POLISH LIBERALS ATTEMPT TO SEIZE GOVERNMENT REINS

Dictator Had Refused to Reorganize Government and Admit Other Members. ATTEMPT A FAILURE

General Ordered Troops to Arrest Men Who Had Arrested Him.

Warsaw, Jan. 5.—Members of the Conservative and Liberal parties of Poland, under the leadership of Prince Eustache Sapieha, made an attempt today to gain control of the government, because Gen. Pilsudski, the dictator, refused to reorganize the cabinet, and admit other parties than the Socialists.

The attempt up to this hour apparently has been unsuccessful. The day passed without casualties, except for the accidental killing of one soldier who attempted to prevent the arrest of M. Thugut, the minister of the interior.

One of the measures of Prince Sapieha, who was aided by three hundred civilians, was the arrest of Premier Andrej Moraczewski, Minister of the Interior Thugut, Foreign Minister Yasiwiski, and the chief of police of Warsaw.

It is reported that six members of the cabinet are still prisoners, and may be kept as hostages. This is denied at the headquarters of Gen. Pilsudski in the Bellevue Palace.

The attempt broke out by the occupation of all state offices, and the headquarters of the garrison of Warsaw in the Place des Saixes.

Why Plan Failed. The plan of the Conservatives and Liberals appeared to have failed not only because Pilsudski refused to permit the army to be used for political purposes.

After the arrest of the ministers, officers dressed as civilians, went to the hotel Bristol at three o'clock this morning, arrested Col. Shepitski, and ordered him to go to Place de Saix.

It was also promised that the ministers would be liberated. It would appear that Pilsudski knew that the attempt would be made, and that he went to Cracow in order not to be present.

ALLIES ARE ARRANGING TWO PRELIMINARY CONFERENCES

Believed Borden's Proposals Regarding Dominions at Peace Meet Have Received Approval of the British Government.

Special Cable From John W. Dafeo. London, Jan. 6.—The coming peace conference is a subject of unlimited discussion and speculation in the British and continental press.

Now it is reported that there will be two series of preliminary meetings, the first limited to the representatives of the four great allied powers at which the main problems connecting with peace will be thrashed out and tentative decisions reached.

Consult Russian Delegates. There will be no Russian plenipotentiaries at the conference, but there will be Russian delegates who will be consulted.

There is no probability of the peace conference proper beginning its work before the early part of February. It is, however, the purpose of the allied conference to submit to the peace conference conclusions which will embody the essential conditions of the treaty of peace.

Missions of Two Hundred. Among the important matters not yet fully settled is that of the basis of representation of the allied countries at these various conferences and the personnel of the delegations.

Representation of Dominions. In the matter of the representation of the British Empire a question of great moment and of keen interest to all the dominions arises, and it has been the subject of much consideration and considerable discussion by the imperial war cabinet.

NOT RECOGNIZING S. A. NATIONALISTS Request of African Association for Separate Representation Not Encouraged.

Cape Town, South Africa, Jan. 6.—The movement of the South African Nationalists under General Hertzog for their separate representation at the peace conference has been discouraged by the imperial government.

Private Discuss on. Right Hon. Walter Long, the colonial secretary, in communicating this information to the governor-general adds that the imperial government's reply last April to the Transvaal Nationalists' manifesto applies also in this instance, namely, that under the South African constitution, the South African Government and parliament alone can be regarded by the British Government, as the government of South Africa.

PROVIDED FOOD FOR PRISONERS

British Military Mission at Vienna Also Secured Them Transportation.

London, Jan. 6.—The administrative work done by the British military mission to British prisoners of war in Austria is described by the Reuter correspondent at Vienna. The mission's activities began at Trieste, where medical assistance was rendered and rations were given to former British prisoners, interned French and British civilians, and a number of American officers, all of whom were fed, housed, provided with rations and sent away to their respective destinations.

The mission also fed 6000 former Italian prisoners in their concentration camp for six days, opened homes for the sick and destitute, distributed 100,000 British rations sent from Italy, established an Austrian field kitchen at advanced points, and made arrangements for the transport of British and French refugees.

VICTORIA CROSS FOR CANADIANS Capt. John McGregor, Single-Handed, Bayoneted Crews of Machine Guns.

London, Jan. 6.—The official gazette announces the award of 22 new Victoria Crosses of which three of the recipients, including one Canadian, are dead. They comprise six Canadians. The following are the Canadian recipients:

Captain John McGregor, M.C., D.C.M., of the 2nd Canadian Mounted Rifles Battalion, First Central Ontario Regiment, for the most conspicuous bravery, leadership and self-sacrificing devotion to duty.

Lieut. George Fraser Kerr, born in 1894 at Deseronto, enlisted in 1914, he led his company under an intense fire and when the advance was checked by machine guns, also he was wounded, he pushed on and located the enemy guns. He then ran forward in broad daylight in the face of heavy fire from all directions and with rifle and bayonet, single-handed, put the enemy gun crews out of action, killing four and taking eight prisoners. His prompt action averted many casualties and enabled the advance to continue.

Lieut. Samuel Honey, born in 1894 at Conn. Ontario, enlisted February, 1915, at Walkerton, England, served as a ranker in the 13th Battalion and transferred to the Imperial and thence back to the Canadian 40th Battalion. By profession he was a school teacher.

Lieut. Milton Fowler Gregg, born in 1892 at Monkton, Scotland, served as a ranker in the 13th Battalion and transferred to the Imperial and thence back to the Canadian 40th Battalion. By profession he was a school teacher.

Lieut. Samuel Honey, born in 1894 at Conn. Ontario, enlisted February, 1915, at Walkerton, England, served as a ranker in the 13th Battalion and transferred to the Imperial and thence back to the Canadian 40th Battalion. By profession he was a school teacher.

Serjt. Wm. Merryfield, born in Brentwood, Essex, England, in 1890, by profession a farmer. Next of kin, a farmer, Wm. Merryfield, of Aylmer, Ont.

The late Col. Roosevelt as he appeared when given an honorary degree by Oxford University, upon the occasion of his visit to England.

ARE ANGRY AT DELAY IN DEMOBILIZATION

London, Jan. 6.—The alleged unsatisfactory manner in which demobilization is being carried out is creating ill-feeling among the troops in England. In addition to the troubles at Folkestone, Dover and Osterley, the men in other camps, such as Shoreham, Shortland, Beckenham, Grove Park, Sydenham and other places, are making demands for a revision of the system of demobilization.

There has been a good deal of dissatisfaction, particularly among the men of the army service corps who were transferred from other units, as the corps to which they are now assigned will be the last to be demobilized. Men who had been promised re-employment by their pre-war employers are anxious to be demobilized so that they may return to their old jobs.

PRIORITY IN RETURN NOT BEING GRANTED.

Ottawa, Jan. 6.—The militia department desires it to be known that an excessive number of requests for priority of return of soldiers from overseas is being received both at militia headquarters, Ottawa, and at the overseas ministry, London, England. These requests cannot be acceded to, nor can consideration be given to them unless they are based upon compassionate grounds, and are forwarded and recommended thru the various military districts in the usual way.

Commander Cyril Ridley Is Reported Repatriated

London, Jan. 6.—Lieut. W. B. Hutchison, son of George Hutchison of the Canadian Pacific service, and Commander Cyril Ridley of Toronto, flying officers, have just been repatriated.

New York, Jan. 6.—Department of justice agents in New York who have been watching German subjects in this city have been assigned to the work of frustrating the activities of five groups of Bolsheviki which have established headquarters here, it was announced tonight. The spread of Bolshevism was admitted to have become "alarming."

Coincidentally, Alfred I. Becker, deputy state attorney-general, declared that his department had unearthed evidence that secret agents of Lenine and Trotzky have reached this city with a fund of nearly \$500,000 to be used for propaganda purposes. These agents, it was said, have been circulating in workshops and factories, holding secret meetings, which culminated today in the opening session of a fund of nearly \$500,000 to be used for propaganda purposes.

The prime purpose of this convention is said to be to absorb into the Bolsheviki movement in this city other members of the Industrial Workers of the World, anarchists and radical socialists. Efforts also are being made, it is reported, to gain an affiliation with the Workers' International Industrial Union, the Workers' Defence Union and groups working for the release from prison of Emma Goldman, Alexander Berkman and other "political prisoners."

THEODORE ROOSEVELT IS CALLED BY DEATH

Passed Away Early Yesterday Morning in His Sleep—Had Been Recently Confined in Hospital with Sciatica With Painful Complications—Sketch of His Career.

Oyster Bay, N.Y., Jan. 6.—Colonel Theodore Roosevelt died in his sleep at 4:15 o'clock this morning. The end came when there was no one in the room but his valet. Death was caused probably by a pulmonary embolism or blood clot upon one of the arteries of the lungs.

At the time of his death the only persons in the house at Sagamore Hill were Colonel Roosevelt, his wife and the servants. Colonel Roosevelt spent Sunday evening reading, conversing with Mrs. Roosevelt and chatting with Dr. Fallor, who found him apparently much improved and in excellent spirits. He also dictated a number of letters. Despite his recent return from the hospital, where he was confined for weeks by an attack of sciatica, which he also suffered from, his mind was clear and his spirits were high.

Theodore Roosevelt. W. F. Maclean, M.P., said last night "I knew Col. Roosevelt only slightly, other than that I shared with him a deep and lasting admiration for Geo. Borrow, the English writer, author of 'Lavengro' and 'Romany Rye.' Most Americans who remember that in the little pinkish library that Roosevelt took with him to South Africa this writer had a leading place. And I've long had my volumes specially marked for a chat that I hoped some day to have with the great American on long journeys, the horse accorded the best possible care on the way; and, third, sung no other man has sung the praises of boxing and prize-fighting. There is no writing in English that has such a Homeric flavor as Borrow's description of the bruisers and prize-fighters of England of a hundred years ago. From Borrow he got the motto of a recent book, 'Trust in God and take your own part' [with your hands]. Roosevelt loved boxing—I think he went to John L. Sullivan's funeral—going long rides on a good horse, and he loved life in the open air. The horseback riding that Borrow described as no one else has ever described was that of his gipsy friends in England, and I imagine that Roosevelt saw the nearest to this in his own experience in the horseman's life of the cowboys and the wild Indians of the western plains of America, as set out by Parkman. Roosevelt's love of the open air was exemplified in another way; that he thought the good citizen owed it to his country to live much in the open air and to bring up a large family of children, where, as Borrow said, 'There's a wind on the heath, brother!'

Quantin's Death Hastened End. The colonel was planning a trip to Europe to visit Quantin's grave. This trip was to be made as soon as he had sufficiently recovered his health. The death of Quantin was a severe shock to Roosevelt, and he believed to have hastened his end.

Funeral Will Be Private. The hour for the funeral was officially announced today as 12:45 p.m. Wednesday at Christ's Episcopal Church here. He will be buried at Young's Memorial Cemetery, Oyster Bay, in a plot selected by the colonel and his wife shortly after he left the White House. The funeral will be private.

Condolences Pouring in. Cable messages and telegrams of condolence, not only from fellow-countrymen of high and low degree, but from distinguished citizens of many nations, are pouring into Oyster Bay tonight by the hundreds. All express heartfelt grief at the passing of a great man and deepest sympathy for Mrs. Roosevelt, always devoted to her distinguished husband and one of his most trusted advisers. The widow is bearing up bravely under the shock of his sudden death, coming so soon after that of their young son, Lieut. Quantin Roosevelt, who lost his life in a battle in the clouds with a German Zeppelin last July.

Sketch of His Career. Col. Roosevelt was 59 years old, having been born in New York, Oct. 27, 1858. He was the 26th president of the United States, having succeeded to the presidency on the death of William McKinley, who was shot and killed at Buffalo, N. Y.

Called to the White House in 1901 after President McKinley had been assassinated, Col. Roosevelt, 42 years of age, became the youngest president of the United States has ever had. Three years later he was elected as president by the largest popular vote a president has received. He served

LABOR NEWS

BOLSHEVIKS TAIN BONA FIDE LABOR

Revolutionaries Must Be Brought to Book, Say Labor Leaders.

Feeling at the Labor Temple against the revolutionaries who attempted to capture the meeting of the open forum on Sunday afternoon is very strong. "I would warn these foreigners and others who are evidently doing their utmost to make trouble for everyone all round that ere long they will be brought to book in such a manner as will cause them to think twice before attempting again to disgrace the bona fide labor movement," said one official of the Labor Temple to the World yesterday.

"Socialism is one thing, ultra-radicalism is another, but revolutionism, which is apparently being championed in the main by foreigners and disgruntled members of the labor circles is altogether a movement of a different color."

"Speaking personally, and I would like to think also for the Electrical Workers' Union, I cannot go so far as to express the opinion of the union in Toronto as a body, I would say that the revolutionary speeches of a certain section of workers and others, coupled with well defined attempts to break up meetings, form a serious menace to the well-being of labor," said Thomas Crawford, business agent for the Electrical Workers' Union.

"Perhaps it is time for immediate action, but decidedly instant action of a color not favorable to the revolutionary element in Toronto."

Another labor man expressed the opinion that matters had reached such a point that it might seem advisable to bar the revolutionaries from the sessions of the Trades and Labor Council, but opinion was not in accord with him in this, also it was admitted that the free advertisement of the revolutionaries in the press was against the best interests of the moderate factions in the movement.

"I have as yet received no word of the report of the board of conciliation which was made in respect of the street railway men's strike."

"The report of the board of conciliation which was made in respect of the street railway men's strike, Gibbons, business agent for Division 113 of the International Union of Street Railwaymen, of which he is vice-president, "The report will be given to the press at Ottawa and will be telegraphed to the press in Toronto, immediately. We ourselves and the officials of the Toronto Street Railway will receive a typewritten report from the board, which will of course be mailed, and the press will receive that report about the middle of the month. It may be true that the men have been granted an increase of three cents or even twenty cents an hour over the old schedule. If so, I have no knowledge of such an increase. Doubtless the board has considered a better schedule, but as to anything else it would be premature to say anything as to the report of this board. Indeed I know nothing of its recommendations, unless anyone else in Toronto officially."

H. W. Harper, general organizer for the International Union of Machinists in Ontario, exceptionally well stated yesterday to the press that if the machinists in Toronto and Montreal would leave these cities and look for work in the rural and urban districts of the province they would not doubt be paid, that work was no doubt, he said, that labor was scarce in the large cities, but this could not be said of the smaller towns. Mr. Hopkins still maintained that so far as the painters were concerned there was little trouble to obtain work. Herbert Wright, agent for the boiler-makers and shipbuilders, stated that insofar as the shipbuilding trade was concerned the immediate future was bright, especially at the smaller lakeside towns.

Three street railway cases affecting five of Toronto, will probably be brought to the privy council during the next summer. The railway company is taking its snow-removal case to the court which involved about \$15,000 which the city disbursed for cleaning snow off the streets, which the railway had accepted as its task. The municipal company are asking leave to appeal against the fine of \$24,000 imposed on them by the Ontario Railway Board for not cleaning the streets. The company is also appealing against the city retaining \$50,000 which was forced to hand over as part of its share in the cost of the Queen street high-level bridge at the Dgn.

PRESENT ARRANGEMENTS FOR DEMOBILIZATION

During the past two months eight thousand troops have returned from overseas to this district, and 2900 who were in the ranks when the armistice was signed and who were then doing duty here have been discharged. The military are still utilizing the Exhibition Camp as a demobilization center, since the mobilization centre in Rosedale, which cost \$100,000 to build, has been taken over to be used as a hospital.

The camp at the Exhibition will be used, it is expected, as a centre for the men who will soon be brought back from France. The department of militia will have to give up its lease at the Exhibition grounds in May, and the only place will then be Rosedale. It is rumored that the authorities are negotiating for the three buildings on Dufferin street, formerly used by the R. A. F.

Demobilization is a large problem, for every man who is in a category lower than A, and there will be many, will in some instances have to receive several medical boards. Of course the new system of discharging the men, whereby each man will be given his last papers without having to report, may do away with the necessity of maintaining many large demobilization centres.

What Everywoman Knows

Every year, dress fabrics are becoming sheerer and sheerer—the colors more dainty. The ordeal of trusting the delicate garments to "soap and water", however, is done away with by the use of Lux.

You may feel quite free to buy the daintiest blouse or underwear your purse can afford—without a bit of worry about the washing of them. You keep them fresh and new the Lux way—simply dipping them up and down in the creamy, copious Lux suds with never a bit of rubbing to injure them.

Lux won't hurt anything that pure water itself may touch.

INQUEST HELD ON MURDERED WOMAN The inquest into the death of Mrs. Charlotte Huntley, who died at her home, 127 Campbell avenue, due to the alleged attack upon her by Thomas Cook, with a razor, was opened last evening in the morgue by Chief City Coroner A. J. Johnson, who performed the post mortem, gave it as his opinion that the deed had been committed by a sharp instrument, which may have been a razor. The wound extended from about an inch and one-half below the left ear around to about the same position on the right side of the face.

"The wound would have been fatal," he said, "even if medical aid had been given instantly; its position being so vital. There could be no possibility of the wound being caused accidentally." To give the police time to secure further evidence, and also to allow Mr. Huntley to recover from the effect of the shock, from which he is suffering, the inquest was adjourned until Wednesday evening Jan. 15. Thomas Cook, who is held on the charge of murder, has been removed from the Western Hospital, where he was taken on Saturday, after woundeding himself, to the jail. His condition was never serious.

is the Last Word in Film-Idol and Clever Photography.

A Maurice Tourneur production marks the last word in film-Idol and clever photography, and in "Sporting Life" at the Allen Theatre this week the famous producer of "The Blue Bird" and "Franny" has again proved himself a master of his art...

The story concerns the fortunes of Lord Woodstock, a young Englishman who finds it necessary to redeem his fortunes by placing large bets on his mare Lady Love, who is to run at the great Derby, Epsom. He also backs a girpy pugilist, almost to the last dollar, and in the end triumphs over the fortunes of the young earl.

The story centres around the efforts of the De Cartiers to frustrate his plans, and so ruin him. Woodstock endeavours to ensure the young pugilist, and succeeds in getting his trainer to dope him, so that he is unable to fight. Lord Woodstock discovers that one is cheating him, and he is cheating him, and he is cheating him...

CENTRAL G.W.V.A. CHRISTMAS TREE

Sixteen hundred children, 500 of them orphans with their widowed mothers, were last night entertained to a splendid Christmas tree festival at Columbus Hall by the Central G. W. V. A., and it was estimated that more than 2,000 gifts were given out by the committee in charge of the occasion. The Fred C. Rocke concert company assisted materially in making the event among the most enjoyable of the season for members of the Great War Veterans' Association.

The name of Joe Hurtig stands sponsor for this show, and to any theatregoer this means perfection. Not only has he succeeded in bringing some of the best material, material far above the ordinary burlesque standard, but he has made each girl in the chorus an expert in some line of entertainment. Through the whole play there runs a plot, films of good clean entertainment, who wants a plot?

PLAYS, PICTURES AND MUSIC

"THE BETTER 'OLE."

For the second week "The Better 'ole" is delighting Princess audiences, and it is superfluous to state that it has "made a hit." Perhaps it is because it is "different" from anything else that we have seen here before or perhaps it is that it makes its appeal thru the three warriors, Old Bill, Bert and Alf.

"PEG O' MY HEART."

Toronto theatregoers who love a light laughable drama with a touch of the deeper things of life will be sure to take advantage of the return of "Peg o' My Heart" to the Grand during the present week. There is an Irish quaintness running thru the entire play, and this lovable quantity, which is very real indeed, is supplied almost entirely by Peg. Miss Olive Moore, who takes the part of Peg, fits right into the scheme and plays the part of the Irish colt to perfection. The setting, thruout, is original and quite true to life.

THE MASQUERADERS AT ALEX.

Guy Bates Post, whose last appearance in Toronto in "Omar the Tentmaker" is well remembered, is at the Royal Alexandra Theatre this week starring in "The Masqueraders," a play founded upon the popular novel by Katherine Cecil Thurston. Surrounded by an exceptional company, the distinguished actor once more displays his genius and lifts the play to a radical departure from that which first brought him fame, it promises to be as popular. In "The Masqueraders" Mr. Post is given the difficult task of playing the dual role of John Chillico, M.P., the wealthy Englishman, addicted to the drug habit, and John Lodgey, his cousin, who differs widely in character and temperament. The actor, however, interprets both with characteristic skill, and last night drew round about of applause. In reward for the appreciation displayed he delivered a short curtain speech at the conclusion of the second act, in which he expressed his thanks. Toronto, he said, had always been recognized as a lover of the artistic and he and his associates, by the encouragement received, were made to feel that they were also of the elect. He hoped that his work would always be worthy of the encomiums of Toronto audiences.

VAUDEVILLE AT LOEWS.

Anna Chandler, a sweet and famous singer, straight from the halls of London, was the headliner yesterday at Loew's. Her setting, thruout, is original and quite true to life. Miss Josephine Morse as Mrs. Chichester and Burford Hampden as Alario, her son, are dignified and aristocratic enough in the various scenes to gain admittance to the high English life which they represent. It is unnecessary to describe the play as every one is entirely acquainted with it.

SHOW AT SHEA'S.

"The best yet," was the verdict of the matinee audience at Shea's Theatre yesterday, when Trixie Friganza led the bill in her imitable act, called "In Camp," in which she has a series of songs and dialog which fairly kept her listeners in a rollick of laughter and brought forth more certain calls than have been given to any entertainer for a period of many moons.

MRS. CHARLIE CHAPLIN.

Mrs. Charlie Chaplin, formerly Miss Mildred Harris, stars in "Borrowed Clothes," running at the Regent this week. At the very beginning of the scene there is a fire at a bathing pavilion and in the general catastrophe not the least important loss is many of the bathers' clothes. Fortunately for a gentleman is present and he kindly offers her his motor car, which protects her from the vulgar stare of the public. There are many exciting scenes thruout the play. Other features at this popular theatre is the Fort scenic and the latest Sunshine comedy, "A Fatal Marriage." Frank Bessinger sings and the usual high class music is rendered by the Regent orchestra.

HAD FINGERS AMPUTATED

James Whittom of 74 Follis avenue, aged 41 years, who is employed at the Canadian William A. Rogers plant, had his right hand caught in a press machine and had it badly lacerated. When removed to the Western Hospital, it was found necessary to amputate two of the fingers on the right hand.

MEN NOT DISCHARGED QUICKLY ENOUGH

Speaking yesterday regarding additional men for the fire department, Chief Smith said that some of the men who formerly were firemen, but discharged, were having considerable difficulty in getting their discharge, and they were entitled to it under the existing army regulations.

"SOCIAL MAIDS" AT GAYETY.

If a census were to be taken of the favorites of the burlesque fans in this city, and were they to be asked who their favorite team would be, there is not a doubt that they would pick George Stone and Etta Pillard. And this is only a supposition, yet the fans would not be far out judging by the performance put up by the two at the Gayety Theatre yesterday, where they opened a week's engagement with the "Social Maids" by head.

SAMARITAN CLUB BENEFIT CONCERT

Mrs. Carrington, Popular as Margaret Huston, Again Triumphs.

Mrs. Carrington, so popular as Margaret Huston, returned to the scene of her former triumphs last night and sang in Massey Hall for the benefit of the Samaritan Club. Mrs. Carrington was in excellent voice, and those who remember her as perhaps the purest toned mezzo on the concert platform, were delighted to hear once more the same liquid purity, and richness. She sang three suites, the first a Mozart coloratura number, and the second, a florid and rapid piece of vocalization by Verdi. The second group included the dramatic "Columbine" of Poldowski, Szulze's sentimental "Cheri de Lupo," Poudrain's "Carnaval," an aria from Puccini, and two from De Bussy. These were all rendered with Mrs. Carrington's easy and brilliant technical powers. The last group was a most delightful pot-pourri of old English and Irish airs, Cyril Scott's "The Blackbird," Eric Coates' "I know Where I'm Going," Villiers Stanford's "Lullaby," and a selection from Herbert Hughes' collection of Irish ballads, including "Reynardine," "I know Where I'm Going," "Ring-may-do-a-Daddy-O" etc. As an accompanist she sang, to her own accompaniment, "Annie Laurie." Altogether she had an ovation from a fine audience.

George Copeland was the solo pianist, and owing to the detention of Mr. St. Legor in Chicago, kindly volunteered to play the accompaniments. Such exquisitely artistic accompaniments are rarely heard. Mr. Copeland, for his own contribution, played the first movement of MacDowell's Sonata Tragica, displaying fine qualities technically, a broad and a splendid style, and a judicious control of the pedal. His exquisite touch was apparent in the Bach Bourree and the charming Scarlatti numbers. A Polonaise by Liszt was brilliantly rendered, and two Chopin

ONTARIO MUNICIPALITIES HOLD ELECTIONS FOR 1919

Many Mayors and Reeves Are Elected by Acclamation, and Electors Vote Upon Bylaws for Local Improvements and Other Purposes.

The municipalities of the province held their annual elections yesterday. Owing to the prevalence of fine weather in nearly all parts of the country the vote was generally large. Many acclamations were recorded, and considerable interest was displayed in the various by-laws submitted to the electorates.

ELECTIONS IN GALT.

Galt, Jan. 6.—In the keenest majority contest Galt has known in many years, A. Mercer, a member of the council for the past five years, and three years chairman of the board of works, was today elected mayor by a majority of 204 over Ex-Ald. J. A. McVine, while Ald. F. S. Jarvis did not figure in the race. Never have majority candidates worked as hard. The result was a record vote. It was a close one, with the following votes being polled: A. W. Mercer, 1074; J. A. McVine, 872, and F. S. Jarvis, 465.

In the only aldermanic contest in the city in Ward Three, two members of last year's council were returned, the third candidate, J. A. White, endorsed by the Independent Labor Party being away down. The vote stood: D. Y. Ray, 237; S. J. Lane, 264, and J. A. White, 152.

AT KINGSTON.

Kingston, Ont., Jan. 6.—Alderman Newman was elected mayor today, defeating Alderman N. E. O'Connor by 630 majority. Thomas Hewitt and R. N. F. MacFarlane were elected to the utilities commission. There were seven in the field for controllers, four to be elected. The following were chosen: Frank Plant, Joseph Kent, W. P. Champagne, J. W. Nelson. Aldermen were elected as follows: Victoria ward: E. Laroche, D. Rise (acclamation); Dalhousie ward: J. P. Balharrie, J. A. Forward; Wellington ward: J. D. Denny, C. R. CONTEST IN WOODSTOCK.

The three-cornered fight for the mayoralty at the municipal elections today resulted in the election of A. J. Gahagan by a majority of 28. None of the candidates had made much attempt at organization, but depended on their records in the council. The total vote was: Ald. A. J. Gahagan, 578; Ex-Mayor Hobson, 558; Ald. Clifford Kamp, 527. For the water and light commission Will Bain headed the poll with a vote of 1078, W. H. West, also elected, secured 805, while Geo. King, defeated, polled 665. In the aldermanic race five new men are elected. Capt. Spencer, the only returned soldier running, tied in St. David's ward with George Harter for high count. Other new men elected: A. T. McNeil, Mack Paul, Reg. Stone, Robert Murray. Those elected: Capt. Spencer and Geo. Parker, St. John's; Geo. Davison and A. T. McNeil, St. George's; Wm. Roddick and Reg. MOVIE OF A MAN GETTING A LIGHT

MORE TRUTH THAN POETRY

WHEN you want a quick, sure light, remember this: Eddy's Matches have been standard in Canada since 1851; and since the assessment of the heavy tax on all matches (good and bad alike) it is more to your interest than ever to see that Eddy's name is on the box.

The Rear Step

The first day's experience with the P-A-Y-E cars on the College route has been very satisfactory. The public has shown a good-natured spirit of co-operation, which argues well for the complete success of the system.

Naturally, little wrinkles have occurred here and there, which will be ironed out in the course of the next few days as the passengers become better acquainted with the new cars.

For example, it is well to call attention to the fact that, while the company desires to educate the public to leave the cars by the front door, thus speeding up the service, there will always be a few passengers to whom it is more convenient to leave by the rear door, especially if the car is crowded. For their convenience there is an exit at the rear.

But when passengers have ceased to use part of the rear step for purposes of exit, the whole step is at the service of incoming passengers. They may use both the part marked OUT and the part marked IN as soon as the last departing passenger has stepped down.

Observance of this point will tend to help passengers to get aboard the car more quickly.
