MILK PRODUCERS HOLDING UP SUPPLIES

But Retail Men Claim That They Can Get All the Milk They Need and Are Not Worrying—No Regular Rates Prevail—All Buying and Selling as They Can.

A number of farmers delivered no milk to their retail dealers yesterday because the latter refused to pay \$1.70 per can for it, the price agreed on by the Producers' Association.

Reports from various sources, viz., producers, retailers and consumers, show that the prices generally are irregular.

TERRIFIC RAINSTORM TIED UP NEW YORK FOR SEVERAL HOURS

Two People Killed and Several Injured, Streets and Subways Flooded, Trains Delayed and Many Buildings Struck by Lightning, by Worst Storm in Years.

NEW YORK, Oct. 1.—(Can. Press.)—A rainstorm that reached almost cloudburst proportions, descended on New York this afternoon, establishing a record precipitation that flooded streets, tied up the subway, hampered surface and elevated traffic in city and suburbs for several hours and caused property loss that can scarcely be estimated tonight.

Queenstown Cut Out

Special Cable to The World. QUEENSTOWN, Ireland, Oct. 1.—The White Star S.S. Company gave official notice today that in future the giant steamship Olympic (\$9,000,000) and her sister ship Titanic (\$10,000,000) will not take on nor disembark passengers at Queenstown, but, when the weather permitting, will receive and discharge mails in the outer bay.

BOYS AGAIN ARE UNDER ARREST

And Others Will Be Taken Into Custody for Stealing From West End Stores.

Half a dozen stores and buildings have been broken into during the last week in the West End street neighborhood by boys under 17. The same two lads, aged 9 and 11 years, who appeared in the juvenile court yesterday, on a charge of shop-breaking, were taken in charge again last night on similar charges, and more juvenile arrests are expected.

Three horses were burned in a fire which broke out about 10:30 last night, in the two-story frame stables at 274 and 278 east Front street, owned by the Canadian Northern Railway.

LET MACHINERY GOULD NOT LIVE ENTERED FREE OF DUTY WITHOUT ONE, SO DID

Benjamin Morgan, in London Financial News, Declares Solution of Freight Transportation Problem—More Trade Will Automatically Bring Reduction in Rates.

LONDON, Thursday, Oct. 2.—Benjamin Morgan, discussing the all-important question of Canadian freight rates in today's issue of The Financial News, declares that the Dominion Government has the remedy in its own hands.

Assuming that the British consumer paid twelve shillings stxence per ton on this freight, says Morgan, the return freight would be very much lower and would be all in favor of the Canadian producer.

Such a concession to the merchant, he states, need not effect more than six or eight items in the Canadian tariff, but it would undoubtedly attract a considerable volume of British goods to Canadian ports and assure considerable freightage in the direction of Canada.

Return Freight Lower. Assuming that the British consumer paid twelve shillings stxence per ton on this freight, says Morgan, the return freight would be very much lower and would be all in favor of the Canadian producer.

This country, he continues, does a larger trade with the Argentine in exactly this class of goods and takes in return year by year a very considerable amount of Platine wheat.

Morgan is aware of the difficulties involved in dealing with the Canadian tariff, but nevertheless in this class as so urgent that the Government of Canada would in the interests of her primary producers be well advised to throw her ports open to this particular class of British goods and so secure relatively favorable freight rates for her grain, flour, lumber and other products.

One thing is certain, he concludes, by encouraging the importation of heavy and bulky British goods into Canada draw British tramp steamers to her ports, and without the tramp steamer low freight rates are at present an economic impossibility.

FRICION LEADS TO WITHDRAWAL LONDON, Oct. 1.—(C.A.P.)—Captain Hughes Onslow of the royal navy, whom the admiralty last year sent to the Australian naval authorities, has been suddenly relieved of his duties. It is an open secret that there has been a considerable amount of friction for some time past between British officers sent by the admiralty to the Australian navy and the Australian naval board owing to the manner in which the latter have interfered with the former in the discharge of their duties according to the prescribed customs of the British naval service. The president of the board is Senator Pearce, minister of defence.

ALL ELECTRICAL EQUIPMENT TO BE BOUGHT THRU HYDRO

Ontario Commission Will Act as Middleman Between Wholesaler and Municipalities, But Without Taking a Profit.

Hereafter for the municipalities of Ontario the Hydro-Electric Commission will serve as the middleman in the purchase of all electrical equipment. In no sense, however, will there be a middleman's profit for this purpose, the details of which were last evening made public. It is designed purely to advance the cause of cheap labor to all who would have it. It came as a request from many towns and cities that the commission act as central purchasing agent, so that they might obtain the reduction on the cost of materials and apparatus consequent upon buying large quantities. This idea will be carried out, and in addition the newly completed building in Toronto will have a thoroughly equipped laboratory to ensure by test the standard quality of the goods purchased.

FORTY PER CENT. GOOD ADVICE OF CROP IS IN TO PUBLISHERS

Threshing in Saskatchewan Will Be Completed by the End of the Month.

REGINA, Oct. 1.—(Can. Press.)—Reports to the Saskatchewan Government's department of agriculture are that threshing operations are being carried on under favorable weather conditions. Slight delay was caused by wet and windy weather a week ago, which held up the threshing machines for a few days. However, all are again working to their utmost capacity.

Reports indicate that threshing should be almost completed by the end of October. Forty per cent of the wheat crop is threshed, 35 per cent of oats, 40 per cent of barley, and 25 per cent of flax.

The average yield of wheat will run close to twenty bushels to the acre for the province, while the quality generally is high. The difference in yield is more marked than is usually the case. The average grades for wheat are number one, two and three Northern.

INVENTOR'S DEATH TAKEN FOR FACT

Directors of Diesel Engine Company Confer Story of Inventor's Death.

Special Cable to The World. Copyrighted by The Toronto World and N. Y. World. LONDON, Oct. 1.—The mysterious disappearance of Dr. Rudolf Diesel, the inventor of the Diesel engine, was investigated by the directors of the Consolidated Diesel Engine Manufacturers today in London, at which there was reason to expect trouble, as the shareholders are dissatisfied with the working of the company and the absence of dividends.

It is said that Dr. Diesel had been greatly overworked and suffering seriously from insomnia. His large personal fortune was in no way involved in the company's affairs. The Diesel engine has recently been discontinued in many large steamers, owing to the cost of fuel and this serious turn of affairs preyed upon his mind.

A telegraphic denial of the disappearance of Dr. Diesel, received by his family in Munich early today, gave hope that the inventor was actually in London. Later investigation showed that his telegram was sent from Switzerland and that he had not returned to his home in Paris. At today's meeting of shareholders Chairman C. C. Ellis of the Diesel Engine Company confirmed the story of Dr. Diesel's disappearance, expressing the regret of the directors of the company at their loss.

"We can hardly hope to see him again," concluded Mr. Ellis, "and I am sure his widow and friends have our deepest sympathy."

KIPLING'S STUFF POOR, SAID TOLSTOI

Shakespeare's Julius Caesar Was Amazingly Bad, and If Great Russian Had Been Young, He Would Have Written an Article in Order to 'Relieve' People.

Special Cable to The World. Copyrighted by The Toronto World and N. Y. World. MOSCOW, Russia, Oct. 1.—At the wish of Count Leo Tolstoy's widow all the letters written by him to her throughout his married life (from 1882 to 1910) have just been published here.

In the first letter, written to his then fiancée, in September of 1882, he says: "I should have died of laughter if a month ago someone had told me what I am suffering and, fortunately, have been suffering all this time. Tell me as an honest being, do you wish to be my wife? But only if in all your soul, say yes. Better say no if you have a shadow of doubt. It would be dreadful for me to hear 'no' but I would find strength to support it."

The first mention of his work comes in 1884, when he was writing "War and Peace." He speaks cheerfully of the morning's work when he writes a footnote: "I went to sleep," he relates, "and dreamed of all the persons in my novel." After its completion he wrote to his wife:

"You are quite right in saying that all that is historic and military in my novel is not composed well. It is only when describing character and family relations that it is good."

Liked Outdoor Life. He went often in the early '70s to the steppes of Samara to drink kumys (otherwise mare's milk) and lead an outdoor life. Those visits greatly benefited him. During one visit he wrote his wife:

"I feel differently and have recovered from the error of holding that others must look at things as I do."

Again he writes: "I don't know who is less useful or more charitable, priests or doctors."

Another letter relates that "A drunken man drove me in his cart today. He kissed me and my dog, and said I was a father to him. The kindest most charming human being is a drunken man in the first stage."

Writing in 1881 of his absence from his wife, Tolstoy states: "The evil of town life is that one must always either dispute or deny false judgments or agree to them without a dispute, which is worse. To dispute or deny nonsense and falsehood is the most useless and endless of occupations."

At the time of the Russian novelist, Turgenev's death that year, Tolstoy wrote: "I love him very much and feel like constantly reading his works, which are beautiful and charming."

Ten years later, when de Maupassant died, Tolstoy's letters contained many references to him. One says: "Tania and I are passing all our time reading de Maupassant." He was played in the United States.

DOINGS OF THE DISCIPLES

BY DR. QUILL

President Judge F. A. Henry said in his address that "foreign missions are the meat and pot of denominationalism." The new fan-ous Alexander Campbell is known to have kindled with all the fire of a great soul the first disciples of this modern Brotherhood, to melt down the sectarianism of his generation. The present convention signifies that this so-called smelter of creeds has been burning up some fuel. The splendid record of missionary expansion among the heathen proves that these Disciples are expecting the church abroad to be the refined church of Christ. And to look at the convention platform on Wednesday suggests that the women can do more than fire stoves for housekeeping.

Yonder sit the saints of their society, well-known by his initials—C. W. B. M. One, Mrs. N. E. Atkinson, Indianapolis, is a charter member, who 39 years ago joined with the small group in forming the organization. Frailty of body and of advanced age renders her more of spirit than flesh, which was demonstrated when she stood on the high dais to look at the convention and to pray for the church of Jerusalem. And she reminded her sisters that Mary, the mother of Christ, was there, and that is the last place we have any trace of her presence. The rest of the "saints" in evidence on the platform presented a brilliant scene of color and life. They are, indeed, very much alive and have consecrated the best in life to God. Anything further of admiration would not be wise for a man to place in print. Only this further, that one does not need to go "to the races" to see the ladyhood of a nation.

Mrs. Anna Robinson Atwater, Indianapolis, the president, is as striking a figure among women as Judge Henry is with the other sex. And the address delivered yesterday morning, without a note to assist the memory, will bear good comparison with that so ably presented the previous evening. This lady has been for at least ten years in her present position. Her predecessor was Mrs. Helen E. Moore, who has been called to higher reward. The sisterhood have the utmost confidence in her statesmanship, and the public has had a fine selection of her eloquence.

Just note a few periods. She had been referring to the need of 30 new missionaries. "At least ten should be sent immediately to Mexico," and the audience breathed quietly, while she said, with trumpet notes, "Is the church of America taking to heart the situation of Mexico's distress?" Her thought then flew to Africa and her "dark eyes became luminous as she recited facts which brought tears everywhere. "You people, who love your children, let me tell you of a home which has lately dedicated its only son and daughter for Africa's redemption. A beloved sister is not with us at this convention. But she told us ere going to be with Jesus, that she'd help from up there. Let us believe it!"

HAPPY OLIVER TWIST

Marched in Red Blouse and Trousers of Cerulean Blue.

Hurray! Here they come. School's out. A real stampede of boys, and they all make for the playthings and games that are waiting ready to hand in the yard outside.

This was yesterday morning at the school just opened at Eaton's big downtown store. Mamma and a few papas were out to see how the boys comported themselves on this first day of their school life, and the verdict was that the boys were most creditable in every way.

And in the matter of clothes there surely were never such comports as well-dressed lads before assembled in any school in the province. There were boys in well-fitting Eton suits, others in attractive tweed and serge Norfolk, bloomer suits, gaiters, overcoats civil or military, loosely fitting or tight, choice in color and fit to suit every taste.

Some of the boys came late, and finding that a gentle tap or two on the door brought no response from within they soon contented themselves in watching the games of bigger boys just arriving. Excitement ran high, and Dolly Dimples, the pretty amiable teacher, who has the boys in charge, ran out to see what the tumult might be. A ring from her bell and an admonition from her lifted hand soon brought the happy, boisterous party into line, and up and down they marched the broad walk, as much at home in their fine clothes as are the aristocrats of the old regime who promenaded before the chateau away down in Quebec.

When equipped for their march the boys nearly all carried canes, and it was easy to see that they all belonged to the class who have the true eye for beauty, and the true eye for the harmony of color and the true eye for the things of things. There was nothing hit-and-miss, no one thing laughing at another as one often sees in other schools. Overcoats, boots, hats, bags, gloves—everything had been chosen with reference to everything else, and every boy's outfit was a happy piece of being correctly dressed, and it showed in their smiling faces, and the way in which they carried themselves.

It was fun to watch Oliver Twist in his red blouse and little blue trousers, and the boys in their Russian suits of tweed, chocoas, panamas and the sailor suits and the cute Teddy bear outfit, and the Chinohills coats—these, it would take a week to tell you all.

Meantime the band was playing, and anyone who listened could tell at once that she borrowed the music audible under the notes of the instruments.

Boys and girls come out to play. The moon doth shine as bright as day. Come with a whoop and come with a call. Come with a good will or don't come at all.

But they came with a good will. All the little kindergarten class in white, pink and blue rompers, in reefer coats, in sailor suits, all the newest, latest in shades and material. Velvet was a favorite, and caps and hats were of shapes to suit all the different faces and styles of hair. There in the green Alpine with the feather in front was a friend of all the ladies who were watching, and so was Sammie in the gray suit with the fair hair over his white baby forehead.

By-and-by the orchestra played "The Blue Bird" and the boys and girls came out to play. The moon doth shine as bright as day. Come with a whoop and come with a call. Come with a good will or don't come at all.

And Other Public Officials Join in Unstinted Praise of the World's Great Book "Panama and the Canal in Picture and Prose"

Such Endorsements Should Convince You That YOU Need This Book. Get It NOW. Don't Delay.

FROM THE SECRETARY OF STATE. August 15, 1913. My Dear Mr. Abbot—Panama and the Canal in Picture and Prose is a thing of beauty, and as for its accuracy, I know you so well as to believe it all. It is a thing of beauty, and as for its accuracy, I know you so well as to believe it all.

FROM THE SECRETARY OF THE TREASURY. August 15, 1913. Dear Mr. Abbot—From the cursory glance I have just been able to give your book on Panama I feel sure that it contains much of interest, and I shall take a great deal of pleasure in reading it more carefully.

FROM THE MAJORITY LEADER IN THE SENATE. August 15, 1913. My Dear Mr. Abbot—Your new book, Panama and the Canal in Picture and Prose, is a thing of beauty and a joy for ever. The mechanical execution is unsurpassed, and you have made a great contribution to Panama literature.

FROM THE MAJORITY LEADER IN THE HOUSE. August 15, 1913. My Dear Mr. Abbot—The book is a graphic presentation of the facts concerning this greatest of all modern contributions to the world's progress and the unity of nations. Your style of treatment makes it as interesting as it is informative, and it will be prized both by those who have visited the Canal Zone and those who have that great pleasure yet in view.

FROM A WELL-KNOWN DEMOCRATIC SENATOR. August 21, 1913. My Dear Mr. Abbot—Your book on Panama is a splendidly illustrated and written, and I have enjoyed it very much, besides getting from it a great deal of most valuable information.

FROM CHAIRMAN OF SENATE COMMITTEE ON INDIAN AFFAIRS. August 19, 1913. Mr. Abbot's work on "Panama and the Canal" is the most interesting and valuable publication relative to the Isthmus I have ever come to my notice. Its careful preparation is especially evidenced by its completeness of detail.

FROM A WELL-KNOWN OHIO SENATOR. August 15, 1913. My Dear Mr. Abbot—"Panama and the Canal in Picture and Prose" is a very valuable contribution to the bibliography of a country, which is bound to be of object of increasing interest to the people of both continents.

FROM THE CHAIRMAN OF INTERSTATE COMMERCE HOUSE COMMITTEE. August 15, 1913. My Dear Mr. Abbot—I have examined with great pleasure and admiration your exquisite book on Panama. It is a thing of beauty, and as for its accuracy, I know you so well as to believe it all.

FROM THE WELL-KNOWN WISCONSIN SENATOR. August 26, 1913. My Dear Mr. Abbot—I have had opportunity only to glance through "Panama and the Canal" to observe how profusely and beautifully it is illustrated. It is pleasing and attractive in appearance, and when I have opportunity to read the text I am confident that I shall find it the other productions of your pen, both entertaining and informing.

FROM AN INDIAN CONGRESSMAN. August 21, 1913. My Dear Mr. Abbot: I am delighted with your book "Panama and the Canal in Picture and Prose." It is the most valuable publication on Panama yet issued. You have thoroughly popularized the entire matter. I think I have read everything published on the subject of Panama and the Canal, and in my study of the subjects connected with the Canal, I have spent many days on the Isthmus of Panama.

FROM A LOUISIANA SENATOR. August 25, 1913. Dear Mr. Abbot—"Panama and the Canal in Picture and Prose" is one of the most thorough works of its kind that has come before me, and on its face it shows the result of untiring efforts on your part. It appears to be remarkably well arranged, and I am sure it contains an exhaustive fund of information. Very sincerely, JOS. E. RANDELL.

FROM A PROMINENT REPUBLICAN SENATOR. August 22, 1913. My Dear Mr. Abbot—My wife and I spent a most delightful Sunday in going over your magnificent book on Panama. We had visited the Isthmus last Christmas and were familiar with the different places, which lent an additional charm to your book. It is about the most "readable" book I have had hold of for a long while. Sincerely yours, WM. S. KENTON.

FROM AN ALABAMA CONGRESSMAN. August 21, 1913. My Dear Mr. Abbot—I have looked over your book on Panama and the Panama Canal very carefully, and I consider it the best book on the subject that I have ever seen. The descriptions and illustrations are excellent, and I am greatly pleased to be able to add to my library. Yours most truly, FRANK CLARK.

FROM A FLORIDA CONGRESSMAN. August 22, 1913. Dear Mr. Abbot—I have looked over your book on Panama and the Panama Canal very carefully, and I consider it the best book on the subject that I have ever seen. The descriptions and illustrations are excellent, and I am greatly pleased to be able to add to my library. Yours most truly, JOHN L. BURNETT.

FROM AN ALABAMA CONGRESSMAN. August 21, 1913. My Dear Mr. Abbot—I have just examined your excellent book entitled "Panama and the Canal in Picture and Prose," and I assure you that I am delighted with it from cover to cover. The style and diction are entertaining, and the subject-matter is full of instruction and replete with information. This contribution satisfies you more than ever to the grateful appreciation of your admirers. With best wishes, I am your friend, JOHN L. BURNETT.

FROM A FLORIDA CONGRESSMAN. August 22, 1913. Dear Mr. Abbot—I have looked over your book on Panama and the Panama Canal very carefully, and I consider it the best book on the subject that I have ever seen. The descriptions and illustrations are excellent, and I am greatly pleased to be able to add to my library. Yours most truly, JOHN L. BURNETT.

PRAISE

FROM THE SECRETARY OF THE TREASURY. August 15, 1913. Dear Mr. Abbot—From the cursory glance I have just been able to give your book on Panama I feel sure that it contains much of interest, and I shall take a great deal of pleasure in reading it more carefully.

PUBLIC OFFICIALS

FROM THE MAJORITY LEADER IN THE SENATE. August 15, 1913. My Dear Mr. Abbot—Your new book, Panama and the Canal in Picture and Prose, is a thing of beauty and a joy for ever. The mechanical execution is unsurpassed, and you have made a great contribution to Panama literature.

SENATORS

FROM A WELL-KNOWN DEMOCRATIC SENATOR. August 21, 1913. My Dear Mr. Abbot—Your book on Panama is a splendidly illustrated and written, and I have enjoyed it very much, besides getting from it a great deal of most valuable information.

FROM CHAIRMAN OF SENATE COMMITTEE ON INDIAN AFFAIRS. August 19, 1913. Mr. Abbot's work on "Panama and the Canal" is the most interesting and valuable publication relative to the Isthmus I have ever come to my notice.

FROM A WELL-KNOWN OHIO SENATOR. August 15, 1913. My Dear Mr. Abbot—"Panama and the Canal in Picture and Prose" is a very valuable contribution to the bibliography of a country, which is bound to be of object of increasing interest to the people of both continents.

CONGRESSMEN

FROM AN INDIAN CONGRESSMAN. August 21, 1913. My Dear Mr. Abbot: I am delighted with your book "Panama and the Canal in Picture and Prose." It is the most valuable publication on Panama yet issued. You have thoroughly popularized the entire matter. I think I have read everything published on the subject of Panama and the Canal, and in my study of the subjects connected with the Canal, I have spent many days on the Isthmus of Panama.

FROM A LOUISIANA SENATOR. August 25, 1913. Dear Mr. Abbot—"Panama and the Canal in Picture and Prose" is one of the most thorough works of its kind that has come before me, and on its face it shows the result of untiring efforts on your part. It appears to be remarkably well arranged, and I am sure it contains an exhaustive fund of information. Very sincerely, JOS. E. RANDELL.

FROM A PROMINENT REPUBLICAN SENATOR. August 22, 1913. My Dear Mr. Abbot—My wife and I spent a most delightful Sunday in going over your magnificent book on Panama. We had visited the Isthmus last Christmas and were familiar with the different places, which lent an additional charm to your book. It is about the most "readable" book I have had hold of for a long while. Sincerely yours, WM. S. KENTON.

FROM AN ALABAMA CONGRESSMAN. August 21, 1913. My Dear Mr. Abbot—I have looked over your book on Panama and the Panama Canal very carefully, and I consider it the best book on the subject that I have ever seen. The descriptions and illustrations are excellent, and I am greatly pleased to be able to add to my library. Yours most truly, FRANK CLARK.

GOOD NEIGHBOR GONE WRONG. We are astonished to find our neighbor, The Globe, defending and even commending those who seek to plunder the people by a corner in the necessities of life.

Eggs, he remarks, hatched in incubators sometimes give a percentage of weak chicks, so that many die during the first few days. If however, electric currents are applied, these have such a stimulating effect that they not only preserve the life of the weakly chicks but enable them to gain weight on their normal amount of food.

INDIA'S DRAIN OF GOLD. That local laws and customs react on their economic side wherever the ramifications of trade and commerce extend, is rather strikingly illustrated in the inferior report submitted by the Canadian commission on Indian finance and currency.

Operators on Wall street are not only injurious to men having offices in New York, they drain the resources and to a large extent demoralize the morals of people in every state of the Union.

There is a general suspicion that betting has a good deal to do with the result of many horse races, and The Globe editorially is in favor of forbidding all bookmaking at our races.

The Globe criticizes President Wilson and his followers in congress for their effort to discourage gambling in cotton by imposing a stamp duty of one-tenth of one cent on pound contracts for sales of cotton for future delivery.

ELECTRICITY AND POULTRY REARING. Recent discoveries made in Egypt reveal the interesting fact that five thousand years ago incubators were in use and that the temperature was gauged by applying the eggs to the tender skin of the eyelids.

Since the "malaria theory" of the origin of conveying malaria and yellow fever ceased to be a theory and became an established fact, no pains are too great for the sanitation force to take in fighting the insects.

Professor Angus of Toronto University, an expert appointed by Judge Winchester to examine the schools, stated at the enquiry yesterday that the specifications in the contracts for the various schools were altogether too indefinite and that he found that the ventilation in many of the buildings was defective.

BRITISH LAND POLICY. In anticipation of the land reform campaign to be inaugurated by Mr. Lloyd George during the course of this month, British Unionists have formulated a scheme of their own. It aims to embody a definite and comprehensive policy for the encouragement of British agriculture, and according to The London Times, it represents the considered opinions of men closely connected with every branch of agriculture, and expresses the result of many months work.

"CRANKING" THE TORONTO WORLD

Some Phases of Col. Gorgas' Warfare on the Insect That Transmits Malaria and Yellow Fever. By Willis J. Abbott, Author of "Panama and the Canal in Picture and Prose." Copyright, 1913, Syndicate Publishing Co., New York. All rights reserved.

The latest desire in the unceasing warfare of the Sanitation Department upon the mosquito of the Canal Zone is a contraption which shows how the way the "skeeter" flies, where he comes from and whither he is going. It is a small frame holding four glass plates set at right angles, with each plate facing East or North, for example, North, South, East or West. All are properly coated with tanglefoot so that when the headless mosquito bumps into a plate in his flight, he stays permanently.

When Col. Gorgas came to the isthmus the two towns Panama and Colon, were well fitted to be breeding centers for the disease. Neither town had sewer nor any drainage system. The streets of Panama were paved after a fashion with cobblestones and lined with the refuse of the town which lay in the gutter.

Goodness, no, I must telephone the department. Speechless with amazement you wonder if the police or fire department is to be called out to cope with this mosquito. In due time there appears an official equipped with an

Mills v. Eganville—J. T. White, for plaintiff on motion for injunction, F. Aylesworth, for defendant. Stands at request of defendant until 2nd inst.

Moorcroft v. Bishoprick—M. A. Brown, for plaintiff; J. L. Jones, for defendant, moved to strike out statement of claim. By consent action dismissed as against railway company, without costs.

Watson v. Jackson—G. F. Shepley, K.C., for plaintiff, moved for order continuing injunction, and asked for judgment by adding two party defendants. J. W. McCullough, for defendant. Order made allowing amendment by adding Edwin Jackson and John K.C., for plaintiff. Appeal by defendant from judgment of Middleton, J., of 18th April, 1913. Action by plaintiff to recover \$1,700 claimed to be due by defendant as commission to plaintiff for selling lots in Welland. At trial judgment was awarded plaintiff for \$1,700 and costs. Appeal dismissed with costs.

Field v. Richards—J. E. Jones for defendant, R. C. Levesque for plaintiff. Appeal by defendant from judgment of Middleton, J., of 16th May, 1913. Action for damages for alleged wrongful entry on plaintiff's lands and premises and cutting and removing a number of valuable pine, hemlock and other trees growing thereon. At trial judgment was given for plaintiff for injunction, from damages and costs on high court scale, and costs of injunction motion. Appeal dismissed with costs.

Sutherland v. Blair—G. H. Watson, K.C., for plaintiff; W. E. Proctor for defendant. G. F. Henderson, K.C., for plaintiff. Appeal by defendant from judgment of Middleton, J., of 18th April, 1913. Action by plaintiff for \$1,700 and costs. Appeal dismissed with costs.

Ottawa and Gloucester Road Co. v. City of Ottawa—P. E. Proctor (Ottawa) for defendant; G. F. Henderson, K.C., for plaintiff. Appeal by defendant from judgment of Middleton, J., of 18th April, 1913. Action by plaintiff for \$1,700 and costs. Appeal dismissed with costs.

Cooper v. Jack Canuck for defendant; J. G. Farmer, K.C., for plaintiff. Motion by defendant for order striking out statement of claim on two grounds (1) that it discloses no cause of action and (2) misjoinder of parties. Judgment: In neither ground do I think defendant is entitled to succeed. Defendants ask in the alternative that portions of paragraph three of statement of claim be struck out as irrelevant and embarrassing. The portions objected to are sufficiently connected with the other published statements in respect of which the action is brought and they should remain as part of the record. It is difficult to see how they can cause embarrassment or interfere with the proper trial of the action. The application for judgment on the name of the controller referred to in paragraph three of the statement of claim is also refused. This name is or should be within the power of the defendant or some one of them. Motion dismissed with costs. Defendants appeal from judgment on this date within which to deliver their statement of defence.

Before Middleton, J. City of Toronto v. Delaplane—J. S. Fairly for plaintiff; C. S. McInnes, K.C., for defendant. Appeal by the city for an injunction to restrain erection of garage to be used for hire or gain and to direct the pulling down of such building as has already been erected on ground that it is in violation of bylaw 661. Judgment: I have come to the conclusion that the garage in question is not a garage to be used for hire or gain within the meaning of the statute. The scheme of the owner is to use the garage to be used by tenants of an apartment house. This being my view the action fails and I do not consider the other important and difficult matters discussed upon the hearing. Action dismissed with costs.

Sullivan v. Dore—S. F. Washington, K.C., for plaintiff; G. L. Staunton, K.C., and E. F. Lester for defendant. Action by plaintiff for lease and for forfeiture of lease and for damages. Judgment: I do not think there has been a proper notice under the statute to enable the landlord to enforce the forfeiture, and I think the action would fail. I think the landlord has the right under the covenant to have the building restored to the condition in which it was at the time of the demise. I suggest that the defendant should be ordered to restore the building to the condition in which it was at the time of the demise. Action dismissed without costs.

Grills v. Canadian General Securities Co.—I. F. Hellmuth, K.C., and F. S. Meares for defendants, F. Arnold, K.C., for plaintiff. Appeal by defendant from judgment of Middleton, J., of 18th April, 1913. Action by plaintiff to recover \$1,700 claimed to be due by defendant as commission to plaintiff for selling lots in Welland. **WATER LET INTO  
THE CULEBRA CUT**

**PANAMA, Oct. 1.**—Water was let  
into the Culebra Cut from Gatun  
Lake thru 24-inch pipes under the  
Gambos dike at 9 o'clock this morn-  
ing. At the present rate of flow the  
cut between the Cucaracha slide and  
the Gatun dike, a distance of about  
five miles, will be filled to a depth  
of fifteen feet by October 10, the  
date set for the destruction of the  
Gambos dike.

Since the suspension of steam  
shovel operations, the Cucaracha  
slide has extended completely across  
the cut to the 73-foot level, so that  
when the water is admitted to the  
probable lake level of 88 feet on  
October 10, it cannot pass this bar-  
rier. It is now proposed to ditch  
the Cucaracha slide when the re-  
sulting rush of water is expected to  
carry away a large portion of the  
obstacle.

**SAYS CONSTABLE  
MALTREATED HIM**

Arrested yesterday on a charge  
of disorderly conduct, Clarence  
Taylor exhibited in police court a  
badly blackened eye and declared  
himself thru his counsel, S. W.  
Burns, to have been ill-treated by  
Constable Waghorn (106) who ef-  
fected his arrest. The case is ad-  
justed for a week to allow Taylor  
to bring witnesses.

Taylor's story is that he was  
selling apples from a motor truck,  
when he was arrested and struck for  
no reason whatever.

## QUEEN'S REFUSED TO PLAY ALERTS

On Account of Lack of Practice—Local Teams at Practice—Rugby Notes.

According to a Kingston despatch Coach E. O. Suter has the Queen's football squad down to hard pan. Capt. "Jack" Hastie, having great trouble with his knee, will be unable to play from Peterboro, looks good for a place on the senior team. On account of lack of practice the team had to refuse the offer of the Hamilton Alerts for a game here.

Montreal had enough for two teams out yesterday and Paul Hamilton is having a hard time of it. The line plugging of Carpenter was the feature of the practice. Kelly was served between signals and it is almost certain that he will play Saturday.

"Shag" had about fifty candidates out for practice yesterday and Laing was given a trial at half back. He punted well but it is hardly likely that he will be removed from the wing line as George Draper has signified his intention of entering the game again.

The Gall Rugby Club will enter a team in the Junior C. R. F. U. game on Saturday. An X-ray examination of Art Murphy's knee of the Ottawa team revealed a broken bone and it is almost certain that he will be out of the game for the season. He was one of the most promising recruits of the season.

The Ottawa back division will most likely line-up as follows against Montreal Saturday: Boucher, Killian, McCann and Johnston.

Brookview M. C. A. team will play Kew Beach a Junior O. R. F. U. game on Saturday at 7:15 p.m. on Thursday night. Kew Beach Juniors and Intermediates had good practice Tuesday night, with some new men out. The Junior O. R. F. U. team held a very nice collar and tie practice, tea and macaroni being served between signals. This team plays what looks like its hardest game in the section on Saturday afternoon.

All members of the Dons are requested to turn out at Marlborough Beach grounds at 7 sharp, and at the club house at the foot of Morley avenue on Friday at the same time. No uniforms need be worn on Friday.

The Tigers were expected to arrive in Hamilton yesterday afternoon at 3:30 but their train was delayed and it was nearer 5 o'clock when they arrived. They will hold a practice this afternoon. The Alerts look as if they will stay in business and are trying to arrange exhibition games with McGill and a Buffalo college team.

Williams, a brother of Jack Williams of Ottawa, is trying for a place on the Montreal team.

A new wing man put in his appearance at Ottawa yesterday. Don Fraser of Queen's was away yesterday evening on a place on the team. Several of the veterans have been staying away from the practice, which is a sad sign.

The High Park A. A. will play a double header on Saturday at Trinity College grounds. At 1:30 High Park Intermediates will play against the Capitals, while at 3:30 Juniors will tackle the senior team in a very important game. These being the first home games. Aid, which is expected to kick off the first ball, is to be on hand and cheer the boys on to victory. Both teams will practice on Friday evening at 6:30 at High Park boulevard.

In an exhibition game yesterday at Willowdale Park University Schools defeated Oakwood by 39 to 0.

The blue and white squad got down to real work last night when they lined up against the second for about 20 minutes and scored about 30 points while their opponents were scoring five. It was a real good workout with the Honorary Coach Dr. Wright and Captain Maynard keeping the boys at it all the time. Leonard Carr and Red McKenzie did the punting, while Jack Maynard and Harold Helms completed the back division. Pat Campbell was at quarter and put a lot of ginger into the play. Sheehy was absent with a bad hand but Campbell filled his place very well. A meeting will be held on Friday to make final arrangements for the season. It is almost certain that it will be there. He will be a host of strength to the line. Reame was at outside and worked like a trojan all the time. He improves every time out. Crawford was out working with the seconds, but did not take any chances with his sore arm. It looks as if McKenzie will be a fixture on the half line after last night's workout, as Captain Maynard put him

thru a special grueling in kicking and catching the ball. He gave an exhibition of just how fast he could go once he got the ball and tore thru the line, and was only stopped after about four men tackled him. He gave the line a big surprise with his Smithie Dawson style. Charlie Gage has not put in his appearance yet, but is expected nightly. He will be in good condition anyway, as he has been rowing all summer.

Parkdale had about forty players out at Victoria rink last night at Roadside in practice games. The feature of the practice was the clean-cut tackling of the seniors, who nearly all downed their men within inches of the boot-top. Yates and Robinson, two intermediate Tigers, who helped with the championship last year, put in an appearance and looked like good players. Gardner was at quarter, while the following composed the back division: Lee, MacBachren, Zimmerman, Bickle, and Gall.

Argonauts lined up against the St. Michaels last night at Roadside in practice games, and won easily. Ross Binley says that the green shirts are a real fast team for Juniors, however, and will take some beating. Dodo Durkhardt has been a big surprise with his Smithie Dawson style. Gardner was at quarter, while the following composed the back division: Lee, MacBachren, Zimmerman, Bickle, and Gall.

## Wonders Never Cease!

Men sling messages over the ocean without wires—fly in the air—look through brick walls with X-Ray. Wonders never cease!

Thirty years ago, Hoberlin determined that a dormant power should be brought forth, and made to exert an influence in men's clothes. And behold! To-day that influence is causing wonder in the entire field of tailor craft.

It's the Hoberlin twenty-dollar suit to measure. It is our business to give wonderful values—to give a suit at \$20 that will stand the criticism of the man who has paid \$25 or \$30 elsewhere.

Choose the material you like best, at a popular price, including those splendid Mountain Cheviots, Scotch Tweeds, Fancy Worsteds, Cassimeres, homespuns. Whatever the material, we guarantee it will be satisfactory in fit, style and tailoring. To measure at \$20.

## MISS F. HARVEY WON IN SECOND ROUND

Only Ontario Lady Who Survived Yesterday's Play—Ada Mackenzie Lost.

MONTREAL, Oct. 1.—Continuing their success in the golf tournament on the links of the Royal Montreal Golf Club, the English and American players, found little difficulty in disposing of their Canadian opponents in the second round today. With one exception the matches were uninteresting and only a small gallery followed. In the majority of the matches the issue decided before the twelfth hole was reached; the results being of the runaway style.

The playing of the second round saw the elimination of Miss Mackenzie, the Canadian on championship honors. The greatest surprise, perhaps, of the tournament was the playing of Miss MacKenzie of Mississauga against Mrs. Low of Philadelphia, the American lady champion.

This was only Miss MacKenzie's second round in this championship competition and she held her more experienced opponent without much advantage until the sixteenth hole was reached, being finally beaten three up and two to play. The pair were all even at the eighth, ninth and tenth holes. Miss MacKenzie won the eleventh and played her opponent closely to the fourteenth, where Mrs. Low assumed the lead and maintained it.

In driving Miss MacKenzie was weaker than her opponent, falling short in nearly every case. What she lost in driving, she made up in her putting, being the better putter.

Miss Ravenscroft experienced little difficulty in defeating Miss Green of Royal Montreal, winning by eight up and seven to play. Miss Ravenscroft played in excellent form, her driving being a material asset.

Miss Nesbitt of Woodstock suffered defeat thru the brilliant golf of Miss P. Pooley, who excelled at both the long and short game. Miss Nesbitt played well up to her previous game, but was apparently outclassed by her opponent, who won six to four.

Miss Henry-Anderson, R. M. G. C., defeated Miss Margaret Scott, Hamilton, by three up and two to play.

Mrs. Kidd of Ottawa was eliminated from the competition thru her defeat by Miss Dodd, the English open champion, by seven up and five to play.

After the matches were completed, the decision coming on the seventh green and the game ending on the thirteenth hole, Miss Henry-Anderson defeated Miss Hall of Little Metis in an easy manner by eight up and six to play.

The remaining matches were all won easily, the matches of the day being: Miss C. E. Nesbitt, Woodstock, 7 up and 5 to play.

Miss Violet Hamilton, defeated Miss C. E. Nesbitt, Woodstock, 7 up and 5 to play.

Miss Mabel B. Harrison, Ireland, defeated Mrs. J. Kidd, Ottawa, 7 up and 5 to play.

## WASHINGTON TAKES THIRD FROM MACK

Bohen and Bentley in Great Pitching Duel—Scored a Shutout.

WASHINGTON, Oct. 1.—Washington made three straight shutouts by winning from Philadelphia today 1 to 0. Again the champions played none but second string men, but they forced the locals to hustle in order to win.

Bohen, one of Connie Mack's young stars, pitched a splendid game. He allowed but three hits, two of them coming in the eighth inning when Washington put across the winning run.

Bentley, a Washington recruit, pitched almost as good ball as his opponent, Scott.

OFFICIALS OF THE NEW YORK CLUB announced they have returned \$50,000 to persons who sent the money to buy tickets to the world's series championship games. Under the rules, no mail orders for tickets are to be honored, and would-be purchasers must wait their turns at the gates. The applications came from all parts of the country. John B. Foster, secretary of the New York Club, said indications point to an attendance of 40,000 persons at the opening game here next Tuesday if the weather is fair.

It is even a question of amateurism whether the Carlisle Indians can come here or not. Carlisle, who played professional baseball in Hamilton this summer, was used as a substitute in the first game of the season by them in the second period. According to the Canadian amateur rule this would make the team all professionals.

The Red Sox want a game with Bronie, Palermo or any team that brings Telephone College 6455.

### The Philosopher of Folly

THE SMOKER'S STORY.

I wandered into a smoke-bazaar and I asked the boss for a good cigar; he seemed a man who was free from guile as he took my cash with a pleasant smile; he praised the day and he cracked a joke as he told me, "This is a first-rate smoke; I lit the thing and pursued my way; my heart was light and my thoughts were gay, but it grew on me while I strolled along that this blamed cheroot was almighty strong as the smoke curled back from its burning tip; but I clenched my teeth with a firmer grip, and I said, 'The odd for it cost two bits—it must be I who am on the fringe.' Then I staggered on past the next two blocks, but the sidewalk seemed to have earthquake shocks, and the sun danced round in a crimson sky till at last I fell with a weary sigh; I dropped to earth and I know no more till I found myself in a drugist's store. They told me there as they bathed my head that my path was marked by a thousand dead whom I'd sent post-haste to the silent tomb thru the dread effect of that smoke's perfume. They have locked me up in the city jail, and my crime is such that they won't take

### MATTY AND RUBE LOOK WHO'S HERE

Philadelphia Has the Strongest Hitting Team in Baseball—All Trouble Makers.

John McGraw boasts of having on the greatest pitching staff that ever held sway in the big show, but just look at the mighty task the New York boxmen are going up against, commencing next Tuesday. Connie Mack heads the greatest hitting club in baseball, and every man on the Athletics is dangerous with his club. Philadelphia has outfit every club that has opposed them in a world series test, and it doesn't look as if they are going to fall down this year. Just look at what is before Matty, Marquard, Tammann and company. From the top of the Philadelphia batting order to the bottom it is one big worry for the New York batters. If they don't have a fine crop of gray hairs after the series is over, something out of the ordinary will have happened the club swingers from Quaker Town.

Eddie Murphy will be the first man to step up to solve Matty's delivery, always providing that the Peerless One opens fire for McGraw. Eddie really aches them at a 300 clip, and if the great Mathewson can get rid of him another worry is right on his hands. Rube Olden never falls below the charmed circle. Tute has a habit of hitting them when least expected. Who's next? Trouble, that's all. Connie Mack's one best bet in consistent world series hitting is in the person of Eddie Collins. Mr. Mathewson is not yet out of the woods, for the far-famed slugger of all sluggers strolls up after Collins is retired or makes his way down the first-base line.

Home runs are his specialty, and his name is Frank Baker. Look this one over, for he is greatest of all great hitters in the pinch, and Foxy Big Six has a big problem to solve before Baker dies. Matty, you indeed have our sympathy, for Studly McInnis is now ready for you, and in his eye we see clearly a 350 game. It cases off just a little for the poor New York pitcher by this time, for Amos Strank is next, and he only hits a shade under 300. Jack Barry is a consistent batter, even if his average is down to the 200's. Just look at the receiving for Philadelphia, the ex-Bison is no mean hitter.

Looks like a tough week for the New York fingers.

**Kuntz's OLD GERMAN LAGER**

That "Old German" flavor—it sure is worth tasting. One man we know says it makes him smile all over, it's just so delightful. Try a bottle of this sparkling, invigorating "Old German" brew—and you will smile with appreciation, too.

Be sure it's in Peacock Green bottles with the "Old German" scene on the label.

### THREE RACES STARTED, ONLY ONE FINISHED

Bismya Wins the Trot at Columbus, After Dropping First Heat.

COLUMBUS, O., Oct. 1.—Drenched by rain Tuesday night, the Columbus Grand Circuit track was not made safe for racing this afternoon until three o'clock, when an abbreviated program of class events was taken up. Only one of the three races started was finished, Bismya winning the 2:30 trot after the first heat had been won by George Rex of the Murphy stable.

Fay Richmond, after getting two heats of the 2:13 pace, was nosed out of third by Princess Margaret, the favorite. The race, like the 2:10 pace, in which different horses won each of the three heats decided, will be completed tomorrow. Don Patch, favorite for the 2:10 pace, stumbled going away in the first heat, and Driver Jamison was undetected. The horse was placed last, the mishap being declared unavoidable. He was a contender in the next two heats.

In scoring for the first heat of the 2:13 pace, Christobel averaged into Kinneysham, and Driver Ben Walker was thrown against the inside fence. Kinneysham ran around the track before being caught.

Walker resumed his seat and raced three heats.

TORONTO MARKET QUIET AND FIRM

Toronto Rails and Brazilian Display More Evidences of Strength.

CANNERS ALSO STRONG

Macdonald and Spanish River Are Less Erratic in Their Movements.

The Toronto stock market had a more staid appearance yesterday but the extent of trading was more limited than other recent sessions.

Macdonald was again quiet irregular, an early decline to 20 1/2 being quickly followed by a recovery to 21 1/2.

Toronto rails attracted further buying and their price advanced less than that of Tuesday.

A point rally in Brazilians was accounted for by reason of improvement in London and the desire of local shorts to secure small profits.

WHEAT STRUCK A NEW LOW RECORD

Despite Lively Rally, Closing Figures Were Under Previous Day.

CHICAGO, Oct. 1.—Selling pressure, due largely to a flood of receipts in all directions, carried wheat today to a new low price record for the season.

Despite a lively rally, closing figures were 3/4c under last night. Corn finished 1/2c to 3/4c down and oats off 1/4c to 1/2c, but provisions at 1/4c to 2 1/2c advance.

Wheat prices broke 1 to 1 1/2c a bushel below the force of the drive at prices that both Canada and the United States could not meet.

Manitoba wheat—New crop for September shipment from Port William, No. 1 northern, 82 1/2c; No. 2 northern, 87 1/2c.

On the whole, wheat as a rule passed into stronger hands, the smaller shorts meanwhile showing signs of being absorbed.

Corn suffered a violent decline on account of delayed liquidation on the part of bulls and because of selling pressure by speculators who were taking advantage of the situation.

Finest weather, which was predicted would last several days, increased the depression and there were reports of unlimited offers of cheap Argentine corn at New York.

On the whole, wheat as a rule passed into stronger hands, the smaller shorts meanwhile showing signs of being absorbed.

Provisions bulged after being steady in the first part of the session. The run of hogs at western markets was liberal, but corn traders and packers took the buying side and kept the pig bare of offerings.

WHEAT CABLES. Liverpool close—Wheat, 3/4 to 1/2 lower; 3/4 lower; Barley, 1/2 lower; Paris, 3/4 lower; Budapest, 3/4 higher; Antwerp, unchanged.

NORTHWEST RECEIPTS. Northwest oats receipts of wheat: Last week, 1,487,000 bushels; this week, 1,540,000 bushels.

ST. LAWRENCE MARKET. On account of country fairs being held just now, receipts of farm produce were light, only two kinds of grain and chicken leads of any importance on the market.

Wheat, fall, 1 bushel, 90 to 90 1/2; 1/2 bushel, 45 to 45 1/2; 1/4 bushel, 22 1/2 to 22 3/4; 1/8 bushel, 11 1/4 to 11 3/8.

Barley, bushel, 85 to 85 1/2; 1/2 bushel, 42 1/2 to 43; 1/4 bushel, 21 1/4 to 21 3/8; 1/8 bushel, 10 3/4 to 11.

Peas, bushel, 100 to 100 1/2; 1/2 bushel, 50 to 50 1/2; 1/4 bushel, 25 to 25 1/2; 1/8 bushel, 12 1/2 to 12 3/4.

Butter, store lots, 18 to 18 1/2; 1/2 cwt., 18 to 18 1/2; 1/4 cwt., 9 to 9 1/2; 1/8 cwt., 4 1/2 to 4 3/4.

Straw, bundled, 18 to 18 1/2; 1/2 cwt., 18 to 18 1/2; 1/4 cwt., 9 to 9 1/2; 1/8 cwt., 4 1/2 to 4 3/4.

Vegetables. Potatoes, per bushel, 90 to 90 1/2; 1/2 bushel, 45 to 45 1/2; 1/4 bushel, 22 1/2 to 22 3/4; 1/8 bushel, 11 1/4 to 11 3/8.

Dairy Produce. Butter, farmers' dairy, 90 to 90 1/2; 1/2 bushel, 45 to 45 1/2; 1/4 bushel, 22 1/2 to 22 3/4; 1/8 bushel, 11 1/4 to 11 3/8.

Beef, hindquarters, 10 to 10 1/2; 1/2 cwt., 10 to 10 1/2; 1/4 cwt., 5 to 5 1/2; 1/8 cwt., 2 1/2 to 2 3/4.

Beef, forequarters, 8 to 8 1/2; 1/2 cwt., 8 to 8 1/2; 1/4 cwt., 4 to 4 1/2; 1/8 cwt., 2 to 2 1/4.
