INSPECTOR'S ANNUAL REPORT.

To the Toronto Public School Board :

GENTLEMEN,

In accordance with a Resolution of your honorable Board, I respectfully submit the twenty-ninth Annual Report of the Schools under your charge.

Appended to the Report will be found Statistical Tables which give in detail all important particulars relating to teachers, pupils, attendance, absenteeism, tardiness, studies pursued, cost of maintenance, &c.

ATTENDANCE.

The total number of pupils registered during the year was 25,066. Last year it was 22,080.

The average daily attendance was 16,567. Last year it was 14,840.

1,018	pupils	attended	school	less	than	20	days.

4,580	"	"	"	"	"	100	" 150 "
11,780	"	"	"	"	"	150	" 200 "

The Average Monthly Registered Number was 19,650. This shows an increase compared with last year of 2,776. See Table A.)

The average of Monthly Average Numbers was 16,580. This shows an increase of 1,742 when compared with the corresponding number of last year. (See Table B.)

The average of Monthly Averages was 89.8 per cent. of the Average of Monthly Registered Numbers.

The best average for any month in the year was 91.5, the average for December.

The largest number, 20,048, was registered in October, and the smallest number, 17,887, in June.

The following statement shows the Average Registered Number in each school during the year :

CERTIFICATES OF HONOR.

Certificates of Honor are awarded, at the Christmas Vacation, to such pupils only as have not been once absent or late, and whose conduct has been uniformly good, unless the absence or lateness has been occasioned by sickness of not more than three weeks' continuance, to be certified in writing by the pupils' parents or guardians.

These Certificates are of two grades, and named respectively First Honor Certificates, and Second Honor Certificates.

The First Honor Certificates are awarded to such pupils as have fulfilled the above-named conditions for two consecutive sessions.

The Second Honor Certificates are awarded to such pupils as have conformed to the said rules for one session during the year.

The following statement shows the number of Certificates given in the various schools at the close of 1888:—

THE KINDERGARTENS.

This department has continued to grow in extent and interest. The most important step of the year was the appointment of Miss Currie, as Assistant Supervisor. The training classes have been conducted by Mrs. Hughes. The class of 1888-89 contains 28 new students, making in all a class of 64 members. The appreciation of the Kindergartens by the parents is shown by the fact that they reluctantly consent to the removal of their children from the Kindergartens to the primary classes when advised to do so.

I strongly recommend that the material used by the children in the Kindergartens be purchased by the Board, and supplied free.

The attendance at the Kindergartens during the year was as follows :

1. Victoria Street	68	58

NIGHT SCHOOLS.

Thirty-one Night School classes were conducted during the year. The attendance was, on the whole, very satisfactory. The conduct was excellent, and the diligence shown by the students was very commendable. The retention of the dollar, deposited as a guarantee of good conduct till the end of the term, has produced very beneficial results.

I am of opinion that two advanced Night Schools might be established with great advantage to the students, one in the eastern and another in the western part of the city. Admission to these schools should be granted to those students who pass the best examinations in the regular classes.

TEACHERS.

There were 326 teachers in the employ of the Board at the close of the year, exclusive of the special teachers in Music and Drawing.

There were 31 male and 294 female teachers employed.

They hold certificates as follows :

1st Class.....	68
2nd "	258

In addition to the above the Board employs 20 Kindergartners, 2 Music Teachers, 1 Drawing Superintendent, 1 Drill Instructor, and 1 Kindergarten Supervisor.

These meetings were attended by all the teachers of the several grades, and much interest was shown in the teaching exercises and the discussions in regard to them. The forenoons were devoted to watching the teaching in the regular classes,

and the afternoons to the consideration of the methods practised during the morning. There are no other agencies so directly useful, as the Grade Conventions, in disseminating improved plans and methods throughout the schools.

The Second Semi-Annual Meeting for 1888 was held in the Methodist Tabernacle, corner Spadina Avenue and College Street, on Saturday, October 27th, commencing at 9 a.m.

REPORT OF THE EXAMINERS.

The Examiners have the honor to report that on June 18th and 19th they examined the pupils selected for the purpose from the four highest classes of the City Public Schools. The Examinations were held in the Dufferin and Ryerson Schools, written answers being given in every subject, with the exception of Reading. The results of the Examiners' reading and judgment on these answers as handed in, are given above. The names of the pupils entitled to receive Scholarships, Medals, and Prizes, are given as heretofore, and also a Tabular Statement of the aggregate number of marks obtained by each class examined, from which the comparative standing of the Schools may be readily ascertained, in so far as the result of the efforts of these selected pupils is in accordance with the actual state of the Schools thus examined.

In forming an estimate of the relative rank of the different Schools, the element of local advantage or disadvantage must not be forgotten.

Unmistakable evidence has been given to the Examiners in reading the answers of the pupils, of diligence and industry on their part, and of active and conscientious discharge of duty on the part of the teachers. Good work has been shown in all the subjects found on the Public School programme, especially so in penmanship, in spelling, and in neatness of writing answers to the questions proposed.

The special prize presented by the Rev. Septimus Jones, to the best reader in the City Public Schools, was won by Christina McGregor, of the Wellesley School.

It affords the Examiners much satisfaction to state that the Public Schools of the city are doing worthily a noble work. The Examiners, in the performance of their duty, received very effective aid from the Inspector and the staff of teachers in the Schools named

EXAMINATION PAPERS.
COMBINED EXAMINATION.

ARITHMETIC.

SENIOR FIFTH BOOK.

1. During the six years ending 1886, there were in the United States 3903 strikes and 2182 lockouts, and the total number of employees involved in them was 1,478,172; the direct loss of the employers was \$84,164,914.00 and of the employees \$59,948,882.00.—*United States Labor Bureau.*

Which lost most and by how much? What was the total loss? What was the loss of each employee? What was the average number of employees involved in each strike or lock-out? What was the average loss from each strike or lock-out?

2. In deep sea sounding it was recently found that it took 24' 10'' for the weight at the end of the sounding apparatus to reach bottom in 2096 fathoms of water. Express this depth in miles and decimal of a mile, and give the rate at which the weight sank in miles per hour.
3. If 6 compositors in 16 days of 10½ hours each can set in type 720 pages each of 60 lines with 40 letters in a line, in how many days of 7 hours each will 9 compositors set 960 pages each of 45 lines with 50 letters in a line?

4. In the early part of the year the Government offered to take French broze pennies from the public at the rate of 13 for a shilling. The Government would be able to exchange them again at the rate of 252 for a sovereign. What would the exchequer gain or lose on every million pennies so received.
5. For how much must a four months' note, without interest, be made so that it may yield \$1,000.00 when discounted at a bank at 6 per cent.
6. In 5 months at $\frac{4}{1}$ per cent. a man pays a certain interest; had he borrowed \$400,000 and paid five per cent. on the whole sum his interest would have been \$20¹⁰/₁₂. Find the interest which he paid.
7. What sum must be invested at the beginning of each year for 8 years to pay off a debt of \$600.00 due at the end of 5 years, interest reckoned at 5 per cent. ?
8. If oranges 2 inches in diameter are worth 75c. a dozen, how much are oranges 2 $\frac{1}{4}$ inches in diameter worth ?
9. If 5 men can mow a square meadow in 4 days, find the time 9 men will take to mow a square meadow half as long again as the former.
10. A person invests £3500 in railroad ordinary stock at 87 $\frac{1}{2}$. The railroad pays a dividend at the rate of 2 per cent. for the first half year, and the price of the stock rises to 91. He sells half his stock and buys 6 per cent. preference shares at 117. The next half-yearly dividend is at the rate of 6 per cent. per annum on the ordinary stock. How much did he lose by changing? and what was his whole income for the year ?

1. If $a = 1$, $b = 2$, $c = 3$, $d = 4$, $e = 2$, find the numerical value of $(a + 2b + 3c)^2 - (3c - 2b - a)^2 + (c - e)(c - b)$.
2. Simplify $3a - [2a - 2 \cdot \{ a - 4(3 - 2a) + 5a \} - 4]$
3. Find the L. C. M. of $2a^2 - 7ab + 3b^2$, $4a^2 + 4ab - 3b^2$, $2a^2 - 3ab - 9b^2$

4. Reduce to lowest terms $\frac{4x^2 - xy - 3y^2}{12x^3 - 12x^2y + 4xy^2 - 4y^3}$

5. Simplify $\left(\frac{x^2 + y^2}{x^2 + y^2} - \frac{x^2 - y^2}{x^2 + y^2}\right) \div \left(\frac{x + y}{x - y} - \frac{x - y}{x + y}\right)$

6. Resolve into factors $4a^2b^2 - (a^2 + b^2 - c^2)^2$

7. Solve $\frac{5x + 8}{8} - \frac{1}{3}(8 - 4x) = \frac{31}{2} - \frac{9 - 5x}{6} - \frac{1}{2}x$

8. Solve $\frac{2x - 3}{2x + 1} - \frac{x - 3}{3x + 2} = 1$

9. John, James and Henry have each the same amount of pocket money; John would spend his in 76 days, James his in 95 days and Henry spends 12c. per day more than James; their united spendings for 20 days would amount to the entire pocket money each possessed; find this amount.

8. Parse the italicised words in the foregoing passage.

9. Paraphrase :—

My heart leaps up when I behold
 A rainbow in the sky ;
 So was it when my life began ;
 So is it now I am a man ;
 So be it when I shall grow old,
 Or let me die !
 The child is father of the man,
 And I would wish my days to be
 Bound each to each by natural piety.

10. Write a letter of application for some vacant situation, stating imaginary qualifications, etc., of applicant.

SENIOR FIFTH BOOK.

SPELLING AND DERIVATION.

1. Write, from dictation, (The High School Reader), page 289, beginning "The bold," to the end of the paragraph.

2. Derive the following words, giving the meanings of the *roots*, also of the *prefixes* and *affixes* where they occur:—

Circuitous,	Melancholy,
Exhausted,	Mariner,
Promotion,	Monarch,
Multiplied,	Thermometer,
Capital,	Angel,
Carnage,	Bayonet.

3. Give the forces of the following affixes and an example of each: -kin, -ly, -ule, -ling.
4. Give the meanings of the following roots and one English word from each: -pello, opus, ballo, polis.
5. Give the meanings of cathedral, jaded, palette, transpired, unslaked.
