German Offensive Stopped By Resistance of Russians?

REVOLUTIONISTS CLAIM TO HAVE HALTED RAIDERS

Destroying Bridges, Railways and Roads and Prepare to Resist Further Advance; Interior of Russia Strongly Against Separate Peace, But Rumors of Demoralization Reach Stockholm; Austrians Report Russians Laying Down Arms

London, Mar. 1.—According to a despatch received here from a semi-official news agency at Petrograd, dated Thursday, the German offensive has been stopped by serious resistance which has been offered by the revolutionary troops.

Another despatch from Petrograd says that the Bolshevik forces are destroying all bridges, railways and roads by which various threatened points may be reached.

The Germans also at some points, particularly at Rosenovskiy, are already rebuilding bridges and roads.

A further despatch from Petrograd says that the advance on Orsha continues and a battle is expected there between the Germans and thousands of armed workmen who have arrived in the city.

Vologda, Russia, Mar. 1.—(By the Associated Press)—The interior of Russia, following the example of Moscow, declares strongly against a separate peace with Germany.

Workmen and soldiers' councils in many provincial centres are issuing mobilization orders proclaiming a fight to the finish in behalf of the revolution.

THE OTHER SIDE OF THE STORY. Stockholm, Mar. 1.—There are increasing indications of demoralization among the Finnish Red Guard and their Russian supporters.

Vladivostok, Mar. 1.—Ten thousand Russians already have laid down their arms and considerable quantities of ammunition, carts and other rolling stock have been taken by the Austrians.

The despatch says that the Bolshevik forces are destroying all bridges, railways and roads by which various threatened points may be reached.

Many Germans Killed. Amsterdam, March 2.—In the capture of Fokor by the Germans on the night of the 28th, the latter suffered heavy losses.

An Austrian Explanation. Amsterdam, Mar. 2.—The decision of the Austro-Hungarian government to send troops into the Ukraine was explained yesterday in the upper house of the Austrian parliament.

British Kill or Capture Every Raider in One Attack — Took Prisoners in Raid on Enemy Lines.

London, Mar. 2.—German troops carried out a raid on a wide front against the Portuguese trenches in Northern France early this morning.

Several raiding operations by the Germans were conducted last night.

Raiders were attempted by the enemy during the night at several points.

The enemy's artillery has shown considerable activity during the night.

Rome, Mar. 1.—Heavy artillery fighting on both sides of the Brenna river is reported by the war office.

On the Italian front, the enemy's artillery was more active yesterday.

Our batteries energetic fire against it and also concentrated on enemy troops in the Val San Lorenzo.

At Quinte Di Plava we shelled an automobile column. Near Nervessa British batteries brought down an enemy airplane.

London, Mar. 2.—Mr. Edward Kemp, overseas minister of militia, said yesterday: "The changes which are taking place in the Canadian military establishment in England and France have for their object the strengthening of the Canadian corps at the front."

performance on last Monday afternoon in the Fitchburg Hospital. St. John friends will be pleased to learn that, though she was not out of danger at time of writing—last Thursday—she was doing as well as could be expected and early recovery was hoped for.

POTATOES GO DOWN DOLLAR PER BARREL

FURTHER DROP PREDICTED

Large Quantities on Hand in That Section of Province and No Market in States at Present — Turbidity About as Badly Off

Fredericton, N. B., Mar. 2.—Potatoes dumped badly here today in the country market and the prospect is that they will go still lower.

The crop in New Brunswick in 1917 was estimated at 100,000 tons.

Mr. Boyce while he was in Boston, saw best New York stock, replicated in 100 pound sacks for \$8, each.

There is no demand for potatoes in the Boston market either and large quantities are available there.

Canadian crop of this vegetable was large.

Montreal, Mar. 2.—If a play-off is necessary for the N. H. L. title, it is probable that the dates will be March 11, 12, and 13.

Tonight's game at Toronto is likely to be decided by the second half.

With the British Army in Belgium, the soldiers' determination of the general conclusion and free Belgium—these are circumstances which strike the American visitor forcibly.

Phet and Pherdinand WEATHER REPORT

C.P.R. PLAYING BIG PART IN WORK OF FEEDING ALLIES

Grain Shipments Tripled This Season — Larger Number of Steamers Loaded and None Kept Waiting

Despite unprecedented weather conditions this winter and the difficulties experienced by the railroads in moving freight, the C.P.R. has not suffered any marked improvement over last year.

St. John today receives a small city of freight cars from the terminals at St. John.

The sheds at West St. John are filled to their utmost capacity with freight, mostly foodstuffs for overseas.

Fredericton, Mar. 2.—The St. John River Log Driving Company will at the approaching session of the legislature ask for amendments to its act of incorporation.

LOG DRIVING CHANGES. The principal feature of the bill will include permission for the company to make a charge or assessment upon the owners of all logs that may be placed in the St. John river or its tributaries.

WORKMAN KILLED IN SHERBROOKE FACTORY. Sherbrooke, Que., Mar. 2.—A. Fontaine was instantly killed and Louis Colombe sustained a fractured ankle in the shops of the Ingersoll-Rand this forenoon.

column. Near Nervessa British batteries brought down an enemy airplane.

Canadian Reorganization. London, Mar. 2.—Mr. Edward Kemp, overseas minister of militia, said yesterday: "The changes which are taking place in the Canadian military establishment in England and France have for their object the strengthening of the Canadian corps at the front."

performance on last Monday afternoon in the Fitchburg Hospital.

Little Hope For Recovery. His many friends in Rothsay parish will be grieved to learn that there is no prospect of recovery for Albert M. Saunders, who was operated on at the General Public Hospital a few days ago.

FIFTEEN DEATHS. Fifteen deaths were reported at the board of health for the week, four from heart disease and one from each of the following diseases: Senility, paralysis, pneumonia, erysipelas, tuberculosis, malnutrition, premature birth, and cholera.

Grand Trunk Freight Handlers in Toronto Have Gone on Strike. Toronto, Mar. 2.—The freight handlers of the Grand Trunk Railway walked out yesterday at 1 o'clock and struck an increase of thirty per cent in their wages.

Surveys of Harbor. That the dominion government is considering the scheme of having a complete survey of the St. John harbor made is a rumor current in well-informed circles.

THEY WANT TO BE SURE BEFORE GIVING UP ANY MILITARY ADVANTAGE

Dutchman's Opinion of Peace Matters as He Gauged Them in Berlin

Amsterdam, Mar. 2.—The Nieuw Rotterdamse Courant prints a long interview with a "personage who returned recently after a week's visit to Berlin, where he talked with prominent persons, including Baron Von Den Busche-Haddemshausen, under secretary for foreign affairs."

He adds: "They agreed perfectly, for instance, with my objections against London and admitted that for their treatment such advantages are possible in arriving at peace negotiations."

His own other things the visitor, apparently a Dutchman, said: "I had occasion to meet several members of the American colony. Do my surprise, the Americans in Berlin enjoy the greatest freedom. They are quite satisfied with their treatment and are not in any way dissatisfied with the English."

He says: "I have been accused of being a German agent, but I am not. I am a free man and I speak the English with my American friends."

COMMISSIONS FOR NON-COMS AND VIEN

R. C. Dean and F. O. Graham of New Brunswick Regiment Take Step Upward — Many Other Canadians in List

London, Mar. 2.—In the London Gazette several names are compiled by the names of Canadian non-commissioned officers and men, who have been given commissions as temporary lieutenants in various regiments.

Appended are the principal names: Nova Scotia regiment—Lance Corporal M. E. Amos, Sergeant Gordon, Sergeant S. M. Hirtle, C. S. M. H. G. Jones, Lance Sergeant A. MacPherson, Sergeant J. McKinnon, M. M. C. S. M. L. T. Lowther, Corporal L. G. Lyons, Sergeant R. S. Nicholson, Private H. B. Balfour, R. Q. M. S. P. Wilmore.

New Brunswick regiment—Lance Corporal R. C. Dean, Lance Sergeant F. O. Graham, Quebec regiment—Sergeant M. K. Craig, Sergeant E. Crockett, Corporal F. P. Crowe, Sergeant J. Lohman, Pipe Major D. M. W. G. Scott, Sergeant R. E. Townsend, Sergeant W. T. Hornby, Sergeant A. Comal, C. E. Booth and Corporal W. C. Booth.

Chicago, Mar. 2.—Plans for a raid on the treasurer's office in this city with an expectation of obtaining \$2,000,000 for the Chicago gang were revealed today, the police say, by confession of Henry Emerson.

According to the police, Emerson, who is held in connection with the robbery of an Illinois Central railroad station at Beardstown, Ill., revealed a date following the collection of license and in the office to hold up every person in the office at the police station, and to take them to the basement and then flee to the street, where automobiles were to be in waiting to rush away with their load.

The plan failed because more guards were about the city hall on the day fixed than had been expected.

The police add that information that "something was to happen at the city hall, resulted in extra guards on the day fixed for the hold-up."

Premier Visits Embassy. London, Mar. 2.—Premier Lloyd George visited the American embassy on Friday evening and had an important conference with Ambassador Page, according to the Daily News, which believes the meeting was in connection with Japan's intervention in Siberia.

It is quite unusual for a premier to meet a foreign ambassador. Such an unusual meeting was held here in London.

Washington, Mar. 2.—Although indications today are that the state department is being steadily influenced to accept the Allies' view that Japan alone can best deal with the menace of German aggression in Siberia, high officials there indicated that any prediction of a decision of the American government would be unsafe.

From the frequent exchanges between the Entente governments and Washington it is understood Great Britain and France, and possibly Italy, believe an agreement might be better able to deal with the situation than an international force.

Denies Story of Visit. London, March 2.—Ambassador Page departed from London for the country, early this morning. The embassy authority denied a denial of the statement of The Daily News that premier Lloyd George had visited the embassy and had an afternoon conference with Mr. Page.

DRIVE BACK ALL ENEMY ALIENS FROM COAST. Belfast, Mar. 2.—The Belfast branch of the British Empire Union has adopted the following resolution: "Owing to the sinking of the steamer Tasmania, with American troops aboard, urgent steps should be taken to have all enemy aliens, naturalized or not, removed at once from every coast town and seaport, and prohibited from approaching within ten miles of the coast."

The resolution asks all important civic bodies in Belfast to take similar action and to forward their resolutions to the premier.

SURVEY OF HARBOR. That the dominion government is considering the scheme of having a complete survey of the St. John harbor made is a rumor current in well-informed circles.

It is understood that if the plans now being discussed by the federal authorities materialize, three well known harbor engineers will likely be appointed to make the report.

One engineer will in all probability be selected by the city to look after its interests, second will represent the International Shipping Federation and a third the dominion government. It looks as though the harbor may be nationalized.

NEARING AGREEMENT WITH JAPAN TO COMBAT GERMANS IN SIBERIA

Official Statement Announces That Japan's Only Object is to Combat German Menace in Far East—Dangerous Conditions Existed Even Before Latest Advance Into Russia

Washington, Mar. 1.—Indications now point to an agreement between the Entente Powers and America to combat German aggression and influence in Siberia, and to protect the military stores at Vladivostok.

No final conclusion has been reached, however, and it was said in high official quarters tonight that conditions were changing so rapidly and so many new factors were entering into the problem that it would be unsafe to predict overnight what the issue might be.

JAPAN'S POSITION STATED. London, Mar. 2.—Reuter's, Ltd. has issued the following statement from an authoritative Japanese source in London:

"Japan has put forward no suggestion regarding any action that may be necessary as a result of the Russian situation. The plain facts are that a few days ago Japan addressed inquiries to the allied governments asking for an expression of their views on the latest developments in Russia. There has been no proposal, military or otherwise, by Japan."

"It is pointed out that Japan did not enter the war under any terms or agreements with the Allies which would suggest that there had been any question of aggrandisement in the mind of Japan. There were no such thoughts when Japan embarked on hostilities, and if she has to extend operations, her object will not be aggrandisement."

"The new menace is one directly threatening the far east and immediately involving Japan's security. Japan's interpretation of her position is that she is responsible for the maintenance of peace and security in the far east. A German menace already exists in east Siberia, and was well known to the Allies, even before the latest German advance into Russia."

Not Hostile to Russia. London, Mar. 2.—Stress is laid on the fact that the British and Japanese governments hold that Japan's intervention in the Russian affairs is not to be construed as an act of hostility to Russia or the Russian government. Its purpose is to safeguard Allied interests and to protect stores and munitions at Vladivostok and to assist Russia in her struggle with the German foe.

Project to Overcome This By Making it Fail on Those Responsible

LOSS TO CANADA IN BAD EGGS IS IN THE MILLIONS

Project to Overcome This By Making it Fail on Those Responsible

Ottawa, Mar. 2.—A recommendation of far-reaching importance has been made by the province commission appointed by the Canada Food Board, and has been incorporated in an order just issued by the food board regulating the wholesale produce trade. It is provided that no license shall pay or demand payment for bad eggs in excess of a margin of allowance of one per cent on the total required, when putting eggs into cold storage, to furnish to the operator of the cold storage a statement in writing certifying that such eggs have been candled and bad and unsound eggs removed. Licenses storing eggs in cold storage which they own or control must keep a proper record of such candling.

The committee in its report stated that it had in mind "a far-reaching and tremendously important conservation of health which may really be accomplished. It is stated that the loss from bad eggs in Canada, amounting to several millions of dollars annually, is largely preventable and that the imposing of this loss on the party under whose lack of care it has developed, would result in such improved methods and care in handling eggs as will, to a very great extent, do away with the loss."

PAINTING SALMON TO MAKE BETTER SALE

Painted salmon have been sold in large quantities through this city, according to inspectors of the city health department.

Dr. P. H. Mullenbury, deputy commissioner in charge of food inspection, said last night that his men discovered employes in a packing house painting the fish, which were then smoked, causing the color to be absorbed and giving the fish a pleasing appearance to the eye. A paint brush and bucket were seized as exhibits.

WOMEN'S EFFORTS TO WIN THE WAR

Economy to Point of Self-sacrifice Urge — Fashion Shows And Jewelry Sales Could be Eliminated — Work on Street Cars

Ottawa, Mar. 2.—The women who have been in conference here for the last two days will hold their final meeting today. This, it is expected, will be followed by a message to the women of Canada, covering the deliberations of the delegates and the results of the conference.

Yesterday was passed in discussion among the women themselves. The conference had been split into sections, and there took up various phases of women's war time activities.

Senator Robertson spoke on the need of community breeding, and suggested that women might be employed as street car conductors.

Daylight Saving. The women's conference spent the morning in consideration of the recommendations they will present to the War Cabinet later in the day.

LIGHTER VEIN

Kernal—Did you bury all the dead as promised this morning, my boy? Pruit—Yes, sir, but we had a little trouble with one of them.

A negro was standing an examination for the position of rural free-delivery carrier. Among other questions written for him to answer was the poem:

An Irish housekeeper was showing to some visitors the family portraits in the picture gallery. "That officer there in uniform," she said, "was the great-great-grandfather of the present owner of the property."

being used as a substitute, according to the Popular Science Monthly. The sawdust is rammed down tightly in cylindrical metal boxes, and a few drops of petroleum are poured over it.

A most successful social was held at the Y. M. C. A. last evening by the boys of the Junior "B" division. The evening was spent in games and amusements of all kinds. Following the C. E. E. I. schedule several tests as to ability to entertain were made.

Hon. Dr. Roberts last night made a statement that the new public health act to be introduced at the next session of the legislature would contain clauses in combat successfully the various contagious diseases which have been assuming such alarming proportions of late.

CLINGING TO PATRONAGE

A conservative government hates to go when it has control of patronage. The Ontario government has made a move in the direction of reform, but still keeps the strings in its own hands.

PREMIER BREWSTER.

A public career of great service and greater promise ends with the death of Premier Brewster of British Columbia. New Brunswick people mourn his death, for he was a native of this province.

Regina owns the street railway of that city. The city council has decided to sell the fare to five cents, or twenty-one tickets for a dollar.

No measure to come before the legislature at its coming session is of more importance to the welfare of the province than that relating to the establishment of a thoroughly modern health department.

A free hand for Japan in the far east will probably be approved by her Allies. That would have a salutary effect in Russia as well as in Germany.

The Germans have got a taste of the American brand of fighting on the western front, and have no great stomach for it.

FRESH, snappy, brown cookies, Poor Man's Pudding—but it was good enough for a millionaire—rich coffee cake with fruit and spices put in with a generous hand, pumpkin pie with the genuine old-time flavor, and many more.

Lantic Old-Fashioned Brown Sugar

—three kinds—Light, Brilliant and Dark Yellow—sold by grocers throughout the Dominion. Of these, the Brilliant Yellow is recommended as widely useful for general cooking.

Pure brown sugars give to baking and desserts the characteristic molasses taste which is a great improvement to many dishes. Brown sugar, as well as white, should be kept in the pantry of every household which appreciates old-time goodies.

For fear Grandmother's recipes might be forgotten, we have reprinted a number of the best of them in the booklet illustrated at the top. We will send it to you without charge, if you will fill out the coupon at the left. We know you will enjoy making these old-time dishes and that your family will enjoy eating them.

Hoarding Apples Did Not Pay Them

Referring to the apple trade the Hal-lifax Herald says: "Buyers from Quebec and Ontario are in the province sounding out the possi-bilities. In the meantime there is a lot of frozen and inferior stock in Montreal and Toronto markets which it seems very difficult to dispose of. An Ontario man at the Halifax hotel last night told The Herald that last September his con-cern had offered a big fruit concern the valley a good price for ten thousand barrels of apples. The offer had been re-jected. The growers and the dealers were among buyers who had come into the valley that they would not accept any-thing like a fair offer. Many of them were now sorry that they had not done so.

MAY BUILD PULP MILL

Success Record-It is understood that negotiations are under way which may lead to the sale of the Flewelling lum-bering interests to American capitalists. The business is one of the best known in the province and one of the largest in this country. For many years the Flew-elling name has been a household name in Kings, and everywhere the firm is known by its large output of matches. Employing a large force of men at their mills at Hampton Village and Ferry Point, the Flewelling has been long an employer of men in the province. Holdings are also very considerable, and their properties are situated in many parts of the province. It is said that if the plan goes through large extensions will be made to the business and that the erec-tion of a pulp mill may follow.

PRICES IN 1917

Average wholesale prices for the year 1917 were 75 per cent higher than those for 1916, the year before the war be-fore the sale of the Flewelling lum-bering interests to American capitalists. The business is one of the best known in the province and one of the largest in this country. For many years the Flew-elling name has been a household name in Kings, and everywhere the firm is known by its large output of matches. Employing a large force of men at their mills at Hampton Village and Ferry Point, the Flewelling has been long an employer of men in the province. It is said that if the plan goes through large extensions will be made to the business and that the erec-tion of a pulp mill may follow.

WAS OFF WORK 4 or 5 MONTHS A YEAR WITH CONSTIPATION

If the truth were only known you would find that over one-half of the ill of the age are caused by allowing the bowels to get into a constipated condition. When the bowels become constipated the stomach gets out of order, the liver does not work properly, and then fol-lows the violent sick headaches, the sour-ness of the stomach, heartburn, water-brash, etc. Keep your bowels regular by using Milburn's Laxative Pills. They work on the bowels gently and naturally, and will cure the worst cases of constipa-tion.

NATIONALIZING RAILWAYS

Journal of Commerce-Nationaliza-tion of railways, to a considerable ex-tent, is one of the movements of the day that must, for a while at least, pre-vail. While the International, the Prince Edward Island and the Transcontinental are in the hands of the Canadian Nor-thern, the latter is in the hands of the Grand Trunk Pacific also, the Dominion government will have about 100,000 miles of railway in its hands. The country can stand, without seeking the further burdens of owning and operating the Canadian Pacific and Grand Trunk. There will be abundant oppor-tunity to test the merits of government ownership on a large scale, without go-ing into the full length that many people desire. That some good results will flow from the enlargement of the government system must be the earnest hope of the country. But those who imagine that the country will be willing to assume the whole responsibility of the policy, and leave the control and management to officials not responsible to parliament will find that they are mistaken.

HOW TIMES CHANGE!

Regina Leader-The proposal that Canada and the United States should ex-change the natural products of the two countries will be the one pending the other in the course of the exchange, these two whole Dominion into an ac-tive and not a passive one. It is not to-day we are doing the very things which the Big Interests and the high tar-iff politicians told us in 1917 would be Canada and lead to the smashing of the British Empire.

RECENT DEATHS

Miss Charles D. Riddock died at the Miramichi hospital Monday night. She was a daughter of the late Mr. Turner, two sons and one daughter to mourn her loss. The sons are Olaf and Douglas; Douglas is with the naval patrol service, and is in Moncton. The daughter is Mrs. Harry McLean.

PUTTING IN THE RIVETS

The sheriff has passed a law that il-lu-gor ordered from Boston for medicinal use must have the prescription pasted on the box. A man in this office sug-gests that the sheriff require a deposit at his office of a culture of disease af-flicting the sick one.-Portland Press.

POST-WAR PERIL

What we are afraid of is that after the war is over our women will be un-able to divert their activities to other channels and the knitted necktie will come back.-Ohio State Journal.

THE WISE MAN NOT ONLY KNOWS A BARGAIN

IRON AND STEEL PRICES

New York, Mar. 2-Data affecting the prices of iron and steel, after March 31, when the present schedule expires, was given yesterday afternoon to the Ameri-can Iron and Steel Institute's general committee for presentation to the war industries board at Washington, accord-ing to a statement by Elbert H. Gary, chairman of the committee, after a con-ference here of prominent manufacturers. It is understood that the trade will oppose a lower schedule and that many small manufacturers, pleading the higher cost of materials and labor, will seek higher prices.

ARRESTED IN HIS OWN HOUSE, SAYS PRISONER

Charged With Violation of Liquor Law, Charles Baxter Claims False Arrest and Blames His Housekeeper

Before Magistrate Ritchie in the police court this morning two prisoners, charged with drunkenness, were fined \$5 or two months in jail each.

Charles Baxter, charged with having liquor in a house other than his own dwelling house, and also with being drunk therein, was up again this morning. An interesting part of this case is that he claims that the house was his and that, when the police made their raid, his house-keeper told them that the liquor was in another house; but Baxter's statements are true, it would appear that he had the liquor in his own dwelling-house. Magistrate Ritchie was attempting to get his story of the arrest from him this morning, but with little success.

"Do you remember being arrested?" he asked.

"Yes."

"Did your house-keeper tell the detectives that she owned the house and to arrest you?"

"I don't know, I wasn't paying much attention."

"But you couldn't help paying attention when you were being arrested?"

"But I didn't hear, your honor."

"But, but, a man can't help hearing when his house-keeper has him arrested as one of the boarders in his own house?"

Detective Briggs—"You weren't as drunk as all that?"

Magistrate—"How many bottles did you have?"

Prisoner—"Twelve, your honor."

Magistrate—"How many did you drink?"

Prisoner—"Two."

Magistrate—"But the police only found six. Where did the other four go?"

He was remanded to jail.

Magistrate Ritchie held juvenile court again this morning when several cases were dealt with.

WM. RYAN WINS A COMMISSION AND BELGIAN HONOR

Brookville Soldier to be Lieutenant and Has the Croix de Guerre of King Albert

In a letter to a friend here, a St. John officer, writing from the front, says: "I met Bill Ryan yesterday as I was coming out of the line. He is looking in great shape—the picture of health. He has certainly made good out here with his unit—the 2nd Divisional Ammunition Column. He has been sergeant for some time, and is slated to leave for England in a few days to take out a commission. In addition to that, he has been awarded the Belgian Croix de Guerre—he didn't tell me this, but I was talking to his O. C.—another St. John boy, Capt. Geo. Gamblin—and he told me that Ryan, as the boys call him, was the lucky recipient of this decoration. He also said that the award was very popular with all in the column, for 'Bill' is as highly thought of with all ranks as he was with a wide circle of friends at home."

"The honors were given for his good work up north last November, during the Passendale show, where getting ammunition to the guns in the forward area was a particularly 'ticklish' job."

He is a son of William Ryan, postmaster at Brookville, is a member of St. John Council, K. of C., and a former member of Brock & Paterson's traveling staff.

PLAN ERECTION OF FLOUR MILL AT NORTON

As a result of the big campaign for greater food production and the appeal to the farmers of New Brunswick to grow more wheat, there is a movement on foot to get all the countrymen in Norton and vicinity to band together and make plans for a large harvest this year. They are to hold a meeting next Friday evening which all interested are invited to attend and at which plans will be discussed for the erection of a flour mill at Norton. In anticipation of a bumper meeting plans are being formulated to appoint a delegation to wait on the government at Fredericton and place their plans before them with a view of obtaining financial assistance to get such a mill in operation.

THOMAS E. HICKS IS DEAD IN SAN FRANCISCO

The many friends in this city will regret to learn of the death, in the San Francisco hospital, of Thomas E. Hicks, aged fifty-three, who left here about six years ago. He is survived by his wife and three children, two daughters, Marion and Vera, and one son, Edgar; also two brothers, John A. of Dorchester, Mass., and Bert, now in France, and two sisters, Mrs. Harry W. King, Woodstock, N. B., and Mrs. W. C. Brown, 125 Queens street, this city. The late Mr. Hicks was a member of the Exmouth street Methodist church and of the Independent Order of Foresters. Before leaving St. John he was for about twenty years employed with James Fender & Co. In 1911 he was made in San Francisco.

MARCEUS DIAMOND

The wedding of Max Marceus of this city to Miss Jean, daughter of Mr. and Mrs. S. B. Diamond of Philadelphia, took place on Feb. 15 in the Bellevue-Stratford Hotel, Philadelphia, the ceremony being performed by Rabbi Berkowitz. The bride was attended by her sister, Miss Mollie Diamond, and J. I. Brody of Montreal acted as groomsmen. Mr. and Mrs. Marceus are spending their honeymoon at Palm Beach and on their return to St. John, next week, will reside at the corner of Meckenburg and Wentworth streets. Mrs. J. Marceus, mother of the bridegroom, and his sister, Miss Berdie, were present at the wedding and have just returned to the city.

CANADA'S MUNITIONS OUTPUT EXCEEDS BILLION DOLLARS

Impressive Story of War Work in the Dominion Told by Member of the Federal Cabinet

(Toronto Globe.) Through the Imperial Munitions Board orders have been placed in Canada for \$1,000,000,000 worth of munitions...

This was the startling statement of Hon. Newton Rowell, president of the Privy Council, in the course of a thrilling story told on Saturday night...

He said there were between 800 and 900 munitions plants in the Dominion, employing between 250,000 and 300,000 workers...

When Canada first commenced making shells the fuses were made in the United States, because it was thought the manufacturers in the Republic were in a better position to produce them...

Direct Wire to Washington. "Having these facilities," he said, "we are able to help the United States meet the situation she faces in providing the necessary war equipment to enable her to throw her whole weight into the struggle..."

Another surprising statement was the announcement by Mr. Rowell that Canada is now rendering assistance to the United States in the production of munitions...

300 Airplanes a Month. "We have had phenomenal success in the airplane industry," said Mr. Rowell, "and we are now producing more than 300 airplanes a month..."

Some Significant Figures. "While a brilliant country we have largely enjoyed the benefits of a neutral nation," he stated. "Our total foreign trade in the year when this war broke out, was \$2,188,888,000..."

Mr. Rowell mentioned a few of the things Union government has given the country, including prohibition, the purchase of all government supplies by a non-partisan War Purchasing Commission...

Mr. Rowell spoke of the United States and Canada fighting side by side in the same cause and briefly reviewed the assistance that the new war was giving to make greater sacrifices in men and money before the Germans were beaten...

NEW HEALTH AND STRENGTH FOR WEAK GIRLS AND WOMEN

WEAK, WATERY BLOOD RESPONSIBLE FOR MOST OF THE ILLS FROM WHICH GIRLS AND WOMEN SUFFER.

Dr. Williams' Pink Pills Actually Make New, Rich Red Blood and Through This New Blood Restore to Health Weak, Despondent Sufferers.

If every young girl and every woman would realize that the majority of common diseases are due to weak, watery, impoverished blood, and that in this condition health can only be regained by enriching the blood, there would be fewer pallid faces, and nervous, breathless folk in the land...

CONSTANT HEADACHES. Miss A. Stenberg, Hallsbury Road, New Liskeard, Ont., says: "I have written: 'For several years I suffered terribly from nervous debility and was scarcely able to do a thing. During that time I consulted several doctors, and many medicines without getting any help, and I began to think that I would never get better. One day I saw Dr. Williams' Pink Pills advertised and thought I would try them. After taking four boxes I was much better, but I continued using the pills for several months when I was again in the best of health. When I began taking the pills I weighed 140. I recommend Dr. Williams' Pink Pills to every one whom I know to be ailing.'"

PALE AND BLOODLESS. Miss Doris Bastien, St. Jerome, Que., says: "For over a year my health had been almost to have turned to water, my cheeks were pale, my bloodless, and I suffered frequently from severe headaches, my appetite failed, and I was going into consumption. I had been doctoring but did not derive any benefit, and finally I had to give up my work and return home. It was at this stage that a friend brought me a box of Dr. Williams' Pink Pills and urged me to try them. By the time the box was used I thought they were helping me, and decided to continue with the pills. I took a half dozen boxes and no good and I had almost lost hope of getting better. I was asked to try Dr. Williams' Pink Pills, and it was not long before I was feeling better. They made me feel like a new woman and I was fully restored to my health. I would urge every weak and ailing girl to give Dr. Williams' Pink Pills a fair trial."

NEUROUS DEBILITY. Mrs. Alex. Gillis, Glenville, N. S., says: "I cannot praise Dr. Williams' Pink Pills too highly. They are really a wonderful medicine. I was very much run down, suffered from frequent dizzy spells, and had an almost constant severe pain in the back. My home work was no good and I had almost lost hope of getting better. I was asked to try Dr. Williams' Pink Pills, and it was not long before I was feeling better. They made me feel like a new woman and I was fully restored to my health. I would urge every weak and ailing girl to give Dr. Williams' Pink Pills a fair trial."

COULD SCARCELY WALK. Miss Hannah Hamilton, Everett, Ont., says: "After an attack of influenza I was so run down and anemic that I could scarcely walk. I had no color, no appetite, and constant headaches. The medicine I was taking was doing me no good and I had almost lost hope of getting better. I was asked to try Dr. Williams' Pink Pills, and it was not long before I was feeling better. They made me feel like a new woman and I was fully restored to my health. I would urge every weak and ailing girl to give Dr. Williams' Pink Pills a fair trial."

Do not be persuaded to take a substitute. See that the full trade mark name, 'Dr. Williams' Pink Pills for Pale People,' is printed on the wrapper around the box. If you cannot get these Pills through your dealer they will be sent by mail at 50 cents a box, or six boxes for \$2.50, by The Dr. Williams' Medicine Co., Brockville, Ont.

Abolish Afternoon Teas

Mrs. T. W. Crothers Would Simplify Our Social Life

MRS. T. W. CROTHERS, Wife of the Minister of Labor.

"People eat a great deal more than they need to—and largely from force of habit. It's really nothing more than custom that makes us have three meals a day. I believe in people eating only when they are hungry—like babies and animals. A great deal of food and time and energy might be saved by cutting out afternoon teas and calling around from house to house. Every extra meal should be proscribed. This 'babbling business' is a shocking source of waste in war-time."

Mrs. T. W. Crothers

The simplification of domestic life in the interests of greater food production sums up in a nutshell Mrs. Crothers' views on what is demanded of women at the present time. "Do away with unnecessary 'fussing' in the house," she says. "Save time and energy for productive work. Put away the silver. Store curtains and rugs. Reduce laundry to a minimum. Simplify cooking. In short—so arrange the work of the house that every woman and child may spend part of the day gardening or otherwise helping in the great essential of the hour—food production. "Women are constantly making the excuse, 'Oh, I'm so tired by the time my housework is done that I have no energy to do anything else.' "Why should housework be such a bugaboo at any time, and more especially when there is a war on?" asks Mrs. Crothers. "Every hour must be made to count during 1918, and now is the time for women to start making their plans. Everyone should be able to do something this year—even the youngest child. "When questioned regarding her views on compulsory rationing, Mrs. Crothers confessed that she could not see any great benefit in it for Canada now. "Too much machinery would be required. In any event, people were beginning to feel a certain sense of moral obligation. They were thinking more of the food question than ever before because they were compelled to. The high prices, if nothing else, made them realize that food conditions were abnormal. "You know," observed the wife of the minister of labor, "I think people eat a great deal more than they need to—and largely from force of habit. It's really nothing more than custom that makes us have three meals a day. I believe in people eating only when they are hun-

ROBUST CHILDREN

Give the growing children food that you know will build up muscle, bone and tissue—that will supply the energy to make them active as children should be.

Kellogg's Toasted Corn Flakes is just that kind of food—rich in bone and muscle-making proteins—more so than milk or beefsteak. Rich also in heat-producing carbohydrates which enable complete and easy digestion.

Being easily digested, Kellogg's Toasted Corn Flakes are fully assimilated. They make the ideal three-times-a-day food, not only for children—but also for grown-ups.

Sold only in the original red, white and green package.

entirely by women. Many of the civil service girls gave up their holidays to help with the work, and the children did their share, too. Asked what she thought about registration of women for work on the farms, Mrs. Crothers declared emphatically: "I don't think any regulations will be too drastic as far as the women of Canada are concerned. They are ready for anything. My experience is that they will do things quicker than men when they are fed the need. No matter what is asked of them, they will try to do it, but they like to be consulted and to go ahead with their eyes open. "Of course, I think the kind of women we should go to if we want to know what saving really means are those whose necessary forces to do the workmen who, by practical experience and force of circumstances, have to save, substitute and economize. "Mrs. Crothers proceeded to tell of instances that had come under her notice a few years ago in connection with the work of the Household League, when its members carried on a series of cooking demonstrations in homes where there was much suffering from unemployment during the first year of the war. Frequently they had gone to the kitchen to find a woman who had sometimes to keep her five cents a day. "These are the women who know what saving means, and their resourcefulness is wonderful," declared Mrs. Crothers. "I think that among the better-off, a great deal of time and energy might be saved by cutting out afternoon teas and calling around from house to house. This 'babbling business' is a shocking source of waste in war-time. "A woman used to be called 'stingy' if she were over-careful of crusts and crumbs. War has changed our viewpoint in many respects, and especially in this. What was 'stinginess' before is now the right and honorable thing, and it doesn't seem to me that women will ever again be as wasteful and extravagant as they have been in the past. Carefulness will have to outlive the war. "Mrs. Crothers thinks the war-tales might be more generally used than they are at present, seeing that they are among the finest of substance of many kinds could be used to advantage in the war-time menu. Here, again, a garden comes into play. And before anything else Mrs. Crothers would say to all and sundry: "Garden or farm in 1918!"

mental in getting 800 specialists in nervous and mental diseases for the United States army, and up to date 8,000 men have been rejected by the army through mental disorder or defect and the country saved much thereby. Every military base hospital has now a department dealing with mental diseases just as surely as it has a surgical or any other department. What the United States has done in this regard, as well as in the care of the insane and feeble-minded in civil life, will doubtless be an incentive to Canada to give more careful consideration to similar problems here.

Asked what she thought about registration of women for work on the farms, Mrs. Crothers declared emphatically: "I don't think any regulations will be too drastic as far as the women of Canada are concerned. They are ready for anything. My experience is that they will do things quicker than men when they are fed the need. No matter what is asked of them, they will try to do it, but they like to be consulted and to go ahead with their eyes open. "Of course, I think the kind of women we should go to if we want to know what saving really means are those whose necessary forces to do the workmen who, by practical experience and force of circumstances, have to save, substitute and economize. "Mrs. Crothers proceeded to tell of instances that had come under her notice a few years ago in connection with the work of the Household League, when its members carried on a series of cooking demonstrations in homes where there was much suffering from unemployment during the first year of the war. Frequently they had gone to the kitchen to find a woman who had sometimes to keep her five cents a day. "These are the women who know what saving means, and their resourcefulness is wonderful," declared Mrs. Crothers. "I think that among the better-off, a great deal of time and energy might be saved by cutting out afternoon teas and calling around from house to house. This 'babbling business' is a shocking source of waste in war-time. "A woman used to be called 'stingy' if she were over-careful of crusts and crumbs. War has changed our viewpoint in many respects, and especially in this. What was 'stinginess' before is now the right and honorable thing, and it doesn't seem to me that women will ever again be as wasteful and extravagant as they have been in the past. Carefulness will have to outlive the war. "Mrs. Crothers thinks the war-tales might be more generally used than they are at present, seeing that they are among the finest of substance of many kinds could be used to advantage in the war-time menu. Here, again, a garden comes into play. And before anything else Mrs. Crothers would say to all and sundry: "Garden or farm in 1918!"

"A MIND THAT FOUND ITSELF"

Clifford W. Beers, Once In-sane, Now Engaged in Helping Feeble-minded

(Toronto Globe). To have suffered the horrors of a mental breakdown thirteen years ago, to have spent three years of his life in hospitals for the insane, and completely recovering, to have had the splendid courage to turn his experiences towards the saving of others from like disaster, these are pages from the history of a man of striking personality who is in Toronto this week. He is Clifford Whittingham Beers and the instrument he used to blaze the trail leading to help for others was an autobiography of those three years, "A Mind That Found Itself," a wonderful book which William James declares to be the greatest study of such a subject from the inside that has ever been written. The definite object Mr. Beers had in view was a movement for the preservation of mental health and improved care and treatment for those suffering from mental diseases. A Great Movement. The movement is now much broader than the original plan and the national committee for mental hygiene, of which Mr. Beers is founder and secretary, embraces sixteen state societies for mental hygiene. The whole plan of the work, too, has broadened until now it includes work for the feeble-minded, the epileptic, the insane and the criminal, and studies the mental factors in crime, pauperism, prohibition, immigration and other problems. Outstanding figures in American public life comprise the committee and \$400,000 has been raised for its purposes. The story of this work will surely stimulate workers here to form a national committee on similar lines for Canada. Particularly will the war activities of the committee appeal to the Canadian worker. It has been instru-

a common desire amongst all men to do the will of the Father. In nothing less than this can there be any real brotherhood or any real peace. The love and the worship of God alone can be the transforming motive of international and social relationships. We are left to think out the laws and treaties in which that spirit of brotherhood must be expressed, but in the dissemination of the spirit of Christ is our only hope of the establishment of that reign of peace and blessing to which we look forward. "There shall come from out this noise of strife and groaning A broader and a juster brotherhood, A deep equality of aim postponing All selfish seeking to the general good. There shall come a time when each shall to the other Be as Christ would have him—brother unto brother. There shall come a time when brotherhood grows stronger Than the narrow bounds which now distract the world; When the cannons and trumpets blare no longer, And the iron-clad rusts, and battle-flags are furled; When the bars of creed and speech and race which sever Shall be bound in one humanity forever. What is involved in our daily prayer, "Thy Kingdom come?" Probably the service of all of us who are Christians has been on right lines in the past, but it has certainly not been zealous enough. The world is unquestionably improving, but how slowly! One reason why that improvement has been so slow is that we have anticipated the coming of the Kingdom of God in the very distant future. If ever we have dreamed of an ideal world, it has been so far down the ages, and so long after we are dead, that we have not felt the necessity of working hard for its establishment. Surely "Professe Jacks" is right when he tells us that we shall do better when we put a date upon it, and a near date at that. We now know that Germany had resolved upon a European war with France, Russia, and ultimately with Britain. Suppose she had said that she would have a war some time when she was ready; she never would have been ready by July, 1914, the Kiel Canal would be the biggest ships, and she determined that at that date everything else should be ready, and it was. We in Britain realized, perhaps, in well-informed quarters, that war with Germany was probable, but because we never knew when she would strike, we were never ready. It is not our attitude towards the Kingdom of God very much the same? If we imagine that its establishment cannot possibly come about except down the long centuries to come, we shall not hurry ourselves to do our part in our little lifetime. Everyone knows and admires the magnificent missionary work of the student volunteer movement. How much of their effort is due to their motto, "The evangelization of the world in this generation." Is it impossible to establish in our lifetime? This does not mean that the lives of Christians should be ruled by the time we die, international relationships might be established upon something like a Christian basis? Is it impossible to suppose that in our own social life at home Christian motives and Christian methods should, on the whole, be the rule of our lives? Should it be impossible that, if every church did its

CAPT. ANGLIN BRINGS NEWS OF FIGHTING 26TH

"Whenever there is a hard nut to crack or when there is a big objective to be taken the 26th Battalion are always sent to do it; and the best part of all is that it was a fighting man's tribute to a fighting battalion last evening when a Telegram reporter was cordially received at the home of Captain G. G. Anglin, M. C., son of Dr. and Mrs. J. V. Anglin, Lancaster Heights. Captain Anglin arrived home from Halifax yesterday following the 26th Battalion's hospital ship at that port a few days ago. The soldierly officer was greeted at the station by members of the reception committee and the band of the depot battalion was on hand to add a real martial tone to the meeting. Captain Anglin is on crutches having suffered two fractures of the leg in the fight around Passchendaele.

BEST LIVER AND BOWEL LAXATIVE FOR FAMILY USE

"Cascarets" Regulate Women, Men and Children Without Injury. Take When Bilious, Headachy, for Colds, Bad Breath, Sour Stomach.

Instead of nasty, harsh pills, salts, saster oil or dangerous calomel, why don't you keep Cascarets handy in your home? Cascarets act on the liver and thirty feet of bowels so gently you don't realize you have taken a cathartic, but they act thoroughly and can be depended upon when a good liver and bowel cleansing is necessary—they move the bile and poison from the bowels without gripping and sweeten the stomach. You get one or two at night, the candy and you wake up feeling fine, the headache, biliousness, bad breath, coated tongue, sour stomach, constipation, or bad cold disappears. Mothers should give Cascarets, feverish or bilious children a whole lot of Cascarets, they are harmless and safe for the little folks.

SPECIALIST SAID HE MUST OPERATE

St. John "FRUIT-A-TIVES" Instead, And Is Now In Perfect Health. "For three years I suffered great pain in the lower part of my body, with swelling or bloating. I saw a specialist, who carefully examined me and gave me several tonics to take, which did not help me. Then he told me I must undergo an operation. This I refused to permit. I heard about "Fruit-a-tives" and the wonderful results it was giving because this medicine is made from fruit juices, so decided to try it. The first box gave great relief, and I continued the treatment, taking six boxes more. Now my health is excellent—I am free of pain and swelling—and give "Fruit-a-tives" my warmest thanks."

ASSESSMENT ACT WAS DISCUSSED

Public Meeting of Commission and Citizens Talk Over Proposed Changes in Taxation Methods. That the old act respecting the taxation of the citizens with the addition of some features and the elimination of others, was what was needed at present, was the opinion of those present at the public meeting held in City Hall last evening for the purpose of considering the act which the assessment commission proposed, and the receiving by the public that might help them in their work.

END INDIGESTION OR STOMACH PAIN IN FIVE MINUTES

"Pape's Diapesin" Makes Sick, Sour, Gassy Stomachs Feel Fine. Time! In five minutes all stomach distress will go. No indigestion, heartburn, sourness, flatulence, gas, acid, or eruptions of undigested food, no distension, bloating, foul breath or headache.

PAPER'S DIAPESIN

Pape's Diapesin is noted for its speed in regulating upset stomachs. It is equally distributed to the people, for indigestion is the world-wide, and besides it is harmless. Millions of men and women eat their favorite foods without fear—they know "Pape's Diapesin" will save them from any stomach misery.

SEED OATS SALE

The provincial department of agriculture has announced that it has laid down in car lots in three-bushel sacks, seed wheat it being sold at \$8 a bushel in car lots. Local freights must be borne by the purchaser. In some cases distributing charges will be added.

CANADIAN WINS VICTORIA CROSS

The Twenty-ninth was Floored—Newcastle Man Promoted to Commissioned Rank. It is officially announced that the Victoria Cross is awarded to Lieutenant Hugh MacKenzie, D. C. M., late Canadian M. G. Corps, "for most conspicuous bravery and leadership in charge of a section of four machine guns accompanying the infantry in an attack. Seeing that the officers and men of the non-commissioned officers of an infantry company had become casualties and that the men were hesitating before a nest of enemy machine guns, which were on commanding ground and causing them severe casualties, he handed over command of his guns to a N. C. O., rallied the infantry, organized an attack and captured the strong point. Finding that the position was swept by machine gun fire from a "pill-box" which dominated the ground over which the troops were advancing, Lieutenant MacKenzie made a reconnaissance and detailed flanking and frontal attacking parties, which captured the "pill-box," he himself being killed while leading the frontal attack. By his valor and leadership this gallant officer ensured the capture of these strong points and so saved the lives of many men and enabled the objectives to be attained."

YOUR SICK CHILD IS CONSTIPATED! LOOK AT TONGUE

If Cross, Feverish or Bilious Give "California Syrup of Figs." No matter what all your child, a gentle, thorough laxative should always be the first treatment given. If your little one is out-of-sorts, half-sick, isn't resting, eating and acting naturally—look, Mother, see if tongue is coated. This is a sure sign that its little stomach, liver and bowels are clogged with waste. When cross, irritable, feverish, stomach sour, breath bad or has stomach-ache, diarrhoea, sore throat, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the constipated poison, digested food and sour bile gets out of its little bowels without spilling, and you have a well, playful child again.

NO STANDARD BREAD

HERE UNTIL MARCH 15. Contrary to the new bread-making regulations St. John bakers did not make their bread yesterday from standard flour. These regulations went into effect on March 1, and practically without exception the bakers all over the island made their bread from the new flour. The reason that the local bakers did not obey the order was because there was a standard flour in the city. As soon as they realized that there would be no standard flour here then the regulations came into effect, the bakers wired to the permission had the time extended until March 15. During the next two weeks the citizens will be able to buy the regular white bread in spite of the order.

SEPARATE DEPARTMENTS

A movement is on foot, which claims Halifax as its birthplace, for the division of the present department of marine and fisheries. The idea is that a separate portfolio be provided for fisheries, distinct and apart from the naval administration at Ottawa. The movement began in the fishing committee of the Halifax board of trade, and it is understood that other boards of trade throughout the maritime provinces will be memorialized and asked to join hands that they may be brought about and the request granted.

THESE BAD RESULTS FOLLOW A LAZY LIVER—CONSTIPATION, DIZZIED STOMACH, HEADACHE, BILIOUSNESS, AND OTHER EVIL, PAINFUL, DANGEROUS THINGS.

This Good Old Remedy comes to the rescue. Take two or three pills at bedtime—once, after that, one each night; two, now and then, if necessary. CARTER'S LITTLE LIVER PILLS. Genuine bears Brandmark. Colorless faces often show the absence of iron in the blood. Carter's Iron Pills will help this condition.

TO BUY TUGBOAT

Chief Engineer John McDonald of Halifax (N. S.) arrived in the city yesterday in the interests of the Nova Scotia Construction Company who were about to purchase the tug Palmouth, owned in St. John. The tug is the property of the Maritime Dredging Company and it is understood that the Nova Scotia Construction Company is desirous of obtaining her cherty for her engines, which are said to be of a good type. It is very difficult and almost impossible to secure engines and boilers at the present time in the Nova Scotia Construction Company, in the course of its work, requires a little of this type of equipment.

Big Westerns Draw. New York, March 1.—A catch-as-catch-can wrestling match between Wladislaw Zyzanski of Poland, and Joe Stecher resulted in a draw at the end of two hours wrestling at Madison Square Garden tonight. In the preliminaries the Zyzanski-Stecher contest, Yonass Hassane of the Balkans was awarded the decision by Referee Dr. Roller, over Charley Cutler, of Chicago, for his aggressiveness and better work in a rough and tumble bout. John Freiberg, of Sweden, threw Harry Stevens, of England.

Interesting Amateur Match.

One of the most interesting amateur wrestling matches ever held in this city took place last evening in St. Peter's Y. M. C. A. gymnasium, when two members, Edward McCann and James McCurdy, met to decide which was the better mat artist. The former won after eighteen minutes of fast and clever wrestling. A large number of members were present and thoroughly enjoyed the match. Clever work by both grapplers was warmly applauded.

ENDORSE "DAMAGED GOODS."

Hullfax, Mar. 2.—A private exhibition of the moving picture, "Damaged Goods," was given in Hullfax yesterday before other prominent citizens, including Governor Grant. It has hitherto been under the censor's ban but the meeting yesterday unanimously adopted a resolution endorsing it and advising that the ban be removed.

SOLDIERS IN CHATHAM.

One hundred and fifty soldiers from Winnipeg, of the 1st Depot Battalion, arrived here Saturday afternoon and went into the exhibition building barracks, which has been made ready for receiving them.

BASEBALL STORIES OF THIRTY YEARS AGO.

BY JOE PAGE

Lieut. Grantland Rice, 115th Field Artillery, U. S. A., noted the country over as one of the greatest of the great sport writers, picked an all-star baseball team a few weeks ago which caused the old veteran of the game, Capt. Carson, to come back with a team of real old-timers who, he said, were both up to and possibly better than the present day stars of the game. He named for the benefit of the present day baseball reader, the following players—Catcher, Buck Ewing and King Kelly; pitchers, Amos Rusie, John Clarkson, Jim McCormick; first base, Capt. Anson; second base, Fred Pfeffer; third base, Ed. Witherell; short stop, Ross Barnes; outfielders, Bill Lange, George Gore, Jimmy Ryan and Hugh Duffy. Many of these have long been forgotten by the modern fans.

While with one exception (Ross Barnes) the writer is fully acquainted with the work of the modern and veteran teams as picked by Grant Rice and Capt. Anson, there is no wish to enter into the question of which is the best team, further than to say that the two would prove to have been wonderful baseball machines of the past and present day. But in this case these men never played as a team together.

I have in mind, however, something unique in the history of baseball—how close one man came to be the owner of two ball clubs in one city, in 1890, when the late A. G. Spalding put the two over here was the make-up of the regular teams, and past or present day picked teams would have had to travel some when it came to general all round knowledge to beat them either in offensive or defensive playing.

Chicago Nationals—Anson, Pfeffer, Cooney, Burns, Williamson; infield, Duffy, Ryan, Wilcox, Carroll and Foster; outfield, Tuby Tumbert, Stein, Duffy, Kitzbridge and Nagle, catchers.

Spalding, as stated before, controlled the second team by right of purchase, but being opposed to syndicate baseball, he cast about to dispose of it, to him, white elephant. The franchise, players and good will finally were disposed of going to St. Louis, with membership in the American Association. Here was the line up: Combsky, Sigon, Fuller, Lyons, infield; Dunay Hoy, O'Neill, McCarthy, outfield; Stivits, Griffith and Breitenstein; pitcher, Boyk, catcher, Neal and Munyan, utility.

There are a few teams, one thinks, that could be picked, past and present, that could beat the above ones. But I never yet saw two teams so good as these, owned for a time by one man.

Writing of these players brings to mind a story of those days, concerning one of the players. He was an infielder. He had matrimonial aspirations and at the time was engaged to a young lady, young lady to the altar. The ball tosser wished to present to his bride-to-be some thing unique at Christmas time, and he went to a jewelry store to make the purchase. Among the many articles he examined was a very handsome pair of earrings with large gold buckles, pair of the face of a clock. The dial of the "clock" was plainly visible, but the hands were missing. It was a case of "hands off." The jeweler was not long in selling the earrings, the young lady's name was engraved upon them, and they were sent to her Christmas, minus the name of the donor. She recognized his name as "Robert the Devil" in his

Cyrus H. K. Curtis, in a series of leading editorials in his Philadelphia Public Ledger, has been sounding a timely and impressive warning to American business men who are inclined to curtail their activities in the war period. He calls for courage in the business office which shall match that shown by our boys on the firing lines. He warns that a slackening of industrial effort will lead to a paralysis of the national strength. "Progress and not penitence," says Mr. Curtis, "courage and not cheese-paring, enterprise and energy rather than a too timid economy are the watchwords. Let us spend wisely, let us shun waste, let us get our money's worth. But let us remember that a dollar is like a bicycle bearing burdens when it stops rolling."

A SOLDIER'S RETORT. A pacifist was addressing a crowd of people at Hyde Park, London. Standing near him was a Cockney soldier in uniform smoking a cigarette. Said the pacifist: "This war is criminal and barbarous, men killing each other. Look at that man in uniform! He is a murderer. He kills his brother man. He belongs to an army of murderers. Look at me. I am a pacifist, I belong to the army of heaven." The soldier grinned as he retorted: "Say, old top, you're a hell of a long way from your barracks!"

MURPHY PAYS BIG PRICE FOR PACER Veteran Horseman Purchases Oro Fino for \$5,000 at Fasig-Tipton Sale New York, Mar. 2.—Thomas W. Murphy, the veteran and horseman of Poughkeepsie, N. Y., paid the highest price at the second day's session of the Fasig-Tipton mid-winter auction at Madison Square Garden yesterday, earning this distinction for the two days the sale has been in progress. Yesterday's session marked the close of the sale. Murphy purchased the bay stallion pacer Oro Fino, bred and consigned by W. G. Durfee, and holder of the world's three-year-old record for a half-mile track. The purchase was made at a private sale, just \$100 below the price paid on the first day of this sale for Miss Harris, the six-year-old pacing mare by Jeter, the Great-Mary Allen, the only two-minute pacing mare in the country. The consignor of Oro Fino, W. G. Durfee, is retiring from the active trotting and pacing sport, and his consignments of horses attracted the most attention at the closing sales. A total of thirteen Durfee horses came under the eyes of the buyers, and the hammer of Auctioneer George A. Bain and their prices were the largest of the day. The highest price for a horse under the hammer was paid for Durfee's bay mare pacer White Sox, by Del Corrado-Sabito. This animal was knocked down to W. S. Fenwick, a Canadian trotting enthusiast, for the sum of \$2,775. White Sox was foaled in 1904, and it was said yesterday her new prices were the greatest of her career. In his racing career White Sox, by Del Corrado, won a creditable record, and mile distances. Another high-priced horse in the Durfee lot was General Villa, a bay gelding, which was bought by J. A. Kernan of this city for \$700. A total of fifty-five horses was put on the block, and exclusive of the Oro Fino sale, aggregated \$31,175. This mark is higher than was reached on the first day of the sale. The average price, \$884, was also higher than the first day's average.

CARUSO AT 45 King of Tenors Celebrates Birthday in New York—Something of His Career Caruso celebrated a birthday on last Monday, a matter of some interest to his thousands of admirers, by taking a day off from singing. The tenor, who in fifteen years has seen no diminution of his popularity in America, was at home to a few intimate friends at his hotel quarters on a tenth floor looking up Broadway from the Forty-second street corner. He was a man of thirty years, who had first reached New York, under a contract made with Maurice Starr, which that greatest discoverer of stars did not live to carry out, so that Caruso's debut was the chief heritage of the later Conzelmann. With the reorganization of the Metropolitan Company under the direction of Gatti, the tenor found himself again associated with an Italian fellow-countryman for whom he had sung in the year 1900 at the Scala in Milan, where he had appeared in such operas as "La Boheme," "Le Maschere," "Edgar," "Amore, Germania," and "Mefistofele." Caruso was forty-five years old on Monday, still in the prime of life so far as physical condition is concerned, with every prospect of singing for years to come. Tomorrow at fifty years sang in public the tenor in "William Tell." That giant of tenors of other days, Mr. Gatti said recently, sang to a friend the name of the donor. She recognized his name as "Robert the Devil" in his

The Brooks Rupture Appliance Is Sold Round the World.

While the home of the Brooks Appliance Co. is at Marshall, Mich., its business extends practically every corner of the civilized world.

The home building at Marshall is the largest establishment of its kind in this or any other country, and occupies 15,000 sq. ft. of floor space exclusively devoted to the manufacture and sale of the Brooks Appliance. (This does not include printing offices, or other interests).

In London, England, the Brooks Co. maintain a large establishment in the Kingsway House, Kingsway, W. C.

In Amsterdam, Holland, the European business is conducted from No. 4 Paleisstraat.

You will be most welcome and will receive most careful personal attention in any of the Brooks institutions, either in this country or abroad.

Even in China, Japan, Africa, South America, Asia, Alaska, and in fact all over the world, even to the remote islands of the seas—wherever civilization has forced her way—you will find the Brooks Rupture Appliance bringing relief and comfort to rupture sufferers.

Child Cured in 3 Months.

Brantford, Ont.
11 Richardson St.

Mr. C. E. Brooks, Marshall, Mich.

Dear Mr. Brooks—Just a line to let you know your Appliance has completely cured our little boy and we are very well pleased with it. We had it on him for about three months, and since he has had it off the rupture has not shown at all.

Yours truly,
MRS. G. SUDDABY.

Now Does Hardest Kind of Work.

Caryon, Ont. Can.
Mr. C. E. Brooks, Marshall, Mich.

Dear Sir—I wore your Appliance one year and was surprised, needless to say pleased, to find that I was cured. Two years have now elapsed without my wearing or using anything even while doing heavy lifting, and there are no signs of its return. You now have my heartfelt thanks and recommendations. I shall always remember to speak its merits to other sufferers.

His Rupture a Thing of the Past.

Cordova, Man. Can.
Mr. C. E. Brooks, Marshall, Mich.

Dear Sir—I am thankful that I can say my rupture is entirely healed up. I used your Appliance about a year and a half. I do all kinds of farm work, lifting heavy stones, etc. I wish to thank you from the bottom of my heart. No one but those who have rupture, know the relief and satisfaction there is in realizing that it is a thing of the past.

Cured By the Brooks Discovery

From the battle front in Europe comes a letter written by Private John Carter, whose home address is No. 2 Shaw View, Flinton, telling of his complete cure of rupture from wearing the Brooks Appliance.

C. E. Brooks.

Dear Sir—

I received your letter by first post this morning. I beg to thank you for your Appliance which was instrumental in the way it cured me of my rupture. I have now been in Kitchener's army seven months, and I have gone through some of the roughest all the training and I have never felt anything and not had the slightest trouble. I remember when I passed the doctor he remarked, "There is nothing wrong with you, young man, you are in the best condition," and he sounded me all over, and I again thank you for the same, and I give my consent to use my letter as a testimonial to anyone, as I have been cured. Hoping you and your firm much success.

Yours truly,
John Carter

A Great Help to Blanking.

South Qu'Appelle, Sask., Canada.
Mr. C. E. Brooks, Marshall, Mich.

Dear Sir—I wore your Appliance for about one year and six months and I felt able to put it aside and have not needed it since, for which I am sure I have felt grateful to you. Your Appliance is a great help to mankind and whenever I have been able to recommend to any sufferers, I have gladly done so.

JOHN CORNEY.

Completely Cured.

Muncey, Ont. Can.
Mr. C. E. Brooks, Marshall, Mich.

Dear Sir—I am completely cured after wearing your Appliance for over 9 months. The rupture has never returned and I don't feel the slightest weakness. I shall always be pleased to recommend your Appliance to anyone I know suffering from rupture.

Others Failed—Brooks' Appliance Cured.

Kennell, Sask., Can.
Mr. C. E. Brooks, Marshall, Mich.

Dear Sir—I have used your Appliance for about a year and can say it has absolutely cured me. I have had several trusses before and none helped me, but after wearing yours about three months I noticed a change. I could walk with more comfort and do hard work. Thanking you.

F. L. WALBAUM.

Pleased With Result.

Thorold, Ont. Can.
Mr. C. E. Brooks, Marshall, Mich.

Dear Sir—My boy was ruptured when he was about two years old. I tried a couple of trusses from local doctors without much success. About five years ago I sent for one of your Appliances and I never noticed the rupture come down after he wore it. When it was worn out (about a year ago), he discarded it and has not since been troubled. He is now 11 years old—skates—plays football, hockey and all kinds of games—without trouble, for which we are very grateful.

MRS. HUGH GRANT.

The above is C. E. Brooks, inventor of the Appliance, who has been curing rupture for over 30 years. If ruptured, write him today at Marshall, Mich. He knows all the tortments of rupture from personal experience. Mr. Brooks cured himself and now stands ready to give you the benefit of his experience and years of study.

Doctor Thought Boy Would Not Recover.

TEN REASONS WHY YOU SHOULD SEND FOR THE BROOKS RUPTURE APPLIANCE

1. It is absolutely the only Appliance of the kind on the market today, and in it are embodied the principles that inventors have sought after for years.
2. The Appliance for retaining the rupture cannot be thrown out of position.
3. Being an air cushion of soft rubber it clings closely to the body, yet never blisters or causes irritation.
4. Unlike the ordinary so-called pads, used in other trusses, it is not cumbersome or ungainly.
5. It is small, soft and pliable, and positively cannot be detected through the clothing.
6. The soft, pliable bands holding the appliance do not give one the unpleasant sensation of wearing a harness.
7. There is nothing about it to get foul, and when it becomes soiled it can be washed without injuring it in the least.
8. There are no metal springs in the Appliance to torture one by cutting and bruising the flesh.
9. All of the material of which the Appliances are made is of the very best that money can buy, making it a durable and safe Appliance to wear.
10. My reputation for honesty and fair dealings is so thoroughly established by an experience of over thirty years of dealing with the public, and my prices are so reasonable, my terms so fair, that there certainly should be no hesitancy in sending the free coupon today.
