J. B. BAXTER IS THE CANDIDATE

Popular Nomination by
Local Government Support-
ers in County.

Rousing Convention, Last
Evening, Tendered
Unanimous Nomination
to Strong Man.

Mr. Baxter, in Ringing
Speech, Accepts Charge
and Endorses Actions
of Provincial Govern-
ment.

At a largely attended convention of delegates from every parish in the County of St. John held in Keith's assembly rooms last evening, J. B. M. Baxter was unanimously selected to be the standard bearer of the local government in the coming by-election. Only one nomination was made, and the proceedings were characterized by great enthusiasm. After the nomination had been made, interesting addresses were made by W. B. Dickson, M. P. of Albert county; Hon. Robert Maxwell, A. H. Clarke, J. P. Mosher, Councillor Wm. Bean and the candidate, Mr. Maxwell announced that the local government expected to sign a contract for the construction of the new bridge at the Reversing Falls within six months.

At 7 o'clock a meeting of election of the Parish of St. John was held and delegates were selected to attend the convention. Shortly after 7:30, Hon. Robert Maxwell took the chair and called the convention to order and W. B. Tennant was elected secretary. Mr. Maxwell then made a brief address, referring to the purpose of the gathering, and stating that the Conservative party in the County of St. John was never in better shape for an election and was assured of an easy victory at the polls in event of the election being held. He declared that the local government's record had made it solid with the people, as was evidenced by the county council's recent election for county councilors, practically all the candidates favorably to the government's highway policy had been elected.

The roll was then called and showed that every district was represented by delegates or substitutes. When the chairman called for nominations, A. H. Clarke, of Lancaster, who was the standard bearer of the local government in the county at the last provincial elections arose and nominated J. B. M. Baxter, and J. P. Mosher, who was Mr. Clarke's colleague, seconded the nomination.

No other name was proposed, and the chairman declared Mr. Baxter duly selected the candidate.

White word was being conveyed to Mr. Baxter regarding the decision of the convention, Mr. Dickson, P. E. congratulated the convention on its choice of a candidate, whom he regarded as a strong man, and one eminently qualified for the position of representative of St. John county. He referred briefly to the record of the local government, and declared that when the general elections came round next summer or fall it would be returned with a greater majority than before.

As the opposition could not be sure of winning a single seat. He spoke of the confidence inspired in the people by the leadership of Mr. Hazen and predicted that under the leadership of Mr. Fleming the government would still continue to make good.

MR. BOWELL OPENS HIS CAMPAIGN

Liberal Leader in Ontario
Threshes Old Straw in a
Speech in Toronto — Makes
Many Extravagant Promises

NO NEW MATTER.

Toronto, Nov. 14.—Mr. N. K. Rowell, the new leader of the Liberal party in Ontario, opened his campaign tonight at a mass meeting in St. James Hall. His meeting was well attended and Mr. Rowell received a good hearing.

After paying a brief tribute to the qualities of his predecessor, A. G. MacKay, Mr. Rowell proceeded to outline his platform. His speech proved to be an extended edition of the manifesto which he recently issued together with a reply to the comments of the Conservative press and leaders on that platform. Referring to the statements that it was much like that of the Conservative party, Mr. Rowell stated that, in fact, the platform of the Conservative press and that it was not sufficiently progressive, might rest a boomerang.

He then referred to the criticism of Sir James Whitney that he had taken a long time to hatch out such a skimpy chicken and said that he would proceed to show that his platform was not one skimpy chicken but that it was a brood of ten lusty reform chickens which was a far stronger brood than the three skimpy legislative chickens which Sir James had hatched out during his years of power.

He then took up the proposed reforms of the Liberal party, one by one, legislation to develop Ontario, to reform the mining laws, to bring about reforms in the administration of the T. and N. O. Railway, to reform the police force, the abolition of the vote on local option by laws for a simple majority and the removal of the control of the license system from political influence, legislation to encourage agricultural improvements in the educational system of the province, conservation of natural resources, civil service reform, electoral reform and taxation reform were the "Ten Lusty Reform Chickens" referred to.

When the chairman called for nominations, A. H. Clarke, of Lancaster, who was the standard bearer of the local government in the county at the last provincial elections arose and nominated J. B. M. Baxter, and J. P. Mosher, who was Mr. Clarke's colleague, seconded the nomination.

EX-MINISTER OF FINANCE "BOSS" NAVY DEPARTMENT TO PLEASE B. B. LAW.

Despite Vigorous Protests of Technically Qualified Officers, Warship was Sent to Yarmouth—What Investigation Shows.

Special to The Standard.
Ottawa, Nov. 14.—Investigation in the naval service department has brought to light some interesting information as to the circumstances under which the Niobe went ashore near Cape Sable last July.

The Niobe, being really a school ship, it is necessary that her work should be done in accordance with a fixed programme and that any cruises undertaken should be planned in advance so as to fit into and not to interfere with her training routine.

When the Niobe was off Cape Sable, she was running from a trip which had been ordered to take by Mr. Broderick, minister of marine, after Mr. Fielding, minister of finance, had from London a peremptory cable message demanding compliance with the request of B. B. Law, M. P., for Yarmouth.

The naval service department had refused to disturb the ship's routine, but the department of finance, through the agency of Mr. Broderick, had insisted on the visit to Yarmouth during the week of July 22-29, to help the "Old Home Week" Concerts with the request would mean:

1. Upsetting the routine of training.
2. Upsetting the programme of the cruise in the St. Lawrence.
3. Steaming 1,000 miles at heavy expense of coal.

PUGWASH IS SCORCHED BY A BAD BLAZE

Little Nova Scotia Town Had
a Narrow Escape from Very
Serious Damage on Sunday
Afternoon.

Special to The Standard.
Halifax, Nov. 14.—Pugwash was sacked by a bad blaze on Sunday afternoon. The fire originating, it is thought, from the fire in the residence of P. P. McLean. The block burned comprised his residence, a store and post office, with barn in rear. Every possible means were put forth to extinguish the fire, but rapidly, and soon the whole block was reduced to ashes.

Sparkes were flying in all directions. The barns of Morris, Walds and John Webb were destroyed by flames. A building occupied by Frank Brown as an undertaking room, and by a provision store was badly gutted, the end being completely burned out of the building.

On Queen street, flying down the road yards from the scene where the fire started, flying over the roof of a house and barn owned by Gilbert Allen and occupied by a tenant. The barn was destroyed but the house was saved.

Further down town the summer school, where the hall threatened to become a prey to the devastating flames, but the good work of firemen saved the situation. All over the town the burning embers set fire to roof after roof, but the carelessness of the citizens' committee prevented a great work of destruction. It was nearly midnight before the danger was over.

The loss is estimated to be six thousand, partially covered by insurance.

MONCTON MAY TAKE ANOTHER CENSUS

Board of Trade Feels that Cen-
sus Returns do Not Fairly
Represent Progress of the
Railway City

Special to The Standard.
Moncton, Nov. 14.—The Board of Trade at its meeting tonight took up the census question and it was decided to ask the city council to make a new enumeration if the cost would not be too great. The general opinion was that Moncton's population is a thousand to fifteen hundred more than shown in the government census of the school statistics and the census of the transit officer being cited in support of this view.

James Wright, a former well known Moncton baseball player, had his left hand torn off while working as an engineer in a hospital at Salem, Mass. The hand was amputated at the wrist. In Justice Bligh's court at Hillsboro yesterday, Sam Steeves was convicted of shooting a moose without a license and a fine of \$50 was imposed.

The adjourned annual meeting of the New Brunswick Petroleum Company was held this afternoon and the following officers elected:

The directors elected: F. W. Sumner, president; J. C. Patterson, vice-president; T. Williams, 2nd vice-president; A. W. Lodge, secretary.

Renewed efforts are being made to obtain a way for Hon. Geo. P. Tupper to return to the Commons as Sir Wilfrid Laurier's despatch. Various "feeler" announcements are being made to the effect that Mr. Graham will take T. H. Law's seat in South Renfrew being given on acclamation in return for a walkover for McCarty in the local election. It is declared here tonight that the Conservative organization are not a party to any arrangement of this sort and that Mr. Graham will be opposed in South Renfrew with every prospect of beating him.

PREMIER MEETING IN OTTAWA

Held Conference with Mem-
bers of Dominion Cabinet
Yesterday in re Valley Rail-
way—Other Ottawa News.

Special to The Standard.
Ottawa, Nov. 14.—Preparations for the militia conference summoned by the House of Commons, it is possible that the conference will break up into smaller conferences of the several arms, at which problems will be discussed with a view to presenting unified views on Friday and Saturday. Towards the end of the conference a private sitting will be held at which matters of a confidential nature will be discussed. This will include a statement by General MacKenzie of the general strategic problems of the British Empire.

Among the officers and gentlemen who will attend the Maritime Province, Lieut. H. Davidson, Charlottetown, P.E.I.; Major F. P. Day, Fredericton, N. B.; Col. S. J. A. Denison, Halifax, Lt. Col. W. C. Good, Woodstock, N. B.; Lt. Col. J. D. B. MacKenzie, Woodstock, N. B.; Lt. Col. J. W. McMillan, Halifax; Lt. Col. MacLaren, St. John, N. B.; Lt. Col. H. C. Thacker, Halifax; Lt. Col. A. Weston, a Cabinet Council.

The cabinet council this afternoon, it is understood, filled the two vacant senatorships, caused by the death of Senator Baker and Senator Carling. No official announcement will be made until tomorrow morning but it is stated unofficially that the new Quebec senator will be Rufus Pope, ex-M. P. and George Taylor who resigned Leeds to allow Hon. W. T. White to run as cabinet minister, will succeed Senator Carling.

Renewed efforts are being made to obtain a way for Hon. Geo. P. Tupper to return to the Commons as Sir Wilfrid Laurier's despatch. Various "feeler" announcements are being made to the effect that Mr. Graham will take T. H. It is declared here tonight that the Conservative organization are not a party to any arrangement of this sort and that Mr. Graham will be opposed in South Renfrew with every prospect of beating him.

Mr. Fielding Also Done.
It also transpires that Hon. W. S. Fielding is not likely to ever appear in public life even if Yarmouth is open for him. Strained relations are said to exist between Sir Wilfrid Laurier and the man who framed the reciprocity agreement. Under these circumstances it is proposed now to open Standford for Hon. Sydney Fisher in which event the county is likely to move into the Conservative list. The ex-minister it is believed, cannot carry it.

Special to The Standard.
San Francisco, Cal., Nov. 14.—Provided with the arms and ammunition for which they have been waiting several days, the revolutionary forces began an attack on Nanking early today, according to cable advices received by the Chinese Press of this city. The advices say that the imperial forces have been driven to the Purple Hills and their position is desperate.

Peking, Nov. 14.—While the imperial government is endeavoring to force the premiership on Yuan Shi Kai, China's strong man in his various conferences today with the Prince Regent, the acting premier, Prince Ching and other members of the nominal cabinet took occasion to point out the insecurity of that office, the retention of which depended upon the caprice of the national assembly.

Yuan Shi Kai, if he accepts the premiership at all desires a fixed term of office, and it so stated to the regent. But he must obtain this through the national assembly as an edict would be likely to arouse suspicion. It is not considered probable that Yuan Shi Kai will undertake the gigantic task set for him, and he considers the chances of success in carrying it to successful issue. There is still another possibility to be considered, the alternative of a republican cabinet would begin immediately to carry out its duties. Financial stress is being felt by the administration. The board of finance has only about \$500,000, while the late empress dowager's hoarded silver and gold is not enough to amount to more than \$5,000,000, the palace, it is said, having contributed largely to famine funds and other charities, as well as for the Hankow and other campaigns. Consular despatches from several places have reached the legations. One from Chefoo says that the rebel authorities have notified the consuls that they have taken over the administration, and that they intend to protect foreigners. They ask that they be not interfered with. At New Chung the foreigners are organizing a defence league. A Hankow despatch says that the imperialists are deserting steadily, some of them becoming rebels, while others are proceeding northward with their loot.

A quorum mixup has arisen regarding the proposal to replace the Canadian section of the international waterways commission by new men. On behalf of the Liberal appointees of whom Sir George Gibbons is chief, it is stated that the selection of these men was approved months ago by the imperial government and that this approval was communicated to the British ambassador at Washington who notified the governments on this side. These commissioners have been acting and intend to go on acting until removed by action of the cabinet.

Under the Colonial Office regulations no recognition of these officials as being appointed by the cabinet is given and this has been resented, as they from time to time exercise quasi-diplomatic functions they should be awarded special recognition. Not being allowed entry by the cabinet ministers and other official personages they absent themselves from the drawing room. This year the Duke of Connaught took pains to remove the difficulty. The regulation stands but the consuls general will be specially received by His Royal Highness in the apartments of the Speaker of the House before the drawing room proper begins.

The Valley Railway.
A conference respecting the Valley Railway took place today between Mr. Borden, Mr. Cochrane, Mr. Hazen and Mr. Fleming. Progress was made and it is expected that an agreement will be reached at a further conference to be held tomorrow.

HONORS FOR RAILWAY MEN

Special to The Standard.
Ottawa, Nov. 14.—In recognition of the fact that they composed the crew in charge of the Royal train which conveyed their Excellencies the Earl of Argyll and the Earl of Dufferin from Quebec on the occasion of their recent departure from Canada and carried to Ottawa their Royal Highnesses the Duke and Duchess of Connaught, the conductor, two engineers and trainmen have received honors from the Duke of Connaught and Earl Grey. The officials, whose work has been the object of royal recognition, are Conductor James Wallace, Engineers William King and R. H. Fraser, Trainmen W. Morrent and Joseph Corrier, of Montreal.

SYNDICATE BUYS BIG LUMBER TRACT IN NOVA SCOTIA

Special to The Standard.
Anshert, Nov. 14.—A transfer involving the sale of thirty thousand acres of lumber lands was closed here today when an American syndicate composed of Perry Black, Edgar Philmore and J. J. The cathedral authorities claim between \$4,000 and \$5,000 insurance due them on the chimneys, which they assert should be included as part of the fabric, while the insurance companies claim the chimneys have been separately mentioned to have been included as insured.

INTERESTING TALK ON ROBERT BURNS

Life of Scottish Poet Provides Rev. J. J. McCaskill with Theme for Excellent and Popular Address.

Rev. J. J. McCaskill delivered a very interesting and instructive lecture on Robert Burns last evening at St. Matthew's Presbyterian church. A large audience was present and Har- old Crookshanks gave a facile selection. The Rev. J. J. McCaskill said in part: "There is a certain alchemy in the head and heart of all just men that takes the sentiments of Burns and transmutates them into wholesome and happy life. We feel the emotion that Burns expresses, reflected in ourselves, it is a man's voice. He is the poet of human nature. He is too, the very incarnation of Scotland. His memory is celebrated universally than that of any other human being, and he reigns over a greater domain than any empire the world has ever seen.

Scotchmen particularly are ready at any time to turn aside to try to understand the unusual sight of the first of his great passions falling to consume any of his glory. It is just possible that for a Scotchman, appreciation of Burns is not only a condition necessary to salvation, if it be made a primary condition many of them would wish to place in the hands of the law and the church. But far you-weel, Auld Nickie-Ben O, wad ye take a thug an' meen'! Ye shalms might as dings ken! Still has a stake; I'm wae to thug you den, E'en for your sake!

"Goethe things, you are going very far when you say Faust, but here is a poet, who would save Faust's master, the German doctor, from a very stupid person, and their legends contain so many accounts of ludicrous ways in which they invariably outwitted him, the Southey who confessed that he could never think of the Devil without laughing. His indefatigable industry has won for him a place in history, a large patrimony and following. He began too in a small way and his industry at least must be commended. Spinoza who is accused of hedging in his exhortation to his fellowmen, though no doubt he hoped that the release of those whom the plots of his day consigned to the devil's tender care.

"Power as Burns' portion in his young days and this meagre foster-mother remained his close companion all through life. It was sometimes behind hand with its rent, but that hungry poverty that does not know where to look for its dinner. His father was as poor as a church mouse and as proud as a church dignitary. He was a level-headed, God-fearing, tenant farmer, whose industry was his strength, although strenuous in his toil, Sows and milk and milk were their homely fare with little variation at the meals. He was often accused at the board except when a cow or sheep died of old age or infirmity. But plain living did not drive out high-thinking, and Burns, when he was a boy, had a beautiful picture of his parents' household—the rest that comes at the week-end. Burns was a family worship about the "Wee bit blinkin' bonny."

Some try to defend and apologize for Burns. The man who defended him need more defence than he does. A big man should never be cheapened by a defence. Life is its own excuse for being, and every life has its own apology. The man who has never sinned, or never done a cowardly or mean thing belongs to another race than that of earth, and is not interesting. We love men for their limitations and their weaknesses no less than for their virtues. Burns would be amused and bored if he heard himself represented other than he was. Were he perfect he would not be the popular hero he is today.

"The subject of discussion was the 'Lights and Shadows of a Teacher's Work.' Among the speakers were Miss Barclay, Mrs. McAvilly, Mrs. Watters, Mrs. Scott, Miss W. Raymond, Miss Walker, Miss Patton, Mrs. Peterson and A. Coster. These speakers gave very interesting accounts of their experiences. Another matter dealt with was that of the Children's Day Service, and a number of changes in the observance next year were suggested. The gathering was one of the most interesting and practical the association has held for some time.

C.P.R. WILL PRESS CLAIM ON CITY

Railway Still Trying to Collect that \$8,000 on Account of Land Slide in Union Street.

The C. P. R. is pressing its claim against the city for losses which the company alleges it incurred as a consequence of the caving in of Union street some years ago. The railway company presented a bill for about \$8,000 for alleged damages in this connection some years ago, but nothing was done about it. Now the C. P. R. has revived its claim and threatens to bring a lawsuit against the city unless the bill is paid.

Some of the city fathers think the city should not be called upon to pay such a bill, as it already spent much money for the benefit of the C. P. R., as well as granting the company a considerable area of land. The circumstances in which the C. P. R. bill originated are no doubt well known to the citizens of St. John. The C. P. R. asked that the wharf be lengthened and the city council, persuaded that its own engineer, the late Mr. Peters, could not do the job, employed a C. P. R. engineer from Montreal. The engineer prepared plans which Mr. Peters condemned, declaring that if they were carried out the wharf would slide into the harbor. The council, however, accepted Mr. Peters' resignation, and proceeded to carry out the plans of the imported engineer.

When the work was nearly completed the wharf slid into the harbor, and an expenditure of \$125,000 was lost. At the same time a considerable portion of Union street caved in.

The council thereupon reapportioned Mr. Peters' bill, and the wharf and Union street. A city official stated yesterday that it cost nearly \$100,000 to rebuild Union street, a work which was undertaken almost wholly for the benefit of the C. P. R.

PORTLAND Y.M.A. ANNUAL BANQUET Very Pleasant Function was Held Last Evening as Feature of Anniversary Celebration of Church.

The banquet held by the Y. M. A. of the Portland Methodist church in honor of their eighth anniversary last evening was well attended and a pleasing programme of speeches and music was given.

When the work was nearly completed the wharf slid into the harbor, and an expenditure of \$125,000 was lost. At the same time a considerable portion of Union street caved in.

AUDIENCE DELIGHTED WITH GRACE GEORGE

"Just to Get Married" Scores Big Hit at Opera House - Clever Comedy Played to Perfection.

Smiles and tears; a comedy with just sufficient serious trends to lift it into that class of plays which sometimes make men and women think; the old story of the marriage de convenience in a modern setting—such is "Just to Get Married," admirably staged and delightfully acted by Grace George, Lyn Harding and a very capable company at the Opera House last evening.

The story is soon told. Emeline Vicary, by her Aunt Lady Catherine Grayle's decree and with the consent of the family, must find a husband. Portionless, but pretty she is a problem in her aunt's household. When the play opens the long sought-for man, Adam Lankester, wealthy and good looking, is on hand. He is a visitor in the house and has shown by the usual signs, that he is not indifferent. But Adam is absurdly bashful and it is Emeline's duty, and not an unwilling duty, to bring him to his senses. In the first act Miss George in the role of Emeline showed that her powers as a comedienne had not been over-rated. Her scenes with Adam in which comedy struggled with ambition, were delightful. Finally came the proposal and Adam, the bashful, is transformed into the devoted lover. "We are engaged."

The second act is the eye of the wedding and with it comes the breaking down of Lady Catherine. Adam is devoted to her Emeline breaks down. "It is a farce," she cries. "I did not care for you." Her true womanly nature reasserts itself. "When I said I cared for you I lied," she tells him, "just to get married."

It is a scene full of rich comedy the news is broken to Lady Catherine by her hen-pecked husband and her son. Her reproaches drive Emeline to leave the fact that Mr. Lankester lived within Miss George's treatment of the trying scene with Adam in this act was perfect and Mr. Harding with his manly bearing and unfeigned grief gave her excellent support.

The closing act takes place at the railway station. Emeline arrives wet and refuses all inducements to return. Adam, who is catching the same train to town, appears unexpectedly. The engagement is broken and Adam leaves after first upbraiding her and then seeming to realize that she has done right.

They Will Be There. The call from the fire department have been notified by Chief Kerr to attend at the chamberlain's office on Thursday the 10th inst., to receive their year's allowance. The chamberlain's office opens at 10 o'clock. Between \$14,000 and \$15,000 will be distributed among the call firemen.

For Stationary Engineers. The provincial act providing that all stationary engineers must have certificates of competency, comes into force before long, and Factory Inspector John Kenney requests that all engineers intending to take the examinations should send in their applications as soon as possible. Every application must be accompanied by \$1.00, and recommendations from employers showing the candidate's period of service and general qualifications. Arrangements are being made to hold examinations in different parts of the province and the places and dates will be announced later. Every candidate successfully passing the examinations will be given a certificate on the payment of \$2.

Thanked Mr. Hazen. A meeting of the machinists' association was held last evening, about 60 members being present. A communication was read from Hon. J. D. Hazen stating that he would bring the matter of having the St. John machinists' place under the provisions of the fair wage act before the minister of labor, and a resolution was passed authorizing the thanks of the association to the minister for his good offices. An open meeting of the union will be held next Tuesday when addresses will be delivered by a number of labor speakers.

NEW GET RICH QUICK SCHEME EXPOSED

Errand Boy Pleads Guilty to Getting Employer's Mail and Extracting Checks After Being Discharged.

New York, Nov. 14.—When Harry Grandoffsky, fifteen years old, an errand boy, was arrested on a charge of forgery and theft the remarkable story of an ingenious “get-rich-quick” scheme was unfolded, according to the police charge.

The boy, according to the charge, under the alias of Harry Grand, obtained employment three months ago as an errand boy with the Favour Rubi Company, dealer in art supplies at No. 49 Barclay street. He was discharged two weeks later. One of the boy's duties was to get firm's mail at the General Post Office. In the office he had seen a member of the firm open the mail which contained checks and money orders. According to the accusations and to which he pleaded guilty in court yesterday, the boy continued to call for the mail after he was discharged. He is charged that he sorted out the letters and selected those which he thought contained checks. The others he was alleged to have deposited into the Post Office “drop box.”

Once in possession of the checks the boy, as he declared in court, endorsed them and deposited them in the Brownville Bank, to the account of John Willson, a name adopted for the occasion. All suspicion was directed off at the bank by the fact that the youth did not draw checks on his account.

When arraigned before Judge Sussell in the Children's Court the youthful prisoner pleaded guilty. He was remanded to the care of the Society for the Prevention of Cruelty to Children.

The hot supper given by the ladies of St. Paul's Episcopal church in the curling rink on Wednesday evening was a highly successful affair. The supper proved to be fully up to the standard of excellence and the attendance also most satisfactory. Four tables were in charge of Mrs. H. E. Fawcett and Mrs. Thomas Estabrooks; Mrs. Robert Duncan and Mrs. William Clarke; Mrs. A. C. Smith and Mrs. P. G. Rennie; Mrs. G. H. McKenzie and Miss Gretchen Allison. At the refreshment tables presided Mrs. D. S. Campbell and Mrs. W. A. Simpson; Mrs. R. C. Williams and Mrs. G. R. McCord served ice cream, and Mrs. Hattie Milner sold hot cakes and coffee. Over \$150 was raised for church purposes. On Thursday evening the young ladies of the congregation served tea from 4 to 5 o'clock on account of the large number of young people in town for the football game, was well patronized.

BOY OUT SHOOTING SUNDAY WAS SHOT

Thought to Have Been Mistaken for Deer - Cylinder Head Blows Out, Breaking a Window.

St. Stephen, Nov. 13.—The cylinder head at the Street Railway power house blew out this morning and was driven through an adjacent window by the force of the explosion. Escaping steam made a commotion for a time, but fortunately nobody was injured. The cars will be out of commission for a few days.

A sad fatality is reported from Canmore, about fifteen miles from this town, though only meagre details are as yet available. Two Hasty boys and Horace Brisley, the latter about eighteen years of age, were in the woods on Sunday with guns, and young Brisley lost his life.

The story told by one of the Hasty boys is that he heard the report of a gun and then heard Brisley sing out “I am shot.” He rushed to his side and finding him wounded went for aid, and when he returned found that his companion was dead. This is all that can at present be ascertained, but it is suspected that the boy was mistaken by somebody for a deer and so lost his life. Both barrels of Brisley's gun are reported to have been loaded, so that the wound could not have been self inflicted.

John A. Pinkerton, a well known farmer and lumberman of Baillie, died on Saturday evening and a post-mortem examination revealed the cause to be gangrene of the bowels. He was prominent in the Orange Order and was a highly esteemed citizen.

L. Spencer Crisp, son of Rev. James Crisp, Dorchester, has taken charge of the Methodist church services at Bonaventure, Charlotte County.

Heber Cook, a well known former Dorchester resident, passed away suddenly recently at his home in Burbank, California. Death was due to hardening of the muscles of the heart. He was 52 years of age and leaves a widow but no family. Brothers and sisters are Messrs. Albert, Dorchester; Edward, Lawrence, Mass.; John, Attleboro, Mass.; Mrs. Martha King, Palmer, and Mrs. David Lavers of Fenville, California.

Louis Blackall, lay reader in charge of St. Mark's church, Mount Whiteley, was very pleasantly surprised on Saturday evening when many of his congregation arrived and presented him with an astrochann lined overcoat, a high top hat and a hall lamp. Mr. Blackall gratefully acknowledged the gifts in his usual happy style. The ladies served ice cream, cake and coffee before leaving.

A Boon to Stock-Raisers

To Know How to Cure Colic, Distemper, Colds, Swellings, Etc.—Saves Thousands Each Year.

It is a matter of vital importance to every farmer, horse-owner and stock-raiser to know exactly what to do when one of his animals is taken suddenly sick. My experience in this matter has been such that I have found the letter of Mr. Frank F. Fullerton, which we print below, gives information of inestimable value, and tells of his experience in curing all kinds of stock during the past thirty-eight years:

“Several years ago when my horses took colic I used to give them Cayenne Pepper in hot milk, but in a few cases only did it help, and because I had no proper means at hand I lost several valuable animals. Some one told me that a man named Nerviline, of Brockville, Ont., had in his racing stables with ‘Nerviline,’ so I laid in a supply. It wasn't very long before Nerviline saved the life of a valuable stallion of mine, which was worth at least \$1,000.00. This horse was taken with colic, and would have died, had it not been for Nerviline. I have used Nerviline for reducing swellings, for taking out distemper lumps, and easing a bad cough, and always found it worked well. I recommend every man who owns horses or cattle to keep Nerviline on hand.”

Mr. Fullerton is one of the best known residents of Stormont, and his recommendation as an experienced and practical horseman proved beyond question how valuable Nerviline really is. Give Nerviline a trial. It's good for man or beast, internally or externally. Large size bottle 50 cents or sample size, 25 cents. At all dealers or The Catarhoose Co., Kingston, Ont.

ST. JOHN, N. B., WEDNESDAY, NOVEMBER 15, 1911.

THE TRIUMPH OF MARQUIS WHEAT.

The winning of the \$1,000 in gold at the Land Exhibition in New York, by Mr. Seager Wheeler, of Rosthern, for the best 100 lbs. of wheat grown on the continent of North America, has a significance and importance quite outside of the great triumph for Canada of maintaining her lead in wheat production. Perhaps not every one who reads the reports of this victory notes the fact that the prize had been taken by "Marquis wheat." This wheat, the Manitoba Free Press points out, is the result of long and careful experiment to produce a variety that would ripen early and yet retain the color and baking strength of the celebrated No. 1 Hard. The value of this discovery to wheat growers is not incalculable.

The Canadian West has made its reputation for wheat-growing on the variety known as Red Fyfe, a wheat which is not only beautiful in appearance and of great weight and density, but which has one outstanding quality which endears it to the hearts of millers literally all over the world, and that is what is known in the trade as "baking strength." So great is its superiority in this respect over all other hard wheats that have been offered to the millers (who are really the price-makers of wheat for the world), that no other variety would have been sought for, had it not been for the length of time required to fully mature Red Fyfe, and the danger from early frost.

The first large areas in Manitoba were ploughed in 1852. The constantly recurring August frosts were most discouraging. The Dominion Experimental Farms were established in 1857. Almost at once the officials took up the work of endeavoring to find a variety of wheat which, while having the milling and baking qualities of Red Fyfe, would mature earlier. In the year 1882, Professor Saunders began to work actively on an endeavor to breed a variety of wheat that would have the milling and baking qualities of Red Fyfe, and would mature from eight to ten days earlier. A very large number of experiments were tried and many varieties produced, those which were the greatest apparent success being crosses between Red Fyfe, White Fyfe and the early Russian bearded variety known as Ladoga.

From these crosses the three varieties which have remained and attained any prominence are Preston, Stanley and Huron, and while these varieties were all more or less successful, Preston in particular became very popular, more especially in Northern Manitoba and Saskatchewan. None of these varieties have ever equalled Red Fyfe in its remarkable baking strength, and in the case of Preston and Huron there was the fact that the flour was of a deeper yellowish color than that made from Red Fyfe. As time went on and larger quantities of these hybrids were produced and exported, the British miller began to notice a difference in the milling quality of the wheat received from Western Canada, and as the wheats were very much alike in appearance a number of the millers became possessed of the idea that the difference in milling quality was due to the watering-out of the land from excessive cropping, articles to this effect appearing in Milling and other journals, while the men in Canada who were closely in touch with the trade, knew that much of the wheat complained of was coming direct from new land.

In 1903 the Cerealist of the Dominion of Canada was requested to go into this matter again, to see if something could not be done to produce a wheat that would be as successful in early ripening as Preston, Huron and Stanley, but which would have the baking strength and color of Red Fyfe. Re-selections were made from the crossed wheats, and very distinct improvements in these varieties have been the result, but even these were not entirely satisfactory, and further crossing of other varieties was attempted. One or more of the hybrid varieties were crossed with a wheat from Northern India which is known as No. 2 Calcutta Rice. It comes from the extreme north of India and closely resembles Red Fyfe in appearance.

From various of these crosses three new varieties of wheat were obtained. These were Marquis, Chelsea and Dashon. Of these three Marquis is the one which merits most consideration. The first extensive tests which it was possible to make from this variety were in the crop of 1908, and the greatest care was taken in testing these samples. It was shown that Marquis grown at Brandon, Manitoba, was equal in color and baking strength of flour to Red Fyfe grown on the same farm, and was decidedly superior to the Red Fyfe grown at Indian Head, Saskatchewan. The Marquis is a beardless wheat with hard red kernels, and very closely resembles Red Fyfe, excepting that it is very much earlier. It has proved, so far, earlier in fact than Preston or Stanley.

Chelsea is a very early beardless wheat, but was not satisfactory in flour strength, it more closely resembled Stanley. The Dashon wheat is still earlier and has many good qualities; it is not equal, however, in strength to Red Fyfe, and the flour is yellowish, and the wheat possesses a pale yellowish skin. It is, of course, not possible to affirm absolutely that Marquis is the long sought after and greatly desired variety with the baking strength of Red Fyfe, and ripening sufficiently early to preclude the possibility of damage from frost; but wheat-breeding has advanced so much since the early attempts with Preston, Stanley and Huron that it is fairly safe to assume that the type is fixed, and this triumph of Seager Wheeler's is of great importance in that he has produced this wheat in Rosthern district, which is regarded by grain men generally as a No. 2 wheat territory, and moreover he has produced it in one of the most unfavorable seasons known in the Canadian West in a wheat-growing period of over 30 years.

It is almost impossible to calculate the money value to this country of a wheat which will ripen from eight to ten days earlier than Red Fyfe, and at the same time retain the beautiful color and extreme baking strength of the wheat which, as No. 1 Hard, has made Canada famous. Another feature of this triumph which should not be passed over is the fact that a good deal has been said from time to time in a slighting way of Englishmen as farmers in this country. Mr. Seager Wheeler, who is an Englishman, has won from competitors all over the continent, and he has won with wheat which was grown in the ordinary course of his crop, and the superiority of which is due to excellent scientific farming.

THE CHINESE AWAKENING.

A writer on the Chinese question says the country which English writers of a couple of centuries back spoke of as "Far Cathay," and which within memory was almost a country of myth, always regarded itself as the world's "middle kingdom," to which all others were but fringe lands. In some towns the farmers bring melons to editors. In other towns the editors have to prospect for melons in a basket, or else be content with pumpkin pie and greens, till waked by the rap-saws of Japanese and other old-time fillers.

Annual Meeting of the Association Held Yesterday Afternoon - Plans Informally Discussed for Next Year's Fair.

The annual meeting of the St. John Exhibition Association was held yesterday afternoon in the board of directors' rooms. The directors for the ensuing year were elected as follows: H. O'Brien, R. B. Emerson, H. Patchell, W. F. Burdett, Mayor Frink, Ald. J. B. Jones, E. A. Schofield, W. W. Hubbard, H. M. Campbell, A. Macaulay, C. B. Allan, A. O. Skinner, W. C. Allison, S. S. Hall, Geo. E. Harbour, T. H. Estabrook, W. S. Fisher, Dr. Thos. Walker, F. A. Dykeman, Geo. A. Kimball, L. Rising.

THE WORLD'S CHANGING MAP.

Recent years have transformed map-making into one of the most active of the world's industries. The Paris press rejoices because, as one of its papers phrases it, "the adjustment with Germany creates a great French Empire in North Africa." This means, of course, that Morocco now joins Algeria and Tunisia under the French flag. If Italy succeeds in holding Tripoli, the entire line of the south border of the Mediterranean will come under the rule of white nations. Tripoli was the gap between the British Province of Egypt and the French dependency of Tunis, and was marked as Turkish territory on the world's charts. France, with her free hand in Morocco, has suddenly gained that strip of northeastern Africa from the Pillars of Hercules to the point where the Draha empties into the Atlantic. Part of the French Congo, far to the southwest of the Sahara, is handed over to Germany, while Germany cedes to France her "ducks' bills" stretching from the Chari River to the Legone. Thus the contour of the Dark Continent, as it is represented by European spheres of influence, is altered at several places.

THE PRINCESS ALICE.

The Princess Alice, the new steamship of the Canadian Pacific, is on its way from England to Vancouver. It has been reported at Coronado, off the South American coast, was the word received at local Canadian Pacific Railway headquarters yesterday. The new steamer has evidently weathered the trip around Cape Horn safely. The "Princess Alice" is a fine addition to the Canadian Pacific Railway Company's service of steamships. It has been especially built for the service in which it will be entering, and is beautifully fitted up and furnished.

WAS SO RUN DOWN

Thought She Was So Far Gone Nothing Could Cure Her. MILBURN'S HEART AND NERVE PILLS Made Her Strong and Healthy.

Many women get run down, and are unable to look after their household duties, owing to their nervous system becoming unstrung, and when this happens, the heart starts to work in sympathy with the nerves. In Milburn's Heart and Nerve Pills is combined a treatment that will cure all forms of nervous disorders, as well as act on the heart itself. Mrs. F. McFadyen, Brookside, Sask., writes: "It is with the greatest of pleasure I write you stating the benefit I have received from using Milburn's Heart and Nerve Pills. This medicine was so run down I could not do any work, and one day a neighbor advised me to try your Pills. I told her that I thought she was joking, as I was too far gone. But she told me to get a box of Milburn's Heart and Nerve Pills, which I did, and before I had finished them, I began to improve, and when I had finished the one box I was as strong and healthy as any person. Anyone who suffers from heart and nerve troubles should take your Heart and Nerve Pills and they will soon discover their worth."

Recovered His Lost Stick. The painstaking efficiency and the honesty of railway officials and employees in England is illustrated by a letter received this morning by Willard P. Hovey. Mr. Hovey was in England last summer. At the Euston station in London he had to run to catch a train to Liverpool. In his haste he left a walking stick in the luggage room. He told the guard on the train about it. The guard asked for his card and said the stick would be returned if it could be found. This morning Mr. Hovey received a letter from the railway company saying that his stick had been sent to him on the Campania, which sailed on Oct. 16—Kansas City Star.

BRIEF LOCALS

Cathedral High Tea. At a meeting of the committees in charge of the Cathedral High Tea the preliminary details were arranged. The event has in past years proved an enjoyable one. The dates for this year are Nov. 27, 28, 29, and 30.

Civil Service Exams. About twelve candidates began the civil service examinations for the lower grade yesterday morning. Dr. G. U. Hay is conducting the examinations. The qualifying examinations for outside service will be held today.

U. S. Vice-Consul Back from Vacation. Clarence Carrigan, U. S. A. vice-consul returned to the city yesterday after a vacation in New York. Mr. Carrigan recently received notice of transfer but has not been informed as yet as to his next location.

Asks for Information. Registrar J. B. Jones has received a letter from a lady in Philadelphia asking information regarding the death of her grandfather, whose name was either Robert, John, or William Briggs, at one time a shipbuilder here.

The River Season. The river season will probably close within the next two weeks, if the present cold weather continues. The work on the Sincennes is progressing favorably and the greater portion of the bulk work will have been completed when winter sets in.

Salvation Army Changes. Among the changes in the Salvation Army personnel here will be the removal of Brigadier and Mrs. Abby, who will go to Hamilton, Ont. A farewell meeting will be held in the Citadel on Monday 27th. They will be replaced here by Major and Mrs. Taylor of Montreal.

The Late David Cowles. Robert Connelly returned yesterday from New York, where he attended the funeral of David Cowles, president of the Pejebot Lumber Company. At a meeting of the directors held on Saturday, it was decided to continue the affairs of the company, as at present. Some of the directors of the company will visit this city next week.

Police Court. In the police court yesterday, George and William Beckinham were fined \$20 for fighting. James McCall was fined the same sum for a like offense. Charles Wilson and Anthony Howe forfeited \$8 for vagrancy.

OBITUARY. Mrs. Mary A. Mills. The death of Mrs. Mary A. Mills, widow of John L. Mills, occurred at her home, West Somerville, Mass., on Saturday. She was sixty-three years old, and was formerly Miss Mary Thurbill, of Tracyville, N. B. Two sons and two daughters survive. The sons are C. Fred Mills, of Somerville, and John L. Mills, of Tracyville. The daughters are Mrs. George Durham, of St. John, and Mrs. Rhoda, of Somerville.

James McAlary, of Cambridge, Queens county is dead at the age of eighty-two. He leaves his wife, two sons, J. W. and Fred W. of McAlary & Co. of this city, and one daughter, Mrs. George Dunham, of Somerville, and Mrs. Rhoda, of Somerville.

AMUSEMENTS. Nickel's New Show Tonight. The Nickel finishes with the great Irish drama The Colleen Bawn this afternoon, and tonight will commence the regular Wednesday change of pictures. In addition to a fine Vitaphone story of the Philippine war, introducing Mr. Delaney, Miss Case and others, the Melies Co. will present two well-known comedies—Boastful Bill, and Aunt Samantha's Harlem Skirt. The grand item, or items, of the programme, however, will be the Pathé Weekly No. 15 which will include the following most absorbing pictures of world news—all of them magnificent motion photographs and covering the civilized world in their scope: King George and Queen Mary in Dublin, Bob Barry Going a Mile a Minute in His Great Benz Car, The Terrible Haul of a Tornado at Charleston, S. C., Monstrous Oil Well Affre at Eudapa, Romania; the Beattie Murder Trial at Manchester, N. H.; Labor Day Parade in New York, and How Funds Were Raised for the McNamara Trial, Elaine, including World's Champion Woman Swimmer, Sports Events of Note, etc., etc. Miss Braek will sing also Mr. Adler. The Two Orphans next Monday in three reels.

Funerals. The funeral of John McCallilly took place at 8:30 o'clock yesterday morning from his late residence, 591 Main street, to St. Peter's church, where requiem high mass was celebrated by Rev. J. O'Regan, C. S. R. Interment took place in the new Catholic cemetery.

CLOSING STOCK LETTER

New York, Nov. 14.—Following yesterday's reaction, today's market reflected a considerable division of opinion with respect to the immediate course of prices. The day's movements were irregular, with evidences of speculative distribution at some points, supplemented by strong indications of support and solidation.

SLOW DRIFT TO LOW MARKET LEVEL

New York, Nov. 14.—Prices drifted slowly toward a lower level most of today's trading in stocks. At no time was the movement abrupt, and a rally late in the day reduced losses largely, so that at the close changes for the most part were small.

The late rally in prices apparently was based upon the recent order of the Commerce Court granting a temporary injunction in the intermountain freight rate case. The text of which was made known today. Much was expected that the question of published rates would be restricted at least upon the Interstate Commerce Commission in regulating rates under the long and short haul clauses. The decision showed that the court had not granted a temporary injunction merely to gain time but that the question of published rates had been reached as a result of this scrutiny.

Sherbrooke Railway & Power Company Bonds

The history of the Public Utility Corporations in Canada has conclusively shown that if bought and held as investment will yield better returns than any other securities that can be purchased. In the case of the Sherbrooke Railway & Power Co., already this year their earnings are 33-1-3 per cent. more than last year for the same period showing the rapid advance the premier town of the Eastern Townships is making.

COBB NOT ENTHUSIASTIC OVER STAGE

Norfolk, Va., Nov. 14.—Celebrations from various circles were on the track yesterday. "Curley" Cobb was there so was "Ty" Cobb. They were the guests of the stewards during the afternoon and glad were they for the little glass pagoda sheltered them from a drizzling rain that made things about as miserable as it is possible to imagine.

"I can't say that I am married to it," he answered. "I never will be an actor. I suppose I am what they term a ham in the business and I get nervous when called upon to make a certain speech. It doesn't seem the same sort of thing as ball playing. There's a heap of difference between picking up a bat and knocking out a home run in the presence of 20,000 people and being asked to make a speech while smothered in grease paint and dressed in very unattractive togs. I am an actor because it pays, not because I am in love with it."

HAD VERY BAD COUGH.

Tickling Sensation In Throat. Dr. Wood's Norway Pine Syrup will quickly stop that tickling in the throat which causes the dry cough that keeps you awake at night, for the simple reason that it is so rich in the healing virtues of the Norway Pine tree, it cannot help but do otherwise.

Miss C. Danjelson, Bowserman, Man., writes: "Last fall I had a very bad cough and a tickling sensation in my throat. It was so bad I could not sleep at night, so I went to a druggist and told him I wanted something for my cold and he advised me to try Dr. Wood's Norway Pine Syrup which I did, and after taking one bottle I was completely cured. Let me recommend Dr. Wood's Norway Pine Syrup to anyone who suffers from a cough or throat irritation."

THE BIGGEST SMELT

(From the Boston Globe.)

What is perhaps the largest smelt ever landed in Massachusetts waters, in recent years at least, was caught at East Orleans yesterday and brought to Boston.

This king of smelts was a perfect specimen, with an overall measurement of exactly 15 inches and a displacement of 8 ounces net. It was a full inch and a quarter longer than a smelt caught in Boston harbor more than a dozen years ago that had held the record hereabouts up to yesterday.

GILO WILLS

And I said unto Joseph: Behold I die, but God shall be with you and bring you again unto the land of your fathers. Moreover, I have given to thee one portion above thy brethren, which I took out of the hand of the Amorites with my sword and with my bow.

And Jacob called unto his sons and said: Gather yourselves together that I may tell you that which shall befall you in the last days.

In the forty-eighth and forty-ninth chapters of Genesis are those words of the dying patriarch, and here is found not only the disposition of a "portion" to Joseph but the character of each son is shown, the virtue or fault of each described, to each a symbolic emblem is assigned and to each a future is prophesied. Here is a will, in fact and in prophecy.

Tried to Enter House.
Last night about 8:30 o'clock Police Constable Marshall was called from central station and arrested William Hanley, aged 25 years for being drunk on Germain street. Hanley was also charged with entering the house of J. Royden Thomson, 184 Germain street on the 13th, also attempting to enter the said house last night.

A Sheffield Street Case.
In the police court yesterday afternoon Robert Tuckwell was charged with keeping a bawdy house on Sheffield street, and Kate Barrington and Mary Hanson with being inmates and the latter with stealing a gold watch from a sailor, were brought before the court again and once more remanded to jail. They will be brought before the court again this morning at 11 o'clock.

The Torrey Campaign.
A meeting of the Torrey campaign committee was held in the Y. M. C. A. building last evening. Mr. H. P. McKim presiding. The committee on business submitted a report giving detailed statements of receipts and expenditures. The accounts will be audited and then published for the benefit of those interested. Every bill has been met. W. E. Robb, Mayor, MacLaughlin and W. S. Fisher were selected as auditors.

A Missionary Evening.
An interesting missionary service was held last evening in St. Andrew's church, and was largely attended. Mrs. H. H. Morton, who for ten years was connected with the mission in Trinidad, gave a delightful lecture on "Missionary Joys and Trials." The life and customs of the people amongst whom she labored were dealt with in an interesting manner, and the work of the missionaries described. Miss Robb, returned missionary from Korea, gave an illuminating address on the work among the Koreans.

Prentice Boys' Fair.
Another large crowd attended the Prentice Boys' Fair last evening and the many attractive features which the fair provides met with the approval of the large gathering. The different games were liberally patronized and furnished considerable amusement. The prize winners last night were: Door prize (barrel of apples), Jack, Kelliker; Ladies' best toss (3 pictures), Miss Murphy; Gent's best air gun (fancy lamp), J. Nichols; Babies on the block (umbrella), R. Carleton; Excelsior (clock), E. Paterson. The fair will continue this evening.

Carleton Methodist Anniversary.
In Carleton Methodist church last evening Rev. H. E. Thomas delivered his lecture on "Nation Making." A large number attended and the lecture was received with appreciation by the large gathering. Enoch Thompson presided and at the close of the service a collection was taken. This afternoon at 4 o'clock services, the children of the cradle roll will be hosts and will entertain their parents at tea. On Friday evening the Women's Missionary society will meet, when Mrs. Sanford, of this city, will deliver an address. A programme of special music is being prepared for the occasion.

Commander Thompson Here.
Commander Thompson, of Ottawa, chief inspector of life saving stations for the Dominion, who has been on a trip to Wood Island in the government steamer Stanley, arrived in St. John last evening. To a reporter the commander said he found everything at the life saving station on Little Wood Island in a satisfactory condition. The station is now connected with Gannet Rock, and several points on Grand Manan by telephone, and is able to serve quite a stretch of coast line. The life boat is fitted with auxiliary power and possessed of twin screws. Besides the coxswain, six men are on duty at the station. Going down to Grand Manan on Monday, the Stanley met with very rough weather.

Miss Marion Maxwell, graduation nurse, who has been in St. John for some weeks on a visit to her parents, returns to New York this morning to resume her duties.

Sardine Herring Now Being Sent Into the State of Maine Would Bring Ten Times as Much Money if Packed Here - What Charlotte County Fisherman Says.

A prominent operator of fish weirs in Charlotte county takes exception to the statements contained in a recent interview with a Bay fisherman, in which it was stated that sending for herring should be permitted in Charlotte county.

"The interview," he said, "was evidently framed by the American packers who are anxious to get control of our fisheries. The union of fish weirs owners in Charlotte county are strongly in favor of the prohibition of sending in St. John as well as Charlotte county. Practically all the boats engaged in sending for sardine herring are supplied by the packers in Eastport. Most of the men employed in the boats are Canadians, who get paid a small percentage on their catch.

The interview in The Standard intended to convey the impression that the fishermen of St. John county receive about \$20,000 a season as a result of the sending operation. Only a mere fraction of that amount would come to the St. John fishermen. As a matter of fact a large number of those who engage in sending come from Charlotte county; in some cases the men we have at the weirs desert them to go sending.

The question of sending in Charlotte county was fought out years ago, and the old Conservative government prohibited it because it enabled the Americans to make a huge profit out of our fisheries. The weir men of Charlotte county are a unit against sending, and now that weir fishing is being developed in St. John county there is strong opposition to it here. The weirs mostly belonged to the lowest class, and in spite of the fishery officers a great deal of poaching goes on in Charlotte county, the senders casting their nets between the weirs if there is nobody to report them.

Compared with sending weir fishing is a very important industry. Hundreds of thousands of dollars have been spent on the construction of weirs, and a great deal of money is required to keep them in repair and operate them. It is estimated that the value of the annual catch in the weirs is about \$1,000,000.

The preliminary examination of Harry B. Clarke who was brought from New York on charges preferred by the Bank of New Brunswick, will take place before Magistrate Ritchie today. George W. Fowler will appear for the prisoner. It is anticipated that the defendant will be committed for trial and that application for bail will be considered.

Up till the present there has been no suggestion as to the probable line of defence, but The Standard learns that the case is more complicated than at first appeared and that during the course of the trial there are apt to be developments of more or less interest.

It is understood on the best authority from friends of the prisoner, that Mr. Clarke did not leave St. John hurriedly and without the knowledge of the bank as has been intimated. He was accompanied to New York by the bank's solicitor and the money with which the expenses of his trip were paid was handed to him direct from the head office of the bank in this city. Mr. Clarke was not asked to remain in St. John nor while in New York was he directly requested by the bank to return. He at no time refused to come back but on the contrary was prepared to do so had he been requested.

During the past few months many statements have appeared in certain papers which later will be found without foundation in fact, and which may possibly have given the public a decidedly erroneous impression. There is much still to be told.

Pavilion is Re-opened.
The pavilion in Rockwood Park is to be re-opened this winter for banquets and private dances, snow shoe and skating parties. Great preparations are being made to render the picturesque spot attractive to visitors. A restaurant cafe fitted with electric lights, is being installed at which an orchestra will attend in the evening and when ice forms on the lake an open air rink will be cleared for the use of skaters. Mrs. W. L. Perkins of 59 Beely street, has taken over the business and can be consulted as to terms for private dances and other entertainments.

Wonderful Sale of Hats.
That local shoppers recognize and are quick to take advantage of good values, is amply evidenced by the fact that of the twenty dozen French fur winter hats that the Marr Milliner Co., advertised yesterday morning at \$1.00 each, not one remained in the store at ten o'clock today. Seldom if ever, have ladies' hats sold so rapidly here. For the special benefit of St. John ladies, the Marr people managed to secure a second lot of ultrastylish winter hats, which were rushed through by express and are now on sale at the wonderfully reduced prices mentioned in their advertisement on page two.

I See Clearly But My Eyes Tire
This is a remark that we hear frequently. It shows the need of proper glasses to rest and help the eyes. If every one would act promptly most eye troubles would be avoided.
The real benefit from proper glasses is never realized until proper glasses are worn.
We are perfectly equipped to examine your eyes and to prescribe and grind proper glasses.
Consult us and be sure.
