THIRD FIRE IN DISTRICT OF DELHI DURBAR

Official London Somewhat Anxious for King Because of Outbreaks

INCENDIARISM THEORY

There is No Proof and Indian Police Do Not Believe Fires Were Set But There is Fear That Trouble May Follow

(Canadian Press) London, Dec. 6.—Much anxiety is reflected in official circles in London over the burning Durbar ceremonies. Before the Durbar in England, there were many people in whose opinion the king's visit to India did not seem advisable, owing to the many outrages which have occurred recently in that country. This feeling has been revived by the news of fire in the Delhi district although there is no proof that the outbreaks were of incendiary origin.

The precautions against fire, which were arranged in November, were so elaborate that it was hoped that none would occur. The Durbar in Delhi did not suggest incendiarism, but it is pointed out here that this theory cannot be dismissed without further information.

A tent which was destroyed yesterday afternoon, was not erected in the Durbar grounds, but adjoining the point where the Durbar will be held. It belonged to the Maharajah of Behar and had been erected by the government. It is all well insured.

Delhi, India, Dec. 6.—During a rehearsal of the king's state entry yesterday, still another fire occurred. A large store on the banks of the river Jumna filled with fireworks was completely destroyed.

A petrol tank within the fort took fire last night. While the Durbar was being held it was the third fire of the night. The police do not believe the outbreaks have any sinister meaning, but they are watching them very closely to prevent further outbreaks.

CANADIAN TEAM TO COMPETE IN OLYMPIC GAMES

The Government to Be Asked for Funds—Riflemen to Be Included—Late Sporting News

(Canadian Press) Toronto, Dec. 6.—The Canadian Olympic committee was held yesterday. The committee was formed on nomination of the Canadian representative on the international Olympic committee, Brigadier General Sir John Hanbury Williams, who named Rev. Dr. D. Bruce McDonald of Toronto, E. Herbert Brown of Montreal, James G. Merrick of Toronto, and R. Tasker Steele of Hamilton, Mr. Merrick was chosen chairman, and N. H. Crow secretary-treasurer.

It was decided that the committee should ask the Dominion government for a grant for financing a Canadian team to the Olympic games in Stockholm, Sweden, early next summer.

The Dominion Rifle Association will be urged to select a team of Canadian riflemen from the Bisley contingent, and send it to Stockholm to take part in the rifle competitions. The presidents of the sectional branches of the Amateur Athletic Union of Canada were nominated as the committee and representatives for holding of trials for the selection of athletes.

From these preliminary selections general trials would be held to determine those composing the team. To ensure a place on the team, past performances and records at the trials must come within measurable distance of previous Olympic performances in point of merit. No athlete or member of a team will be permitted to go without the endorsement of the Canadian committee.

New York, Dec. 6.—Mike Gibbons, of St. Paul, a welter weight, had the better of Walter Coffey, a California middle-weight, in every round of a ten-round bout at the fairmont A. C., last night. Several times Gibbons appeared to have Coffey on the verge of a knock-out, and each time the fight intervened.

Toronto, Dec. 6.—The Allan cup controversy was ended yesterday, when the trophy was returned to the cup trustees in Montreal by the O. H. A., which has had the cup since the spring of 1910. The trustees have withdrawn the cup from competition unconditionally, and to allow them to make a new set of rules, the O. H. A. agrees to return it to the original donor, Sir Montague Allan.

Los Angeles, Dec. 6.—Another favorable bulletin was given out last night on the condition of light eight champion, Ad Wolgast. "He is doing fine, and will be out in due time. There are no signs of any setback in his condition," said the bulletin.

Detroit, Mich., Dec. 6.—If the plans of President Nevin of the Detroit American baseball club do not fall, Hugh Jennings will sign his 1912 contract as manager either in a Scranton hospital or soon after he leaves it. It is understood Jennings is to receive a raise in salary.

Paris, Dec. 6.—In a published interview, Jack Johnson, the colored heavy weight pugilist, reiterates his resolution to retire from the ring. "You can announce my definite retirement," says the fighter. "I never again will enter the ring, even if I find myself working for \$10 a week for my bread."

Persia has Fists Up Sends Ultimatum to Big Neighbor Russia—Porte Also Gives Bear a Check

London, Dec. 6.—A despatch from Teheran to the Post says Persia has sent an ultimatum to Russia, demanding that the Russian troops should not advance beyond Kaxvin and that no more Russian troops should be sent there. If these demands are not accepted within thirty hours, Persia gives notice that she will attack the Russian troops.

All factions, according to the correspondent, are uniting against the Russians, whom they regard as the common enemy.

Berlin, Dec. 6.—A despatch to the Morning Post from Constantinople says that the Porte has emphatically rejected Russia's demand that the Bosphorus and the Dardanelles should be open to Russian warships.

Washington, Dec. 6.—Persia has made a direct appeal to Great Britain to act as mediator in an effort to negotiate a settlement of the crisis with Russia, according to despatches received here from semi-official sources in Teheran.

At the same time an appeal was received from the united Persian press urging newspapers to create sentiment with a view of reaching some solution of the situation compatible with the dignity and honor of Persia.

The progress of Russian troops towards Teheran has been temporarily stayed and the troops proceeding from Rehit toward Kaxvin and Teheran will be halted at the former city and held outside of Teheran so long as there are no disturbances in that city.

WHERE THEIR MAJESTIES LANDED IN INDIA

This palatial building is the Victoria station at Bombay, where King George and Queen Mary landed on their way to Delhi. The Royal transport "Medina," with its conveying warships, had a stirring time going across the deep, with chilly winds and crashing waves.

REGENT OF CHINA HAS ABDICATED

Prince Chun Gives up Power in The Stress Of Storm

Was Chief Figure

His Regency Was a Troubled One and He Has Not Shown Old Time Vigor—France Sends Troops to Peking

(Canadian Press) Peking, Dec. 6.—Prince Chun, the regent, father of the child emperor, abdicated today. His place as guardian of the throne is being jointly by Shi-Hsu, a Manchurian prince, and former president of the national assembly, and Hsu Shih Cang, vice president of the privy council. Prince Chun has been the chief figure in China since the death of the emperor, Kwang Su, and the emperor dowager in 1908. In the dark days which followed the death of these rulers, he proved himself the greatest of all the wranglers and intrigues and emerged the ruler of China.

At no time was Prince Chun's regency a smooth one. He tried to hold to a middle ground, which pleased neither the Manchurian reactionaries nor the native progressives.

He has handled the present crisis with perhaps something less than his old time vigor, and recent representations have indicated that his mind was wandering. Wu Fang Tang, who is now one of the revolutionary leaders, in Shanghai, issued an appeal to Chun a few days ago, urging him to abdicate in favor of the republic. It was reported later from Peking that Sun was willing to accept a pension and retire to Je Hoi, if his personal safety were assured.

Hong Kong, Dec. 6.—A detachment of French troops consisting of 200 men of colonial infantry and a battery of four guns arrived here today and have since sailed for Peking.

London, Dec. 6.—The Peking correspondent of the Daily Telegraph says that a secret agreement exists between Russia and Japan by which these two powers demand an inalienable right sixty per cent. participation in all future loans north of the great wall and bind themselves to secure the cancellation of article XVI of the "Fundamental Law" of 1911.

Article XVI, last, has been the subject of wide discussion, both Japan and Russia offering objection to it from the first. In substance it provides that the bankers making the initial loan shall have the option of undertaking further loans should the government desire to obtain money from other than Chinese sources. It also provides that "should the Chinese government decide to invite foreign capitalists to participate with Chinese interests in Manchurian business contemplated under the loan, or to be undertaken in connection with it, the bankers supplying the original loan shall be first invited to so participate."

The examination of Hyman Goldberg, resulting from the assignment of M. Goldberg & Co., was continued before Judge Forbes this morning. The witness was subject to a severe cross-examination by Mr. Taylor, acting for the Bank of British North America, in an endeavor to get something definite in regard to the check book used by the company.

J. K. Kelly also contends that the defendants have a look in which was recorded the sales made to pedlars and the existence of which book is denied by the defendants. The case promises development before the matter is settled. F. R. Taylor appears for the Bank and J. King Kelly for the estate inspector.

TWO KILLED IN AIR FLIGHT

London, Dec. 6.—A double aviation fatality occurred at Filey near Scarborough, Yorkshire this morning. Herbert Ockey, an aviator, was killed instantly while his passenger, Robert Weiss, sustained such injuries that he died soon afterwards. The aeroplane was crashed.

TAKE UP ACTION IN THE HERBERT CASE AGAINST NE TEMERE

Preliminary Move to What is Looked On as General Attack Upon the Marriage Decree

Montreal, Dec. 6.—(Canadian Press)—What is to be a preliminary move towards a general attack on the Ne Temere decree, to test the validity, in law, of the much discussed church ruling, was made yesterday when Geo. V. Constant, acting in the interests of Mrs. Herbert, entered an inscription for final judgment ex parte on the opposition offered against the ruling of Mr. Justice Lauradeau some months ago.

The opposition asks that the judgment be definitely nullified and set aside, that the marriage contracted before Rev. Mr. Emberlake be declared legal and valid, and that the order for damages against the ecclesiastical court, which promulgated the decree, be also nullified as a possibility.

Federal Grand Jury to Investigate Alleged Nation-Wide Dynamiting Conspiracy—Los Angeles the Place, and Reasons For Selection

(Canadian Press) Los Angeles, Dec. 6.—Nothing but the gallows at the end, is the outcome predicted by Attorney Darrow as chief of counsel for the defense, if the McNamara trial had run to a verdict and to subsequent appeals. For the first time Mr. Darrow cited specific instances of evidence which he said it would have been impossible to refute. He declared that even to have put James B. McNamara on the stand in his own behalf would have been hopeless.

The amazing quantity and completeness of evidence gathered against the McNamara, which led their chief of counsel to seek eagerly for terms on which his client might plead guilty.

A conference to determine the scope of the federal grand jury investigation was held today by government officials following a conference yesterday. The grand jury will convene tomorrow.

Indianapolis, Ind., Dec. 6.—Steps were taken last night at a meeting of a conference of international trades unions of Indianapolis, composed of international officers, to protect its members from becoming victims of untried organizations.

Resolutions were adopted not condoning the McNamara, but maintaining the procedure in taking John J. McNamara from Indianapolis as wrong. Believing that the same procedure might be adopted in the arrest and detention of other union officials, the conference decided to be prepared to make a stronger fight than was made in the McNamara case.

C. P. R. CHARGES FRAUDS AND HAS THREE ARRESTS MADE

Two Former Employes One Are Still With the Company in Custody in Toronto

Toronto, Ont., Dec. 6.—After several months of investigation, three men were arrested last night, charged with defrauding the Canadian Pacific Railway passenger department out of sums aggregating over \$2,000.

Two of the prisoners, B. Aknet, and J. A. McPherson, were dismissed from the service last August when irregularities were discovered in their work. The third prisoner, J. J. Adams, is still employed by the company.

The methods by which the alleged frauds were committed are declared to have been either the forging of vouchers on which refunds for tickets were obtained from the head office in Montreal, or in withholding of refunds from legitimate applicants.

CORRESPONDENTS SAY ITALIANS WERE NOT GUILTY OF ATROCITIES

Blame Turks for Outrages—A Message from English and French Newspaper Men in Tripoli

(Canadian Press) New York, Dec. 6.—Giornale Italiano of this city has received a cablegram from Tripoli, the scene of the principal engagements of the Turko-Italian war, that has a bearing on the allegations of Italian atrocities at that place.

The message is dated December 3, and is signed by the correspondents of two English and two French newspapers, and is as follows:

"The correspondents whose signatures follow, witnessed the events in Tripoli from October 30 to October 30, and they affirm that the Italian soldiers have not been guilty of the atrocities they have been accused of by some newspapers, also that the executions ordered here have been but the necessary repression of a pre-arranged revolt among the Arabs who had previously submitted to the Italians. The undersigned affirm further that Moslems persecuted on Christian Nova Scotia, Prince Edward Island and Maine, and points throughout New Brunswick to be present this afternoon and evening at the celebration of degrees in Keith's Assembly rooms. There is a large class of candidates for this city following the securing of the handsome new quarters in Coburg street. This evening will be the first time for nearly a year and a half that the third degree will be worked in St. John, and the celebration ceremonies will be attended by many prominent persons, even to Keith's a reception taking the form of a smoking concert will be held, and an interesting programme will be given.

SOCIALIST CANDIDATES ARE BEATEN

Los Angeles Election Gives Government Man Majority Of 40,000

(Canadian Press) Los Angeles, Cal., Dec. 6.—Socialism as enunciated by Job Harriman and Alexander Irvine went down to defeat in Los Angeles yesterday by an overwhelming majority. Mayor George Alexander, leading the government forces, will be re-elected by a majority that from present indications will reach 40,000.

The women were treated with the greatest gallantry. Many mothers went to the polls pushing baby carriages, and often the father took care of the baby while mother voted. In one precinct, a puzzled woman voted in favor of the prohibition ordinance though she was opposed to it. When she learned what she had done, she rushed back to the booth and declared: "I want to change my vote." She was impossible.

"Oh, but it must be changed," she replied, and the election officers patiently explained that it was against the law. In one of the west side precincts, where voting went on throughout the day at the rate of two a minute, there was just a sign of impatience when a woman voter indignantly inquired why there was not a mirror in the place.

"Mirrors were not included in the election supplies," replied the chairman of the election board. Then he went to his home and brought a looking glass. It was hung outside so as not to block the voters passing constantly through the doorway of the booth.

WOODSTOCK HOTEL MAN DIED TODAY

Thos. J. Boyer Was Proprietor for Thirty Years in Mrs. Fred Webber Dead in States

Woodstock, N. B., Dec. 6.—(Special)—The death of Thomas J. Boyer, proprietor of the Victoria Hotel, took place this morning in the hotel. He had been in failing health for the last two years, but his death, while not unexpected, came as a blow to his many relatives and friends. He was seventy-seven years of age, and is survived by his wife, formerly Mrs. Catherine Stevenson, to whom he was married thirty-two years ago; three daughters and one son, Mrs. George Scarborough of St. John, Mrs. Clara Burpee of Brownville Junction, Miss Carrie and George W. Boyer at home, are the children.

He was born in this town, and his young manhood was spent in the lumber business. He started the Exchange Hotel in Hartland, and about thirty years ago purchased the Victoria Hotel in Woodstock, and successfully conducted it until his death. He was a member of the Royal Arcanum, in which he carried insurance. Mrs. John Shea of Little Falls, Minn., and Mrs. Carrie Dixon, of Somerville, Mass., are sisters, and George Boyer of Somerville, is a brother of deceased. The burial will take place in Hartland.

Mrs. Fred Webber, who but a few months ago, with her husband, removed from here to Alliston, Mass., died suddenly last Monday at her home in that city. She was in failing health when she left here. The body was brought here on the noon train for burial. One sister and two brothers in Woodstock survive—Mrs. Geo. H. Saunders and J. A. Hayden and Wm. Hayden.

P. E. ISLAND ELECTION DATE JANUARY 3

Charlottetown, P. E. I., Dec. 6.—(Special)—The provincial general elections will be held on January 3. The date was fixed at a meeting of the Conservative cabinet last night. Almost all the candidates are in the field, having been nominated during the summer in anticipation of the coming contest.

BATH FOR PRISONERS IN THE COUNTY JAIL

Sheriff DeForest Plans Improvements, Making For Cleanliness

Sanitary conditions in the county jail have been receiving the attention of Sheriff DeForest since his appointment to office, and he is preparing to recommend effective measures to make the place more cleanly and hygienic. One plan which he favors is the coating of all the cells with a waterproof enamel paint which can be washed down with hose at regular intervals and so kept perfectly clean, which is declared impossible with the present condition of the premises. Another improvement which he considers essential is a large shower bath, which every prisoner should be forced to use as soon as convicted.

SEND CAR THROUGH TO HALIFAX FOR PRINCESS

There was taken through the city this morning the private car of His Royal Highness the Duke of Connaught, which is to be taken to Halifax to meet the S. S. Empress of Ireland, conveying the Princess Patricia of Canada. The royal private car "Canada" was taken through yesterday. It is not known whether or not the princess will pass through here on her way to upper Canada. The "Connaught" was attached to the second section of the Montreal, which was half an hour late in arriving, bringing a large number of passengers. The first section was on time, and had 150 passengers for the S. S. Victorian, of the Atlantic line, to leave on Friday.

ARRESTED IN HALIFAX With Mother's Children

Halifax, N. S., Dec. 6.—(Special)—William Shepherd, of Calgary, was arrested here this morning under a warrant from Calgary which on the way to England. He is charged with obtaining \$400 under false pretences from Chas. Roddick. He denies the allegation.

HOME RULE AT THIS SESSION, SAYS ASQUITH

London, Dec. 6.—Premier Asquith announced this afternoon that the government would use all its constitutional means to pass a home rule bill for Ireland during the life of the present parliament. He declared this in reply to a question from William O'Brien, M. P., who expressed concern at a recent report that Mr. Asquith was trying to get the House of Lords to throw out the home rule bill, when it reaches the upper house.

FREDERICTON MEN MAKE PURCHASES AT NEW YORK HORSE SHOW

Seven Horses Brought to the Capital—Borden Government Criticized—Bank Changes

Fredericton, Dec. 6.—(Special)—John E. Sullivan and Alderman Bennett, returned last night from New York, where they attended the horse show. They and other Fredericton men purchased seven animals, all high-class racing stock. Mr. Sullivan bought Martin Walnut, Roy Smith purchased a valuable hackney and W. A. Clark the pacing mare Melville.

The action of the government in reviving the office of inspector of weights and measures, abolished by the Liberals fifteen years ago, has created considerable surprise here. There was no demand for a revival of the office, but it was wanted as a reward for a worker, and that view of the matter carried weight with the patronage dispensers.

W. E. Jardine, manager of the Bank of New Brunswick, who is to leave for Vancouver in a few days to locate, will be succeeded by W. S. Thomas, at present in charge of the Sussex agency. C. W. Rudick, accountant, will leave soon for Yarmouth to relieve the agent for a few weeks and will afterwards take charge of the new branch at Clark's Harbor, N. S.

The Intercolonial railway station is nearing completion, and will be ready for occupancy about the middle of January. Many people would like to see the C. I. R. authorities follow suit, and replace their depot here with a modern brick and stone structure.

DISPENSATION FROM OBSERVANCE OF THE FRIDAY ABSTINENCE

Montreal, Dec. 6.—Roman Catholics all over the world are discussing the dispensation of Pope Pius, which will permit of them using flesh meat next Friday, December 8, the Feast of the Immaculate Conception.

By virtue of Pope Pius' action all Fridays throughout the year, which are also observed as fast days and church holidays with the exception of Good Friday, will be the same as ordinary week days as far as abstinence from flesh meat is concerned.

THE DEMOCRATS AND THE TARIFF

The tariff programme of the democratic house of the 62nd congress probably will be outlined today at a conference of the Democratic members of the Public Works and Means Committee. This committee is headed by the democratic leader, Mr. Underwood.

There will be a general discussion of the tariff for the coming report on wool and cotton and of the committee's procedure with relation to that document. It will be the committee's first opportunity for a general discussion of the tariff plans since the extra session.

FEAR COAL TROUBLE IN THE STATES NEXT SPRING

Montreal, Dec. 6.—There is no possibility of a strike in the Nova Scotia coal mines, said Alexander Dick, general sales agent of the Dominion Coal Company, discussing the probability of labor troubles across the border next spring. That cessation of work by American miners next year is considered likely, the fact that big transportation companies here are buying up in advance large supplies of coal, indicates that no Canadian trouble is looked for.

CONDENSED DESPATCHES

Memphis, Tenn., Dec. 6.—Two negroes and a young negro were burned to death by a mob of white land owners, who objected to the occupancy of land by negroes, near Savannah, Tenn., yesterday.

New York, Dec. 6.—With a fractured jaw, the body of I. S. Vogel, a wealthy dealer in jewellery was found today in the engine room of a down town left building, jewellery is missing.

AN EXTRA SAILING.

The Donaldson Line S. S. Company are arranging for an extra sailing this month. The Athens will sail from Glasgow on Dec. 23 and will sail from St. John on January 11. This has been found necessary on account of the very heavy freights which the Donaldson liners will bring out.

AT THE DEPOT.

In future, on the arrival of a large number of steamship passengers at the depot they cannot be held up outside the gate so as to obstruct the passageway, according to the ruling laid down by Policeman John Collins, of the I. C. R., who has at all times endeavored to keep the way clear for those passing through. This morning the agent for one of the lines was instructed to take the passengers to some place. In future they will probably be taken to the waiting room.

TO WED TODAY.

An interesting wedding will be performed this afternoon at the home of F. J. Lewis, brother-in-law of the bride, at 119 Ludlow street, when he will give Miss Charlotte Carr in marriage to Harold Hayes, son of G. S. Hayes, of West St. John. The bride is a daughter of George Carr, and is a favorite with a large circle of friends while the groom is well known and popular. Rev. F. S. Porter will be the officiating minister. There will be no attendance. A bride's trip to Boston and other cities in the states will follow after luncheon served at the home of Mr. and Mrs. Lewis, and on their return they will make their home in Carleton. They have received many handsome testimonials of esteem from their many friends.

NAVIGATION CLOSING.

THE DISEASE AND THE CURE. Make the drunkard work for a living while the community is curing him. The license money to help finance the reform. Make the license high and the sure effective, or stop licensing. Inspect rigidly all liquor sold. These are measures for the protection of society that are coming more and more to the front.

Statistics show a large increase in the production and consumption of liquor in the United States during the last decade, over that of the preceding one. This, in spite of the fact that the last few years has witnessed a wave of prohibition that has placed many states on the "dry" list. The law will some time recognize intemperance as a disease, and provide other means for its cure than fines, station houses and jails.

The investigation into the conditions of those who succumb to the insidious influence of liquor reveals to the other guilt and kindred evils which are taking deep root in our country. Physicians assure us that there are many people who are constantly in search of some new form of narcotic indulgence. The number of victims of opium in various forms, of cocaine, of chloral, of hashish, of every new and powerful drug which becomes known, is almost beyond belief.

The chief method discussed today for the cure of intemperance is prohibition. But no single method can deal with the evil. What is needed more than all else is a broader, more liberal spirit of co-operation. Prohibition in actual practice and apart from pure theory, is simply another method of regulating drinking customs. The law is one of the educational agencies, and there are many others, insurance companies, mutual benefit societies, trade unions and all other interests that suffer from the unreliable conduct of the man who indulges, are learning to enforce sobriety. In the meantime the province should take the treatment in hand. A city of this size should have a temporary home, and the province an asylum, in which the patient could be kept until a cure is effected.

Work in the open air under close supervision by intelligent officials, is the best treatment yet devised for most victims. Jail sentences only make matters worse, and merely punish those dependent upon the prisoner. Enforced and healthful employment under supervision, enables the prisoner to earn money for his family while winning back his self-restraint and self-respect. The state, so long as it goes on taking license money, should devote the money thus taken to the work of reformation. All licenses should be high, and coupled with a rigid inspection of every form of liquor that is sold.

WHY KILL THE CHILDREN? Canada should be one of the healthiest countries in the world, yet one-quarter of the children born in the country die before they are a year old, and three-tenths before reaching the age of five years. Many of them, Sir Richard Scott declared in the Senate, are murdered through the ignorant administration of deadly soothing syrups, which are freely sold by every drug store in the country. An imperial people cannot be reared under these conditions. It is said that what

THE SPIRIT WITHIN. Wilbur D. Nesbit, in December Canada Monthly. "Jesus of Nazareth... who went about doing good." Some are borne down with heavy woes. Some are of sin and shame accused. But in the live-star's heaven-glow, All are befriended; each has heard Messages that bid him rejoice. We are the ones that speak the word—Brother my brother, it is His voice.

We go a-shudder to the door, Scrawling over all the want, Giving the gifts brought of our store Into the hands by pain made gaunt. 'Tis not our own that find the way, Into the dark and noisome street, Bringing the cheer of Christmas day—Brother, my brother, it is His feat. Child lips to laughter all alien-strange, Show us a miracle in this while. When over them there comes the change, Bubbles we bring are jewels fair. Found in the distant wonderlands, Think you 'tis we who take them there? Brother, my brother, it is His heart.

NATIVE PRIDE. The matter pride of some American towns is one of the most delightful things about them. The Louisville Courier-Journal is the authority for quoting this conversation: "No, it did not," replied the official, "but one of the party threw out a burnt match as they passed through."

FAIRY TALES. In childhood's days, in fairy tales we used to take delight. The women folk especially, to cheer them on their way. And, along with Jack, with giant eyes we watched the beanstalk grow. In Cinderella's sorrows and in Cinderella's joys We share, as have so many other thousands in the United States, with special references to diseases of the lungs. The work of the commission engaged in this special task will follow lines somewhat similar to those worked out by the Royal Commission of Australia, whose report was recently received in this country.

"Dusts are of three kinds," says the National Association, "factory, street and house dusts." The statement refers to the results obtained through investigations made for the Bureau of Labor, by Frederick L. Hoffman. While among males generally in the registration area of the United States 14.5 per cent. of all deaths are from consumption, the mortality among grinders from this disease is 49.2 per cent. and in hardly any of the dusty trades is it below 25 per cent. The percentage of deaths from tuberculosis among all those exposed to metallic dust is 28.9 per cent. to mineral dust, 28.8 per cent. to vegetable fibre dust, 28.8 per cent. to mixed animal and other forms of dust, 32.1 per cent. to street dust, 25.5 per cent. to organic, or dust coming from the articles being manufactured, 23 per cent.

MUCH DONE BY THE UNITED IRISHWOMEN

Countess of Aberdeen Assisting in the Work of the Society

HOPE AND PROSPERITY

Marked Improvement Shown Along Various Lines and There is no Suggestion of Charity in it—Receiving Village Gaiety—Helping Emigrant Girls

(Times Special Correspondence.)

Dublin, Nov. 25.—Visitors to rural Ireland during the last year or two have been deeply impressed by the change that has come over the villages. Part of this is due to the construction of the new laborers' cottages which have replaced the old thatched hovels, but it is much more the result of the work of the United Irishwomen, which is really a branch of the Irish Agricultural Organization Society, founded by Sir Horace Plunkett. The United Irishwomen were organized first three or four years ago and probably no society ever has accomplished so much in so short a time.

They have just been holding a meeting in Dublin to talk over the work done and make plans for the future. The Countess of Aberdeen, wife of the viceroy, was present at most of the sessions, and has promised to do all in her power to forward the work of the society, which is entirely non-political.

While the I. A. O. S. deals with the farmers and farm laborers of Ireland and with the male workers generally, the United Irishwomen look after the women and children. There is a committee of the society in nearly every village whose duty it is to keep in touch with the people. The members visit the laborers' wives in their homes, teach them economical methods of cooking and the use of new food materials, instruct them in sewing and mending, and in general show them how to make the most of the resources at their command. They also teach them how to increase these resources by the proper care of poultry and pigs, the grading and packing of eggs and by sewing, lace-making and embroidery.

A significant statement was made at the Dublin meeting last week. One speaker deplored the fact that cheap-furniture factories were springing up in many parts of Ireland, declaring that she feared their products would displace good home-made goods, but she withdrew her remarks when she was informed that this new industry had been created by the desire for a higher standard of comfort in the village folk by the work of the United Irishwomen. The articles made by these new factories are being bought by farmers who very content to get along before with a minimum of furniture, who now are aware of the advantages of more comfortable surroundings.

Another significant little incident was the statement that most farmers' and laborers' wives, at the suggestion of the United Irishwomen, had adopted the practice of greasing their eggs as soon as they were collected. This is of immense importance. A greased egg will keep fresh for months, while an ungreased one will be decidedly stale in a week or ten days. The practice

payment by the parents—two or three cents a day—will purchase in large quantities material for a couple of good morning meals for one child. The meals are cooked and served by the older children, under the direction of a member of the United Irishwomen. Thus the children are fed and trained in domestic duties at the same time.

The United Irishwomen have been dealing in a practical way with the problem of emigration. It is realized now that poverty is no longer the chief cause of emigration from Ireland. The deadly dullness of the villages has had more to do with it. The United Irishwomen have been raising funds to build village halls where none

existed and where suitable buildings were available have been giving cinematograph shows, concerts, dances, lectures and other forms of entertainment. They have been careful in all these activities to develop local talent as much as possible, and in many of the villages there has been a notable revival of the old Irish folk singing.

The next step contemplated is an agitation to secure the representation of women on local governing bodies such as county councils and boards of guardians. Women already have representation on some of these bodies in England, but not in Ireland, and it is felt that they could do much good in this country on school committees, and work-homes and infirmary management committees.

Although the United Irishwomen are opposed to emigration, they realize that much must be done before it can be stopped entirely, and they feel that it is their duty to make the lot of Irish girl emigrants as easy as possible. A proposal is under consideration to form branches at the great immigration ports of the overseas dominions and the United States, whose duty it shall be to look after the welfare of arriving Irish girls, help them to obtain employment and guard them from the snares and pitfalls which so often befall them in a new country.

BANK ROBBERS' LOOT TOTALLED \$216,293

Thieves Stole That Much From United States Money Institutions in Year

Boston, Dec. 6.—As evidence of the activity and success of the desperate men who prey upon the banks of the country it is stated in the annual report of a detective agency which has for its work the protection of these institutions, that between Sept. 1, 1910, and August 31, 1911, as many as 183 banking institutions were attacked by thieves and \$216,298.04 was stolen.

Of these attacks thirty-seven were directed against members of the American Bankers' Association and 146 against non-members. Of the money stolen, \$22,129.40 was taken from banks belonging to the association, and \$194,168.64 from non-members of the association.

It is likely that the amount stolen and the number of banks attacked is much greater, for it is said to be difficult to obtain information upon this subject from banks not members of the association. On Sept. 1, 1910, there were fifty-seven awaiting trial for various offenses against banks, such as forgery, burglary, hold-ups, and sneak jobs, and since that time, up to August 31, 1911, there have been 235 arrests, 124 convictions, and the sentences imposed amount to 280 years and two months.

Indeterminate terms were given to twenty-six prisoners, seven escaped and sentence was suspended in the cases of twenty-five prisoners.

SAVS KAISER IS FOR PEACE

New York, Dec. 6.—Andrew Carnegie declares that in view of the present complications in Europe, the necessity of ratifying the proposed arbitration treaties with Great Britain and France had become more urgent than ever. Incidentally, Mr. Carnegie heralds the German Emperor as a "Disciple of Peace." "The Kaiser's title of 'War Lord' is a slander," he said. "The Kaiser has resisted the powerful military spirit in Germany."

NO ACCIDENT

Nothing ever came by chance. So with good hair. If you would have a nice head of hair, you must give it immediate care and attention.

And yet how often we see women who would otherwise be called beautiful, marred by the neglected appearance and dried-up condition of their hair.

Hair must have proper nourishment or die. Parisian Sage is a hair nourisher and keeps the hair from falling out and prevents a thick and luxuriant growth.

Parisian Sage also keeps the hair soft and lustre into dull, faded hair and makes the head feel good the minute it is applied.

Thousands who apply Parisian Sage regularly apply Parisian Sage to their hair dressing and would not be without this wonderful hair tonic and restorer.

For women, men or children, Parisian Sage is without doubt the finest preparation for the hair. Daintily perfumed, it is free from grease or stickiness and ought to be where every member of the family could use it daily. The girl with the Auburn Hair is on every package. All druggists, 50c. large bottle, or postpaid from the Great Mfg. Co., Port Erie, Ont.

Also sold and guaranteed in Fairville by Allen's Fairville Drug Co.

PERFUMES MORE COSTLY

Many of the necessities of life have been rising in price recently, says a despatch from London, England, and the result has been trouble in various countries. But it is not only the necessities that are becoming more costly. The luxuries are also going up in price, and one of the luxuries that has recently exhibited the greatest activity in ascending is, to women, almost a necessity.

The price of perfumes has been increasing in a most alarming way. There are various causes for this state of affairs. For years the prices of the essential oils out of which the costlier perfumes are made have been steadily rising, and now for various local reasons several have again taken a big jump forward. For example, bergamot, a base of many perfumes and scented hair-washes, is now quite costly, because of the Messina earthquake.

Many a man doesn't realize that he might have made good as a fiction writer until he hears some of his love letters read in court.

HOW THE GERMANS FARM

Professor of Agriculture Summarizes Results of Fifteen Months Observation

The University Missonian sent one of the students of journalism on the other day to get an interview from Professor M. E. Miller of the College of Agriculture, who recently returned to Columbia after fifteen months' study in Germany. Some interesting facts were gleaned. According to the professor, American farmers have a good many things to learn from the Germans. "Their soil," said Professor Miller, "is not better than ours, but because of their more intensive methods of culture they get twice our yield in proportion to acreage. The climate of Germany is good, being warm in winter and cool in summer. The rainfall is equally distributed, and drought is practically unknown.

"The main crops of the country are root crops, consisting of sugar beets, fodder beets, potatoes, etc. Rye, wheat, oats and barley are also extensively grown. Rye is used for making rye bread, which constitutes nine-tenths of the German bread. Clovers and various other legumes, including the horse bean and vetch, are abundantly grown. The hay, other than legumes, are rye grass and meadow grass, but these are not grown to any great extent.

"The German farmer is not as highly educated as one would expect, and seems to know very little of scientific methods of farming. While the German agricultural schools are the best in the world, they do not succeed in getting their knowledge to the farmer as other nations do. The farmer, however, is slow, careful and works systematically. He keeps good cows, but does not raise much purebred stock. Oxen are the best of herds.

"Dairy cows are of mixed breeds. They have no fancy producers, but the average is fairly good. Neither have they the fancy beef as we have; nevertheless, they are able to produce practically all of their meats at home. All of the stock is lot fed and never allowed to run on pasture.

"There are three classes of farms in Germany: "Landlord farms, or farms of 200 to 2,000 acres. These farms have been handed down in the family. "Smaller farms of 50 to 150 acres. A farm of this class is owned and worked by the same man. "Tenant farms, consisting of one-quarter to 100 acres, all farmed by tenants. "The German women do all the work except driving the ox teams. Their wages are about 25 cents a day, while the men get 50 to 60 cents.

"The farmers keep their soil up by the use of commercial fertilizers and manures.

Facts About Motherhood

The experience of Motherhood is a thing one to most women and marks distinctly an epoch in their lives. Not one woman in a hundred is prepared or understands how to properly care for herself. Of course nearly every woman nowadays receives a special treatment at the time of childbirth, and indeed child-bearing conditions need be no health beauty. The unexplained fact is, with all the modern conveniences and broken health resulting from an unimproved condition of women persisting in going blindly to the front. It isn't as though the experience upon them unawares. They have ample time in which to prepare, but for the most part, trust to chance to pay the penalty.

It is a good tonic to build up the system and put their blood in proper shape, and for this purpose there is nothing so good as Burdock Blood Bitters. It regulates the stomach, liver and bowels, purifies the blood, and tones up the entire system. Mr. Murdoch A. Morrison, Carleton Place, Ont., writes: "I am now writing to tell you that Burdock Blood Bitters has done for me. Last summer I was all run down, and doctors and medicine failed to cure me. At last I decided to try a bottle of Burdock Blood Bitters, and after taking one bottle I began feeling better, and after I had taken the remedy for two months I was completely cured. I can safely recommend your remedy to anyone."

WOULD FALL IN A FAIR

When She Attempted to Work, So Ehausted Was the Nervous System The Feeble, Wasted Nerves Were I restored and Revitalized by Dr. Chase's Nerve Food

Nervous prostration is a terrible disease to all understand its symptoms, the sufferer feels comparatively well, but with slight exertion the dreadful lassitude returns and all strength and vitality seems to leave the system.

This letter from Mrs. Martin very well describes the true condition in which many a sufferer finds herself. She writes: "I have been suffering from nervous prostration for some time, and I have been unable to do any work. I have been very weak and exhausted, and I have been unable to do any work. I have been very weak and exhausted, and I have been unable to do any work."

Dr. Chase's Nerve Food after a few days had had its effect. I was able to do my work, and I was very much improved. I was able to do my work, and I was very much improved. I was able to do my work, and I was very much improved.

NOT ONE WOMAN IN TWENTY HAS A STRONG BACK. THE KIDNEYS ARE TO BLAME NINE TIMES OUT OF TEN. Women are coming to understand that kidney sufferer are due to wrong action of the kidneys. The kidneys are the most important organs of the body. They filter out the waste products of the blood and excrete them through the urine. If they become weak, the blood becomes impure and the body suffers. The symptoms of kidney weakness are backache, headache, dizziness, and general debility. The best remedy for kidney weakness is Dr. Williams' Pink Pills for Pale People. This medicine contains the ingredients necessary for the formation of red blood cells, and it restores the blood to its normal state. It is a powerful tonic and a reliable remedy for all cases of kidney weakness.

A MAN WITH STRENGTH. A MAN OF COURAGE. A MAN AMONG MEN. No man should be weak, no man should suffer from the loss of that vitality which renders life worth living. No man should allow himself to become less than nature intended; no man should suffer when there is at hand a certain cure for his weakness. Most of the pains, most of the weakness, most of the stomach, heart, brain and nerves from which men suffer are due to an early loss of Nature's reserve power. You need not suffer from this. You can be restored. The very element which you have lost you can get back, and you may be as happy as any man that lives. If you have confidence in electricity, let me treat you at my risk. I will give you the Belt on trial, without one cent of risk to yourself. Give me reasonable security and I will give you my best care, and you may be cured. My Dr. McLaughlin's Electric Belt will make you strong. It will send the life blood dancing through your veins, you will feel the exhilarating spark warm your frame, and a bright flash will come to your eye and a firm grip to your hand, and you will be able to grasp your feet, stand and feel what others are capable of doing is not impossible for you. This grand appliance has brought strength, ambition and happiness to thousands in the past year. It is the one sure remedy for the cure of rheumatism, weak kidneys, weak stomach, lame back, nervousness, general debility and weakness in young and old, as well as dyspepsia, constipation, etc. How can you remain in doubt as to the value of this grand remedy when you see so many cures? Dear Sir—Your Belt has worked wonders with my back. It was very bad, but it seems quite strong now, and my general health is built up again in these few months far beyond my best expectations. In St. John, N. R., I feel like a new man. Dear Sir—I am pleased to report a good account as regards my health. I am beginning to find myself stronger in every way. Certainly your Belt does its duty and its work is sure. THOS. JOHNSON, Chatsworth, Ont.

MULFORD WINNING VANDERBILT CUP RACE ON SAVANNAH COURSE; DRIVER BREAKS RECORD—AVERAGE SPEED OF 74 MILES AN HOUR

RALPH K. MULFORD FINISHING VANDERBILT CUP RACE IN THE WINNING LOZIER GEAR. The above photograph shows Ralph K. Mulford winning the Vanderbilt Cup race over a 2.918 mile course at Savannah, Ga. Mulford drove a Lozier car over the course at an average rate of speed of 74.07 miles an hour. His time was three hours and fifty-six minutes, a new record for the event.

SPORT NEWS OF A DAY; HOME AND ABROAD

The Turf. Hood-prints. Emily Ellen, Lon McDonald's futurity candidate of a couple of seasons ago, is to be placed in the Grand Circuit in 1912. Viola Strong (211 2/4), a mare upon which Ed Geers made first payment in several of the big stakes last spring, did not trotter to beat two minutes to date. Lou Dillon (1:58 1/2) was bred in California; Ullian (1:58 3/4) in Massachusetts, and Maj. Delmar (1:59 1/4) in New York state. Ullian (1:58 3/4) is by no means the only fast trotter that is not standard bred. Anvil (2:08 1/4), winner of the M. & M. and Charley Mitchell (2:04 1/4) are a couple of other good ones that lack that distinction, even though they are not lacking in speed. W. J. McDonald won four of the ten cups offered by the Metropolitan Driving Club for its fall series. His Chief Wilkins (2:12 3/4) and Demarest (2:16 1/4) won the cups for pacers and trotters respectively. Barometer (2:14 1/4) is on the market, but not by the auction route. The Gross Point grandstand is being taken, piece by piece, to the Windsor, Ont., track. It will fill fully 50 freight cars, but it was bought for a mere song by George M. Hendrie, who controls the track. With the new 2:10 list for 1911 practically completed, there are fifty-one trotters in the list, and nearly twice as many pacers. Maj. Malloy (2:03 3/4), at thirteen years of age, is being wintered with a view to being campaigned again in 1912.

JENNINGS IS TO DRAW NICE \$18,000 SALARY

New York, Dec. 5.—Hugh Jennings, who was injured in an automobile accident Friday night, has signed another contract to manage the Detroit Tigers and will receive nearly \$18,000 for his services next year, it is said. The contract includes a salary and a percentage of the club's profits and will exceed the pay of any other manager, except Mack. Jennings received \$3,000 as manager of the Baltimore Eastern League team when the Detroit club secured his services for a pality \$1,500. He had been turned down by other clubs because it was believed that he would not prove a success in major league company. But from the money-making control of the Tigers the Detroit club began to coin money while the team proceeded to win three American League pennants. In signing Jennings for future campaigns the Detroit Club felt that it was imperative to satisfy his salary demands. President Navin says that without the absent-minded manager the Detroit would resemble a rudderless ship and would lose much of the public's support both at home and abroad. He declares that Jennings is not only valuable as a manager, but also as a big drawing card and worth all the money he would not sell or trade Jennings under any circumstances. He wouldn't accept \$20,000 cash for his release, and he would exchange him for the best player in the profession. Mack of the Athletics, is said to be the highest salaried manager in the game. He has a long-term contract with the Athletics club and has averaged \$10,000 a year. For his services this year Mack is said to have received \$25,000 at least. Mack and Jennings in this respect are far in advance of other American League managers. Harry Davis of the Cleveland Indians is believed to have signed a three-year contract at \$10,000 a year, while Jake Stahl of the Red Sox and Jimmy Callahan of the White Sox will receive less than that amount. John McGraw of the Giants is believed to exceed the other National League managers in receipt of salary. It is said that he draws more than \$15,000 annually from the New York Club. Frank Chance of the Cubs is a \$12,000 manager, and Bronson Howard of the St. Louis Cardinals has a similar contract. Fred Clarke of the Pirates is believed to be drawing about \$10,000 each year. Next week will be a busy one in baseball circles. The annual meetings of the American and National leagues will be held on Tuesday. On Monday evening the National Commission will gather in the Metropolitan Tower to look into the evidence collected by Ban B. Johnson in regard to the world's series ticket speculation scandal. There may be some sensations, and then again there may not. The meeting of the younger organization is little more than a formality at best, as Johnson is guardian of the league's interests and does just about as he sees fit, without consulting the owners. The National League meeting, however, is always productive of a lot of talk and long sessions, as the Murphys, Fogels and Gibbeses seize upon the occasion to say something of momentous worth. Then, besides, there is the annual election of a president. As far as can be determined now, Thomas J. Lynch will be re-elected. His administration has been very successful and his handling of the Magee matter last summer won many "fans" and players. It is said that the candidacy of John M. Ward is being urged rather strongly, but Lynch will probably get a third term. Aside from the meetings themselves, however, importance is lent to the occasion by the presence of most of the baseball managers who are seeking trades. The new manager of the Yankees will probably be announced at this time, and the trade of two may be forthcoming. The Giants are known to be in the field for a proposition for "Red" Murray, while nearly every club is out for something to bolster up the team. A number of players will probably be seen in new uniforms next year.

WINDINGS IS TO DRAW NICE \$18,000 SALARY

The St. John Bowling Club met last evening in Black's alleys and decided to roll the Boston pins on Thursday night. The members will be divided into two teams, the members are requested to be ready at 7.30 o'clock. The City League and T. McAvity & Sons, Ltd., meet M. R. A., Ltd., in the Commercial League, Black's alleys tonight. Curling. St. Andrew's Club Smoker. St. Andrew's Curling Club held a smoker and bridge last evening in the rink. A large number of members were present and a very pleasant evening was spent. Refreshments were served during the evening. The visit of the Scotch curlers is expected to boom the game in this section. There were fifteen tables and the first prize, a calash pin, went to Frank Harrison; the second prize, a bridge what set, went to W. A. Stewart and the booby prize went to H. Allison. The president, C. S. E. Robertson, was chairman. Carleton Club Elects Officers. The annual meeting of the Carleton Curling Club took place last evening and the election of officers resulted as follows: J. M. Bolya, president; James McLennan, vice-president; Charles Coster, treasurer; Rev. G. F. Scovill, chaplain. The management committee was selected as follows: William Raddick, E. R. Taylor, James Scott, Walter Jewett and J. M. Bolya. Match committee, Harry Bolya, W. O. Dunham, S. E. Wilson, Roy Drinan and W. S. Jewett. Basket Ball. The Stone church, Boy Scouts basketball team defeated the Trinity school team 3 to 0 in the former's rooms last night. It was the first game of the Boy Scouts League. Willie—"How would you define a true sportsman?" Papa—"He is a man who believes in giving every kind of game creature a chance for its life, and then is disgusted if the poor creature escapes with it."

Calais news in Bangor Commercial—Small seizures by the customs officers have been reported, which goes to show that the powers that be were not joking when they decided to give border residents a taste of what a high tariff really means.

THE LATE A. I. TEED.
The funeral of Almon I. Teed was held on Monday afternoon from his late residence in St. Stephen, and was largely attended. Services were conducted by the Masonic fraternity, Mr. Teed having been an active and prominent member of Sussex Lodge and St. Stephen encampment, Knights Templar. The beautiful floral tokens, which covered the bier, gave ample testimony to the esteem in which he was held.

THE HEADMAN'S AXE.
Pictou Advocate—Greg Fraser, pilot on the S.S. Minto, has received notice of his dismissal. He will be succeeded by Joseph Baute, who belongs to the north of Prince Edward Island. This change will hardly be approved by the majority of Pictou people. Mr. Fraser was not a partisan. He was an experienced and competent pilot. Since writing the foregoing we hear that Capt. Finlayson and Purser Macdonald, of the Minto, have also lost their positions and that First Mate McPherson resigned. So far as we can learn there have been few changes on the Earl Grey.

STEAMER NOTES.
The West India liner Borna, Captain Dutton, will sail tonight at eight o'clock for the West Indies. She will carry a large general cargo. The Manchester Shipper and the Allan liner Corsican are expected to reach port the latter part of the week. The S.S. Rappahock, Captain Hanks, sailed this morning from London for this port via Halifax. The Donaldson liner, Athenia took on at Halifax a large quantity of general cargo, including 15000 barrels of apples, 100 standards of coal and 100 tons of hay. The Furness liner Kanawha will include about 20,000 barrels of apples in her Halifax cargo.

FORMERLY OF ST. JOHN.
William D. McNeill, a respected resident of Freeport, N. S., passed away on Monday last, after a lingering illness, borne with Christian fortitude. Mr. MacNeill, who was in his 64th year, was well known in this city, where for some years, he was engaged as a contractor and builder. He leaves a sorrowing wife, three sons and four daughters, a brother and sister to mourn their sad loss. The children are: Jesse, of 169 Main street, this city; Watson, in the west; Mrs. Charles L. Robinson, of 131 Victoria street; Mrs. Roy Brooks, of Vermilion, Alberta; Mrs. Geo. Young, of Freeport, N. S., and Alton and Miss Truss at home, George MacNeill, of Freeport, is the brother, and Mrs. I. Sinclair, of Lynn, Mass., the sister. The funeral will be held today from his late home.

ACTION IN FISH WEIR CASE

It was said today that the case of Frederick Wilson vs. J. A. Sherwood and Wm. Saunders, in which the plaintiff charges the two defendants with the theft of a fish weir, and which occupied the attention of the police court for several days, will in all probability be withdrawn from the police court and will be taken before Judge McKeown, as a special case. It is not known when it will come. Judge McKeown will settle all claims in the matter concerning the partnership, and will settle all matters in dispute between the parties. John Kerr appears for the plaintiff and W. B. Wallace, K. C., for the defence.

FAST DRIVING AROUND STREET CORNERS OF CITY MUST BE STOPPED

Matter Referred to in Police Court in Case of Driver Charged With Illegitimate Horse

In the police court this morning William Peterson was fined \$10 or thirty days in jail on the charge of filleting a horse in Charlotte street on Saturday last. Peterson said that the horse was bawky and that he was forced to whip the animal. W. R. Campbell and James Cook told of seeing Peterson beating the horse and said that it was altogether unusual for the horse was standing quietly at the time. Peterson is a driver for J. O. Van- way.

In fining the young man, His Honor took occasion to remark that the drivers of express teams and other vehicles were doing too much fast driving in the city streets nowadays. They must understand that they can not run their horses around corners and they do they will be fined. I think I would be safe in saying that there is hardly one express team driver in the city but who violates the law in this respect. It will have to cease though. Two prisoners, charged with drunkenness were remanded.

SEES NEW BRUNSWICK GREAT APPLE COUNTRY

American Consul Here Makes Trade Report on Recent Apple Show in St. John

In the Consular and Trade Reports issued in Washington by the Department of Commerce and Labor, Bureau of Manufactures, an interesting article of local interest is contributed by Henry S. Culver, S. Consul in this city, on the "New Brunswick Apple Industry," in which it is pleasing to note that the province rears the benefit of valuable advertising gratis and complimentary observations are passed upon the fruit growing possibilities. The following is what Mr. Culver has to say: "Apple culture in New Brunswick province has received great impetus through the recent apple show held in St. John. It was a splendid exhibition of almost perfect fruit, and was a revelation to the people, showing as it did what scientific cultivation will accomplish and what the climate and soil of New Brunswick can produce. There were displayed all the leading varieties of apples, perfect in texture, color and coloring, including the McIntosh Red, Fameuse, Dudley Winter, Wealthy, Wolf River, Alexander, Baskin, Bishop Pippin, Golden Russet, King of Tompkins, Ben Davis, Northern Spy, Stark, Talman Sweet, Wagner Green, Baxter, Gravenstein, Blenheim Pippin, Grimes Golden, Ontario, Fallwater, Salome, Baldwin, Canada Baldwin, Blue Pearmain, Scott Winter, and St. Lawrence. There were fifty barrels, 600 boxes, and 1,425 plates, attractively and artistically arranged. The provincial department of agriculture exhibited 449 boxes. The apple industry had received little attention in New Brunswick until the department of agriculture began to present scientific methods of cultivation, which caused the people to realize their opportunities. From the interest manifested in the lectures and demonstrations by leading horticulturists, it is safe to say that this province is destined to become a great apple country."

NEWS OF LOCAL Y.M.C.A.

Yesterday afternoon some of the pupils of Centennial School were entertained by the boys of the Y. M. C. A. The lads were shown around the building, and also had a look at several of the classes going through their work. Before the boys went away they were treated to ice cream and cake.

Last night the Intermediate Bible Study Classes had a supper. The Pathfinders were in charge of their leader, G. F. Menzies, the Triangles with S. K. Smith and the Kingfishers with G. Fyevelling. A very enjoyable time was had. This evening at six o'clock the classes of the Senior Bible Study group will meet for supper. Each of the Bible classes has undertaken to build a table which will be used for banquets, etc., in the gymnasium. Twenty-five points will be awarded to the class making the best table. The Tigers and Gulls will play in the Intermediate Bowling League game tonight.

PROMOTION OF C. H. EASSON

News was received in banking circles today that Charles H. Easson, who for seven years past has been manager of the St. John branch of the Bank of Nova Scotia, is to go to Winnipeg at the first of the new year as manager of the Bank of Nova Scotia's business in the western metropolis. He is to be succeeded in St. John by R. G. Wallace, at present manager of the Bank of Nova Scotia in Halifax, and who formerly was in charge of the branch in Charlottetown. Mr. Easson's associates in the banking business here, and his large circle of friends and acquaintances—and it is a large circle—will greatly regret his removal, but they will be fully sensible of the marked recognition of his ability which leads to the promotion, and they will be glad that he is moving higher up. Mr. Easson is one of the most successful of the local banking managers, and his sound judgment and general disposition have been great assets.

FIRE ON BOARD SCHOONER

The West Side Fire Department was called out about half-past five o'clock this morning to extinguish a fire in the schooner Persia A. Colwell, which is lying at Rodney Slip. The fire started in the cabin but was extinguished before any great damage was done except that one of the sails was badly scorched. The crew were hoisted at the time, but got ashore safely.
