130 GRAPPLE WITH CANADA PROBLEMS

CALLS AMERICAN PEOPLE LOYAL AND GENEROUS Sees in Pact Further Move for Peace in Europe ALLUDES TO PLOT

"My Person is Made of Iron, Like That," He Says, Tapping Statue

By THOMAS B. MORGAN United Press Staff Correspondent Copyright 1925, by United Press.

ROME, Nov. 16.—Premier Benito Mussolini is well pleased with the debt settlement negotiated by Italy at Washington.

"The Americans," he told me in an exclusive interview in the Chigi Palace, "have been loyal, generous and broad in the negotiations with the Italian Debt Mission funding the Italian debt in the United States."

Mussolini who in the course of the talk described himself as "made of iron" appeared extremely pleased and quite affable as he talked squarely in right flowing tones of the fairness of the American debt commission in recognizing Italy's capacity to pay.

PEOPLE PLEASED. "Both I and the Italian people at large," he continued, "are more than pleased with the results of the negotiations and the arrival at a complete settlement. I am sure it will be a great step for cordial relations between our two countries and a great move forward, pregnant with possibilities for peace in Europe generally."

There was an allusion to his escape from the recent plot to assassinate him. The man with the piercing eyes picked a pencil off his desk and tapped a little statue.

"My person is made of iron like that," he commented, closing the talk to devote himself to a calendar which listed 20 appointments with individuals besides a mass of government business.

FORGED CHECK IN FREDERICTON CASE

Several Witnesses Are Heard in Charge Against James Sowers

Special to The Times-Star.

FREDERICTON, Nov. 16.—The examination of James Sowers, charged with uttering a forged cheque on the Canadian Bank of Commerce in the name of Abraham D. Bailey, of this city, was begun before Police Magistrate Limerick this morning. J. B. McNair appeared for the defence, and G. T. Feeney for the prosecution.

Witnesses examined for the prosecution were Alban Leger, clerk in the store of W. E. Farrell, who identified the accused as the man who presented the cheque to him here; Abraham D. Bailey, who denied that it was his signature on the cheque; W. E. Farrell, in whose place of business the cheque was offered; and William Sowers, brother of the accused.

Adjournment was made until 5 p. m., when the case is to be continued.

N. B. POTATO PEOPLE TO NET \$8,000,000

Average Price of \$3.50 a Barrel Estimated For Season's Crop

FLORENCEVILLE, N. B., Nov. 16.—New Brunswick's 1925 potato crop will net the growers probably \$8,000,000 by the time the crop is all sold.

Compilations made on the basis of the final crop report for the season by the Provincial Department of Agriculture, showing the crop to be approximately six million bushels, indicate that the actual return to the growers will be \$7,585,000.

In arriving at these figures it is estimated that one-third of the crop—two million bushels—has been sold by the growers at \$2 a barrel and another third at \$3 a barrel and that the growers still hold the other third—two million bushels—for which they will get at least \$3 a barrel and probably more. From these figures an average of \$3.50 per barrel is struck.

Four Men Drowned In Storm on Lakes

PLYMOUTH, Eng., Nov. 16.—Lady Astor, moved by the tragedy of the M-1, sunk with 68 men off the Devon coast, told an audience of Plymouth women Saturday that she was quite ready to go around the world and try to rouse the women "to work for the abolition of submarines."

America and England, at the Washington conference, moved to abolish the submarine, but France refused. It is impossible to do anything in this decision, however, with Russia outside the arrangement. Russia is the great problem which confronts the world, and Europe in particular, today. Russia has such a lot of poison gas.

If Germany enters the league, things will be better, but with Russia outside, it would not be very practical for the women of Europe and America to call for the abandonment of submarines and the world's peace.

Mussolini Lauds United States Over Settlement of Italian Debt

Man Offers To Die Any Kind of Death for Movies, If Share of Proceeds Paid Children

CONSTANTINOPLE, Nov. 16.—The Stamboul newspapers today print an advertisement of a man who desires to enter into a contract with a moving picture concern in Turkey or the United States, under which he may be put to death by being buried alive, or hanging, or commit suicide through taking poison.

The method of his death is to be left to the company with which he signs the contract. The advertisement stipulates that 20 per cent. of the money received from the proceeds of the film shall be used for the education of his six children. He says he can relieve them from poverty and leave them a dowry only by sacrificing his life.

C. P. R. RATIFIES B. & M. LINE DEAL

Canadian Company to Take Over Branches Near U. S. Border

BOSTON, Nov. 16.—The executive committee of the board of directors of the Canadian Pacific Railway and the Boston and Maine Railroad have approved an arrangement under which lines in and near the Canadian which have been under lease since the Boston and Maine, will be operated in future by the Canadian Pacific Railway, it was officially announced here today.

This deal was forecast in despatches from New England, published in The Times-Star on Saturday.

ONE KILLED, 30 HURT IN SPEEDWAY CRASH

Car, Out of Control, Leaves Trail of Wounded at Australian Track

NEWCASTLE, Australia, Nov. 16.—The opening of the new speedway here was accompanied with a tragic occurrence in which one person was killed and at least 30 were injured during the last event of the program. During the race a special Ford car got out of the driver's control and swerving up the track crashed into the fence, cutting a swath through the densely packed crowd and leaving in its wake a huddled mass of moaning and screaming men and women. The driver of the car escaped unhurt.

Witnesses examined for the prosecution were Alban Leger, clerk in the store of W. E. Farrell, who identified the accused as the man who presented the cheque to him here; Abraham D. Bailey, who denied that it was his signature on the cheque; W. E. Farrell, in whose place of business the cheque was offered; and William Sowers, brother of the accused.

LIVING COST UP IN FRANCE DURING 1925

Increased 15 Per Cent. in 12 Months—Over Four Times 1914 Mark

PARIS, Nov. 16.—The cost of living in France has increased, 15 per cent. during the last year. This is shown in official figures published by the ministry of labor. Taking 100 representing the cost of living in June, 1924, has risen to 410 for 1925. These figures deal exclusively with foodstuffs. They cover beer and light wines, which for the people of France, are included in the necessities of life.

Red Forces Gain In Kwangtung Province

PEKING, Nov. 16.—The Red forces are steadily gaining the upper hand in Kwangtung Province, at the expense of the anti-Reds, under Generals Chen Chung Ming and Teng Pen Yin, according to official dispatches from Southern China. Chen's army is reported to have been driven out of Kwangtung toward Fukien, which the Reds are preparing to invade with the object of wiping out the opposition.

Will Attempt Flight Spain To S. America BARCELONA, Nov. 16.—Still another attempt is to be made to fly from Europe to South America, without stopping. Commander Franco, brother of Colonel Franco, leader of the Spanish foreign legion in Morocco, is reported to start next February on a flight from Seville to Pernambuco, Brazil. His only stop will be at the Cape Verde Islands, where he will take on a sufficient quantity of fuel to carry him across the Atlantic.

Gov. Gen. and Leading Statesmen Hear Montreal Newsman on Press Conference

OTTAWA, Nov. 16.—A signal honor was paid John Bassett, vice-president of the Montreal Gazette and president of the Parliamentary Press gallery, and through him the newspaper profession generally, by the Ottawa Canada Club on Saturday, when His Excellency the Governor-General and a number of Canada's leading statesmen and citizens of the capital gathered at luncheon to hear impressions gained by the guest of honor during his recent trip to Australia to attend the Imperial Press Conference.

PARIS, Nov. 16.—(United Press)—Mrs. Dorothy Caruso, widow of the great Italian tenor, intends, according to the Herald, to divide her time between Rome and New York henceforth, following her divorce from the British captain, Ernest Ingram. She will educate her daughter, Dorothy, in singing and will make her home at first in Italy.

LOGARNO PACT IS EXPECTED TO HELP STRENGTH

Storm Likely Over Fascist Attack on News Van

Prisoners Released With Warning and Protest Is Raised By Labor

By HERBERT BAILEY, British United Press.

LONDON, Nov. 16.—Premier Baldwin faced the House of Commons today with the fullest confidence. Chamberlain's success at Locarno will overshadow any deficiencies which the opposition is determined to expose with vigor, and the granting of an early date for debate on the treaty shows the anxiety of the government to make as much capital out of Locarno as they possibly can, keeping the question of the comparative failure of the Chancellor of the Exchequer to enforce economy in the background.

There will be some opposition to the Locarno pact but this will not affect the fate of the treaty in the slightest. VAN SEIZED. Far bigger storms are likely to arise over the incident of the seizure of the Daily Herald newspaper by the Fascists. The driver was held up in dramatic fashion at the point of a revolver in Fleet street, but he drove his

MORE PROTECTION. LONDON, Nov. 16.—Premier Baldwin stated in the House of Commons today that legislation will be introduced at the present session for the further protection of British industries. This would mean further import duties.

van into the Church Railways in the Strand, where it was overturned and the newspapers scattered. The charge which was originally a serious one was reduced by the public prosecutor, A. M. Bodkin, until it was practically harmless and the Fascists escaped with slight sentences, being merely bound over to keep the peace.

HATE IS CHARGED. Ever since the collapse of the case the Laborites have been asserting that the reason the prosecution was whittled down was because the government is friendly towards the Fascists and hates the Herald, the organ of Labor. Labor asks what would have happened if Communists had seized the Morning Post and even K. L. Garvin, in the Observer, criticizes government action, while MacDonald, Thomas and Clynes are thoroughly roused and demand satisfaction.

TARIFF BATTLE. The granting of tariffs almost for the mere asking has also stirred up the Liberals and Labor so that there is every likelihood of them opposing the government, while threats of new taxations have roused some of the members of the Tory party.

Premier Baldwin therefore has many troubles to face, but the success of the Locarno pact floats from the Tory topmast and means that the government will not be seriously challenged, nor at least until the country is far more damaged with conditions than it is at present.

BASSETT HONORED

Gov. Gen. and Leading Statesmen Hear Montreal Newsman on Press Conference

OTTAWA, Nov. 16.—A signal honor was paid John Bassett, vice-president of the Montreal Gazette and president of the Parliamentary Press gallery, and through him the newspaper profession generally, by the Ottawa Canada Club on Saturday, when His Excellency the Governor-General and a number of Canada's leading statesmen and citizens of the capital gathered at luncheon to hear impressions gained by the guest of honor during his recent trip to Australia to attend the Imperial Press Conference.

NEW YORK, Nov. 16.—An earthquake of moderate intensity and centering about 2,600 miles from New York, was recorded on the seismograph at Fordham University this morning, from 7.01 to 7.45 o'clock. The maximum disturbance was recorded beginning 7.15 o'clock.

QUAKE RETURNS Lighting in Connecticut Districts Affected by Tremors—Two Are Felt

HARTFORD, Conn., Nov. 16.—This section was visited by another slight earthquake this morning, similar to the one felt here Saturday. The "baby" quake was experienced at 1.20 a. m. and lasted but a second or two. The buildings shook for a moment, but so far as could be learned, there was no damage. The slight shock was accompanied by a high wind, a heavy rain, and an abnormally high temperature for this season of the year. The quake centered in the Hartford district, but affected the lighting systems as far south as Middletown.

INDIAN NEWSMAN DEAD LONDON, Nov. 16.—S. M. Mitra, who has been prominently connected with Indian newspapers for 30 years, and who was considered an authority on India, died at Bournemouth on Saturday. He was 69 years old.

CANADIAN FLIER DROPS FOUR MILES FROM SKY, LANDS SAFELY

HIGH RIVER, Alta., Nov. 16.—While hundreds watched breathlessly from the streets of High River on Saturday, Flight Lieut. A. Carter made a parachute jump from a height of 20,000 feet off a forest patrol service plane and miraculously escaped death or serious injury when he landed within 100 feet of the ice covered Big Lake, 11 miles east of High River.

Pulling the release cord, as soon as he was clear of the Machine, Lt. Carter dropped from a point nearly four miles up from where the towering Rockies looked like an arctic icefield, and was carried several miles east by the cliff breeze that was blowing to the edge of the lake in 17 minutes, where he made a normal landing, striking the earth gently with his feet. This daredevil feat is exceeded only by the world record of Captain Arthur Stevens, of the United States air service, who jumped 26,000 feet. It is believed to be the highest jump ever made outside of the United States.

TERRESTRIAL MOOSE. SAULT STE. MARIE, Nov. 16.—What is probably a record moose for this district was shot by Rev. Father O. T. McGuinn of Grand Rapids at Glendale, several days ago. The animal, which is of immense size, weighs 1,800 pounds.

BOUNDARY COMMISSION Under Armed Guard LONDON, Nov. 16.—Armed detectives are guarding the offices in Clements Inn in the Strand where the Irish Boundary Commission is putting the final touches to its report. It is feared that an attempt may be made by Irish Republicans to rush the office and seize the documents before they are given out, thus creating a most difficult situation for the government.

GERMANS AID IN HUNT FOR LOST SUBMARINE

Some See in Action First Humane Fruits of Locarno Pact—Apparatus Used For First Time in Open Sea

FORMER CONSUL OF NETHERLANDS DEAD

Hon. S. B. Howard, of Montreal, Was Honored by Queen of Holland

MONTRÉAL, Nov. 16.—Hon. Stephen Beverly Howard, late consul for the Netherlands in Montreal, retired Montreal importer and a member of a distinguished military family, died here on Saturday. He was 83 years of age.

After being consul for the Netherlands in Montreal since 1879, Mr. Howard retired from office in 1922. During his term of office he was decorated by Queen Wilhelmina with the Order of the Roanjer-Nassau, which conferred the title of Honorable.

MONTRÉAL, Nov. 16.—The people of London are particularly interested today in the fact that German deep-sea divers are aiding in the attempts to locate the British monitor submarine M-1, which last week made a dive in the English Channel with 68 officers and men on board and failed to come to the surface. Whether it is a business proposition on the part of the Germans or a voluntary service is not quite clear, but some persons prefer to regard it as "a striking act of humanity and worthy of being considered the first fruits of the Locarno pact."

The newspapers today are filled with descriptions and pictures of the wonderful apparatus of which the Germans are the sole possessors. The machine weighs half a ton and is equipped with an electric light and a telephone.

OIL ON SURFACE. The area, some 12 miles off Start Point, where oil rose to the surface on the water on Saturday, seemingly indicating the probable location of the submarine, has been marked by buoys, and it is here that the first attempt to find the submarine will be made. It is understood that this will be the first time the German apparatus has been tried in the open sea. All previous tests have been made in the shelter of an inland lake and it is therefore thought possible that the present experiment may not be successful. In any case, the location of the M-1, is considered problematical, as she may have traveled some distance under water before she became incapacitated or may have drifted with the currents in the channel since she sank.

Naval officials say they will not be surprised if the Germans locate one or more of their submarines, sunk by the British in the neighborhood where the M-1 went down after they had taken toll of British shipping.

A. J. Cobham Leaves Croydon in Same Plane Used on World Trip

LONDON, Nov. 16.—Alan J. Cobham, British aviator, left the Croydon airfield at noon today for an attempted flight to Capetown, South Africa, with the object of surveying prospective routes for aerial services between Britain and the southern tip of the African continent. He is using the same plane in which he made his round trip to India, last winter.

IN 25 STAGES. He plans to make the trip in 25 stages, crossing France, Italy, Greece, Egypt, the Sudan, Uganda, Kenya, Tanganyika and Rhodesia. Mr. Cobham previously had made a number of notable flights. Last year he flew 800 miles around Great Britain in five hours and 59 minutes.

ALL SECTIONS REPRESENTED AT WINNIPEG

Manitoba Governor and Premier Welcome Delegates

HISTORY IS MADE

Economic Conference Is First Of Its Kind Ever Held in Dominion

WINNIPEG, Man., Nov. 16.—Bringing together representatives from every section of Canada, in an endeavor to solve many of the pressing national and sectional problems confronting the country, the Dominion conference of the Boards of Trade and Chambers of Commerce, the first of its kind ever to be held, opened in the Parliament Buildings here this morning, at 11 o'clock, following the registration of about 130 delegates. The delegates include economic experts from every province of the Dominion as well as leading financial and political representatives.

Sir James Aikins, Lieutenant-Governor of Manitoba, officially opened the conference with an address of welcome, in which he stressed the importance of the meeting and the hope of a successful conclusion. He was followed by Premier John Bracken, of Manitoba, and Mayor Ralph H. Webb, of Winnipeg, who welcomed the delegates to the province, and city.

OPENING ADDRESS. The opening address was delivered by Sir Thomas White, former prime minister of Canada, at 2.30 o'clock, an address on present-day national problems, and was followed by John M. Ironke, president of the Edmonton Board of Trade, who discussed immigration and colonization questions.

The discussion of immigration problems was an important part of the conference, while freight rates, especially in regard to the Maritime Provinces, will be another problem emphasized.

MARITIME CASE. In an interview, Commissioner F. Macdure Schanders, of the Saint John, N. B. Board of Trade, said the Maritime delegates would urge that the Dominion Government institute and finance an immediate and aggressive Maritime policy specifically for the same for not fewer than 10 consecutive years. A revision of freight and express rates also will be urged.

ADD 41,000 TO RANKS OF W. C. T. U. IN YEAR

DETROIT, Nov. 16.—More than 41,000 women joined the ranks of the Women's Christian Temperance Union during the last year. Mrs. Frances P. Parks, of Illinois, announced at the fifty-first annual convention of the national organization.

W. C. T. U. is just beginning," Mrs. Parks declared. "With the achievement of the first great objective—the outlawing of the legal liquor traffic in the United States and the securing of the added prestige of the ballot—our program of service has been greatly extended."

Mrs. Parks paid tribute to the youth of the land, and asked that more young people be enrolled "as defenders of the eighteenth amendment."

G. J. GOULD'S 2ND WIFE AND FAMILY LOSERS

Referee's Decision May Wipe Out Entire Assets Left by Him

REFUND OF TWELVE MILLION DOLLARS

Children by First Marriage Benefit by Over \$1,000,000

NEW YORK, Nov. 16—Lady Dunsford, formerly Mrs. Guinevere Sinclair-Gould, second wife of the late George J. Gould, and her three children by Mr. Gould, will be the heaviest losers by Referee James A. O'Gorman's decision holding the four trustees of the Jay Gould estate liable for losses caused by their management of the estate, according to information obtained today from a lawyer in the case.

The biggest winner, according to the same authority, will be Frank M. Gould, only son of Edwin Gould. The seven children of the late George J. Gould by his first marriage, the five children of Anna Gould (the Duchesse de Talleyrand) and the two children of Frank J. Gould also will gain by the decision, he said.

SUM UNCERTAIN. Just how much the four trustees will have to pay into the Jay Gould estate in consequence of the referee's decision will not be computed for some time. It has been estimated at \$50,000,000 by Walter B. Walker, the law firm of Leonard & Walker, of counsel for Frank J. Gould. The lawyer today discussed the effect of the decision on the various Gould heirs used \$48,000,000 as the figure for the sake of convenience.

On that assumption, he said, each of the four trustees—the George J. Gould estate, Howard Gould, Edwin Gould and Helen Gould Sheppard—would have to pay \$12,000,000 each into the Jay Gould estate. Jay Gould had six children, two of whom, Frank J. Gould and the Duchesse de Talleyrand, were not trustees.

The \$48,000,000 paid into the Jay Gould estate, he said, would be divided into six equal parts, and a life interest in \$8,000,000 would be turned over to each of the children of Jay Gould.

In the case of the late George J. Gould, the principal of his \$8,000,000 share would be divided into seven equal parts among his children by his first wife, the late Edith Kingston Gould. These seven children, therefore, will gain more than \$1,000,000 each by Referee O'Gorman's decision.

WILL NOT SHARE. Lady Dunsford's children will not share in this division, it was pointed out, because Referee O'Gorman decided some time ago that they were not entitled to share in the late Jay Gould's estate. They and their mother have claims, only to the late George J. Gould's estate, which consists principally of \$14,000,000 in the state of New Jersey. It was pointed out, under Referee O'Gorman's latest decision, the payment of \$12,000,000 by George J. Gould's estate to Jay Gould's state would leave only \$2,000,000 to the late Dunsford and her children could lay claim, and that if the total repayment should be more than \$48,000,000, their claims to George J. Gould's estate might be wiped out altogether. In any event, it was pointed out, there would hardly be enough money left in the estate to pay Lady Dunsford the \$4,000,000 trust fund created for her in George J. Gould's will.

City Cornet Band Tonight, at St. Malachi's Hall, Opens Anniversary Event

Yesterday marked the 51st anniversary of the organization of the City Cornet Band and tonight in St. Malachi's Hall, which stands on the same site as the old building in which the band was organized, the tenth Annual The World Fair will be opened and will continue for 10 days.

There is no more popular organization in the city than the City Cornet Band, and its long period of existence has been marked by numerous endeavors of a public nature, which has made it outstanding in the life of the city. On all occasions the band has been to the fore as a public spirited organization, ready to assist any worthy cause.

On Historic Ground. St. Malachi's Hall, where the fair is to be held, is an historic site on which, as far back as 1814, building operations were begun. Its large auditorium has been the scene of many a gala event and its central location, corner of Leinster and Sydney streets, makes it readily accessible from all parts of the city.

The interior has been transformed into a scene of brightness and color. The many booths and other attractions to be found at such events are the last word in decoration, whilst streamers and banners give the finishing touches. In handling the details of the fair the band has the assistance of many friends, and a pleasant time is assured all patrons.

March to Opening. Tonight the band will assemble at the head of King street and march to the hall, where the formal opening will take place. During the fair the band, as well as other city bands, will be present each evening and delightful musical programmes will enliven the evening. The big feature of the fair will be the Around the World drawing, which will take place as soon as possible after the closing night. In addition to this there will be door prizes and prizes for many other events.

The band will appreciate the patronage of their many friends, particularly on the opening night. As the organization enters on its 52nd year of continuous existence it can lay claim to being one of the few musical organizations in Canada that do so. Looking back through the more than half century of its existence it can proudly survey a broad field of high spirited public service.

Bertha Krupp And Husband Are Hurt

ESSEN, Germany, Nov. 16—Bertha Krupp, principal owner of the great Krupp steel works, suffered a broken collar bone and injuries about ribs today when the automobile in which she was driving with her husband, Baron Krupp Von Bohlen, skidded and went into a ditch. The chauffeur was killed. Baron Krupp Von Bohlen escaped with light injuries.

LIQUOR SEIZURES.

The liquor inspectors visited two places in the city on Saturday, and as a result the proprietors will be called to answer a charge of having liquor illegally in their possession. About 4 o'clock in the afternoon inspectors Killen, Armstrong, Belyea and Garnett called at the house of a man named Dawson in Acadia street and report securing three gallon jugs, one gallon tin and two bottles, all of which were filled, it is alleged, with rum.

SISTERS FOUND DEAD IN FLAT

Asphyxiation Blamed, But No Smell of Gas Found in House

One Apparently Collapsed as She Went to Aid of Other

MONTREAL, Nov. 15—Lying side by side on the kitchen floor of their flat, 4632 Park Ave., Rose Goulet and Valada Coulet, sisters, were found dead tonight. It is thought death was due to asphyxiation though there was no smell of gas in the house when the police made their way into the place.

The discovery was made by Benoit Robillard, a friend of one of the girls. He had received no answer to his ringing of the doorbell and had telephoned to the girl's brother-in-law and ascertained that they were supposed to be at home.

GROANS IN HOUSE HEARD.

Examination of the bodies showed that Rose Goulet, who is 87 years of age, had been sitting on a chair next to a table. She apparently had fallen suddenly forward, as she lay on her face when the bodies were found. Her sister, Valada, 83, appears to have gone to assist her and collapsed also. Her head was resting on her sister's shoulder as she lay beside her. Information supplied to the police by James Grant, who resides in the flat next to the girls' home, was that late this afternoon his wife heard some groaning in the house. Twice she sent him to ring the doorbell and each time there was no answer.

ENTRY LIST HEAVY FOR BADMINTON

More than 120 entries have been received for the mixed doubles badminton tournament under the auspices of the Saint John Badminton Association on the Army ground tomorrow night. In view of the large entry list, contestants are requested to be on hand promptly for their games. Play starts at 7 o'clock sharp and is not expected to finish before midnight. Badminton is expected to make rapid strides here this winter with a large number of organized clubs. Arrangements have been made for the use of the Army floor for one night in the week and this will prove a great boon to local players as the Army floor is a regulation one. The Maritime badminton tournament also will be held here on the second or third week in March next. The city game will be run off a week earlier than this.

F. H. S. Team Plays At Sackville Tomorrow

FREDERICTON, N. B., Nov. 15—Fredericton High School's football team will leave here tonight for Saint John, en route to Sackville, where they will meet Mount Allison Academy team tomorrow in a sudden death game to decide the interscholastic rugby championship of New Brunswick. Winners of tomorrow's game will play Picton Academy, champions of Nova Scotia, for the interscholastic rugby championship of the Maritime Provinces.

CHAMPIONS!

OTTAWA, Nov. 16—Great are the Ottawa Senators. Bronchitis More Than a Cold

Often develops rapidly into pneumonia—relief is found in Dr. Chase's Syrup of Linseed and Turpentine.

Any cold is serious enough when its dreadful possibilities are considered, but when there is soreness or tightness in the chest and a dry hard cough you can look for bronchitis, which is often confused with an ordinary cold.

It is usually known by aching limbs and body pains, chilly feelings, weariness and weakness, pain in the chest and a tight, tearing cough. Fever, dry skin, thirst, coated tongue and constipation are other symptoms.

Dr. Chase's Syrup of Linseed and Turpentine seems almost like a specific for bronchitis because it is so successful in loosening up the cough, aiding expectoration and preventing the inflammation from reaching the lungs.

VICTIM OF INK AND JAM BATH IS DEAD

Captain Clark Kennedy Was Subject of Unique "Rag" at Aldershot Barracks

LONDON, Nov. 16—The death has just taken place at Chillingham, Northumberland, of Captain Arthur Windsor Stuart Clark-Kennedy, late Royal Air Force and Scots Guards, aged 41.

Captain Clark-Kennedy was in 1906 the victim of a remarkable "rag" at Aldershot. After a mock court-martial he was forced into a bath containing ink, gasoline, oil, jam, and hot water, and then feathers were thrown on him.

He escaped, but the door of his room was battered down, and he was forced to leave by the window. He was admitted to a neighboring hotel in a state bordering on prostration.

After an inquiry the Army Council decided to place the then colonel of the 1st Battalion Scots Guards on half-pay; to remove the adjutant from the adjutancy and to censure him severely; and to stop the career of 13 other officers for various periods. Captain Clark-Kennedy left the battalion.

GRAVES OF APOSTLES.

LONDON, Nov. 16—It was now certain that the bodies of St. Peter and St. Paul were actually lying at present under the high altar of St. Peter's, declared the Rev. Professor Sayce, describing the excavations under the Church of San Sebastiano, at Rome, at Edinburgh.

This, he added, was the most interesting and important result of the excavations, but must also have found of interest relating to early history of Christianity.

HE FED MILLIONS

Friend of Homeless Down and Outers 50 Years in Charity Work

PHILADELPHIA, Nov. 16—Lewis J. Bean, president of the Sunday Breakfast Association of Philadelphia, is dead, leaving a record of 50 years of devotion to his less fortunate brothers. During that time 6,000,000 "down-and-outers" were fed, sheltered and counseled and then received a friendly boost along life's way.

The association was organized by Mr. Bean to help men to help themselves. He was assisted by clergymen and served throughout without salary.

A subsidiary was the "Good Cheer Club," which obtained jobs for the jobless. Medical attention was supplied without cost, new shoes were supplied, and in many cases the club restored wanderers to their families.

Wants U. S. Boys To Learn Hockey Game

BOSTON, Nov. 16—An attempt to foster ice hockey among the Boston school boys, as a means of obviating the necessity for importing Canadian stars for the amateur game in this country, will be made by the Boston Athletic Association, according to Albert Geiger, chairman of the athletic committee, who left today for the A. A. U. convention in Pittsburgh. The official declared he would attempt to interest the A. A. U. in his plans, which call for the retention of a regular coach to give instruction to any Boston school boy who desires to play. The arena here will be turned over to the schoolboy sessions on certain days, should the plan go through, he said, and the schoolboy movement may be made national.

The Best of Advice

BY CLARK KINNAIRD

GREATEST BUSINESS IN THE WORLD.

THE business of parenthood we must agree is the greatest and best in life. Anything that a man may do in society to justify his existence and serve his generation is after all subsidiary to the business of parenthood, in which his own share is so relatively small and in which the mother plays so important a part.

And if we would hope and work for the New World that we always are awaiting, let us realize that the only channel through which it can come is that of New Parenthood—parents with new outlooks and ideals.

The New World cannot come from new organizations, new housings, new governments—it cannot even come from new education, because, as all teachers tell us, the teachers look to the parents every time.

MOST important is to remember that the children of today will be the parents of tomorrow. The child we are bringing up today we ought to be bringing up not with a view of his being a doctor because his father was a doctor, or to his going to West Point because his grandfather was a colonel—but with the bigger aim, that he should be a good parent, a BETTER PARENT THAN HIS OWN.

If we do not make our children better than we are, then we are defeating progress. We must have for them a bigger ideal than we had for ourselves.

Poems That Live

DIAPHENIA. Diaphenia like the daffydow dilly, White as the sun, fair as the lily, Heigh ho, how I do love thee! I do love thee as my lambs Are beloved of the daisy.

Diaphenia like the sparkling roses, That in thy sweets all sweets outvices, Fair sweet, how I do love thee! I do love thee as each flower Loves the sun's life-giving power; For dead, thy breath to life might move me.

Diaphenia like to all things blessed, When all thy praises are expressed, Dear joy, how I do love thee! As the birds do love the spring, Or the bees their careful king; Then in requite, sweet virgin, love me! —Henry Constable.

Dinner Stories

A GENTLEMAN at the party, who was very slightly acquainted with those present, found the time hanging heavily upon his hands, and seeing another man who appeared to be in the same plight, he went up to him and said: "I say, don't you find this affair awfully stupid? Come out with me and have a game of billiards." "I should like to do it," was the reply, "but I can't very well leave."

"Why not?" "You see—unfortunately—I'm the one who is giving the party."

AT A dinner party the coachman was called upon in an emergency to assist in waiting upon the guests,

among whom was a very deaf old lady. The coachman, in passing the vegetables, came to the deaf lady. "Peas, mum?" asked he. No answer. "Peas, mum?" louder. Still there was no answer from the old lady, who at this moment lifted her ear trumpet interrogatively toward the man. Glancing down and seeing the tube, he ejaculated in a whisper, "Well, it's a rum way of talking them, but I suppose she likes it. Here goes!" And down went the peas into the ear trumpet.

FAME has an entirely different aspect when you observe a tourist gazing at a bronze statue and hear him ask absentmindedly, "And who was that guy, anyway?"

Other Views

"THINK IT OVER"

(Christian Science, Moncton) There is something worth thinking about in what Walter Prichard Eaton, dramatic critic and writer, said the other day at Wellesley College when he urged that while there is no sin in slang, there is no immortality in it either. "Present-day authors," he declared, "are writing in water when they use current slang and vernacular. Realism, when applied to the speech of the day, can only achieve the success of the day." Moreover, although there may be no sin in slang, Shakespeare gave a hint concerning the direction in which it often trends, when he wrote, "Mend your speech a little, lest it may mar your fortunes."

OLD NOVELS STILL POPULAR

(Sunday Express, London.) "She," "The Christian" and "Tess" are all being re-issued in serial form. It must make the younger novelists wonder. Rider Haggard is dead. Hall Caine is over seventy, Hardy is a very old man. Yet their work is reprinted, for the masses, even although it has been already read by millions, preferred to that of all the writers who seek that wide popularity which these three authors achieved many years ago. Is modern fiction losing its power to appeal? Do the great happenings that mark the life of today overwhelm the author who tries to imagine anything that will grip the world, and stimulate an imagination which reality, perhaps, never over-satisfies?

NO THREATS NEEDED

(New York Times.) Our government's main position in regard to the war debts is indubitably correct; but the question of manner and method is open to difference of opinion. It may be that official circles forget too often that we have to be careful what our attitude may seem to be in the eyes of fellow-nations. Even in private life the creditor who endeavors to collect a just debt is always in danger of being called a "shylock," and most of us know that

Bankruptcy was averted - The Business Lived! Miller and Jackson had been partners in a hardware business for twenty years when, about one year ago, Jackson died very unexpectedly. At Jackson's death, his heirs decided to sell out—to force a sale, if necessary—to get their money out of the business. On top of this, wholesalers demanded payment of money owing to them. The crisis against which every partnership should guard—the sudden loss of a good partner and all his assets—confronted Miller. And Miller would have been forced to sell out at a loss except for one thing—Business Insurance! Several years ago, Miller and Jackson protected their partnership with Business Insurance. Each insured his life for \$10,000, making the other the beneficiary. Premium payments were charged up as a regular item of business expense. Thus, at Jackson's death, Miller received \$10,000 cash. With this money he bought his partner's share; met the firm's debts; re-established credit; and carried on under his own name. Investigate Business Insurance. It is all that its name implies. # HON. J. B. M. BAXTER DENIES VENIOT MISREPRESENTATION CHARGE

## PREMIER HOLDS PROVINCE IS NOT SAFE UNDER AGREEMENT

### Declares Former Prime Minister Put Grand Falls More Decidedly in Private Hands Than He Wishes to Do

## PROMISES SEARCH FOR FAIR SOLUTION

### Asserts Hydro Commissioner Will Bend Every Energy to Solve Difficulty Wisely and Justly—Maintains Waterways Body Could Rescind Order Permitting Development if N. B. Broke Contract

HON. DR. J. B. M. BAXTER, K. C., Premier of New Brunswick, last night issued a statement in reply to that made Tuesday by Hon. Dr. P. J. Veniot, former Premier, in which the present Prime Minister accused Hon. Dr. Veniot of misrepresentation in the bearing of the contract made between the New Brunswick Electric Power Commission and the International Paper Company on the development of Grand Falls.

Premier Baxter insists that the agreement was confirmed by the International Waterways Commission and is one of the conditions on which the province was granted the right to use water from the State of Maine to develop electrical energy. He argues that if the province were to violate its agreement with the Paper Company, the Waterways Commission would rescind its order permitting the development.

**NOT SAFE, HE HOLDS.**  
The Premier contends that there is nothing in the contract to the effect of power and declares that the province is not financially safe under it.

The statement declares that "Hon. Dr. Veniot has already put Grand Falls so far as the control is concerned than I desire to do. He has not got a definite bargain with any private concern to take any definite quantity of power at any specific price."

"The present Hydro Commission," Dr. Baxter's statement says, "is composed of men who will bend every energy to find a wise, fair and just solution of the present difficulty."

### TEXT OF STATEMENT.

The text of Premier Baxter's statement follows:  
"I do not think the public desire or will value recriminating statements between the former Premier and myself. I believe they are interested in facts and business. Therefore, I shall direct my attention to the misstatements with which I am charged, and endeavor, by reference to the contract itself, to show the correctness of my previous statements."

"I am accused of saying that the agreement has been confirmed by order of the International Waterways Commission and one of the conditions upon which the province has been granted the right to use water coming from the State of Maine. This statement is perfectly correct. Until a number of agreements were entered into between the Province, through the medium of the New Brunswick Hydro Commission, and various other parties, including the International Paper and Paper Company it was known that the International Waterways Commission would not grant the rights which the Province applied for."

"When all parties reported to that body that agreements had been reached the order was issued. Can any one of the Province were to violate the terms of any of these agreements an application could, and probably would, at once be made to the International Waterways Commission to rescind its order on the ground of breach of faith on the part of the province. Such application would undoubtedly be successful."

### REPLY TO SECOND CHARGE.

"The second alleged misstatement is that the price which the Province shall receive for the power is not fixed by the contract, nor is any means of fixing it provided. Hon. Mr. Veniot shows by reference to the contract that the price to the International Company is not in any case to be higher than the price being paid by any consumer of a like class for primary power delivered or to be delivered, at the same place, nor relatively higher than the price at the time being paid by any consumer of a like class for primary power delivered, or to be delivered, at a different place."

"I agree that Hon. Mr. Veniot has made a correct extract from the contract, but what he does not mention is that language and say how many dollars per horse power the International is to pay. Until they can do that, and show that the contract contains an obligation on the part of the International to take the power and pay for it at a price expressed in dollars and cents, I repeat that the price is not financially safe under the contract. The International is not to be asked any higher price than similar users pay. If the International exercises their power under the contract there may be no similar users."

### ANSWER TO THIRD.

"This brings me to the alleged misstatement number three, where I am quoted as saying that until the Paper Company decides how much power it requires, no other company can be negotiated with. Hon. Mr. Veniot says that this statement is outrageously false, and he quotes the first paragraph of the contract to prove the falsity."

"It is quite true that, if the commission may I say that the present Hydro Commission is composed of men who will bend every energy to find a wise, fair and just solution of the present difficulty. They recognize that the power at Grand Falls should be available in the first instance for grinding wood and pulp power and that, if they believe that those who desire to make use of the power should have an opportunity of purchasing it. Grave doubts have been thrown upon the capacity of Grand Falls and investigations are proceeding to determine just what we have or can get from that operation. In other words, the hydro problem is being dealt with in the realm of business and not of sensationalism."

### QUOTES CONTRACT.

"Let me quote the following two paragraphs of the contract and the public can easily judge whose is the correct interpretation, mine or Hon. Mr. Veniot's."

"When power is first generated at said Grand Falls the Power Commission will enter into a contract with the Paper Company for the purchase of power as below specified and sell to the Paper Company (in case the Paper Company shall elect to purchase the same) for delivery and use in New Brunswick primary power generated from the initial development of said Grand Falls subject to the provision next below, of either ten thousand (10,000) or fourteen thousand (14,000) horse power, or such other amount as the Paper Company may elect, at its option, at any time, and from time to time take such power in any amount with a limit of ten (10) per cent. less or more than such block of ten thousand (10,000) or fourteen thousand (14,000) horse power as the case may be. Such contract shall further provide that such power shall be reserved in the first instance for a period of six (6) months after the date when it shall actually be ready for delivery, and the Power Commission shall have notified the Paper Company of that fact by letter addressed to the Paper Company at its offices in New York City. Such contract shall further provide that, if within such six (6) months the Paper Company shall elect to take such power, the same shall be reserved for a further twelve months' period before the Paper Company shall be bound to pay for the same, unless and to the extent that it uses the same. The terms of such contract, the provision for its renewal, the price of the power and the other provisions of such contract shall be such as are determined upon to the satisfaction of the parties hereto; provided, however, that the price to be paid by the consumer of such power shall not be higher than the price being paid by any consumer of a like class for primary power delivered or to be delivered at a different place."

"If power is generated as aforesaid and from time to time there is available for use in grinding wood primary power generated at said Grand Falls in addition to the above mentioned block, and to the requirements of Bathurst Company, Limited, for power for grinding wood for the operation of not more than two paper machines, and if the Power Commission is willing to sell the same for such purpose, the Power Commission will not sell or dispose of the same without first giving the Paper Company opportunity to purchase the same as herein provided. The Power Commission shall by letter addressed to the Paper Company at its offices in New York City, notify the Paper Company of the amount of power so available, and of the price to be charged therefor. The amount of power so offered by the Paper Commission shall not exceed (5,000) horse power, or multiples thereof, in case the Paper Company shall elect to take the block of ten thousand (10,000) horse power provided for under Paragraph 1 hereof, or shall not exceed (7,000) horse power, or multiples thereof, in case the Power Commission shall elect to take the block of fourteen thousand (14,000) horse power provided for under Paragraph 1 hereof. The price of the power so offered shall not be higher than the price charged under the power contract mentioned in Paragraph 1 hereof, and shall not be higher than the price being paid by any consumer of a like class for primary power delivered or to be delivered at the same place, nor relatively higher than the price being paid by any consumer of a like class for primary power delivered or to be delivered at a different place. When so required by the Paper Company, the Power Commission shall not sell power to any other person or company for use in grinding wood, provided, however, that the Power Commission shall not hereby be restricted from selling power for use in grinding wood which has been offered to the Paper Company on previous offerings and not contracted for by the Paper Company."

### TRURO MINISTER HEAD.

The services in the Main street Baptist church yesterday were conducted by Rev. E. A. Kinley, of Truro, whose very forceful addresses were heard by large congregations. Mr. Kinley also spoke to the meeting of the Men's Brotherhood in the afternoon. The services in the church next Sunday will be conducted by Rev. J. B. Ganong, of Sussex.

### CIRCLE HAS MEETING.

The recently formed Silver Cross Circle of The King's Daughters, met on Saturday afternoon at the residence of Miss Dorothy Nicolson, Hasen street, and besides carrying out the usual program the circle made plans for holding a Christmas party early in December. Miss Edith Lawrenson, president, was in the chair.

### ON COMMISSION.

"In conclusion, may I say that the present Hydro Commission is composed of men who will bend every energy to find a wise, fair and just solution of the present difficulty. They recognize that the power at Grand Falls should be available in the first instance for grinding wood and pulp power and that, if they believe that those who desire to make use of the power should have an opportunity of purchasing it. Grave doubts have been thrown upon the capacity of Grand Falls and investigations are proceeding to determine just what we have or can get from that operation. In other words, the hydro problem is being dealt with in the realm of business and not of sensationalism."

## Weddings

### Ingraham-Henderson.

The marriage of Miss Hazel Marguerite Henderson, daughter of John Henderson, of Pinder, York county, to Willie Edgar Ingraham, son of Henry Ingraham, Bear Island, York county, was solemnized at the manse, Prince William, N. B., on Wednesday afternoon at 8 o'clock by the Rev. W. A. Paterson in the presence of immediate relatives. Miss V. Maude Smith played "The Voice That Breathed O'er Eden."

### Arseneau-Hachey.

A quiet but pretty wedding was solemnized in St. Gabriel church, Jacques River, Tuesday at 8 a. m., when Alexina Hachey, eldest daughter of Mr. and Mrs. Dabien Hachey, became the bride of William Arseneau, C. S. M., son of Mr. and Mrs. Larry Arseneau. The ceremony was performed with nuptial mass by Rev. J. A. Trudell, assisted by Rev. E. Delgarde. The church was beautifully decorated for the occasion.

## Deaths

### Jeremiah McCarthy

Jeremiah McCarthy passed away in his sleep yesterday morning at the residence of his son-in-law, Philip Hackett, 83 Millidge avenue. He had been in his usual good health on the previous evening and in the morning was found dead in his bed. Although advanced in years he had not been thought to be ailing and his sudden death was a great shock to his relatives and friends.

### John L. Nason

The death of John L. Nason, eldest daughter of John and Mary Travis, occurred in this city on Sunday, Nov. 15, 1925 at the age of nine years. She was a bright, lovable child and her death has brought keen sorrow. Besides her parents she leaves one sister, Ellen, and one brother, Louis. The funeral will take place on Tuesday afternoon from the residence of her grandmother, 2 North street, to the Cathedral.

### Mrs. Wm. Paddock

The death of Deolinda, wife of William Paddock, of the Frog Pond road, occurred yesterday at the residence of her daughter, Mrs. Thomas S. David.

### Brother, one sister, four half-brothers, and one half-sister.

### BOYS CAUSE DAMAGE.

Shortly after 6 o'clock Saturday evening Police Constable Bette was called to Short's drug store, Garden street, because of a complaint from the proprietor that a number of boys had assembled about the front of his premises and one had thrown a stone and broke a window. The officer responded to the call but when he arrived the boys had departed. The name of one boy was obtained and it is possible that the damage will be made good before he and others will be required to appear in court.

### TO TRAIN AS NURSE.

Miss Bessie H. Seymour of Fredericton, who has been employed in the office of the Admiral Beatty Hotel has gone to Portland, Me., where she will visit her aunt, Miss Sarah A. Seymour, before entering the Webber Hospital, at Biddeford, Me., to train as a nurse. Miss Seymour was made recipient of the hospital as a nurse in training two weeks ago. Before leaving Saint John Miss Seymour was made recipient of a handsome leather handbag by the office staff of the hotel.

Dorothy Dix

Men are Disgusted With Lack of Personal Daintiness; They Shun Temper, Tears and Arguments; They Dislike Pose, Vanity and Gold-Digging - But Most of All They Flee a Woman Who Openly Pursues Them.

A YOUNG WOMAN asks: "What are some of the things a girl should avoid doing if she wants to make a hit with men?" Well, daughter, that depends upon the individual man. Every mother's son of them has his own little private list of "don'ts" for women, but, generally speaking, I should say that chief among the feminine follies that get on men's nerves are: Slovenliness. Men put cleanliness next to godliness in women, and nothing disgusts them more than a girl with unkempt hands and frowzy hair, who looks as if her clothes had been thrown on at her with a pitchfork. It is only artists who like women in flowing robes with loose ribbons.

DOROTHY DIX

The ordinary man likes a girl who is neat and tidy and trim and taut, whose heels are straight, and who never wears soiled linen. No maiden ever smarts a man's fancy in a negligee, and no wife holds her husband's love who wears kimono to breakfast.

MEN don't like women who argue. Whatever the balance of an unappreciative world may think of his opinions, every man looks forward to being Sir Oracle to his wife.

He wants the woman he marries to gasp with awe and wonder at his wisdom as he lays down the law, and so he passes up the girl who challenges his every statement, and is loaded up with facts and statistics to prove him wrong.

High temper in a woman disgusts a man. A woman with her face distorted with fury, and her tongue saying venomous words, is as repulsive to him as a drunken woman. Also he is afraid of her. He may be brave enough to face a machine gun, but when it comes to facing a virago, his bones turn to water and his soul quails within him. He doesn't want for a wife a woman who will keep him terrorized, and walking gingerly and speaking softly for fear of rousing the devil within her.

Men don't like morbid women, who are always viscerating their emotions, and they flee from a teary woman who is forever telling her grievances as they would from the plague.

Men want women to listen sympathetically to their hard-luck stories, but they don't want to lend an ear to a woman's tale of woe.

They are willing to help a woman friend in trouble by lending her money, or sending her flowers, but they are not going to spend any evenings mingling their weeps with hers, and the boy who lets a lachrymose lady get past their office door loses his job.

MEN don't like vain women who expect to be perpetually flattered. When it comes to incense burning they had rather be the burner than the burner. They don't mind offering up a few well-deserved tributes to a girl's hair and eyes and boyish figure, but they also have hair and eyes and boyish figures that are deserving of mention.

And so the girl who is so stuck on herself, as the phrase goes, that she never notices any one else, makes no killing with men.

MEN do not like girls who pose, who pretend, who put on airs. They loathe the girl who is always telling about what an aristocratic family she came from, and who acts as if she were a queen, condescending to a humble subject every time she goes out with a man.

They admire and respect the poor girl who dresses according to her means, and who makes no bones of telling that she works because she needs the money, and that she makes her own frocks and hats, and helps mother with the cooking.

BUT they have a contempt for the working girl who pretends to be a blase society bud, who has gone into an office for the thrill of the thing, and who lies about her home-made gown being a cheap little import that she picked up for \$175, and who says that the kitchen disgusts her, and that she can't boil water without burning it.

Men don't like dumb dolls that they have to work like coal heavers to entertain, and who have never a word to say for themselves. Neither do they like women who monologue the hour about themselves, and who never give a man a chance to put in a word edgewise.

And they abominate sarcastic women who are always making witty and cynical cracks.

MEN don't like the gold diggers who are out for all they can get, who are always hinting for presents, who invariably order the highest priced dishes on the menu, and who insist on being taken to the most expensive places to dance.

Nor do they like a cheap woman who is always counting the pennies, and who affords their vanity by intimating that they can't afford the things they are doing. They like a woman who takes what they give without question and enjoys it, and who, whether they offer her a champagne supper or sandwiches and coffee, or whether they take her to ride in a Duesse or a Rolls Royce, makes them feel that she is having the time of her life.

MEN don't like women who brag about their conquests and who make out that there are dozens of millions just dying to marry them. They know that they will exhibit X in her collection of scalps, and that she will tell the next man all about them.

Men like a woman to be appreciative, but not overpleased. Just because they take her out is no reason why she should go around looking like the cat that has eaten the canary.

Few men like to have a woman run after them so openly that everybody perceives it and speculates about whether she will be able to catch them or whether they will be foxy enough to outwit her, and the average man feels murderous toward the woman who is always calling him on the telephone.

THESE are the things that men dislike in women. The things any man likes are amiability, good nature, daintiness and the fact that enables a woman to make a man feel pleased with himself. Give her and wish all the world. DOROTHY DIX.

THE CARthusian MONKS HAVE NO 'FLU, PNEUMONIA OR TUBERCULOSIS.

The above fact shows what a vital thing is proper food. These monks living their simple life within monastery walls, in Surrey, England, have been practically disease free for many years, save such diseases as are incident to old age.

Dr. Robt. G. Jackson, of Toronto, Editor of the Dietetic Age of New York City, has long claimed that most of our diseases are due to the refinement and delecting of our chief food-stuffs, the grains, aided by white sugar. He has invented Dr. Jackson's Roman Meal, a natural grain food made from whole wheat, whole rye, flax and bran, to compensate the deficiencies of white flour and refined cereals. Plenty of Roman Meal, milk, vegetables and fruits will work wonders in the health of the Canadian people. Dr. Jackson was himself a wreck at 55, when he invented Roman Meal, but at the age of 65 his physique is better than that of 9 out of every 10 men regardless of age, thanks to the wonderful body-building properties of Roman Meal. Used persistently, it will do as much for anyone. At grocers.

ADVENTURES of the TWINS

SOME POEMS WITHOUT NAMES. "Let's make up some poetry," said the Clown. "It's a lot of fun if you take turns adding a line. I'll say one line and the person beside me adds a line and the person next to him adds a third line and so on. Five lines to one poem." As all the High Jinks people were still sitting in a circle after the riddle telling, it was quite easy to do.

By Day He's a Movie Actor; At Night He's In "Legit"

By RUSSELL J. BIRDWELL. Of the pantomime artists who cavort on the stage and silver-screens in these parts, Edward Everett Horton, inimitable comedian of a hundred plank operas, stands out as one of the most enterprising of all. Eddie's services are so in demand in Hollywood by the picture companies and in Los Angeles by the stage managers that to appear there wants he is forced to perform double-time duty.

In the evening-time Eddie holds forth on the boards at the local stock company, many house the Majestic, and in the earlier parts of the day he stands in front of the cameras while they grind out their celluloid destiny upon his mime countenance.

"There's one great thing about the movies that I particularly like," says Eddie. "It appeals to my vanity. I look on the screen just as I would want others in real life to think I look, but the make-up and everything sorta doctors one up until they'll look pretty good on the screen."

"As a matter of fact I like to see myself on the screen whether any one else does or not. I always seem to look my best up there. Playing on the stage one never can get a reaction from one's self but on the screen one can see all the cute little things that one does."

Horton has played many star roles on the screen, most important among them being in James Cruze's "Begger on Horseback" and the part he is now playing in support of Lillian Gish in "La Boheme" at the Metro-Goldwyn-Mayer studio.

"Blue's my color," said she, "Can you count up to three? I will say he is having a snap."

This was the next verse: "The wind blew the wig off a pig, Donkeys much prefer dates to a fig, Did you darn up the hoop? You've a very red nose, I always wear skates when I dig."

And this was the next: "The Man-in-the-Moon stubbed his toe, And all he could say was 'O O!' The potato's poor eyes Get all red when he cries, And the light cakes are made out of dough."

This verse was simply awful, I think: "The elephant said to the ant, 'I am longing to sneeze, but I can't.' Then along came a goose, Drinking coconut juice, That the humming bird stole from his aunt."

By this time everybody was laughing too hard to make up any more poetry. It was great fun, though.

"What a merry place High Jinks Land is!" said Nancy. "I should say so," said Nick. "Just one lark after another ever since we came."

"Don't you know why?" remarked "I climbed to the top of a tree," "And the Sweep, who sat next, said: "That grew down below the blue sea," And the Old Shoe Woman said: "There is no use in talking."

And Diddle Dumpling John said: "I have quite lost my stocking." And the Little Dog said: "And barked a big piece off my knee," "Hurrah!" shouted Nick. "That's a lot of fun. Let's have some more."

So they went on right around the circle, but as you don't care and I really don't care about who said all the lines, I shall only put down what the verses sounded like. They don't make much sense, but I think the High Jinks people did pretty well to make them even sound right.

These are the verses they made up: "A mouse caught his tail in a trap, While his mother was having a nap."

Ocean Fish Are Warned By Nature's Own "Radio"

By DAVID DIETZ. MAN is constantly making new inventions. But frequently it turns out that his inventions are only means of doing for himself what nature has done always by other means for others of her creatures. Radio is now being used to send out warning signals to keep ships away from dangerous coasts. Nature, according to Dr. Austin H. Clark of the Smithsonian Institution, has always used a means of warning many fish to stay away from coast lines and to stay far below the surface in rough weather. A high-pitched hissing sound is given by waves breaking on the shore and by whitecaps on the waves at sea. This noise, says Dr. Clark, results from the continuous breaking of little bubbles. Each bubble makes a slight noise which is united with the noise from other bubbles into a continuous hissing sound. Any continuous sound becomes monotonous and in times distressing, as everyone knows. Therefore, says Dr. Clark, this hissing noise has the same effect upon the fish, causing them to stay out of danger. Dr. Clark is the chairman of the U. S. navy committee on oceanography. He is one of the chief authorities on ocean life, having spent many years of his life as a member of scientific expeditions out on the ocean.

AMERICANS may have to change their tastes in sea foods of these days. Lewis Radcliffe, deputy commissioner of fisheries for the U. S. Department of Commerce, points out that we are slowly depleting the supplies of shad, sturgeon, salmon, lobsters and other popular sea foods. At the same time, he says, we are neglecting to make use of many sea foods which are highly prized by European peoples. Radcliffe made a summary of the fish landed by British vessels in 1924. This showed catches of 65,000 tons of kinds of fish which are hardly eaten at all in this country. It included cockles, shrimps, skates, rays, monk fish, periwinkles, whelks and mussels.

are relieved of a great hygienic handicap in this way

THERE is now a new way in woman's hygiene. A way scientific and exquisite that ends the uncertainty of old-time "sanitary pads."

It is called "KOTEX." Eight in every 10 better-class women have adopted it.

Five times as absorbent as ordinary cotton pads, it banishes danger of mishap.

Deodorizes, too. And thus ends ALL fear of offending. Discards as easily as a piece of tissue. No laundry. No embarrassment.

You obtain it simply by saying "KOTEX." Women thus ask for it without hesitancy. Costs only a few cents at drug or department stores. Proves old ways a folly.

### St. David's and Centenary Churches Celebrate Their Anniversaries Fittingly

Large Congregations Hear Speakers From Outside at Special Services—Rev. W. M. Ryan, Charlottetown, and Rev. G. G. D. Kilpatrick, Ottawa, Preach Sermons

ANNIVERSARY SERVICES were held yesterday in two of the city churches, Centenary and St. David's, both of which are now of the United Church of Canada. Centenary church, which was opened for worship in the fall of 1839, the centennial year of Methodism, was formerly a Methodist church and was named to honor the centennial. St. David's church, which was formerly a Presbyterian church, was organized as a congregation in 1848. St. David's church was twice destroyed by fire and Centenary church was destroyed in the great fire of 1877. Both congregations now worship in splendid church edifices. Special preachers gave the anniversary sermons yesterday.

Centenary United church this week is observing its eighty-sixth anniversary with special services and programs at church gatherings.

Yesterday the anniversary preacher was Rev. W. M. Ryan, of Charlottetown, United church, who delivered forceful and able addresses both morning and evening and was assisted in conducting the services by Rev. Henry Penna.

The choir under the direction of Miss Alice Hea gave splendidly inspirational music. Rev. R. G. Fulton, pastor of the church, was in Charlottetown conducting the services in Mr. Ryan's church.

#### MR. PENNA HEARD.

Mr. Penna yesterday morning recalled how the forefathers of the present members of the congregation coming out from the congregation of the old Methodist church in Germain street, had founded the new church 86 years ago. He spoke of the destruction of the first church in the great fire of 49 years ago and of the great devotion which had led the people at that time to undertake the erection of the present church, which, he said, is one of the finest religious edifices in the Maritime Provinces.

#### BRINGS GREETINGS.

Mr. Ryan brought the greetings of the Charlottetown United church, the Charlottetown church, formerly Methodist, has received about 200 new members since the establishment of the United Church of Canada, as the two Presbyterian churches in that city voted out of union and the minorities from both of these congregations joined with the congregation of which he is pastor.

The text of the morning sermon was found in Paul's prayer for the Colossians, written in Chapter 1, verses nine and ten of the Epistle to the Colossians. Mr. Ryan spoke of true prayer as requiring effort, concentration of thought, elevation of spirit and purity of heart and life.

**KNOWLEDGE OF GOD NEEDED.** In closing he declared that not in the preacher nor in the music would be found the means of attracting large

ago yesterday this church was dedicated.

#### MORNING SERVICE.

At the morning service yesterday the minister, Rev. Mr. Miller, welcomed Mr. Kilpatrick. Mr. Miller on behalf of the congregation expressed their thanks to the donor of the two standards, with a cluster of five lights on each, which a member of the congregation had placed in front of the church.

The choir under the able leadership of Mr. J. Bayard Currie, rendered special music at both services. In the morning E. C. Girvan sang a solo and the choir sang an anthem.

In the evening a quartette consisting of Mrs. Blake Ferris, Miss M. Steven, E. C. Girvan and Charles Case, sang delightfully. Mrs. Blake Ferris sang very acceptably "The Holy City," and during the offering the choir gave the well-known anthem, "O Divine Redeemer."

#### MR. KILPATRICK HEARD.

At the morning service Mr. Kilpatrick gave a forceful sermon on The Unclaimed Heritage of the Christian, taking for his text 1 Kings, 22: 3, "Know ye that Ramoth in Gilead is ours, and we will be still, and take it not."

At the evening service Mr. Kilpatrick drew a vivid picture of the incident which St. Paul referred to in his letter to Timothy, wherein he described how Demas had forsaken him, having loved this present world, 2nd Timothy 4: 10.

He made a special appeal to the young men to be steadfast to the church and not to be led away by the appeals of the world.

#### SPECIAL OFFERING.

The minister asked for a special anniversary offering, which amounted to a very substantial sum, in excess of what was given at a like service one year ago.

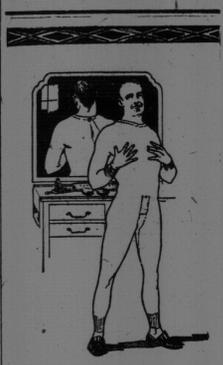

#### OCEAN AIRSHIPS FORECAST.

NEW YORK, Nov. 15.—Trans-Atlantic transportation in the next decade of passengers and freight in airships much larger than any now in existence, is forecast by Commander Garland Fulton, of the Society of Naval Architects.

### Port Nursery Here Gets Write-up

Miss Colwell Deals in Interesting Manner With Local Red Cross

The latest number of MacLean's Magazine will be read with special interest and appreciation by the Saint John public as it contains a cleverly written and very readable article by Miss I. Winnifred Colwell, which describes the work at the Red Cross port nursery in Saint John and gives a special tribute to Mrs. Margaret Lawrence, who was chiefly instrumental in the establishment of the nursery that was

the pioneer venture of its kind and the pattern upon which other port nurseries have been modelled. Miss Colwell tells also of some of Mrs. Lawrence's many other activities and the splendid success which has attended them. The article is illustrated with some very good snapshots taken at the port nursery. Miss Colwell is the daughter of Mr. and Mrs. F. C. Colwell, of this city, and is winning an enviable reputation in the journalistic world. She holds the important position of editor of the women's department of the MacLean's Magazine and is filling that position with conspicuous ability.

ACID DECAY begins At the DANGER LINE (where Gums meet Teeth)

## Stop ACID DECAY The Enemy of Teeth and Health

Adopt This Safe and Pleasant Method of Preserving Teeth and Gums.

In those tiny V-shaped crevices—along The Danger Line (where teeth meet gums), food particles lodge and ferment, forming acids which cause Acid Decay. The gums become infected, bleed and recede from the teeth. Pyorrhea and undermined health may be the result of infection due to Acid Decay at The Danger Line.

Squibb's Dental Cream provides a sure and safe means for protecting the teeth and gums at The Danger Line. For Milk of Magnesia, from which Squibb's Dental Cream is made, has long been recognized by physicians and dentists as the safest and most effective product known for neutralizing the harmful acids in the mouth which form at The Danger Line.

When you use Squibb's Dental Cream, tiny particles of it are forced into all the crevices and fissures of your teeth which are inaccessible to any toothbrush. There it remains for hours, neutralizing the acids as they form—preventing Acid Decay—protecting the gums. No other dentifrice affords such thorough and lasting protection.

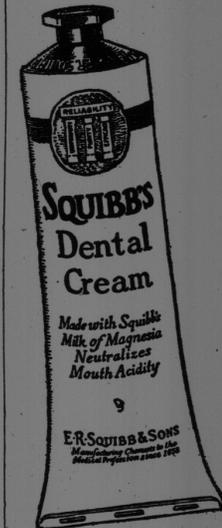

Progressive Canadian druggists now have Squibb's Dental Cream; get a tube to-day and use it regularly, morning and night.

SQUIBB'S MILK OF MAGNESIA—The Standard of Quality—from which Squibb's Dental Cream is made—is recommended by physicians everywhere. It may be purchased in large and small bottles from your druggist. If you have not used Squibb's Milk of Magnesia, we urge you to try it and note its definite superiority.

Joubert Refers to Seaboard and Says Something Must Be Done

A UNITED CANADA IS THEME DELIBERATED

150 From All Parts of Canada Are Expected at Winnipeg Meeting

SCHREIBER, Nov. 15—A special train is bearing all but a few of the delegates from the Maritime and Central Provinces to Winnipeg.

COMMITTEE MEETS. This afternoon a large committee representing the various boards assembled in the dining car with President S. B. Gundy, of the Toronto Board of Trade in the chair, and some preliminary business was transacted to facilitate tomorrow's proceedings.

Other speakers were: Paul Joubert, president of the Montreal Chamber of Commerce; Brig.-Gen. C. H. Mitchell, Toronto; Lieut.-Col. W. J. Brown, vice-president of Western Ontario Federated Boards of Trade and Executive Secretary of Western University; J. S. Royer, vice-president of the Quebec Board of Trade; W. E. Cockshutt, of Brantford; W. McL. Clarke, director of Commercial Intelligence Bureau, Ottawa; and W. C. Nixon, Agent-General of Ontario in London.

UNITED CANADA DESIRED. The tenor of all the speeches was the same, and expressive of a desire for a united Canada. Mr. Joubert made particular reference to the Maritimes and declared something must be done for them in addition to much which he felt sure they could do for themselves.

THREE SERVICES HELD IN Y BUILDING

Largest Attendance Yet Recorded at Meetings For Boys

The three services at the Y. M. C. A. building yesterday attracted exceptionally large numbers.

At the 9.45 service for boys in the morning there were 75 present, the largest attendance at that service ever yet recorded. Cecil Mersereau was the speaker and gave the boys a very interesting talk on the life of Ghandi.

W. W. Keeney, song leader from the Coburg street Christian church, led the very hearty sing song.

At the fireside home hour at 8.30 large numbers gathered round the cheery blaze. W. W. Keeney again gave a great deal of pleasure by his conducting of the sing song. William McEachern was the soloist. A. M. Gregg, the general secretary took for the theme of his address "Loyalty"

The small cost of a "Want Ad." is a secondary consideration. The object is results.

Therefore, never cheep-see here and there to save an odd cent or two. By doing so the value of the entire ad. may be destroyed.

When writing your "Want Ad." put yourself in the place of the reader, and answer the questions you yourself would naturally ask.

If you have a flat to rent, the home seeker wants to know more than a plain statement of the fact. He wants to know how many rooms there are; if there is hot water; bath; electric lights; garage, etc., and the amount of the rent.

Your flat may be a \$60 a month home, but if you don't say so in your ad, the \$60 a month tenant may not reply, thinking perhaps it is a \$15 a month flat.

To get the right tenant quickly, give full information.

To rent a room quickly to the right kind of a roomer, give all particulars. Show that you are anxious to make the roomer comfortable for a reasonable rental.

If you wish to sell anything, do not omit the good selling points. It is far more economical to spend an extra few cents and make the sale, rather than to save a few cents in the cost of the ad. and make no sale.

To Make Doubly Sure of Results

To make doubly sure of the right party seeing your "Want Ad." it is a good plan to use both "The Telegraph-Journal" and the "Times-Star."

A special rate covers both morning and evening papers. The rate for your "Want Ad." in the "Times-Star" is two cents per word per day, but you can have your advertisement appear in both papers for the combined rate of three cents per word per day.

Two Papers 3 Cents Per Word Per Day!

OUTLOOK FOR DRY DOCK GOOD

Increased Business for Coming Winter Season, Says Manager Wilson

Speaks of Work at East Saint John, on Return From Montreal

A considerably increased amount of business for the coming winter is expected by the Saint John Drydock and Shipbuilding Co., Ltd., the company having assurance already of more than has been done in one season yet, Frank G. Wilson, the manager, said last night when interviewed after his return from Montreal.

In addition, the company hopes to complete the steel ferry being built for the Minas Basin route by the early part of December. The work is well along and the installation of the engines will be started this week. The contract for towing work at Quebec during the summer season terminated at the end of November, and with the Ocean King sold after having been raised where she was sunk this summer, the company will not continue the work.

TO BE HOME PORT. Saint John will be the home port for the Canada-Cuba line, and it is expected that the dry dock will be called on to serve these ships when the need for repairs comes. The first ship of this line will sail from here for Havana on November 26, according to the latest word. Mr. Wilson was in Montreal in connection with this business.

The Saint John Dry Dock and Shipbuilding Company's large tug Ocean Eagle, in command of Captain Greenlaw, arrived in port last night from Quebec and it is understood will remain here during the winter months.

Morning Stock Letter NEW YORK, Nov. 16.—Sharp bear attacks in the hopes of starting a selling move such as last Tuesday's should be fairly common at this stage of the market. Street has been in the market since Saturday, and while it went down very quickly, it recovered a large part of its loss just as quickly. Common sense tells us that the market is still in a speculative mood. We believe most rallies will see higher prices. While Alcohol on N. Y. C. and R. I. Cons. Gas should work a great deal higher from this level. We are still bullish on AGR. Pfd., Am. Ice, Macy, Siles and Ind. Mac. CRYSTAL LIVINGSTON & CO.

Brokers' Opinions NEW YORK, Nov. 16.—Clark Childs: "On stocks should continue a feature in many of railroads there is confident buying." Black Maloney: "The short interest is pretty well eliminated and the upswing will not go much higher. Would use my further strength to cash in profits, and will doubtless see more 'back'." Hornblower: "Decisive entrance of oil and rail averages into new ground on this movement removes skepticism as to the genuineness of their recent upward tendency. Coppers are still popular. Steels and equipments should be bought here for a turn."

SICK OF CITY SAYS PRISONER IN COURT Complains Police Always Picking Him up on Drunkenness Charge

A man charged with drunkenness failed to appear this morning in the police court and forfeited a deposit of \$8. Another arrested on a similar charge pleaded not guilty. He said that it was only weakness not intoxication. The magistrate remarked, after the policeman had told of arresting the man, that he had only permitted him to leave jail for drunkenness on his promise to see Rev. J. V. Young who had secured work for him. The magistrate pointed out that he had failed to go to the clergyman. The accused declared that he was always being picked up for drunkenness and he was sick of the city. He was remanded to jail.

QUEBEC LUMBER CUT TO BE RECORD Estimates Place it at One Third More Than Ten-year Average

Canadian Press. QUEBEC, Nov. 16.—Advance estimates of the 1925-26 cut of timber in the Province of Quebec have been placed at the record figures of 1,600,000,000 feet by officials of the Department of Lands and Forests here. Reports received here show that already there are 8,500 lumber camps operated throughout the province, with the Lake St. John and Chicoutimi districts the centre of greatest activity. The figures given are interpreted as meaning that there is an increase of one-third over the average cut in the last 10 years, and some 250,000,000 feet more than what was estimated to be the average for the 1900-03 period.

CHINESE MUTINY; FIRE ON RUSSIANS

Leader of White Brigade Believed Killed in Shantung Army Outbreak

Canadian Press. TSINGTAO, China, Nov. 16.—Marshal Chang Tso Lin's fifth Shantung division, becoming mutinous, yesterday fired from the rear on the Russian white brigade, attached to Chang's forces. It is reported that the majority of the Russians were killed. The Russians were endeavoring to stem the advance of Marshal Wu Pei Fu's alliance forces when fired on. The wounded lay without medical aid until foreign doctors from Tsingtau during the night entered the fighting area and brought them out. MAY DESERT TO WU. Most of the Fengtien Manchurian troops in Shantung, are natives of Shantung, and disintegrated observers say it would not be surprising if the majority went over to Wu, as the whole population is said strongly to favor the alliance.

HELP WASH OUT KIDNEY POISON

If Your Back Hurts or Bladder Bothers You, Begin Taking Salts

When your kidneys hurt and your back feels sore don't get scared and proceed to lead your stomach with a lot of drugs that excite the kidneys and irritate the entire urinary tract. Keep your kidneys clean like you keep your bowels clean, by flushing them with a mild, harmless salts which helps to remove the body's urinous waste and stimulates them to their normal activity. The function of the kidneys is to filter the blood. In 24 hours they strain from it 900 grams of acid and waste, so we can readily understand the vital importance of keeping the kidneys active. Drink lots of good water—you can't drink too much; also get from any pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for years to help clean and stimulate clogged kidneys; also to neutralize the acids in the system so they are no longer a source of irritation, thus often relieving bladder weakness. Jad Salts is inexpensive; can not injure; makes a delightful effervescent lithia-water drink, which everyone should take now and then to help keep their kidneys clean and active. Try this; also keep up the water drinking, and no doubt you will wonder what became of your kidney trouble and backache. Ask your druggist for Jad Salts today.

U. N. B.'S WIN GREAT BOOST FOR ENGLISH RUGBY, SAYS GAZETTE

Coach Says Team May Play Wanderers Next Saturday

FREDERICTON, Nov. 16.—With the Mayor and brass band and a special trailer all lined up at the station, Fredericton prepared today to welcome home their college football heroes of the University of New Brunswick, led by a Saint John boy, Captain Paul Fraser.

Respecting the claim of the Halifax Wanderers, winners of the Halifax city league, for the right to play for the cup, no decision has been made yet. Coach Burden has had considerable time from studies, it might be possible to arrange a game next Saturday at Fredericton.

Never since the revival of the game under the English code in Montreal has such brilliant football been seen locally as was furnished by the visiting collegians in the first half of the cup tussle. With a passing game among the backs that fairly swept the locals off their feet, the Montreal players swarmed over the Montreal line for four touchdowns, two of which were converted by Captain Fraser.

Two thousand witnessed the contest, which was played in weather that was not the best type for smart rugby and on a field which was heavy and tended to mitigate against fast play.

The U. N. B. fifteen played the Australian type of game, with eight men on the backfield, and seven in the scrum, bending all their efforts to get the ball to their three-quarters, and start them on their passing bouts in the open field.

Montreal played the accepted English Union style with an eight man scrum, and seven on the backfield, which left the visitors with the odd man in a rush by the backs.

The victory of U. N. B. was a triumph of youth over age, as was coached college team over a city squad, which can get but little time for thorough practice, of an open system of rugby based on a backfield offensive as opposed to a more balanced attack from both backs and forwards.

Skating Association Members Are Urged To Attend The Annual Along The Sport Trail

SOCCER FOOTBALL in the United States has taken some lengthy strides in the last few years as witness the rather crushing defeat of Canada's all-star team by the United States all-stars recently on Ebbett's Field, Brooklyn. For years, we have fostered and developed this great game in Upper Canada and for an American eleven to send our best down to defeat is surely a landmark in the development of the game on this side of the water.

There is to be an important meeting of the Saint John Skating Association tomorrow night. Every member should attend and take part in the proceedings. The meeting will be held at 8 o'clock in the Board of Trade rooms at 8 o'clock.

AT LEXINGTON, KY., race track the other day, seven horses finished noses apart. This must be a case of Seven Noses To The Wire. Says Mr. Cohen.

IS HISTORY repeating itself. Is the gladiator slave of old Rome finding his counterpart in the modern American rugby player? It would certainly seem so. You might suppose this was the conclusion of a violent tirade against American football by a bespectacled professor or some propaganda by some pink tea organization. But prepare for a shock, boys. It is none other than George Owen, one of the greatest backs Harvard or any other college ever produced and in his year All-America halfback. Owen confesses that he did not like football. Here is shock No. 2. Yet this boy won nine major sport letters inside three years and captained the Harvard team. In the independent, Owens airs some surprising views. He says there are few football players who really do like the game and he says the real reason for the dislike against football lies primarily in the terrible grid necessary to keep in the running. You cannot play the game and smile also.

JUNIOR BASKETBALL

Second Section of League Gets Away Saturday Night at Y. M. C. A.

Five games were played in the opening series of the City Junior Basketball League on the Y. M. C. A. floor Saturday afternoon and evening. One or two of the teams showed superiority over others because of more practice, the Y. M. C. A. receiving much credit as they showed a better knowledge of the game, and surprised the spectators with excellent combination work that made an easy win over Ludlow street church team.

The first game in the afternoon was between the Y. M. C. A. and East Saint John, which the former won by a score of 10 to 0. The winners showed that they had obtained some practice and a better knowledge of the game, while Ludlow had only played together for the first time and may perform better with practice and coaching.

The second game was won by Trinity over St. Andrew's by a score of 23 to 8. McLean starred for the winners, making 12 points.

The third game proved a victory for St. John the Baptists over Zion by a score of 4 to 2. This was the last game on the afternoon's program and kept the large audience on their feet throughout. At full time the score was tied, 2 all. By mutual agreement between the teams they decided to continue until the first team scored. The boys battled hard for 12 minutes when the Baptists won.

Evening Games. Two games were played in the evening. In the first match the Y. M. C. A. had a walkover, defeating Ludlow by a score of 44 to 2. The cause of such a one-sided score was the lack of practice that Ludlow had obtained and the fact that it was the first time the team had worked together.

In the second game of the evening St. David's won over East Saint John by a score of 36 to 24. Peterson made 21 scores for the winners and Arrow-smith 10 for the losers in which the large number of people who witnessed the game both morning and afternoon highly commented on the manner in which the teams worked. In the majority of cases the boys played good combination and there were but very few fouls. The Junior League will prove more popular as it grows older.

Wanderers Defeat Dalhousie by 10-8

HALIFAX, Nov. 15.—A sudden heavy down pour of rain in the second half of the Wanderers-Dalhousie rugby game here yesterday afternoon marked the turn of the tide of the battle when Temple Lane, of the Wanderers, with the score 8 to 8 against his team and the flag hooked for a win, booted the mud-greased ball ahead of him and fell on it across Dalhousie's goal line, evening the score. Herman's conversion followed.

Woolwich Arsenal Narrows the Gap to Lone Point. Canadian Press.

LONDON, Nov. 16.—Surprises were in the order of the day throughout the entire football league Saturday and the favorites who had been picked confidently to win in most cases disappointed their fans by dropping the points. The league leaders, Sunderland, were not expected by even the widest stretch of the imagination to go down before Leicester City, nor did soccer followers here suppose that Huddersfield Town would run into their second trimming of the season at Villa Park. Tottenham Hotspurs were prepared for an uphill battle against Newcastle United, but a defeat on the Tyneside was not the upshot they had anticipated, while it had also been believed that Cardiff City, with all the reinforcements they have had in the last two weeks, would be able to get the better of Leeds United. They did not, however, and such is the fortune of football.

Except in the indecisive tilt between Burnley and Sheffield United, and the whitewashing of Notts County by Everton, all the home teams won in the First Division. The most convincing victory was that of Arsenal, who took Bury into camp by 2 to 1, at Highbury. This match was memorable for the first appearance of J. J. Rutherford, son of the famous Jock Rutherford, Newcastle United's great internationalist, whose name was a household word among soccer fans two decades ago. The boy showed himself to be a chip off the old block by turning in an excellent display. The game also saw Harper, the ex-Hibernian goalkeeper, tend the nets for Arsenal. Harper's transfer was put through last week. The match provided one of the sensations of the day, for Arsenal were one down to Bury at half-time. In the second period, however, a wonderful change was effected in the team, and within ten minutes the resumption, Brain had shot in two goals. He completed the hat-trick a few minutes later. Sunderland had the best of the first half at Leicester, but they failed to take advantage of the opportunities presented. Following the interval, the home team did most of the attacking and unleashed a terrific offensive against the league leader's nets. Their victory was well deserved and will go a long way to cementing the position of the club.

New Laws Ready for Common Council Early in 1926

Civic Power Commission Wants to Pool Unexpended Balances of Bond Issues

Good progress with the preparation of the new building code for the city was reported this morning by Commissioner Harding. It is hoped to have this ready for enactment by the council early in the new year.

The matter was brought up by Commissioner Bullock, who asked what progress was being made.

Commissioner Harding said the proposed by-laws were now being printed and after they had been received from the printer the committee would meet and discuss what changes might be needed before they were presented to the council. He felt sure the new law would be ready for action by the council early in the new year.

**POWER COMMISSION BONDS**  
The Civic Power Commission report asking that authority be given to take the unexpended balances on several bond issues and pool them for use in further extensions of the hydro lines.

Commissioner Frink said this communication hardly gave information enough for action along the lines suggested. It did not say what the amount involved was or how it was to be used, and he would like to take the matter up with the city chamberlain before action was taken by the council.

Commissioner Wigmore said he thought there should be more information furnished by the Civic Commission before the matter was taken up, and said he thought the commission should follow the same course that was pursued at City Hall, and issue bonds only for the actual cost of the work after it was completed, instead of making the bond for the estimated cost.

It was decided to refer the communication to the acting mayor and city chamberlain for a report on the amount involved.

It is understood the unexpended balances amount to some \$2,000.

**FACES CHARGE OF  
THEFT OF SWEATER**

James Pyne Says It Was Given Him by Man in Street

James Pyne pleaded not guilty this morning in the Police Court to a charge of stealing a sweater, the property of George Bonner, valued at \$4.50, from his room at the Salvation Army Men's Home, 36 St. James street on Nov. 13.

Harris Gilbert, second-hand dealer, 44 Mill street, identified the defendant as one who was in his place on Friday morning and sold him a razor, and returned and sold the sweater. The witness said he paid him 75 cents for it. He gave the name of James Cameron, Moncton.

At this point the defendant said that the name given was his own as his full name was James Cameron Pyne. He informed the magistrate that the sweater was given to him in Mill street by a man named Angus McDonald. He did not know where the man lived or where he worked.

George Bonner identified the sweater produced in court as his and declared it had been taken from his room on Friday evening. He said he had paid \$2.50 for it.

Detective Biddiscombe told of visiting the Salvation Army Hostel on Saturday and in consequence of information going to Mr. Gilbert's store and finding the sweater.

The accused was remanded to jail.

Edward Cochrane, Formerly of Saint John, Passes Away—Funeral in Portland

Sad news has come to Mrs. Hester Martin, of 76 Kennedy street, in announcement of the death of her brother, Edward Cochrane, which occurred in Brooklyn, New York, on last Thursday. The body is being brought to Portland, Me., and the funeral will be held there tomorrow morning.

Mrs. Martin will leave for Portland this evening to attend the funeral.

Mr. Cochrane was a Saint John man about 58 years old. He left home some 40 years ago, but he is in kindly memory by friends of those days. In Brooklyn he was engaged in the lumber business. He was here last year and renewed acquaintances of other times.

Mr. Cochrane left no family of his own but is survived by one sister and two brothers, in the U. S., in addition to Mrs. Martin of Saint John.

**IS TO SPEAK HERE**

Miss Irene Ward, Prominent English Lady, in Saint John on Dec. 4

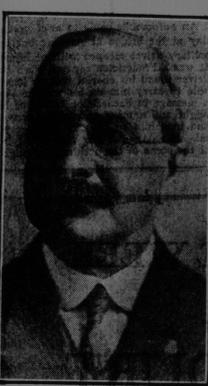

Saint John is to hear a prominent English lady speaker on the evening of December 4, when Miss Irene Ward will give an address on England of Today. Miss Ward is now in Upper Canada beginning a speaking tour of the Dominion under the auspices of the National Council of Education.

She will conclude her tour in Saint John and will sail from here for home on Dec. 6 on the S. Montrose.

Arrangements for her address here were made on Saturday at a meeting of the Saint John committee of the national council, in Chief Justice J. D. Hasen's chambers. It was decided to have the address given in the Church of England Institute.

Miss Ward was Conservative candidate against Robert Smille, ex-president of the Miner's Federation of Britain. While she failed of election, she polled the largest Conservative vote that had ever been given in that electoral division. She is heralded as a very fine speaker.

**AMBULANCE CALLS.**  
The ambulance was called out twice this forenoon. Once for a maid who had taken a hysterical fit in a Waterloo street home and the second for a pneumonia patient taken from a South 2nd home to the G. P. Hospital. The maid was treated at the hospital and discharged a short time afterwards.

**INFORMATION SOUGHT.**  
For some time there has been running in the London Sketch an advertisement asking for information of the whereabouts of Patrick Gaffney (Jim). He was last heard of at 129 Charlotte street, Saint John, N. B., in 1902. The address given is the building occupied at that time by Dr. D. E. Berryman.

**TO BOX IN HALIFAX.**  
"Newport" Johnny Brown, featherweight, is in the city today en route to Halifax to box Chick Suggs, New England champion, there on Monday night next. Brown is accompanied by Bernard O'Neill, Halifax promoter. The Suggs-Brown bout is expected to draw a big gate in Halifax. There is some talk of having Brown appear in a match here.

**DREDGE BEGINS WORK.**  
The dredge Leaconfield started work this morning at the McLeod and Pettibone wharves removing the rock which has been broken up in the blasting operations carried on to remove the ledge at that point. It is expected it will take the rest of the week to complete this work. Later a diver will be sent down to examine the wharf and soundings will be taken so that no points will be jutting up where a vessel might be damaged at low water.

**SALE REALIZES \$60.**  
St. George's church workers held a successful sale in the Church Hall, West Saint John, on Saturday afternoon, and realized more than \$60 for church purposes. Mrs. Hoyt Beattie was general convenor and was assisted by Mrs. John McLeod, Mrs. Charles Driscoll and Miss Helen Ogler. An apron table was in charge of Miss Ethel James and Miss Bertha Lord and Miss Alice Silliphant and Miss Lily Silliphant looked after a candy table.

**DEATH OF BOY.**  
The death of Henry Louis Pierce, aged 12 years, son of William and Ivy Pierce of Moss Glen, occurred Saturday at his parents' residence. Besides his father and mother he is survived by three sisters, Mrs. Harold Simpson, Melrose, Mass.; Mrs. Frank Steele, this city and Miss Annie, at home; and her brothers, Thomas, Sackville; Leonard, Queenstown, and William, Harvey and Robert, at home. The funeral will be held on Tuesday afternoon, at Chapel Grove.

**TWO CHARGES.**  
Albert E. Burgess, charged with drunkenness in Douglas street and also having liquor in his possession in other than his private dwelling, admitted the charge of drunkenness, but did not plead to the second charge in Police court this morning. Policeman McBrien told of arresting the man on Sunday evening and produced a bottle half filled with what was alleged to be rum which he had found in Burgess' possession. The magistrate remanded the defendant to jail.

**MRS. ANDREW M. HAMM DEAD.**  
The death of Mrs. Sarah Olive Hamm, widow of Andrew M. Hamm, occurred this morning about 11:30 at her home, 715 Glen street, West Saint John, after an illness extending over a period of about six months. She was a daughter of the late John O. McLeod, of West Saint John and had lived all her life in that part of the city. Mrs. Hamm was in the 68th year of her age. She is survived by one son, Frank M., of West Saint John; one step-son, Wellington Hamm, West Saint John; two step-daughters, Mrs. George Purdy, West Saint John, and Mrs. Gilbert Davidson, of this city; two nephews, Everett M. Perry and Douglas W. Perry, West Saint John, and one niece, Mrs. C. D. Holder, Fredericton.

**New Building to Have Paddock St. Front**

Before Upper Canadian interested men left Saint John on Saturday it was given out that the new film building mentioned as to be erected on the site of the Gem Theatre, Waterloo street, would have its frontage in Paddock street. The building to be torn down to make room for it is a structure used of late years for garage purposes. The rear of this lot abuts the Gem property.

It is also stated that the building will be three stories high, with a spacious basement extra. Two of these floors will be occupied by the Fox Film Corporation and the First National Pictures, Incorporated, respectively, and the third will be shared by the F. B. O. Co. and Educational Film, Ltd. The actual site of the Gem Theatre will not be built upon.

**CONGRATULATED ON  
47TH ANNIVERSARY**

Today E. L. Rising Passes Another Milestone on Business Road

Today marks the 47th anniversary of the entry of E. L. Rising, president of Waterbury and Rising Ltd., into business in Saint John and associates and friends who knew of the anniversary were extending hearty congratulations on another milestone passed and Mr. Rising in the enjoyment of good health and actively engaged in the business with which he has so long been prominently connected. Mr. Waterbury retired from the firm some 12 years ago.

In addition to his business activities Mr. Rising has found time to devote to community welfare and he has been an active and valued member of several organizations interested in that branch of endeavor. In this line he is president of the Society for Prevention of Tuberculosis, vice president of the Fernhill Caterers Co. and is very much interested in the work of the Victoria Order of Nurses.

**CONSIDER 4 PLANS  
FOR CARLETON WORK**

West Side Progressive Association Presents Three Sets For City Hall

Commissioner Harding when asked this morning about the restoration of the West Side City Hall said satisfactory progress was being made and a report would soon be ready for the Common Council. From an official of the West Side Progressive Association it was learned that the executive of the association met at a sub-committee of the City Council on Saturday and pretty well arrived at a conclusion as to the form which the restoration ought to take.

Three sets of plans had been submitted to the council sub-committee, the official said, by the Progressive Association, all at an amount to the city and the council committee had secured a plan, making four in all they had under consideration.

The plans submitted by the association call for a basement in which would be provided storage for the water and sewerage department, water department, central heating plant and police guard room and cell. On the upper floors there would be quarters for the Y. M. C. A., a branch of the free public library, the Carleton Cornet Band and the public auditorium.

**DOWNPOUR OF RAIN  
MARKS NOON HOUR**

Catch Basins Overflow—Tide Washes Over Top of Wharf

The rain that began during this morning reached a maximum of precipitation between 12 and 1 o'clock, flooding catch-basins and overflowing them into large ponds at various sections about the city. School children were given but the one session of study. The gale that drove the rain in great sheets throughout the streets made things pretty lively in the harbor. To make it more spectacular along wharfage front the tide was abnormally high and at its height washed the top-floors of the North Wharf near the Dominion Coal Co. pockets.

Street cars and taxis did a rushing business at the dinner hour, extra cars being pressed into service at the heavy traffic hours.

The Dumbells Co., which arrived in the early morning was forced to postpone its unloading of scenery and equipment until after the lunch hour because of the downpour. Altogether it was a pretty bad sort of forenoon and umbrellas suffered at the street-corners.

**Graceful Tribute  
To Mrs. E. E. Thomas**

A very graceful tribute to the long and useful labors of her former mistress of records and correspondence has been paid by Moulton Temple, Pythian Sisterhood, to Mrs. E. E. Thomas of Paddock street. During the organization of Moulton Temple several years ago Mrs. Thomas carried through the arduous duties incumbent upon her office so well that it elicited complimentary references from high officials. She was retained in the position until a serious illness overtook her early last summer, forcing her into inactivity. Temporarily the secretarial chair is being filled by Mrs. William Grant. The tribute referred to was a Thanksgiving gift from the Moulton Temple members of a large basket of mixed fruit, accompanied by a purse of golden coins amounting to \$50, which Mrs. Thomas acknowledged with deep feeling. Mrs. Thomas is still kept to her room, but during the last week has shown some improvement in health.

**Two Annual W. A.  
Meetings Held Today**

A corporate communion service in connection with the annual meeting of Saint John's (Stone) Church Women's Auxiliary was held in the church this morning. A special address was given by the rector, Rev. A. L. Fleming on "Women's Opportunities."

The annual meeting of the W. A. was to be held in the Parish House this afternoon at 2:30 o'clock, and the annual meeting of the Guild will be held this evening.

The annual meeting of St. George's Women's Auxiliary will be held this evening. A corporate communion service was held in the church this morning and was largely attended. Rev. John Unsworth, rector, gave a special address on "Fruit Bearing."

**PANTRY SALE SUCCESS.**  
The Young People's Society of Exmouth street church held a very successful pantry sale in the lobby of the Venetian Gardens on Saturday afternoon. Mrs. Frederick Hastings and Mrs. William Beville were the general convenors and were assisted by Miss Marion Cooper, Miss Gladys Styles and Miss Florence Beville. The proceeds will be used for church purposes.

**Dinner Time -- But No Dinner**

Ever since folks began wearing cloth garments the washing has been done home. So in spite of the thousands who have changed over to New System Damp Wash, some women still bear the burden of home washing.

Let them try the New System but once and never afterward will they slave over a tub—especially as the New System is cheaper and the clothes come back cleaner. Each wash separate and sterilized.

A Message from Thorne's

Why is the barrel of every Waterman's Pen made of hard rubber?

Because it is the only substance that is light, strong and impervious to ink—that can be shaped to fit every hand—that will last a lifetime with ordinary care
