

LAVELL & CO'S

ROYAL CANADIAN
ALMANAC

AND
FAMILY RECIPE BOOK
1877

COMPLIMENTS OF
ADVERTISER ON BACK OF COVER.

THE GLOBE PRINTING COMPANY, TORONTO,

CANADIAN LIQUID HAIR DYE.

A preparation complete in itself, excelled by none for colouring the Hair and Whiskers. It is carefully prepared from the best materials, and by its peculiar combination is warranted to produce, without injury to the hair, a most beautiful brown or black, as may be preferred, allowing it to retain in all the lively appearance of nature. Unlike many other Hair Dyes, it will neither rub nor wash off. Try a bottle: it will give satisfaction.

Prepared only by

NORTHROP & LYMAN, Toronto.

Price 50 cents per bottle. Sold by all Druggists and Medicine Dealers.

DR. KELLOGG'S CATARRH SNUFF.

This Snuff has thoroughly proved itself to be the best article for curing Catarrh, Cold in the Head, and Headache. It has been found also an excellent remedy in many cases of Sore Eyes and Deafness. Hearing has often been greatly improved by its use. It is fragrant and agreeable, and

Gives Immediate Relief

To the dull, heavy pains caused by cold in the head. The sensations after using it are delightful and invigorating. It opens and purges out all obstructions, strengthens the glands, and gives healthy action to the part affected. PRICE, 25 CENTS.

NORTHROP & LYMAN, Toronto.

SOLE AGENTS FOR CANADA.

The Great Shoshonees Remedy & Pills,

FOR

**Scrofula, Erysipelas, Salt Rheum, Pimples, Eruptions,
Ulcers, Old Sores, Liver and Kidney Complaints,
Bronchitis, Rheumatism, Neuralgia, Costive-
ness, Headache, and General
Debility,**

USE THE GREAT INDIAN REMEDY.

Alarming and apparently hopeless cases of Lung Diseases, Dyspepsia, Liver Complaints, Affections of the Kidney and Chronic Complaints of every description, including Scrofula and Skin Diseases of life-long duration, have been permanently removed and eradicated. Those who volunteered their testimony to the efficacy of the Remedy are not bogus people in unheard-of localities in foreign States, but respectable citizens of this Dominion, easy of access and open to question, upon whose verbal recommendations we are willing to rest the reputation of the Great Shoshonees Remedy.

The Shoshonees Vegetable Sugar Coated Pills have won for themselves the most favourable reputation of any pill before the public. Their efficacy has been fully proved as a remedy for Biliousness, Sick Headache, and inactivity of the stomach.

If you are afflicted, do not delay until medicine may be powerless to aid you. No injurious effects can possibly follow the use of these Indian Remedies, as they contain no minerals, by which the fate of the invalid is so often sealed under the form of some temporary sedative or stimulant. These Indian Remedies are widely known, and still possess the public confidence after the lapse of sufficient time to test their efficacy.

Price of the Remedy in pint bottles, \$1; Pills, 25 cents a box.

J. C. CHAMBERLAIN, Conway, Proprietor.

1

HAGYARD'S SPICE

FOR

HORSES, CATTLE, SHEEP & PIGS.

It is a combination of vegetable diuretics and tonics blended together, making it one of the best compounds manufactured to assist digestion. It regulates the stomach, giving it a healthy action, removes all impurities from the blood, and corrects all derangements of the digestive organs, causing animals in low condition to fatten in one-half the time they otherwise would. All kinds of stock will improve under its use, leaving them less susceptible to disease. It restores the appetite, strengthens and invigorates the whole system, and makes the coarsest provender palatable. As a diuretic it has no equal. It can be fed at any time and season, and, when used according to directions, will be found invaluable for horses and oxen that have been over-driven or worked; also for distemper and loss of appetite. It improves the Blood, removing scurvy, roughness of the hair, hide-bound, and all diseases that arise from abuse or exposure. We guarantee satisfaction or refund the money, which our agents are instructed to do.

25 cent packages contain 50 Feeds.
\$1.00 packages contain 300 Feeds.

IV. A total Eclipse of the Moon, August 28, 1877.

V. A partial Eclipse of the Sun, September 6 and 7, 1877. Begins on the earth generally Sept. 6, 23 h., 10 m.

EGYPTIAN SALVE,

OR

Rheumatic Plaster!

For Dressing and Healing all kinds of
Cuts and Wounds, Pains or Weakness
in the Breast, Side, Back or Limbs,
Corns, Bunions, Rheumatism, &c.

FOR TOOTH-ACHE OR NEURALGIA.

Where the face is swollen—by applying it to the
face it will draw out the pain, and make a wonder-
ful cure.

The Egyptian Salve is put up in Rolls,

and requires to be spread on cloth or thin leather,
by holding it to a lamp or fire, which has the ad-
vantage of always keeping it fresh. It is put up
in large rolls, and sold at the very small price of
12½ cents. It is within the reach of all, and no
family should be without it. The genuine has on
the wrapper E. L. SOULE & CO., Brougham.

RHEUMATISM

has been very effectually cured by freely applying
the EGYPTIAN SALVE, wrapping the limbs or parts
affected in plasters of it. If the limbs or joints are
swollen, it causes the swelling to disappear, and
alays the pain, and at once gives the greatest
ease, and in many cases effects great cures.

HAGYARD'S PECTORAL BALSAM

Is recommended with confidence for the cure of

COUGHS,	BRONCHITIS,
COLDS,	WASTING OF THE FLESH,
HOARSENESS,	NIGHT SWEATS,
ASTHMA,	SPITTING OF BLOOD,
CROUP,	WHOOPIING COUGH,
INFLUENZA,	&c., &c.

Which require prompt treatment, the neglect of which is in most cases the cause of **Consumption, Decline and Pulmonary Affections.** When the disease has not made too much progress, it can be entirely cured, and for this purpose no better medicine can be used than

HAGYARD'S PECTORAL BALSAM.

It has been tested for the last fifteen years, and in no instance has it given dissatisfaction. On the contrary, thousands have been benefited by its use. It is a Stimulating Tonic Diaphoretic and Expecto- rant. It strikes at the root of the disease, at once acting on the Alimentary Canal and Bronchial Tubes, stimulating the vessels of the Lungs, exciting expectoration, and causing the Lungs to throw off the Phlegm or Mucus, healing the irritated parts, and creating a healthy action. The unprecedented and constantly increasing sale and the high estimation in which it is held by those who have used it, place it, without a possibility of a doubt, among the leading Medicines of the day. It being composed of the best known Vegetable Tonics, Gums and Balsams that Medical Science has discovered, and so combined that they act harmoniously on the system, each one fulfilling its proper functions, Physicians recommend it who have become acquainted with its healing balsamic and expectorating properties, and it has been prepared with the view of curing, when a cure is possible, and when impossible, to relieve, those suffering from **Hereditary Disposition, Particular Form: tion of the Trunk, Scrofulous Tendency, Catarrh, Inflammation of the Lungs, Spitting of Blood, Syphilis, King's Evil, Small Pox, Measles, &c.** To state that any medicine will cure all those diseases, when they become old or chronic, would be simply absurd, but undoubtedly the most severe cases can be relieved, and for this purpose no better medicine can be used than

HAGYARD'S PECTORAL BALSAM.

A cure will be greatly assisted by applying *Hagyard's Yellow Oil* freely over the Throat and Lungs.

Hagyard's Pills will also be found very beneficial when there is a **Constipation of the Bowels, Dizziness of the Head, Debility, Depression of the Spirits, Prostration, Chilliness, and a feeling of soreness all over the body.** Dose from 1 to 3, according to constitution, and bathe in as hot water as you can bear from the knees down on retiring to bed, and expose yourself as little as possible for a few days, or until you feel the disease removed.

For Sale Everywhere.

A Nice Way to Cook Chickens.

Cut the chicken up, put it in a pan, and cover it over with water, let it stew as usual, and when done, make a thickening of cream and flour, adding a piece of butter, and pepper and salt; have made and baked a pair of short cakes, made as for pie-crust, and roll thin, and cut in small squares. This is much better than chicken pie, and more simple to make. The crusts should be laid on a dish, and the chicken gravy put over while both are hot.

Hagyard's Spice for kinds of Farm Stock have no equal.

1877-New Year's Greeting-1877

R. WALKER & SONS,

TORONTO AND LONDON.

A Cheap Ice Chest.

Many families who can readily enough procure ice, in the warm season, cannot or do not care to afford the expense of the usual apparatus for keeping it. To all such we commend the following recipe for a cheap ice chest, which we take from the *Boston Journal of Chemistry*:

Take two dry goods boxes, one of which is enough smaller than the other to leave a space of about three inches all around when it is placed inside. Fill the space within the two with sawdust, packed closely, and cover with a heavy lid made to fit neatly inside the larger box. Insert a small pipe in the bottom of the chest to carry off the water from the melting ice. For family use, this has proved quite as serviceable and as economical as more costly "refrigerators."

HAGYARD'S
ROYAL PAIN REMEDY!

As a Family Medicine for

INTERNAL & EXTERNAL USE.

Incredible as it may appear that one compound should be adapted to the treatment of such a variety of diseases, it is nevertheless true that it has proved of incalculable benefit in affording prompt relief in thousands of cases of painful and distressing attacks of

Diarrhoea, Asiatic Cholera, Cramps, Colic, Bruises, Scalds, Sore Throat, Headache, Sunstroke, Rheumatism, &c.

Its grand mission is to **REBUE PAIN**, and bring glad tidings of great joy to the suffering.

No medicine has ever gained such rapid popularity with so little effort to introduce it to the public; its great virtues never having been heralded to the world in flaming hand-bills and all the appliances of the advertising art—on the contrary, it has silently worked its way into the confidence of the public through its own intrinsic merits, passing from neighbor to neighbor and neighborhood to neighborhood, till it has won for itself a reputation unsurpassed in the annals of medicine as a **quick curing remedy**, particularly adapted for use in sudden emergencies, and the many painful ills which flesh is heir to.

F A S T I N G.

Accustom early in your youth

To lay embargo on your mouth,

And let no rarities invite

To pall and glut your appetite;

But check it always, and give o'er,

With a desire of eating more;

For where one dies by inanition,

A thousand perish by repletion.

To miss a meal is sometimes good,

It ventilates and cools the blood;

Give Nature time to clean her streets

From filth and crudities of meats.

For too much meat the bowels fur,

And fasting's Nature's scavenger.

DR. E. RAYNARD, 1750.

HOW TO GET ALONG.

Pay as you go.
 Never fool in business matters.
 Do not kick every one in your path.
 Learn to think and act for yourself.
 Keep ahead rather than behind the times.
 Don't stop to tell stories in business hours.
 Have order, system, regularity and promptness.
 Use your own brains rather than those of others.
 Do not meddle with business you know nothing of.
 A man of honour respects his word as he does his bond.
 No man can get rich by sitting around stores and saloons.
 If you have a place of business, be found there when wanted.
 More miles can be made in one day by going steadily than by stopping.
 Help others when you can, but never give what you cannot afford because it is fashionable.
 Learn to say No. No necessity of snapping it out dog-fashion, but say it firmly and respectfully.
 An attached couple—The shells of an oyster.

Which is the oldest tree? The elder, of course.

A CLERGYMAN said the other day that modern young ladies were not daughters of Shem and Ham; but daughters of Hen and Shan—compounds of plain sewing and make-believe.

A wag out West who read that dry coppers put into a bed of ants would cause them to leave, put some in his mother-in-law's bed to see if she wouldn't go. He says she was there at last accounts.

A GENTLEMAN going up Sixth Avenue met a laborer, to whom he said: "Will you tell me if I am half way to Central Park?" "Faith, an' I will," was the reply, "if you tell me where you started from."

EVERYBODY should plan to have pleasant conversation at table, just as they plan for good food. A little story telling, a little reading, it may be of humorous items, will often render the meal more beneficial. Avoid, if possible, going to the table "all tired out." Put aside troubles, and do not reprove servants or children, but think and say something pleasant. Let meal-time be a cheerful time, and the good results will be seen in improved health.

Hugyard's Yellow Oil is good for both man and beast.

Greatest Cure

IN THE WORLD!

TRY EVERYTHING ELSE, AND THEN GIVE

ONE TRIAL!

HAGYARD'S YELLOW OIL
FOR
MAN & BEAST.

THIS OIL IS THE ONLY SURE REMEDY IN THE WORLD FOR THE CURE OF
Rheumatism, Neuralgia, Lumbago, Spinal and Bronchial Complaints, Deafness, Head
Ache, Ear Ache, Cramps, Sprains, Bruises, Galls, Stiff Joints, Swelled
Hands, Sore Nipples, Stiff Neck, Chilblains, Tetter, Frost
Bites, Chapped Hands, Cuts, Wounds, or any
diseases that are painful or sore.

It is the only article ever brought before the public that will do its work perfectly, has been used by
thousands, and pronounced to be the best remedy for relieving pain ever discovered.

Warranted to Cure or no Pay!

No danger from exposure to cold when using, but will cure Frost Bites in twenty-four hours. No house
should be without a bottle of Hagyard's Yellow Oil in case of accident. There is no preparation offered
to suffering humanity that has made so many permanent cures or relieved so much pain and misery.
It is called by some the good Samaritan, by others the Cure-all, and by the afflicted an Angel of Mercy.
The party buying has no risk to run, as we guarantee every bottle to give satisfaction or refund the
money.

It will cure **Asthma** in ten minutes; dose 10
drops on sugar, and rub the throat and chest well
with the oil.

It will relieve **Croup** in twenty minutes; to
be used same as for **Croup**, only in larger doses.

It will relieve **Kidney Complaint**; to be
taken as for **Asthma**, and applied freely in the
region of the disease.

It will relieve **Deafness**; rub the oil around
the ear, and damp a piece of cotton wool and put
in the ear, two or three times a day.

It will reduce **Swellings of the Tonsils,**
Caulice, or Caked Breasts, Stiff Joints,
&c.

It will cure **Chilblains, Sprains, Itch,**
Pains in the Breast, Back, or Side; to be
applied three or four times a day.

It will cure **Corns, Bunions, &c.;** rub night
and morning, and keep them well pared.

It will relieve **Pain or Lameness** from any
cause, in man or beast.

It will cure **Scratches, Mange, Sore**
Shoulders, Galls, Contracted Muscles,
Cracked Heels, &c., &c.

It is cheap, because a 25-cent bottle will cure
more than two dollars' worth of any other kind of
medicine.

It is one of the best healing Liniments in the
world for **Cuts or Flesh-wounds.**

It is a sure cure for **Acute or Chronic**
Rheumatism.

It is the cheapest Liniment made, because it re-
lieves **Pain** instantly. Satisfaction guaranteed
or money refunded.

It is put up in a large bottle, and every person
gets good value for their money.

It is well known that **Pain** cannot exist where
the **Yellow Oil** is applied.

It is taken internally in cases of **Croup, Sore**
Throat, Kidney Complaint and Cramps.
It is equally good for **Man and Beast.**

It is perfect in its combination; age or climate
will not impair its virtues.

It is impossible for us to publish all the certifi-
cates, or even the names of parties we have re-
ceived certificates from, for Hagyard's **Yellow Oil**
and his other preparations which we have been
manufacturing for the last few years, in which
time we have heard much said in their favour,
and thousands of permanent cures have been made.

DR. M. CALDWELL'S DYSPEPSIA REMEDY,

Is warranted to cure the worst cases of **DYSPEPSIA** or **INDIGESTION**, and what is remarkable, a single dose dispels like a charm every bad symptom following **OCASIONAL** excesses in eating or drinking. Don't forget this fact in city or country. No person whose digestive organs are **WEAK** or **DERANGED**, from any cause, can take it **without** being benefited. Mark this: If digestion is right, all is right, and *vice versa*.

It is decidedly the best quieting medicine for children, and *positively indispensable* to such as are feeble and delicate, causing them to grow healthy and robust.

IT IS GOOD FOR EVERYBODY.

It insures pure blood and secretions, fresh countenances and healthy and vigorous bodies and minds. Always observe the directions.

Only 20 to 30 Drops. No Change or Restriction of Diet.

Haggard's Royal Pain Remedy should be in every household.

HAGYARD'S PILLS

ANTIBILIOUS AND CATHARTIC,
SUGAR - COATED,
FOR

Liver Complaints, Gout, Jaundice,

DYSPEPSIA, RHEUMATISM,

AFFECTIONS OF THE BLADDER AND KIDNEYS,

FEVERS, NERVOUSNESS, ERYSIPELAS,

DISEASES OF THE SKIN, IMPURITY OF THE BLOOD.

INFLAMMATION, MELANCHOLY,

Sick Headache, Costiveness,

PAINS IN THE HEAD, BREAST, SIDE, BACK AND LIMBS,

BILIOUS AFFECTIONS, FEMALE DISEASES, &c.

There is scarcely any disease in which Purgatives and Medicines are not more or less required, and much sickness and suffering might be prevented were they more generally used. No person can feel well while a costive habit of body prevails; besides, it soon generates serious and often fatal diseases, which might have been avoided by a timely and judicious use of proper Cathartic Medicines.

The Proprietors can recommend Hagyard's Pills with the utmost confidence, believing them far superior to those in general use; being more mild, prompt, safe, and uniform in their operation.

THEY ACT DIRECTLY ON THE BLOOD, AND ARE MILD IN THEIR OPERATION.

Age will not impair them, as they are so combined as always to dissolve in the stomach.

In small doses they are alterative, and gently laxative; but in large doses they are actively cathartic, cleansing the whole alimentary canal from all putrid, irritating and fecal matters, and producing healthy secretions of the stomach, liver, and the various other organs of the body.

Victoria Glycerine Jelly, Carbolated.

"EMINENTLY THE LADIES' FAVORITE."

For Beautifying the Complexion and for removing Tan, Sunburn, Freckles, Pimples, &c., also for Chapped Hands, Chilblains, Frost Bites, and Sore Lips.

This is the Original and only Genuine CARBOLATED GLYCERINE JELLY manufactured, and as CARBOLIC ACID possesses HIGH CURATIVE QUALITIES, it is consequently far superior to any other Preparation of Glycerine in the market.

FOR CHAPPED HANDS, CHILBLAINS, FROST BITES, AND SORE LIPS, THIS INVALUABLE JELLY IS PRE-EMINENT, BEING FOR THESE PURPOSES THE MOST RAPID HEALING AGENT KNOWN.

The Victoria Glycerine Jelly is kept on sale by Druggists everywhere. Price 25 cents.

KISSING.

Let me kiss you for your mother,
For your sister, cousin, aunt,
Or for somebody or other,
Whom I long to kiss, but can't.

I could wish my love beside me,
As I've you beside me now;
But the pleasure is denied me,
So I'll kiss you anyhow!

Life is made up, not of great sacrifices or duties, but of little things, in which smiles, and kindness, and small obligations, given habitually, are what win and preserve the heart and secure comfort.

Hagyard's Pectoral Balsam is recommended by all who have used it.

Fourth Month.

APRIL, 30 days.

Begins on Sunday.

For all kinds of Farm Stock, will be found invaluable at this season of the year, when change of season requires change of diet, and the great object is to assist digestion, improve the appetite, and give a healthy tone to the stomach, invigorating the whole system, thereby assisting nature to throw off any disease that may exist, causing new blood to flow and the animal to thrive in much less time than it otherwise would. Animals will fatten with less expense, although fed on the same quality and quantity of food. It is also valuable for *Atch Cows and Calves.*

Cures the worst cases of coughs, colds, influenza, and all diseases of the lungs, throat and chest. The most obstinate cases yield to Hagar's Pectoral Balsam: and whenever there is costiveness or constipation of the bowels, use Hagar's Sugar-Coated Pills. In the treatment of these affections, purgatives are required in the very commencement of the attack, and will frequently effect a cure without any other remedy. The cure will be hastened by freely using the Pectoral Balsam. Sold everywhere. Twenty-five cents per bottle.

R. WALKER & SONS,

OF

TORONTO AND LONDON,

Are the largest importers (of their class of goods) in ONTARIO, and sell WHOLESALE AND RETAIL, for cash, at the lowest remunerative prices possible.

THEY SHOW NOVELTIES IN

Spring Dry Goods!

Dress Goods, Silks, Velvets, Millinery, Mantles, Shawls, Shirts, Prints, Table Linens, &c., &c.

If visiting Toronto or London, call and see them; if not coming to the cities, SEND FOR SAMPLES.

THE GOLDEN LION!

An Irishman had sold his farm and moved all his personal property to one adjoining, which he had purchased.

He claimed that stable manure was personal property and not real estate. A law suit ensued, and the Court decided against him. His final remarks to the Judge, after the jury had found a verdict against him, were as follows:—

"Mr. Judge, a horse and cow are personal property?"

"Yes," answered the Judge.

"Mr. Judge, corn, oats, hay, etc., are personal property?"

"Yes," responded the Judge.

"Then," says Pat, "how the devil can personal property eat personal property and produce real estate?"

DR. A. E. FIFE'S

VEGETABLE

WORM LOZENGES.

This Preparation should be used in preference to all others, since they are PURELY VEGETABLE—so mild in their action that THE MOST DELICATE CHILD MAY TAKE THEM WITH BENEFIT.

The unexampled success that has attended the use of these Lozenges in every case where the patient is really affected with WORMS, renders them worthy the attention of all. The Inventor made it a point to ascertain the result of their use in such cases as came under his observation, and has invariably found that THEY PRODUCE THE MOST SALUTARY EFFECT.

Certificates might be produced from persons using them, if necessary; but we believe that since they are prepared after the most approved plan of compounding medicines, and are so highly esteemed by the profession, no intelligent person will fail to try them where any symptoms of worms appear.

ALL WE DESIRE IS A TRIAL, feeling confident that, once used, their superiority will be at once acknowledged. Much sickness, undoubtedly, with children, attributed to other causes, is occasioned by Worms.

PARENTS, GUARDIANS AND OTHERS, having the care of children, cannot attend too closely to symptoms, as neglect often causes prolonged sickness.

Some of the symptoms are General Langour, Peevishness, Irregular Appetite, Sallow Complexion, Pale about the Eyes and Mouth, Itching of the Nose, Foul Breath, Gnawing Pains at the Stomach, Crying out in Sleep, Suddent Starting, Grinding the Teeth, &c., &c.

To Remove Spots from Silk or Cloth.

It is said that grease or oily spots can be removed from silks or cloth by pouring a few drops of spirits of turpentine on the soiled spot; then place a sheet of brown paper over the soiled spot and cover with magnesia, and then cover the magnesia with paper and apply an iron sufficiently hot to raise the oil or grease from the article. The grease by this process melts, and the magnesia absorbs it, and should the stains not be effectually removed, repeat the operation.

Why is an infant like a diamond?—Because it is a dear little thing.

Freeman's Worm Powders are the best in the world.

Value of a Good Reputation.

A young man had volunteered, and was expecting daily to be ordered to the seat of war. One day his mother gave him an unpaid bill with the money, and asked him to pay it. When he returned home at night she said:

"Did you pay that bill?"

"Yes," he answered.

In a few days that bill was sent in a second time.

"I thought," she said to her son, "that you paid this!"

"I really don't remember, mother, you know I have had so many things on my mind."

"But you said you did."

"Well," he answered, "if I said I did, I did."

He went away, and his mother took the bill herself to the store. The young man had been known in the town all his life, and what opinion was held of him this will show.

"I am quite sure," she said, "that my son paid this bill some days ago; he has been very busy since, and has quite forgotten about it, but he told me that day he had, and he says if he said then that he had, he is quite sure that he did."

"Well," said the man, "I forgot about it; but if he said he did, he did."

FREEMAN'S

ANTHELMINTIC

WORM POWDERS

Will Destroy the Worms and restore the patient to his natural health, by using them according to directions accompanying each package. Although the child or adult, as the case may be, do not pass the worms so that you may see them, nevertheless, by the judicious use of the **Worm Powder**, you will find a great change in their health; and as they are perfectly harmless in their effect upon the system, the mother should not fail to use them when there is the least suspicion of worms; and should worms not exist, the **WORM POWDERS** will be found beneficial as a purgative medicine. They are pleasant to take, and are highly recommended by persons who have sold them and can testify to the great good they have done.

RECEIPTS FOR DYEING.

General Instructions

It is absolutely necessary that every article to be dyed, as well as every utensil to be used in dyeing, should be perfectly clean.

Every article to be dyed should be thoroughly scoured in soap and well rinsed out. In order to secure uniformity in colour, and to avoid spots on wool, yarn or fabrics, it is desirable that every article should be dipped in warm water, just before putting into the alum or other mordant.

In all cases **SOFT WATER** should be used if possible, and in quantity sufficient to cover the articles completely.

As soon as an article is dyed, it should be aired a little, then well rinsed out, and afterwards hung up to dry.

In putting dresses and shawls out to dry that have been dyed, they should be hung up by the edge, so as to dry evenly.

To Avoid Spots.

To remove and prevent spots when colouring black on silk or woollen, all that is necessary is to make a weak lye, and have it scalding hot, and put your goods in for fifteen minutes, or throw some ashes into your dye, and run your goods in it for five minutes, and they will come out a jet black and even colour.

To Cleanse Wool.

Make a liquid of water, three parts; spirits ammonia, one part; heat it as hot as you can bear the hand in it, then put in the wool, a little at a time, so as not to have it crowded; let it remain in for fifteen minutes; take it out over a basket to drain, then rinse it in running water, and spread to dry; thus proceed in the same liquor; when it gets reduced, fill up in the same proportions, keeping it at hand heat all the time, not using any soap.

For Bleaching.

Take one gill muriatic acid and one gallon soft water; soak the wool or cloth for fifteen minutes, and rinse well in pure water.

To Dye Black.

On wool, silk or cotton. For every lb. of cloth or yarn, it will require one oz. of the extract of logwood, and half an oz. of blue vitriol. Prepare an iron kettle with a sufficient quantity of soft water to prevent the cloth or yarn from being crowded, bring the water to a scalding heat, then put in the yarn or cloth, and when thoroughly wet take it out and let it drain; then add the blue vitriol, and when dissolved and the water carefully skimmed, put in the material to be coloured, and let it remain half an hour at a scalding heat, airing it occasionally, then take it out and rinse it in soft water, empty the vitriol water into another vessel, and dissolve the extract of logwood in a sufficient quantity of water brought to a scalding heat and skimmed; put in the cloth, keeping the dye at the same temperature, and let it remain half an hour, airing it frequently; then take it out and drain it, and add the vitriol water to the dye, put it in again, and let it remain fifteen minutes, airing it as before; cleanse it in soft water and let it drain and dry.

Bright Pink

Two ozs. of cochineal, $\frac{1}{2}$ oz. cream of tartar; steep the cochineal in warm water sufficient to cover the cloth for two hours, or until the strength is entirely extracted, and add the cream of tartar; then wet the cloth in clean water, wring it out and put it in the dye; bring it to a scalding heat; let it remain a few moments and it will be finished. This will colour 3 lbs. If a light colour is wanted, use less cochineal, if a darker, more; the shade depends upon the quality of the cochineal used.

Continued on page 20.

VICTORIA

COMPOUND SYRUP OF

HYPOPHOSPHITES

FOR THE PREVENTION AND CURE OF

Consumption, Diseases of the Chest, Defective Nutrition, General Debility, and all Nervous Complaints.

The HYPOPHOSPHITES, being the SPECIFIC REMEDY for Consumption, when once developed, are equally and ABSOLUTELY A PREVENTATIVE in cases of predisposition, from any cause; as easy to employ as tea, coffee, sugar or salt in the kitchen. No certain are its results that in no case among children or adults, where hereditary predisposition has existed, has the disease ever developed itself when the Remedy has been used; while it exerts a manifest influence in quickening the growth of infants and young children; possessing, in these respects, A POWER IN THE ECONOMY UNEQUALLED BY ANY AGENT KNOWN TO MEDICAL SCIENCE.

By their use as an occasional aliment to the vital forces, the HYPOPHOSPHITES are a CERTAIN MEANS of maintaining the health and strength of the labouring classes, students, clergymen, fragile children, women during the periods of pregnancy and nursing, and of all persons of sedentary habits, or those who, either from excessive labour of body or brain, are called upon for a greater expenditure of NERVOUS OR VITAL FORCE than is or can be supplied through the normal channels of recuperation.

"I know," says Dr. CHURCHILL, "that the HYPOPHOSPHITES will prove not only as SURE A REMEDY IN CONSUMPTION as Quinine is in Intermittent Fever, but as EFFECTUAL A PRESERVATIVE as Vaccination in Small Pox."

EFFECTS OF THE TREATMENT.

On the Nervous System.—One of the first effects is an INCREASE OF THE NERVOUS OR VITAL ENERGY, followed by a feeling of unusual comfort and strength. This is more marked and earlier manifested in proportion to the degree of weakness and nervous debility previously existing.

The nervousness, or irritability is allayed; the patient experiences a pleasant calm; and the sleep becomes profound and refreshing.

On the Blood System.—The effect upon the Blood System is equally marked. The quantity and colour are rapidly increased; the countenance becomes fuller and fresher, the lips red and the eyes brighter; the superficial veins are swelled out, and according to the doses employed and the duration of the treatment, the patient shows striking evidence of the PLETHORA or fullness of blood.

On the Nutritive Function.—The appetite is increased often in an extraordinary manner; the patient gains flesh, and the features, especially after the first two or three weeks, show a marked improvement in appearance. The remedy acts beneficially in all cases of impaired nutrition.

N.B.—This is the only Compound Syrup of Hypophosphites prepared from the formula of the original discoverer, and certified to be Chemically Pure.

Be sure, therefore, to use only the Victoria Syrup of Hypophosphites. The GENUINE has the Trade Mark of the Queen's Head—printed on the wrapper. Price ONE DOLLAR per bottle. Sold by all the principal Druggists in the Dominion.

HAGYARD'S ROYAL BLACK OIL!

*A well-known and excellent stimulating
Liment for Man and Beast.*

The proprietors have numerous testimonials as to the superiority of this Oil over other Black Oils now in use, for the cure of

**Rheumatism, Wounds, Bruises and
Sprains; also for Corks, Cuts
and Saddle Galls.**

Men born blind can't be carpenters, because they never saw.

Freeman's Worm Powders are put up ten powders in a package, each powder containing one dose for a child under three years of age, which makes it one of the cheapest Worm Medicines in use, as they are prepared wholly from a vegetable compound, and are universally admitted to be a safe and certain remedy for all kinds of worms. They are free from all minerals, and quite pleasant to take, and are recommended by the medical faculty.

I wish you were my own dove,
And sitting on my knee;
I'd kiss your smiling lips, love,
To all e-ter-ni-tee.

SCENE IN COURT.—Judge: "Have you anything to offer to the Court before sentence is passed upon you?" Prisoner: "No, Judge, I had ten dollars, but my lawyers took that."

R. WALKER & SONS

TORONTO AND LONDON.

A TAIL of misery—The cocktail.

NOTICE of a peal—A flash of lightning.

WHEN is a lady like a show window?—When she
takes great pains with her ash.

TURNER, by way of a joke, once sent a picture
to an exhibition, so cunningly executed as to oc-
casion some doubt which side should be hung up-
permost. The manager hung the painting upside
down, but having doubt about it, wrote to Turner,
stating what he had done, requesting an immediate
reply. In due time it came to hand, and consisted
merely of two words, "Turn her."

Equally Good

For the Old and Middle Aged as
for the Young.

How many parents are called upon annually to
mourn the loss of one or more of their dear little ones
by that fearful scourge of our race, viz., *Cholera*
Infantum, or Infant's Cholera, which includes
Diarrhoea, Vomiting, Summer Complaints, etc., etc.

Thousands of these *fatal cases* are caused thro'
simple neglect or gross ignorance—neglect through
parents not attending to the disease in the proper
time, and *ignorance* as to what remedy to use in
severe cases. Now we offer an antidote for both
the above, by placing within easy access to all a
cheap and old reliable medicine,

DR. FOWLER'S EXTRACT OF WILD STRAWBERRY,

Which every mother, nurse or guardian should try
on the first appearance of the disease.

We do not claim it to be an *infallible* remedy,
but we do say thousands could be cured by its
timely use in the first stages, and hundreds have
been cured after having been given up by their
attendant physician. See one of the many certifi-
cates received by us—

"Dr. Fowler's Extract of Wild Strawberry has
cured the worst case of Summer Complaint I ever
knew. Our little child was, for one month, not
expected to recover. We got medicine from our
family physician, but, like everything else, it failed,
until we tried Dr. Fowler's great cure. Extract of
Wild Strawberry, which acted like a charm, and
perfectly cured the infant in less than three days.

"REV. S. R. KEARNS.
"Vernonville, Sept. 8, 1876."

Physicians recommend and use it. Thousands
in our Dominion who have used it and found di-
rect benefit, still labour under the impression that
it is a compound of drugs, etc., and that not a par-
ticle of the "Wild Strawberry Plant" is used in its
composition. Now we say it is almost exclusively
an extract of that species of Strawberry called the
"Malt Plant," and which is difficult to obtain. As
a proof of our assertion, we call the reader's atten-
tion to an extract from the *Uxbridge Journal* of
September 7th, 1876:—

"WILD STRAWBERRY LEAVES.—About half a ton
of this product was shipped from our station yester-
day to Messrs. Milburn, Bentley & Pearson, of
Toronto. The increasing popularity and immense
sales of their famous Extract of Wild Strawberry
requires annually several tons of the leaves; and
as they have to be carefully picked by hand, the
young people in the vicinity of Chalk Lake have
had a busy time for some days past. They are find-
ing considerable difficulty this year in obtaining
the quantity required, as the bush fires have swept
over a large portion of the grounds where the usual
supply has been gathered."

The medicine has been before the public for the
past 20 years, and in that length of time how many
mothers have had cause to bless the

Extract of Wild Strawberry

For snatching from the very jaws of the *grim de-
stroyer* some tenderly cared for and dearly loved
child, whose loss would have left a void in the
heart and an empty chair at the fireside.

We have not space to dwell on its many virtues,
as there is not a city, town or hamlet in the Domi-
nion where it has not been more or less used. We
could furnish an unlimited number of certificates
as to its excellent astringent and soothing qual-
ities.

MILBURN, BENTLEY & PEARSON,
Toronto, Ont.

Haggard's Pain Remedy is a household necessity.

Mothers should read the following particulars about

FREEMAN'S

ANTHELMINTIC WORM POWDERS!

The Great Worm Killer that should be used in preference to any other Worm Medicine!

Worms are the bane of a child's existence, and the prolific source of the numerous diseases which imperil the lives of children. Their presence in the intestinal canal is the source of great irritation, which, operating on the delicate nervous organization of the child, so keenly alive to every morbid impression, gives rise at times to the most violent disturbances of the nervous system, such as fits, convulsions, epilepsy, and St. Vitus' dance. This being the case, it behooves the prudent mother to watch with jealous care the earliest symptoms indicating the presence of worms, and, by the use of an efficacious remedy, dislodge them before the health of the child is seriously impaired or its life endangered. For this purpose, there is no more pleasant and certain preparation than FREEMAN'S

ANTHELMINTIC

WORM POWDERS. Being perfectly harmless in their effects upon the system, the mother should not fail to use them when there is the least suspicion of worms, and should worms not exist, the Worm Powders will be found harmless to the most delicate constitution, and one advantage at least gained—the knowledge that the disorder proceeds from some other source than the presence of worms. This valuable remedy is **purely vegetable** in its composition, and entirely free from poisonous and injurious ingredients. Being presented in a palatable form, it can be administered to young children without any inconvenience. The active principles of the most powerful anthelmintics known to the "materia medica" are so combined as to furnish a certain specific against worms, and yet to be entirely free from that disagreeable taste which is inseparable from medicines in their crude and bulky state. It has been before the public for many years, and during that time we have received assurances, not only from scientific physicians, but from others in all parts of the country, that no

WORM

Medicines ever used have given so much satisfaction or have been so uniformly successful as FREEMAN'S ANTHELMINTIC WORM

POWDERS.

Why some people are poor.

Coffee, tea, pepper and spices are left to stand open, and lose their strength.

Potatoes in the cellar grow, and the sprouts are not removed until the potatoes become worthless.

Nice-handled knives are thrown into hot water.

The flour is sifted in a wasteful manner, and the bread pan is left with the dough sticking to it.

Clothes are left on the line to whip to pieces in the wind.

Tubs and barrels are left in the sun to dry, and fall apart.

Rags, string and paper are thrown into the fire.

Pork spoils for want of salt, and beef because the brine wants scalding.

Scalloped Tomatoes.

Peel and cut in slices one-fourth of an inch thick; pack in a pudding-dish, in alternate layers, with a forcemeat made of bread crumbs, butter, salt, pepper, and a little white sugar, spread thickly on each layer of tomatoes, and when the dish is nearly full, put tomatoes uppermost, a good bit of butter on each slice. Dust with pepper and a little sugar. Straw with dry bread crumbs, and bake covered half an hour. Remove the lid then and bake brown.

By industry, honesty, economy, and perseverance, one can make progress even in a stationery business.

National Pills cleanse the stomach and invigorate the body.

DR. FOWLER'S

Extract of Wild Strawberry.

This is a pleasant, certain, safe and effective remedy for Diarrhoea, Dysentery, Canadian Cholera, Cholera Morbus, Cholera Infantum or Summer Complaints, Sour Stomach, Gripping Pains, &c.

The successful use of this Valuable Preparation has demonstrated beyond a doubt its great Curative Properties and superiority as a remedy for the above-named complaints. It is not surpassed by any other Preparation. All who use it speak of it in the highest terms.

At the marriage of an elderly maiden in church, the choir struck up the hymn:

"This is the way I long have sought,
And mourned because I found it not."

To Restore Rusty Black Lace.

One half cup rain water, one teaspoon borax one teaspoon alcohol; squeeze the rusty lace through this four times, then rinse in a cup of hot water in which a black kid glove has been boiled. Pull out the edges of the lace till almost dry; then press for two days between the leaves of a heavy book.

Men and women—One harms the cheese, and the other charms the he's.

Wax'n'r it rough on Ella, just as she was telling Frederick, at lunch, how ethereal her appetite was to have the cook bawl out, "Say, will ye have yer pork and beans now, or wait till yer feller's gone?"

Two Irishmen were working in a quarry, when one of them fell into a deep quarry-hole. The other, alarmed, came to the margin of the hole, and called out. "Arrah, Pat, are ye killt entirely? If ye're dead spake." Pat reassured him from the bottom by saying in answer, "No, Tim, I'm not dead, but I'm spacheless."

The Egyptian Salve is noted for its remarkable cures.

MRS. FREEMAN'S
SOOTHING SYRUP

WILL POSITIVELY CURE

**Colic, Cramp in the Stomach
or Bowels, Dysentery
and Diarrhœa,**

And all such diseases as children are subject to while teething, Mrs. Freeman says no child should be raised without a bottle of the syrup. If the child is fretful it will quiet it, and produce a natural sleep, and will give it ease from any pain it may be suffering from. Colic or cramp in the stomach or bowels, one dose will give them instant relief. She has never known it to fail. It

WILL GIVE TONE AND VIGOR

To the whole system, regulate the bowels, and assist the process of digestion. During the painful process of teething it acts like magic. It soothes the child, softens the gums, and enables the teeth to force their way through the gums without pain, thereby relieving the child from an incalculable amount of suffering. What mother would be without a remedy of this kind, when so easily obtained? It will not only give comfort and ease to her offspring, but much rest and consolation to her and the other members of the family. Thousands of certificates might be given to illustrate its marvelous efficacy. It is a

SURE, SAFE AND CERTAIN REMEDY

In all cases of Dysentery and Diarrhœa for children under two years of age.

Physicians speak highly of this Syrup. Be careful to ask for Mrs. Freeman's Soothing Syrup, and see that the fac simile signature of "T. Milburn & Co." is on each wrapper, as it is the best and most reliable syrup ever brought into the market.

Price—Only 25 Cents per bottle.

MILBURN, BENTLEY & PEARSON,
TORONTO,

Sole Agents for America.

"This is a sweeping catastrophe," as the man said when his wife knocked him down with the broomstick.

A Private Interview.

A short time since a man appeared at the Boston City Hall, requesting an interview with the Chief of the Police.

"What can I do for you?" inquired the official.

"Are you the chief?"

"Yes."

"Can I speak with you privately?"

"Yes—speak out."

"Will no one hear us?"

"No."

"Are you sure?"

"Yes."

"Well, then, listen. As I was crossing the Common last night, about twelve o'clock, I saw a woman approaching the pond with a baby in her arms, looking carefully around all the while to see if she was followed, and then, when right at the edge, stopped and—"

"Threw the child into the frog pond!" exclaimed the appalled officer, his face white with horror.

"No," replied his visitor, "*washed its face!*"

To make Tough Beef Tender.

To those who have worn down their teeth masticating poor, old, tough cow-beef, we will say that carbonate of soda will be found a remedy for the evil. Cut your stakes the day before using into slices about two inches thick, rub them over with a small quantity of soda, wash off next morning, cut it into suitable thicknesses, and cook to notion. The same process will answer for fowls, legs of mutton, etc. Try it, all who love delicious, tender dishes of meat.

A wife of nearly ten years having given her servant a holiday, was attending to culinary matters herself, and hearing her husband coming to the kitchen, thought she would surprise him as soon as he entered the door, by throwing her hands over his eyes and imprinting a kiss on his brow as in the days of the honeymoon. The husband returned the salute with interest, and asked, as he disengaged her hands, "Mary, darling, where is your mistress?" The wife discharged "Mary, darling," the next day, and has adopted a new plan of "surprising" her husband.

Muffins.

One quart milk, five eggs, one tablespoonful good yeast (if home made three or four tablespoonfuls), a lump of butter the size of a walnut, and enough flour to form a stiff batter. Set them to rise, and when light bake them in rings.

If your child has the Croup, use Yellow Oil internally and externally.

Use *Hagyard's Royal Pain Remedy for Sunstroke, Rheumatism, &c.*

VICTORIA

COMPOUND FLUID EXTRACT OF

BUCHU & UVA URSI

A Positive and Specific Remedy for Irritation, Inflammation, or Ulceration of the Bladder or Kidneys, and of every complaint incidental or appertaining to those organs; Dropsical Swellings in Men, Women or Children; all Complaints incidental to Females; Weaknesses arising from Excesses, Habits of Dissipation or Early Indiscretion; Non-retention or Incontinence of Urine; Stone in the Bladder, Gravel, &c.

Buchu is an extract prepared from the leaves of plants growing at the Cape of Good Hope; they are collected there by the Hottentots, who value them greatly for their medicinal qualities, and have long used them.

Uva Ursi, or trailing bearberry, is chiefly indigenous to high latitudes, to the Pyrenees and to the Alps; it was known to and much used by the ancients.

This genuine medicine, the **VICTORIA BUCHU AND UVA URSI**, is a combination of these two ingredients prepared from the formula of Dr. Rubini, (one of the most eminent Physicians on the European continent), and is a Specific Remedy for all diseases of the Bladder or Kidneys, and all affections of the organs appertaining thereto, from whatever causes arising. The learned European Physician, Dr. Rubini, for many years was celebrated for his

WONDERFUL CURES

Of disorders in those organs. Two of the ingredients entering into this celebrated Medicine, viz., Buchu and Uva Ursi, are now used by all physicians for the cure of such disorders. But the great secret of Dr. Rubini's peculiar and eminent success lay in the combination of these two ingredients with certain other vegetable productions; these are all combined in this Medicine, which is prepared with the utmost care from his formula; and wherever used, the

VICTORIA BUCHU AND UVA URSI Has invariably given the most decided and unequivocal satisfaction. Numerous testimonials have been received certifying in the highest terms to its value and to its superiority over all other preparations for the purposes for which it is recommended.

The Victoria Buchu and Uva Ursi, now so well known, is prepared only by the Victoria Chemical Company, Toronto, bears the name of the Company with their Trade Mark, and is for sale in all parts of the Dominion. Price, \$1 per large bottle.

RECEIPTS FOR DYEING.

Continued from page 13.

Scarlet.—No. 2.

Take soft water sufficient to cover the cloth or yarn you wish to colour, bring it to a boiling heat in a copper kettle, then add $\frac{1}{4}$ oz. cream of tartar for every pound of cloth; now boil a minute or two, and then add 2 ozs. of powdered lac, and 3 ozs. of madder compound (the lac and the compound must be previously mixed in an earthen bowl), boil five minutes; now wet the yarn in warm water and wring it, and put it in the dye; then boil the whole nearly an hour, take the cloth or yarn out and rinse it in clean cold water.

Scarlet (Very Superior).

One-and-a-half ounce of cochineal, 1 oz. cream of tartar, and $\frac{1}{4}$ oz. sol. of tin; powder the cochineal and rub it through a bag into blood-warm water sufficient to cover the yarn; when it is a little warm put in the cream of tartar and simmer, then add the solution of tin. Your yarn must be wet with clean water; steep in the dye until the yarn is properly dyed. Dye your yarn before you wash it. This will colour one pound.

Madder Red.—No. 1.

Take 1 lb. madder for every 2 lbs. of yarn or cloth; soak the madder in a brass or copper kettle one night in warm water, enough to cover the yarn you wish to colour; next morning put in 2 ozs. madder compound for every 1 lb. of madder you have so soaked, then wet your yarn or cloth in clean water and wring it out; afterwards put in the dye; now put the kettle on the fire and bring it slowly to a scalding heat, which will take about half an hour if a light red is wanted, and longer if a dark one; the colour depending upon the time it remains in the dye. When the colour is made, rinse the cloth immediately in cold water, and it will then be finished.

Wine Colour.

1 lb. of wool—redwood, $\frac{1}{2}$ lb.; madder compound, 1 oz. Soak the powdered wool in warm water all night, mix the madder compound with about half pint of water (in a glass) and add it to the rest; rinse the wool in warm water and put in the dye, boil about half an hour, take out the wool and rinse in cold water.

Pale Pink.

1 lb. wool or cloth, $\frac{1}{2}$ lb. good red wood, and $\frac{1}{2}$ lb. of alum. Soak the wool all night in warm water, add the alum, and boil the cloth with these ingredients for about an hour; take it out and rinse it in water. A cheaper yet handsome pink may be obtained by substituting nickwood for madder, in the receipt for madder red.

Yellow.

For each lb. of wool or cloth, fustic, 1 lb.; alum, $\frac{1}{2}$ lb.; put all into an earthen vessel and pour on sufficient hot water to cover the wool, and keep it warm all night; give it half an hour's boil in a brass kettle, and then rinse in cold water. A much deeper and richer yellow may be made by using turmeric powder instead of fustic, and proceeding in the same manner.

Green.

For each lb. of goods, fustic 1 lb., with alum $\frac{3}{4}$ lb.; steep, but do not boil until the strength is out, and soak the goods therein until a good yellow is obtained; then remove the chips, and add extract of indigo or chemic, one tablespoonful at a time until the colour suits.

Continued on page 27.

Huygard's Yellow Oil is a Sure Cure for Chronic or Acute Rheumatism.

A CERTAIN AND EFFECTUAL CURE
FOR
DIARRHŒA, SEA SICKNESS, VOMITING, & DYSENTERY,
A RELIABLE REMEDY FOR EVERY VARIETY OF
SUMMER COMPLAINTS.

A popular specific in *Flux*, through all its stages. A soothing and relieving agent for Children while *Teething*, an infallible and instantaneous check to *Cholera Morbus*, and when administered at an early period, a cure for *Asiatic Cholera*.

DR. FOWLER'S
EXTRACT OF WILD STRAWBERRY

Has a salutary *tonic* and *astringent* effect, by which the relaxed exhalant powers of the bowels are strengthened, the morbid irritability allayed, and the natural secretions and healthy action restored. For these reasons the

EXTRACT OF WILD STRAWBERRY

has proved remarkably efficacious for *Young Children* for *Colic* and *Diarrhœa*, and during the process of *Teething* it has a specific and salutary effect, and can be readily administered on account of its pleasant taste. Therefore we would advise parents and nurses, not only as a matter of *safety* but for *economy's sake*, to resort to it in all such *complaints of the bowels*, which so soon exhaust the strength of young children during the *summer months*, and, unless promptly arrested, soon prove fatal.

**Diarrhœa, Cholera Morbus, Sour Stomach, Cramps, &c.,
ARE VERY COMMON.**

They are generally produced by over-repletion of the stomach; the food passing into the bowels in a more or less indigested state, causing irritation and disturbance, or by the introduction of indigestible and irritating substances, such as *rare vegetables, unripe and sour fruit, change of water, &c.*

DR. FOWLER'S
EXTRACT OF WILD STRAWBERRY

has never been surpassed by any other remedy for those very common and disagreeable complaints. The proprietors have placed it within the reach of all, so that none may be deprived of its benefits.

Sold by all Druggists and Medicine Dealers at 37½ cents per bottle, or three for one dollar.

MILBURN, BENTLEY & PEARSON,
PROPRIETORS, TORONTO.

R. WALKER & SONS,
TORONTO AND LONDON.

"Now, my little boys and girls," said a teacher, "I want you to be very still, so that you could hear a pin drop." In a moment all was silent, when a little boy shrieked out, "Let her drop."

As AN Englishman and German travelled together in a diligence, and both smoking, the German tenaciously but vainly sought to draw his fellow passenger into conversation. He would politely apologise for drawing his attention to the fact that the ashes of his cigar had fallen upon his waistcoat, and then that a spark was endangering his handkerchief. At length the Englishman exclaimed, "Why can't you let me alone? Your coat tail has been burning for the last ten minutes, but I didn't bother you about it."

HAGYARD'S
CONDITION POWDERS

For Horses, Cattle, Sheep, Pigs, &c.

AS A BLOOD PURIFIER THEY HAVE NO EQUAL!

They regulate and keep the stomach in a healthy condition. They act on the diseases of the

URINARY ORGANS,
DIGESTIVE FUNCTIONS,
RESPIRATORY ORGANS,
AIR PASSAGES,
BROKEN WIND,
HEAVES,

And almost every disease horses are liable to. If used in the Fall and Spring, would prevent a great deal of sickness, and improve the stock. First class breeders throughout Ontario recommend them.

HAGYARD'S CONDITION POWDERS will be found a perfect Tonic and restorer after attacks of any acute disease, such as Influenza, Inflammation of the Lungs, Distemper, &c., as they purify the blood and sinous fluids, causing health to return. Every person owning stock of Horses, Cattle, Sheep, Pigs, &c., should always use this Medicine. It is always beneficial, and so harmless that it can be given at any season of the year with impunity. Price 25c. per package, or five for \$1.

A DOTING mother of a waggish boy, having bottled a lot of nice preserves, labeled them, "Put up by Mrs. D." Johnny, having discovered them, soon ate the contents of one bottle, and wrote on the bottom of the label, "Put down by Johnny D."

PLAYING THE WRONG CARD. — A commercial traveller in a Western city handed a merchant upon whom he had called a portrait of his betrothed, instead of his business card, saying that he represented that establishment. The merchant examined it carefully, remarked that it was a fine establishment, and returned it to the astonished and blushing traveller, with a hope that he would soon be admitted into partnership.

Hagyard's Pectoral Balsam is unsurpassed for Throat and Lung Diseases.

Symptoms of Worms.

The usual symptoms of worms are intestinal irritation, pains in the belly, irritation or itching at the lower end of the bowel, alternation of diarrhoea and costiveness, great thirst, and variable and often voracious appetite. The child sometimes becomes hungry almost immediately after eating heartily, and at other times the appetite is feeble and depraved, soliciting strange articles, such as dirt, chalk, &c. There is a fetid breath, the complexion is pale, or sallow, or leaden, with occasional flushes, swelling of the upper lip, watery mouth, enlargement of the nostrils, a livid circle around the eyes, dilatation or contraction of the pupil, with a fixed, unmeaning expression, and enlargement of the belly. The child's sleep is disturbed; he often starts and awakens with terror, grinds his teeth, picks his nose, and has a dry cough and headache, slow fever, and spasmodic or convulsive affections. To these may be added a slow, irregular, remittent fever, which, whilst it continues, is attended with great drowsiness, and at other times a morbid restlessness characterizes the condition of the patient. There is pain of the bowels, and at the pit of the stomach, with occasional purging, and a good deal of gastric distress. The head is much affected, sometimes painfully, though for the most part with stupor or delirium. The eye is wild, the pupil dilated, the ale of the nose contracted, the cheek flushed, and the forehead polished, as if glazed. The case, in short, presents so many of the appearances of hydrocephalus (water in the head,) that it is easily mistaken for that disease. There is often a very strange alteration of the voice, and in some instances a total loss of speech. Worms may also be suspected in children where there is emaciation, and especially weakness of the bowels, accompanied by discharges of slime or mucus.

Use Freeman's Worm Powders in preference to all others. They contain no calomel or other injurious drugs, and are recommended by every person who has used them. See page 17.

Victoria Carbolic Salve goes directly to the diseased part.

THE GOLDEN LION,
TORONTO AND LONDON.

"What are you doing there?" said a grocer to a fellow who was stealing his lard. "I'm getting fat," was the reply.

Boxes, it is said, govern the world—the cart-ridge box, the ballot box, the jury box, and last, though not least, the bonnet box.

To interest, without exciting—to instruct, without offending—to please, without flattering—to be cheerful, yet grave—and humorous, without descending into buffoonery—are the prime requisites of a public instructor.

DOUBLE AND QUITS.—Customer (to a clerk in a hardware shop): "Show me a small, low-priced shears." Clerk (facetiously): "Perhaps you mean a pair of shears." Customer (severely): "I mean precisely what I said." Clerk (defiantly, opening a specimen article): "Are there not two blades here? and do not two make a pair?" Customer (triumphantly): "You have two legs; does that make a pair of men?" The shears were done up in silence.

HAGYARD'S

PECTORAL BALSAM,

Prepared expressly for the cure of all

Throat, Bronchial, or Pectoral Diseases.

The PECTORAL BALSAM is one of the most prompt, safe and invaluable of all remedies ever recommended for the above diseases, and all who use it attest its genuineness. It gives almost immediate relief in all cases of

Coughs, Colds, Hoarseness, Whooping Cough, Croup or Hives, Influenza, &c., &c.

BRONCHITIS and ASTHMA are cured by it, and numbers in the first stages of CONSUMPTION have been restored to perfect health; it is, in fact, a reliable antidote for all diseases of the Throat or Chest.

Persons troubled with a persistent Cough will experience relief by using the PECTORAL BALSAM, and by taking a dose as directed the last thing at night, may be sure of unbroken sleep and refreshing rest.

Children take the BALSAM readily, as it is so palatable, and as no time should be lost, especially in cases of Croup or Whooping Cough, a bottle of it should always be kept on hand.

Note the name, and see that you get the real article.

It is sold by Druggists and General Storekeepers everywhere for 25 cents per bottle.

If we do not subdue our anger, it will subdue us; it is the second word that makes the quarrel.

"This is a sweeping catastrophe," as the man said when his wife knocked him down with the broomstick.

A man out West says he moved so many times during one year that whenever a covered wagon stopped at the gate, his chickens would fall on their backs and hold up their feet, in order to be tied and thrown in.

A skeptical collegian confronted an old Quaker with the statement that he did not believe in the Bible. Said the Quaker, "Does thee believe in France?" "Yes. Though I have not seen it, I have seen others who have. Besides, there is plenty of proof that such a country does exist."

"Then thee will not believe anything that thee or others have not seen?" "No, to be sure I won't."

"Did thee ever see thy own brains?" "No." "Ever see anybody that did?" "No." "Does thee believe thee has any?"

Every family should keep a supply of Hagyard's Yellow Oil.

Eleventh Month.

USE HAGYARD'S

YELLOW OIL !

For the following internal and external complaints:—Internally, for Kidney Diseases, Sore Throat, Cramp in the Stomach, &c.; externally, for Sprains, Bruises, Galls, Rheumatism, Neuralgia, Pain in the Sides, Back or Head, Frost Bites, Burns, Scalds, Chilblains, Sore Throat, Rheumatism in the Chest, Stiff Joints, etc., etc.

THE YELLOW OIL,

Since first introduced, has been a valuable friend to many persons suffering from the above diseases, and it will be found equally as valuable for Horses and Cattle as it is for the Human Family.

Fineness of Silk.

The smallest-sized sewing machine silk manufactured measures about 2,000 yards, or over one and one-fourth miles, to the ounce. Even in the construction of this variety, sometimes 200 to 400 fibres of the material as originally spun by the silk worm are required. The vermiform artists which produce this beautiful material do not spin threads of uniform size. The smallest fibre of silk, as wrought by the worm into the exquisite structure of its cocoon, is so infinitely minute that every ounce of the manufactured thread is supposed to contain nearly 4,000 miles of this floss-like strand, and the puny animal sometimes elaborates a fibre of such marvelous tenacity that less than four pounds of the thread, avoirdupois, would reach around the world.

NIBBLES says Clarissa refused to marry Jones on account of his nose. It had a bridge that she couldn't get over.

Mrs. Freeman's Soothing Syrup gives instant relief.

VICTORIA
Carbolic Salve!

"Worth its weight in gold."

This remarkable curative and healing SALVE is GREATLY SUPERIOR to all other external applications whatever, as it possesses all the wonderfully CLEANSING and HEALING virtues of CARBOLIC ACID, which has been found by the whole Faculty to possess CURATIVE QUALITIES not discovered in any other chemical preparation.

This Salve is the most wonderful HEALING COMPOUND ever discovered for the rapid and perfect cure of every description of breach of integument, from a simple Scratch or Bruise to the most aggravated Ulcer, including Cuts, Wounds, Bruises, Burns, Scalds, Sore Nipples, Broken Breasts, Fever and Scrofulous Sores, Ulcers of all kinds, Abscesses and Boils, Piles, Pimples, &c., and Chronic Diseases of the Skin of every description.

It quickly allays inflammation and subdues pain, destroys proud flesh, cleanses thoroughly, removes all impurity and suppuration in obstinate sores and wounds, and heals rapidly WITHOUT A SCAR!

It never drives the disease inward TO TAKE EFFECT ON THE INTERNAL ORGANS. Its properties, when applied, go directly to the diseased part, attract the virus to the surface, AND HEAL THE SORE FROM THE BOTTOM. Its use renders poulticing unnecessary, as the parts affected need only to be carefully washed with Castile or Carbolic Soap and warm water, by a soft sponge, before its application. It should be kept in every household, ready for use at all times.

This Salve is for sale by Druggists everywhere. Price 25 cents per box. Ask for VICTORIA CARBOLIC SALVE.

HYPOPHOSPHITES

This famous Vitalizing Medicine acts like magic, rapidly restoring the Strength and Appetite, promoting sound and refreshing Sleep, and imparting Tone, Vigour and Energy to the whole system. For Consumption, Weak Lungs and Chest, and Throat Diseases, it is the best and surest Remedy known, and it is unparalleled in its efficacy as a *General Nervous Tonic and Blood Agent*.

N. B.—This is the only Compound Syrup prepared from the Formula of the Original Discoverer, and certified to be "Chemically Pure."

RECEIPTS FOR DYEING.

Continued from page 20.

Blue.

For 2 lbs. goods, alum, 5 ozs.; cream of tartar, 3 ozs.; boil the goods in this for 1 hour; then throw the goods into warm water, which has more or less of the extract of indigo in it, according to the depth of colour desired, and boil again until it suits, adding more of the blue if needed. It is quick and permanent.

Brown.

For each lb. of wool—alum, 1 lb.; cream of tartar, 2 ozs.; boil for half an hour; soak for one night in sufficient warm water to cover the wool. Red powder, 1 lb., fustic, 1 lb., and logwood 2 ozs.; then take the wool out of the alum water and boil with the wool for half an hour. If a dark brown is wanted, add about a tablespoonful of coppers.

Orange.

For 5 lbs. of goods—muriate of tin, six table-spoonful, argol 4 ozs.; boil and dip one hour; then add to the dye, fustic 2½ lbs.; boil ten minutes and dip half an hour, and add again to the dye madder one teacup, dip again half an hour.

N. B.—Cochineal in place of madder makes a much brighter colour, which should be added in small quantities until pleased. About 2 ozs.

Purple

For 5 lbs. of goods, cream of tartar, 4 ozs., cochineal well pulverized, 2 ozs.; muriate of tin, 1 tea cup. Boil the cream of tartar, alum and tin 15 minutes, then put in the cochineal and boil 5 minutes; dip the goods two hours; then make a new dye with alum, 4 ozs.; Brazilwood, 6 ozs.; logwood, 14 ozs.; muriate of tin, one tea cup, with a little chemic; work again until pleased.

Cudbear.

One ounce of cudbear will colour 1 lb. of goods. Make a strong soap suds sufficient to cover the goods; stir in the cudbear; dip the yarn in soda water, put it into the dye, set it over the fire, and keep it hot; stir it well; when coloured dark enough to suit, wring it, rise in clean water, and dry. This colour should never be dried in the sun or permitted to freeze, as either will cause it to fade.

Mrs. Freeman's New Dye in Powder.

MAGENTA, YELLOW AND PURPLE.

The process being so clean and simple, there appears no reason why every lady should not be her own dyer. By beginning her experiment on a ribbon or feather, following the directions given with each package, in a basin of water, and proceeding afterwards to larger articles of dress in a large earthen vessel or foot-bath, the thing would be worth trying for motives of economy, and much more real amusement would result from it than from many of the melancholy recreations to which young ladies of the present day are condemned. These Dyes are used extensively all over the continent of America, and the Strength, Brightness and Durability of the Color produced is almost incredible.

When used separate, the shade required will depend on the quantity of Dye Powder used. Each package has full directions printed on it.

By adding certain quantities of each, according to shade required, you can obtain Crimson, Garnet, Maroon, Claret and Plum. In all cases Magenta is the base of the Dye used.

"You are the dullest boy I ever saw," crossly exclaimed a bald-headed old uncle to his nephew. "Well, uncle," replied the youth, with a glance at the old gentleman's bald head, "you can't expect me to understand things as well as you do, because you don't have the trouble of 'getting 'em through your hair."

LIVER COMPLAINT

GUERED LIKE MAGIC BY

Hagyard's Sugar-Coated Pills.

Persons suffering from any affection of the Liver will find by persevering in the use of these Pills quick relief and permanent cure.

VICTORIA
COMPOUND SYRUP OF

HYPOPHOSPHITES

The only Syrup prepared from Dr. Churchill's Formula, and certified to be chemically pure.

For the prevention and cure of
Pulmonary Consumption!

Also for the cure of
Dyspepsia, Bronchitis, Asthma, Loss of Appetite, General Debility, &c.

Certificate as to Purity and Efficacy.
Laboratory, University College,
Toronto, Dec. 4, 1872.

To the Victoria Chemical Co.:

Gentlemen,—I have examined the articles employed in the Victoria Chemical Works, in the preparation of the Victoria Syrup of Hypophosphites. The several Hypophosphites used are chemically pure, and the Syrup is also quite free from any impurity. Your Syrup of Hypophosphites will undoubtedly prove a very valuable medicine.

HENRY H. CROFT,
Prof. of Chemistry, U.C.

Price \$1 per Bottle. Sold by all Druggists.

VICTORIA
COMPOUND FLUID EXTRACT OF

BUCHU & UVA URSI

A Specific Remedy for all Diseases of the Bladder and Kidneys; Dropsical Swellings; Complaints incidental to Females; and all Diseases of the Urinary Organs in either sex.

Try it once for any of the above Disorders, and you will be fully convinced of its pre-eminent virtues.

VICTORIA
Toilet Soaps!

"Celebrated for their Uniform Purity and Excellence of Quality."

VICTORIA CARBOLIC
TOILET SOAP

This TOILET SOAP possesses all the well-known antiseptic and disinfecting properties of Carbolic Acid, is agreeably scented, has a healthy action on the skin, prevents irritation, removes the effects of perspiration, and should be regularly used by families. Cholera, Small-pox, and Fever Patients, should be washed with this Soap; and its use by persons liable to infection will materially prevent the spread of disease. Price 15 cents per Tablet.

Every head of a family should keep a supply of Hagyard's Medicines.

RATES OF POSTAGE.

Postage on all matters transmissible by Post—within Canada—to Prince Edward Island, Newfoundland, Great Britain, &c., &c.

Letter Rates.

Between places within the Dominion	3 cts. per ½ oz.
Between Canada and the United States	3 do. do.
Between Canada and Newfoundland	6 do. do.
Between Canada and the United Kingdom	5 do. do.

Pre-payment should, in all cases, be made by Postage Stamp.

Registration Fees.

Within the Dominion	2 cts. each letter.
To the United States	5 do. do.
To Newfoundland	2 do. do.
To the United Kingdom	8 do. do.

These Registration Fees are, of course, in addition to the Postage.

Newspaper Rates.

Between places in the Dominion, publishers pay their edition in bulk, at the rate of one cent for each pound weight; no further charge on delivery. Transient newspapers within the Dominion, to the United States and to Newfoundland, 1c. per 4 oz., and to Great Britain 2c. each.

On Canadian Periodicals.

From office of publication, or from news agencies, for places in the Dominion, to the United States or to Newfoundland, the postage rate is the same as for Newspapers, i.e., 1c. per lb., when paid by the bulk weight, Transient Periodicals, 1c. per 4 oz.

Periodicals and Books for United Kingdom

Are subject to the British Book Rates, namely:—

Under 1 oz.	2c.
Between 1 oz. and 2 oz.	4c.
Do. 2 oz. and 4 oz.	6c.
Do. 4 oz. and 6 oz.	12c.

And so on, the scale progressing by a rate of 6c. for every 4 oz.

Local or "Drop" Letters and Postal Cards.

1c. per ½ oz. to be pre-paid.

Canadian Postal Cards of 1c. each circulate within the Dominion, Newfoundland, and United States.

Miscellaneous Postal Matter.

On Books, Pamphlets, Occasional Publications, Printed Circulars, Prices Current, Hand Bills, Book and Newspaper Manuscript, Printers' Proof Sheets, Maps, Prints, Drawings, Engravings, Lithographs, Photographs, Sheet Music, Documents, wholly or partly printed or written, such as Deeds, Insurance Policies, Militia and School Returns, or other documents of like nature, Packages of Seeds, Cuttings, Bulbs, &c., Patterns or Samples of Goods or Merchandise, when posted in Canada, for any place in Canada, the rate is 1c. per 4 oz. in weight, to be pre-paid by stamp.

Miscellaneous matter as above specified, for the United States or Newfoundland, may also be forwarded on pre-payment of the 1c. per 4 oz. rate, with the exception of packets of samples and patterns of merchandise addressed to the United States, on which a special rate of 10c. has to be prepaid, which must not exceed 8 oz.

Buy me and I will do you good!

By cleansing & purifying the Blood and arousing the LIVER and SECRETIVE ORGANS to a healthy action.

THE NATIONAL PILLS cure many complaints which it would not be supposed they could reach, such as Headache, Numbness of the Hands and Feet, Dullness, Chills, Loss of Appetite, Bilious Dysentery, Kidney Affections, Constipation, Debility, Fever, Dyspepsia, Jaundice, and all other Kindred Complaints arising from a low state of the body and obstructions of its functions.

Being free from MERCURY and other deleterious POISONS, they can be taken at all times and under all circumstances, without regard to diet, business or pleasure. They stimulate the weakened and distempered parts into healthy action, giving them strength to disburthen themselves and throw off the obstructions which are the first cause of disease, WITHOUT PRODUCING EITHER NAUSEA OR GRIPING.

All heavy and drowsy sensations, which are the forerunners of direful diseases, such as Apoplexy, Paralytic Stroke, &c., &c., are effectually warded off by a few doses of these SEARCHING PILLS.

They do not leave the bowels costive after their use.

The largest species of ants—Elephants.

Deep C soundings—Those of a basso profundo.

When Lot's wife was turned to salt, he took a fresh one.

Hagyard's Medicines are recommended by the Medical Faculty.

WEIGHTS AND MEASURES.

For the benefit of Farmers, and others concerned, we give the following provisions of the Act respecting Weights and Measures, assented to on the 23rd May, 1873:—

1st. It is enacted, that "A weight of one hundred standard pounds avoirdupois shall also be and may be called and described as a *cental*."

2nd. On and after the 1st day of Jan., 1874, the provisions of the present law, as to the weights of a bushel of the undermentioned articles, namely: Wheat, Indian Corn, Rye, Peas, Barley, Oats, Beans, Clover Seed, Timothy Seed, Buckwheat, Flax Seed, Hemp Seed, Blue Grass Seed, Castor Beans, Potatoes, Turnips, Carrots, Parsnips, Beets, Onions, Salt, Dried Apples, Dried Peaches and Malt, will cease to have effect; and thereafter "all the above-mentioned articles, when bought or sold by weight, shall be specified by the cental and parts of a cental."

3rd. It will follow, therefore, that parties who make contracts with reference to the bushel of any of the above-mentioned articles will only be legally bound by the bushel of capacity, which, until otherwise proclaimed under the provisions of the Act, will be the *Winchester bushel*.

Table showing the Quantity of Seed usually Sown upon an Acre.

How to Lay off a Square Acre of Ground.

Measure 200 feet on each side, and you will have a square acre within an inch.

SYMPOMS OF WORMS IN THE GROWN PERSON.—The symptoms of Worms are quite obscure, except an intolerable itching within the anus, which generally indicates Pin-Worms. In children, Worms are indicated by paleness; itching of the nose, grinding of the teeth and starting in sleep, irregular appetite, bad breath, swelled upper lip, picking of the nose, hard swelled stomach, and one cheek constantly flushed. The combination of ingredients used in making **FREEMAN'S WORM POWDERS** is such as to give the best possible effect with safety.

VICTORIA HYPOPHOSPHITES.

The following is one of the numberless testimonials received, certifying to the great efficacy of this valuable preparation.

ST. THOMAS, ONT., May 28, 1874.

Victoria Chemical Co., Toronto:

GENTLEMEN,—Please forward me another ½ gross of the Victoria Hypophosphites by first train. In sending you this order, it gives me much pleasure to state from personal observation that this is an invaluable medicine. I have prescribed it in numberless instances, and also used it in my own family, and the results have even exceeded my expectations. I can safely say that for all Throat, Bronchial or Lung Diseases, your Hypophosphites is superior to any other that I have used.

Yours truly,

WM. E. SMITH, M.D.

Use *Hagyard's Yellow Oil for Sprains, Cuts, Bruises, &c.*

DR. ABERNETHY,

Notwithstanding his abrupt and eccentric manners, was considered one of the most skilful physicians that ever adorned the noble profession of medicine. His experience, derived from the most extensive practice in London, England, together with his very superior natural talents, place him at the head of the faculty. It has always been difficult to form a combination with which to expel worms from the human system, irrespective of the kind. Abernethy overcame this difficulty when he discovered the formula from which the

VERMIFUGE CANDY

Is prepared. Whether worms exist or not, the Candy will at all times be found beneficial when a purgative medicine is required. Other candies contain no purgative, and, therefore, require the administration of Castor Oil, Senna, or other disagreeable cathartics, which most children dislike.

Dr. Abernethy's Worm Killer

Obviates this difficulty, as it contains the necessary purgative within itself. When taken according to directions, which accompany each box, the

Royal Worm Killer or Vermifuge Candy

Is certain to expel worms where they exist, when all other remedies have failed.

A LADY asked a very silly Scotch nobleman how it happened that the Scotch who came out of their own country were, generally speaking, men of more ability than those who remained at home. "Oh, madam," said he, "the reason is obvious. At every outlet there are persons stationed to examine all who pass, that for the honor of the country no one be permitted to leave it who is not a man of understanding." "Then," said she, "I suppose your lordship was smuggled."

Dr. Boyer's Galvanic Fluid acts like a charm; never known to fail.

VICTORIA BAKING POWDER

FOR RAISING ALL KINDS OF

BREAD,
ROLLS,
PANCAKES,
CAKES,
PASTRY,
PIES, &c.

None genuine without this Trade Mark.

VICTORIA BAKING POWDER.

Prepared on the Strictest Chemical Principles, and guaranteed Free from any Adulteration.

In making Bread with this Powder, neither alcohol nor acid is formed, and if it be used according to the Directions, it will produce Lighter, Sweeter and Whiter Bread than by any other process.

VICTORIA CHEMICAL COMPANY,
Toronto, Ont.

Bed Bug Poison.

One ounce of quicksilver beat up with the whites of two eggs, and put on with a feather, is the cleanest and surest method of destroying bed bugs. What remains should be thrown away, as it is exceedingly poisonous.

THROAT Affections and Hoarseness.—All suffering from Irritation of the Throat and Hoarseness will be agreeably surprised at the almost immediate relief afforded by the use of HAYWARD'S PECTORAL BALSAM.

A straight line is the shortest in morals as well as in geometry.

DR. BOYER'S GALVANIC FLUID,

GOOD FOR MAN AND BEAST,
AND IS ONE OF THE MOST
Powerful Liniments in the World.

It Acts like a Charm! Its Effects are Magical!

THE WORLD CHALLENGED!

This valuable Liniment has been introduced to the Canadian public several years, and is a discovery of rare and unparalleled value. The inventor had long felt the need of a Liniment different and more certain in effect than the many Liniments in use. A Liniment, by being rapidly absorbed into the system, gives almost instantaneous relief, even in cases of acute pain. We do not offer it as an Internal Remedy, but unhesitatingly affirm that any Liniment which can safely be taken into the stomach can in no way compare as an external application with the *GALVANIC FLUID*, compounded entirely from ingredients of great value, having a specific aim in subduing pain caused by

**Rheumatism, Neuralgia, Gout, Sciatica, Lumbago, Sprains,
Bruises, Chilblains, Headache, Painful
Nervous Affections,**

Or from any cause where a Liniment can do good. It does not merely allay pain and soreness to return again as most Liniments do, but the efficacy of the oils and ingredients from which it is made is so wonderfully penetrating that a proper use of it will most certainly remove all Stiffness of Joints, Lameness of Muscles, and pain arising from inflammation or other causes. Even in SPINAL DISEASES, a chronic form of which baffles all treatment, a frequent use of the *Galvanic Fluid*, with rubbing, will give strength and freedom from pain, derived from no other source.

WE INVITE ALL TO TRY IT.

Feeling sure you will find it to be what it is recommended, and yourselves pronounce it the best Liniment in use. Finally, for pain in any part of the system where an Embrocation can be applied, use the *Galvanic Fluid* freely, with warmth and rubbing, and relief will surely follow.
