**ROBERTSON'S**

IS A PRIEST 58 YEARS.

Cardinal Gibbons on June 30 celebrated his thirty-third anniversary as Cardinal Bishop of Baltimore and the fifty-eighth anniversary of his ordination to priesthood. He celebrated mass at seven o'clock and later in the day called upon Mgr. Starr, an old friend, who celebrated his golden jubilee on the same day. The cardinal later said that he was getting ready to leave the city for a brief vacation with friends. In spite of his advanced age the venerable primate is in perfect health, and never misses a day in taking his accustomed walk. He will be eighty-five years old the latter part of this month.

THE EVENING TIMES AND STAR, ST. JOHN, N. B., THURSDAY, JULY 3, 1919

The Evening Times and Star

The St. John Evening Times is printed at 27 and 29 Canterbury street, every evening (Sunday excepted) by The St. John Times Printing and Publishing Co., Ltd., a company incorporated under the Joint Stock Companies Act.

MORE PROFITEERING. The vice president and general manager of the Alberta Grain Company pulled down a salary of \$5,000 last year and about \$60,000 more as a commission on profits.

When the facts were brought out Mr. Pringle ironically observed that he had made a great mistake in going into law. The present enquiry has certainly shown that there are many ventures more profitable than law.

There is steadily rising in this country a feeling of wrath that will force the present government or some other government to put an end to the exploitation of the public for the benefit of a few clever manipulators.

"You would do it yourself if you got the chance," does not meet with as responsive a feeling as might have been the case before our sons went to France and Flanders to offer their lives for a cause.

"CAREFULLY SELECTED." A report of the remarks of Senator Crosby of Halifax in connection with the prohibition measure, concerning which the senator has again refused to agree with the house of commons, gives an illuminating insight into the senatorial mind.

Senator Crosby (Halifax) said that the members of the House of Commons were here today and away tomorrow. The senate was a permanent body which had been selected with special care.

"As an expression of unadulterated kaiserism Senator Crosby's remarks could hardly be improved. They will strengthen the popular determination to mend or end the senate. The country will not assent to the doctrine that a group of men appointed to the senate for purely political and no other reasons shall tell them what is good for them and make them swallow the dose. One is disposed to laugh at the self-complacent assertion of the Halifax senator that he was 'selected with special care' to tell the elected representatives of the people what they ought to do; but this matter of defeating the will of the people in regard to prohibition is too serious for any expression of levity.

The senate has defied the commons in a matter of the most vital importance to Canada, and senate reform becomes an imperative duty. Let us hope the Liberal platform will contain that plank.

HOME CONSUMER SUFFERS. The Canadian Trade Commission sends out some interesting leaflets concerning the value of increased export trade. Before the war this country bought much more than it sold and the balance of trade was therefore against it; but in 1917, as a result of war orders, the country sold very much more than it bought and the balance was in its favor.

"We must not have an adverse balance of trade. Our factories must run for a full day's work for fifty-two weeks in the year; our farmers must continue to produce, as they did last year, the last possible ounce from their holdings; we must exploit our mineral and other resources to the utmost capacity of stamp mills and smelters. Canada's prosperity depends upon a favorable balance of trade. We must place our factory and field production on a new and enlarged plane, we must adopt the most up-to-date methods, we must co-operate in a broad and enlightened policy, we must do a hundred things not conceived even a few months ago by the most far-seeing."

Here is the way the statement for the years 1913-19 is put:

Table with 4 columns: Year, Imports Millions, Exports Millions, Balance Millions. Rows for 1913, 1914, 1915, 12 months ended, February, 1919 3rd, 1919-20.

Another leaflet put out by the Commission tells of the foreign credits provided by the Dominion government to enable Canadians to export raw materials, foodstuffs and manufactured goods.

LA TOUR FLOUR. Make Big Wholesome Buns with Golden Crusts. Mill-to-Kitchen Prices for St. John City Only. Barrel \$12.30, Half Barrel 6.50, 24 lb. Bag 1.60.

Shirriff's ORANGE Marmalade. IMPOSSIBLE to make a marmalade more conscientiously than Shirriff's is made! Seville oranges from Spain and pure cane sugar—and many years' experience specializing on marmalade.

STOCKINGLESS GIRL A MONTREAL SENSATION. The stockings girl has arrived in Montreal; she was on St. James street this afternoon. Some sensation she created in her latest style.

A "LONG" HIT WITH THE BOYS. Let the boy's opinion be your guide in buying the clothing in which he shall enjoy himself. Stiff collars and shirts that soil quickly and are uncomfortable to wear have no place in the boy's sport programme.

BOB LONG PURE WOOL WORSTED JERSEYS. KNOWN FROM COAST TO COAST. are the kind that stand the rough usage such a garment will get. These Jerseys are made of pure wool worsted yarn in a vast combination of styles and colors to fit any sized boy.

CROQUET. Every summer home should have this good old-fashioned game for pastime by folks of all ages. Our Croquet Sets are made of good material and put up in neat, strong boxes at the following prices: 3 Ball Sets \$1.75, 6 Ball Sets \$3.00, 6 Ball Sets \$3.50, 8 Ball Sets \$7.50.

The Perfection of The Range. Is in Its Equipment and Operation. When You Buy An ENTERPRISE RANGE you secure a range with every feature that experience has proven to be worth while and that has stood the test of time.

GLASSWARE FOR COOL DRINKS. Lemonade Sets, 7 pieces, \$2.50 each. Grape Juice Glasses 1.50 Doz., Ginger Ale Glasses 1.50 Doz., Ice Cream and Sherbet Glasses 2.00 Doz.

Be Sure to Get WRIGLEYS. THE wax-wrapped sealed package with WRIGLEYS upon it is a guarantee of quality. The largest chewing-gum factories in the world—the largest selling gum in the world: that is what WRIGLEYS means. SEALED TIGHT—KEPT RIGHT. MADE IN CANADA. The Flavour Lasts!

### NEW SCOTTISH SOCIETY

Sydney, N. S., July 2.—A Scottish society, which its promoters hope will spread itself in course of time over the whole of Canada, was organized on Dominion Day at a meeting of delegates from all parts of eastern Nova Scotia, held in Iona, C. B. The preservation of Scottish tradition by the promotion of the study of the Gaelic language and literature will be one among the objects. Rev. D. M. McAdam outlined the aims of the association. Bishop McDonald of Victoria, B. C., spoke concerning the sterling character of the Scot. The following were chosen: Hon. President, Neil McNeil, LL. D., Boston; President, Dr. D. MacDonald, North Sydney; Vice-President, Allan MacDonald, Antigonish; treasurer, Rev. R. Melnis, Witney Pier; secretary, Rev. Stanley MacDonald, Sydney Mines.

### MORNING NEWS OVER THE WIRES

The Highway Bill passed its third reading in the house at Ottawa last night. It provided for the payment of twenty million dollars in the next five years to the provinces to aid in building roads. Opposition developed chiefly on the ground that such expenditure was not justifiable at present.

A Geneva report says that the Ex-Crown Prince of Germany made a flying visit across the border of Holland and visited his family in Potsdam, but is now back in Holland.

At a meeting of the St. John Presbyterial in Fredericton yesterday Mrs. John Thomson of Rothesay presided. It

was decided to organize a Grace Stevens memorial fund. Miss Stevens was formerly secretary and president.

Two thousand garment workers went on strike yesterday in Montreal. Another raid was carried out by the police in Winnipeg yesterday and documents and literature seized in the Labor Temple and in the quarters of radical Socialists.

Lieut. Col. P. A. Guthrie, of Fredericton, has taken out his first naturalization papers to become an American citizen. It is said he will practice law in Boston.

### KILLED THREE COWS.

The Halifax train yesterday morning, while going through Passmore, struck three cows, owned by Adolphus Bettie, killing the animals.

**CARDINAL MERCIER DELAYS HIS VISIT TO AMERICA** New York, July 3—Cardinal Mercier is so occupied with ecclesiastical duties that his anticipated visit to the United States will not be made sooner than September, according to Abbe Julius F. De Von of Chicago, who was one of the passengers to arrive here on the Lorraine from Havre. Abbe De Von, who was sent by the archbishop of his diocese to persuade the Belgian prelate to bring it back to normal.

Andrew Parker Nevins, a New York lawyer, returned on the steamer after a tour of Europe as a member of the Commission of Industrial Relations of the National Civic Federation. Mr. Nevins said that when he left Vienna, Austria, the populace was facing a food famine, and there was little hope of alleviating the conditions under the present reactionary regime. Horse meat was being sold in the butcher's shops at \$2.25 a pound, the lawyer said. Commercial and economic conditions were chaotic.

**DECLINE EMBASSY.** British Government Unable to Induce Men it Wants to Accept. London, July 3—No selection of an ambassador at Washington to succeed the Earl of Reading has yet been made

visit this country, said that Cardinal Mercier was bending every effort to clear up his work, much of which was in connection with the reconstruction programme of Belgium in order to come to America. Speaking of conditions in Belgium the priest said: "There are easily 400,000 persons idle in Belgium, with consequent suffering to those affected. It is estimated by those familiar with the situation in that country that it will require four years to bring it back to normal."

HIGHER PRICES IN HARDWARE LINES

(Hardware and Metal, June 28.)  
A feature of the markets this week is an advance of twenty-five cents a gallon on all oil paints. This is a direct result of the soaring prices of linseed oil and turpentine. Owing to a change in freight rates between Montreal and Toronto, white lead in oil and putty have advanced five cents in Toronto, and pure putty quotations have moved from \$2 a hundred pounds up to \$2.50. Further reductions have been made

FORECAST HIGHER PRICES FOR SHOES

Tanners Blame Big Demand—Need More Ships  
New York, June 30—Still higher prices for shoes were forecast in a statement issued last night by the Tanners' Council of the United States after a meeting here. Responsibility was placed by Fred A. Vogel, president of the council, at the door of "the good old rule of supply and demand." It was said that not only is there a large demand for leather in this country, but European nations are "anxious buyers."

### A Complete Book on NURSING in the HOME

BY Dr. Lee H. Smith

Every woman should study nursing, the care of baby or children, the wounded or sick, by obtaining a copy of a five hundred page book, called "Nursing," by Lee H. Smith, M. D., containing chapters on first aid, bandaging, accident, hygiene, mother and babe, advice to expectant mothers and midwives. A new up-to-date book just off the press.

There is always nursing to be done in the home. The health of the Canadian people must be protected, and the Canadian women should know how to nurse and to defeat disease or accident at any and all times.

This dollar and half book for sale by prominent drug stores in town for a limited time at 50c, or send 50 cents at once to Publisher, 654 Washington St., Buffalo, N. Y.

### TORONTO HOUSE SERVANTS ORGANIZING IN UNION

Nine Hour Working Day, \$10 a Week—Strikers in Toronto Now Number 11,000

Toronto, July 3—Toronto's house servants organized as the Domestic Workers' Union, 200 strong, have decided to demand a nine hour working day out of twelve hours on duty, \$10 a week for general servants, parlor maids and cooks and this must be raised to \$12 a week where the family laundry is done in the house.

The union proposes to install an employment agency whereby any family wishing a servant may secure one by telephoning the union and paying the union rates.

More than 800 teamsters here threaten to go on strike on Monday unless their employers agree to a board of conciliation or pay \$25 a week, demanded by Saturday night. The men now receive \$75 a month, with a bonus of \$5.

There are now 11,000 workers on strike in Toronto, according to figures furnished by the various trades affected. They are: Metal Trades, 7,000; street railway men, 2,200; garment workers, 1,800.

### OFFER TO METAL TRADES COUNCIL IN KINGSTON.

Kingston, July 3—President Wallace of the Canadian Locomotive Co., Ltd., yesterday gave his final answer to the metal trades council in regard to the demands of the men who have been on

strike for several weeks. He refused a 44-hour week, but offered a 45-hour week at the same price that the men previously received for fifty. According to him, the men would work five days of the week for nine hours. If they worked on Saturdays they would be allowed time and a half.

The council will report back to the men.

### VICTORY FOR POLES

Counter-Offensive Along Whole Frontier of Galicia and Volhynia

Paris, July 3—(By the Associated Press)—The Polish forces on Saturday started a counter-offensive along the whole Galician-Volhynian frontier, according to advices from Warsaw. The Poles occupied Brody, Pluchowa, Pomorzany and Brzezany, taking 1,000 additional prisoners and much booty. A Lemberg messenger says the Polish troops have pierced the Ukrainian front at several points. Bolshevik forces began an attack on the Polish front Sunday but were everywhere repulsed.

Canada's New Loan. New York, July 3—Negotiations between local bankers and representatives of the Canadian finance minister, looking to the arrangement of a new \$75,000,000 Canadian loan in the United States, were completed yesterday and a formal announcement will probably be made by the finance minister within a few days.

### HOW SENATE STOOD ON PROHIBITION VOTE

Ottawa, July 3—The senate by a vote of 30 to 22 yesterday decided to stand by their resolution of last week regarding prohibition and voted down a motion of Sir James Loughheed, government leader, that the senate should not insist on its amendment. The vote stood: For the Loughheed motion—Senators Loughheed, Daniel, McLennan, Robertson, Sharp, McCall, Laird, Curry, Foster, Purif, Blain, Tanner, Harner, McMeans, Webster, Michener, Thompson, Farrell, King, Yeo, Beth and Rata—22.

Against—Senators Bolduc, Ross, Milne, Pope, Fowler, Montplaisier, Murphy, Crosby, Donnelly, Bourque, Girou, Stastforth, White, Pringle, Barnard, Taylor, Mulholland, Casgrain, Bostock, Power, Tessier, Thibault, DeVeber, Boyer, Cloran, Godbout, Prowse, Desaulles, Lavergne and Forget—30.

### DR ANNA HOWARD SHAW, NOTED WOMAN, IS DEAD

Philadelphia, July 3—Dr. Anna Howard Shaw, honorary president of the National American Women Suffrage Association, died at her home in Moylan, Pa., near here last evening. She was born in Newcastleton-Tyze, England, seventy-one years ago.

Old Bennett was grievously insulted by a young man whom he had regarded as a friend.

Some time later the erstwhile friend was to be married, and old Bennett, to every one's surprise, was asked to act as best man, and did so. When the ceremony was over and the guests were leaving some one remarked to Bennett: "I have often wondered at your kindness to this man. Surely, yours is a remarkably forgiving nature, for, although you studied his happiness ever since, and even assisted him in getting married."

"Quite right," answered Bennett. "I flatter myself that I have given the fellow the most furious and lynx-eyed mother-in-law to be found on the globe!"

### No Advance In Price! INSTANT POSTUM

is sold at the same fair price as before the war.

Its high quality is always maintained and its delicious flavor and practical economy make it increasingly popular.

"There's a Reason"

THE EVENING TIMES AND STAR, ST. JOHN, N. B., THURSDAY, JULY 3, 1919

**FURTHER NEWS  
OF BIG PROFITS**

Ottawa, Ont., July 2.—Vice-President and General Manager MacFarlane, of the Alberta Grain Company of Calgary, was reluctant this morning to tell the cost of living committee of the common the income he derived as manager of the company. He admitted that his salary was \$5,000 and a management commission of five per cent. on the net profits was allowed him. However, he would not state what he personally got, or who the others were who also got a commission. He was told that he would have to give the information later. The company was formed some six or seven years ago, and the story of operations for six years were told in brief this morning. The authorized capital was \$3,000,000, half being seven per cent. preferred shares and half being common. Shares to the par value of \$2,650,000 were issued, and R. B. Bennett, ex-M. P., said the witness took 1,200 shares of each, for which he paid \$300,000. He did not know for whom Mr. Bennett bought this stock. Starting with a turnover of six million bushels of grain in 1912-13, Mr. MacFarlane presented figures to show that in 1917-18 the turnover was \$4,000,000 bushels.

The net profits were as follows:  
1912-13, \$328,326; 1913-14, \$459,519;  
1914-15, \$699,269; 1915-16, \$890,269;  
1916, \$2,173,206; 1917-18, \$1,779,635.

The replacement and reserve fund on August 15, 1918, was \$1,200,000 and the amount carried over \$1,559,729, making a total of \$3,059,729, or more than the original capital.

Mr. MacFarlane said there were about 863 shareholders. Last year the common stock was valued in the United States at \$185 to \$200. The first meeting of the company was held in the office of R. B. Bennett and Sir James Loughheed. In 1912-13, the percentage of profit on

capital was 12.16, and in succeeding years the percentages on investment and accumulated capital were as follows:  
16.7 per cent.; 29 per cent.; 16 per cent.; 25.48 per cent.

It was brought out that Mr. MacFarlane himself received a salary of \$5,000, while his share of the commission on last year's profits brought his income up to about \$69,000. It was also brought out by Mr. Vien that Sir Max Aitken, now Lord Beaverbrook, was the organizer of the company and was still a shareholder.

**The Envied Home**

The famous Berry Brothers varnish products enable you to rejuvenate the home at moderate cost.

**Liquid Granite**—the beautiful, durable, time-defying finish for floors and stairs.

**Berrycraft**—the wonder-working stain finish for furniture, moulding and paneling, in a wide variety of colors. Your dealer is anxious to show them to you.

Witness said he had not met Lord Beaverbrook until the latter was looking for a general manager of the committee. R. B. Bennett, ex-M. P., was the lawyer who organized the company, and Sir Max Aitken financed it.

Mr. MacFarlane stated that none of this money was given to any one outside of those giving their full time to the business. He was given authority by the directors to distribute the money.

Mr. Fielding said the procedure had been that the committee had a right to know the remuneration of the chief officials. He asked the witness if it was correct that he had received about \$60,000.

**129 SHIPS BUILT ON CLYDE IN HALF-YEAR.**  
London, July 3.—(Reuters)—There was a great lull in shipbuilding on the Clyde during June. Thirty-six vessels, with an aggregate tonnage of 84,746,

were built, making the output for the half year 139, and tonnage 263,451. There is a scarcity of new work owing to unsettled conditions; the only contracts in sight being ten cargo boats of 42,000 tonnage.

MUTT AND JEFF—JEFF OVERTAKES SIR SID By "BUD" FISHER

COURT RULES AGAINST GEO. J. GOULD

Order Would Oust Him as Head of the \$80,000,000 Gould Estate

New York, July 2.—George J. Gould was ordered removed by Supreme Court Justice Whitaker as chief executor and trustee under the will of his father, Jay Gould, on the ground that he failed to administer the estate properly.

Justice Whitaker's decision against George J. Gould was made in proceedings filed by his brother Howard, and sister Anna, the Duchess de Talleyrand, for his removal, because of the acts which the court has found require his dismissal.

The counsel for George J. Gould will file an appeal from Justice Whitaker's decision, which will act as a stay against the order depriving Mr. Gould of any further power as trustee, and it was said that it is expected he would continue to act until the final ruling is made by the appellate division.

One of the objections made by George J. Gould to his removal was that under the will Frank Gould would naturally be chosen a trustee to succeed him and that many of the acts complained of were committed with his knowledge and one of his own acts as head of one of the Gould railroad interests.

It is expected that even if the removal of George Gould is upheld by the higher courts he will make a vigorous fight against the naming of Frank Gould to succeed him. His explanation of the attack upon him by his brother and sister was that both were acting through malice.

Pale-Cheeked Girls Tired-Out Women Quickly Built Up

WONDERFUL RECORD MADE BY NEW BLEED-FOOD REMEDY.

Certain Results Guaranteed.

Pale people have pale blood. In other words, the blood is watery and lacks red corpuscles.

The stomach is wrong. Assimilation is poor and food is not changed into blood. Naturally the system is robbed of vitality, lacks strength and reconstructive power.

Don't slip from vigor into weakness. Don't allow the appetite to fail, but instead use Ferronose.

You're bound to feel rejuvenated and strengthened at once.

Appetite is braced up, digestion is stimulated, vigor imparted to the stomach. Everything you eat is transformed into nutriment that supplies what your thin, weak system needs.

Vital, life-giving blood that makes your cheeks radiating eyes—that's the kind that Ferronose makes.

The strength and buoyancy that defies depression and tiredness, that's the sort you get with Ferronose.

Every pale woman can transform her bleached-out appearance with Ferronose.

Not only will it improve looks and spirits, but by rebuilding all weak, tired organs, Ferronose establishes a soundness of health that's surprising.

HOW MANY WOMEN DO YOU KNOW

Who can say they are perfectly well? "I am tired all the time," "I am so nervous it seems as though I should fly," "I can hardly drag around today," and all such expressions are characteristic of women who have overtaken their strength until headaches, backaches, nervousness, dragging-down pains, irregularities and the blues, symptoms of female weakness, have developed.

Women who are in this condition may rely upon Lydia E. Pinkham's Vegetable Compound to restore them to health and strength.

WILKINS PUTS END TO LIFE

Doctor Convicted of Killing His Wife Leaves Letter Insisting on Innocence

Muncie, N. Y., July 1.—Dr. Walter Kenne Wilkins, who was convicted of the murder of his wife, Julia, by a jury here Friday afternoon, committed suicide in the bathroom of the Nassau county jail by hanging himself with a rope.

Although the aged physician's pulse was still beating when he was cut down, and every effort was made by the jail physicians to save his life, he died a few minutes after 8. His neck was broken.

Jail officials were unable to explain how he obtained the rope. During the afternoon the doctor had been busy writing in his cell. When he had finished writing he expressed a wish to go to the bathroom.

His guards allowed him to enter the room, where he climbed upon a chair, adjusted the rope and leaped off. When the guards cut Dr. Wilkins down a short time later they gave him first aid treatment, while awaiting the arrival of physicians.

Dr. Wilkins had protested his innocence, both before and after his conviction, and was planning with his attorney for an appeal from his conviction to be followed by an appeal to Governor Smith for clemency in the event a new trial was refused. He had appeared hopeful of eventually gaining his freedom.

The jury which convicted him recommended clemency, so that he could not have been driven to suicide by fear of death in the electric chair, it was pointed out. He was to have been sentenced by Supreme Court Justice Manning next Tuesday.

Mrs. Wilkins was murdered last February by blows from a hammer and a piece of lead pipe. Dr. Wilkins told the authorities his wife had been killed by one of three burglars whom they had supposed in the Wilkins home.

Dr. Wilkins left behind him a long letter protesting his innocence and declaring his belief that he had not received a fair trial. The doctor had spent the entire afternoon writing his letter of self-justification and two other letters giving directions for the disposal of his body and the care of several pets to which he was greatly attached.

"Rather than be driven across the state of New York by Carmen Plant (a Nassau county detective) and other officers," he wrote in the first letter, "I prefer to my own execution. Besides, it will save Justice Manning from looking into my face when he tells me I have had a fair trial."

"I am absolutely innocent of this crime which the indictment charges me with."

This letter was ten pages long and was addressed to J. P. Healey of Brooklyn, an acquaintance of Dr. Wilkins. The second letter was addressed to Mrs. Elizabeth Muller, formerly a housekeeper for the Wilkins family, who now lives at Monticello, N. Y. Dr. Wilkins requested her to see that his pets were well taken care of. The third letter, addressed to Sheriff Phineas Seaman, requested that his body be cremated.

KINGS COUNTY CIRCUIT. The Kings County Court, Judge W. B. Jonah presiding, held its sitting today.

SUPPRESS REDS WITHOUT PITY

Detroit Drills Special Platoon of Police for Fought of July Service

Detroit, July 2.—In preparation for a possible demonstration of force July 4 by Detroit "Reds" of the left wing of the Socialist party, supported by American adherents and supporters of Bolsheviki, I. W. W. sympathizers and other anti-government forces, the Detroit police department has for weeks drilled a special platoon of police for riot duty.

That platoon—country-wide for demonstration on July 4 have been under way for months has been known to United States officers for weeks, and active work has been going on to gather in leaders of the movement in an effort to ensnare them.

Detroit has been picked as one of the cities in which an American branch of the Bolsheviks intend to make its demonstration. The local "Reds" have cooperated apparently with whole heartedness in the plan to organize for the Fourth of July.

For pamphlets printed in Detroit calling for the thousands. The United States department of justice and the police department have copies of these circulars.

MRS. K. MORRIS DIDN'T LEAVE BED FOR SIX MONTHS

Was so Helpless She Was Unable Even to Feed Herself—Tanlac Makes Her Well and Strong Again.

"I don't believe I would ever have gotten out of bed had it not been for Tanlac," said Mrs. Katie Morris, residing at 788 Second avenue, Northeast, Calgary, when a Tanlac representative, who had heard of her remarkable recovery, called at her residence, recently, to ascertain the facts.

"I was one of the first in Calgary," she continued, "to have influenza, and it left me with rheumatism in both shoulders and my stomach in such a bad condition that I could hardly digest anything. I was right down in bed for six months, so helpless I could not feed myself, and my husband stayed home from his work just to see to it that I was taken care of. I was so weak that I could not get up to the bathroom, and I was so weak that I could not get up to the bathroom."

"My husband, while down town one day, was advised to get Tanlac for me. So he brought home a bottle and after I had taken a half dozen doses I could retain a little food and from that time I improved rapidly. I have taken five bottles of Tanlac now and am doing my work as well as ever could, but I never missed a single dose of the medicine from the time I began taking it. My rheumatism is all gone, too, and I believe I have even more strength and energy than I did before I was taken down with it. I certainly feel very grateful for what Tanlac has done for me and I am glad of the opportunity to tell others about it."

Tanlac is sold in St. John by Ross Drug Company and F. W. Manning, the personal direction of a special Tanlac representative.—(Adv.)

NOTABLE OBSERVANCE AT OLD PORTLAND POINT

The 150th anniversary of the first public service held in St. John was celebrated last evening at Portland Point.

The service was conducted by Rev. R. P. McKim, assisted by other local clergymen and addresses were given by Mayor Hayes and Rev. James Millidge. Rev. Millidge is a great grandson of both Simonds and White, two of the four members of the trading firm which founded the settlement at Portland Point.

Having asked for silence in that "Temple not built by hands," and having spoken of the solemnity of the occasion, Rev. R. P. McKim announced the hymn, "All people that on earth do dwell," which was followed by the national anthem. Mr. McKim then read the portion of scripture commencing with the words, "The Lord is in his holy temple," and all joined in repeating the confession.

Mr. McKim pronounced the prayer of absolution or the remission of sins and after the Lord's prayer had been said in unison the verses of the 150th Psalm were said alternately by the priest and the congregation.

The lesson read by Rev. R. Taylor McKim, rector of St. Mary's, was taken from Acts 3, verses 1 to 12, and at its conclusion the choir sang as an anthem the hundredth psalm. The repetition of the creed and prayer followed, the little hymn, "Rock of Ages Cleft for Me," had been sung by the choir and congregation, Rev. J. V. Young, of the Anglican church read the prayer for King and Country; Rev. R. P. McKim prayed for "Our city and rulers," and Rev. J. A. Morison, rector of St. Jude's, read the prayer for "Our church." Onward Christian Soldiers was sung before the sermon, and "Lord, Hear What We Pray" was sung immediately afterwards.

Reviews Occasion.

Taking as his text, "The Wonderful Works of God," Mr. McKim called to the minds of his congregation what had taken place in that spot 150 years previously. He described in vivid word pictures the tiny warehouse, the little thirty-ton vessel "Betsey" on the stocks, the few houses and the newly built wharf and told of the arrival of the Rev. William Spry and Rev. W. Wood, sent by the governor of Nova Scotia, Sir William Campbell, to inquire into the religious conditions of the settlement. The morning service for the traders was in English, the afternoon service for the Micmac Indian trappers was in native dialect, and the evening service for the Acadians who were working on the dykes, was in French.

Rev. Mr. McKim urged his hearers to thank God that today they enjoyed the fruits of the enterprise of those men. He referred to the development of St. John, whose ships were in all parts of the world and whose statesmen had made for themselves names of which she could be proud. He spoke of the brave soldiers who went from the city during the war and of those of them who brought back with them the trophy of Paris in the pursuit of sport. He related how Jonathan Leavitt and young Peabody had been dissuaded by James Simonds from abandoning St. John in their discouragement; Simonds words, "Some day ships will come here from England," having been more than amply fulfilled. Having told of the great promise for the future in the nationalization of the port of St. John, Mr. McKim in conclusion spoke of the need that the same spirit of religious fervor should inspire the citizens today as had inspired the men of 1769.

Before calling on Mayor Hayes to address the gathering Rev. Mr. McKim spoke of the enforced absence of the lieutenant-governor and premier, who had been invited to take part in the commemoration, and were most regretful at being unable to do so.

LADIES' HOSPITAL COMMITTEE OF CATHOLIC ARMY HUTS

At a meeting of the ladies' hospital committee of the Catholic Army Huts yesterday afternoon, Miss Amelia J. Haley, convenor, reported for the quarter visits to the hospitals and the following distribution of gifts to the soldiers: 911 packages of cigarettes, 127 packages of tobacco, 1,129 oranges, 110 current magazines, 37 quarts of ice cream, 17 quarts of jelly and cream; also 137 Easter baskets to soldier patients. Other activities were spoken of including efforts to place a new piano in the East St. John Hospital. Plans were made to give automobile drives to the soldiers in the hospitals during the summer and to hold a picnic at Gondola Point.

In Millerton, N. B., at the quarterly session of the Presbytery of Miramichi, it was decided to confer with the St. John Presbytery regarding a division of territory for each within the province.

A nice programme of songs, readings, etc., was given by the South African Zulu Jubilee Singers last evening in the City Hall, West End.

MONROE

The greatest saver of time, money, mistakes and energy on all kinds of figure work in any office or factory.

Filling the Gaps in Your Office Force

A GREAT many firms tell us that not only is it next to impossible to get clerical help, but many of those who do get are untrained and therefore inaccurate in their work. Fortunately this situation can be greatly relieved by the use of the Monroe Calculating Machine.

One girl and a Monroe can do the work formerly requiring two or three men. She doesn't need to be an expert. With a few minutes' instruction and practice, she can place your figure load on the

MONROE

and you can be assured the work is absolutely accurate because the MONROE Mechanical Check puts a ban on operating mistakes. No rechecking is required. Look at any one of the problems listed at the left and compare the time required by the Monroe to solve it with the old pencil-and-paper method. The Monroe has a range of utility that embraces any figure problem in any business.

Mr. Manager, it is a difficult matter for you to determine the efficiency of the Monroe Machine by our telling you about it. Let us send a representative to demonstrate what it will actually accomplish in your own office.

You can then make your own tests and compare it with any other machine you may have in service. All of which means we have perfect confidence in the ability of the Monroe Machine to "make good." To bring the matter to a head simply mail the attached coupon. No obligation involved.

NOTABLE OBSERVANCE AT OLD PORTLAND POINT

The 150th anniversary of the first public service held in St. John was celebrated last evening at Portland Point.

The service was conducted by Rev. R. P. McKim, assisted by other local clergymen and addresses were given by Mayor Hayes and Rev. James Millidge. Rev. Millidge is a great grandson of both Simonds and White, two of the four members of the trading firm which founded the settlement at Portland Point.

Having asked for silence in that "Temple not built by hands," and having spoken of the solemnity of the occasion, Rev. R. P. McKim announced the hymn, "All people that on earth do dwell," which was followed by the national anthem. Mr. McKim then read the portion of scripture commencing with the words, "The Lord is in his holy temple," and all joined in repeating the confession.

Mr. McKim pronounced the prayer of absolution or the remission of sins and after the Lord's prayer had been said in unison the verses of the 150th Psalm were said alternately by the priest and the congregation.

The lesson read by Rev. R. Taylor McKim, rector of St. Mary's, was taken from Acts 3, verses 1 to 12, and at its conclusion the choir sang as an anthem the hundredth psalm. The repetition of the creed and prayer followed, the little hymn, "Rock of Ages Cleft for Me," had been sung by the choir and congregation, Rev. J. V. Young, of the Anglican church read the prayer for King and Country; Rev. R. P. McKim prayed for "Our city and rulers," and Rev. J. A. Morison, rector of St. Jude's, read the prayer for "Our church." Onward Christian Soldiers was sung before the sermon, and "Lord, Hear What We Pray" was sung immediately afterwards.

Reviews Occasion.

Taking as his text, "The Wonderful Works of God," Mr. McKim called to the minds of his congregation what had taken place in that spot 150 years previously. He described in vivid word pictures the tiny warehouse, the little thirty-ton vessel "Betsey" on the stocks, the few houses and the newly built wharf and told of the arrival of the Rev. William Spry and Rev. W. Wood, sent by the governor of Nova Scotia, Sir William Campbell, to inquire into the religious conditions of the settlement. The morning service for the traders was in English, the afternoon service for the Micmac Indian trappers was in native dialect, and the evening service for the Acadians who were working on the dykes, was in French.

Rev. Mr. McKim urged his hearers to thank God that today they enjoyed the fruits of the enterprise of those men. He referred to the development of St. John, whose ships were in all parts of the world and whose statesmen had made for themselves names of which she could be proud. He spoke of the brave soldiers who went from the city during the war and of those of them who brought back with them the trophy of Paris in the pursuit of sport. He related how Jonathan Leavitt and young Peabody had been dissuaded by James Simonds from abandoning St. John in their discouragement; Simonds words, "Some day ships will come here from England," having been more than amply fulfilled. Having told of the great promise for the future in the nationalization of the port of St. John, Mr. McKim in conclusion spoke of the need that the same spirit of religious fervor should inspire the citizens today as had inspired the men of 1769.

Before calling on Mayor Hayes to address the gathering Rev. Mr. McKim spoke of the enforced absence of the lieutenant-governor and premier, who had been invited to take part in the commemoration, and were most regretful at being unable to do so.

LADIES' HOSPITAL COMMITTEE OF CATHOLIC ARMY HUTS

At a meeting of the ladies' hospital committee of the Catholic Army Huts yesterday afternoon, Miss Amelia J. Haley, convenor, reported for the quarter visits to the hospitals and the following distribution of gifts to the soldiers: 911 packages of cigarettes, 127 packages of tobacco, 1,129 oranges, 110 current magazines, 37 quarts of ice cream, 17 quarts of jelly and cream; also 137 Easter baskets to soldier patients. Other activities were spoken of including efforts to place a new piano in the East St. John Hospital. Plans were made to give automobile drives to the soldiers in the hospitals during the summer and to hold a picnic at Gondola Point.

In Millerton, N. B., at the quarterly session of the Presbytery of Miramichi, it was decided to confer with the St. John Presbytery regarding a division of territory for each within the province.

A nice programme of songs, readings, etc., was given by the South African Zulu Jubilee Singers last evening in the City Hall, West End.

BASEBALL. East End League. The opening game of the East End League was played last evening and resulted in a victory for the Alerts over the Roses, 3 to 2. The line up of the teams follows: Alerts: Pitcher, McHugh; Catcher, F. Deshaia; First Base, Stewart; Second Base, T. Elliott; Infield, ...

Sidelights On Sport

Harness racing is certainly enjoying a revival in the maritime provinces. It is doubtful if there was ever so keen interest manifested in racing as during the last few days. The meets in Fredericton and Moncton have broken records for attendance and the races were evidently well worth the money. Local backers of Peter Farren were greatly disappointed when he lost his crown as king of provincial racers. In the pools both Adio Guy and John A. Hal sold at \$100 against \$50 for Peter Farren. The next meeting of the maritime circuit will take place in Chatham on July 8 and 9. Adio Guy is going to Northampton, Mass., while other stables will be shipped to Presque Isle and Fort Fairfield.

heavyweight championship bout is to be decided in twelve rounds on points is in itself a joke. Bill James, who was instrumental in clinching the championship of the National League for the Braves in 1914, has been sold outright to the Oakland Club of the Pacific Coast League. The Brooklyn club has sold Lawrence Cheney, a veteran spit-ball artist to the Boston Nationals. Shawkey has nine straight victories to his credit this year, and has equalled the American League record for the past four years. The trip of the St. John ball players around the circuit of the New Brunswick and Maine League has somewhat upset the St. John League schedule. However, trips of this kind only come once a year and the boys will soon be back home. They have two victories to their credit and here's hoping that they return without defeat.

Barry Holding Out.

Meriden, Conn., June 30—Jack Barry, who was traded to the Philadelphia Athletics by the Boston Red Sox last Thursday, has not yet reported. He is to meet Connie Mack in Boston on July 4, and the result of the meeting will decide whether he will play in Philadelphia this year. A matter of salary is believed to be the reason.

Has Hard Luck.

Shortstop Hollicher of the Cubs, who has been out of the game for some time with a split thumb, was ready to play on Saturday, but during the batting practice he was hit on the mouth by a batted ball and rendered unconscious. He was carried off the field, and it was necessary to put one stitch in his lip.

Chief Meyers Resigns.

New Haven, June 30—John ("Chief") Meyers, former New York, Brooklyn and Boston Nationals catcher, has resigned as manager of the New Haven club of the Eastern League, which post he has held since the opening of the present season.

New World Series Plan.

New York, July 2.—The club owners and players of the two major leagues are considering a new plan for the division of the World Series receipts in the fall, and it is expected that the National Commission will adopt the new plan soon. Last year's plan of permitting the first four clubs of each league to share

in the receipts was only an experiment, and altogether favored by several National League club owners, it is likely to be abandoned.

It was the idea of John K. Tener, president of the National League, to give this plan a one year's trial. As it did not prove satisfactory the leagues will now try a new plan.

The American League has gone on record as favoring a return to the old conditions governing the series, that the entire sum allowed for the players go to the members of the two clubs competing in the classic. The National League favors a curtailment of the share for the members of the competing clubs, so the result probably will be a compromise. The plan which is likely to meet the approval of the club owners and players of both leagues, provides that the players pool consisting of about 60 per cent of the receipts of the first four games, will be split so that 75 per cent of this pool shall go to the players of the two contesting clubs, while the remaining 25 per cent will go to the members of the clubs finishing in second and third places in the pennant races in their respective leagues.

As the receipts of the world's series this fall promise to be larger than ever before in the history of baseball, the officials of both leagues favor a curtailment of the amount which should go to the members of the contesting clubs. The price of the tickets was last fall too high to meet conditions, but the National Commission has already decided to re-establish the scale. Under the new plan the officials figure that the members of the winning club will receive close to \$2,000 each, while the members of the losing club will get in the neighborhood of \$1,000.

AQUATIC.

Canadian Eight Drawn Together.

London, June 30.—The drawings for the Henley regatta to be rowed on the Thames on July 4 and 5 are announced. The Canadian Army eight-oared crew was drawn to row the Overseas Military Forces from Canada. The American Army crew drew that of the French Army crew. The winners of the regatta will meet in the second round. The eight oared race is for the King's Cup. The Leander Cup is the trophy of the former oared race. The second American crew drew the Leander Club's service crew. The first American crew drew that of the 1st Battalion of the Coldstream Guards. The winner of the first of the races will row the winner of the race between the Cambridge service crew and the Canadian Army crew. The winner of the second race will row the winner of that between the New Zealand Army and the Australian Army crew.

Established New Records.

Two new records were established at the meet in Fredericton yesterday. In the free-for-all Adio Guy went the first mile in 2:11.2 and his second in 2:12. Both were better than the previous record. A new stallion record was also established by Esposer, a Fredericton horse, which went a mile in 2:14.4, lowering the record by a second. In the 2.16 class Tommy Cotter, owned by Len Dryden, won first, taking three out of five heats. In the feature event the free-for-all, Adio Guy won in straight heats, with Peter Farren second. The latter broke several times. Tommy Cotter's best time was 2:16.1-4.

Montreal Horses Win.

Montreal horses captured both classes in the maritime circuit races here and in Moncton yesterday. In the 2.25 class for a purse of \$300, Singer, owned by Michael and Fuller Morand, won in straight heats; best time 2:19.4. The free-for-all was won by Fern Hal, owned by F. Michael of Montreal. This was for a stake of \$1,000, the largest ever offered on a provincial track, and went in straight heats; best time 2:24.4. The judges imposed a fine of \$100 on B. F. O'Neil of Halifax for entering Adio Guy and failing to put in an appearance or giving notice of withdrawal.

Races at Summerside.

More than 3,000 people witnessed races at Summerside yesterday. Lacopa won the 2.19 class in straight heats; best time 2:21, with Corwin Hal second. Colorado L. won the 2.25 class, three out of five heats; best time 2:24.4. In the three-minute class Emma Aubrey E. won in straight heats; best time 1:11.4 for a half mile.

NATION WET AGAIN POSSIBLY BY AUGUST OR SEPTEMBER. Washington, July 3.—Army officers believe that it will be possible for the president to declare that the demobilization of the army is terminated by the middle of August, but the first of September is the more conservative guess. Approximately 800,000 men must be discharged, and nearly 500,000 of these are in France. It will require at least six weeks to complete the transportation of emergency men, but demobilization will follow quickly the arrival of the transports in American ports. The president need not mention prohibition in his demobilization proclamation; the War-time Prohibition Act dies immediately upon its issuance, and distilleries, breweries, wineries and saloons can open in "wet" territory and run full blast until the prohibition amendment to the constitution goes into effect in January. A protest against legislation for a board of commerce on the ground that the public has not had an opportunity to study the provisions is voiced by the council of the Montreal board of trade.

### FOR IMPROVED WATER SERVICE

#### Lancaster Delegation Before The Commissioners

##### Statement That There is Not Sufficient on High Levels For Fire Protection—Council Defers Decision

A delegation from Lancaster appeared before the common council this morning to urge an improved water service for that section. The delegation consisted of J. A. Barry, E. P. Scully, J. A. Tilton and Alexander Simmons. After hearing the delegation, the council decided to consider the matter further.

Mr. Barry, in introducing the delegation, said that on the high levels there was a supply of water sufficient for house purposes, but not adequate for fire protection. He said that one of the recent commissioners of water and sewerage promised a better water supply and the matter even went so far that a lot of pipes were hauled to that district just before an election, but they lay there for a while and then mysteriously disappeared. He said that some people were paying taxes and not receiving the supply which they should receive.

Mr. Scully spoke along the same lines as Mr. Barry.

The mayor asked if the taxpayers of Lancaster would be willing to pay higher rates for water supply? He did not think the people of the city should be made to pay for the conveniences of people living in the country.

Mr. Barry said that West St. John and Lancaster should be looked after by the city. Most of the residents of Lancaster were taxpayers in the city and did business in the city.

The mayor said that the proposed main to the pulp mill was to provide for as much water as required for their own purposes up to 2,000,000 gallons a day over and above the amount required for private consumption (1,400,000 gallons a day).

Commissioner Fisher said it was a very expensive time to construct and the undertaking of the Spruce Lake extension was rather a shaky one at the present time, and without an increased revenue in view, he did not think the city should go ahead with the work at the present time. The delegation then withdrew.

### FIND MILK CONDITIONS IN CITY IMPROVED

#### Health Department Regulations are Having Their Effect—Some Advice

Some good advice regarding the care of milk and also suggestions to housewives were given by an officer of the Department of Health this morning. In addition to this, it was reported that the bureau of health laboratories that the condition of milk in the city is much improved. Of eleven tests for butter fat, eight were well above the minimum required. As for cleanliness, the report shows a far better grade of milk being sold today than a month ago. This is regarded as due to the new regulations regarding the inspection of dairies and dairy herds.

In order to carry this work on successfully every person must co-operate with the department. To help the dairymen do this a few suggestions have been offered. In the first place the object of milk inspection is to see that the supply of milk is good and also to see that the milk itself is good. The dairymen must remember that he is handling the most important food product we have for innocent babes and growing children, and they do not play with their milk, but thoroughly strain and properly cool the milk, they had better get out of the dairy business at once as they will be the means of causing sickness among the children, and also get into trouble with the department of health.

The housewife also has her part to play; she must keep the milk cool, keep it clean, and also do not keep it in the house, but use some of the aids for multiplication of bacteria. The milk must be cooled to fifty degrees Fahrenheit, immediately after it is milked, and it will be refused by the consumers unless this condition is complied with. The housewife is also urged not to throw the empty milk bottles down any where, but to put them in a clean box as soon as they are washed. This also helps in keeping down bacteria.

The department also urges that children drink from one to two pints of milk a day, as it helps them to grow strong and well and enables them to win in their fight against disease.

The railway authorities are co-operating with the department. They are taking greater care in the cleaning of the milk cars. The companies will also refuse any cans if the covers are not on tight.

### CONFER AGAIN ON HARBOR MATTER

#### Ottawa to be Asked as to Conditions Under Which Port Will be Turned Over

The matter of the nationalization of the port of St. John was brought up by the mayor and discussed at a committee meeting of the common council this morning. The mayor and all the commissioners were present and after talking the matter over for a short time it was decided to let it stand over for further consideration before the offer was either accepted or rejected on the opinion of the citizens taken through a plebiscite.

The mayor said that he had gone into the turning over of the harbor with Hon. Messrs. McLean and Carvell and they had come to the conclusion that \$2,500,000 would be a reasonable price. Later they were in consultation with Hon. Mr. Ballantyne, minister of marine and fisheries, who expressed the desire to see that St. John should get everything that had been put into the harbor.

"There was strong opposition," the mayor said, "on the part of the Ontario and western members and in view of the large expenditure that would become necessary immediately, it was considered by them that \$2,000,000 was a good price to pay for the harbor.

"The result of the auditors' examination of the books you already know," said the mayor.

He said that he had also called on C. P. R. officials in Montreal and was asked what the government was going to do with regard to the building of elevators and conveyors at this port, to which he replied that he thought that one thing at a time was all that was advisable to take up.

"The price," the mayor said, "is not so good as it might be and I think the government might have been a little more generous, but I do not see any prospect of any better terms."

Commissioner Bullock suggested that Ottawa should first be communicated with as to the conditions under which the harbor would be handed over and to get if possible a copy of the agreement between the Dominion government and the city before any definite action was taken on. The commissioners agreed to this proposal and decided to consider the matter further at a later date.

## Not "Easy Payments" --- But Real Value Is Our Selling Policy

After all is said and done, it is value that you want and not merely an easy plan of payment—in buying anything—particularly a Phonograph.

The McLagan Phonograph is not an "easy payment" machine. We do not extend payments to cover an indefinite period, but we do extend value in selling the McLagan.

Made by the foremost cabinet workers in the country, the McLagan represents the last word in design. It plays any make of disc record, and plays them as they should be played, clear, pure, true, and with a minimum of surface noise.

You can purchase the McLagan at Prices Ranging From \$58.50 to \$180, and in many designs and woods.

No cost to come and let the McLagan tell its own story.
