimation
That worthless selfish creature
No matter what his station
Who has no moral stamina
To know or do what's right
Unworthy of the name of man
That worthless parasite,
Who crawls his way around.
The pity is his crawls are not
Confined to underground
The slimy thing whose trail defiles
Some home or fair good name
Or snares some unprotected girl,
To misery and shame.
He may be rich, he may be poor,
He's still the same foul evil doer.
A whitened sepulchre is he.
A curse to good society,
A thing on earth no less can be
E'en rancid cheese can breed a mite
More wholesome than this parasite.
If needs he must get work

He'll sit with idle hands before him
And take foresooth the dirtiest job
The devil can find for him
Small wonder if old Mother Earth,
When forced to take his body
Should have convulsions on the spot
And vomit up such shoddy.
E'en worms must turn
If forced to feed
In such a grave location
What self-respecting grub would
stand for such associations?
Tho' generally not particular
About their habitation
They'll have a decent wholesome
course
Or leave the situation.
What can be done with such a one,
We'd stand a chance to choke sir,
As well as foul the atmosphere
To send him up in smoke sir.
However if what's left of him
In smoke were heavenward sent
And failed to reach the upward goal
Our efforts were well meant
And after all it's just as well
Such smidges are confined to— 1.

In describing the introduction of Mr. Fred R. Parnell, M. P. P., to the Legislative Assembly on Tuesday, Mr. J. E. Middleton of the Toronto News writes as follows:

For some days a dark, slim and melancholy figure has been discerned sitting in a commodious armchair beneath the Speaker's gallery. That chair and others like it are on neutral ground in the Chamber, but not officially in the House on the floor, but not on the Floor. The look of melancholy belied the facts for this man was Mr. Fred Parnell, recently elected to the Legislature by the people of St. Catharines and presumably filled with satisfaction and joy.

The House up to yesterday had not been made aware officially that Mr. Parnell had been elected, or that there had even been an election. The report of the returning officer had not been made to the Clerk of the Crown in Chancery. A native runner arrived on Monday with the intelligence. Therefore on Tuesday afternoon the first duty of the administration was to extract Mr. Parnell from his secluded corner in a rethly comfortable chair with a high back—present him to the Speaker and establish himself in an official chair, less easy but more dignified.

Hon. Mr. Ferguson and Hon. Mr. McGarry conveyed the new member into the lobby, then marched him along the broad red carpet to the clerk's table. Mr. Ferguson "begged to introduce Mr. Fred Parnell, duly elected for the constituency of St. Catharines." The Speaker bowed, Mr. Fred Parnell—less melancholy—also bowed, then advanced to the dais, mounted the steps and seized the Speaker's hand. The sponsors took their seats, and Mr. Parnell found his official position, not more than twelve feet from his former unofficial one. The requirements of the manual had been met. The lodge had a new member.

MAY BE FIVE QUESTIONS ON REFERENDUM

Full Opportunity Afforded for Expression of Opinion on Booze Question.

1. Are you in favor of the continuance of the Ontario Temperance Act?
2. Are you in favor of a return to the License Act?
3. Are you in favor of licensed sale of light wines and beers?
4. Are you in favor of the sale of liquor under Government control?

There are the questions that will in all probability be placed before the people of Ontario, when the Government referendum on the liquor question is submitted in late September as now contemplated.

Premier Hearst has no statement to make in regard to any statement of policy on the part of the Government but does not deny that yesterday's prolonged session in caucus was devoted mainly to a labored discussion of the whole situation.

Officials closely in touch with the situation declare that the above questions will be identical with those placed before the people by the Government, but qualify the statements with the opinion that a further clause reading something like "Are you in favor of the Ontario License Act?" will be inserted in the referendum.

This, it is explained, will allow a definite expression for those who are not in favor of a return of the old Act and yet have some fault to find with certain machinery of the O. T. A. Answering the first question in the negative would mean favoring the old License Act. It is felt that these questions, if placed in the referendum

LATE JAMES M. VANKEUREN

Laid at Rest Yesterday

Mr. James Melvin Vankeuren, a respected resident of Dunnville died at his residence there on Tuesday, March 11th, aged 62 years. Deceased was born in South Oxford and was the oldest son of the late James Jones Vankeuren and late Maria Cloven Vankeuren. He where he lived for a number of years, later moving to Dunnville where he went to Haldimand when a youth, he resided for 26 years. He was married to Miss Essie Bessy, daughter of William Bessy of Merriton, and leaves besides his widow six children Mrs. G. H. Smith, Mrs. J. SICK--WEAK--MISERABLE THOUSANDS OF VICTIMS

Man feels bad all over, feels weak, feels nervous, irritable, gloomy—gets angry at little things that ordinarily would not be noticed. You feel tired mornings. Your sleep does not rest you. You feel nervous. You dream at night. Your memory is a poor. You can't concentrate your mind. No appetite. You lose flesh—all run down. You can't understand why.

Men! Are You In Doubt

As to your trouble? Have you some skin eruption that is stubborn, has resisted treatment? Is there a nervous condition which does not improve in spite of rest, diet and medicine? Are you going down hill steadily?

SYMPTOMS OF VARIOUS AILMENTS
Weak and relaxed state of body, nervousness, despondency, poor memory, lack of will power, timid, irritable disposition, diminished power of application, energy and concentration, fear of impending danger or misfortune, drowsiness and tendency to sleep, unattractive sleep, dark ring under eyes, dizziness, pimples on face, palpitation of heart, easily tired, weakness or pain in back, lumbago, dyspepsia, constipation, headache, loss of weight, insomnia. Dr. Ward gives you the benefit of 28 years' continuous practice in the treatment of all chronic, nervous, blood and skin diseases. The above symptoms, and many others not mentioned, show plainly that something is wrong with your physical condition and that you need expert attention.

NERVE EXHAUSTION.
The Great American Disease. There are numberless people who do not call themselves sick, and yet they feel nervous, weak, languid and tired most of the time. They have no ambition or endurance to work—everything they attempt is an effort. Life to them appears as a long, gloomy future. Their appetite is poor and variable; they become irritable, cross and discouraged. They have pains and aches in various parts of the body and there is often indigestion, belching of gas, pains in the stomach present. Sleepless, wakeful and restless nights follow. They become drowsy after meals and the brain tires easily.

BEER AND WINE LICENSE WILL SUIT DEALERS

Niagara Falls Hotelmen do not wish to go back to old System of Open Bar With a Whiskey Privilege.

Niagara Falls, Ont., March 14.—The consensus of opinion among the Niagara Falls hotel men is that a wine and beer license would be quite satisfactory. "We certainly don't want to go back to the old order of the liquor business," said one prominent hotelman today, in answer to inquiries as to his views regarding Hon. Mr. McGarry's announcement as to a referendum on the liquor question in September next. "I don't think," he added, "you will find many hotelmen in Ontario who would want to go back to the liquor business the way it was before prohibition. What I would like to see, and this is the opinion of hotelmen of this city, and I believe of the Province generally, is a beer and light wine license, with the proper dispensation by the Government of these liquors. We don't want to sell whiskey. I don't

GEORGE STORM IS ARRESTED BY CAMP M.P.

Deserted From his Battalion Last June and Will Now Face a Court Martial for the Offence.

Niagara Falls, Ont., March 14.—A young farmer named George Storm was arrested Wednesday night by Inspector Tolmie's Dominion Police. Storm has given the authorities plenty of trouble since he deserted from Niagara Camp last June. He was arrested last night at his farm not far from Welland. Storm was given a month's leave of absence to do his settling last May; and on returning to Niagara Camp he asked for another leave to work on his farm. This was refused, so he took leave. His uniform was subsequently found hidden in the woods and may attempt to have been made to get him. Wednesday night a couple of Inspector Tolmie's men rushed Storm's house and caught him as he was taking boiled eggs out of the pot for his snapper. He surrendered quietly. He was turned over to the military authorities and will be court martialled.

Trades and Labor Council Disapprove of Expenditure of Money for Deputation to New York City.

A large attendance of delegates were present at the regular meeting of the Trades and Labor Council last night, President Greenlaw presiding. Organizer Riley, of the Machinists was present and gave one of his usual interesting talks on industrial conditions. Another welcome visitor was Mr. Crompton, Fair Wage Officer, who gave a splendid address on educational affairs, a question he stated which should engage the close attention of all citizens. Mr. Crompton's remarks were highly appreciated by all the delegates.

Peter Grant, reporting on behalf of the Municipal Committee, expressed great pleasure in the improved conditions at the children's shelter, but the committee desire that the investigation report resulting from the mid session at the end of last year, be made public. The committee claim if the inspector was then in error it is only fair that the good names of other people should be freed from suspicion.

The committee expressed disapproval of the recent visit to the Good Roads convention in New York City of Alderman Smith and the City Engineer. The committee whilst commending Ald. Smith for bringing in a comprehensive report, claim that at a time when economy was so much preached that the visit was a waste of public money and that all the information procured could have been had by the expenditure of a few cents in postage stamps. The committee also brought forward the case of a citizen, who during the time the city was threatened with a coal famine, had an opportunity of securing several cars of coal and on getting them to the city, was by some red tape in not being able to get a license, unable to dispose of it. The committee commend this citizen on his public spirited action in attempting to help the people in times of distress and are further investigating the matter. The report was adopted and the committee complimented on the good work they are engaged in.

For Labor Day Several delegates reported their locals were enthusiastic about arrangements for Labor Day.

Delegates Cheevers was the means of starting a lively discussion on the question of the abolition of property qualifications for the holding of municipal offices. The secretary was instructed to write the City Council on the matter urging them to petition the government to amend the Municipal Act.

A deputation was appointed consisting of F. Greenlaw, Jas. A. Wiley and the Municipal committee to attend the next meeting of the City Council to present their case why the property qualification should be abolished.

The question of the Lacrosse Grounds was dealt with and it was decided to ask the City Council to attempt to open more sport or playgrounds throughout the city rather than spend money on the Lacrosse grounds. Delegate Jas. Milne, who is one of the city's favorite footballers, pleaded eloquently on behalf of the cricket and football fans and stated that if we had more playgrounds in the city we would have less crime. It was intimated that at the next meeting there would be a general discussion on technical education.

SOME BRIDES FRIGHTENED AT STORIES

21,000 Canadians Have Married in England and the Number is Increasing.

London, Feb. 22.—(Delayed)—Some agitation is raging in England today over the reports of maltreatment of English brides reaching the Dominions. Some English girls are refusing now to accompany their husbands to Canada, having been frightened by the reports and by stories of Canadian hardships.

Lawyers in London who are making a specialty of Canadian work report that some cases of domestic infelicity have arisen with these new brides. Examination of these reports shows that often it is the men who are seeking legal advice.

That the Canadians in England are marrying in large numbers is certain the estimate is that 21,000 Canadians have married in England, compared with only 7,000 Australians and 2,000 New Zealanders. At the present time the Bishop of London's Marriage License Registry at Doctor's Commons is being besieged by demobilized Canadians to an extent, it is reported, of 12 to 14 an hour.

The final game in the local O. A. B. A. district was played Collegiate court last night and ended in an easy victory for the Y. A. team.

The play throughout was very but the St. Kitts team is the of the Niagara Falls players a no difficulty in keeping the score increase. The game was very all the way, and few fouls were and they were almost unavailing.

The score at half time was 32 the final score 51-27. McAvoy seemed to have the range of the basket and did the scoring for the locals in half getting many baskets from court positions.

The Juniors are clean fast and gave the referee very little. They play basketball the way it should be played and deserve praise in turn reflects back to their Gordon Pope.

Frissider of the Central Y. M. C. A. Hamilton, handled the whole satisfactory manner.

A good preliminary game was held between the Business Boys Y. and the Niagara Falls Intermediate team resulting in favor of the Business 23-16.

Daily Sport Comment

Lovers of boxing by either amateurs or professionals have reason to be disgusted with the unfavorable attention that is now and then attracted to the game by the cries of "fake" raised by the unscrupulous. Hardly had the ink dried on papers that published the Fulton revelation, which Jack Johnson, the negro heavy-weight, came forth with a signed statement that his championship contest with Jess Willard was also an "arranged" affair.

Boxing enthusiasts of New York state are endeavoring to place another law on the statute books and they are having a hard enough task with the reformers without being obliged to go into explanations of alleged fake contests. Johnson, a fugitive from justice, unable to set foot on the soil of the United States, will not be taken seriously by the general public, but this exhibition of the yellow streak that is in him just gives the game another stab.

The bill under consideration at Albany would forestall any attempt to stage a fake fight and having such a clause in it the game would be elevated. The boxing promoters, particularly those who are recognized as authorities, will not deny that there are a considerable number of undesirables identified with the game and that they will have to go before the regulars place their stamp of approval up on it.

Lovers of horse racing in Havana came into their own again Thursday after an enforced vacation of one week. Racing was resumed on the Havana track and a large crowd turned out to meet the bangs. The transportation strike that had held up all vehicles traveling to the track has been settled. The feature race of the day was won by Blondel from Fustian in a diving finish. The long shot of the day was Zodiac, which scored at odds of 10 to 1.

Strangler Ed Lewis is confident he will win from Wladek Zbyszko, the giant Pole, when they meet on the wrestling mat in Madison Square gardens on Friday night, March 21. In his belief Lewis will find many sharing Lewis is a better wrestler than Zbyszko and inasmuch as either man must gain a fall or the public will have its money returned by the promoter, it looks like a win for the strangler after a hard tussle. Lewis is willing to meet the Pole on a winner-take-all basis.

Horace Lerch was the only Buffalo sport writer to sit at the ringside in Havana when Jack Johnson lost his world's heavyweight championship to Jess Willard. Lerch, who is a keen student of the boxing game, says Johnson lost fairly and honestly to the white man who won on his merits. The only fault Lerch could find with Johnson's exhibition was lack of gameness when the tide turned against him. The Buffalo writer believed Johnson could have got to his feet when he went down in the twenty sixth round, but he elected to remain on the floor in preference to taking a beating.

LOCAL TEAM WINS THE GROUP VERY EASILY

Y.M.C.A. Junior Team Will Now Play Hamilton in the O.B.A. Semi-Finals—Won the Round by 72 Points

The final game in the local Junior O. B. A. district was played on the Collegiate court last night and resulted in an easy victory for the Y. M. C. A. team.

The play throughout was very good but the St. Kitts team is the superior of the Niagara Falls players and had no difficulty in keeping the score on the increase. The game was very clean all the way, and few fouls were called and they were almost unavoidable.

The score at half time was 30-8 and the final score 51-27.

McAvoy seemed to have the best range of the basket and did most of the scoring for the locals in the first half getting many baskets from difficult positions.

The Juniors are very fast players and gave the referee's very little trouble. They play basketball the way it should be played and deserve praise which in turn reflects back to their manager Gordon Poppe.

Frissider of the Central Y. M. C. A. Hamilton, handled the whistle in a satisfactory manner.

A good preliminary game was played between the Business Boys of the and the Niagara Falls Intermediate team resulting in favor of St. Catharines 23-16.

DODD'S KIDNEY PILLS

HOW SPORT THRIVED IN THE GARDEN CITY IN THE OLDEN DAYS

CURLING
A late correspondent to your paper deplors the want of a good skating and curling rink in this city. Less than 30 years ago we had one of the best in Ontario, built by a number of our prominent Scotch citizens at a cost of about \$25,000. It was situated upon the property now used by the Simcoe Canning Factory, corner of Wellington and Lake street, with a large skating floor and spaces for four curling rinks where during the winter, old residents like Capt. James Norris, Capt. J. Murray and James and Robert Laurie, C. Douglas, J. B. McIntyre, Rory Campbell, Alex. Ramsay, John W. King, G. W. Gibson, Robt. Struthers, J. D. Tait and other worthy shells piled the stone and besom, amidst hilarious jokes, some as old as the roarin game itself. Unfortunately after a few years in use the neat building went up in flames.

An effort was made to replace it, and Mr. James McNeill, a well known builder, prepared plans for a combined

skating and curling rink and swimming bath which he proposed to build upon the canal bank, below the Old's Foundry. Unfortunately Mac who was lock-master on old Lock 2 was drowned in the lock, whilst trying to release a piece of timber jammed in the Mike and the project ended.

RIFLE SHOOTING
During the civil war in the U. S. the formation of an active militia force in Canada and the organization of town and city battalions as well as Rifle Clubs soon brought the excellent pastime of rifle shooting at targets into existence and in a short time this town produced a large number of excellent marksmen, amongst whom were George Dishar, George Wilson, Builder, Jos. Hodgins, John Cawker, Dr. A. May, and many others now forgotten. The rifle range was situated under the embankment where the G. T. R. crosses the 12 mile creek, and was well patronized during the spare hours of the

members. They boasted a number of crack shots among them being Mr. G. Dishar, a photographer, who on several occasions represented the Ontario Rifle Association at the great International matches held at Wimbledon and Bisley in England. Separately from the military marksmen were the big army of sports, who under the command of Mr. J. W. King, our present License Inspector assembled during the Christmas holidays for the great turkey shoot which annually took place adjacent to Capt. S. Neelon's old Red Mill, where the Packard works now stand. The attendance was always large and composed of captains and sailors on the big fleet then owned in St. Catharines, also many of the butchers and store keepers in the city, and some from a distance. Although the weather at that season was generally sharp the boys always seemed to enjoy the fun, as it required of a pretty good shot to cut the head off a turkey at 200 yards.

GOLF TITLE DATES

New York, March 15.—The week of August 16, has been selected by the executive committee of the United States Golf Association for the holding of the national golf championships.

The tourney will be staged at Oakmont Golf Club, Allegheny, P. A. The women's national title tourney will be held during the week of September 29, at Swance-on-the-Delaware, Pa.

NEW FENNIS CHAMPION

New York, March 15.—Mrs. Geo. W. Wightman, of Boston, won the women's national indoor tennis championship here yesterday, defeating Miss Marion Zinderstein, her fellow member from the Longwood Cricket Club. Mrs. Wightman becomes the successor of Miss Molla Bjurstedt, who did not compete in this tournament.

PETITION ON THE O. T. A.

C.P.R. Directors in the West

C. R. Hosmer, Sir Augustus Nanton, Senator F. L. Beique, E. W. Beatty, K.C., Minister and Smelting Company of Trail, B.C. he is particularly interested now in mining development.

Sir Edmund Osler is also a citizen of Toronto. As president of the Dominion Bank and head of one of the most powerful brokerage firms in Canada, his financial advice is of great value to the C. P. R.

Sir Augustus Nanton came to Winnipeg in 1884 and remained there to become the leading financial authority in the West. Like Sir Herbert Holt, he has taken a strong interest in the Canadian Patriotic Fund.

Mr. E. W. Beatty, K.C., in addition to being a director is also the legal vice-president of the railway.

The advent of so distinguished a party of visitors naturally created great interest at the cities where the special train made a stop. The itinerary selected has enabled these directors to see not only the country traversed by the Main Line of the C. P. R., but also the more northern areas of the three Prairie Provinces. In this way they have obtained a comprehensive idea of crop conditions in Canada's great West—conditions which are on the whole very satisfactory in spite of rather unfavorable climatic conditions in early summer.

MOLLA BJURSTEDT SEES OTHERS SEEK HER TITLE IN TENNIS TOURNAMENT

New York, March 15.—Miss Molla Bjurstedt, who leaves her title undefended, was an interested spectator when play was resumed for the Women's National Indoor Tennis Championship here yesterday.

Boston players yesterday took a firm grip on the championship, when Mrs. George H. Wightman and Miss Marion Zinderstein filled both ends of the final bracket.

The same two players went into the final round of the doubles by eliminating Mrs. S. F. Weaver and Miss Eleanor Goss. They appeared to be certain winners over the New York players to-day.

"Subs" Beat Regulars in Match at Regina

Regina, Sask., March 15.—The famous Flying Frenchmen played an exhibition game at the arena rink dividing the members in the party between "two clubs, and the six men known as "subs" won the match 9 to 8. While it was an exhibition match, the professional players went right after things.

CANADA'S GREAT CHANCE IN EXPORT FIELD

Cablegrams to the Canadian Trade Commission, Ottawa, state the all important fact that the British Board of Trade regulations insist that only goods of British Empire origin shall be exempted from the rigid general restrictions which were imposed in continuation of wartime trade regulations.

"Canadian manufacturers and producers," the message adds, "should comprehend the importance of the fact that foreign goods cannot, therefore, reach England by way of Canada." "The market here is now being opened," the cablegram continues, "and Canadian manufacturers have a big opportunity, as stocks in everything are very low. As this is business which does not involve government credit, it is up to Canadian business men to make the necessary effort to get orders. Our business is to find the markets."

The shipping situation is also easier, so that prompt and good business may be looked for. A previous communication from London states that there are now over 200 representatives of Canadian exporters in Great Britain.

THOROLD

The funeral of the late Ronald McDonald was held on Thursday morning from the family residence, Chappell street, to Lakeview Cemetery. High mass was chanted at the Church of the Holy Rosary by Reverend Father Manley, who also officiated at the graveside. Those who acted as bearers were A. McKeague, Joseph Batle, James Tobin, Thomas Flannery, M. Battle and James Garner.

Mr. Peter Steep left on Tuesday morning for Galt to attend the funeral of Andrew Nolan, his niece's husband. Mr. Nolan was a prominent manufacturer of Galt, and was stricken suddenly in the midst of life's activities, though apparently in good health up until that time. Mr. Steep intends to prolong his visit a little longer, calling on relatives at other places before returning to Thorold.

BERT LYTELL IN "THE SPENDER"

Bert Lytell voted one of the most popular stars of the stage and screen has added new greatness to his name by his work in "The Spender" which will be the attraction at the King George Theatre on Monday and Tuesday. This play, taken from the story of the same name, by Frederick Orin Bartlett, which was published in the Saturday Evening Post, has resulted in drawing unusually high praise from noted critics and has gained unbounded praise for the clever actor. The plot is that of a debonair and lovable young man who, not unnaturally, desires the good things of life. His purse, however is slender, while his uncle, on the contrary possesses a million, but also, the disposition of a miser, and no capacity for enjoyment. The thought comes to Dick Blsbee that the old man is not getting his meed of happiness out of life, because he does not know how, and decides to teach him the art of enjoyment. "You can not take your money with you when you die," he tells his uncle, "So let show you how to enjoy it here." After some persuasion the old man agrees to this, and Dick becomes the spender of his uncle's wealth, bringing him happiness and renewing his youth. Love also finds its way into the younger man's life and a pretty romance results when Dick meets the daughter of an old friend and benefactor. This many adventures which befall both old and young men on their quest for happiness is most entertainingly told, making a story of delightful human interest which will be enjoyed by old and young.

SIMPLE AS A B.C. TRY IT TONIGHT FOR YOUR NERVOUSNESS

Worn out, tired in the morning, you lack the energy and ambition to work as of old. This means nerve decay—nerves that are starved for the want of good, rich blood.

It's blood nourishment that vitalizes the nerves. Your blood is thin, weak, watery. It's filled with poisons that hang on because your kidneys don't filter properly.

See here, fix up your kidneys, put new life in your liver, and you'll feel like new in a short time.

To do this, you must use Dr. Hamilton's Pills, they make life look bright and pleasant because they restore harmony and vigor to the organs that need repair.

Dr. Hamilton's Pills warm the blood and fill it with nutriment that's bound to build you up, that's sure to lift your weakness, that invariably does make joyous, robust Good Health.

Think of it, youthful strength, lots of nerve force, plenty of red blood surging through your veins— isn't this reason enough for your using Dr. Hamilton's Pills? Sold in 25c boxes by all dealers.

Last evening at the Grand the management increased their orchestra from the clever four that has been the standard all season, to the full seven piece combination. This added zest to an unusually fine vaudeville program, each act of which was a feature. The musical accompaniment to the feature photoplay "The Eleventh Commandment" was a treat in itself.

A MYSTERY PLAY

On the programme of "The 13th Chair," the dramatic mystery by Baynard Veller which comes to the Grand Opera House, Saturday, March 22, matinee and evening, credit is given by the author to Will Irwin who wrote a series of stories in which Rosalie La Grange, a spiritualistic trance medium, was the principal figure. The most important character in "The 13th Chair" is Rosalie La Grange, also a trance medium, but aside from these facts there is nothing in "The 13th Chair" that was related in the Irwin stories. The plot of the play is an entirely original conception.

GEE WHIZ! "BIG BILL" HART IN DRESS SUIT! PREFERS OVERALLS

Artcraft Star's New Photoplay "Brand-in-Broadway" Is Notable Picture

They put "Big Bill" Hart in a dress suit at the studio where he was engaged on his new Artcraft picture, "Brand-in-Broadway," and thereby revealed him as uncomfortable as a man can be under ordinary conditions.

"It made me downright unhappy," confided the Thomas H. Ince star to one of his associates "to be rigged out in one of these boiled shirt outfits. This collar binds like a bride bit on a mustang, and I feel as awkward as a cayuse in harness for the first time. Of course, if art demands that I wear the thing, I'm game, but give me a soft shirt, a pair of overalls and chaps and I'm contented as a Comanche with a bottle of snake bite."

"Bill" looks well enough in his rig, but he is manifestly uncomfortable. To make slight concession to his Western temperament, he wore his Stetson sombrero when he wasn't working and the combination was decidedly congruous.

Mr. Hart has accomplished wonders with the picture, which has much of its action in the little old New York. It will be shown at the Griffin Theatre Monday, Tuesday and Wednesday.

Scene Owen, Mr. Hart's leading woman in the new photoplay, had to acquire the difficult art of flipping pancakes in order to appear to the manor born in a restaurant scene. "Just the same," declared Miss Owen, "my appetite for flap-jacks is destroyed. I never want to look another one in the face."

Tom Brierly, Art Director at the studio, had to rack his brains to find a way of clearing the stage for a set representing a fashionable New York cabaret, which required all the floor space. But he did it. The set is said to be great, as are all of the scenes in this unusual photoplay.

Mr. Fairhurst has selected some very pleasing musical numbers for this picture.

Another big feature will be Ethel Clayton in her big hit, "The Mystery Girl." The comedy end of the program is Bud Fisher's Mutt and Jeff pictures. Those two world famous gloom characters are meeting with as much success in the picture world as they have through the press.

EVERY WOMAN KNOWS THE PENALTY IF SHE DISOBEYS 'ELEVENTH COMMANDMENT'

"Besides the Ten Commandments of the Decalogue, there is another, unwritten, an eleventh, which every woman knows. 'Thou shalt marry none but the man thou lovest.' To disobey which is often to open wide the door to infelicity and even tragedy."

This is the theme around which R. Ince has constructed a powerful emotional drama, "The Eleventh Commandment," starring Lucille Lee Stewart, and released through Exhibitors Mutual.

Dora Chester, the girl around whom the action revolves, lived up to the spirit and letter of the written commandments, but of this unwritten commandment she had to learn by bitter experience.

Dora suffered unjustly, but out of the ashes of a life consumed by the fires of grief arose the golden phoenix of a nature refined by sorrow. She had learned the meaning of "The Eleventh Commandment."

Lucille Lee Stewart, cast in the role of Dora Chester, has splendid opportunity for tense emotional acting, and adds new laurels to her reputation as an actress of unusual attainments.

Shown at the Grand Opera House tonight with six vaudeville acts.

STRIKING TITLES FROM "THE 11TH COMMANDMENT"

"It Was My Punishment. No Girl Should Consider Marrying Anyone But

AT HIPPODROME

"WHO WILL MARRY ME?"

She loved her husband better than life itself.

He had married her when her parents had doomed her to become the spouse of the oily barber, who cut hair and shaved Italians at Little Italy's most pretentious tonsorial parlor.

It was a wealthy clubman, she an humble maid of the Ghetto.

In her wedding gown of dowdy cut and garish hue she had run away from her hair cutting finance and had rushed into the arms of this handsome stranger. And he married her at the nearest preacher's.

Then came the great shadow in their life.

She found him with a smoking revolver in his hand, and on the floor a man lay dead.

He gave himself up to the police, and it looked like the electric chair would claim him. It seemed here was no hope.

But she concocted a scheme to cheat the death dealing currents of their victim. How? What? Which? Whom? Where?

To find the answers to these questions present Monday and Tuesday night when "Who Will Marry Me?" Carmel Myers' latest Bluebird production will be shown here. You all remember this clever star of "My Unmarried Wife," "All Night," "A Society Sensation" and other hits. The Bluebird producers claim this is her best picture since "My Unmarried Wife."

STUFFY HEAD CLEARED OF CATARRH GERMS BY "CATARRHOZONE"

To catarrh victims we have just one word of advice—cure it now. The remedy is "Catarrhozone." That it will cure permanently you cannot doubt. Catarrhozone has cured thousands; it will cure you too.

It acts in two ways: First, it destroys the germ—that checks the progress of the disease. Its second action is to heal the sore places the germs caused. Nice to think of breathing little drops of healing to every part of the lungs, bronchial tubes and nasal passages. It is such absolute thoroughness that makes Catarrhozone so effective in grippe, catarrh, and colds. Then by its sedative influence upon the mucous surface it clears away the cough and throat tenderness very quickly. We owe something to a science that has given us Catarrhozone—that wonderful remedy which so surely enables us to permanently cure disease of the breathing apparatus. We all know that stomach dosing is useless, and this departure in the mode of treatment is an advance in medical science that everybody can appreciate and value. Complete outfit of Catarrhozone, which is guaranteed to cure any case of catarrh, asthma, bronchial or throat troubles, lasts three months, price \$1.00; smaller size, 50c; trial size, 25c; sold everywhere.

A railway tunnel to connect Europe and Africa under the straits of Gibraltar is the latest proposition. It will be about 15 miles long and its estimated cost is \$60,000,000.

INCREASED CRE

During the present week the finance committee of the city has been in the course of preparation of a study from those who are in charge of the outside boards and the estimates prepared so that it may be ready for the council on Thursday night, and perhaps in week.

From the best information here, it would seem that the rate for this year down to the dollar. There has been a slight increase against last year, of course, provide more revenue which will be absorbed and much of the Public School Board's plan of some \$16,000 and for a system which means more money.

The School Board adopted at one of its recent meetings higher salaries to its teachers, secure certain supplies for the school. These supplies will be paid for by the use in the school will allow every boy and girl to have what is needed through their parents are in circumstances. It is, in policy, the idea of State education.

This outlay of the Board amount roughly to half a million schools are built the school will not affect this year in as much as the money raised by the issue of debentures.

Gas Plant a White Elephant

The Gas Plant deficit is a loss that has to be met who wanted or not. It is one of the white elephants that St. Catharines has had on it and who have studied every phase of the problem, who have thought of conceivable scheme to make it pay who deplore the fact that a party should prove a failure, and to acknowledge that under the conditions that have developed it is not humanly possible to "bring go". In common parlance "dead one", but in carrying out the past year the Utilities Commission felt that there might be some means found whereby it could be made to meet expenses. The fact is that after including and sinking fund charges, who to be met whether the plant is shut down, there is a deficit of \$16,000. There is no sound business way to wipe out that is to include this loss in the budget and pay it off. As one million of last year production over \$14,000 it will be met with the increased assessment will require a mill to take up the balance to the School Board ready one and a half mill.

A Larger Police Force

The Police Commission is now by over \$6,000 than it was last year, and it is provided for an increased force of two or three men enlisted increases. They are coming up again be put on the force may get back to where even or twelve men. It is at the pay each man considerably more than a few four years ago, because of living for them has advanced for everybody else. The rates of the Commission are nearly half a mill will be paid including those mentioned. From the firemen comes that the platoon system here, which means that the two shifts of men on duty, the day and the other for this will, if course, cost the
