COURT ACTION IN SCOVILL CASE AT FREDERICTON

EVIDENCE IN J. M. SCOVILL CASE AT FREDERICTON

J. S. Lord Details Irregularities in Road Expenses

NO AUDIT, CHARGE

Public Accounts Committee Decides To Refer Matter To Legislature

Special to The Times-Star FREDERICTON, April 28—Charges of irregularities involving J. M. Scovill in connection with the 1925 Charlottetown county road expenditures, made on the floors of the House by J. S. Lord, member for Charlotte, were further aired before the Public Accounts Committee this morning.

Mr. Lord appeared before the committee and detailed several of the outstanding features of his charges, including payments for services as a road supervisor, car hire and chauffeur's services, as well as sales of supplies and parts by the Motor Sales Co. and the Allan Construction Company.

Mr. Lord submitted a series of statements which he said he had compiled from the records of the Public Works Department touching permanent and ordinary road expenditures for 1925 in substantiation of his charges.

ACCOUNTS QUESTIONED

These statements included accounts paid to Mr. Scovill for services as a road supervisor, supplies, car hire, etc., in many instances accounts being shown for work in different parishes on the same day. Mr. Lord claimed it to have been impossible for Mr. Scovill to have been in the different localities on the same day.

Mr. Lord also drew attention to the account of the Allan Construction Company and the Motor Sales Company. "It looks as though he had complete control of the road expenditures in Charlotte county," said Hon. Mr. Smith.

Mr. Lord said that he had challenged B. M. Hill on the Hastings with the situation and that the latter had not replied. Numerous pay sheets he said had been brought into the department by Mr. Hill and signed by him without any audit of the accounts being made.

In addition Mr. Lord charged that the pay sheets showed that men who had attended the Liberal convention in Charlottetown had been credited with 10 hours work for that day.

COURT ACTION HINTED

The criminal nature of the charges was considered by the committee and it was decided that the situation should be reported to the House. Several members of the committee expressed the opinion that the situation was one which should be referred to the Attorney General's Department as well as that the province would institute action to recover the amount.

Meanwhile arrangements were made for the preparation of the report of the committee and the finding in the various investigations. The consolidation of the report was left to the chairman.

Four Big Colliers Reach Glace Bay

GLACE BAY, N. S., April 28.—Four Dominion Coal Company colliers arrived at Louisbourg during the night after bucking heavy drift ice off the coast for two days. There is enough shipping at Louisbourg to keep the mines operating steadily for the remainder of this week. The St. Lawrence now being navigable, spring shipping is away to a good start. Between 5,000 to 6,000 tons a day can be shipped at the Louisbourg piers.

BRIDGE PAINTING PROBE POSTPONED

Time of Session Too Short For Inquiry, Says Public Accounts Chairman

By Staff Correspondent FREDERICTON, N. B., April 28.—There will not be any investigation into painting done on the Reversing Falls Bridge by the Public Accounts Committee this year, according to B. Frank Smith, chairman, this morning. Mr. Smith said he had intended calling witnesses regarding this transaction because of complaints made by James Lewis, M. L. A. for Saint John, but as time of the committee was so short, he had gone into the matter personally and had found the comparisons made were somewhat misleading. In one case the figures submitted only called for painting while in another it was for sand-blasting, which, he said, in a large measure accounted for the extra expenditure. He had decided, therefore, that the investigation would be made this session.

Amundsen and Mate Speed Preparations For Air Dash To North Pole

Comes Back To Same Church He Ran Away From

And So, Wedding, Interrupted On Thanksgiving Day, Finally Is Completed

BOSTON, April 28.—And so they lived happily ever after. With new sails shivering in the moonlight and not a ripple upon the water, the good ship Courtship sailed into the happy harbor of Matrimony this week bearing as passengers Leo T. Kelley, 27-year-old Brookline man, and Miss Ruth Carmichael, 26, also of Brookline.

THEIR somewhat belated wedding, interrupted last Thanksgiving Day, when the groom failed to appear at the church, took place at 7:30 p.m. in the rectory of St. Mary of Assumption Church, Brookline. The Rev. Bernard O'Keane performed the ceremony. Miss Bernadette Sloan, chum of the bride, was bridesmaid, and Leo Petrie, chum of the groom, was best man.

IT WAS in the very same rectory that Miss Carmichael waited in vain on last Thanksgiving, surrounded by friends, for Mr. Kelley. When the groom-to-be failed to appear the wedding was called off and the bride-to-be returned to her home broken-hearted.

Mr. Kelley was later located in Syracuse through a letter he sent to Miss Carmichael. He returned this spring and the couple last forgave and forgot. Following the reception at the home of the bride, the couple departed on their honeymoon tour.

2 NEW COMPANIES INCORPORATED HERE

Associated Farmers, Ltd. and Evangeline Beverages, Ltd., Are Listed

Special to The Times-Star FREDERICTON, N. B., April 28.—Associated Farmers, Ltd., is incorporated with head office at Saint John and total capital stock of \$9,000. Those incorporated are Arlington T. Gamson, Saint John, Harold McCready, Shannon, Queens county, and A. Stanley Merrill, Saint John. The company is authorized to carry on a general mercantile business and also business as dealers in agricultural products.

Evangeline Beverages, Ltd., is incorporated with head office at Saint John and capital stock of \$5,000. Those incorporated are T. Louis McGowan, Cyril L. C. Atkinson, and Adrian B. Gilbert. The company is authorized to carry on business in the manufacture and sale of aerated waters and in other lines.

Mussolini Planning Trip To Cyrenaica

ROME, April 28.—The results of Premier Mussolini's trip to Tripoli have been so satisfactory that he has decided according to reports current in political circles here, to visit Cyrenaica next September.

Lord Derby's Entry Captures Two Thousand Guinea Stake Event

NEWMARKET, Eng., April 28.—Lord Derby's Colorado won the two thousand guinea stakes, the first classic of the flat racing season here today. Lord Woolvington's Coronach was second and J. B. Heron's Apple Sammy, third in the field of nineteen. Colorado, which is by Phalaris, out of Canyon, won by five lengths at odds of 10 to 8 against. Three lengths separated the second and third horses against which the betting odds were 4 to 1 and 10 to 1 respectively.

Thank You!

THE New Brunswick Publishing Co., Ltd., 23 Canterbury Street, Saint John, N. B. Gentlemen: In accordance with resolution adopted at the regular meeting of the Rotary Club of Saint John on Monday, April 26th, I desire to express to you the sincere appreciation of the members of this Club and of the executive officers of the Rotary District No. 32 for your splendid co-operation with reference to our District Conference last week. It is felt that the publicity given this meeting by your papers contributed in no small way to the success achieved. Very truly yours, P. A. WILSON, Secretary.

Saint John, April 27.

ALUMINUM CO. BUYS SAGUENAY POWER INTEREST

Acquires Duke - Price Firm, \$37,000,000 Bonds Underwritten

BIG INVESTMENT

Manufacturing Plant To Be Established At Arvida, Quebec

NEW YORK, April 28.—The Aluminum Company of America, which is entering the Canadian industrial field on a large scale, has purchased the Duke-Price Power Company, Limited, the organization formed by the late James B. Duke and the late Sir Wm. Price, Canadian paper, pulp magnate, to develop power resources on the Saguenay river in Quebec province.

These three institutions will head the syndicate which will offer the bonds in the New York market before the end of the week, probably at par.

MILLIONS INTERESTED

The acquisition of the Guernsey Company with the Aluminum Company of America is through Richard B. Mellon, brother of the secretary of the Aluminum Canadian development, as well as to furnish additional capital for a program of expansion which the Aluminum Company of America has under way in Canada.

HUGE INVESTMENT

The Aluminum Company of America is making a tremendous investment in the Dominion under the name of the Aluminum Company of Canada, Limited. Its manufacturing plant is to be at Arvida, Quebec.

CANADIAN PRESS CHIEF IS OPTIMISTIC

Woods Believes Brighter and Better Day Dawning For Canada

TORONTO, April 28.—An optimistic note was struck today by J. H. Woods, of the Calgary Herald, at the annual general meeting of the Canadian Press, over which he presided. "After surveying," he said, "with such care and ability as I possess the general situation throughout Canada, I believe we may look forward with good hope and sanguine minds to the future of our country and the business and profession in which we are engaged. I think that many of the troubles which have afflicted us are on the way to solution, and that a brighter and better day than we have seen for quite a while is now dawning for the people and press of Canada."

MINISTERS REGISTERED

FREDERICTON, April 28.—Rev. John F. Ryan, Blackville, and Rev. Thomas F. Barry, Chatham, Roman Catholics, have been registered to solemnize marriage in the Province of New Brunswick.

FOR OVERHAULING

The steamer Grand Manan has been withdrawn from regular run for repairs and general overhauling, and her place has been taken by the mail steamer La Tour. The Grand Manan is on the West Side having a new boiler put in, and then will go on the marine railway at Courtenay Bay.

Two Women Honored For Saving Lives

LONDON, April 28.—Two women, representing 35 others who launched a lifeboat and braved the terrors of a wild winter night, have been honored by the Royal National Lifeboat Institution.

Miss Stephenson, daughter of the Cozswain of the lifeboat at Boulmer, and Mrs. B. Stanton, wife of the second coxswain, received from Lord Foster the thanks of the committee of the institution, inscribed in vellum. The tribute was for their gallantry on the night of December 20, when they, with the other women, dragged a lifeboat a mile and a quarter in the face of a blizzard and then stood by to launch her. In March, 1924, the women also distinguished themselves when, upon their waists in water, they rescued a shipwrecked crew.

EXTEND TIME LIMIT FOR HYDRO DECISION

Provincial Commission Given Until June, 1927, to Determine Policy

FREDERICTON, April 28.—Extension to June 1, 1927, of the time in which the New Brunswick Electric Power Commission must determine its policy in regard to taking 6,000 horsepower reserved for the province by Saint John River Power Co. Ltd., announced at the Corporations Committee, which sat this morning.

The original provision in the bill set the date at January 1, 1927, but objection was taken by Hon. C. D. Richards, Minister of Lands and Mines, and others, that the time was too short.

TIMBER LICENSES

Authority to take over the timber licenses now held by Sleson Cutter Company, by Fraser Companies Ltd., upon payment of such fee as the Lieutenant Governor-in-council may decide, was granted by the Minister of Lands and Mines, and the bill granting Frasers the right to construct a transmission line from Grand Falls, similar proposition was inserted in the New Brunswick International Paper Company, which is under consideration.

A conference of the Dalhousie Lumber Company, Ltd., and the Miramichi Lumber Company, Ltd., was held at the conclusion of the Corporations Committee meeting this morning when the proposed \$2 per horsepower on any development by the province below the Grand Falls was under consideration. This report will be laid before the House tomorrow. It is understood, however, that such tax will apply only to developments by private companies and that no tax will be placed on any provincial development except with the consent of the Lieutenant-Governor-in-Council.

31 WILL GRADUATE FROM U. N. B. IN MAY

Encausal Exercises Will Take Place on Thursday, The 13th; The Speakers

FREDERICTON, April 28.—Dr. C. J. Jones, chancellor of the U. N. B., has announced the encausal program for the exercises on May 13, which will mark the close of the academic year.

The class of 1926 has 31 members of whom six are young women. Fifteen degrees are to be given in arts, one in forestry, nine in engineering and six in law. The baccalaureate sermon is to be preached at St. Paul's United church on Sunday, May 9, by Rev. J. S. Sutherland, D. D. The senate is to meet on Wednesday, May 12.

Reason For Earth's Axis Wobble Is Told

SAN FRANCISCO, Cal., April 28.—Captain Thomas J. See, United States Navy mathematician and government astronomer at Mare Island, near here, announced yesterday that he discovered the cause of variation of the earth's axis.

He is John Adams Abbott, of Boston, Mass. His forebears were President John Adams and John Quincy Adams. He is accused of having severely beaten Salvatore Astroglio, a Roman juggler, who came to his hotel and invited him out for a fight after a dispute regarding precedence in entering the Vatican Garden.

GANGSTERS SLAY ILL. PROSECUTOR AND 2 OTHERS

Attorney Was Notable For Zeal Against Criminals

USE MACHINE GUN

Killers Drive Alongside Car of Victims and Pour in Hall of Fear

CHICAGO, Ill., April 28.—William H. McSwiggin, youthful assistant state's attorney, known as "The hanging prosecutor," because of his zeal in conducting criminal trials, was slain last night in a blast of machine gun fire poured by gangsters into an automobile in which he and three other men were riding.

PROSECUTED SLAYERS

While authorities were delving in a mass of possible motives for the shooting, John Steeg, veteran captain of detectives, said that the assistant prosecutor was marked for death because of his prosecution of John Scallisi and Robert Anselmi, Genoa gangsters, under sentence to 14 years in prison for the slaying of two police officers.

SEARCH for the slayers began immediately under the direction of State Attorney Robert E. Crowe, who declared he was astounded at the temerity of the slaying. A conference of state, county and city officers was called to lay plans for rounding up gangsters who might furnish clues leading to the identity of the machine gun crew.

THREE MEN HELD

Three men, who found Duffy lying mortally wounded near the scene of the shooting, were held early today for further questioning. McSwiggin and Doherty were driving toward Chicago when the car which had been following them drew alongside to place the machine gun in range. After the first volley, the occupants of the attacked car fled in a panic. Duffy fell and died several hours later in a hospital.

AUTO IS MISSING

The fate of the fourth member of the McSwiggin party is a mystery, and the automobile has not been found. McSwiggin left his home last night with Duffy, telling relatives that he planned to go to Barway, another western suburb for a game of cards. The two entered an automobile and alongside to place the machine gun in range. After the first volley, the occupants of the attacked car fled in a panic. Duffy fell and died several hours later in a hospital.

Deposed Mine Leader On Way To Russia

PITTSBURGH, Kas., April 28.—Alexander Howatt, deposed Kansas Union Miners' president, is in Scotland on his way to Russia, and to the Communist International convention, to be held this spring. It was learned here today, Howatt, accompanied by his wife, sailed from New York April 10. He plans to sit as a delegate in the convention.

Descendant of Two Presidents Jailed For Assault In Rome

ROME, April 28.—A descendant of two Presidents of the United States is in jail here, and it is possible he may have to remain there for ten days until he is brought up for trial.

He is John Adams Abbott, of Boston, Mass. His forebears were President John Adams and John Quincy Adams. He is accused of having severely beaten Salvatore Astroglio, a Roman juggler, who came to his hotel and invited him out for a fight after a dispute regarding precedence in entering the Vatican Garden.

He denies, however, a more serious charge placed against him by the deposed man. This is in effect that he used derogatory remarks against Premier Mussolini, conviction for which under a recent legislative enactment calls for imprisonment. Abbott asserts that the accusation as regards Mussolini is an attempt to "frame" him.

Past 60, Wed From Photos

Mrs. Mollie Phillips, 65, traveled 600 miles from Birmingham, Ala., to Shreveport, La., to become the bride of G. W. Hunt, 63, of Joazeur, Texas, whom she had never seen. The couple had been corresponding for more than a year and had only photographs to determine how each looked. Mr. Hunt says he was lonely, and the bride says it's romantic.

Italian Nurse Sentenced To Die For Murder of 12, Called Worst of Known Criminals

CHICAGO, Ill., April 28.—A woman who has been called the "Knut Skadren," after a long and arduous trip by whaler and steamer through the icy waters of the far north, and after once being compelled to put back because of engine trouble on his steamer, Lewis is now established and has called his initial story to the United Press.

He is the first Press Association correspondent to arrive on the scene of Captain Roald Amundsen's jump off by dirigible to the pole, and his dispatches will be carried exclusively by United Press for readers of The Evening Times-Star.

By ARTHUR LEWIN United Press Staff Correspondent Copyright 1926 by United Press

KING'S BAY, via Spitzbergen, April 27.—Beautiful weather and favorable winds have combined to speed up the preparations of the noted explorer, Captain Roald Amundsen and his companion, Elnohs Ellsworth, for their next dramatic attempt to reach the pole. A week of feverish activity has followed the arrival here last Wednesday of the two Arctic pioneers.

The ship, the "Knut Skadren," sailed up to the quay here blessed by a wind, sunshine and a temperature of only 40 degrees which combined to break the nearly fast ice in the bay. It seemed a good omen for the expedition, following as it did a long period of clear cold weather with north-easterly winds and severe frosts.

AWAIT DIRIGIBLE

This fine weather has continued with the result that Amundsen and Ellsworth are now ready for the arrival of the dirigible, which they expect to make history by being the first to reach the pole by air. The Norge is at Leningrad, whence it is expected to leave Saturday or Sunday for King's Bay. Its huge hangar here has been completed and is ready to receive it. The mooring mast was given its finishing touch today, and the work of unloading the cargo of the Knut Skadren, the most important item of which is the hydrogen gas for the Norge, is virtually done.

ANXIOUS TO START

Meantime Amundsen and Ellsworth are restlessly awaiting their next step. They are taking long strolls about the surrounding country here to pass the time away.

STERLING EXCHANGE

NEW YORK, April 28.—Sterling exchange steady. Great Britain 486, France 580, Italy 462, Germany 38.0, Canadian dollar, 2-15 of one per cent premium.

Papers Say Welsh Driver Did 172 Miles an Hour in Auto

PENDINE, Wles., April 28.—J. G. P. Thomas, driving a 400 horsepower motor car, is credited with covering one mile each way on the sands here, at an average speed of 169 miles an hour. He did one way at 172 miles an hour. The newspapers claim this is a world's record.

HALIFAX FEELS QUAKE

HALIFAX, N. S., April 28.—A slight earthquake, estimated to have occurred about 2,500 miles south of here, was reported this morning by the Physics Department of Dalhousie University. The tremor was recorded at 11:26.

ARE NOW READY FOR ARRIVAL OF BIG DIRIGIBLE

Hangar Completed At King's Bay For Norge

ANXIOUS TO GO

Pair Expect To Make History By Being First To Cross World's Top

EDITOR NOTE—Arthur Lewin, United Press Staff Correspondent, has arrived at King's Bay on the Spitzbergen island, far within the Arctic Circle, to tell the story of this year's polar expedition.

After a long and arduous trip by whaler and steamer through the icy waters of the far north, and after once being compelled to put back because of engine trouble on his steamer, Lewis is now established and has called his initial story to the United Press.

He is the first Press Association correspondent to arrive on the scene of Captain Roald Amundsen's jump off by dirigible to the pole, and his dispatches will be carried exclusively by United Press for readers of The Evening Times-Star.

THE EVENING TIMES-STAR, SAINT JOHN, N. B. WEDNESDAY, APRIL 28, 1926

N. B. DIRECT TAX BILL DUE FOR PRESENTATION

Measure Will Be Based
On Assessed Valuations

READY FOR HOUSE

Municipalities Committee Con-
siders Bill Relating To
Saint John Taxes

BY JOHN J. DUNLOP
FREDERICTON, N. B., April 28.—There seems every likelihood now that the bill relating to direct taxation will be introduced in the House either this afternoon or tomorrow, as it is learned it is practically complete and ready for presentation. It is understood the provisions are the same as outlined previously; that is, the tax will be based on assessed valuations throughout the province and will be collected by the municipalities. It is learned some discussion took place on the bill at the caucus of government members last evening. The Grand Falls development took up the major part of the time of the caucus.

The crowding of legislation in the desire to get away this week-end was noticeable here this morning with four important committee meetings being held. The Corporations Committee continued its consideration of the Grand Falls bills and expects to complete its work today. The Public Accounts Committee and Agriculture also met this morning, the former taking up certain charges in connection with road work in Charlotte county.

SAINT JOHN TAX BILL

The municipalities committee also met this morning and took up a bill relating to taxes in Saint John. Murray Olive, chairman of the board of assessors, and A. N. Carter, solicitor, appeared in connection with the bill, which gives the city power to hold liable for payment of taxes anybody that takes over the business of another company, firm or individual.

Much speculation is going on among

She Was Troubled With Chronic Constipation

Once your bowels become constipated you are in for a lot of trouble, as constipation is one of the most prolific sources of disease that the human race is afflicted with, therefore a free motion of the bowels every day should be the aim of everyone who aspires to perfect health.

Mrs. O. W. Lawrence, Cloverdale East, N.B., writes:—"I was troubled with chronic constipation, and became so bad I was almost afraid to eat anything. One day I saw your advertisement of

In Parliament Today

OTTAWA, April 28.—The budget debate will be continued today by R. K. Smith, Conservative, Cumberland. Yesterday the following speakers took part in the budget debate: Hon. J. H. King, Minister of Public Works; Col. James Arthur, Conservative Party; Hon. S. G. Tobin, Liberal; W. T. Mackenzie, Hon. J. W. Edwards, Conservative; Frontenac-Addington, and W. F. Perras, Liberal, Wright.

The members in regard to the probable date of prorogation but with three clear days ahead and with Grand Falls practically disposed of, there is strong hope yet that the House will wind up its business Friday. Others are not so optimistic and declare that direct taxation bill is bound to prove contentious and send the House into next week.

FRANCE SUSPICIOUS OF GERMAN TREATY

Pact With Russia Looked Upon
as Offensive Against League
Covenant

PARIS, April 28.—The conclusion reached in French circles relative to the Russo-German treaty of amity, is that the Germans are aiming to cast their anchors both to windward and leeward at the same time. The Reich as a candidate for admission to the League, it is asserted in authorized quarters, must take into account the essentials of the League covenant, yet the treaty with the Soviet appears to make short work of one of the principal clauses, fixed penalty for violation of the covenant. The text of the document is considered in official circles as cleverly designed to leave loopholes for explanations, but the feeling in Paris is that the German government has joined the Russians in an offensive against the League covenant.

230 MISSING WHEN JAP SHIP GROUNDS

Steamer Chichibu Maru Goes
Ashore in Storm Off Kurile
Islands

TOKYO, April 28.—It is reported that 230 persons are missing from the steamer Chichibu Maru, which grounded in the Kurile Islands, off Horomuro, Tuesday during a storm, according to a despatch received from Hakodate.

The Japanese steamer Chichibu is a vessel of 833 tons. The Kurile Islands form an archipelago, running from Kamshatka, in the Northern Pacific Ocean, to the Island of Yezo, Japan.

2 SHOT IN CHICAGO

Asst. State's Attorney McSwigan
One of Victims of
Gangsters

CHICAGO, April 28.—Assistant State's Attorney William McSwigan, was one of two men killed last night in a shooting affray in Cicero, a suburb. The two were believed to have been occupants of an automobile in which Thomas M. Duffy, who was probably fatally wounded, was riding when a machine gun opened fire from another car. Police said McSwigan gained the enmity of gangsters because of his successful prosecution of John Scallie and Albert Anselmi, members of the notorious Genna band.

PREDICTS BRITISH BUSINESS REVIVAL

Sir Eame Howard Strikes Optimistic Note in Toronto
Interview

TORONTO, Ont., April 28.—The British coal crisis is the gravest economic factor now facing the United Kingdom, and the best opinion I can get is that as soon as its settlement is effected there will be a great trade revival," Sir Eame Howard, British ambassador to the United States, who is visiting Toronto, said yesterday while speaking of conditions in England.

French Ambassador To U. S. Contributes To Gold Movement

PARIS, April 28.—Victor Henry Beranger, French ambassador to the United States, has contributed 5,000 francs to a committee headed by Marshal Joffre, which is collecting the huge fund to be applied toward French international debt, it was stated today.

New Governor of Jamaica Greeted

KINGSTON, Ja., April 28.—Sir Edward Stubbs, new governor of Jamaica, arrived yesterday from England. He was given a hearty reception by a delegation of citizens. After being sworn in, he made a short speech promising to do everything within his power, for the advancement of the colony. Sir Edward was formerly governor of Hong Kong.

GOLD MOVEMENT

NEW YORK, April 27.—The current gold movement to Canada made profitable by the premium of 11-64 of one per cent of Canadian exchange in New York, has exceeded ten million dollars, with a shipment of \$2,200,000 by the Canadian Bank of Commerce.

Girls Who Work

A GIRL who earns her living—whether in store, office, factory or home—realizes the necessity of regular attendance at her place of employment. For this reason she works on day after day. She is exposed to all kinds of weather. Her feet are often wet. She suffers from such minor ailments as headache, backache, cramps or pains in her side. When these things are allowed to continue, some more serious ailment usually develops.

Do you know that thousands of girls have found in Lydia E. Pinkham's Vegetable Compound just the help they need? It relieves pain and congestion, strengthens the system, and restores the girl to a normal physical condition which makes her fit for work. These two women testify to that fact.

Healthy, Strong Now
Salem, Oregon.—"I am writing to tell you how much your medicine has helped me. Beginning when I was 14, I suffered for five years with cramps. I had pains in my back, both sides and in my limbs, and my stomach was always upset at those times. I had to lay off from work for four to five days, almost every time. I was doing canner work, canning, sealing, etc., but had to quit work when sick as I would be so weak I could hardly walk across the room. I tried all kinds of medicines without help, so a woman friend of mine told me of Lydia E. Pinkham's Vegetable Compound. I have found relief every time while sick and it helps me more each time. Every one says I am a healthier and stronger girl. I am recommending the Vegetable Compound to all my friends."—JULIA SCHMIDT, 652 North Front Street, Salem, Oregon.

Like a New Person
Newark, N. J.—"I was troubled with pains in my back and was tired and drowsy with sick headaches. When I was sick I would have dreadful dragging-down pains, and I must have looked badly from what they told me. I was single at the time and had to give up work. At that time I ran a sewing machine in a shoe factory. I doctored with some of the best doctors in Newark, and they advised an operation. My cousin told me to try Lydia E. Pinkham's Vegetable Compound, and after I had taken five bottles of it my troubles were gone and I felt like a new person. Now my daughter is taking it for similar troubles and I recommend it whenever I can."—Mrs. H. BEACH, 612 15th Avenue, Newark, New Jersey.

Such letters should induce all women who need it to try this famous medicine. Sold by druggists everywhere.

2 KILLED IN CLASH

Mexican Officer and Civilian
Victims of Riot Over Re-
ligious Situation

MEXICO CITY, April 28.—Special despatches from Zitacuara say that Captain Benjamin Ruiz, of the Mexican Army and one civilian were killed and several civilians wounded during a clash between the people of the town and the military over the religious situation.

Large crowds had gathered in the municipal building, where the authorities were considering a petition of the Catholic Young Men's Association, requesting an annulment of the law limiting religious freedom. Captain Ruiz ordered the crowd to disperse, whereupon the crowd attacked Ruiz, who was stabbed to death.

French Senate Passes Complete 1926 Budget

PARIS, April 28.—The French Senate, by a vote 274 to 7, passed the complete budget for 1926. The Senate adjourned until five o'clock tomorrow afternoon in order to give the Chamber of Deputies a chance to pass on the measures voted.

Germany will establish two air lines in France.

GRAFTS TOE ON FINGER

CHICAGO, April 28.—The loss of a finger isn't such a calamity nowadays, as modern science can graft a toe on its place, according to Dr. Joseph B. Ford of New York.

Dr. Ford tells of performing the operation successfully on a man who lost his middle finger in a bread-slicing machine. He says the operation is for the benefit of those whose fingers are absolutely essential in their business.

SAINT JOHN, N. B., APRIL 28, 1926.

ADVICE WORTH HEEDING.

The hope may be expressed that the Commission will give heed to certain recommendations recently made by the Chief of the Fire Department. These are reasonable, and sensible, and they should be carried out.

The city, in the Chief's opinion, should have certain supplementary apparatus, and should install a sprinkler system in the West Side warehouses. First, he advises the purchase of a new service ladder truck, to take care of the numerous small fires, and do away with the necessity of taking out the big ladder truck, which is really required only in the case of serious fires in the business sections. Those who have experience in fire-fighting in this city thoroughly realize the folly of taking out the big truck on all occasions, and the only way this costly and unnecessary performance can be avoided is to supplement the apparatus in the way the Chief proposes.

The Chief recommends also that the building in Sydney street, formerly known as No. 2 fire station, be improved by certain alterations so that it will be fitted to house and care for one motor pump and the Chief's car, with crews for both. The present premises in King Street East are already greatly overcrowded, he says, and the existing condition is most unsatisfactory. This is true, and probably consideration of expense has prevented this improvement from being adopted long ago. Whatever the cause for delay, there has been too much of it, and this sort of delay constitutes a risk which the city cannot prolong if it exercises reasonable prudence.

Furthermore, the Chief suggests that, as he gives his entire time to the work of his position as chief engineer, he should have suitable office quarters with the necessary equipment to take care of records, and that these quarters should be prepared in the headquarters station. This, too, is a reasonable suggestion. In order to do the work efficiently, any man must have the tools to work with. It means economy, and in the business of fire fighting time is of the greatest importance.

The Chief points out the need for at least 1,000 feet of hose next year to replace damaged equipment, and he suggests the purchase of at least six smoke helmets. He recommends the appointment of a permanent pipe-man for the chemical engine on the West Side, submitting that under present conditions it is impossible to operate this engine effectively. The crew is insufficient.

Perhaps the most vital of his recommendations has to do with the protection of the city property represented by the piers and warehouses on the West Side waterfront. He asks the Council to consider the advisability of equipping these warehouses with a sprinkler system, and he regards as highly necessary an arrangement whereby a tug equipped with fire fighting apparatus should be available promptly in the event of a fire in any water front property.

The wisdom of this advice is self-evident. Next week the new Commission begins its term. The Commissioners are the same we have had, but Mayor White will be the presiding officer. No mere consideration of economy should prevent early action upon the Fire Chief's recommendations, which are put forward moderately, almost modestly, so far as language is concerned, but which contain suggestions worthy not only of immediate attention but of record.

WHAT'S AHEAD?

We live in a day of wonders. Chief Commissioner McKenna, who is conducting the telephone rate hearing in Ottawa, has been discussing a coming day when we shall do all our telephoning without wires. The Chief Commissioner told of visits he paid to Alexander Graham Bell at Baddeck, during which the great inventor referred to seemingly impossible things which have since come to pass. "On one occasion," the Chief Commissioner said, "he told

POEMS-HOME

"April," by William Watson.

Woman with the Serpent's Tongue will be forgotten and forgiven in the light of this Englishman's earlier achievement.

April, April,
Laugh thy girlish laughter,
Then, the moment after,
Weep thy girlish tears!
April, that mine ears
Like a lover greets
If I tell thee, sweetest,
All my hopes and fears,
April, April,
Laugh thy golden laughter,
But, the moment after,
Weep thy golden tears!

THE BEST OF ADVICE

ARE YOU A PURITAN?

A PURITAN is generally thought of as a thin (whoever heard of a fat Puritan?), austere person who frowns on all fun and gaiety and persecutes if possible all persons who disagree with him on religious matters.

Stuart P. Sherman, one of our modern essayists, however, disagrees with this estimate and quotes from early documents to prove that the Puritans who helped form the early history of our own United States, were not only men of great courage, but foresighted, imbued with the average—or perhaps a trifle more than the average—amount of tolerance, and with a lively affection for family and friends.

MR. SHERMAN also contends that we have had Puritans in all ages and that the very first one was that faraway ancestor of ours, the anthropomorphic electro-magnet was hung to come about four inches over the surface of the road. Current for the magnet was applied by storage batteries on the truck. From the five miles of road covered more than 150 pounds of nails, bolts, wire and scrap metal was gathered by the magnet. All of this was a menace to tires and most of it, according to report, was so covered with dust and dirt as to be invisible.

TOO MUCH TEACHING

(London Universe.)

We have too much teaching and too little learning. There's the rub. Let the boy grow up and find his own life. Then we should see our handicrafts do well, our farming flourish, foreign trade and shipping prosper, and the waste places of the world filled out with merchant adventurers of our race.

Concrete streets, like concrete roads, meet all the requirements of modern traffic

Winnipeg Paves For Today and For Tomorrow This Sure, Modern Way

Once a far out-post of civilization, Winnipeg, Manitoba, is now known the world over as a modern metropolis of boundless opportunity.

Among the many ways in which Winnipeg is planning and building for the future is its continued extension of concrete street pavement.

Winnipeg now has 18 miles of concrete streets, all of which are designed to withstand the heavier traffic of on-coming years just as surely as they are withstanding the traffic of to-day.

Firm, rigid, unyielding, and unaffected by changing seasons, these true, even streets also have an attractive, light gray color especially appreciated by property owners.

Both from the standpoint of lasting economy and of inviting appearance, concrete makes the ideal street pavement for any town or city.

All of the facts are in our free booklet on "Concrete Streets." Ask for yours today.

The Very Idea!

By Earl Odessa

HIKING!

A BIT of real hiking is much to my liking. It does one a whole lot of good. Right out in the air, where the spirit is rare. If you haven't tried it, you should.

Just put on old clothes. Go where each hiker goes and drink in of nature's rare scene. Get mud on your shoes, 'cause there's nothing to lose. It's fun—if you know what I mean.

Go plodding along on the lift of a song and imagine you're feeling just great. Of course, if you're aching, while lengthily walks taking, just call it the working of fate.

Such a stroll after all, if you answer the call, is whatever good fun you can make it. But, if offered a lift in a car, as a gift, just use your good judgment—and take it.

Woman in Edgeworth, R. I., celebrated her 100th birthday by continuing her daily stunt of taking three teaspoons of whisky. The last few years have been the hardest—to get it.

It's unfortunate, in the touring season, when everybody in the family wants to go—but the car doesn't.

TEACHER—Now, give me a sentence using the words wooden shoes.

PUPIL—Wooden shoes let me go home early today?

His bat was in position and he took a healthy swing. He hit a foul that hit him back—
Oh, hear the birds sing.

ABSENT-MINDED—The fellow who couldn't find a certain corner 'cause he was standing on it.

A girl who is fired for kissing her employer can usually get another job if she tells why she was fired.

When you want a booze prescription filled, don't tie up to a dry doc.

FABLES IN FACT

ONCE THERE WAS A LITTLE BIT OF A FELLA WHO HAD AN ARGUMENT WITH A GREAT BIG GUY PERIOD BUT COMMA DID THE SIZE OF THE BIG GUY SCARE THE LITTLE FELLA QUESTION MARK I SHOULD SAY LITTLE FELLA TOLD THE BIG GUY JUST WHAT HE THOUGHT OF HIM COMMA AND WHEN THE BIG GUY STARTED TO TALK BACK COMMA THE LITTLE FELLOW JUST HUNG UP THE PHONE PERIOD

NO EXCUSE

(Ottawa Citizen.)

It is no answer to lay the blame for election corruption on the low standard of political morality in Canada. That standard on the Canadian people has been offered before as an excuse for doing nothing in parliament.

"If WE HAVE inherited, not the Puritan heroisms, but the living Puritan tradition, we enter into the modern spirit of the past. But freedom it not its only characteristic. The modern spirit is marked, further, by an acute curiosity, which grows by what it feeds upon, and goes ever inquiring for fresher and sounder information to be had anywhere.

"Since it seeks only the best, it is, by necessity, also a critical spirit, constantly sifting, discriminating, rejecting, and holding fast that which is good, only till that which is better is within sight.

"This endless quest requires labor, requires pain, requires a measure of courage; and so the modern spirit (the Puritan spirit) is an heroic spirit. (As a reward for difficulties gallantly undertaken," Sherman asserts, "the gods bestow on the modern spirit a kind of eternal youth, with unflagging powers of recuperation and growth.")

J.G. HARRISON ADDED TO POWER CO. DIRECTORATE

Succeeds Eaton on Board of Firm To Develop Grand Falls

HORSE POWER TAX STILL UNSETTLED

Fraser Companies Bill Makes Good Progress In Committee

FREDERICTON, N. B., April 27

James G. Harrison, of W. H. Thorne & Co., Ltd., one of Saint John's outstanding business men, was added to the list of directors of the Saint John River Power Company, Ltd., at this afternoon's session of the Corporation's Committee at the request of John F. Rollins, Boston, legal counsel of the International Pulp & Paper Company, Ltd. Mr. Harrison who takes the place of Willis Eaton, Douglastown, N. B., is the second Saint John merchant on the board of directors, the other being George McAvity, president of T. McAvity & Sons, Ltd.

TAX AWAITS SETTLEMENT.

The \$2 tax on any horsepower developed by the province remains unsettled, but it is altogether likely the bill will be ready for the House tomorrow afternoon. At the afternoon session the bill relating to Fraser Companies Limited and the check of property of the company was referred to the Power Company by the former Grand Falls Power Company, Ltd., and the Department of Lands and Mines appeared before the committee and explained the technical aspects of the check.

OFFICIAL REPORT.

FREDERICTON, April 27.—The corporation committee met this morning and resumed consideration of the Saint John River Power Company bill.

There was considerable discussion over the clause limiting the time the New Brunswick Electric Power Commission must elect to take 6,000 h.p. reserved for the province. The clause limited the time to January 1, 1927. The consensus of opinion was that the time was too short and should be extended. It was finally decided to communicate with Mr. Graustein to ascertain if he would agree to an extension of the time limit.

TO PROTECT PHONE LINES.

The usual section for the protection of existing lines of telephone companies was inserted in the bill at the request of P. J. Hughes, K.C., representing the New Brunswick Telephone Company. The section includes as well the protection of existing lines of telegraph and electric light companies.

VENIOT'S SUGGESTION.

At the morning session in dealing with the schedules, Hon. Dr. P. J. Veniot said he noticed that in the agreement between the Saint John Power Company and the International Paper Company that no price was given as to the value of the holdings being transferred.

Mr. Veniot suggested that the province had expropriation powers and if the time ever came to that, the province should not be asked any fabulous price for it, Hon. Dr. Veniot said.

Hon. Mr. Tilley: "Would you be willing that they place it at \$1,200,000 as named in your agreement?" Hon. Mr. Veniot amid laughter: "Yes, I think I would."

POINT TO BE SETTLED.

This point will be settled between the government and the International. The committee went into consideration this morning of the bill incorporating the New Brunswick International Paper Company, Ltd. In discussing the section dealing with the diversion of water for the International's pulp mill, Mr. Rollins said that one of the sites in mind for the location of the mill was the mouth of the Restigouche River. He said it was quite a problem for the company to find a suitable site.

This evening, a largely attended caucus of government members was held.

The bill to incorporate the Saint John River Power Company, Limited, was also considered at the morning sitting of the committee.

Objection was taken by Hon. C. D. Richards, Minister of Lands and Mines, to the section making it necessary for the province to notify the power company before January 1, 1927, in regard to taking the 6,000 horse power to be reserved by the power company. He claimed this time was too short.

John F. Rollins, legal counsel for the International, pointed out that the primary reason for the development was to erect paper mills. Just at present the power company must reserve 5,000 h.p. for the province of Quebec, 9,000 for the International Joint Waterways Commission, 20,000 horsepower for Fraser's and the 6,000 for the province, or a total of 38,000 horsepower before the International could decide about its own paper mill. He thought the committee should bear this in mind. The company was not asking the province to take the power, but simply to make up its mind before January 1, 1927, how much power it needed.

Hon. Mr. Tilley said that those who had sat in at the preliminary negotiations had had a difficult time over this point and suggested Mr. Rollins get in touch with Mr. Graustein and see if he would consent to an extension. This was agreed to and the section was stood over.

SUGGESTS FIXED PRICE.

Premier Baxter brought up the question of a definite price being charged for the power. He suggested that the clause referring to this used the term "a fair return" and the Premier suggested that this price be not less than that charged Fraser's, Ltd., by the power company, namely \$20 per h.p. Mr. Rollins said he did not think his company had any objection to this and a clause giving effect to the Premier's suggestion will be embodied in the agreement. The agreement between the International and the Power Company shall remain in effect for 40 years with option to renew for successive 10 year periods.

OFFICERS NAMED.

Officers were elected as follows: President, Mrs. D. R. Willet; vice-presidents, first, Mrs. P. A. Dykeman, second, Mrs. J. F. Tilton, third, Mrs. R. M. Fowler; secretary, Mrs. A. H. Chipman; treasurer, Mrs. A. C. L. Tapley, who are the house committee; Mrs. J. F. Tilton. The following were appointed delegates to the local conference of Women, Mrs. D. B. Willet, Mrs. G. B. Taylor, Mrs. G. Wilford Campbell, Mrs. F. E. Whiepley and Mrs. A. C. L. Tapley.

The clause relating to liens on properties of parties developing power on the Saint John River in connection with the proposed charge of \$2 per horsepower, was amended to read "hydro electric works on the Saint John River."

Hon. Mr. Michael objected to the section exempting from municipal taxes the Grand Falls. He proposed a fixed valuation for assessment purposes for a period of 40 years.

Hon. Mr. Baxter pointed out that the company was to pay \$5,000 for school purposes, which might be divided for municipal and school purposes if that would be preferable. But he asked that the section under discussion be not otherwise changed. The section stood as originally drafted.

Other sections of the bill stood over for further consideration related to the amount the province should pay for development undertaken on the river, extension of time for electing to take 6,000 horsepower; power factor 90 or 80 cents, and checking of schedule A.

PAPER COMPANY BILL.

The committee next took under consideration the New Brunswick International Paper Company bill. An amendment was adopted providing for the holding of the organization meeting place and time as provisional directors may determine.

BOND ISSUES HELD BACK FOR NEW COUNCIL

Power Commission Matter At City Hall—New Car For Water Department

THE CITY COUNCIL DECIDED YESTERDAY TO DEFER ACTION ON THE REQUEST OF THE CIVIC POWER COMMISSION FOR A BOND ISSUE OF \$10,000 UNTIL THE NEW MAYOR HAD TAKEN OFFICE.

An application from Dr. Frank C. Thomas for permission to erect an electric sign at 88 Charlotte street, was referred to the Commission of Public Works, city electrician and city engineer, with power to act. Commissioner Frink said it was his intention to have a census taken of all the electric signs in the city with a view to exacting a small license fee.

Bills for street lighting amounting to \$8,011.83 were ordered paid. In connection with the offer of Mrs. Frank Hollis to allow the city to use part of her property as a quarry for stone for street work, Commissioner Frink recommended that Mrs. Hollis be informed that it was not the intention of the city to re-establish a quarry on this property. He said the stone was of excellent quality but the complaints of residents of the community made it almost impossible to set up the stone crusher on this site.

Commissioner Wigmore was given authority to purchase a new car for the water and sewerage department, at a cost not to exceed \$1,500, payable from water revenue.

MRS. D. R. WILLET HEADS AUXILIARY

Annual Meeting of Y. M. C. A. Ladies' Organization Held Yesterday

Mrs. D. R. Willet was re-elected president of the Ladies' Auxiliary of the Y. M. C. A. at the annual meeting held yesterday afternoon but was prevented by illness from attending the meeting. Mrs. G. B. Taylor, president over by Mrs. G. B. Taylor. The reports covered an 18-month period during which the Auxiliary had been exceptionally active and had enrolled many new members.

Besides taking charge of a great many social functions of the association and serving banquets and refreshments on many occasions, the Auxiliary gave it an annual gift of \$75 to the foreign work of the Y. M. C. A. In the 18 months the Auxiliary also served the inaugural banquet for the two newly formed clubs, the Y's Men's Club and the Other Y's Men's Club. At the meeting yesterday arrangements were made for serving the banquet on May 6 when the annual meeting of the association is held.

Officers were elected as follows: President, Mrs. D. R. Willet; vice-presidents, first, Mrs. P. A. Dykeman, second, Mrs. J. F. Tilton, third, Mrs. R. M. Fowler; secretary, Mrs. A. H. Chipman; treasurer, Mrs. A. C. L. Tapley, who are the house committee; Mrs. J. F. Tilton. The following were appointed delegates to the local conference of Women, Mrs. D. B. Willet, Mrs. G. B. Taylor, Mrs. G. Wilford Campbell, Mrs. F. E. Whiepley and Mrs. A. C. L. Tapley.

The constant curling and waving demanded by present styles in bobbed hair, slowly burns the color, lustre and very life from the hair, leaving it dry, faded, brittle, and full of dandruff; then the hair roots shrink and the hair falls out fast.

Since girls just must curl and wave the hair to appear their prettiest, try "Dandruff" to offset any bad effects. After the first application your hair will take on new life, become healthy, youthful lustre, become incomparably soft, wavy and appear twice as thick and abundant. Falling hair stops and dandruff disappears.

A 35-cent bottle of refreshing "Dandruff" from any drug store or toilet counter will do wonders for any girl's hair. It goes right to the roots, invigorates, nourishes and strengthens them, helping the hair to grow thick, healthy and luxuriant.

COUNT THEM TONIGHT! Pick up your mirror and count the pimples, and other facial blemishes you have tonight. Instead of pinching on the cream—MacBee's Syrup as directed on the bottle for just a few days. MacBee's Syrup not only removes the cause. You will swear by it ever after. Any drug store.

William N. Carney and Arthur S. Bowman charged with not filing their income tax returns for the year 1923, appeared before Magistrate Henderson in the police court yesterday afternoon and pleaded guilty. They were fined \$50 each. A similar charge against Oscar Gaskin was stood over until Saturday morning, C. J. Melliday appearing for the latter. The prosecution was conducted by Percy J. Riehl.

MUSICAL EVENT KEENLY ENJOYED

E. Clyde Parsons in Centenary Hall Gives First Public Local Recital

The large audience in Centenary hall last night gave hearty acclaim to the young Saint John singer, E. Clyde Parsons, appearing in his first local recital. His sympathetic rendering of some of the most difficult and most beautiful of classical and modern music, charmed everyone, and his rich well modulated baritone voice was heard to splendid advantage.

That he has a bright future before him as a singer was confidently predicted. Assisting Mr. Parsons were Mrs. Blake Ferris, soprano, whose numbers on the program were characterized by brilliancy of performance; Bayard Currie, gifted instrumentalist, who provided the accompaniment; and Mrs. Lillian Parker Kitchen Fox, of Fredericton, reader and dramatic entertainer, whose character portrayals and recitations were vividly realistic, made a special appeal. Among the songs given by Mr. Parsons were two composed by Mr. Currie.

The recital was given under the auspices of the Saint John Women's Council in aid of the council's free music fund, and realized a highly satisfactory sum.

THE PROGRAM. Mr. Parsons' songs included the following: "The Asra, Rubinstein; Oh Hold Thy Cheek, Jensen; O Du Mein Heller Abendstern (Tannhauser), Wagner; Care Selve (Atalanta), Handel; My Lover is a Fisherman, Strickland; Prologue "Pagliacchia," Leoncavallo; Two Grenadiers, Schumann; Song of the Veiga Boatman, Chalapine-Koensman; On the Road to Mandalay, Oley Speaks; God Touched the Rose, Brown; The Blind Plowman, Clarke; God Keep You, J. Bayard Currie; Thou Art So like a Flower, J. Bayard Currie; and Invictus, Habis.

Among the songs given by Mrs. Ferris were: "My Heart at Thy Sweet Voice (Samson and Delilah), Saint-Saens; Villanelle, Don Acqui; May Morning, Denza; Oh Don Fatate, Verdi.

The selections given by Mrs. Fox included: "The Highwayman, Alfred Noyes; Joint Owners in Spain" (one act play), Alice Brown, and The Land of Beginning Again.

Rev. Dr. Ward of Montreal Gripps Audience at St. Andrew's

Rev. Dr. J. W. G. Ward, pastor of the Emmanuel United church in Montreal, was heard by large congregations in St. Andrew's church yesterday when he gave a special sermon in the afternoon and in the evening gave a recital of "The Tale of Two Cities," both events being part of the observance of the 142nd anniversary of the church. During the day large sums were given in aid of the church organ fund.

DRAMATIC RECITAL. The dramatic recital "A Tale of Two Cities" was given by Dr. Ward in the evening. Prior to the beginning of the recital Mrs. F. J. Hodgson rendered some very fine selections on the organ. The large church was crowded to capacity.

Dr. Ward is possessed of marvellous dramatic power. He made the characters of Dickens' novel live again before the eyes of his hearers. He was especially brilliant in his impersonation of the character of Sydney Carton.

The general expression of opinion after the recital was that it was one of the finest intellectual treats given to a Saint John audience for a long time. Before the singing of the National Anthem the chairman, Mr. Bonnell, expressed the thanks of St. Andrew's Young Men's Club to Dr. Ward for his sermon and recital and he told the large congregation that the church planned to have Dr. Ward visit the city again next spring.

May Keep Hat On In King's Presence

LONDON, April 28.—To Michael Constantine de Courcy, Baron Kingsale, belongs the unique privilege of being the only man in the United Kingdom who may, if he so elects, keep on his hat in the presence of the King of England.

A hereditary prerogative granted to Sir John de Courcy in the reign of King John, for conquering Ulster, is still held by the peer enjoys this curious privilege. Historical records show the permission to have been exercised only five times, the last instance being in 1859, when John de Courcy, successor

to Gerald, Lord Kingsale, stood with his head covered in the presence of Queen Victoria.

"DIAMOND DYES" COLOR THINGS NEW

Just Dip to Tint or Boil to Dye

Advice to Two Girls of 17 Already Bored With Life—The Father Whose Stern Rule is Losing His Children's Love—Shall Close Friend Tell the Wife of Her Unfaithful Husband?

DEAR MISS DIX—We are two girls of 17 who are already bored with life. Both of us are in college, and engaged to be married when we get through. Nothing interests us, but we think that marriage will be a new experience. What do you say?
LES DEUX.

DOROTHY DIX

ANSWER: I'll say that marriage will be a new experience! When you have to wrestle with getting three meals a day, and getting along with the peculiarities of a husband, and taking care of a howling infant, you will have plenty of things to interest you. Marriage is full of a number of things, but monotony is not one of them. There is always something doing that will keep you all stirred up with gladness or madness.

And so you are bored at 17! You are tired of the show before it even begins. Dear me! But I am sorry for you, for you don't know what you are missing. Why, I have been looking on at this circus for empty-tummy years, and I am still watching every act with bated breath and getting a kick and a thrill out of every turn.

Now let me tell you a secret, my dear little girls. It is this: We get out of life only what we put into it. If you are dull and bored, the fault lies in yourselves. It is because you look at things with lackluster eyes, because you have no interest or ambition in what you are doing, because you are soggy, tedious, leaden, peevish yourselves.

You are bored at college, where there is everything to learn, where there is every fascinating avenue of study open to you, where the whole history of the world is spread open before you. You are bored in the midst of the jolly college life, bored at the very thought of college sports.

I will warrant it is because you are too inert to do anything but stand on the sidelines and yawn. I will warrant that you are too lazy to study or play, that you are no honor women in your classes, and that nobody has ever mentioned you as good material for the crack basketball team. You won't find any girl bored who is trying to get the most out of her college days. She is on her tiptoes with excitement all the time.

You will find the same thing holds true all the way through life. Nobody can entertain us. Nobody can amuse us. Nobody can interest us. We have to do that for ourselves. I have seen men and women bored and dull in the crowds in New York and Paris and London, and I have seen them alert and interested in little cabins in the piney woods, or forgotten valleys in the mountains where they never saw a new face or got a newspaper once a month. I have seen people sleep at the grand opera while Caruso sang, and I have seen them listen with rapt faces to a village band.

It is all up to the individual. If you bring every bit of intelligence you have to bear on your daily life, if you put your heart and your soul and your back into what you are trying to do, you will find all the excitement you want right at hand, and you will never be bored or dull, and never have to go away from home to hunt for thrills.

DEAR MISS DIX—My husband and I have been married for twenty years, and have always got along well together until now, when we are in a continual argument over the children. We have a daughter 18 years old, and her father thinks that she should do as she did when she was 10, and dress as simply as she did then, and that a wash dress is good enough for her for any occasion. He never permits her to go anywhere, and objects to her having company at home, as he says he doesn't want to be bothered with boys coming and going. Now will he permit our boy, who is 14, and who works outside of school and earns enough money to clothe himself, to go to the moving pictures once a month. From being a place of peace, our home has become very disagreeable, and I don't know what to do about it.
WORRIED WIFE AND MOTHER.

ANSWER: Your husband is altogether wrong in the attitude he takes toward the children, and unless he has intelligence enough to realize what a mistake he is making and change his tactics, he will make his children hate him and drive them away from home.

Unfortunately a great many fathers act as your husband is doing. A form of perverted parental love makes them resent the fact that their children have grown up and are slipping out from under their control. Their vanity makes them want to keep their youngsters always dependent on them, always looking up to father for advice and council, and when they find that their boys and girls have begun to think for themselves and want to have their own way, it drives them into an unreasonable fury.

It is jealousy that makes a father refuse to let his daughter have dates and go to parties, and have the young men come to see her. He cannot endure the thought of some young man being more to her than he is.

It is a great pity for a man to take this attitude toward his children. It is to pity for the children because it deprives them of a father's help and counsel at the very time they need it most, and it drives them into excess as a protest against his injustice.

For no man can keep his young daughter from having beaux. If she cannot have them come to see her respectfully at home, she will slip out and go to wild ones. Now can any father keep a boy locked up in his room and away from all the pleasures of youth. One way or another he will get them, and as soon as he is able he will leave a home presided over by a tyrant. Life is full enough of dangers for the young without adding helplessness and lack of parental guidance to them.

It is pitiful for a man to alienate his children from him by his folly and narrow-mindedness. Fatherhood is full of sacrifices. The man who has a family of children has literally been their slave since their birth. He has toiled for them. He has gone without things that he wanted that they might have, and his only pay for all his work and worry is in their love and respect for him. In their comradeship.

And he forfeits all of this if, when they are grown, he fails to sympathize with them and understand them, and if he is not willing for them to have the pleasures that belong to their time of life.
DOROTHY DIX.

DEAR MISS DIX—I have a dear friend who is a splendid loyal wife, and the mother of two children. I know that her husband is unfaithful to her. Shall I tell her?
A READER.

ANSWER: No! A thousand times, no! No useful end could possibly be served by telling the wife the thing that will break her heart. Sooner or later, of course, she will find it out, but let her keep her happiness as long as she can.

"The bearer of unwelcome news hath but a losing office." And your friend will not love you the better for telling her the thing that she would rather die than hear.

If there were something that the wife could do to protect her husband, there would be reason for warning her of her danger, but there is none. She is helpless, for no woman yet has ever found any successful method of dealing with an unfaithful husband.

Daintily Styled Frocks Fashioned From Lace

By MME. LISBETH
THE quaint little period frocks are particularly charming developed in lace and other sheer fabrics. They are also effective in the much liked tulle, and these tulle frocks with full skirts have a most enticing rattle which is music to the ears of most of us.

The frock on the left above is built of alternating bands of periwinkle blue organdie and American made ecru shadow lace. The rest of the bodice is made of the lace to a normal waistline. This frock has a square décolletage and, to this tight little bodice with a band of organdie followed by a much wider band of lace, then another of organdie and a second of lace and the skirt, which is much longer than the average modern frock—coming quite to the ankles—is finished with a slightly wider band of the organdie.

Almost anyone could make such a frock and worn by the slender girl especially if she be small and slightly old-fashioned in appearance. It is irrefragable it was designed for garden party wear.

An evening gown (right) is a combination of champagne and gold American novelty metal lace with matching scarf. This frock has a square décolletage and, to this tight little bodice with a band of organdie followed by a much wider band of lace, then another of organdie and a second of lace and the skirt, which is much longer than the average modern frock—coming quite to the ankles—is finished with a slightly wider band of the organdie.

A nobby little toque (centre) revises the artificial bird trimming. This little hat is black, close fitting, and the bird is posed low at the right side. This type of hat is always popular no matter what the particular vogue. The larger hats are practically mostly in fair weather while these small shapes may be worn in all weathers, as they nestle the wind and are easily protected from the rain.

The office seldom seeks the man, I've read—yet I daresay, Some offices from those who seek Would like to run, away.

Grocer: Not afraid of early hours, Applicant: No, sir. You can't close too early to suit me.

Get acquainted with your dentist To visit with you have a toothache before breakfast the year dentist is like locking the door after the horse is stolen. Your dentist is interested in preventing trouble in your mouth. Visit him at least twice a year, and protect your teeth and health!

4 out of 5 are his statistics

Your own dentist will tell you that four people out of five past the age of forty are doomed, through carelessness, to contract pyorrhea, the dread disease of the gums that causes rheumatism, loss of teeth and general ill-health.

If you have pyorrhea see your dentist at once and follow his advice carefully. Forhan's for the Gums is a scientific dentifrice, the formula of R. J. Forhan, D.D.S. It contains Forhan's

Pyorrhea Liquid which has been used by dentists for the last 15 years in the treatment of pyorrhea.

If used in time Forhan's will prevent pyorrhea or, in co-operation with your dentist, will check its progress.

Brush your teeth with Forhan's night and morning. All druggists, 35c and 60c in tubes.

IN NEW YORK SEE-SAWING UP and DOWN BROADWAY

THERE is a general impression that high salaried movie stars and stage personalities are "big Broadway spenders."

The reverse is more often the case. These persons do not underestimate for a moment their drawing capacity in public as well as in the theatre. They know quite well that the average cafe or night club proprietor is so tickled to have them drop in that he would almost pay for the privilege. Frequently he does.

And if they are placed in the position of having to spend much, they seek a place where the rules are different.

THE idea of this human curiosity being what it is, tourists and natives alike will rush to such-and-such a place if they think that Lottie Filmore or Hector Hero will be there.

That makes business good and Lottie and Hector are welcome faces.

Visitors from here-and-there-and-every-where love to go home and tell the folks they sat right alongside of Peggy Joyce or someone equally prominent in the limelight.

RECENTLY a night-club proprietor offered "Peaches" Heenan, "Cinderella" of Edward Browning, the great son of \$50 if she would just casually drop in and spend part of the evening.

During a period of time when a former famed film star was having financial difficulty, she managed to tide over the lean period by the simple expedient of walking into a number of cafes, letting herself be recognized, smiling prettily here and there, dancing a few times and then wandering on to the next.

IT is part of the acting game to "be on view" publicly as well as on the stage.

And since there are a sufficient number of people ready to trail behind, gawking and gawking and ready to spend good money just to sit in the same room, the famous ones become decoys.

Which is one of the reasons why Broadway is Broadway—and probably always will be.

—GILBERT SWAN.

ADVENTURES OF the TWINS

THE GAZOOKUMSES STEAL EVERYTHING

Gazookumes are something like goblins, only they usually go about in threes.

Besides their eyes are pink and their ears are sharper. And I have heard it said that their little toes are made of solid silver. But of course one can't be sure as they never take their shoes off.

There sat three of them, now, in the crow's nest in the old dead tree, stuffing themselves with lolly-pops and chocolate-buds and bon-bons and throwing the papers and sticks overboard, you might say.

That was the way Mister Tinsaling and the Twins found out that they were there.

"We'll get you!" shouted the fat little you stole from the owl. Give it back or we'll come up and get you."

The three little Gazookumes looked over the edge of the nest, their sharp noses sticking out like bird bills.

"We don't care! Come on!" they said. "The money's all spent and the candy's all gone. Come and get us if you can."

Mister Tinsaling was getting pretty mad about everything by this time, so he shouted, "Look out then. We're coming up this very minute." And calling to Nancy and Nick to follow him, he started to climb up the tree as fast as he could go.

He didn't take the pocket-book along because he couldn't go so fast with it. And the Twins didn't take the rent book and pencil along because they couldn't go quite so fast, either. All three of those precious things lay on the ground at the foot of the tree.

Up and up and up went the Twins by their magic shoes.

At last they reached the big bare branch that held up the crow's nest. And along it they all ran to catch the Gazookumes.

But the three noses were no longer to be seen. And upon reaching the nest and peering over the edge, no Gazookumes were to be seen, either. They had disappeared, pink eyes, silver toes and all!

"Oh, sugar!" cried Mister Tinsaling, stamping his foot so hard he almost snapped off the old dead branch.

"Where did they go? I'd like to know," said Nancy.

"Don't ask me," said Mister Tinsaling. "They must have wings as well as silver toes, for they never climbed down, I'm sure."

Suddenly they heard someone say, "Ooooo! Bessie! A whole dollar and a quarter in fairy money, and a nice big book with a lot of names in it and a big pencil with a nice point! And a pocket-book, too! A present for each of us and enough money to buy out a whole candy-shop besides! Oh, thank you, sir! We're sorry we threw lolly-pop sticks and silver-paper wads at you. We like your friends, too, even if they haven't got pink eyes. Good-bye!"

At this Mister Tinsaling fainted. Yes he did, indeed—he fainted clear to the top of the old dead tree the whole way down to the ground. But fortunately he fell into a bed of soft moss, and when the Twins reached him he had quite come to.

"Oh! Oh! Oh! All is lost! The rent money and everything. Oh, those dreadful Gazookumes! They are worse than Snicker Snatch ever thought of being. Have they gone?"

"Yes," said Nick. "And they didn't even leave a footprint behind them."

"They wouldn't," grumbled poor Mister Tinsaling.

SLEEPING CAR SERVICE SAINT JOHN-EDMUNDSTON C. N. R. Commencing Monday, May 3, a sleeping car will be operated by the Canadian National Railways between Saint John and Edmundston via Fredericton and McGINNIEY, on Mondays, Wednesdays and Fridays, service from Saint John being by train No. 45, leaving Saint John at 8 p. m., and arriving Edmundston (train No. 21) 2:10 a. m., Tuesdays, Thursdays and Saturdays. Returning, a sleeping car will be attached to train No. 92, leaving Edmundston at 6 a. m., Fredericton (train No. 46) 1:40 p. m., and arriving Saint John 5:10 p. m.

W. GRANT SMITH CHOSEN HEAD OF CANADIAN CLUB

Mayor-Elect White Speaker At Annual Meeting—More Interest Urged

Features of the annual meeting of the local Canadian Club in the Admiral Beatty hotel last evening were the election of W. Grant Smith as president and an address by Dr. W. W. White, mayor-elect of the city, who spoke most interestingly on the geological formations of the city and also touched on Saint John's early history.

The reports for the year were submitted by the various officers. Lieutenant Col. E. C. Weyman, retiring president, deprecated the lack of interest shown by some of the members, as evidenced by the attendance, which averaged about 80 out of an enrollment of 467.

Officers were elected as follows: President, W. Grant Smith; first vice-president, J. M. Magee; second vice-president, Capt. A. J. Mulcahy; secretary, D. Gordon Willet; treasurer, William M. Walsh; literary correspondent, W. T. Denham; finance and property committee, F. T. Barbour; Richard O'Brien, Eli Boyaner; additional members, Geoffrey Stead, W. A. Harrison, Dr. L. De V. Chipman, George M. Robertson, Henry R. Ross; nominating committee, W. J. S. Myles, H. A. Porter, H. O. McInerney, K. C. G. A. Henderson, M. E. Agar, C. B. Allan and J. Hunter-White.

SKETCHES CITY'S HISTORY

In closing, Dr. White sketched the early days of the city from the time when it had been a wilderness inhabited by a few savages. He told of the fight between LaTour and Charnisay and the heroic defense of Saint John by Lady LaTour. Most of the actors in that drama, he said, were believed to lie in the old French burying ground at the foot of King street, West End.

THE VOCATIONAL SCHOOL, SAINT JOHN, N. B.

The Verdict of the Architects F. Neil Brodie

"I have used your Interlocking Tile in partitions of my last three school buildings, namely: Fredericton Vocational High School, West Saint John St. Patrick's Grade School, and Ganong Memorial School, St. Stephen. They were well built, good tile and I was well pleased with results."

Permanent Walls, erected without the use of expensive forms and labor. Having seven times the volume of brick, while 50% lighter, 500 to 600 can be laid in a day. Fire, frost and sound proof.

New President

W. GRANT SMITH Who was elected president of the Saint John Canadian Club last evening.

W. Grant Smith, who was last night chosen as president of the Canadian Club, is one of the leaders among the younger lawyers of the city and has taken an active part in community welfare work. He is a son of W. G. Smith, of Manchester Robertson Allison Ltd. He graduated from Mount Allison in 1914 and then began his course at the Saint John Law School.

More fishing tackle is manufactured in the U. S. than in any other country.

W. J. ELLIOTT, MISSING MAN, BELONGED HERE

Relatives Seek Word of Mine Owner Believed To Be Drowned

Announcement yesterday from Dawson City that William J. Elliott, "Rocky Mountain Bill," had been reported missing, caused relatives here much concern. A telegram sent to George Black, M. P., at Ottawa, a former partner, brought reply that he had no information regarding Mr. Elliott's death and advised communicating with the Mounted Police at Dawson.

The press despatch said that Mr. Elliott was believed to have fallen through the ice somewhere between Mayo and Dawson and was thought to have been drowned. The police had been searching for him but without success.

BORN IN PROVINCE

He was born in New Brunswick 65 years ago and has three brothers and one sister residing in Saint John and one brother, Fred C. Elliott, living in Glassville, Carleton county, N. B. The sister and brothers residing in Saint John are Mrs. Peter Chisholm, R. A. Elliott, J. S. Elliott and George A. Elliott. His wife is at present visiting her people in Jedburgh, Scotland.

Only last week Mrs. Chisholm received a letter from her brother, written in March from Dawson City, telling

of his purpose to leave in April for Keno. He said that he was in excellent health at that time. She is at a loss to account for his having left his winter quarters in Dawson alone, as the despatch seems to indicate.

HERE THREE YEARS AGO

William J. Elliott had visited in Saint John about three years ago and Mrs. Chisholm was expecting that he would be here again this summer when she hoped to accompany him on an overseas trip to join his wife. William J. Elliott went west 30 years ago and was one of the pioneers to go into the Yukon in the Klondike rush. He was owner of mining property of considerable value at Keno Hill and was the original staker of Keno City townsite. He was formerly business partner with George Black, Federal member for the Yukon.

During the war Mr. Elliott served overseas for four years. When the news of the outbreak of the war reached the Yukon he walked more than 600 miles to enlist in the Yukon battalion that was speedily mobilizing at that time.

FAIRVILLE LADIES AID

At a meeting of the Ladies' Aid of the Fairville Baptist church, at the home of Mrs. C. B. Black, West Saint John, Mrs. George Currie, treasurer, reported satisfactory proceeds from a recent supper. The hostess was assisted in serving dainty refreshments by Miss Marion Black and Miss Lucy Black.

Those present were Mrs. A. E. Kierstead, Mrs. J. W. Stevens, Mrs. George Currie, Mrs. George Fowler, Mrs. Hiram Allaby, Mrs. Allan Thorne, Mrs. Thomas Alcorn, Mrs. Thomas Kerrigan, Mrs. Harry Gallant, Mrs. Robert Thorne, Mrs. Charles Dykeman, Mrs. Robert Lawson, Mrs. Leonard Frazer, Mrs. Carl Cunningham, Mrs. William Fox, Mrs. Robert McMillan and Mrs. Harry Kierstead.

Many small rubber plantations are being started in the Philippines.

FAREWELL SAID TO MAIN ST. PASTOR

Presentations Are Made to Rev. A. K. and Mrs. Herman By Congregation

The congregation of the Main street Baptist church last night tendered a farewell social to Rev. and Mrs. A. K. Herman. The vestry was filled to overflowing. Mr. Herman has been acting pastor for three months and will leave at the end of this week to become pastor of the Highfield Baptist church in Moncton.

An address expressing the congregation's appreciation of Rev. Mr. Herman's work during his three-months pastorate, was read by F. E. Flewelling, church clerk. The address also expressed all good wishes for Mr. Herman's happiness and success in his new field. With the address there were presented a two volume copy of Moffatt's translation of the Old Testament and a copy of the life and letters of Walter H. Page for Mr. Herman, a handsome floor lamp for Mrs. Herman and a purse of money for both. Mrs. R. A. E. Mitchell's class of the Sunday school presented a ring and a gold pin for baby Ruth Herman, who is about two years old.

Mr. Herman made a pleasing reply and made feeling reference to the late Rev. Dr. David Hutchinson. W. J. McAlary was chairman. The pleasing program opened with "O Canada" sung by Bayard Stillwell, with all joining in the chorus. Other numbers included: Reading, Mrs. H. B. Peck; vocal solo, Miss Ethel Parlee; reading, Miss Alice VanWart; vocal solo, Mrs. L. B. Murray. The ladies of the church were assisted by the young men in serving delicious refreshments and a very pleasant social time was enjoyed. Mrs. J. F. Archibald acted as accompanist for the evening.

Many Pay Tribute To Late Sir A. Bertram

Canadian Press HAMILTON, Ont., April 28.—The burial of the late Major General Sir Alexander Bertram of Montreal, took place yesterday in Grove Cemetery, Dundas, in the presence of many prominent men from different points in Ontario and Quebec. The funeral was held from Glenholme, the residence of Henry Bertram, Sir Alexander's brother and Rev. Dr. J. C. Soers and Rev. J. B. Hamilton officiated.

Always and Easily The Leader in Quality "SALADA" TEA

It possesses that entrancing and seductive flavour not found in ordinary teas. Brown label 75c lb. Orange Pekoe Blend 85c lb.

Guard Against "Flu" With Musterole

Influenza, Grippe and Pneumonia usually start with a cold. The moment you get those warning aches, get busy with good old Musterole. Musterole relieves the congestion and stimulates circulation. It has all the good qualities of the old-fashioned mustard plaster without the blister.

Wife Eats Feels Fine Husband Happy

After having tried everything for his wife's stomach trouble, F. M. Noble is happy now because he found Adierika. This helped her and now she eats and sleeps fine. Adierika gives the system a REAL cleansing and brings out old metabolic poisons which may have caused trouble for a long time. Just ONE spoonful relieves GAS and takes away that full, bloated feeling so that you can sleep at night without rolling from side to side. Even if your bowels move every day, Adierika removes much additional poisonous matter which you never thought was in your system, and which caused sour stomach, nervousness, sleeplessness, headache, etc. Don't wait any longer but let Adierika give your stomach and bowels QUICK relief. Sold by Dunlop's Pharmacy and the Rose Drug Co. in Fairville by O. D. Hanson.

Heaps and Heaps of Bonny BREAD

Are baked every day and sent to Bonny Bread lovers—thousands of them—all over town, all over the Maritime Provinces and away up into old Quebec, and, as the days roll by, more and yet more lovely golden loaves of Bonny Bread are made for the ever and fast-growing numbers of folk who prefer Bonny Bread.

Once you've tasted Bonny Bread you'll always eat it—so tempting, so appetizing, so enticing is the flavor of Bonny Bread—with its delicate taste that only FRESH, RICHLY CREAM-TOPPED COWS' MILK and the finest and most nourishing flour that Canada produces can give it, a flavor brought to perfection by the most highly skilled and widely experienced bakers.

Just think of it—thousands and thousands of gallons of lovely, cool, clean cows' milk—rich in cream—go into the making of Bonny Bread, and this, with flour milled from the famous Manitoba Hard Wheat, choice malt, shortening, yeast and just enough salt, produce, in Bonny Bread, a glorious, tender-crust golden loaf containing the greatest amount of nourishment.

Then the-baking—all that the skill of efficient bakers and the most modern, highly approved and completely equipped bakery in the Maritimes can do to produce an absolutely unrivalled loaf of bread is found in Dwyer's Bonny Bread.

A Genial Welcome Awaits You and Your Friends at DWYER'S BONNY BREAD BAKERY in Bentley Street. Come along any time. Glad to see you!

Be Sure to Insist That Your Grocer Sells You

Imitation blue diamonds have become a fad in Paris.

CHIEF VAUGHAN FOR SPRINKLERS AND FIRE TUG

Urges Better Protection of City Property At Sand Point

SIX SMOKE HELMETS FOR FIREMEN'S USE

Purchase of Small Ladder Truck For Lesser Fires Advocated

In the annual report of Walter S. Vaughan, chief of the fire department, recommendations are made for greater efficiency in the department. These include a fire tug and sprinklers for protection of the West Saint John wharves and sheds. In the department in general he recommends a small service ladder truck, smoke helmets and more fire hose.

FIRES OF 1925

During the year the department answered 256 alarms. Of these 143 were bell alarms on the east side and 27 bell alarms on the west side. Four false alarms were rung in, two on the east side and two on the west. The fire loss for the year was \$275,479, and the insurance loss \$217,611. The chief expressed his appreciation of the help given him by the members of the Salvage Corps and Fire Marshal McLellan. He referred in feeling terms to the loss sustained by the department in the death of George Blake and Charles H. Jackson, former chiefs. His recommendations follow:

"For a new service ladder truck, to take care of the numerous small fires, and eliminate the necessity of taking out the large ladder truck, which is really only required in the case of large fires in the business sections."

"That the premises in Sydney street, formerly known as No. 1 station, be taken over and put in suitable condition for occupancy to house and care for one motor pump and the chief's car, with crews for the same. The present premises in King street east are exceedingly overcrowded and the existing condition is most unsatisfactory."

"In view of the fact that I am giving my entire time to the position of chief engineer, I feel that suitable office quarters with necessary equipment to care for records, etc., should be provided in the headquarters station."

"The department will require at least 1,000 feet of 2 1/2 inch hose next year to replace worn equipment. I also recommend the purchase of six smoke helmets. The appointment of a permanent pipe-man for the chemical engine is also recommended. At present it is impossible to efficiently operate this engine with its present crew."

WEST SIDE WHARVES

"Your attention is respectfully called to the necessity of providing every possible safeguard for the protection of the valuable city property as represented by the docks and wharves on the west side water front. In this connection it would be well to consider the advisability of equipping these wharves with a sprinkler system. Furthermore I am of the opinion that arrangements should be made so that a tug boat equipped to throw water will be available promptly in the event of a fire taking place in the water front premises."

REMAINS AS PASTOR

Rev. E. E. Styles Accepts Exmouth Street Church Invitation

A unanimous invitation was extended to Rev. E. E. Styles, pastor of the Exmouth street church, to remain with the church for the ensuing year, at the quarterly meeting of the quarterly official board of the church last evening. Mr. Styles presided at the meeting and excellent reports were received.

The Sunday school report showed 224 enrolled and the Young People's Society membership was reported as 45. The total value of church property and furnishings was reported at \$38,300 and the total amount raised during the year was nearly \$9,000. A new plant in Greece is producing plows for the refugees.

church's consolidated debts was inaugurated about 18 months previously and the treasurer reported that the full amount was newly subscribed, only about \$80 being required to reach the objective.

Harold Hopkins was elected as a representative to conference and C. G. Cosman was elected as a representative to Presbytery. John H. Hopkins was named as a member of the board of stewards, replacing Walter Adams, who has gone to England to reside. H. W. Jones was named recording secretary.

CHANGES C. N. R. SUBURBAN SERVICE MAY 3.

Commencing Monday, May 3, changes in suburban service, daily except Sunday, between Saint John, Hampton and Sussex will be made as follows:

HAMPTON-SAINT JOHN

Train No. 131 will leave Hampton at 5.35 a. m. instead of 6.40 a. m., arriving Saint John at 6.40 a. m. instead of 7.40 a. m.

Train No. 132 will leave Saint John at 11.20 a. m. instead of 12.20 p. m., arriving Hampton 12.15 p. m. instead of 1.20 p. m. On Saturdays this train will leave Saint John one hour later, or at 12.20 p. m.

Train No. 133 will leave Hampton at 12.30 p. m. instead of 1.49 p. m., arriving Saint John at 1.50 p. m. instead of 2.45 p. m.

In addition, two new trains have been provided, viz.: Train No. 134, which will leave Saint John at 5.15 p. m., arriving Hampton at 6.15 p. m., and train No. 135 which will leave Hampton at 6.35 p. m., arriving Saint John at 7.35 p. m.

Train No. 136 will leave Saint John at 10 p. m. instead of 11 p. m., arriving Hampton at 11 p. m. instead of 11.50 p. m.

SAINT JOHN-SUSSEX

Train No. 23 will leave Sussex at 5.45 a. m. instead of 6.40 a. m., arriving Saint John at 7.40 a. m. instead of 8.45 a. m.

Train No. 24 will leave Saint John at 4.15 p. m. instead of 5.15 p. m., arriving Sussex at 6.15 p. m. instead of 7.15 p. m.

British Won't Prevent Export of Art Works

LONDON, April 28.—The British government will take no action to prevent the disposal of historic manuscripts, art works and historic buildings to America or other countries, Chancellor of the Exchequer Churchill said today in replying to a question in the House.

BATHERS RESTRICTED.

ATLANTIC CITY, N. J., April 28.—Nakedness or the fig leaf type of bathing suit will be barred, but there will be no set rules here this year, the Public Safety Director has ruled. Bathers of both sexes will be expected to keep within "reasonable limits."

GIRL HAS EASIEST JOB

LONDON, April 28.—Here's a girl with the easiest job in the world, Miss Evelyn Culver, pretty young actress, rises at 8 o'clock every morning and spends the day golfing, shopping, or watching other actresses work.

In the evening she goes to the Haymarket Theatre, dons a maid's uniform, walks on the stage when the curtain rises at 8.30, tells matinee idol Clifford Mollison that her name is Mimi, receives seven hearty kisses from him, and at 8.31 says good night to people in the wings as she makes for her dressing room and home.

ARRIVALS

Train 124, arrive Saint John 7.45 a. m. daily except Sunday, first trip May 3rd.

Train 106, arrive Saint John 8.45 a. m. daily except Sunday, first trip May 3rd.

Train 126, arrive Saint John 11.50 a. m. daily except Sunday, first trip May 2nd.

DEPARTURES

Train 123, leave Saint John 9.15 a. m. daily except Sunday, first trip May 10th.

Train 125, leave Saint John 1.15 p. m. daily except Sunday, first trip May 10th.

Train 105, leave Saint John 6.15 p. m. daily except Sunday, first trip May 8th.

Train 128, leave Saint John 10.10 p. m. daily except Sunday, first trip May 10th.

Train 119, leave Saint John 10.00 a. m. Sunday only, commencing May 2nd.

CONSUMERS COAL CO. Limited

Telephone Main 1913. 331 Charlotte Street.

BAG COAL HALF PRICE

APRIL 27th to MAY 15th

For the purpose of establishing proof among kitchen stove coal users that WELSH "HI-HEAT" CHESTNUT is ideal in every respect, we are offering ONE BAG (100 POUNDS) to each home in the City and Carleton at HALF PRICE—50c. PER BAG.

We cannot afford to deliver more than 1 bag to each family, and we only hold this offer open until May 15th.

IF YOU WANT GENUINE KITCHEN COAL—Clean, quick and high in heat, phone us and we will deliver as promptly as possible.

1 BAG (100 Pounds) for 50c.

Don't Lose the Riding Comfort of True Low-Pressure Inflation

When you inflate Balloon Tires hard in order to save undue wear of the tire, you lose the riding comfort of true low-pressure inflation.

Dominion Royal Cord Balloon Tires are built with a specially designed Low-Pressure Tread that can be kept at a true low-pressure inflation without shortening the life of the tires. Dominion Royal Cord Low-Pressure Treads, with their six rows of tread blocks, enable you to have all the riding comfort of Balloon Tires with—better traction, greater safety and longer life to the tire.

This extra advantage in Dominion Royal Cord Balloon Tires is without extra cost.

Dominion Royal Cord Balloon Tires, too, add to the appearance—and value—of your car.

Latex-Treated Web Cords

Patented and used exclusively in Dominion Royal Cord Tires. Each cord is saturated with pure Latex (milk of rubber) and the cords are held together flat and evenly in a web of Latex without cross-treads. Friction and internal heat, the greatest enemies of tires, are eliminated. Latex-Treated Web Cords add to the life and mileage of Royal Cord Tires and this extra advantage costs the user nothing.

PRO. HOCKEY WAR LOOMS UP BETWEEN N.H.L. AND INDEPENDENTS

REPORT RICKARD READY TO BACK SECOND LEAGUE

Await Result of Chicago Claim For Franchise In Second League

MONTREAL, April 28.—Threats of a hockey war are being broadcast from Chicago, when it appears that the interests headed by Tack Hardwick, former Harvard football star, and Paddy Harmon, sagacious sports promoter and political leader of Chicago, are at odds over a possible franchise in the National Hockey League.

INVESTIGATE PROSPECTS

President Frank Calder, of the N. H. L., and James Strachan, of the Maroons, who with Leo Dandurand of the Canadiens, recently completed a tour of investigation through the principal United States cities, seeking heretofore in the major pro hockey centers withholding all information pending the submission of their report at the meeting of the league Saturday.

However it is known that Hardwick and Harmon are both keen to land the N. H. L. franchise for Chicago. Harmon is a power in the Windy City, and is allied with the Colligan interests there for the time being, planning on remodeling the coliseum so that it will seat 18,000 for hockey games, as a temporary home until he can proceed, as he claims, with the construction of a five million dollar arena on a square city block, which is being suggested in the center of Chicago.

Demar To Run In National Marathon BOSTON, April 28.—Clarence Demar, of Montreal, four times winner of the Boston Marathon, has been selected by the Amateur Athletic Union to represent New England in the National Marathon from Laurel to Baltimore, May 15. The 38 year old sprinter won the Boston event in 1911, 1924, 1925 and 1924, but eight days ago he finished third, bowing to 20 year old John C. Miles of Sydney Mines, N. S., the winner, and to Stenros, Olympic champion.

Bald Men Grow Hair

Surprising reports are coming from men who were bald or losing hair and who acquired a new, vigorous growth by using a peculiar compound that awakens life in dormant hair roots. "Four inches of hair have grown over what was a bald spot," is the report of G. W. Mitchell, a writer on bald spot and real, healthy hair has developed all over my head," writes C. H. Heiser. Imagine the enthusiasm of Albert H. Pleyer who reports that his head was as bare as the bottom of my feet and I have a good growth of hair. Geo. M. Schwartz reports that even with a second balding, a compound his hair stopped falling, then a new growth started.

Hoff In Trouble With Amateur Union

NEW YORK, April 28.—Charley Hoff, world champion pole vaulter, may have thrown himself open to censure if reports that expenses of relatives have been paid by Universities in his middle western tour are verified. The rules of the Amateur Athletic Union do not provide for such payment. A full report from Kansas officials has not yet been received.

Marathon Winner Is Welcomed Home

RECEIVES FREEDOM OF CITY AND GOLD WATCH FROM FELLOW CITIZENS SYDNEY MINES, N. S., April 27.—Ending a journey that was one long series of triumphs, Johnny Miles, winner of the Boston Marathon race, came back to his home town tonight and stepped into the welcoming arms of fully 5,000 persons who surged around the railway station and accorded their feet-footed townsman such a rousing reception as no other person ever received in Sydney Mines.

Suzanne's Visit To U. S. Still Doubtful

NEW YORK, April 28.—Suzanne Lenglen's proposed visit to the United States for a series of tennis exhibitions starting in August, still awaits the approval of the United States Lawn Tennis Association. She is coming to this country under a motion picture contract. The French champion has expressed his great appreciation, but declared that the entire responsibility for his success rested upon his father and mother.

Ty. Cobb Makes 1926 Debut With Sensational Batting and Fielding

Present Vocal Activities In Heavyweight Division Presages Title Bout Soon

By HENRY L. FARRELL

NEW YORK, April 28.—(United Press)—When collegiate football officials were raising all the fuss last winter about the over-emphasis that was being directed at football in the New York boxing commission's report, they were merely over-emphasizing the over-emphasis and trying to keep everything quiet by shouting.

The same reasoning might be applied to recent vocal activities in the heavy-weight boxing division. Prominent writers pointed out that all the talk about a Dempsey-Willis match, Dempsey-Tunney match, a Tunney-Willis match was ballyhoo and that the faces being made were making the backs of the boxing commission very hot.

Now the main interest is provided by creating and maintaining a public belief that Dempsey is afraid of Willis and Tunney will never fight again. The personalities exchanged between Dempsey and his manager of record, Jack Kearns, have not been of any detriment to the interest developed in the situation although the break between Tunney and his former manager was not a deliberate move to keep Rickard burning under the steam boiler.

THAT CARPENTIER BOUT

When Dempsey and Carpenter were matched it was essential to the promotion of the match to put over the idea that the lighter and slighter Carpenter had a chance. When Dempsey put away old Bill Brennan and took twelve rounds to do it, a good many prospective ticket buyers decided that Dempsey had a real chance against a Dempsey who had gone far back.

Now the main interest is provided by creating and maintaining a public belief that Dempsey is afraid of Willis and Tunney will never fight again. The personalities exchanged between Dempsey and his manager of record, Jack Kearns, have not been of any detriment to the interest developed in the situation although the break between Tunney and his former manager was not a deliberate move to keep Rickard burning under the steam boiler.

"Buzz" McWeeny Is Now With Dodgers

By NORMAN E. BROWN

BROOKLYN in general and Manager Wilbert Robinson of the Dodgers in particular are delighted over the way Pete, stalwart left-hander, has started out on the mound this year. Robbie figured the former Indianapolis star would find himself this year. Now if Douglas McWeeny, late addition to the Dodger staff, would start to pay pitching dividends the way Pete has done.

McWeeny's nickname is Buzz. The title has clung to him during his varied travels trying to land some permanent berth in baseball. He was given a thorough tryout by the White Sox before Manager Collins decided he wouldn't do. Then he was shifted back to San Francisco in the Pacific Coast League where, last season, he won 20 games and lost five.

Robbie bought him last spring. While at the southern camp at Clearwater he watched McWeeny work 18 innings and allow but two runs in the 18 rounds, and then declared that he was a big right-hander worth \$40,000.

"He lacked two things when he was with the White Sox," said Robbie, "control and good judgment. He has them now."

Apparently, though, Buzz is not set to go the route. His first appearance found him in a relief role against the Giants. He didn't allow 'em a hit, wouldn't do. Then he was shifted back to San Francisco in the Pacific Coast League where, last season, he won 20 games and lost five.

"He lacked two things when he was with the White Sox," said Robbie, "control and good judgment. He has them now."

Apparently, though, Buzz is not set to go the route. His first appearance found him in a relief role against the Giants. He didn't allow 'em a hit, wouldn't do. Then he was shifted back to San Francisco in the Pacific Coast League where, last season, he won 20 games and lost five.

Robbie bought him last spring. While at the southern camp at Clearwater he watched McWeeny work 18 innings and allow but two runs in the 18 rounds, and then declared that he was a big right-hander worth \$40,000.

"He lacked two things when he was with the White Sox," said Robbie, "control and good judgment. He has them now."

DETROIT STAR DEFEATS WHITE SOX WITH BAT

Drives In Or Scores Total of Six Runs In Game

NEW YORK, April 28.—Manager Cobb, of the Detroit Tigers yesterday, turned the tide which had been forcing his men steadily backward, by delivering every kind of a safe hit, but a homer in his first regular appearance of the 1926 season. His team found Lyons, Thurston and Connolly of Chicago only seven times, but the Georgian's bat wielded brilliantly at crucial moments, carried the day, 8 to 7.

Cobb batted in four runs and scored himself twice. Besides this, he inserted a gloved hand catch from Harri's bat that broke up an enemy rally.

Another time turned out the pre-ent day, was kept at the cbb by the brilliant pitching of Johnny Morrison, veteran curve thrower of the world champion Pittsburgh Pirates. Two hits, one each by Adams and Munson, were produced by the Chicago Cubs, and the Pirates won 2 to 1 in an errorless battle.

YANKES ON RAMPAGE

Meanwhile "murderers row" the New York Yankees slugging outfit, continued its killing pace, bringing down the Philadelphia Athletics act, Ed Rommel. Ruth cleared the bases, in the fifth inning, when his terrific smash glared off Bishop's shoulder and bounded to the far right field fence. Combe and Lazzeri aided the excellent pitching of Shawkey by hitting homers, the final score being 3 to 2. Dugan had a triple, and three singles in four times at bat.

Walter Johnson was at his best at Washington, and set back the Red Sox with four hits, winning 9 to 1. His team's mate gathered 13 safes, among them a homer by Benge. Boston made four misplayers, its worst fielding exhibition of the season.

TWO GIANTS HURT

Cleveland gained a ten inning verdict over the Browns, 6 to 3, after Slater's men had tied the score in the ninth with two runs. The game was the pitching victim with Buckeye and Benge working for the visitors. The Sox that hovers around the season's third base and shortstop positions, is at work again. Freddy Lindstrom and Travis Jackson were victims of minor injuries that caused them to leave the game against the Phillies.

Lindstrom got in the way of his own bat handle, and Jackson twisted his weak ankle. But McGraw's men displayed their old finishing punch and defeated Fletcher's men 9 to 8.

Tourner went hitless for the first time this season against the Braves but the Dodgers, especially Felix Delivered hits when needed and defeated Boston 6 to 5.

Germany now has its first building activity in many months.

People of Kobe, Japan, are just taking to rubber heels.

The 135 pound class, Reg. Harper, Saint John, stopped F. Simms, River Hebert, in the third round.

WASHINGTON, April 27.—"Moral turpitude" is removed from the immigration act as far as deportation is concerned, under the terms of the new legislation reported by the house committee on immigration yesterday.

DOUGLAS McWEENY

By NORMAN E. BROWN

BROOKLYN in general and Manager Wilbert Robinson of the Dodgers in particular are delighted over the way Pete, stalwart left-hander, has started out on the mound this year.

Robbie figured the former Indianapolis star would find himself this year. Now if Douglas McWeeny, late addition to the Dodger staff, would start to pay pitching dividends the way Pete has done.

McWeeny's nickname is Buzz. The title has clung to him during his varied travels trying to land some permanent berth in baseball. He was given a thorough tryout by the White Sox before Manager Collins decided he wouldn't do.

Then he was shifted back to San Francisco in the Pacific Coast League where, last season, he won 20 games and lost five.

Robbie bought him last spring. While at the southern camp at Clearwater he watched McWeeny work 18 innings and allow but two runs in the 18 rounds, and then declared that he was a big right-hander worth \$40,000.

"He lacked two things when he was with the White Sox," said Robbie, "control and good judgment. He has them now."

NO ACTION RE STREET RY. TILL FROST LEAVES

Matter of Extension To Lee's Corner Before Utilities Board

LOCAL COMPANY MATTER COMES UP

Application For Permit To Sell Stock In Docks Organization

The Board of Public Utilities, sitting here this morning in monthly session, considered two Saint John matters, one for the sale of stock in the Eastern Coal Docks Ltd. and the other an application for the imposition of a fine on the New Brunswick Power Company for not extending its rails in Simonds as ordered by the board. Consideration was postponed in the first case and the street railway matter the chairman said no action would be taken until the frost was out of the ground and construction was possible. An application from Calais Water and Power Co. for an increase in the rate charged the Town of Milltown for water was set for hearing on May 25 at St. Stephen.

STATEMENT RE STOCK

H. A. Porter, for the Eastern Coal Docks Ltd., presented their application for authority to sell the preferred stock of the company. The capitalization, he said, was \$100,000, of which \$50,000 was preferred and \$50,000 common. The directors were to be G. McV. Bilsard, H. A. Porter, F. P. Elkin, J. W. Britain and Eric G. Thomson. The company would take over the business of the Bilsard Coal Company and it was expected they would show a net profit of about \$13,000 a year. Eventually it was hoped to extend the operations and erect a large modern coke plant. The board promised consideration.

STREET RAILWAY CASE

W. A. Ross, representing residents of Simonds who had petitioned for the extension of the street railway to Lee's Corner, said he would like to know whether the board had decided to hold a re-hearing on the case of the New Brunswick Power Company. If it was not the intention to re-open the matter he would like to have a fine imposed on the company for not complying with the order of the board. The chairman said it was not the intention of the board to re-open the matter, but before any action was proposed he thought the Power Company should have a representative present. Dr. F. R. Taylor, K. C. counsel for the company, was notified and appeared. He said he had not had opportunity to consult with his clients, and before arguing he would like an opportunity to do so.

SAYS NOT FAIR

He said however, that, under the present condition, owing to the competition of hydro, where both hydro and the company were doing business at a loss, the hydro, he said, a loss of between \$50,000 and \$60,000 a year, it was not fair to ask the company to extend the line. The extension would be unprofitable and the company could not secure the money to build. The council had been estimated by the board at \$11,000 but the engineer of the company had estimated it at about double that figure.

Mr. Trueman said the June order of the board would stand and there would be no re-hearing. As it was impossible just now to make the extension there would be no action by the board but the extension was not made when the frost was out of the ground Mr. Ross might renew his application for imposition of a fine.

MILLTOWN SERVICE

M. N. Cockburn, K. C. for the Calais Water and Power Co. made an application for an order for power to increase the rental for hydrants to the town of Milltown, N. B., from \$100 each yearly to an amount sufficient to net the company the amount paid the town in taxes; an increase in the minimum charge for meter service from \$2.00 a quarter to \$6 a quarter; and an increase in the amount charged to water users of 5 cents per 100 cubic feet on the first 2,000 cubic feet used. This would make the rate 40 cents on the first 1,000 cubic feet and 35 cents on the second. He said that in the five years, 1920 to 1925, both inclusive, the company had paid out in taxes to Milltown \$36,423.40 and had received in hydrant rentals \$19,584.83.

PLAY IS REPEATED

The Kleptomaniac Very Successful Production in St. Peter's Auditorium

"The Kleptomaniac" presented in St. Peter's auditorium so successfully on Monday evening, was repeated last night with even greater success, and will be given a final performance this evening. It is put on with the skill and talent that have made the production by the amateurs of this parish outstanding in the amusement field in the city. Those taking part are P. M. Monahan, Gertrude Ryan, Madelon Rolston, Ada Williams, Pauline King, Edward Hansen, Leslie Rogers, Frank Doherty, Owen Hughes, John Haggerty, Helen Graham, Frank O'Donnell, John Gormley, Stanley Johnson, Harold Haney, Charles McCane and Cleo Haney. The Ligatorian orchestra provided delightful music.

THEIR CHILD DEAD

Friends of Mr. and Mrs. E. J. East will be sorry to learn of the death of their infant daughter, Vera Eva, which occurred on Wednesday at their home, at Exmouth street.

Local News

ONE TODAY.

One man, charged with drunkenness, appeared before the magistrate in the Police Court this morning and was fined \$8 or two months in jail.

NOVELTY SHOWER

Friends gathered at the home of Mrs. J. P. Lacey, 63 Moore street last evening, and tendered a novelty shower to Miss Mildred Cross and William Crossby in honor of their approaching marriage. Arthur Harris made the presentation on behalf of the company.

IN HONOR OF BIRTHDAY.

About 40 friends of Mrs. A. Parfitt gathered at her home, Crown street, last evening to help celebrate her birthday. The evening was pleasantly spent in music and dancing. Frank O'Hara presiding at the piano. The guest of honor received many gifts of glass, linen and china.

DOG'S LIFE ENDS.

Last night the watchman of the Party Ice Company, Stanley street, notified Policeman Phinney that a mad dog was large and biting at persons. The dog was finally gotten into the patrol and taken to the Animal Rescue League, where its life was ended. The animal was a pointer and had no license tag attached.

START BUSINESS SOON

Geo. Spies, London, and C. E. Zeller, Ottawa, are registered at the Admiral Beatty hotel, and are here in connection with the Metropolitan Stores, a branch of which will be opened in the Macaulay building in about two weeks time. Rapid progress is being made with the renovation of the store, and merchandise is arriving daily.

GIFTS PRESENTED

Mrs. Frederick Welford entertained the Women's Missionary Society of Douglas Avenue Christian church last evening, in honor of Mrs. George Caynon, one of the members who is to leave soon for the United States. Mrs. Welford, on behalf of the members presented to her a pair of silver candlesticks and expressed regret at her departure from Saint John. Delicious refreshments were served by the hostess, assisted by Mrs. Clive Pugh, Miss Daisy Driscoll, and the Misses Alleyne and Mabel Armstrong.

ROXBOROUGH LODGE

The evening circle of Roxborough Lodge L. O. B. A. were entertained on Monday evening at the home of Mrs. George Shonaman, West Street. After sewing and quilting, Miss Helen Nice assisted the hostess in serving a delicious refreshment. Those present were Mrs. W. B. Nice, Mrs. Franklin Bilsard, Mrs. George Merryweather, Mrs. J. M. Curran, Mrs. Robert Will, Mrs. Percy Bosence, Mrs. George Magee, Mrs. B. Edwards, Mrs. James Donnelly, Mrs. Jennings, Mrs. V. Pitt and Mrs. L. Melvin.

OFFICERS RESIGN.

It was stated today that the president, H. A. Peters, manager of the Admiral Beatty Hotel, and the secretary, James C. Henderson, had tendered their resignations from the recently formed Saint John Radio Club and the matter would be taken up at an emergency meeting of the club in the Moose Hall on Thursday evening. Mr. Peters said that his increasing duties and the approach of the tourist season would make it impossible for him to fulfill the duties of president the attention required.

MORNING MUSIC CLUB CLOSES SEASON TODAY

The closing program of the Ladies' Morning Musical Club, given this morning in the Georgian ball room of the Admiral Beatty Hotel, was largely attended. Gentlemen were included for the first time, and many availed themselves of the opportunity. The selections were miscellaneous, but special attention was drawn to Mendelssohn's two of whose compositions were given. A paper written by Mrs. M. H. Berrie-Good, and read by Mrs. A. E. Mure, called Mendelssohn "The Springtime Composer," and dealt with his character and happy personality, rather than with his works. Embodied in the paper was a reminder to the members of the distinctions between symphonies and concertos and their relation to the sonata, which last was their basic principle.

CHARLES CRAWFORD DIES IN WOLLASTON

Former Saint John Printer Was Later Collector of City Mails

News of the death of Charles H. Crawford, printer, formerly of Saint John, reached the city by telegram today, and friends here will be sorry to learn of his passing. He had last night after a long illness, in Wollaston, Mass., where he had made his home and carried on his work as a printer for some years. He was a member of the Daily Telegraph composing room staff here for a period and afterwards conducted a livery stable, and for a time had charge of the collection of the mails in the city. He was a son of George Crawford, who was formerly foreman of the C. N. R. roundhouse here. Father and mother have been living in Wollaston for the last few years. Besides them Mr. Crawford leaves a brother, George, in Boston, and a sister, Mrs. Senior, in New York. Burial will be at Wollaston on Thursday.

Wife of Dr. Eaton Dies in Wolfville

Many friends in the city will regret to learn of the death of Mrs. Leslie E. Eaton, wife of Dr. Eaton, D. D. S., of Wolfville, N. S. Mrs. Eaton was a worker in the church. He there and one of the most active workers of the Daughters of the Empire. She was a graduate of Acadia University, 1902, and after graduation she and her husband spent 15 years in Madras, India, leaving there to come home for the education of their children. She is survived by her husband, one son, Gerald, who is graduating from Acadia this year; two daughters, Elizabeth, a student at Acadia, and Barbara, at home; and one sister, Mrs. Colwell, Washington, D. C.

TWO HOUSES AT PLEASANT POINT PREY OF FLAMES

James Ryder, Otto Schleicher and Samuel Gould Burned Out

LOSS ESTIMATED AT \$6,000 TO \$8,000

Neighbors Help Save Furniture; Fairville Firemen Fight Blaze

The milling hamlet, Pleasant Point, opposite Indiantown, North End, was again attacked by fire this morning, and two houses, which were the homes of three families, were destroyed, entailing a gross loss approximating \$8,000 to \$10,000, including barns, workshops, outbuildings and damage to personal effects. The families affected are those of James Ryder, Otto Schleicher and Samuel Gould. It was midday before the housemen had conquered the last of the blaze.

CAUGHT AROUND CHIMNEY.

James Ryder, who, with his wife, lived in their one-and-a-half story cottage on the hill leading to the ferry landing, said he smelt smoke, and searched about and finally discovered the upper part of the house to be filled with it, and flames issuing from a section of a room through which the chimney passed. Once an alarm was raised, neighbors rushed to Mr. Ryder's assistance and soon emptied the lower rooms of the house of their furnishings, but the upper floor was by this time in the grasp of the fire. A telephone message to the Fairville fire department started Chief Charles Masson and Engineer Frank Masson with a crew of men and a pumping steamer on a two-mile journey to the river front. Their house was saved.

When the firemen reached the scene the adjoining, two-and-a-half story dwelling of Schleicher had caught. There was not much wind but intense heat was threatening several other houses, especially only narrow alleys. The Schleicher and Gould families were also assisted in removing their belongings and the home of Miss Colwell was saved by covering the roof and side with wet carpets and mats. There is no public water service in Millford or at Pleasant Point and the chief attempts to stay the progress of the fire were all of the bucket-brigade order. Most of this water was taken from wells at some distance from the houses.

PREVIOUS FIRES.

The properties burned immediately adjoined the camp of the Byng Boys Club. The dense cluster of buildings attracted many people to the Indiantown shores and automobile loads of sightseers by the bridge route. Last about thirteen years ago six dwellings in a row were destroyed on the level stretch between the Mill and highway, and about three years several families were rendered homeless in a two-house fire and the Jordan mill was another distinct loss to the community.

THE INSURANCE.

James Ryder, one of the losers in today's blaze, says he has only about quarter enough insurance to cover his losses. Otto Schleicher has insurance but insufficient. Mr. Ryder is an insurance agent in the city and has been years, and Mr. Schleicher, a young householder, is a longshoreman.

A COMPLAINT.

A Pleasant Point property owner was complaining this morning about the lack of fire fighting facilities in that suburb and particularly the absence of any piped water line. He asserted that water tanks were included in the annual levy but that the hamlet has not yet enjoyed a water service.

Putting that House in Order

McAvity's

Delivering the Good Goods

WE APPRECIATE THE HONOR of Being Known as the MARITIMES' LARGEST, LIVEST MEN'S STORE. But we derive more satisfaction from the realization that it was better service and better values in better clothes that put us where we are today.

WE SOLICIT No Man's Patronage on the Basis of our Size or Prominence, but solely on the basis of our ability to deliver the goods, to give him more for his clothing dollar than he can get elsewhere.

WHEN you come here for your clothing you'll enjoy selecting from a wide variety of choice merchandise, but the satisfaction you purchase is what will bring you back again.

SCOVIL'S CLOTHES set the pace for good looks and good quality. Whatever price you pay you'll get exceptional value for your money.

Wash Delivered At New Home

Settle one moving bother by bundling the soiled clothes out the door to the New System Damp Wash delivery.

Give him the address of the house you are moving into and he'll have it there so you escape having to move it yourself while enjoying perfectly clean things for Sunday.

Of course if you want your bundle back the same day it can be done. In any case the New System Laundry is cleaner and thrifter.
