LONGSHOREMEN IN N. Y. WALK OUT

Several Thousand Members, Including Checkers, Protest Against New Working Terms Recently Agreed Upon by Ocean Steamships and Association.

New York, Oct. 1.—Several thousand longshoremen and checkers walked out today in protest against new working terms agreed upon recently by transatlantic steamship operators and the International Longshoremen's Association.

The council of the International Longshoremen's Association stated that it had not authorized the strike. The working agreement drawn up last week provided for a reduction in wages of 25 per cent.

The walkout took place along both the Manhattan and Hoboken waterfronts. Officials of the Bay Ridge and South Brooklyn locals asserted that none of their men had joined the strikers.

Today's development came when the French liner Paris was coming into port with several thousand passengers and many large liners, including the Cedric, were scheduled to sail.

Headquarters announced that details had been scattered along the waterfront. A wage reduction of approximately 25 per cent to take effect at midnight September 30, had been accepted by the International Longshoremen's Association representing upwards of 15,000 men employed along the Atlantic and Gulf coasts.

This announcement was made at the longshoremen's headquarters at the conclusion of a series of conferences between representatives of the longshoremen and transatlantic steamship companies. The new contract provides that the 48-hour working week shall continue and that 65 cents an hour shall be paid for straight time and \$1 for Sunday and overtime work.

The former scale was 87 cents an hour for straight time and \$1.20 for overtime. The new contract effects only men engaged in working transatlantic shipping and does not include coastwise traffic.

It was pointed out that the new scale is slightly more than double that of the 1918 when the wage was 83 cents an hour for straight time and 45 cents for overtime.

MEGANTIC HAS 1,238.
Montreal, Oct. 1.—The Megantic, with 188 first, 410 second and 640 third-class passengers from Liverpool, is expected to reach Quebec at three p. m. today. Owing to the tide, the steamer will not leave Quebec until four a. m. tomorrow and should arrive here about three p. m.

IN MEMORIAM
CUMMINGS—In loving memory of our dear son and brother, William D. Cummings, killed in action somewhere in France, Oct. 1, 1918.
As I sit and think at twilight
Of my dead and oldest son,
It seems the innocent have to pay
For in a foreign land tonight
He sleeps in his lonely grave,
For freedom's cause he helped to fight,
His brave young life he gave.
MOTHER, FATHER,
SISTERS AND BROTHERS.

MURRAY—In loving memory of Sgt. Lester Murray, R. C. R., killed at the battle of Cambrai, September 30, 1918.
Three years have past, our hearts still sore,
As time goes on we miss him more.
'Tis hard to die for one so young,
Who, a few years just before,
In health and strength left friends and home,
To defend fair Canada's shore,
Somewhere in France he sleeps tonight,
A parent's pride and joy,
His life he gave in freedom's fight,
For our own true soldier boy.
MOTHER, FATHER,
AND BROTHERS.

SEEK CACHE IN WHICH LIQUOR IS IN ABUNDANCE

New Angle to Inquiry Into Source of Supply for Fatty Arbuckle Party.

San Francisco, Oct. 1.—New angles in the federal inquiry into the source of the liquor drunk at the party in the Hotel St. Francis given by Roscoe (Fatty) Arbuckle, were revealed today.

Federal agents are conducting a search near Princeton, San Mateo county, for a cache containing liquor valued at \$100,000, which is believed to have been brought ashore by a launch from Canada. The cache is said to contain 847 cases of Scotch and nine barrels of Bourbon.

Late yesterday federal agents raided Gobey's grill, a restaurant near the Hotel St. Francis, alleging the establishment to have been the place where the Arbuckle liquor was purchased. The manager and three employees were arrested.

Robert H. McCormack, assistant to the attorney general, announced today that he soon would file a complaint against Arbuckle on a charge of having intoxicated liquor unlawfully in his possession. It is also expected that Mr. Melgren will issue his manifesto, with a list of senatorial and other appointments at Ottawa.

It is possible that he will be accompanied by several officers.

\$100 CASH PRIZES ARE OFFERED BY OAK HALL

One hundred dollars, divided into four prizes, forty dollars, thirty dollars, twenty dollars, and ten dollars, is offered by Oak Hall to boys of the public schools up to grade nine for the best essay, composition or story on Armour Club Clothes for Boys. There are no strings tied to this competition, except that the boy must call at the Oak Hall Boys' Shop for an entry form. The idea of this competition is simply to introduce to St. John boys this new Armour Club suit, a suit that will wear like the armor of a modern battleship. It has double cloth and a number of stories, fast, and the pockets strongly reinforced, and the seams made rip-proof by substantial taping. There are great many points about Armour Club suits not mentioned here, that the boys will no doubt endorse in the story they write.

Oak Hall anticipates a big response from the boys in this competition, and although quite a number of stories have already been received, the competition still has another week to run, closing Saturday, October 8, and naturally a big number will be received the last few days.

Every boy should send in a story on Armour Club Clothes. The prizes are all well worth trying for, and there is an equal chance for all.

IN WALL STREET

New York, Oct. 1.—(10-10). Stocks were steady at the opening of today's session, leaders being most active. Copper, equipment and shipings also showed firmness. Foreign oils were the only exception, Mexican Petroleum casing slightly.

New York, Oct. 1.—(10-30 a.m.)—Further active buying of Lehigh Valley, presumably in anticipation of its forthcoming segregation plan, was the feature at the opening of today's stock market, those shares adding 13-4 points to yesterday's substantial advance. Otherwise trading was extremely dull with a firm tone for favorite issues of the equipment, motor and specialty groups. Oils were irregular. Mexican Petroleum falling off fractionally, though making quick recovery. Foreign exchange was feature after another reaction in German marks.

STATEMENT IS REFUTED

Denial That There are No Unemployed in British Columbia.

Victoria, B. C., Oct. 1.—Declarations in Eastern Canada that there were no unemployed in British Columbia, but only idlers, attributed to J. B. Thompson, chairman of the British Columbia division of the Canadian Manufacturers' Association, were refuted by Hon. J. W. DeB. Farris, Attorney General and Minister of Labor.

"The words attributed to Mr. Thompson completely misrepresent the state of affairs in this province and they are a serious reflection upon our workers," declared the minister of labor.

"These statements," he said, "spread broadcast in the east, are believed by people who do not know the situation here. We have to meet every winter in British Columbia. Perhaps they are finding it difficult to get employment in their own locality and the word is passed round that in British Columbia there is no work to be had. We know what will happen. These people, on the strength of such wild statements, come here in perfectly good faith, only to add to the army of our winter unemployed."

"Five thousand workers were sent from British Columbia to the harvest fields of the Middle West and these will soon return to their homes in this province."

Stating that the problem is really a national one and should be dealt with jointly by all the governments, Mr. Farris expressed disappointment at the denial of federal authorities in dealing with unemployment.

Plenty of Bread for Lunch!

Satisfy husky young appetites with Bread—plenty of Bread. There's no more royal lunch than several big slices of bread with a plate of cream cheese and sauce of jelly.

Whatever else you eat with Bread goes well with it. It never quarrels with other foods.

Instead of that, it's the foundation of many delicious dishes, low in price but high in nutriment.

Bread is your Best Food—Eat More of it—Especially Butter-Nut

DYED HER WRAP, SKIRT, SWEATER AND DRAPERIES
Every "Diamond Dyes" package tells how to dye or tint any worn, faded garment or drapery a new rich color that will not streak, spot, fade or run. Perfect home dyes is guaranteed with Diamond Dyes even if you have never dyed before. Just tell your druggist whether the material you wish to dye is wool or silk, or whether it is linen, cotton, or mixed goods. For fifty-one years millions of women have been using "Diamond Dyes" to add years of wear to their old, shabby waists, skirts, dresses, coats, sweaters, stockings, draperies, hangings, everything!

DENISONS RAISE FINE CENOTAPH

Kinsmen Gather at Ceremony Marking Military Service of Family—Story of Martial Race.

(Toronto Globe)
In the unveiling of a cenotaph Saturday afternoon in St. John's Cemetery, the Denison family gathered to mark the military service of their ancestors. More than 200 members of the noted Denison family "kept faith" with nine of their kinsmen who "sleep in Flanders' fields." The simple, yet beautifully impressive dedication service was read by the Right Rev. J. F. Sweeney, Lord Bishop of Toronto, assisted by Canon Dixon.

A Martial Line.
Tombingly Col. Denison referred to Capt. John Denison, the reverted pioneer and great-grandfather, who, with all his sons, fought in the war of 1812. More than 30 of the Denison sons had fought in the late war, and Col. Denison claimed that so large a portion of one family having been killed in action testified to the fact that they had been doing their duty.

Many Kinsmen Present.
Long after the ceremony of unveiling the cenotaph was ended the solemn hush of the secluded cemetery. Through the kindly interest of Arthur Denison, who presided during the service, men and women who were strangers to the cemetery were able to locate the graves of their ancestors. Friends who had not met for years renewed acquaintance beside the monument of a beloved forefather. Strangers to each other, yet of the blood of Capt. John Denison, many found kinship, proudly claiming some distinguished military service. From the city of Toronto and various parts of Ontario, as well as Saskatchewan and Alberta, they who are of the Denison lineage had come to pay their tribute. Among the most distinguished of the

RECENT WEDDINGS

Lockett—Bapford.
On Wednesday, Sept. 28, an interesting wedding took place at St. George's church, Bismarck Corner, parish of St. Martin, by the Rev. A. V. McLaren, when Margery H. Bamford, daughter of Mr. and Mrs. Francis N. Bamford, of the North End, and Mr. Lockett, son of Albert Edward Lockett, formerly of St. John, were united in matrimony. The bride was given away by her father and supported by her family and a large number of friends. The church was tastefully decorated by the ladies of the congregation. Mr. and Mrs. Lockett will reside in West St. John.

RECENT DEATHS

Robert Lee.
The death of Robert Lee took place yesterday after a long illness and removed a most respected citizen of the North End. Mr. Lee was in his seventy-fifth year and leaves two sons, four daughters and three sisters to mourn. He was a carpenter by trade and for thirty years a member of the St. John fire department. The funeral will be held from the residence of his son-in-law, E. A. Kincaid, 441 Main street, at 2.30 o'clock on Monday afternoon.

Mrs. Ira Stinson.
Mrs. Ira Stinson of St. Andrews passed away recently after a brief illness. She was a daughter of the late Captain and Mrs. Henry Stinson, and was fifty-six years of age. Besides her husband, she is survived by two sisters and one brother.

FUNERALS

Rev. J. J. Walsh, V.G., parish priest of Holy Trinity church, and Rev. Arthur P. Allen and Rev. Raymond McCarthy, of the Cathedral of the Immaculate Conception, returned last evening from Shediac, a retired parish priest, yesterday morning. Father Martinau, a retired parish priest, now living in Shediac, was the celebrant of the mass in St. Joseph's parish church at Shediac. Rev. F. X. Conroy was concelebrant and Rev. A. P. Allen concelebrant. Thirty-two priests from all parts of the diocese attended the funeral among them Rev. E. Savage, of Moncton; Rev. Father Lochry, of Woodstock, and Rev. Francis Walker, of Riverview. Monsignor Walsh represented His Lordship Bishop LeBlanc.

 ELECTRIC VACUUM
CLEANER
 BIG BRUSH—POWERFUL SUCTION
How you can save the money for a vacuum cleaner
 If in addition to your regular housework, you have a "cleaning woman" come in once a week to help you, a Torrington Electric Vacuum Cleaner would actually pay for itself by saving this added expense.
 The Torrington, with its carpet-sweeper brush and powerful suction, will cut in half your need for outside help, and the money you would pay a maid for these one or two days each month would easily take care of the payments on a Torrington.
 Let us demonstrate to you that a Torrington Cleaner means cleaner cleanings and less fatigue.

BOYS IN LEAD.
 There were twenty-six births for the week. The boys led the girls by four; there being fifteen boys and eleven girls. Seven of the marriages were performed during the week.
DEATH OF CHILDREN.
 Mr. and Mrs. Walter Kelly, of Fair Vale, are called upon to mourn the death of their infant son, John G., which occurred today. They will have the sympathy of many friends.
 Friends will sympathize with Mr. and Mrs. Hattie Johnston, 121 Victoria street, in the death of their infant daughter, Myra Velma.

HUGE POTATOES.
 In the window of the Times office in Canterbury street may be seen four monster potatoes grown by John Whalen of Glen Falls. The weight of the four is five and three-quarter pounds. One especially is of huge size. They are of different varieties and a remarkable sample of what may be produced from the soil at Glen Falls.
THEIR ANNIVERSARY.
 A very pleasant evening was enjoyed at the home of Mr. and Mrs. Fred. C. Breen of Robbsey on Friday, Sept. 30 in honor of their 25th Anniversary about 50 friends were present and presented very useful and handsome gifts, including a silver tea-service and furniture. Dancing, card-playing and music were enjoyed.

FOR BRIDE-TO-BE.
 Mrs. Chas. Pihuan and Mrs. R. Chisholm tendered a variety shower to Miss May Quinn at the home of Mrs. C. Pihuan, Park avenue, East St. John, on Wednesday evening. The guest of honor, who is to be a principal in a nuptial event, was the recipient of many beautiful as well as useful presents. During the evening a musical programme was carried out, dancing enjoyed and refreshments served.

ON A LONG TRIP.
 A Mahone Bay despatch to the Halifax Chronicle says: O. A. Ham, naval designer, with a crew composed of Frank Strum, Bridgewater, as "sailing master", Arthur Freda of Chester as "engineer", J. L. Hawley of Fredericton, N. B., as "chef," left yesterday in the up-to-date cruising motor boat "The Florida"—and expect to take at least two months for the trip, visiting all places of interest on the Atlantic seaboard on the way.

EIGHTEEN DEATHS.
 There were eighteen deaths in the city for the week ending today, from the following causes: Cholera infantum, three; pneumonia, two; senility, apoplexy, aneurism, prematurity, mania, typhoid fever, gastro-enteritis, intestinal cancer, malignant disease of stomach, cardiac dropsy, chronic nephritis, general peritonitis, acute dilatation of stomach, one each.

NOVELTY SHOWER.
 A delightful novelty shower was tendered at the home of Mrs. Fred. Trifita, 27 Charles street, last evening in honor of Miss Grace O'Neill, of 265 Chesley street, who will leave this evening for Boston, where she will be married soon to William McCarty of Boston. The evening was pleasantly spent in music and games, and Miss O'Neill was the recipient of many beautiful gifts. Dainty refreshments were served and many good wishes were extended to Miss O'Neill for her future happiness.

AN APT ILLUSTRATION.
 Speaking in Bathurst this week on the question of importing liquor into the province, Rev. W. D. Wilson dealt with the personal liberty plea that was used by many people in opposing the temperance cause. "There is something higher than personal liberty," he said, "and that is the public welfare." In this connection he told a story of driving to Bathurst and noticing on route a signboard which read "School; go slow." They were in a hurry and it annoyed them to have to slow up, but they realized nevertheless that the public welfare, as represented by the school children, was infinitely more important than their personal liberty as represented by the right to race along as fast as they could and jeopardize the lives of the school children.

INSURE PARCELS IN POST NOW
 New System in Effect—Parcel Registration Discontinued.
 In order to relieve congestion in the registration system of the post office department, and to facilitate the handling of registered letter mail, the registration of parcel post was discontinued last evening, and beginning this morning an insurance of parcel post has been introduced. Under the new regulations parcels posted for delivery in Canada will be accepted for insurance up to \$100 against loss, riling or damage while in the custody of the postal service. The fees are three cents for insurance not exceeding \$5; six cents not exceeding \$25; twelve cents not exceeding \$50; and thirty cents, not exceeding \$100. The fee is paid by means of postage stamps affixed to the parcel by the sender. A receipt will be given the sender in every case.
 Parcels to be insured must be taken to the post office and must not be dropped in a collection box. Any packages containing glass, china or other fragile goods must be marked "Fragile." Parcels containing eggs, fish, fruits, vegetables, crockery, semi-liquids, liquids and grease will not be accepted for insurance. The officials of the local post office wish the citizens of St. John to bear these exceptions in mind so that there will be no trouble.
 In the case of parcels damaged in transit the person for whom the parcel is intended must give notice to the post office before accepting. Otherwise indemnity will not be paid. In the case of articles mentioned which are accepted by the department without knowing the contents, if damage is suffered in transit the department will not be liable for indemnity.

LIKES ST. JOHN; WILL COME HERE FROM CHICAGO
 Writing from Chicago, a man, who has resided there for many years but spent all of the last year near this city, says a lot of nice things about St. John, and incidentally hands a bouquet to the Evening Times-Star, in a letter which was received here yesterday subscribing to this paper.
 He says that he has never seen a place he would like better than St. John, that the laws are just and "my" what a beautiful harbor and the scenery all round is magnificent—the Reversing Falls, the hills, valleys, rivers and woods. You people who live there do not realize what a beauty spot St. John is." He expects to move here.
 Regarding conditions in Chicago, he says that business has been picking up wonderfully for the last month or so, but there was still a lot of unemployment. The building industry, he said, was practically at a standstill; carpenters would not work for less than \$1.25 an hour and all other trades were working for \$1.10 with the exception of the plumbers who were reduced from \$1.25 to 95 cents by Judge Landis' decision. Referring to the prospect of a great railway strike, he says, "Is it any wonder I wish to get away from here and settle in a town where people are at least sane and respectable."

MAYOR SPEAKS TO POLICEMEN
 As an outcome of the recent trouble following a union parade when several last evening addressed thirty-six members of the local police force in connection with police matters. The rest of the force will come before the mayor either today or on Monday. The mayor said this morning that he would not at the present time give out the details of his address, but might make a statement after he had spoken with all members of the force.

FINE SHOW AT QUEEN SQUARE

New Film Hit "Midsummer Madness" is a Big Master-piece.

William De Mille has handled a delicate theme in a skillful and delightful manner, in his latest production for Paramount, "Midsummer Madness," at the Queen square theatre last night. Although the story is of a type entirely different from the producer's two most recent pictures, "The Prince Chap" and "Conrad in Quest of His Youth," it bears the same artistic quality which has characterized all pictures produced under Mr. De Mille's direction. The story, which is based on Cosmo Hamilton's late novel, "His Friend and His Wife," introduces two young married couples who have been life-long friends. In one family the wife, not receiving the little attentions for which she is hungry, is hungry for romance, and in the other, the husband is surfeited by his wife's attentions, and begins to long for new conquests. The inevitable romance between the romantic wife and the over-loyal husband develops when the other husband and wife both happen to be out of town at the same time, and affairs reach a critical point. The miscreants awaken to a full sense of the wrong they are doing to innocent people. After a highly emotional climax, all ends happily. The cast is rich in screen talent and includes Jack Holt, Conrad Nagel, Lois Wilson, Lila Lee, Betty Francisco and Claire McDowell. This afternoon and tonight will be the last showing of this very fine feature.

LONEY HASKELL MAKES 'EM LAUGH

Famous Monologue Man Scores Big Hit at Opera House—Four Other Sterling Acts.

Loney Haskell says he was born right here in St. John in Union street where now stands the Opera House, and he even points out the exact spot. Many in last night's audience looked as if they thought Loney was just joking, but he seemed to be in earnest about it. However, it makes no difference where he was born—he must have grown up in a cheerful atmosphere, for he can reap an immense crop of smiles from any crowd, just by talking to them. He discusses prohibition, women's dress, politics and labor troubles. Everybody at the Opera House was glad to see Loney and said so out loud. Daniel Roach and James McCurdy get a long succession of laughs with their rural comedy sketch, "A Touch of Nature." Florence Nelson and Surprise, the "Surprise" being a replica of Tom Thumb, furnish a pleasing novelty turn, in which Miss Nelson changes her costume for each number. Elvera Sisters, acrobatic dancers, display remarkable grace in their different numbers. The last number is an acrobatic dance, and in this the girls accomplish as a dance many really difficult feats, which was accorded hearty applause. George Akron offers a comedy pantomime on the slack wire which includes an unusual bit of skill and comedy. He is an excellent wicket, assuming the role of an innkeeper, and provides unlimited number of laughs and thrills. The picture programme includes the final chapter of the popular serial, "The Purple Riders," and a two-reel dog comedy as good as the best.

BAKER'S COCOA
TO DRINK

The almost unceasing activity with which children work off their surplus energy makes good and nutritious food a continual necessity. Of all the food drinks Baker's Cocoa is the most perfect, supplying as it does much valuable material for the upbuilding of their growing bodies. Just as good for older people. It is delicious, too, of fine flavor and aroma.

PEOPLE NOT SO PESSIMISTIC.

(Purber's Magazine)
Very encouraging is the change one notes in sentiment concerning the business outlook. Not so long ago almost everyone was looking for harder times and many were preparing for harder times. There is a more widespread disposition now to look for and prepare for at least moderately better times. The two questions one hears asked most often today are: "How soon do you expect the improvement in business to go with the next few months?" "How far do you expect the improvement in business to be regarded as a matter of course, as certain?" When the majority of the people begin thinking and talking this way, you can reasonably calculate that better days are not far distant.

BOY OF FOURTEEN KILLED AS BURGLAR IN THE CAUSE OF TEMPERANCE

His Aids, 10 and 11, Admit Robberies—They are Class Leaders in Public School.

(New York Evening Post.)
Howard Finley, fourteen years old, lies dead at his home, 515 West 179th street, today, the victim of a bullet from the revolver of Detective Edward Mullins of the West 177th street station. Young Finley was shot when he, with two other boys, was escaping from a grocery store at 206 Audobon avenue, which they had entered through a fire-light. Despite his youth, Finley was six feet tall. Finley was, according to his two youthful companions, their leader in a number of robberies, including three last week, and induced them to play "hooky" from school yesterday, in spite of the fact that one of them, Wilfred Daves, a negro, ten years old, was the eldest of Class A Public School 118, at 586 West 177th street, and the other, Louis Fieldstein, eleven years old, was vice-president of the same class. Daves and Fieldstein were taken to the office of Jacob H. Banton, acting district attorney, this morning, for examination, and both asked that they be sent to prison, promising they would never be guilty of robbery again after they had completed their sentences. "I'm the black sheep of the family now," said Daves, "and if I get away I'll be just old enough to be a taxicab driver when I get out. They make \$45 a week, and that's more than the money I get." While they were waiting to be examined, they became absorbed in a game of checkers in the "porter" room of the Criminal Courts Building, and protested vigorously when they were taken away. Both will be tried in Children's Court on charges of juvenile delinquency.

MENTAL EXPERTS NEEDED IN COURT

Dr. Hincks Says Expert Medical Evidence is Absurdity at Present.

"Expert medical evidence in a court is an absurdity under the present system," was the comment of Dr. C. M. Hincks, of Toronto, secretary of the National Committee for Mental Hygiene, when addressing the Canadian Conference on Public Welfare at its session in Montreal on Wednesday afternoon. The doctor said he had gone into court at various times, when his testimony as an expert had been almost distorted by the fact that one lawyer was trying to make him say one thing, while the lawyer on the other side was trying to make him contradict his own statements. The immediate point under discussion was the need of alienists or psychiatrists in courts, who could advise as to persons charged with crime, to determine whether they were normal or abnormal. To some extent this sort of method was being followed in juvenile courts, and in the opinion of the speaker it should be extended to adult courts.

In speaking of mental hygiene and what it stands for, Dr. Hincks pointed out that the human race is very unequal as far as mental equipment is concerned, and to meet the needs created by this situation the national committee of which he is secretary had come into existence. By detailing two or three specific individual cases, he showed that some success could be obtained in developing mental delinquents, or abnormally minded children and adults.

Dr. S. Bouchery, city health officer, in answering a question put in the course of discussion, explained what was being done by the city in the examination of abnormal-minded or mentally deficient people who appeared before the criminal courts. He admitted that much more remained to be done in looking after these people, but said until the government helped the city, they could not do more.

LAD IS SHOT BY TRAP; FATHER ASKS \$5,000.

Orchardist Agrees to Pay \$1,750 and Damage Suit Is Settled.

Kington, Oct. 1.—A year ago a lad named Percy Vincent was severely injured while trespassing in a garden of C. H. Powell in this city. He was shot in the leg when he stumbled over a trap set with a shotgun against orchard thieves. The father of the lad, Mr. Powell in the Supreme Court for \$5,000, but today a settlement was effected in court, the defendant agreeing to pay \$1,750 without costs.

If you put a little more thought into the purchasing of your Electric Lamps

—You will derive increased pleasure from your home surroundings. Good lighting from efficient lamps will aid in decorating your rooms and will improve your choicest ideas in furnishings.

Don't buy your electric lamps carelessly—anywhere—anyhow—attracted mainly by cheap price. Good lamps require skill in manufacture and consequently are not found on bargain counters. Buy good lamps—from a good electrical or hardware dealer.

For your Living Room, Dining Room, Hall, Kitchen, Porch and Bathroom, you should most certainly use LACO NITRO Lamps. They give a beautiful, strong, high-powered light, because they are filled with an inert gas, in which a specially prepared filament burns more brightly and efficiently than in the ordinary vacuum bulb.

LACO NITRO LAMPS

Plan now to look over your lamps and burn out the poor, weak bulbs, and replace with LACO NITRO LAMPS.

NEW YORK TO HAVE FIVE CENT FARE

Charges of 10 and 15 Cents for Continuous Rides to be Abolished—Transfers Free

New York 28—The five-cent fare is here to stay. The first report of the Transit Commission, addressed to the public and almost ready for the press, maintains, it is understood, that the transit line of the city can be run successfully without any change in the present rate of fare.

Furthermore, the Transit Commission is known to be evolving a plan that will make the 5-cent fare a real 5-cent fare. Despite the boast of the Hylan administration, it is said that at least a fifth of the traveling public pays from 7 to 15 cents for a single ride, because of transfer sur-charges. The commission would do away with an extra charge of transfers.

TRAIN FARE HIGH CROSSING BORDER

\$8.80 and \$2.41 by Rail and Ten Cents by Ferryboat—Rates at Variance.

(Toronto Mail and Empire) While the distance across either the Detroit or St. Clair rivers is not much more than a sling-shot, and the ferry passage can be purchased for a "dime," it costs a passenger desiring to go direct from Toronto to Detroit and return an additional \$8.80 to get from Windsor to Detroit and an additional \$2.41 from Detroit to Port Huron if a passenger purchases a return ticket to Port Huron. From Toronto to Detroit and return the fare is \$16.65, while the fare to Windsor and return is but \$18.85. To Sarnia and return the fare is \$10.70, while to Port Huron it is \$13.11, including tax.

The difference of 20 per cent. between the rates of Canada and the United States is responsible for the ridiculously high fare for the short journey between either cities, while the railway officials are hopeful that these inequalities will eventually be readjusted. In the meantime the up-sophisticated are paying an additional \$3.80 or an extra \$2.41 where the comparatively small fare of ten cents will suffice.

W. B. Howard, district passenger agent of the C. P. R., when seen by The Mail and Empire yesterday, pointed out that on August 20th, 1921, railway fares in the United States were increased 20 per cent. On September 13th of the same year the Dominion Railway Board increased the railway fares in this country, but on January 1st of this year reduced them 10 per cent. A further 10 per cent. was taken off on July 1st last, leaving

the fares the same as they were prior to September 13th, 1920. The 20 per cent. increase between points in the States and to points in that country still applies. Mr. Howard said that there was no exchange on a ticket to Detroit, Buffalo or other American border cities. The price of a one-way ticket to Windsor is \$7.70. To Detroit it is \$9.24, plus one per cent. war tax, or a total of \$9.28. In the United States, however, the war tax is eight per cent, so that a ticket to Toronto purchased in Detroit would cost \$11.05, including exchange and war tax.

KEEPS YOUNG WIFE AWAY FROM DANCES

Husband, 60, Wife 45, Home Smashed Up. Port Arthur, Oct. 1—One dollar per year alimony, and division of the property into three parts, one for the husband, one for the wife, and the other third for the five children, was the award of Justice Masten in the assizes today at the conclusion of the case brought by Jane Irwin, of the Township of Papsone, against her husband, David, in which a long story of domestic difficulties was told. The principal trouble seemed to be that the husband, who was 60 years old, 12 years the wife's senior, refused to accompany her to dances and other entertainments.

Study Your Own Physique Type at The Suit Show during "Semi-ready Week"

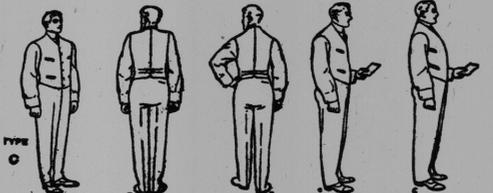

If you knew how Science and Service are so closely allied in Semi-ready Tailored Clothes—you can always be suited in Suits.

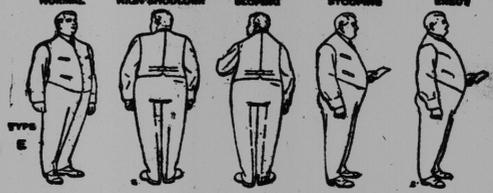

Type A Suits are for short men of regular or normal measurements who stand from 5 1/2 inches to 5 feet 7 inches in height.

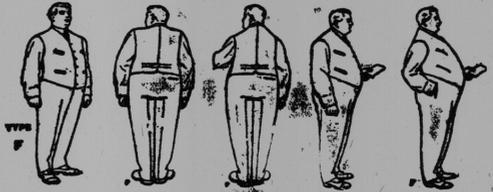

Type B Suits and Overcoats are designed for regular fellows — the average man whose height varies from 5 feet 4 1/2 inches to 5 feet 10 inches, with breast measures from 33 to 46 inches.

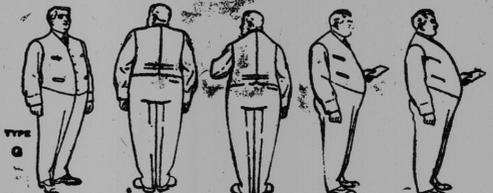

Type C—Semi-ready Suits for Tall Men, of regular or average anatomical weight who stand from 5 feet 7 inches to 6 feet 2 1/2 inches, with breast measures from 37 to 44.

Type E Semi-ready Suits are made for Short Stout Men whose height may be from 5 feet 2 inches to 5 feet 9 inches, with breast measures from 36 to 50 inches.

Type F Suits are for the Average Man who has grown stouter than Type B; Men from 5 feet 5 inches to 6 feet in height with breast measures up to 50 inches.

G Type Suits are for Men who are tall and of weight above the average. The coat designs are for men from 5 feet 11 inches tall to 6 feet 4 1/2 inches, and both breast and waist measures are designed in proportion from 41 to 52 inches.

The Physique Type Variations It will be noted that there are variations from the average "stance" in all these types — and the interior tailoring allows for a quick conformation to the shapes made by environment or occupation. The sloping shoulder, the over-erect, the stooping figure and the high-shouldered man can be fitted in a Semi-ready Suit, because the Semi-ready tailors have graduated under the Physique Type System.

BRIDGEWATER GIVES
HON. MR. KING A
BIG RECEPTION

Liberal Leader, Hon. H. S. Beland and Hon. W. S. Fielding Speak Informally and Non-Politically.

(Canadian Press Staff Correspondent) Bridgewater, N. S., Sept. 30.—In ten minute speeches delivered at the reception in their honor, held this evening in the court house, Hon. W. L. Mackenzie King, the Liberal leader, Hon. H. S. Beland, M. P., and Hon. W. S. Fielding, M. P., expressed their thanks to the people of Bridgewater for the reception that had been tendered them, complimenting the citizens on the beauties of their town and the surrounding areas, and each in turn voiced a plea for greater unity among all sections of the country for a greater Canada.

The Liberal leader was given a warm reception on his arrival, the Bridgewater band, which was at the station, struck up "O Canada" as the train bearing Mr. King and his colleagues drew into the station. Motor cars were waiting to take the visitors to the hotel. A reception was held in the court house, the guests being introduced by Mayor A. C. Barnaby. Each spoke briefly and in a non-political strain.

Campaign at Moncton. A. B. Copp, M. P., in a ringing speech opened the Liberal campaign last evening at Moncton and showed that he was still the strong man of Westmorland. Mr. Copp was accorded a warm welcome and his remarks, which were interspersed with local matters, were loudly applauded. The meeting was considered one of the best Liberal rallies ever held in Moncton at the opening of the campaign. Following Mr. Copp, Hon. C. W. Robinson spoke briefly. Hon. J. Jones was chairman of the meeting and James Sherren, secretary. Mr. Copp asked that the people be given full particulars relative to the conduct of the intercolonial as a separate unit, operated by maritime province men trained in the eastern provinces.

Mr. Robinson appealed to the electors to support Mr. Copp, saying that Liberalism was best qualified to form a government.

END OF W. C. T. U. CONVENTION The afternoon session of the W. C. T. U. at Fredericton, yesterday afternoon opened with the call for invitations for the 1922 convention. Although no official invitation was received from Woodstock, two of the delegates expressed themselves in favor of holding it there. Reports were read from the plan of work and resolutions committee. A memorial service was then held. Boquets were placed on the table for departed members as each name was called. The report of the financial committee was read and adopted. The provincial banner for the largest increase in membership was awarded to the convention camp to a formal close by all the delegates clapping hands and singing "God Be With You Till We Meet Again." Among the resolutions passed was one expressing confidence in Rev. W. D. Wilson.

A SCHOOL NURSE. Doctor Melvin, Fredericton, chief medical officer for the province, called upon Mrs. W. A. Ferguson, president of the Local Council of Women in Moncton on Wednesday, and stated that he would have Miss Moody, the local school nurse, appointed public health officer for the Moncton school. Miss Moody, who went to Moncton recently, is a Victorian Order Nurse, she took up her duties in Moncton on September 21st. The work has been doing school work for some time, and is especially trained for school work.

ACCIDENT AT WOODSTOCK. Fred C. Kelly of Woodstock was thrown over a bridge along with the motor car when a large touring automobile struck the car in which he was driving alone. The accident occurred at a foot of steep hill near Princeton, Maine. The car landed in a shallow pool of the river. Kelly got from under the automobile and swam ashore. Both cars were badly damaged.

CANADA AND INDIA. Hugh A. Chisholm, Canadian trade commissioner for Cuba, Venezuela, Chile, Panama, Mexico and Jamaica, will shortly leave for Calcutta, where the Canadian government is opening its first trade commission in India. Before leaving for Calcutta, Mr. Chisholm will go to London, to confer with the Indian Office there, and thence proceed to Calcutta to open the Canadian trade office.

H. O. Clark commenced yesterday to lay a concrete sidewalk along the rear of the street. He will also erect an iron fence along the face of the Dominion government and will be completed in about two weeks.

DR. FOWLER'S EXTRACT OF WILD STRAWBERRY and thus, perhaps, save your baby's life! How I Was Wrecking the Lives of My Children
And Suffering Indescribable Tortures Myself Day and Night. A Mother's Terrible Confession.

For some time I had noticed that my two children, a boy of seven and a girl of ten, were becoming highly nervous, irritable and very disobedient—at times even "sassy." I tried various punishments, even whipping, but they kept growing worse. I fought and struggled with the situation. My own nerves were all "on edge"—The least thing put me into a rage. I quarrelled and had most awful "fusses" with my husband over nothing as I now look back on them. I was too weak to work or enjoy life, and too nervous and irritable to go anywhere. I was horribly impatient and ugly if I did not get just what I wanted when I wanted it. I often suffered from severe heart palpitation and indigestion. I could not sleep at night; I had an almost constant dull aching pain in the back of my neck and head, and frequently a very disagreeable sense of fullness in the front part of my head. I often had severe pains across my back, which made me think I had kidney trouble. I also had tender spots along the spine, which convinced me that a fall I had had several years ago had caused permanent spinal injury which later proved to be only a "case of nerves." I could not begin to describe all the tortures, terrible pains, and great devilish weakness which I endured. Nobody, not even my husband, seemed to appreciate or realize my condition, and very few offered any sympathy, which irritated me all the more.

Finally I went to a doctor and told him my story, what awful children I had, and asked his advice as to what to do with them, and whether or not I should send them to a reform school. After studying my case and talking with me and my children, to my surprise and disgust he told me that the cause of my children's condition was the same as my fault. At this I flew into a rage, but after I had quieted down somewhat, he explained to me the terrible condition of my nerve cells. He told me how the system only manufactured so much nerve force, and that this vital fluid of life was stored in the nerve cells, much like electricity is stored in a storage battery, and that I was like an electric automaton after the electricity in the storage batteries had nearly all been used up, and the car could therefore hardly move. He said my own highly nervous condition had been a constant drain on the nerve force of my children, and that the constant nervous strain to which I had subjected them had wrecked their highly sensitive nervous organizations and lives, and made them what they were—that what my children needed was not a reform school, but a reformed mother, and later all this I found out to be true, because after I regained my own nerve poise, and revitalized my worn out, exhausted nerve centres, and the tortures which my children, I found them to be the nicest, sweetest children in the world—their whole dispositions entirely changed.

The above is a hypothetical case, which a physician says may well illustrate thousands which exist today. Homes are wrecked, children raised, suicides caused, all through exhausted nerve force, or neurasthenic conditions. Very few people realize the awful suffering and terrible physical and mental tortures which may be caused by a depletion of the nervous fluid.

In such cases, it is often worse than foolish to take nerve stimulating medicines or narcotic drugs, which only whip up your fading vital powers for the moment, may be at the expense of your life later on. What you need is to put more nerve force into your nerves and more iron into your blood. This is most effectively accomplished by the free use of Nuxated Iron. This valuable product contains the principal chemical constituent of active living nerve force in a form which most nearly resembles that in the nerve and brain cells of man.

It also contains organic iron like the iron in your blood and like the iron in spinach, lentils and apples. This form of iron will not blacken nor injure the teeth nor upset the stomach. It is an entirely different thing from metallic iron which people usually take. Nuxated Iron may therefore be termed both a blood and a nerve food, as it feeds strength-giving iron to your blood and the principal chemical ingredient of active living nerve force to your brain and nerve cells.

Over four million people are using Nuxated Iron annually, and from the remarkable beneficial results which it has produced, the manufacturers feel so certain of its efficacy that they guaranteed satisfactory results to every purchaser who they refund your money. Beware of substitutes, look for the word "Nuxated" on every package.

After using Nuxated Iron we shall be pleased to have you write us what it does for you for publication. Your name will be withheld.

Nuxated Iron for the blood and nerves is sold by all druggists.

"End Your
Rheumatism
Like I Did Mine" — Says
Pastor Reed: Wife
Also Ridd of Neuritis

Suffered Tortures For Years—Now Telling Good News To Others

Emphatically asserting that thousands of unfortunate sufferers have been led into taking wrong treatments under the aid and false belief that "Uric Acid" causes rheumatism, Pastor H. W. Reed says:

"As do some of our highest medical authorities, I now know that 'Uric Acid' never did and never will cause rheumatism! But it took me many years to find out this truth. I learned how to get rid of my rheumatism and recover my health and strength, through reading 'The Inner Mysteries of Rheumatism' a work written by an authority who has scientifically studied the cause and treatment of rheumatism for over twenty years. It was indeed a veritable revelation!

"I had suffered agony for years from rheumatism and associated disorders, and Mrs. Reed was tortured with the demoniacal pain of rheumatism almost beyond endurance. We had read and talked so much about 'Uric Acid' that our minds seemed poisoned. But 'The Inner Mysteries of Rheumatism' made it all clear to us and we were both free from the suffering and misery we endured so many years. I believe I was the hardest man in the world to cure, and I am now free from it. I have no more of it, and I know now that it is not 'Uric Acid' that causes it, but a scientific understanding of the cause and cure of rheumatism, was like a sudden change in my religious beliefs! But I did change, and it was a fortunate day for me and mine when I did so.

"NOTE: 'The Inner Mysteries of Rheumatism' referred to above by Pastor Reed lays bare facts about rheumatism and its associated disorders, as reported by Robert Crawford, now, let your feet out the address! If not a sufferer, cut this explanation and hand it to some allied friend.

Report on the Elimination of Waste in the Ready-made Clothing Industry in U. S.

New York, Oct. 1.—Annual savings of forty per cent., or about \$240,000,000, could be made in the men's ready-made clothing industry of the United States, with its yearly output of \$600,000,000, declared a report by the American Engineering Council's committee on elimination of waste in industry, made public yesterday.

Seasonal shutdowns, industrial discord, the "sell-then-make" policy, lack of standardization of appliances, the defective content and method, and inefficient planning were given as the chief sources of waste.

No Verdict in The McAuley Murder Case

Jury Disagrees and Is Discharged, Seven Stood for Conviction, Five for Acquittal—May Mean a New Trial.

After three hours and thirty-five minutes deliberation the jury in the case of John Paris, charged with the murder of Sadie McAuley, returned late yesterday afternoon and announced that they could arrive at no decision. To His Honor Judge Barry, Foreman W. E. Anderson said that seven stood for conviction and five for acquittal. The jurors left the court room at 2:40 o'clock and returned at 4:40 to have the evidence of Chief of Police Fraser, of Truro, read over to them. They retired until 6:25 when they returned again and said they "disagreed." The judge sent them back a third time. At 5:45 they returned again and announced the same decision. As the court room was emptying Paris and Humphrey, the star witness for the prosecution, faced each other. Paris crouched and made a motion as though to leap out of his chair. Eying the deputy sheriff, Paris pulled himself back. The matter of a new trial at this session of the court rests with the attorney-general's office. There is a possibility that the case will go over until the October term.

The proceedings of the afternoon session began at 2:15 o'clock and Mr. Justice Barry continued his charge to the jury. He referred to the evidence of several of the witnesses for the defence, making pointed comments as to their character and the credibility to be attached to their declarations. He would not go over Paris' evidence only to say that Paris, while an uneducated man, was an intelligent man. When the police authorities had arrested him it was supposed that he would ask, "Why am I arrested?" and when told of the charge would have said, "Why, I was in Truro." He pointed out to the jury that if he (Paris) were an innocent man—and he would not say so—he could have said, "Why, I was here in my home town." A score of people had come from Truro to testify in his defence. Regarding the evidence of Nichols' assistant in the garage, he could not say as to the time or date, except that it was the date on which he got the gas from the Imperial Oil Company. Stewart Fraser corroborates the prisoner's statement about card playing on the night of Aug. 2. In the judge's opinion, Stewart was not a desirable type of citizen, otherwise he would not have been gambling and playing cards at all hours of the night. John Byard had overstepped the bounds in his evidence. "If you are satisfied with the evidence of these people that settles the case—what Humphrey says is false—what all the witnesses from West St. John say is false." Continuing, his honor said his guilt must be proved beyond reasonable doubt and he defined in a masterly manner what constitutes "reasonable doubt."

Reasonable Doubt.
"Not only has the crown to prove the facts necessary to convict the prisoner of the offense charged," the judge continued, "but it is to prove his guilt beyond reasonable doubt. Every man is presumed to be innocent until proved guilty. One of the most important legal presumptions is that of innocence. This presumption, which is legal, is not to be repelled by any evidence, but it is to be repelled by evidence of such a nature as to establish the fact of criminality with moral certainty. In more civil disputes, where no life is at stake, the burden of proof, and the burden of persuasion, is on the party who alleges the fact. In criminal cases, the burden of proof, and the burden of persuasion, is on the state. The state is not justified in taking such a step—she will not be justified in fixing a man guilty of an offense where the consequences of their verdict are so serious as to exclude from their minds all reasonable doubt."

"If the law, which mostly depends upon considerations of a moral nature, should go further and require absolute certainty, it would be tantamount to a denial of justice. This reasonable doubt should be actual and substantial and not based upon imagination or conjecture. It should be such a doubt as the jury can give reason for. A juror need not create material doubts, but he should acquit him because the crown has not, as it is obliged to do, satisfied you as to the guilt of the accused beyond reasonable doubt."

The Jurors' Doubt.
"There is no room in the jury box any more than there is on the judges' bench for any word accidentally. The duty which you have to perform may be a stern one; it may be one repugnant to your natural feelings; it may be one which must be honestly met and performed. The common jury has long been regarded as the palladium of British liberty and it will hold that high place in the confidence of the public just as long as it can be depended upon to give a true verdict according to the evidence. The security of life and property depends largely upon the integrity and fidelity of jurors. For the law, as it stands, neither you nor I have any responsibility. It may be that some of you would like to see it changed. It may be that a better system of dealing with those found guilty of capital crimes might, in your opinion, be adopted. But for the time being it is the law of the land and you and I are bound by our oaths to give it effect. I am not saying this to you because I suspect for a moment that any of you would be guilty of the crime of declining to return a true verdict because of consequences to the accused. I believe that you are one and all deeply impressed with a sense of the great responsibility that rests upon you—a responsibility that rests upon you—and to your neighbors—and if, after fully considering the evidence, you think the prisoner guilty of the crime charged against him, you are bound by your oaths to say so. The very horror and abomination of the crime is a reason for your taking the most extreme care not to impute to the prisoner anything that is not established to your entire satisfaction. My mind, even in the smallest degree, any feelings of hostility against the prisoner."

"For the murder of this poor little nine-year-old girl the law does not demand the life of any man in expiation about whose guilt there is any reasonable doubt. You must see to it, gentlemen, that the evidence leaves no reasonable doubt in your minds, but you will fall in the performance of your duty, if being satisfied by the evidence, you do not convict the prisoner of the crime charged against him in the indictment. If, on the other hand, the evidence does not carry to your mind a conviction of the prisoner's guilt beyond a reasonable doubt, it is equally your imperative duty to find him not guilty."

"If, after a fair and impartial consideration of all the evidence in the case both for the crown and for the defence, you have an abiding conviction of the guilt of the prisoner and are fully satisfied of the truth of the charge, then you are satisfied beyond reasonable doubt and you should convict him; but if the evidence has left you in that condition of mind that you say you cannot feel an abiding conviction to a moral certainty of the truth of the charge, then you have a reasonable doubt and you should acquit him. You can now retire to your jury room and consider of your verdict in which you may be unanimous."

The Jury Retires.
As his honor finished, Mr. Vernon, counsel for the defence, rose and asked if the books containing the entries would be handed to the jury. The judge re-

made, a buzz of whispering among the spectators filled the court. In the interval between this second return to the court of the jury and their final appearance, a large crowd gathered outside the building, jamming the alleyway leading to the entrance. Several hundred endured pangs of hunger and the disagreeable elements in order to be on hand.

Among those strolling around the corridor filling in time, was the chief crown witness, Walter Humphrey, who paced up and down with his hands in his pockets.

third time, the air was charged with suppressed excitement. Roll call was quickly completed and the verdict asked for by the clerk.

"The jurors cannot agree," said Mr. Anderson.
"May I ask how the count stands," inquired his honor.
"Seven for conviction and five for acquittal," was the answer. The foreman said this count was the same as when they came in the first time.

Judge Barry inquired again if the foreman thought there was any use of their returning to their room for further consultation. The foreman did not think so.

"Are you all of this opinion, gentlemen?" asked His Honor, and the jurors replied in one voice, "Yes."
His Honor then said that he wanted them to understand there was no disposition on his part to punish them, but it was too bad that all their work and nothing left to do but discharge them. He requested them to be in their places on Monday afternoon at two o'clock and he thanked the prisoner into the care of the sheriff.

MORNING NEWS OVER THE WIRES
After navigating his vessel through a dense fog, Captain Alvin Simms, master of the Boston and Yarmouth steamer company's Prince Arthur, dropped dead on the bridge shortly after arrival at Yarmouth yesterday. Captain Simms was fifty-eight years of age and had been in the Boston-Yarmouth service for forty years.

Left Cody of Limestone, Me., and Ben Condon and son, Fred, from Limestone, Victoria County, were caught in an alleged attempt to smuggle contraband liquor across the border yesterday after some revolver shots were exchanged. The arrests were made by Deputy Chiefs A. C. Leighton, of Sweden, and I. H. Whitney of Houlton. The prisoners are out on bail.

A terrific rain and wind storm swept over Ontario, Quebec and New York state yesterday afternoon, which disrupted telephone and telegraph connections for several hours. In Montreal the wind started a Ford car and blew it across the street, injuring several per-

sons, and landed it through a plate glass window into a store. The lives of two small children were lost in Toronto. Workmen were injured in Buffalo, N. Y. at the opera house in Brockville, Ont., was torn off; a naval tug was washed ashore near Boston; several persons were reported killed in New York, and the Jersey City baseball park was destroyed.

Joseph Roy of Carlo, near Campbellton, was the victim yesterday of an unknown hunter and instantly killed. Roy and another hunter were looking for moose and had made their way out of the woods to the edge of a lake. Mr. Roy suddenly dropped with a bullet wound in his breast. Roy leaves a family. An inquest will be held.

Roy Clayton was yesterday appointed a county constable by Councillors Dalgell and Donovan, of the parish of Simonds. The action of the councillors was prompted principally by the prevalence of alleged reckless driving by motorists. As well as watching automobile traffic the constable will do duty at East St. John.
