EIGHT PAGES—ONE CENT

STEAMER LAKE CHAMPLAIN IS DAMAGED BY HEAVY ICE

C. P. R. Liner With 1,000 Passengers on Board, Put Into St. John's, Nfld., With a Hole in Her Bow and Leaking Badly—Will Be Docked at St. John's for Temporary Repairs.

St. John's, Nfld., May 7.—The steamer Lake Champlain, bound from Liverpool, for Montreal, put in here today by heavy ice from a hole stove in her bow by heavy ice about 1,000 passengers on board. The vessel made water so rapidly that it was considered unsafe to proceed for her destination and it was decided to dock her for temporary repairs.

BRIGANDAGE CARRIED ON IN SUBURBS OF CONSTANTINOPLE

There is Still Much Disorder in the Surrounding Country—Abdul Hamid Had Opened Bank Accounts in New York—Situation in Turkey is Still Critical

Constantinople, May 7.—There is considerable disorder in the country surrounding Constantinople and brigandage is being carried on in the very suburbs of the capital. This state of affairs is a result of the rapid changes in government and undoubtedly can be laid at the doors of the deserters from the former Constantinian garrison and political fugitives who have undertaken to live on the country.

Count Dene, secretary of the Austrian Embassy, who is at present engaged in organizing the first fire hunt at Constantinople, rode out to Sweetwaters in the western suburbs yesterday to examine the country. While there a man stepped out of a clump of bushes by the highway, pointed a revolver at the Count and demanded money.

Adana, Asiatic Turkey, Wednesday, May 6.—The grain on the Adana plain is ripe for the harvest, but no Armenian refugees dare go back to their farms as the surrounding country is still most dangerous for any man not a Turk. Consequently there is no present prospect of employment.

AN EX-POLICEMAN'S FAMILY IS STARVING

James Greer Will Be Charged in the Police Court With Non-support—A Pitiable Case

James Greer, an ex-policeman, who was notified to attend police court today to defend proceedings instituted against him by S. P. C. A. agent, Watson, did not appear. A warrant will probably be sworn out for him. Greer is a neglected and ill-treated of his wife, it is said, has provoked an attack of acute nervousness, and in fact, her nerves are almost completely shattered.

THE COLLAPSE

Conservative spite and hatred have shot their bolts. Mr. Hazen and his friends have played and lost. The brand of criminal politics is upon them. Their principal assets today, after their trial of strength with the Minister of Public Works, are an affidavit and the discredit report of the Central commission. These were the weapons of desperate men, and they thought them good enough to do the work. Parliament has set the seal of its disapproval upon the plotters and their tools. The man who was slandered and belittled emerges from the conflict confessed stronger and more respected than before he entered it.

He is weak or timid man, or a guilty one, however respectable, would have been destroyed by the slanders who made common cause against Dr. Pugsley. But Dr. Pugsley was not only innocent but courageous and fully equipped for the struggle. He is a man who does not strike hard until he is compelled to do so. He treats his fellow man with courtesy and good humor so long as they help deserve such treatment. But he meets slander and malignant attack with all the force of a just man armed. It is the verdict on all sides today that his enemies have unwittingly rendered Dr. Pugsley a great service in action that they have compelled him to possess. He has conducted himself with admirable restraint and dignity throughout the long campaign of slander, but when he did strike it was immediately made plain that the political jackals had cornered a lion.

Dr. Pugsley, at the solicitation of a great mass of his fellow citizens consented to enter Federal politics. Since he went to Ottawa he has done more for St. John and the province than any other representative we ever had. His services are recognized throughout New Brunswick, and it is seen that he speedily took rank as one of the foremost men in Canada. His reward for infinite and unselfish labor has been great in one sense, but in another it has been bitter; for he has had to face increasing attack and misrepresentation on the part of men like Mr. Hazen, Dr. Daniel, and Mr. O. S. Crockett, who quote each others articles, feed each other's panics, and debit the cost to their respective treasuries—there will be no such "struggle" as the Spectator imagines. On our side the Liberal and Labor parties, on the German side Social Democracy—with its twenty per cent. of soldiers in the German army—will stop both it and the growth of European armaments.

"Moral force," the Nation adds, "is not dead in Europe, and in the confusion overtaking all these calculations of material strength we have a sign that it is the only thing which is alive." The Spectator asks: "Is there any good reason why wars must continue and battles remain the last argument of nations?" And it answers "Yes," and proceeds: "We are far from denying that war is a terrible evil. That it dominates the world as it does, is a riddle which we have not the power to solve and which we will make no pretence at explaining. All we can do is to point out to our countrymen that they must face the fact that war is the law of the civilized world quite as much as of the uncivilized, and that mankind has as yet found no other way of settling which will prevail when what we have termed a clash of wills takes place between communities who believe themselves equal in physical force. Such clash of wills among nations is as certain to take place from time to time in the future as in the past. We delude ourselves if we think that attraction and the reign of peace and reason constitute one of the ways by which the British nation may escape from the anxieties and difficulties which now beset it."

ceive 3 per cent, but that on the two sections, we would give the company an abatement of interest for seven years, and that would represent the amount which would eventually come out of the cost of construction, whatever that may be. The same abatement of rent is provided also as in the case of interest on the western section. During seven years the company will be exempt from the payment of rent. For three years the company will be bound to pay the revenues and the tolls of the road if they amount to 3 per cent, and if they fail to amount to 3 per cent, then the difference between the revenues gathered and the 3 per cent will be capitalized and added to the cost of construction, and the company will pay interest upon it. So that here again the whole of the liability which is incurred by the government for the building of that section from Moncton to Winnipeg is simply seven years of interest.

"We had to advance the money, but all the railway would be mortgaged for in the end would be the seven years' interest, and I estimated that at \$13,000,000. I agree that this was a mistake, because the road will cost much more; but to pretend that I said we would build the railway for \$13,000,000 is something which would never come out of the brains of any one though it has come very often from the mouth of some. On this point, however, I claim no vindication. The facts are there, and I leave them once more with all confidence to the judgment of the Canadian people. "My hon. friend was kind enough to say that this railway would be a monument to my memory. I confess that I feel deeply upon it, I did my best to have the project accepted, not only by my colleagues but by parliament and the people, but I never heralded it as a monument to myself, though some people say I did. But I say the time will come when that policy will be vindicated to the fullest extent and to the very letter. The Canadian people little realize at this moment what is the future of good humored men, and I think there is a man, in or out of the House, who does not believe that it has a great future, or that it is not only commercial but an absolute actual necessity."

WHEN DOCTORS DIFFER

The London Nation sees peace, but the London Spectator sees war, and who shall decide when such eminent doctors differ? The Nation asserts that it is "the building of men, not Dreadnoughts, of which this country stands most in need." But, happily for the world, war is not coming. Lightminded as some of our people may be, their ruling men are not mad as to rush into a war which costs \$250 millions and much of the present depression of trade into a war which may double the national debt and divide up our sea trade among our rivals. The real "preparation" of all civilized countries, conscious or half-conscious, is not for war, but for a truer conception of their relations to each other, and a more harmonious interior life. Therefore, in spite of German and British jingoism—who quote each others articles, feed each other's panics, and debit the cost to their respective treasuries—there will be no such "struggle" as the Spectator imagines. On our side the Liberal and Labor parties, on the German side Social Democracy—with its twenty per cent. of soldiers in the German army—will stop both it and the growth of European armaments.

"Moral force," the Nation adds, "is not dead in Europe, and in the confusion overtaking all these calculations of material strength we have a sign that it is the only thing which is alive." The Spectator asks: "Is there any good reason why wars must continue and battles remain the last argument of nations?" And it answers "Yes," and proceeds: "We are far from denying that war is a terrible evil. That it dominates the world as it does, is a riddle which we have not the power to solve and which we will make no pretence at explaining. All we can do is to point out to our countrymen that they must face the fact that war is the law of the civilized world quite as much as of the uncivilized, and that mankind has as yet found no other way of settling which will prevail when what we have termed a clash of wills takes place between communities who believe themselves equal in physical force. Such clash of wills among nations is as certain to take place from time to time in the future as in the past. We delude ourselves if we think that attraction and the reign of peace and reason constitute one of the ways by which the British nation may escape from the anxieties and difficulties which now beset it."

"That door is closed, at any rate, for this generation, and in the Spectator's opinion, 'he is no true friend of his country who pretends otherwise.' One of the most heart-rending features of the Central debate was that Mr. O. S. Crockett spoke for more than five hours. Mr. Crockett aspires to Marathon honors, mayhap, but most woefully doth he mistake noise for logic. The province loses a good man and an able judge in Judge Hamington.

PROVINCIAL NEWS

New Brunswick

Another contingent of C. P. R. engineers has reached St. Andrews to inspect the Anderson wharf site. It is reported that engineer Barber, who recently examined the wharf, is in charge of the proposed new wharf but has not been favorably impressed with it, and that he frequently belittles the old Anderson wharf. It is said that the matter of site will be quickly decided and that the work of construction will not be delayed. Lumbermen in Charlotte county are engaging men for stream draining. The water is high in the streams and the work will be carried on advantageously. A gold watch, ring, twelve dollars and other articles of value was the haul made from Capt. Douglas' loading house at St. George last Thursday morning by a young man named Hegan, who was boarding at the house. He got out of town on the morning train to St. Stephen, where trace of him was lost. Stock in running low. The condition of the roads make it almost impossible to get stone from the quarries. The body of James Trowell of Milltown, N. B., whose death from pneumonia occurred at the hospital in Bangor Monday afternoon, was brought home for burial Tuesday afternoon. Fred Tope, aged 13, was shot in the back by Harry Johnson, another Campbell, on Monday while they were in the barn playing 'Jesse James.' It is said they had a number of blank cartridges and were firing at each other, when one with a bullet was accidentally inserted in the chamber. Young Tope is expected to recover, unless blood poisoning sets in, although some difficulty was experienced in locating the bullet. Johnson was detained in the lock-up by the police. A meeting in the interests of the Laymen's Missionary Movement is to be held in the Methodist church at St. Stephen, on Tuesday evening next. The St. Stephen Courier says:—"A banquet will be served at seven o'clock, and afterwards addresses will be made by His Lordship, Bishop Richardson, of the Church of England, Rev. Dr. Smith, pastor of the Presbyterian church in Fredericton, and J. N. Harvey, a prominent Methodist layman of St. John."

Friends of Rev. W. C. Goucher, of St. Stephen, will be pleased to learn that he has already commenced to improve under the treatment received at Clifton Springs. Rev. C. W. Townsend, of St. John, is supplying Rev. Mr. Boucher's pulpit during his absence.

Col. J. H. Chipman, St. Stephen, and Hon. J. M. Johnson, of Calais, are now in Colorado in the interest of the Gold King Mining Co.

Mrs. Robert H. Clark and Miss Eva Clark, of St. Stephen, left Tuesday morning for St. John, where they are in future to reside. Mr. Clark and Miss Isabelle and Lillian Clark will join them at a later date.

The Sussex Record says:—B. C. Barclay Boyd, formerly of the Bank of New Brunswick staff, St. John, was in town this week looking at several properties. Mr. Boyd will come to Sussex to reside if he can secure suitable premises.

DR. PUGSLEY VINDICATED; HIS ACCUSERS DISCREDITED

(Toronto Globe, May 6)

The outstanding feature of yesterday's debate in parliament was Hon. Dr. Pugsley's demonstration that there never was a serious public document issued in the history of the dominion containing so many and so flagrant errors as the report of the commission which investigated the affairs of the New Brunswick Central Railway.

The document had already been discredited by the discovery that sums which should have been stated as \$43,000 and \$59,000 appear in the report as \$430,000 and \$590,000 respectively. With his intimate knowledge of administration in New Brunswick, Dr. Pugsley was able to show that these were only simple misrepresentations in a perfect tissue of erroneous statements, which would require a great deal of charity to believe them to be anything else than willful falsehoods.

The painful part of it is that a judge of the superior court of New Brunswick should have set his hand and given his sanction to such a document.

The opposition started out under the assumption that Dr. Pugsley was in the prisoner's dock; before the debate had gone far it was Judge Landry who was in that position.

Mr. T. W. Crothers, who led the attack for the opposition, took his stand on the report as the judicial deliverance of a court, and it must be admitted that it was in that character that it created an impression on the country. He dwelt with unceasing energy on the solemnity of the character of the commission, which he represented as having all the powers, authority, and dignity of a court.

Dr. Pugsley was able to puncture this pretension, in the first place by furnishing instances of the extraordinary recklessness of statement and inference that marked almost every page of the commission's deliverance, but still more by drawing attention to a piece of conduct of which its members were guilty during the course of the inquiry. In the midst of the Dominion general elections the commissioners summoned an accountant from Montreal, and, twelve days before polling day, procured the publication in the press of a statement that there was a discrepancy between the receipts and disbursements on the railway of \$190,000. This body, upon whose solemnity, judiciality, and impartiality Mr. Crothers dwelt with such gravity, was evidently a partisan in the election fight for all its worth, and made this interim misstatement without having called Dr. Pugsley to testify on his own behalf.

This gross piece of partizanship was but a specimen of the political bias with which Dr. Pugsley proved the report to be saturated. It will be seen in the resume of his powerful defence, appearing elsewhere, that the minister of public works accumulated a mass of proof against the good faith of this report that stamps it as one of the most disgraceful documents to which a Canadian judge ever attached his name.

Dr. Pugsley made the statement from his place in the house that this gentleman who masquerades as a judge is found at every election quibbling with the political parties for a nomination in one or other of the New Brunswick constituencies.

This was the member of the judiciary who services the government of New Brunswick called into regulation to lead in an attack on the Lieutenant Governor of the province and on Dr. Pugsley, its most distinguished public man.

Why was a judge of Mr. Landry's stamp chosen for a task where character and freedom from partizanship were so much to be desired? There can be no avoiding the conclusion that Dr. Pugsley's political enemies chose a commission which could be trusted to go to any length in endeavoring to blast the character of a political opponent.

The last has not been heard of the disgraceful affair. Dr. Pugsley has demonstrated most triumphantly that they picked out the wrong man as the object of their venom. The shaft aimed at him has recoiled on those who sped it. Instead of injuring Dr. Pugsley, this commission's report has vitally damaged the reputation of Judge Landry, and to that extent it reflects on the judiciary of Canada.

The judiciary in this country has always stood high. The interests involved are too serious, too fundamental to a nation's well being to allow prejudice and partizanship in a judge to cast discredit on the judiciary of Canada.

A PRESENTATION W. E. A. Lawton Gets Gold Ring and Address From Exmouth St. Y. M. A. At a regular meeting of the Exmouth street Y. M. A. held last evening in their rooms, the resignation of W. E. A. Lawton, who has been treasurer of the association for some time, was regrettably accepted and W. A. Adams was elected in his place. The meeting then adjourned to the parlour of the church, where a short informal programme was carried out. In the course of the hour the president of the association, Robert F. Goodrich, on behalf of those present, presented to Mr. Lawton an intialled gold ring accompanied by an address in token of appreciation of his services. Mr. Lawton made a brief reply. Addresses were also given by a number of those present and refreshments were served by the young ladies of the church. Mr. Lawton will leave in a few days for Campbellton, where he will enter the employ of a lumber concern.

PATROLMAN SUSPENDED Policeman Steeves is not on duty as he was given four days suspension by Chief Clark yesterday. When matters of this kind arise at police headquarters, Chief Clark declines to discuss them, but it is learned that the reason for Steeves' temporary change to civilian garb is because of an incident of Wednesday evening, in connection with his reporting for duty at headquarters. If you have an obese bank balance people forget that your great-grandfather got in bad by eloping with a horse in an adjoining county.

FIG PILLS The Greatest Stomach, Kidney and Liver Medicine Ever Known Fig Pills are sold with a rigid guarantee to cure, or money refunded. Headaches, Biliousness, Sour Stomach, Rheumatism, Pimples and Blisters removed at once. CAPTAIN STRACHAN, of St. Catharines, says: "I have been a great sufferer for years with a bad stomach, bad breath and dizziness. I tried everything, but no cure, till I tried FIG PILLS, and today I am a different man."

MRS. SIDER, James street, Hamilton, Ont., says: "I have felt miserable for five years; my liver was all out of order, my skin was dry and hot, I hardly knew what it was to be without a headache; headache powders would relieve me just for a short time. I was advised to try Fig Pills, and my, what a change. My whole life is different; I am strong and healthy; Fig Pills cured me. I gladly allow you to tell others through the press. My sister, if you are not feeling well, my advice to you is to try Fig Pills."

OPERATION HER ONLY CHANCE

Was Cured by Lydia E. Pinkham's Vegetable Compound

Lindsay, Ont.—"I think it is no more than right for me to thank Mrs. Pinkham for what her kind advice and Lydia E. Pinkham's Vegetable Compound has done for me. When I wrote to her some time ago I was a very sick woman, suffering from female troubles. I had inflammation of the female organs, and could not stand. At last I was confined to my bed, and my doctor said I would have to go through an operation, but this I refused to do. A friend advised Lydia E. Pinkham's Vegetable Compound, and now, after using three bottles of it, I feel like a new woman. I most heartily recommend this medicine to all women who suffer with female troubles. I have also taken Lydia E. Pinkham's Liver Pills and think they are fine."

We cannot understand why women will take chances with an operation or drag out a sickly half-hearted existence, missing three-fourths of the joy of living, without first trying Lydia E. Pinkham's Vegetable Compound. For thirty years it has been the standard remedy for female ills, and has cured thousands of women who have been troubled with such ailments as displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, indigestion, and nervous prostration.

HANGED BY CHIN UNTIL HE DIED

Four Year Old St. Mary's Boy Meets a Tragic Death While at Play—Other News of Fredericton

Fredericton, N. B., May 6—Victor, the four-year-old son of Samuel Cameron, an employe of the John Palmer Company, met a tragic death at his home at St. Mary's this afternoon. He was playing in a yard with another boy named Matthews, and two of them started to climb through a hole inside of the woodshed. Matthews got through all right, but the Cameron youth slipped and fell, and was caught by the chin on a board at the bottom of the hole and was suspended in this position with his feet about six feet from the ground. His companion, being unable to release him, ran into the house and told his mother what had occurred. She hastened to the spot and made the startling discovery that the boy was dead. Dr. Mullin was at once called on to examine the boy's body, and expressed the opinion that his death had been caused by shock produced by the fall. His parents are prostrated with grief over the sad occurrence and great sympathy is felt for them in this community.

Albert Everett, who has conducted Windsor Hall for the past twelve years intends retiring from the hotel business. The Windsor has been leased by J. H. Weaver, of Plaster Rock, who will take possession the first of next week. Mr. Weaver for the past ten years has carried on a hotel business at Plaster Rock. A district court martial, composed of Lieut. Col. J. Hunter Ogilvie, president, and Messrs. Copp, MacPhee and Gellor, members, assembled at the barracks today to try three soldiers, Woods, Oty and Smith, on a charge of attempted desertion and insubordination. A number of witnesses were examined, after which the case was postponed until tomorrow. The charge is a serious one and if convicted, if found guilty, will likely be given a long term of imprisonment, followed by dismissal from the service. The finding of the court must be approved by Col. Drury before being made public.

BIG FIRE IN BARNET \$350,000 Damage Done by a Big Blaze Near Vancouver, B. C. Vancouver, B. C., May 6—Three hundred and fifty thousand dollars damage was done by fire early this morning, which wiped out the main buildings and saw mill of the Northern Pacific Lumber Company at Barnet, twelve miles up Durand Inlet near Vancouver. Fire engines were sent from the city over the Canadian Pacific but could save little but the dry kilns and lumber stock. The mill was owned by the McLarens, of Ottawa.

HAIL STONES LARGE AS PIGEON'S EGGS Terrific Electrical Storm Which Lasted Two Hours Accompanied it. Chatham, Ont., May 6—(Special)—Hail as large as pigeon's eggs accompanied a great storm that swept over this city today. The thunder and lightning never ceased for two hours. A bolt knocked a big hole in the tower of the Carnegie library. Three barns were burnt in the vicinity.

LOBSTER FISHERS STRIKE Sydney, N. S., May 8—As a result of a difference regarding the price of lobsters the lobster fishermen are on strike at Gabarus (C. B.). They decline to accept the packers' price and positively refuse to set traps unless their demands are conceded. The price asked by the men is \$2.25 per hundred. The packers are not inclined to pay more than \$2.25. The fishermen are determined and it is said that the packers will have to grant their price or close their factories.

THE RIVER COMMISSION

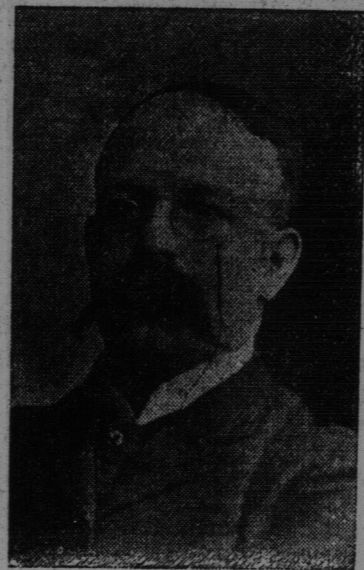

American Members Left for Their Homes Yesterday—Commissioners Will Take Broad View

The United States members of the commission which is to inquire into matters in dispute on the St. John river, left for their homes last evening. Hon. Mr. McKeown, speaking of the

A. P. Barnhill.

conference held yesterday, said it was the unanimous opinion of all that the most liberal interpretation should be given to the reading of the commission. They would probably deem it broad enough to take into consideration as to whether or not the works of the St. John Lumber Company at Van Buren (Me.) were in violation of the terms of the treaty and in this connection Mr. McKeown said that the logs for the New Brunswick mills were delayed at this point. The American company handle about 30,000,000 feet themselves, but hold up the whole drive until they had sorted

out this amount. It is estimated that 100,000,000 feet destined for the New Brunswick mills further down the river were delayed. There was no doubt about the delay, but it might be that some improvement in the sorting facilities might be made to minimize the difficulty. Last year, Mr. McKeown said, the

DOUBLE DROWNING AT SALMON RIVER

James Proctor and Melbourne Peters Swept to Death Last Night While Stream Driving

Sussex, N. B., May 6—James Proctor and Melbourne Peters, two well known young men of Shedydy road, were drowned this evening between 4 and 5 o'clock while stream driving on the Big Salmon River. The accident took place at the mouth of the Northwest branch of Big Salmon River, and about three miles from the Bay Shore Lumber Company's mill.

On this river there are several large dams built for the purpose of assisting in stream driving at times of low water. This afternoon the gates of one or more of the dams were raised and it is thought that the great rush of water at the mouth of this branch is probably what caused the accident.

The drive was in charge of John Haslem, of this place. It is difficult to get a detailed account of the accident.

Peters was 29 years of age, and a son of Richard Peters, of Shedydy Road. His parents and two sisters survive.

Proctor, who was 35 years of age, is a son of the late Thomas Proctor. His parents are both dead. Two brothers, Beverly and Thomas, and one sister, Mrs. Frank Barton, of this place survive. Proctor made his home part of the time in Sussex and part in Markhamville. Both men were unmarried. Up to 10 o'clock tonight the bodies of the unfortunate men have not been found.

mission would consider the question whether, if this sorting was to be allowed, the whole expense should not be borne by the American company and whether or not they should employ officials to see that a proper division of the logs was made. The commission, Hon. Mr. McKeown said, would probably be asked to consider the effect of the diversion of the waters of Chamberlain Lake at the St. John

headwaters, into the "Alleghash" river in Maine. They would probably also be asked, inquire whether, by formation of reservoirs or very large dams at the head of the river, for storage purposes, a sufficient volume of water could not be made available at all times.

NEWFOUNDLAND'S NEW ELECTION TOMORROW

Governor McGregor's Action in Dissolving the House is Upheld by the Home Government.

St. John's, Nfld., May 6—Governor McGregor today received a despatch from Earl Grey, secretary of state for the colonies in the British cabinet, endorsing the stand taken by the chief executive of the colony during the recent political crisis. During the present campaign, which closes tomorrow night, members of Sir Robert Bony's party have criticized Governor McGregor for according to the request of Sir Edward Morris, the premier, that the legislature be dissolved before an election ordered. A number of Bond speakers at political meetings had severely censured the governor.

Governor McGregor did not dissolve the legislature until he found that there was no possibility of the deadlock in the house being broken.

Polling will occur on Saturday, but the result will not be known until next week because of the remoteness of many districts from St. John's where all the ballots are counted.

TO ARREST EVELYN THAW FOR CONTEMPT OF COURT

New York, May 6—An order directing the sheriff to arrest Evelyn Nesbit Thaw for contempt of court for failing to pay a fine of \$250 imposed last week, was signed in the city court late today after the appellate division had refused to stay the proceedings. The order will be enforced as soon as the sheriff's office opens tomorrow and an officer will at once be sent to escort Mrs. Thaw to the Ludlow street jail. The order directs that she shall be kept in close confinement until the settlement of her account.

The fine was imposed upon Mrs. Thaw for her failure to appear in supplementary proceedings on a judgment of \$233 obtained against her by Elsie Hartwig, a milliner.

NEWS AND VIEWS OF SPORT

When the members of the board of review of the National Trotting Association met at New York for the spring session the cases pending for review were smaller ones, the more important matters having been considered and disposed of at the fall meeting.

Those present were Pres. P. P. Johnston of Lexington, Ky.; Sec. W. H. Gough of Hartford, Conn.; John C. Wally of Canton, O.; DeForest Settle, Syracuse, N. Y.; and George C. Brown, Spring Hill, Tennessee.

Six cases were decided at the session. A temporary reinstatement was granted E. L. Lease, Tiffin, O., who was expelled 12 years ago for unlawful racing of the chestnut mare, Mand Pollard; Frank Richardson, Cold Water, Mich., was expelled for alleged fraud in attempting to credit the performance of the mare Brown Ax to a weanling named Axio; the application of N. H. Cloud, of Macon, Pa., for reinstatement was denied, and J. Stakehouse of Marion, S. C., expelled in 1887 was temporarily reinstated.

An incident which at one time attracted wide interest in the racing world, was recalled, when reinstatement was refused to George W. Spear, the former driver who has not been in good standing since he started, as was alleged, the discredited story that Lou Dillon "dipped" in the race for the Memphis gold cup in 1904.

Spear was ruled off once before for the alleged pulling of Temple Bar in 1901, and the board, it was said, hesitated to reinstate him after his second expulsion.

Fred Applegate, the Toronto twirler, is sold at last and the money received, Fred will be prancing around in a Williamsport uniform this season. President McCaffrey received a cheque for \$250 from the Trainers for him.

Here is what Powers said before he left Toronto: "I have learned recently that certain things were true which I had hesitated to believe," he said, "I found that in certain quarters where I had placed my confidence, I was being deceived and betrayed, but I know the truth now. Longboat's refusal to carry out the contract with me—which did not come of my own seeking, mind you, but was pressed on me—and his failure to get into condition, are the result of influence exerted on him by snakes in the grass. Let it to himself he would go on about his business and earn some money for himself before the time comes when it will be too late for that. I don't want myself a copper of anything that is due, as my portion from any of his races in Canada, though I paid \$400 for his training expenses for the Marathon Derby in New York, and he spent his time in idleness with an incompetent and incapable trainer, instead of doing any serious training. My share is going to local charity, not to somebody who is trying to whipsaw me."

"I know who is responsible for all the disrepute the Indian got into, I don't intend to let them profit by their underhand work. My rights are legal and moral, and I mean to enforce them. Longboat can't make matches or run races without my authority, and if he goes on with his proposed race with Shrub in Montreal next Saturday, for which he is no more fit than I am, you'll hear of him getting a shock."

The board of appeals of the American Trotting association in convention at Chicago this week disposed of a larger number of matters of a routine nature. An unusually prosperous year for harness racing is in sight, according to members of

A. A. A. met Wednesday night at Toronto and discussed a memorandum prepared after a conference several weeks ago with representatives of the Montreal A. A. Those present at the meeting would not say anything for publication. The Canadian A. A. A. men protest that there can never be any trace between them and the federation. The fact that the Canadian A. A. A. officials state that the basis of settlement set forth in the memorandum is satisfactory to them, is taken to mean that the representatives of the Canadian A. A. A. have accepted of the more lax definition adopted by the federation.

John J. Evers, second baseman of the Chicago Nationalists was suspended yesterday by the National baseball commission for failure to report to his team at the opening of the season. Evers planned to take a rest and had permission from President Murphy to delay reporting to the club. It is thought Evers will be reinstated in a day or two, upon the payment of a nominal fine. Pitcher Ed. Walsh of the Chicago American league club is also under suspension for failure to report on time.

THE PROVINCIAL BASEBALL LEAGUE Meeting Will Be Held Here Next Week to Further Consider Plans.

D. B. Donald said last evening that the Provincial baseball league is being organized along well and that there would likely be a meeting held here next week to discuss organization. Fredericton, Moncton, Amherst and St. John will be the four places represented.

A meeting of representatives from the Maritime provinces, held in the Y. M. C. A. building last evening, but organization of the St. John league was not completed as the members of the league were not present for the grounds. There the matter stands.

PLAN TO BOOM THE GAME OF CRICKET Provincial Cricket Clubs Expect a Good Season—Will Compete for the Horn Cup.

The cricket clubs in the province, of which there are now several in a flourishing condition, will have an opportunity, this season, of competing for an abolition cup which was donated some years ago by William H. Horn of St. John to the cricket league which was then in existence. At the instance of the executive of the St. John Cricket Club, Mr. Horn has consented to have the cup again put up for competition, and at a recent meeting Mr. Horn, A. D. Skinner and C. E. Macmillan were appointed trustees. They are now engaged in preparing rules to govern the competition. Details will be available for publication in a few days. Cricket received a decided impetus in St. John last year, when the local club played several matches with the Bankers, Robbsey and other combinations. The club has been reorganized this season and possesses an executive who, with a view to establishing a greater interest throughout the province in the good old English game, made a successful effort to have the league cricket cup put up as a challenge cup for competition. Fredericton, Moncton, Chatham, the St. John Bankers and the local club, besides several other towns in the province, had eleven in the field last year, and it is hoped that this year the number will be increased. The cup donated by Mr. Horn will result in some sharply contested matches during the coming season. The St. John Cricket Club will send an eleven to Robbsey to play against the college. This will be the opening game of the season, and to secure a good wicket the game will be played in the field last year, and it is hoped that this year the game will be played on a better wicket. Dates are already being arranged with other clubs, and arrangements are well advanced for the tour in Nova Scotia in July.

ONE ON MIKE "TRIPLET"

The following is taken from Thursday's Moncton Transcript: "Isn't Mike Twin—or Triplett—Sullivan the wise gazabo? "Every year Michael hires himself off to the provinces, to rest and prepare himself for another strenuous season of staggering under loads of coin from the box-offices to the strong-boxes of the banks. "For Mike is a thirty young man. When he comes down to the province he is always open to pick up enough easy money to cover his expenses. Incidentally he thereby keeps in fairly good trim, and adds a few more 'k o's' to his already good sized list in the record books. "Just now Mike is planning a holiday trip down this way, and he's figuring on

FREDERICTON WILL BE IN THE LEAGUE (Fredericton Gleaner.)

If the inter-provincial baseball league is formed Fredericton will be in it with one of the strongest teams that has represented this part of the country in years. All that is necessary is for the citizens of Fredericton and vicinity to express their approval in a substantial manner. The Victoria Baseball Club are the people who will handle the representation from this city and vicinity, and in order to raise funds for the venture they have arranged for an old-time festival at the Arctic Club next week, on the 12th and 13th inst. There will be all the popular features in connection with the festival and the receipts will go towards defraying the expenses of placing a team in the proposed inter-provincial league. If the citizens give the Victoria the support which they deserve this city will see the best baseball it has had since the days of the old Tartars, and York county will have a hall team in the inter-provincial league which will honor to this section of the Maritime Provinces, which as a producer of ball players is without a peer in Eastern Canada. St. John, Moncton and Amherst are getting busy with the organization of teams for the league and if sufficient funds are in the treasury after the festival at the rink next week Fredericton will be ready to play. It is therefore to the people to decide what will be done.

RACING AT PRESQUE ISLE (Fredericton Gleaner.)

Three days racing is announced in connection with the Northern Maine Fair at Presque Isle Me., on September 7th, 8th and 9th. A letter from R. J. Smith, secretary of the Presque Isle track, states that classes talked of for the fall meeting are 218, 221, 227 and 230. These will all be mixed events being open to trotters and pacers and the purses will all be \$300 each. As an additional feature, it is proposed to have a 224 stake race valued at \$400, open to trotters and pacers. Another feature will be a three-minute contest open to all with \$100 hung up. The money will go to those driving the closest to 3 minutes. While the Presque Isle track is not intending to give any straight trotting events, the announcement is made that the three seconds advantage will be given to trotters in all the events. The offering is the most generous ever hung out by Aroostook tracks, and should receive a generous response. There promises to be a lively scramble for racing dates the week of September 6th in this province. Chatham, St. John and Sussex tracks have all announced their intention of having racing at that time.

THE MARYSVILLE CLUB (Fredericton Gleaner.)

The Marysville Baseball Club has organized for the season of 1909 and the following officers have been elected: Manager—Sandy Stevenson. Captain—Billy Boyce. Secretary—George Brogan. The club expects to have as good a club as represented the hustling Nashuak town at any time last season. The players have promised to remain with the club all season and George Brogan, the hockey playing pitcher, has already turned down offers to play semi-professional ball, one of the offers having been made from St. John, it is said.

ASTRONOMICAL

First Boarder—This is the third time the actor over there has dipped up a saucer of cream and strawberries. Second Boarder—Yes, he is the star boarder. While we have a great deal of respect for old age, we draw the line at boarding-house spring chicken.

CALAIS BOWLERS HOME

The St. Croix club bowling team which participated in the candlepin tournament at St. John returned home on Wednesday last, defeated but not discouraged, having won second place in a contest in which they were opposed by three of St. John's crack teams, Black's Alley's team won the trophy, defeating the border boys in the final game. A big tournament is being arranged for a date during the fall at St. John in which Calais will be represented by two teams, one from the city and one from the club alley—St. Croix Courier.

Spring Suits That Wear

For a good many years we have been building a reputation for selling suits that WEAR—suits that give absolutely satisfactory service.

We are rather proud of that reputation, and are resolved to build it still higher.

That is why we especially recommend the purchase of this spring's models of the famous 20th Century Suits, which we have in a great variety of patterns and styles.

We find that the makers of this clothing have surpassed even their previous high grade of workmanship. And this means assurance of an extraordinary degree of "suit satisfaction" to the wearer.

Snappy, "college cut" models for young men. The best of conservative styles as well as extreme modes for men of all ages and inclinations.

SERVICEABLE suits, \$10.00 to \$25.00.

LATE LOCALS

Furness line steamship Kanawha, Captain Killman, cleared today for London via Halifax with a general cargo.

A quantity of stone which fell from a stone wall on the deBury estate is obstructing traffic on Harrison street.

John Flint, Charles Stenford, Edward Hayman and George Crowell are reported by the police for working in the city without licenses.

Elder-Dempster steamship Benda, now on her way to South Africa from this port has on board a cargo valued at \$256,188.

The police report that another portion of earth has collapsed leaving a gaping cavity. This time it is on Chesley street and the street department has been asked to fill it in.

Steamer Granville, Captain Waincock arrived early this morning from Dipper Harbor, etc., on her first round trip with seven passengers and two cars cargo, one of which goes to Montreal.

The engagement of Miss Frances Snowball, eldest daughter of the late Governor Snowball, and Earl S. Crocker, son of Timothy Crocker, of New Castle, who is now manager of the Royal Bank of Canada branch at Segua, Le Grand, Cuba is announced. Miss Snowball who is well known here, leaves today for an extended trip across the Atlantic with Miss Motherwell of Scotland.

The festivities that marked the closing of the year of the Men's Bible Class of St. Luke's Church, last night, were greatly appreciated. Rev. R. P. McKim, the pastor, was present and presided at a banquet of 850 in gold. W. A. Steiper spoke on the Missionary Congress in Toronto, which he attended. A recitation by G. C. Jordan, solos by Hoyt and Benson, and gramophone selections by G. B. Taylor, were on the programme, and the gathering participated in a sumptuous repast, served by the ladies of the church.

The Carleton Sentinel says: "The town of Woodstock is freely admitted to be the dirtiest town in the province, and when one comes to notice how some of our merchants never pretend to clean up in front of their places of business, especially on the back and side streets, the number of people who always seem to throw the coverings of papers and letters on the sidewalks and in the gutters, not to mention the refuse deposited in the streets, as well as the rocks and sticks on the road one does not wonder much that we get such a reputation."

THEY FORGOT ALL ABOUT RICHARDS

Colored Boy Charged With Truancy, Released From Jail by the Sheriff.

Percy Richards, a twelve-year-old colored boy obtained his freedom from jail last night under unusual circumstances. On Saturday morning he was one of nine truant boys who attended the session of the juvenile court to proffer a reason for continued absence from school. He admitted that he absented himself since Christmas and contended that his school-mates ostracized him and suggested that he remain away from the school. He was the most confirmed truant of the collection and as he had promised faithfully to attend school when he had before the magistrate on a previous occasion no reliance was placed in his subterfuge and he was confined in a cell with seven others until the afternoon. While the boys were incarcerated the melodious strains of "I'm Afraid to Go Home in the Dark," and numerous other popular ditties floated up from the cells. The lad's shrill voice was conspicuously prominent. Seven of the boys were transferred into jail and then they realized that it was no time for levity. Some were released on Saturday night and on Sunday and when two were liberated on Monday, only Richards remained. He has been annoying the other prisoners by his incessant wailing and sobbing and last night Sheriff Ritchie released him from custody. He was remanded on Saturday and as the remand is valid only three week days it expired on Wednesday. He had been overlooked.

PARTY POLITICS IN HALIFAX COUNCIL

Conservative Majority in the Halifax Civic Administration Veloes Nearly All Mayor Chisholm's Appointments.

Halifax, N. S., May 7.—(Special)—The city council yesterday afternoon took the unprecedented course of referring nearly all of Mayor J. A. Chisholm's appointments to a civic committee. These appointments are always made at the first meeting of the council at which the new mayor presides. The council began by refusing to accept the mayor's nomination on the board of works, and they followed it through the important committees mentioned by his worship. Some of the men turned down by the aldermen for certain more important committees, were named by the majority of other committees. They decided these appointments and in consequence a half-dozen aldermen are on no committees at all. Politics played a part in the affair and the Conservative majority in the council showed its hand.

ARBOR DAY IN THE SCHOOLS

Fittingly Observed by Nature Studies, Etc.—Programme in the High School.

Arbor day in the city public schools was fittingly observed today. Great interest was evinced by the scholars in the talks on arbor life by the teachers. In the various buildings the students assembled in the assembly halls, where a programme in keeping with the day was carried out, the programmes following the nature lessons in the various grades. In the High School the programme was of a more elaborate nature. Only one session was devoted to regular studies. The excellent programme and those taking part follow:

Reading—Mabel Williams, grade IX. Recitation—Colin Woodrow, grade VIII. Piano solo—Kenneth Robb, grade IX. Recitation—Jean Ketchum, grade IX. Essay—John Mooney, grade X. Recitation—Ronald Carlin, grade IX. Mandolin solo—Andry Mullin, grade X. (accompanied by Helen Miller. Recitation—Frank Scully, grade XI. Reading—Blanche Coes, grade X. Recitation—Muriel Jordan, grade XI. Piano solo—James Ogilvie, grade X. God save the King.

GETTING RECRUITS FOR THE N. W. M. P.

Here's a Chance for St. John Men to Join "The Riders of the Plains" the Finest Force in the World

Any St. John men who desire to enlist in the ranks of the Royal Northwest Mounted Police will have an opportunity of doing so anytime between tomorrow, May 8, and Friday the 14th inst. Major Rutledge of the Northwest force will be at the Royal Hotel during that time and will receive applications. Sergeant McArthur who is assisting Major Rutledge, in recruiting the force arrived in the city this morning from Halifax and Major Rutledge will be here tomorrow. The officers secured twenty-nine recruits in Halifax and four in Prince Edward Island and they hope to get about forty in St. John. The ranks of the corps have been depleted owing to a large number of the men being pensioned out and it is desired to get up to full strength again.

Sergeant McArthur said that he was here about nine years ago and accompanied a number of men from this district who joined the force. They are all doing well, he said, and like the life first rate. The requirements call for men at least five feet 8 inches in height with a chest measurement of at least 35 inches. They must have recommendations of character and be physically sound. In his term of service, covering a period of nine or ten years Sergeant McArthur has had some very interesting and exciting adventures in the western country and from his robust appearance the life certainly seems to agree with him.

ST. JOHN KNIGHTS TO VISIT BORDER

Union Lodge Will Send a Degree Team to St. Stephen on Wednesday Eve. Next.

On Wednesday evening next the third team of Union Lodge, No. 2, Knights of Pythias, of this city, will go to St. Stephen where they have been invited to confer the rank of knight on a number of candidates for Frontier Lodge, No. 4. The knights will be taken to the Montreal train, leaving at 6 p. m., and connecting at McAdam with the train for St. Stephen. On arrival at the border town the visitors will be taken directly to the hall, where the candidates will be in waiting. The St. Croix Courier on May 6 says of the visit:—"The degree team of Union Lodge, K. of P., of St. John is to pay a fraternal visit to Frontier Lodge, K. of P., Wednesday evening next, when they will confer the rank of knight in the long form. The visiting team is noted among the Pythian lodges throughout the province for its excellent work and much of pleasure and profit is anticipated from their coming visit. A banquet is to be served at the close of the meeting, which is to be held in Masonic hall."

Captain Ruggs of Washington Co. of Calais, and Captain Grimmer of Frontier Co., St. Stephen, with their assistants, are perfecting arrangements for the first of the inter-lodge Pythian balls and which is to be held at Woodland Friday evening of next week. One pleasant feature of the entertainment that will precede the dance will be an exhibition drill by members of the Pythian Sisters lodge at Woodland.

THE AMELIA ARRIVES

New South Shore Steamer in Port Today on Her First Trip

The steamer Amelia, Captain Michael Wrayton, of the Magdalen Island Steamship Company arrived in port this morning at 11:30 o'clock from Halifax and South Shore ports. The steamer was built in the year 1894 at Ayr, Scotland, and is 103 tons net, and 233 tons gross, and is now owned by the above company. She has an iron hull and is newly fitted up to carry between 40 and 50 passengers. This steamer takes the place of the steamer Senlac which was taken off the Shore route some time ago. The Amelia will now make weekly trips between this port and Halifax, calling at Yarmouth and other ports on her way to and from that port. W. W. Brown is her purser. A large freight will go by the steamer this trip. E. C. Elkin is the agent here.
